SANDERSON, TEXAS, FRIDAY, FEBRUARY 7, 1941

NUMBER 49

Says

## MRS. DEATON SUCCEDES TO ATTACK THURSDAY

Funeral services were held Friday, January 31, at the Baptist Church of Comstock for Mrs. Mina (Grandma) Deaton who died Thursday in a Del Rio hospital. Death came after she suffered a stroke the Monday previous.

The Rev. D. R. Dunham officiated at the services with interment in the Comstock cemetery.

Mrs. Deaton was a charter member of the Baptist Church at Comstock, being numbered among those who were instrumental in the building of the church house there. She had resided in the county for a period of 60 years and was well known throughout the section for her kind and generous manners and deeds.

She is survived by seven children, five sons and two daughters. The sons are John and Ira of Sanderson, Arthur Deaton of Comstock, Fred of Juno and Clyde of Monahans.

The daughters are Mrs. Dick Brotherton and Mrs. Cara Wyatt, both of Comstock.

The grandsons of Mrs. Deaton acted as pallbearers and were: Willard Wyatt, Mildred Deaton, Lloyd Deaton, Taylor Deaton, Roy Deaton, Jack Deaton, Claude Deaton and Eddie McCarsen.

Mr. and Mrs. Ira Deaton, Mr. and Mrs. Roy Deaton, Mr. and Mrs. John Deaton and Jack Deaton attended the funeral services from Sanderson.

## MRS. MUSSEY TO SUPPLY ALL KINDS SHRUBBERY

Mrs. Cap Mussey has announced that she has available all kinds of flowers, shrubbery and trees for people who are building new homes and who are endeavoring to beautify their yards and lawns.

Mrs. Mussey has a state certificate which was issued by a state inspector, to the effect that all her plants are free of disease and are healthy. This certificate affords protection for her customers because it assures them that no disease will be transferred from the new plant to the plants already growing in the yards.

She also carries pot plants and prepares flower orders.

## Wednesday Club Meets With Mrs. Max Bogusch

Wednesday Bridge Club members were entertained this week in the home of Mrs. Max Bogusch.

Mrs. C. P. Peavy was winner of high score and Mrs. Bustin Canon won second high score.

A salad course was served to Mrs. George Newsom, Mrs. John Harrison, Mrs. Austin Nance, and Mrs. Roy Bogusch, guests, and Mrs. Tol Murrah, Mrs. James Kerr, Mrs. Bustin Canon, Mrs. R. D. Holt, Mrs. C. P. Peavy, Mrs. Steve Stumberg, Mrs. W. H. Savage and Mrs. J. C. Green.

## Baptist W. M. S. Meets With Mrs. E. L. Williams

The Women's Missionary Society of the Baptist Church met at the home of Mrs. E. L. Williams Monday for a business and social meeting.

Mrs. J. L. Newton led the devotional and Mrs. C. F. Pickard gave a discussion with missions as her topic.

After the business session Mrs. Williams served a lovely salad plate to Mesdames C. F. Pickard, A. D. Brown, Ira Deaton, Roy Deaton, J. W. Carruthers, B. L. Van Cleave, L. H. Lemons, J. R. Gunter, J. L. Newton and Miss Ella Savage.

The next meeting will be held Monday, Feb. 10, at 3 p. m. at the church for Bible study.

## WE ALL NEED THIS PATROLMAN

Safety experts declare the standard driver's license law now before the Legislature will protect farmers and rural motorists who suffered a 31 per cent increase in traffic deaths last year. Automobile accidents during 1939 and 1940 killed 3,300 Texans and injured 70,000 others—considerably more than the casualties of England since the air bombing began last September.

## TEXANS TO RECEIVE Miss Anna Vie HELP WITH INCOME BROWN WEDS P. C. TAX RETURNS COATES IN CARLSBAD

Collector of Internal Revenue, Frank Scofield, has announced that Deputy Collector John H. Winfrey will be stationed at the County Court House in Sanderson on February 21, 1941, to help the people of this locality in filing their income tax returns.

A great many more returns will be filed this year than in previous years, and a great many more people will find it necessary to ask questions regarding their exemptions, allowable deductions, etc. The Collector's force in this District has been increased in order that there will be a sufficient number of deputies to answer all questions taxpayers might care to ask.

This year people who have never before filed an income tax return will be liable, due to the fact that the basis for determining liability has been changed from net income to gross income, and the exemptions have been lowered to \$800.00 for a single person and \$2,000.00 for a married person. Deputy Winfrey will be glad to assist anyone who cares to go with him in making out income tax returns, and there will be no charge whatsoever for this service.

If it is requested, however, that all who need help make arrangements to secure such help as early as possible in order to prevent congestion on the day of March 15, the last day for filing.

Collector Scofield states that he and his deputies are willing to do everything in their power to help their fellow South Texans, however, cooperation is necessary from the taxpayer himself. So be sure to see about your income tax return early.

## Billie Rae Bowden Hostess to Sigma Sigma Gamma Club

The Sigma Sigma Gamma met Wednesday at the home of Billie Rae Bowden. As this was strictly a business meeting there was no program planned.

Mrs. Bill Hines, the sponsor, attended the meeting and was pledged in.

Plans were discussed for future meetings and the year books were started.

Those present were Jane Ord, Maxine Claffelter, Mrs. Bill Hines, Debby Nunn, Roberta Lochausen, Emma Fay Harris, Marybelle Hollebeke and the hostess, Billy Raye Bowden who served the club members with a plate lunch of sandwiches, celery sticks and a fruit salad.

Mrs. Joe Nichols and Mrs. W. C. Vaughan were San Antonio visitors Thursday and Friday.

## SOLDIER CRITICALLY INJURED TUESDAY IN ACCIDENT

Corporal Walter Ritzer, about 21, a member of the Fifth Cavalry of Fort Clark, died at a local hospital at 6:55 Tuesday as the result of injuries sustained when his motorcycle went off the highway about 5 miles east of Sanderson.

Ritzer was attempting to pass a moving van when his machine struck a soft shoulder and upset, hitting a post at the side of the highway. He received a fractured skull as well as body bruises and shock, and lived only about five hours after the accident.

The body was taken care of by the Oberkamp funeral directors and was then turned over to the Doran Funeral directors of Del Rio. Ritzer's parents live in Houston.

## MARFA WINS INVITATIONAL AT MARATHON

By Earl Hurst

The Marfa Shorthorns carried home a trophy last Saturday night when they ousted the Marathon Mustangs in the grand finale 20-10. Marfa got into the finals by just edging out the Alpine Bucks 20-19. Van Horn, who drew a bye, did not show up for their game with the Shorthorns so Marfa was automatically advanced to the finals. Marfa won her way by winning two games. They got off to a good start by completely pulverizing the Valentine Gents 35-13. Then they got their real scare when they met Sanderson Eagles in a semi-final game. After trying everything they finally beat the Eagles out 23-19. This game was probably the fastest game played in the entire tournament. Some very well executed one hand shots from way out in front put the game in the bag for the Mustangs. Never, however, did the Mustangs have the game won because every time they would score, so would the Eagles and of course, vice versa. Nice ball handling by the Mustangs and some beautiful longshots in the Sanderson basket gave Marfa the victory.

The Sanderson Eagles now playing with five losses to only four wins will try to even it all up when they play the Marfa Shorthorns in their own nest next Friday night. The night-shift squads begin their tussle at 6:30 and the initial incident or the first string game will begin at 7:30. Let's give them our support.

## PRESBYTERIAN CIRCLES

The Presbyterian Circles will meet Monday, February 10, at 3 p. m. No. 1 will meet at the home of Mrs. Ervin Grigsby and No. 2 will meet with Mrs. J. W. Sessoms.

R. D. Holt went to Sanatorium Friday to return his son, Roy Jr., here. He was dismissed from the Sanatorium and is in a satisfactory condition.

## P L E A S E

We again ask that you pull to the curb and remain until the fire truck, firemen and traffic officers reach the scene of the fire—simulated or otherwise. If it's NECESSARY that you follow please stay at least one block to the rear.

When an alarm is sounded please remain where you are until all sirens have silenced. Remember also that a red

light on the front of a vehicle is equivalent to a siren; it means, "Stop and Give Right-of-way."

The business of firefighting requires a certain amount of putting into practice certain rules and regulations. Citizens can play a large part in helping us to learn.

Let's not have any traffic accidents.

Sincerely,

SHERIFF'S DEPARTMENT FIRE DEPARTMENT

NOTE—It will be necessary for us to have an alarm within the next few nights or early morning hours to determine the "waking" qualities of the central alarm. "so be not alarmed"

## Preventative Disease Clinics Held In Terrell County

Clinics for Preventive Diseases were started Thursday, February 6th, in Sanderson. At this time school children whose parents have given their permission will be given the diphtheria immunization and vaccination for typhoid. Clinics for smallpox vaccination and for tuberculin and Schick testing will be held on later dates whenever Dr. Aston and Dr. Lester can spare their services. These two men are to be commended for so willingly giving their services without charge. The local Red Cross is furnishing some of the material and the State Department of Health the vaccines and serums.

Pre-school clinics will be held in the later part of February, the dates to be announced in a later issue. "I cannot urge parents enough," states Miss Peterman, local Red Cross nurse, "to avail themselves of this opportunity and give their pre-school children and infants above 6 months of age, the smallpox vaccination and diphtheria." An old-fashioned custom in our modern civilization is to wait until the child enters school. The statistics show that the younger child is more susceptible and the death rate is higher.

## PERSONS WHO MUST FILE INCOME TAX RETURNS

Collector of Internal Revenue Frank Scofield has issued the statement that approximately 100,000 more people in South Texas will be liable for filing of an income tax return this year than were liable last year. This is due to the fact that the revenue laws passed by Congress last June changed the basis on which income tax is paid, and also lowered the exemptions allowed.

A single individual in 1939 was allowed a personal exemption of \$1,000—this year he is allowed a personal exemption of only \$800. The same is true of a married couple—in 1939 they were allowed \$2,500; this year they are allowed only \$2,000. The credit for dependents remains the same—\$400 for each child under 18 years of age or indigent adult solely dependent.

Every single person having a gross income of \$800 or more; every married person, not living with husband or wife, and having a gross income of \$800 or more; and married persons living with husband or wife, who have an aggregate gross income of \$2,000 or more, must file a return.

Collector Scofield also calls attention to the fact that duplicate copy of the return is not required this year as it has been in former years. It is, however, still true that when a joint return is filed by either husband or wife, both signatures are required. If an agent with power of attorney prepares the return he may sign for both husband and wife; however, this is the only circumstance which eliminates the necessity for both husband and wife signing the return themselves.

If any citizen in South Texas is in doubt as to whether he should file an income tax return, it is only necessary that he report to the deputy collector nearest him, and this deputy will be glad to advise him. There is absolutely no charge for any service performed by a deputy collector of Internal Revenue, and Collector Scofield hopes that every South Texan will feel free to call on his men.

Mr. and Mrs. Joe F. Brown and Miss Clara Shurley went to Indian Hot Springs N. M., Thursday of last week. Miss Shurley remained and Mr. and Mrs. Brown returned home Sunday.

E. L. Pearce of Fort Stockton was a business visitor here Wednesday.

Editor's Note—This column is written by Cal Hoffman, your representative, in an effort to keep you informed as to what goes on in Austin and in no way reflects the opinion or policy of this newspaper.

Austin, Texas, Feb. 3.—The Dirt Farmers Congress convened in the House hall today during House recess. Those of us who remained for the speaking couldn't see anything "dirty" about these farmers. Confidentially, most of them appeared to have done their farming by remote control . . . and I could swear that some of them looked downright politicians. They must have got into the Congress through that inalienable right of every politician to be born on a farm.

The Dirt Farmers want the Scientific Truck Load Bill enacted into law. The Scientific Truck Load Bill specifies that the load of a truck be proportioned at the rate of 16,000 pounds per axle, plus other scientific measurements as to width of tires, width and height of body, etc. This measure, the Governor feels, is headed for a lot of controversial debate; so he has given emergency status to a bill, introduced by Rep. Ellis, which merely changes the present law to read 14,000 pounds instead of 7,000.

Sponsors of the Scientific Bill declare this will not settle the question, because it is not flexible enough to meet the varying demands of the trucking industry. O'Daniel says he is afraid the lawmakers will get so riled up over the complicated Scientific Bill that they won't pass any truck law.

Be that as it may, the legislators have already passed several laws by unanimous consent. One gives State approval to the 200-odd Home Defense Guards that have already been organized in various cities. It places them under the Adjutant-General's command, but provides that all officers must be approved by the American Legionnaires.

Another law that was rubber-stamped in a hurry reduces the 27 per cent unemployment payroll tax rate to one-half of one per cent for many firms, and will save Texas employers an estimated \$10,000,000 yearly in their contributions to the national treasury. Personally, I am wondering how long they will be left safe to enjoy this \$10,000,000 saving?

The legislative mill is grinding (and may clash) on a number of other very interesting bills to-wit: SJR 4. By Sulak—Proposing a constitutional amendment to furnish free textbooks to all pupils in private as well as public schools (back for another try). SB 74. By Fain—Authorizing Commissioners Courts to appoint temporary county officers where county officers are called into military service. SB 69. By Lovelady—Strengthening law against liquor prescriptions by drug stores in dry areas. SB 70. By Van Zandt—Validating all school districts in Texas.

SJR 5. By Brownlee—Proposing constitutional amendment to permit appropriation and use of \$500,000 annually for two years to advertise Teaxs to attract tourists and industries. (Why for only two years? If the plan has any merit at all, it should continue at least to 1946, when Teaxs will celebrate its 100th birthday of Statehood).

HB 153. By Hanna—Setting April 5 as time limit for storage of venison. HB 155. By Stanford—Demanding that graduates of state schools memorize the preamble and first ten amendments of the U. S. Constitution. (How many of us have ever read them?)

HB 167. By McCann—Abolishing positions of executive director. (Continued to page four)

### It Happened in Sanderson TEN YEARS AGO This Week—Remember?

February 6, 1931

The ranch people of this section are more than pleased over the recent rains in these sections together with the warm weather which at this time looks very favorable for a good crop of grass and weeds on their sheep and cattle range together with an abundance of water.

A son was born to Mr. and Mrs. James House Feb 3rd. Mother and son are with Dr. and Mrs. J. W. Hargus, parents of Mrs. House, who live at Asherton, Texas.

Mrs. Ira Deaton has as her guests this week her mother and

sister, from Comstock.

Mrs. E. D. Pipes and son of San Antonio, came in Wednesday to visit Mrs. Pipes' mother, Mrs. Luella Lemons, and other relatives.

Mr. and Mrs. John L. Newton are the proud parents of a baby boy, born Feb 3rd.

Harriet Ann Pierson was born to Mr. and Mrs. Earl Pierson at Hotel Dieu, El Paso, Jan 31.

### WITH OUR NEIGHBORS

Fort Stockton Pioneer—The Fort Stockton City Council again is considering plans for purchase of the distributing system of the Fort Stockton Gas Company.

which supplies the town and a number of rural customers in Blocks One and Two and adjacent to the city limits.

Sabinal Sentinel—Dedication services and laying of the corner stone of the new City Hall and Fire Station were held Thursday afternoon at the site of the building.

The ceremony was given by the Masonic Order.

Big Bend Sentinel—Hereford breeders of the Highland district are ready to put their shoulders to the wheel to aid national defense if the maintaining of fair beef prices will aid in that undertaking.

The Eagle Pass Guide—A telegram was received from Washington Wednesday morning stating that the president had given his approval to the Eagle Pass Airport project filed with the W. P. A.

Alpine Avalanche—Fort Davis, Jan. 29—Holland Page of Austin was low bidder for the improving and blacktopping of six miles of road on state highway No. 17, going north out of Fort Davis, according to reports reaching here. His bid, it was stated, was \$76,237.06.

Monahans American—Work on the New Ward County court house was progressing satisfactorily this week. County Judge Fred Snelson said yesterday. Contract calls for completion February 1, but it appeared that it would be near March 1 before the county officials would occupy the \$150,000 edifice.

### Screwworms Can Be Controlled If Proper Care Taken

College Station—Scientists of the Texas Extension Service, co-operating with the United States bureau of entomology and plant quarantine, are catching up with the destructive screwworm.

E. C. Cushing, senior entomologist of the bureau of Menard who traced out the source of the pest, says "screwworms are pulling more dollars from the pockets of ranchmen than is any other known livestock parasite or disease." But 25 years of research, he adds, has definitely determined that 90 per cent of

### Are You Preventionist or Interventionist?

### THE VOICE OF HISTORY

the screwworm cases originated from the eggs of one species of fly that can survive only in wounds of living, warm-blooded animals.

"Eliminate this primary fly and the trouble is removed." The eggs hatch in approximately six to twenty-one hours and after three to ten days the worms drop from the wound into the ground to complete the cycle by germinating a new generation of flies, seven to fourteen days later.

The present is a crucial stage in the conception of the next crop of flies, and D. C. Parman, associate entomologist, reporting on the outlook, says:

"There is a large number of immature stages of the fly in the soil from November infestations on the western Balcones escarpment (Kinney county) but worms dropped early in November had not emerged as flies up to December 9. But flies were emerging from October dropped worms and those lightly infested wounded animals in December. Since warm weather was experienced in the latter part of December and the first few days of January, all wounds will be infested on the western escarpment and some bad cases may be expected.

February 1 is the best time for making wounds on animals for fewer cases of screwworms and all winter cases should be treated to prevent high spring populations of the fly and a bad screwworm year."

The over-wintering area of the fly extends to the Rio Grande from a line starting with Terrell County and extending across Val Verde, Kinney and Uvalde, Frio, McMullen, Live Oak, Bee, Refugio, Calhoun, and across the southeastern parts of Jackson and Matagorda.

But the fly travels only 35 miles a week, and dies in temperatures of 55 or less and in extreme heat. Therefore, Cushing says, hunt out and destroy the fly in its immature stages in the wound and the hazard of infestation also is destroyed.

## SNOOPER

HEARS  
 NOTHING  
 SEES  
 NOTHING  
 TELLS ALL

Say, girls, don't tell me you're letting this new girl-friend of Buster's get you down. After all the boys only met her Monday night.

What trio of boys and girls had a good time at the Marathon games Tuesday night?

Campbell Maurine Cox seems to be taking your eye lately. I think maybe so you had better watch your step. What about the blond?

Just whom did "Jeep" propose to in shorthand class? Was it Alice Bennett?

Who seems to be Sam Bell's latest heartbeat, Katherine Nell, could you tell us?

Old Snooper is wondering which cute little senior girl rated a different one for three straight nights last week.

Well, did Ray and Patty make each other sick? It seems that they were both ill at the same time.

Who was Ross Stavley seen with the other night? A senior of course, but there's more than one you know.

Doris and Bill Cargile seem to be liking each other lately. Much to Jimmie's sorrow.

What's this we hear about Dan Murrah liking Maurine Frazier? Nice going kids.

## VOLLEY BALL GIRLS AT TOURNAMENT IN MARATHON

By Pauline Bell

Saturday the volleyball girls attended an all-day volleyball-basketball tournament which was held in the Marathon gym. At one o'clock the first game of volleyball was played between Sanderson and Marathon. After playing best two out of three

games, the Sanderson girls won, thus putting them in the finals. Marfa and Valentine played with Marfa winning, so in the finals at six-thirty Marfa and Sanderson met for the championship. After playing five games, which lasted more than an hour, Marfa was declared the winner. The spectators said that this was one of the most exciting volleyball games they had ever witnessed. Both teams showed plenty of fight and ability to play a good game of ball. Much determination and spirit was shown by the local girls in the last game, when the score was 13-1 in favor of Marfa. By the end of the game it was 15-11 in favor of Marfa. The Sanderson team, by fighting hard, had succeeded in bringing their score up almost even with Marfa's and had also prevented Marfa from scoring but two points.

Bill Cargile's team met Kenneth Litton's team in the finals and Bill had the winners luck.

Watch fobs were awarded to the following boys who before taking the award, made a speech:

Bill Cargile, captain, Harold Haynes, Donald Smith, James Blackwelder, Weldon Blackwelder, James McDonald, Frank Stavley, Eldridge Murray and Willie Grigsby.

Bill Cargile, captain, Harold Haynes, Donald Smith, Pauline Bell, Doris Cochran, Bernice Harris, Helen Harrell, Eloise Stidham, Betty Hurst, Edna Mae McAdams, and Maurine Frazier.

The Sanderson girls who played at the tournament were: Joyce Yeates, Captain, Pauline Bell, Doris Cochran, Bernice Harris, Helen Harrell, Eloise Stidham, Betty Hurst, Edna Mae McAdams, and Maurine Frazier.

## What I Owe to America; and What America Owe to Me

By B. F. Davis

I believe that I owe to America my loyalty and respect, which is the least that any person could give to his country. Yet the most a country can receive. I believe that I should be a good citizen in return for the safety and security that this country has offered me for the many years that I have been living. When in national crisis I think that I should do my part as well and faithful as all other good Americans do.

In return I expect a good form of government in which there is always a Democratic base and in which the people are always the rulers. I expect to vote on the candidates each election and express my opinion to other persons on the matter at any time or place. I expect to be free to do anything that will not harm the other fellow's freedom. All that America owes me is a reasonable amount of security and a fair amount of freedom.

## LIFE OF A SENIOR

By Billie Jo Corder

Lee Lane Cargile was born on November 3, 1923, in the fair city of Sanderson. He is known to his friends as "Bill," and there is a story about that. It seems that when Mr. Cargile first entered school he told the other children his name was Bill. He has been called that ever since.

Bill's ambition is a very lofty one. He would like to be a big business man and make lots of money. (Future gold-digger senior girls will probably get ideas from this.) Bill's favorite color is blue. (So that's why he has so many blue shirts—or is it because they match his beautiful blue eyes?) Mr. Cargile likes nothing better than to settle down with a few dozen tomatoes and a Zane Gray Novel. When he's not relaxing, he shoots, plays football and basketball. Bill wants to go to the college of Mines in El Paso; but while he's in high school his favorite subject is chemistry. His famous popular tune is "The Ferry Boat Serenade" (or it was at the time he was interviewed).

Bill expresses a dislike for poor shows and bad novels, but the shows are good enough if they are starring Gary Cooper or Eleanor Powell. While there are rumors that Bill is a two-timing heart breaker, so far his record seems considerably clear.

## A NEW STUDENT

Tuesday morning the Sanderson high school welcomed a new student to its halls. She is a very striking brunette, causing some of the boys to whistle and say um-um-um! She is Miss Betty Smith from Athens, East Texas. As a sophomore she is taking Spanish, English, algebra and junior business training. Betty states that she likes the school very much (so far) and hopes that everybody will like her. By the way, she likes red-heads too. Jeep. She likes sports very much, tennis being her favorite.

Students, lets make Betty feel at home.

**TEXAS IS READY!**

**Give that valve a quarter turn, Old Man Texas,  
 when Uncle Sam needs the oil for national defense**

With the pioneer spirit typical of Texans, our oil men have found and developed petroleum reserves far beyond all civilian and military needs now indicated.

Even if defense requirements total 150 million barrels more a year, Texas can supply them without waste by a quarter turn of valves on wells already drilled. This can be done at a moment's notice without depriving anyone of a single gallon of gasoline or quart of motor oil. Surplus pipe line capacity is ready to carry all this oil from the fields. Surplus refinery capacity exists to turn it into essential products.

Texas goes ahead in the search for more petroleum reserves. New fields are being found . . . more efficient producing, refining and transportation methods are constantly being perfected. . . TEXAS IS READY!

Rev. Taft Holloway

#### RETIREES FROM SERVICE

M. Campbell retired January 14 from active service as telegraph operator with the local railroad after 34 years of service with the company.

He started to work for the company in 1907 at El Paso and remained there during the entire time with the exception of 8 years spent in Sanderson.

Mr. Campbell left last week for El Paso where he will visit a time with a sister and brother; then to New Orleans for a visit before continuing to Miami, Florida. He stated that the greater part of his time would be spent traveling and left Friday night of last week on No. 5.

#### BATTLE OF THE RAIL

Six troop trains from El Paso and five troop trains from the east passed through Sanderson Wednesday and Thursday.

The fourteenth fireman has been placed in service on the El Paso-Valentine District.

Engineer J. W. Johnson, working on the El Paso-Valentine district, but who recently has been filling a temporary vacancy on the passenger run between El Paso and Sanderson, has retired on pension.

J. A. O'Connor returned Monday from Valentine where he relieved day Foreman J. P. Donnelly several days.

Engineer A. R. Bean and Fireman Hitchens of El Paso have been assigned to a freight run out of Del Rio.

J. D. Kinsler, superintendent from San Antonio spent a couple of days here this week.

B. S. Hollimon, general manager from Houston, visited in El Paso this week.

#### THE STATE OF TEXAS COUNTY OF TERRELL

IN THE COUNTY COURT OF TERRELL COUNTY, TEXAS, IN MATTERS PROBATE NUMBER 96

ESTATE OF F. H. YOUNG, DECEASED

TO THE SHERIFF OR ANY CONSTABLE OF TERRELL COUNTY, GREETING:

Mrs. Della McMahon, Administratrix of the estate of F. H. Young, deceased, having filed in our County Court her final account of the Condition of the estate of the said F. H. Young, deceased, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ once in a newspaper regularly published in the County of Terrell, and said publication shall not be less than ten days before the return day hereof, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, in said Court on or before, Monday, February 17th, A. D. 1941, when said account and application will be considered by said Court.

Witness D. L. Duke, Clerk of the County Court of Terrell County, Texas, Given under my hand and seal of office at Sanderson, Texas, on this 4th day of February, A. D. 1941.

D. L. DUKE, Clerk County Court, Terrell County, Texas.

Came to hand on this the 4th day of February, A. D. 1941, at 2:00 o'clock P. M., and executed on the 4th day of February, A. D. 1941 by causing a true copy hereof to be published once ten days before the return date hereof in the Sanderson Times, a newspaper published at Sanderson, Texas, in the County of Terrell, State of Texas.

This return is accompanied by the affidavit of the Publisher of said Newspaper, as required by law.

J. S. NANCE, Sheriff, Terrell County, Texas.

Mrs. W. H. Savage and son, Jackie, were Alpine visitors Tuesday.

#### Folks Are Funny

By E. V. White, Dean Texas State College for Women

He is no fool who is as wise as others think he is.

#### SON TO JEFFERS

Mr. and Mrs. Sam C. Jeffers Jr. are the parents of a boy born February 5. He weighed in at 9 pounds and 2 ounces and has been given the name Sammy Van He is the grandson of Mr. and Mrs. B. L. Van Cleave.

Mr. and Mrs. Jack Rainwater and family moved to Sanderson last week and will operate the Phillips 66 Station. Mr. and Mrs. Rainwater operated the Sanderson Camp station at one time.

Steve Stumberg returned home Thursday from Del Rio where he has been for medical attention.

#### CAPITOL THUNDER

(Continued from Page one)

tor and chief auditor of the Texas old-age assistance commission and turning administration of the pension act over to the County Commissioners Courts. (And God help the old folks who don't vote right.)

HB 170. By Manning—Exempting from poll tax all ex-service men who have served in previous wars. HB 173. By Kersey—Levying a tax on soft drinks of 6 cents per pound of gas, chemical or other carbonization matter and 20 cents for each gallon of syrup used at soda fountains.

HB 174. By Roark—Regulating making of loans of \$500 or less, by licensing loan firms (a thrust at loan sharks).

HJR 8. By McAllister—Amending Constitution to allow use of county funds to maximum of 10 cents per \$100 valuation for maintaining county hospitals for paupers.

HJR 9. By Bridgers—Amending Constitution to prohibit holding of more than one public office at a time and prohibiting certain state officers from holding other offices until two years shall have expired, excepting Governor, Attorney General, judges legislators and certain local officers. (This might keep Railroad Commissioners on the job.)

Two proposals would aid debtors about to lose their property under foreclosure. One, by Win. free and others, provides that real property or chattel cannot be sold at auction by the Sheriff, trustee or constable until it has been appraised by competent appraisers, named by the parties involved, and must bring at least 75 percent of its actual market value or there will be no sale. The other, by Rep. James Taylor,

would require...

Yes, there are like many other statute books requiring all receipts and law enforcement enforcement by laws. The penalty to be heavy to be certain.
