

THE SANDERSON TIMES

SANDERSON, TEXAS FRIDAY, AUGUST 1, 1941

NUMBER 22

Unit Texas Defense Guards Are Approved Mon.

Major Thomas is from the Adjutant General, and travels over the units of Texas guards when they have been drilling to qual-

hand in Austin ready to be requisitioned when the minimum amount of men have been enrolled.

Major Thomas also stated that the organization is a volunteer organization in the fullest sense, and members who later find their duties interfere with business matters or who find it necessary to move to another locality, may receive honorable discharge by local officers upon request. It was also pointed out that no officer nor member of the organization draws one penny of compensation. Each officer and man is required to purchase his own uniform. The cap, belt and shoulder patch can be bought at cost of \$1.33 and regular khaki trousers and shirt complete the uniform.

Officers sworn to duty were: D. L. Duke, captain; J. M. Hayre, 1st lieutenant; Robert Kerr, 2nd lieutenant; Alfred E. Creigh III, 1st sergeant; Wallace Henshaw, supply sergeant; James Word, mess sergeant; and Kenneth Litton, company clerk.

Since the inspection and approval, 8 men have enlisted and 6 have completed filling out their original papers. This brings the total to 42 enlisted men and it is hoped that more of the local citizens will take an interest in this organization and enlist. As stated above, 50 men must be in the company before rifles can be obtained even for training purposes. The company can enlist as many as 75 men, but no more. Ages from 18 to 64 years eligible.

As stated above the organization is a voluntary one and it is easier for members to get out of the organization than it is to get into it. It has been pointed out that no person should hold back on enrolling for fear that they might later be enlisted in the regular army for there is no needs more men—do your part and help.

WATER RATES TO SCHOOLS REDUCED FORTY PERCENT

Announcement was made this week by Judge R. S. Wilkinson that a contract had been drawn up between the board of trustees and Community Public Service Company whereby the water rate to the school was reduced from \$1.00 per 100 gallons above the minimum to 60 cents per 100 gallons.

The reduction will mean considerable saving to the schools and was made possible through the efforts of the board and James Caroline, local manager of the Community Public Service Co. office. The minimum, \$2.50 per 1,500 will remain the same but the saving will be made on the gallonage used above the minimum.

Mr. and Mrs. Lloyd Ford of Lamesa arrived Saturday and will make their home in Sanderson. He has accepted a position with the Turner Grocery.

W. H. Strickland and daughter, Miss Helen, of Las Cruces, N. M., Mrs. W. C. Myers of Oakland, Calif., and Miss Wilma Haas of Anthony, N. M., are visiting in the homes of Mrs. Jack W. McKee and Mr. and Mrs. W. H. Savage. Mrs. Strickland and Mrs. Myers are sisters of Mrs. McKee.

Mrs. Rufe Stirman and son spent last week-end in the ranch home of Mr. and Mrs. Will Monroe near Iraan.

Mrs. J. W. Haynes and daughter, Miss Marzee, and Misses Adeline McConaughy and Billie Campbell were visitors in Ozona Saturday. Misses Billie and Marzee stopped over in Sheffield for a visit on their way home.

WHEN THE WATER GOT HIGH—
In the picture is seen the top of the automobile belonging to Lou Goody of Fort Worth, representative of the National Livestock Association. The 1941 Chevrolet tudor sedan stalled when he tried to cross Sanderson Canyon at the crossing between the highway and the stock pens. When the car was stalled the water was not deep and Mr. Goody left the car, wading out and continuing to the pens on foot to inspect some lambs. When he returned for his car all he could see was the top which still protruded from the water. The picture was taken at 11 o'clock p. m. Thursday night of last week after the water had lowered about a foot. The car was removed a few hours later after the water had run down.

ROBERTSON AND MANSFIELD BUY FOUNTAIN INN

A deal was consummated this week whereby Frank Robertson and F. M. Mansfield became owners of the Fountain Inn located on Lake Walk.

Mr. Robertson and Mr. Mansfield purchased the Inn from Knight and Dalton who have operated it for the past several months, and are to take charge today, Friday.

Both plan to be at the Inn for the present and plan to make a number of improvements and additions. Mr. Robertson stated that additional cabins would be built of rock and that a place be prepared so that Rotary clubs, or other clubs could have a place to meet and have their meals if notice was given ahead of time for the meals to be prepared at the proper time.

Lease on the property was taken over and the equipment was purchased. This included boats, motors, all cafe equipment, and other equipment at the Inn. They also plan to add speedboats and sight-seeing boats so larger parties can go out on the lake together and see the beauties of the lake at close range.

Women's Society Meets with Mrs. C. H. White

The Woman's Missionary Society of Christian Service of the Methodist Church met in the home of Mrs. C. H. White with Mrs. Jennie Freeman as co-hostess.

The flower arrangements in the living and dining rooms consisted of dahlias and other summer flowers in low bowls and vases. A large map of the world showing the locations of the great number of mission fields of the Methodist Church was hung in the living room for use in the program. The co-operation of the three divisions of the church in the mission fields was discussed in the program which was led by Mrs. H. E. Ezelle. She was assisted by Mesdames A. B. Gates, Pat Beard, B. F. Anderson, Gale Mussey, J. Y. Bowman and Jennie Freeman.

Ice cream and cake were served to Miss Kate Frazier, Mesdames B. F. Anderson, Gale Mussey, John Neal Pat Beard, John Deaton, J. Y. Bowman, A. B. Gates, H. E. Ezelle, Jennie Freeman, C. H. White and the Rev. J. Y. Bowman.

Mrs. W. E. Lea and Mrs. J. W. Sessoms went to Del Rio Monday for Mr. Lea who has been in a Del Rio hospital for two weeks recovering from a broken ankle.

Mrs. P. G. Harris and daughters, Misses Emma Fay and Bernice, and son, Jimmy, left Thursday for Burbank, Calif., where they will visit 10 days or two weeks with Pat Harris Jr.

JOE KERR SELLS INTERESTS TO HALEY, VAUGHAN

Effective the first of August Joe Kerr sold his service station equipment and business to A. W. Haley and leased the Magnolia Agency to W. C. Vaughan.

Mr. Kerr has operated the Joe Kerr Service Station for the past year and a half, and Mr. Haley has been with the station the greater part of that time. He took over the lease on the station and states he plans to continue business in the same manner that has greeted their customers in the past—with prompt and courteous service by efficient men.

In leasing the Magnolia Agency to Mr. Vaughan he feels that his former customers will be well cared for as Mr. Vaughan is experienced in the business, being interested in an agency at Van Horn until recent months. Both Mr. Vaughan and Mr. Haley extend a special invitation to the people of Sanderson and surrounding territory to call on them for any service of which they might be in need.

Mr. Kerr recently passed his examination and is expected to be called as a flying cadet sometime this month.

Mr. and Mrs. W. H. Savage and little son, Jackie, spent the past week in Kerrville and Austin. Their son, Bill, attended the Pioneer Camp at Westminster Presbyterian Encampment in Kerrville.

The Rev. and Mrs. John W. Byrd and daughters spent last week in Kerrville at the Presbyterian Encampment where their daughter Virginia, was in attendance at the Pioneer Camp.

R. V. Raney was a visitor in Charlotte during the past week-end.

Cuca Diaz, aged 5 years, underwent a tonsilectomy here Wednesday of last week and is reported getting along fine.

Mrs. Kate Goode Baggett Is Dead Rites Set Today

Ozona, July 30.—Mrs. Kate Goode Baggett, 86-year-old pioneer Crockett resident, died at the home of her son, Will Baggett, near here today at 3:40 p. m. after an extended illness.

Funeral services are to be held at 4 p. m. Thursday at her son's home, with the Rev. Eugene Slater, Ozona's Methodist pastor, officiating. Oberkampff Funeral home is in charge of arrangements and interment will be in the Cedar Hill Cemetery.

Mrs. Baggett, who was 86 last Sunday, was unable to attend the recent 50th anniversary celebration of the county here because of her illness. She came to Crockett County with her 2 sons, W. R. and J. M. just before its organization in 1891. She was born in Charleston, Mo., and moved with her parents to Bell County, Texas, in 1859. There she married James Monroe Baggett, Sr. and they ranched in several Texas counties. They lived for a short time on the Atinappa Ranch, 30 miles west of Durango, Republic of Mexico. Following her husband's death in 1887, she and her sons moved to Belton, later to Austin and finally came to Crockett County.

Mrs. Baggett was a charter member of the Ozona Order of Easter Star chapter and a life-long Methodist. Survivors include her two sons, both of Ozona; a brother, M. H. Goode, Terrell County ranchman; six grandchildren, and five great grandchildren—San Angelo Standard.

Mrs. John Clark and daughter, Mrs. Ed Robbins, visited in Houston last week with Mr. Clark who was in the S. P. Hospital for medical attention.

Harold Garrett of Camp Allison was here last week visiting with Mr. and Mrs. Frank Warren. They took him home Sunday and also visited in San Angelo before returning home.

General Page pointed out that it was obvious that the new registrants who received the relatively low order numbers would be classified sooner than those who had received the higher numbers. "I'd like to stress the fact again," General Page said, "that there isn't any difference between the treatment of the new registrants and the old registrants in any respect whatsoever. They are treated exactly alike. The same rules of deferment apply to both. Both have the same right of appeal. The interests of both are protected by the government in the same manner. And each case is considered individually when the registrant's order number comes registered July 1 or previously."

The next call to be answered by Terrell County Local Board is for one man on August 13—Call No. 22. The next Selectee in line is Isabel Perez, whose Order Number is 59.

As near as can be determined at present, Terrell County's Quota for the next is 23 men—the new year commencing on July 1st, 1941. The Selectees to fill these calls for the new year will be taken from the October and July registrations according to the manner in which the July registrants were assigned Order Numbers.

Below is a list of the July registrants whether serial numbers and order numbers. The order numbers, which were drawn from figures starting just above the last order number called, are designated by the letter "B." For example: When the order No. 74 is called for induction then S-74 will be next on the list.

Order No.	Serial No.	Name
S-74	S-9	A. G. Chavez
S-90	S-11	B. J. Herrera
S-106	S-18	Robert E. Aaron
S-122	S-17	P. B. Saenz Jr.
S-138	S-7	F. T. Perez
S-154	S-20	Otto John Mumme
S-169	S-10	S. A. Holguin
S-185	S-13	C. L. Williams
S-201	S-12	R. V. Glenn
S-217	S-14	G. G. Ortiz
S-233	S-16	E. G. Lopez
S-249	S-19	W. E. McSparren
S-264	S-21	W. R. Lochausen
S-280	S-6	D. G. Rodriguez
S-296	S-2	J. F. Barron
S-311	S-1	A. G. Lopez
S-326	S-5	A. F. Trevino
S-342	S-15	P. M. Morris
S-357	S-4	M. F. Zurita
S-373	S-3	Elton B. Loden
S-388	S-8	D. F. Cardenas

Jone Ring, Alexandra, is here visiting in the home of Mr. and Mrs. H. C. Rock. Mrs. Rock returned Friday from San Antonio where she has been with her mother, Mr. M. A. Evans, who has been critically ill, and Jone her niece, returned with her.

Presbyterian Auxiliary Meets With Mrs. Vaughan

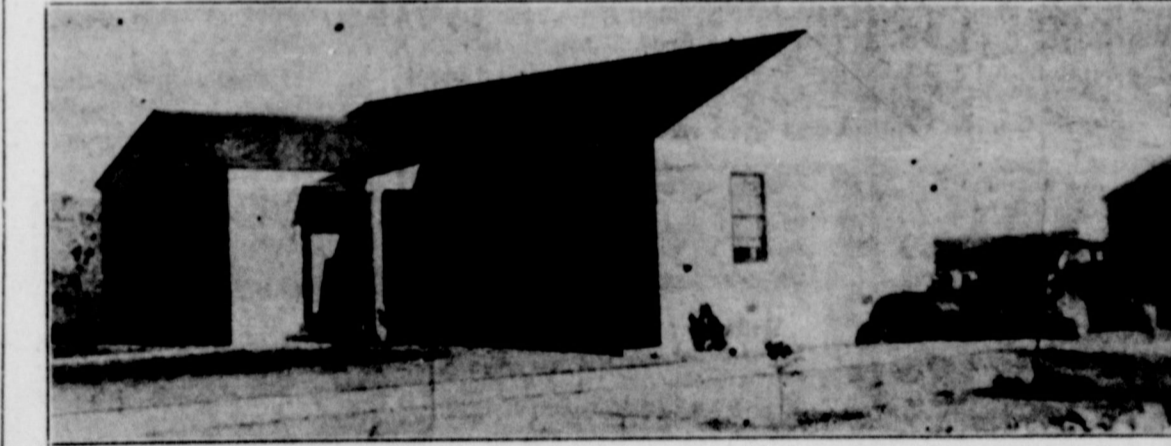

The Presbyterian Women's Auxiliary met Monday afternoon in the home of Mrs. W. C. Vaughan with Mrs. J. D. Nichols as co-hostess. The subject of the day's program was, "My Community Touches the World," with Mrs. J. H. Lochausen serving as leader. She was assisted by Mesdames R. D. Holt and John Nichols.

Mrs. Jack W. McKee conducted the devotional service with an inspiring message on "Lydia," another of the lessons on "Women Chosen of God."

The hostess served cherry ice cream and cake to the following members: Mesdames N. E. Charlton, W. H. Savage, J. H. Lochausen, Lee McCue, Jack W. McKee, Seth Davenport, John W. Byrd, John F. Nichols, J. T. Dillard, Earl Pearson and W. H. Jordan. Visitors were Mrs. Ira Deaton and Mrs. O. H. McAdams.

Mr. and Mrs. Lee Sims spent several days last week in San Antonio.

NEW HOME FOR SANDERSON

Above is pictured the new home of Mr. and Mrs. C. P. Peavy, located in the northeast part of Sanderson. The home is of frame stucco and contains

6 rooms and bath: Living room, sun room, dining room, kitchen and two bedrooms. Garage is not attached. The interior is painted cream with the exception of kitchen and bath. The kitchen is in white trimmed in red and the bath in cream and apricot. The exterior is painted cream with maroon trimmings.

ALUMINUM FOR U. S. DEFENSE STILL PILING UP

The collection of aluminum donated for United States Defense needs is still underway here with pieces of aluminum being sent in or number 25 called and a request that they call for the items.

Judge R. S. Wilkinson, chairman of the committee, states that definite information for shipping has not been received and that until that time persons are urged to turn in all the aluminum they can find. He stated that none of the aluminum collected could be used for purposes other than defense, and that it would be shipped to junk dealers who will sort, classify and bale the aluminum without charge as their part toward National defense.

J. W. (Smoky) Daniel was the first to bring in a contribution of aluminum, bringing in a

Miss Wanda Lee Dreen Honored With Dance and Party

Mrs. Mary J. Mansfield was hostess at a dance party Friday of last week honoring Miss Wanda Lee Dreen of Lubbock who has been visiting here with her aunt and uncle, Mr. and Mrs. Paul Garrett. Punch and cookies were served during the evening by Mrs. Bill Casey and Lily Woods assisted by

large stewing kettle that would weigh about five pounds. Following many contributions and at present more than 200 pounds has been gathered at the courthouse, according to those in charge. More is needed if it is available and all persons who have not looked carefully for old pieces of aluminum that might help are urged to do so and take it to the courthouse or call and ask that it be picked up. Small pieces or large pieces, just so it is aluminum—they're all good and can be used.

Mrs. O. H. McAdams and daughter, Miss Edna Mae, are in attendance at the encampment at Paisano this week.

Bobby Wilkerson, 7-year-old son of Judge and Mrs. R. S. Wilkerson, underwent a tonsilectomy here Monday night. His condition is reported good.

It Happened in Sanderson

TEN YEARS AGO

This Week—Remember?

This time ten years ago the Times reported that "Leasing of Terrell Lands Run High, oil and mineral rights wanted mostly on lands; leasing prices high; County in good shape; many carloads of sheep shipped. Also a report of the oil strike on Section 43" is made. The article read:

Leonard Jones who has been drilling on section 433, block B-2, Gulf Colorado & Santa Fe Railway Co. survey, on the Packenham ranch, in a telephone conversation with County

and District Clerk, F. L. Burnside, on Monday, stated that he had struck free oil at a reported depth of 2,200 feet. Mr. Jones was in McCamey on his way to Los Angeles, Calif., and stated that the well had been closed down for the time being.

This test is located about 16 miles north and seven miles west of the Mid-Kansas Oil & Gas Company's No. 1 Goode, which last February struck a gauged 6,500,000 cubic feet of dry, sweet gas at 5,606 feet and which was shut down in April indefinitely at 6,120 feet.

"It Happened in June" the Times headed throughout the month of June and July, when it really happen in August, on the 8th to be exact. "It Happened in June" was the title of a home talent play put on by the Parent-Teacher Association, the proceeds of which were used toward paying for the piano bought by the association during the preceding year.

The High School orchestra furnished the music.

One hundred sixty gallons of Ethel gasoline as was stolen sometime Sunday night from the storage tanks of the Texaco Company, located in the west part of the city. The loss was discovered early Monday

morning by L. R. Grigsby, local agent.

The thief or thieves broke the lock on the storage tank and helped themselves. So far no clew has been found as to the guilty person.

In the August number of Cowboy Stories a short novel by Perry Milton Ross, a native Texan and member of a pioneer El Paso family, appears. "The Rustler Queen," a fact article about the notorious Cattle Kate, is the name of the novel.

Mr. Ross is a well-known writer and has had several novels printed before, as well as several poems. He was editor of the Times-Picayune in New Orleans before going to Chicago where he now resides.

Mr. Ross has visited his sister, Mrs. J. H. Loehausen in this city a number of times.

J. W. Happle, head of the Men's department at the Kerr Mercantile Company, is taking his annual vacation. He left Saturday for Hot Wells where he will spend his vacation.

Switch engine 135 has been placed in the yard service here, being an improved type equipped with super heater, piston valves and Walschert valve gear.

WITH OUR NEIGHBORS

The Crane County News—Is business good. Ask E N (Super Car Salesman) Beane He informed me the other day he had to employ two men to insult the new customers.

The Fort Davis Dispatch — Ross Graves, predatory animal trapper, reports that he captured a female wolf (coyote) Monday on the JFF ranch. She was known to have killed at least three calves. She apparently had been suckling pups, but Mr. Graves had not yet found them at the time this was written.

Tuesday afternoon a coyote was seen close to the highway fence on the land in Musquiz Canyon known as the Herbert Bloys ranch — or Weston Brothers' ranch. The animal looked at the folks in the passing car, they reported, and then quickly disappeared from sight among the brush and rocks.

Santa Anna News—Coleman County is going to have to raise \$25,783.78 this year to pay on road bonded indebtedness, according to County Judge John O. Harris, as a result of the Legislature's failure to pass a bill authorizing the State to pay part of the debt. While it won't be necessary for the county to levy additional taxes this year because of reserve funds, about

THE KERR MERCANTILE CO.

Complete Department Store

SHERWIN-WILLIAMS PAINTS

20 cents per \$100 valuation will have to be added next year.

Sketch, Menard News—Some people were impressed with the singing of the Negro Choir here last week. They will probably be surprised to learn that the Negroes left town without paying their bills.

The State Observer—All kinds of people try to drive automobiles—ranging from epileptics to insane, it is shown in the cumulative list of suspended and revoked drivers' licenses sent out to peace officers by the department of public safety.

The most common cause of a suspended license—about one out of every three suspended—is followed by physically unfit, negligent homicide conviction, aggravated assault by motor vehicle, and failure to stop and render aid convictions.

But behind these more common causes for suspension and revocations, the department lists many other. Here are some of them.

Insanity, habitual drunkenness, reckless driving, epilepsy, narcotics, fictitious information, habitual reckless driving, physical disabilities, paralities, paralytic, "at request of army post officials," "parent's request," impaired vision, and a host of suspensions for violating the law of the road.

The Monahans American — Five Month - Old baby amazes folks with his talk—A number of witnesses in the neighborhood around Spring Creek can vouch for the statement that five-month-old Roger Whelan Barham cannot only call his mother by her name, but he can call all other members of the family in which he lives, as well as pronounce a number of other words. The "young man" has been able to pronounce words since he was a bit over 3 months old, according to his mother, Mrs. Ruby Lewis Barham.

I love smooth words, like gold-enameled fish Which circle slowly with a silken swish, And tender ones, like downy-feathered birds! Words shy and dappled, deep-eyed deer in herds.

-Elinor Wylie

LOOK lady! with JOSEPHINE HIDDLESTON

With new cottons cleverly imitating linen or wool, and rayon looking for all the world like it has been nurtured in the silk worm's cocoon, today's shopper needs some reliable tests for fabrics on her shopping list, too.

These tests come from the laboratories of the American Institute of Laundering and are practical as salt. You'll need a packet of matches when making the tests for you'll be burning threads pulled out of the fabrics under consideration.

Burning pure wool smells like burning hair whether the odor comes because a live cigarette ash dropped on your new tweed suit or from a single thread unraveled from fabric at the sales counter.

And, if you've never burned your hair and aren't familiar with the odor, look at the ash. If it is black metallic, the thread is woolen. Also, wool burns very slowly.

Pure silk burns in exactly the same way except it burns slowly, instead of very slowly. The appearance of the ash is black metallic and the odor is of burning hair.

Cotton, however, smells like burning paper, burns with a flare and leaves a gray powder. Lin-

en burns quickly, but not with a flare, and has the odor of burning paper and the gray powder ash.

Among the synthetic fabrics, we're apt to get into trouble with mixtures such as wool and rayon, and all the other combinations of pure and synthetic fabrics which are making life a none too sweet mystery these days.

Wood Burning Viscose

But, this much is reasonably safe: viscose synthetic fabrics made of pure cellulose respond to the burning test with an odor of burning wood, fast burning and a gray powder, the same as linen.

The cellulose acetates, however, burn slowly, have the odor

of burning wood and form a hard black bead instead of an ash. And, if you're shy about whipping out your matches and starting miniature bonfires in department stores, you'd better confine your buying to those stores which sell "tested" fabrics and so are able to stand behind their merchandise.

Local Screen To Get Famous Ozarks Story

Starring three of Hollywood's foremost players and directed by one of Hollywood's most expert megaphone-wielders, "The Shepherd of the Hills," Paramount's film version in Technicolor of the famous novel by Harold Bell Wright, opens Wednesday, August 6 at the Princess Theatre.

Directed by Henry Hathaway, the film based on Wright's lusty tale of the Ozarks stars John Wayne, Betty Field and Harry Carey, and features in its exceptionally fine cast Beulah Bondi, James Barton, Samuel S. Hinds, Marjorie Main and Marc Lawrence.

The salty, picturesque Ozark characters delineated by Wright are ones to delight the heart of any actor. It's easy to understand why many of Hollywood's most famous stars sought parts in the picture. John Wayne, Betty Field and Harry Carey were no doubt delighted when they succeeded in winning roles in the film.

John Wayne, we understand, enacts the role of Young Matt. He is the reckless, romantic young mountain buck, whose love is spurned by Betty Field, in the role of Sammy Lane, the vivacious young spitfire of the hills, because she fears that Wayne's hot-headedness might lead him one day to have a killing on his conscience. Harry Carey portrays The Shepherd, a role of great strength and emo-

tional opportunity, as written by Harold Bell Wright.

With all of these people of screen importance involved in making of "The Shepherd of the Hills," it should be a picture well worth seeing.

For years, millions of readers of the Harold Bell Wright saga of the Ozarks have been thrilled by the exciting story and moved by passionate romance.

New Comedy Hit Coming To Princess

Cupid does all the hard riding and quick shooting in "The Cowboy and the Blonde," the 20th Century-Fox production coming to the Princess Theatre Monday-Tuesday, August 4-5. And the top featured players, Mary Beth Hughes and handsome George Montgomery are caught before they can get out of range—Not that they wanted to.

This is a different sort of cowboy picture. There aren't any cattle rustlers, there aren't even any cattle. But there is a blonde and a beautiful one at that. She's a temperamental movie star, who goes on a book-throwing "blitz" because her leading man can't act.

Her director and producer are tearing their hair out by the handful, production is delayed, and to top things off, the financial backer has "discovered another star."

Mary Beth Hughes is the beautiful blonde actress, and George Montgomery is the "discovery." But he's a cowboy. This ex-Montana rodeo rider portrays a rodeo champ in his first top

featured 20th Century-Fox the cowboy who brings the much loved, but movie queen.

Trouble develops when gomery overhears Mary talking with her "angel" is incensed that he walks her. She follows and she at a rodeo, but the climax surprises even her ingenuity and treatment.

"The Cowboy and the Blonde" has been hailed as a hit that promises to set a new in Westerns. Unlike other, the thrills are blended the laughs to provide entertainment.

Mr. and Mrs. John Bell, entire, passed through Sanderson on the 11:50 passenger day enroute home from a trip. They stopped while awaiting the time parture and visited for minutes with Mrs. Chas. Fletcher, sister-in-law.

Mr. and Mrs. Dave and son, Connie Mar Thorp and Miss Elizabeth stopped in Sanderson for lunch. The party was to the Northwest State points in Canada. On the trip they will tour Yellowstone Park before returning to their ranch home in Sutton Co.

LITTLE STORIES

One hundred and twenty citizens presented a petition to a county judge asking that he call an election for the purpose to determine whether the town of Grandfalls shall remain an incorporated town or lose its standing as such, and go back to the days when it was a wide-open spot with animals of different types, hogs, cattle, sheep and goats grazing its main street, trampling yards, and destroying trees and shrubs. The election is called for Saturday, August 9.

An election was held last year looking to the abolishment of the city's incorporation, but was defeated by 14 votes. It is expected to share the same fate in the coming election.

No town can stand still. It must be progressive and move forward. Or it moves in the other direction, and finally lands back to where it started, only in a worst condition generally.

Congratulations are in order, according to the Big Lake Wildcat, for Chas. E. Beyer, superintendent of the Big Lake Oil Company for a loan of \$500 to Reagan County, the money to be used in buying uniforms for members of the Defense Guard.

Dates of August 15-16 have been set aside for Big Lake's Old Settlers' Reunion. According to M. A. Wilson, general manager, preparations are under way for entertaining and feeding thousands of visitors. Speaking by well known public men, an old time rodeo, modern and square dances will be the class of entertainment. An invitation is extended by Mr. Wilson to attend the two-day event.

The aluminum drive, over the country, seems to be quite successful. Probably the largest consignment from an individual or organization is reported by the Big Lake Wildcat. It states that the Big Lake Oil Company at Texon, donated 3,000 pounds in the form of a dismantled tank.

Various methods and devices of collection have been used in the different cities in Lubbock, Texas, for instance, a large statue of Hitler was erected in a prominent place and an invitation sent out to citizens to bring in their spare pieces of aluminumware and "chuck" at the "old boy" to their heart's content. In other towns picture shows accepted pieces of aluminum as admission to the shows, thus collecting the articles with the least exertion. Organiza-

tions. Boy Scout troops, and others accepted the responsibility of collecting the materials.

"Robbers of the Range" Is Stirring Action - Drama

Tim Holt's newest starring vehicle, "Robbers of the Range," unfolds a stirring string of dramatic incidents in the story of Western development, in the course of its romance and adventure, and comes to the Princess Theatre Friday August 8.

Holt plays the part of a young rancher who is framed on a false murder charge by crooked land agents working ahead of a new railroad. The crooks seek to terrorize land owners, obtain their property for little or nothing, sell the rights of way to the road at exaggerated prices.

On the way to trial, Holt manages to shoot his way out of a hold-up attack on a stage-coach. He assumes the identity of a noted outlaw who was also a passenger on the vehicle, and was killed in the fight. In that guise he proceeds to investigate the work of the land agents.

How he manages to defeat their plans, and, in a thrilling series of gun battles, outwit the criminals and clear his own name of the unfounded murder charge, makes for the fast-paced story.

Holt is suited to a rapid-fire offering of this type, and he is said to give his best performance in this offering. Virginia Vale, the heroine of several recent Western films, is leading lady and Ray Whitley and Emmett Lynn are again seen as musical pals.

RATTLE OF THE RAIL

Fireman J. L. Schwaibe has been assigned to the 10 a. m. yard engine here.

Engineer J. B. Leonard has gone to work on extra board at Del Rio and Engineer S. T. Campbell of El Paso is now on extra board here.

Trainmaster L. B. Welch was here from San Antonio Wednesday.

J. A. O'Connor went to San Antonio Wednesday for a short visit.

Engineer C. A. Bennett visited in Del Rio Sunday.

Engineer W. H. Buchanan made a visit to El Paso Sunday. Fireman W. R. Taylor and N. L. Hufford returned from a visit to El Paso Sunday.

Whatever weighs in the eternal scale of equity and mercy tips the bean on the right side, where the immortal word and deeds of men alone can settle all questions amicably and satisfactorily.

McCrea and Drew Stars of Comedy Due Here Soon

Bringing together Joel McCrea and Ellen Drew for the first time a romantic starring team, Paramount's new comedy with "Reaching for the Sun," arrives Friday, August 8 at the Princess Theatre.

A tale of the adventures and comic misadventures of a Michigan backwoodsman on the assembly line of a Detroit automobile plant, and his romance with a lunch wagon waitress, who sometime doubles as a dance hall hostess, the new film was produced by William A. Wellman, who has earned a reputation for his skill in blending comedy with exciting drama.

In "Reaching for the Sun," McCrea is a clam digger in the Michigan woods who comes to get enough money to buy an outboard motor. Life, for him, would be complete, if he only had that motor. When he meets Ellen Drew, a lunch wagon waitress he marries her, but keeps a large soft spot in his heart for his beloved motor. Ellen's jealousy is aroused by this division of her husband's affections, and naturally, she sets about eliminating her rival.

McCrea, too, has a rival in his love for Ellen. This competitor is Albert Dekker. At one point in their comic hostility, the story takes a strong dramatic turn. This occurs when McCrea and Dekker engage in a duel, using as weapons two giant Machines. This is the much-discussed "Battle of the Machines." This is truly giving us thrills with our comedy.

Playing prominent featured comedy roles in "Reaching for the Sun" are Eddie Bracken and Billy Gilbert. Bracken's role marks the most important he has had in the screen comedies since his "Our Gang" days. Screen fans will remember his performances in The Aldrich Family

Save vital food elements with "WATERLESS" Electric COOKING

USE LITTLE OR NO WATER
START FOODS FAST — DO NOT OVERCOOK
AVOID VIOLENT BOILING
COOK IN COVERED UTENSILS WITHOUT STIRRING

It's easy to follow these rules and serve more healthful foods with electric cooking. Electric heat is applied only to bottom of utensils, none laps up sides, so only enough water to cover bottom of pans is needed. Foods are brought to a steam quickly in covered utensils, cook on gentle simmer heat until done and need no stirring. There is no excess cooking water, laden with vitamins, to be thrown away after cooking.

You owe it to yourself and family to investigate this clean, cool way to cook more healthful meals. It costs much less than you think!

For Good Health and Good Food, Cook Electrically

Civilians Urged to Avoid Highways Used By Army

The Army will virtually "take over" a number of major west-east Texas highways beginning August 2, and State Police Director Homer Garrison Jr. today urged civilians to avoid using these arteries as much as possible during the movement of troops for the Third Army maneuvers in East Texas and Western Louisiana.

Colonel Garrison announced that Highway Patrol units, some of them equipped with two-way radio, will escort all major convoys across the state.

The State Police portable radio transmitter, KTXB, a full-scale radio station mounted on a truck, will be set up at Tenaha as part of a State Police unit which will be maintained there throughout the maneuvers, Garrison said. This headquarters station, under command of Sergeant Marvin Gordon of Tyler and staffed by a number of Patrol units equipped with two-way radio, will work closely with Army officials in handling traffic on roads within and adjacent to the maneuver area.

Highway Patrol Chief Hill Fireman announced that Patrol units under command of Capt. Jim Line of Wichita Falls will escort Fort Sill, Okla., troops from the state line near Ringold to the Louisiana border.

From Abilene, Capt. Lloyd convoys using two routes out of Abilene and one from Brownwood.

Capt. Harry Hutchison will be in charge of escorting troops going to the maneuvers from Fort Sam Houston, San Antonio.

Capt. E. M. Wells of Fort Worth and S. J. Gilbert of Dallas will work together in helping

to maneuver several large convoys through Fort Worth-Dallas area.

In vicinities of Fairfield, McKinney and Dallas, large columns of troops will spend a day marching while trucks return to their bases to pick up additional soldiers. In these instances, Highway Patrol forces will be divided, some units accompanying the truck while others remain to protect the pedestrian troops.

"The convoys will be escorted thru towns and cities in close formation, without regard to stop signs or signal lights," Colonel Garrison said. "Civilian motorists are cautioned not to attempt to pass or break through these columns."

Army vehicles are kept a sufficient distance apart to allow traffic to pass under normal conditions, Garrison said. He warned, however that while it is both dangerous and unlawful to pass any vehicle on a hill or curve, the danger would be multiplied in passing a column of vehicles.

The 56th Cavalry Brigade, consisting of 113 vehicles, will leave Fort Bliss, El Paso, August 3, Balmorea on the 4th, Mertzon on the 5th, Brownwood on the 6th, Hillsboro on the 7th, Henderson on the 8th, arriving in Tenaha that night.

Another small group from Arizona, consisting of 134 vehicles, will leave Fort Bliss August 14, Marfa on the 15th, Del Rio on the 16th, San Antonio on the 17th, Houston on the 18th and Orange on the 19th, arriving in Louisiana that night.

Medical Students Should Endeavor To Get Commissions

Medical students and internes who are Selected Service registrants should endeavor to obtain commissions in the Medical Reserve Corps of the United States Army, Gen. J. Watt Page, State Selective Service Director, said today.

General Page called attention to a recent announcement by the War Department that male medical students who have completed more than two years in a Grade A medical school in the United States are eligible for commissions as second lieutenants in the Medical Administrative Corps Reserve, and that physically qualified internes may be commissioned as first lieutenants in the Medical Corps Reserve.

Internes, he said, would be commissioned with the understanding they will be ordered to one year's active duty immediately upon completion of their internship; while except for an emergency requiring their immediate services, medical students should be permitted to finish their schooling and internship before being called to duty.

Students and internes in this

State who wish to apply for Medical Reserve Corps Commissions, General Page said, should make application to the Corps Area Surgeon, Eighth Corps Area, Fort Sam Houston, Texas.

General Page again stressed the recent report for the Office of Production Management that there is a growing shortage of physicians and surgeons, which affects both the Nation's armed forces and the civilian population. For this reason, he pointed out, National Headquarters, Selective Service System, has proclaimed a policy of deferment from military training of individual medical students "who give reasonable promise of becoming acceptable medical doctors," regardless of whether they have applied for Medical Reserve Corps commissions.

On the other hand, "General Page said, "the requirements of the Nation's arms forces for physicians and surgeons must be filled. While no practicing doctor whose service are necessary to his community should be called for military service, doctors, internes and medical students who are eligible for Medical Reserve Corps commissions should be encouraged to apply for them.

"Doctors and internes eligible for these commissions, who are placed in Class I-A and foil to take advantage of the opportu-

ity to be commissioned, will be inducted for Selective Service military training."

Clinton Crabb of Houston is here this week visiting in the home of Mr. and Mrs. W. E. Lea.

Mr. and Mrs. Marion Briggs left Tuesday for San Antonio where they went on business.

Mrs. Rufe Murrah and daughter, Miss Ruth, were visitors to Del Rio Thursday and Friday of last week.

Miss Roberta Ogdon of Lamesa arrived Tuesday of last week and will make her home with Mr. and Mrs. W. B. Burselson.

Dr. and Mrs. William Aston spent last week-end in San Antonio. While there Dr. Aston assisted in an operation upon the hip of Mrs. John Reininger Friday. She underwent the operation splendidly and is doing fine.

Cecil Wayne Warren and Thomas Bryan Warren of Ennis are here this week visiting in the home of their uncle, O. H. McAdams.

Mrs. E. B. Litton and son, Curtis, left Friday for points in Tennessee where they will visit with relatives. They also plan to visit Chicago before returning and plan to be gone about three weeks.
