FUNERAL SERVICES HELD IN PLEASANTON FOR PIONEER CIVIC LEADER OF COUNTY

G. J. HENSHAW DIES SATURDAY AFTER HEART ATTACK

George Jesse Henshaw, 67, died here Saturday morning at 3:30 o'clock as result of a heart attack suffered Tuesday afternoon while he was going about his usual office work at the courthouse. The body was taken by Oberkamp coach to Pleasanton where interment was made in the family plot at the side of his five brothers, following services conducted by the Masonic Lodge No. 353, with the assistance of the Rev. W. L. Rogers, pastor of the Pleasanton Baptist Church.

The high esteem in which the "Judge", as he was lovingly called, was held and the regret and sorrow brought by his death was marked by the unusual floral tribute paid him by the people of Terrell County who were represented at his last rites by Judge R. S. Wilkinson, County Attorney A. E. Creigh, Jr., ex-Ranger Captain W. L. Barler, John Harrison, member of the county school board, W. H. Savage from the local Masonic Lodge, and J. T. Dillard of the Rotary Club.

Born in Pleasanton, Atascosa County, March 19, 1876, where his early education was received and his youth was spent, G. J. Henshaw moved to San Antonio after graduating from the

JUDGE G. J. HENSHAW

University in 1909 and entered the practice of law. In 1912 he came to Sanderson to take charge of the office of the county attorney at which time he was appointed as assistant to serve during the absence from the state of County Attorney A. T. Folsom. Following the return of the county attorney he conducted a general law office and was connected with the Sanderson Drug Co. until 1914, when he was elected county attorney. He held this office until 1918, at which time he was elected to the county judgeship. This office he held for twenty years, discharging the duties loyally and faithfully. He resumed his general law practice in 1939, continuing management of the Lemons and Henshaw Abstract Co. and of his ranch properties south of Sanderson.

Meal Quotas Remain Unchanged for Local Markets, Stores

OPA Urges Packers To Resume Service Where Discontinued

June quotas for meat for Terrell County markets and stores remain the same as that set for May so far as has been learned here, and the state war board at College Station is putting forth efforts to get the packers to furnish meat to counties of West Texas from which they recently withdrew their services, or to get an increase in meat supplies.

A possible aid to the situation was seen last week when the Dallas OPA announced that packers would be allowed to add transportation costs to meat, in an effort to assure more equitable distribution. It is hoped that this will enable the packer to re-enter the West Texas market.

The order applies to the following counties: Presidio, Brewster, Jeff Davis, Pecos, Terrell, Culberson, Loving, Winkler, El Paso, Hudspeth, Ector, Crane, Midland, Upton, Crockett, Val Verde, Ward and Reeves counties.

A committee appointed by, and working under the supervision of the county war board, to help solve local meat problems include the following: Chairman, Alfred E. Creigh, Jr., Robert N. Allen, Greene Cooke, Dr. Delmar M. Randall, J. T. Dillard, and the Rev. John W. Byrd.

LAST OF ESCAPED NAZIS CAPTURED

The last of two German prisoners of war who escaped from Camp Hood were captured Monday by two civilians at Cedar Park, Texas, 20 miles west of Austin on Highway 29, officials at the camp announced.

The Germans are Ludwig Jung and Harald Stalleicken. Their captors are P. E. Hannett and R. Faubion of Cedar Park. The Germans were placed in charge of Deputy Sheriff Paul Blair of Austin.—San Angelo Standard-Times.

Mr. and Mrs. Van Casey spent Monday in Alpine on business.

MONTAGUE TALKS MEAT PROBLEMS IN WASH. WITH FDR

Judge Joe G. Montague, former Fort Stockton attorney and Judge of the 112th Judicial District for many years, now attorney for the Texas & Southwestern headquarters in Fort Worth, interviewed President Roosevelt in the White House Monday as an official spokesman for the meat industry.

Judge Montague was accompanied to the White House by Sen. Tom Connally of Texas, and as result of his suggestions to the President, Mr. Roosevelt suggested he continue conference with OPA officials on the meat price and supply problems.

Judge Montague expressed vigorous opposition to the subsidy plan of meat price control advocated by some government agencies, and instead seek control of the meat price problem through control of prices paid by government buying agencies. This would tend to control the entire market structure said the Texan, because the government today is buying 36 per cent of all the meat produced in the country.—Fort Stockton Pioneer.

YOUR SOLDIER

We are sure that there are numerous interesting items about every son in the service which his friends would be glad to read about, whether they are at home or are stationed on some far away battlefield.

We have made arrangements with Miss Billie Corder to write a column of these items each week, and we are requesting that mothers, fathers, and wives cooperate with her in getting every item possible in the news concerning our boys in uniform. No personal items are desired, of course, but items about their advancements, their travels, their experiences—all of the things that friends like to hear and read about. If you have an interesting item about your soldier, sailor, or marine, phone Miss Corder at 165, or leave the information at the Times office, phone 39.

Your son is interested in reading about others, just as others are interested in reading about him.

ATTENDS GRADUATION

J. R. Goodykoontz attended the graduation exercises at Anna-polis held Thursday of last week at which time his son, Jimmie, graduated.

Rep. Thomason Seeks Fund to Buy Balance of Lands for Big Bend Park Project

Washington. — If Congress will agree to the transfer of money which it already has appropriated, Texas will be assured a great national park which, after the war, will become an international playground.

Representative Thomason of El Paso has introduced a bill providing for the transfer to the Texas State Parks board of the unexpended balance of funds Congress appropriated several years ago for the Texas Centennial celebration. Then the money was allocated to the Texas Centennial commission, later it was taken over by the U. S. Greater Texas and Pan-American Exposition commission.

Twenty-five thousand dollars remains unexpended by the latter commission.

Up To Congress If Congress will permit the money to be transferred to the State Parks board, it will then be able to buy the last remaining tracts of land needed in the Big Bend National park area.

Thomason said that while four tracts are still needed, only one is large. Its cost will be \$35,000. There is remaining out of money donated in Texas several years ago for acquisition of Big Bend park land the sum of \$13,000.

Wedding of Miss Marijo Horton and Lt. F. V. See Saturday

At Home In San Angelo After Short Honeymoon Trip

Announcement of the wedding of Miss Marijo Horton and Lieutenant Fran V. See Saturday at the home of the bride's parents at Quitman has been received here. The wedding took place at 4:00 o'clock in the afternoon with a Methodist Minister from Jacksonville performing the ceremony.

Mrs. See, the daughter of Mr.

MRS. FRAN V. SEE

and Mrs. S. R. Horton, is a graduate of Lon Morris College at Jacksonville, and was a member of the Terrell County school faculty for the past year. She is a niece of Mrs. J. W. Downum of Sanderson, and has many friends here.

Lieutenant See is a graduate of Yale University, 1941, and entered the armed forces from McAllen, Texas. He is stationed at San Angelo at Concho Field as a pilot at the bombardier school. After a short honeymoon trip they are at home in San Angelo.

Southern Pacific War Service Day Held Here Tuesday

Honoring Former Employees Now In U. S. Armed Forces

A brief, but impressive service was held Tuesday morning at 11:30 o'clock at the Masonic Hall honoring the 12,000 former employees of the Southern Pacific railway who are now serving with the United States armed forces in different parts of the world.

Local officials of the railroad, assisted by members of the Clarence Hallie Mulkey Post No. 160 of the American Legion, presented to the public, and to Southern Pacific employees and their families an inspiring patriotic program.

Colors were advanced by the American Legion, followed by the Pledge of Allegiance to the Flag. The Assembly then sang the first verse of "America". The Invocation was by the Rev. James Todd of the First Baptist Church, and a patriotic piano solo by Miss Edna Mae McAdams was heard. President Mercier's five-point pledge of the Southern Pacific and its employees was then read, followed by a brief address by Attorney Alfred E. Creigh, Jr., wherein the accomplishments of the railroad and its employees in the successful prosecution of the war were outlined. At 11:59 the terminal whistle sounded for one minute while the assembly stood in silent prayer. The meeting was brought to a close with the singing of the second verse of "America" and the benediction by the Rev. John W. Byrd, pastor of the Presbyterian Church.

HIGH WATER WASHES TWO CARS AWAY AT DOWNIE DRAW CROSSING SATURDAY

SECOND RISE IS BETWEEN FOUR AND FIVE FEET

The Ford sedan of W. L. Barler and the two-wheel horse trailer he was pulling, together with the car of the highway department driven by D. M. Wells, were washed down the Downie Draw about 100 yards Saturday night at about 9:00 o'clock.

"Capt." Barler was returning

Miss Dora Maye Luce Weds. Rev. James O. Todd Wednesday

Uncle of Bride Performs Ceremony At Grand Saline

Miss Dora Maye Luce, daughter of Mr. and Mrs. John Luce, became the bride of Rev. James O. Todd, son of Mr. and Mrs. Roger Todd of Gause, Wednesday evening, June 2, at the Main Street Baptist Church. Rev. H. M. Roark, uncle of the bride, performed the ceremony before the altar decorated with pink and white gladioli interspersed with ferns and evergreens. White candles burned in tall branched candelabra. Preceding the ceremony Mrs. A. E. Poe played several selections of quiet music and Miss Eda Ruth Friedline sang "Because".

Given in marriage by her father, the bride wore a gown of white net over white satin designed with bodice and full gathered skirt. Her finger tip veil of net was attached to a Juliet cap worn in her coiffure. She carried a bridal bouquet of white carnations and sweet peas surrounded by white satin ribbon.

Miss Ethel Louise Clower of Dallas, former roommate of the bride at Baylor University, attended the bride as maid of honor. She carried a bouquet of pink carnations and sweet peas.

Bridesmaids were Misses Joyce and Gladys Roark, cousins of the bride, of Arlington. They wore gowns of pink and ivory and carried colonial bouquets.

The groom was attended by Rev. Ralph Reason of Fort Worth as best man. Ushers for the ceremony were Rev. Simpson Daniel, Pastor of Main Street Baptist Church, and A. E. Poe Sr. Immediately following the ceremony, a reception was held at the home of the bride's parents. The table was laid with an imported lace tablecloth centered with an arrangement of pink roses on a reflector. Arrangements of pink flowers were used throughout the reception rooms. Assisting in the dining room were Mrs. W. D. Barber and Mrs. W. H. Quinn. Mrs. Cecil Thomas and Mrs. Don Hayes presided at the punch bowl and Miss Gladys Roark served the wedding cake. Music was furnished by Mrs. Simpson Daniel and Mrs. Raymon Cornes.

When the couple left for a short wedding trip the bride was wearing a two-piece suit of dusty pink crepe, pink hat and gloves and black bag.

Mrs. Todd is an honor graduate of Baylor University. While in Baylor she was a member of Pi Gamma Mu, Alpha Chi, Kappa Delta Pi, and the B. S. U.

Rev. Todd is also a Baylor graduate and is now pastor of the First Baptist Church of Sanderson. While at Baylor he was a member of the Baylor track team, the Varsity B Club, Ministerial Alliance, and the B. S. U.

Out-of-town guests for the ceremony were Rev. and Mrs. H. M. Roark of Temple, Prof. and Mrs. D. B. Roark, Forney, Mr. and Mrs. J. O. Roark and son, John, J. D. Roark and Miss Maude Roark of Arlington and W. C. Clower of Dallas—Grand Saline Sun.

from taking a horse to Clarence Jessup when his car became stuck in the gravel as he was crossing the draw. Water was approximately eight inches deep at that time, 7:00 o'clock, but enough gravel had been washed in to stall the car. Mr. Wells, accompanied by Mrs. Wells, drove out the highway to see if the draws were up as result of the heavy rains to the west. When they reached the Downie Draw where Mr. Barler was stalled, about 8:00 o'clock, water had already risen to a point where it was running through the car over the floorboards.

Mr. Wells attempted to tie onto the car to pull it out, but in the process drowned out his own motor. Monty Wallace, who had also driven out to see about the water, and Mrs. Wells returned to town to secure the highway truck and employees to pull both cars from the water. They had just returned and were attempting to tie on with the truck when another rise of water, between four and five feet hit them, carrying both cars down the draw.

Mr. Wells jumped from the car when the water struck and swam to shore, although he went under several times before he finally reached the shore where he could climb out. Mr. Barler crawled from his car onto the highway coupe and rode it down stream until the water washed it in toward the bank. Persons on the bank then extended a pole as far as possible and he jumped and caught it, being pulled out of the water.

Mrs. Wells, who was watching her husband as he was being washed downstream, started along the bank in pursuit. She came to what she thought was a narrow puddle of water, although it was too wide for her to jump. She decided to wade through it and when she stepped into it she went completely under. It was only a washed-out crevice and the water was not running, but had backed up and filled the six-foot hole. She was able to get out alone without difficulty.

The cars were brought into town Sunday by the highway department. Both were badly damaged with tops crushed, fenders bent, and the motors water-logged.

"Capt." stated that practically everything that he had in the car was recovered with the exception of a \$150 watch which he had carried for two or three years. He said that it had been guaranteed by a local merchant, however, and that he was going to have him make it good.

Rains reported west of town were one and a half inches at the Downie ranch, with heavier fall at the Ernest Jessup place. When Mr. Barler was asked how much it had rained he replied, "Something like eight feet."

Two and a quarter inches of rain was reported at the Van Casey ranch the same afternoon.

THE NEW FRONTIER

Every great war opens a new frontier. Prior to the first world war, the frontiers were geographic. The civil war was followed by the great westward trek of war weary men and women looking for new opportunities and a new life.

The miracles of the sulfa drugs, derivatives of coal, are just one phase of the coming revolution in discovery and research. Rubber synthetics are multiplying almost by the score, along with plastics and other materials, each of which can easily mean the establishment and growth of an entire new industry.

public as yet knows nothing. There is a petroleum synthetic, for example, that is effective for its purpose even when diluted in a ration of one part in 100,000,000; it is handled in a "concentrate" of 81 per cent. The future will see 100,000-mile tires, 20,000-mile lubricating oil, 50 to 70-mile-to-the-gallon gasoline, and sealed cooling systems with petroleum-product liquids in both cars and planes.

This country has just begun to grow. Individual initiative and the capitalistic system are inseparable from the American republic type of government. They have barely begun to flex their muscles. If the way is kept clear, they will make the past seem puny by comparison with the future.

Blank notes at the Times office.

It Happened in Sanderson TEN YEARS AGO This week—Remember?

June 16, 1933

One of the largest crowds to assemble here in many years gathered Thursday morning for the opening events of Sanderson's big annual Rodeo and Barbecue.

Ranchers are jubilant here this week over a slow, steady downpour of rain which started falling early Wednesday morning and continued intermittently throughout the day. A total of 51 inches fell in town.

In a seal bid sale held in this city last Thursday by the Sanderson Wool Commission Company, who offered 160,000 pounds of 12 months wool, only 70,000 pounds were sold, prices ranging from 22 3/4 to 25 1/2 cents, and bids were rejected on about 90,000 pounds.

A wedding of interest to their many friends was that of Miss Pat Simms to Mr. C. L. Sims Saturday evening, June 3, in New Orleans, La.

Mrs. Lee Grigsby spent several days in San Antonio this week shopping and visiting with friends.

Mrs. J. W. Downum has as her guest her brother, Travis Horton of Mineola, who arrived the latter part of last week to spend the summer here.

WITH OUR NEIGHBORS

Big Bend Sentinel, Marfa—In county agent work a number of years, Houston E. Smith, Texas Agricultural and Mechanical college graduate, has assumed the duties of county agent in Presidio county, succeeding Ryan Howard who has had the work several months.

Alpine Avalanche—Efforts to secure an airline through the Big Bend county are being renewed by the Braniff Airways of Dallas, according to an announcement by the Alpine chamber of commerce.

Recently, an application for a permanent route from El Paso to San Antonio, by way of Alpine, Marfa and Fort Stockton, was turned down in Washington.

THE OLD JUDGE SAYS... "You were absolutely correct in making the statement you did, George...not a drop of whiskey has been distilled in this country since last Fall." "That's what I told the boys down at the lodge, Judge, but they were so surprised I thought maybe I was wrong." "No you weren't, George. The truth of the matter is that a year before Pearl Harbor, the beverage distilling industry voluntarily offered its facilities to the government. Many companies started to produce alcohol for war purposes almost immediately. And just as soon as the government's requirements increased, the distilling facilities of the entire industry were converted 100% to the production of war-alcohol and nothing else. As a matter of fact, the beverage distilling industry is producing about half of the government's needs for this vital war material. And that's a 24 hour a day, 7 day a week job, George." "I'm glad I told you about my talk with Sam, Judge. You've given me a lot more facts on that subject."

When VICTORY COMES WE'LL have two grand reasons for celebrating Victory. Peace will be reason enough, but we'll have another very important one—a fact saved up in War Bonds to buy all-electric kitchen we're dreaming of. What kind of a house would you put here?

AFTER THE WAR, somebody's going to put up a new house on that pretty rise of ground that overlooks the river bend just outside of the town line. Nothing elaborate. Just a pretty little house snuggled into the trees as though it belonged there.

Somebody else may buy the old Ward farm. There should be many a good day's hunting in those rolling fields and back through the woods over to the State road. Fixed up a little bit—and it shouldn't take much money—it would be a livable place for a man and his family.

Yes, somebody's going to buy it. Somebody's always coming along, with a dream and a little

money, and doing the things we'd promised ourselves we'd do someday.

But this time, why can't that "somebody" be you?

Look... Suppose you put 10 percent of your pay into War Bonds. At least 10 percent—more if you possibly can. And keep putting it away—putting it away—putting it away. Week after week—payday after payday. Here's what happens:

Before you know it, you get so you hardly miss that money. And if you do miss it, you've got something better to replace it—the knowledge that you, personally, are helping to insure a steady flow of planes and tanks and guns to the men who

fight. The knowledge that you, personally, have toed the mark and are helping to win the war.

Then, one of these days, when peace has come again, the money you've put away starts coming back to you. And bringing more money with it—you get four dollars for every three that you put in!

When that day comes, you can get out your pencil and start figuring just what kind of a house you'll put on the river bend.

But to be sure that day does come, you'd better do this: You'd better get out your pencil right now and start figuring how you can save at least 10 percent of every single pay check with U. S. War Bonds!

SAVE WITH U.S. WAR BONDS EVERYBODY...EVERY PAYDAY... AT LEAST 10%

The above is one of a series of messages to be brought to you by patriotic firms who desire to give you full particulars as to why you should LEND your DOLLARS to back our sons, husbands, fathers and friends, who are willing to GIVE their LIVES so that the world might be a free place in which you and your children, and they and their children, might live in freedom rather than as slaves to ruthless dictators. Every dollar put in bonds helps them.

might be organized into one common school district; and then the voting of bonds and building of the new school buildings of Sanderson, the present Dryden school, the Independence school and a small school near Watkins. He also was instrumental in introducing into the schools the health inspection program which is conducted each year with the help of a county nurse.

When his efforts were started on the highway projects, there was no road to Del Rio, and he pioneered with the highway department until roads were obtained. Highway 90 was among the first projects to be built by the department.

For 15 years Judge Henshaw had served as president of the Terrell County Chapter of the American Red Cross. He had served as county superintendent of schools, chairman of the Agricultural Adjustment Committee, appeal agent for the Selective Service, and chairman of the county war board. He has been an active Rotarian for sixteen years, a leader in Masonic work and a 32nd degree Mason.

Truly, the people of Terrell County lost a devoted servant and a distinguished citizen in the untimely death of former Judge George Jesse Henshaw.

Survivors include a brother, Wallace Henshaw Sr., of Sanderson; two nephews, Wallace Henshaw Jr., of the U. S. Navy,

and Bill Henshaw of Sanderson; and a niece, Mrs. Kate Higgins of San Antonio.

MEMORIAL RESOLUTION

In the Commissioners' Court of Terrell County, Texas, at its regular term, June 14, 1943.

Whereas, an all wise Providence did on June 12, 1943, reclaim the spirit of our devoted Public Servant George Jesse Henshaw and this Court fully appreciating the profound loss to the people of Terrell County and thus desire to express, to his family and the public, the high esteem with which all West Texans held him.

NOW THEREFORE, BE IT RESOLVED That the Commissioners Court of Terrell County do enter this resolution of respect for the memory of George Jesse Henshaw and refresh for ourselves and our people the many and varied unselfish services of the deceased to our County and to the public at large.

First: As a public spirited Christian gentleman of the highest personal honor.

Second: A faithful Counsellor at law to our people.

Third: As county attorney in 1913 and again in 1917 and 1918.

Fourth: As our devoted county judge and county superintendent of schools, without interruption from 1919 to January 1940, inclusive.

Fifth: As chairman since its organization of the Triple A farm program for Terrell County.

Sixth: As president for many years of Terrell County's Red Cross Chapter.

Seventh: As appeal agent for our Selective Service and as the tireless faithful chairman of the Terrell County War Board.

Eighth: His Masonic, Rotary,

Minister and Bride Honored With Party Saturday

The members of the Baptist Woman's Missionary Society entertained with a lawn party and miscellaneous surprise shower Saturday night at 8:30 o'clock at the home of Mr. and Mrs. O. H. McAdams, honoring the Rev. and Mrs. James O. Todd who were married Wednesday evening of last week at a ceremony in Grand Saline.

Guests gathered in the living room upon their arrival and were then escorted to the sun parlor where many lovely gifts were displayed.

Various lawn games were enjoyed and songs were sung by D. L. Duke with Miss Edna Mae McAdams at the piano.

Refreshments of punch and cookies were served to about seventy guests.

and other fraternal community efforts are remembered.

Lastly: We realize that words are futile to recount the many and manifold public services. He gave unstintingly of his talents to the social and economic life of Terrell County. In behalf of our people we revere his memory and attest our sense of loss.

It is ordered that this memorial be spread upon the Minutes of the Court and that the clerk do release to the family and the press a copy of this Resolution signed by the members of the Court and the Officers of Terrell County. Attesting:

R. S. Wilkinson, county judge; M. H. Goode Jr., district and county clerk; J. S. Nance, sheriff; Alfred E. Creigh, Jr., county attorney; Ben Dawson, county treasurer; R. E. Corder, commissioner precinct 1; Chester Smith, commissioner precinct 2; Sidney Harkins, commissioner precinct 3; C. M. Turk, commissioner of precinct 4.
