LIVING PHILOSOPHY

The most important part of the automobile is the nut that holds the wheel.

VOLUME XXX

Range Carrying Capacity Expected By Co. Agent Next Week

Martin, District Agricultural Agent, and Geo. W. (Stud) Animal Husbandman for Extension Service, stopped in Sanderson for about an hour last week.

Barnes who has been in charge of holding range inspections over the state, stated that the range carrying capacities for Terrell county probably reach the county this week, and that appraisals should start immediately upon receipt of this information. He stated that he wanted to come here later and spend a few days talking with the ranchers.

Point about the deferred practice of the range program has been misunderstood, it is pointed out. Mr. Barnes stated that a rancher could take a week off of the land he wishes to defer grazing on and put it back on for six months. This is not overstocking, he explained, as it will be for only six months, after which the deferred land can be restocked. A rancher can earn one-third of his total profit by deferring grazing on a fourth of his land for six months.

Information was received Wednesday morning from state headquarters by County Agent Erv Williams, stating that header would be included in the conservation program. It will be paid for on the basis of one yard for the amount of work to be done to replace the concrete dam. Agricultural engineers figure that this will pay for the dams.

Freeport sends out a great deal of crude sulphur, this being the center of the largest sulphur industry in the world. At Corpus Christi the principal export is cotton, and petroleum leads in Port Aransas. Two recently opened ports are Brownsville and Port Isabel.

Boys Organize Club Here Elect Officers

John Hardgrave was elected president of the Sanderson 4-H club at a meeting Monday when plans for individual demonstrations were planned and discussed. Officers were Hicks Canine, president; Bobbie Allen, secretary-treasurer; and Joe Kerr, secretary. Other boys who make up the club are John Hardgrave and David Allen.

Although realizing that this is a feeding country, some of the boys will start a few lambs and other two calves on feed this week to be exhibited and sold next week. Probably most of the boys take over management of the club at home as demonstration.

A particular phase of work that county agent will work with boys on is range terracing.

GOES FISHING

Party made up of Mr. and Mrs. W. D. O'Bryant, Sr., and Mrs. Bertha Mae and Julian, and Mrs. Buck Caraway and Mr. and Mrs. W. D. O'Bryant, Jr., Perry Dawson and brother Jack, spent Sunday on the Adler ranch on the Pecos. They enjoyed a day of fishing. Reported the fish plentiful biting, and besides having plenty to eat at the camp, they left home quite a batch.

Baptist Church Dedication Services Sunday; All-Day Meeting is Planned

Sunday will be a gala day at Sanderson Baptist church and all-day meeting, marked with fellowship, at which one of the highlights will be the serving of a basket luncheon on the lawn. The event of the day will be the dedication of the church building, which is now debt-free, made possible by a liberal donation by Mr. and Mrs. A. D. Brown.

We want members of other churches, and townspeople be guests next Sunday," said the pastor, D. C. Bandy. "It will afford an opportunity for fellowship and will do us all good." One of the speakers will be the Rev. Ira Harrison, a former pastor of the local congregation. Another will be the Rev. J. A. Kidd, district missionary. Following is the program plan for Dedication Sunday: Sunday school 10 a. m., sermon, 11 a. m., by the Rev. Ira

Know Texas

Denton—Credit for Texas' high standing as a shipping state should not go entirely to the fact that the coast line is long and jagged, for its thirteen deep-water ports are all man-made. Age old deposits of silt have made these excavations necessary.

The most man-made of them all, Houston, now ranks fourth in total commerce in the entire United States, exceeded only by New York, Philadelphia and Duluth-Superior. First in cotton exports and third in exports to foreign countries, Houston is also a major export point for crude petroleum and petroleum products. An enormous coastwise business both outbound and inbound, adds to the total.

Grandfather of all Texas ports is Galveston, whose island position and land-locked bay give it qualifications which were first recognized by Privateer Jean Lafitte. In 1934 2,569,477 tons of cotton, vegetable and animal products, wheat and flour, crude sulphur, ores, and others passed through its docks.

On the Sabine Neches waterway are Beaumont, Port Arthur, Port Neches, and Orange, all of which export crude oil and products, timber products, rice, scrap iron and steel. Texas City is concerned mainly with the exportation of petroleum and cotton, doing a large import business in raw sugar.

Freeport sends out a great deal of crude sulphur, this being the center of the largest sulphur industry in the world. At Corpus Christi the principal export is cotton, and petroleum leads in Port Aransas. Two recently opened ports are Brownsville and Port Isabel.

SANDERSON BOY WINS SCHOLASTIC HIGH HONOR

Announcement was recently made from the Texas Military Institute that Cadet Walter Gregory Downie of the junior class at T. M. I. was one of the three of the junior class selected for membership to the National Honor Society for the year 1937.

Young Mr. Downie, who is affectionately known to the people in our county as "GG," has been attending school in San Antonio for some years, but his friends and the many friends of his family are happy to know of his selection to the National Honor Society, since it carries with it a scholastic distinction for the highest type of school work in preparatory schools all over the United States.

We congratulate Cadet Downie and, for the honor of West Texas, hope he will continue to hold this position in his school work.

OUT ON PAROLE

Braulio Gutierrez, who had been in the pen at Huntsville, sentenced by a jury at Rock Springs to serve five years on a charge of murder, in connection with the death of Manuel Coronado, arrived in Sanderson Monday, having been paroled. He had served about 18 months.

Sports Chain Links Two Americas

Pan American Games Set For Dallas June 30 to July 3

Dignity of the Olympic tradition is borne out in the official emblem of the Pan American Games, in which athletes of two continents will compete at the international fair in Dallas, Texas, opening June 12. The design, approved by a smiling Texanite, depicts a modern Mercury, god of speed, skill and strength, testing the "friendship links" of the two Americas in his powerful grasp above the globe of the Western Hemisphere. Athletes of Mexico, Central and South America will compete with United States entrants in the Olympic events of track and field, soccer and boxing scheduled for June 30, July 1, 2 and 3.

Commissioners Appoint Board to Readjust and Assess Property in City

Pecos Ready For Dist. Convention Of Legion Posts

Pecos, Apr. 11.—Plans are rapidly taking shape for the annual district American Legion convention which will be held in this city April 24 and 25. It is the 16th district, and composed of 18 Legion posts. Appointed to act on the committee were W. J. Ferguson, W. D. Hunter and Joe Kerr, with the understanding that if any of the three members were unable to serve, the other two were to appoint another person to serve with them. Their work will be readjusting values on Sanderson property for taxable purposes. Their values will be considered by the commissioners when they meet in May as a board of equalization, the commissioners to set the values, but to take into consideration value set by the above committee and the assessor.

Other business transacted at this term of court, follows: Transferred \$3,000 from the Courthouse and Jail fund to the Courthouse and Jail sinking fund. Approved the quarterly report of the treasurer, and allowed the regular monthly bills. Allowed County Agent Ernest L. Williams the monthly salary of \$66.66 to be paid semi-monthly in payments of \$33.33. The court, at the January meeting had allowed a yearly salary of \$800 for the county agent, and this is supplemented by the federal government by an additional \$1600. Allowed Frank K. Harrell \$275 toward fencing a stretch of Highway No. 3, running along his property east of town. Deferred letting bids for printing and stationery until the May term of the court. Canvassed returns of the election held April 3, and R. N. Allen was declared elected as common school trustee, receiving 39 votes. Mr. Allen will qualify on May 1, at which time he will become an active member of the board. Max Bogusch was declared elected as county trustee-at-large for Terrell county; M. H. Goode, Sr., was declared elected county school trustee for Precinct 4. Commissioners present at this meeting were W. J. Banner, Precinct No. 1; Chester Smith, Precinct No. 2; and J. C. Mitchell of Precinct No. 3.

Livestock Deals Reported During The Past Week

Livestock sales have been very active in this section during the past week, and a large number of buyers are reported in this section. Sales reported are as follows: E. G. Pope, livestock buyer of Hondo, Texas purchased 100 head of cows from the Alexander Mitchell estate, and immediate delivery was made. Mr. Pope also bought 225 head of goats from J. M. Corder, and 135 head from Herman Couch. Prices paid on these consignments was not learned. Mr. Pope shipped his purchases to Hondo. Phil L. Newell, Uvalde, purchased from Joe Kerr 1,000 head of goats, and delivery was made Thursday. Mr. Newell, in turn, sold 700 head from this herd to F. S. Mason of Uvalde, for immediate delivery. It is reported that W. W. McCutcheon of Spofford, bought 700 head of lambs from Uvalde parties, for delivery on May 1. A price of \$5.50 per head, in the wool, was reported paid for them. Cleophus Cooke, of Ozona, was here this week looking after the Cooke Market during the absence of his brother, Greene Cooke who has been in Dallas since Sunday.

To Hold Thrift Cooking School Friday, the 23rd

A new kind of cooking school—with a program devoted entirely to economy in food preparation—will be presented to home-makers of this community, next Friday, April 23, at 2:30 p. m., at the Princess Theatre. The Thrift Cooking School, as it is called, will be free of charge and all local ladies and their friends are invited to attend. Mrs. Marie McHenry, Kelvinator home economist, will have charge of the program. She will introduce new ideas for the use of leftovers and tell how to select and cook the cheaper cuts of meat so that they will be as tender and appetizing as the more expensive cuts. She will demonstrate a number of "budget-saving" salads and desserts, explain how to save money by quantity buying and give other suggestions for cutting the high cost of eating. A valuable and highly desirable attendance prize will be given away during the afternoon. The foods prepared by the demonstrator will be distributed among those present. Free receipt sheets and cooking hints will be given to all in attendance. Refreshments will be served. "Everyone who attends the Thrift Cooking School will carry away information that will be of practical value in day-in and day-out cooking," states Clyde Morris, manager of the power company which is sponsoring the school. "We want all of our customers and friends present."

TO HOLD COOKING SCHOOL

Mrs. Marie McHenry, Kelvinator home economist, who will conduct a Thrift Cooking School here next Friday, April 23. The school, which will be held at the Princess Theatre, will commence at 2:30 p. m., and is being sponsored by the local Community Public Service Company. All ladies and their friends of Sanderson are invited to attend this school, which will be free. Attendance prizes will be one of the features of this school.

How a Sales Tax Would Affect the County Business

Terrell county merchants do a total retail business of \$700,000.00 and a 2 per cent sales tax as now proposed in the Texas legislature would yield \$14,000 from this county while the sales tax burden to be borne by each resident of the county would amount to \$5.49 per year. These figures are based on a recent census of the U. S. Department of Commerce and are contained in an 8-page pamphlet, "Texas Taxes, a Suggested Solution," being distributed by Rev. J. Ernest Stack of Houston, editor of the Christian American. Other enlightening facts in this pamphlet include: "A 2 per cent sales tax will yield \$28,652,300 in annual recurring revenue to the State. The yearly volume of business done by the 70,000 retail establishments of Texas is approximately \$1,432,615,000. "Under a 2 percent retail sales tax each inhabitant of Texas would be required to pay \$4.72 per year. "Sales tax collections per store under a 2 per cent levy would amount to \$417.20 annually. "Forty-five per cent of the sales tax revenue would come from ten counties in Texas in which the largest cities are located." Dr. Stack, a well known Baptist minister, recently made the public statement that burdensome and excessive taxes were hampering religious activities in Texas.

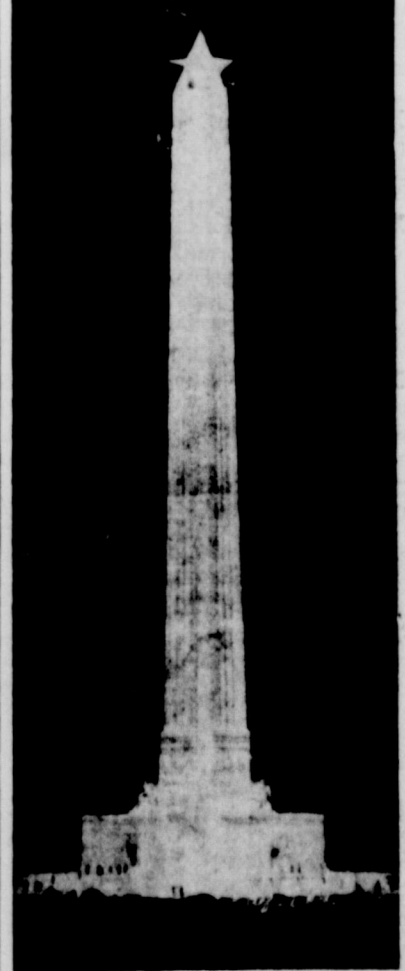

BREAKS ARM

Friends here of Mrs. F. B. Carter will regret to learn of a recent accident. Visiting with relatives in Uvalde she slipped and fell on the pavement and broke her right arm at the wrist. The accident happened last week. It was just a little more than a year ago that Mrs. Carter had an accident in Dryden, at which time she fell and broke her left arm and hip. It is to be hoped that she will soon recover from this accident.

INSTALLS GREASE RACK

McKnight Motor Co., local Chevrolet dealer, installed an up-to-date hydraulic grease rack and is now prepared to give customers a first-class greasing job. See announcement on page two.

WILL DEDICATE MONUMENT

Dedication of the huge memorial at historic San Jacinto Battleground near Houston is set for April 21, the chamber of commerce has announced. Representing a committed expenditure of \$1,150,000, this magnificent memorial will tower 564 feet above the hallowed soil on which General Sam Houston and his tattered band of fearless pioneers so decisively defeated General Santa Anna, thus lifting the yoke of oppression from Texas. The actual height of the San Jacinto memorial will be 549 feet, the additional footage being represented in the terraces.

John Harrison, in yesterday carried one finger in a sling. His explanation was that he was chased by a gentleman cow and hurt the digit climbing a tree. And we thought he hurt it at honest labor.

Idaho recently passed a law to issue to person past 70 a lifetime license, permitting them to fish anywhere in the state. That would be a good place for members of the supreme court to spend their vacations.

The school term is drawing to a close. Those who graduate will look back on days in grade school and high school as the happiest of their lives. Sport, these days, is a great asset to the average student, developing brawn with the brain. One of life's saddest things, however, is the development of brawn at the expense of brain. The life of the average athlete, as such is a very short one, but as long as the battle of life goes on, the brain must function, and settle the problems of life that mean everything.

Equipment Here To Start Test in Blk. D-5. Surv. 18

Mr. and Mrs. Marion Briggs, who recently returned from Corpus Christi, announced Thursday that arrangement had been completed and that all equipment was now on the ground, and almost ready to begin work on a test well they will drill south of Dryden.

The test well is one that was started in 1932 on the Joe Kerr ranch, in survey 18, block D-5. When the well was abandoned the drillers had reached a depth of 958 feet, with the hole in perfect condition. It will be reopened and drilled to a greater depth, it was stated.

Fred Lockhart, recently of Oklahoma, has been secured to drill this test, Mr. Lockhart, who is an expert driller, arrived Wednesday, and is making arrangements to start drilling immediately. Mr. and Mrs. Briggs, who have long been interested in Terrell county and its possibilities as a potential oil field, plan several other tests in this county.

Column Right

Looks like old spring fever has us in his clutch. Down at four a. m. yesterday, hoping that the solitude would aid the old bean to function. But it was no use. All we could think of was poetry—that's what we call it. But it's a cinch that our customers don't want any of that, and then, at our age, we have a reputation to sustain, but if we lost it we know where we can get two like it for a dime.

While the governor of Mississippi was addressing a gathering, he took occasion to congratulate his state on the fact that there had been no lynchings in fifteen months. About that time he was interrupted and notified that two niggers had just been taken by a mob, tortured and lynched. All of which goes to show we should carry a block of wood around, so we can knock on it occasionally. It's been said there is nothing sure but death and taxes, but lots of good old folks manage to dodge the taxes.

Watching a game of golf the other day we came to the conclusion that a golf ball was the most abused object in this world.

Through the centuries millions have died; history records but one who returned to earth. Yet there are many who pin their faith on spiritualism, believing the dead live an independent life in the great Unknown, and may freely converse with the living. The late Harry Houdini's failure to appear after 10 years put a damper on these hopes. The latest failure was that of the great magician, Howard Thurston. Pleas of his earthly friends to give a demonstration were unanswered. It's a trite saying, and true, that "when you die you're a long time dead."

Well, well, the kids of the country get a break after all. It comes from a home economist of the U. S. Department of Agriculture, who says that parents should not force their children to eat spinach if they don't like it, that most any of the other common garden variety of vegetable is a good substitute, and just as nutritious.

Idaho recently passed a law to issue to person past 70 a lifetime license, permitting them to fish anywhere in the state. That would be a good place for members of the supreme court to spend their vacations.

The school term is drawing to a close. Those who graduate will look back on days in grade school and high school as the happiest of their lives. Sport, these days, is a great asset to the average student, developing brawn with the brain. One of life's saddest things, however, is the development of brawn at the expense of brain. The life of the average athlete, as such is a very short one, but as long as the battle of life goes on, the brain must function, and settle the problems of life that mean everything.

Wonder what the next national fad will be? Looks like the sit-downers are fading out of the picture. It won't be long before a new "fool idea" will have us in its grip. All of which goes to prove that the Darwin theory of evolution was cockeyed. At least Bro. Darwin had no sense of direction: We're not coming from the monkeys, we're going the other way.

Rep. Wright Patman of Texas says there is no place in our economic system for the chain stores. Well maybe not, but we must admit that they have a pretty good toehold at present. Kind of like the fellow in jail who sent for his law. When the case was explained the lawyer said "Why, they can't put you in jail." "Oh, no," said the client; then please tell me where the heck I am."

Has any one seen the Duke of Windsor?

Marfa—The football schedule for the 1937 season of the Marfa Short-horns has been made in part, according to announcement of L. B. Martin, coach, appearing in the Big Bend Sentinel. All the home games have been arranged for early in the season, all to be played under the lights at Martin Field, the Sentinel further states.

Ozona—A record of many years standing, possibly since the county was organized, was broken this week when the 112th district court convened Monday and adjourned at noon Tuesday, leaving all dockets, criminal and civil, entirely clear, the Stockman reported.

Ozona—According to the Stockman, 81 ranchers of Crockett county, who own or control 1,180,761.84 acres of land, have signed applications to date in the office of C. J. Van Zandt, Crockett county agent, for determination of grazing capacity of their ranches with a view of taking advantage of the benefits of the National Soil Conservation program.

Uvalde—A crowd estimated at between 1,500 and 2,000 persons from almost every town in that section attended an all-day celebration at Garner State Park last Saturday. A fine program of entertainment was prepared and presented by the C. C. C. personnel at the park site, the Leader reported. The event was in commemoration of the 4th birthday anniversary of the Civilian Conservation Corps.

Iraan—Football uniforms were issued to 35 boys for spring training in football, the Herald reports. In the number reporting for training six are lettermen.

Brackettville—The Fort Clark polo team has been invited to Mexico City to play a series of games the first part of next month, according to the News-Mail. The invitation was extended to Gen. Kenyon A. Joyce, post commander, by Gen. Jamie Quinones, commander of the Mexican military garrison at Piedras Negras.

Alpine—A monument to Don Milton Faver, an early settler of Shafter, was to be dedicated Sunday morning at Shafter, according to the Avalanche. Don Milton played an important part in the early history of that section, and there still a number of old-timers in that area who knew him in the pioneer days.

Balmerhea—One of the first actions of the school board at a recent meeting, after swearing in the new members, was to vote for a new school building, the Madera Valley News reported in its issue of last week. Construction on the new building will start on the day the present school term closes, and it is hoped that the building will be completed within 90 days. All teachers were re-elected by the board.

Clyde Morris, manager of the local office of the Community Public Service Company, was a business visitor in Fort Stockton Tuesday.

Mr. and Mrs. L. H. Lemons and daughters were week end visitors in San Antonio, Mrs. Lemons going there for dental work. While there they were guests of her mother, Mrs. M. E. Duke.

'Twas This Way By LYLE SPENCER

Little Church Around the Corner

NEW YORK'S "Little Church Around the Corner" is probably the world's most famous and romantic spot to be married in. And of all things, its popularity first started from a funeral! This historic place of worship, whose real name is the Church of the Transfiguration, is a picturesque, rambling, brown structure on Twenty-ninth street near Fifth avenue. About 1870, the great actor, George H. Ruggles, died in New York. His sister wanted his funeral to be held at her own church—a then fashionable temple on aristocratic Fifth avenue.

Joseph Jefferson, an old friend of the Holland family, called on the high-toned rector of the church to make arrangements for the funeral. But that reverend gentleman refused to hold services for what he termed a "common actor."

"There is," he said, "a little church around the corner where you might get it done." "Then," said Mr. Jefferson solemnly, "God bless the little church around the corner!"

A few days later the service for the dead actor was held in the "little church," before a congregation that included many of the city's most prominent people. Attracted by the human interest angle, newspapers gave it headlines. Mark Twain wrote a touching piece about it. So what might have been a tragedy turned out to be a triumph.

From that memorable incident, the "Little Church Around the Corner," got its name. Many noted theatrical people joined its congregation, and all found a cordial, warm reception. Where they went, publicity followed. Many a theatrical wedding was performed before its altar. Somehow the congenial, friendly air of a atmosphere has been maintained down to this very day.

FOR SALE OR TRADE—One good 3-year-old white-faced Hereford bull; good color.—Lee McCue, Phone 135. 1tc

Leo Daniels, who has been attending Texas University, Austin, is home for a visit with his parents, Mr. and Mrs. J. W. Daniels.

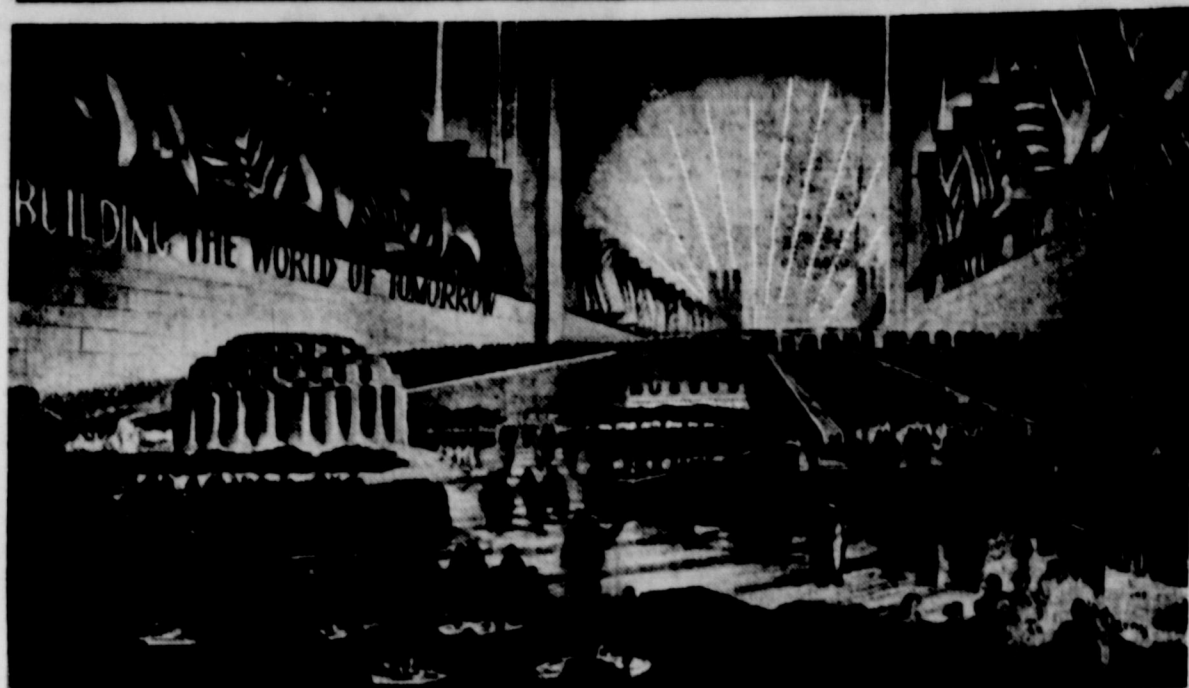

Tom Holmes spent the week end in Pecos with Mrs. Holmes, who is now cashier in the office of the Community Public Service Company in that city. He was accompanied by Pat Moran who visited with relatives there.

W. P. Wallace, Del Rio attorney, was a business visitor here Tuesday.

FOR SALE—By owners. Hollow tile house, five rooms with bath and basement; 2-car garage, wash house, barns and cow stalls; two large lots.—Mr. and Mrs. F. M. Mansfield. 5tc

THROUGH BROAD AND BEAUTIFUL ENTRYWAYS VISITORS WILL PASS TO THE NEW YORK FAIR

NEW YORK, (Special).—Forty thousand persons an hour—visitors from every state and every nation—must be accommodated in comfort at but one of the entryways to the New York World's Fair of 1939, according to arrangements the Fair Corporation is completing to handle a maximum daily attendance of 800,000. The artist's drawing, as reproduced above, calls for a magnificent double-decked entryway with underpasses, over-passes, pedestrian walks, bus terminals, comfort stations and bridge connections assuring comfort while providing an area of architectural splendor.

Shown is a ramp leading from the exposition ground toward the I.R.T.-B.M.T. subway terminal, at a point where it is necessary to cross over the Long Island railroad tracks and to avoid undue congestion of pedestrian traffic. Shown in the left foreground is a domed restaurant within a fountain basin and a concourse bordered by grown plane-trees, and, nearer, an open-air cafe and an information kiosk. Along the flanking walls the artist has delineated the Fair's world concept which looks to the building of a peaceful, happier World of Tomorrow.

It Happened in Sanderson TEN YEARS AGO This Week—Remember??

(From the Times, April 15, 1927)

Tuesday night about dusk, a tornado struck the town of Rock-springs and almost destroyed it. Many people were killed, the first report placing the death list at 60. The sum of \$605 was raised here in a short time Wednesday and sent to the stricken town.

Word was received here telling of the death of Curtis Coyle, which occurred at Decatur, Ill., and was caused when Coyle fell from the platform of a switch engine. Coyle formerly was a railroad man here.

Some time Saturday night or early Sunday morning some one broke into the W. H. Farley store and looted it. Cigarettes, several pairs of new shoes, and between \$10 and \$15 was taken.

Ben. H. Brown bought the entire mixed lamb crop of I. C. Roark, at around \$6 per head.

Miss Jack Banner, who is attending Our Lady of the Lake College in San Antonio, came in Thursday morning to spend the Easter holidays with her parents, Mr. and Mrs. W. J. Banner.

Keys cut for all makes of cars. Sterling Electric, Del Rio Texas. 3tc

James House and T. A. Harnes were business visitors in San Antonio last Thursday and Friday.

E. G. Pope of Hondo was a business visitor in Sanderson this week.

Mr. and Mrs. Johnnie Harrison and children returned Wednesday from Junction where they have been since last Thursday visiting his parents.

Misses Marjorie Thornton and Lucille McWhorter spent the week end in Alpine, visiting Miss Thornton's parents.

Buck Jackson to Manage Rodeo At Pecos in July

Pecos.—The rodeo committee got off to a flying start Wednesday night in making initial preparations for the 1937 edition of the annual July 4th rodeo, by hiring Buck Jackson as manager of the show to assist the committee in staging it.

In hiring Jackson, it is believed that the show can be staged more successfully, in that much of the work of arranging contests, prizes, and dealing with contestants can be taken off the committee. Jackson is well qualified for the job, being a cowpuncher at heart and having taken an active part in the shows for several years.

CLATFELTER BETTER

Reports this week from A. C. Clatfelter, who has been in the Santa Rosa Hospital, San Antonio for the past two weeks, were that he is some better. Mr. Clatfelter has been ill with pneumonia, but the report stated that though recovering from this ailment, he was now suffering from complications. His daughter, Miss Maxine, of this city, and son, A. C. Jr. of El Paso were called to his bedside last Friday, as he was in a very serious condition at that time. His many friends here hope that he will soon be on the road to recovery and able to return to his home here.

Mrs. John Potter of Del Rio visited here for several days this week with her husband who is working out of here west on the T. & N. O. Railway.

Mr. and Mrs. Greene Cooke spent several days in Dallas this week, taking their daughter, Betty, to that city for medical examination.

Johnnie Williams, wool buyer for A. W. Hillard & Co., with offices in Del Rio, was a business visitor here for several days this week.

RATTLE OF THE RAIL

R. DeWaal, general road foreman of engines, was here Wednesday from Houston.

Engineer C. C. Crownover was down from El Paso Monday on the extra board.

Engineer W. A. Nunn has given up the yard engine here and has gone on the extra board.

Fireman L. T. Calk has been placed on extra board here.

Owing to increased business additional crews have been added on all divisions.

Four CCC specials passed thru here this week going west.

M. B. and T. A. Herring were called to Del Rio Monday on account of the serious illness of their sister. They returned home Wednesday afternoon and reported that their sister was improved.

F. R. Dismuke of Uvalde was in Sanderson on business Wednesday and Thursday of this week.

WOMEN'S INTERESTS

CLUBS AND CHURCHES

WOMEN'S CIRCLES

BY CIRCLES NEW CHURCH YEAR... of the Presbyterian had auspicious beginning as they planned the new year.

Two met at Mrs. Pollard Mrs. Pollard directed organization of this Circle for the year are Mrs. J. W. McKee, chairman; Mrs. McKee, vice chairman; Mrs. Schroe, secretary and Circle Two chose Tex-

their home mission program the John Minters as foreign missionaries. Mrs. W. E. visited both Circles.

Advancing With should help to make 1937 year in auxiliary work. Mrs. Pierson and Mrs. served refreshments.

W. McKee and Mrs. Joe are entertaining the Club this afternoon in the Mrs. McKee.

J. W. Carruthers and Miss Eva, returned from Del Rio where they for the past three Their daughter and sis-Virgil Ogle and little son and accompanied them a visit of several weeks.

W. J. Banner has returned on San Angelo where she on for several weeks. Her Mrs. Jerry Bell, and lit-

PATTIE JO ROBERTSON HAS BIRTHDAY PARTY

Pattie Jo Robertson, daughter of Mr. and Mrs. Frank Robertson, celebrated her sixth birthday anniversary last Friday afternoon with an informal party, at her home.

Her grandmothers, Mesdames F. P. Robertson and Luella Lemons, and Mesdames Tip Frazier and Jesse Woods helped entertain the following children: Joyce Cox, Edward William Wheeler, Joan Lemons, Mary Agnes Frazier, Jimmy Harris, Margaret and Melvin Newton, Doris Helen Duke, Harriet Ann Pierson, Betty Ann and Nancy Peavy, Jeanette Cobb, Jacqueline Roby, Betty Sue Yeates, Nancy Holt and Janice White.

Refreshments of lemonade and cake were served. Pattie Jo received many nice gifts from her little friends.

MRS. WALTER GRIGSBY HOSTESS TO CLUB

Bouquets of tulips and stocks were the decorations used in the rooms where four tables of guests played bridge when Mrs. Walter Grigsby entertained the members of her club and several guests at her home on Tuesday afternoon of this week.

Those present for the afternoon games included Mesdames L. A. Lowe, A. E. Creigh, Jim Kerr, D. A. Pollard, Hugh Rose, C. P. Peavy, Austin Nance, W. A. Banner, Mary Lou Kellar, Will Savage, Jim Nance, Robert Duncan, Bustin Canon, Sims Wilkinson, C. M. Breeding and Max Bogusch.

The high score prize went to Mrs. Robert Duncan and Mrs. Bustin Canon was winner of the second high score prize.

A refreshment course consisting of creamed chicken in patty shells, congealed fruit salad, hot rolls, pinwheel cookies and iced tea was served by Mrs. Grigsby.

Mrs. Leona Ulbricht and her daughter, Janel, returned last Thursday from San Antonio where Mrs. Ulbricht, who has been ill, went for medical treatment. Mrs. Ulbricht resumed her duties as home economics teacher in high school Monday.

Miss Kate Frazier spent Sunday with Mrs. C. H. Arvin at her ranch home.

Leaders Urge More Horses and Mules

Stockmen and farmers of Texas, after careful study, have learned that Texas will have to breed and produce the horses and mules needed on Texas farms. So the leaders in this important industry have organized the Texas Horse, Jack and Mule Breeders' Association and are determined to restore the horse and mule industry from its present alarming condition.

RETURNS HOME

Mrs. Frank Robertson returned Sunday from Iran where she had been in the hospital for the past two weeks. Mrs. Robertson is some better. Mr. Robertson and his mother, Mrs. P. F. Robertson, motored to Iran Sunday morning bringing Mrs. Robertson back that afternoon.

Mrs. J. C. Kern and infant daughter returned home Wednesday night from San Antonio. They were accompanied by Mrs. Kern's mother, Mrs. Carrie Adams, of Rolla, Mo., who will visit here for some time with her daughter.

Mrs. S. S. Daggett, who has been visiting in California and with her sister, Mrs. Ben Price, of El Paso, returned home Monday.

Mr. and Mrs. Carl Cochran were business visitors in Del Rio on Monday of this week.

Mr. and Mrs. Ross Martin of El Paso came in the first of the week and visited here with his parents, Mr. and Mrs. C. W. Martin.

Churches

PRESBYTERIAN CHURCH

Sunday school at 10 a. m. Young People's Vesper program at 6:30 p. m.

Mrs. L. W. Erwin of El Paso visited here this week with Mr. Erwin, T. & N. O. engineer on the west end division.

Mr. and Mrs. M. H. Goode, Sr., left the first of the week for Millett, Texas, where they are visiting in the home of their son, M. H. Goode, Jr.

Hardships of the Early Pioneers Shown in Picture

Hardships and perils of early settlers in America, the courage and determination they displayed, are all brought to life on the screen in "Daniel Boone," which will be shown at the Princess Theatre tonight and Saturday, April 16 and 17.

Starring George O'Brien as Boone and featuring Heather Angel as the young aristocrat who follows her family into the wilderness and eventually gives her heart to Boone, the story dramatizes one of the most heroic accomplishments of one of the most intriguing epochs in American history.

It depicts the migration of the thirty families of Yadkin, North Carolina who set out to carve a new home out of the wilderness which lay beyond the Cumberland Mountains. Led by Boone, they begin their epic journey, transporting livestock, house possessions, and farm implements through forests, over rushing rivers and into untracked bad lands.

After a new settlement, Boonesborough, is erected it is subjected to a nine-day attack by Indians, and when the battle has been won by the settlers they learn that they have been swindled out of their new holdings by unscrupulous politicians.

Episodes in the life of Boone, as well as the costuming and geographical settings of the period at the close of the 18th century, are reproduced in striking and romantic detail.

Mrs. Dixie Schupbach attended the funeral services held in Del Rio last Thursday for Mrs. M. E. Shely.

Famed Parisian Quarters Shown 'Seventh Heaven'

Four huge sets, realistic to the last degree, re-create vividly the Paris of "Seventh Heaven," which comes to the Princess Theatre next Wednesday and Thursday, April 21 and 22. Simone Simon, sensational French screen find, and James Stewart are starred in the 20th Century-Fox version of this famed loved story.

A section of the Montmartre district of Paris was constructed on the studio lot for street and outdoor action scenes. Most of the buildings on the French street were at least three stories high and some four. Many of them were decorated with balconies.

These buildings were not roofed so a second huge set was built indoors containing the picturesque tile and slate roofs.

A third big set consumed an entire stage—the interior of a church, which in the latter part of the picture is converted into a war time hospital. On a fourth set was built the notorious "Hole in the Sock" cafe.

More than a dozen other sets also were built for various sequences of this story of Paris at the time of the World War. On the roof top set, where Chico and Diane's garret overlooks Montmartre, 1,600 pieces of clothing were hung out each morning on 35 different clothes lines strung from balconies over the district.

Every detail, including a strong supporting cast, tend to make "Seventh Heaven" one of the outstanding pictures of the season.

Mrs. H. G. Holt left Tuesday night for Beaumont, being called to that city by the illness of a friend.

THE WORLD'S GOOD NEWS will come to your home every day through THE CHRISTIAN SCIENCE MONITOR An International Daily Newspaper

WHY are more homes painted with SWP than with any other brand of PAINT?

See us for your free copy of the booklet, "The Truth About House Paint." It gives full details about SWP value. Ask us also for a free copy of the new edition of the famous Home Decorator, showing exteriors, room plans and color schemes of America's leading model homes.

SHERWIN-WILLIAMS PAINTS Kerr Mercantile Company THE DEPARTMENT STORE Paint Headquarters

Miss Jessie Schrier has returned to her home in Sonora after a visit of several weeks with Mesdames C. H. Arvin and Alexander Mitchell and other relatives here.

UNUSUAL DORMITORY Probably the most unusual dormitory in Texas is a three-story building just completed at Southwest Texas State Teachers College, San Marcos. Located on a hilltop, it is built in a "U" shape and is only one-room wide a windowed corridor providing perfect cross ventilation for every room.

His own misdeeds often return to the author of them.

NEARING THE END

My goodness, did you know that the end of school is almost here? Or have you been so busy with this contest and that contest that you hadn't given it a thought? I will not say that you are sorry that school is over—of course not—but you will be.

Where are you going for your vacation? It's a little too soon to think about that, you say. The final examinations come first, you're right; they do, but let's forget them for a moment and dream. I know you follow me and your mind skips from the algebra to a cool shady brook or to the seashore.

You say it's spring fever, but it isn't. It's just the realization that school is nearly out and you just will build air-castles.

Current Comment

Poor seniors! They have to practice their class play morning, noon and night.

Girls! Girls! Hurry up and decide what we are going to eat at that Junior-Senior banquet!

Wesley debated 20 minutes on whether to use "ser" or "estar," but he didn't have an opponent.

It took Miss Martin two days to show the Junior class what idea was shown in the "Fifty-first Dragon," an informal essay.

Group pictures have just been completed of the grades and clubs in high school, and I know that you will agree on first sight that the pictures of the one-act play cast were just grand!

We are very glad to have Mrs. Ulbricht back again. A hearty welcome.

"What is sleep?" asked Mildred Underwood. Let some of the Senior boys define it for you, Mildred.

The district meet is over. We have only a few participants at Regional, but we hope that they exceed our expectations.

First Grade

The first grade class is enjoying spring. The members have drawn trees, bird houses and tulips. They are enjoying baseball.

Mrs. Higgins brought the class a tulip. Carolyn Courtney and Carrie Marie Turner brought roses and other flowers.

The class had a picture taken last week.

Betty Sue Yeates visited the first grade one day last week and on Tuesday of this week.

STUDY NETHERLANDS
Miss Owens' room, the fourth grade, have just finished a Netherland project made of newspaper pulp. The scene is of a Netherland farm and is about a yard square.

The paper was torn to bits and soaked in water. Then it is molded into the little houses with a fence and canals. Flowers and a Dutch windmill were added.

More than 200,000 teachers have been trained by the 7 state teachers colleges of Texas since the first institution at Huntsville was opened, 58 years ago.

Sanderson Makes Nice Showing at District Meeting

Three students from the local public schools will be eligible for participation in the regional Interscholastic League meet which will be held in Alpine April 23 and 24. These students are Vaunceil Henderson, typewriting; Mildred Hurst, shorthand, and Wilburn Short, track.

At the district meet last Friday and Saturday in Fort Stockton, Sanderson entered 10 literary events, besides volleyball, track, and tennis.

Thursday night the 1-act play was held and Sanderson placed second. Alpine took first place and is the only cast eligible for the regional meet.

Friday the literary events were held and the boys' debate team was defeated in the preliminary debate, and the girls' debate team was defeated by Alpine in the finals. The local team won second place in the district standing. Vaunceil Henderson placed fourth in the five highest typewriting scores, and all five contestants will compete again in Alpine.

Mildred Hurst placed first in the shorthand contests, and one other contestant, a Barstow student, was eligible for regional from this district. Bill Cochran placed third in the junior boys' declamation. Billy Jo Corder and Duane Hill were the other representatives in declamation. Adair Edmiston placed second in ready writing, but a report had not been obtained of the results of the junior ready writing contest. Ross Stavley was the contestant from Sanderson in this field. Tennis was played Friday also, and the local teams were defeated.

Saturday, at the track and field events, Wilburn Short placed second in the 220-yard dash and will participate in the regional contests.

TAKING INDIVIDUAL AND GROUP PICTURES HERE

Mr. W. H. Gongdon of Corpus Christi has been engaged for the past week taking pictures of the various classes and clubs in the Sanderson schools. Proofs of the pictures are being shown about the schools and orders are being placed.

Mr. Congdon has taken class pictures of the seniors, juniors, sophomores and freshmen, and all the grammar grades classes. He has also taken pictures of the football and basketball squads, of the volleyball girls, the Home Economics club, the one-act play cast, and the band.

He is also taking individual pictures of the seniors and other students who wish pictures made.

CHORAL CLUB

Next Tuesday at 9 o'clock the high school choral club is scheduled to present the chapel program. The club has selected for the theme of its program a hit parade of popular songs.

As a novelty number of this program the club will sing love songs from around the world.

Maria Bustamente, accompanist has moved away, but Margaret Anne Gregory, returning student, will play for the songs.

H. E. NEWS

The Home Economics annual Rally will be held in Fort Worth April 29, 30, and May 1. Mrs. Ulbricht, home economics teacher, expects to take four girls from the first and second year classes. Since the school is to be placed in the "B" section this year, it is allowed six entries. These will be two clothing entries, two cooking entries and two child care entries.

Sanderson placed fourth among the "C" group of schools last year winning one first place and three second places.

JUNIOR-SENIOR BANQUET
May 8 is the date set for the Junior-Senior banquet, and plans are now under way. The food committee, whose chairman is Rosa Mae Clark, has met once. Bert Herbert is chairman of the finance committee; Jimmy Good-ykoontz, chairman of the program committee, and Vaunceil Henderson, chairman of the decoration committee.

SENIOR PHOTOS

This is the first of a series of stories concerning each member of this year's graduating class.—Editor.

ALBERT APPEL was born January 6, 1918. He attended grammar school 8 years and has spent 4 years in high school in Sanderson. The many activities that he has participated in during high school are football, basketball, track, and he also belonged to the Science club. He doesn't know where he intends to attend college, but in the future he intends to be a rancher.

JAMES ALLEN was born on October 4, 1919. He attended grammar school for seven years and has spent the last four years in high school in Sanderson. For the first years of his life James was tutored by a private teacher at the ranch. Some of the activities which he participated in are football, track, and he belonged to the Science club. He intends to attend A. C. C. and in the future he will be an accomplished rancher.

The results of the district meet were not all victorious, but were all successful.

It seems that Prince Dishman lost his sport shirt in Ft. Stockton. We wonder!

Bert Herbert was very disappointed when his date to Fort Stockton had to return home without him.

The seniors really had a hard time trying to get all their pictures taken, but in the end they were successful.

We now have a new editor-in-chief, Vaunceil Henderson, since Sammie Carter is now busy with senior activities.

Mildred Hurst was quite surprised when called upon for a report she didn't have, and so was another student in debate class.

There are quite a few little romances blooming out at present, but it's too bad that some of them had to wait so late in the year.

Boy, boy! Students are really having to study hard this week, because of the six weeks exams. The district meet work caused a let-down in studying, so the results are not so good.

Pat Sullivan was having quite a time taking pictures this week. He either had his eyes closed, his head turned, or was in some other impossible position.

Blue, red and white ribbons were finally awarded to tennis players who participated in the bi-county meet. Smiles again!

Miss Childers was very generous with cookies given to her by Miss McWhorter.

If anyone sees a book running around with "Father Goes Domestic" written on it, look closely and you'll see a senior behind the book.

Mildred Hurst, Wilburn Short and Vaunceil Henderson are lucky enough to be able to represent the Sanderson high school at the regional meet in Alpine.

Watch out, people, there are just 30 more school days!

Shortest official highway in the state of Texas is No. 223, less than two miles long. It leads from Alpine to Kokernot Lodge, the recreational center of Sul Ross State Teachers College.

Report Reveals Interesting Facts

In a survey of the 1936 publication of the Southern Association of American Secondary Schools and Colleges, 11 southern states are represented in this association and 1,182 high schools are members.

Sanderson high school has been a member of the association for six years. Each year reports are made to the central office before a school can hold membership in the organization for another year. The association is composed of colleges and secondary high schools in the southern states. The object is to establish helpful relationships between the secondary schools and the institutions of higher education and to consider all subjects that tend to the promotion of their interests.

The report of the commission on secondary schools which met December 1, 1936, gives the following information concerning the member schools:

Of the 1,182 high school members, Texas has 234; eighteen were added last year. The smallest school in Texas on the southern association list is the Radford School, a private institution in El Paso, with an enrollment of only 38, the largest member school in Texas is the Robert Lee Paschal school in Fort Worth, having an enrollment of 2,305 students.

Most of the high schools in this section are members of the association. The last quarterly report gives the enrollment and the date of accrediting of the schools in this section. A part of this report follows: Alpine has fourteen teachers and 124 pupils and was accredited in 1932. Del Rio has 12 teachers and 237 pupils, being accredited in 1928. Eldorado has 140 pupils and was accredited in 1931. Fort Stockton has 10 teachers and 105 pupils. That school was accredited in 1921. Iraan has 19 teachers, 258 pupils; Marfa has 7 teachers and 110 pupils; Ozona has 7 teachers and 112 pupils; and Sanderson has 8 teachers and 83 pupils.

Send Donation for School Memorial

A check for \$5.87 was mailed on Monday to Governor James V. Allred's office as a contribution from the local schools to the New London School Memorial fund. This contribution is in answer to a call made by Governor Allred to the school children in Texas after the recent disaster in New London. The money will go to the erection of a memorial to the school children who lost their lives.

Nineteen of the first grade contributed to the fun with a total of 55 cents. Sixteen of the second grade and their teachers contributed \$1.05. Eleven third graders and their teacher contributed 79 cents. Eight of the fourth grade class contributed 72 cents. In the fifth grade twelve members contributed 85 cents and nineteen of the 6th grade contributed 58c.

A total of \$1.09 was obtained from the seventh grade and high school, the amount being contributed by 18 students.

WHO'S WHO IN FRESHMAN CLASS

Name, Robert Loehausen. Birthday, April 13. Hobby, Football. Favorite food, Cake. Song, Pep squad songs. Subject, Algebra. Saying, "Oh, Bull."

Name, Kenneth Litton. Birthday, May 28. Hobby, Basketball. Song, All jazz music. Favorite Food, Malt. Subject, General science. Saying, "Shut up!"

Stubborn labor conquers everything.—Vergil.

Third Grade is Host to Patrons

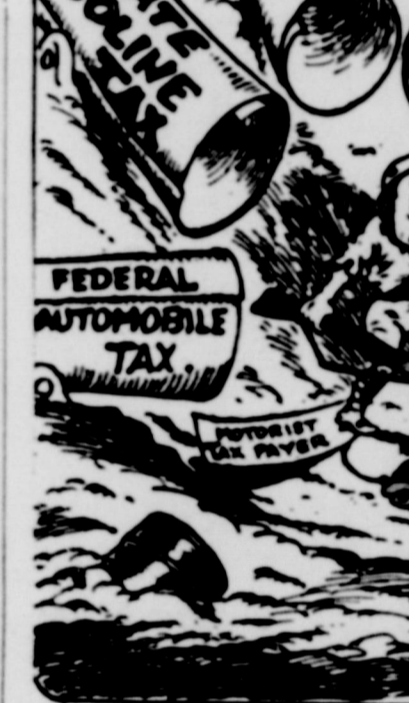

Tuesday afternoon the third grade was host to patrons of the room with a social hour concluding class work on a bird project. This is part of the English work.

The program consisted of the following: Songs, led by Joan Anderson; talks about birds by Bill Savage, Rose Nell Wickliffe, Tom Hill and Marilyn Blackwelder; riddles (answered by visitors, by Joyce Stidham, Milton McDonald, Gene Earwood and Earl Pierson; original poetry, by Harry Brown, Tom Hill, Bill Savage, Yvonne

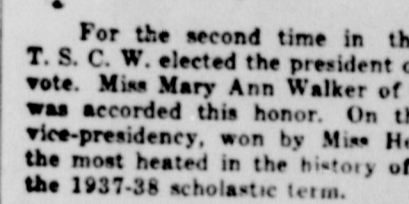

Oberling and Allister Dishman; favorite poems by Charles Daniels, Joan Anderson and Clara Alice Bell; bird calls by Bob Ingram. A play "The Lark and the Farmer," was presented with the following taking parts: Bob Ingram, the farmer; Francis Grigsby, his son; Joyce Stidham, as Mother Lark; Charles Daniels, Milton McDonald and Clara Alice Bell, baby larks. The scene was in a wheat field in late summer. Earl Pierson and Glen Haines were time indicators. Refreshments were served after the program.

Visitors were Mesdames J. W. McKee, Lee Grigsby, Pierson, Lee, R. D. Holt, Hill, Blackwelder, McCall, Trotter, Anderson, Cook, and Mr. and Mrs. Oberling.

HE NEEDS A "NEUTRALITY ACT" TOO!

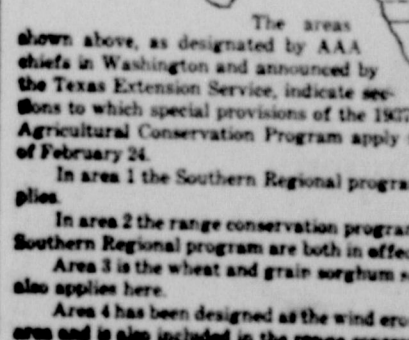

Contested and Uncontested

Mary Ann Walker Helen Millwee

For the second time in three years the 2400 students at T. S. C. W. elected the president of their student body by a unanimous vote. Miss Mary Ann Walker of Wichita Falls, a journalism student, was accorded this honor. On the other hand, the contest for the vice-presidency, won by Miss Helen Millwee of Dallas, was one of the most heated in the history of the school. They will serve during the 1937-38 scholastic term.

Agricultural Conservation Program Areas

The areas shown above, as designated by AAA chiefs in Washington and announced by the Texas Extension Service, indicate sections to which special provisions of the Agricultural Conservation Program apply as of February 24.

In area 1 the Southern Regional program applies.

In area 2 the range conservation program and the Southern Regional program are both in effect.

Area 3 is the wheat and grain sorghum section, and the range conservation program also applies here.

Area 4 has been designated as the wind erosion section of the wheat and grain sorghum area and is also included in the range conservation program.
