

THE SANDERSON TIMES

SANDERSON, TEXAS FRIDAY, NOVEMBER 10, 1939

NUMBER 36

Study Hazards

SanderSON Public Schools held last week, October 30 and November 4 as School Week. The Civics class in school lead in observation of the week by making recommendations as to improvements in our community. Members of the class made talks on both in high school and elementary grades. Studies made by the class on conditions for driver's license, riding hazards, pedestrian safety in hunting and home and school. A bulletin board was prepared by a committee of the class.

A study of traffic hazards in the community, the committee made the following recommendations intended to improve conditions in Sanderson: That stop signs be placed at corners where greatest dangers exist; that all drivers observe the rule that the car on the right has the right of way if there is no sign, except at the highway; that every person be careful and be safety conscious; that person merely practice safety.

That red stop lights be placed at street intersections of the highway in town; that the street near the office be made a one way or else widened considerably.

That no U turns be allowed at main intersection streets of highway in town; that cars be parked only on driver's right—that no turn to the left in the middle of the block;

That greater care be used in driving cars on the curb; that pedestrians use more caution and cross the street on the right angles and at intersections;

That bicycle riders keep to the right side of the street practice greater caution on especially at night; That children not play in streets;

That cars be checked periodically for mechanical defects; That the speed limit of 20 per hour be observed;

That all drivers use signals stopping, for a left turn, or right turn;

That every person realize a moment of carefulness save a human life.

W. Downum was a San Antonio visitor Monday.

OGLESBY'S OGLES
Whitfield Oglesby

may now seem probable that present war will likewise be affected through inflationary pressures and that our exports respond sharply to that stimulus. There are, however, many factors in the situation which cause disappointment to expectation and which create the possibility that September price raises may not be valued.

The war may not prove to be long one, in which case no significant demand for our exports may arise.

The intensive preparations for war since 1936 stand in marked contrast to the unexpectedness of the last war. Presumably the billiard game has accumulated sizable stocks of required materials. For 2 years or more exports have been feeling the effects of the armaments boom.

The war to date is on a much smaller scale than in 1914, and the demands for our products may be smaller. If Russia, Belgium and the Balkan countries, and Belgium stay out of the conflict, both the increase in demands due to war and the disruption of production facilities resulting from war may be on a smaller scale.

The world's productive machinery and the existing stocks of raw materials are much larger than in 1914. There is some

(Continued to page three)

EQUIPMENT FUND STILL GROWING

The fund for the purchase of fire-fighting equipment is gradually increasing, according to members of the committee who are in charge of raising funds.

According to Judge R. S. Wilkinson, treasurer for the fund some \$1,200 have been raised with donations coming in every day. Many who have not contributed up to this date have simply neglected to drop by at the Sanderson State Bank or failed to see one of the committee members. Others have made arrangements to make their payments within the next few days. It is hoped that the entire fund can be raised and the equipment purchased before the holidays start because of added dangers.

RUSSELL WALKER CAR BURNS SAT.

The 1936 four-door Chevrolet sedan belonging to Russell Walker was a total loss as result of a fire Saturday night which was started by a broken exhaust pipe setting fire to floorboards in the rear of the car.

Mr. Walker and W. B. Sparkman was riding in the car at the time of the accident, and were about 50 miles from Sanderson on the Del Rio highway. He stated that the fire was discovered when smoke started forming in the car and they stopped. Lifted the rear seat and found the blaze. When the doors were opened the draft caused the fire to spread behind the upholstery and it could not be put out. There was no insurance.

Mrs. J. Reininger Entertains at Bridge Wednesday

Mrs. John Reininger was a bridge hostess Wednesday afternoon entertaining the guests in her new home. Roses, marigolds, asters and chrysanthemums were used in decorating the rooms.

Mrs. D. A. Pollard and Mrs. D. M. Wells were winners of high and second high score prizes respectively. Mrs. C. M. Breeding was awarded traveling prize.

A salad plate was served to the following guests: Mesdames W. H. Goldwire, Max Bogusch, Tol Murrain, C. P. Peavy, John Harrison, D. M. Wells, J. C. Kern, C. M. Breeding, W. H. Savage, R. D. Holt, R. S. Wilkinson, Bustin Cannon, Jim Nance, Austin Nance, Russell Dyer, Preston Prater, D. A. Pollard, Walter Grigsby, Hugh Rose, Lee McCue, Steve Stumberg, A. E. Creigh, Jr., W. A. Nunn, Clyde Griffith, F. B. Pyle, Denny Sullivan, Robert Duncan, B. Carson, Roy Deaton, Jack Deaton, Chase Trawick, W. A. Banner, Jim Kerr and Johnnie Williams.

Baptist W. M. S. Meets With Mrs. D. L. Duke

The Woman's Missionary Society of the Baptist Church met at the home of Mrs. D. L. Duke Monday afternoon for a business and social meeting with Mrs. Johnnie Whistler as co-hostess.

Mrs. George O'Neill presided at the meeting. Mrs. A. D. Brown led the devotional and Mrs. Paul King gave a report of the Mission Study Institute held at Marfa October 31.

After the business session refreshments consisting of sandwiches, pumpkin pie topped with whipped cream and coffee were served to the following:

Mesdames A. B. Dyer, B. L. Van Cleave, O. T. Schuppach, George O'Neill, Maude Sullivan, Annie Nance, Roy Deaton, Ira Deaton, Alice Cain, Hal Tyler, Paul King, W. E. Grigsby, A. D. Brown, Lewis Lemons and Misses Ella Savage and Una Lee and the hostesses.

Circle I will meet Monday at 4 p. m. with Miss Ella Savage and Circle II will meet with Mrs. Hal Tyler.

Mr. and Mrs. J. S. Nance and Mr. and Mrs. C. M. Breeding were San Antonio visitors Monday.

Mr. and Mrs. Ben Gilbert spent Thursday until Saturday of last week in San Angelo.

SUNSHINE BEAUTIFIES CANYON SCENE—

Pictured above is a scene in Santa Helena Canyon with the early morning sun producing an unusually attractive setting. It

shows the Rio Grande emerging from the canyon, looking downstream, or eastward, and was taken by the Hill-Little expedition

on their trip through. The cliff at the right is an inner one and is less than half the height of the canyon wall.

MARFA SHORTHORNS DEFEAT SANDERSON EAGLES FRIDAY

By Albert Gilbreath

On last Friday afternoon, the two most evenly matched teams in the district, the Sanderson Eagles and the Marfa Shorthorns, met on the local field to fight out the dispute of the two teams as to which was the stronger. These teams were close in district standing in weight and experience. The Eagles were a match for the Marfa team as a whole, but not for the clever spinner plays that were executed by Marfa's quarterback, Hart Greenwood, for consistent gains of from 2 to 10 yards on off-tackle plays both to the right and to the left. It was these plays that put the ball into scoring position in the last quarter to bring the score from a 7-7 tie to a 13-7 score in favor of the Shorthorns.

During the first quarter both teams made consistent gains, each falling to put the ball over the line for a score. Both teams came close to scoring but each time the ball went over on downs and was driven to the opposite end.

In the second period, close to the halfway mark Sanderson, on two long passes, put the ball close to the fatal line and drove it on across, immediately followed by conversion which left Marfa trailing at the half, 7-0.

In the third quarter, Marfa went almost immediately down the field and on a long pass to the left end, followed by line plunges and conversion of the extra point, put the score to a 7-7 tie. The score remained the same until the last quarter when those off-tackle spinner, one after another, put the ball on down the field and over the goal line to bring to score to 13-7. The try for the extra point failed.

The Eagles in the last quarter once got close to scoring position but failed to follow through, leaving the Shorthorns the victors.

The Sanderson Eagles will meet the Alpine Bucks on the local field tomorrow and try to redeem themselves from their last defeat.

SIMON LOPEZ TO MEXICO ON WEDDING TRIP

Simon Lopez left this week for Monterrey Mexico, where he and Miss Gloria Elizondo will be married today, Friday.

They will continue to Mexico City for their honeymoon trip before returning to Sanderson to make their home where he is employed as machinist helper in the roundhouse. He is the son of Mrs. Refugio M. de Lopez.

Mr. and Mrs. Ben Gilbert spent Thursday until Saturday of last week in San Angelo.

STORES TO CLOSE

SanderSON residents and ranchers are urged to attend to all buying and other business matters today as the majority of the stores have agreed that they will close for Armistice Day, Saturday, November 11.

Drive to Begin for More Band Uniforms

A drive for funds to purchase additional band uniforms for the local band will be started within a short time, according to C. F. Pickard, band director in the Sanderson Public Schools. The Sanderson Band now has more than fifty members but has uniforms for only about thirty.

The band is invited to play at the American Legion District Convention in Sanderson on December 2 and also expects to compete in the annual band contest for this section of Texas during the spring.

Definite plans have not been announced for the raising of funds for band uniforms. The P-T. A. Halloween Carnival furnished \$86.21 to this fund, but as one uniform costs \$15, additional funds are needed if all members of the band are to be in uniform.

Young Women's Association Meets Tuesday

A social and business meeting of the Young Women's Association was held Tuesday evening at the home of Miss Mildred Underwood with Miss Rachael Sweeney as co-hostess. Eighteen members were in attendance.

After a treasurer's report and other business which included discussion of a Standard of Excellence, and a Christmas party to be given by Miss Marjorie Canon and Emma Fay Harris, a committee was appointed to draw up a constitution of the association. Names were also drawn for the Christmas party which will be discussed further at the next special meeting November 21.

Following the business session the meeting was turned over to the program chairman. Several papers were read on the work in the foreign countries and Miss Mary Arrington led the group in singing "The Old Rugged Cross."

After the meeting was dismissed with prayer by Miss Roberta Loehausen, the group was entertained with a spelling bee and other enjoyable games. Guests were served refreshments of lovely cake and hot chocolate.

Mr. and Mrs. Robert Duncan Mr. and Mrs. Col Coates, Mr. and Mrs. P. C. Coates, Mrs. Buck Pyle, Mrs. C. E. Trawick and B. H. Giff spent last week-end in Laredo and Monterrey, Mexico.

REGULAR MEETING OF P.-T. A. HELD THURS. LAST WEEK

The regular meeting of the Sanderson Parent-Teacher Association was held Thursday of last week in the high school auditorium with Mrs. Earl Pierson as leader of the program. Mrs. Clyde Higgins, president, presided over the business session.

Room attendance was taken by Paul Patterson and the third grade was awarded a book prize for having the largest attendance of parents at the meeting.

Mrs. A. E. Creigh, Jr. gave a very interesting and vivid discussion choosing as her topic, "Mary, Mary, Quite Contrary."

At the meeting of the executive board previous to the regular association business session, Mrs. Tol Murrain, chairman of finance and budget committee, gave a report on the Halloween carnival put on by the Parent-Teacher Association. The carnival was quite a success, netting \$191.20, one half of which goes to the high school band for their help and cooperation.

The health chairman, Mrs. J. L. Newton, reported the tuberculosis Christmas seals would be sold again this year. Of the proceeds raised from this source, 60% will go into the health fund of the Parent-Teacher Association.

Members of the committees in charge of the carnival preparations extended their thanks and expressed appreciation to all citizens who were instrumental in making the affair the success that it proved to be.

Attends Meeting of County Agents and Committeemen

County Agent E. L. Williams, Hugh Rose, range inspector, Miss Beatrice Nichols, administrative assistant and E. W. Hardgrave, Joe F. Brown, and G. J. Henshaw committeemen, left Wednesday for Big Springs where they will attend a meeting of administrative officials from counties which comprise District 6.

The meeting is for the purpose of explaining the 1940 range program and discussion of administrative problems. Visitors will remain in Big Springs until noon Friday, going to Midland Friday afternoon where they will attend a barbecue and field meet. They plan to return to Sanderson that night.

ATTEND DISTRICT MEETING

Mrs. Joe F. Brown, Mrs. W. E. Eaton, guest of Mrs. Brown from Eldorado, Mrs. John Nichols, Mrs. Joe Nichols, Mrs. N. E. Chariton and Mrs. J. W. McKee attended the District Conference of the Presbyterian Church in Del Rio Wednesday.

Red Cross Roll Committee to Make Early Drive

Mrs. B. F. Anderson, chairman of the annual Roll Call of the American Red Cross, states that an early drive for members into the organization is now under way, and preparations, including the distribution of posters and other information, is now being made.

enlisting all possible aid for the Red Cross at the earliest possible moment.

It was stated that the drive for members will be carried on as intensively and earnestly as at any time in the past, and that any assistance rendered the local committee will be greatly appreciated and will result in a greater advancement for the local fund and the National organization. Roll Call dates have been set at November 11 to 30, 1939.

JOIN RED CROSS

Methodist Social Held Friday at Masonic Hall

Friday night, November 3, in the Masonic Hall, the Sanderson Methodist Church members and their families held a good fellowship meeting with approximately 120 men women and children in attendance. After everybody was certain that everyone had met everybody else and all the ranches, railroads and businesses had been discussed to say nothing of the pies, cakes, dresses, Johnnies and Marys the women talked about—each one served herself with a big mug of cocoa and found a choice seat by a huge platter of cake. After thanking God for the privilege of enjoying such an occasion, a stunt program provided pleasant entertainment.

The program was concluded with the introduction of the officers of the church, church school and Missionary society.

After a brief social period the crowd dispersed with "good nights" and "See you at church next Sunday."—Reported.

American Education Week Nov. 5 to 11

The week of November 5-11 is American Education Week in the United States, the theme for 1939 being "Education for the American Way of Life." The National Education Association, The American Legion, The National Congress of Parents and Teachers, and the United States Office of Education cooperate in presenting to the people of the nation the part played by schools in perpetuating American civilization.

The local schools are not having special programs in observance of the week, according to superintendent R. D. Holt. However, visitors are always welcome in the classrooms and no special visitor's day should be necessary to get parents to visit the schools. The public should take an interest in the regular work of the school and should visit the schools, states superintendent Holt. The programs by the schools are only a small part of the work of the schools, but these are about all that the public really observes.

Mr. and Mrs. E. L. Pearce and family left last week for Austin where Mr. Pearce will attend the Highway Department Inspector's School for the next six weeks. Mrs. Pearce and children continued to Guin, Oklahoma, where they will visit with her parents until Mr. Pearce has finished with the school. They will return to Sanderson at that time.

Mrs. F. W. Monroe of Sheffield was here the first of the week visiting with relatives and friends.

Mrs. Grace Wheeler and Mrs. Mata Wheeler of Rocksprings, arrived Wednesday for a visit with Mrs. Luella Lemons.

Keith Mitchell left for San Antonio Monday to visit with his mother Mrs. Mary E. Mitchell, who has been there for the past several weeks receiving medical treatment. It is understood that she will probably return with him.

LEGION DISTRICT COMMANDER VISITS SANDERSON SUNDAY

District Commander G. Ward with four assistants, were Sanderson visitors Sunday afternoon to aid the local Post in making arrangements for the program for the District Convention of the American Legion which will be held here December 2 and 3.

The complete program has not been completed, however Congressman R. E. Thomason has been invited to address the convention and Department Adjutant Fred Young of Austin has already accepted an invitation and assured the local Post he will attend.

Commander W. H. Savage announces that the regular meeting of the Post scheduled for Thursday night of next week will be the last meeting before the convention and urges that "all buddies please come out."

Mrs. J. L. Newton Named Chairman Christmas Seal Sale

Mrs. John L. Newton has accepted the chairmanship of the anti-tuberculosis Christmas Seal Campaign, the thirty-third fund raising drive to be conducted in the United States to finance tuberculosis control according to recent announcements.

"The generous service of volunteer workers has always played an important part in the work that has succeeded in relegating tuberculosis to seventh place among the causes of death in the United States," said Mrs. Newton. "For a number of years in this state, funds from the sale of Christmas Seals have financed the educational program against tuberculosis and we have seen our death rate from the disease drop sharply."

Mrs. Newton pointed out, however, that Surgeon General Thomas Parran of the United States Public Health Service has said several times recently that it was no time for self-congratulation as far as the disease is concerned.

"There are plenty of people who believe in letting this and other disease problems work themselves out through the slow process of time, but I don't agree with them. Though the reduction of tuberculosis has been steady, it is still slower than we should tolerate," Mrs. Newton said.

Appointment of members of the local tuberculosis Christmas Seal committee for 1939 has been announced by Mrs. Newton as Mrs. Wilson Banner and Mrs. P. G. Harris.

"From the beginning of the organized educational drive against tuberculosis, volunteer service has been an outstanding factor of its success; volunteer service of generous and sympathetic men and women has been of tremendous value in reducing the death rate from the White Plague from 291 out of each 100,000 persons in 1904 to 49 out of each 100,000 in 1938," Mrs. Newton said.

The Christmas Seal Sale, sponsored by the Parent-Teacher Association, will open on Thanksgiving day and continue through Christmas.

Buff Cafe to Remain Open 24 Hours Each Day

Mr. and Mrs. H. G. Holt, owners of the Buff Cafe, have announced that they will give 24-hour service at their place of business in the future.

Mr. Holt stated that they would serve their regular lunches, short orders, Mexican dishes, etc., right on through the night as is done during the day.

Keith Mitchell left for San Antonio Monday to visit with his mother Mrs. Mary E. Mitchell, who has been there for the past several weeks receiving medical treatment. It is understood that she will probably return with him.

Mr. and Mrs. H. C. Goldwire and family came in last Friday from Del Rio to make their home in this city and have rented the Mansfield home. Mr. Goldwire the past year bought part of the Downie ranch.

Mr and Mrs. R. S. Wilkinson and son Jimmy, have returned from Cuero and Waelder where they have been visiting relatives the past two weeks. Mrs. Wilkinson also attended the Eastern Star Convention which was held in San Antonio.

Mr and Mrs. Alfred E. Creigh, Jr. and son, were week-end visitors in Del Rio.

Mr. and Mrs. Herbert Buchanan spent several days in San Antonio this week.

Miss Louise Noble spent the week-end in Alpine visiting with friends and relatives. She also attended the musical program which was held at Sul Ross Saturday evening.

Mr. and Mrs. B. F. Davis are the parents of a son, James Austin, who was born to them November 7.

WITH OUR NEIGHBORS

Monahans News—An explosion which occurred when an electric light turned on caused damage of undetermined amount Tuesday evening about 6 o'clock to the Union Church of Grandfalls.

Ozona Stockman — Crockett County taxpayers broke all records for prompt payment of taxes this year when they handed in a total of \$76,471.37 in state, county and school property taxes during October, the first month of the tax paying period, according to total compiled yesterday in the office of W. S. Willis, sheriff and tax collector.

Fort Stockton Pioneer—A Halloween prank Tuesday night proved a boomerang for a group of Fort Stockton high school boys who thoughtlessly pushed a stripped-down model T Ford of Harrison Bullock down the steps

and into the Comanche Spring swimming pool.

Alpine Avalanche—The Tri-Arts series of concerts is to be sponsored in Alpine this season by the Study Club and El Progreso Club. Throughout the school year four concerts and one lecture or travelogue are to be presented.

Big Bend Sentinel—Two hundred and thirty-six carloads of livestock left Marfa by rail last month, according to R. E. Petross freight agent here.

In October last year only 205 carloads were shipped.

Grandfalls Gazette A proposal to build a road south from the Grandfalls bridge on Highway 28 to intersect the Fort Stockton-Imperial road about two miles north of the Aerogas refinery, is being studied by the State Highway Department, at the request of Fort Stockton citizens.

Police Urge Proper Motor Numbers be Given in Registration

Because car owners in many instances, neglect to register their vehicles with proper motor numbers there may be questions raised as to ownership, state police officials warned today.

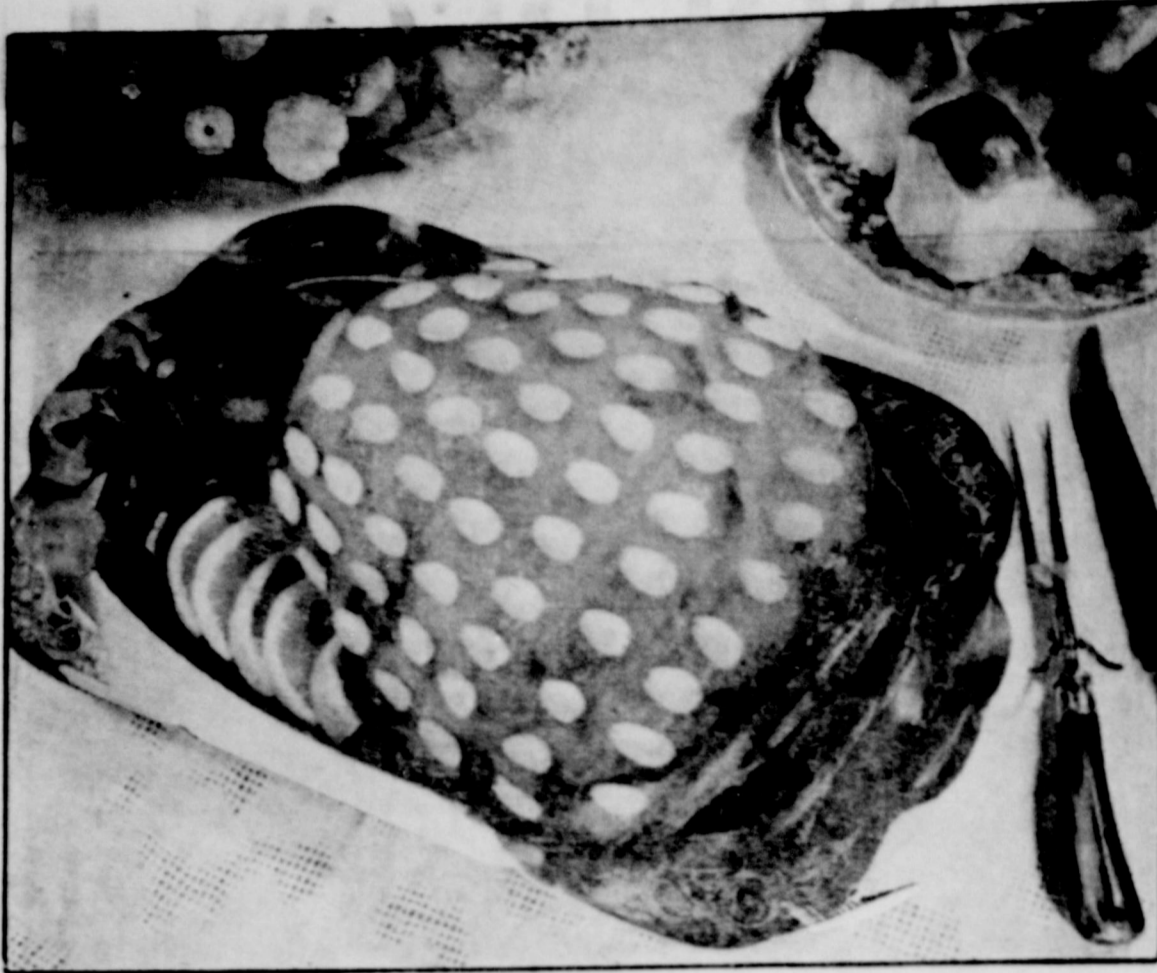

The problem rose after several applications for certificates of title contained identical motor numbers which were discovered to be parts and frame numbers. Ralph L. Bruell, Chief of Certificate of Title Section, which administers the newest motor vehicle act, said he learned from registration receipts that in one instance 21 automobiles of the same make have been registered under the same motor number. Investigations revealed that owners have registered their cars with wrong numbers.

In another case an automobile had been registered three times under that many different motor numbers. Because of the fact that the motor number of a vehicle is there may be confusion in the event of a test of ownership.

Motor numbers are the major clue in searches for stolen cars as thieves often remove license plates in an effort to escape detection, state police said. Under the certificate of title law, definite proof of ownership is established before state police issue titles.

Baked Ham for Thanksgiving

As a pleasant change from the usual, why not have a tempting, richly browned whole ham as the piece de resistance of your Thanksgiving dinner? The tangy flavor of smoked ham combines well with fall fruits and vegetables so plentiful at this time of year. And nut halves and orange slices, it presents an even more festive appearance in keeping with the fall season. Baking a whole ham these days is a very easy matter. With the mild cures that hams are given

now, no parboiling is necessary. Simply place the ham, fat or skin side up, on a rack in an open roasting pan and bake it uncovered at a low temperature of about 300 degrees Fahrenheit has been found to give excellent results. If the rind was not removed before the ham was purchased, this should be done a little while before the ham is done. In cooking, the rind becomes loosened, so that all you need do is take the ham from the oven and left the rind off and then

return the ham to the oven until it is slightly browned. There are many ways to decorate a baked ham for Thanksgiving. One of the easiest is by placing almond halves in diagonal rows over the ham. Or you may wish to spell the word Thanksgiving with whole cloves across the surface of the whole ham. If desired you may rub the surface with brown sugar or strained honey and return it to the oven to glaze.

Are You A Safe Driver?

The old question of who should drive the family auto can be settled without further argument in the Aetna "auto laboratory" at the California World's Fair, with a series of driving tests providing accurate estimate of ability. Here Miss Rosalind O'Connor takes a test on the "Reactometer" with pictures on a moving screen giving cause to ease off the accelerator and tramp on the brake quickly. An electric recording shows speed of reaction in one of a series of tests. All Fair goers are invited to take the test.

Green Vegetables Necessary Food Says College Expert

One reason children used to be given sulphur and molasses or sassafras tea in the spring to "tone up" their blood was because they got so few green vegetables during the winter months. That's an opinion advanced by Jennie Camp, specialist in home production planning for the A. and M. Extension Service.

"The prospects are that we may have to do something equivalent to resorting to grandmother's remedies next spring unless we begin to do something about green vegetables immediately," she warns. And continued drouth in much of Texas is not helping any.

"There are a few things that all of us can do no matter where we live and other things that those of us who live in certain sections of the state will find worthwhile. Gardeners in south, east or central Texas will be justified in taking a risk on planting some vegetables protected spots in the open garden. If rains come soon," the specialist continues.

Where the weather will not permit planting vegetables in the open garden a frame garden may provide quick maturing vegetables like mustard and tender greens, spinach, lettuce, par-

Birth rate in Texas is higher than that for the United States as a whole. University of Texas social scientists report.

A chip on the shoulder indicates there's wood up higher.

Precocious little sister was desiring some information. "Mother, if baby were to eat some tadpoles, would they give him a deep bass voice like frogs have?" "Gracious no! They'd kill him." "Well, they didn't."

A wife is someone who can look in the top drawer of a dresser and find a man's handkerchief that isn't there.

Hunters are not allowed to kill any migratory bird any gun other than a shot save a life.

Look before you shoot, it says a life.

Texas has twenty-one counties which have universal hunting and fishing license law. All licenses collected in those counties spent there by the State Game Department.

The well informed sportsman says: a bevy of quail, flight doves; brood of grouse, corn partridges; flock of geese, a pair of ducks; stand of plovers wisp of snipe.

THE SANDERSON TIMES

**"Wizard of Oz" Sets Landmark in
History of Talking Pictures**

Bert Lahr, Frank Morgan, Judy Garland, Ray Bolger in "The Wizard of Oz"

Metro Goldwyn-Mayer's spectacular Technicolor hit "The Wizard of Oz" hailed by critics throughout the country as having set as much of a landmark in film history as did "Snow White," is based on Frank Baum's classic of the same name. It was produced by Mervyn LeRoy and directed by Victor Fleming, with a cast that includes Miss Judy Garland as Dorothy, Bert Lahr as the Cowardly Lion, Frank Morgan as Professor Marvel, Ray Bolger as the Scarecrow, Jack Haley as the Tin Woodman and Billie Burk as Glinda.

The screen play is the joint

work of Noel Langly, Florence Ryerson and Edgar Woolf. The song numbers included in the production are two popular writers for the Broadway shows, E. Y. ("Yip") Harburg and Harold Arlen.

Some of the most unusual technical effects ever to be seen in a Hollywood production were devised for "The Wizard of Oz." Many of them required months of preparation and experimentation. The color work, representing a new phase in the use of polychromatic effects, has been rated the most ambitious venture of its kind to be attempted at the Metro-Goldwyn-Mayer studios.

**DON'T SLEEP WHEN
GAS PRESSES HEART**

If you can't eat or sleep because gas bloats you up try Adierika. One dose usually relieves pressure on heart from stomach gas due to constipation. Adierika cleans out BOTH bowels. Sold at all drug stores.

Practically every available professional midget was rounded up by M-G-M for the Munchkinland sequences in "The Wizard of Oz." Weeks of experiment preceded the selection of make-up for two hundred odd midgets who play real life phototypes of the Snow White septet. By means of

TEXAS OUT-OF-DOORS

Austin, Texas—A Texas Game Department warden recently arrived upon the scene of one of those terrific battles nature's children sometimes engage in just in time to rescue one deer, but the other had not survived a struggle to death which persons who have witnessed such battles declare are as thrilling as any plot ever conceived by an author.

The warden arrived on a flat on the Herbert ranch in the Hill

Country to find a pair of eight and seven point bucks with their horns locked and signs of a terrific struggle having taken place. One buck was dead but the warden worked with the other, the eight-pointer, and got him loose and watched the deer literally stagger off into thick cover. Bucks fight frequently, but it is not so often that their horns become locked. However, if that occurs and no outside help is available, both deer are generally the victims of the battle.

White-wing doves, considered much better sport than mourning doves, generally remain in Texas' Rio Grande Valley. Large numbers are found in several counties there, but this year, and the reason is not known by Game Department biologists, the birds have come much farther north than usual. Flights of several hundred each have been seen in Medina County and a good many sportsmen of that section have gotten their limits of white-wing doves without making usual trek to the valley. Infrequent reports of white-wings nesting as far north as Medina County have also been received by the Game Department.

An Abilene fisherman recently lost \$30 in prizes because he had not spent \$1.10 for a fishing license. Abilene merchants marked a dozen fish and released them in Lake Abilene. The largest one carried a notification of a prize of \$50 for the person catching it PROVIDING HE HAD A FISHING LICENSE. Smaller fish were released and marked for prizes of less amount. Only one sportsman has caught any of the marked fish, according to latest reports. However, he did hook a \$50 fish but was unable to collect because he did not have a fishing license. He remedied that situation with a \$1.10 purchase, and believe it or not he returned to the lake to catch another fish which had been marked. However, the second catch was worth only \$20 in prizes and the fisherman was "out" \$30. Other sportsmen of that section are still trying to catch the remainder of the marked members of the finny tribe in Lake Abilene.

Motor cars take a terrific toll of deer, as is attested by a report to the Game Department's executive secretary by the warden at Fredericksburg, who stated that a personal check disclosed seventy-five deer found dead on the highways of one county, Gillespie during a period from October 1, 1938 to October 1, 1939.

Oglesby's Ogles—

(Continued from page 1)

doubt as to the net increase in demand for United States products from the Allies after the resources of the British and French Empires have been mobilized.

5. Because of widespread dissatisfaction with the economic disruption caused by the last war it is possible that inflation will be avoided this time. The record high income tax rates announced in Britain late in the month (October) represent a move in this direction.

6. Even if some internal inflation is allowed, imports and the whole balance - of - payments position of the belligerents may be so rigidly controlled that there is no net effect on our economy. This has been the case with Germany for the past five years. England and France have already announced exchange control, and the decline in sterling last month indicates that England does not fear a decline in imports and is definitely discouraging capitol exports.

Lastly with regards to the immediate future, there is a decided possibility, as was the case in 1914, that a period of 6 months or so may lapse before war orders in any sizable manner materialize. If so, there is a reasonable doubt that a higher level of price can be maintained in the interval.

It is illegal to hunt in Texas from a motor boat, sail boat, boat under tow or from an airplane.

All kinds of office supplies at The Times.

**GET AN I.E.S. BETTER
SIGHT LAMP NOW**

—and enjoy safe, restful light

Science tells us that eyes are slow to complain about abuse . . . slow to object to poor light. Thus, by the time eyes do speak out, they have already been strained, perhaps injured. That's why we say, "Don't wait! Get an I. E. S. Better Sight Lamp and have enough light and the right kind of light for safe seeing." The patented white glass diffusing bowl in every I. E. S. lamp eliminates harmful glare and provides a flood of soft, restful light that acts as a balm to tired eyes. Get one today and know the meaning of true eye comfort.

Members of M. E. Missionary Observe Week of Prayer

The Week of Prayer, November 5 to 11, was observed by the Methodist Missionary Society in an all day meeting held in the home of Mrs. Bustin Canon, November 6.

The day was designed to give an opportunity for special worship and to make love offerings to the cause of home and foreign missions.

Week of prayer gifts to be used by the home department this year will be directed to three uses. Four thousand dollars each will go toward the erection of buildings at Amherstdale, W. Va., and West Dallas, and the remainder, which will be a major portion of the total offering for the home work, will go toward increasing the fund that is being built for the case of retired deaconesses.

The Foreign Special is Colegio Bennett, at Rio de Janeiro. The objective of the women of the Methodist Church is to lift this school to a junior college.

Mrs. H. E. Ezelle directed the morning service. Those who had parts on the program were Mesdames H. E. Ezelle, C. H. White, C. J. Watts, J. Y. Bowman, H. C. Goldwire, Percy Gray, J. C. Kern, J. R. Blackwelder, John Neal and Lee Grigsby.

At noon a delicious covered dish luncheon was served which consisted of meat loaf, peas, candied sweet potatoes, salad, jelly, butter, hot rolls, pie, iced tea and coffee.

The afternoon session was conducted by Mrs. Clyde Higgins. Those who helped with the program were Mesdames B. F. Anderson, Gayle Mussey, John Deaton, Bustin Canon, Sam Underwood, A. B. Gates and J. R. Goodkowitz.

A generous offering was received which will be directed to the missionary specials.

Those who attended the meeting were Mesdames Jennie Freeman, Harry Newton, H. C. Goldwire, Sam Underwood, J. R. Goodkowitz.

dykoontz, H. E. Ezelle, John Neal, J. C. Kern, C. J. Watts, Bustin Canon, B. F. Anderson, Clyde Higgins, Percy Gray, John Deaton, Lee Grigsby, C. H. White, Pat Bealrd, A. B. Gates, J. Y. Bowman, M. F. Wilson, R. M. Clark, C. M. Murray, Pete Deaton, Gayle Mussey and Misses Kate Frazier and Pauline McWilliams.

Junior Class Leads Football Ticket Sales

The Junior class of the Sanderson High School is now in the lead in the annual football ticket sale. The class winning the contest in selling the most football tickets is to be given a picnic at the end of the season. The standing of the five classes are as follows:

11. \$26.70; 10. \$27.75; 9. 9.50; 8. 28.00; 7. 13.50

The ticket sale for the Marfa game resulted as follows:

11. \$16.45; 10. 40.25; 9. 5.00; 8. 11.00; 7. 6.50. Total 79.45

The total receipts for the Marfa game amounted to \$101.70 which is the largest amount ever received in a football game here it is believed.

Busk Pyle was a San Antonio visitor the first of this week.

CATHOLIC CHURCH

First Mass on Sunday at 8:00 a. m.

Second Mass at 9:30 a. m.

Mass every morning at 7:30 a. m.

Rev. C. Varona, Pastor.

Princess Theatre in Receipt of News Deal Pending With Great Howard Thurston Show

The Princess Theatre has just received communication from their general office in Dallas that the office is now negotiating and is about to effect an arrangement in which the Great Howard Thurston's Show, which in its class is the biggest sensational extravaganza of miracles on tour and has so far only played in the largest key cities, whereby the Thurston Show will be brought to West Texas to play all the O. K. Theatres within the very near future.

This tremendous show carries five tons of special equipment with which to present the stage miracles and magic show and is the last word in this branch of entertainment. It no doubt, will draw people from all sections of this vicinity if the deal can be closed.

SLY SI SAYS

By Paul Patterson

Finland intends to resist an invasion by Russia. Why don't they know that "self defense" against Russia or Germany is against the law?

People get tired of us and our European war talk all the time but all we've got to talk about is Europe, war or the weather, so we talk about the one that changes the most.

If France and Germany put out as many reports from guns as they do reports from reporters, they'd already have each other killed off like they say.

The U. S. has finally decided to sell guns to the fighting nations for cash on the barrel head. Knowing some of them like we do we'll come nearer getting the cash on the barrel head by delivering them guns with the barrels turned their way.

In other words we don't turn loose the triggers 'till they turn loose the cash.

EDITOR'S NOTE: Observe that "National Education Week" (this week) has greatly groomed Si's grammar.

SEVENTH GRADE IS HONORED WITH PARTY TUESDAY

Mrs. Hugh Cox, room mother, entertained with a party Tuesday afternoon in her home honoring the seventh grade. She was assisted by Mrs. Charlie Rogers.

The occasion proved to be a hilarious affair from beginning to end, with hats, whistles, and blowouts given as favors. Delicious refreshments of punch and cookies were served, after which the guests departed with many expressions of thanks to their room mother for a jolly good time.

RATTLE OF THE RAIL

Engineer H. H. Wehner has taken the extra board out of Del Rio.

Bob Melton from the division engineer's office at San Antonio was here Thursday.

J. G. McCullar, traveling engineer and L. F. Tadlock, train master, were here from El Paso several days this week.
