SANDERSON, TEXAS FRIDAY, JANUARY 24, 1941

NUMBER 47

COMMITTEE ASKS OPINION OF MORE PLUGS

That all persons interested in helping maintain better protection for their homes mail a post therefore they are requesting

FOR YOUR PROTECTION

The Sanderson Volunteer Fire Department is on duty twenty-four hours a day for your protection. They draw no compensation for their time, nor ask it.

They do deserve your cooperation, however, and you should grant them the request made concerning the efficiency of the siren now in operation on a 60-day trial. This time will expire within the next few weeks and payment must be made or a larger siren ordered at that time. If you don't think it is loud enough help them by helping protect yourself and drop a card to their secretary, Joe Kerr, telling him that you think it too small. It might be your home some night that will be burned to the ground because the alarm was not heard soon enough.

PURINA DEALER—

Announcement is made in this issue of the Times to the effect that the Owl Feed Store, owned by M. G. Northcut, pictured above, is now the authorized distributor of Purina feeds. Mr. Northcut owns and operates the Owl Truck Line and the Owl Service Station in connection with his feed store.

NEW CATHOLIC CHURCH UNDER CONSTRUCTION

The St. James Catholic Church is now under construction with O. J. Creswell as the labor contractor on the job.

The new Catholic Church is to be made of native stone veneer and is 40 by 85 feet, outside dimensions. An organ loft is to be constructed over the front entrance and the Sacristy built beside the altar. Windows are to be amber glass.

The building is being erected on the southwest corner of the block just east of the courthouse and will face west.

According to information it will be completed about May 1st.

Crash Victim Receives Broken Jaw Bone

J. L. Adrian of San Antonio received fractures on both sides of his jaw bone Thursday of last week when the car in which he was traveling overturned.

Mr. Adrian was en route to Alpine when the accident occurred about 10 miles east of Sanderson, for a visit with his parents. His parents arrived Friday and removed him to Temple to a hospital. The car was completely demolished.

GILES PROPOSES TIME EXTENSION ON SCHOOL LANDS TO 1951

Austin—Stating that there is no investment on which School Funds could get a higher return, Bascom Giles, Commissioner of the General Land Office recommended to Governor W. Lee O'Daniel and members of the legislature that the time for payment of principal on all School Land sales contracts which are due or will become due before November 1, 1951, should be extended to that date.

The extension would give the state the interest on \$12,410,939 principal on 17,904 accounts on purchases before 1911 for several more years. "Such an extension is good business for the state and its school fund," Giles said, "and would also be of material assistance to many of the State's purchasers whose contracts will become due during this period. We are now in the midst of a National emergency which will make it difficult for landowners to meet their principal payments, and the School Fund could not find a better source of revenue from its assets than interest on the sale of its lands." Commissioner Giles added.

The Commissioner made his recommendation as a result of numerous land holders' asking for extension and their assurance that they would avail themselves of it.

Commissioner Giles explained the work that has been done in the General Land Office the last two years in compiling the 404,000 state abstracts into compact, single-line entries from the previous sixty-three volumes, and suggested that an appropriation be made to print and bind the revised abstract volumes. The existing abstract books were last published in 1878 and since then changes in statutes and new abstracts have appeared in annual supplementary volumes.

The most efficient procedure to publish these abstracts would be to divide the state into eight districts, averaging about thirty-two counties to the district. Such a revision would be of untold benefit to the Comptroller of Public Accounts and to the tax-collecting agencies of the state, in addition to abstracting plants and attorneys who do little work throughout the state. Much formerly unrendered land will be added to the tax rolls of the various counties by virtue of the information disclosed by these books, Giles said.

EAGLES DEFEAT MARATHON BY SCORE OF 18-17

The Sanderson Eagles defeated the Marathon Mustangs by a score of 18-17 for their first victory outside their own gym this year. This game furnished all the excitement for one game anyone could ever ask for. There was never two points difference in the score. Marathon's points were all long shots while a lot of the Eagles points came from re-tips and crisp shots. Critics say that this was the best performance the Eagles had turned in this year. The games now stand with Marathon one victory while the Eagles have two wins over Marathon.

The Mustangs will return the engagement Tuesday, January 28, when they will be at full horsepower in an effort to even up the series. Those who thought the Buena Vista or Fort Stockton game was exciting, should turn out and see a real thriller with Marathon. The game will contain all the thrills and spills any basketball fan could ever want. Let's support the team and give Sanderson a chance at a victory.

The Eagles will flop their wings and head north and hover over the Panther cage in Fort Stockton tonight. Stockton took the Eagles under January 10 by a score of 20-14. This is the Eagles chance to get even but don't forget the thriller to be staged with the Marathon quintet next Tuesday.—Eagle News Reporter.

Only Two Men Drafted for Service From Sanderson

To date the Terrell County local board has sent two men into training service with Ralph Ord being the first, filling the place by volunteering and Norberto Barrera answering the second call. Two others were sent but were rejected.

The next call has been issued for February 7th for one man and will be met by Federico Sanchez. Replacements for the two rejected will report February 13, both of whom are volunteers. They are Rafael L. Fierro and Dario Martinez.

Up to the present time, the Board has issued 175 questionnaires. Additional ones will be sent out according to the number of calls made in order to have enough 1-A men ahead to fill calls and make any replacements.

Junior Woman's Club Meets In Home Mrs. J. M. Hayre

The Junior Woman's Club met in the home of Mrs. J. M. Hayre Thursday evening, January 16, with Miss Myrtle Harrell as co-hostess. The members enjoyed a very interesting program led by Miss Helen Simpson. Mrs. W. C. Vaughan gave an interesting review of "Marriage" by Ernest R. Groves, and Miss Simpson entertainingly reviewed "Win Him If You Want Him."

Clothing to be made for the British war relief was distributed among the members present. Delicious refreshments of caramel cream pie and coffee were served to the following members and visitors:

Mesdames Ted Baker, R. H. Denton, Wallace Henshaw Jr., W. A. Matthews, Conway Pickard, W. C. Vaughan, Misses Mary Arrington, Armenta Ragsdale, Helen Simpson, Vauceil Henderson, Una Lee, Edna Peterman, club guest, and the hostesses.

ATTENDS INAUGURATION

Jack Bogusch, son of Mr. and Mrs. Max Bogusch of Sanderson, was a member of one of the two companies of men to attend the inauguration of President Roosevelt from West Point. The two companies were made up of men who were not less than six foot in height.

Registration of Scouts Completed For Coming Year

Registration of Scouts for the local Troop 60 has been completed with names of 41 Scouts appearing on the roster.

New Scouts who have signed up this year are: Junior Bowden, Charles Daniels, Gene Earwood, Clyde Griffith, Francis Grigsby, Floyd Harrison Jr., Tom Hill, Milton McDonald, Ben Moorefield, Earl Pierson, Bill Savage, Eugene Thompson and Sammy H. Tinney.

Other Tenderfoot Scouts are: Bland Gates, James Kerr, Lewis William Lemons, Harvey Rogers, Billy Jo Short, Frank Stavley, Harold Surratt, Fred H. Talbot, Doyce Wells and John Louis Whistler.

Second Class Scouts are: Joe Bean, Dewain Hill, James House, James Albert Mansfield, and James M. Shurley.

First Class Scouts signed up are: Don Allen, Sam Bell, Bill Davis, David Duke, Edward Kerr, Curtis Litton, Dan Murrain and Eldridge Murray.

Star Scouts: James O'Connor, Life Scouts: Bill Cochran, W. T. Frazier, John Hardgrave and Earl Hurst.

Baptist Society Meets In Home of Mrs. A. Gohison

The Baptist W. M. S. met in the home of Mrs. A. Gohison Monday for a mission program and social meeting. Mrs. Annie Nance assisted Mrs. Gohison in the entertaining.

Mrs. Marvin D. Kelly had charge of the very interesting program on "An Urgent Gospel Where We Live." Others taking part on the program were Mrs. Charles Broadhead, Mrs. J. L. Newton, Mrs. Ira Deaton, and Mrs. A. D. Brown.

After the program was over, the hostesses served delicious refreshments to the following:

Mesdames Ira Deaton, E. L. Williams, B. L. Van Cleave, Charles Broadhead, M. D. Kelly, F. M. Mansfield, A. D. Brown, L. H. Lemons, J. L. Newton, C. F. Pickard, and Miss Ella Savage.

The W. M. S. meets again Monday, January 27th at 3 o'clock at the church for Bible study.

Mrs. A. J. Horton and Mrs. J. W. Downum left Saturday for Mrs. Horton's home at Quitman. She had been visiting here with Mr. and Mrs. Downum for several weeks.

J. D. OGLE SR. DIES TUESDAY IN HOUSTON

John David Ogle Sr., 68, resident of Del Rio and of Alpine for the past 14 years, died Tuesday night in Houston, where he has been under treatment for several months.

The body was brought to Del Rio Wednesday in a Doran hearse and burial will be made here but funeral arrangements had not been completed at noon today pending word from relatives.

He married Miss Mary Elizabeth Sharp May 27, 1893, at Sherwood, Texas. Mrs. Ogle died in Del Rio Dec. 11, 1932.

Survivors include five sons, three daughters, three sisters, a brother and twelve grandchildren. The sons include Sam, Lorimer and Herbert Ogle of Del Rio; John David Ogle Jr. of Sanderson, Roy A. Ogle of Alpine and Mabry Ogle of Gerhardt, Oregon. The daughters are Mrs. Ora Mae Blalock, Mrs. W. Denny and Mrs. Sidney Smith, all of Del Rio. The sisters are Mrs. Alice Lindley of Houston, Mrs. Ora M. Ratliff of Burkburnett and Mrs. Claudia Crockett of New Mexico. The brother is Ted Ogle, also of New Mexico.

—Del Rio News-Herald.

Fritz Thorn Opens Vegetable Store

Fritz Thorn opened up his vegetable store Wednesday in the Kerr Building located between the Community Public Service office and the Empire Cleaners, and extends an invitation to the people of Sanderson and surrounding community to visit him for all kinds of fresh vegetables, poultry and eggs.

Mr. Thorn states that if you pay cash you pay less, and says he will strive to give his customers the very best at the lowest possible prices.

Miss Fay Jones of Beaumont arrived last week to visit a while in the home of Dr. and Mrs. R. E. Lester.

Mrs. Theresa Friend was called to Sonora Thursday morning because of illness of her mother, Mrs. Lena Bridge.

W. D. O'Bryant Sr. came the first of last week and he and Mrs. O'Bryant returned to their home in San Antonio Friday.

Machines Protect America

Machines play the leading role in modern defense. Shown above are machines for soil defense and national defense. The cannon is one of a number of U. S. guns capable of long-range destruction. The earth-moving equipment at top is of a type used by many farmers in building dams and reservoirs. In 1939 farmers moved more than 11 million cubic yards of earth in performing this conservation practice, equivalent to the volume of material going into Columbia river's huge Grand Coulee dam.

Editor's Note—This column is written by Cal Huffman, your representative, in an effort to keep you informed as to what goes on in Austin and in no way reflects the opinion or policy of this newspaper.

Austin, Jan. 20—Most legislators of the State would like to do away with all forms of political patronage granted them. It is bad enough, they say, to make a few people angry by appointing one to a job, but the greatest kick-back comes from sending out invitations to the Governor's Reception and Ball. With an allowance of only 75 invitations to please 35,000 people in a district, how can a fellow please anybody, they say. So, when they were handed their 75 apiece last Friday, some chucked them in the wastebasket; others wrapped up the whole lot and mailed them to a friend to give out; and the unhappy ones were those who jeopardized their political careers by mailing to a selected list.

Speaking to a sober, reflective, joint session of the Senate and House and galleries crowded with several thousand people, Governor W. Lee O'Daniel carefully diagnosed the ills of the State in two installment speeches last Thursday and Friday, and as carefully proposed the remedies that would cure them. Not once did a cheer break the silence, and only at the conclusion of the speeches was he applauded. With three radiophones in front of him, the Governor was really speaking to a larger audience, focussing the "eyes of Texas" on his plan and putting the Legislature on trial before the people who had elected them.

From apparent reactions, the House swallowed both "doses" without winking an eye, but Senators slated their generosity with adverse criticism. One Representative commented: "We ought to write the whole program into one bill and pass it without even committee consideration." Said one Senator: "O'Daniel and I still agree on only one thing: that part about Jesus Christ and the Ten Commandments."

O'Daniel recommended: (1) Give the governor power to fire, as well as hire, the members of six-year boards and commissions. (O'Daniel claims the 100 commissions spend three-fourths of the State's money, do their own tax-collecting and banking, owe responsibility to no one, and actually constitute a Fourth Branch of the government, ruling without the will of the people.)

(2) Empower the Governor to appoint the State Budget Director. (3) Make the State Auditor an appointee of the Legislature, and not of the Governor. ("Who ever heard of a corporation manager hiring his own auditor to audit his accounts?" O'Daniel queried.) (4) Require the deposit of all State Moneys in the State Treasury instead of in the various special funds which now exist. (5) Vest all possible collecting powers in the office of the State Comptroller. (Departments collect their own taxes and fees now, have their own bank accounts, spend as they please.) (6) Submit a constitutional amendment requiring that the Governor cannot sign an appropriation bill unless there is attached to it a report from the State Comptroller showing that funds are available for paying the appropriation. (This will stop deficit spending, the Governor declared.) (7) Set up a State merit system for hiring employees.

O'Daniel further recommended: better farm to market roads; prohibition of liquor advertising in dry territories; increase of the truck load limit to at least 14,000 pounds; limitation of local bills enacted by

It Happened in Sanderson TEN YEARS AGO This Week—Remember?

The "Open House" at the new school building last Thursday night was well attended by both parents and students, and all seemed to have had an enjoyable as well as profitable time.

Mr. and Mrs. A. E. Creigh Jr. entertained the Saturday night bridge club in their home with a buffet supper of roast turkey and all the trimmings. Prizes went to Mrs. Max Bogusch and W. H. Savage.

The wedding bells that pealed forth in Pecos County January 15 at high noon, were no doubt, heard throughout the great Southwest for they announced the marriage of Louise Coates and F. B. (Bucky) Pyle, one of the most popular couples in this entire section.

J. C. Reeves has recently returned from a visit to El Paso.

Mr. and Mrs. A. F. Buchanan from Dryden were up one day last week to have dental work done.

Mrs. Willie Banner was in from the ranch Monday shopping and visiting with relatives.

Houston Chandler, who is working at Amarillo, visited here with his family last week-end.

WITH OUR NEIGHBORS

Fort Stockton Pioneer—Plans have been launched to make the 1941 4-H Club Fat Stock Show an outstanding livestock event of West Texas, with more than 200 animals now being prepared for the show by club boys of the County, and with promise of a large exhibit of animals by commercial breeders as well.

The 1941 show will be held on February 22, at the large feed barn on the N. M. Mitchell farm 1 mile northeast of Fort Stockton, which was also site of the 1940 show.

Big Lake Wildcat—The Lake Oil Company at Texon is to install its own electric generating plant that will cost \$200,000.

Big Bend Sentinel—Sworn as judge of the Eighty-third Judicial District a few minutes after nine o'clock Monday morning, Hunter O. Metcalfe, attorney here more than twenty-three years, less than an hour later was conducting the January term of court in Fort Davis.

Mr. Metcalfe was advised of his appointment by Governor W. Lee O'Daniel Sunday, he succeeded Judge C. R. Sutton who was elected Associate Justice, Court of Civil Appeals, Eighth Supreme Judicial District of Texas.

Big Bend Sentinel—The possibility of the construction of a

GOOD ADVICE FROM THE SIDELINES

12-room school building as an added facility in the educating of boys and girls who attend school in Marfa is being considered by the Board of Trustees of the Marfa Independent School District.

Ozona Stockman—An issue of wheather creation of a Water Control and Improvement district embracing the area of the town of Ozona should be confirmed or rejected was decided last Saturday by 107 voters in the district.

Creation of the district was confirmed by a vote of 83 favoring the district and 24 opposed.

Ozona Stockman—First step toward construction of a county library and women's club house was taken Monday when the Commissioners Court passed an order for purchase of a lot from Mrs. W. E. West at a price of \$1,000.

Monahans News—Sup't M. L. Baze of the Monahans-Wickett Independent School District was reelected Monday night by the board of trustees and his contract extended for two years. Mr. Baze came to Monahans two years ago from Brownfield.

Navy Trains Men of Needed Experts To Fulfill Positions

The huge expansion program now under way in the U. S. Navy requires that thousands of new men be enlisted and trained for petty officer ratings. In civil life when an organization needs additional electricians, machinists, or other specialists, usually they employ trained and experienced men for the jobs. In the Navy when additional electricians, machinists, etc., are required, inexperienced young men are enlisted and trained to fill such vacancies. Thousands of vacancies exist in the Navy in all lines of work and all will be filled by enlisting untrained men who within a few months after enlistment will have completed the basic training which will enable them to become specialists. Four months after enlisting they are automatically advanced one grade with an increase of \$15 per month in pay. Four months later, those who have proven worthy are eligible for another advancement which carries an increase in monthly pay of \$18 per month. After a total of twelve months service they are eligible for advancement to a petty officer rating with a further increase in pay of \$6 per month.

Three hundred and thirty-six young men are being inlisted from this Recruiting District during the current month and all will have the opportunity to advance as stated above. Single men between the ages of 18 and 31 who are fit, morally, mentally, and physically, are eligible. A high school education is not required and no special training or experience is necessary. A desire to learn and advance is all such men need in order to assure a successful career in the U. S. Navy.

"Let me tell you," the plump wife shouted at her husband, "that it's hard for a woman like me to be brave in war-time."

"I know," retorted her long-suffering husband. "Look at all the chins you've got to keep up!"

His teacher sent a note home with Johnny asking his mother to give him a bath. The next day Johnny brought an answer: "Dear Miss Smith. When I send Johnny to school I send him to be learnt, and not to be smelt; he ain't no rose."

"Well, your baby is certainly a cute little rascal. Does he take after his father?"

Mother: "Well, yes, in a way. His father is not quite so cute, but much more of a rascal."

Judge: "Hank, I have known you for many years. I am sorry that my first duty is to try you for being intoxicated. What was your reason, if any, for getting drunk?"

Hank: "To celebrate your election, your honor."

Lloyd's "Howards" Is Screen Epic!

Meet "The Howards of Virginia" ... and Tom Jefferson, whom they know and love! George Washington, their friend! Patrick Henry, their neighbor! Share their romance, their laughter and their tears! Relive the ever-stirring struggle of Tory aristocrats and simple man of the soil—the mighty epic of a nation!

George Brent Stars In Film for Princess

Intrigue, murder and mystery make up the story of "South Of Suez," the new Warner Bros. adventure film which opens next Monday, January 27 at the Princess Theatre. The scene is laid in the seething heat of a South African diamond mine where greed and cruelty are rampant. George Brent is cast in the starring role as a mine foreman who has to fight off treachery. George Tobias plays the role of a ruthless mine owner who stops at nothing to gain his ends. Brenda Marshall is charming as the girl who proves her love for Brent by trying to show that he is innocent of her father's murder. Director Lewis Seiler handled the megaphone for the season's most exciting film.

CARD OF THANKS

I wish to express my sincere thanks and appreciation for the beautiful flowers sent me by the Sanderson Fire Department during my illness in a San Antonio hospital, and for courtesies extended by others.

Mrs. C. M. Bentley
Mrs. Robert Chandler and her sister, Mrs. Kelso, were Del Rio visitors Wednesday.

Influenza Is Forerunner of Pneumonia

Austin—While influenza is prevalent the citizens of Texas are warned that they should not be in too big a hurry to return to their work following a siege of this disease. Influenza of itself is seldom fatal, but complications, principally pneumonia, are the cause of death, asserts Dr. Geo. W. Cox, State Health Officer.

The number of cases of pneumonia reported last week was four times the usual incidence at this season of the year. The increase corresponds almost directly with the amount of influenza reported.

The termination of the acute symptoms of influenza does not indicate a complete recovery. Many persons believe this to be true and return to their daily routine, only to suffer a relapse. Others plod along in a weakened state, harbor a sub-acute cold, and by continuing to lower their resistance, invite prolonged trouble.

Past experience indicates that the longer an epidemic persists, the more severe it becomes. The possibility of complications increases; therefore, early medical care in any suspected case of influenza is very important. Success in handling pneumonia depends on early recognition, and its onset may be unrecognized by the patient. In general a sharp pain in the chest on breathing and coughing may mean that pneumonia has developed.

Proper medical care during attacks of influenza will prevent persons returning to work until it is safe to do so, and thus lessen the chances of having pneumonia.

Mohair Grading Proves Beneficial to Texas Producers

College Station—Mohair grading in Texas, began with the autumn clip of 1939 at the insistence of many Angora goat raisers who desired to have their staple sold on merit, is making rapid strides, says W. R. Nisbet, Extension Service animal husbandman for Texas A. and M. College.

Several warehousemen cooperated with growers in setting up proper grades, or standards, of quality and approximately 500,000 pounds of the 1940 fall clip were sold on a graded basis. Grading was done at Bandera Eden, Fort Worth, Menard, Sabinal, San Marcos and Sonora.

Sales of graded hair varied from a low of 35 cents to a high of 82 cents this season, Nisbet says. Two grades of kid and four of grown hair were made.

The sheep and goat specialist points out that through the sale of graded mohair growers can obtain concrete information regarding the quality and type desired by mills or other users of their product.

"That is especially important at present when synthetic fibres are being substituted for both wool and mohair to an alarming extent. Conforming to the desires of the mills in the kind of mohair they consume the growers would in large measure counteract the forces which encourage the use of substitutes."

The cost of grading it not prohibitive, Nisbet says, and through three seasons it has proved profitable to producers of the better quality of mohair who have participated. Definite arrangements are being made to continue the grading and growers who are interested should contact their warehousemen regarding such plans.

A farmer received word from a neighbor coming from the village that the postmaster wanted him to call for a parcel post package.

"I'll drop in sometime during the week," he said.

"The postmaster wants you to drop in at once," said the neighbor. "It's a wagon tongue and it sticks out of your letter-box so he can't close the front door."

Prices of lower grade beef may not be as low as they seem when allowance is made for greater losses due to bones and to shrinkage in cooking.

ME'S THE BOY CAN DO IT!

ATTEND MEETING

Those who attended the District meeting of the Methodist Church in Fort Stockton Wednesday were the Rev. and Mrs. J. Y. Bowman, Mesdames C. J. Watts, A. B. Gates, Lee Grigaby, C. H. White, A. F. Buchanan, John Neal and Pat Beard.

Mrs. R. H. Denton and children left Sunday to visit about two weeks in Waco with her mother-in-law, Mrs. H. A. Denton and in Clifton with her father, Joe Moffatt.

The teacher had asked the class to name all the states. One small urchin responded so quickly and accurately that she commended him for it.

"You did very well," she said, "much better than I could have done at your age."

"Yeah, and there wuz only 13 states, then, too!"

Approximately 335,000 pounds of Texas mohair were graded last spring compared with 20,000 pounds in the fall of 1939 when the grading program began.

What in the world is THAT?

BACK in the dark ages, before electric cleaners were invented, people used to hang their rugs on a line and belabor them with instruments like this—imagine!

In those days, cleaning a rug was a morning's work for a reasonably husky man, but today the daintiest woman can clean a rug in 10 minutes without exertion at a cost of less than one cent.

And so it is with other household tasks that formerly took so much of a woman's time and strength. Today, they are done electrically in less time with less effort at a cost that is measured in pennies and fractions of pennies per day.

And as more and more electricity has been used in the home, the cost has come steadily downward. Today, the average customer of this company receives 53% more electricity for his money than in 1930.

Your electric switch is your "open sesame" to comfort, convenience and more leisure time. And electricity is so cheap you can afford to use it freely.

It Happened in Sanderson TEN YEARS AGO This Week—Remember?

The "Open House" at the new school building last Thursday night was well attended by both parents and students, and all seemed to have had an enjoyable as well as profitable time.

Mr. and Mrs. A. E. Creigh Jr. entertained the Saturday night bridge club in their home with a buffet supper of roast turkey and all the trimmings. Prizes went to Mrs. Max Bogusch and W. H. Savage.

The wedding bells that pealed forth in Pecos County January 15 at high noon, were no doubt heard throughout the great Southwest for they announced the marriage of Louise Coates and F. B. (Bucky) Pyle, one of the most popular couples in this entire section.

J. C. Reeves has recently returned from a visit to El Paso.

Mr. and Mrs. A. F. Buchanan from Dryden were up one day last week to have dental work done.

Mrs. Willie Banner was in from the ranch Monday shopping and visiting with relatives.

Houston Chandler, who is working at Amarillo, visited here with his family last week-end.

WITH OUR NEIGHBORS

Fort Stockton Pioneer—Plans have been launched to make the 1941 4-H Club Fat Stock Show an outstanding livestock event of West Texas, with more than 200 animals now being prepared for the show by Club boys of the County, and with promise of a large exhibit of animals by commercial breeders as well.

The 1941 show will be held on February 22, at the large feed barn on the N. M. Mitchell farm 1 mile northeast of Fort Stockton, which was also site of the 1940 show.

Big Lake Wildcat—The Lake Oil Company at Texon is to install its own electric generating plant that will cost \$200,000.

Big Bend Sentinel—Sworn as judge of the Eighty-third Judicial District a few minutes after nine o'clock Monday morning, Hunter O. Metcalfe, attorney here more than twenty-three years, less than an hour later was conducting the January term of court in Fort Davis.

Mr. Metcalfe was advised of his appointment by Governor W. Lee O'Daniel Sunday. He succeeded Judge C. R. Sutton who was elected Associate Justice, Court of Civil Appeals, Eighth Supreme Judicial District of Texas.

Big Bend Sentinel—The possibility of the construction of a

GOOD ADVICE FROM THE SIDELINES

12-room school building as an added facility in the educating of boys and girls who attend school in Marfa is being considered by the Board of Trustees of the Marfa Independent School District.

Ozona Stockman—An issue of whether creation of a Water Control and Improvement district embracing the area of the town of Ozona should be confirmed or rejected was decided last Saturday by 107 voters in the district.

Creation of the district was confirmed by a vote of 83 favoring the district and 24 opposed.

Ozona Stockman—First step toward construction of a county library and women's club house was taken Monday when the Commissioners Court passed an order for purchase of a lot from Mrs. W. E. West at a price of \$1,000.

Monahans News—Supt. M. L. Baze of the Monahans-Wickett Independent School District was reelected Monday night by the board of trustees and his contract extended for two years. Mr. Baze came to Monahans two years ago from Brownfield.

Navy Trains Men of Needed Experts To Fulfill Positions

The huge expansion program now under way in the U. S. Navy requires that thousands of new men be enlisted and trained for petty officer ratings. In civil life when an organization needs additional electricians, machinists, or other specialists, usually they employ trained and experienced men for the jobs. In the Navy when additional electricians, machinists, etc., are required, inexperienced young men are enlisted and trained to fill such vacancies. Thousands of vacancies exist in the Navy in all lines of work and all will be filled by enlisting untrained men who within a few months after enlistment will have completed the basic training which will enable them to become specialists. Four months after enlisting they are automatically advanced one grade with an increase of \$15 per month in pay. Four months later, those who have proven worthy are eligible for another advancement which carries an increase in monthly pay of \$18 per month. After a total of twelve months service they are eligible for advancement to a petty officer rating with a further increase in pay of \$6 per month.

Three hundred and thirty-six young men are being inducted from this Recruiting District during the current month and all will have the opportunity to advance as stated above. Single men between the ages of 18 and 31 who are fit, morally, mentally, and physically, are eligible. A high school education is not required and no special training or experience is necessary. A desire to learn and advance is all such men need in order to assure a successful career in the U. S. Navy.

"Let me tell you," the plump wife shouted at her husband, "that it's hard for a woman like me to be brave in war-time."

"I know," retorted her long-suffering husband. "Look at all the chins you've got to keep up!"

His teacher sent a note home with Johnny asking his mother to give him a bath. The next day Johnny brought an answer: "Dear Miss Smith, When I send Johnny to school I send him to be learnt, and not to be smelt; he ain't no rose."

"Well, your baby is certainly a cute little rascal. Does he take after his father?"
Mother: "Well, yes, in a way. His father is not quite so cute, but much more of a rascal."

Judge: "Hank, I have known you for many years. I am sorry that my first duty is to try you for being intoxicated. What was your reason, if any, for getting drunk?"
Hank: "To celebrate your election, your honor."

Lloyd's "Howards" Is Screen Epic!

Meet "The Howards of Virginia" and Tom Jefferson, whom they know and love! George Washington, their friend! Patrick Henry, their neighbor! Share their romance, their laughter and their tears! Relive the ever-stirring struggle of Tory aristocrats and simple man of the soil—the mighty epic of a nation!

"The Howards of Virginia" opens Wednesday, January 29, at the Princess Theatre with Gary Grant and Martha Scott co-starring. A Columbia film, brought to the screen by celebrated Frank Lloyd, the film is based upon Elizabeth Page's Literary Guild best-seller, "The Tree of Liberty" by Sidney Buchman, who gave you the memorable "Mr. Smith Goes to Washington," adapted "The Howards of Virginia."

George Brent Stars In Film for Princess

Intrigue, murder and mystery make up the story of "South of Suez," the new Warner Bros. adventure film which opens next Monday, January 27, at the Princess Theatre. The scene is laid in the seething heat of a South African diamond mine where greed and cruelty are rampant.

George Brent is cast in the starring role as a mine foreman who has to fight off treachery. George Tobias plays the role of a ruthless mine owner who stops at nothing to gain his ends. Brenda Marshall is charming as the girl who proves her love for Brent by trying to show that he is innocent of her father's murder.

Director Lewis Seiler handled the megaphone for the season's most exciting film.

CARD OF THANKS

I wish to express my sincere thanks and appreciation for the beautiful flowers sent me by the Sanderson Fire Department during my illness in a San Antonio hospital, and for courtesies extended by others.

Mrs. C. M. Bentley

Mrs. Robert Chandler and her sister, Mrs. Kelso, were Del Rio visitors Wednesday.

THERE WERE MORE THAN 50 KINDS OF TIME IN THE U.S. BEFORE 1893, WHEN THE FOUR ZONES OF STANDARD TIME WERE ADOPTED

Influenza Is Forerunner of Pneumonia

Austin—While influenza is prevalent the citizens of Texas are warned that they should not be in too big a hurry to return to their work following a siege of this disease. Influenza of itself is seldom fatal, but complications, principally pneumonia, are the cause of death, asserts Dr. Geo. W. Cox, State Health Officer.

The number of cases of pneumonia reported last week was four times the usual incidence at this season of the year. The increase corresponds almost directly with the amount of influenza reported.

The termination of the acute symptoms of influenza does not indicate a complete recovery. Many persons believe this to be true and return to their daily routine, only to suffer a relapse. Others plod along in a weakened state, harbor a sub-acute cold, and by continuing to lower their resistance, invite prolonged trouble.

Past experience indicates that the longer an epidemic persists, the more severe it becomes. The possibility of complications increases; therefore, early medical care in any suspected case of influenza is very important. Success in handling pneumonia depends on early recognition, and its onset may be unrecognized by the patient. In general a sharp pain in the chest on breathing and coughing may mean that pneumonia has developed.

Proper medical care during attacks of influenza will prevent persons returning to work until it is safe to do so, and thus lessen the chances of having pneumonia.

Mohair Grading Proves Beneficial to Texas Producers

College Station—Mohair grading in Texas, began with the autumn clip of 1939 at the insistence of many Angora goat raisers who desired to have their staple sold on merit, is making rapid strides, says W. R. Nisbet, Extension Service animal husbandman for Texas A. and M. College.

Several warehousemen cooperated with growers in setting up proper grades, or standards, of quality and approximately 500,000 pounds of the 1940 fall clip were sold on a graded basis. Grading was done at Bandera Eden, Fort Worth, Menard, Sabinal, San Marcos and Sonora.

Sales of graded hair varied from a low of 35 cents to a high of 82 cents this season, Nisbet says. Two grades of kid and four of grown hair were made.

The sheep and goat specialist points out that through the sale of graded mohair growers can obtain concrete information regarding the quality and type desired by mills or other users of their product.

"That is especially important at present when synthetic fibres are being substituted for both wool and mohair to an alarming extent. Conforming to the desires of the mills in the kind of mohair they consume the growers would in large measure counteract the forces which encourage the use of substitutes."

The cost of grading is not prohibitive, Nisbet says, and through three seasons it has proved profitable to producers of the better quality of mohair who have participated. Definite arrangements are being made to continue the grading and growers who are interested should contact their warehousemen regarding such plans.

A farmer received word from a neighbor coming from the village that the postmaster wanted him to call for a parcel post package.

"I'll drop in sometime during the week," he said.

"The postmaster wants you to drop in at once," said the neighbor. "It's a wagon tongue and it sticks out of your letter-box so he can't close the front door."

Prices of lower grade beef may not be as low as they seem when allowance is made for greater losses due to bones and to shrinkage in cooking.

ATTEND MEETING

Those who attended the District meeting of the Methodist Church in Fort Stockton Wednesday were the Rev. and Mrs. J. Y. Bowman, Mesdames C. J. Watts, A. B. Gates, Lee Grigsby, C. H. White, A. F. Buchanan, John Neal and Pat Beard.

Mrs. R. H. Denton and children left Sunday to visit about two weeks in Waco with her mother-in-law, Mrs. H. A. Denton and in Clifton with her father, Joe Moffatt.

The teacher had asked the class to name all the states. One small urchin responded so quickly and accurately that she commended him for it.

"You did very well," she said, "much better than I could have done at your age."

"Yeah and there wuz only 13 states, then, too!"

Approximately 335,000 pounds of Texas mohair were graded last spring compared with 20,000 pounds in the fall of 1939 when the grading program began.

You're always welcome at this friendly store!

Look for the Checkerboard Bag!

What in the world is THAT?

BACK in the dark ages, before electric cleaners were invented, people used to hang their rugs on a line and belabor them with instruments like this—imagine!

In those days, cleaning a rug was a morning's work for a reasonably husky man, but today the daintiest woman can clean a rug in 10 minutes without exertion at a cost of less than one cent.

And so it is with other household tasks that formerly took so much of a woman's time and strength. Today, they are done electrically in less time with less effort at a cost that is measured in pennies and fractions of pennies per day.

And as more and more electricity has been used in the home, the cost has come steadily downward. Today, the average customer of this company receives 53% more electricity for his money than in 1930.

Your electric switch is your "open sesame" to comfort, convenience and more leisure time. And electricity is so cheap you can afford to use it freely.

Sigma Sigma Gamma Club Organized In Home Miss Lochausen

The S. S. G. held their first regular meeting Wednesday, Jan. 22, at 8 p. m. at the home of Miss Roberta Lochausen. At a previous meeting officers were elected as follows: Jane Ord, president; Deoby Nunn, secretary and Treasurer; Emma Fay Harris, reporter; and Mrs. Bill Hines, Sponsor.

At the regular meeting the constitution and by-laws were drawn up and each member took

her pledge. The club selected as its colors red and white, and red and white carnations as its flower.

Besides the regular procedure of the club, the girls plan to do work for the Red Cross.

After the meeting refreshments were served to Misses Jane Ord, Deoby Nunn, Maxine Clatfelter, Marybelle Hollebeke, Billy Raye Bowden, and Emma Fay Harris by the hostess, Roberta Lochausen.

Miss Pearl Howell is in San Antonio this week visiting with relatives.

Conductor W. Barnett was up from San Antonio Wednesday on a troop special.

A. A. Meister was here from Houston Thursday.

Engineer S. R. Ord was on the sick list this week.

Engineer J. F. Davis has gone on a visit to Fort Worth, Paris, and other points.

Mr. and Mrs. L. M. Baze and son, Lyall Jr., were week-end visitors in San Antonio.

CAPITOL THUNDER

(Continued from Page one)

the Legislature, whose duty he said is to enact laws for the State as a whole and not for separate counties; appropriate money to buy land for the proposed Big Bend National Park; prohibit State officials from seeking other public offices until their terms of office with the State have expired (expressly aimed at members of the Railroad and Highway commissions); abolish the death penalty in favor of an irrevocable life sentence; abolish the State poll tax; redistrict the State legislative and judicial districts in accordance with the 1940 census; and guard against legalizing gambling and sale of liquor by drink because there are other ways of paying for government than through the sale of vice.

In his second message Friday O'Daniel took up Social Security financing, which he termed the No. 1 Problem of the State. Specifically he asked for \$74,500,000 additional funds annually to be raised by a Natural Resources Tax on oil (3.75 cents per barrel); sulphur (\$1.23 a ton); natural gas, 1/2-cent per 1,000 cubic feet; a Gross Receipts Tax on utilities (1.85 per cent); telephones (2.2 per cent); and amusement admissions (1.5 per cent) and a 1.6 per cent Transactions Tax on all business transactions.

With this money he said the State could pay \$30 a month old age pension to 290,000 Texans over 65; (total \$50,000,000); \$2,500,000 a year to match Teacher-Retirement funds; \$1,500,000 annually for dependent children; \$500,000 for indigent blind; \$5,000,000 for eleemosynary institutions; \$2,500,000 for colleges and universities; \$5,000,000 for public schools; and \$7,500,000 annually to retire the State deficit now above \$25,000,000. Grand total, exclusive of regular costs of government (\$11,000,000) comes to \$74,500,000.

If the Transactions Tax is passed, the Ad Valorem Tax should be abolished, the Governor said. We should think so.
