This past week the full fury of the bloody-clawed Russian bear has been brought into focus by the outbursts and insults presented our President by N. Khrushchev at the summit meeting.

Most of the insults grew out of the ill-fated U2 flight which happened at a most inopportune time.

But--when will Nikita learn, or when will it sink through his craggy head, that the United States will go to any lengths to preserve peace in the world--even to the length of fighting for such peace.

It hasn't been so long ago that thousands of us can remember the cold icy hills of Korea, a war, or pardon me, a police action that began because of disrupted peace and ended because our nation wanted to appease the Communists of the East.

We don't like the title of warmonger, Lord knows we got our belly full of it, but how long will our appointed and elected ambassadors, delegates and now our President take such a load of crap from the Russians?

The charges that Nikita leveled Monday to Ike, including an intimation that he may "deal more successfully with his (Ike's) successor" are direct insults in more than one way.

This, plus the fact the invitation to visit Russia was turned down, shows the shallow thinking of the Russian leaders. We lizard hit a vital spot in the makeup of the American people in his Tuesday column in the Amarillo Daily News when he said--

"Apparently he (Khrushchev) hasn't learned that when the fate of the nation is at stake there are no Democrats and Republicans--only Americans."

This remark is really true.

 Another ironic thing which jumped out of the stories coming from the ill-fated summit meeting to me was an account of Nikita jumping and waving his hands and saying--
 "As God is my witness, my hands are clean and my soul is clear."
 This remark, mind you, came from the man who gave the order to butcher Budapest, lay waste to hundreds of human lives in just one action that we all can recall without any effort, and who knows how many countless thousands lay buried without hope in Siberia and have already perished during the regime of N. Khrushchev.
 A Godless man making a remark like that--brings to mind the actions of a Roman governor some 2,000 years ago that professed to wash his hands of the blame of the crucifixion of Jesus Christ.
 Khrushchev is about as blameless as Pontius Pilate, and his hands are a thousand times more stained.
 Pilate could only unleash the storm of Roman armor and chariots but today with the pushing of one button Nikita could

Boy, Girl Delegates Named

Judy Fesser, granddaughter of Mrs. A. W. Wood of Friona, and Jobey Claborn, son of Mr. and Mrs. J. C. Claborn of Friona, have been named delegates to represent Friona at the Boys and Girls State convention this summer in Austin.

Alternates for the posts are Margaret Hudson and Bob Sanders.

These students are named each year by the local American Legion Post and American Legion Auxiliary to attend the convention and see how our state is governed at the capital.

Highlighting the week the delegates will elect all the officers of the state, from governor on down to the local officials and "run" the state for one day.

BUILDING PERMITS

The following building permits were issued at the City Hall in Friona during the week ending May 17:

Steven Stubbs--permit to move in house trailer as temporary residence at an estimated cost of \$5,000.

C. M. Varner--permit to construct new house at an estimated cost of \$3,500.

FRIONA, TEXAS

THURSDAY, MAY 19, 1960

TEN CENTS

THE FRIONA STAR

VOLUME 36, NUMBER 33

SECTION 1

PUTTING UP THE BACKSTOP--Employees of the Sain Fence Company of Clovis, N. M., are pictured getting ready to raise the fence making up the backstop at the new Little League park in Friona. This part of the project is sponsored by members of the Lions Club who will construct all the fencing around the park.

Friona Soldier Serves In Germany

Army Pvt. Paul D. Coker, whose wife, Margaret, lives in Friona, Tex., recently arrived in Germany and is now a member of the 8th Infantry Division.

Three Squaws To Play On All Star Team

Lawana Houlette, Charlotte Bock and Jacquelyn Magness three of Friona's all-state high school girl basketball players have been chosen to play in the annual North-South All Star Basketball game at the close of the annual Girls Basketball Coaches Association meeting this summer.

The information was announced in a letter received by Coach Baker Duggins Tuesday. Coach Duggins will coach the North All-Stars at the clinic.

Also Eleanor Dodson and Gwen Green, two more outstanding Friona basketballers are said to have a chance to show their mettle in the game.

The entire team rosters will not be announced until later this summer, says Duggins.

The annual clash will be held in the air conditioned gymnasium on the campus of Sam Houston State College in Huntsville July 23.

BOYS AND GIRLS STATE DELEGATES AND ALTERNATES--Jobey Claborn rear right, and Judy Fesser, front right, were named delegates to Boys State and Girls State this week by the local American Legion Post and their Auxiliary. Bob Sanders and Margaret Hudson, left, were named alternates.

LL Park Begins To Take Shape

Friona's Little League Park is now taking on the look of a "professional" baseball park with the new chain-link fence down the right and left field areas, poles in place and dugouts nearing completion.

Tuesday afternoon Lions Club members gathered to put in part of the center field fence.

Concrete flooring was poured Monday in the two dugouts and Sain Fence Company finished the chain-link fence Saturday afternoon.

American Legion members report the lighting will be up soon and Jaycees say they will have the dugouts finished within the week.

All in all, Sam Williams, chairman of the committee and post commander of the Legion says the park will be finished in time for season kickoff sometime before June 1.

Details on the summer baseball program will be announced as soon as they are completed.

P-TA Tonight

Final meeting of the Friona P-TA will be in the auditorium at 8 p. m. Thursday. New officers will be installed. The program will be presented by some of the grade school pupils.

Three Squaws To Play On All Star Team

This is the fourth time that such a game has been played. "I'm proud that the coaches have picked Charlotte, Lawana and Jacquelyn and I feel that I have a whole team that could just as well play on anyone's All Star lineup," says Duggins.

Friona's Squaws won the runner-up title for the State Class AA Girls Basketball Championship in Austin in February.

MOD Officers Relected

Parmer County's chapter of March of Dimes National Foundations re-elected officers to serve another year at a regular meeting Monday night in Bovina.

Cary Joe Magness is chapter chairman, Hugh Moseley secretary, Herb Potts treasurer and Dolph Moten publicity chairman.

Annual March of Dimes campaign is conducted in January.

County Demos Back Johnson

Parmer County's three delegates to state Democratic convention, which will be in Austin next month, are pledged to support Senator Lyndon B. Johnson for president.

This was decided at county Democratic convention in county courtroom in Farwell Saturday afternoon.

County delegates to state convention will be Mr. and Mrs. G. D. Anderson, Jr. of Bovina and Hollis Horton of Friona.

Nelson Welch of Friona, recently-elected county Democratic chairman, presided at the county convention that saw little or no opposition to the pair of resolutions which were passed.

In addition to the Johnson pledge, the convention voted unanimously to "desire it to be known that the Honorable Gabe Anderson has faithfully for 28 years pursued various duties

of county Democratic chairman and in as much as he has relinquished these duties, we of Parmer County vote him a special thanks and respectfully ask that the state convention also recognize this long and faithful service to the Democratic party."

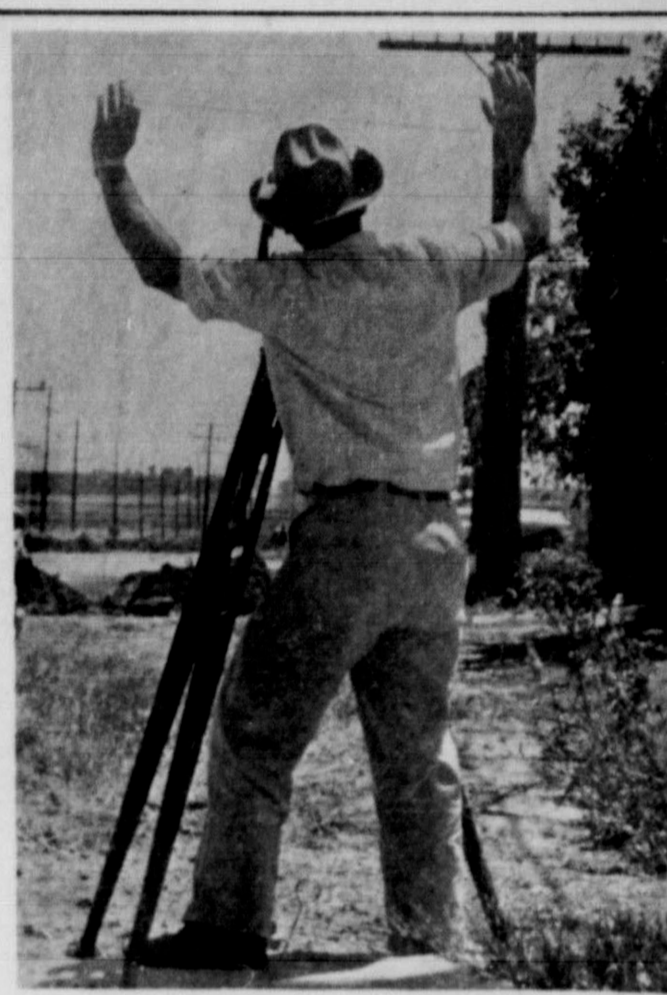

Welch and County Clerk Hugh Moseley were elected permanent convention chairman and secretary respectively by acclamation at the program's beginning.

Andy Hurst of Friona nominated the delegates and alternates to state convention.

Alternates are Moseley, John Armstrong, Mary Belle Aldridge, Joe Osborn, and Bob Hart.

Following Hurst's motion, Wylie Bullock of Lazbuddie nominated Luther Hamm of Oklahoma Lane as delegate. However, the group voted to decide on Hurst's motion first and therefore had a full slate of delegates before Bullock's motion was brought up.

Four precincts were represented at the convention, Lazbuddie with three delegates, Friona with 10, Bovina with 10 and Farwell with seven. All were under unit rule except Lazbuddie.

OVER THISAWAY!--Surveyors have been busy staking out the new streets which will be paved shortly. Above, Bob Myrick, of Parkhill, Smith & Cooper of Lubbock shoots a line on one of the streets.

City Purchases Pickup

Reeve Chevrolet Company's bid of \$1621.06 for a new 1960 model six cylinder pickup was accepted from a field of three bids on a pickup for the city's

Lions Hear Kolander, Trebelaires

Problems of teenagers and the solution of these problems in the court of law in Amarillo was the topic of a talk presented to members of the Friona Lions Club at their regular meeting last week.

Judge Jerry Kolander, judge of Amarillo's court of domestic relations, was the guest speaker.

Judge Kolander outlined the methods which his court follows in working with juvenile cases and as he put it "We work like a doctor, first determine the cause, try to isolate it then try for a solution to the problem."

He gave a number of case

water and sewer department in a special meeting of the city council Monday night.

Bids were received from Parmer County Implement Company and Friona Motors in addition to Reeve.

Parmer County Implement Company's bid on an international pickup was \$1693.30; Friona Motors bid was \$1593.03, both on six cylinder vehicles.

Following discussion of the bidding council members discussed the cemetery situation with Mrs. Ralph Wilson, Mrs. Roy Clements and Jack Moseley.

The trio represented the Friona Cemetery Association.

histories involving Amarillo teenagers and gave a number of reasons for the causes of juvenile delinquency.

He included divorce as the big cause of juvenile problems today and then went on to name a dozen or more other common reasons.

Members of the Trebelaires under the direction of Mrs. Eva Miller presented several musical numbers for the Lions.

They told the council of the recent work at the cemetery and after discussion the council voted to split the salary of a full time employee with the Cemetery Association to keep the site looking its best this summer.

Karl Bender was hired by the Cemetery Association to work full time at the cemetery, and it was the opinion of the council that such a man was justified and they will pay half his salary.

Moseley described the caliche-hauling project which took place last week and the new road which curves through the newer section of the cemetery.

In addition to the above the association asked for permission to remove the wire and barbed wire fence on the north side of the cemetery in order to plant evergreen shrubs to form a more scenic border for the site.

Parmer County grant. Council members present included Mayor R. L. Fleming and Aldermen Bill Nichols, Eddie Mell, Deon Awtry and Glenn Reeve Sr.

Howard Love Gets Water Plant Award

Skill and knowledge of water plant operation has won a Grade C "certificate of competency" for H. E. Love of Friona.

The certificate was awarded under Texas' general sanitation law that water plants supplying the public must be under the supervision of an operator who has proved his talent for the job in a written examination and has been certified by the Texas State Department of Health.

Love's newly won certificate will be valid for three years. After meeting certain conditions of additional training and experience, he will be eligible to try for higher certification.

The examination for Grade C certification covers fundamental knowledge in quality requirements for a public water supply, interpretation of bacteriological analysis, and sanitation.

Grade C certification re-

New Business Now Open

Mr. and Mrs. E. H. Gatlin are new residents of Friona. They recently opened their drive-in on East Highway 60 next door to Chandler's Tire Service.

The Gatlins, former Friona residents, invite their friends and acquaintances to stop and visit. They also invite everyone to give them an opportunity to serve them.

Cemetery Work Day Success

Wednesday (last week) work day at the cemetery was a huge success according to Jack Moseley as 35 men and trucks showed up to haul caliche to top a new curved road in the new section and retop roads in the old section of the cemetery.

This week the caliche has been leveled by county maintainers and the cemetery has taken on a "new look."

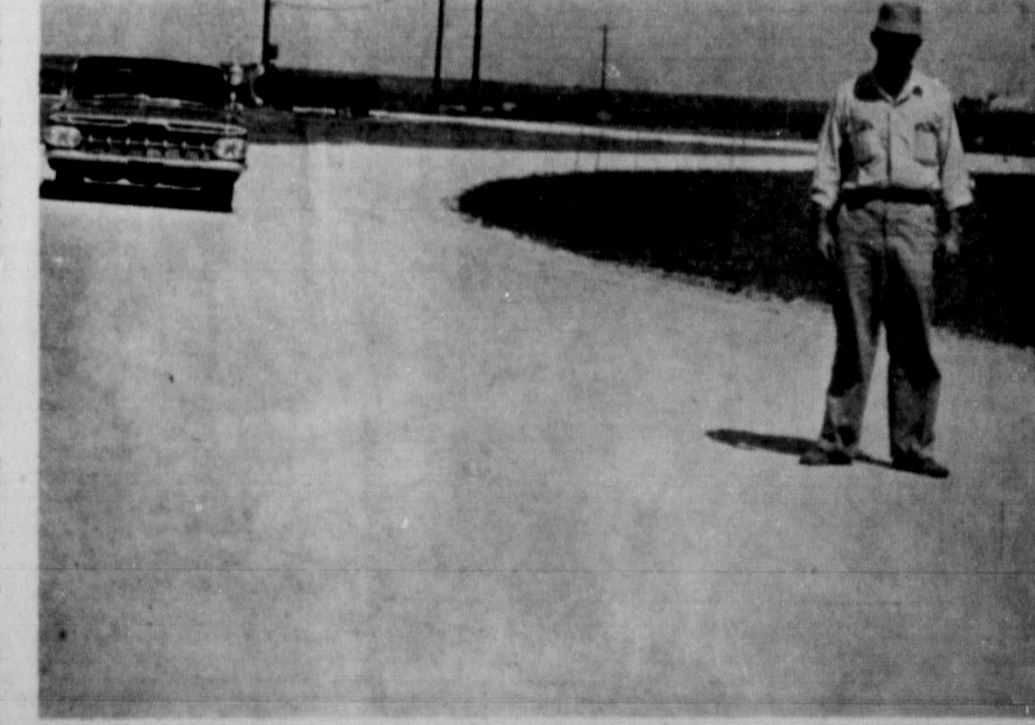

Osborn, Claude Osborn, Deon Awtry, Ernest Anthony, Louis Welch, Ernest Osborn, John Wright, Ralph Wilson, J. G. McFarland, Lloyd Thompson, John Gaede, Clarence Martin, Arthur Stokes, Howard Love and the Lewellen brothers.

In addition to the above changes, the cemetery association has announced that Karl Bender has been hired full time to work in the cemetery this summer to keep the seeds down and the area watered.

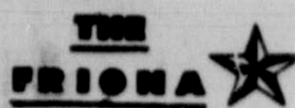

The city council of Friona agreed to pay half of Bender's wages and Raymond Adams says he will have the pump ready for use in the old section this week end.

In addition to Moseley those who helped during the work day with time, effort and their machinery included Herbert Day, Albert Roien, Sloan Osborn, Cordie Potts, Elmer Deyke, Roy Clements, R. J. Renner Jr., C. L. Vestal Jr., Harry Roberts, D. C. Herring, H. C. Wells, O. J. Boone and David Moseley.

Also Herschel Johnson, Ralph Smith, Curtis Murphree, Lewis Smith, Wes Long, A. L. Black, Junior Wilkerson, M. C.

CEMETERY GETS FACE LIFTING--Working all day Wednesday and then part of Thursday a group of volunteers laid this new road in the new section of the cemetery last week. Jack Moseley shows off the new addition which is wide enough for three cars to park on and circles from the gate throughout the cemetery.

To Attend Convention

Mr. and Mrs. W. M. (Bill) Stewart and Miss Lois Norwood of Friona are among some 1,000 persons pre-registered for the state convention of Texas Association of Insurance Agents opening in Austin Thursday, May 19.

Stewart will represent Ethridge-Spring Insurance Agency at the meeting.

During the three-day convention they will hear talks by government and industry leaders and participate in a series of special social events.

FIRST GRADERS TO APPEAR ON TV SHOW

Members of Mrs. Jewel Woodward's first grade class will be guest performers on a television show at KVER in Clovis at 11 a.m. Tuesday. Ten class members will present a Dutch dance.

This will be followed by a song by Cydnee Bailey. She will be accompanied by Sharon Reeve.

Births

The following births have been recorded with Justice of Peace Thelma Jones by the Parmer County Community Hospital during week ending May 17: Boy, born to Mr. and Mrs. Marvin E. Bandy of Friona April 29, at 9:30 p.m. weighing 6 lb. 11 1/2 oz.

Girl, born to Mr. and Mrs. Robert J. Hale of Friona May 8, 1960 at 9:47 p.m. weighing 7 lb. 4 1/2 oz.

Have Daughter

Janice Louise is the name given to the daughter born to Mr. and Mrs. Wilbert Varner last Monday in Parmer County Community Hospital. She weighed 8 pounds and 4 1/2 ounces.

The Varner's have another daughter, Debbie, who is 16 months old.

Grandparents are Mr. and Mrs. Chester Varner and Mrs. Elaine Massey and great grandparents are Mr. and Mrs. Otis Massey.

Honor Team

Mr. and Mrs. Bill Wooley were hosts at a bowling party followed by dinner in Clovis Monday evening. Guests were members of the Hub Fertilizer men's and women's bowling teams.

Mrs. Eddie Hall was high scorer for the evening. The 215 she posted was also a high score for her to bowl in any game.

Those present were Mr. and Mrs. Roy Hotkins, Mr. and Mrs. Eddie Hall, Mr. and Mrs. John Renner, Mr. and Mrs. Eugene Bandy, Mr. and Mrs. Truett Johnson and the host couple.

Black News

BY MRS. DELTON LEWELLEN

The Black Home Demonstration Club will meet Thursday at the Black Community house. Mrs. T. J. Presley will be the hostess.

The Boy Scouts of Black met Monday night at the Black Community House. The fathers were asked to attend the meeting and a trip to Conchas was planned for Friday at 4:00 P.M. and return on Sunday evening.

Those present last night were Woodrow Whitaker and Dwight, Ellis Tatum and Tommy, Pete Braxton and Jim, J. R. Nazworth and Dean, T. A. Sherley and Tommy, and Coy Patton.

Mr. and Mrs. Ed Boggess visited with Mr. and Mrs. R. E. Barnett last week.

Mrs. C. H. Hammock and Mrs. Pat Hampton spent the day Sunday in Clovis with Mrs. Pete Garnett who has been ill. Mrs. Garnett is Mrs. Hammock's daughter.

Mr. and Mrs. Lloyd Shulk spent the day with Mr. and Mrs. Rosco Ivie Sunday.

Mrs. Helen Fangman and Charles have gone to California to return with Teddy Fangman who is getting out of the service.

Mrs. R. E. Barnett spent the day with Mrs. Rosco Ivie Saturday.

Mr. and Mrs. R. E. Barnett spent all last week with Mr. and Mrs. Fern Barnett and Betty while Mrs. Jewel Holcomb went home to Wichita Falls and Lubbock.

Fern Barnett went fishing at Possum Kingdom last week. Mrs. Lloyd Prewett and Ann went to Palo Duro Canyon with Mrs. Hairgrove's seventh grade class on the end of school party Friday.

Mr. and Mrs. J. R. Braxton and boys went skiing at Conchas this week end.

Mr. and Mrs. P. O. Southall spent Thursday with their daughter Mrs. J. R. Braxton.

Mr. and Mrs. Weldon Tatum and Mary Houlette and Debbie were at Conchas over the week end.

Mr. and Mrs. Giles Cobb spent Saturday and Sunday with their daughter in Amarillo.

Mr. Charlie Hays and son of Dimmitt and A. C. Hays of Hereford visited with Mr. and Mrs. Clyde Hays Sunday afternoon.

Mr. and Mrs. F. B. Harkins of Plainview, Mr. and Mrs. Earl Harkins and son of Hereford had Sunday dinner with Mr. and Mrs. Gene Welch and family. Veveca, daughter of the Welch's went home with her grandparents to Plainview to spend a week.

Mr. and Mrs. Travis Stone and family went to Dimmitt to visit Mr. and Mrs. Fred Dunn and family Sunday.

Miss Kathy Fay Cook came home with Linda Kay Stone and spent Sunday afternoon.

Mrs. Bill Carthel and Mrs. Wayne Carthel of Hereford went to Amarillo Monday.

Mr. and Mrs. Herbert McCabe of Dawn visited in their daughter's home, Mr. and Mrs. Bill Carthel and family Sunday.

Mrs. Bill Carthel took the Cub Scouts to Hereford skating Saturday.

Mrs. Travis Stone and Linda attended a mother and daughter tea for all G.A. girls at Summerfield Saturday.

Mr. and Mrs. Eugene Bandy, Mr. and Mrs. Larry Fairchild,

Mr. and Mrs. Ross Miller had supper with Mr. and Mrs. Jerry Bell and family Sunday evening. Mrs. Jerry Bell and family went to Amarillo Saturday with her parents Mr. and Mrs. W. N.

Foster of Farwell. Mr. and Mrs. I. D. Grimsley of Olton visited last week with Mr. and Mrs. David Grimsley and boys. Mrs. Esther Bomar of Spring-

lake visited Sunday with her daughter and family Mr. and Mrs. David Grimsley and boys. Mr. and Mrs. Red Wilborn of Ft. Worth were here visiting at the home of Mr. and Mrs.

Woodrow Whitaker and family last week. Many are brave when the enemy files -- Italia

Chevy hums through Chicago traffic to the tune of 21 miles to the gallon!

Working for Bumper and Auto of Illinois, Inc., ten 1960 Chevrolet pickups battle Chicago traffic day after day. Each truck averages about 2,000 miles a month in this wearing stop-and-start delivery service. Mr. Harry Haller, General Manager of S & H Truck Leasing, who leases the trucks to the bumper firm, reports: "We provide full maintenance on the trucks—gas, oil and everything else—so it pays us to know just where we stand on costs. And our records show that the '60 Chevies are giving us as much as 21 miles per gallon . . . with an average of better than 17 miles per gallon. Mister, these are our kind of trucks!"

Truck owners have good things to say about all Chevy engines. And when they're not talking about Chevrolet performance and economy, they're telling you how great that new Torsion-Spring Ride is. How it soaks up road shock and vibration. Protects fragile loads. Lets you run at faster, safe speeds to get more work done in a day. Drive a torsion-spring Chevy soon. We'll rest our case on that one ride.

The engine is Chevy's famous Thriftmaster 61

Congratulations

And may we add our best wishes to those of your many friends for the successful completion of your high school course.

While this happy occasion marks the passing of an important milestone, it also signals your entry into a world of opportunity that has need of your youth and enthusiasm.

We wish you much happiness and in the years that lie ahead, stand ready to lend a helping hand in any way you may find useful.

ISN'T IT DONE YET?—Jim Wells, left, goes up to inspect the ice cream mixer which is being manhandled by Cletus Brown and Tommy Scales during the ice cream fest up at the FFA department at Friona high school Friday. (P. S. the cream wasn't frozen yet; they had to wait and crank some more.)

Girl Scout Notes

Troop 144 met Monday after school. A gift was presented to Mrs. Carroll. Pearl McLean demonstrated making up a bedroll. We practiced on the court of award ceremony and the flag ceremony. The court of awards will be May 29 at 3 p.m.

Lou Cochran served refreshments to Karen Agee, Leticia Bartlett, Brownie and Sherry Cole, Linda Estep, Linda Fallwell, Kathy Jones, Cindy Ingram, Terri Sue Mabry, Martha Martin, Glenda Mingus, Vicki Moorman, Donna Shackelford, Becky Turner, Shirley White, Terri Lynn Wilson and Judy Shirley, who was a visitor.

Also the two leaders, Pegri McLean and Fay Wilson.

---Vicki Moorman, reporter

Brownie Troop 93 went to the Hub Community Center Friday evening for an overnight camp out. After cooking supper over an open fire, games were played. The girls cooked breakfast the next morning on buddy burners.

Following group singing and a game session plans were made for the annual court of awards.

Leaders making the trip were Nola Faye Vestal, Sue Smith and Gladys Day. Troopmothers Joyce Wilkins and Evelyn Anthony also accompanied the group.

Brownies attending were Myra Sue Day, Carla Sue Mann, Rox-

anne Hall, Kathy Anderson, Susan Vestal, Maria Ramos, Kelly Barber, Jennisu Fallwell and Kay Riethmayer;

Also Beverly Anthony, Andrea Wilkins, Amelia Sims, Shirley Smith, Becky Edelman, Janet Mingus, Lynda Baldwin and Romales Rector.

Guests were Diane Day, Dixie and Charley Wilkins, Celia Faye Vestal and Jan Welch.

Letters to the Editor

Dear Editor:

I would like to say "thank you" to the people of Friona for being so good to me during my four year stay among you. You are wonderful people and I feel that God was very good to me when he sent me your way.

I plan to return to my home state to teach and would like to extend an invitation to each of you to visit me as the hunting and fishing are very good near Idabel, Okla., and my latchstring hangs on the outside of the door at all times.

May God bless each of you and should we never meet again on earth, may I live in your community again in Heaven.

Sincerely,
Bessie Watson

A person can be on the right track and still get run over, if he doesn't keep moving.

Alligators are credited with killing more humans than any other animal, other humans excepted, of course.

Shriners Plan Fifth Children's Clinic

Fifth annual Children's Clinic will be in Hereford on Saturday, May 21. Sponsored by Oasis Shrine Club, it is for children with physical handicaps, as well as those with speech and hearing difficulties.

Although the clinic is designed primarily for examination and diagnosis, immediate recommendations will be made and Shriners will assist in getting treatment for the children.

Parents of children are asked to fill out and mail the accompanying advance registration form in order to speed up activities.

An outstanding group of medical men has been contacted for the Clinic. They donate their services each year. In 1959 more than 100 children were examined.

Examinations and diagnosis will be at Hereford Clinic and lunch will be provided by wives of Shriners.

Dr. M. C. Adams, chairman of the 1960 Clinic, announced the following specialists would be on hand:

Orthopedic surgery: Dr. Charles F. Gregory, professor of orthopedic surgery at Southwestern Medical School in Dallas, and Dr. James E. Lovelless, Lubbock;

Plastic surgery: Dr. Willard C. Sellman Jr., associate professor of Southwestern Medical School, Dallas;

Cardiology: Dr. Clarence E. Hicks, Hereford;

Ear, nose and throat: Dr. Gaylord Chase, Amarillo;

Neurosurgery: Dr. Jack Woolf, Dallas;

Dental: Dr. Robert V. Walker, head of oral surgery department of Southwestern Medical School, Dallas;

Eye: Dr. Milton C. Adams, Hereford, and Dr. Reese Nowlin, Perryton;

Speech therapy: Dr. Dean Harris, supervisor of audiology at the University of Oklahoma Medical Center, Oklahoma City.

In addition, physicians from Hereford, Dimmitt, Friona and Tulsa will handle general physicals and case histories during the day.

SARTAIN ELECTED PRAT PRESIDENT

Bob Sartain, junior student at Wayland Baptist College, has been elected president of Alpha Chi, national scholastic fraternity, for the coming school year.

Sartain, son of Rev. and Mrs. L. A. Sartain of Friona, is seeking a Bachelor of Science degree with a major in mathematics from Wayland. He is a member of the International A Cappella Choir and this year served as program chairman of Science Club.

We are told of a very small insect that is able to create a sphere of air about him that enables him to be submerged in water without the water getting to him. This protective sphere of air is a good illustration for Christians. We are promised the protection of the Lord when we pray and read His Word the Holy Spirit is able to so protect us that even in a world that would destroy all that is good we are not harmed by it's destroying power. May the Lord grant us the faith and courage to pray and seek Him that we may live in this sphere of protection which He provides. "The Lord knoweth how to deliver the Godly out of temptation." II Peter 2:9

MIXING IT UP--Floyd Reeve turns a mixer getting ready for the ice cream preparation last Friday at the FFA department's annual ice cream fest. Looking on to make sure things are going right are Johnny Miller, Owen Drake, Reeve and Lee Gibson.

Junior High Gridders End Spring Training

Friona's seventh and eighth grade gridsters completed three weeks of spring training last week and then moved into spring basketball practice, according to Tom Jarboe, junior high coach.

Jarboe reported a total of 53 boys, including the managers, who were reporting for football tryouts. The eighth graders who participated in this year's spring training will make

up the nucleus of the freshmen team next year. The seventh graders will remain in junior high. There were 28 eighth graders and 25 seventh graders reporting.

The eighth graders reporting were Jerry Parker, Edwin Taylor, Everett Gee, Bob Welch, David Carson, Gary Renner, Newman Loanman, Eric Rushing, Ronnie Proctor, Arlen May, Richard Fortenberry and Billy Edelman.

Ronald Awrey, Greg Jarrell, Danny Black, Johnny Howard, Aaron Drager, and Glen Herring.

Tex Phipps, Jerry Don Houston, Russel Scales, Tom-

my Baxter, and Joe MacDutton, Rex Nelson, Larry Moorman, Don Wilson, Lynn Phipps, and Garry Moorman.

Seventh Graders reporting were Douglas Gaines, Jackie Clark, Larry Buckley, Eugene McKee, Gary Hand and Joey Taylor.

Darrell Schwab, Roscoe Parr, Philip Varner, Joe Bob Johnson, Dale Milner and Jimmy Snead, Doyle Mabry, Jerry Cass, Robert Stewart, Chris Tannahill, Charles Fields and Ronnie Brookfield.

Darrell Collier, Bernie Deaton, Joe Don Edelman, Ted Osborn, Andy Russell, Jackie Stowers and Mike Wilson.

J. B. Douglas To Graduate

Some 200 cadets are scheduled to graduate from the New Mexico Military Institute on May 29 in an outdoor Commencement ceremony that will be held in the quadrangle of Hagerman Barracks.

Listed among the cadets to be graduated is a young man from Friona, Texas. He is Joe B. Douglas Jr., son of Mr. and Mrs. Joe B. Douglas of 902 Summit Street in Friona.

Young Douglas has been a cadet at NMMI since the fall of 1958, when he transferred from Friona High School. He is a Third Classman, and in the Corps of Cadets he is presently a Staff Sergeant.

The Bible Teaches ...

"Believe on the Lord Jesus, and thou shalt be saved, thou and thy house," (Acts 16:31) This answer to the question, "What must I do to be saved?" is most enlightening. It shows that salvation from past sins is conditional. If the one asking the question did not comply with the reply he received in return he would not be saved.

Every blessing from God is conditional. They do not benefit man until man receives them. God gives us air to breathe and water to quench thirst, but unless we appropriate them to the body's use we will die. So with his spiritual gifts, if they are not accepted on his conditions (set forth in the Bible) they will not be ours.

In The Courts

The following cases were tried before Justice of Peace Thelma Jones during the week ending May 17:

Joe Everett, no driver's license.
Edward E. Adams, no driver's license.
Louie C. Turner, no MVI sticker on vehicle.
Nelson Welch, no MVI sticker on vehicle.
John Messenger, failure to signal before turning.
Conard Kenner, driving 90 mph in 60 mph zone.
Dee McKeever, drunk and disturbing peace.
Roy Dean Buxton, drunk and disturbing peace.
Casemera Ruiz Contreras, no driver's license.

WOMEN BOWLERS SLATE MEETING

Friona Woman's Bowling Association will meet Friday evening at 8 in the Production Association lobby. Amy Pitt of Amarillo, a state director in the Texas Women's Bowling Association will be a special guest. Mrs. Pitt will explain organization of city associations and league play. There will be a question and answer session during which she will endeavor to supply information on all angles of women's bowling leagues.

Joy Hall, president of the local association, asks that at least one member from each team be present if possible. Mrs. Hall further states that this will be the last meeting before league play begins and invites all women interested in bowling to attend.

CORPORATION COURT

The following cases were tried before Judge Thelma Jones in Corporation Court during the week ending May 17:

J. W. McCarver, no driver's license.
Connie Dodson, improper start from stop position.
Walker Freeman, failure to yield right of way.
Rosenda Zanora, no driver's license and operating vehicle with one head light.
Billy Earl McCarver, discharging firearm within corporate limits of the city of Friona.

ALL STAR BASKETBALL PLAYERS--Charlotte Bock and Lawana Houlette have been invited to take part in the Annual North-South All Star Girl's Basketball tilt this summer at the coaching clinic in Huntsville. This was announced this week by Coach Baker Duggins.

Kinsley Past Matrons Choose Mrs. Miller

Mrs. Sarah Ann Miller was elected president of Kinsley Past Matrons Club at a Friday afternoon meeting in the home of Mrs. Mary Ginsburg. Chosen to assist her were Mrs. Thelma Coffey, vice president; Vera Bainum, secretary and treasurer; and Mrs. Ginsburg, reporter. Mrs. Ethel Chitwood presided and Mrs. Faye Southward gave a devotion on Psalms 37:33-39. Also on the program was a mother's day poem read by

Mrs. Bainum. Cake with whipped cream and coffee was served to those mentioned above and Mesdames Pearl Kinsley, Bessie Boggess, and Martha Russell. Next meeting will be a luncheon at a local restaurant June 3.

Andersons Vacation In Arizona

Dr. and Mrs. George Anderson are vacationing and visiting relatives in Arizona and Nevada.

Dr. Anderson and his cousin, Royce Martin, who had been under treatment in Friona, left by car last weekend and drove to Nevada where Mrs. Martin met them.

Mrs. Anderson flew to meet her husband in Nevada and the couple planned to visit her family near Flagstaff, Ariz. and to do some sightseeing before returning to Friona.

During the absence of their parents, Kathy is staying with Dr. and Mrs. Paul Spring and Linda is staying with Dr. and Mrs. Lee Cranfill.

Senior High Recital Slated Thursday

Eva Miller's Little House of Music will present a senior high recital at the First Baptist Church at 8 p.m. Thursday. Featured on the program will be a piano quartet, vocal numbers, piano solos and numbers by the Trebelaires.

Others having part in the presentation will be Joy Ingram, Royce Douglas, Linda Johnson, LaVoyce Burrow, Wayne Cason, Iva Ben Parr, Jere Buske, Carol Coffey, Karen Turner, Ineta Stowers, Larry Anthony, John D. Miller, Nelda Douglas, Donna Blackburn, Gerald Daniel and Pat Foster.

Party Fetes Miss Drake

Mrs. Ralph Shelton honored Miss Erma Lou Drake, a graduating senior, with a Coke party in her home last Tuesday afternoon.

Sandwiches, nuts, cake, and Cokes were served to Virginia Fulks, Adelle Smith, Gwen Green, Linda O'Brian, Jean Wilson and Faye Scales. Mrs. Kenyth Cass assisted the hostess.

Club Members Host Tea At Club House

Members of the Hi-Point Home Demonstration Club were hostesses at a tea at the Friona club house at 2:30 Friday of last week. Guests were members of the Lakeview Home Demonstration Club.

Guests were registered by Betty Renner. June Collier presided at the table, which was covered with a hand crocheted cloth and centered with yellow daffodils.

Belle Maynard sang "M-O-T-H-E-R" and "Nobody Knows But Mother" accompanied by Jane Bengé at the piano. Gertrude Renner read a poem "Nobody Knows But Mother."

Those signing the guest register were Glindeen Bailey, Gwen Graves, Frances Milner and Janice, Jane Bengé, Belle Maynard, Cherry Ann Mingus, Mary Joyce Barnett, Lillie Mae Baxter, Mildred Mingus, Betty Renner, Gertrude Renner, June Collier and Mary Bandy. The next meeting of the club will be May 27.

Breakfast Honors Three Senior Girls

A breakfast in the home of Mrs. Harold Lillard Thursday morning honored Betty Barnett, Geneva Floyd and Janet Snead. Hostesses with Mrs. Lillard were Mrs. Nelson Welch and Mrs. Eugene Boggess. They were assisted by Nan Lillard and Monte Sue Welch.

Other guests were Kay Struve, Mikie Welch, Janet Buckley, Peggy Holcomb, Mrs. F. W. Barnett, Mrs. Glenn Floyd and Mrs. R. E. Snead. Gifts were presented to the honorees, members of the senior class, by the hostesses.

Gwen Graves having parts on the program.

Dorothy Hough also assisted by discussing the political situation in that country. Ruthie Fite led the closing prayer.

Members present were Gwen Graves, Blanche Boyle, Ruthie Fite, Verda Osborn, Dorothy Hough, Jessie Gore, Vela Sinclair, Ella Bradshaw, Lucille Latta and the hostess.

WSCS Circles Meet In Lakeview

Meetings of the Maggie Hamlin and Mekka circles of the Woman's Society of Christian Service were held Tuesday morning of last week in the homes of members living in the Lakeview Community.

Wilma Jones was hostess to the Mekka circle. Highlighting the meeting was the reviewing of the book "All The Women of the Bible" by Mary Ginsburg.

Ora Mae Anthony led the opening prayer. She also assisted Wilma Jones and Thelma Ford in the study of the United Nations. Mary Ginsburg presented a meditation on love.

Refreshments of coffee, apricot bread and banana bread were served by the hostess to Thelma Ford, Fern White, Willard Stewart, Juanda Jarrell, Ora Mae Anthony, Luella Drake, Doris Sides and Winifred Hurst.

The Maggie Hamlin circle met with Nora O'Brian. Jessie Gore led the opening prayer. Blanche Boyle, chairman, presided over the business meeting.

Lucille Latta directed the devotional. The study of Africa was continued with Ella Bradshaw, Nora O'Brian and

Third Girl Born To Stanley Benges

Mr. and Mrs. Stanley Bengé She weighed 6 lbs. 4 1/2 ozs. became parents of a baby girl and was named Sharla Beth. at Parmer County Community Hospital at 2:40 p.m. Friday. Sharla Beth is the third daughter for the couple. The

older girls are Debbie 5 and Jerri 1 1/2. Mrs. Bengé and the baby were dismissed from the hospital Tuesday afternoon. S. A. Bengé of Post is the grandfather.

How Do You Know Your Business Is Really Covered By The Right Insurance?

You don't— unless you insure through an independent insurance agent. Here's why: No single insurance company offers every type of business insurance. If you buy directly from an insurance company, you'll hear only about the policies that company offers. But as independent insurance agents, we give you this extra service at no extra charge: 1. We survey your plant or working site. 2. We suggest ways to reduce the premiums you pay. 3. We determine your insurance

needs. 4. We choose for you the best insurance for your business out of hundreds of policies offered by different, competing companies. You can be sure your business has the right insurance coverage when you insure through an independent insurance agent. Look for this Big "I" Seal when you buy insurance. To display it, we have had to meet professional standards designed to protect you.

Only an Independent Agent can display this shield

District Supervisor Presents Demonstration

At the Tuesday afternoon meeting of the Friona Home Demonstration Club in the home of Thelma Jones a demonstration on cuts of meat and proper cooking procedures was presented by Edith Lois Wilson, extension service district supervisor.

She was assisted by Jimmie Lou Wainwright, home demonstration agent.

Following the demonstration refreshments of tuna salad, congealed salad, tea and wafers were served by the hostesses to the guests and following members: Carol Hardesty, I. V. Day, Christene Williams, Phyllis Sanders, Elwanda Campbell, Marlene Drake, Betty Cunningham, Juanita Reeve, Elizabeth McLellan and Betty Williams.

New members of the club, Thelma Jones, Betty Cunningham, Juanita Reeve, Elizabeth McLellan and Betty Williams were presented corsages.

Senior Girls Feted

Mrs. Herschel Johnson and daughter, Kay, were hostesses at a party honoring several senior girls and their mothers in their home Thursday afternoon.

Plate favors were school girl cardboard cut outs holding name cards. Refreshments of cookies and cold drinks were served.

Attending were Misses Jacquelyn Magness, Geneva Floyd, Betty Barnett, Linda O'Brian, Virginia Fulks, Adelle Smith, Judy Smith, Charlotte Bock, Marilyn Potts, Janet Snead and Sally Hough.

Also Mesdames F. W. Barnett, Russel O'Brian, Neal Fulks, Hoyt Smith, Glenn Floyd, Ralph Smith, Hugh Blaylock, R. E. Snead, and Dorothy Hough.

Our Continental-inspired sport shirt boasts the luxury of a fabulous fabric... an all combed cotton Shantung woven in Switzerland... in 9 soft Spring shades that have a subtle iridescent cast. It also boasts Jayson's "fit to perfection" tailoring and a "just-right" spread to its Italian-type collar. Come in and see how flattering this distinctive new sport shirt can be. \$7.95

Other Jayson Shirts From 3.98 To 8.95 Plus Many Many Gift Items For The Young Lady

HURST'S

FRIONA

in and around FRIONA WITH JUNE

In our lost and found department this week we are looking for two purses. Gary Pope, young son of the James Popes, has lost his billfold containing several dollars. He thinks he lost it in the vicinity of the Church of Christ at Tenth and Euclid. If anyone finds a boy's purse containing money and no identification card, Gary would appreciate learning about it. Then Kay Johnson has misplaced a black purse containing her driver's license, pictures and numerous other things that are of little value to anyone except the owner. Kay will be glad for the finder to keep the money in the purse, but surely would like to have the purse and its other contents back. *****

Having elections in May and June instead of July and August seems quite strange. Our knowledge of elections, politics and like subjects isn't up to par. Someone informed us that the change was made because so many voters took vacations in July and August and didn't go to the trouble of voting an absentee ballot. Until this explanation was made to us, we thought perhaps the change was made so that politicians wouldn't have to beat the bushes for votes when the weather was uncomfortably warm. *****

Graduation is just around the corner and everyone seems to be making advance preparations for the event. From outside appearances you would almost expect the last week of school to be calm and serene. Maybe our attitude is somewhat pessimistic, but graduation just wouldn't be graduation without the hustle, bustle and last minute confusion that goes with it. Our feeling of losing touch with a wonderful group of young people is even more acute this year. Perhaps it is because during the past twelve years this fine group of students has been very much a part of life in the Floyd household. Our sincere congratulations go to every member of the 1960 graduating class and we're hoping each one of you sees fit to keep the Star posted on your activities as the years come and go. *****

Chatted with Mrs. Rudolph Renner Sr. in the post office early this week. She reported that Mr. Renner making satisfactory recovery after having had surgery and is now at home. From Mrs. Renner we also learned that Cotton, Kay and Robin will be back in Friona within the next month or six weeks. Cotton has been in the U. S. Navy the past four years and has been stationed in Florida and California for most of his duty. Apparently Friona looks good to him even though he has seen a large part of the United States since he has been in the service. Think their plans are to return to Friona to make their home. *****

Roy V. Miller Jr. will soon be getting his Master's degree from Colorado State University at Fort Collins. Since he couldn't be present to accept his bachelor of science degree from Texas Tech in 1953 because of duty with the armed forces, Roy and Eva will be able to find time to attend the commencement exercises at Fort Collins next month.

Silver Anniversary Party Surprises
Mr. and Mrs. Cass

Mr. and Mrs. Kenyth Cass were honored with a surprise party on their 25th wedding anniversary last Wednesday night in their home.

Host couples, who were the only guests expected in the Cass home, were Mr. and Mrs. Forrest Osborn, Mr. and Mrs. Arthur Drake, and Mr. and Mrs. Ralph Shelton.

Guests played "42" and were served hot spiced tea, coffee, and cake. Attending were Mr. and Mrs. L. J. Jones Sr. and Mr. L. J. Jones Jr. of Hereford, Mr. and Mrs. George Price of Lubbock, and Mr. and Mrs. W. S. Ingram, Mr. and Mrs. James Boyle, Mr. and Mrs. Guy Latta, Mr. and Mrs. Raymond Milner, and Mr. and Mrs. Clyde Weatherly.

Trax-

obliterate the known world in one act.

As to the U2 incident, we have heard many who in effect say---

"I don't blame the Russians for getting mad, I'd get mad if they were to send their planes over us like that."

A remark like that reeks of asininity—who needs to send spy planes when we carry detailed drawings of secret planes in a nation-wide science magazine which can be purchased for the price of two and a half cups of coffee.

Also, in our opinion, the Russians have probably had planes in the air over the U.S. spying long before we thought of the U2.

At any rate it is a sad situation when nations cannot meet together and discuss the roads to a lasting peace.

But—we think Nikita has finally aroused the ire of the strength of the United States—that small voice at the coffee counter, on the street and everywhere who has finally been jolted out of his apathy and has gotten pretty well fed up with Nikita and all that he stands for.

Daniel In Recital

The Little House of Music presented Gerald Daniel, bass-baritone, in his senior high school recital at 3 p.m. Sunday at the First Baptist Church.

Programs were distributed by Janell Daniel and Jeanne Taylor. About 200 guests signed the register which was presided over by Charles McKenzie. Larry Anthony appeared on the program as the guest artist.

Mrs. Eva Miller was the accompanist. Assisting with the program were thirteen members of the Trebleaires.

A reception in the church parlor followed the recital.

Party Honors Four Year Olds

Kip and Tip Kimbrough, four year old sons of Rev. and Mrs. Donald Kimbrough of Gotebo, Okla., are visiting their grandparents, Mr. and Mrs. H. A. Hyde, while their parents are attending the General Baptist Convention in Florida.

Mrs. Hyde honored the twins with a birthday party in her home Thursday afternoon. She was assisted by Mrs. W. R. Reithmayer.

DOROTHY NELL SHADDEN

Shadden-Bragg Wedding Set

Mr. and Mrs. Odell G. Shadden of 4120 30th Street, Lubbock, have announced the engagement and approaching wedding of their daughter, Dorothy Nell, to Clyde Ray Bragg, son of Mr. and Mrs. James G. Bragg of Brownfield. Wedding vows for the couple will be read in the First Presbyterian Church at Brownfield June 5, 1960 at 3:30 p.m. by Dr. Thorn, pastor of Calvary

Baptist Church of Lubbock. The bride-elect is a graduate of Tom S. Lubbock High School and is attending Texas Tech as a freshman student. She is also employed at Hester's Office Machines in Lubbock. Bragg, a former Friona resident and nephew of Mrs. Fred White, Clyde Goodwine and Lola Goodwine, is a graduate of Brownfield High School and is a senior at Tech.

Of Interest To THE WOMEN

THURSDAY, MAY 19, 1960 THE FRIONA STAR SECTION II

Woman's Club Has Program On Fine Arts

Presentations in two phases of fine arts made up the program for last Wednesday's meeting of Friona Woman's Club.

Participants included Mrs. C. C. Mauer who discussed the life, art, and philosophy of Grandma Moses and gave an illustrated lecture on Indian folklore; Mrs. L. F. Lillard and granddaughter, Nan Lillard, who gave several piano selections; and Mrs. Roy Slagle who

told of the volcano "Pele, Awake Again."

"Music hath charms to sooth the savage beast," a quotation from James Bramston, was the thought for the day and 18 members answered roll call with a favorite composer or selection.

Mrs. Floyd Schlenker, president, was in charge of the meeting in Friona Clubhouse. Next meeting will be May 25.

ACCOMPANIST AND TEACHER-

Mrs. Eva Miller, at the piano, accompanied Gerald Daniel as he presented his senior voice recital. She has been his instructor for several years.

Engagement, Wedding, Recital Highlight Social Events

Home Wedding Ceremony Unites Alice Gordon And Jimmy Dale Laux

Mr. and Mrs. Jimmy Dale Laux are living at 1507 W. Avenue B in Muleshoe following their recent wedding.

Mrs. Laux is the former Miss Alice Gordon, daughter of Mr. and Mrs. Bert Gordon of Route 3, Muleshoe and Mr. and Mrs. Leo Laux of Muleshoe are parents of the bridegroom.

Rev. Bill Curry, pastor of Lazbuddie Baptist Church, performed the April 15 ceremony in the Gordon home. Vows were exchanged before an arrangement of greenery, pink carnations and candelabra holding pink tapers.

Mrs. John Agee played traditional wedding music and Jim Gordon, brother of the bride, sang "Whither Thou Goest" and "The Lord's Prayer."

Mrs. Jim Gordon was her sister-in-law's matron of honor and Billy Ray Keeney of Lawton, Okla., attended the bridegroom. Richard Gordon, brother of the bride, was the candlelighter.

The bride wore a street-length dress of white cotton. Edged in white lace, the neckline was straight in front and dipped to a deep V in the back. The skirt featured tiny pleats at the waist and a wide

edging of scalloped lace at the hemline. Complementing her ensemble was an elbow-length veil attached to a tiara borrowed from Mrs. Ronnie Briggs of Muleshoe. Her bouquet was of cymbidium orchids surrounded by stephanotis.

To carry out wedding tradition the bride used a blue garter given her by Mrs. Ralph Cox of Lazbuddie, her borrowed veil, her new dress, and a wedding band which belonged to the bridegroom's grandmother.

For her daughter's wedding Mrs. Gordon wore a beige dress with beige accessories and Mrs. Laux chose a blue dress and accessories. Both wore cymbidium orchids.

A reception was also in the Gordon home. Guests were registered by Mrs. Briggs and she and Mrs. Jim Gordon served pink punch and wedding cake. Out-of-town guests were from Lawton, Okla., Amherst, Midland, Seagraves, and Muleshoe.

Mrs. Laux will be graduated from Friona High School May 26 after attending Muleshoe High School the past semester. Her husband, a graduate of Muleshoe High School, is associated with his father in business in Muleshoe.

MR. AND MRS. JIMMY DALE LAUX

Piano Recital Set Friday Evening

Maurine Dunn's piano students will be presented in a recital at 8 p.m. Friday at the First Baptist Church. All parents, friends and others interested in music are invited by Mrs. Dunn to attend the recital.

Participating in the program will be Tinker Dunn, Bill Buchanan, Charles Short, Gay Singletary, Marie Short, Joan Gail Brookfield, Mary Lynn Short and Terri Sue Cummings;

Also Don Hoover, Karene Milner, Karyl Williams, Sandra Hoover, Jeanne Taylor, Roscoe Parr, Cordelia Parr Lavoyce Burrow, Carol Ray and Brenda Deaton.

Friona Antique Club Meets In Sylvester Home

Mr. and Mrs. Muri Sylvester were hosts at the Monday evening meeting of the Friona Antique Club. Nineteen members and four guests were present.

Mrs. Raymond Adams and Mrs. Dick Habbings came dressed as ladies of half a century ago. They wore long dresses with high collars and ostrich plumed hats.

During a brief business session plans were made to continue work on the club's 1897 horse drawn hearse in an effort to restore it to its original condition.

This was followed by a conducted tour of the Sylvester home and viewing the couple's collection of antique furniture throughout the house and workshop. Many of the pieces in the collection have been restored by Mr. and Mrs. Sylvester.

Most of the club members agreed that the most imposing piece in the collection was a huge clock which stands from floor to ceiling. Other items attracting much interest were various pieces of marble topped furniture.

During the social hour refreshments of cake and coffee were served to Mr. and Mrs. Winburn Hardage, Celia Faye and Susan Gaye Vestal, Mr. and Mrs. Raymond Adams, Mr. and Mrs. Tommie Jones, Mr. and Mrs. Jackie Looper and George Looper;

Also Mr. and Mrs. C. L. Vestal Jr., Mr. and Mrs. O. C. Jones, Mr. and Mrs. Dick Habbings, Mr. and Mrs. Bill Flippin, Jim Guinn and Allen Guinn.

The next meeting will be in the home of Mr. and Mrs. Raymond Adams June 20.

TREBELAIRES APPEAR WITH DANIEL--Appearing with Daniel in his recital were these members of the Trebelaires. They are Karen Turner, Jere Buske, Suzanne Taylor, Jimette McLean, Judy Taylor, Nelda Douglas, Donna Blackburn, Judy Smith, Kitty Black, Carolyn Wines, Janet Smith, Pat Foster and Jacquelyn Magness.

THE HIGH PLAINS FARM AND HOME

Farm Tempo Speeds Up As Weather Warms

Farm activity is increasing rapidly in the Farmer County area, as warming weather urges farmers to get things underway for another big crop year.

Virtually all of the county's cotton has been "planted"—that is for the first time, anyway. A large part of it will probably be re-sown, though, in favor of a better stand. Replanting cotton on the High Plains is part of the game.

Some varieties of long-maturing grain sorghum are going into the ground, which has warmed nicely with the dry, sunny weather. Conditions for planting are good, except that they are a trifle dry.

The biggest part of the grain sorghum crop will be sown in the next few weeks. Farmers take advantage of staggered planting dates so that they can water different parts of their fields at different times.

On the wheat scene, County Agent Joe Jones reports that the county's 20,000 acres of dryland wheat "looks pretty

rough." That is a small part of the Farmer County crop (80,000 acres are irrigated), but it is significant in that it does show how prospects that were excellent a little earlier

with the winter moisture have deteriorated rapidly.

On the whole, spring rains have been mighty shy for this part of the High Plains.

The big irrigated wheat crop continues to look excellent—reflecting the difference that irrigation water and fertilizer can make in a year such as this, when properly used.

Sesame Planting Right On Schedule

It's planting time for Texas, New Mexico and Oklahoma sesame farmers, and the tractor planters of some growers have started putting seed in the ground for the 1960 commercial sesame crop. For some farmers, this will be the eighth successive year to grow this dependable cash crop which has established its place in the Southwestern agricultural economy.

Prospects for the 1960 crop are the best in several years as a result of the increasing

demand for a wide list of new sesame products in the United States.

"It's going to take more sesame to supply the demand in 1960 and we look for better prices to the growers," Robert L. Parker, executive vice president of Texas Sesame Growers, Inc., reports.

Texas Sesame Growers, Inc., the growers' marketing organization with headquarters in Paris, forecasts that Texas farmers will increase their sesame acreage enough this

year to produce about 10 million pounds of commercial seed, or about one-third more than the seven and one-half million pound crop harvested in 1959.

More than 80 per cent of this total production is expected to be grown on the irrigated land on the High Plains of Texas and New Mexico.

With the market for sesame seed expanding, Parker said there is room this year for some new growers in the commercial sesame producing areas. The price for No. 1 quality seed has already started moving up, and the prices this fall are expected to average about 1/2 cent per pound more than the 1959 price of 9 1/3 cents per pound received by growers for their No. 1 quality seed.

Parker pointed out that one important factor in maintaining a market for sesame has been the willingness of sesame growers consistently to tailor the size of their production to the available demand.

The semi-shattering sesame varieties, Margo and Blanco, have proved to be the highest yielding and the best adapted varieties for our farmers, Parker reported. Margo and Blanco also have the characteristics most favored by sesame seed processors and users.

Plant breeders continue to improve the new combine varieties, and commercial production can be expected from them when some of their knotty problems have been worked out.

Parker said experience indicates the best planting time for sesame of all varieties is from now to June 15.

Undertake not what you cannot perform; but be careful to keep your promise.—George Washington.

The Earth is the Lord's...

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL * OUR STRENGTH

Beginning next Sunday, May 22, and extending through May 29, the nation will observe Soil Stewardship Week. The soil conservation districts throughout the nation hope that something may be done or said to help people realize that all have responsibilities of stewardship to the soil.

Where there has been a growing sense of responsibility for good stewardship of the soil in the United States there has been a dramatic effect on communities throughout the nation.

Where farmers have changed from poor stewards to good stewards of the land, they are providing many of the things their families need to make stronger bodies, stronger minds and stronger hearts. There has been enough left over for new homes and new

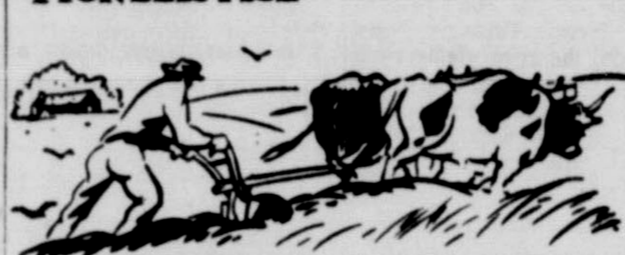

farm buildings equipped with all the modern conveniences. Manufacturers of farm equipment recently found through economic studies that farmers who follow sound soil and water conservation methods have increased their production.

These farmers are better customers for modern labor saving machines. They are good customers for the goods and services offered in the towns and cities. They are able to pay their fair share of the taxes needed for schools, paved highways and for the security of the nation.

In the past, people in cities were prone to believe their future was independent upon the expansion of industry and commerce. Today there is growing evidence that city and county folks are both dependent upon wise management of the soil, industry and labor.

The film, "The Earth is the Lord's" is available free of charge to anyone who would like to use it. You may contact any one of the supervisors of the Farmer County Soil Conservation District.

More Acreage In Reserve In 1960

New acreage placed in the Conservation Reserve of the Soil Bank in 1960 has surpassed the announced acreage goal for the program by more than one million acres.

The larger acreage accepted for contracts is chiefly the result of two factors: conservation practices are being established more economically than in the past, and per-acre annual payment rates under 1960 contracts are lower than anticipated.

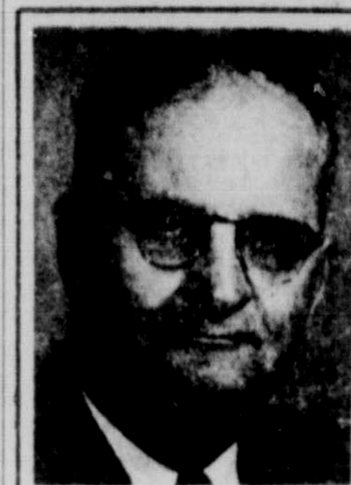

Approximately 80 per cent of the farmers placing new land in the program for 1960 elected to come in on a "whole farm" basis, that is, to place all their eligible cropland under contract. This is of maximum effectiveness in checking surplus production, since the entire farm is withdrawn from crops and usually from livestock production as well.

Under a whole farm contract, the family may continue to live on the farm, and recent field studies indicate that most of them are doing so. In some instances farmers who would have sold and moved off their farms are retiring and continuing to live on them. Some who have shifted to non-farm work and are continuing to live on their farms said they would have moved to towns or cities if they had not had the opportunity to obtain a reasonable return from their farm property.

Participation in the program will be particularly heavy in the wheat-producing areas. The five leading states in new acreage, accounting for more than a third of the total, are Texas, Kansas, North Dakota,

Oklahoma, and South Dakota. Under the Conservation Reserve Program farmers voluntarily sign contracts with the government to retire cropland from production and devote it to conservation uses, such as grass and tree cover and wildlife shelter. The contracts provide that the government will make an annual rental payment to the contract signer and will assist in establishing the conservation use on the land.

Contracts may be for three to 10 years, depending upon the conservation use to be established and the wishes of the farmer.

Mixed-Quality Cotton Bale Losses Can Be Reduced

Well in advance of the beginning of another ginning season, it might be well for Texas cotton growers to consider and remember the results of a recent study on money losses resulting from mixed-quality cotton bales.

The study was made by the Agricultural Marketing Service of the U. S. Department of Agriculture, and showed that in a single season cotton farmers lost an estimated \$2,400,000 because of mixed quality bales.

The AMS found the situation basically to be this: When cotton is sampled for grading, a small amount of lint is taken from each side of the bale, and both parts are classed. If the quality is different on the two sides, the farmer is paid on the basis of the lower quality—even though most of the bale may be higher.

Cotton shippers also lost money in payments to warehousemen for special handling of the mixed bales. Some warehouses reopened the bales, re-sampled, and rebaled them with the low-quality lint removed. Usually, the benefits were not enough to defray the costs.

The AMS reported that most frequently it is the ginners who get the blame for mixed bales because they often combine cotton from two different growers, but the study showed actually that it is the farmer who is most often responsible. It was found that 61 per cent of the mixed-quality bales was brought to the gins as mixed seed cotton, with only 39 per cent being mixed by the gins.

The problem of mixed-quality cotton, of course, can never be entirely eliminated because it is impossible for farmers always to bring in loads with the same quality of cotton certain differences, and cotton from two different fields may have to be combined to make up a load.

However, the AMS made two principal suggestions: First, farmers can be more careful

to reduce mixing cotton of different qualities, and, second, ginners in starting a new bale should see to it that their presses are not turned before all of the cotton from one farmer's load has been baled.

During one recent season, it was estimated that nearly half a million bales of cotton

were of mixed quality. About 70 per cent of these came from Texas, Oklahoma and Arkansas, where only 37 per cent of the year's production was ginned. All other states showed considerably less than the national average of mixed-quality bales, which amounted to only 3.4 per cent of total ginnings.

WHICH SHALL IT BE ?

MORE ACRES TO THE BITE OR --

-- MORE BITES TO THE ACRE ?

Plant 16 Varieties In Tests

Sixteen varieties of corn were planted on April 21 in the 1960 corn variety test at the High Plains Research Foundation, Dr. E. H. Collister, chief agronomist, stated. Both white and yellow selections were included in the test.

This is the fourth year that corn variety tests have been conducted at the Halfway Research Farm. Each year the number of varieties has been reduced through the elimination of those found to be unsuitable for the area. As many as 147 different varieties have been tested in one year.

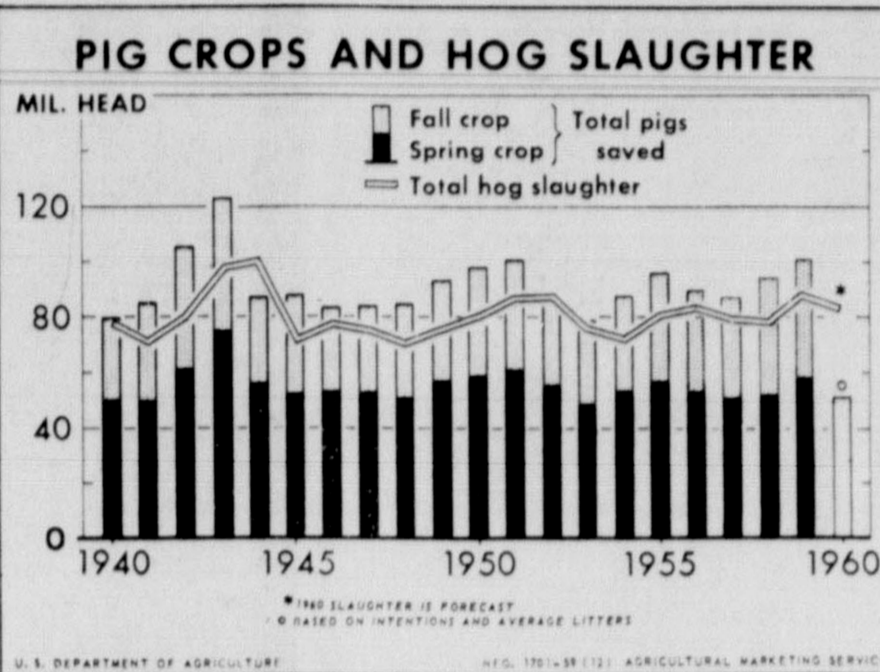

The date of planting experiment on corn is also being continued. Early, mid-season, and late maturing varieties include two yellow and one white.

In previous tests on both white and yellow corn, the late April and early May planting resulted in higher yields than corn planted at later dates. Mid-September harvest of the early planted corn has resulted in decreasing the loss from lodging (falling down) caused by the ravages of the Southwestern corn borer. Through these methods, the corn yields have been higher and labor cost lower than in later planted corn. These same varieties will be planted at three later dates to continue the study.

Cotton Quiz

"Performance of Sorghum Hybrids and Varieties," a new Texas Agricultural Experiment Station Progress Report, gives results of 25 grain sorghum tests during 1957-59 in Central Texas. Hybrids produced average yields of 16 to 39 per cent above the varieties commonly planted in the area. RS 610 and AMAR R-12 were the top yielders. Copies of the report, Progress Report 2121, are available from the Agricultural Information Office, College Station, Texas.

Hog production is turning downward. The 1959 fall crop was up only 2 per cent and an 11 per cent reduction is in prospect for the 1960 spring crop. Hog slaughter will drop below year-earlier levels sometime this spring and will continue below during the rest of the year. Pork supplies per person will be smaller in 1960 than 1959 but the reductions will be about offset by larger supplies of beef. Hog prices during the last half of 1960 will be above a year earlier and for the year will probably average a little higher than in 1959.—Agricultural Marketing Service, USDA.

Good Records Needed By Today's Ag Producers

Profitable farm and ranch operations are developed through alert, aggressive management. Adequate business records are an essential part of that management, points out C. H. Bates, extension farm management specialist.

Business records can serve as the compass for charting the course but constant review and analysis are needed to make them more effective. Over-all record keeping is fine, says Bates, but enterprise records really show where the profits and losses are originating and why.

In most cases, points out

the specialist, the over-all farm or ranch business is made up of several segments or enterprises. A complete summary of the business usually does not reveal the relative profitability of the different enterprises or parts of the whole business. Enterprise records call for a bit more understanding of accounting since they involve some additional breakdown of cash account items.

Work now underway by the extension farm management specialists and field personnel is aimed at assisting a limited number of farm and ranch operators with enterprise re-

records in each county. As resources permit, this work will be expanded, according to Bates.

He adds that farmers and ranchmen, like other businessmen, must use every available means to maintain satisfactory returns on their investment, labor and managerial ability. If enterprise records will improve the efficiency of the business, and Bates believes they will, then they will, then they should be kept.

He says that local county extension agents can supply additional information on enterprise record keeping and assistance if it is desired.

But your iniquities have separated between you and your God, and your sins have hid His face from you.—(Isaiah 59:2)

It is our own willfulness, selfishness, weakness, that keep us from living and being fully in God's love. His perfect good. Yet His mercy forgives and accepts the truly repentant heart.

Why are some farm groups opposed to high support prices for cotton farmers??? It's explained often enough but there still seems lots of misconceptions. Many producers think it's enemies of cotton that want to see the price props reduced. Actually it's the friends of the cotton farmers... men who want to see cotton prosper and new markets develop... here's what's happened: price supports for cotton have reached the point where outside growers sell cheaper than U. S. grown cotton in foreign markets and where items of man-made fibers (or items using some man-made fibers) can be sold to consumers cheaper than cotton items... this has lost markets for cotton abroad and at home and surpluses have mounted not from over production but from under consumption... under consumption caused in large part by the high support prices... all of this was predicted many years ago... we know of a cotton merchant who back in the '30's spelled out most of the problems that face U. S. cotton today... it's all caused by trying to ignore the law of supply and demand... we feel that the farmer is due some protection as long as other segments of the economy have protection... but if this protection continues in the form of price supports that are far above the world market value of the product, cotton will remain enmeshed in an unsound economic program. FARM CASH UP. Farmers are receiving about two per cent more income from livestock and crop sales this year than during like period last year... despite predictions that at the end of 1959 the farmer will be in worse shape than at the end of 1958. RULES TIGHTENED. Soil bank rules now prevent state-owned lands from being put into the soil bank... this may stop some renting of land from the state at 25¢ per acre and putting it into the soil bank for \$8 an acre... wonder if you can still put the unused

part of a cemetery in the bank... some town did that, you know!! HOW BIG???

Ever wonder how big a farm is??? unless it's 10 acres or produces at least \$250 worth of agricultural products, it's not a farm... that is the standard the Bureau of Census will use next fall... time was when three acres made a farm.

POISON PAYS. Recent study on control of weevils show that in the controlled areas enough extra cotton was grown to pay the cost of controlling the weevils several times.

STUDY GROUP. Committee made up of members from seven major cotton exporting countries will present its recommendations for averting a cotton price war to the Cotton Exporting Countries' Study Group within next two or three months... the study group is made up of members from 12 nations.

WEEVILS. A boll weevil lays an average of about 81 eggs... but sometimes she may lay 450... she only needs to be five days old to start laying... incidentally there are more male weevils than female... just thought you would like to know!!

ORDERS UP. Cotton mills had more firm orders on June 1 than at any time since early 1951... also the spinners were getting higher prices... "Mill margin" was at highest point since late 1956.

4-H Campaigns For Traffic Safety

Safety knows no party—everyone's platform calls for improving the nation's highway traffic record.

Leaders in the campaign include the eight national winners of \$400 General Motors scholarships for outstanding 4-H farm, home and highway safety activities.

Urging the unanimous election of Mr. Traffic Safety in every community throughout the country, the 4-H safety specialists recently told newsmen in Chicago that "a vote for safety is a vote for a longer and better life for all of us."

The national winners and all state safety winners received all-expense trips to the 4-H Club Congress from General Motors in recognition of their house-to-house, bell-ringing efforts to have Mr. Safety represent everyone.

Typical of the group is Caroline Ware, 16-year-old national winner from Benevolence, Georgia, who received a commendation letter from her town's mayor for her safety efforts.

"With all the nation's youth—especially the 2,250,000 4-H members—waving banners, making speeches, parading and campaigning for a safer America, we hope Mr. Safety gets everyone's vote every day of the year," she said.

General Motors is in its 16th year of sponsoring awards in the 4-H safety program which is conducted by the Extension Service of state agriculture colleges and the United States Department of Agriculture. More than 900,000 4-H members participate annually in the safety program.

Other national winners include: Theresa Criscio, 17, West Springfield, Massachusetts; Patricia Kallio, 18, Chisholm, Minnesota; Lawrence Klepetko, 17, Golden, Colorado; Carol Rae Larson, 16, Lusk, Wyoming; Raylene Scott, 17, Rozel, Kansas; Wesley Spear, 19, Oakes, North Dakota, and Ronald Ulom, 18, Valier, Montana.

Their recommendation to all voters: GO SAFETY—VOTE FOR SAFETY IN '60!

Boys and girls, wearing the green and white of 4-H from every section of Texas, will assemble at Texas A & M College on June 7 for their annual statewide 4-H Roundup. The big day will be the 8th when winners will be determined in 25 statewide judging and demonstration contests.

Extension Service, will welcome the expected 1,300 delegates and others to A & M on behalf of the organization responsible for 4-H club work in the state. After the brief program, each delegate will participate in an activity of his or her choice. The contests will get underway--some by 8 a.m.--the following day and winners will be announced during the afternoon.

Flowers to brighten family meals, and add an extra touch of hospitality to your home every day. Flower arranging is fascinating, simple and it is fun, says A. F. DeWorth, head, Department of Floriculture and Landscape Architecture of Texas A & M College System.

Cotton Being Tested

Nineteen varieties of cotton were planted on April 25 at the High Plains Research Foundation. This research project is a continuation of the search conducted since the Foundation was organized in 1957 for varieties that give the best returns.

HOT WEATHER VERSUS OVERWEIGHT. Those extra pounds may add up to added discomfort during the hot weather months ahead. Some careful planning now plus lots of will power will lighten the load a bit. There is no safe way to get rid of excess weight overnight. Extension foods and nutrition specialists of Texas A & M College System remind us there are some important factors to consider in starting a weight reducing campaign.

to the individual. A good breakfast is always important, even in a reducing diet. Each day's food intake should include two to three cups of milk (may be skim milk), one or more servings of meat, fish or poultry, one egg (or at least four or five a week), two servings of vegetables (one dark green or yellow), two or three servings of fruit including one citrus, at least one tablespoon of butter and two or three servings of bread or cereal. If you're really concerned about losing weight, get a calorie chart and start counting your calories. Remember that you can reduce the number of calories amazingly by omitting rich desserts--like pies, cake and doughnuts.

THANK YOU. I wish to express my deep appreciation to many friends throughout Lamb, Bailey, Castro, Parmer and Deaf Smith counties for their votes and support in the primary election May 7. I will greatly appreciate your support and vote in the runoff election, Saturday, June 4. I urge each and every voter to exercise their rights by voting on June 4.

Clarence L. Hamilton Candidate For State Representative, 96th District.

WITH THE COUNTY AGENT

JOE JONES

Narrow row seeding of grain sorghum is becoming more popular each year. Here are some things research stations and farmers who have tried narrow row seeding have to say about it. 1. Keep the seeding rate per acre the same as if you were planting in the regular 38 or 40 inch row. 2. Narrow row seeding at the same seeding rate per acre gives better plant spacing and better utilizes plant food and water. 3. When increased seeding rates are used these advantages may be off set and yields actually decreased. Here is a guide to go by in figuring seed per acre. When seeding 8# average sized grain sorghum seed per acre in a 40 inch row you put down 1 seed per inch and of course where you put two rows per 40 inches the 8# rate would give a seed every 2 inches in each drill row. Remember seed should be treated for both diseases and for soil insect control.

The use of check plots when applying fertilizers is always a good idea. It helps you determine the most economical fertilizer program to follow if the check plots are harvested and weighed separately. Farmers who plan to apply phosphate should by all means leave a few rows that do not have phosphate but are treated the same in all other respects. Different rates of phosphate and nitrogen can also be checked this way. Several farmers have already told me they are following the check plot method this year so they will be able to determine the value of phosphate applied to grain sorghum on their farm.

The demonstration plots on wheat comparing wheat with nitrogen and phosphate as compared to nitrogen alone appear to be showing the value of phosphate in most instances. Those of you who would like to see for yourself can find a check plot on Walter Kaltwasser's place 6 miles east of Farwell on the Oklahoma Lane road. Walter's wheat comes out to the farm to market road and the check plot has a sign marking it.

You can also see a check plot on Cecil Winegeart's place which is 1/4 mile east, 1 mile north, and about 1/2 mile east of Walter's check plot. You can go along the north end of Cecil's and through the middle of the section and see it from both ends. Cecil's is not marked at present but it is easy to see especially through the middle of his place from the south end. Several other farmers have check plots but these are easier to get to and see. Also on highway 60 just after you cross the draw going from Farwell to Bovina you will find a research plot on J. D. Kirkpatrick's place. This plot is marked and has several different rates of phosphate, nitrogen, and potash applied to small plots. These plots will all be harvested and weighed separate to determine the actual difference in yield.

To date there are insufficient signatures and cattle numbers represented on the petitions for Parmer County to be included in the type-II Brucellosis control area. It requires signatures of 75% of the people rendering cattle for taxes and must represent 51% of the cattle rendered. Those interested in Parmer County being included in this program should sign the petition at your earliest convenience. The following men have petitions that you can sign if you like, Frank Hinkson, Lazbuddie, John Gammon, Lazbuddie, W. H. Long, Friona, Pete Buske, Friona, Bruce Parr, Black, Jack McCracken, Bovina, and Lee Thompson in the Tax Assessor Collector Office.

THE BEST SECURITY IS SOIL SECURITY

Travelers returning from foreign countries are advised by the U. S. Department of Agriculture not to attempt to bring into the United States plants, bulbs, fruits, meats, or any of a wide assortment of other prohibited agricultural products. Imports of agricultural products are regulated to prevent possible introduction into this country of destructive disease-producing agents and insect pests.

Summer temporary pastures are valuable for several reasons. Probably the most im-

portant is they offer one of the most dependable sources of summer grazing, and with proper management will provide a large volume of grazing permitting permanent pastures to be rested. Geo. McBee, extension pasture specialist, suggests that the local county agent be contacted for more information on summer pastures.

Feed concentrate supplies have increased sharply in the past 2 years following a more moderate increase during the period 1952-56. High yields per acre, especially in 1957 and 1958, have been a major influence in the increase in production and stocks. This year per acre yields of each of the four feed grains set new records. The big 1958 feed grain crop is expected to result in an increase of around 25 per cent in carryover stocks from the beginning to the close of the 1958-59 marketing year, the sharpest yearly increase since 1918-19.—The Feed Situation.

Total supplies of wheat for the year beginning July 1, 1958 are estimated at 2,340 million bushels, 14 per cent above the previous record of 1956-57. Supplies consist of the carryover of 881 million bushels, production of 1,449 million and an allowance for imports of about 10 million bushels. The 1958 crop is an all-time record and results from record high yields.

Domestic disappearance in 1958-59 is estimated at about 610 million bushels, not greatly different from recent years. Exports may total about 430 million bushels compared with 402 million in 1957-58.

The carryover of wheat at the end of the 1958-59 marketing year may be about 1,300 million bushels, about 420 million above July 1, 1958 and the largest in our history. A further increase may occur in 1959-60 since yields at the average of recent years would result in the production of more wheat than would be used in this country and exported.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

The Poage farm bill, according to Washington Correspondent Glen Martz, has not a single sponsor east of the Mississippi or south of the Mason-Dixon line.

Farm Bureau, in every state, opposes this same bill which would make the farmer's income dependent directly upon the whims of Congress each year, with very little if any initiative for the individual to better himself.

It seems that the American citizen hasn't much choice in the list of presidential candidates. It is very difficult to determine differences in their attitudes on Federal Aid to Education, Socialized Medicine, the Loyalty Oath for college students using federal funds for their education, or the Connally Amendment that retains the right of the United States to determine whether cases concerning citizens of this country should come under

American or United Nations Court jurisdiction.

In regard to the latter, UN World Court, when it is known that there could be many years when not a single representative from the United States would sit on the court, it makes you shudder to think of having a case come before it.

We Americans have become accustomed to the rights guaranteed us by the Constitution to such an extent that it is hard to believe that a candidate for the presidency would advocate placing those rights in the hands of people who have never considered the rights of the individual citizen of much importance.

If there has ever been a time when Christian Americans needed to demonstrate the "faith of their fathers" in the God of Creation, we believe it is now. We need to claim the promise that He made to his people that "Prayer Changes Things" (and People).

Donald Christian, vice president, still expresses his appreciation to the majority of you members who send in your dues when statements are received. He also urges those who are not members to look and

decide if they would not like to become members, too.

CONSIDER THIS: Whose hatred is covered by deceit, his wickedness shall be showed before the whole congregation. Proverbs 26:26

The percentage of pigs vaccinated for hog cholera is not adequate to prevent widespread losses in the event of an epidemic, warns Dr. C. M. Patterson, extension veterinarian. There is no cure for cholera which is the most serious of all swine infections. Disease control depends upon prevention through vaccination, says Dr. Patterson.

Quebec is the only walled city in North America.

Seven Rural Accidents In County During April

Seven rural traffic accidents were investigated by the Highway Patrol service of the Texas Department of Public Safety in Parmer County during the month of April, according to Sergeant Roger W. Sosbee.

In making this announcement, the sergeant reported three property damages, three injuries, and one fatal accident. These wrecks caused a total property damage of \$5,030 with six persons injured and one

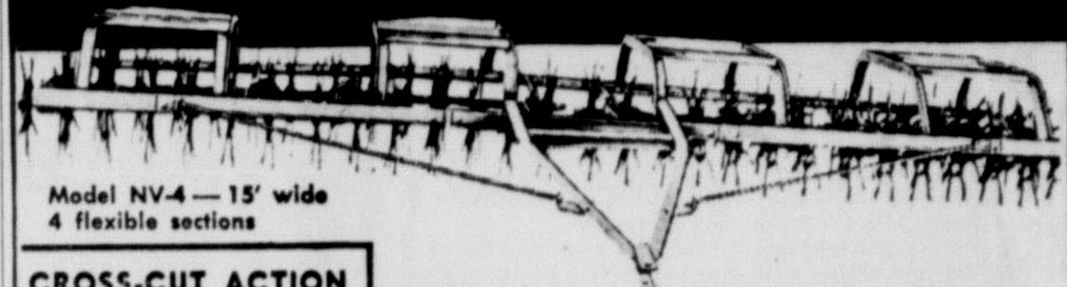

killed. This brings the total for the year in this county to three killed, 10 injured, and property damage of \$38,895.

"Every driver should remember that when he or she

takes a chance and violates a traffic law, they are also taking a chance with injury or death in a traffic accident for themselves, as well as the ones riding with them," says Sgt. Sosbee.

Faster, Cleaner Start for Your Crops with a WINPOWER ROTARY CULTIVATOR

Model NV-4 — 15' wide 4 flexible sections

CROSS-CUT ACTION KNOCKS OUT WEEDS

see the off-set, cross-cut tooth arrangement on the ring. That's the secret of better weeding and cultivation at high speeds. Note, too, the shape of each tooth that delivers the stroke directly on the point. Here is a cultivator that is engineered for better soil disturbance.

Better Cultivation Pays Off in Yields

The WINPOWER Rotary Cultivator is the best insurance toward a bigger safer harvest. The flexible sections, with off-set, cross-cut action knocks out weeds, breaks up crust and clods, and saves the moisture for growing crops.

End sections fold up. Coupling is adjustable for close turns. Hitches can be reversed for transport and crust breaking only. Construction is rugged, for years of trouble-free service.

Come in and see for yourself how this WINPOWER Rotary Cultivator will make money for you. It's the cultivating tool that gives your crops a faster, cleaner start to the biggest yields ever.

25 Years of Service to Rural Texans

The month of May marks the 25th anniversary of the greatest advancement in the history of rural America... electrification.

It took a century from the invention of the electric motor... and a half century from the invention of the incandescent lamp...

And when no one else would do it... rural people borrowed money and built their own electric systems. But the miracle was accomplished. Today the Electric Cooperatives are looking ahead to the next quarter century... staying ahead of the demand in rural areas... installing heavier lines and improved equipment to offer a steady, dependable, low cost electric service.

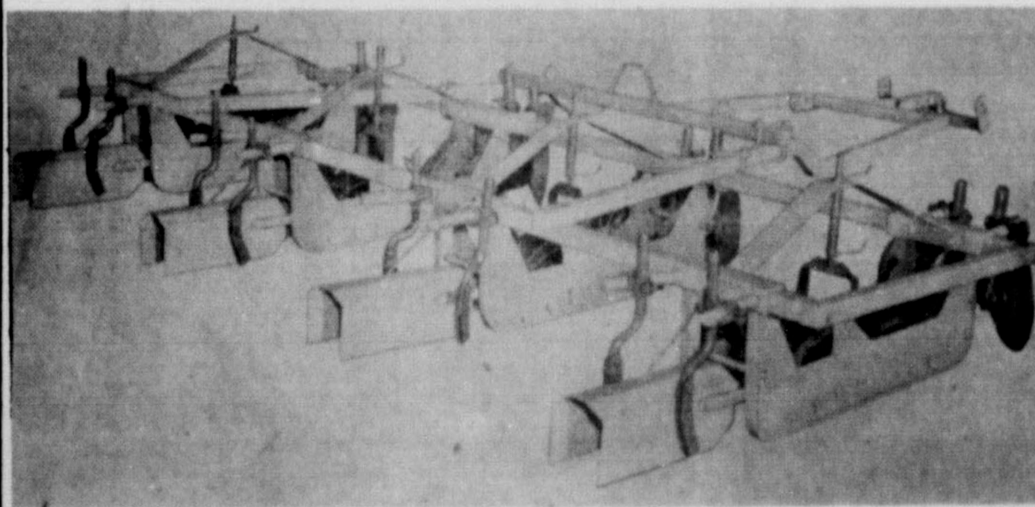

While they cannot look back... still in this Silver Jubilee year there is a prayer of Thanksgiving in the hearts of millions for the courage that struck a spark to burn the dark with the Light That Did Not Fail.

Youth 'Bails Out' To Avoid Capture

A 19-year-old youth, riding in a deputy's car on the way to a "quiz session" concerning a theft and attempted burglary in Farwell, jumped out of the vehicle and made an escape last Thursday night.

He was Guy Carter Jr., who was living in Farwell under the alias of Nick Cathey. Carter has already done time at Santa Fe for a New Mexico shooting.

He got back into touch with local law officials after Guy Ziegler, who lives near Farwell Wrecking Company in the east part of town, called Tom Atkins, deputy, to report a TV set missing from his mobile home.

Before this theft could be checked out, some other activities were taking place. Shorty Hughes of Hughes Auto stopped by his business for a moment on his way home from a volunteer fire department meeting. As he was unlocking the front door, he heard a commotion on the roof.

It turned out to be Carter, who was trying to break in the skylight over the cash register. Mrs. Bill Hubbell had seen the youth climb to the roof.

Hughes then called on Atkins (Sheriff Charles Lovelace was out of town attending a peace officers' meeting). Carter, seeing he was noticed, climbed from the roof and tried to hide in some weeds at the rear of

the business, but was picked up by Atkins. He had been drinking, and was telling a story possibly calculated to make officers think other persons were "after him."

As the deputy and his suspect were on their way back to the courthouse, Carter leapt out the door while the car was moving, and sped into the darkness. He could not be found, but his car, with the missing TV in it, was found.

A little later he turned up at a Farwell residence, had a lady telephone Ray Campbell, (who knew nothing of the difficulty he had been in), and asked Campbell to come pick him up. Carter had been working for the Farwell carpenter.

Campbell did, took the 19-year-old to Clovis, where he asked to be let out to make a telephone call. Carter then made himself scarce again and Campbell was unable to locate him. When he found out Carter was wanted for questioning, it was too late.

Carter's trail was traced to Lubbock and he was found to have visited an uncle there. His Lubbock kinfolks told Sheriff Lovelace they had him talked into turning himself in, but as they were driving across town, he jumped from their car and ran off. His wife still lives in Farwell.

A TRIBUTE TO MEMORIAL DAY

Across the nation men and women in all walks of life visit the graves of loved ones who sleep in eternal serenity. Silently they place wreaths of lovely living flowers on the resting places of their departed loved ones: trees are in blossom all around--and the world of work and worry seems far, far away. Let us all set aside this occasion for deep contemplation, and be genuinely grateful that we are here to carry on the great traditions of our blessed land. It's Memorial Day. Make it a point to do your personal "remembering."
