We wonder if the poor old Republicans are as hard up this year as they were at the end of the last campaignthey stripped the old G. O. A sub head in the paper says that "cotton hose gain supporters"-that must mean that silk sox will have to come down! In fact they say that they have perfected a cotton sock that will amaze us. Do you suppose that at last, people "wadin in high cotion," soon be doin' so in low (priced) cotton sox

Another thing to make the silkworm turn is this new hose material called Nylon. It is put out by DuPont, the gunpowder man. and it is supposed to be dangerous runner agin silk hose.
