## HONORED ON 25TH WEDDING ANNIVERSARY

On the evening of June 21, Mrs. M. J. Shurley and daughter, Clara, were hostesses at a lovely informal reception honoring Mr. and Mrs. Joe F. Brown in observance of their 25th wedding anniversary. This came as a complete surprise to the honorees, who on their return from the Berkeley-McCauley rites in Alpine at about 8:30, had dropped in at the Shurley home. As they entered the house, which was profusely decorated with lovely garden flowers and lighted with candles, they were met by about 35 guests softly singing "I Love You Truly" accompanied on the banjo by David Duke. Mr. and Mrs. Brown were then led to a table on which were a number of lovely gifts of silverware.

After signing the guest book, presided over by Mrs. J. H. Lochhausen, the guests repaired to the lawn, lighted for the occasion, where games and contests were enjoyed, the guests contributing much to the enjoyable affair with readings, stories of pioneer days, and music.

At a late hour the guests were invited to return to the reception room where ice cream and cake were served from a beautifully appointed table, laid with lace cloth, with a large silver vase filled with massive clusters of single white oleander as the centerpiece, flanked with tall white candles in silver candle holders with small figurines of a bride and groom at each side. The large "bride's" cake, placed at one end of the table, was made in three tiers and frosted in white, with white sugar-spun roses encircling each tier. Mrs. J. W. McKee and Mrs. Seth Davenport presided at the table.

The guests were as follows: Mrs. J. W. McKee, Mrs. A. Benton, Mr. and Mrs. R. S. Wilkinson, Mr. and Mrs. Seth Davenport, Mr. and Mrs. Will Savage, Rev. and Mrs. John W. Byrd, Mr. and Mrs. Joe Nichols, Mr. and Mrs. E. J. Chastain, Mr. and Mrs. Earl Pierson, Mr. and Mrs. N. E. Charlton, Mr. and Mrs. J. H. Lochhausen, Mr. and Mrs. R. N. Allen, Mr. and Mrs. E. W. Hardgrave, Mr. and Mrs. C. M. Breeding, Mr. and Mrs. R. D. Holt, Mr. and Mrs. Lee Sims, Mr. and Mrs. Jack Shurley, Mr. and Mrs. D. L. Duke and son David, A. E. Creigh, Jr., and Oscar D. ## GOOD ATTENDANCE AT SECOND ANNUAL CAMP MEETING

The Church of Christ Encampment, held annually on the Chas. Chandler ranch north of Dryden, was closed Sunday after a week of sermons and religious services enjoyed by people in attendance from many places.

Preaching was heard twice daily by the local minister, W. D. Black, with singing in charge of Ross Huffstedler of Ozona. A young people's class was held each day and the afternoon was spent in swimming by most of that group.

Besides Sanderson, Dryden, Iraan, Sheffield, Ozona, Marathon, and other nearby towns, visitors were in attendance from Levelland, Quemado, Sinton, Bryson, Crystal City, Roosevelt, Sonora, Fort Worth, San Angelo, Barnhart, Fort Stockton, McCamey, Colorado City, and those traveling the farthest to attend, Mr. and Mrs. Bert Powell and children, Kenneth and Foy from Freepport, Texas.

After a short period of recreation, Miss Pryor gave a demonstration on draperies and shades for the windows, bringing out in the discussion of buying cloth shades four important things to remember, viz., color desired, washability, the taking of correct measurement and the correct type of brackets to use. ## Cooperation Urged In United States Defense Program

The State Administrator for the Defense Savings Staff of Texas is asking for the cooperation of every loyal American in the Defense Program and made the following statement:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.—That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.—"

One hundred and sixty-five years ago this July 4 these immortal words opened for us the gates of freedom which we so casually take as our due today. That little band of colonies, 13 in all, refused to bow to the tyranny of a government across the sea. "Life, Liberty and the pursuit of Happiness" was all that mattered to these hardy souls and they have passed this heritage down he years to us.

We have guarded this heritage. Many times it has been threatened but we still proudly point to the stars and stripes of the United States of America. Our hearts swell when we realize that no enemy has ever been able to lower that glorious standard and we solemnly vow that it never shall be lowered.

The Government which we proudly elect and place in power has felt the need in times past to call on its people for many things and these people have never been found wanting. Today, your government is calling on you again. The Government of the United States of America wants to borrow money from its people. There is a desperate need for money to prepare an Army and Navy to protect us and keep the Stars and Stripes flying from every flag pole in the land, and our Government only wants to borrow, not take.

By buying Defense Bonds and Savings Stamps you are lending money to your Government to carry out the enormous Defense Program and in a few years it will be returned to you with interest. This Government of the people, by the people, for the people thinks of its people first, last, and always, and now it is our turn to think of our Government and to do our utmost to help in every way we can.

### ATTENDS CONVENTION

## SPECIAL ELECTION CALLED FOR JULY 15 FOR SCHOOL TAX

A special election has been called by Judge R. S. Wilkinson for July 15 for the purpose of determining whether or not the school tax in Terrell County will be increased by 13 cents on the \$100 valuation. The election was ordered after a petition was circulated and turned to him with some 80 signatures.

At the present the school tax is 55 cents and the proposed 13 cents additional will raise it to 68 cents if voted. The increase is needed to maintain the schools and to pay teachers. It is becoming more and more difficult to obtain teachers and keep them at the salaries paid in the county, it is said, and it is believed a better school can be maintained with an increase in salaries so efficient teachers may be retained in the faculty.

The election will be county-wide and ballots have already been printed and supplies secured.

The Iraan Herald—A proposal to boost Pecos county school tax from 10 to 15 cents per \$100 valuation carried by an overwhelming majority in a special election Saturday.

The proposal, which would give the county an annual revenue of \$62,200 for school operation, affects Fort Stockton, Sheffield-Iraan, Buena Vista and Girvin districts.

At Fort Stockton, voters indicated favor of the proposal by casting 269 votes for and two against. Sheffield voters cast seven for and nine against. The entire Buena Vista box favored the increases; the number of votes was not available.

The county-wide tax will be distributed on a scholastic basis. Stockton district will get 61.5 per cent of the total fund. Buena Vista 12.5 per cent, Girvin 25 per cent and Sheffield-Iraan 23.5 per cent.

In the 1941 census, the Fort Stockton school showed a total of 1,430 scholastics, Buena Vista 298, Girvin 95 and Sheffield-Iraan 564, a total of 2,329.

**The State Observer—**The Texas Legislature last week broke all records for the duration of a session—and probably set a precedent.

The record was the 163-day session of the 47th Legislature which went by the boards last week as the Legislature adjourned until next Monday, with at least another week of work in prospect for the lawmakers.

If the session went as long as July 5, it would have been in duration 173 days—10 days longer than ever before.

And the precedent probably set was this—the Legislature would stay in session until the Governor had made his vetoes of the general appropriation bills.

"It is with profound regret passage of the appropriation bills has been the last work of the regular session. The legislators then went home and the Governor vetoed such items as he saw fit. These vetoes were never subject to legislative view.

Governor O'Daniel in 1939 made many vetoes of which legislators did not disapprove. This year they decided to stay in session to check over his veto work. And this, done once, will probably become a habit with Texas Legislatures which want to have a last say on how much money shall be appropriated for the general purposes of government.

"Son," he said, "after you have fitted the customers with glasses, and he asks what the charge will be, you say, 'The charge is \$10.00,' then pause and wait to see if he flinches. If the customer doesn't flinch you then say, 'That's for the frame, the lenses will be another \$10.00.'"

**Q. What is "A Cavalcade of Texas"?**

A. It is a feature length picture in technicolor recording the historic and industrial highlights of Texas. It was produced under the supervision of Karl Hoblitzelle by James A. Fitzpatrick, famous "Voice of the Globe" travelog producer.

**Free for the Asking —** "A Cavalcade of Texas" was shown to capacity audiences at both the New York World's Fair and the San Francisco Golden Gate Exposition during the 1940 season. Karl Hoblitzelle, Dallas theatre head and vice-chairman of the Texas World's Fair Commission, and Col. Paul Wakefield, executive secretary, have made the film and projection machine available to the public through the Texas Centennial of Statehood Commission. A letter to A. Garland

Houston took office June 2, and served only three weeks when he was stricken.

The age Texan graduated from West Point, but instead of going into the army he took up law and was admitted to the bar in 1876. Three years later he was appointed clerk of the United States District Court at Dallas and served 10 years. In 1902 Houston was appointed by the late President Theodore Roosevelt as United States Marshal, serving until 1910. He was prohibition candidate for governor of Texas in 1910 and 1912. Regret and a high tribute to Senator Houston, was expressed by Governor W. Lee O'Daniel. He said:

"It is with profound regret and deep sorrow that the people of Texas learn of the passing of one of our greatest citizens, Senator Andrew Jackson Houston. His countless friends throughout Texas take consolation in the fact that he was able to realize an ambition of honorable service in the United States Senate, where his illustrious father, General Sam Houston, represented Texas as one of its first Senators.

"His entire career was spent in the service of his beloved state and nation, and Texas will ever treasure his memory along with that of General Sam Houston, hero of the Alamo and the liberator of Texas."

**The Mendard Messenger—**The U. S. Navy is planning to move equipment down the Atlantic coast to the Uruguyan coast to raise the German battleship, Graf Spee, sunk by the British early in the war. **Q. What is the latest of O. Henryana brought to light in the General Land Office?**

A. Bascom Giles, Commissioner of the General Land Office where O. Henry (W. S. Porter) used to work as a draftsman, answers this question. A map of Burnet county drawn 33 years before O. Henry went to work in the land office bears a sketch of two fighting monkeys with the notation, "Porter vs. Herman." Commissioner Giles has definitely identified the lettering as O. Henry's and believes the sketch was also done by O. Henry, possibly when O. Henry and a fellow-draftsman had a disagreement over some detail of the map.

Sanderson received a total of 2.42 inches of rain in the month of June; rain on six days of the month, with traces on six days. July first rain amounted to 1.06 inches, a strong wind with plenty of lightning and loud thunder.

One Sanderson citizen reported early Tuesday morning that the deep rumbling of thunder awakened him; his first thought was that Hitler and his army had arrived.

The Crane County News devoted nearly its entire paper last week to advertisements promoting its 4th of July Patriotic Rally, stating that it is the greatest holiday save Christmas.

According to the Fort Stockton Pioneer, the Mitchell Feed Co business has been sold to H. V. (Buzzie) Stokes, who has a feed house in Sonora. All departments of the new business will be conducted by Mr. Stokes—farm implement, grocery, market. The change in ownership was made Tuesday, July 1. The Pioneer has this to say about Mr. Stokes, who is a brother-in-law of Mrs. Theresa Friend, proprietor of Friend's Variety Store of Sanderson: "The new owner of the feed, implement and grocery business is widely known in West Texas, not only as a feed dealer, but as civic leader. He is a former District Governor of Lions Clubs in the Sonora district, and a former president of the Sonora Lions Club. At present he is serving as mayor of Sonora. POPULAR COWBOY STAR BACK IN NEW RANCH PICTURE

The popular Roy Rogers returns to delight Sanderson action fans in "Sheriff of Tombstone," his latest action film on his Republic contract which has been booked into the Princess Theatre for a run of two days starting Friday, July 11.

Roy enacts the role of Bret Starr, an upright young lawman who journeys to Tombstone for a reunion with his brothers only to learn that the frontier town is a hotbed of crooked intrigue.

Learning that one of his brothers was murdered by a criminal element led under cover by the supposedly upright Mayor Keeler, Roy adopts the character of "Shotgun Cassidy," for whom he is mistaken, hoping thus to uncover facts which will bring the guilty party to justice.

Much of the turmoil centers about the trouble of the Carson family. Headed by old Granny Carson, the spunky matriarch, the Carson tribe has been unable to pay their taxes because every shipment of gold from their mines is held up by Keller's henchmen. Because Mary Carson, a grand daughter, is spirited and beautiful, Roy is all the more fired with determination to see that justice is done, and up the back taxes and redeem their mine from the predatory clutches of Mayor Keeler.

George "Gabby" Hayes figures prominently in the cast, and Elsy Knox lends her beauty and charm to the feminine lead.

Sally Payne portrays her customary role of gay hoyden, and the supporting cast includes Zeffie Tilbury, Hal Tallafarro, Addison Richards, Harry Woods, Jay Novello, Jack Ingram, Helen Gibson, Payne Johnson and others.

Elisabeth Risdon as Lucky Old Maid in "Footlight Fever"

How a silly impersonation back fires and brings happiness to an old lady, romance to two young people and success to a pair of impoverished Broadway producers, is the story of RKO Radio's riotous comedy, "Footlight Fever," which comes to the Princess Theatre Friday, July 11.

Alan Mowbray and Donald MacBride are featured as a couple of daffy theatrical impresarios with plenty of ideas, but no cash. To obtain finances for their new show, they pose as sailors, and call upon an eccentric spinster who has been a recluse for thirty years because her sweetheart went to sea, never to return. Pretending to be shipmates of her former lover, they maneuver her into backing the show, and in so doing they lure her out of her 30-year imprisonment.

Although the old maid, played by Elisabeth Risdon, finally sees through their ruse, she lives up to the bargain, happy in her new found life. And the sensational success of the play paves the way for her pretty niece to marry the handsome young leading man of the show.

Lee Bonnell and Elsy Knox in the romantic leads, have supporting roles in "Footlight Fever," which follows the comedy success of "Curtain Call," the picture that first introduced Alan Mowbray and Donald MacBride as a comedy team.

of his time in Fort Stockton looking after the new business, he has indicated.

"Mr. Mitchell will remain with the business for some time to aid the new owner in getting started and to close out his own affairs."

Ignace Jan Paderewski the greatest pianist ever known, is dead. He was in his 80th year. At one time Mr. Paderewski was president of the Polish republic for a year, and retained the title until his death, Sunday night. His first American tour was made in 1891. It has been estimated that his fingers had earned him \$5,000,000 in this country.

FIFTH COLUMN SUBJECT OF NEW SERIAL

The "fifth column," vicious new military technique, forms the basis for "The Spider Returns," timely chapter-play at the Princess Theatre which starts Friday, July 11.

With Warren Hull featured in the title role, Columbia's thrilling serial has been hailed as a warning to saboteurs planning their foul work here in America! Portraying the celebrated crime-smasher of "The Spider" Magazine stories, Hull is seen as a conscientious American citizen out to trap fiendish fifth columnists operating right in this country!

In his efforts to smash the gigantic sabotage plot that has been developed, it is necessary for Hull to play an amazing role. In addition to being Richard Wentworth, polished socialite, the young star also disguises himself as Blinky McQuade, one-eyed shuffling under world habitue, and as the masked Spider, dreaded scourge of the underworld.

Livestock Shipments For May Off; Hog Shipments Gain

### HARRIS HOME IS STRUCK BY LIGHTENING

In the electrical storm of  
Saturday evening of last week  
lightning struck the residence  
of Mr. and Mrs. P. G. Harris.  
There was no damage done to  
the building, but citizens nearby  
were shocked by the bolt.

Many people over town  
complained of the lightning  
interfering with the proper  
operation of their radios. Static  
was great, and with other  
interference surrounding, made  
radioing a pastime almost  
inbearable for a time. The Army  
Corps Weather Station reported  
that a downpour of rain, follow-  
ing the electrical disturbance,  
amounted to .73 inches.

Visitors here last week in the  
home of Mr. and Mrs. John  
Reininger, who are recovering  
from injuries sustained in an  
automobile accident, were her  
parents, Mr. and Mrs. R. R. Eli-  
son of Marfa; Mr. and Mrs.  
Clarence Ellison, her brother  
and wife of Marathon; her sis-  
ter, Mrs. Lee Plumbly of El Paso;  
Mr. and Mrs. Osa Wells and Mrs.  
Winnie Kilpatrick, all of Marfa,  
and Mr. Reininger's sister, Mrs.  
Pete Baines of Glendale, Calif.  
Mrs. Baines and Mrs. R. R. Eli-  
son remained over this week.

## 100 HIGHWAY PATROLMEN TO BE EMPLOYED BY STATE

Austin.—State Police officials  
moved quickly today to employ  
and train more than 100 high-  
way patrolmen and drivers  
license examiners provided for in  
the new departmental appro-  
priation bill signed Wednesday  
by Governor O'Daniel.  
"Our forces already are far  
overtaxed by internal security-  
investigations and the enormous  
increase in traffic due to defence  
activities," said State Police  
Director Homer Garrison, Jr.  
"These new men are desperately  
needed, and will be placed in  
training immediately after the  
appropriation becomes effective  
September 1."

Garrison set July 28 as the  
deadline for mailing of form  
applications to the department.  
He said examinations will be  
given at highway patrol district  
offices around the middle of  
August, allowed only a few week's  
for investigation of successful  
applicants before the 7-weeks  
training school begins at Camp  
Mabry.

"These appointments are de-  
cided strictly upon the individ-  
ual's merit," Garrison said. "All  
applications will be handled in  
the same way, and it will be a  
waste of time for anyone to come  
to Austin until he may be called."

To be eligible for appointment,  
an applicant must be a citizen  
of the United States and a re-  
sident of Texas for at least one  
year. He must be of good moral  
character and in perfect con-  
dition, not less than five feet, eight  
inches in height without shoes,  
and must weigh not less than  
two nor more than three and  
one-half pounds for each inch of  
height. He must not be less than  
23 nor more than 35 years old at  
the time of appointment.

The applicant must have at  
least a 10th grade education,  
and is required to furnish 10  
letters of recommendation, a  
rating certifying that his credit  
rating is satisfactory, and a  
physician's certificate of sound  
physical condition.

Examination are given in the  
headquarters office of each  
Patrol district. A personal inter-  
view and oral examination fol-  
low the written examination,  
which include a multitude of  
subjects ranging from geog-  
raphy, mathematics and spelling  
to test of general intelligence  
and aptitude.

When the applicant appears  
for examination, he is given a  
card bearing his assigned num-  
ber, and his thumbprint is  
placed on the card. When suc-  
cessful applicants appear for  
certificate, each successful ap-  
plicant is given a thorough phys-  
ical examination by doctors  
appointment, their thumbprints  
are compared with the prints on  
their card to guard against any  
switching of identity.

In addition to his physician's  
certificate, each successful ap-  
plicant is giving a thorough phys-  
ical examination by doctors  
appointed by the Department of  
Public Safety. The applicant's  
character and background are  
checked by departmental in-  
vestigators.

At the training school the cadets  
learn traffic and criminal  
law, public speaking, motorcycle  
riding, first aid, ju-jitsu, and  
a host of other subjects. After  
graduation the rookies are plac-

## Food Spoilage In Hot Weather Increases Danger

Austin.—Dr. Geo. W. Cox, State  
Health Officer, today issued a  
warning to Texas housewives to  
guard against food spoilage and  
resultant human food poisoning  
during the summer months.

Summer heat and food spoilage  
were closely coupled together  
in Victorian days as a sure  
sign of summer, and the associa-  
tion continues today, unless  
scrupulous care is taken to avoid  
food spoilage.

"Long hot days in July and  
August necessitate keeping food  
clean, covered, and refrigerated,  
plus additional hot weather safe-  
guards," he stated.

It should be kept in mind that  
food poisoning is more common  
in summer than in winter. The  
summer menu usually includes  
smaller helpings of cooked food  
and increased amounts of raw  
and cold food which may be  
more subject to spoilage or con-  
tamination. Vegetables and  
fruits which are eaten without  
peeling should be washed care-  
fully to avoid possible contami-  
nation with mineral poisons  
from chemical sprays.

Harmful germs which may be  
harbored in raw dairy products  
or imperfectly cooked food cause  
typhoid fever, dysentery, sum-  
mer diarrhea, scarlet fever, di-  
phtheria and other diseases.  
Perishable foods should be hand-  
led carefully and kept under  
constant refrigeration until time  
to serve.

Special care should be taken  
with milk and milk products,  
since milk is an excellent med-  
ium for bacterial growth.

R. V. Raney returned the first  
of the week from Charlotte  
where he went to return Mrs.  
Raney and their daughter after  
they had spent several days vi-  
siting with him here, and to at-  
tend business matters.

Norris Howell was a business  
visitor to San Antonio the first  
of the week.

Miss Mary Ferguson arrived  
here Tuesday from St. Louis, Mo.,  
where she has been attending a  
technician school.

The meek little man came up  
to a policeman on the street cor-  
ner.

"Excuse me, constable," he  
said, "but I've been waiting here  
for my wife over half an hour.  
Would you be kind enough to  
order me to move on?"

"I wonder why Mr. Smith did  
not preside at our meeting," said  
Mrs. Jones.

"I hear that his wife wouldn't  
let him," ventured Mrs. Brown.  
"The very idea—being ruled by  
a woman! If I'd been his wife  
I'd have made him go."

### California Egg Consumption Is Great, It Would Seem

Austin.—California like Texas  
eggs, it sees. One out of every  
fourth Texas-laid egg "exported"  
to other states goes to Cal-

Out of the equivalent of 288

Egg shipments continue to  
rise, gaining 82 per cent over  
May, 1940, bureau officials said.

Meanwhile, shipment of poul-  
try to out-of-state points de-  
clined sharply—from 94 to 47  
cars, a drop of 47 per cent. The  
May total was composed of 30  
cars of chickens and 17 cars of  
turkeys.
