for automobiles is located  
just above the eyebrows.

VOLUME XXX

## W. H. Doty, Pioneer Physician of Section, Victim of Double Pneumonia

Following an illness of but a few days, having taken ill at his home here last Thursday morning, Dr. W. H. Doty, 66, died in a Del Rio hospital last Sunday morning, where he had been taking Saturday night for medical treatment. His death was attributed to double pneumonia.

Funeral services were held in Del Rio Monday afternoon at four o'clock in the Doran chapel, and were conducted by Rev. L. C. Riley, pastor of the Del Rio Methodist church, assisted by S. M. Mims, pastor of the Del Rio Methodist church. Interment was at Westlawn Cemetery in Del Rio, under direction of the Doran Funeral Home.

William Henry Doty was born March 8, 1871, in Richland, Miss. He was educated in the public schools at that place. He was a graduate of the Rush Medical College and the Chicago Polytechnic. Dr. Doty was graduated in medicine in 1900.

In 1900 he married Miss Daisy in Memphis, Tenn. In 1911 and Mrs. Doty came to Del Rio where he practiced medicine for a number of years, and established the first hospital in that city which was located where the Club building now stands. After practicing for some time in Del Rio he returned to Mississippi where he made his home for several years.

For the past ten years or more Dr. Doty had been a practicing physician in this city, coming to Sanderson in the early part of 1936. He also practiced medicine in Marfa for about one year, returning to Sanderson in 1931, and continued in the practice of medicine until his fatal illness on last Friday. At the time of his death Dr. Doty was health officer of Terrell County.

Survivors include the widow, one son, Henry Doty of San Antonio, who were with him when he died. He is also survived by a daughter, Mrs. Constance Owens of Minneapolis, Minn.; a granddaughter, Virginia Doty, San Antonio; four brothers and two sisters, who reside in Mississippi.

A large number of Sanderson residents attended the funeral services, and the following from this city were active pallbearers: P. Holman, J. W. Happle, W. J. Henson, W. C. Vaughn, Calvin Dryden, and Roy Haley, the latter Dryden. Other pallbearers were T. D. Moore and M. Stool of Del Rio.

## Arthur Mayhew Guest Speaker at Rotary Banquet

Members of the local Rotary were hosts to their wives and other guests at their regular monthly meeting, held on Wednesday night of this week in the Home Economics room at the school building.

A bountiful banquet, prepared by the Home Economics classes of Sanderson high school was served to about fifty members of the organization and its guests.

The honor guest and principal speaker of the evening was Arthur B. Mayhew, Uvalde business man, and prominent Rotarian.

Mayhew's address was on "Rotary—Its Purpose, Aims and Growth," and his very interesting address was enjoyed by those present.

Also on the program were Miss Lillie McWhorter, who gave musical readings, and Mrs. Duane Smith, who sang a solo. Group singing was also enjoyed.

## Thanks a Lot

Two new subscribers have been added to our growing list of readers since our last issue: J. W. Carruthers and John L. Newton. Saturday, March 20, is the last day in which those who wish to take advantage of our special rate of \$1.50 per year may do so. This rate was put on in observance of the 30th anniversary of the establishment of the Times.

We are glad to receive renewals for another year from Dr. J. V. McCall, Dick Hill and W. M. Cause.

## Democratic Leaders in Congress Holding Conference

The above picture shows the leaders of the Democratic party activities in the House of Representatives in conference with the Speaker, Sen. Bankhead. Left to right, sitting: Congressman Monrad Wallgren of Washington; Wm. H. Sutphin of New Jersey; Harold

D. Cooley, N. Carolina; John O'Connor, New York; Speaker Bankhead, Dem. Floor Leader, Rayburn of Texas; Robert A. Green, Florida; Harry P. Beam, Illinois; Standing left to right: David D. Terry, Arkansas; R. E. Thomason, Texas; John F. Dock-

weiler, California; Patrick J. Boland, Democratic Whip, Pennsylvania; John M. Houston, Kansas; Alfred F. Beiter, New York; Jennings Randolph, W. Virginia; Rene L. De Rouen, Louisiana; Lawrence Lewis, Colorado, and William T. Schulte, Indiana.

## Eighty Ranches Listed For Appraisal in Terrell County

### County Agents in Trans-Pecos Will Hold Meeting

A range school, involving a roundup of county agricultural agents, range inspectors and one member of the county committee from each county in the Trans-Pecos region, will be held at the State Experiment station at Balmorhea, March 25 to 27, inclusive. Top hands from the United States Forestry Service, and Texas Experiment State and Extension Service will be in charge of the school. Supt. J. J. Bayles, of the Balmorhea station, and Ernest Gibbins, tri-county agent, will be chief trainers.

Terrell county will be represented by two range inspectors, Ernest Williams, county agricultural agent; County Judge G. J. Henshaw, and one member of the county committee.

The work of appraising the more than eighty ranches in this county will probably start soon after these men return from the school.

Ranches wishing appraisal of their ranches must see Mr. Williams before April first.

### Agent Warns Apr. First Deadline to Make Application

Over eighty ranches have been turned in for appraisal under the Range Conservation program to date. Although this represents a majority of Terrell county ranches, it is hoped that the balance will be turned in before April 1, which is the deadline for filing of applications to determine grazing capacity.

"The ranchmen should keep in mind," said Ernest Williams, the county agent, "that this program has been worked out to help them make improvements on the range that they themselves are not able to make, without financial help. Some of the practices," continued Mr. Williams, "are not practicable for this county, but there is a chance that more practices will be included that will be of more benefit to them. The rancher is not obligating himself in any way by turning in his ranch for appraisal if, after doing so, he decides not to take advantage of the different practices, but if he decides later to do some of this work his application blank will already have been turned in."

### ATTEND FUNERAL OF DR. DOTY IN DEL RIO MONDAY

Among those from Sanderson and Dryden who attended the funeral services held in Del Rio Monday afternoon for Dr. W. H. Doty of this city, who passed away in a Del Rio hospital Sunday were Mr. and Mrs. H. C. Goldwire and son, Billy; Mr. and Mrs. W. J. Ferguson, Mr. and Mrs. L. H. Lemons, Mr. and Mrs. Frank Weigand, Mr. and Mrs. Calvert Curry, J. D. Nichols and daughter, Miss Beatrice, H. G. Holt, Clyde Morris, J. W. Downum, Milam Northcutt, W. J. Banner, Rev. S. M. Mims, J. W. Happle, W. C. Vaughn, Ervin Grigsby, all of Sanderson; John Harrison, Roy Haley and Mark Carruthers of Dryden.

### TRUSTEE ELECTION

An election for school trustees has been called for the first Saturday in April, which will be the 3rd day of April. In addition to electing a county school trustee at large, the term of the present holder of that office expiring this year, there is to be elected one county school trustee in and for commissioners' precincts 1, 3, 4.

The county school trustee whose term expires at this time is Rufe Murrah.

## Deadline Nears For Registration Motor Vehicles

Registration of motor vehicles has been a little brisk here this week, yet there is a large number yet to be registered before the deadline, Wednesday, March 31.

In a ruling received the first of the week by the tax collector from the state highway department, the registration of motor vehicles or trailers which are owned by residents of other counties may not be registered in this county, as it is in strict violation of the state laws.

The state highway department has also ruled that owners, who have obtained their license plates by purchasing them in counties other than the county of their residence, are operating with illegal license plates, and are subject to arrest and fine for operation of such motor vehicles improperly registered and, furthermore, that they are subject, upon apprehension to re-registration in the county of their residence.

## Hold Memorial Service for Late Judge Jas. Cornell

Memorial services for the late Judge James Cornell were held Saturday afternoon in Brackettville in the district court room, with Brian Montague, Judge of the 63rd Judicial District Court presiding.

Judge Cornell died in Brackettville January 30, 1937. Services in his memory Saturday lasted two hours. Robert Hughes of San Angelo, a personal and professional friend of the late jurist, was chairman of the committee in charge of the services.

At the bench, seated on either side of Judge Montague, were Judge S. G. Tayloe, district judge of San Antonio and former law partner of Judge Cornell, and Judge K. K. Woodley of Uvalde, judge of the 38th judicial court.

The courthouse was crowded with Kinney county people and with those from many parts of the state.

Resolutions of the committee in charge were read by W. A. Keeling of Austin, and speakers on the program, including a personal tribute by General Keeling, included the following: William H. Burgess of El Paso, Judge S. G. Tayloe of San Antonio, H. E. Jackson of San Angelo, W. B. Siliman of Fort Stockton, L. W. Elliott of Sonora, Frank Hartgraves of Menard, Judge L. L. Martin of Uvalde, Grady Lowery of Del Rio, Frank Lane of Brackettville, and Judge Joseph Jones, Del Rio.

The services were attended by a large number of jurists from west Texas.—Del Rio Evening News.

## Know Texas

Denton.—While nations of the world vie with one another contributing to the progress of aviation, Texas has managed to hold its position as a leader in this field.

Such factors as the great area of open country in this state, the high percentage of clear days, and the relatively warm winters has caused the national government to center its military aviation training here during the World War. Randolph Field, often called the "West Point of the Air," was established near San Antonio and is now one of the greatest military fields in the world.

Apart from the army setups, six commercial airlines operate regular schedules between important cities within the state. They connect with the national lines to Chicago, Atlanta, Ga., at Charleston, S. C., and New Orleans, as well as with the transcontinental lines from New York to Los Angeles and the international air system to Mexico City.

Airports in Texas total 133—this compares favorably with the national total of 2,369. A general idea of this state's rating can further be seen from the 1935 statistics, which show 8,613 airplanes in operation in the United States, 449 being in Texas. The number of licensed pilots in Texas reached 728 in 1936.

(Compiled by TSCW, CIA)

## Column Right

We pause for a moment to pay belated tribute to a man among men—Dr. W. H. Doty. A doctor of the old school though he kept abreast with the progress of his profession. We say "of the old school" because in his practice the patient's needs came first. The hour was never too late, a storm might be raging, and the journey long and tedious; the patient might be rich, perhaps poor, but the call was answered if humanly possible. The friends at his bier, the profusion of beautiful flowers were evidences of the high esteem in which he was held, but his contacts as he plied his humane vocation of relieving suffering will never be forgotten. On his tombstone may truthfully be engraved this epitaph: "Humanity's friend—a scholar, a docto and a gentleman."

Booth Mooney, in Texas Weekly goes at length to discredit any supreme court change. Criticism of the President is marked. He concludes that "the court should not be 'liberal' or 'conservative,' but strictly 'judicial.'" The next article in this able magazine is by Dale Miller, pleading for a revision of the educational system. Basis for the article is found in the opening paragraph: "During the past few years a subtle revolution has been undergone in the American educational system, a revolution pulsated by the quickened tempo of modern civilization and directed against archaic teaching conditions." Of course, archaic means old-fashioned, antiquated, out of vogue. We feel what Mr. Miller says about the educational system would aptly apply to the economic system of the American people—a change that, eventually, will call for a change in the fundamental governing laws. If it take revision of the constitution, as originally written, we will, by so revising, carry out the intentions of those who wrote it. It intent was to "form a more and perfect union . . . promote the general welfare, and secure the blessings of liberty to ourselves and our posterity . . ." When passed by the congress, this sacred document contained but 7 articles. Today we have more than twenty amendment, injected to meet the ever-changing economic conditions of the nation.

Diplomacy can be blamed for the shutting down of the test well in Terrell county. The hole got so deep that the Chinks felt the draught and made formal complaint to the Secretary of State at Washington.

We see where psychiatrists are trying to locate the mind of a woman in Los Angeles. Those science bugs will tackle anything, even to trying to locate something that doesn't exist.

Saw Milam Northcutt at the circus last night. Wouldn't even take his wife's arm, but kept his hands in his pockets all night.

Girl student in Oklahoma took several pot shots at her teacher because her subject papers were grade too low. Luckily for the schoolmarm, the student's aim was a lousy as her grades.

In submitting to parliament the budget for the royal family recently, King George failed to provide for the Duke of Windsor, the former King Edward. Figuring that Eddie and Wallie, after their marriage can live on love. But experience has taught most of us that even married folks must eat once in a while.

We read in this paper where the Home Economics class in high school are trying to solve problems anent their underwear. And we thought that underwear in this day and time was the least of the fair sex's worries.

Easter Sunday is on its way—a day on which we pity the minister. True, every seat in the main auditorium is filled, and balconies often are pressed into service. But the sisters don't come on that day to hear—they want to see. And after church all you can hear is: "Wasn't that a funny hat Mrs. Jones wore?" "Did you get an eye-full of that ensemble Mrs. Jinks had on? She looked like a scarecrow!" "But did you notice how Mrs.—" why go on?

Fort Stockton

At a recent meeting of the city council, it was decided to relieve merchants and business men of the burden of maintaining a night watchman, by hiring the council allowance from \$25 to \$75 according to the Pioneer. Heretofore the bulk of this salary was made by subscriptions. The Pioneer also reports the laying of an additional 200 feet of sewer mains in the city.

Iman

The first organization meeting of the Permian Basin Baseball League was recently held in Crane, according to the Iman Herald. Representatives from all member towns were present at the meeting at which time new officers were elected and the tentative opening date set for April 17. Six teams comprise the Permian Basin League: Iman, Ozona, McCamey, Sonora, Texon, Crane. George Lee of McCamey was selected president of the circuit.

Pecos

Cantaloupe planting in this section is in full swing, according to the Enterprise. It adds that acreage in melons this season will be increased over that of last year. The Pecos cantaloupe, barring none, is the finest melon in the United States, both in quality and flavor.

Monahans

That the people in this section appreciate the efforts that have given them their first bank in the history of the town, is proven by the fact that over \$40,000 was deposited on opening day some two weeks ago, and this amount, in two weeks, was raised to \$108,000 in deposits, according to the Monahans News. Another item indicative of the prosperity of this town, was the opening last week of a model bakery costing \$8,000.

Balmorhea

An election has been ordered in the Toyah Valley, to determine whether or not two independent school districts will consolidate—those of Balmorhea and Saragosa. Consolidation, which seems likely to carry, will pave the way for the erection of a modern school plant, badly needed in this fast growing section. The present school houses are but seven miles apart on a well paved highway. The Madera Valley News carried a whole page spread last week, boosting consolidation.

Uvalde

Fine rains last week end were reported by the Leader-News. The estimated rainfall was placed at about 1 1/4 inches. Shearing was at its height, but losses from the ensuing cooler weather were said to be negligible. The rain fell slowly, sank in to the ground and good ranges in the early spring are assured over a wide area.

Alpine

On Monday a week ago, the new routing on Highway 90 thru Alpine was officially declared open to traffic, according to the Avalanche. The re-routing is through the heart of the town via Holland avenue.

Fort Davis

An election will be held in this place tomorrow to legalize the sale of beer. Last August a similar election was held, and the dry element won by a vote of 85 to 41.

McCamey

Four important business firms will locate in McCamey in the very near future, which will enhance its prestige as a supply center, according to the News. The new firms are the Frick-Rand Supply Co., the Centex Supply Co., International Drilling Units, and the Houser Tool and Machine Co. All cater to the oil industry.

Joe F. Brown was a business visitor in Del Rio Saturday afternoon.

Plan to Log Hy. Del Rio - Acuna Sattilo Route

William Harrison Furlong, director general of the inter-American Highway Association, will meet with representatives of the Del Rio and Villa Acuna-Sattilo highway March 25 and 26, according to communications received Monday.

Mr. Furlong plans to make an accurate log, the exact mileage, from one well known landmark to another. He will make the observations in a car furnished with a trip speedometer by the Villa Acuna chamber of commerce.

Some 500 feet of film as well as still pictures, the films to be furnished by the Del Rio chamber of commerce will be taken according to present plans.

Enter Mexico at Acuna The party will probably enter Mexico at Villa Acuna and will probably return via Monterey and Laredo. All chambers of commerce in cities and towns along the route will be contacted. In Sattilo and Monterey the party will confer with the chamber of commerce.

The federal Senator of Coahuila Alberto Salinas, has endorsed the logging and has declared he will give all assistance possible during the trip. He will contact all towns enroute to make arrangements for the visit of the delegates.

Importance of the opening of highways into Mexico was seen in the business report of one Laredo merchant, who declared his business had grown to \$10,000 cash monthly, most of which has come from Mexico.

San Antonio and Laredo merchants state that more business had come from Mexico than the tourist traffic of the southern republic as a result of opening the Pan-American highway for which Mr. Furlong was given credit for pushing to completion.

The establishment of a highway from Villa Acuna, via Allende to Monterey would open a direct tourist traffic land from the Pan-American highway. Tourists very likely would return via Laredo, and visa versa.

Members of the committee at work to secure the establishment of the highway include Joe Carley, chairman; Fred Childs, M. Stool, W. D. Dockery and Phil Foster.—Del Rio Press.

"Monk" Schupbach was here last Saturday from his ranch and reported that he received his full quota of the recent rain which fell in this section, and that his range and livestock were in fine shape.

J. D. Nichols attended federal court, which convened in Del Rio Monday, being one of the grand jurors.

MRS. FLORA REEVE ILL

Word has been received by Sanderson friends telling of the serious illness of Mrs. Flora Reeve at the home of her daughter, Mrs. D. M. Clowney in Hattig, Ark. Mrs. Reeve, who is ill with high blood pressure and a heart ailment, formerly lived in Sanderson.

THIS IS A REAL DRUG STORE  
THERE are many stores that sell drugs—excellent stores, too. But this establishment specializes and emphasizes Drugs. Prescriptions are our paramount consideration. We compound a prescription with the same ethical care your Doctor exercises in writing it. Only fresh, pure, potent drugs are used, and the Doctor's instructions are followed implicitly. We'd appreciate and value your prescription business.

Plan Pan American Olympics

Officials of the Greater Texas and Pan American Exposition welcome George Marshall to Dallas where he will stage an international summer sports program to open with the Exposition, June 12. Left to right: Frank L. McNeny, director-general; William H. Hitzelberger, chairman of the Exposition's athletic committee, Marshall, and Frank N. Watson, assistant director-general.

Dryden News

Mrs. H. Chandler, Reporter

Mr. and Mrs. Jess Haley and son, Douglas, visited in Dryden this week with Mr. and Mrs. Roy Haley.

Mr. and Mrs. Buster Winn and baby were week end visitors in Del Rio.

Roy Haley went to Del Rio Monday, and was one of the active pallbearers at the funeral of Dr. W. H. Doty.

Mrs. S. H. Chandler was a visitor in Fort Stockton last Saturday.

Mr. and Mrs. Roger Rose and babies returned home Wednesday from a visit of several days in Del Rio.

John Green, Jr., was a recent visitor in Dryden, and was accompanied to Laredo where he is teaching school, by Hollis Haley, who will visit there for several days.

Mrs. W. D. Chandler is visiting Mr. and Mrs. Elvin Chandler in Del Rio.

A. Billings, and Mr. and Mrs. Joe Williams and children were visitors in Comstock Sunday. A niece of Mrs. Williams accompanied them home for a visit of several days.

The Missionary Society met at the home of Mrs. J. E. Hill Wednesday. Mrs. J. M. Bassett led the devotional, and Rev. S. M. Mims gave a short talk. At the social meeting following the program refreshments of frozen salad, lemonade, ritz, and cookies were served to Mesdames J. M. Bassett, A. Billings, Joe Williams, Ernest Miller, Roger Rose, Chester Smith, Misses Eva Billings and Betty Bassett, the Rev. Mims, and the hostess.

Doc Turk was in town Monday from his ranch north of Dryden.

Coming Attractions at the Princess

STORY OF FAMOUS LOVE STORY TOLD IN "PLAINSMAN"

The tender love which existed between two of the hardest characters of the old West, "Wild Bill" Hickok, two-fisted, hard-shooting exponent of law and order as the newly opened territory knew it, and "Calamity Jane," a beauty who packed a pair of six-guns and drove a six-horse stagecoach over what then passed for roads, is the basis of Cecil B. DeMille's latest screen masterpiece, "The Plainsman," which will be shown at the Princess Theatre tonight and Saturday, March 19 and 20.

History relates how Hickok—played by Gary Cooper, was retained to investigate gun-running in the far West, because he was among the most-feared of the bold and toughened characters of a region known for its hard and brave men, when that region was first opened for immigration in about the year 1870.

It also relates that Hickok never wounded an adversary. It was always a sure hit, and with this reputation as his letter of introduction, the handsome soldier of fortune went into the far West to find out who was selling rifles to the Indians in express violation of a government order.

Meets "Calamity Jane" On the way he meets beautiful "Calamity Jane," so named by a troop of soldiers who found her as a child in the wilderness beside the bodies of her dead parents, killed by Indians. They never knew her real name, and she was, indeed, a child of calamity. The handsome Hickok loves the beautiful "Calamity Jane" but he never lets her know it, mostly because he resents her familiarity with other men. But she loves him and never has any compunction about it.

Hickok discovers who is responsible for the gun running after General George A. Custer and his whole cavalry regiment are wiped out by the Indians at Little Big Horn. But the discovery has cost him dear. One of his prisoners, the notorious Jack McCall, portrayed in the picture by Porter Hall, whom he herds into the Deadwood saloon, operated by "Calamity Jane," brings tragedy in a breathless climax.

The film begins around 1865, when the Civil War ended and the trek was begun which ends shortly after the Custer massacre. It is broadly conceived in the traditional DeMille manner. One thousand Indians from the Tongue River reservation were used in the filming, as well as several troops of state cavalry, to give a "sweep" to the background.

ED LOWE, MADGE EVANS TEAMED IN HILARIOUS COMEDY

Big news, friends, in this startling new picture "Espionage," from the M-G-M studios. This picture will be shown at the Princess Theatre next Monday, March 22, for one day, with Edmund Lowe, Madge Evans and a clever supporting cast.

It is the story of two crack reporters working against each other on a big story and falling in love with one another every step of the way. You know it has plenty of comedy and action, as well as lively romance with Lowe and Miss Evans in leading roles.

A famous munitions manufacturer is being sought by the press of two hemispheres. He is last seen when he boards the Oriental Express in Paris. Lowe gets the tip and catches the same train, which is exactly what Madge Evans does for an opposition paper. Neither of them knows the other is a reporter.

You can see the possibilities. Take our word for it, these players don't overlook a single one. In the supporting cast is Paul Lukas, Ketti Gallian and Skeets Gallagher.

Most of the picture was shot on board the train and there is action with every click of the rolling wheels.

Mrs. Mary Lois Holmes returned home Sunday from Fort Worth where she attended a meeting of cashiers of the Community Public Service Co. Mrs. Holmes is cashier at the local office of the company. She also attended the fat stock show and rodeo held in San Angelo last week.

STARS, SONGS, MAKE "ONE IN A MILLION" A SHOW IN MILLION

Star-radiant, laugh-lavish and melody-laden, with romance and drama in stunning snow-silvered settings, "One in a Million," the 20th Century-Fox spectacular musical hit that thrillingly glorifies the girl in a million, lovely Sonja Henie which will open at the Princess Theatre for a 2-day showing next Wednesday and Thursday, March 24 and 25.

With a hundred gorgeous girls in sensational ice reveals amid a dazzling winter wonderland of breath taking beauty, it is the wonder show of 1937 with a cast in a million that includes Adolphe Menjou, Jean Hersholt, Don Ameche, Ned Sparks, the Ritz Bros., Arline Judge and others.

The daughter of a Swiss innkeeper, Sonja Henie is being intensely trained by her father Jean Hersholt to capture the Olympic figure skating championship. Sonja attracts the interest of Don Ameche, young American newspaper man investigating a neighborhood mystery, who sees in her unusual material for a human interest story for his paper.

Sonja also interests professionally, the flumming, but glib tongued manager of a vaudeville troupe, Menjou, stranded in Hersholt's hostelry. In the troupe are the Ritz Bros., Arline Judge, Minnie and her gang, Dixie Dunbar, Leah Ray, Shirley Deane and twelve beautiful girls.

Menjou induces Sonja to join his troupe and arranges a contract in St. Moritz for the dazzling ice ballet he has envisioned. Realizing that such an appearance will disqualify her for the Olympic title so close to her father's heart, Don Ameche flies to St. Moritz, arriving in the middle of the ballet, which he disrupts by abducting its star.

Sonja wins the Olympic title, but when Hersholt hears that she has skated professionally, he returns the medals to the committee. Ameche, with the assistance of his dead-pan assistant Ned Sparks, is able to prove that Sonja is guiltless. The resourceful young reporter further proves to Sonja's satisfaction that they were meant for each other.

QUALITY EYESIGHT SERVICE AGAIN

Dr. Fred Baker, San Angelo's popular optical specialist, who has several hundred satisfied wearers of his glasses in this section, more than all other specialists combined, will be in Sanderson, Thursday, March 25, only. Largest stock of new spectaclewear in the Southwest, at reasonable prices. Scientific examination FREE. Adv.

Will you be ready for the Easter Parade March 28? We specialize in those dainty, delicate colored frocks that will be in demand at that time. Phone us now.—Empire Cleaners and Tailors, Frank Robertson.

Mr. and Mrs. Van Casey were here Saturday from their ranch west of Longfellow. Mr. Casey visited the Times office and reported that approximately one-half inch of rain fell on the ranges in the Longfellow section Friday night.

Earl Stirman is driving a new Chevrolet pickup, recently purchased through McKnight Motor Company, local dealers.

Mrs. Buck Pyle was a visitor in San Antonio for several days this week.

Mr. and Mrs. Herman Chandler of Iran spent Monday here on business and visited with friends and relatives.

Mr. and Mrs. J. W. Smith and children of El Paso visited here last week with Mrs. Smith's sister, Mrs. W. A. Banner.

A DAUGHTER

Mr. and Mrs. Jerry Bell are the proud parents of a daughter, born Tuesday, March 16, at a San Angelo hospital. The little miss weighed six pounds and is named Mayme Sue. She is a granddaughter of Mr. and Mrs. W. J. Banner of this city.

Mrs. Bynum Shaw of Sheffield spent Sunday here as the guest of Mrs. O. T. Schubach.

Thrill of a Lifetime—Cub Reporter Says After Interviewing First Lady

When Mrs. Franklin D. Roosevelt visited the Texas State College for Women (CIA) on her tour of the Southwest, Miss Amalese Gough, editor of the Lass-O, college newspaper, was on hand to extend her an official welcome from the press.

Personal Mention

Mrs. Hugh Rose spent the week end in Del Rio visiting relatives and friends.

Mrs. Edith Lane spent Tuesday in Marfa visiting her daughter, Mrs. Eddie DeVolin.

Mr. and Mrs. Joe Chandler were in town Monday from their ranch on the Independence.

Mr. and Mrs. George Baker, who ranch in Val Verde county, were business visitors in Sanderson Tuesday.

Miss Marie Simpson of Marathon spent Wednesday here, and had on display at Mrs. Lane's Dress Shop a nice line of ladies' dresses and hats.

Mrs. Lillie Williams, accompanied by Durwood Hartsfield and David Humphries, spent Sunday in Shafter visiting Mrs. Williams' sister, Mrs. J. W. McIntyre.

Mrs. Jennie Freeman left Tuesday night for El Paso to visit for the remainder of the week with Mr. and Mrs. Herbert Buchanan.

Mrs. Terry Beckett and little daughter spent several days in Uvalde this week visiting with relatives and friends.

Mrs. Jim Kerr has returned from San Antonio after spending the past week there visiting relatives.

Mr. and Mrs. John Harrison and sons were visitors in Del Rio last Friday and Saturday with her parents, Mr. and Mrs. John Y. Long.

Mr. and Mrs. Charley Turk are attending the fat stock show and rodeo being held in Fort Worth this week.

Mrs. Zuda Hawes, who spent the winter here with her nephew, Carlton White, left for Pumpville Tuesday morning for a visit with her sister, Mrs. F. S. Garrison before returning to her home in Houston.

Mr. and Mrs. W. D. O'Bryant, Jr., Mrs. W. D. O'Bryant, Sr., and Mrs. T. A. Harms motored to San Antonio last Saturday where they visited with relatives and shopped, returning home Monday night.

Wife of President Issues Challenge American Youth

Denton, March 18.—Issuing a challenge to youth to face life's problems, Mrs. F. D. Roosevelt, wife of the President, pointed out that the necessity of earning a living is the first great problem for most young people today.

Referring to the NYA and CCC setups, she said "Much of their work may prove to be purely an emergency activity but some may be permanent because it not only meets the needs of certain young people, but may be used as laboratories for studying what could be done with larger groups of people elsewhere."

War was emphasized by Mrs. Roosevelt as one of the major problems of youth. She presented an appeal to young people that they study the causes and effects of war as intelligently and as sympathetically towards the other nations as possible.

In her evening lecture the wife of the President discussed the "Relationship of an Individual to His Community," and asked that a person "see for himself what conditions in his own community needed improving, and then do what he can about them."

Mr. and Mrs. Martin Bodkin and children left Tuesday morning for San Antonio where they spent several days this week. Their son, Jackie, who is suffering with an injured leg, was taken there for medical examination, and Mr. Bodkin, also, went down for medical examination and treatment.

Mr. and Mrs. Henry Doty returned to their home in San Antonio after a visit here since last Friday, having been called here on account of the illness and death of their father, Dr. W. H. Doty.

### HOLIDAY

Edith Walsh

My, just think, another holiday! This time it is for work and pleasure—the bi-county meet at Marathon today.

All pupils competing in events will meet at Marathon at 8:30 a. m. today to start winning points, so we can bring back all honors and a trophy.

Let's try our best, Sanderson, and come back with the most and the best honors of the meet.

## Current Comment

We really want to win this bi-county meet with all our hearts, but, as Mr. Holt says, some one must be the loser. We hope Marathon can be a good loser.

Everyone flared up in white for a while but Old Man Winter came along and spoiled our spree.

You can hear everyone complimenting our one-act play. And I agree with you, Miss Mc—that it really should win first.

Well, well, Joe Kerr got in the funnies! How does it feel to be famous, Joe?

A little advice to the Stenography class: The typewriters and paper do not belong to you just because you use them a small part of each day. Please don't use them with that in mind.

Maybe if the boys will always "boo" the volleyball girls they will always win.

## WHO'S WHO

IN FRESHMAN CLASS

Name, Reginald Monroe.  
Birthday, April 27.  
Favorite subject, Study hall.  
Song, "Cuan to te Quiero."  
Food, Malts.  
Hobby, Hunting.  
Saying, "I'll be dog!"

Name, Vivian Earwood.  
Birthday, July 26.  
Song, "Goodnight, My Love."  
Food, Lemons and salt.  
Hobby, Riding the ferris wheel.  
Saying, "Go chase yourself!"

Name, LaVerne Halley.  
Birthday, April 18.  
Subject, English.  
Song, "Goodnight, My Love."  
Food, Ice cream.  
Hobby, Playing the piano.  
Saying, "Heck, no!"

## First Grade

The class went on its second hike last Thursday, looking for birds. They saw a dove, a red bird, and other birds.

Bruce Brown has a lovely scrap book. He brought it to school on Tuesday morning for the class to enjoy.

Joe Mussey went to Marathon last Sunday. He brought the class a toy Easter chicken.

Edward Wheeler went to Del Rio last Saturday.

Miss Lee, the teacher, spent last week end in San Angelo and Eldorado.

Anne Mims was back in school Monday. She had the mumps all last week.

Willie Grigsby is absent this week on account of mumps.

## Terrell-Brewster Bi-county Meet

MARCH 19, 1937, Marathon, Texas.

### SCHEDULE OF EVENTS

Spelling all Divisions—	10:40-12:00, Declamation—
High School Room 24	All Jr. Divisions Auditorium

## Baseball Games at Bi-county Meet

The boys' baseball teams of Alpine junior high and Sanderson ward schools will play the first game today at 1 o'clock at the airplane landing field. Other brackets include games between Marathon and Sanderson high schools at the same hour. Alpine high will play the winner of the Alpine-Sanderson bracket, and the winner of this game will play the winner of the Marathon-Sanderson high school bracket.

The brackets in girls' baseball include games between Sanderson junior high school girls and the Alpine high school, and Sanderson high and the Alpine junior high team. These games will be played at 1 o'clock today on the Marathon school grounds.

## Easter

By Ethel Breg

When tiny blades of grass gently push through the earth and flowers burst forth in bloom, the breath of spring everywhere; then comes the holy festival called Easter. It is observed in many branches of the Christian church to commemorate Christ's resurrection.

Many customs, beautiful and quaint, have been an still are observed in churches and home as an expression of joy because Christ arose from the dead. The churches have special services for this closing of the forty days of Lent, and white flowers, especially Easter lilies, decorate the altars as a sign of purity and of light. The sending of Easter eggs is a custom thought to have originated with the Persians, the eggs being the symbols of new life. Coloring them red, typifies the blood redemption; other colors have no especial significance.

The name "Easter" comes from the Anglo-Saxon "Eastre," a goddess of light or spring, whose festival was celebrated in April. The name of the festival in Greek, French, Italian, and most other languages is taken from the Hebrew word meaning "passover," as by the first Christians, Easter was considered a continuation of the feast of the Passover at which time the paschal lamb, symbol of Christ, was sacrificed.

### P. T. A. WILL SERVE LUNCH

The Marathon Parent-Teacher Association will serve lunch today at the school building to those attending the bi-county meet, being held there today.

Menu schedules were sent here last week and were posted in the high school building. It includes the following: Plate lunch consisting of meat loaf, creamed potatoes, slaw, tomato sauce, white bread and drink—25 cents; hamburgers, 10c; slice of cake 5c; slice of pie, 5c; soda water, 5c; coffee, or tea, 5 cents.

## H. E. NEWS

The first year home economics class is working on their under-wear problems, and the second year class on tailored garments.

The Rotary club had the home economics girls prepare a banquet menu for its banquet Wednesday night. There was an out-of-town speaker present, Arthur Mayhew.

## The Snooper

It's just a tumult and a rush for all the students planning to go to Marathon today and represent the school in some event. The debaters and the students in the 1-act play practice night, and during the day also. One can hear declaimers and extemporaneous speakers in every corner. Girls and boys are on the campus most of the day practicing baseball, and other events. The afternoons are taken up by volleyball, all events in track, and numerous other activities such as spelling, choral club work, typing, and many others.

James Allen now has a new ring, but the only difference in that one he now wears in much smaller. We wonder if he had his ring cut down or—!

We've been talking about Albert Appel and James Allen and wondering where their senior rings are. Just watch the fingers of a blonde senior girl, and I'm afraid you will solve the mystery.

There was quite a successful debate last week end in Midland. Bert Herbert reported that the decision (which was in Sanderson's favor), must have been right, because the judges were all preachers, and Prince Dishman made the report that he had a very good time.

The volleyball girls had a little hard luck at Fort Stockton in the tournament Saturday. We can probably blame this on the fact that they had practiced only once during the last two weeks, and that they didn't have their full strength there.

Debate with Marfa proved to be very interesting. The teams were evenly matched, and both gained a great deal of knowledge. If you don't believe this just ask one of the Mildreds or Bert or Prince.

Just look down the aisles in the study hall and you will really see plenty of bright nail polish. It's there from the natural, shell, rust, robin red, to coral, as well as many other shades.

Something is in the air, because a good many of the girls have begun wearing their little white shoes. Some have ties, straps, buckles, high heels, low heels, Cuban heels. Here's hoping we have continued good weather through Easter.

It's quite a novelty to hear the girls talking about their Easter frocks. Every color from white to navy blue will be worn, and with what accessories! Watch out, boys, and don't be caught off your guard, if you happen to see some of these girls Easter.

Things will start popping in Marathon this morning at 8:30, so the poor students of Sanderson had to go to bed early last night in order to feel fresh and alert today.

Seniors are very busy now, because they are thinking that they won't be very long until they will

## Debaters Win In Trials With Midland Hight

Mildred Hurst

Sanderson should put up a flag, strike up the band and give a rousing cheer—her debating boys won the laurels in a debate at the Midland high school last Saturday. Sanderson's team defended the negative side of the argument.

The debate was held in the study hall of Midland high school and an audience of two women and the judges, two preachers and a geologist were present also. The Midland boys were quite good speakers, not even using cards, and they were adept at throwing books on the table (for emphasis, we suppose), and in poking their pencils in people's faces.

A debate with the girls' team at Midland could not be arranged.

## Vollyists Lose at Stockton Tourney

The girls played their first game with Fort Stockton at 9:30 last Saturday morning. Helen Turner acted as captain in that game. Fort Stockton won all 3 games, the score in the first game being 15 to 4. Seeing they had to get to work the Sanderson girls went into a huddle and promised to win the next game. But for some reason, they managed to get but 5 points while Stockton was making 15. With more determination they started the third game and brought their total up to 7 points, but Stockton already had the necessary 15.

At 2:30 the game between Sanderson and Pyote was started—Pyote being the consolation candidate. Bennie Mussey captained Sanderson in this game. Pyote took the first game by a score of 15 to 13, and Sanderson annexed the second by a count of 15 to 11.

The third game was ready to start and all were anxious to see who would win this one. Pyote was the lucky team this time, by a score of 15 to 9. The fourth game was Sanderson's, as they had been taking turn about winning—and so they did, 15 to 13. The last game was to tell the tale, both teams having won 2 games. After a hard struggle Sanderson was downed by a count of 15 to 9.

After the final game the Sanderson team was not ready to go home, so their Coach arranged a practice game between them and Wink. Dorothy Lewellen was captain in this game. Two games were played in which the teams broke even, Wink taking the first, 15 to 12 and Sanderson the second, 15 to 11.

### SONGBOOKS DONATED

Through courtesy of thirteen business houses in town one hundred new song books have been furnished the Sanderson public schools. A representative of the Rodeaveaver Co., publisher of the Sociability Songs sold advertising space to the merchants and in this way paid for the 100 books.

The new song books of 127 pages contain songs for all occasions. The books are bound in heavy blue paper.

Name of the business houses listed in the books are Sanderson State Bank, Border Service Station, Curry Pharmacy, Sanderson Mercantile Co., the James House Grocery and Market, Kerr Mercantile Co., Highway Grocery & Market, Frank's Super Service, Model Tailors, City Drug, Terrell County (Co. Attorney), Community Public Service Co., and B. H. Gifford, Texaco Agent.

### VOLLEYBALL TEAM

The following volleyball teams were represented at the invitation tournament in Fort Stockton last week: Sanderson, Pyote, Monahans, Wink, Pecos, Grandfalls, Ft. Stockton. Fort Stockton was the winner of the tournament.

Today the volleyball team will play at the bi-county meet being held in Marathon.

begin the big event of the year, the senior play. Study hard, learn your parts and present to the public a play that they will never forget, is good advice to the seniors.

## Tapping Typists Win in Practice

The typing team of Sanderson high school has participated in 2 practice contests this week and emerged winner of second and third places in one, and first and second place in another.

Last Saturday the team composed of Vaunceil Henderson, Bertha Mae O'Bryant, Ethel Breg and Margaret Mims (substitute), typed against a team from Fort Davis in Alpine. Fort Davis took first place with 39 words a minute and 2 errors, a total score of 135.75. Margaret Mims placed second with a total of 124.92. Her speed was 31 words a minute with 3 errors. Vaunceil Henderson was third with a score of 122.31—31 words a minute and 4 errors. Fort Davis took fourth fifth and seventh places, and Bertha Mae O'Bryant and Ethel Breg placed sixth and eighth.

Tuesday afternoon the Marathon typists came to Sanderson for a practice contest and the local high school team scored first, second, fourth and sixth places. Vaunceil Henderson placed first with a score of 134.27—36 words a minute and 2 errors; Bertha Mae O'Bryant was second with a total score of 113.46—29 words a minute and 8 errors; Margaret Mims was fourth with 104.24—or 24 words a minute and 9 errors; Ethel Breg placed sixth with a total of 83.87—her speed 23 words a minute and 21 errors.

Today the local typing team will participate in the bi-county contests at 8:30 o'clock.

## Volley Girls Win In Return Game With Marathon

The volleyball girls defeated Marathon here Tuesday, March 16, at 4:30. The girls starting the game were Helen Turner, acting captain, Sammie Carter, Nelle Lea, Mildred Underwood, Dorothy Lewellen and Bennie Mussey, with Adair Edmiston and Mary Cook as substitutes.

The first game was won by the Marathon team by a score of 15 to 8. They came back, however, to take the second game by the score of 15 to 3.

Mary Cook was put in the lineup for the second game, and was replaced by Adair Edmiston in the third game. Marathon forged ahead in the final game, but when Bennie Mussey reentered the game, Sanderson romped past the visitors and emerged victor by a score of 15 to 9.

## Pan America is Studied by Class American History

By Mildred Hurst

The place is Mexico City. The time, March 11. The event, the Pan American congress. The participants the American History class, who were transported there by the magic carpet of imagination. The president, elected by the congress was James Allen, the secretary, appointed by Mr. Smith was Mildred Hurst.

Several of the countries gave reports and brought important questions before the congress. Bolivia wished to construct a canal through Chile so she could market her natural resources; Brazil wanted the United States to reduce the tariff on Brazil nuts so she could sell them; Chile requested the congress to suggest a way whereby she could build a railroad across the Andes Mts. Each question was discussed at length and some decision was ultimately reached or the matter was referred to a committee.

The secretary took the minutes in shorthand and, by a mere stroke of fate could read them back.

Due to lack of time, the congress adjourned after two days in session, and the American History class came back to Sanderson high school and started to study history again.

### OUR STATE

People don't you know Many men lost their lives In the famous old building. The historical Alamo?

Last year, a hundred years ago They crossed the Rio Grande; They marched thru mud and sand To the town of San Antonio.

Our heroes knew danger was near Not a word was said; Not a tear was shed; They knew no fear.

They knew 'twas certain death; How they suffered we don't know. But the last words "Save the Alamo!" On they fought 'til the last breath.

We will meet them in heaven On the great round-up day. When war's o'er and time for play On the blessed day he has given.

O bugles, blow your mournful sound; Play for the ones in their graves; For those who died, our state to save. Let it blow softly o'er the ground.

—Ethel F. Breg.
