More WAAC Recruits Needed From West Texas

The West Texas District has fallen deplorably behind, and at present is in danger of trailing all the rest of the state in the enrollment of WAACs. It was declared this week by Lieut. Col. Marvin B. Durette, commanding, West Texas Recruiting and Induction District, Lubbock.

"We cannot allow this blot on our record," the Colonel said. "It is unreasonable to think that the women of West Texas are of less patriotic character than north, south and east Texas. We have a quota of 726 WAACs to meet by June 30. Terrell county's quota is three. It is a fair quota, based on your urban population. We appeal to you to meet it, to double it if possible."

east Texas. We have a quota of 726 WAACs to meet by June 30. Terrell county's quota is three. It is a fair quota, based on your urban population. We appeal to you to meet it, to double it if possible."

The War Department is unable to meet current requests of camps and posts for WAAC units due to failure to meet recruiting quotas assigned for the first quarter of the year, he pointed out. "The WAAC is included in the overall strength of the army now, and it is absolutely necessary that its expansion keep pace with the overall training program!" "We have it straight from Lieut. General Brehon Somervell that women can do many noncombatant jobs just as well as, and some better than, many men who are urgently needed and eminently qualified for combat duty. Every eligible woman who is not otherwise engaged in work that is essential to winning the war belongs in the women's army. We are counting on Terrell county to do its part."

To be eligible for the WAAC, a woman must be between the ages of 21 and 44, have at least two years of high school education, and be able to pass the mental and physical examinations. Women interested in joining the WAAC are invited to call or write the recruiting station in El Paso, or to write direct to the West Texas Recruiting and Induction Headquarters in Lubbock.

US BENEFITS
A woman receives a great benefit from the hand of God. Is God's hand in the channel that our God-given talents are opened for us? Is our representative, constitutional government is that channel? It would be hard to count the benefits it brings.

DAUGHTER BORN
Cpl. and Mrs. B. G. Maples, of Sherman, announce the birth of a baby girl born in a hospital there April 13th. She has been named Lindia Lea, and maternal grandparents are Mr. and Mrs. J. W. Haynes of Sanderson and Mrs. R. D. Maples of Ozona is the paternal grandmother. Mother and baby are doing fine.

MISS EDNA MAE McADAMS

MISS McADAMS IS PRESENTED IN SENIOR RECITAL

Miss Edna Mae McAdams, gifted young musician and daughter of Mr. and Mrs. O. H. McAdams of Sanderson, was presented in her senior musical by the San Marcos Academy Tuesday evening, April 20. The recital was presented in the Harris Chapel at the Academy.

Miss McAdams displayed the technique, style and poise of an artist in her rendition of a diversified and difficult program, with her playing of Bach and Schubert numbers showing especial merit. Numbers rendered were Solfeggio, by Bach; Sonata, O. 27, No. 2, first movement, Beethoven; Impromptu, Op. 90, Schubert; In the Evening from Fantasia-pieces, and Whims from Fantasia-pieces, Schumann; Haydn Takes to Ridin', Templeton; Poem, Fibisch; and Chicken Reel, arrangement by Savino, with her instructor, Miss Dorothy Hart, at the second piano. Special commendation is merited by her efforts in completing her musical and academic courses at the same time. She was a pupil of Mrs. M. B. Wilson while attending Sanderson high school.

UNIFORMS ARE RECEIVED BY GIRL SCOUTS

Five members of the Sanderson Girl Scout Troop No. 1 are sporting new green uniforms, complete with web belt, socks and yellow neckerchiefs, all of which bear the emblem, "G. S."

To be eligible for suits the Scouts had to be a tenderfoot or better. Those receiving suits were Marjorie Duncan, Carrie Marie Turner, Margaret Newton, Ruth Bendele, and Janie Louise Turner.

Following the program punch and cookies were served at the dormitory by Mrs. McAdams to a number of Miss McAdams' friends.

Mrs. and Mrs. McAdams and Mrs. M. B. Wilson went to San Marcos Tuesday for the recital that night. They returned Wednesday.

Mrs. H. C. Goldwire Is Hostess To Culture Club

The Sanderson Culture Club met Thursday, April 15th at three o'clock at the ranch home of Mrs. H. C. Goldwire. The rooms were beautifully decorated with vases of roses and lilies.

After a short business session the meeting was called to order by Mrs. J. H. Loehausen, who was leader of the program on "Peru." "Lima the city of Kings" was discussed by Mrs. Loehausen. "The Treasure House of the Indies" was given by Mrs. A. F. Buchanan. She closed her discussion by telling of a very interesting trip she made from Lima to Keranuco. "Education in Latin America" was discussed by Roberta Loehausen.

Seven members were present with the following guests: Mrs. C. G. Morrison, Mrs. Pres Nichols, Mrs. Clyde Higgins, Miss Kate Frazier, Miss Clara Shurley and Miss Roberta Loehausen.

The hostess served a delectable salad plate with cake and iced tea.

SON BORN WEDNESDAY

An eight pound and nine ounce son was born to Mr. and Mrs. Wade House in a Del Rio hospital Wednesday. Name of the infant son was not learned.

To Hasten Victory

No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

PELT OF STRANGE ANIMAL EXHIBITED FROM TERRELL CO.

Hugh Childress, Jr., who ranches on the Pecos river just across from Crockett in Terrell county, was exhibiting here this week the pelt of a strange animal, killed by a Mexican employee on his ranch, and although many have viewed it, none so far has come forward with an identification of the animal.

The animal was discovered in the top of a tall liveoak tree at the ranch headquarters, jumping from limb to limb much like a monkey or squirrel. Its fur is shorter than a coon's and of a slightly redder color. It has little round ears, less than a quarter of an inch wide and feet very similar to those of a coon.

But the most distinguishing feature of the strange animal is its tail. Nearly two feet in length, it is covered with fur, less bushy than the short tail of a coon. It had a long, pointed muzzle and tiny eyes. Many old timers who viewed the pelt declared that they had never seen an animal like it before. Some speculated on the possibility that it might be some species of monkey native to Mexico which had wandered into this section from the border.

IN AIR CORPS RESERVE

Sam K. Bell Jr., son of Mr. and Mrs. Sam Bell of Sanderson, went to San Antonio last week where he qualified as an aviation cadet in the army air corps. He returned Wednesday of this week to complete enlistment in the Air Forces Enlisted Reserve Corps.

RECEIVING PILOT TRAINING

First Lt. Dee S. Finley is among the officers who have qualified for pilot training and have just completed their work in preflight school at the San Antonio Aviation Cadet Center. Because of previous military training officers who qualify are required to receive only one half as much preflight training as the regular cadet.

SON O W. W. NEWTONS

Roy Andrew, a seven pound son, was born to Mr. and Mrs. W. W. Newton of San Diego, Calif., on April first, according to word received here. Mrs. J. M. Bassett, maternal grandmother, returned the first of the week from a visit with the new grandchild.

Mr. and Mrs. John Whistler

were Del Rio visitors Saturday.

Bond Sales At Victory Concert Total \$19,484.75; Half County Quota Raised

Bond sales at the Victory Concert held Wednesday night at the high school auditorium went a long way toward meeting the quota set for Terrell County for the Second War Loan, with \$145.25 in stamps sold and bonds purchases amounting to \$19,484.75. Total investments amounted to \$19,484.25, with the bonds purchased to have a redemption value of \$21,430.25.

Even with the wonderful results obtained from the concert

Terrell County has only been able to raise a little better than one-half of the quota of \$60,000 to be raised by April 30 when the Second War Loan drive will come to an end. Including bonds issued at the post office and at the Sanderson State Bank for sales made at the Victory Concert both institutions have written only \$31,187.50 in bonds since the drive started on the 12th. Of this amount the post office has written \$11,437.75 and the bank \$30,043.75.

The above figure leaves a balance of \$28,812.50 to be invested by residents of the county by the end of the month to meet the quota. All persons who have not invested all they possibly can are urged to do so at once. Some counties have already met their quotas and others have oversubscribed, and it is felt that if every person in the county digs and then digs again that the quota can be met.

Friday Bridge Club Entertained by Mrs. Richard Haley

Mrs. Richard Haley entertained members of the Friday Bridge Club in her home April 16, at 3:00 o'clock. Colorful flowers decorated the living room.

First prize for the afternoon of bridge was awarded to Mrs. Ted Baker, and second to Mrs. P. P. Courtney.

The hostess, assisted by her mother, Mrs. Jim Nance, served a delicious salad plate and iced tea to Mesdames Roger Rose, P. P. Courtney, Jack Laughlin, S. H. Underwood, Ted Baker, Paul Collins, Jess Mullins, and Conway Pickard.

SON TO W. W. NEWTONS

Among those leaving Sanderson Wednesday for the induction center at Fort Bliss were Joe Ross Phillips, Gene Milton Locke, Alejandro F. Sarabia, Elpidio Bustos Barrera, Benigno Salazar, Epimenio F. Munoz, Jr., Anisteo Flores, Raul Garza Escamilla and Pedro Ramirez Perez. James T. McDonald was transferred to the El Paso board for induction and Crenciano Rios was transferred from Bexar County to Sanderson for delivery.

PHOTOGRAPHER COMING

M. K. Vahan, photographer, announces in this issue of the Times that he will be at the Kerr Hotel for two days, April 29th and 30th, and invites those who desire portraits to call on him there one of these days.

SPECIALIST

Pvt. James L. Hatchell has graduated from an intensive course in aviation mechanics at Curtis-Wright Technical Institute, Glendale, Calif., and is now ready to take his place in the effort to blast the Axis, according to information received here. He now is eligible to become crew chief on a bomber. Mrs. Hatchell is here with her parents, Mr. and Mrs. E. P. Halley.

TO SAN ANTONIO

T. R. Kuykendall, who suffered a heart attack two weeks ago, was carried to a San Antonio hospital last week. His condition is somewhat improved.

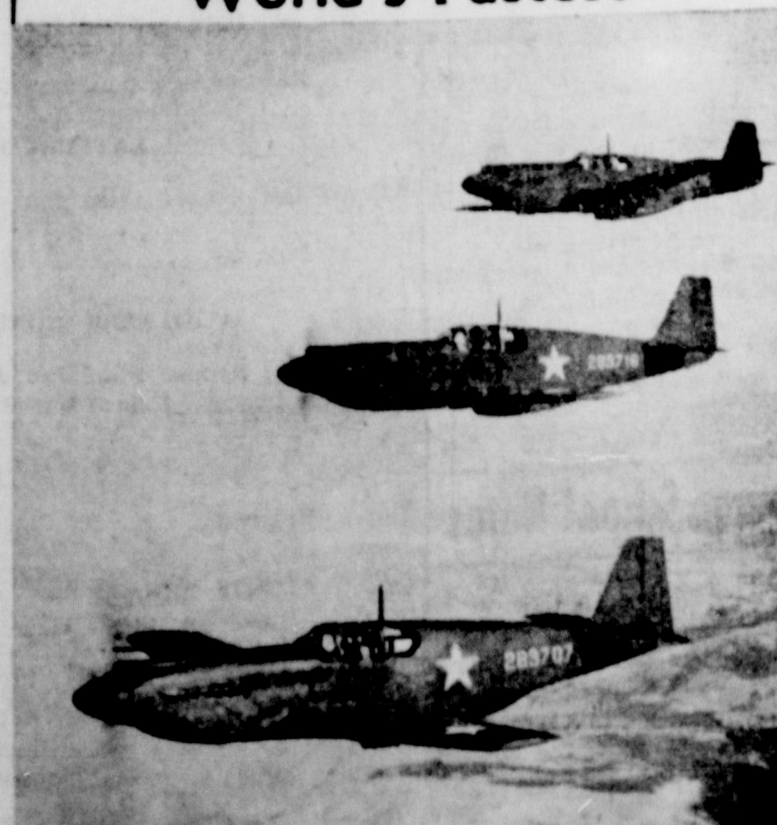

RANDALLS TO HOUSTON

Dr. and Mrs. D. M. Randall left Saturday for Houston where they went to attend business matters. They plan to be gone until the first of next week. Mrs. J. W. Downum accompanied them that far, continuing to Quitman where she is visiting with relatives.

Lynn Harrell was a business visitor to Marfa Tuesday.

Mrs. C. E. (Mom) Clymer left Wednesday for San Antonio for a visit with Mrs. Wm. Reis and with Miss Nell Kruger. Miss Kruger formerly home economics teacher in the local school.

World's Fastest

Three of North American Aviation's powerful new A-36's, which are dive bomber versions of the company's Mustang fighter design, are shown flying in formation over Southern California. Designed to hit hard and get back safely, the A-36's are the world's fastest dive bombers, with a flying speed in excess of 400 miles per hour.

"CASH" VS. "CHARGE ACCOUNT" TAXES

On March 15, our people felt the full effect of wartime taxation when millions of individuals filed Federal income tax returns for the first time.

Congress is struggling with various plans for simplifying tax collections. The theory of the Ruml plan which would cancel 1942 taxes and have 1943 taxes paid in monthly installments from current income because 1943 taxes would be paid in 1943 instead of 1942 taxes being paid in 1943.

One hundred or one thousand years from now, if the government ceased to exist there would be an old 1942 tax that was not paid. In the meantime, however, the government would probably gain many more dollars from "cash" collections on current income, than it would by its old tax "charge account" and bad bills.

It is the duty of Congress to

Look at your hair... others do! Nothing improves appearance like a good hair cut!

Jake's Barber Shop Jake Brookshire

make tax collections as easy as possible on the people. Instead of keeping them constantly in debt for taxes, put them on a cash basis.

It Happened in Sanderson TEN YEARS AGO This week—Remember?

April 21, 1933

A bill providing for the creation of the Texas Canyons State park, to include the Grand Canyon of the Santa Helena, San Vicente and Boquillas or Dead Horse Canyon in Brewster county, was introduced in the state legislature recently and received a favorable report from the committee on appropriations. It was learned from recent Austin dispatches.

Mr. and Mrs. Charlie Rogers spent the week-end in Alpine with her parents, Mr. and Mrs. J. H. Fletcher.

Mrs. C. L. Surratt and son are visiting relatives in Barksdale.

Mrs. James Kerr and son, Bernard were Easter holiday visitors in San Antonio with relatives.

Effective April 1st, postmaster and clerical employees salaries

Assembly Program

This week the picture show was "I Am An American Soldier". Another film showed Columbia and Venezuela.

The first and third grades, under the direction of Miss Lea, presented a play entitled "The Heart of Gold". The characters were as follows: Shirley Thompson and Mickey Glasgow, twins; Odell Caruthers—soldier doll; David Mitchell—sailor doll; Mary Wolff—French doll; Jan Lovell—Jack-in-the-box; Ruby Jean Bell—Kewpie; Mickie Hahn—singing top; Joan Secrest—Dutch doll; Johnny Floyd—Clown; James Bean—Indian doll; Jimmie Harrison, Wylene Cox, Joe Wayne Jones, Suzie Persch, Dickie Morrison, Doris McDonald and Perry Calk made a train; Dorothy Hill—Rag doll and Tom Mansfield—Mickie Mouse.

view of the fact that he has to invest approximately \$1,000 in equipment.

Mrs. John Harrison has returned from an extended visit with her parents, Mayor and Mrs. Jno. Long in Del Rio.

WITH OUR NEIGHBORS

Fort Stockton Pioneer—The Pecos County State Bank has been approved as an official depository and fiscal agent of the United States Treasury Department, effective March 26, bank officials were notified Wednesday of this week. The Fort Stockton bank now is qualified to receive deposits of

TOM MILLER AETNA LIFE INSURANCE COMPANY Del Rio - Sanderson

SEEING THE SENIORS

The public is now being given the opportunity of learning the life secrets of that tiny blonde bomber, Kathryn Nell Nance.

This little lady was born in Sanderson, Texas August 26, 1926 and has (as I mentioned before) blonde hair and blue eyes. Kat or Kitten, has gone to school in Sanderson all her life luckily for us. Her hobbies are swimming and horseback riding, both of which she is good at, from the opinion of an eyewitness. Her favorite pastime is dancing and though she doesn't take up much room in their arms, the boys seem to enjoy this pastime very much. Her favorite food is fried chicken and color is red. When Kat goes to the movies she swoons over Alan Ladd and dreams over "Brazil". Her favorite book, when she reads is "This Above All".

This tiny tot wants to be a private secretary and therefore her favorite subject is Short-hand.

After graduation she plans to go to college and win the hearts of everyone there. In school she belonged to the Choral Club, Pep Squad, and Volleyball Team, of

were reduced 15 per cent making the salary of the postmaster in this city \$148.75 per month and clerk \$80.00 per month.

This is quite a reduction for the postmaster at Sanderson in the Treasurer of the United States, and designated paying officers may draw checks against such accounts in the bank here.

Alpine Avalanche—The Presbyterian church building, North Fifth and Ave. C., was completely destroyed by fire of undetermined origin early Thursday morning.

The fire had gained considerable headway before it was discovered about 1:20 a. m., by a passerby, who awakened Rev. Fred Rogers, the pastor, who, with his family, lives in the manse, a few feet east of the church. The fire apparently started between the ceiling and the roof.

Wink Bulletin—Actual work will get underway today, on re-topping State Highway 115 through Winkler County. E. F. Horton of C. Hunter Strain Construction Company, said. The highway extends from the North Ward county line through Wink and Kermit, to the south line of New Mexico.

Big Bend Sentinel—Khaki-clad youth of Marfa AAF Advanced Flying School marched with unit officers and before reviewing officers of the military post Monday morning in a review that was the first one in which virtually all the enlisted personnel of the School took part.

The focal point of interest was the Class 43-D of Aviation Cadets, unit which had completed advanced training in the handling of the Cessna twin-engine plane. Letters of appointment as Second Lieutenants in the Army Air Forces, and the coveted wings of an Army pilot, were given the Cadets in a ceremony a few minutes later in the Post Theatre.

Monahans News—Application of J. H. Rives, of the Monahans-Pyote Bus Line, to extend the present line to Odessa was granted yesterday, according to a telegram received from James Goodman at Austin. The application has been pending for some time.

Approval by the War Production Board for the purchase of six new buses by the line has also been granted.

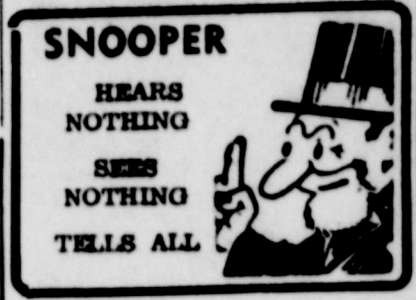

Ozona Stockman—With thirteen vacancies looming to date as a result of resignations by present faculty members, a serious teacher shortage may be faced by the Ozona school system with the opening of the 1943-44 term next fall.

Acid Indigestion

Relieved in 5 minutes or double your money back. When excess stomach acid causes indigestion, heartburn, sour stomach and flatulence, doctors usually prescribe the fastest acting medicine known for symptomatic relief—medicines like those in Bell's and Tablets No. 12. Bell's also brings comfort in a pill or double your money back on return of bottle to us. At all drugstores.

which she is a very energetic member.

Kat's pet peeve is conceited people, and her pet like is (she didn't say so but we gathered it) maroon convertables.

Did you see that whole row of girls without dates Friday night at the Lyceum number?

Maurine Frazier seemed to be trying to get everyone else's boy friend Saturday night night???

Why Maurine, what will poor John Lewis think???

We wonder whose ring that is that Connie is wearing around her neck.

My how Jan, Kat, and Betty do rate, did you see that beautiful car they were riding around in Saturday?

We seem to see Douglas Smith and Margaret Pierson going to church quite often. My how religious they are.

We see the girls walking to and from play practice. Say, won't you guys ever get any sense?????????

My, you should have seen that Biology class Monday. They were chasing around all over the hill hunting bugs.

Doris McSparran and Bosco Yeates were going to the show Saturday night. Say Bosco where is your hair.

Have you seen Harvey Nes-smith since he cut his hair off? Please Harvey, don't do it again. Just think only a short time 'till the Senior Play.

Margaret LaForge and Maurine Frazier were quite lonely Friday night. Wonder why? Billy Murrah can really sing "Rancho Grande."

GUESS WHO?

At this time I have a Junior boy that all of you must know. He's really a swell guy and every one likes him very much. He's tall with light brown hair and those green eyes that the Sophomore girls go for. He played football last year and this year he played basketball. Was a darn good player too. He was in the 4-H Club this year and fed 5 lambs. They were taken to Stockton and then on to Fort Worth.

This Junior boy, like all the rest of the Junior boys, is quite a heart breaker, we hear. He's broken a little Sophomore girl's heart quite often this year but it was always mended. Well I'll leave off now for I don't want to tell you exactly who it is. You are supposed to guess.

She's such a cute girl with oodles of friends. She came here last year from North Texas. She's a senior and has brown hair and green eyes. She has a swell personality. She was pep leader last year as well as this year. She plays volleyball and tennis. She's very popular with the students and teachers. At the coronation of the queen, she was the senior dutchess. Now I know you have guessed who she is so I'll just stop and let you tell me instead.

NEW PUPIL—Jeanine Rackley is a new pupil in the 8th Grade. She comes here from Hardeman County near Quannah.

Jack Thomas has dropped out of school to go to Dallas.

Miss Margaret Kinkler spent the week-end with her parents in Beeville.

Lamar School Notes

Every Friday from 11:30 until 12:00 Miss Myrtle Harrell has been helping the children of the Fourth, Fifth, Sixth and Seventh Grades to learn appropriate songs for the exercises at the close of school.

Engracla Perez was born in Sanderson, Texas February 10, 1928. She has black hair and brown eyes. She entered Lamar Ward School seven years ago (Continued to Page Three)

BUSY DAYS AHEAD

For Your Electric Refrigerator

Better Check it Over Now!

All winter long your refrigerator has been loafing along using only a fraction of its cold-making capacity, but the coming of warm weather means it will have to work longer and harder to protect your perishables. Food spoilage is taboo in these days of rationing, so give your refrigerator the care it needs to operate at peak efficiency. Don't let neglect rob you of vital food protection!

FOLLOW THESE POINTERS ON REFRIGERATION CARE

- Defrost whenever frost becomes 1/4-inch thick.
Cover all liquids. Keep defrosting tray dry.
Don't set cold control any higher than necessary. Use quick freezing sparingly.
Make sure door gasket seals tightly. Keep free of grease.
Don't crowd shelves. Air circulation is vital to efficiency.
Don't store hot foods. Let them cool first.
Don't open door oftener than necessary. And close it quickly.
Keep refrigerator clean, condenser coils dust-free.
Oil open unit models periodically as instructed. Sealed units need no oiling.

Why should I buy War Bonds?

Some answers to a question every one of us should ask

1. The Government has figured out that, to pay for the planes, tanks, ships, and other tools of victory we need, you and everybody else should put at least 10 percent of his pay into War Bonds.

That's the main reason for putting at least a dime from every dollar into War Bonds. But here are some others:

2. Every \$3 you invest in War Bonds will return you \$4 in 10 years. Simply from a cold-blooded financial viewpoint, no more surely profitable investment was ever offered to anybody, anywhere.

3. The United States Treasury is the world's safest place to put your money. War Bonds are just like money in the bank. They earn more money for you. A War Bond is a "promise to pay" backed by the world's strongest Government.

4. Suppose you lose the Bonds. Suppose they're stolen, or burned. You do NOT lose your money. Every bond you buy is registered in your name at the Treasury Department. NOTHING can prevent you getting your money back—with interest.

5. Your War Bond money will help keep prices down! There are already fewer things to buy. And, as the President said, "If people with plenty of cash start bidding against each other for scarce goods, the price goes UP!" Put your money in War Bonds—and help keep prices down!

6. Some day this war will be over! Then—there will be plenty of the things you want to buy. Your money will go farther. And if you've bought War Bonds, you'll have the money to get more of all the things you can't buy today!

7. The best way to buy Bonds? Through the Payroll Savings Plan! It's a safe, sure, automatic way to make you save regularly—to help you accumulate the money for a comfortable, independent old age, for putting a child through college, for traveling, for buying a home or a farm.

8. If you are already putting 10 percent of your pay into War Bonds, through the Payroll Savings Plan, boost that 10 percent if you possibly can. If you're working in a place where the Plan is installed, but haven't signed up yet, do so tomorrow!

9. If you're working in a plant where the Plan has not been installed, talk to your employer and see if it can't be installed right away. The local bank will help. If, for any reason, you're unable to get on a Payroll Savings Plan, the bank will help you start one of your own.

10. The time is NOW! The President has said: "Lost ground can always be regained. Lost time—never!" Your Government needs the money for ships and planes and guns—now! See your employer today and tell him you want 10 percent or more put into War Bonds every pay day.

5 REASONS WHY

1. By investing in War Bonds you help provide the planes, the tanks, the guns, and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

SAVE WITH U.S. WAR BONDS EVERYBODY...EVERY PAYDAY... AT LEAST 10%

The above is one of a series of messages to be brought to you by patriotic firms who desire to give you full particulars as to why you should LEND your DOLLARS to back our sons, husbands, fathers and friends, who are willing to GIVE their LIVES so that the world might be a free place in which you and your children, and they and their children, might live in freedom rather than as slaves to ruthless dictators. Every dollar put in bonds helps them.

ON THE HOME FRONT

Office of War Information

As of now, here's a pretty good look at the food picture for 1943: Compared with 1942 and roughly estimated on the basis of prospective 1943 output, civilians this year will receive about 11 percent less meat; 27 percent less canned and shell fish; 21 percent less butter; 11 percent less cheese; 15 percent less canned milk; 51 percent less canned fruits; from 3 to 25 percent less of various fresh vegetables; 27 percent less canned vegetables; 6 percent less dry beans; 22 percent less sugar; 21 percent less rice; 29 percent less coffee; 60 percent less tea; and 12 percent less cocoa.

Civilians will have about the same amount of fresh and frozen fish, eggs, turkeys, fluid milk and cream, lard and other cooking fats, fresh citrus fruits, canned fruit juices, dried fruits, tomatoes, potatoes and sweet potatoes, corn, oats and barley for human consumption.

Civilians will have 30 percent more chicken; 57 percent more margarine; 9 percent more apples; 13 percent more frozen fruits; 7 percent more wheat; and 13 percent more rye.

Three-quarters of the total 1943 output will go to civilians, the rest to our own fighting men and allies. Assuming average weather, 1943 food production will probably be at least 3 percent greater and maybe 8 or 10 percent greater than in 1942.

Barring widespread crop disaster, the kinds of food troubles that will affect most American civilians in 1943 will not menace life or health.

To many civilians, the tire situation remains confusing today, but to the people who are fam-

iliar with the widespread ramifications of the serious rubber situation, it remains a familiar story—a story which had its beginning in the Jap attack on the United States at Pearl Harbor.

There is absolutely no cause for optimism. It is no secret that thousands upon thousands of certificates are in the hands of motorists now with no tires available for purchase.

In a summary of the situation this week, the Office of War Information flatly stated: "The great bulk of the nation's 27,000,000 civilian passenger car owners are not going to get any new synthetic tires before at least the last half of 1944.

It is expected that some synthetic tires will be available for essential civilian driving by September, 1944, but how many is still an open question. The answer will depend upon progress in manufacture, in which there are still many uncertainties.

Civilians will not get any newly-manufactured crude rubber tires even then, and probably not until after the war ends, when military requirements for the natural product will have abated.

Supply of tires now on hand is limited to those manufactured prior to Pearl Harbor and still in stock, a small supply of "victory" or war tires, and about 5,000,000 tires collected through the idle tire purchase plan, most of which require repairs or recapping. All of these together represent about one-half a tire for every car now in operation.

The five tires now in the possession of the average owner, multiplied by 27,000,000 car owners, in general constitutes the nation's priceless civilian automobile rubber reserve.

The 150,000 pressure cookers which will be produced in 1943

O C D Says Thrift Coming Back With Victory Gardens

The pioneer virtue of thrift is coming back with Victory Gardens. As Poor Richard so aptly pointed out, saving is as essential to prosperity as making, and for a century America grew and thrived mightily—not by making a great deal and spending it, but by saving some out of the little that the masses of Americans made.

Twenty million Victory Gardens in town and country constitute a splendid patriotic contribution to the Nation's war needs, but equally significant, they represent the spirit of self-help, of individual initiative and resourcefulness which is the very essence of democracy. "Despise not the day of small things," we are admonished, and in the total, Victory Gardeners will produce more vegetables in 1943 than the commercial growers.

All this cannot be eaten during the growing season, but all of it should be saved. Judging from the demand for pressure cookers, Victory Gardeners are determined to carry thrift to the ultimate by canning surplus vegetables and fruits. There will not be enough pressure cookers to meet this demand, but a "good neighbor policy" on the garden front can multiply the output from the cookers which are on hand. Paraphrasing another Victory motto, let's "Keep 'em steaming."

Before the day of steam pressure canning, the pioneers found other ways of preserving food—drying, water-bath canning, brining, pickling, and storing in cellars. Modern "dehydration" is nothing but streamlined drying. Quick-freezing and cold storage are only improved pro-

cesses of an ancient principle. "Where there's a will there's a way," and Victory Gardeners of 1943 will justify their heritage from the pioneers by finding the way to save the good food they are growing. Civilian Defense councils are lined up for an all-out job of food production and conservation, and information will be supplied for those who ask for it.

Mrs. Tol Murrah and Mrs. Landon Rose went to San Antonio Saturday where Mrs. Rose went for medical treatment. They returned Wednesday of this week.

Mrs. Jessie Conrad and daughter, Lois, visited in Del Rio Friday and Saturday.

Miss Margaret Kinkler spent the week-end in Beeville visiting with her parents.

Mr. and Mrs. J. M. Bassett went to San Antonio Thursday for a visit with their daughter, Mrs. Ben Estes.

Mr. and Mrs. R. G. Hardgrave of Las Cruces, N. M. are here for an extended visit with his brother, E. W. Hardgrave and family.

Capt. and Mrs. Seth R. Davenport arrived Sunday for a visit with her parents, Mr. and Mrs. Joe Nichols, and with other relatives. He is stationed at Camp Barkley, Abilene.

Miss Alma Eldridge went to San Angelo Saturday for a short visit, and then to Floyd where she will visit for the balance of the week with relatives. She is employed with the Sanderson State Bank.

Mr. and Mrs. Jimmie Hanson and son, Eddie, Mrs. Buster Cade and daughter, Waynena, and Earline Cox spent the past week-end in San Angelo.

Mr. and Mrs. J. S. Nance and Mrs. Richard C. Haley and son were Del Rio visitors Thursday.

R. M. Gatlin was carried to a Del Rio hospital Thursday of last week after he suffered a stroke of paralysis earlier. Latest reports were that he was doing some better.

and the rulers do not need the votes of their toiling minions. Without the popular vote, rulers (bad ones like my old school-mate) stay in office, reign by force as in Asiatic countries, and make free with what everybody owns. Enemies of free enterprise are enemies of every other thing that makes America better than Hindustan.

Rattle of the Rail

J. G. McCullar and M. Bell were here from El Paso several days this week.

Engineer C. C. Chapman returned from El Paso Wednesday.

Engineer F. E. Brown visited in El Paso several days recently.

Engineer C. A. Bennett of Del Rio has been quite sick for several days past.

Engineer L. S. Barksdale returned Wednesday from a trip to Houston.

J. E. Marshall, water service supervisor was here from San Antonio Wednesday.

From where I sit...

by Joe Marsh

Grandma Hoskins knows a lot about history—but when we asked her where the first brewery was built in America, she wouldn't take sides.

"You see," says Grandma, "wherever the colonists settled, one of the first things they thought about was food and beer... In fact, one reason why the Pilgrims landed at Plymouth Rock was because the Mayflower was runnin' short of beer."

Well, that was a new one on us, but Grandma showed it to us

—just as it was written in Mayflower's log.

And it seems that all our early American history sort of tempered the hard and helped to make us a ant, moderate people.

From where I sit, here's an American drink of moderate and friendliness—kind of a bol of our personal liberty.

Joe Marsh

New Conditions....

During the coming months, all of us will be called upon to do without things to which we have long been accustomed. Each must make sacrifices in one way or another, but all will do it cheerfully so our great nation and its cherished institutions may be preserved.

Many things will go on much as before, and, on these, you may learn to place higher value. As in the past, your bank will be ready to serve you, and we shall endeavor to keep our service attuned to the times.
