LOOKING AHEAD

Dr. George S. Benson
President Harding College

Looking about for ways to pay money with which to pay the huge war bill, the United States Treasury has steadily "thumbs down" on sales taxes. "They are irksome to all concerned," it is considered a nuisance to merchants and an added cost of doing business. "Trustees with them in mind states has proved that the rise to endless com-

TERRELL COUNTY CITIZENS EXCEED 1942 WAR BOND QUOTA MORE THAN \$19,000

Judge R. S. Wilkinson, chairman of the Terrell County War Savings Committee, has been informed that citizens of Terrell County bested the quotas for War Bond sales during the past year by \$19,344.00. This information was contained in a letter of commendation written by Frank Scofield, War Bond Administrator for Texas.

"In the beginning of 1942, an annual quota of \$165,300 was assigned to your county, making

Women Needed For Navy Hospital Corps Duty

Women are needed for duty in the Hospital Corps of the United States Navy, according to an announcement made by Lieutenant Commander J. F. Beebe, officer-in-charge of the Navy Recruiting Station in Houston.

Those who have had any training or experience, as well as women who have had special training as technicians in any of the following fields: bacteriology, biology, chemistry, clinical laboratory, clinical laboratory technician, general dental technique, prosthetic dental technique, dental hygienists, dental mechanics, home economics, medical or dental secretaries, nursing (except graduate or registered nurses), occupational therapy, medical or dental office assistants, pharmacy, physics, physiotherapy, physiotherapy technicians, practitioners or assistants in any of the healing arts, x-ray, and x-ray technicians, will on completion of indoctrination and upon the recommendation of the Bureau of Medicine and Surgery, be rated Hospital Apprentice 2nd class and ordered to Naval Hospitals for further training in the general duties of Hospital Corps.

On successful completion of the training course in a Naval Hospital, they may be advanced in rating to and including Pharmacist's Mate 2nd Class. Advancement will be determined by age, education, professional qualifications and suitability for the service. Further promotions will be upon the same basis as for men.

Pharmacist's Mates 2nd Class earn, including allowances, \$178-50 per month. Enlist requirements for the Hospital Corps is the same as for Waves. Women must be between the ages of 20 and 36 and must have a minimum of two years high school education. Duty for Waves is confined to the continental limits of the United States and enlistment is for the duration and six months.

For further information regarding enlistment in the Waves or the Hospital Corps visit your nearest Navy Recruiting Station.

MADE SERGEANT

Information received from the AAF Navigation School at Hondo is to the effect that Bobby Lee McCue, son of Mr. and Mrs. Lee McCue of Sanderson, has been promoted from corporal to sergeant. Sergeant McCue is assigned to the 338th school squadron there.

Many Pounds Terrell County Scrap Goes Into Fight Against Axis Group

For the first time since the beginning of the concerted scrap drive last year the lot on which the salvage depot has been located is clean, and more than 458,000 pounds of scrap metals and 52,000 pounds of scrap rubber has been shipped since the beginning of the drive, according to R. E. Corder, chairman of the Terrell County Salvage Committee. He stated that of this amount Dryden and surrounding community had furnished 135,000 pounds of scrap metals and scrap rubber combined.

a monthly allotment of \$13,775," Administrator Scofield wrote. "This quota prevailed for the months of January, February, March and April. Quotas were then placed on a monthly basis and were assigned as follows:

"May, \$7,200; June, \$5,600; July, \$15,500; August, \$12,500; September, \$12,500; October, \$12,500; November, \$12,500; and December, \$12,700.

"Thus, a total annual allotment of \$146,100 was assigned your county against which was credited \$165,444 War Bond sales, which is a very commendable showing of your good county under your splendid leadership. The citizens of Terrell County have responded wonderfully to the 1942 program and I know that during the year 1943, they will keep up the pace with the rest of the nation."

Mr. Scofield stated that he hoped that equally good success would continue and Judge Wilkinson stated that he was well pleased and proud of the results attained by Terrell County citizens.

The Terrell County quota for March has been set at \$12,200.

Atlantic Charter and Gardening Is Studied at Club

The Ranch Home Demonstration Club met Monday, March first, at the home of Mrs. C. C. Mitchell for its regular meeting.

Mrs. N. M. Mitchell gave a very educational talk on the Higgins plan of post-war exports of technicians, capital, and other products to China and other countries for their development. Two general subjects were studied, the Atlantic Charter and gardening. Under the first subject, Mrs. Joe F. Brown discussed the "When, Where and Why?" of the Atlantic Charter. Mrs. Sid Harkins gave the text or eight points of the Charter and Mrs. John W. Byrd led a round-table discussion on the same topics. On the subject of "gardening," Mrs. N. M. Mitchell, Mrs. Herman Couch and Mrs. Ed Conner discussed various phases of the subject, followed by a round table exchange of ideas conducted by Mrs. Couch.

The club voted to give \$5.00 to the Red Cross War Fund and \$5.00 to the Terrell County Library fund.

Mrs. M. E. Jasper of San Angelo was a guest, and the following members were present:

Mrs. Joe F. Brown, Mrs. Albert Appel Jr., Mrs. John W. Byrd, Mrs. Ed Conner, Mrs. Herman Couch, Mrs. Sam Culbertson, Mrs. Sid Harkins, Mrs. C. C. Mitchell, Mrs. N. M. Mitchell, Mrs. Mary Mitchell, and Mrs. Ferd Monroe. Due to illness, Miss Mamie Pryor, Pecos County Home Demonstration agent, was unable to be present.

The next meeting will be held Thursday, April 1st, at 10:30 o'clock at the home of Mrs. C. C. Mitchell.

Mrs. W. F. Bohiman, who has been visiting for several months with her daughter at Giddings, is here for a visit with friends and to attend to business matters.

HAVE YOU RESPONDED?

Those in charge of the War Fund Drive which calls for the raising of \$1,250 in Terrell County, mailed appeals to more than 450 families the first of the week.

This method of raising the funds was chosen because of the tire and gasoline situation and because it was believed that every person receiving such an appeal would gladly enclose a donation in the self-addressed, stamped envelope, and return it. Terrell County citizens have never failed to go over the top—this will be no exception.

Citizens are urged to return these envelopes as soon as possible as the committee has pointed out that returns from every letter mailed is expected by the 15 day of this month. They are also urged to remember that this drive is not a membership drive, when each person is asked for the usual \$1.00 membership dues. This drive is for three times the amount usually received in the annual membership drive—and it must be raised. There are local boys in the army who may need help; there are hungry nations that must be fed; and there are the many other duties of the American Red Cross which must be carried forward—all of which become doubly important during times of war.

Prepare now to attend the Union Church services to be held at the high school auditorium Sunday evening at 8:00 o'clock, but just before you go, write that check place it in an envelope and mail it back if you have not already done so.

Those who care to do so may hand their contributions to Miss Emma Fay Harris in Sanderson, or may hand them to Mr. and Mrs. A. F. Buchanan at Dryden.

DO YOUR PART—AND DO IT NOW!

Seniors Entertained With Dinner Party In Frazier Home

The home of Mr. and Mrs. Tip Frazier was the scene of a delightful occasion last Wednesday night, when the Seniors of 1943 were honored with a dinner party. The "Little Red School" idea was carried out in both decorations and program.

The table set with gleaming silver and blue dishes, had for the center piece a miniature red school house with two pupils approaching the steps. Blue vases with silver leaves and crystal candle holders with blue candles added color down full length of the table. Above the table streamers of blue and silver, the senior colors, were attached to the light.

Each place was marked with a miniature diploma tied with a blue and silver ribbon. This place marker when unrolled proved to be a silver sheet on which the flower, colors, motto and class roll were printed in blue.

Margaret Ruth Yeates, as class president, called the guests to the table with a small bell. The invocation was given by Mrs. W. F. Frazier, after which the old song "School Days" was sung by all. Mrs. Tom Holley, sponsor of the class, had charge of the program of the evening. The fun included contests and games that carried out the "little red school house" theme. Mr. Holley spoke briefly on the splendid fellowship of the occasion. After toasts were made to the basketball boys, Bill Davis proposed a toast to the genial hostess for her splendid hospitality.

Those present included Don Allen, Donald Babb, Joe Bean, Weldon Backwelder, Bill Cochran, Mickle Corder, Marshall Cooke, Bill Davis, Betty Frazier, W. T. Frazier, Harold Haynes, James House, Edward Kerr, Lewis Lemons, Wilma Lois Moorefield, Kathryn Nell Nance, Laura Oberling, Margaret Pierson, Janice White, Imogene Woodruff, Margaret Ruth Yeates, Mrs. W. F. Feazor, and Mr. and Mrs. Tom Holley.

W. E. LEA JR. IN SEABEES

A letter to the editor of the Times from W. E. Lea Jr., who is stationed at Camp Allen, Norfolk, Virginia, states that he is in the Seabees and likes it fine. Bill, as he is known to his many friends, says he is feeling fine and that he's carrying cherished memories of the kindnesses shown him during the past by Sanderson and Terrell County friends.

R. V. Hamilton returned Monday from a 10-day stay at Sonora where he led the singing for a revival meeting.

TERRELL COUNTY 4-H CLUBBERS MAKE GOOD SHOWING WITH CALVES, LAMBS

Terrell County residents may well be proud of the showing made by members of the 4-H Club who fed out lambs and calves for the local show, the Pecos County show and the El Paso Fat Stock show.

Don Allen, who won first place with his calf in the local show, won first place in the Pecos County show and went to El Paso where he took fourth place in the medium weight division. Prizes earned in the three shows by this calf amounted to \$39.25.

C. H. WHITE RETIRES AFTER 24 YEARS WITH SAME FIRM

There's something missing this week from the Kerr Mercantile Company store to customers who have been accustomed to going in and out of the firm for the past number of years. C. H. White, who has served customers from the hardware department of the store for the past 24 years, completed his work Saturday afternoon, February 28, did all the little things necessary before closing and walked out on the retired list.

Mr. White moved to Sanderson February 1, 1919, to accept a place with the company which at that time was doing business in the old building which faces south on the street next to the railroad. He came to Sanderson from Morenci, Arizona, where he had been employed with a copper company for the previous year. He had been employed previous to that time with a general mercantile store at Lytle which he calls his home town. He was born in Danville, Mo., July 17, 1869, and moved to Texas when he was five years of age. He will be 74 years old on his next birthday.

Mr. White has seen Sanderson and the firm he has served grow year after year. He saw what was a few scattered homes grow into a small town. He worked with his department as the store grew and prospered and helped move into the present spacious building. In fact, he has been a part of the growth of Sanderson and Terrell County, knowing the wants and needs of the people and always ready and willing to be of service.

Mr. White stated that he had no plans at present but that he intended doing absolutely nothing for the next month or so.

DISTRICT OFFICE OPENED IN SAN ANTONIO BY WPB

Opening of a Salvage Division of the district office of the War Production Board in San Antonio has been announced by Carl Pool, district manager of WPB. The new division will serve the 54 counties in the WPB district in Texas, including Sanderson.

The Salvage Division had been administered in Dallas, but district headquarters now will be in San Antonio. All inquiries should be directed to the War Production Board, Salvage Division, Majestic Building, San Antonio.

The new division of the WPB combines the following: Special Projects, Industrial Salvage, and Scrap Processing Sections. The WPB Salvage Division also will cooperate with the State's Salvage Section.

Miss Pearl Howell returned Thursday from San Antonio where she has been with her sister, Miss Nocona Howell, who is recovering from pneumonia. Miss Howell has been with her for the past two weeks.

COMMANDER OF ALLIED FORCES IN NORTH AFRICA—

Gen. Dwight D. Eisenhower, promoted to the highest U. S. military rank on February 11, directs the operations of the combined American, British and French armies in ousting the Axis from Africa. He was born in Tyler, Texas, in 1890, graduated from the U. S. Military Academy at West Point in 1915, and during the World War was awarded the Distinguished Service Medal for "his unusual zeal, foresight and marked administrative ability" while commanding officer of the Tank Corps Training Center at Camp Colt, Gettysburg, Pa. He has filled many important posts in the War Department and while serving as Assistant Chief of Staff in charge of the operations division, Office of the Chief of Staff, Washington, D. C., in June, 1942, he was designated as commanding general of the European theater with headquarters in London. He organized and commanded the American forces in landing in North Africa November 8, 1942.

The calf sold at the El Paso show for 25 cents per pound and brought an additional \$217.00 net. This gave the calf a net earning of \$256.25, payment to the owner for his efforts in the feeding pens.

Calves fed by Billy Joe Short took second and third places in the Terrell County show and second and fifth at the Pecos County show. At El Paso he came away with sixth place in the middle weight class and also sixth place in the light weight class. These two calves won a total of \$56.50 in the three shows in prize money and sold at the auction at 22 cents per pound, bringing \$157.96. All totaled the calves earned \$214.46 for their owner.

Local lambs took only two places at the Fort Stockton show with Edward Chastain feeding out the winner of second place in the fat lamb class and Dudley Harrison feeding out the third place winner in the crossbred lambs. No places were taken at El Paso by lamb feeders.

Thirty-three of the lambs fed out by local boys were sold on the Fort Worth market and netted a total of \$398.65, or an average of \$12.08 to feeders. Freight and other expenses were paid by donations made by ranchmen and business men of the county. There were also two lambs which went to El Paso and sold there although returns on these two are not available.

It has been estimated that animals fed out by the local boys would dress out 3,090 pounds, which would be enough meat to feed 100 soldiers for thirty days. The interest and support given these boys in their efforts is shown by the contribution of \$115 for defrayment of shipping and other expenses and the fact that 22 of the lambs fed out were donated by ranchmen. Hope has been expressed by those working closely with the boys that this support will continue so that interest will be stimulated among the boys of the county.

Among those who attended the show at El Paso were R. N. Allen, Don Allen, Earl Pierson, Edward Chastain, Billy Joe Short, Allister Dishman, Will J. Murrah, Dudley Harrison, Charles Daniel, Harry Brown, Don Frazier, Eugene Thompson, David Allen, and T. A. Short who cooked for the boys who stayed in camp because of the shortage of housing facilities. Mrs. E. J. Chastain accompanied part of the boys who went by train.

W. T. Posey, county agent of Pecos County, who has been in charge of the work here, and N. M. Mitchell were also in attendance with boys and show animals from Pecos County.

Mrs. Max Bogusch Is Hostess to Wednesday Club

Mrs. Max Bogusch was hostess to members and guests of the Wednesday Bridge Club at her home on club day this week.

High score prize was won by Mrs. Bustin Canon and second high went to Mrs. John Reininger.

The hostess served a salad plate and tea to Mesdames Tol Murrah, John Reininger, C. P. Peavy, R. S. Wilkinson, James Kerr, James Caroline, Bustin Canon, Roy Bogusch, Web Townsend, Roger Rose, Conway Pickard and Walter Grigsby.

PROMOTED

Word has been received here that the son of Mr. and Mrs. F. M. Weigand, Albert Weigand, has been promoted to the rank of staff sergeant. Sgt. Weigand is stationed at Camp San Luis, Obispo, Calif.

Mr. and Mrs. Schupbach Sr. of Marathon visited here the first of the week with their daughter, Mrs. W. H. Stavley and Mr. Stavley.

INDIVIDUALISM—SYMBOL OF VICTORY

By an ironic twist of circumstances, modern war proves beyond argument that individual initiative is the key to victory and progress.

Captain Eddie Rickenbacker says: "Once you put a boy in a foxhole he is on his own. Once you drop a parachute trooper behind the enemy's lines, he is on his own. The youth in the cockpit of a fighter, in a tank or a commando raid, is always on his own. The rugged individualist, as a political symbol, may have few friends, but God help us if we can't recreate him on the battlefield and the factory floor."

This stark truth must come as a shock to the political sharpshooters who have been busy right here in our own country kicking the props from under a system that was founded on the supremacy of the individual. Captain Rickenbacker is a product of that system. He fought as a soldier, willing to give his life that the system might live. He helped to pioneer the automobile and aviation industries. He has time and again taken chances, as a soldier and as a businessman, because he could envisage a bright future, not just for himself, but for his family and all the other families of America.

The future he has pictured through the years has not taken its lustre merely from the prospect of comfort and security. Eddie Rickenbacker is a typical rugged individualist. For him there is no future unless his right to take risks, to think up new ideas, to do things on his own hook and reap a fair reward, is safeguarded and encouraged.

The United States was built by men like Rickenbacker. They came across the plains in ox-drawn wagons, fought Indians, in the earth for gold, developed farms. They discovered, invented and produced their way to the highest standard of living in the world. At the present moment, they are the men and women who own, operate and work the coal and metal mines, oil wells, power plants, railroads and factories that are turning out the weapons for other "rugged individualists" on the battlefield, who will win this war.

Above all else, this war is being fought to keep the future bright for the descendants of these millions who believe in themselves as individuals. Those who think and act otherwise are running contrary to the character and tradition of this country.

"EAGLES" COMPETE IN REGION VIII BASKETBALL TOURNAMENT

The Sanderson "Eagles" journeyed to Marfa last week-end to compete in the Region VIII Basketball tournament. In the first round the "Eagles" played Andrews and won by a score of 41-24. In the second round the "Eagles" were defeated by a score of 20-18 by the Big Lake high school team. Big Lake went on to win the finals by a score of 41-22 against Clint. This shows that we were close to the top in teams at Marfa. Saturday night Sanderson defeated Grandfalls by a score of 34-18, for third place. This carried with it five gold Basketballs for the winners. Bill Cochran was awarded a gold Basketball for being on the All Regional team, being unanimously chosen.

THE OLD JUDGE SAYS...

"Our men in the service in this war have pretty definite ideas about what they're fighting for and the way they want to find our country when they come back...don't you think so, Judge?"

"I certainly do, George. Just a week or so ago I was reading in a national magazine the results of a poll taken among our soldiers. Each man was given a questionnaire containing twenty-five 'assignments' for the folks at home. He was asked to check the first five in order of importance to him.

"Out of thousands of replies the first 'assignment' to the folks back home was 'Make sure I'll have a job in my chosen field of work when I get back'. Number 5 was 'Make sure that Prohibition isn't put over on us again.'"

"When the men in the last war came home and found prohibition had been put over on them behind their backs they were sore as boils. You can see from what I just told you how they feel about it this time, too."

Augusta Travers—you know, the one who runs the little hat shop down on Main Street—she's always been dead set against gambling in any form.

Well, so you could have knocked us all over with a feather when Augusta started her gambling campaign for War Bonds and Stamps...

My wife couldn't wait to get herself down there and inside Augusta's shop to see what in the wide world had happened to her...

I forgot to say. Wasn't just a hat my wife brought home. Was a hat and a \$25 bond.

Remember: It takes both—taxes and War Bonds (and more War Bonds)—to run the War and combat inflation!

Maurine Cox seemed happy the other day—Ross was in town.

The senior girls are doing all right. They make two of the senior boys get up out of bed and with the company of two more boys, take the whole flock of girls walking.

Oh, those poor girls! we're speaking of Margaret Ruth and Maurine. What would they do if they had to leave for a year?

Come on, Ross, get off your high horse and give some of those heart broken girls a break.

In choosing Miss Leatherwood as manager of our place we believe your continued support will be merited.

JAMES WORD

ON THE HOME FRONT

Office of War Information

Some three and one-half million housewives of Texas, Oklahoma, and Louisiana are getting their first taste of buying point rationing this week. This experience removed any doubts as to the importance of food as a weapon of war.

Control of food supplies by point rationing, reaching into every home and affecting the daily life of everyone except the most self-sufficient farmer, not only has made rural and city folk alike food conscious, but it has brought into sharp focus the whole problem of food production and supply for this vital year of the war.

It has made every family in the country aware of the tremendous problems of feeding a big Army, resulting in shortages of canned, dried, and frozen foods available to civilians. Even the lively pot of beans, simmering on the kitchen stove, finds its social standing suddenly elevated, either with or without the savory hunk of salt pork.

But for folks in the Southwest, particularly farm families and those in less metropolitan areas, point rationing emphasizes the comparatively fortunate position in which we find ourselves—fortunate when compared to that of the city folks of the North and East where there isn't as much room for garden plots, cows, chickens, and porkers.

Even in towns and cities of Texas, Oklahoma and Louisiana, practically all available space in back yards and vacant lots is being turned into family and community Victory Gardens, where sorely-needed vegetables will be grown.

The important role of the farmer is emphasized by the measures planned to assure the country of its basic food requirements. In a roll call lasting until March 20, the Department of Agriculture is asking all rural women to pledge every farm family to produce as much of its own food supply as possible to help save commercial stocks of food for war needs.

Organization of a "U. S. Crop Corps" also is planned. The corps would consist of paid volunteers for peak season work on farms and in food processing plants.

For city dwellers and others unable to produce a large portion of their food needs from their smaller gardens, point rationing means careful study of the point values and careful planning to meet individual and family diets.

The rationing of processed fruits and vegetables immediately boosted the demand for fresh varieties, resulting in an OPA price ceiling on tomatoes, snap beans, carrots, cabbage, peas and other staples.

Added to the rationing lists during the week were dry beans, lentils, peas, and dried and dehydrated soups—alternate sources for protein found in meat and dairy products. This was necessary, explained Secretary Wickard, because of the needs of the fighting forces and a "run" on these items by consumers.

As a preliminary to meat rationing under the point system, beginning by early April, OPA cracked down on meat prices and slaughtering violations and gave every indication that prosecutions will be pushed vigorously. OPA officials already have authority to direct delivery of meat in "meat allocation areas." Restaurants were told they cannot serve meat and fish taken from cans while the canned meat and fish "freeze" applies to households.

Moving further to insure adequate food and supplies, Secretary Wickard suspended wheat marketing quotas and released at once all stored wheat for food or market.

Farmers who meet 90 percent of their farm war crop goals this year will be eligible for AAA wheat payments and wheat loans even though they exceed their wheat allotments.

Maximum prices for peanuts and peanut products—from the producer on down to the consumer—have been established by the Office of Price Administration. The new regulation,

RATIONING At A Glance

Ration Books

War Ration Book No. 1—Used for sugar, coffee, and shoes.
War Ration Book No. 2—Blue stamps now being used for rationed processed foods.

Mileage Ration Books—Books A, B and C used for passenger car gasoline; E and R books for non-highway uses; D for motorcycles; T for trucks and commercial vehicles.

Rationed Commodities

Sugar—Stamp No. 11 in Book No. 1 good for 3 pounds until midnight March 15, 1943.

Coffee—Stamp No. 25 in Book No. 1 (for those 14 or older on the date the book was issued) good for 1 pound until midnight, March 21.

Shoes—Stamp No. 17 in Book No. 1 good for 1 pair of shoes through June 15.

Meat—Voluntary share-the-meat program sets limit at 2½ pounds per person per week. Meat will be rationed under the "point system" sometime after Book No. 2 is distributed.

Processed Foods—Blue A B and C stamps (48 points) in War Ration Book Two good for purchase of rationed processed foods until midnight, March 31.

Mileage Rationing

Gasoline—Value of each coupon in A, B and C books is 4 gallons. Second 8 coupons in A book are good until midnight March 21, 1943. Those who think they are eligible for supplemental rations should see their local ration board.

Tire Inspection—All "A" book holders must have first official tire inspections by March 31, 1943. Subsequent inspections for A book holders will be once every six months. "B" book holders must have second official tire inspection by June 30, 1943. "C" book holders must have second official tire inspection by May 31, 1943. Second official tire inspection for "T" book holders must be made 60 days from Feb. 28, 1943, or every 5,000 miles, whichever occurs first.

Tires—If official tire inspector recommends a tire replacement apply to local ration board for the tire ration certificate. Tires will be rationed to all on the basis of tire inspections and county quotas available with most essential mileage to come first. Recaps can now be secured without rationing certificates.

Other Rationing

Eligible purchasers needing new automobiles, bicycles, typewriters, rubber footwear and other commodities on which sales might be restricted should see their local ration board.

marking the first price control of peanuts at the farm level, replaces a temporary December 1942 "freeze" at other levels. Specific dollars-per-ton maximums were fixed for the farm level, along with specific cents-per-pound tops for shellers sales and formulas for establishing top prices in other peanut and peanut product sales.

The OPA also announced a change in rationing regulations whereby farmers may get gasoline for their tractors, engines and other non-highway equipment for a six-month period instead of three months.

Your Income Tax

EXPENSES OF FARMERS

A farmer who operates a farm for profit is entitled to deduct from gross income as necessary expenses all amounts expended (other than those constituting capital expenditures) in the carrying on of the business of farming. The cost of feeding and raising livestock may be treated as an expense deduction insofar as such costs represent actual outlay, but not including the value of farm produce grown upon the farm or the labor of the taxpayer. Also deductible is the cost of seed, minor repairs to farm buildings (other than the dwelling of the farmer), and small tools used up in the course of a short period.

The cost of fuel and oil used for farm work, as well as repairs and maintenance of farm machinery, is deductible as a business expense; but the cost of farm machinery, equipment, and farm buildings represents a capital investment and is not an allowable deduction. The cost, however, may be recovered by depreciation allowance. In the case of a farmer, the farm dwelling is not depreciable, except such part of it as may be used directly in farming operations. The cost of gasoline, repairs and upkeep of an automobile if used wholly in connection with the taxpayer's farm operations, as well as depreciation thereon, may be deducted, but if an automobile is used partly for business and partly for pleasure or the convenience of the taxpayer or his family, the cost of operation may be apportioned according to the extent of the use for purposes of business and for pleasure or convenience, and the portion attributable to business will be deductible as a necessary business expense.

The cost of hired laborers and hired machines on a farm and the part of the board which is purchased for hired laborers are deductible. The value of products furnished by the farm and used in the board of hired laborers is not a deductible expense. Rations purchased and furnished to laborers or sharecroppers are deductible as a part of the labor expense. Amounts paid to persons engaged in household work in the extent that their services are used in boarding and otherwise caring for farm laborers are deductible, but amounts paid for services of such employees engaged in caring for the farmer's own household are not a deductible expense.

Amounts expended in the development of farms, orchards, and ranches prior to the time when the productive state is reached may be regarded as investments of capital. The cost of planting trees, as well as the amounts expended by a farmer in the restoration of soil fertility preparatory to actual production of crops and the cost of liming soil to increase productivity over a period of years are capital expenditures; but the cost of commercial fertilizers, the benefit of which is of short duration and which have to be used every year or so, even after a farm reaches the productive state, is deductible as an expense.

Amounts expended in purchasing work, breeding, for dairy animals are regarded as investments of capital and may be depreciated unless such animals are included inventory.

Miss Mary Ferguson, who is stationed at Fort Sam Houston, San Antonio, visited here over the week-end with her parents, Mr. and Mrs. W. J. Ferguson. She was accompanied by Mrs. M. C. Dye who visited with her sister, Mrs. O. T. Sudduth and at Fort Stockton with her parents, Mr. and Mrs. H. D. Price.

AT THE PRINCESS—

SPY DRAMA FEATURES CAST

Featuring beautiful Irene Hervey with Kent Taylor at the head of a large cast of popular performers, Universal's "Half Way to Shanghai" takes over the screen at the Princess Theatre Friday and Saturday, March 12 and 13. The offering, described as a fast-moving action melodrama, is located aboard a railroad train running from Lashio, Burma Road terminus, to Rangoon.

Motivating the story are a widely assorted group of characters, including Miss Hervey, who portrays an impoverished White Russian; Taylor, cast as an American construction engineer; a trio of German Gestapo agents a retired British army officer and a Burmese detective.

Plot unfoldment, pivoted around a map showing the location of China's secret munitions dump, takes place in the train's compartment, baggage and dining cars.

Playing in support of Miss Hervey and Taylor are Henry Stephenson, J. Edward Bromberg, George Zucco, Charlotte Wynters, Fay Helm and Lionel Royce.

MICKY ROONEY IN NEWEST "HARDY" COMEDY

"Andy Hardy's Double Life" gets Mickey Rooney into comical troubles galore, and starts him for college, but it leaves an idea that his double life is about to be tripled, for he's last seen looking over a beautiful co-ed route to the same college. The picture is showing at the Princess Theatre Wednesday and Thursday.

Andy Hardy, about to leave for Wainwright College, sells his jalopy to a friend, who manages to damage a greenhouse, and Andy is held responsible as owner. On top of that he meets a new girl who makes much over him, whereupon he gets romantic, and she insists that she construes this as a proposal of marriage. On top of that his father wants to accompany him to college and introduce him to the president—which would. Andy knows, ruin him with "the gang."

How he gets around his three difficulties provides hilarity galore, with several deep touches of human interest and an inspiring "man to man" talk with his father.

Mickey as the irrepressible Andy has lost none of his effervescence, and Lewis Stone as the judge and father turns in his usual faultless performance, as do Fay Holden as Andy's mother and Cecilia Parker as his sister. Sara Haden plays Aunt Milly and Ann Rutherford his girl friend Polly who conspires with a girl psychology student to "frame" Mickey with the proposal situation to teach him a lesson.

The new girl in the picture is Esther Williams, famous as a national swimming champion, who is beautiful and a clever actress. William Lundigan is convincing as Miss Parker's suitor.
