VOLUME XXXII

THE SANDERSON TIMES, FRIDAY, MARCH 24, 1939

NUMBER 3

PERMITS PLATES TO BE OBTAINED BY APRIL 1

With only six days left in March to obtain automobile license plates as required by law, more than one-third of the automobile owners in Terrell County have purchased their licenses today morning according to reports from the sheriff's office. License plates must be secured and must be placed on cars not later than April 1. License plates which have been issued at any time during the last three years will still be good until April 1, and until notice is given by the State Highway Department. Drivers will be notified by mail to secure new license plates after the Legislature passes on this question. Chauffeurs licenses must be renewed annually each year, no matter what date they are written. Drivers are urged by officers issuing license plates to purchase and avoid a last minute rush.

PERINTENDENT AND PRINCIPAL ELECTED

The Sanderson School Board recently elected Duane E. Smith as principal and coach, respectively, for the year 1939-40, according to an announcement by W. H. Newsom, the members of the board present were W. H. Newsom, President; R. N. Allen, Secretary; and R. H. Murrain. The same meeting A. B. Caraway was reelected as high school principal. The election of teachers will take place in April.

WOUNDS BROKEN FOOT

C. Durbin received a very bad and serious injury to his right foot on Wednesday when a copper pipe was handling fell on his foot and crushed it. According to reports he will probably be confined several weeks before he can walk on it again.

George Newsom visited in Sanderson over the week-end with his family.

E. J. Chastain and son, visited in Sanderson over the past week-end.

RANCH TALK—

Sunshine Matthews—Sheep & Goat Raisers' Association

Particular attention was paid to the conformation and to the quality of the staple when W. L. Stangle, head of the animal husbandry department of Texas Agricultural College of Lubbock, visited the Owens flock at the Sanderson show. He was interested in the selection of the best ram from the Owens flock. The ram from Owens' flock following Stangle's description was a deep, compact, low "C" Rambouillet with very fine wool with plenty of density and length. Williams' ram was larger, although the same longer in body, higher off ground yet quite wide and in body, possessing very fine wool with considerable staple.

Tech man says they will buy the Williams ram on the 20th of April and the Owens' ram will be put on the 25th of April with good staple but without the desired body conformation.

The South Plains Junior Livestock Show is scheduled for April 5 and 6. The regional 4-H FFA show will include exhibits of calves, lambs, and pigs. L. Stangel, head of Tech's animal husbandry department, will judge calves. Fred Hale of Sanderson will judge pigs. R. C. Mallory, also of Tech,

First Lady Hears of Seal Sale for Crippled Children

In Dallas to lecture upon the "Ideals of Youth," Mrs. Franklin D. Roosevelt, first lady of the land, hears plans of the 1939 Easter Seal Sale for the benefit of crippled children in Texas. Here (left) is shown Mrs. Walter E. Kingsbury, Dallas, chairman of the Women's Division of the Texas Crippled Children's Society, and Ernest R. Tennant, Dallas, chairman of the 1939 seal sale campaign, conferring with the president's wife upon the work being carried on in Texas. Mrs. Kingsbury also extended Mrs. Roosevelt an official invitation to return to Dallas to attend a joint convention of the National and International Societies for Crippled Children, Oct. 25. Easter Seals are being distributed through women's clubs and organizations throughout the state.

Sanderson Pupils In Bi-County Meet Today In Alpine

Approximately 160 pupils from the Sanderson American Ward School and the Sanderson High School are attending the third annual Terrell Brewster Bi-County Interscholastic League Meet in Alpine. Numerous events of both literary and athletic nature, are held. All events are to be run off today, except tennis which is to be played on Saturday. Last year the meet was held in Sanderson and the year before in Marfa.

No championship is to be counted this year and the total points won by any school are not to be counted. The contestants who win are to be awarded ribbons for first, second, or third place.

High School pupils and those in the American Ward School are enjoying a holiday today but the pupils in the Mexican school are attending classes, expecting to be dismissed for a holiday on May 5.

Miss Mary Arrington was a visitor to Alpine Tuesday.

TAFT HOLLOWAY TO FILL BAPTIST PASTORATE HERE

The Rev. Taft Holloway arrived in Sanderson Tuesday afternoon to assume his duties at the local Baptist church where he will fill the pastorate.

The Rev. Holloway comes here from Wheeler where he has been pastor of the Baptist Church for the past four years, and states that regular services will be held in all departments beginning Sunday morning at 10 a. m. Sunday is also Home Mission Day in all Baptist Churches and all members are urged to be in attendance.

Texas Drivers License Good in Other States After April 1

Austin—Police administrators of other states notified today of an indefinite extension period for Texas driver's licenses after April 1. Ralph L. Buell, chief of the licensing bureau, announced. The bureau head said a measure is pending before the legislature to provide for the reissuance of driving permits which expire April 1, after three years of validity. The new licenses will be issued by the public safety department instead of by tax collectors who distributed them when the law went into effect in 1936.

Chief Buell said temporary licenses will be assigned to drivers who pass examinations for their first permits and will remain valid until the amended statute becomes effective. Chauffeurs' licenses, however, will not be affected by the extension period as they are issued annually. Newspapers will be advised of plans to renew licenses of drivers at a future date, he said.

Records of Judge Roy Bean's "Hall of Justice" Preserved

Austin—Blueprints and photographs of such shrines as Judge Roy Bean's "Hall of Justice" at Langtry, and San Antonio's famous Mission San Jose are among the 270 Texas historic landmarks "preserved" on Library of Congress records. Samuel E. Gideon, University of Texas professor of architecture, revealed here today. A joint project of the National Park Service, the American Institute of Architects and the Library of Congress, the Historic American Buildings Survey showed New Jersey, Alabama, Maryland, New York, Texas, Massachusetts, Virginia, Georgia and Pennsylvania leading the landmark field from the standpoint of number, Mr. Gideon, district officer for the survey, said.

San Antonio and vicinity, with 28 landmarks, and Castroville, with 20, led the State in number of shrines. He cited Judge Bean's "court" and the San Antonio mission as "representing the two ends, perhaps, of the Texas architecture range." (Continued on page two)

AWARDS MADE IN ASSEMBLY BY A. B. CARAWAY

Basketball awards were presented by A. B. Caraway Tuesday in assembly to ten Sanderson Eagles who worked earnestly during the past season to win these coveted awards.

Martin Bodkin, Manuel Ochoa, Jesus Trevina, and Campbell Kerr received sweaters and Robert Lochausen, Kenneth Litton, Rafael Fierro, Malcolm Davis, Len Haynes, and Ralph Burleson received trophies which were statuettes of players.

SOIL CONSERVATION OFFICE ESTABLISHED

Official establishment in Marfa of one of seven Texas towns having Soil Conservation offices of the United States Department of Agriculture, was accomplished this week.

Announcement of the new office here was made in the Sentinel several weeks ago. It is said that two married men and four single men will constitute the office staff here which will be directed by George M. Morris, soil conservationist, former project manager for the Service at Nacogdoches and recently in charge of flood control survey on the Conch River at San Angelo.

State Man Tells of Office
An official bulletin from the office of Louis P. Merrill, regional conservator, region four, Fort Worth, this week told in this manner of the new office in Marfa.

A new field office of the Soil Conservation Service to supervise its activities in the 21,000-acre Trans-Pecos Area of Southwest Texas has been established at Marfa, Paul H. Walker, state coordinator for the Service announces.

The new unit will be known as the Trans-Pecos Sub-Area office and as such will operate as a sub-division of the Edwards Plateau Area office now located at San Angelo. Territory "West of the Pecos" Present and future activities of the Service centered in El Paso, Hudspeth, Culberson, Reeves, Jeff Davis, Presidio, Brewster, Pecos, and Terrell counties, all west of the Pecos River, and Loving and Ward counties will be supervised from the Marfa office.

One of the work units to be supervised from Marfa will be the Toyah Creek Watershed water facilities project approved recently for operations in the 630,000-acre watershed lying in Reeves, Pecos, and Jeff Davis counties. Headquarters for this water facilities project has been set up at Balmorhea.

Other members of the staff, who also have been engaged in flood control survey work prior to this time, are: Roy H. Gough, associate conservator, former project manager at Vernon; C. A. Tidwell, acting sub-area range examiner; C. A. Reagan, formerly at the Madisonville CCC Camp, to be agricultural engineer; W. T. Moon, soils surveyor, and Ralph W. O'Neal, clerk.

Establishment of the Marfa office increases the number of area offices in Texas to seven, others being located at Vernon, Dublin, Temple, Tyler, San Antonio and San Angelo. Jack Kelly, secretary, Chamber of Commerce, said this week that the Marfa office personnel will use between 1100 and 1200 square feet of space. Mr. Kelly has worked closely with the Service in the securing of the office here this week was aiding staff members in securing places to live.—Big Bend Sentinel.

Mr. and Mrs. Sam Harrell and daughter, Miss Lillian, were visitors in San Antonio from Thursday until Saturday of last week.

Mrs. J. A. O'Connor and two children, Miss Kathryn and James were week-end visitors to San Antonio.

VACCINATION CATS AND DOGS URGED

Residents of Sanderson and surrounding community are urged to either vaccinate or have their pets vaccinated for rabies before hot weather of summer really sets in.

Dr. R. E. Lester has offered to administer the vaccine free of charge if owners will buy the vaccine and bring the pet to his office. A dose for cats and dogs of average size costs only 60 cents and will protect the pet for a year. Vaccine may be obtained at the local druggists.

Few people realize the dreadful results unless they have seen some person suffering from the malady or someone who has found it necessary to take the treatment. Cost of vaccine is so negligible that it is worth the price to protect the pet much less the possibility of some child having to take treatments. There is no cure for rabies after they are once developed.

Don't put off this important matter. See that it is done immediately.

Mortorists Urged to Use Caution to Prevent Accidents

The Traffic and Safety Division of the Texas Highway Department has just issued a summary of accidents for the month of January 1939. This summary includes only such accidents as are reported to the Department, and while 100% of the fatal accidents are reported, only 15% of the non-fatal are reported. There were 1,287 accidents, a reduction of 88 over January 1938, 131 persons killed, a reduction of 13 deaths, and 1,218 persons injured, a reduction of 160 injuries.

While the reduction over January 1938 is encouraging, there were actually 41 accidents, 4 deaths and 39 persons injured every day. They occurred at all hours of the day and night, with a low of 19 accidents between 5 and 6 A. M. and a high of 95 between 6 and 7 P. M. and 95 between 7 and 8 P. M. Wednesdays were low with 115, and Sundays high with 290. Saturdays ran second with 241. More accidents occurred in daylight than in darkness, and 56% of all accidents were in clear weather. Twilight is a very dangerous period.

Passenger cars involved in 70% of all accidents, and head-on collisions and angle collisions top the list in manner of collision. Male drivers involved outnumbered female drivers nearly 8 to 1, and 77% of all drivers were white. The age of drivers varied from 17 drivers under 14 years, to 403 from 19 to 25 years.

Many accidents were caused by passing on hills; passing on right-hand side; drivers not having right-of-way; and a large number showed no improper driving—they just happened. The driver may have been dialing his radio, looking at an advertising sign, or trying to avoid hitting a chicken or animal crossing the road.

The majority of accidents occurred when the drivers were apparently normal. 176 had been drinking, 41 were fatigued or asleep, and 38 were blinded by glaring lights. In 21% of all fatal accidents, the driver had been drinking, and 21% of the fatal accidents were head-on collisions with another vehicle.

No matter how good a driver you are, you may be involved in an accident through no fault of your own. So be careful—don't take chances; respect the other fellow's rights; dim your lights at night; see that your car is under control; and don't try to mix drinking and driving.

Bob Lea and Prince Dishman, Jr., of Van Horn accompanied Mrs. Eimer Schwaibe and daughter to Sanderson this week. The boys returned home while Mrs. Schwaibe remained for a visit with Mrs. Weldon Cox and her parents, Mr. and Mrs. A. Billings of Dryden.

Mrs. T. A. Harnes is spending this week in Crystal City with Mr. and Mrs. D. O. Park.

Mexican Killed at Stirman Ranch Tuesday By Foreman

Shot With Rifle After Threatening Foreman With Knife

Francisco Martinez, Mexican about 30 years of age, was shot and killed Tuesday evening at about 8 o'clock at the Earl Stirman ranch which is known as the old Des Landes place in the eastern part of Brewster County. The shooting was done by Harry Tracy, foreman of the ranch for

Mr. Stirman. The Mexican was also employed by Mr. Stirman.

It is understood, according to Mr. Tracy, that Martinez drew a knife on him and he ran to his car where he had a 30 calibre rifle. Martinez was shot twice, once in the head and once in the left breast.

Tracy came to Sanderson and surrendered to Sheriff Jim Nance who called the Sheriff's department at Alpine and returned him to the scene of the shooting where they were met by the Alpine officials. Mr. Tracy was placed under a \$1500 appearance bond and is to appear before the grand jury at Alpine at its next regular meeting time.

After an inquest was held by Judge Raymond Garnett, Justice of the Peace of Precinct 1 in Brewster County, the body of Martinez was brought to Sanderson by Mr. Stirman and funeral services were conducted Thursday.

NANCE DAIRY HAS NEW MILK HOUSE

Announcement is made in this issue of the Times by the Austin Nance Dairy that they have completed a new milk house and are meeting other requirements in an effort to obtain grade A milk for delivery to their customers.

Mr. Nance states that they are complying with the state health requirements and that with the new house and other improvements they will be better prepared to serve patrons.

SON TO DUNNIGAN'S

Born to Mr. and Mrs. D. J. Dunnigan, Sunday morning a seven-pound boy. He has been named David Jerald.

Mrs. T. R. Arrington and daughter, Margaret were San Antonio visitors last week-end.

Mrs. Odie Wickliffe and daughter, Rose Nell spent last week-end in El Paso with Mr. Wickliffe, where he is now employed.

SCIENTISTS' TALKS PRINCIPAL PORTION OF DEDICATION PROGRAM AT McDONALD OBSERVATORY MAY 5

Texas and visitors in Southwest Texas who have a yen to see the heavens through the telescope at McDonald Observatory on Mount Locke must be patient and they will be rewarded by a satisfying of that desire "sometime after the dedication May 5."

That was the substance of a conversation Monday afternoon between a Sentinel representative and Dr. C. T. Elvey, astronomer in charge at the Observatory. Dr. Elvey was here to make an address at the meeting of the Parent-Teacher Association.

The dedication program will be a two-hour one in which addresses will be made by scientists and others. It will be at a time when 400 to 500 scientists will be attending a meeting of the American Association for the Advancement of Science at Sul Ross State Teachers College. Because of the limited number of persons who may be accommodated in the dome, invitations will be issued, Dr. Elvey said.

Layman May Be Disappointed
"Regular visiting hours will be established after the Observatory is dedicated," Dr. Struve said.

"Many people will want to see the Observatory and to look through the telescope with the 82-inch lens. That is only natural. It is true, however, that the average individual will really get more out of looking through a small telescope than the large one we have at the Observatory. Through the large instrument one sees a little moon; through a smaller one a better picture is secured. Then, too, our telescope doesn't magnify stars to the size of the moon as

many people believe that it does. It is true that you are able to see the fainter ones better when looking through the large telescope. The light-gathering power of the two instruments that the scientists consider the layman does not understand."

Astronomer Former Kansan
Dr. Elvey was educated at the University of Kansas and the University of Chicago, securing his A. B. and A. M. degrees at the Lawrence, Kansas institution and his Doctor of Philosophy degree at the Chicago institution which will operate, with the University of Texas, the Observatory.

The present staff at the Observatory, other than Dr. Elvey, is:

Dr. C. K. Seyfert and Dr. Walter Linke, assistants, both of Yerkes Observatory University of Chicago; Prof. George Van Biesbroeck and Prof. Gerald Kuiper, Yerkes Observatory, both engaged in tests of the equipment.

Tests are practically completed, according to Dr. Elvey. It is planned that there will always be one of the Yerkes Observatory men in residence at the Observatory. Other scientists of the two institutions will be there from time to time.

Dr. Otto Struve is director of Yerkes Observatory, University of Chicago, and McDonald Observatory. In general, permanent equipment of the Observatory and a portion of the upkeep will be as a result of the beneficence of the late Texas philanthropist—McDonald. The University of Chicago will supply funds for the remainder of the operation expense.—Big Bend Sentinel.

It Happened in Sanderson

TEN YEARS AGO

This Week—Remember?

(March 22, 1929)

Mrs. Clyde Griffith has returned from a visit with friends in Sabinal and San Antonio.

Mrs. Luella Lemons and Mrs. Carlton White made a business trip to Alpine Wednesday.

Judge Henshaw is back from a trip to Austin where he attended the last sessions of the State Legislature. His friends here had begun to fear that one of the pretty "co-eds" at the State University had kidnaped the judge.

After threatening clouds all day Saturday, a good rain began falling here late Saturday night and early Sunday morning. Sunday was cool and cloudy and Sunday night misty rain fell. Observers who are qualified to know say that the rain amounted to one inch.

Mr. and Mrs. Wilson Banner were in town Saturday from the Banner ranch on the Pecos.

WITH OUR NEIGHBORS

Balmorhea Texan—The Madera Valley Chamber of Commerce was organized Tuesday, March 14, with 22 members signing up the first night. Adoption of the name "Madera Valley Chamber of Commerce" was approved and other by-laws adopted.

Alpine Avalanche—The semi-annual convention of the American Legion and Auxiliary of the 16th congressional district will be held in Alpine March 25 and 26. District Commander G. Ward Moody of Odessa, and his assistant, Dave Green of El Paso will be in charge of the meeting.

Uvalde Leader News—Uvalde's rank as one of the leading spinach shipping points in Southwest Texas is borne out by the fact that a total of 433 car-loads of the "greengold" had been moved from this city through Monday.

Grandfalls Gazette—With the water order already issued, the Red Bluff will trickle into the new Grandfalls city irrigation ditches this week. Red Bluff officials notified the Town Council this week.

Ozona Stockman—A natural gas distribution system for Ozona, with the source of supply from the abundant production on the Bert Page ranch near Eldorado, to be brought here by a 40-mile pipeline, became an imminent prospect this week when a franchise for installation and operation of such a system was

granted by the commissioners court of this county to the Rio Gas and Power Co. of San Antonio.

Monahans News—That Monahans will soon have a municipal swimming pool and park appeared a certainty this week when the Council authorized the purchase of the necessary land for that purpose.

Fort Stockton Pioneer—The Fort Stockton City Council Tuesday night discussed further plans for zoning the city and restricting undesirable buildings there, and appointed a five-man zoning commission to consist of the following members: W. R. Harral, Joe Montgomery, W. P. Rooney, Marsh Lea and G. W. Rose.

(Editor's note—This column represents the views of an Austin newspaperman who is making a close study of the situation there and will report developments from week to week.)

(By Nugent Ezekiel Brown)

Austin—(Special)—There were exactly 22 members of the House of Representatives who joined that mythical club, known vicariously as the "Dodo-Birds, on Thursday of last week when they changed overnight their vote for the proposed income tax amendment by Leighton Cornett of Red River County. The overnight switch brought about defeat of the income tax resolution after it had been passed on Wednesday. Governor O'Daniel's influence was said to have been the deciding factor! Yet some folks still say the governor doesn't know his politics! One member of the House was seen to carry four different groups of his fellow members into the governor's office Wednesday afternoon!

Yes, the fighting over the pension tax measurers gets hotter day by day. The 66-day rule became effective Monday of this week when it is no longer necessary to have a two-thirds majority to get a tax measure passed. Last week, it was necessary to have a two-thirds majority, or 100 votes. Parliamentary maneuvering is the order of the day from now on. And it is really an interesting fight. But the great majority of the members want to provide revenue for the old folks, for dependent children, the adult blind and for the teacher retirement act. The transaction tax, as advocated by the governor, is far from dead, as it will be offered this week as an amendment. Neither is the income tax amendment exactly dead.

Anent the revelations concern-

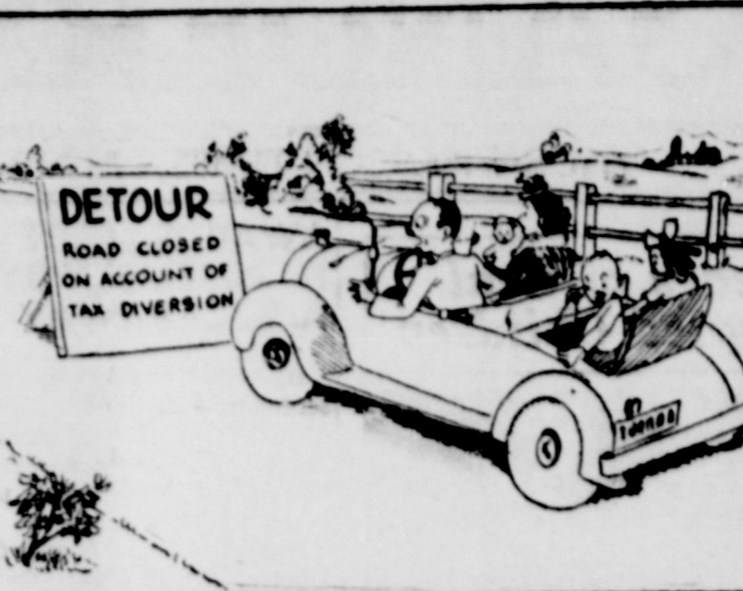

ing lobbying methods employed by some of the officials charged with administration of the Old Age Assistance Commission, carried in this column last week, we wish to thank Mr. Ben Harigel of the LaGrange Journal, Mr. H. D. Meister of the Yoakum Herald, Mr. Carl Rust of the Texas City Sun, and Mr. J. C. Estlack of the Donley County Leader for extra copies of their fine papers which were placed on desks of the House members where the contents were read with avid interest. The movement, started by Representative Albert Darden of Marlin and others to bring about a much-needed change in the administration of the Old Age set-up, is really under way. Representatives Russell of Johnson, Roach of Kaufman, Harrell of Lamar, Brown of Nacogdoches, Dowell of Caldwell, Isaacks of El Paso, Bundy of Wichita, Pace of Cooke, Reader of Erath, West brook of Sabine, Clark of Stephens, Bailey of Wood, Cleveland of Hays, Petsch of Gillespie, Alsup of Panola, Newell of Young, Harrell of Bastrop, Lock of Angelina, Ferguson of Rusk, Kersey of Wise, Galbraith of Wharton, and scores of others, too numerous to list here, are really gearing themselves for a fight to the finish to see that the old folks in Texas get justice from that Old Age set-up, now dominated by hold-over politicians of the liquor-drinking, poker-playing crowd. More on this week.

One of the most badly needed pieces of legislation now facing this legislature is an effective law to curb the invidious loan shark racket in Texas. Small towns are not yet infested with these buzzards as much as the cities where they prey on the laboring man and the small salary men and women. Representative Mason D. Harrell of Bastrop is author of a bill that seeks to limit the interest rate within the legal 10 per cent, with certain service charges allowed. A bill by Representative Homer Leonard is along the same line. A compromise measure is expected to come out of the subcommittee this week. The Better Business Bureau of Dallas reports that 50,000 people in Dallas alone are in the grip of these up-stairs loan sharks who charge all the way from 40 to 200 per cent interest. A law is needed to put these leeches under the State banking department. It is pointed out by supporters. Victims of these loan sharks should write their representatives now to support one of these bills.

Faced with a decisive defeat of one of their bills, the Leonard bill to raise the truck load limit to 20,000 pounds, the board of directors of the Texas Motor Transport association, which group has backed the fight for the trucks, this last week went on record to continue the fight against the 7000-pound law without compromise or abatement. Senator Rogers Kelly of Edinburg secured approval by the Senate highway committee, 6 to 6, of his bill allowing the highway department to issue licenses to trucks hauling fruit, vegetables, livestock and livestock food just as special licenses are now issued to trucks hauling heavy commodities not easily dismantled, such as oil well machinery and pipe.

A special lobbying committee has been named by Speaker Morse, composed of Salty Hull of Fort Worth, Magus Smith of Pearsall and Eugene F. Harrell of Lamar. This committee is charged with investigating lobbying activities of all kinds, including time being spent with legislators by paid employees of various state departments. A Travis County grand jury was charged last month by Judge Ralph Yarborough with investigating lobbying activities at the Capitol, and it is reported from an unimpeachable source that some of the lobbyists were so bold they even approached some members of this grand jury individually in an attempt to learn "if they meant business." On the other hand, there are many legitimate lobbyists who

The Rhoades Family . . . by Squler

Diversions of road funds to non-highway purposes often results in neglected and unsafe roads, and needlessly high taxes. Seven states have adopted constitutional amendments which prohibit diversion, requiring all automotive taxes to be used solely for making better and safer roads. Movements for the adoption of similar amendments are now under way in about a dozen states where road funds are misappropriated.

deal in a fair and just manner, so this is not an indictment against all of them. For instance, Chairman Ely Thornton, of the appropriations committee revealed a day or so ago that "everytime I open my files I see a certain teachers college president at my elbow!" Believe it or not!

Officials of the State Livestock Sanitary Commission were in Austin this week from their headquarters in Fort Worth in support of their plea for an emergency appropriation of \$107,000. Records show this department was allowed \$635,484 by the 45th Legislature and an additional sum of \$376,865 at the last special session, making \$1,012,349 for the two year period, yet they seek \$107,000 more to carry them until next September 1st. Representatives Albert Darden of Marlin and Alsup of Panola are fighting against this emergency appropriation, both pointing out that the federal government recently allocated \$324,000 to Texas for the same work—tick eradication. Representative Darden charges that Chairman L. J. Wardlaw of the commission draw \$3000 salary and, being an attorney, cannot possibly qualify as the right man for the job; also, that Wardlaw's private secretary (who works in his legal firm and not in the commission's office) draws \$1500 yearly of state funds. In other words, Representative Darden's contention is that the livestock sanitary commission's program is costing the state millions when it could be administered by the federal government without cost to the state. "Why not give half of this money to our state parks board and maintain our parks with it instead of carrying a lot of unnecessary supervisors and tick inspectors on our rolls at great cost to the state?" he asks.

The horses came up for the race one day last week, then were carried back to the stables for an indefinite stay!
yours, Zeke

RATTLE OF THE RAIL

F. L. Carson, master mechanic was here from San Antonio Wednesday enroute to El Paso.

J. G. McCullar, traveling engineer was here from El Paso a couple of days this week.

L. F. Tadlock, train master, was here from El Paso the early part of the week.

Engineer J. P. Potter who has been on the Sanderson yard engine has been assigned to the Del Rio extra board at Del Rio.

Engineers W. L. Kobold and R. B. Elliott of El Paso are here for service on the extra board.

Fireman J. D. May of El Paso is working on the extra board here.

RANCH TALK

(Continued from page 1)

The Galveston purchaser is well known throughout the ranch country of West Texas where he has loaned large quantities of money to ranch and business leaders.

Burt Johnson of Brady sold 18 registered bulls to Mrs. Mary E. Martin of Aspermont at \$350 a head, also five registered bulls to Mrs. Mary E. Mitchell of Sanderson at \$250 a head.

With the approach of spring and the shearing season the wool buyers are beginning to congregate in San Angelo again. Lobby conferences have already started at the Hotel Cactus with the later addition including Jeff Solis for Wright Brothers and Henry Maginot with Blake & Kendall, both returned from winters in the East. Tom Parker, Emory & Conant, is expected in San Angelo this week.

There are several stories wound around the picture over the fireplace at the G. H. Jones ranch at Marynel. The central picture is that of Mr. Jones' father. Above that is a pair of longhorns with a spread of six feet, while a flintlock rifle and a pair of ancient flintlock pistols are at the bottom and either side.

Tad Moses' Cattleman will have in his April or May issue a story of the history of Texas sheep, written by Col. Wentworth of Armour & Co. The colonel gathered a good deal of his material for his story during the National Wool Growers convention at San Angelo in January.

Mr. and Mrs. Pete Reynolds of Chihuahua were in Fort Worth this past week for the stock show. Mr. Reynolds purchased three registered Hereford bulls from I. B. Cauble of Big Sping and a yearling bull from Carl B. King of Dallas. He bought a trailer in Fort Worth to provide transportation back to the ranch in Old Mexico.

The Reynolds ranch runs about 5,000 young ewes and have contracted their 1939 wool at 15 cents a pound to a Mexican buyer. They have a Rambouillet-Delaine cross.

Oscar White, with the Producers Live Stock Commission Association at the National Stock Yards in Illinois, is in Texas for the first time in about six years. Mr. White, who was on the Fort Worth yards from 1914 to 1918 with G. R. Barse Commission Co., was the first sheepman employed by the Producers and, in point of years with the firm, is one of their oldest employees. The oldest employee, also in point of years with the firm, is E. R. Divine, cattle buyer, who was in Fort Worth for the stock show. Mr. White plans to take a swing through the sheep country before returning home. While in Fort Worth he paid his dues as an associate member of the Texas Sheep & Goat Raisers' Association.

Coon & Culbertson, Dalhart Hereford Breeders, purchased Jayhawker Domino, one of the prize winners at the Fort Worth stock show, from the Jenny Wren Farm at Lawrence, Kans., the last of the week for \$2,500. The bull is one of the last sons of Prince Domino Mixer, that stood second in the register of merit classification (based on the winning at the major shows of the get of bulls).
The Dalhart firm sold a car-

We Appreciate
your patronage and find it a pleasure to serve you. Come in and try our

HI-WAY CAFE
HENRY MANSFIELD, Owner

load of registered bulls, senior yearlings which won first place at Amarillo and third at Fort Worth, to the Morris Cattle Co. of Coleman. There are 20 bulls in the lot, Prince Domino and Beau Aster breeding. The price paid was \$200 around.

Dwight Reordan, head of the Federal Intermidiate Credit Bank at Houston, was returned to the Memorial Hospital there the last of the week for treatment. Mr. Reordan underwent an appendectomy early in the month.

H. H. Wilkinson of the Continental National Bank at Fort Worth has purchased an 800-acre tract adjoining the Silver Creek Farms near Fort Worth and has moved his registered Herefords there from Big Spring. He plans to leave his grade cattle on the Howard County ranch.

Matched ropings to be held at Pecos on Sunday, March 26, include the following: Arthur Mays, Carlsbad, N. M. against Jim Cooksey of Orla (answering Cooksey's challenge to any man 55 years and older) Charlie Norton, Sierra Blanca, and Curtis McElroy, Pecos; Jim Espy, Fort Davis, and Norton; Clay Espy, Fort Davis, and McElroy; Sheriffs Howell Gage, Carlsbad, vs. Louis Roberson, Pecos; Reeder Webb, Odessa, vs. Hardin Ross, Mentone; and Ellis Summers, Kermit, vs. Albert Anderson, Van Horn.

1938 Baby Given 24 More Years Life Than 1850 Baby

Austin—One often hears about the good old days when grandfather was a boy but according to Dr. Geo. W. Cox, State Health Officer, now are the good days for babies. A baby born today can expect to live until he is 62 years of age. This is almost twice the expectancy of babies born 100 years ago. There has been a gain of 14 years since 1900.

While still somewhat below the biblical promise of "three score and ten" Texans can look forward to reaching that goal within a few years.

The fact that a child born in 1938 who weathered the infantile storms of the first year could expect to live 62 years in contrast to the boy born in 1850, who could live only 38 years is a tribute to the American Medical Profession and the preventive technic of public health, Dr. Cox believes.

Vaccination is a preventive measure that saves thousands of lives annually. Prophylactic measures against typhoid, diphtheria and smallpox have greatly reduced the incidence of these diseases in Texas. Widespread sanitation efforts safeguarded the water we drink, the food we eat and our environmental surroundings to lessen the spread of communicable disease germs.

Semi-annual physical examinations which have become a health habit for many of our citizens check illnesses at their onset and allow for simpler cures. Science has provided us with

effective drugs to combat spread of syphilis and gonorrhea diseases which take an awful toll of blindness, insanity, motor ataxia, bone enlargement of the arteries, deformity of infants.

Tuberculosis and Cancer been brought into the classification of diseases in all the last twenty years seen the Medical and Health professions making a safer nation in which to and at the same time a nation in which to live longer.

Be friendly if you can, others to befriend you.

LARGEST CARILLON EVER BUILT WILL HONOR
GREAT AMERICAN COMPOSER—STEPHEN FOSTER

TUNING HUGE DEAGAN
TUBULAR BELLS FOR
CARILLON

FOSTER MEMORIAL ON SUWANNEE RIVER AT WHITE SPRINGS FLA.

CHICAGO. — Stephen Foster,
America's most loved writer of
folk songs, is to be honored with a
memorial and "singing tower" to
play the melodies the country has
sung and hummed for more than
five generations.
The year 1939 marks the 75th an-
niversary of the death of the com-
poser whose appealing melodies are
today sung wherever the English
language is spoken. In the
United States they have become as
much a part of our national tradi-
tion as the national anthem: Old
Black Joe, Way Down Upon the
Suwannee River, My Old Kentucky
Home, Massa's in the Cold, Cold
Ground, Oh Susannah, Old Dog
Tray and The Camptown Races.
The huge 75-bell carillon will be
located in the Campanile of the
Foster Memorial at White Springs,
Fla., on the banks of the Suwannee
river he immortalized in song. The
great instrument, containing the
greatest number of bells ever used,

racket has been a disturbing fac-
tor in Texas and has resulted in
many losing their faith in gov-
ernment for land bought by
ranchers and farmers from the
state, which land they develop-
ed... was seized by greedy,
self-serving persons in the name
of the state.

"This bill proposes to ring
down the curtain upon such fur-
ther deprivations and Mr. Han-
kamer should be congratulated
for the masterly way he has neg-
otiated this piece of legislation,
which is one of the most impor-
tant before the session.
"It is an act that will greatly
assist in restoring public confi-
dence in government and clear
the good name of the schools for
the land grabber should never
have the support of the schools.
The bill throws adequate safe-
guards around the public school
fund and at the same time pro-
tects the rights of the land own-
er."

Influenza Is

Dryden News

Mr and Mrs. Joe Chandler and
baby from their ranch near Dry-
den were Del Rio visitors Friday
and Saturday.

Mrs. Elmer Schwalbe and lit-
tle daughter Sandra Jean, of Van
Horn are visiting her parents,
Mr. and Mrs. A. Billings.

Roy Mason returned Tuesday
from Dallas where he brought
back a new Ford truck he bought
through Ferguson Motor Co.

Mrs. W. D. Chandler was a Del
Rio visitor Tuesday.

Mr. and Mrs. A. A. Burdwell re-
turned Tuesday to their home in
Del Rio after a few days visit
here.

Mr. Reagan who was foreman
of the Steel Gang of the T. N. &
O. R. R. for several years, died
Tuesday at 3:17 p. m. in a sani-
tarium at Del Rio. The gang is
stationed in Dryden at present
and he was taken suddenly ill
Friday night. They took him to
Del Rio Saturday night. He was
buried in Boerne. He was well
known over this Division.

Mrs. Eric Anderson of Mid-
land is visiting V. Mason and
family. Mr. Anderson who
brought her, returned to his
home Wednesday.

Home Makers Meet
Held At Galveston

The Home Economics girls are
planning on the State Meet
again this year. The meet will
be held in Galveston, May 3, 4, 5,
and 6.

Each girl makes a dress which
will be judged by appointed jud-
ges about May 1. The girls get-
ting first place from both classes
will go to the meet. Also one
girl is selected from the club to
go. The girls will be accompan-
ied by Miss Lindley.

Only by giving can you receive
something larger in return than
your gift.

ST. LOUIS BLUES—

With Dorothy Lamour and
Lloyd Nolan leading Cupid on,
the "Spirit of St. Louis" is spel-
led L-O-V-E in "St. Louis Blues",
Paramount's new romance with
music, Monday and Tuesday at
the Princess Theatre. Lamour
plays a Broadway celebrity who
flies from fame and applause to
find happiness on a Mississippi
roadshow.

DISTRICT MEET
IN FORT STOCKTON

The Interscholastic League
meet will be held at Fort Stock-
ton, Texas, April 13, 14, 15, 1939.
The days will be Thursday, Fri-
day and Saturday. The pupils
entering these events will be the
only pupils excused from school.

After they have won first in
anything at the bi-county meet
at Alpine, they are to go to the
district meet at Fort Stockton.

The one-act plays are to be
presented Friday evening, April
14, and the play from Sanderson
is to be presented first.

The Sanderson High School
sincerely hopes that each pupil
entering any event will continue
from the bi-county meet to the
district meet.

Dr. and Mrs. John V. McCall,
Mesdames, Joe Nichols, W. C.
Vaughan, John Nichols and Miss
Beatrice Nichols left Tuesday
for San Antonio to attend the
sessions of Western Texas Pres-
byterial meeting in Beacon Hill
Presbyterian Church.

Sugar Cane Harvesting Is Modernized

Pretty Jeannette Peltier, Cajun miss of the Bayou Teche in the Evangeline country, Louisiana, helps her father get his sugar cane to the warehouse. In sharp contrast to the old manner of harvesting cane is the new Thomson machine. Screws straighten the cane so that rotating knives can lop off the tops. It then cuts the cane with a three-inch spaced blade saw at its bottom. The tops of the cane are sent through the chute. The harvester cuts about 20 tons per hour.

Sul Ross Women's Glee Club To Be Here Soon

The Sul Ross Women's Glee Club will be in Sanderson Tuesday, April 18. The club is now on a concert tour. The concert will consist of a variety of numbers including standard glee club numbers, sextettes, and solos. The director of the club is Miss Irma Lee Batey. The Sanderson High School Band will sponsor the concert.

—The Eagle News

SHOP RECEIVES WOOD SUPPLY

Mr. R. G. Margan, instructor in woodwork in the Sanderson Schools, has received a shipment of wood stock from the mills for use in the woodwork classes. The wood consists of walnut, poplar, oak, maple, and other woods. The boys buy the stock and a fund will be kept on hand to buy wood. The wood is of rough finish and will be used by the boys in the making of various pieces of furniture, which will become personal property of course.

FRANK WEIGAND

Reports the sale of a Plymouth Deluxe four door sedan and a Plymouth Deluxe coupe to S. L. Stumberg and a GMC pick-up to M. G. Bustos.

ATTEND FEDERAL COURT

Sheriff Jim Nance, Deputy Sheriff Andy Anderson, and John Toms, customs officer covering territory between El Paso and Brownsville, attended Federal court in Del Rio Monday.

English Club Formed

The fourth year English class last week organized a club which is to meet every Friday at 3 o'clock. The members of this club are the members of the class. Bobby Allen was elected president, Elizabeth Brown, vice-president, Robert Chandler, secretary, Emma Fay Harris, treasurer and Margaret Bowman, reporter.

Every Friday the club will have a program arranged by a special committee which is appointed every week. Each member will take part on these programs at some time or other. The purpose of the programs is to teach the pupils to be more at ease when giving speeches and to learn the correct procedure of a club meeting.

The club has been named The English Club until a better name can be found. Miss Sweeney is sponsor.

—The Eagle News

Mrs. Joe F. Brown and mother, Mrs. M. J. Shurley, accompanied by little Miss Jo Ann Secrest and Mrs. W. H. Savage and children, Billy and Jackie, were visitors to San Antonio Friday. Mrs. Savage and children returned to Sanderson Sunday after visiting with Mrs. J. W. McKee, mother of Mrs. Savage who has been there for the past several days. The others remained over for the Presbyterian session which is being held this week.

IN APPRECIATION

We wish to thank our many friends for services rendered and lovely floral offerings during the illness and death of our beloved Mother and Grandmother.

Mr. and Mrs. C. W. Martin and family

BR-R-R, IT'S COLD

A sudden midwest cold wave didn't catch this newsboy unprepared. He foiled the wintry blasts with a makeshift stove and a couple of gunny sacks. He also added a couple of sweaters to his ensemble.

FERGUSON MOTOR CO.

Reports the sale of a ton and a half truck and trailer to Roy Mason and a Ford pick-up to John Carruthers.

RECOVERING

Ora Mae Blackwelder, daughter of Mr. and Mrs. J. R. Blackwelder is recovering from an attack of scarlet fever after several days of severe illness.

Mrs. Sue Douglass returned to her home in San Antonio Thursday after an extended visit with her brother, W. E. Lea and family.

Harry A. Davis and son Billy, has returned from Farmer City, Ill., where Mr. Davis was called to be at the bedside of his mother last week. His mother, Mrs. William Tope, is reported to be improving.

HE'S IMPORTANT!

"Sun Tan," riding horse once owned by the late Arthur (Dutch Schultz) Flegenheimer, New York racket king, felt pretty important when his name was mentioned during the trial of James J. Hines, Tammany chief, who is accused of conspiracy in the "numbers" racket. District Attorney Thomas E. Dewey asked what had happened to "Sun Tan," who was far too busy enjoying his oats to care about trials or rackets.

Get vision with purpose; move forward.

Church Services

CATHOLIC CHURCH

Sunday, First Mass at 8 a. m., Second Mass at 9 a. m. During the week, Mass every morning at 7:30 a. m. Rev. C. Varona, Pastor

At 7:45 p. m. the Woman's Auxiliary will give a program, showing the work done the past church year.

Prayer and Praise Service Wednesday at 7:45 p. m. John V. McCall, Pastor.

TENNIS

Hopes are high and practice is plentiful. The courts are kept hot from daylight to dark on week-ends and off and on all day on school days.

There seems to be more interest in tennis this year. More interest, more practice, more fun and better tennis players. S. H. S. has entries in every division of tennis this year, and as I said before, HOPES ARE HIGH.

Let's take a peep to see who's who and who we are really putting out the hope for: Chichi Canon—how did she get on here, you say. Well some say it was lucky game or games but I say that it was good tennis. Yes, she beat E. L. O'Neill by a narrow margin, so she goes to Biconity in Girls Senior singles. Ralph Burleson—Yes, he's going too. He beat several good players but the main thing is that he won. What? Oh, no, he is only a Jr. but he is playing Sr. tennis (Listen, folks, don't get me wrong. There are only two divisions in tennis, Jr. and Sr.). He is playing singles, too. Did I hear you right? Did you say that singles are easier than doubles? That is where you are completely off. You have to run twice as much when you play singles. Next is Bernice Harris and Mary Belle Holebeke who are playing Jr. doubles. And playing them they are, and I don't mean maybe.

—The Eagle News

Mrs. Bill Lovelace and little son, William Duane, Mrs. J. W. Leatherwood and Mrs. Fritz Thorn left Saturday for Menard and Eden where they will visit with relatives. Mrs. Lovelace and Mrs. Thorn will visit in Menard and Mrs. Leatherwood will visit in Eden.

Pupils Enter Who's Who In Texas Schools

Pupils from Sanderson High School, senior girls, have been chosen to enter the Who's Who in Texas High Schools. The names of the girls are: Mary Beth Banner, Emma Fay Harris, Maxine Clatfelter, Margaret Gregory, Elizabeth Brown.

The purpose of the Who's Who is "to promote, to encourage, and to attempt to maintain the qualities of leadership, character, scholarship, sportsmanship, and extra-curricular activities among high school students, and to assist worthy students of limited means to obtain an opportunity to receive higher educational training." We are very proud of all students who entered the Who's Who.

—The Eagle News

Letters From England

Mr. Holt received through the Rotary Club, four letters from students in Skegness, England. The Seniors are answering these letters in their English class. The letters contained information about the little village in which the two boys and two girls live in and about what these four had as hobbies. It is hoped that personal correspondence can be started between these students and some members of our own Senior class.

Let's go America, get the lead out of your shoes.

Teacher Honored

Bernie Morgan, former pal of the Sanderson School, who is now a student in the department of Chemical Engineering of the University of Texas, was recently elected membership in the Phi Epsilon Fraternity. This honor awarded to the toping students in the field of chemical engineering. Mr. Morgan, instructor in the Arts in the Sanderson School.
