

# THE SANDERSON TIMES

SANDERSON, TEXAS, FRIDAY, DECEMBER 10, 1943

NUMBER 41

## RANCHMEN MUST GET CERTIFICATE FOR BUYING FEED

Ranchmen who desire to purchase cottonseed meal or cake must obtain a purchase certificate from the local ACA office, according to announcement made this week. The ruling became effective December 1, by order of the War Production Board.

John Harrison, Donald Duncan, county committeemen, Hugh Rose, county range inspector, and Miss Cornelia Wilson, secretary in charge of the local office, attended a AAA meeting in Big Spring Monday and Tuesday. The meeting dealt with the 1944 range program and with the protein feed situation.

## HUTCHERSON AND CLOUDT CASE IS BROUGHT TO CLOSE

The case of Eric Cloudt et al vs. B. W. Hutcherson which was being heard in district court here was closed Wednesday of this week when a settlement was reached between the principals of the case after more than a week of hearings by a jury.

The suit was to cancel and annul an assignment and transfer of promissory notes to W. B. Hutcherson by Mrs. Clara Kirkland, deceased, and was the only suit on the docket for hearing.

Judge Brian Montague dismissed court and returned to Del Rio that afternoon. Roger Thurmond, district attorney, and Mrs. Belle Sutherland, court reporter, also returned to their home in Del Rio.

## Miss Mabel Lanum Is Honored With Shower Wednesday

Mrs. John W. Byrd entertained in her home Wednesday afternoon, December 8th, from 2:30 to 5:00 o'clock with a miscellaneous shower honoring Miss Mabel Lanum, whose marriage to Mr. George Short will take place the latter part of this month.

After several contests were played, guest joined in a treasure hunt, with the honoree making the discovery. Upon opening the box containing the treasure Miss Lanum found many beautiful and useful gifts.

Refreshments of congealed fruit pudding, snowmen cakes, coffee and tea were served by the hostess to Mesdames J. H. Loehausen, John Nichols, Earl Pierson, C. L. Sims, Will Savage, J. M. Corder, R. E. Corder, Sid Harkins, Herman Couch, Ferd Monroe, Albert Appel Jr., T. A. Short, N. M. Mitchell, Ernest Jessup, Mary E. Mitchell, and Misses Marian Brieger and Margaret Kinkler, and the honoree.

## KEEP YOUR DRAFT BOARD INFORMED

A farm worker who fails to keep his local selective service board informed of a change of address or occupation may be reclassified or possibly inducted into the armed forces. Only the selective service board with who the individual has registered has authority to grant him a temporary release from non-farm work which will protect his deferred classification.

Mr. and Mrs. Wallace Pendleton and son from El Paso arrived Friday of last week to visit with her parents, Mr. and Mrs. Sam Harrell, and with other relatives. They returned home Thursday.

Mrs. W. F. Bohlman returned here Thursday night from a week's visit in El Paso with her sister and family, Mr. and Mrs. P. J. Clifford.

James Caroline left Monday for Dallas where he went on business. Mrs. Caroline and Mrs. W. W. Sudduth carried him to Fort Stockton from where he continued by bus.

## TURKEY SHOOT TO BE HELD SUNDAY DECEMBER 19TH

## TWO HOLIDAY DANCES TO BE SPONSORED

The Sanderson Volunteer Fire Department has announced that they will sponsor a turkey shoot to be held on Sunday, December 19. The shoot will be held on the Henshaw Estate place just below the highway warehouse east of town.

Turkeys grown locally, have been secured for the shoot and are fat and ready for baking, according to the boys in charge. Shooting will begin at 1:00 o'clock in the afternoon and those shooting will furnish their own ammunition and shooting irons. There'll be turkeys for all (to shoot at), the announcement says, and it is hoped good support will be received. Funds will go into the Fire Department treasury.

Two dances are also scheduled for the holidays with the first taking place Christmas Eve, and the other on New Year's Eve. Music will be furnished by a local orchestra.

## Range Feed and Pasture Outlook Shows Improvement

## Stroll Below That Of Year Ago Says Range Statistician

A slight improvement in the state average range feed and pasture conditions was shown on November 1 as compared with those of October 1, but with considerable variations between districts. According to information to the A and M College Extension Service from V. C. Childs of Austin, agricultural statistician-in-charge, Bureau of Agricultural Economics, USDA, range feed continued to go down in the northwest districts, and wheat pasturage is spotted and will be very limited.

During October, however, range feeds over the Edwards Plateau generally were improved, and were fair in the Pecos-El Paso area. Meanwhile they declined in the southeast districts, but the extreme south end of the state had generally good grazing and range feed. In the north central and northeast districts pastures were materially improved during Oct.

Range feed condition for the state as a whole was 14 points lower on November 1 than at the corresponding date last year four points below the 20-year average for the date. Concern over lack of adequate supplies of feed, especially proteins, is reported by stockmen in the present and former drought areas of west and northwest Texas.

According to the survey, the situation is reflected in a measurable decline in the condition of cattle in northwest districts, with shrinkage especially noted in some of the dry low Rolling Plains counties. On the other hand, stock were in fair to good shape in other sections. The state average condition was approximately the same as a month earlier.

The condition of sheep was reported low in the northwest portion on November 1 than a month earlier. But some improvement was noted in the Edwards Plateau and Pecos sections, with the state average condition about the same as on October 1. The improvement in the Edwards Plateau area resulted from improved moisture and range feed conditions from late September and early October rains. By November 1, however, surface moisture was somewhat depleted, but soil moisture was most adequate for the present.

Have you answered the call for help in the fight against tuberculosis by promptly returning payment for the Christmas Seals mailed to you? Your help is needed today more than ever before. If you have not mailed in your remittance, do so now.

## Former Ranger of This Section Dies In El Paso Last Week

## Pete Crawford Is Victim of Heart Attack at His Home

Pete Crawford, age 47, former Texas Ranger and game warden and for a number of years a resident of Alpine and this area, died suddenly early Monday at his home in El Paso, following a heart attack.

Mr. Crawford was a state game warden, stationed here, for a number of years and later joined the Texas Ranger force. He was stationed here at the time he resigned from the Rangers and moved to El Paso, about a year ago.

After moving to El Paso he worked for a time as a detective and then became manager of El Ranch hotel. At the time of his death he was manager of Cowboy Park there.

Mr. Crawford was born in Fort Davis. During World War I he served overseas and before that was with General Pershing in Mexico on the "Get Villa" mission.

He is survived by his widow, Mrs. Marjorie Crawford; two daughters, Mrs. Normand O. Wright, the former Miss Mary Ethel Crawford, and Miss Lois Crawford, and two sons, David and Lee, all of El Paso.

Funeral services were held Wednesday at 2 p. m. at the Barry Hagedorn Chapel in El Paso, with Rev. Malcolm Twiss officiating. Burial was in Ft. Bliss National Cemetery with the American Legion in charge of services at the grave.—Alpine Avalanche.

## RETURN HOME

Mrs. Lloyd Ford and little daughter, Cecelia and Harriet Ann, returned to Sanderson Monday from San Angelo. Little Miss Harriet Ann was born in a San Angelo hospital November 9, and weighed seven pounds, six and a half ounces.

## CITRUS MARMALADES NOW POINT FREE

All marmalades made entirely of citrus fruits (principally oranges and lemons) may be bought point free, according to OPA. Marmalades made of citrus and non-citrus fruits in combination are rationed at the same point value as marmalades made wholly of non-citrus fruits.

## UNDERGOES OPERATION

Ed Conner was rushed to a Del Rio hospital early Tuesday morning where he underwent an emergency operation for appendicitis at 5:00 o'clock. Mr. Conner was serving with the jury and was staying in town each night. He had been ill Monday but served as usual with the jury. About 9:30 Monday night he became very ill and requested that a doctor be called. He was alone at the time as Mrs. Conner and little daughter had left that morning for Fort Worth where she planned to visit for several days.

Lt. James Edd Hollingsworth of Camp Barkley is here visiting with his aunt, Mrs. Jennie Freeman, and his cousin, Ray Caldwell. He was accompanied by Captain and Mrs. Jack Warner.

## POISONED AND CLUBBED, DOG STILL LIVES

Sox, the three-year-old female Fox Terrier belonging to the children of Mr. and Mrs. John L. Newton undoubtedly is related to the cat with the proverbial nine lives.

The dog was poisoned last week, along with a lot of other pets of the town, and was thought dying by Mrs. Newton as her body was rigid and lifeless. Mrs. Newton requested Jose Barron, janitor at the Terrell County courthouse, to dispose of the dog for them. Jose took the dog to the junk yard after he had tied a wire around her neck by which he carried her to the truck and dragged her away from the truck at the junk heap. When he had removed her from the truck he said that he thought it would be better to kill her rather than let her lay there and suffer until death came from the poison, so he picked up a piece of board and struck her on the head.

That was one afternoon about five o'clock and two mornings later Sox turned up at home. The wire had been removed from her neck or she had pulled out of it, and she apparently was in good condition. She suffered no ill effects from her experience, and Jose says he might be a pretty good doctor if anyone needs his services.

## Southern Pacific Lines Name New Division Heads

## Office Formerly Held By A. D. Mims Has Been Abolished

Houston—Appointment of E. A. Craft as vicepresident and Thomas M. Spence as general manager of the Southern Pacific lines was announced Tuesday by Executive Vice-President H. M. Lull.

Craft was assistant to the executive vicepresident and Spence superintendent of the Dallas-Austin division with headquarters at Ennis.

The office of vicepresident and general manager, made vacant by the death of A. D. Mims on Oct. 30 has been abolished, Lull said.

Other appointments announced were:

J. J. Moore superintendent of the Houston division, as assistant general manager, succeeding B. S. Hollimon, who died Nov. 3.

H. L. Bell, former assistant superintendent of the Victoria division, to succeed Spence as superintendent of the Dallas-Austin division, and Tom S. Stewart, since 1938 supervisor of wages at Houston, succeeding Moore as superintendent of the Houston division.

## OPA ANNOUNCES CHANGES IN TIRE REGULATIONS

Recent changes in tire rationing regulations announced by OPA are: (1) Recapping of tires for commercial vehicles with truck-type camelback is no longer rationed; (2) Tires manufactured principally from reclaimed rubber (war tires) may now be bought by those persons previously eligible for used tires. Tire and tube rationing quotas for December are not greatly changed from those in November.

Duane E. Smith and family of Alpine spent last week-end here visiting with friends. "Coach", as he is better known to his many friends of Sanderson, refereed the basket ball games held here Friday and Saturday night between the Sanderson Eagles and the Rankin basketballers, the Eagles winning both games.

Mrs. J. A. Oberling went to Alpine Saturday to spend the week-end with her daughter, Miss Laura Oberling.

## FROM TEXAS TO TOKIO

The editor has received a V-Mail letter from LT. D. B. Herbert, who is stationed in England and piloting a fortress in the bombing raids over German held territory. In this letter he has a proposition for the people of Sanderson and this community. He says he will place the name of every person who buys a bond on a bomb, with any message they desire, and when it is unloaded on a target he will write them and inform them as to the target bombed.

Bert says: "Well, here I am, right in the middle of things, but I'm enjoying it. Say, I have a proposition for you and the gang at home. If you will write me the names of the people at home who buy a bond, after you get this letter, I'll write any message they want on one of our bombs and sign their name on it; and have our bombardier drop it down Adolf's throat when security permits. I'll write them the name of the target we dropped them on. Okay? Believe me, I'm proud of Sanderson for going over the war bond quota. It means something to us over here and we're giving Jerry hell too.

"Can you arrange to send me the paper? I really enjoy 'From T to T'. Say 'hello' to the gang for me. Incidentally—Merry Christmas."

Bert, we too, feel that those of and from Sanderson should be proud of the record of support. To date no quota has not been met, but—we at home are doubly proud of the men, like yourself, who are carrying the fight to the enemy on all battle fronts. We cannot imagine anyone who would hesitate to go all-out in support of such men and we feel sure that you will receive those messages for Adolf, along with the information that a bond has been purchased at home for the manufacture of another bomb to carry another message from someone else.

Those who desire to have Lt. Herbert deliver a message for them may leave their names at the Times office, with the assurance that they have purchased a bond since December 5, or they may write to him direct. His address is, Lt. D. B. Herbert, O-745682, 388th Group, 562nd Squadron, A.P.O. 643, New York City, N. Y.

Pvt. Walter G. Downie, son of Mrs. W. T. Bondurant, is now at A. & M. College for a course of Army Air Force instruction which will last approximately five months. After completion of this course he will receive an appointment as an aviation cadet in the Army Air Forces.

A letter from Sgt. Jesus B. Trevino tells us that he is somewhere in England and that he doesn't like the weather they are having there. Says he has a lot of things he would like to say but that they would be cut out by the censor so he will wait until he gets to come home. He adds, "Don't let the town go down and keep the people's chins up."

A letter from Pvt. C. E. (Gene) Litton to his mother, Mrs. E. B. Litton, tells her that he is somewhere in Italy. For some time in the past he has been stationed in Sicily with a railroad battalion.

The letter in part reads: "We haven't had any mail for some time but now six or seven sacks a day comes in. I received a letter from Esther, Mabel and one from Kenneth. I received about four Sanderson Times this week (That's a lot better than the folks here at home are doing Gene. They just barely get one a week).

Here in Italy it is about the same as in Sicily. Our raincoats get plenty of use, although it hasn't been very cold yet. "These Italian people have some funny customs. You see (Continued to page 4)

It Happened In Sanderson TEN YEARS AGO

Dec. 8, 1933

Terrell County Farm Loan Association was organized here this past week to help secure loans for ranchmen of this section who are applying for government relief loans.

Miss Pearl Howell, of San Antonio, arrived here last Saturday and is now employed in the Ladies' Ready to wear and in the piece goods department at the Meer Mercantile Company Store.

Last Sunday afternoon while returning to their home in this city after spending the week at the ranch, Mrs. Albert Appel and children, Miss Ellen and Albert Jr., suffered minor injuries when their Chevrolet sedan left the road and went into a ditch.

The accident was due to parts of the steering gear breaking.

Mrs. J. W. McKee is visiting in San Antonio this week with her daughter, Mrs. T. Maxey Hart and family.

Last Sunday afternoon, Miss Edna Billings and Mr. Elmer Schwabe, motored to Alpine where they were united in marriage. Following the ceremony the young couple went to El Paso

on their honeymoon. They will make their home at San Angelo where the groom is employed.

Miss Mildred Stavley spent the Thanksgiving holidays in Uvalde with her sister, Mrs. Francis Mansfield.

Mrs. C. L. Sims left Monday for Birmingham, Ala., where she will visit relatives for the next few weeks.

WITH OUR NEIGHBORS

Fort Stockton Pioneer — John Hudson, 27, assistant superintendent of maintenance for Pacific Air School, Ltd., died instantly last Thursday night from injuries received when his motorcycle crashed into the side of a trailer truck driven by 15-year-old girl. The accident happened at 8 o'clock at the intersection of Division and Nelson streets.

Wink Bulletin — Pyote — The Army Air Base, Pyote, Texas for nearly a year one of the largest training stations of the Second Air Force, is now officially known as the Nineteenth Combat Crew Training School. This redesignation is the result of the consolidation and reorganiza-

STRICTLY BUSINESS

by McFeathers

"There's no use waiting to see Mr. Knudsen if you don't have a priority number."

tion program which has been instituted throughout the Second Air Force bases. Training of combat crews is being streamlined and at the same time a reduction of personnel necessary to run an Air Base has been effected.

Big Bend Sentinel — Marfa — Highland cattle again were among the prize winners at the International Livestock Exposition in Chicago this week.

Harmen and Sons heavy-weight cattle were second and third place winners, and third and fifth in the medium weight division. The calves were of W. B. Mitchell Estate breeding. The Harmen are feeders in Clinton county, Iowa.

Fort Stockton Pioneer — Oil activity for Pecos county took an upturn this week, with announcement of an important 7,500 test to be drilled by Humble Oil & Refining Co. 9 miles northeast of Fort Stockton, in an area which has been devoid of activity for many years.

Hudspeth County News — The Fenley Mine in the Quitmans a few miles west of Sierra Blanca, operated by J. W. McDaniels, engineer of Dallas is taking out a car of high grade fluor-spar this week. Mr. McDaniels is well pleased with the assays and expects to put a mill at Ethol, four miles west of town, where he has leased a water well.

Bob Beaty is shipping a car of fluospar from the Western Fluorite Company Mine in the Eagles this week. Bob is foreman for the government explor-

atory work at the Western but no fluospar is being wasted through exploratory work and when a car is taken out it is shipped.

AT THE PRINCESS-

OVERON AND AHERNE STAR IN "FIRST COMES COURAGE"

Merle Oberon and Brian Aherne are co-starred in the roles of lovers, who must renounce their personal lives for the exigencies of war, in "First Comes Courage," a picture showing Sunday and Monday at the Princess Theatre. Advance reports indicate that the story is told against a background that is an authentic picture of the fall of misery that has descended upon the once thriving and happy Norwegian communities now trampled under the Nazi heel.

Adapted from Elliott Arnold's best selling novel, "The Com mandos," the locale is a mythical village on the southwest coast of Norway, a village that is a composite of all those villages that have been desecrated, Sullen and resentful under the Nazi domination, the loyal ones band together and form a clever underground system whereby they get vital information through to England. This is done chiefly through the town oculist, who writes coded messages in invisible ink on the lenses of eye glasses he makes for fishermen. These messages eventually get through to the British intelligence and thwart many Nazi moves.

In the town, of course, there are Quislings, tolerated in silent fury by the helpless people who put love of country above all. Miss Oberon plays the role of a high-born woman who is thought a Quisling by her compatriots, but who is, in reality, one of the most active members of the underground. She consorts with the commander of the German garrison, thus getting information which she passes on to the oculist.

When the German begins to suspect her, Commando Capt. Allan Lowell, (Brian Aherne) is sent from London to dispose of the Nazi. Lowell is the fiancee from whom she was parted when war broke out. They have a brief resumption of their romance, but in the final sequence, which includes a large Commando raid, they are forced to sacrifice their love again.

BLUES, RHYTHM, SWING "STORMY WEATHER" HAS 'EM! From vaudeville, night clubs

Beware Coughs from common colds That Hang On

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly stops the cough, permitting rest and sleep, or you are to lose your money back. (Adv.)

and musical comedy, as well as from Hollywood, there has been assembled an array of entertainment headliners for their top-notch musical, "Stormy Weather," shows Wednesday and Thursday at the Princess Theatre.

Something new in musicals, "Stormy Weather" has a film-full of stars combined with a story that is a cavalcade of rhythm. Boasting the best tunes of all, its production numbers are among the finest ever filmed. "Stormy Weather" is the story of swing on the upbeat... from the era of jazz, ragtime and blues to the torrid, tuneful tempos of today.

Lena Horne, Bill Robinson and Cab Calloway and his band top the cast of the tune-packed film. The story, which covers the period right after the last war up to the present day, sets the stage for the musical numbers by ingenious use of the flashback device. Director Andrew Stone placed the numbers to the individual and to say the cast is admirably fitted for the jobs at hand is to put it mildly. Each

ALAMO LUMBER CO. R. V. RANEY, MGR.

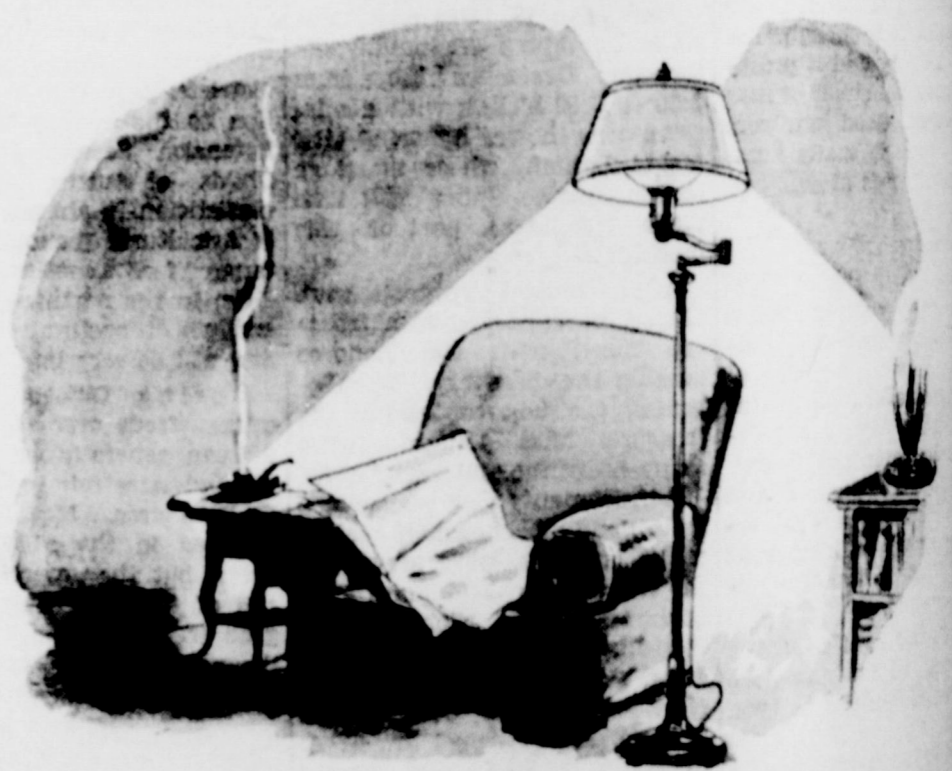

THE OLD JUDGE SAYS...

"Never knew that before, Judge... I would have sworn it was just the other way 'round." "No, Arthur, the grain used in distilling war-alcohol is not wasted. In an efficient distillery up to 29% of it is reprocessed and is returned to farms like yours in the form of premium-quality livestock feed. "Remember, this nourishing remainder is plumb full of protein, vitamins and carbohydrates and becomes a highly-priced feed source."rate.

"By developing new products from this processed grain, the modern distilling industry has taken a leading part in solving the vital shortage of cattle and poultry feed ingredients which are rich in vitamins B-1 and B-2, so essential to satisfactory growth and production. "And what I have told you about the absence of grain waste in making war-alcohol, Arthur, also applies in the making of whiskey, although not a drop has been made in this country for over a year."

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

WHAT'S WRONG IN THIS PICTURE?

Dad has put down his paper and gone to supper without turning off his reading lamp. In ordinary times this wouldn't matter much, but in wartime waste of any kind is a luxury that can well be dispensed with. Wasting light wastes electricity which in turn involves a waste of fuel, manpower, transportation and critical materials needed elsewhere in the war effort. So here's a suggestion. Appoint yourself the light and power warden of your home. See that lights are turned off in unoccupied rooms and that the radio and other appliances are disconnected when not in actual use. There's ample electricity for all essential needs, but please don't waste it just because it's cheap and isn't rationed. Uncle Sam says use what you need, but need what you use.

## TAX RETURNS

(Continued from Page One)

and then deduct any payments made this year on 1942 tax (probably installments in March and June)—and also any taxes withheld and estimated to be withheld from wages. The remainder is the amount you owe and must be paid on or before December 15.

Q. How do I know if I have to file a declaration by December 15?

A. If you filed in September you don't need to file now unless you believe you underestimated the tax by more than 20 percent (33 1-3 percent if a farmer) in which case you should file an amended declaration to avoid penalties. If you did not file in September you should file a declaration if you had in 1942 or expect to have in 1943 income of any of the following amounts or types: (a) More than \$100 gross income other than wages which are subject to withholding and also expects sufficient gross income from all sources to require filing an annual income tax return (\$500 for a single person, \$1200 for a married couple, or \$624 for an individual married person). (b) Wages subject to withholding exceeding \$2700 if single or exceeding \$3500 if married (\$3500 either individually or together in the case of husbands and wives both receiving wages).

In addition, a declaration must be filed by any person who was required to file an income tax return for 1943 and who expects his wages subject to withholding in 1943 to be less than the wages received in 1942.

Q. How accurate must my estimate be?

A. It should be as accurate as you can reasonably make it, especially since by December 15 there will be only two weeks of the year left. However, no penalty will be assessed if the tax is not underestimated by more than 20 percent in the case of a non-farmer or 33 1-3 percent in the case of farmers.

Q. How much is the penalty for underestimating?

A. Generally 6 percent of the deficiency.

Q. When will the penalties, if any, be determined?

A. After the taxpayer files his March 15 annual income tax return showing the correct tax for the year.

Q. Suppose I overestimate, what happens?

A. If an overestimate results in overpayment of the correct tax shown in the March return, the Collector will then give you a refund or credit.

Q. Suppose I made a big mistake and overestimated in September, what can I do?

A. You too may file an amended declaration by December 15. In this case if you receive a bill from the Collector for an installment resulting from your September declaration, you should send this bill with your amended declaration to the Collector, along with any revised payment shown to be due for December on your amended declaration.

Q. Can a husband and a wife make a joint declaration, and if they do can they file separately next March?

A. Yes.

Q. What if I don't file a declaration?

A. There is a penalty of 10 percent of the tax for failure to file a declaration on time.

Q. What if I don't pay an estimated tax installment on time?

A. If the payment is late,

## MAKING AMERICA STRONG

**TURRET ZIPPERS!**

THE ZIPPER GROWS TO GREATNESS IN INDUSTRY'S CONSTANT PROGRESSION. ITS GREATER USEFULNESS IN POSTWAR IS CERTAIN!

When a gun moves in the turret one portion of this double-action zipper opens up ahead of the barrel and the rest simultaneously closes behind it, protecting the gunner and his equipment against such temperatures as 65° below zero.

## "Silent Night"

The battle is over.

The bomb-shattered village is deserted, lifeless.

And the silence that greets our invading men is deathly. It's the kind of grim stillness many of them will know on Christmas Eve this year.

Not like the warm, beautiful "Silent Night" we know. Not like the peace in our homes the night before Christmas.

But the only way we can have some peace in our hearts is to know that we're helping bring our men back. Actually helping by buying all the War Bonds we possibly can. And by giving all the War Bonds we possibly can.

For no other gift could mean so much this year . . . no other gift could do so much good.

In War Bonds, lies the spirit of Christmas.

FOR PEACE ON EARTH • BUY WAR BONDS
