X-SHERIFF L. COOK FOUND DEAD

Owner's Jury of Six Return Verdict Death By Accidental Discharge of Pistol: Was Sheriff Since 1930

About 6:30 Wednesday morning the body of Lee A. Cook, sheriff of Terrell county, was found in a pool of blood on way leading up to the district courtroom. The discovery by E. B. Miller, janitor, who notified Deputy Haynes, who after viewing the body Mr. Haynes notified Sheriff Ed Justice of the Peace Fred Yeates, the latter on account of a throng of curious who gathered, ordered the removal of the body to the mortuary. The investigation revealed that Mr. Cook had been dead but a short time. Death was caused by a bullet from an automatic pistol which was found near the body. The bullet entered about two inches above the right ear, ranging upward about two inches when it emerged and struck the ceiling in the courtroom. The bullet was found on the floor near Mr. Cook's feet, and an empty shell was found on the sixth step of the staircase that was found on the floor near his feet.

The details of the case that shocked our people yesterday morning, and presenting a problem to our people, which were no powder-marks, and the direction of the bullet's course, offered at the permisses for solution. Justice of the Peace, continued the inquest, which began at 9 o'clock on Thursday, April 14, and continued until 11 o'clock. He empaneled a jury to hear the testimony of the witnesses, and the jury, consisting of six members, returned a verdict of death by accidental discharge of a pistol.

Mr. Cook, who recently engaged in contracting business on the soil conservation work, had several teams moving machinery on the property at one time. According to Mrs. Cook, he arose at 4:30 o'clock on Wednesday morning.

Mr. Cook was born in Kennett, September 1, 1890, and was a resident of Sanderson about 14 years, and had served as sheriff of Terrell county. He resigned in 1930, to devote his time to the contracting and his farming interests in the Quemada valley. Prior to his being employed in the department of agriculture, he also in the boys' service.

On September 9, 1917 he was united in marriage to Miss Alma McMillan, and to this union three children were born, two sons, Joe Cook, and one daughter, Mary Cook, all residing with their mother, and survived in 1936, he was succeeded by Mrs. Nell Davis, who also survives.

Funeral services for the deceased were held Thursday evening at the Baptist church, conducted by the pastor, the Rev. D. W. Interment was in the cemetery, the grave site was a large and beautiful one, and was beautified by many flowers, and a friend and neighbor.

Survivors include 4 brothers, Cook of San Antonio; Edinburg; John Cook of

State Officers and Rangers Here to Seek Frome Clues

Several officers and rangers were in Sanderson this week in quest of clues that might help solve the brutal murder of Mrs. Frome and her daughter, near Van Horn last week. From the scene of the crime, officers are of the opinion that the slayers made their get-away over this route. However none of the described persons nor cars were observed by any of our citizens or peace officers, who have been keeping a strict lookout.

A satchel, thrown from an S. P. passenger train just west of town last Thursday morning, was at first thought a clue. It was turned over to Sheriff Nance and examination revealed it was empty, with the exception of a card and stationery from a Mexico hotel at which Mrs. Frome and daughter stayed last year while touring Mexico. The satchel did not answer the description of luggage taken from the Frome car last week, and whether or not it has any significant bearing on the case has not been disclosed by Sheriff Fox of El Paso, to whom it was forwarded.

Body of Mrs. Scott To Illinois Home For Last Services

The body of Mrs. Ella Brown Scott, 79, who died at the ranch home of her son, Notley Scott, near Dryden, was sent to her old home in Galesburg, Ill., Monday night where the last rites will be held. Mrs. Scott has been ill for several weeks at the ranch home of her son. Death was due to pneumonia.

Deceased was born May 4, 1859, and died May 10, 1938. On May 4, 1882 she was united in marriage to Nathaniel G. Scott, who preceded her in death on August 4, 1898. Three children blessed this union, two boys, Dr. Preston Brown Scott of Alexis, Ill., and Notley Miller Scott of Dryden, who survive her. One daughter, May, died in 1884.

Mrs. Scott was a member of the Universalist church. Mrs. Scott came to San Antonio in 1907, and in 1910 moved to Terrell county with her son, Notley, and an elder sister, Mrs. Ben Hyde Weeks of Galesburg, Ill.

In later years she spent the winter months at the ranch of her son and the summer with another son, Preston, at the old home in Illinois.

Accompanying the body to Illinois were the sons, Dr. P. B. Scott of Alexis, Ill., Notley Scott, and his wife, of Dryden, and A. E. Miller, Vincennes, Ind., a friend of the family who has been spending the winters at the Notley Scott ranch.

LIKE OLDEN DAYS

We've all read of the old-time cowboys who barged into the drink emporiums and took their liquor straight from the hurricane deck of his pony. It won't work with an automobile however, for a Del Rio man tried it Tuesday at the House Grocery, but ran up against a stone wall, scarred the masonry, and shattered the plate glass front. Attempting to park his car in front of the store his foot missed the brake, but not the accelerator.

MOVES IN NEW HOME

Mr. and Mrs. R. E. Corder and daughters moved the past week into their new home, located in the west part of town, which has just been completed. The home is a stucco frame, six rooms and two baths and very modern in design and construction.

Range Program For 1938 Gets Off To Running Start

Several jobs under the 1938 range program have been completed and more work started according to Ernest Willams, county agent, who also stated that both the office and field work was far ahead of last year's.

Five dirt tanks have been completed on the Big Canyon ranch, John Harrison, Trotter and Cunningham ranches and are being built now at the Ridley, Barksdale and Deaton ranches. Tom Herring and L. M. Bennett are building concrete and rock masonry dams.

G. K. Mitchell and Joe F. Brown have spent about \$1400 on terracing.

E. P. Sherrod and Clyde Higgins have been grubbing pear and Ben Gilbert grubbing lechuguilla. Water wells, a new practice in the 1938 program, have been drilled on the Joe Kerr and Robinson ranches, and Ross Roberts is now drilling one.

Although the allotment for the county based on last year's sign-up will be less than last year, additional ranchers coming into the program for the first time this year probably will mean that the money allotted to the county will total that of last year.

Mr. Willams hopes that every one intending to participate in the program will not wait until the latter part of the year and throw the work into the rush that prevailed last fall and winter when seventy-five per cent of the work was done.

The County Committee set June 1 to November 1 as the period for deferred grazing.

TO FORT WORTH MEETING

Bond Bradford, cashier for this division of the Community Public Service Co., located at Pecos, was a visitor at the local office of the company Monday. He returned home in the evening, accompanied by Miss Betty Bassett, cashier at this office. From there they will go to Fort Worth, where the Company's general offices are located, to attend a meeting of all cashiers of the company.

HOME FROM HOSPITAL

Mrs. Greene Cooke and son, Marshall returned home Friday night from Del Rio where Marshall was recently operated upon for appendicitis. He is doing nicely and hopes to resume his studies in Grammar school this coming week.

ELECTED CLASS PRESIDENT

In the Spring elections at the San Antonio Military Academy, Jack N. Downie of Sanderson, Texas, was elected President of the Junior Class.

Young Downie is the youngest son of Mrs. Helen Downie and the late Edward R. Downie of Sanderson and attends school in San Antonio from his ranch. We are always glad to hear of our local boys being popular and successful in their schools. Jack also was one of 21 students at the school winning a place on the March honor roll.

RETURNS FROM BEAUMONT

Mrs. H. G. Holt returned home from Beaumont Tuesday, after spending three weeks in that city with friends. At Del Rio she was joined by her granddaughter, Wanda Hickey, who is attending Sacred Heart Academy, and who will visit with her mother, Mrs. Olene Hickey, for the remainder of the week.

Committee to Austin Seeking Funds To Pave Sanderson-Ft. Stockton Gap

STORM BLOWS OLD LOM AWAY

The big wind of last week bids fair to cripple at least one of the city's industries—that of supplying the natives with ice.

For years old LOM (Last of the Mohicans) supplied the motive power in hauling the ice from door to door. He knew the route better than the driver, for when the latter attempted to pass up a regular customer, Lom would come to a dead stop, and refuse to move until the driver went to the door.

But last week's gale just blew Lom's domicile away, and Lom must have followed it off—haven't seen him nor hair since. The prospect of the summer's grind was too much for him, and we don't blame him for going AWOL.

Units of Cavalry Pass Thru Here To Manoeuvres

The vanguard of troopers enroute to Balmorhea reached Sanderson Tuesday morning at eleven and proceeded to the southwest part of town where they camped until Wednesday morning.

The detachments that passed through here were in command of General Joyce of Fort Clark, and were composed of the 5th and 12th Cavalries. The trip from Fort Clark to the manoeuvring ground takes 15 days and 14 days for the return trip. The war games will start April 19 and last one month.

A detachment from the engineers corps have been in the Toyah Valley several weeks in advance of the troopers' arrival, laying out camp sites and storing provisions for the men. It is estimated that 3000 soldiers and 700 officers will participate in the war games.

Late Cold Wave Was Inconvenience But Little Damage

The Times printed while Texas was in the throes of the worst April freeze in history, could not itemize the damage suffered in this immediate section. Inquires since, reveal that the damage was very light insofar as the extreme cold weather was concerned. As most flocks had passed the lambing season, no loss of importance was reported. However, the freeze set range conditions back considerably, and killed all varieties of fruit trees, and flowers.

Most damage reported was from the high wind. In town signs were torn loose, and a portion of the T. & N. O. roundhouse unroofed. Several ranchers reported windmills dismantled—some blown down.

HOME FOR EASTER

Bill Lemons arrived home on Wednesday from Texas Tech at Lubbock to spend the Easter holidays with his mother, Mrs. Luella Lemons.

VISITORS IN SAN ANTONIO

Mr. and Mrs. Clyde Griffith and son, Clyde Jr., were weekend visitors in San Antonio, going down to see the show, Victoria Regina.

The Terrell County Commissioners held their regular monthly session here Monday morning with all the members present. Beside routine business the following was transacted:

A letter from the Extension Service of A. & M. was read, requesting that the salary of the County agent be supplemented. It was pointed out that, due to the fact that the agent is allowed no expense account, the burden of upkeep on car, and all supplies therefor, falls upon him, and due also, to the fact that the agent's services are at the disposal of ranchers who call upon him, his present salary was wholly inadequate. The County had been paying \$66 monthly to the agent, supplementary to \$1600 a year, paid by the Extension Service. A motion was made and seconded and carried that the County raise its part to \$100 a month, raising the total to \$2800 a year.

Pavement of highway 82 between here and Fort Stockton was discussed. Money for a major project of this kind has been allotted G. E. Finley, division engineer, to use at his discretion. The Commissioners requested G. J. Henshaw, county judge, and any other who would, appear before the highway commission, and ask that these funds be used to pave the Sanderson-Ft. Stockton gap of 63 miles. Senator Winfield field and Judge C. E. Cashier will meet them in Austin, to cooperate in the move.

Other members of the local committee are County Clerk D. L. Duke, and County Attorney A. E. Creigh. They expect to be in Austin Monday.

Manufacturers OK Soft Ball Invented By W. A. Banner

Willie Banner was in the Times office Monday and exhibited a letter from a well-known northern manufacturer of sporting goods, complimenting him on his ideas about a new style of soft ball, and pledging cooperation in manufacturing the ball and placing it on the market.

The present softball is a mushy affair, twelve inches around, and after a game or two becomes lopsided and deader than a mackerel. Banner's idea is a semi-lively ball 10 inches and about 4 1-4 ounces. This makes it larger than the regulation league baseball, and three-fourths of an ounce lighter. However the manufacturers suggested three styles of ball specified dimensions, and these will be made and sent to Banner for actual tests.

Banner also has in mind radical change in diamond plans for use with the new ball. Regulation diamonds are 90 feet between bases, and 60.5 feet from pitcher's box to home plate. Softball diamonds are much smaller. Banner strikes a happy medium. Between bases the span is 70 feet, and from the pitcher's box to the plate the distance is 50 feet.

ATTENDS P. V. CONFERENCE

Those from Sanderson who attended the sessions of the Pecos Valley Baptist Workers Conference in Ozona Tuesday were Mr. and Mrs. O. H. McAdams, Mrs. Odie Wickliffe, Mrs. A. D. Brown and the Rev. D. C. Bandy.

VISITS IN SAN ANTONIO

Mr. and Mrs. Carlton White and daughter Janice were week end visitors in San Antonio with relatives and friends. They returned home early Monday in a new Plymouth sedan which they purchased through Frank Weigand, local dealer.

We're all agog over the opening of the baseball season in the major leagues. At the same time we can't help sympathizing with the managers of the various clubs, who evidently have taken a page from the football coaches' book. To read their statements one would think the players had just come from the Spanish front lines, instead of from conditioning camps in the South.

It looks like Col. Ruppert, owner of the Yankees, is going to be the first to stand pat against the demands of a temperamental star, and tell Joe DeMaggio, who is demanding \$40,000 to go to. Joe is a great ball player, all right, but not worth that much. As one sports writer put it, Joe is either screwy, or he has hired a bum lawyer.

"Does America Want Socialism?" is the headline of a recent editorial. We wouldn't know until we know just what "socialism" means. We've heard more definitions of the word than any in the dictionary.

U. S. Envoy is victim of amnesia. Well, isn't that a natural condition for the average diplomat?

A paradoxical wedding was reported in Sunday's San Angelo Times. Miss Joy Tippett became the bride of Mr. Obie Grief.

Mr. Whitney, embezzler, former head of the New York stock exchange, is now No. 94,835 in (SS) Sing Sing. Huh, got nothing on us! We're No. 22-4479 in (SS) Social Security.

It is said that a wife knows more meanness about her husband and vice versa. In Tulsa, Okla., Ellis Quiett filed as candidate for the state supreme court on the Democratic ticket. His wife filed for the same office on the Republican ticket. If these two begin mud-slinging, the race will be anything but quiet.

Law is a good thing. But when you say "Thou shalt not," the average American accepts it as a challenge to his personal liberty.

Hindu claims to be 175 years old. Must not have any autos in his country.

Chris Fox, El Paso's sheriff and politician de luxe, may oppose Congressman R. E. Thomson. We hope he does, so we can kill two ducks with one rock—show El Paso that it is only a small part of West Texas, and send Mr. Fox back on the ice wagon.

It's comical to watch the seals navigate by the use of flippers. But what we don't understand is how a one-armed man gets dressed unless he has zippers.

Take bridge. Though 90 out of 100 don't know what's it all about, they play continuously. Home duties, can wait; hubby can make out with a can of beans for supper—the game must go on! But some one has just invented a 65-card deck—5 suits of 13 cards each. To take a game the declarer must take 12 tricks. To play one hand takes so long that part of the equipment is a cot, so "dummy" can take a nap while it's being played. If that doesn't discourage some of the more timid, there's no hope.

Easter, the end of Lent, bunny eggs, chickens—and those funny, funny hats!

Hidden Missions
DENTON.—Although no traces are left, almost as many Indian missions were established in East Texas as in the central part of the state where they now form the tourist's mecca. Built of wood rather than of adobe and stone as are those around San Antonio, they were soon lost through decay. It is believed that one was at Nacogdoches, one at San Augustine, two others in this vicinity and another across the Sabine in Louisiana.

More Clothes For Texas
In one short year the number of clothing factories in Texas has increased ninety per cent. There were 52 establishments in 1936 producing men's clothing and 28 for women, not including millinery. Now 150 are operating, which at least seems an indication that Texas' manufacturing aspirations are well founded.

153 Forgotten Ghosts
Humble sacrifices to a growing civilization are the 153 ghost towns listed by the Texas Almanac. Killed by the failure of industry or the changing of a train track, these villages started life as optimistically as some of our larger cities today. Their names, Duck Creek, Gertrude, Parson's Seminary (famed for its female school) and others, seen still alive, even though the inhabitants and buildings are gone forever.

CELEBRATES BIRTHDAY WITH PARTY

Jimmy Harrison, son of Mr. and Mrs. John Harrison, and several of his little friends enjoyed a party at the Harrison home Tuesday, April 12, the occasion being Jimmy's fourth birthday.

Helping him celebrate the day were Dawn Williams, Ginger Ware, Lynda Bell Carson, Billy Jackelyn Henshaw, Mary Lou Cargile, Sarah Pat Grigsby, Kipo Gatlin, Bobby Wilkinson, Jackie Savage and Anna Edwards. Frank Robertson, B. H. Gifford and John Harrison were also guests.

The little guests were ushered into the dining room where the table was set, the center piece being the birthday cake with four lighted candles, in a nest of grass with Easter eggs. Balloons, Easter baskets with candy eggs and chickens were favors. The refreshments were ice cream and cake. Jimmy was the recipient of many nice gifts.

Assisting Mrs. Harrison in entertaining the young folks were Mesdames Robert Gatlin, Wallace Henshaw, W. C. Cargile and M. D. Kelly.

Mrs. J. C. Kern and baby returned Wednesday from Rolla, Mo., where they spent the past week visiting her mother, Mrs. Carrie Adams.

Mr. and Mrs. C. W. Martin and daughter, Mrs. Charlie Turk visited with relatives in Batesville this week.

Winchell thereupon swears revenge on his favorite enemy and the laugh-filled climax presents the most hilarious idea in vengeance since happy endings were invented.

Woven into the continuity are bright musical spots featuring speciality numbers by the Peters Sisters, Chilton and Thomas and the Brewster Twins.

Miriam Hopkins And Ray Milland Stars of 'Wise Girl'

A romantic drama of Park Avenue and Greenwich Village with an exciting undercurrent is presented in RKO Radio's "Wise Girl" with Miriam Hopkins and Ray Milland in the top roles and which will be shown at the Princess Theatre on Monday April 18, for one night only.

The efforts of an elderly millionaire to gain the custody of his orphaned grandchildren is the motivating influence behind the story. When his methods fail to secure the two youngsters, who live with their young and struggling uncle in a Greenwich Village tenement, his daughter decides to do the job herself, without regards to ethics.

Miss Hopkins, as the "Wise Girl," is said to combine her dramatic and comedy talents for one of the most effective roles of her career. And Ray Milland, fast winning popularity, is considered an ideal selection for the role of the independent and defiant artist.

Along with its romantic theme, its abundant humor and its heart interest, the picture presents a side of Greenwich Village life that is seldom revealed on the screen. The "Village" has its sincere brush and pen wielders, who eventually rise to prominence, and this aspect is faithfully shown in the film, with Milland, Walter Abel and Guinn Williams as three such unknown but genuinely talented aspirants.

Two young girls who have never before been seen on the screen also have prominent roles in the offering. Betty Philson, a youngster from the New York stage, and Marianna Strelby, a twelve-year-old Hollywood amateur, are cast as the two children about whose custody the action revolves.

Henry Stephenson, Alec Craig, D'Arcy Corrigan and other well-known players are in "Wise Girl".

PRESBYTERIAN NOTES

The new ecclesiastical year began April 1st. On that date the Auxiliary gave a banquet to the Young People's League of the church in the home of the pastor.

On Sunday, (19th) Dr. McCall read the reports for the past church year, and these will go into Presbytery which meets in Cuero, April 19th.

The church had a good year in finances. The local expenses amounted to \$1134; gifts for benevolences were \$820; a total to all causes from all departments was \$1954. The church reports a resident membership of 58; the retired roll and those living elsewhere 8, bringing the total to 66.

The Auxiliary Circles met Monday and organized for the year's work with auspicious beginnings.

Circle One met with Mrs. N. E. Charlton and elected the following: Mrs. John Nichols, Chairman; Mrs. Lee McCue, vice-chairman; Mrs. R. S. Wilkinsorf, secretary and treasurer. Mrs. C. L. Sims led the Bible lesson and Mrs. Charlton laid out the plan of work for the year.

Circle Two met with Mrs. W. H. Savage and elected these officers: Mrs. McDuffy Kessler, chairman; Mrs. W. H. Savage, vice-chairman; Mrs. R. D. Holt, secretary and treasurer. Mrs. J. V. McCall directed the Bible study and Mrs. McDuffy Kessler talked on "Looking Ahead or What is expected of each officer and member in the year ahead."

Mrs. W. E. Grigsby, president of the Auxiliary, visited both Circles, gave out the year books and talked on the spiritual life of the members as would result if the personal guide was carefully followed.

Prayer topics were assigned in each circle, and both circles chose Pres-Mex, the school for Mexican girls at Taft, Texas, as a home mission project. The total attendance was 14, with Circle One leading in numbers.

Delicious refreshments were served by both Mrs. Charlton and Mrs. Savage.

Pounding the Pastor was the first project undertaken by Circle One. Dr. McCall had passed a tranquil birthday, (Monday the eleventh) till the quiet of his home was disturbed (?) about 8 p. m. by voices on the porch, singing, "Happy Birthday to You." Members of Circle One, with husbands, children and friends, entered bringing good wishes and dainty delicacies. A happy hour was spent and Dr. and Mrs. McCall expressed their thanks for so much kindness. Mulled grape juice and cookies were served by Mrs. J. W. McKee and Mrs. N. E. Charlton.

A correspondence circle will be started soon to reach those far away and those who cannot attend regularly.

A congregational meeting will be held at the close of the morning service, April 17.

Rev. John V. McCall leaves on Monday for Cuero where he will attend the meeting of Western Texas Presbytery which convenes Tuesday night.

The Beginners and Primaries will have an Easter egg hunt at 3 p. m. Saturday.

"Goldwyn Follies," O. K. Road Show In Technicolor, Packed With Stars

All the greatest entertainers of the stage, the screen, the radio, the dance and grand opera put on the greatest show the screen has ever shown in Samuel Goldwyn's glorious technicolor screen musical, "The Goldwyn Follies," another O. K. Theatre road show, which has its premiere at the Princess Theatre on Wednesday and Thursday, April 20 and 21.

Produced on the most magnificent scale of any musical in cinema history, this most ambitious of all the great Goldwyn's screen ventures does great credit to the name it bears.

Offering a cast headed by Edgar Bergen and Charlie McCarthy, radio's No. 1 stars, Adolphe Menjou, The Ritz Brothers, Zorina, the beautiful young premiere ballerina of the Ballet Russe, who is a splendid actress as well as a great dancer; Kenny Baker, Helen Jepson, the lovely Metropolitan Opera star who makes a brilliant film debut; Andrea Leeds, Phil Baker, Ella Logan, Bobby Clark, Jerome Cowman, The American Ballet of the Metropolitan Opera and the gorgeous Goldwyn Girls, "The Goldwyn Follies" is a movie fan's dream, combining every element of great entertainment in magnificent measure.

Built around a grand yarn about Hollywood from the pen of Ben Hecht, the musical casts Adolphe Menjou as a film producer who loses touch with the public taste and hires Andrea Leeds as "Miss Humanity," to tell him what the great American movie fan wants.

Love walks in the person of Kenny Baker, the popular radio tenor.

The last, and what sounds like the greatest music of the late

CULTURE CLUB MEETS NEXT FRIDAY

The regular meeting of the Sanderson Culture Club will be held next Friday, April 22, at the home of Mrs. W. E. Lea, with Mrs. Landon Rose and Mrs. W. H. Savage as joint hostesses. A meeting of the executive board will be held on the same day at 2 p. m. Change in date was made due to the fact that April 15, the regular meeting date, was Good Friday.—Reporter.

TO PRESENT PUPILS IN MUSICAL PROGRAM

Miss Myrtle Harrell will present her pupils in a variety musical program at the high school auditorium on next Tuesday night, April 19, and eight o'clock. The public is cordially invited to attend.

George Gershwin, finds a fitting setting in this glorious picture. The hit songs include, "Love Walked In," "I Was Doing All Right," "I Love To Rhyme," "Love Is Here To Stay" and "Spring Again," the last-named written by Vernon Duke who completed Gershwin's unfinished score. The lyrics are by Ira Gershwin.

The breath-takingly beautiful ballet numbers which introduce a welcome new form of entertainment to the screen, were conceived and staged by George Balanchine, the impressive sets are the work of Richard Day, the costumes by Omar Kiam, and the technicolor is the most effective the films have achieved to date.

Chances are you'll never have an opportunity to see another film like "The Goldwyn Follies," so don't miss it!
