

# THE SANDERSON TIMES

SANDERSON, TEXAS FRIDAY, August 25, 1939

NUMBER 25

## LA VUELTA

Walter "G" Downie

Rodeo fans and hands were a field day tomorrow when Roger Rose and promoters of the Amateur Rodeo "pull show" The event promises to be interesting, as many amateurs plan to compete in the dance at the rodeo. The day's program will include a free show at noon.

The developments of a couple of months, it is evident that what Sanderson was not "incorporated" but "co-operation" the incorporation move was voted down, many of the voters lost hope of ever progress. But many of the citizens resolved to look at the results:

When blocks of paving were laid in town making improvement in conditions. A water tank has been which when it is installed will remedy the water problem in Sanderson. The evidence of co-operation among the local people is the installation of the new livestock pens at the stock pens by ranchmen.

Things all go to show how, incorporated or not, if its citizens resolve to cooperate among themselves, progress is made. Look at Mr. A. B. Caraway's not incorporated streets, its own water and is now planning a swimming pool—all the co-operation of its citizens for the betterment of the city.

Knows Sanderson could be the same and even more so in proper spirit of cooperation and progress.

Beatrice Nichols, secretary Agent Ernest Williams, has recently compiled a map of Terrell County, all ranches and divisions in the county, each being colored differently to make it stand out. It will no doubt prove of great value to Terrell County ranchmen. It will enable them to know the position of their land in relation to their neighbors more fully in their mind.

Agent Ernest Williams and A. A. Shelton are having a plow for contesting a type which they think will be used in the near future. The plow, which will be used on the ranches of Terrell County in the government soil conservation program. It is better to dig ditches about a foot and seven feet apart, will catch and hold water off the "hardpan" flats. Advantages of these ditches are that there is no need to wash away. When water has filled one ditch it over to the next, carry dirt embankment with it.

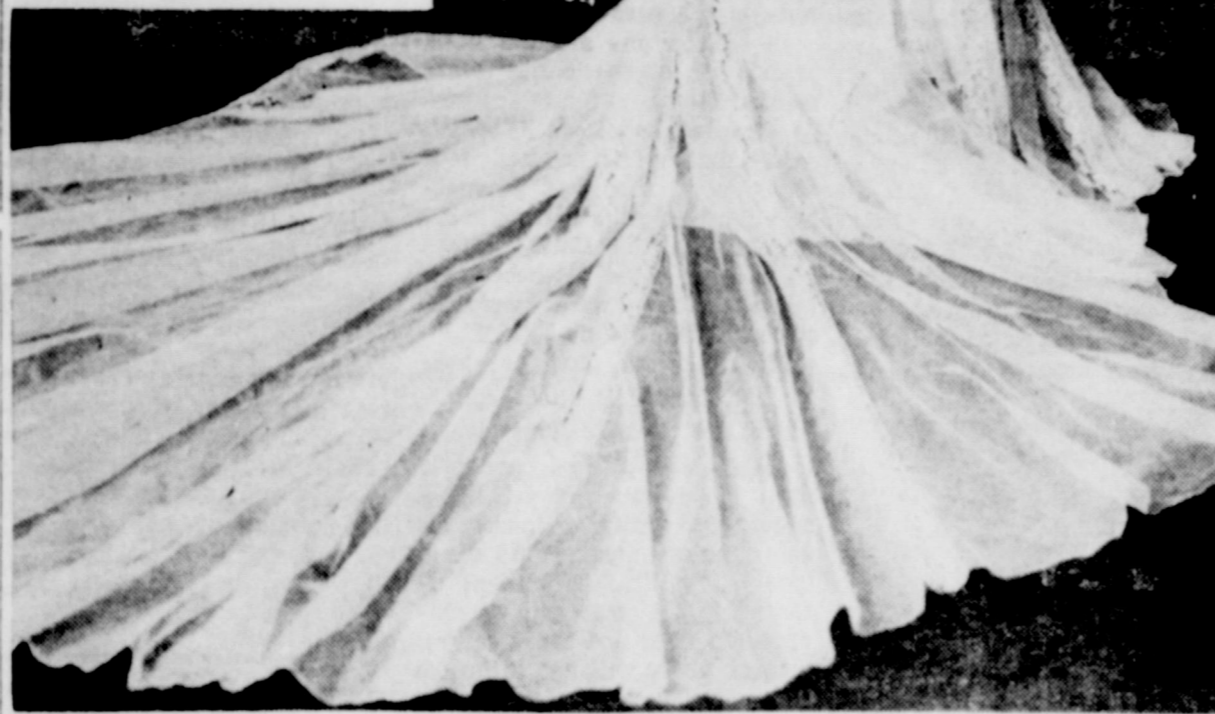

Brown has contracted the mouthed old ewes of E. W. Cave and Robert Allen.

Man Couch and Frank were in Coahuila, Mexico, Wednesday, looking at some horses that are for sale General Guifones, well-known Mexican polo player.

Ignorance of some people subject of angora goats is illustrated by an exhibit at the Ford Building at the San Antonio Fair. Under a show of mohair upholstery for Ford cars appears this "Mohair fabric made from Somebody's crazy—how you make mohair fabric wool?"

The same exhibit at the fair shows a chart showing the various products that are used annually in the construction of Ford cars. The

Mrs. William H. Goldwire before her marriage recently was Miss Mary Louise Price, daughter of Mrs. Marvin Price of San Antonio. Mr. and Mrs. Goldwire spent two weeks honeymooning in Mexico City before returning to Sanderson where they will be at home at the Goldwire ranch. Mr. Goldwire is the son of Mr. and Mrs. H. C. Goldwire of this place.

## Schedule Changes On Driver License Examinations Made

Reductions in the personnel of the State Highway Patrol effective September 1, have made changes necessary in the schedule of license examinations in Sanderson according to Patrolman W. F. Davidson in his regular visit here last Friday.

Due to reductions made, cutting the force from 85 to 32, time allotted to each town has been reduced and some towns have been cut off entirely. Instead of the former schedule of three hours spent in Sanderson each Friday, there will be only thirty minutes spent here, from one to one-thirty p. m.

Persons contemplating a trip out of state should have their driver's license stamped. The license is printed to read that it is good to 1939, but because of changes, the license has been extended. All officers in Texas know this but in other states, highway officers would assume the license had expired and was no longer valid.

## CHANGE MADE IN TEACHING STAFF

Miss Lila Christopher was recently changed from the second grade in the Mexican School to the same grade in the American school. This change was brought about by the resignation of Miss Mary Elizabeth Dryden who was elected to the position of second grade in the American school early in the spring. Miss Armeta Ragsdale of Pecos was selected by the school board to fill the vacancy in the Mexican school caused by the re-assignment of Miss Christopher. Miss Ragsdale has her college degree from Baylor College and taught in the Pecos schools last year.

These changes were made by the school board at a meeting on Monday, August 21.

Mr. and Mrs. M. H. Gray and children at the Dryden airport were Fort Stockton visitors Thursday.

Mr. and Mrs. A. B. Caraway and son, Kenneth arrived Thursday.

## TERRELL COUNTY SCHOOLS TO OPEN SEPTEMBER 5TH

Plans are practically complete for the opening of all the schools of Terrell County on Tuesday, September 5. Brief programs will be held that morning in each of the schools at 9:00 o'clock. The American Elementary School and the High School will hold a joint program in the high school auditorium. The teachers are to hold their first meeting of the year on Monday afternoon, September 4, at 4:00 o'clock. High school pupils are to enroll before the beginning of school on Friday, September 1 through September 4.

### SCHOOL PLANT

Pupils in the upper elementary and high school grades in Terrell County now have the opportunity of attending a school in Sanderson in one of the best school plants in Texas. During the preceding school year, the School Board by means of a bond issue of

## BARBECUE TO BE HELD AT DRYDEN AIRPORT HANGAR

Announcement was made this week that the big free barbecue to be held in connection with the Dryden Rodeo Saturday is to be given at the Dryden airport hangar so that persons who attend will have ample shade while they enjoy the feast.

Meat for the occasion was furnished by the ranchmen of that territory and salads, cakes, pies, etc., that go to make a real success of the affair will be furnished by the ladies of the community.

The rodeo is scheduled to start at 2 o'clock in the afternoon, while all are still filled with the thoughts of the big barbecue they have enjoyed. The dance is scheduled to start at 9 o'clock that night and dancing will be done by the music of Mack Rogers and his Gunter Hotel in San Antonio. A big parade will be staged at one o'clock.

### DAUGHTER TO ROARKS

Mr. and Mrs. F. M. Roark announce the birth of a baby girl August 8th in a Del Rio. The little Miss has been named Dorothy Dean, and weighed 7 pounds and 15 ounces at the time of her birth.

\$25,000 and a PWA grant of \$2,475, remodeled the old elementary school building, added swimming rooms to the gymnasium and erected a new room building at the Mexican school. The buildings are well equipped and comfortable. Adequate room is provided for games and athletics, laboratory, home-making, industrial courses, band, public school music and the regular classes in school.

### 12 GRADE SYSTEM

Pupils starting to school for the first time this year, 1939-40, will be required to attend for 12 years instead of 11. The first year in school will be largely pre-school or primer work. The number of years spent in the high school will not be changed. The pupils who have already attended school for one or more years will not be affected in any way by the addition of another grade at the bottom of the course of study. The number of grades will not be changed this year, according to present plans. The beginners in the school will be in Grade A1.

### STUDENTS MUST BE SIX

Pupils must be six years of age before September 1, 1939, in order to be entitled to attend the local school this year. This is a ruling of the Texas State Department of Education which is made to apply to all accredited and standardized schools. In the past the Board of Trustees of the Terrell County Common School District No. 1 which embraces all of Terrell County has allowed pupils to begin school attendance provided they were six years of age before January 1 of the school year in which they enroll. Many schools require the parents to show birth certificates in order to get the child's age definitely recorded in school.

### TEACHERS

The teachers in the Terrell County school for 1939-40 are as follows: R. D. Holt, M. A. degree, University of Texas; superintendent—Duane E. Smith, B. A. degree, T. C. U.; High School principal—history and athletic coach—A. B. Caraway, B. A. degree, Sul Ross;—mathematics and coach—Marjorie Nixon, B. S. degree, (Continued to page two)

## LONGHORNS DEFEAT BEARS IN SUNDAY AFTERNOON GAME

### To Play Fort Stockton in Return Game

In a game Sunday afternoon between the two local Sanderson teams, the Longhorns vs. the Bears, the Longhorns came out winners by a score of 9 to 7.

The game started off with the Bears in the lead, making 3 runs in the first inning and 2 runs in the second. The Longhorns had not scored at the end of the second, but made 6 runs in the third inning which placed them in the lead which was kept during the remainder of the game. The Bears received nine hits to make their 7 runs and the Longhorns received 10 hits.

A game that has long been awaited by the local baseball fans and the Longhorns, and which promises to furnish ample excitement is scheduled for Sunday afternoon when the Fort Stockton Club comes to Sanderson to return a game that was played with them early in the season.

This team has been expected here on two other occasions, but due to unavoidable reasons the games were called off by Fort Stockton. The club is to be brought over Sunday by E. A. Robertson and he guarantees that they will be in Sanderson and ready to play ball when the game is called.

## BANNER-MONROE WEDDING SAT.

Word was received here the first of the week that the marriage of Miss Mary Beth Banner to Ferdinand Monroe took place Saturday in Pecos.

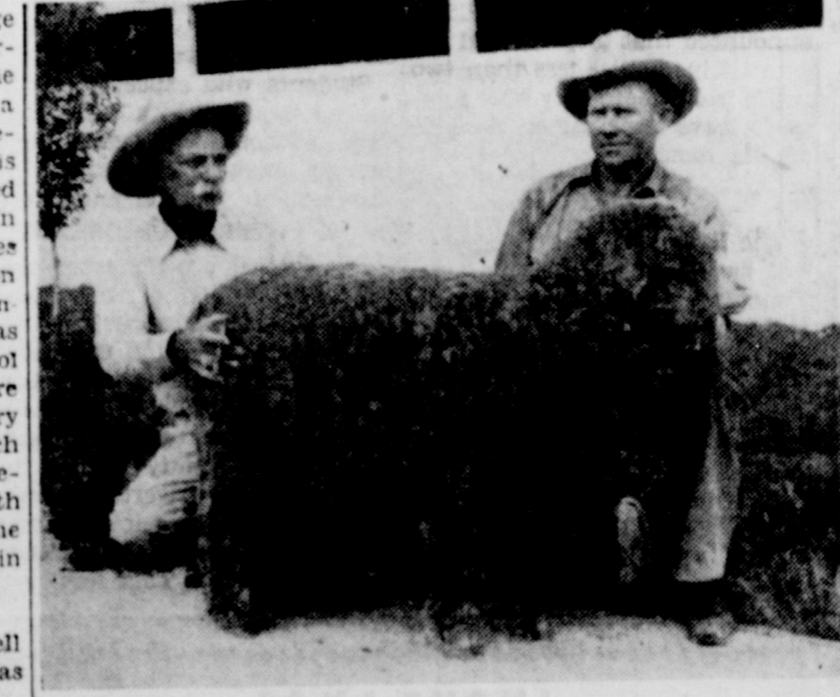

Miss Banner is the daughter of Mr. and Mrs. W. A. Banner of Sanderson and Mr. Monroe is the son of Mr. and Mrs. Jerry Monroe of Sheffield.

No definite details of the wedding were available at this writing, but will be published next week.

## R. C. ROBSON FOUND DEAD IN LAGRANGE TUES.

R. C. Robson, 53 prominent Val Verde County ranchman, was found dead Tuesday in Lagrange, where he was visiting relatives. He had been ill for some time, recently having undergone a major operation, friends said.

He was visiting in LaGrange with his brothers, C. G. Robson, mayor of Lagrange, and former head of the Lagrange telephone time of his death. Details were not available. Mrs. Robson was a brother of Mrs. C. F. Stavley of Sanderson.

CHAMPION EWES AT EDEN SALE

Above is shown the grand champion Rambouillet ewe at the West Texas Ram Sale held August 8, 9, 10. She was bred and shown by Claude Owens, Pecos County registered breeder, and sold to H. L. Cravens of Brownwood for the top price of the sale in ewe class—\$110. On the left above is shown Ainsley Turner of San Angelo and on the right is Mr. Owens.

## STEVENS-DEATON WEDDING IS ANNOUNCED

Announcement was made two weeks ago of the wedding of Pete Deaton, son of Mr. and Mrs. John Deaton of Longfellow, to Miss Marjorie Stevens, daughter of Mr. and Mrs. H. W. Stevens of LaVerne, California.

The wedding took place November 26 in Yuma, Arizona, but has been kept a secret until recently because both Mr. and Mrs. Deaton were attending college in Hollywood, California.

The couple will make their home here until the first of the year according to Mr. Deaton. Plans after that time have not been announced.

## PRESIDENT HOPES TO SEE BIG BEND PARK ESTABLISHED

In a letter sent from Hyde Park, N. Y., dated August 9, to Congressman R. E. Thomason of El Paso, the President of the United States expressed hope that the acquisition of the land necessary will make it possible for the government to establish the Big Bend National Park.

Following is the letter received by Mr. Thomason:

"My dear Congressman Thomason: I have been very glad to hear that you are active in the campaign in behalf of the 'Big Bend National Park.' I greatly hope that the acquisition of the necessary land will make it possible for the government very soon to establish it for the benefit of the people of the country.

"I have heard so much of the wildness and the beauty of this inaccessible corner of the United States and also of its important archaeological remains that I very much hope that some day I shall be able to travel through it myself.

"Furthermore, I feel sure that it will do much to strengthen the friendship and the good neighborliness of the people of Mexico and the people of the United States.

Very sincerely yours,  
Franklin D. Roosevelt"

## Eastern Star To Have Picnic Thurs. Evening

The Eastern Star is to celebrate the birthday of Robert Morris Thursday evening Aug. 31, with a picnic at the Masonic Hall.

All Masons and their families and Eastern Stars and their families are invited to come and take part in the affair. Baskets are to be brought by those attending and the feast will be spread at 7 o'clock.

## OGLESBY'S OGLES

By Whitfield Oglesby

That another crisis critical in character, is about to engulf Europe is apparent from the press dispatches emanating from the capitals of the Old World. Concentration of ships and troops, ostensibly for maneuvers, intensification of belligerent propaganda, feverish activities of diplomats, furnish evidence of the state of nerves of the governments of the several nations. Roosevelt aboard the Tuscaloosa, described the situation as the same as it had been for the past two weeks, and that, he added, was a little worse than a month or two before. Rep. Fish who had been attacking the President for promoting war hysteria, saw the Foreign Ministers of Great Britain, France and Germany, and expressed fear of war. To avert the catastrophe, he is proposing to the Interparliamentary Union Congress at Stockholm that it urge a truce for thirty days during which negotiations for the settlement of controversies could be conducted. German troops are digging trenches along the Upper Silesian border, census of population in Germany, and in England, too, is under way so that effective mobilization of manpower can be made. So apprehensive has become Switzerland that she has announced regulations for rationing of food in case of war.

The "burning question" to quote the communique issued after the meeting of the German and Italian Foreign Ministers, is Danzig. Hitler appears not only determined to seize it, but to acquire a passage way across the Polish Corridor to East Prussia. As a matter of fact, the infiltration of storm troops and weapons into the Free City has given him de facto possession, but he is insisting upon recognized occupation, and there are rumors that he may send additional troops to enforce it, and confront the Poles with a fait accompli. The British and the French say that if the later decide to fight, they will support them, but there is no way they can direct support to that northwestern front. Poland, therefore, would have to bear the onus of German attack, since Russia continues to flirt with the Entente, and Rumania, which would be a channel for British and French assistance, might probably decide that discretion is the better part of valor, and remain aloof from the conflict.

In the meantime, efforts are being made to impress Hitler with the desirability of a peaceful settlement of the Danzig dispute. The League of Nations Commissioner to Danzig, at the instance of the British authorities, called upon him and discussed at length the Danzig situation. Subsequently he returned to the Free City, conferred with the Polish Commissioner General, and the later went to Warsaw where he consulted Foreign Minister Beck. To show Hitler the advantages of peace, our State Department revealed that it is willing to extend credits to Germany and to sell wheat and cotton at low prices, provided she will agree to progressive disarmament, abandon barter trade and stabilize the mark. The proposal met with slight favor in Berlin which continues resentful for the recall of the American Ambassador and the application of a countervailing duty. To induce Yugoslavia to refuse assistance to the Axis Powers, reports state that the British and French are preparing to make a huge loan to her. Thus finance and economics are playing their parts in the game of Power politics.

Vincent Shelan in his book "Not Peace but a Sword" writes that Hitler will not be satisfied until he rules Europe. Does not Hitler make such a statement in "Mein Kampf?" What the future holds, war or peace, only Hitler knows.

Miss Yvonne Oberling underwent an emergency appendectomy Friday in a hospital in Del Rio. She returned home Thursday night.

## It Happened in Sanderson TEN YEARS AGO This Week—Remember?

AUGUST 23, 1929

Mrs. John Hayre and son, Jack, have returned from an all summer visit with relatives in Tennessee and Mississippi.

J. R. Blackwelder made a business trip to Wink last Friday.

Willis Carter, night round house foreman has taken a fifteen day lay-off and left Saturday morning for Arizona. He will visit relatives in Tucson, Douglas and Phoenix, before returning home.

Mr. and Mrs. John L. Newton returned the first of the week from a two weeks vacation spent in Austin, San Antonio and Rio Frio visiting with relatives and friends.

Mr. and Mrs. H. D. Williams and Mr. and Mrs. A. C. Clatfelter and children were visitors to the Carlsbad Cavern last Thursday.

Joe Kerr, Jr., is home after a pleasant three weeks visit with relatives at Llano and Floresville.

Plans and specifications for the proposed new Terrell county courthouse has been completed by Henry T. Phelps, architect of San Antonio. This past week the Commissioners at their meeting ordered that bids for the

Fireman R. A. Hurst and family left for El Paso Tuesday. Mrs. Hurst and children are going on a visit to Casa Grande, Mexico.

## WITH OUR NEIGHBORS

Devil's River News—A deal involving 3,733.7 acres of Sutton County ranch land was closed here Tuesday through Tom Bond. The buyer was Dr. E. M. DeBerry of Southwest Harbor, Maine.

Big Bend Sentinel—Feeders in Marfa for the Highland Fair, October 5, 6, 7 and the Feeder Sale, October 6, will be taken on a 1-day tour (Oct. 4) of Highland section ranches and on another tour lasting only half a day (Oct. 5).

Alpine Avalanche—West Texas newspapermen highly praised the scenic beauty of the proposed Big Bend Park area following a trip made over the section last week-end.

Fifty-four were in the party which made the trip, following the annual convention of the West Texas Press Assn., held at Pecos.

Grandfalls Gazette — The Grandfalls-Royalty High School football field will have a lighting system for night play when the season opens next month. An order for supplies was sent to the Mine Smelter Supply Co. of El Paso, which had presented the low bid on supplies. J. Y. Hayskewell was awarded the contract for installation of the new lights.

Fort Davis Dispatch—Barry Scobee, who has been called in these columns "newspaper correspondent, magazine writer, author, lecturer" and numerous other complimentary things, may now be called "Judge." The County Commissioners last Monday appointed him justice of the peace to succeed Nick Mersfelder who died Sunday, August 6, and who had held the office a half a century or more.

Fort Stockton Pioneer—Approval of efforts to secure an army landing field on the county owned airport 3 miles east of Fort Stockton was indicated by county commissioners Monday in the regular meeting of the court.

Fort Davis Dispatch—At last Star Mountain, 6,350 foot peak about fifteen miles north of Fort Davis, has been climbed "just for fun." The climbing was done last Sunday by three Fort Davis young people, locally known as Alpinists. They were Myrri McBride, and the Misses Nancy Clawson and Martha Bloys. They announced that they reached the summit in a little less than two hours from where they were forced to leave their car on the side of the mountain.

NOTICE  
The Kerr Mercantile Company will be closed Wednesday and Thursday, August 30 and 31 for taking inventory. 1tc

Vashti Mixon, B. A. degree, C. I. A.; third and fourth grades.

Margaret Lattimore, Dryden School.

Heste; Allen; Independence School.

### EARLY ENROLLMENT URGED

All pupils in high school, which includes grades 7 to 11 are urged to go to the high school building any time between the hours of 9:00 to 4:00 beginning on Friday, through Monday, September 4, and enroll for the courses desired for the new term. Duane E. Smith, high school principal, and other teachers will be on hand to take care of this work. Parents are urged to accompany the pupils and discuss courses and subjects which may be studied. Enrollment before Tuesday, September 5 will save the pupil considerable time and delay.

### COURSES OFFERED

The Sanderson High School now has a total of 28½ units of affiliation with the Texas State Department of Education and with the Southern Association of Colleges and Secondary Schools. No attempt has been made to add credits merely for the name or number of credits but the purpose is to offer students the chance to take subjects over a wide range. For example, a student must take four years of English, but may also take four years of science, five in commercial work, four in social science, four in band and at least two in vocational work.

New courses to be added in 1939-40 are laboratory of industries and a course in general mathematics for the eighth grade. The course in laboratory of industries includes units in mechanical drawing, in sheet metal work, in concrete work, electricity and wood work.

Students who expect to go to college should take all the English, mathematics, science and foreign language offered during the last four years in school.

### BOOK COVERS FURNISHED

Book covers are furnished this year by The Sanderson State Bank, Frank's Super Service, City Drug, Loma Alta Cafe and Dr. Pepper Bottling Company. A total of 6,500 covers are required to cover the textbooks used in the county during the year. The local advertisers make it possible for the pupils to keep their books covered without buying the covers. This service is

## TEXAS OUT-O'-DOORS

A 15,000 to 20,000 acre tract of land in East Texas being sought by the Game Fish and Oyster Commission to be used in an effort to preserve the pure strain of eastern wild turkey, of which there are not more than 150 of these birds remaining in the Lone Star State and probably not that many additional from Texas to the Atlantic seaboard. The game refuge, if obtained, also will be used for projects tending to restore deer, turkey, quail, doves and fur-bearing animals. The game management program is one of those being considered if the use of the federal funds made available under the Pittman-Robertson Act is restored to the game department.

Many of the wild turkey in Texas, as well as in other states have become mixed with the domestic turkey, but game department biologists have found approximately 150 eastern wild turkey in southeast Texas. The unmixed wild turkey is a richer dark brown than the birds that are bred with domestic turkeys. The bars on the tail are very faint.

Landowners asking too high prices for their land either on sale or lease basis has kept the department from going ahead with its plans for saving the eastern wild turkey, a truly gamebird, which it is believed, could be brought back in large numbers in eastern Texas.

White quail are extremely rare although found occasionally in Texas. One was seen recently on the ranch of Mrs. Hal C. Peck, game commission member, south of Odessa.

How fast can mourning doves fly? Their greatest speed has probably not been clocked, but you will know why those delectable little birds are so hard to hit

### NOTICE

In accordance with Article No. 1480, R. C. S., notice is hereby given that bids will be received at the office of the County Judge of Terrell County, Texas, up and to including Saturday, September 9th, 1939, for furnishing the county with fuel oil for the courthouse. The Commissioners' Court reserves the right to reject any and all bids received.

24-2tc COMMISSIONERS' COURT OF TERRELL COUNTY, TEXAS

### NOTICE

In accordance with Article No. 1480 R. C. S., notice is hereby given that bids will be received in the Office of the County Clerk up to and including September 9th, 1939, for One New Hydraulic Dump Truck according to specifications now on file in office of said County Clerk. The Commissioners' Court reserves the right to reject any and all bids received.

24-2tc COMMISSIONERS' COURT OF TERRELL COUNTY, TEXAS

Miss Zoe Harrell returned home Thursday of last week from El Paso where she visited in the home of her father, M. Harrell and family.

Don't fail to take advantage of our School Sale which starts today. Friend's Variety Store, etc

worth much to the pupils. Some 1,500 new text books have been received, numbered and placed in the various schools for use during the coming year. Text books are state owned and are usually used for five years before they are worn out.

### FINANCES GOOD

The finances of the Terrell County Common School District No. 1 are in good shape, according to the annual budget report recently made by the County superintendent. The school has paid practically all out-standing obligations and will close the school year on August 31 with a balance in the local maintenance fund of some \$500, and in the interest and sinking fund of some \$5,000.

### ONE SCHOOL DISTRICT

Terrell County, containing an area of 2,635 sections, is one of the largest school districts in the nation. The school trustees are S. H. Underwood, president, R. N. Allen, secretary, and R. H. Murrain, County Judge R. S. Wilkinson is ex-officio county superintendent.

when you learn that a pair of mourning doves were clocked at exactly seventy miles an hour for more than 300 yards recently by Charles E. Friley, Jr. regional game manager for the game department.

Mrs. Roy Bogusch left Wednesday for Chrystal City where she will visit with her mother, Mrs. Dorothy T. Lindley for several days.

Mrs. Jeff Pugh and daughter, Jeanne, of Austin, arrived Saturday for a months visit with her parents, Mr. and Mrs. C. H. White and other relatives.

Mr. and Mrs. John Glenn were visitors to Dallas last week visiting with John Jr.

## Delay In Cancer Treatment Is Dangerous

In spite of increased popular education on the cancer problems during the last decade, many false ideas regarding this disease still persist. Too often such conceptions are the basis of delay in diagnosis and treatment. Obviously, figures cannot be compiled, but it can be stated safely that a fair proportion of the thirty thousand preventable cancer deaths now occurring annually in the United States could be avoided if these mistaken notions were corrected, state health officials believe.

The following facts are pertinent: Cancer is not contagious, the victim cannot give it to any other person, cancer is not a blood disease, diet is not a cause or preventive of cancer, vegetarians and meat-eaters are equally susceptible, aluminum utensils do not cause cancer, constipation does not cause cancer, mental worry will not influence the development of cancer, no age is free from cancer, babies are born with it and the oldest persons can be its victims. However, it is largely a disease of adult life, occurring chiefly between the ages of forty and seventy. Self medication is a waste of time and frequently fatal because of the delay involved. Serums, vaccines, colored lights, patent medicines, pastes, salves, diets are valueless. Quacks and their super-claims, through false

hopes and delayed diagnosis, cause many avoidable cancer fatalities but do not effect the cure. No warning comes from pain. In the early stages and in the precancerous condition, there is no pain or conscious health impairment. The one exception is bone cancer. With a full appreciation of the above facts and the prompt seeking of medical advice when there are signs of cancer, it is conceivable that many thousands of deaths from this cause could be prevented. The danger signals are any lump in the breast or any other part of the body; any persistent sore, particularly on the face or mouth; any unusual discharge or bleeding from any part of the body, such as vomiting of blood, passage of blood from the bowels, or unusual bleeding of any bodily passage, especially after middle age; and chronic indigestion. Procrastination in the face of any of these signs is dangerous and may even be fatal. It is true that any one of these symptoms may be caused by a condition other than cancer, however, this fact is no excuse for delay in diagnosis, so that prompt treatment procedure may be instituted, for if cancer is diagnosed early enough, the results or treatments are usually good.

**Fonda Starred in Young Mr. Lincoln**

Stunning adventure in the life of the young Mr. Lincoln is presented in the picture "Young Mr. Lincoln," which is the Princess Theatre Monday and Tuesday. The picture is like of this picture in the life of its story concept has before been offered outside...

**"Return of the Cisco Kid"**

Some years ago Warner Baxter won the Academy's best actor award for "In Old Arizona." A little while later Fox Films followed up that picture with "The Cisco Kid."

For the oldtimers, this show is a chip off the old block. For the newcomers, to whom the "Cisco Kid" character is strange, it's something refreshingly different in the line of western romances.

Many have wondered why 20th Century Fox so long delayed in representing Baxter in his prize winning part again, for when good westerns appear there is always a tendency to compare them with the precedents mentioned.

O. Henry's lovable bad man returns. It is a case of a new story, new thrills romances, comedy and adventure with one of the most picturesque characters the screen has ever seen.

"The Return of the Cisco Kid" has all the depth, romantic swing, natural comedy, surpris-

plotted references to Ann Rutledge, or the unwoven strands involving Stephen A. Douglas.

It is the picture's presumption that the spectators really know all about Lincoln, and to a degree of knowing that will contribute to the implied dramatic intensity of the phases so effectively sketched under John Ford's most artful direction.

To the public not so interested in the Lincoln tradition, the picture will present a pioneer story of a murder trial in the backwoods, not remarkable for suspense but richly laden with sentimental concerns, some excitement and a surprise climax.

Henry Fonda in the title role has by his performance decidedly added to his laurels and enhanced his importance to the picture stage. It may also be observed that Alice Brady in the role of Abigail Clay, mother of the boys accused of murder, develops all of the sympathetic possibilities of a considerable part.

In this picture we are given a glimpse of Mary Todd, without, however, elaboration to give her appearance and lines significance save as one prior and detailed knowledge of her part in the life of Lincoln.

**Electrical Device Aids in Location Earth Formations**

Austin—Recently an electrical instrument for determining natural formations of the earth to depths of 100 feet or more below the ground surface has been employed by the Public Roads Administration. The Texas Highway Department has been experimenting with the use of this instrument in Texas for locating hidden depths of caliche gravel and rock, suitable for pavement base courses, and is effecting economies through the use of it. Hidden deposits of suitable materials have been found adjacent to construction projects, and where they were not previously known to exist. This instrument, with its accessories is as easily transported as an engineer's transit or level, and with practice can be operated rapidly.

Examples of savings which have been made with the aid of this electrical resistivity instrument are as follows:

1. In one district a search by digging test holes had uncovered no suitable material in the vicinity of the project and it appeared that base material would have to be hauled quite a distance. A search was then started with the electrical resistivity instrument and large deposits of the only one-half mile from the project. It is estimated that \$5,150 in haul was saved by the finding of this local deposit with the instrument.

2. Another construction project the nearest deposits of gravel for pavement base course was 10 miles from the job. Subsurface explorations with the electrical instrument revealed an abundance of concealed good gravel 2 miles from the highway. The difference between the cost of the 10 mile haul and the 2 mile haul was \$1,156 per mile of highway to be built.

3. During the later part of 1938 200,000 cubic yards of base ma-

Hadley and Nelt Craig are among other principals.

A major thrill is a transfusion operation performed in a fugitive's cellar hideout by the light of an oil lamp.

materials were located in a county where such material had been very scarce, and a material saving was effected over the cost of shipping materials from another source.

**DALE VUELTA**

**Barrymore and Lew Ayres in "Calling Dr. Kildare"**

Lionel Barrymore as the cantankerous but human old doctor, guides Lew Ayres through another tempestuous adventure in "Calling Dr. Kildare," second of the new medical-detective series now playing at the Princess Theatre Monday and Tuesday. Ayres, as young Dr. Jimmy Kildare, gets into trouble with the police when infatuated by pretty Lana Turner, he hides and cares for a wounded murder suspect. So there's nothing to do but find the real murderer to clear the boy. He sets out to do it, solves the riddle, then finds he's just the girl he did it for. The wily old Dr. Gillespie gets him out of his troubles in a deft dramatic twist.

Ayres, who rapidly rose to romantic prominence through the first "Kildare" picture, plays his character with ease and conviction. His scenes with Lana Turner, playing the girl who deceives him, are poignant. Barrymore extracts the last morsel of both comedy and drama from his role of the crippled old physician who tries to teach the boy to follow in his footsteps while there is still time. Harold S. Bucquet, who directed the first picture, handled this one with the same deft skill.

Several new characters are added to the "Kildare family," including Alma Kruger, the hard-boiled head nurse with a touch of sentiment and pretty Laraine Day, playing the young nurse with whom the future romance with Ayres is hinted in the story. Nat Pendleton and Marie Blake again provide the comedy as the ambulance driver and the telephone girl in the hospital and Bobs Watson, as the little crippled boy, has a dramatic scene with Barrymore. Samuel S. Hinds, Lynn Carver, Emma Dunn, Walter Kingsford, Reed

Learn how Servel Electrolux, the gas or kerosene refrigerator, pays for itself in your home, then pays you a profit year after year—how the tiny gas flame which you cannot wear out—takes the place of all machinery and gives you a modern automatic refrigeration at a minimum cost.

General Manager A. D. Mims of Houston made a trip to El Paso this week.

The weed mower was here this week making a trip over the division mowing weeds.

Pumper M. B. Wilson and wife are visiting in New Mexico.

### Positions Offered In County Clerk's Offices for Typists

In a letter from the Dallas regional office of the Farm Security Administration to Congressman R. E. Thomason, request is made for candidates for County Clerk Typist positions in Congressional District No. 16. "At the present writing, we have five qualified stenographers and three qualified typists in that Congressional District, but we are short of applicants in the above named counties," said the letter in part. Counties referred to were Hudspeth, Culberson, Jeff Davis, Presidio, Loving, Winkler, Terrell, Crane, Upton, Reagan, Reeves, Pecos, Brewster and Crockett.

Persons who are interested in such a position are advised to get in touch with the Hon. R. E. Thomason.

R. A. Peterson, recruiting officer from the El Paso district which includes Southwest Texas and New Mexico was in Sanderson Tuesday.

Mr. and Mrs. A. W. White and family of Fort Stockton were Sanderson visitors Thursday.

### Presbyterians Enjoy Picnic Held Wednesday Night

a post card invitation and Fifty-two people answered attended the Presbyterian picnic Wednesday night on the lawn at the home of Mr. and Mrs. W. H. Savage. It was truly a family affair with all ages represented from grandparents down to Cradle Rollers.

The food was abundant from fried chicken to chocolate cake, and friend visited with friend as they went back for a second helping.

It was truly an inspirational sight to see the whole crowd join hands at the close and sing "Blest Be the Tie That Binds", after which the pastor Rev. John V. McCall made a closing prayer.

### Mrs. Austin Nance Hostess to Tuesday Club

On Tuesday afternoon Mrs. Austin Nance was hostess to the Tuesday Bridge Club at her home. Roses, zinnias and dahlias were used for decorations.

Mrs. D. A. Pollard was winner of high score prize and Mrs. R. S. Wilkinson won second high score prize.

The hostess served a salad plate to the following: Mesdames R. D. Holt, R. S. Wilkinson, Fred Turner, Mary Lou Kellar, B. Carson, C. M. Breeding, Jim Nance, Lee McCue, D. A. Pollard, C. P. Peavy, John Harrison and Walter Grigsby.

### CARD OF THANKS

Even the loving kindness of dear friends cannot heal the hurt that is in our hearts, but without the comforting words, the kindly ministrations and the loving tenderness of these friends the burden of grief would have been overpowering. Mere words could never express our gratitude to you all. From the bottom of our hearts we thank you and may you have the same comforting of friends should sorrow descend upon you. God bless you all and keep you always.

Most sincerely,  
 Mr. and Mrs. M. H. Goode, Sr. and Family.

Miss Mary Jane Carson of Phoenix, Ariz., left Thursday after spending the first of the week here visiting with Mr. and Mrs. B. F. Dawson and with Miss Mildred Underwood. She plans a trip to Carlsbad Caverns and to the Grand Canyon before returning to her home.

Mrs. Wade House and Mrs. John Glenn returned Sunday from a visit in Eagle Pass.

### Baptist W. M. U. Meets With Mrs. Ira Deaton

The W. M. U. of the Baptist Church met Monday, August 14, at the home of Mrs. Ira Deaton with Mrs. Walter Grigsby co-hostess.

As this was the monthly meeting, all business was discussed at this time. A nominating committee was appointed to nominate officers for the coming year, a social period followed.

The hostesses served a salad plate to the following members: Mesdames J. L. Newton, Maude Sullivan, B. L. VanCleave, Annie Nance, O. H. McAdams, Hal Tyler, George O'Neill, Paul King and Miss Ella Savage. Mrs. G. T. James was a guest.

Monday 21 was the regular meeting for Royal Service program at the church. The subject was "The Great Commission in the Orient," with Mrs. Walter Grigsby as leader. She was assisted by Mesdames O. H. McAdams, A. D. Brown, Paul King, George O'Neill, and Miss Ella Savage.

Report of the nominating committee was accepted and Mrs. George O'Neill was elected president for the coming year. She will succeed Mrs. Paul King. Those present were Mesdames Walter Grigsby, Ira Deaton, Paul King, A. D. Brown, O. H. McAdams, George O'Neill, Hal Tyler and Miss Ella Savage.

### Attends Boys' Camp Meeting

Among those who attended the Boys' Camp Meeting near Fort Davis, Sunday were Mr. and Mrs. R. D. Holt and children, Mr. and Mrs. John L. Newton and family, Mr. and Mrs. Joe Nichols and Miss Beatrice Nichols, Mr. and Mrs. W. J. Ferguson and family, Mrs. Helen Downie and sons G. and Jack and her mother, Mrs. Walter Gregory, Mrs. Joe F. Brown and her mother, Mr. M. J. Shurley and Mrs. W. H. Savage went Saturday and stayed until it was over Tuesday. Dr. J. A. McMillan of Brady, a former pastor of the Presbyterian Church of Sanderson was also present.

Robert Kerr returned Friday from a week's visit in San Antonio. He was accompanied there by his mother, Mrs. Jim Kerr who visited a few days, before returning home, and to Llano by Edward, James and Betty Jo Kerr where they are visiting at present with Mrs. W. B. Haynie who had been visiting here and returned with them. Robert was accompanied home by Mrs. M. A. Dittman of Corpus Christi, Miss M. and Miss Margaret Tarillion of San Antonio.

Wesley Loehausen left Thursday for Los Angeles, California, where he plans to spend some 12 days visiting in the home of Mr. and Mrs. V. Folsome and other relatives. He also plans to visit the San Francisco Fair while there. Wesley stated that he would return here for a few days before leaving for Maryville, Tenn. where he plans to attend Maryville College.

Mrs. S. S. Dagggett left Thursday of last week for San Antonio where he will visit with her nephew, John Loughlin, and in DeCouch with her niece, Mrs. John Porter.

Houseparty at Hardgrave's  
 Those who enjoyed a house party at the Hardgrave ranch from Sunday of last week until Saturday of last week were Misses Mary Jane Higgins, Helen Ruth Harrell, Margaret Arrington, Lillian Harrell, Anna Lee Allen, Jack Dunn of Del Rio, Josephine Rider of Houston and Ruth Griffin of Troy.

Miss Ethel Riley of Pumpville is here this week visiting with Mrs. Charlie Cash.

Robert L. Bobbitt of San Antonio was a visitor in Sanderson Sunday.

Dr. and Mrs. R. E. Lee, Jack and Mr. and Mrs. K. Kerker of Fort Stockton were home Saturday from Nacogdoches where they returned after a week's visit with their mother and visited relatives for a week.

Rev. Taft Holloway of home Monday from where he has been holding meetings and visiting his wife, Mrs. J. H. Holloway.

Mr. and Mrs. Lee G. G. son, Marion and Mrs. M. of Wheeler visited from until Thursday with Dr. Holloway.

**IT'S A FACT.**

THAT THE GENERAL SHERMAN TREE IN SEQUOIA NAT'L PARK IS THE OLDEST, LARGEST LIVING THING IN THE WORLD. THIRTY-SIX AND ONE-HALF FEET IN DIAMETER, IT HAS DEFIED WIND AND FIRE FOR 5,000 YEARS

THAT A SINGLE POUND OF TUNGSTEN MAY BE DRAWN INTO 40 MILES OF THE FINEST WIRE USED FOR LAMP FILAMENTS

THAT THE 1,500,000,000 QUARTS OF MILK AND CREAM CONSUMED ANNUALLY IN NEW YORK CITY WOULD EASILY FLOAT AN OCEAN LINER THE SIZE OF THE QUEEN MARY

THAT THE PACIFIC ENTRANCE TO THE PANAMA CANAL IS 27 MILES EAST OF THE ATLANTIC ENTRANCE

**AND IT'S A FACT THAT THE COST OF ELECTRICITY HAS COME DOWN 35% IN LESS THAN TEN YEARS**

If the average residential customer of this company paid for his present consumption of electricity at the 1930 average rate per kwh., it would cost him \$18.90 per year more than he is now paying. In depressions and good times alike, the cost of electricity has followed a downward trend. It is lower now than ever before in history.
