## STOCKMEN WARNED TO OBTAIN PROTEIN FEEDS THROUGH REGULAR CHANNELS

### FIFTY PERCENT OF SOYBEAN MEAL IS RESERVED FOR CCC

Stockmen should make every effort to obtain their requirements of protein concentrates through normal trade channels, B. F. Vance, Administrative Officer of the State Triple-A advises.

Fifty per cent of the soybean meal produced in southern mills from midwestern soybeans is reserved by Commodity Credit Corporation for distribution to critical areas. The remaining 50 per cent is left in the hands of processors for distribution through regular trade channels.

The War Food Administration issued an order effective January 1, 1944 requiring the processors of cottonseed, soybean (except midwestern soybeans crushed in southern mills), peanut, and flaxseed to set aside 20 per cent of their January

production of protein meals for distribution only to protein deficient areas through State and county Triple-A Committees.

The 50 per cent of the soybean meal left with the southern mills, 80 per cent of any other soybean meal, and 80 per cent of the cottonseed, peanut and linseed meal, plus all other types of protein concentrates, are therefore left in the hands of the industry for distribution through the established channels of trade.

"Although Texas will get its fair share of the protein meals made available for directed distribution by the War Food Administration under the set-aside order, it can readily be seen that the small amount available for such distribution will not be sufficient to take care of all the needs of all feeders," Vance said. "It will be sufficient only," he continued, "to relieve the most critical areas where regular channels of distribution have failed to supply the requirements of local feeders."

Vance stated that recent storms and near-zero temperatures developed a critical situation with range livestock in the Great Plains Region. Every effort is being made to rush supplies of protein cake into that area to prevent heavy death losses.

## March of Dimes Campaign Is Under Way; Dance Saturday

### More Funds Needed Because Of Epidemic During Last Year

The campaign to raise funds for the fight against infantile paralysis is well under way this week with those in charge mailing out appeals to all residents of the county and plans completed for the celebration of the President's birthday Sunday with a dance Saturday night. The dance is sponsored by the Sanderson Fire Department, and music will be furnished by local talent.

It has been pointed out that additional funds are needed this year to replenish chapter funds which were used during the 1943 epidemic of the dread disease—the most severe epidemic since 1931, and the third worst epidemic in the history of the United States.

Although no cases were reported in our county, cases were reported in almost all adjoining counties, and could have just as easily been in Terrell. It is pointed out that usually the year following such an epidemic is almost as bad as the year of the epidemic, and funds are needed so that the National Foundation for Infantile Paralysis will be ready to fight this disease.

One-half of all money collected by the local effort will remain in the county to be used in case of a renewal of the epidemic.

## Presbyterian Circle Meets In Home Of Mrs. R. S. Wilkinson

M. in the home of Mrs. Lochausen, to review the foreign mission literature. Mrs. John Byrd, Mrs. Joe F. Brown and Mrs. N. E. Charlton were appointed as a refreshment committee to plan the luncheon. Mrs. J. W. McKee, Mrs. Lochausen and Mrs. C. C. Mitchell were appointed as a nominating committee.

Mrs. Elton Secest gave the devotional on "Mark the Useful Minister". Mrs. Earl Pierson led the program on "Learning and Living". The meeting closed with the singing of the song, "Go as a witness for Jesus".

Mr. and Mrs. D. H. Cunningham and son, of Pumphville, were business visitors in Sanderson Monday.

Announcement has been made this week by Mrs. J. T. Dillard, chairman of the committee in charge, that the Community Center Recreation Room will be officially opened to the public Saturday evening, February 5 at 7:00 o'clock.

This play room, which is to be opened in the large basement of the Masonic Hall is sponsored by the Parent-Teacher Association and the Sanderson Rotary Club with the cooperation of the Sanderson Culture Club and Woman's Junior Club. It is pointed out by Mrs. Dillard that this recreation room is for the entertainment of both young and old, and for the soldiers who are guests of Sanderson. She expressed the hope of the sponsors that all citizens of Sanderson and Terrell County would take an interest and active part in the support of the project, and would share in its use. It is to

## DRIVERS URGED TO RENEW LICENSES TO AVOID TEST

Approximately 450,000 operators licenses of the current issue have recently expired, State Police Director Homer Garrison said today. These licenses bear serial numbers from one to 390,000 and 1,000,000 to 1,150,000.

Garrison urged drivers to check their licenses, which expire two years from date of issue, so that the licenses can be renewed prior to expiration.

When a person's license expires, the law considers him as a new driver, and he must take a driving test.

## Mrs. A. D. Brown Is Hostess To Culture Club

The Sanderson Culture Club met in the home of Mrs. A. D. Brown on Thursday of last week.

The president, Mrs. J. H. Lochausen, called the meeting to order. Roll call was answered with "Pan American News", "Modern Means of Transportation and Communication in the Americas" was given by Mrs. O. H. McAdams, "Southward Over Pan American Highway from Alaska to the Horn" was discussed by Mrs. A. F. Buchanan and "Economic Gifts of America to the World" was reviewed by Mrs. T. R. Arrington.

During the social hour the hostess served tuna fish salad, saltines, cake, tea and coffee to Mesdames J. H. Lochausen, R. A. Gatlin, J. W. McKee, O. H. McAdams, Landon Rose, A. F. Buchanan, Tol Murrain, Joe F. Brown, W. H. Savage, members and Mrs. Donald Duncan and Mrs. Russell Gastel, guests.

Frank Warren and Sid Harkins were business visitors to San Angelo Thursday of this week.

be operated along the same lines which have made such centers so successful in other towns, and present plans call for keeping the center open from 7:00 until 11:00 o'clock on Friday and Saturday nights, and also one night during the week. The mid-week day has not been set as yet, but will be announced in the near future.

Mrs. Dillard, in making the announcement, also called attention to the fact that the recreation room would be orderly and properly chaperoned with two or more hostesses from the sponsoring organizations in charge at all times. The committee requests that all children under high school age be accompanied by their parents, thus lessening the responsibility of the hostesses who are in charge, and also because the room is more specifically for students of high school age and adults.

"The success of this project depends upon the cooperation of the people of this community," Mrs. Dillard said "and we urge that any person who has games of any kind please donate or loan them to the recreation room. We also need lamps, tables, cards, dominoes and other games. Persons who have no games to contribute but who desire to help are invited to make contributions which will be used for the purchase of additional equipment. If you have games or tables that are broken, but can be repaired, they will be gladly accepted as Mr. S. J. Lovell has offered the use of the high school workshop for the repair of such articles."

The committee, composed of Mrs. Dillard, Mrs. C. P. Peavy secretary-treasurer, Mrs. J. W. McKee, Mrs. J. H. Lochausen, Mrs. Hugh Rose, Mrs. H. E. Ezelle, Mrs. C. F. Pickard, Mrs. W. C. Vaughan, Miss Armenta Ragsdale, C. P. Peavy, Supt. Tom Holley, and J. T. Dillard, extends a cordial invitation to all interested parties to stop by sometime during the opening evening for a visit or for games. They feel it will not be necessary to urge you to make your second visit.

## FROM TEXAS TO TOKIO

Word has been received from the Public Relations office of the Eight Naval District, Houston, that Corporal Robert H. Mason, United States Marines, had been wounded in action. Corporal Mason is the son of Mrs. Lucille Garrison.

Lewis William Lemons, U. S. Navy, writes relatives here that he is in a hospital in San Diego, Calif., where he is recuperating from an attack of pneumonia. Says he is much better at this writing but that it will be several days before he will be released from the hospital. He was receiving his preliminary training at a naval base there when he became ill.

Buster Edwards, U. S. Navy, arrived Thursday of last week from San Diego, Calif., for a visit with Mrs. Edwards and children, and with other relatives. He is in boot camp there and left Wednesday to report back for duty.

The E. W. Hardgraves have received word that their sons, Earl L. and Allen W., have both received promotions recently. Earl L. Hardgrave was promoted to the rank of staff sergeant, and Allen was promoted to private first class. Both men are stationed at the Lubbock Army Air Field, Lubbock.

Word from James House and Douglas Smith who are attending Texas University, Austin, informs relatives here that Curtis Litton, in the U. S. Navy and attending school at Texas A. & M., visited with them over the week-end recently. They say he is getting along fine in his studies in radio.

M. G. Northcut, Jr., writes from San Diego, Calif., where he is stationed and is receiving his preliminary training, that he had his first liberty Saturday. Said that he spent the most of the day with his cousin, Mrs. Maxine Stroud, and the first thing he did after he got out of boot camp was guzzle down some chocolate sodas. Also stated that to date he had not had time to get home sick.

Another letter has been received by Mr. and Mrs. J. L. Osgood from Lt. Horace Shelton who is stationed in England. He says that he hasn't received his first issue of the Times yet, but that he is looking forward to receiving it. Continuing with the letter he says: "My navigator and I stayed in London a couple of nights lately and had a pretty nice time. We had a real nice hotel to stay in with steam heat. You may wonder why I mention steam heat, but a hotel in this country with any kind of heat is pretty nice. Most of the hotels have small electric or gas heaters that are very small and you have to put pennies in them to make them operate. The best hotels are just as good as in the states."

"We were lost while flying about ten days ago and landed at a R. C. A. F. base about dark. They were having a big party so we stayed all night and had a pretty nice celebration."

"Gosh, but I'll be glad to leave this country. They couldn't even give it to me. The fog has been so heavy today that we can hardly see, and it is cold enough that the fog turns to ice after it settles on something. Transportation is pretty much of a problem here so they issue bicycles to some of us. I rode to town about 10 miles from here yesterday, a round trip of 20 miles. That's more exercise than I've had in months."

"I'm keeping the diary that Lois sent me and it should have some interesting things in it by the time I get home. How is Lois getting along? Guess she isn't so well satisfied with Roger being gone so much. Is Patty still working school there."

It Happened In Sanderson TEN YEARS AGO This Week - Remember

Herman Pauli manager of the Cowboy Cafe, has an old rifle adorning one section of his cafe that is causing much comment and is bringing back memories to many oldtimers of this section of the country.

It is an old 44 Winchester rifle, the type used fifty and sixty years ago. Evidently the gun has been exposed to the elements for years as all the wood work is badly corroded and rust covers the barrel and mechanism so badly, the opening is an impossibility.

The rifle was found in a Canyon near here recently and as it was cocked, with the shell ejector half open, we wonder what tale it could unfold if it were only able to talk.

Marked improvement can be seen on highways in Terrell county here of late due to the splendid work done by CWA workers. One crew is now working on the Sheffield highway leading north while another is refinishing the State highway No. 3 east of Sanderson.

H. G. Cox, state airport engineer, was in Sanderson Monday looking over sites for an airport location. Mr. Cox selected, and has forwarded to CWA headquarters in Austin with his recommendation, the old landing field which was formerly used by the government as a flying field but later moved to Dryden.

Mr. and Mrs. M. H. Goode, Sr. were Del Rio visitors several days this week.

D. H. Cunningham and Joe Wilson were in town Tuesday from the Cunningham ranch north of Dryden.

ENGLISH CLASS COLLECTS NEWSPAPER HEADINGS

The English III class has been collecting headings from newspapers originating from many states and places.

A paper from almost every state in the Union may be seen on the bulletin boards. California, Washington, New York, Illinois, Louisiana, Washington, D. C. and Ohio are among those represented.

There is even one from Honolulu, Hawaii sent to us by one of our ex-students who is stationed over there at present. Bosco Yeates sent two from California.

Some of the newspaper headings represent the varied interest of people in every kind of work and play. These headings were collected by various students who wrote to friends and relatives for copies.

Anybody that strolls into the English room will be suprised at the many types of newspapers that are printed.

Sunday and Monday to the Princess Theatre. Co-starred in the picture are Donald O'Connor, Susanna Foster, Lillian Gish, Richard Dix, and Peppy Ryan. Outstanding players in the supporting cast include Anne Gwynne and Noah Beery, Jr., while diverting musical specialties are contributed by the celebrated Borrah Minevitch Rascals, the Bobby Brooks Quartette, and Count Basie and his orchestra.

The story of "Top Man," declared to be intimately appealing, deals humorously and dramatically with present day family affairs and situations close to the heart of so many Americans who have readjusted their lives to meet necessary wartime changes.

Young Donald O'Connor, star of the recent screen success, "Mister Big," and appearing in the title role of the new film, is said to outshine his previous portrayals. He plays the part of a resourceful youngster who becomes the head of the family after his dad accepts a Navy commission. Susanna Foster

during musical sequences of the story.

Dix has the "father" role opposite Miss Gish whose screen appearance will be welcomed by countless moviegoers who remember the many silent pictures in which she starred. Miss Gwynne and Noah Beery, Jr. are teamed in situations similar to those which enhanced their popularity in "We've Never Been Licked" and "Frontier Badmen".

### "HEAT'S ON" WITH SONG, DANCE AND COMEDY!

Advance notice on "The Heat's On," a musical extravaganza showing at the Princess Theatre on Friday and Saturday, February 4 and 5, lists a cast, besides the stars Mae West, Victor Moore and William Gaxton, of feature players who will keep audiences warm whether any other form of heat is on or not.

The musical show, "Indiscretions of 1943," starring Fay Lawrence (Mae West), is a flop, Tony Ferris (William Gaxton), its producer, contrives to have the play raided by the police with the idea that the newspaper publicity will boost business.

Tony accomplishes the trick thru Hubert Bainbridge (Victor Moore), mouselike brother of Hannah Bainbridge, (Almira Sessions), crusading head of the Bainbridge Foundation, dedicated to uphold the morals of the nation.

Tony's plan kicks back, however. The show is permanently closed and Fay, furious over the sad outcome, walks out on Tony and very quickly joins another producer, Forrest Stanton (Alan Dinehart) in his potential hit "Tropicana."

Now Tony's furious. He persuades Hubert to call Stanton and advise him that Fay's on the Bainbridge permanent blacklist. Then, feigning reluctance, he allows Stanton to sell him "Tropicana," but pays for it with money he hasn't got.

Desperate, Tony talks Hubert into giving him money from the Bainbridge Foundation's treasury. Hannah having previously left town leaving Hubert in charge. Janey (Mary Roche), Hubert's pet niece is to be starved.

When Fay learns that Tony has bought "Tropicana" she quits cold. Then she meets Hubert and in a very humorous scene learns the truth about Tony's machinations. Stanton is informed. Hannah is phoned in Seattle. She returns and stops the show.

But there is a twist which builds into a big dramatic and musical climax with everything ending happily for all concerned.

"WINTERTIME," STARRING SONJA HENIE, HAS RHYTHM AND ROMANCE

Sonja Henie returns to the screen of the Princess Theatre on Wednesday and Thursday in "Wintertime," which has been hailed as her most successful screen musical. And when you consider that the incomparable Sonja has appeared in such outstanding hits as "Iceland," "Sun Valley Serenade" and "Happy Landing" that is saying a great deal.

20th Century "shot the works" on "Wintertime"—every possible effort was taken to make the musical the best of the season and according to advance reports the studio definitely succeeded.

Jack Oakie, Cesar Romero and Carole Landis are featured in the cast while Woody Herman and his "band that plays the blues" provide the music.

The story is set in Canada, where an enterprising young hotel owner, Cornel Wilde, can't seem to make ends meet. He tries, through the aid of his overly-optimistic partner, Jack Oakie, to bring a wealthy Norwegian and his attractive niece (guess who) to enhance the reputation of his resort.

This sets the stage for the sumptuous production numbers which highlight "Wintertime." Sonja, of course, is without a doubt the finest entertainer who ever laced up a pair of skates—and the numbers she and her talented troupe perform, to the incomparable rhythms of Woody Herman, are superlative. Imaginative, colorful and perfectly executed, these routines rank with the best that Sonja has ever done and prove the cappers in a film full of entertainment delights.

Carole Landis, who recently returned from an adventurous trip abroad to entertain our fighting men, shows the charm and appeal that had the troops cheering everywhere she went. Oakie has a million laughs which he delivers with machine gun rapidity, while Romero, the handsome Manhattan Latin, tries to make up his mind whether he likes Sonja better than he does Carole.

The tragic story of the recent epidemic of infantile paralysis when it hit Chicago is graphically illustrated in this photo of a little victim and the chart showing the rise and fall of polio cases. Much credit for lessening the toll of the epidemic—the third worst in the recorded history of the disease in the United States—goes to The National Foundation for Infantile Paralysis which is supported by the dimes and dollars given by the American people. Many of the 1943's more than 12,000 victims are still patients looking toward the 1944 March of Dimes, January 14-31, for aid. (Photo (c) Chicago Times.)
