

# THE SANDERSON TIMES

SANDERSON, TEXAS FRIDAY, August 18, 1939

NUMBER 24

## RECRUITER FOR NAVY TO VISIT HERE AUG. 22

A representative from the U. S. Navy Recruiting Station at El Paso will call here August 22. Young men of the community who desire information about the Navy, or are interested in enlistment in the Navy will find it advantageous to call at the Sanderson postoffice on that date, or leave their name and address with the Postmaster with a request for information they desire. Applicants for enlistment must be able to pass a rigid physical examination and mental tests; must be between 18 and 25 years of age, and have the consent of their parents to enlist. All enlistments are for a period of six years.

## Street Paving Is Completed By Cage Bros. Wed.

The paving of the seventeen blocks of Sanderson streets was completed Wednesday of this week with Cage Bros. doing the work.

Grading and rolling of the streets has been done for some time, and the recent rains did much good to settle the base and assure a better street after the asphalt topping was put on. The paving is 20 feet wide, allowing ample room for cars in passing and it is already noticeable as to the amount of dust that has been eliminated along the streets that are paved.

A move is under way at the present to establish a road improvement district, or make it a countywide affair and pave the balance of the streets while the present contracting company has all the necessary equipment and men here. The price will be much more reasonable, according to contractors, than it would be if it were necessary to haul the equipment back. It is understood that an estimate of the cost of the entire project will be obtained so that the matter may be more carefully gone into and the best course of procedure determined.

## DRYDEN RODEO PLANS COMPLETE

The Dryden rodeo is ready to go according to word received from Joe Chandler and Roger Rose, promoters for the one-day event there Saturday, August 26.

No other event has been announced this week, but there will be ample thrills in the calf roping, goat roping, wild goat milking, saddle horse races, and the big dance that night with music by Mack Rogers and his orchestra from the Gunter Hotel of San Antonio.

The big event of the day will be the free barbecue that will be given at noon. Mr. Chandler and Mr. Rose state that there will be ample for all, and invite you to come out and enjoy the day with the fine folk of Dryden.

Mr. and Mrs. Walter Grigsby and daughter Sara Pat, and Mr. and Mrs. Lee Grigsby visited Saturday and Sunday in McCamey with Lee Roy Grigsby. They were met by Ervin Grigsby who has been in San Angelo the past few weeks for treatment. He and Mrs. Grigsby left San Angelo Tuesday for Temple where he will receive further treatment.

Several drives had been made after this bunch of coyotes by where they have been killing.

Joe Brown of Sanderson has bought around 1,800 old ewes from C. H. Arvin, C. C. Mitchell and the Downie ranch.

Tip Frazier of Sanderson has sold around 1,100 lambs to John Weigand and John Joe Zeller, buyers from Alexander, Ill. who have been in the Sanderson country this week.

## In Memory of Typical West Texan

By a Friend  
In the passing of Harry P. Goode, Terrell and Crockett counties lost one of their most progressive young ranchmen and

HARRY P. GOODE

his untimely death at Philadelphia, on July 29, 1939, after a long illness brings to his people and his host of friends a definite note of sadness.

Harry P. Goode was born on the old Berry Ketchum ranch situated on the line between Pecos and Terrell counties, Nov. 28, 1904, being the youngest child of M. H. Goode, Sr., and Eva Goode. The family is one of our oldest and most prominent ranch families, having settled in the Trans-Pecos section prior to the turning of the century.

Young Mr. Goode attended elementary and high school at Ozona, and did his college work at St. Louis College (Now St. Mary's College) of San Antonio. Upon leaving college, he assisted his father in the operation of the Goode ranch properties on the Pecos River but during the past few years he engaged in operation of his own ranch and was at the time of his death owner and operator of one of the most successful ranches in Crockett County.

Much has been said of typical Texas men and indeed Harry P. Goode, affectionately known to his many friends as "Dunk" Goode, was of the definite Texas type. Standing more than six feet, genial and lovable by nature; meeting his fellow Texans with that open friendly and affectionate manner so characteristic of a true West Texan.

In the course of 34 years of life among his relatives, neighbors and friends, he was admired and loved for his sincerity, loyalty and kindly outlook. The loss of so splendid a young man, while keenly felt by his loved ones, is equally felt by his friends over the several counties of West Texas in which he had spent his entire life time.

The funeral services were conducted by Rev. Stanley Cusman, of St. Mary's University and interment was in the Cedar Grove Cemetery at Sanderson.

He was survived by his parents, a brother, M. H. Goode, Jr., and four sisters; Mrs. Chester Dugger, Mrs. Jack Hoover, Mrs. E. McSparran, and Mrs. Wilson Banner.

The pallbearers were: Joe and Babb Friend of Ozona, Gene McSparran, Jack Hoover, Chester Dugger and Wilson Banner. The honorary pallbearers were Tom Breeding, Walter Stansell, Wallace Henshaw, William Lee, Hollis Haley, Clarence and Ernest Jessup, Herman Paul, Rosy Merk, Elbert Lee, Red Sexton, Johnny Watts, Doc Turk, Hicks Canon, Elmer Sutton, Clarence Chandler, Ben Dawson, William Vaughan, Donald Duncan, Robert Kerr, Willie Banner and James Haley.

Houston Stokes came in Tuesday from Robert Lee where he and his mother, Mrs. Theresa Friend, have operated a variety store for the past several months. They have moved that store here and will combine it with the Friend's Variety Store here. Mrs. Friend and Mr. Stokes will also remain here with the store.

## 33 STUDENTS ARE ATTENDING SUMMER BAND SCHOOL

The summer band school that was started August 7 under the direction of C. F. Pickard, band director for the local school system is well under way and making splendid progress.

There are thirty-three of the band members taking courses in instrumental music at the present time with new students coming in every week. Following is a list of the students, the instruments they play and the time of lesson for each of the different instruments.

Clarinets: Jimmie Wilkinson, Ross Underwood, Wilton Murray, Edward Chastain, Bland Gates, Ora Mae Blackwelder, Jackie Lester, Roy Davis Holt and Nancy Holt. Instructions from 8 to 8:30 a. m.

Cornets: Noel Stirman, Willie Grigsby, Betty Hurst and Joe House. Instruction from 8:30 to 9.

Flutes: Edna Mae McAdams, Vivian McKnight and Betty Ann Peavy. Instructions from 2 to 2:30.

French Horns: Francis Grigsby, Charles Daniels and Will J. Murrah. 1:30 to 2.

Saxophones: J. D. Vincent, Charles Rogers, Edward Wheeler, Billy Savage, Dan Murrah and Clyde Griffith. 9:30 to 10:45.

Drums: Mary Belle Hollebeke, Emma Faye Harris, Bernice Harris and Roberta Lochausen. 9 to 9:30.

Baso Horn: David Duke, 1 to 1:30.

Baritone: Frank Stavley, 2:30 to 3.

Trombone: B. F. Davis, 3 to 3:30.

Baton twirling will be taught at 3:30 in the afternoon and a general rehearsal will be held each morning at 10:45.

Plans for the band during the next school year call for a 50-piece band in uniform by spring contest time and Mr. Pickard states that from the interest being shown in the summer session this will not be too great a task.

Band boys and girls who live on ranches are invited to visit the school at any time they are in Sanderson. The invitation is further extended to anyone, boy or girl, who would like to try out for drum major for the coming school year. This position was left vacant with the graduation of Miss Mary Beth Banner.

Plans are being made for a program to be rendered at a later date by the students to show the progress they have made during the summer school.

Mr. and Mrs. Jack Laughlin arrived Sunday from Pearsall to visit with Mr. and Mrs. J. C. Green. They left Wednesday or Columbus.

## 6-Year Fugitive Captured Here Tuesday Night

Ranger Pete Crawford and the local sheriff's department arrested a man here Tuesday night known as Paul G. Weston, who admitted that he was Pedro Pete Flores, San Antonio fugitive slayer who was convicted of the murder of Dave Trevino in December, 1932.

Rangers Lee Miller and Crawford, acting upon a confidential tip that Flores was employed by the State Highway Department under the name of Paul Weston, the two officers came to Sanderson Monday and began a quiet investigation. After secretly obtaining a photograph of the suspected slayer, the rangers verified the identification and immediately took Flores into custody. He was taken to the Bexar County jail Wednesday morning.

Following the arrest, Miller said that Flores had been employed by the highway department as a laborer for the past four years. Previous to that time he had worked for one year as a laborer for the City of Corpus Christi.

Records in the criminal district court show that Flores was arrested for the slaying of Trevino in August, 1932. He was immediately convicted of the offense. A motion for an appeal was filed and Flores was released on bond. Early in 1933 the Court of Criminal Appeals sustained the conviction of Flores and upheld the penalty of 15 years in the penitentiary.

## PROF. STEWART OF BAYLOR UNIV. TO PREACH HERE

A telegram received here Thursday from Rev. Taft Holloway, who is in a revival meeting at Gatesville, states that Prof. Boyd Stewart of the English department of the Baylor University will speak at the Baptist Church at both the morning and the evening hour of services Sunday. The public is cordially invited to hear him at both of these services.

## TRY OUT WITH BROWNS

Pat Harris and Albert Weigand returned Friday of last week from San Antonio where they went to try out with the St. Louis Browns baseball club. Frank Weigand, father of Albert, went down for them and to attend to other business. Out of nearly 400 boys who tried out at the Camp only two were offered contracts. The local boys plan to try again next year.

J. W. Downum left Sunday for Mineral Wells where he went for rest and to take the hot baths.

## Fire Insurance Premiums Cut By Commission

A cut of more than \$2,500,000 a year in fire insurance premiums was announced Monday by Texas Fire Insurance Commissioner M. H. Hall.

The reduction, an overall slash of more than 10 per cent applies to premiums on residences, on certain stores and stocks of merchandise and on many types of industrial buildings and plants.

It brought to more than \$6,000,000 a year, reductions in fire insurance premiums put into effect within the last three years. This was the fourth successive reduction, and supplemented an increase in the good fire record savings afforded cities and towns of low fire loss records.

Altogether, fire insurance costs have been cut approximately. (Continued to page three)

## Pierce Brooks Heads Texas Safety Council

The Texas Safety Council, a state wide non-profit organization, engaged in promoting safety in Texas today elected Pierce

PIERCE BROOKS

Brooks of Dallas, former Director, as President. The organization was formed in 1933 by leading Texans, and since that time has been a powerful factor in the education of Texas people on safety matters, and in the reduction of the annual accident death rate.

George A. Davidson, Jr., of Eastland was elected Vice-President; M. E. Gregory of Dallas, Secretary. Headquarters of the organization are in Austin. Officers and directors of the Council devote a portion of each year without charge to the promotion of safety campaigns in the state. Captain J. C. Tappe, head of the Traffic Department, has been active, particularly in the last year, in organizing Junior Safety patrols throughout the State. As a result of his work in co-operation with the Director, 32 local committees were affiliated with the State Organization in the last year.

Officials expressed the thanks of the council to the Civic Organizations of the state for their co-operation in the past year, and especially commended the newspapers for their splendid co-operation in the program to make life on the streets and highways safe.

"The last reporting month in Texas showed an increase in traffic deaths for the first time in 18 months", Brooks said. He again urged the people to observe these rules:

If you are drunk, don't drive. Read, Believe and Observe road signs.

Don't pass cars on inclines or curves.

Remember the human element is the most important in driving an auto.

Keep your car under control at all times.

Homer Adams of San Antonio is here visiting with friends this week.

Mrs. Marvin Kelly returned home Wednesday from a weeks visit in Brady and other points.

## Longhorns Defeat Alpine Club Sunday Afternoon

The Sanderson Longhorns sent the Alpine Internationals away with the little end of the score Sunday afternoon when they met that club in a return game on the local field. The Alpine club defeated the locals 13-2 in a game played at Alpine July 30.

Baseball fans saw one of the best games of the year with very few errors on the part of the Longhorns, and a hitting streak that was little less than sensational. Albert Weigand led in the hitting taking two doubles out of five times at bat. McDonald and Nance followed with 3 hits and Bogusch with two. Lea, Litton, Lochausen, Dishman and M. H. Gray, who caught for the locals due to a crippled neck of the regular catcher, Pat Harris, each turned in a hit. Total hits for Sanderson was seventeen as compared to 11 hits for Alpine. Bogusch did the hurling for the locals.

Runs were made by Lochausen, 2; McDonald, 3; Weigand, 3; Nance, 2 and Gray 1, totaling 11 runs with Alpine scoring 5 runs. Bogusch had 5 strikeouts and the Alpine hurler obtained 7.

## GOLDWIRE, PRICE RITES HELD THURSDAY NIGHT

Beacon Hill Presbyterian Church was the scene of the wedding Thursday night of Miss Mary Louise Price, daughter of Mrs. Marvin Price, and William H. Goldwire, Rev. D. H. Kirkpatrick officiated.

Floor baskets filled with white gladioluses, giant white asters, regal lillies, white corona regina, and blue delphinium and tall wrought iron candelabra in which white tapers burned were arranged on the rostrum with palms in the background. Clusters of lillies of the valley were tied with white tulle bows to the side wall lights.

As the guests assembled, Miss Dorothy Frazier played "My Rosary," "I Love You Truly," "Liebestraum" and "Ave Maria."

Before the entrance of the wedding party, Miss Virginia Kirkwood, sister of the bride, sang "At Dawning" and "Because." The bride who entered with her father, C. C. Halbedel, wore an original model gown of white lace and net over slipper satin, the short puffed sleeves and fitted bodice with heart shaped neckline. The insertion extended the length of the bouffant skirt and long train. Her fingertip length veil of white tulle was caught to a coronet of tulle and she carried a bouquet of lillies of the valley and white orchids showered with narrow streamers of the tulle and valley lillies.

Miss Kirkwood, maid of honor; Misses Jané McIntosh, Nancy Price and Jean Carmen of Randolph Field who were bridesmaids, and Haidee Elizabeth Gerhardt, young daughter of Judge and Mrs. Raymond Gerhardt, who was the train bearer, were gowned alike in peach colored net over taffeta to match, fashioned with a basques with heart shaped neck and trimmed down the front with self covered buttons, short puffed sleeves and full skirts. They wore halos of braided net studded with blue forget-me-nots and carried colonial bouquets of blue delphinium and gypsophila and frills of tulle to match their gowns. They all wore gold necklaces with small gold crosses.

Lloyd Gant of Austin assisted as best man, and the groomsmen included Mark Dwyer, Jack Nichols and Howard Townsend. An informal reception was held after the ceremony in the home of the bride's father for the wedding party, members of the families and a group of intimate friends. A large spray of pink rosebuds in the center of the mantel and the tall white tapers at either end were reflected in the large mirror of the mantel. Pink roses and baskets filled with white gladioluses, asters and blue delphinium were arranged about (Continued to Page 4)

## It's Fun to Learn 3 R's Now

A modern method of teaching the three R's, typing is being taught fifth grade students in the demonstration school at the Texas State College for Women as a distinct aid to fundamental education. Myron Garner and Dorothy Mae LaSelle of Denton, members of the summer class, were taught by Miss Gladys Dell Poole of Huntington, senior student. Accuracy rather than speed was stressed in the daily typing lessons. Pupils taking the typing course made rapid progress in spelling and reading.

## Dryden News

Mr. and Mrs. A. P. Coles of El Paso were week end visitors of Mr. and Mrs. C. Smith. Donald Smith who has been visiting them, returned home with them.

Mrs. V. M. Mason and granddaughter, Barbara Mason left Saturday for San Angelo to visit Mrs. Eric Anderson.

Mrs. J. E. Hill and daughter, Pat, left Monday for Austin to visit her mother for a few days.

Mr. and Mrs. Oscar Bendele and daughter Ruth, returned home Monday from Del Rio. Miss Mildred Hawks of Eagle Pass returned with them for a visit.

Mrs. W. D. Chandler left Monday night for Fabens to visit her daughter, Mrs. T. L. Page.

Mr. and Mrs. Carl McWhorter of Eldorado and Miss Kitty Buchanan of San Angelo were week-end visitors of the A. F. Buchanan family.

Mrs. S. H. Chandler entertained with a birthday party for her little son, Billie Gene, who was six years old. Various games were played on the lawn. The birthday cake, cookies and punch were served to the following: Melby Winn, Kip Gatlin, Rudy Kessler, R. E. Mason, Donald Smith, David Lee Larson, Jimmie Merritt, Myrtle Louise Kessler, Evelyn Netherline, Betty Joe Chandler, Iris and Sue Martin, Edith Breg, Richard Chandler and the honoree.

Miss Martha Bassett entertained her Sunday School class Saturday afternoon from 3 to 5. Various games were played and thoroughly enjoyed by all after which refreshments were served to Billie Gene and Richard Chandler, Pat Hill, Melby Winn, Charles Peoples, R. E. Mason, Barbara Lou and Joy Rose.

Commissioners' Court reserves the right to reject any and all bids received.

## TEXAS OUT-OF-DOORS

Quail restoration work in Texas continues to advance with the announcement that the United States Soil Conservation Service and the Texas Game, Fish and Oyster Commission will co-operate in a 42,000 acre project in the Falls, Milan and Bell counties on the North Elm Creek watershed, eighteen miles north-east of Temple.

Agreement to use the solid block of 42,000 acres for the restoration of quail and for demonstration of sound farming practices by the Soil Conservation Service was reached by Will J. Tucker, executive secretary of the Game Department and Homer G. Towns, regional biologist in Charge of the Soil Conservation Service wildlife program. The project is the largest attempted by the Game Department in quail restoration work and it is believed that fully 100,000 acres of Texas black land will be benefited by the overflow of quail that specified owner's acreage, to be raised on the project proper.

The Game Department and Soil Conservation Service are co-operating in providing natural and permanent improvements will restore quail to a ratio of on the land which, it is believed, approximately an average of one bird to six acres for the entire 42,000 acres.

Fenced areas ranging from one-fourth to five acres in size will be constructed on each of 240 farms in the North Elm Creek area. From one to ten of these will be placed on each farm, depending on the size of these areas are fenced to exclude and sheep and thus to prevent overgrazing of the foods and cover needed by Bob White.

A large variety of shrubs, which will provide shelter for the quail will also be planted throughout the area. Large sections of fence rows which are now without vegetation of any kind will be replanted with bushes. These will not only provide suitable habitat for quail but will also assist in preventing soil erosion. Gullies, many of which in the area are now clear will also be planted with shrubs which will also help check erosion and provide food and shelter for the birds.

It has been demonstrated, many times that wildlife management and sound farming practices go hand in hand. Co-operation by the Game Department and the Soil Conservation Service on the

North Elm Creek project will further tend to demonstrate this double-barreled improvement of farm lands.

Dr. J. A. Nicholson, regional game manager for the Game Department, and Robert Mauer-mann, an assistant biologist for the Department, have been assigned to co-operate with the Soil Conservation Service officials on the project.

The woods and plains abound with unusual stories, but the most unique occurrence observed recently was in Hudspeth County, where a herd of 25 antelope was seen chasing two coyotes for several miles.

State Game Warden W. D. Stubblefield was riding with Bob Ingram of El Paso along a draw on the old Mitchell Ranch when suddenly a coyote came up over the ridge with approximately 25 antelope in close pursuit. Stubblefield stopped his car. The antelope chased the coyotes over the other side of the ridge without noticing the men, who drove to the top of the ridge to see the antelope chasing the coyotes. First one and then the other closed in on the coyote. Suddenly another coyote jumped up with the first coyote and Stubblefield and Ingram continued to watch the unusual pursuit for approximately a mile. Then the coyotes and the antelope made a turn toward the car. When the antelope spied it, they stopped, stood for a few seconds, then took out across the hills. The coyotes also disappeared rapidly—in another direction.

Pure albino squirrels that is those which are all white and have pink eyes are extremely rare but occasionally found in Texas woods. However, the spotted squirrel, which is black and brown is more unusual. In fact, was found just recently. Yet, the first of that type to be reported to the Game Department strange as it may seem, an albino squirrel and a black and brown nut-eater were both located within a few miles of each other near the East Bernard River not far from Cat Spring, Texas, recently Mr. Emmett Knepton of Cat Spring captured the

## "Sunset Trail" Proves Vivid Frontier Tale

Best of the always-good "Hop-along Cassidy" films to date, is "Sunset Trail," which comes to the screen of the Princess Theatre Friday and Saturday.

"Hopalong", played again by the popular William Boyd, is the man who gambles with his life while seeking to make stage coach travel to Sacramento safe for law-abiding citizens. Before "Hoppy" comes on the scene, a respected member of a small cattle community has decided to retire, and has sold his last herd of cattle to a member of the community who is a gambler, and the head of a band of outlaws.

When the transaction has been completed, the retiring rancher departs for Sacramento with his wife and daughter. The gambler and his band waylay the stage coach, murder the man and repossess the money. "Hoppy", who has long suspected the gambler of robbery, now decides to make travel safe.

Posing as a tenderfoot, "Hoppy" flashes money until he lures the gambler into a card game. Needing possession of some of the gambler's money to prove that he committed the robbery and murder, "Hoppy" stakes his chances of securing it on the turn of a single card. "Hoppy" wins and fights it out with the gambler and his outlaws in a thrill-packed chase.

The cast of this Cassidy again includes "Hoppy's" pals, Russell Hayden and George Hayes, plus a large group of favorite outdoor players. Lesley Selander, director of this series handled "Sunset Trail." Harry Sherman produced, marking the twenty-second milestone in this popular series, which he originated.

IT GUARANTEES YOU THE COLDEST BEER IN TOWN

HI-WAY CAFE  
HENRY MANSFIELD, Owner

albino when it was extremely young and has raised it in his back yard. Mr. Knepton also reported the black and brown spotted squirrel, which was killed by a hunter near his place.

Bird migrations from the North to the South into Texas has already started. Long-billed curlews and upland plovers have been seen in the South-central areas. They are the forerunners of a number of other species of migratory birds including not only the ducks and geese but song birds such as robins, starlings, meadow larks, mourning doves, several varieties of sparrows, warblers of several different kinds, and buntings.

Teal, one of the smaller species of ducks are usually among the first of the ducks to migrate to the South each year. However, hunters generally regard them as migrating in September, October and November. Representatives of the Game Department sighted teal as far South as Laredo in early August last year.

Fish dynamiters in Terrell, Crockett and Pecos counties have every reason to be more cautious than usual. The sportsmen of those three counties have banded together to co-operate with the game department in preventing dynamiting of fish and have raised a considerable fund to be paid to the person or persons responsible for the arrest and conviction of persons dynamiting in

the streams and lakes of three counties. State Game Warden O. Z. Finley, of Del Rio, and Warden Tom Redford, of Davis are investigating.

If your automobile is in a train collision, the odds are 3 to 4 that the driver will be killed.

### Citizens Should Work to Protect Health of Youngsters

Assembling of students in the schools of the State next month calls to the public attention the definite health responsibility of parents and teachers, as well as health workers, and is the subject of an address from the state Department of Health to the citizenship.

"A public health education program is an outstanding factor in the development of the physical mental and social welfare of the school children of today," said Dr. George W. Cox, State Health Officer. "Health teaching should be a basic part of every educational program."

"Practically every phase of the school system is related to some part of health. Housing, screening, diet, disposal of wastes, exercise, rest, even the manner of daily contact with others, all have a direct bearing on health. Schools must treat the child as a whole—with his physical condition related definitely to his mental and emotional capacities."

Prevention is the all important factor in the control of communicable diseases. "Communicable" as we all know—describes that kind of disease which may be imparted or transmitted from one person to another, either by personal contact or through any other method. One by one, the communicable diseases such as smallpox, diphtheria, whooping cough and typhoid fever, are being controlled by preventive or immunizing agents. It is much better for all concerned that the child should be protected from ever taking these diseases, which often leave some condition that will cause trouble in later life.

Assume your responsibility in the community and work for the development of health education which will pave the way to a better health in the future.

### C. Colbert and Stewart Coming In Mad Comedy

A new comedy theme bringing a delightful team in unusually novel and daffy complications, comes to the screen of the Princess Theatre Monday and Tuesday when "It's a Wonderful World" makes its local debut starring Claudette Colbert and James Stewart in the male lead. Catching the elusive spirit of Claudette's Academy award hit "It Happened One Night," the new romantic comedy strikes out into new zany channels both in characters and plot. Stewart is an All American football player cast as a private detective hired to keep an irresponsible, oft-married millionaire playboy out of trouble. Miss Colbert is, of all things, a poetess. When the millionaire playboy is murdered and Stewart is innocently involved, Miss Colbert joins forces with him in solving the murder. The complications run wild, the work of amateur detective is

### HOLD THAT TIGER!

NEW YORK (Special)—Here's one way to make a living in a profession that's never overcrowded. Captain Proske is literally putting his head in the tiger's mouth at Frank Buck's Jungleland at the New York World's Fair. The beast with the meal on the tip of her tongue is Lily, aged seven.

### Bureau's Job Is to Burst Bubbles Of Treasure Hunters

Bursting bubbles of excited treasure trovers is often the duty of staff members of the Bureau of Economic Geology at the University of Texas.

Part of the bureau's job is to offer a mineral examination service to the people of Texas, its director, Dr. E. H. Sellards, explained.

In the stream of minerals that flow into the laboratory are "gold nuggets" which the bureau assayers must regretfully identify as iron pyrites—glistening but worthless; or "diamonds" which turn out to be plain glass, somehow buried underground.

Last week six "Indian diamonds" were submitted to the bureau by a Texan who reported obtaining an ancient map marking the whereabouts of 1,200 diamonds and a pot of gold coin. A bureau geologist told this glum listener the "diamonds" were actually discarded lithographer's glass marbles, whose use in zinc etching lends the glass a carbon appearance and a clear blue transparency.

Examining a fragment of "ore" allegedly chipped from a fifty-pound mass discovered in South Texas near the border, a bureau geologist identified pure silver. Further examination revealed the silver had been poured on the ground in a molten state—apparently in great haste. Smugglers, not a solid silver outcropping was the answer.

Very often, however, bureau examinations reveal that submitted samples have commercial value. It was out of a bureau report years ago to the Universities board of Regents that the presence of oil in the Permian Basin of West Texas was first suggested. Potash is another of the bureau discoveries.

more than wised and Stewart even socks Miss Colbert on the jaw. But it all romps to a happy ending.

Involved in the hilarious doings are Guy Kibbee, Nat Pendleton, Frances Drake, Edgar Kennedy and Ernest Truex. Adding excitement to the comedy angles, the story offers a number of hairbreadth escapes, topped by Stewart's mad leap into the river from a speeding train while handcuffed to Pendleton. It has a performance of "What Price Glory?" in which another scene Miss Colbert, believing she is in the hands of a desperate criminal, sets fire to her car with a cigarette lighter. There are a couple of spine-tickling murders, with a third barely prevented, and the hectic action moves through a series of no less than forty seven sets encompassing the high spots and hot spots of New York.

Directed by W. S. Van Dyke II, who lists among his successes "Stand up and Fight," "Marie Antoinette" and "The Thin Man" "It's a Wonderful World" was produced by Frank Davis who has given the screen such films as "Lord Jeff" and "The Devil is a Sissy."

### INSURANCE—

(Continued from page one)

ly 40 per cent below those of 1936, Mr. Hall reported.

The overall reduction, effective on policies written on or after September 1, applies to property representing the largest part of the premium volume of fire insurance in Texas. The reduction order covers dwellings, apartment houses and rooming houses, most mercantile buildings and certain stocks of merchandise, publicly owned buildings, hospitals, poor farms, churches, orphanages, schools, public libraries, filling stations, garages, ice factories, breweries and bottling works, creameries, funeral homes, cotton gins, cottonseed oil mills, sawmills, creosoting works, electric light plants, pier and wharf properties, all sprinklered and fire-proof properties and many others.

One of the most important of the changes announced by the Commissioner was the extension of the 25 per cent maximum good fire record credit to all cities and towns of Texas now eligible for fire record credit or penalty. Formerly, the maximum credit for cities with less than \$20,000 in annual fire insurance premiums, was only 15 per cent for good loss records. Maximum penalty for bad fire loss records in cities eligible for participation in the fire record system remains at 15 per cent. Texas is the only state in the Union which allows credit in the fire insurance rate for cities with low loss records, Commissioner Hall said.

This is the fourth successive reduction in less than four years. When these reductions are considered with the increased good fire record credits which the commission has promulgated during my incumbency, it means they will bring a saving of approximately 40 per cent over 1936 to Texas insurance policy holders, Commissioner Hall said.

The successive reductions, and increase of the good fire record from 15 to 25 per cent, have been in part made possible by the fire prevention campaign which the fire insurance department began

when he took office, Mr. Hall pointed out. This program has been that of co-operation with fire marshals and fire chiefs, the introduction and extension of fire-prevention study in the different schools, vigorous investigation of suspicious fires, the prosecution and conviction of "fire bugs". A wave of high fire losses starting in the depression was checked and the tendency swung back to a marked decline in Texas fire loss records, Commissioner Hall showed.

Mr. Hall recalled that in 1937, the board entered an order eliminating many of the charges in the schedules, which meant a saving of \$1,000,000 a year to policy holders in the dwelling classification alone.

On June 15, 1938, another reduction order became effective which reduced insurance costs by approximately 10 per cent, or \$2,500,000 per year.

The new reduction, effective September 1, will bring a saving between \$2,500,000 and \$3,000,000 a year the department computed.

"We can keep fire insurance costs to a minimum in Texas," Commissioner Hall said by continued practice of effective fire prevention."

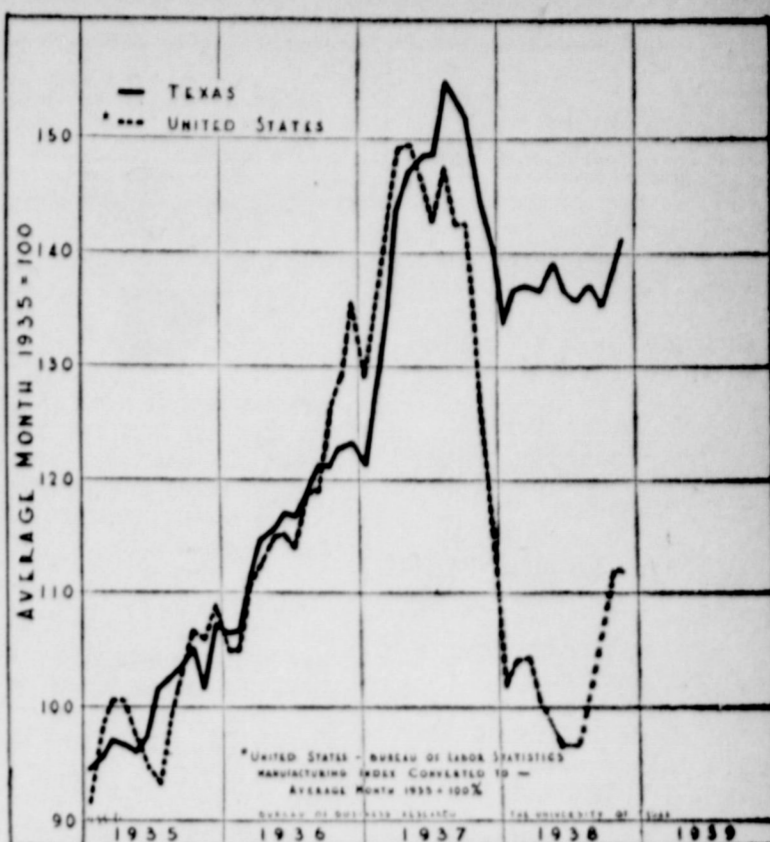

Only two small classifications of property will have their fire insurance rates raised on policies written after September 1, according to Hall. The high losses experienced by wholesale grocers justified a 5 per cent increase in their rate after Sept. 1.

### CLOSE HAIRCUT HARMFUL TO LAWN

Don't give your lawn too close haircut this warm weather. During the hot summer months lawns should not be cut closer than two inches, advises Sadie Hatfield, specialist in landscape gardening for the A. and M. College Extension Service.

Pulling or digging weeds before they go to seed is also advocated by the specialist.

### Mmes. McKee and McCall Hostesses to Presbyterian Circles

The two Presbyterian Circles were entertained Monday in the home of Mrs. J. W. McKee and Mrs. J. V. McCall.

Mrs. D. A. Pollard and Mrs. W. H. Savage led helpful worship services on "Characteristics of the Subjects of the King." These were taken from the sermon on the Mount.

After brief business sessions, a discussion topic entitled, "What I'd like of the Adults of my Church" was directed in each circle by Mrs. R. S. Wilkinson and Mrs. Earl Pierson. This was a symposium written by ministers of large churches and small and was a very practical subject that every member could do well to study.

Refreshments were served by both hostesses at the close of the program.

### ATTEND FAMILY REUNION SUNDAY

M. and Mrs. Greene Cooke and family and Mr. and Mrs. Virgil Oden and family were visitors to Ozona Sunday where they attended a family reunion of the Cooke family at the home of R. J. Cooke, father of Mrs. Oden and Mr. Cooke.

The reunion was in celebration of Mr. Cooke's 62nd birthday and was the first time that the family had gathered in the past 18 years. There were a total of 32 members of the family present to enjoy the occasion.

Mr. and Mrs. Cooke and family and Mr. Oden, accompanied by J. H. Sawyer of Ozona, and Ben Jones of San Angelo, returned to Sanderson Sunday night. Mr. Sawyer and Mr. Jones visited the first of the week here before returning to their respective homes.

Miss Jean Draper of Memphis left Thursday for her home after visiting here about two weeks in the home of Mr. and Mrs. Bustin Canon.

### Art At S.F. Fair

Italian art valued at \$30,000,000 has been viewed by thousands at the California World's Fair, and will be seen by many more thousands, for all of the fabulous collection will remain on Treasure Island until the Exposition closes. Pictured is the world-famous bronze Statue of David, with the head of Goliath, by Verrochio, lent by the Firenze National Museum. The art will go direct to Italy from Treasure Island never to leave again, according to Italian decree.

### Culture Club Holds First Meeting Thursday

The first regular meeting of The Sanderson Culture Club for the year was held in the home of Mrs. A. D. Brown with Mrs. Hugh Rose as co-hostess. Mrs. Ira Deaton presided at the meeting.

An interesting program of Adventures of Reading will be studied during the coming year, and plans were made at the meeting for other activities for the future. New committees were also named by the president at this time.

During the program the following books were reviewed: Paradise by Esther Forbes was given Mrs. J. H. Loehausen and Galloway Hill by Francis Winwar was reviewed by Mrs. H. E. Ezelle. Careful study was made of these books and the reports were thoroughly enjoyed by members of the club. Mrs. Robert Gatlin gave a timely and beneficial discussion of the constitution and its importance to the members.

Those present for the first meeting, and who enjoyed the delicious refreshments plate were:

Mesdames A. E. Creigh, Jr., Ira Deaton, H. E. Ezelle, F. S. Garrison, R. A. Gatlin, H. C. Goldwire, J. R. Goodykoontz, W. N. Lea, J. H. Loehausen, O. H. McAdams, J. V. McCall, J. W. McKee, Jesse Moore, John Nichols, Landon Rose and W. H. Savage.

### "ROSES ROUND THE DOOR" BENEFICIAL

That old idea of "roses round the door" is not only sweetly sentimental but of scientific value, says Bernice Clayton, specialist in home improvement for the A. and M. College Extension Service. Vines on trellises used as screens do not cut off the air from farmhouse windows and doors, and they are effective in reducing solar radiation on the walls of the house, recent experiments have proved.

Because the vines are lower in temperature than the house, it is also believed that they take heat from the walls by radiation, she says.

Mr. and Mrs. M. H. Goode, Jr. returned to their ranch home at Dilly last week after attending the funeral services of their brother, Harry Goode.

### GOLDWIRE PRICE—

(Continued from page 1)

the living room and in the dining room.

Mrs. Price wore a gown of pale pink silk lace over pink pussy-willow taffeta, and her corsage was of pink rosebuds and dark blue delphinium. Mrs. Goldwire's own of white marquisette had an accordin pleated skirt and a bodice embroidered with tiny pink and blue blossoms. With it she wore a jacket of the net with sleeves and a corsage of pale blue delphinium and pink carnation petals.

An Italian lace cloth covered the table in the dining room, and was centered with pink and white roses, gladioluses and lillies and flanked by white tapers in silver holders. The bride's cake was embossed with pale pink sugar spun roses and lillies of the valley. Mrs. J. M. Adams and Mrs. C. E. Tallman were assisted in serving by Mesdames Gerhardt, H. H. Osborne, C. C. Halbedl and Frank Bierschwale.

Mr. and Mrs. Goldwire left later in the evening for a stay of two weeks in Mexico City, the bride traveling in a black sheer wool frock trimmed in white with which she wore black accessories and a corsage of white orchids. They will be at home on their ranch, Alambre de Oro, near Sanderson, until the opening of the University of Texas, when they will go there to resume their studies.

### Future Cowboys, Cowgirls to Meet In El Paso

El Paso—Future cowboys and cowgirls—the boys and girls of the Southwest—are heading their cowponies toward El Paso for the seventh annual El Paso Herald-Post Kids Rodeo to be held Aug. 31 and Sept. 1 and 2.

The Kids Rodeo was the first in the world staged only for kids under 16 years of age with all boys and girls invited.

The Kids Rodeo will be followed by the Range Hands Rodeo Sept. 3 and 4 for real cowboys. Professionals are barred from this show.

Rodeo officials are planning the biggest show yet held. Prizes are bigger, the programs are spicier, faster and more thrilling. And there'll be plenty of fun for everybody.

Cash and merchandise—boots, spurs and chaps, knives, rackets and a hundred other items for the kiddies will total more than \$1,500. And the range hands will compete for \$1,700 in cash.

In the kids rodeo there will be cash day money prizes, cash for stake race heat winners, cash and merchandise for first, second and third places in all major events. And a big championship prizes for the best young cowboy and the best young cowgirl.

The program for the two rodeos include a big square dance in Liberty Hall to which everyone is invited. Range costumes and dances and melodies of the range will prevail.

Communities of the Southwest have been invited to enter their prettiest cowgirls in the contest for queen of the rodeo, and a cash prize.

A covered grandstand is planned for the rodeo field, and the rodeo arena is being put in first class condition for the big show. Youngsters who wish to enter the Kids Rodeo should write the Kids Rodeo editor, El Paso Herald-Post for an entry blank. It costs nothing to enter.

John Joe Zeller, John and Mike Weigand of Alexander, Ill., arrived here for a visit with Mr. and Mrs. F. M. Weigand.

Ed and G. Downie returned Thursday from San Antonio after visiting relatives there on Wednesday and attending the Junction rodeo on Thursday.

Mrs. Edith Lane left Monday for Marfa where she will visit her daughter, Mrs. Eddie DeVollin and Mr. DeVollin.

Mr. and Mrs. Bruce Smith left Thursday for Junction where they will make their home in the future. Mr. Smith was formerly employed at the Haley Drug.

Pete Deaton of Hollywood, California is here visiting with his parents, Mr. and Mrs. John Deaton.

### Entertained B Wednesday Club Mrs. J. C. Green

Mrs. J. C. Green was hostess to the Wednesday Bridge Club in her home Wednesday afternoon. High score prize was won by Mrs. Bustin Canon and second high score prize was awarded Mrs. C. M. Breeding.

The hostess served delicious lemon chiffon pie and coffee to the following:  
 Mesdames C. M. Breeding, Jim Nance, S. S. Daggett, Max Bogusch, Bustin Canon, Steve Stumberg, A. E. Creigh, Jr., Tol Murrah, C. P. Peavy, John Reininger, W. H. Savage and R. S. Wilkinson.

### SON TO MITCHELLS

Mr. and Mrs. N. M. Mitchell announce the arrival of a 7 pound and 10 ounce son in a San Antonio hospital Sunday, August 13th. The young man has been named Noah Malone, Jr., and both he and the mother are doing fine according to Mr. Mitchell who returned to Sanderson Monday. He was accompanied by Mrs. J. F. Henley and son, Floyd, of Fort Stockton. Mrs. Henley had been with Mrs. Mitchell.

### Fair Ice Ballerina

**NEW YORK (Special)** — Ernst Andersen, Norwegian skating champion and star of the ice show at Sun Valley in the Amusement Area of the New York World's Fair, illustrates her prowess as a figure skater.

Let men reason together for the good of all.

Self respect is bigger than dollars.

Collisions between motor vehicles account for 32.6 percent of all fatal accidents.

Mental suggestion is driving power.

Mr. and Mrs. E. B. Litton and Mrs. Mabel Yeates have as their guests this week, Mrs. Litton's sister and daughters, Mrs. Leslie Waldrup and daughter, Miss Gertie of Oakdale, Tenn.; Miss Helen Waldrup and Mr. and Mrs. W. L. Hixon of Pressmen's Home, Tenn. and Miss June Waldrup of Danville, Ky.

Misses Joyce and Margaret Ruth Yeates are visiting their grandmother, Mrs. J. C. Yeates in San Antonio.

D. W. Robinson superintendent of water and gas properties for the Community Public Service Co. was here Thursday and Friday of last week attending to matters in connection with the placing of the new water tank which they will install on the hill above the present tanks.

E. W. Beauchamp of Pecos district manager for the Community Public Service Co. was in Sanderson the first of the week attending to business matters.

Mrs. Carlton White and daughter, Janice returned home Saturday after visiting in Houston and San Antonio.

Test your leaders for proper motives.

Change takes time for victory, but is sure.

Quitters are whipped, fight to a finish.

Sales Books at the Times office

Roy Haley went to Sanderson Wednesday to return to his home here after she had spent several weeks visiting in San Antonio, Sheffield and points. Mr. Haley started her Tuesday but slid on the wet road between Sanderson and Sheffield just as he was going through a cattle guard, crushed a rear wheel and differential of his car.

Mr. and Mrs. Howard left Saturday for their home in Brawley, Calif., after several days with Mr. and Mrs. C. F. Stavley and other. They were accompanied as El Paso by Mrs. W. E. where she visited this week. Mr. and Mrs. Harry New

Mr. and Mrs. Fred Taylor of Mr. and Mrs. Theodor Tuesday.

Mr. and Mrs. Robert left on a trip Thursday to an and other points.

Mr. and Mrs. A. P. and children returned day from Sonora and San where Mr. Prater has been receiving medical treatment the past several weeks. Condition is reported some better.

Mr. and Mrs. Ben F. Joe Wolff and son and daughter visited in Del Rio day with Mr. and Mrs. D.

Mr. and Mrs. Ed Robb Tuesday morning for a visit in Alexander, Ill. with mother, Mrs. Irvin Robb.
