SUGAR RATION REGISTRATION DAYS FIRST WEEK IN MAY

All sugar sales in the United States will be halted at midnight April 27 for approximately one week, government officials have announced, after six days in April and May had been set for the nation-wide sugar rationing.

Ration books were received here recently and are now locked in a vault awaiting the registration dates and distribution to the consumers.

Officials have announced that sugar will go off the market on April 28 and will not be available to buyers until about May 5. This step, it is explained, was ordered in preparation for sales under the rationing plan, which will go into effect as soon as the moratorium on sales ends.

Dates have been fixed for national registration, involving every man, woman and child in the country. Individual or family consumers will register May 4, 5, 6, and 7 at public elementary schools, and wholesalers, retailers, bakers, confectioners and other industrial users will register April 28 and 29 at high schools. The weekly individual ration has not yet been set, officials have announced.

Complete details for the issuance of the ration books will be worked out in the near future by the Terrell county rationing board, in cooperation with school officials and teachers and complete instructions will be published at a later date. The teachers will have charge of registration and issuance of the books. One member of a family can register the entire household. He or she will fill out and sign an application giving the name, age and address of each applicant, and the amount of sugar on hand. Each person will receive a war ration book. It will contain 28 stamps. Each stamp represents a two-week sugar allotment. If the stamp is not used in the buying period, it will not be good thereafter.

The registrar will tear out of a book a sufficient number of stamps to cover the amount of sugar in excess of two pounds per person on hand at the time of the registration. Consumers will give stamps to storekeepers when purchases are made and the accumulated stamps, in turn when they replenish their supplies from the wholesales.

EX-SANDERSON RESIDENT ENTERS NAVY SERVICE

Printed below is a clipping taken from a Tucson newspaper and which was submitted to the Times for publication with the thought that it would be of interest to friends of the family.

The item follows: Julian Donald Collins, 18, seaman second class, son of Mr. and Mrs. Gus Collins, 140 West Lincoln, was recently graduated from the aviation machinist's mate school at the Naval Air Station, Alameda, Calif., and is awaiting transfer to the fleet, the navy revealed today.

Collins graduated from Tucson high school, and was formerly employed as auto mechanic by Lewis Keefe of Tucson. He has been attending the machinist's mate school at the air station for the last six months, after receiving preliminary training at "boot camp".

Mr. and Mrs. R. V. Hamilton and son and Mrs. E. W. Hardgrave left Monday for Lubbock where Mr. Hamilton was called because of the illness of his father. Mrs. Hardgrave will visit there with her son, Lee Hardgrave and family.

Mrs. W. A. Nunn left Wednesday for a few days visit in El Paso.

B. H. Gifford returned Tuesday from Kansas City, Mo., where he has been visiting with relatives.

OFFICERS NAMED TO HEAD ROTARY FOR COMING YEAR

At the regular meeting of the Sanderson Rotary Club Wednesday, C. P. Peavy was elected president for the ensuing year and will replace Johnnie Williams who will relinquish his seat to Mr. Peavy on June 1st.

Other officers named were R. V. Raney, vice president, who replaces Alfred E. Creigh Jr., and J. T. Dillard, secretary. The club has been without a secretary since the loss of Jack Duke who recently moved with his family to Del Rio. Mr. Dillard will fill his office at once, completing the term of Mr. Duke which would expire June 1st. Johnnie Williams, James Kerr and O. T. Sudduth were named as directors.

FBI Director Warns Registrants to Know About Draft Act

J. Edgar Hoover, director of the Federal Bureau of Investigation, urged all registrants to comply fully with all provisions of the Act. For the benefit of those who are not familiar with the requirements, he urged that the following precautions be observed:

- (1) Always keep your registration card with you.
- (2) When you receive your questionnaire, answer and return it promptly.
- (3) Report for examination and induction when so ordered.
- (4) Keep your local board informed at all times of your correct address.
- (5) Report immediately any change in your family status or occupation which might have a bearing on your classification.
- (6) Do not attempt to evade any provisions of the Selective Service Act or the official instructions of your board.
- (7) Do not aid or attempt to persuade any one to avoid compliance with the Selective Service Act.

Tuesday Club Meets With Mrs. Mary Lou Kellar

Mrs. Mary Lou Kellar entertained the Tuesday Bridge Club and guests Tuesday afternoon in her home. Assorted spring flowers decorated the rooms.

Mrs. D. M. Wells won high club, Mrs. John Harrison second high club, Mrs. R. D. Holt, high guest and Mrs. Jack Deaton, consolation prize.

Pecan pie and coffee were served by the hostess to Mesdames D. M. Wells, Hugh Rose, Austin Nance, J. S. Nance, John Harrison, Jack Deaton, members, Bodie Hunter, W. H. Savage, John Reininger, Steve Stumbers, Percy Gray, R. D. Holt, Tol Murrah, Walter Grigsby, P. E. Dishman and S. H. Underwood, guests. Mrs. Horace Fletcher was a tea guest.

CHURCH OF CHRIST MEETING CLOSED SUN.

The revival meeting at the Church of Christ was closed Sunday because of the illness of the father of R. V. Hamilton who was conducting the services.

The services were to be conducted by O. C. Lambert of Lake Charles, La., but upon his arrival he received a telegram telling of the serious illness of Mrs. Lambert. Mr. Hamilton then took charge of the meeting which had been scheduled for two weeks. Word of the illness of his father made it necessary to cancel the last week of services although interest had been good with three baptised during the first week.

Mr. and Mrs. Shannon Stapp of Pumpville, accompanied by two daughters, Mrs. Herman Chandler and Mrs. Harold Rahn, have returned from San Diego, Calif., where they visited with their son, Hugh Stapp, who is in the U. S. Marine Corps.

FUNERAL SERVICES FOR C. W. MARTIN HELD WEDNESDAY

Funeral services were held at the Cedar Grove Cemetery Wednesday afternoon at 4:00 o'clock for Charlie W. Martin, 65, who succumbed to a heart attack Tuesday in a Del Rio hospital.

Mr. Martin, who had been receiving medical care for several weeks, went to Del Rio Thursday of last week for a check-up and was informed that his condition was good. He had suffered from asthma for many years and had a severe spell Saturday as well as a sudden heart attack. He was returned to the hospital Sunday morning and had several more heart attacks before he succumbed Tuesday afternoon between 5 and 6 o'clock.

Mrs. Martin, who was with him, also had a slight heart attack Sunday and was put to bed by the doctors. Her condition is much improved although she will be confined to her bed for some time. She has been taken to the ranch home of her daughter, Mrs. Charlie Turk where she will visit for several weeks.

Funeral services were conducted by R. N. Allen and were under the direction of Oberkamp Funeral Directors.

Charlie William Martin was born in Bryan, Texas, December 23, 1876. In 1894 he moved with his parents to Batesville where on October 12, 1899, he was married to Miss Blanche Ross. In 1906 they moved to Sanderson and have lived here since that time with the exception of 8 years spent in Crystal City. He was a carpenter and contractor, following this line of endeavor until last year when he was appointed constable of precinct 1 and he was nightwatchman for Sanderson.

Survivors include Mrs. Martin, a son, Ross, of Oakland, Calif., and a daughter, Mrs. Charlie Turk of Sanderson. Mr. Martin caught a plane from Oakland to Del Rio and arrived before the death of his father.

Pallbearers were Wallace Henshaw, J. S. Nance, Willis Harrell, R. E. Corder, R. S. Wilkinson and J. M. Hayre.

Honorary pallbearers were Doc Turk, Carl Cochran, Hal J. Rowlett, Felix Harrell, C. P. Peavy, Bill Ferguson, Lewis Lemons, J. C. Happle, J. C. Turner, D. L. Duke, James Kerr, and Andy Anderson, all of Sanderson; Earl Sellers, Jack Sellers, Eddie Young, Olin Altizer, and Dr. Joe I. Sanders, Del Rio; and Arthur Halbert, Uvalde.

Members of the family from out of town who attended the funeral were Ross Martin, son, Oakland, Calif.; Marcy Martin, nephew, Austin; Mrs. C. F. Burlington, sister, and Mrs. Milton Smith, niece, both of Alpine; Jack Ross East, nephew, Albuquerque, N. M.; C. F. Burlington Jr., nephew, and Mrs. Burling of El Paso; Mr. and Mrs. Halbert, aunt and uncle of Mrs. Charlie Turk, and Mrs. Jim Burney, aunt of Mrs. Turk, all of Uvalde.

Out of town friends in attendance were Mr. and Mrs. R. E. Sellers, Jack Sellers and Mr. and Mrs. Olin Altizer, all of Del Rio.

Wednesday Club Entertained By Mrs. Steve Stumberg

Members and guests of the Wednesday Bridge club met Wednesday afternoon with Mrs. Steve Stumberg as hostess in the home of Mrs. Tol Murrah. Spring flowers were used in the decorations.

Mrs. Mary Lou Kellar won high score prize and Mrs. John Harrison received second high score prize.

Pie a la Mode and coffee were served to Mesdames Roy Bogusch, Max Bogusch, R. D. Holt, Tol Murrah, W. H. Savage, Web Townsend, John Reininger, R. S. Wilkinson, James Caroline, John Williams, J. R. Link, Mary Lou Kellar, John Harrison, D. M. Wells, Hugh Rose and P. E. Dishman.

Improvement of Highway 90 From Pecos Co. Line to 10 Mi. East Dryden to Cost \$980,000

Sanderson Scouts Have Active Program Planned

The Sanderson Boy Scout have been carrying out an active program and have many activities scheduled ahead, according to Scoutmaster Duane E. Smith. They have collected about 12,000 pounds of paper with the aid of local residents and have shipped 4,000 pounds of this paper to the San Antonio market. Jack Turner hauled the paper for the scouts for \$5.50, a rate far less than cost. The 4,000 pounds brought \$17.02 and after the \$5.50 was deducted a balance of \$11.52 was left. There are 8,000 pounds left at the Scout house and at the county warehouse which must be disposed of.

Scoutmaster Smith also stated that although announcement was made that no trash was wanted, many people persisted in donating it. This trash is simply burned by the Scouts as it is of absolutely no value and would only be wasted effort to bale it. He also stated that for the present no paper of any kind was wanted until the present supply on hand had been disposed with. He stated that announcement would be made when additional paper was wanted and that only magazines and print were wanted. In other words, magazines and newspapers which are not torn into trash bits are all that is saleable. The newspaper has been worth 40c per hundred pounds and the magazines 50c per hundred. These prices are down about a third at present due to response over the nation when the call for paper went out.

The Scouts have a Board of Review planned for May 4th and a Court of Honor scheduled for May 11, according to Mr. Smith.

In March the boys enjoyed two day hikes and two overnight hikes with an average of about 17 boys participating in each hike.

The entire group has been working well and Smith says he is well pleased with the advancement they are making. He invites the public to be in attendance at the Board of Review and the Court of Honor.

DAUGHTER BORN

Mr. and Mrs. Jess Mullins have announced the arrival of a baby daughter, Linda Deen, born April 9 at a hospital in San Antonio. The little lass weighed seven pounds and nine ounces at the time of her birth and both she and the mother are reported getting along fine.

VOLUNTEERS FOR SERVICE

Troy Druse and Bert Herbert accompanied Albert Weigand to San Antonio Saturday where he enlisted in the army and was stationed at Fort Sam Houston Monday. He is in the Ordnance Department. They were accompanied as far as Del Rio by Mrs. C. E. Clymer Jr. who visited with Mr. Clymer there until their return Monday.

Durrell Elrod left Friday for Durant, Okla., for a visit with his parents. He was to resume his duties at the Piggly-Wiggly grocery Wednesday, but he wired that his sister had undergone an operation and that he would remain a few days until her condition was improved.

H. T. Barger and Merit Finley of Marfa were joined in a weekend fishing trip on the Pecos by S. J. Lovell. Mr. Lovell reported one fish caught that weighed thirty pounds and nine others that weighed a total of fifty pounds, a total of eighty pounds of fish. Mr. Barger is a brother-in-law of Mr. Lovell.

ORDER NUMBERS FROM 3rd LOTTERY RELEASED BY BOARD

A complete list of Terrell County registrants, men between the ages of 20 and 44 inclusive, who registered in the third registration for Selective Service training March 16, with their order numbers was released this week by the Terrell County Draft Board.

The federal government has added the digits "10000" to each of the order numbers and persons should remember that only the last three digits of the order number should be considered when registrants of the third registration only are involved. For example: serial number T-176 would be order number 1, therefore the order number would be 10001; order number two would be 10002, etc.

The list of registrants with both serial and order numbers are printed on page four of this issue.

Close of School Programs Complete

The 1942 commencement exercises and closing of school programs of the Sanderson Schools have now been planned.

On May 2 is to be the annual Junior-Senior banquet. On May 8 is scheduled the annual Senior class play "Galloping Ghosts" Practice on this is now under way.

On Sunday evening May 17, the Rev. Taft Holloway, student in Hardin-Simmons University, Abilene, will deliver the Baccalaureate sermon in the high school auditorium. On Wednesday evening, May 20, the Ward School will present the musical programs and present certificates of promotion to pupils from the Seventh Grade.

On Thursday evening, May 21, the High School Commencement program will be presented with D. L. Duke as speaker. Friday, May 22 is the closing day of school.

MANUELA LOPEZ SUCCUMBS AFTER LONG ILLNESS

Manuela Lopez, 15-year old daughter of Roman Lopez, died Wednesday morning at 7 o'clock after an illness of three months.

Funeral services were held Thursday morning at 10 o'clock from the home of Ernesto Lopez. Interment was in the Santa Rita cemetery.

She is survived by her father, five brothers and two sisters.

PHOTOGRAPHER TO BE HERE MONDAY

M. K. Vahan, photographer from Fort Stockton, announces in this issue of the Times that he will be in Sanderson Monday of next week to take pictures of the senior class.

Mr. Vahan stated that others who were interested in photographs might contact him at the Times office Monday morning.

Mrs. Marvin Kelly returned Wednesday from San Antonio, where she was joined by J. D. Kelly, who accompanied her to Houston and Galveston for a visit of several days.

Ensign Robert Kerr returned Tuesday from Houston where he reported for duty with the United States Naval Reserve. He was met at San Antonio by his parents, Mr. and Mrs. James Kerr, with whom he returned to Sanderson. Wednesday he left for San Francisco, Calif., where he has been ordered for the present.

R. E. Killmer, district engineer with the State Highway Department with headquarters at Pecos, was in Sanderson Wednesday and announced that the War Department had approved an expenditure of approximately \$980,000.00 for the improvement of highway 90 in Terrell County.

Mr. Killmer was accompanied by George J. Kempen Jr. and A. W. Pope, resident engineers who will be stationed in Sanderson and will be in charge of the work. Mr. Kempen will be in charge of construction from Mofeta to 10 miles east of Dryden and Mr. Pope will be in charge of construction from Sanderson west to the county line. Mr. Killmer stated that as soon as work was well underway on these sections the gap between Mofeta and Sanderson would be taken care of, making a total of 43 miles of new road to be constructed.

This is a defense project and has been approved as such by the War Department, according to Mr. Killmer, who stated that it had been one of a number of projects submitted from this district in January that might be eligible for Federal money which had been tied up by order of the President to be expended only on projects approved by the War Department. Expense of the new construction will be paid equally from federal and state funds. The new work is allowed because highway 90 is the number one military highway across the state of Texas according to the War Department.

The entire construction is to be above the high water mark and will be a twenty foot asphalt surface on a caliche base. The present location of the right-of-way is to be followed as nearly as possible with the exception of straightening out the many curves and turns found on the present road. It was announced, however, that the grade separation project originally planned for the crossing four miles east of Sanderson would not be incorporated in this work because of the amount of critical material which would be necessary to construct the overpass.

Resident Engineer Pope will have his office at the courthouse while Resident Engineer Kempen will office in the Kerr building between the Community Public Service Company and the Empire Cleaners. They will be here the latter part of this week to start surveys and other preparations for beginning the work. Mr. Killmer stated that it was hoped that a contract for part of this work would be let within the next two months and that they hoped to complete the entire project within the period of a year.

Mrs. Richard Haley Honored With Shower Friday

Mrs. Jack Laughlin entertained members and guests of the Friday Bridge, April 10, at 3 o'clock with Mrs. Richard Haley as honoree.

On arrival of the guests, Mrs. Laughlin presented the honoree with a bassinet of dainty "pink and blue" gifts.

During the afternoon of bridge Mrs. R. D. Holt was winner of guest prize. High score went to Mrs. Orville Work, and second high to Mrs. Conway Pickard.

The hostess assisted by Mrs. Gerald Grigsby, served cherry nut sundaes and delicious mahogany cake to Mesdames Orville Work, Paul Collins, R. D. Holt, Jim Nance, S. H. Underwood, Richard Haley, Bill McElroy, P.P. Courtney, Walter Grigsby, Percy Gray, J. D. Weaver, and Conway Pickard.

O. H. McAdams went to San Antonio Friday where he met Mrs. McAdams who had been visiting in San Marcos with their daughter, Miss Edna Mae. They returned to Sanderson Saturday.

THE SANDERSON TIMES

It Happened in Sanderson TEN YEARS AGO This week—Remember?

April 15, 1932

Prospects are fairly bright for a good lamb crop through out Terrell County. Ranchmen are now busy marking up their lambs. In the northern part of the county there will be from 80 to 90 per cent lamb crop while in the southern part the percentage will not be so good.

Mrs. D. L. Duke and children spent the week-end in San Antonio.

Bobby Lea, who was operated upon in Del Rio the first part of last week for appendicitis, was able to be brought home and is now recuperating from the operation.

Work on U. S. Highway 90, State No. 3, which is now progressing nicely. The Dozier Construction Company of Austin has the contract for the work. In fact that part of the highway that is completed shows to be a fine piece of road work and two miles of the road is now open to travel.

Mrs. Carlton White and daughter, Janice, left last Friday for Houston to be with Mr. White who is there in the S. P. hospital.

WITH OUR NEIGHBORS

Ozona Stockman - Crockett County maintained its pace of buying War Savings Bonds far in excess of its 1942 quota during the month of March, according to reports gathered this week from the Ozona National Bank and the postoffice.

Fort Stockton Pioneer—With arrival Thursday morning of C. R. Wiberg, construction superintendent for the general building contractors on the new primary flying school, immediate action on the project was assured. Mr. Wiberg also expected to be joined here last night or this morning by Carl Harvey, purchasing agent for the general contractors; who have been awarded the general contract on a cost-plus basis by Defense Plant Corp.

FOR VICTORY BUY UNITED STATES DEFENSE BONDS AND STAMPS

of Claremont, Calif., is the firm holding general contract for the more than a score of buildings to be erected at the Pacific Air School Field 1 1/4 miles northwest of the Fort Stockton city limits.

Ozona Stockman—First payments for AAA range conservation work done by Crockett County ranch operators during 1941 were received here the first of this week, according to announcement by Miss Betty Bratcher, administrative officer of the local AAA office.

Checks for 65 operators in this county were received, representing a total of \$62,621.41 in payments from the government for the various types of improvement work.

Eagle Pass Guide—Almost as destructive and terrifying as a Jap aerial attack, Eagle Pass and surrounding area was subjected to six "bombardments" over a two-day period this week.

Ominous black clouds out of Mexico brought the city its worst series of hail storms in many years. Damage to onion and vegetable crops alone is estimated at a quarter of a million dollars.

Wink Bulletin—If favorable results are obtained by a committee appearing in Austin, tomorrow, Wink's uphill battle for construction of a major airport three miles west of the city, will have been won.

Government officials have promised immediate action and acceptability of Wink's sponsorship, as soon as arrangements are made for the land. Wink hopes to get this land tomorrow.

Monahans News—Ward County had one of the hardest hail storms of recent years Monday afternoon, when hailstones accompanied by high wind and torrential rain poured down for 20 minutes. Pyote suffered fairly heavy damage when large hailstones broke out window panes in the school and in many homes and beat holes in several roofs.

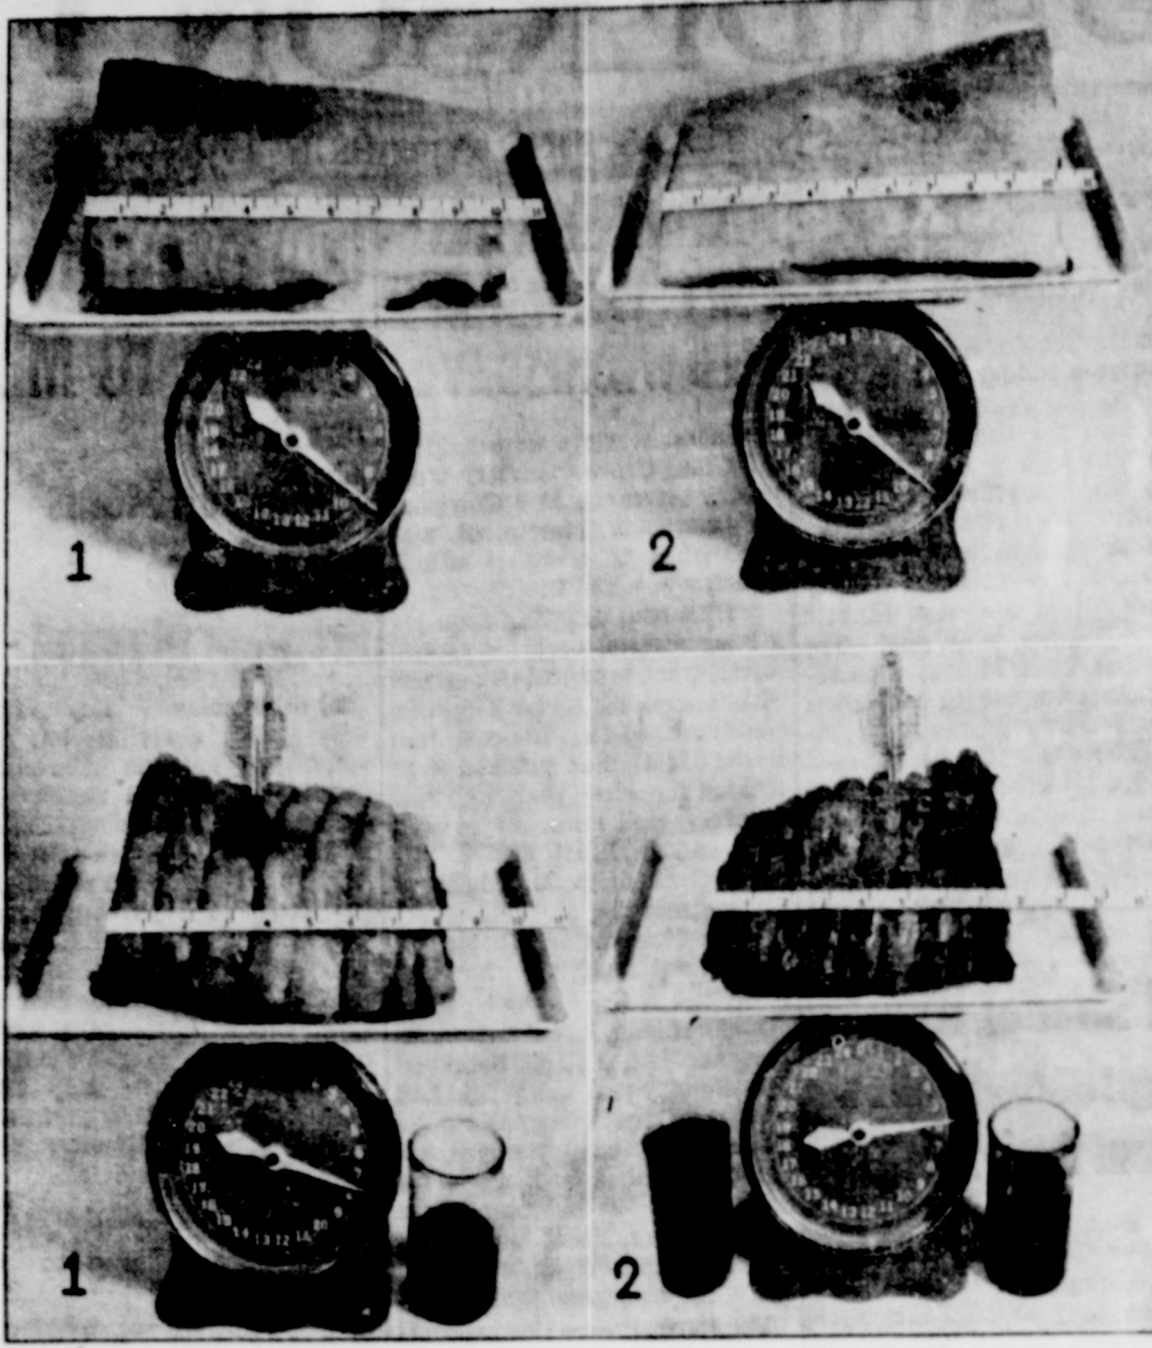

Hail piled up about a foot deep in many places in Pyote and did not melt away until Tuesday morning.

Texas Mohair Weekly, Rocksprings—Beneficial rains fell over a large portion of Edwards county last Saturday night and early Monday morning, and those sections lying west and north from the city recorded most excellent rainfall.

Livestock News, Sierra Blanca—W. E. Weathersby and Chas. Cummins shipped 1,000 head of Mexican steers out of Sierra Blanca to Oklahoma Sunday.

Big Bend Sentinel, Marfa—A net return of approximately \$300 is expected by Joe L. Matthews, county agent, as a result of the sale of forty-four tons of scrap metal which was shipped from here this week to Buckeye Foundry Co. of Cincinnati, Ohio.

LOW TEMPERATURE MADE THE DIFFERENCE

It pays to cook meat slowly. The pictures above show two standing rib roasts before and after cooking. The roasts weighed the same before they were cooked and were cooked to the same degree of doneness (medium). Oven temperatures made the difference. The roast on the left was cooked in a moderate (300° F.) oven. The roast on the right was cooked in a hot (500° F.) oven. The advantages of roasting meats in a moderate oven are (1) less shrinkage—more servings, (2) meat is juicier (note the larger amount of drippings from the roast cooked at the high oven temperature), (3) better flavored.

As I Was Saying

By Aynah Nemus

The picture show last Tuesday night concerning the wanderings of that tribe of Arabian Africans reminds me of the legend about the settlement of one of the West Texas towns. As the story is legendary, many of the noted historians doubt its authenticity, so I shall dispense with mentioning the name of the town, but it's a mere sixty miles from Sanderson.

Back in the early part of the nineteenth century, a group of explorers were traversing the wide and wild stretches of the great West. They had heard that there was a fabulous spring of pure, exhilarating sotoi water in a region of country just north of the Big Bend below the reaches of the now Davis Mountains.

After months of criss-cross traveling, they came upon a great forest of thick, impregnable mesquite trees and salt cedar. Believing that they had finally reached their destination, they began hewing and hacking their way through the intanglements.

With hard, sixteen-hour-day work, they managed in two weeks to penetrate two miles into the thickets. The trees were huge compared to the other West Texas chaparral they had seen before, and when they had reached this two-mile point, they stopped to rest. One of the more agile members clambered up a 200-foot mesquite to have a look-see that evening just before dusk, and he saw a sight that caused him much worry.

Right ahead of the party he saw the trees and shrubs waving wildly as though a huge monster were roaming there. He got down and told his fellow explorers, and they listened, for then they could hear the disturbance. Trees were crashing down and branches were threshing like cane in a sorghum mill. And the sound was coming nearer.

When they could tell that the thing would soon be to their clearing, they started backing away, and suddenly the monster broke into their view.

It was a wild Javalina boar, and as big as an elephant, and twice as ugly as an octopus. The leader, believing it his duty to

protect his party, stood in his tracks with a heavy hammer in his hands while the rest of the men scattered. The leader backed slowly until he stood against a six-foot-diameter mesquite, and the boar charged.

The leader stepped aside, and the hog rammed his tusk into the tree so that three feet of it protruded through the other side. Quickly the leader beat it with the hammer until the tusk was bent to the tree, pinning helplessly the Javalina.

Through the clearing the hog had made, the party soon reached the spring, but instead of sotoi water, they merely had discovered 60,000,000 gallons daily of pure, tasteless, colorless, odorless H2O. However, they figured to use the water some way and after a couple days rest they started back to fetch supplies. But their return was destined for some delay.

A stone's throw from the spring they came upon the boar. He was dead. But in his death struggle, he had pulled up the mesquite and while trying to loose it from his tusk, he had cleared all that dense chaparral for miles around, so that nothing but salt grass and grease

COOKING MEAT AT LOW OVEN HEAT MEANS SAVING

With much of the world depending upon America for food, it is of utmost importance that American housewives do their part by conserving and making the best use of every bit of food they buy. One important way of saving food and effecting a worthwhile economy in the home is to cook it properly. In meat cooking this means to use a low temperature, whether the meat is roasted, broiled, or cooked in water.

Just how much can be saved by roasting at a low temperature has been shown by actual tests in which identical cuts of beef were cooked at a high and medium temperatures. When

wood remained. The party gathered the uprooted mesquite and cedar and built a town there, and they took the bones of the dead hog and made a stockade fence around the town.

And that is why that in a certain part of the Trans-Pecos region today, the land is barren of trees except for a few mesquite and salt cedar growing in clumps around the spring. And travelers remark today, "This must be that Pecos County town we've heard about. No other place could be so barren."

one roast is cooked in a hot oven (500 degrees F) and the other to a same degree of doneness in a medium oven (300 degrees F) the amount of shrinkage in the first roast is considerably more than in the second. This loss is through evaporation as well as drippings. At the higher temperature, the drippings are darker and are more apt to burn, and the meat is dryer and less tender.

To make sure that none of your meat is sizzled away by too high a temperature, follow these recommendations of Inez S. Wilson, home economist.

Roasts of beef, veal, lamb, also smoked ham, should be cooked at an oven temperature of 300 degrees F.

Fresh pork should be roasted at 350 degrees F.

Braised meat (pot-roasts, Swiss steak, pork chops, casserole dishes) should be cooked at a low temperature after the initial browning. The liquid should simmer, not boil. They may be cooked in a slow oven, or on top of the range.

Meat cooked in water should never be boiled. The water should simmer.

In broiling meats, allow a sufficient distance between the source of heat and surface of the meat (usually about three

One Sailor to Another

Nickels and dimes from as well as large contributions from the Texas Navy Society fund toward the quota. Three-year-old Elmer, whose father serves in the navy on foreign shores, contributed to Yeoman Baker at headquarters.

inches) so that the meat half way through by the one side is brown. Turning is necessary.

AT THE PRINCESS

SWAMP WATER (Wednesday and Thursday)

Drear, dank, dark and dangerous are the Georgia Okefenokee swamps. And to these swamps went a man erroneously charged with murder. And they hid him as no other place could.

A party of men, searching for two hunters lost in the swamp, find the remains of what the alligators had left of them.

The party's dog gets lost, and his young master goes to find him, and he also finds the murderer.

That is the setting for the events that follow in a picture that smacks of Edgar Allan Poe, but it's a new story by a new writer. The picture was filmed in the swamps and has all its characteristics and gruesomeness.

Walter Brennan, Walter Huston, Dana Andrews, Anne Baxter and several other steadies do the acting.

LOUISIANA PURCHASE (Sunday and Monday)

The Senator won't yield, and Bob Hope's troubles in the show coming this week-end are enormous. It's a technicolor musical, with Bob Hope fun, Vera Zorina dancing, and Victor Moore stupidity.

A New England Senator has been instructed to investigate the activities of the 'mythical' New Orleans legislature, and they, fearing his investigation, attempt to shift the guilt to a dupe member, Bob Hope. He tries to dissuade the artful senator, Victor Moore, from con-

tinuing his work. The Bob Hope Senator looks almost succeed semi-but in each case the slips slyly out and goes away.

Vera Zorina and other lovelies dance through the picture in the most colorful costumes worn in pictures. The dazzling array of costumes probably more than seen in pictures. Vera wear a black lace costume one of her costumes in so the costume is not so the netting is its in the same pattern costume.

A technicolor version of Mardi Gras is a highlight of the show.

ELLERY QUEEN AND THE MURDER RING

Murder in a hospital, the lives causes suspense and as Ellery Queen and other almost impossible deciding who done it, assisted by Margaret, Charley Grapewin, Mims and others.

Two people are killed and others threatened before the ingenious Ellery comes the

The EAGLE NEWS

EDITED BY THE STUDENTS OF SANDERSON HIGH SCHOOL

JUNIORS ELECT COMMITTEES ON BANQUET PLANS

The junior class held a meeting to make plans for the annual junior-senior banquet on Wednesday afternoon of last week.

Committees were appointed as follows: Food, Marshall Cooke, Mickie Corder, Joe Ross Phillips, Janice White, and Betty Frazier; Finance, W. T. Frazier, James O'Connor, Mickie Corder, Janice White, and Kathryn Nell Nance; Invitations, Betty Frazier, Kathryn Nell Nance, Margaret Pierson, Margaret Ruth Yeates, Carmen Fuentes, Alma Gutierrez, and Wilma Lois Morefield; Decorations, Betty Frazier, Bill Cochran, Edward Kerr, Laura Oberling, Bill Stirman, Joe Bean, James House, Eldridge Murray; Program, Bill Davis, Curtis Litton, Janice White, Don Allen, Donald Smith, Betty Frazier, Mickie Corder and Kathryn Nell Nance.

The date for the banquet has been scheduled for May 3 and the committees have started plans.

SHS IDOL CHATTER

URGENT!! — BONNIE OBERLING needs a boyfriend. Will anyone donate to the cause?

THOUGHTS: This is a land where the girls are boisterous — and the boys are glibsterous.

SEE — SAWING AROUND THE CAMPUS!! JOE ROSS PHILLIPS and POLLY BELL (they have their ups and downs).

BRAINS AND BEAUTY: Meet BILLIE BABB—dancing brown eyes, scads of brown curls, and a straight A card.

ADDED TWSOME: BETTY FRAZOR and BILL DAVIS.

DOUBLE DIP: COACH SMITH: A fool can ask more questions than a wise man can answer.

SAM BELL: "No wonder so many of us flunk so many of our exams."

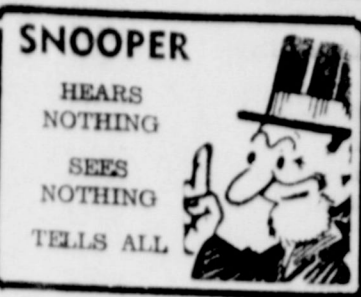

CIRCUS: BILL COCHRAN is not a tight wire walker. It's just that ALICE BELL has him up in the air.

LE MUSIQUE: THERON HORTON, a member of the Sanderson band, has MAURINE COX'S heart beating three quarter time.

FLASH: That dashing cavalier, BOB NICHOLS, has fallen hook, line, and sinker, for MICKIE CORDER.

SMOOTH SAILING: Floating around in the sea of love is none other than "TUGBOAT" (alias DEWAIN) HILL. He carries MARGARET RUTH YEATES along for a heart preserver.

NEW VERSION: CLEO doesn't have anything on IVA LOU PHILLIPS when it comes to

CORRECTION: Marybelle says that she is too—somebody's baby—well, anyway her Mother loves her.

W. T., don't look so blue. You will see Ruth Ann again some day.

Betty F., whose basketball are you wearing? As if Snooper didn't know.

Poor Ross! Not a date in three weeks. That is what he says, anyway.

Why did Bill want somebody else to drive Saturday night?

Can't anyone take a hint? Clara Alice nearly froze to death just before Newspaper Club.

Who is the little girl who didn't want hers and someone else's name put in Snooper together? Quoting her plea, "You can put mine in, but not his. Or you can put his in but don't put mine in with it." Really, we like them better together.

Harlan, where were you at 12 Sunday night? You must have been somewhere from your question, "What is a stag anyway—a goat?"

Snooper finds Ross and Marybelle resuming an old romance in senior English.

Loyd and Earline Cox "got it bad, and that ain't good."

Will Joe Ross be available to man-hungry junior girls next year, or will Pauline keep vigil over her catch from close range?

Polly, the girls are breathless with suspense!

Others catching up loose threads of an old affection are Ross U. and Maurine Cox.

Sixth Grade Play Presented to Assembly

The sixth grade presented a play "The Minute Man of Today" in an assembly program for the grammar students Wednesday morning. They wrote this play as a cooperative project in their language class.

Helen, a selfish little girl, was made to understand why she should buy defense stamps instead of candy and ice cream.

The sixth grade thinks this is something all should understand. Between acts Doris Duke said a poem that she wrote.

breaking hearts at first sight. MURDER: W. T. FRAZIER: "Hiya, Harold—fishin?" HAROLD HAYNES: Naw, drownin' worms!" PUSH BUTTON: They're automatic!—what fun it is, says Betty F. who plays with the radio in the certain car.

THE POCKETBOOK OF KNOWLEDGE

MEN'S HATS ARE NOW MADE PARTLY OF MILK — CASEIN IS USED TO MAKE A "WOOL" THAT IS MIXED WITH THE FELT OF MANY HATS

BEFORE SOAP WAS PACKAGED FOR SALE GROCERS SOLD IT BY WEIGHT, CUTTING OFF THE DESIRED AMOUNT FROM A BIG "CHUNK"

BEFORE A U. S. SOLDIER CAN TAKE TO THE FIELD FOR MANEUVERS HE MUST HAVE 87 DIFFERENT ITEMS OF CLOTHING AND EQUIPMENT

ANCIENT GREEKS HAD A PATENT SYSTEM AS EARLY AS 500 B. C. — A COOK WHO INVENTED AN UNUSUAL DISH HAD EXCLUSIVE USE OF IT FOR ONE YEAR.

SHS STUDENTS PLACE IN MEET AT FT. STOCKTON

Sanderson was represented in the junior and senior boys and girls declamation, junior essay writers and tennis divisions of the Interscholastic League District meet held in Fort Stockton on Friday and Saturday of last week.

Maurine Frazier placed third in the senior girls declamation. Theron Horton tied for second place in senior boys declamation. Mary Alice Allen placed third in essay writing. Pete McDonald and Lauretta Dillard represented the school in junior declamation. Clara Alice Bell, Joan Anderson, Janice White and Curtis Litton entered the tennis divisions.

SHS Ward School Tennis Tourny Underway

A tennis tournament of singles between the girls and the boys in grade school is underway at the tennis courts this week.

Those in the tournament are, for the girls, Doris Duke, Betty Ann Peavy, Hazel Babb, Cecilia Goode, Betty Jo Beckett, Lauretta Dillard, Mary Agnes Frazier, Margie Lou Duncan, Ora Mae Blackwelder, Jeanette Cobb, Lizzabelle Phillips, Mary Nell Gates, Ruth Bendele, and for the boys, Melvin Newton, Edgar Wells, Willie Grigsby, Jimmie Davis, Will J. Murrain, Ross Latata, David Thompson, Junior Bowden, Charles Hill, and Edward Wheeler.

As soon as the singles are finished there will a tennis tournament of doubles.

Blank books, receipt books, coupon books at the Times

H. E. Girls Studying Star Spangled Banner

Friday, April 10, the H. E. girls had their regular meeting at 11:30. Ivy Lou Phillips gave a report on how to learn "The Star Spangled Banner". After this report (while continuing their work) the girls sang the

words and tried to learn the words of the second and third stanzas. Ruth Ann Robertson led the singing and read the words aloud so the rest could learn them.

All the girls feel that they should learn the words to all patriotic songs, and plan to do so while working at their club period.

TIME...
NOW DOUBLY VALUABLE!

World shaking events have placed a premium on time. It is no longer a question of whether things can be done. The problem is can they be done soon enough. Quick action is more essential than ever before. This applies to the nation as a whole... and to every individual.

You save time when you deal with your local bank, because of its nearness to you and the ability of its officials to take prompt action. Time is a national resource. To save it is to aid in defense. Every important banking service is available at this convenient location. We cordially invite your business.

FOOD IS VITAL TO VICTORY

STOP FOOD SPOILAGE WITH KELVINATOR Electric REFRIGERATION

Food spoilage is an economic waste that not only hurts the war effort but is costly to the pocketbooks of individuals.

Cut food spoilage in your home to the vanishing point — make your food and food dollars go further — wish a 1942 Kelvinator electric refrigerator. Today's Kelvinator offers greater opportunities for savings through increased storage capacity and rock-bottom operating cost.

Every 1942 Kelvinator is powered with the famous cost-cutting Polarsphere sealed unit that uses current only about 12 minutes per hour under average kitchen conditions. Each is a full 7 or 9 cubic foot model — giving you more room for money-saving quantity food purchases.

See the new 1942 Kelvinator today. Our stock is limited and cannot be replenished, so if you need a refrigerator, now is the time to act.

*Prices shown are for delivery to your kitchen with 1 Year Free.

This Big 7 Cubic Foot Model SS-7
KELVINATOR
\$149.95*
Other 7 and 9 cu. ft. models from \$174.95*

Health Service Needs Doctors and Dentists For Defense Work

Austin, Texas—Supplying the need for an immediate program of expansion in the medical personnel available for the Health and Emergency Medical Service, Dr. Geo. W. Cox, State Health Officer, today announced that the United States Public Health Service is offering reserve commissions to physicians and dentists whose services may be used to care for evacuees in the event of enemy attack.

Recruitment for those reserve commissions will be largely from older age groups, from those of minor physical disability, making them ineligible for military

Presbyterian Ladies Meet in Home Mrs. John F. Nichols

The executive board of the Presbyterian Auxiliary met in regular session at the home of Mrs. John F. Nichols, Monday afternoon at three o'clock. An opening prayer was led by Mrs. J. W. McKee. This being the first meeting of the new church year, plans for the work of the Auxiliary for the coming year were outlined by the new president, Mrs. John F. Nichols. The year book committee, composed of Mrs. C. L. Sims, Mrs. W. H. Savage, and Mrs. Joe F. Brown reported that the year books had been completed, and were ready to be handed out. Mrs. McKee reporting for the budget committee, recommended that a budget of \$203 be adopted. The recommendation carried.

At a previous meeting of the board it had been voted to dispense with cycling this year. However, the Auxiliary will continue its regular meetings on the 2nd and 4th Mondays of each month with the executive board meeting at three o'clock prior to the regular meeting on the 2nd Monday rather than on the 4th Monday as in the past. The Auxiliary meeting on the second Mondays will be at 3:30, while on the 4th Mondays it will be at 3:00 o'clock. It was also voted to dispense with refreshments on the second Mondays.

The regular Auxiliary meeting opened at 3:30 with the singing of "Jesus, Savior, Pilot Me." Those present were Mesdames W. H. Savage, M. J. Shurley, C. L. Sims, Earl Pierson, J. W. McKee, John W. Byrd, R. D. Holt, Bruce Kaufman, J. E. Mayberry of Uvalde, Fannie Stieber of Alpine, Miss Jewel Pitts, and the hostess, Mrs. Nichols.

The new year books were given out and some time was spent in exploring the good things which they contained.

The program topics for discussion was "The Year that Lies Ahead." It was based on the article of the same title in the March Survey. Mrs. Byrd brought a special message from the Secretary of Woman's Work. Mrs. Savage gave an inspiring devotional on Christ dealing with human needs.

The next meeting of the Auxiliary will be Monday afternoon, April 27 at 3:00 o'clock at the home of Mrs. J. H. Lochausen. Mrs. Lee McCue and Mrs. Joe F. Brown will be co-hostesses with Mrs. Lochausen. The program leader for this meeting will be Mrs. J. W. McKee.
