## Trist Travel to Big Bend Park Will Source of Benefit to Entire State

All sections of Texas reap financial benefits from traffic going to and from the proposed Big Bend National Park. It was pointed out recently by Herbert Maier, regional officer of the National Park Service, commenting on the action taken by the Senate of the Texas Legislature in voting an appropriation of \$750,000 to purchase privately owned lands to be included in the 788,000-acre National Park.

The same time Mr. Maier advised he had been advised the government is proceeding to acquire privately owned land for the 400,000-acre National Park in the states of Chihuahua and Coahuila. This area, for government-owned lands being exchanged, will be by bridge across the Rio Grande near Boquillas, the two of the Big Bend International Peace Park.

Considering its strategic location in the southwestern corner of the state, and with the bulk of the coming from the East and West, Mr. Maier said, "the route to the Big Bend will be forced to travel several days and several days through the entire length of the state. Consequently the maximum financial benefit would be to all parts of the state. Some of the parks are situated near the borders of their respective states, not requiring the visitor to spend the major portion of his time within the state. But it must have been working in the State Chamber of Commerce when he located the Big Bend area.

There is an enormous financial benefit from the tourist industry. The smallest attendance at any of the National Parks last year was 10,000. Those visiting the Big Bend it is expected, will far exceed this number, for the Big Bend will have the added attraction of being an International

## Know Texas

(T. S. C. W. Feature Service)

Little do carefree Texas fishermen realize the forethought and preparation which makes it possible for them to "haul 'em in." The energies of the Texas Game, Fish and Oyster Commission are combined with those of the U. S. Bureau of Fisheries to protect and better fishing conditions both for commercial and sporting purposes.

Experimentation in the hatcheries, made necessary by a national fish shortage which began about 1884, is one of the most important phases of the commission's work at present. Shad, herring and California salmon were first tried, but did not thrive in Texas waters. Then German carp were tried, but this fish was soon discredited for lack of food value.

Now the nine hatcheries, which are located to serve all sections of the state except Southeast Texas, concentrate on the white perch, black crappies, catfishes, bream, goggleye and green perch. A total of 3,137,357 small fish were distributed over the state from these hatcheries in the fall of 1935. The commission is also working on the propagation of minnows and smaller fish, since their sale as commercial bait has caused a food scarcity for game fish.

Precautions have to be taken that game fish are not crowded out by buffalo, carp, suckers and gars. Other menaces are predatory birds and snakes.

A floating laboratory has been established by the commission on the coast at Rockport. Little is now known about the habits and banks of coastal fish, but authorities say that if the Gulf banks were as well marked out as those at Newfoundland, fishing interests would have a tremendous boom.

## Exposition Speaker

Bill Edwin Colvert, assistant to the director of promotion of the Greater Texas and Pan American Exposition, will be in Sanderson Monday, May 17, and will speak on the far-reaching value of the international fair that opens in Dallas on June 12.

## Section Visited By Showers First Part of the Week

Some beneficial showers fell over this section of Texas the first of the week, some of the ranchers reporting from one to two inches. However, most of them reported nothing but negligible showers.

Dark, overhanging clouds were the order of the day Sunday afternoon, Monday and Tuesday night, with plenty of lightning, but no rain fell here.

A heavy rain fell on the Steve Stumberg place west of here on Monday, causing creeks to run. A fairly good shower fell at the same time on the Casey ranch just east of Stumberg's. In the Dryden country good rains were reported with some hail, but no damage was reported.

Good rains were reported in the Fort-Stockton and Alpine sections Sunday. That the rain extended to San Angelo was evidenced by the appearance of the Red Rain Rooster on Monday's San Angelo Times.

## Court Sets Tax Rate at 77 Cents For Year 1937

All members of the commissioners' court were present Monday of this week when the court met in regular monthly session. At this time the court also sat as a board of equalization. The session was a busy one for the court and the following business was transacted:

Allowed bill for \$9.55 due the state for compiling the delinquent tax list for the year 1934.

County tax rate was set at 77 cents on the \$100 valuation, to be pro rated as follows: General fund, 25c; road and bridge, 24c; courthouse and jail, 15c; courthouse and jail, sinking fund, 8c; special available road sinking fund, 5c. School tax levies were as follows: local maintenance 55c, and school sinking 25c, or a total of 80c on the \$100 valuation.

Approved application of Jim Haley, constable of Precinct No. 1, to appoint a deputy at no expense to county. Ben F. "Andy" Anderson was selected by Haley as deputy constable.

In order that a sufficient number of state tax stamps may be on hand as needed, to be affixed to instruments as required by law, the court allowed \$100 for the purchase of a stamp, same to remain the property of the county.

The court authorized the county judge to send a resolution to the state highway commission requesting that in its 1938 budget funds be allowed for the highway work that has been long promised this county, for construction of certain bridges and overpasses.

Bids on stationery for the next two years were opened, and the contract was awarded Clegg Co. of San Antonio.

The court recessed Monday afternoon to meet again this afternoon (Friday), to continue its work as a board of equalization. Most of Monday afternoon was spent with the deputy tax assessor reviewing renditions of the property owners for the year 1937.

## Over the Wires For Two-Bass Hit

Long distance rhythm went over the wire from New York to Dallas for final ok on a theme tune for the Casino at the Pan American Exposition. Composer Sammy Fain (at piano) and lyricist Irving Kahal, from a Broadway studio, ran over the number for George Marshall, the international fair's \$100,000 entertainment director, and his wife, Corinne Griffith, at Dallas, so it could be put immediately into rehearsal in New York by Chester Hale, producer. Rehearsals move to Dallas two weeks ahead of the opening June 12.

## Benefit Show and Sale Clears Debt On Tennis Courts

Proceeds from a recent benefit show and candy sale, augmented by private donations were sufficient to pay for the recently constructed tennis courts on the high school grounds. This work was sponsored by the P. T. A.

Proceeds from the show "Rain-bow on the River," netted \$27.32; and candy sales receipts were \$6.75. The balance was made up by subscriptions of citizens.

Members of the ticket committee for the show were Coach Smith, Bernie Morgan, Mrs. F. M. Weigand, Odie Wickliffe, Calvin Curry, Mrs. A. A. Billings, Dryden, Mrs. J. L. Osgood was the chairman of the committee.

## Column Right—

It seems to be a great stunt for towns in the Southwest to advertise their locality as the "Gateway" to this attraction or some other. Take the Carlsbad cavern. Several towns claim to be the "gateway" to this national attraction, and they are all right, depending which way you travel. The latest controversy that bobbed up is a triangle affair—between Pecos on the west, Monahans on the east, and Barstow in the middle. Monahans allegedly claimed to be the pivot city of the Red Bluff dam, Pecos called their hand, and claimed that honor. Then Barstow, on what appears to be good legal argument, said that neither Pecos or Monahans being directly included in the district served by the reservoir, could not, for that reason, claim to be the pivot city. So, after due consideration the Ward County nominated Barstow as the official center of the Red Bluff project. We will not pass judgment, but it reminds us of a visit to the insane asylum at Terrell. A nice looking chap acted as our guide. He explained everything in such way that you'd never suspect he was empty upstairs. Directly we turned a corner, found two old fellows arguing to beat the band. We noticed our guide stiffen. "I'm losing patience with those two fellows," he said. "And I ain't going to stand it much longer." Naturally we inquired what the trouble was. "Those two dampfools have been arguing for a week, both claiming to be Napoleon, and they know better: because I'm Napoleon."

## Schools Inspected By Deputy Supt.

Miss Sue B. Mann, deputy state superintendent of district 13, visited the schools last Friday and inspected work and visited classes of all teachers.

Miss Mann commented favorably on the school system. Her only suggestion being in connection with the crowded condition of the Mexican schools. She commended the work of the teachers and was especially pleased with the music work and various proffered teaching units.

In addition to her visit, Miss Mann granted one affiliated credit in Junior Business Training making a total of 26½ affiliated credits for our schools. Last year she granted one-half credit in economics, one-half in history, one in band, one-half additional in type-writing and one-half in commercial arithmetic.

A formal report of Miss Mann's visit will be made from Austin.

## B. R. T. AUXILIARY HOLDS MEETING HERE MONDAY

A meeting of the ladies' auxiliary to the Brotherhood of Railway Trainmen was held Monday afternoon at the Masonic hall with a large attendance of members. At this meeting Mrs. John L. Newton and Mrs. P. G. Harris were inducted into the order. Following the initiation ceremonies refreshments were served.

## Demonstration in Home Lighting is Well Attended

Miss Mary Ruth Clark of the home service department of the Community Public Service Co., who spent the past week in Sanderson, advising the housewives about home-making problems, closed her work Friday afternoon with an interesting program demonstrating proper home lighting.

Quite a few Sanderson women attended the demonstration, at which time Miss Clark gave an interesting talk, supplemented with pictures and lights, showing how the home of today may have a modern lighting system at very little cost. The keynote of her talk was "with better light we will have better sight." Interesting was her review of the history of lights—from the crude light of primitive man to the present day when one has only to press a button and literally turn night into day. The talk was interesting, as well as instructive, the women present were well paid for attending.

A wall lamp of latest style and design was given to Mrs. Clyde Higgins as an attendance prize.

At the close of the program cooling refreshments of pineapple ice and fudge cake were served.

## LEAVES HOSPITAL

Sanderson friends of Mrs. Lillie Williams will be glad to learn she was able to leave the Williams sanitarium, Del Rio, on Tuesday of this week. She is now convalescing from a major operation at the home of her mother, Mrs. W. Delia Runyon in Alpine. Mrs. W. A. Nunn went to Del Rio Tuesday and accompanied Mrs. Williams to Alpine, returning to her home here Thursday.

## NEPHEW DIES

Ed F. McCall, nephew of Dr. John V. McCall of Sanderson, and assistant engineer of the city of Dallas for the past 25 years, died suddenly in that city last Thursday, and the body was laid to rest Friday afternoon in the city where he had spent most of his life. He left a wife and numerous relatives, but had no children.

## ATTENDS EASTERN STAR MEETING IN DEL RIO

Mesdames H. D. Williams, Jeff Sessions and N. E. Charlton, and Mr. C. J. Watts motored to Del Rio Tuesday afternoon and at night attended a meeting of the Del Rio chapter of the O. E. S. Mrs. Bertie Harris, district deputy grand matron paid an official visit to the Del Rio chapter at that time.

## VISITING MOTHER

Mrs. John Simmang arrived Monday night from her home in Giddings, and visited several days with her mother Mrs. W. F. Bohlman. Mrs. Simmang commented on the cool nights we are having, stating that her home town was too hot for comfort.

## ASSISTS AT ORDINATION

Rev. and Mrs. D. C. Bandy returned home Monday from Abilene where they went last Thursday. On Sunday afternoon Rev. Bandy assisted in the ordination to the ministry of his brother, A. L. McDonald, who is a student in Hardin-Simmons University.

Mucilage on the back of your postage stamps is made from the syrup of sweet potatoes. So what? It tastes like heck, just the same.

Woman in Pittsburgh after an operation was left with one-half the normal brain. In litany and other tests she averaged 115%. A brain is only good for headaches. Take the average stenographer, if you took her brains out she probably do as good work, providing you left her a wad of chewing gum.

Wanted—Male or female who can give a lucid explanation of the working phases of the Social Security Act.

Pecos has got about everything it needs in the city, and is now branching to the farm. An experiment with sugar beets is now underway. What'd you mean experiment? In the late 80's they raised more sugar beets a few miles north of town than they could haul off. And their size was unbelievable. In fact there should be two out there yet that we couldn't lift on the trucks.

The new sound equipment at the Princess has been the cause of much favorable comment. The tone now has volume and clearness. It's so clear we believe we could understand French over it.

Philadelphia's municipal airplane has been named "Liberty Bell." Here's hoping it doesn't crack up like the other bell.

A resident of Rochester, N. Y., complained of his gums hurting. An X-ray revealed he was cutting his third set of teeth. Now, maybe it won't be so hard to believe about that old duffer who became a father at 92. Ain't nature grand!

An innovation in French provinces is to marry couples to music. Good idea, for it's about the last harmony many of the will ever hear.

## Peacock Selects and Black Best All-round Athlete

Following letter was received by Mr. and Mrs. J. R. Peacock, superintendent of Peacock Military Academy, San Antonio, and is explanatory:

Mr. and Mrs. Black: You will be glad to learn that the annual Hall of Fame election recently held, Howard was elected by his fellow students in Senior School to be: The Best All-round Athlete.

Howard is a distinct honor for our school and shows the unbiased opinion held of him by his classmates for the school term 1936-37.

Howard, or "Bud" as he is known, is the younger son of Mr. and Mrs. Black, who should be proud of the honor accorded him, as this is Howard's first in the San Antonio school.

## Texans to See Partial Eclipse Of Sun June 8

People in the southern and the southwestern states will see a partial eclipse of the sun on the afternoon of June 8 if the skies are clear.

The National Geographic Society, in cooperation with scientists of three universities, the National Bureau of Standards and the Naval Observatory, will send an expedition to observe the total phase of the eclipse from one of the tiny coral islands of the Phoenix group in the south Pacific.

The partial eclipse can be seen in California south of the 40th parallel, the southern half of Nevada, the southern third of Utah, the southwest corner of Colorado, all of Arizona, most of New Mexico, Texas and Louisiana, the extreme tip of southern Mississippi, and the southern third of Florida.

A larger part of the eclipse will be visible in the Hawaiian Islands.

The duration of the eclipse at its maximum will be slightly more than seven minutes, the longest that has occurred since the year 699 A. D., and almost the longest possible.

## Stirman Home at Ranch Destroyed By Fire Sunday

Earl Stirman, who ranches in the southwest part of the county, had the misfortune to lose his ranch home by fire. He stated that he was awakened Sunday morning about 2 o'clock, to find the home in flames, and was barely able to escape from the building, and the only things saved were the clothes he wore and some bedding. Had he slept a few minutes longer he would have perished in the blaze. Home and contents were a total loss.

After watching the home burn, and seeing that the flames did not spread to surrounding buildings, Mr. Stirman drove to town and made arrangements for more provisions and ranch supplies, and will camp out until he can rebuild the house.

## CALDWELL DOING FINE

Friends here of Jack Caldwell will be glad to know that he is improving nicely from injuries sustained recently on a fishing trip. In a fall at that time he suffered a broken right leg and a fracture of the left ankle. Mr. Caldwell is at the Veterans' hospital at Legion, Texas. It is hoped the cast can be removed from his leg this week and that he will be able to return home in mid-June.

## LEAVES HOSPITAL

A. C. Clatfelter, who has been ill for the past month in the Santa Rosa hospital, San Antonio, is well on the road to recovery and was able to leave the hospital this week. Mr. and Mrs. Clatfelter have secured an apartment in San Antonio and will remain there for several months before returning to their home here.

## LIKES THE TIMES

G. T. Curry of Franklin, and son-in-law, L. L. Ar. Sweetwater, visited here for several days in the week of Dr. Curry's son, Calvert. The doctor is a subscriber to the Times, and visited the office and complimented us on the edited paper we publish.

## MAKES HONOR ROLL

### MONAHANS—

A huge La France fire truck has recently been delivered to the town of Monahans, according to the News. The truck, which was ordered about 90 days ago, is an 8-cylinder, with pump capable of discharging 500 gallons of water per minute, and carries 2,000 feet of hose. Cost of this truck was approximately \$6,200.

### BARSTOW—

By a vote of 66 to 45, the taxpayers of this place recently voted a bond issue in the sum of \$35,000 with which to erect a new high school building, reports the Ward County News. Tentative plans call for a one-story building of brick and tile construction. Under the roof will be four class rooms, a gymnasium and auditorium. Construction will start as soon as the bonds can be disposed of.

### SABINAL—

The Sentinel, in last week's issue, reported the sale of mohair in that section to a Boston firm. The sale involved 82,220 pounds, and the reported price was 68 cents and 78 cents a pound.

### FORT DAVIS—

The Dispatch of last week reported the sale of the well known Fowlkes ranch to A. R. Eppenauser, Fort Worth oil man, some cattle going with the ranch. The price was \$120,000. The Fowlkes ranch is situated in the heart of the Davis mountains, and it and adjoining lands are said to be the most scenic in that range.

### FLORESVILLE—

Shipment of one of the best onion crops in the lower valley is well under way, according to the Chronicle-Journal, and many carloads have been shipped during the past two weeks. The onion is the fine Bermuda variety and is finding a ready sale at from 85 cents to \$1 a bushel, according to quality. While less acreage has been planted to onion this year, as compared with last year, reports state the yield is heavier and the quality better this year.

## Health Letter

Austin.—As the summer approaches a word of warning is timely to prospective campers, to Boy Scouts, Girl Scouts, summer vacationists, fishermen and others who enjoy getting into the open, relatives to the possible dangers that may be encountered from the standpoint of contracting infection under the changed environment. This is especially true of diseases that may be transmitted through food and water supplies.

Typhoid fever is a disease the amount of which is greatest, as a rule, where there is the least sanitation. It is an unnecessary and preventable disease. It is spread from person to person by water, milk, fingers, flies and food. Every case is contracted by taking into the mouth some substance contaminated with typhoid organisms, and these occur only in nature only in the bowel and bladder discharges of persons sick with typhoid or from carriers — persons who had typhoid and who after recovery still harbor the germs in their systems.

Persons planning a vacation or trip where sanitation may not be rigidly enforced or where food handlers are not regularly examined should protect themselves against this disease by being vaccinated. Three inoculations with typhoid vaccine a week apart are necessary to secure protection against the disease and the immunity is good for two years.

Mr. and Mrs. Ted Harmes were returned from San Antonio where they had been visiting relatives.

Mrs. Pat Snoddy and daughter of El Paso came in Tuesday for a visit with her parents, Mr. and Mrs. E. B. Litton.

Roy Deaton, who is attending Sul Ross college, and Ford Raley, also a student in the college, spent the week end here with Roy's parents, Mr. and Mrs. Ira Deaton.

## To Review 2,000 Claims of World War Veterans

Members of the local American Legion who are now receiving disability compensation are reminded of the fact that a review of service-connected cases, rated at less than 10%, as of March 13, 1933, is now being made. This communication was recently sent out by the Administrator of Veterans' Affairs, and was published in the current issue of the Texas Legion Weekly.

Any veteran who thinks his case should be reviewed is asked to get in touch with the local Post Service Officer, Al Creigh, Jr., who will furnish necessary information and papers required to have his compensation case reviewed.

Red Coral Always Prized  
It is red coral that is and always has been prized, not solely for jewelry and buttons, but as a charm to bring safety, health and secrets not revealed to the ordinary person. As ancient Gauls rushed headlong into battle, they trusted their safety to their swords, strength and the "magic" coral imbedded in their shields or helmets. Many Italians and Indians regard coral as protection against the "evil eye." The world's red coral comes from the reefs off the Mediterranean coast of Africa, says the Washington Post, and is obtained chiefly by Italians.

## It Happened in Sanderson TEN YEARS AGO This Week—Remember!

(From Times, May 13, 1927)  
The business firm of Breeding & Johnson Construction Co. dissolved this week, when Breeding bought the interest of Mason Johnson and Lee Johnson, members of the firm.

Commencement time for graduates of the Sanderson school is here again. The laureate sermon will be delivered Sunday night at the Presbyterian church by the Rev. W. H. Breeding, pastor of the Marathon Methodist church. Graduation exercises will be held Thursday evening at high school auditorium.

Miss Carrie Ivy, who had been employed as operator at the exchange for the past few weeks, returned to her home in Vanpool, Monday.

Mr. and Mrs. Hugh Ross and daughter spent the week end in Del Rio with relatives.

Mrs. Carlton White and Mrs. F. McElroy and daughter, left Tuesday morning for San Antonio and will visit for the remainder of the week with relatives and friends.

P. T. A. Officers  
Are Installed at  
Closing Meeting

Officers of the local P. T. A.  
elected for the coming year were  
installed last Thursday afternoon  
in the high school auditorium.  
Mrs. D. L. Duke was the install-  
ing officer. The officers are Mrs.  
E. W. Hardgrave, president; Mrs.  
Clyde Higgins, first vice presi-  
dent; Mrs. Bustin Canon, second  
vice president; Mrs. J. L. Osgood,  
third vice president; Mrs. Edward  
Chastain, secretary; Mrs. L. H.  
Lemons, treasurer.  
Rev. S. M. Mims acted as lead-  
er of the program in place of  
Mrs. Mims, as scheduled in the  
yearbook. The subject of this  
last meeting's program was "Ap-  
preciation."  
The meeting opened with music  
by the high school band. Mrs. R.  
N. Allen delivered the P. T. A.  
prayer and Miss McWhorter di-  
rected a grammar school quartet  
in vocal and harmonica numbers.  
Colored slides were shown and  
explained by the 6th grade un-  
der direction of Mr. Morgan, the  
theme being Indians in Texas and  
early days in the state's history.  
All standing committees made  
reports, and Mrs. Hardgrave and  
Supt. Holt made short talks.  
The attendance prize was won  
by the fourth grade.  
Rev. Mims gave the main talk  
of the afternoon on "What Does  
Appreciation Mean in the Life of  
the Individual?"  
Mrs. Jessie Woods has returned  
to her home in Uvalde after a  
visit here with her sister, Mrs.  
Tip Frazier.

ARE HOSTESSES AT  
BRIDGE PARTY

Last Thursday afternoon at the  
home of Mrs. Lowe, Mesdames D.  
A. Pollard and Lee McCue were  
hostesses to several friends when  
they entertained with bridge. A  
profusion of spring flowers and  
roses were used in the decorative  
scheme to bring out a color motif  
of pink and white, which was also  
emphasized in the tallies and re-  
freshments.  
During the games delicious cold  
punch was served, Mrs. Pollard  
presiding at the punch bowl. The  
winners of the prizes were Mrs.  
Jim Nance for high score; Mrs.  
Jim Kerr second high score, and  
the cut prize went to Mrs. Paul  
Courtney.  
Refreshments of angel food  
cake with brick ice cream were  
served by the hostesses to Mes-  
dames Jim Kerr, Clyde Griffith,  
R. S. Wilkinson, A. E. Creigh, Jr.,  
Max Bogusch, Will Savage, Tol

**TUESDAY CLUB MEETS  
WITH MRS. HARRISON**  
Entertaining in her home Tues-  
day, Mrs. John Harrison was hos-  
tesse to the members of her bridge  
club and several friends. Bou-  
quets of roses, corn flowers and  
larkspur were used as decorations  
in the living room where several  
games of bridge were enjoyed  
during the afternoon.  
Mrs. Jim Nance was winner of  
the high score prize, and Mrs. Lee  
McCue was awarded a prize for  
second high score.  
Mrs. Harrison's guests included  
Mesdames Max Bogusch, Clyde  
Griffith, R. D. Holt, Jim Kerr,  
Tol Murrah and Mark Carruthers.  
Members present were Mesdames

Kellar, Walter Grigsby, Bustin  
Canon, P. E. Dishman, W. A.  
Banner, and C. M. Breeding.  
Refreshments of shrimp-tomato  
aspic salad, smacks, pickles, an-  
gel food cake and iced tea were  
served by Mrs. Harrison.

**CIRCLES MEET AND  
PLAN FIESTA**  
The Circles of the Presbyterian  
church met Monday to study  
about the women and girls of  
Brazil, and to prepare for a Bra-  
zilian Fiesta on the 19th of May.  
Mrs. R. D. Holt entertained  
Circle One and had 12 of its 16  
members, and one visitor present.  
Mrs. W. E. Lea was at home to  
Circle Two, and 5 members and  
one visitor were present. Mrs.  
H. D. Williams and Mrs. W. R.  
Holland were in charge of the  
gram at Mrs. Holt's while Mrs.  
Joe Nichols and Mrs. McDuffy  
Kessler led at Mrs. Lea's.  
The devotionals were taken  
from the book of Mark on "Christ  
the Servant."  
Both circles report genuine in-  
terest in the opportunities in Bra-  
zil today and in the results of the  
work already done. Envelopes for  
the Fiesta were given out.  
An ice course was served at  
each meeting during the social  
hour.

**CULTURE CLUB TO  
CLOSE YEAR'S WORK**  
The culture club will hold the  
last meeting of the club year at  
the home of Mrs. H. C. Goldwire  
on Friday, May 21st. Mrs. W. H.  
Savage will be co-hostess.

Mrs. Jim Kerr left for San An-  
tonio Wednesday, being called to  
that city on account of the illness  
of her mother.

Mrs. Anita Hunter of Carrizo  
Springs spent several days here  
this week, and had on display at  
Mrs. Lane's Ladies' Shop a nice  
line of ladies' late spring and  
summer dresses, hats, gloves and  
accessories.

Mrs. H. G. Holt returned from  
Beaumont Saturday where she  
been for the past month at the  
bedside of a friend, Mrs. Holts.

New Comedy Has  
Brilliant All-Star  
Cast of Season

One of the finest casts of musi-  
cians, comedians, dancers and  
singers ever assembled for a mo-  
tion picture makes its appearance  
in "Champagne Waltz," the gay  
comedy with music which comes  
to the Princess Theatre Wednes-  
day and Thursday, May 19 & 20.  
Fred MacMurray and Gladys  
Swarthout, who are co-starred,  
not only supply the romantic in-  
terest but also exhibit the talents  
which have made them famous as  
musicians. Before MacMurray's  
entrance into the films he was a  
saxophone player of note, and in  
"Champagne Waltz," as leader of  
a swing band which takes Vienna  
by storm, he toots his saxophone  
again in real swing fashion. He  
also sings "When is a Kiss Not a  
Kiss" to Miss Swarthout.  
Irrepressible Pack Oakie is re-  
sponsible for most of the comedy  
as the press agent of MacMurray's  
band.  
Veloz and Yolanda, the world  
famed dance team, supply several  
solos, one to the strains of the  
"Merry-go-Round" in which they  
interpret a carousel in dance form  
and another in formal ballroom  
waltz. A chorus of 350 also per-  
form in the "Merry-go-Round  
Waltz" while an additional chor-  
us enacts the old-fashioned waltz  
of Vienna.  
Two bands, one a hot American  
swing band under the baton of  
MacMurray, and the other a sym-  
phonic ensemble which interprets  
the waltz, supply the music.

Mr. and Mrs. R. S. Wilkinson  
and sons left Monday afternoon  
for Cuero on receipt of a message  
telling of the death of Mrs. Wil-  
kinson's step-father, J. M. Bass.

Monday's Picture  
Shows Death Ray  
In Operation

The invisible enemy which  
strikes unseen, leaving no trail  
behind, but the direst catastrophe  
in its wake—the death ray—will  
be seen at work for the first time  
in a movie story, in "The Girl  
From Scotland Yard," a story of  
international intrigue, which will  
be shown at the Princess Theatre  
next Monday night, May 17.  
Valled the deadliest weapon  
conceived by man and one with  
which entire cities could be de-  
stroyed from a central point, and  
without any troop movements or

large scale military operations the  
ray is shown in this picture as it  
destroys a battleship and menaces  
England's entire flying armada.  
"The Girl from Scotland Yard"  
deals with the inventor of such a  
ray who was exiled from England  
for attempting to sell it to an-  
other government. To get even  
he settles in France, sets up his  
device and proceeds to threaten  
the armaments of a nation hun-  
dreds of miles away.  
Karen Morley in the title role  
is assigned to find the location of  
the death dealing ray and put it  
out of business. With the aid of  
another beautiful woman and an  
American newspaperman, she lo-  
cates it, but not before it has  
brought down two bombers into  
London streets.

**What is the "Low-price Field"?**

YOU hear a lot about "the low-price field" these  
days. A good many cars claim to be in it.  
So whenever the low-price field is mentioned,  
remember:  
Until Ford came, no average American could  
own a car.  
Today all Ford prices are still low — with the  
prices of the 60-horsepower Ford V-8 \$30 to  
\$60 lower than those of any other car of com-  
parable size.  
But with Ford, "low price" doesn't merely  
mean low figures on the price tag. It means much  
more than that. It means low prices and low  
costs all the car's long life. Low prices for ser-  
vice — for parts — and, above all, for operation.  
Both Ford V-8 engine sizes are economical to  
operate. The 85 horsepower gives greater gas-  
oline mileage this year than ever, and the "60"  
delivers the highest mileage in Ford history.  
Private owners, cab companies, fleet operators  
all report that the "60" averages from 22 to 27  
miles per gallon of gasoline.  
Check and see how much Ford saves you.

### Current Comment

Some students say that their grades just go down, down, down at the end of school. Why? Do they become uninterested or do they just get restless for vacation? We certainly hope they do not let them get too far down.

We are very sorry that Miss Childers and Mildred Hurst could not attend the Junior-Senior banquet. We hope for a satisfying report of the State meet.

Bert Herbert and Prince Dishman finally got the assignment of the 450-word theme in English. The title of the theme is "Unnecessary Noises." You might as well get to work boys, and get it over with.

I certainly do thank you, Miss Martin, for not assigning it to the entire class.

I think that after seeing those little skits from the senior play everyone will be delighted to see it tonight.

The choral club let us down. They were supposed to be in the assembly Tuesday morning. However, we enjoyed the melodrama just as well.

Which four juniors got together Saturday and made mud pies?

I've got to hand it to you Jimmy; you know about about some seniors than Snooper does.

There is a good chance for a lot of students in typing to make a good grade. There will be no budget this week for typists to turn in.

### First Grade

Carrie Marie Turner has a nice doll made from a piece of inner tube rubber.

The corn in the sand table farm has grown a great deal this week. The wheat is now coming up.

Billy Carter, Lowell Jessup, Clyde Frost and Lowell Stidham returned to school this week.

Carolyn Courtney, Noel Stirman, Mary Agnes Frazier, Anne Mims and Carrie Marie Turner brought flowers to school.

Edward Chastain has mumps.

#### RECITAL

Mrs. M. B. Wilson will present her music pupils and the operetta chorus in annual recital at the Baptist church Friday night, May 21, at eight o'clock.

Wore Prince Alberts  
In the "nifty nineties," most United States senators wore Prince Alberts. The frock coat was a symbol of statesmanship and a beard was the mark of a man of maturity and substance.

### Seniors to Present Class Play Tonite

"Father Goes Domestic" is the title of the senior class play to be presented at the auditorium to-night at eight o'clock. Admission charges will be 35c, 25c and 10c. Proceeds of the play will defray the senior class expenses in connection with commencement.

The plot of this 3-act comedy of American home life, tells the story of Roger Talcott, who has been a failure in managing a ketchup plant and spurred by a nagging wife, who suggests that he and she change places. Both agree and the result is disastrous. The kitchen stove falls on Roger; Jennie send out ketchup labeled as shoe polish; Betty's loves do not meet with father's approval, and Ann's lover is mixed up in a very shady deal. The play unfolds to a surprising and happy climax for all concerned.

The cast is composed of all the members of the senior class:  
Roger Talcott Pat Harris  
Jennie Talcott Sammie Carter  
Ann Talcott Nelle Lea  
Neil Talcott James Allen  
Mrs. Phelps Mildred Hurst  
Bill Phelps Jack Bogusch  
Russell Rowland Joe Kerr  
Rosalin Russell Ethel Breg  
Carl Cummins Pat Sullivan  
Dorothy Fletcher D. Lewellen  
Miss Margaret Martin, class sponsor, is directing the play.

### H. E. NEWS

New iron was presented to the H. E. club by the H. E. Department, and the girls appreciate it very much.

All the H. E. students are in a great rush to finish their project, which is dresses, before time to review for examinations.

At a meeting Tuesday evening the following officers were elected for the coming year: Mary Beth Hardgrave, president; Marjorie Canon, secretary, and Ruth Murrain, president of the program committee. The club will give a party before the close of school.

### Competed in State League Contest

Mildred Hurst was the only representative from the local high school to participate in any of the state final events held in Austin last week end. She took part in the shorthand contest.

A complete report of scores in the contest in which 30 students from the 8 state regions participated, has not yet been received. An early report on the three first places was: Houston (Sam Houston high) first; Wellington high, second; Brownwood high, third.

Mildred left Sanderson Friday morning and arrived in Austin that night. She was accompanied by Miss Childers, commercial teacher. Places of interest were visited, including Texas university and the state capitol in Austin, and Brackenridge Park and the Alamo in San Antonio. They returned to Sanderson Sunday.

Some one thousand high school students were in Austin to participate in the literary and track events. Chief of the Interscholastic League, Roy Bedichek, was quoted as saying it was the largest attendance in the 27 years of the history of the League.

Come to the Senior play tonight and see Roger after he knocks the stove over.

Used Cave for Glass Work  
The first glass maker in Scotland was George Hay (1506-1626). He took advantage of a peculiarly formed cave at Wemyss, on the Fife coast, and set up his furnace there.

### Juniors Banquet Senior Class of '37

The juniors were hosts to the senior class, the faculty and other guests last Saturday night at 8 o'clock in the high school building, with the annual junior-senior banquet.

A Hollywood motif was carried out as the theme of the banquet. Temporarily the banquet hall became The Green Tree night club in Hollywood. The juniors and seniors had supposedly been away to Hollywood and had become famous movie actors; the year was 1947. The program was as follows:

Jimmy Goodykoontz, toastmaster; invocation, Miss Martin; Welcome to the Seniors, Helen Turner; Response, Joe Kerr; Song, Mrs. Smith; Dance, Marjorie Potter; Song, by Miss McWhorter; Dance, Betty Jo Kerr; Song, D. L. Duke; Song, by group; Music, Laurence Gutierrez.

The seniors were introduced as follows: Ethel Breg, Madge Evans; Sammie Carter, Madeleine Carroll; Mildred Underwood, as Norma Shearer; Nelle Lea, Martha Raye; Dorothy Wellen as Claudette Colbert; Mildred Hurst, Bette Davis; James Allen, Robert Taylor; Albert Appel, George O'Brien; Jack Bogusch, Clark Gable; Pat Harris, Charles Butterworth; Joe Kerr, Preston Foster; Pat Sullivan, Bing Crosby.

The menu: Fruit cocktail, stuffed tomato salad, chicken croquettes, cheese sauce, creamed potatoes, buttered beets, asparagus tips, buttered rolls, cherry ice cream, cookies, iced tea.

The Hollywood motif was also carried out in the programs and favors, the latter being miniature palm trees. The senior class colors of maroon and silver, were carried out in the table decorations with amaryllis and Queen Anne lace.

Don't you want to know how wickedly Mrs. Phelps handles her walking cane? Then come to the Senior play tonight.

### Senior Student's Average is Best

In a preliminary calculation of the grades of honor students in high school who will be eligible for the Mitchell prize of \$10, to be awarded by Mrs. Alex Mitchell, a senior, Mildred Hurst, leads by a small margin.

An early survey was made of the grades for all six weeks periods and the mid-term examination grades of ten students who have held high averages during the year. A total of their grades was taken and averages obtained. This report is incomplete, and the final report will be obtained after the present six weeks grades are turned in, and final examination grade is added.

Other seniors with high averages are Jack Bogusch and Mildred Underwood. Their average is above 90.

Bertha Mae O'Bryant, the only junior in the race for the Mitchell award, also boast of an average above 90 for the year's work.

Four sophomores are in the spotlight for high grades. Elizabeth Brown, Adair Edmiston and Emma Fay Harris have above 90 averages and Mary Beth Banner has an average in the eighties. Mary Bess Hardgrave hold up the reputation of the freshmen with an average above 90 and a very close average with the other students. Malcolm Davis, freshman, has an average in the eighties.

The winner of the Mitchell prize will be announced on the night of senior graduation.

You don't want to miss the fight between Roger and Russell in the Senior play tonight.

### End of School Activities Started

On last Saturday night the end-of-school program was begun with the annual junior-senior banquet. Tonight at 8, the senior play "Father Goes Domestic," will be presented in the auditorium.

The coming week is the last of regular class work in the schools, and precede the week of final examinations.

Tuesday morning the seniors will present the chapel program which will be a reading of the class will, prophecy, poem, and singing of the class song.

Sunday morning, May 23, at 11 o'clock, Rev. D. C. Bandy will deliver the baccalaureate sermon to the seniors in the auditorium.

A tentative final examination schedule has been arranged but not announced. Exams will be given during the week May 24 through May 26.

On the night of May 25 a grammar school program will be presented by members of each class in the elementary school and by various groups of that school. On the same night 7th grade certificates of promotion will be given.

Senior commencement will be on the night of May 26 in the high school auditorium. Dr. D. M. Wiggins, president of the School of Mines, El Paso, will deliver the commencement address and the awards of graduation and scholastic honors will be made.

Thursday, May 27 reports will be given to pupils in the morning and teachers will make final reports by 3 o'clock that afternoon.

### Appoint Faculty Committees For Closing of School

Faculty committees for close of school activities were appointed at the beginning of last week.

For grammar school night, May 25, Mr. Bernie Morgan is chairman of the program committee, composed of Mr. Hensley, Miss Taylor, Miss McWhorter, Mrs. Ulbricht and Mr. Holt. The arrangements committee, also headed by Mr. Morgan is composed of Miss McWhorter and Mr. Hensley.

Mr. Smith is chairman of the program committee for the baccalaureate sermon, May 23. This committee is made up of Miss McWhorter, Miss Martin and Mr. Holt. Miss Childers is chairman of the decoration committee, composed of Mr. Caraway and Mrs. Ulbricht. Mr. Smith heads the ushering committee and is assisted by Miss Thornton and Mr. Hensley.

The following committees were named for the senior commencement exercises: Program, Mr. Smith, chairman; Miss Martin, Miss Childers and Mr. Holt. Decorations: Mrs. Ulbricht, chairman, Miss Thornton and Mr. Caraway. Ushering: Mr. Caraway, chairman; Mr. Hensley and Mr. Smith.

Have you ever seen Mildred Hurst wearing glasses? Then the Senior cast has a treat in store for you. Auditorium tonight.

#### BACCALAUREATE SERMON

The baccalaureate sermon for the senior class will be delivered by Rev. D. C. Bandy at 11 o'clock Sunday, May 23 in the high school auditorium. Faculty members to help with the program are Mr. Smith, Misses Martin and McWhorter.

The choral club and a choir from all the churches will sing. A ladies' quartet composed of Mrs. Bernice Vaughn, Misses Nichols, Arrington and Taylor will be a special feature on the program. Members of the junior class will be ushers.

#### SENIOR ENJOYED DANCE AT HALL SATURDAY NIGHT

Last Saturday night, after the Junior-Senior banquet, a dance was given for the high school by Mrs. Joe Kerr, at the Masonic hall. Music was furnished by Laurence Gutierrez and four Mexican players. The dance was opened with a grand march. After several hours of playing Paul Jones and tag dancing, Mrs. Kerr presented the senior and junior girls with colored organdy corsage, and the sophomore and freshman girls handkerchiefs.

Present were Mr. and Mrs. Jim Kerr, Mrs. Lea, Mr. and Mrs. Underwood, Mrs. Lewellen and Mr. Joe Kerr.

## Graduation

### GRADUATION TIME IS GIFT TIME

GRADUATION is the first important goal in the life of the average boy and girl. We extend our congratulations to the Senior Class of Sanderson High School on their achievement. Their friends who would like to present gifts to the graduates commemorative of the occasion will find many items in our store that would be appropriate and appreciated—for boys and girls. Before making your final selection you are invited to inspect our display. New items now arriving.

Hears Nothing  
Sees Nothing  
Tells All!

It seems that one or two of the senior boys think more of seeing a show than of the welfare of the other seniors. That is, as far as play practice is concerned.

What a banquet! All the seniors reported a grand and glorious time. And did they like the chicken and ice cream! Um, boy!

Albert Appel seemed to really enjoy himself at the high school dance. Was it because of his date—Adair Edmiston?

Assembly this week was quite a treat. The high school band, the junior band, Dramatic club, and part of the cast of the Senior play had charge of the program. Jimmy Goodykoontz and James Allen were the lucky participants because they got to devour apples and bananas.

The senior girls' memory books are still making the rounds. If you haven't written in one your chance will soon arrive.

Have you noticed that Wesley Lochausen's hair is two shades of red. Of course, we're not staying he dyed it. No, no! Here's a warning: Pay your book fines and back typing fees or you'll receive no report card. Everyone wants the verdict.

Mildred Hurst was the only senior not present at the Junior-Senior banquet. Don't forget that she was representing Sanderson at the state meet.

Hey, Butch! Don't let me scare you by his nickname, for his real name is Wilton Murray.

Don't you think an apron is becoming to Pat Harris? Even if it isn't leap year, go ahead and propose, girls.

Last, but not least! Do not miss the senior play "Father Goes Domestic," to night at 8 o'clock, in the high school auditorium.
