SANDERSON, TEXAS, FRIDAY, APRIL 30, 1937

NUMBER 8

A. Benefit Show Presents Golden Bobby Breen and Noted Stars

The benefit picture show will be presented at the Princess Theatre next Tuesday night, May 4, at 8 o'clock. It is sponsored by the Sanderson Teacher Association, and will go to cancel the debt due on the recently closed tennis courts at the school. It will afford all citizens an opportunity to have part in a fine project. A full picture will be presented at the admission prices, the feature being one of the most beautiful productions "Rainbow on the River," by Bobby Breen.

The producer has surrounded the picture with a cast including May Robson, Butterworth, Alan Mowbray, Louise Beavers, Benita Hume, Louise Beavers, Marilyn Knowlden, Henry and the famous Hall Johnson.

The picture is on a more elaborate scale than Bobby's first picture, "Sing Again," this picture being the young star more opportunity to exhibit his brilliant talents which will be heard in such a number as Stephen "Ring, Ring de Banjo," "Backs at Home" and "Campfires"; Franz Schubert's "Maria"; the traditional "Holy, Holy, Holy," as well as the hymn from Von Flotow's "The Song of the Sea"; the negro spiritual "For the Sun," "The Flower," and the catchy theme "Rainbow on the River." The players who earned recognition for their characterizations are May Beavers, the dowager grandmother; Marilyn Butterworth in a pathetic portrayal of a meek and Bobby's only friends; Louise Beavers as the southern mammy; Benita Hume as the scheming relative; and Henry O'Neil as the arrogant pastor in a New Orleans church where Bobby sings his choir.

The voices with their engaging spirituals also deserve recognition. The entire picture is a Old South background in spectacular levee scenes.

Without Sells Home; to Erect Service Station

The property was closed this week by Milan Northcut sold his place, located on Highway 10, to R. L. Ellison Horn, who has already possession of the property, and ready erected two gasoline pumps. He will handle Shell and products, being the dealer at his Van Horn.

Northcut and family will move to the property soon after the first of May, and will move to in this part of town.

IRENE NUNN BURIED EL PASO LAST FRIDAY

Funeral services were held in the last Friday afternoon for Irene Nunn, 23, who passed at her home in that city Thursday morning.

Nunn was well known having been born in Sanderson and made her home here in her childhood, leaving with her parents, Mr. and W. A. Nunn, going to El Paso.

Know Texas

(T. S. C. W. Feature Service)

Denton, Apr. 29.—Although interest in the military setup does not run riot in Texas as in European countries today, the history of this state makes this phase of its government well worth observation.

Active military establishments in Texas today seem rather small in number compared to the hundreds of abandoned forts scattered around during the five different eras passed through by this part of the country. In each of these eras, the Spanish and Mexican period, the era of the Revolution and Republic, the years before the Civil War, during that war and after, new forts were constructed at the changing vantage points.

At present there are nine forts in use which, with the exception of a few old timers, date from the post Civil War period or World War days. These are located at Galveston, Bolivar Peninsular, Galveston Island and Brownsville on the coastline; on the border at El Paso, Brackettville, Laredo and Rio Grande City; and at San Antonio, which is the only fort in the central part of Texas.

San Antonio is the home of four military flying fields, including the well known Randolph Field, Brooks and Kelly fields, all established during the World War, and Dodd Field, which is attached to Fort Sam Houston. Two training camps, Bullis and Stanley, and Normoyle Quartermaster Depot, where supplies are stored are located near the same city.

In Dallas is another flying field established in 1928 and named for Col. William N. Hensley.

Ft. Davis School Plans Tourney In Volley Games

The Fort Davis high school is sponsoring a volleyball tournament for boys and men to be held in the high school gymnasium on Saturday, May 8, according to an announcement to the Times by B. E. Coan, superintendent of the Fort Davis schools.

The first round in preliminaries will start at 1 p. m. and will continue until all teams represented have played. The second round will follow immediately after the first and the finals will be played Saturday night at 8:30. If time permits there will be a consolation bracket.

Any team of boys and men are eligible to compete. No player may represent more than one team. A list of players constituting the team must be given officials before the team plays. The official volleyball rules adopted by the U. S. Volleyball Association will govern games.

The tournament is planned for all to have a general good time and there will be no admission charge for anyone. An effort will be made to furnish awards for the winning teams, and maybe for the best all-around player.

Any school, college, club or organization may enter one or more teams. The entries should be sent in as early as possible so that a schedule can be made.

Teams wishing to enter should mail a card to B. E. Coan, at Fort Davis, stating what organization they will represent.

TO CHIRO CONVENTION

Mrs. Bertha Whistler, local chiropractor, left Wednesday for San Antonio to attend the state convention of chiropractors which convened in that city Thursday, and will be in session the remainder of the week. Dr. Kolar, of Wichita, Kansas, will be one of the principal speakers at the meeting.

Grand Officers of O. E. S. Guests of Local Chapter

At a special meeting, held at the Masonic hall on Tuesday of this week, the local chapter of the Order of Eastern Star had as a guest Mrs. Bertie Harris of Del Rio, who is the District Deputy Grand Matron. Also a visitor at this meeting was Mrs. Mora Cochran, a member of the local chapter and chairman on Grand Officers' reports of the State Chapter.

Good Attendance Food School Held By Mrs. McHenry

A large and interested crowd of Sanderson ladies were present at the "Thrift" cooking school held here last Friday afternoon at the Princess Theatre. The school was conducted by Mrs. Marie McHenry, home economist of the Kelvinator, and was sponsored by the local office of the Community Public Service Company.

Mrs. McHenry's theme was on how the housewife could manage adequately every phase of household duties having to do directly with foods, on a minimum of expense. She introduced many new and novel ideas on the preparation of "left-overs," how to select and prepare to advantage the cheaper meat cuts when the family budget forbade the choicer meats. The family budget was also explained, and it was pointed out that this system was one of most economical in the conduct of the home.

An ocular demonstration was given of the various dishes discussed, prepared and explained by Mrs. McHenry. All foods prepared were given as prizes to the ladies in attendance, the grand prize for attendance being a student lamp. Winners were as follows:

Mrs. C. M. Breeding, a roast; Mrs. Luella Lemons, vegetable ring; Mrs. J. L. Osgood, 1 pound of ground meat; Miss Myrtle Harrell, steak and weiners; Mrs. W. D. O'Bryant, Sr., fruit; Mrs. Dave McLymont, vegetables; Miss Pearlie Howell roaster meal; Mrs. Joe Haynes, ice cream; Mrs. D. O. Bosworth, cheese and grape juice; Mrs. A. E. Creigh, meat loaf. The student lamp, for attendance prize went to Mrs. J. W. McKee.

"March of Time" Program of Drama Is Back on the Air

The program, "March of Time," a dramatic presentation that is based on actual news as it is happening, interpreting events of international significance, is again on the air, sponsored by Servel Electroflux, according to Lee McCue, local dealer. It can be heard every Thursday evening from 9:30 to 10. Central Standard time, over a C. B. S. coast-to-coast hookup, including KOMA, Oklahoma City, and KTUL, Tulsa.

Since this news dramatization program originated in March 1931 "March of Time" has been named one of the three best programs each year in annual polls conducted among radio editors. Each program requires the services of more than 20 actors, 19 musicians, eight production, service and sound effects experts and eleven editorial and research workers.

Because news events are re-enacted within such a short time of their occurrence, rehearsals are very strenuous, but each performance had been outstanding.

You are invited to tune in on this outstanding program every Thursday, 9:30 to 10 p. m., by the manufacturers of Servel Electroflux and Lee McCue, local dealer.

T&NO Foreman At Lenox Victim Of Heart Attack

C. P. Bond, 51, veteran employe of the T. & N. O. in the maintenance of way department, stationed at Lenox as section foreman, dropped dead there Monday from a heart attack.

Accounts reaching here stated that Mr. Bond seeing a car on the highway, apparently in trouble, ran over to investigate, and the exertion brought on the attack. Member of his family were in the car, but none were injured.

Survivors include the widow, four daughters: Mrs. L. W. Ruppert, Del Rio; and Misses Evelyn Ruth, Betty Jo, and Lucille, of Lenox; a niece, Mrs. Margie Criswell, Del Rio; three brothers and three sisters.

Funeral services were held in San Antonio Wednesday afternoon, and interment was Mission Burial Park in that city.

Mr. Bond was well known in Sanderson, and when stationed at Maxon was a frequent visitor in this city.

INSTALLS ELECTROLUX

Lee McCue, local dealer for the Servel Electroflux, left yesterday for the M. H. Goode, Sr., ranch near Dryden, to install an electroflux. He recently installed one at the Ira Deaton ranch.

Will Graduate in Law at Texas U.

The following letter received by the editor Thursday from H. D. Johnson, a Sanderson high school graduate, now attending Texas University, will be of interest to his friends here. And we join with them in wishing him the best of luck and success in life.

The letter follows:
Mrs. Addie Lee Boling,
Sanderson, Texas.
Dear Addie:
I suppose that you are surprised to hear from me. I have just had some very good fortune to occur to me, and I wanted to tell some of Sanderson friends about it.

As you know, I am to receive my degree from the law school here at the University of Texas this June. Although my record here at school has been one of the best, I have been in considerable doubt as to where I would locate after I became entitled to practice law. Last Friday I had this problem solved for me in a manner that makes one think of Horatio Alger. A lawyer from a Dallas firm of lawyers came here to school to interview some of the outstanding students graduating in June. After interviewing six of us, he informed me that I had been selected for the position. I am to report for work on June 10, 1937. After June my address will be in connection with the firm of Locke, Locke, Stroud and Randolph in Dallas. My work will be as assistant legal representative to the Federal Reserve Bank.

I wanted to tell some of my Sanderson friends of my good fortune, for I have felt that I owe so much to those friends of mine there that have always had such faith in me. As things look at the present I believe that I at least have an opportunity to vindicate all the faith that my friends have placed in me. Since I will not be there in Sanderson to see many of my old friends for some time, I wanted to let some of them know what I was doing and where I was going after school was out.

My years there in Sanderson have been some of the happiest. Bobbie will go to high school there. I can fully recommend the high school there as one of the best.

I want to extend an invitation to you and any of my other friends there in Sanderson to come to my graduation. I want to further entreat any of my friends to call me up when they are in Dallas. Although I am sure that I will soon have my nose covered up in law books, I will never be too busy to take off and chat over old times with my old friends.—Yours truly, Hubert Dee Johnson.

P. T. A. Benefit Show, Tuesday.

Motorecycle Quits Hiway Injuring Airport Worker

On Monday night while enroute from town to the army airport at Dryden, where he is stationed, W. Meador sustained bodily injuries when thrown from his motorcycle. Driving at a fair speed Meador came to a sharp curve on the highway which he failed to negotiate, and when the motorcycle hit the soft shoulder he lost control of the machine. It was found about 75 feet from where the accident occurred, it was stated.

Meador's injuries consisted of lacerations about the head, and painful bruises and lacerations on one side of his body. Meador lay unconscious for some time, being found by a passing motorist, who on reaching town reported the accident and secured medical attention for the injured man.

Meador was taken to hospital at Fort Clark, where he will remain until recovered from his injuries.

PURCHASES RANCH

Ferrell and Clint Roark, who for several years have been ranching north of Pumpville, in Val Verde county, have purchased the old Latta ranch on San Francisco creek, and have taken possession. This ranch is located in southeast Brewster county, about 40 miles from Sanderson. The ranch was purchased from the Aetna Life Insurance Company.

RECUPERATING NICELY

Reports received here Wednesday were that A. C. Clatfelter, Sr. who has been in Santa Rosa hospital, San Antonio, seriously ill with pneumonia and complications, were that he was now convalescing. This will be good news to his friends here.

FATHER DIES

Funeral services were held in Killeen, Texas, on Tuesday afternoon, April 20, at four o'clock for W. J. Fisher, 75, father of Mrs. C. M. Breeding of this city. Mr. Fisher, who had been ill for several months, passed away Monday at the home of a daughter, Mrs. J. L. Balentine, in Rocksprings.

SCHOLASTIC CENSUS

The scholastic census for Terrell county was completed last week by Mrs. B. F. Dawson, enumerator. Her report shows a total of 721 scholastics rendered, which is a gain of 43 over that of 1936.

SENATE PASSES APPROPRIATION FOR BIG BEND NATIONAL PARK

A telegram received by the Times Tuesday afternoon stated that an appropriation of three-quarters of a million dollars had been okayed by the Texas senate, mainly through the recommendation of H. L. Winfield, of this senatorial district, as a nucleus of a fund for the creation of a National Park in the Big Bend area. Senator Winfield has taken the lead in securing favorable legislation for the project since his election, and has succeeded in presenting arguments favoring the park to his colleagues that support of the project in the senate is practically unanimous.

The message to the Times follows:
Sanderson Times:
Just succeeded in passing appropriation in the senate for \$750,000 for Big Bend Park. This amount not what we asked for, but consider it will go a long way toward the ultimate end.
H. L. WINFIELD

THE MARKET TREND IN LIVESTOCK

Kansas City, Apr. 23.—Some price advances were scored on all classes of fat livestock this week. Demand was the most urgent of the season. Fat cattle scored a 25c to mostly 50c gain, raising quotations as much as \$1 above the low time two weeks ago and, quality considered, to the season's highest level. Hog prices are 10 to 15 cents higher than a week ago and the lamb market is up 25 to 50 cents with the full gain on the new lamb crop. A close clearance was obtained in the stocker and feeder division. Seasonal weather the past two weeks has brought a rapid pasture growth and liberal rains of the week give promise of good grain crops in the middle west. The annual movement of southwestern cattle to Kansas and Oklahoma pastures is under way in peak volume.

The Week's Receipts

Receipts for the week were 23,302 cattle, 4,583 calves, 7,105 hogs and 39,919 sheep, compared with 18,823 cattle, 3,993 calves, 7,469 hogs and 38,686 sheep last week.

Sheep and Lambs

Spring lambs advanced 25 to 50 cents, and fed lambs are up 25 cents this week. Quotations on new crop kinds jumped a premium of a quarter over fed lambs. On the close springs sold mostly at \$12.50 to \$13; clip lambs \$10.35 to \$10.50, and wool lambs are quoted at \$12 to \$12.75. Shorn ewes are bringing \$3.50 to \$5.25, and wool ewes \$4 to \$6.25.

SISTER-IN-LAW DIES

Mrs. Joe Haynes received the sad news the first of the week telling of the death of a sister-in-law, Mrs. Cora Sharp, wife of J. Walker Sharp, which occurred at their home in Springer, N. M. Mrs. Sharp, in a moment of despondency, committed suicide, and shot herself twice, and slashed her wrists.

Mr. and Mrs. Sharp formerly resided in Sanderson, he being foreman on the highway.

PRESENTED IN U T CONCERT

Austin, April 29.—Henry Goldwire of Sanderson was presented as a member of the newly organized Symphony orchestra at the University of Texas in a spring concert April 22. Goldwire, who is a son of Mr. and Mrs. H. C. Goldwire, prominent ranchers of Terrell county, played second violin.

Pecos—

According to the Enterprise work was to begin this week on the new Reeves county courthouse, on the site of the old structure which was razed several weeks ago. Construction will be of brick, the building 3 stories in height, the pent-house jail occupying the third story. Several local firms were successful bidders on various phases of the work. Total cost, it was stated, will be \$104,004.02.

Balmorhea—

"The old West returned to this section recently," states the Madera Valley News, when the well known U ranch loaded out 1800 head of big steers at Toyahvale, consigned to Huddleston Bros. of Pomona, Kansas. The herd was composed of two- and three-year olds, and the average weight was 928 pounds.

Balmorhea—

Peeved at their coach, the football squad retired to the school's rest room and staged a sit-down strike which they vowed would last until all grievances had been ironed out. As the noon hour approached, however, the students began to weaken, says the News, and when the noon gong sounded, hunger had so demoralized their morale, that they capitulated.

Alpine—

An earlier report by orchardists in the Big Bend and Davis Mts. section, to the effect that recent freezes had killed much fruit, has been revised, the Avalanche reported last week. It is now reported that blossoms and fruit resisted the late freezes and present prospects are for an excellent crop of early Delicious and late winter apples.

Fort Davis—

A contract was recently let by the State Highway department for four more bridge on Highway 17 through Limpia canyon, according to the Dispatch. Holland Page of Austin was low bidder. This stretch, between Balmorhea and Fort Davis is one of the most scenic in the Southwest, but fear of high water has acted as a deterrent to increased traffic. The new bridge, with those already built, will practically make the canyon an all-weather route.

Monahans—

At the initial meeting of trustees of the newly organized Monahans Independent school district plans for financing the 1937-38 school term, election of part of the faculty, and an increase in teachers' salaries were discussed, according to the News. Salaries of teachers will be hiked \$5 a month at the beginning of the new term, and married men teachers will be placed on a 12-months salary basis, with a minimum salary of \$1500.

Odessa—

Sheriff Reeder Webb of Ector county has declared war on agitating labor organizers, according to the New-Times. Says Mr. Webb: "There's lots of oil workers around here, all of them doing nicely, and agitators caught here will be walked out of town. And if I can't walk them out, I'll walk out myself." Knowing Reeder, it's a safe bet he doesn't do any walking any time soon.

Sonora—

The Devil's River News of last week reported the sale of 17,000 fleeces of sheep owned by Ed Mayfield of Crockett county, at 40 cents a pound, and adds that

Defects in Child
Easy to Correct
In Earlier Stages

Austin, April 29.—"One of the valued by-products of May Day—Child Health Day activities of recent years has been the stimulus to physical examinations in the school of our state," is the opinion of Dr. Geo. W. Cox, state health officer. Early detection of these defects and their correction will assure better health and well being for the coming generation.

A child with defective vision cannot be expected to do the required school work until this handicap is removed. Inflamed, watery eyes, granulated lids, chronic styes, nervous actions as habitual winking, may be caused by a defect and should have immediate attention. The far reaching effects of infected tonsils on the system has been recognized by health workers for years. Many of the ills of later life, such as heart disease, arthritis, deafness, etc., are directly traceable to tonsils that became infected during childhood and allowed to remain untreated.

Dental defects are found in more children than any other imperfection, and for this reason children should be taken to the dentist regularly for examination and cleaning of the teeth. This precaution keeps the mouth clean and makes it possible to discover dental defects as soon as they appear.

Postural defects appear in the life of a child much sooner than was formerly suspected. Let the family physician examine your child to see if the shoulder blades project and if the arches are low. Simple exercises, diligently adhered to, when the child is young will prevent later serious developments in many cases.

Thrilling Three
In Gay Triangle
In 'Love is News'

Although the newspapers themselves have proved it time and again, Tyrone Power, Don Ameche and Loretta Young are the thrilling threesome who step out in modern streamline style to demonstrate that "Love is News" in the 20th Century-Fox gay romance of that title which comes to the Princess Theatre Wednesday and Thursday, May 5 and 6.

A refreshing quick-paced story of a publicity ridden heiress out to make a star reporter literally eat his words, it provides an unusual opportunity for hilarity and good natured comedy to an outstanding cast, including Slim Summerville, Dudley Diggs, Walter Catlett, George Sanders, Jane Darwell, Pauline Moore, and Stepin Fetchit.

LEASES TAILOR SHOP

James and Leo Daniels closed a deal the first of the week with G. J. Henshaw, and leased the Model Tailor Shop, located in the rear of the barber shop operated by John Whistler in the Henshaw building. They took charge the first of the week.

In addition to doing all kinds of cleaning and pressing they will be agents for a well known tailoring company.

Your attention is called to their announcement on page three of this issue of the Times.

Mr. and Mrs. Landon Rose were visitors in Del Rio over the week end.

at the time of this sale—April 16, it was the highest price paid in west Texas. Later, however fleeces in San Saba and Runnels county were sold at a slightly higher figure.

Trinity Canal to Remove Physical Barrier
To Lone Star State's Industrial Progress

FORT WORTH.—Removal of the greatest physical barrier to the profitable industrialization of Texas, namely the remoteness of the rich mid-state region from tide-water, is seen by the All-South Development Council in the imminent realization of the dream of a canalized, commerce-bearing Trinity River.

This engineering feat bringing Fort Worth and Dallas to the seacoast, figuratively speaking, hailed as a boon to the movement for the encouragement of industry, which is gathering momentum throughout the state, may be soon a reality, the Council's report says.

Revision in the plans has reduced the number of locks to 21, cutting the estimated cost from \$102,000,000 to \$60,000,000. Furthermore, powerful arguments supporting the economic justification for the project have been prepared and documented, and the Council states that proponents of the canalization plan look for a successful outcome of the hearings which will soon be held in Washington.

The physical problem of Trinity canalization is extremely simple, according to Gen. Herbert Deakne, formerly chairman of the U. S. Army Board of Engineers for Rivers and Harbors, who is here in charge of preparing a report on the engineering plans for the project.

From the recently completed Eagle Mountain and Bridgeport lakes, just above Fort Worth, will come the bulk of the water used to move modern, Diesel-engine driven barges through the 21 locks along

the straightened, 400-mile course from Fort Worth to Galveston bay. Experts estimate that these lakes, the new Mountain Creek lake near Dallas, and other slack-water pools in the area, will provide easily twice as much water, at any time, as the canal will require. This will not be a disconnected, isolated project, the Council points out, but a valuable link in an integrated inland waterway system that serves 60 per cent of the nation's population. This is true because it will connect with the Intracoastal canal at Galveston and thence with the Mississippi, thus tying up to the great canals and rivers that serve the prosperous midwest.

Strong support which is rallying behind the move to establish this

long-sought connection between Texas' rich interior and tide-water is indicative, observers feel, of the determination being manifest in all parts of the state, to obtain for Texas the benefits of new industry—increased payrolls, diversified production and a consequent sharing of the tax burden which is now borne by a comparatively few industries. Many forward-looking groups which are pressing for a sound state policy of taxation to reassure industries already located in the state and bring to Texas prospective investors of new capital, are also mobilizing to put engineering skill at work on this waterway which they regard as a pivotal point in the broad program of building for the future of the Lone Star state.

Personal Mention

Mr. and Mrs. O. H. McAdams left for San Antonio Wednesday afternoon for San Antonio, taking with them their daughter, Edna Mae, who has been ill for several days to undergo examination and treatment.

Mrs. Jesse McKee returned to her home in Barstow Monday after a visit with friends in Sanderson since last Thursday. Mrs. McKee is owner and publisher of the Ward County News.

FOR SALE—1,000 mutton goats 1's to 5's. No commission men.—Tom Parsons, Box 452, Sanderson, Texas. 81c

Mr. and Mrs. W. A. Nunn returned from El Paso Monday, being called to that city last Wednesday on account of the death of their daughter, Miss Irene.

Mr. and Mrs. D. A. Pollard and Mrs. S. S. Daggett were in Fort Stockton Tuesday, visiting Mrs. H. R. Laurence.

Have range for about 200 head of cattle. Plenty of grass and water. See John Whistler. 71c

Mrs. Edith Lane and daughter Mrs. Austin Nance spent Wednesday in Marfa visiting in the home of another daughter, Mrs. Eddie DeVolin.

Mrs. W. J. Ferguson returned home Tuesday from San Antonio where she went last Thursday to visit her children, Billy and Mary, students at San Antonio University, and to attend the Fiesta.

Mrs. H. W. Halsell returned home Monday night from San Antonio where she visited with friends. Mrs. R. J. Elliott of that city accompanied her home for a visit of several weeks.

Mrs. C. J. Watts and daughter, Miss Floy, and Mrs. B. F. Dawson were visitors in Del Rio Monday with relatives and friends.

Mrs. Jim Kerr, who motored to San Antonio last Thursday, for a visit with her sons, Robert and Bernard, student at St. Mary's University, and other relatives, returned home Tuesday.

Mr. and Mrs. Robert Duncan motored to San Antonio Thursday of last week where they visited over the week end and attended the Fiesta.

It Happened in Sanderson
TEN YEARS AGO
This Week—Remember??

(From the Times, April 29, 1927)

Last Thursday evening twenty-two members of the Sanderson Rotary club accompanied by their wives, motored to Alpine and entertained the Alpine Rotarians.

Miss Bess Tyler of Sabinal is visiting in the home of her sister, Mrs. O. H. McAdams.

McDuffy Kessler is visiting relatives and friends in Houston.

Mrs. Ray Caldwell has returned from Lytle where she visited with Mr. and Mrs. George Chapman.

Graduation exercises of Sanderson high school is but four weeks off. This year there six members of the class who will graduate.

Mrs. D. G. Periman of Dallas is visiting with her sister, Mrs. Chester Smith.

FOR SALE—By owners. Hollow tile house, five rooms with bath and basement; 2-car garage, wash house, barns and cow stalls; two large lots.—Mr. and Mrs. F. M. Mansfield. 51c

Mr. and Mrs. C. E. Clymer, Sr., left for their home in Riverside, California Thursday night, after a visit of several weeks in the home of their son, C. E. Clymer.

Ernest Williams, county agent, left Wednesday for San Angelo to attend a demonstration in terracing, in connection with the Range Conservation program, and expects to be gone several days.

Mr. and Mrs. Ben Pruett, Sr., of Marfa, spent the week end here in the home of their daughter, Mrs. C. P. Peavy.

Work Begins On
Stage Said to Be
Largest in World

Dallas, April 28.—(Special)—Construction has begun on the large, center location wagon stage for the Pan American spectacle, "Cavalcade of the Americas," which opens in Dallas June 12th. The stage will be mounted on rails, and will roll from underneath the ramp. Huge doors, camouflaged as rocks, will hide the stage when not in use.

Thirty feet of the big rolling stage may be rolled out for portraying scenes on the center stage cation. It is in reality a stage within a stage, and boasts all the drops and trappings found in a well set theatre. This new use of center stage is a development of the production staff of "Cavalcade of the Americas," who use it for the first time for this type of show.

The use of the center stage thru this method contributes much to the outdoor production, according to A. L. Vollman, producer and director of the show. "It is just one of the many technical improvements that will make the Cavalcade the foremost show of its kind ever produced," he said. The main stage, the largest in the world, will be completed May 1, in time for rehearsals to start.

NOTICE

Clean-up Week April 24-30. Local property owners are urged to observe clean-up week, April 24 to 30. All trash, cans, etc., will be picked up by county trucks during that week. Please place all trash in a place easy of access by the trucks, but do not place it in the street.

Let's all cooperate and give the town a good spring cleaning. J. CAMPBELL KERN, M. D. 112 County Health Officer.

Mr. and Mrs. J. C. Mitchell returned Sunday from San Antonio having motored there last Thursday for a visit with their daughter, Mrs. Fred Hoey, and to attend the Fiesta.

Keys cut for all makes of cars. Sterling Electric, Del Rio Texas. 314p

Mr. and Mrs. H. D. Williams returned from San Antonio Sunday there they visited during Fiesta week.

Joe Kerr left Monday afternoon for San Antonio, where he will be under medical treatment for some time.

RATTLE
OF THE RAIL

Fritz Hobein, veteran passenger conductor on the run between El Paso and Sanderson, has retired after more than 51 years of service. He entered the service September 10, 1885.

Engineer E. S. Colard has replaced Engineer Ralph E. ... taking his turn on the board.

Car Inspector H. C. ... recently returned from a trip to San Antonio.

Fireman R. S. Ingram has assigned to a switch engine at Paso.

Fireman L. T. Calk has assigned to a freight run here.

J. L. Cato, master mechanic at El Paso recently visited here enroute to San Antonio.

Engineer C. H. Broadbent has been assigned to the switch engine at Valentine.

Engineer J. C. Green is enjoying a fishing trip.

Engineer F. L. Cochran underwent an operation at Paso recently is now at home here recuperating.

Larry Horgan and B. H. ... were visitors in San Antonio fore part of the week.
