Early to bed, early to rise, makes one healthy, wealthy, and wise and we may add, ahead of the crowd.

This might very well fit young Donnie Lewellen this week for one day as we fumbled through the mail we came across a letter from young Donnie addressed to none other than Santa Claus.

We don't know why Donnie is in such a rush to get his letter off during the month of August, when Christmas is still a long way off, but guess he just wants to make sure that ol' Santa gets his list this year.

We might add that as in the past, The Star will carry all the letters to Santa during the month of December and in our Christmas Edition.

Now, don't all you youngsters get your letters in this early, for they may get lost in all the mail, and Santa may lose it in preparing the toys this fall.

Donnie has asked for a go-cart, 'Jozer, fire truck and a plain truck.

I sure hope Donnie gets his Christmas wish, and we will forward his letter to Saint Nick come December.

 In looking over our papers which we receive every week we noticed an article in the Frisco County News in the Around Town Column.

Mary Ann Sarchet, the author of this column, has described what it is like to be an eyewitness to a drowning.

She, along with several other people, were watching when a boy drowned at Burson Lakes near Silverton a week ago.

This article, plus the tragedies that have taken place in our own premises this summer, has me watching with renewed interest the goings-on out at Benger Air Park.

Yes, Elvie and Truitt are building, or would the correct term be—"digging" a swimming pool.

They aren't quite ready to release any more publicity about their project at this time, but workmen are busy digging the pool and Elvie and Truitt have been busy getting bids together for the building which will house this new enterprise.

We are proud that we have two forward-looking citizens like these two, who among other folks in our community, have taken a step forward for the benefit of our entire area.

As many of you know, we hollared and screamed quite a bit this year over the fact that Friona needed a swimming pool, one in which the boys and girls (and from what coffee-conversation tells me) and some of the older folks too, can learn to swim.

The new pool will be completed in about two or three months, and although the weather will be cool by then, the pool will be inside, heated and have many more refinements to make it a pool to be envied by many of our neighboring towns.

We hope to have an architect's drawing, plus some more of the operational plans of the pool for next week's paper. Be watching!

Building Permit

The following building permits were issued at the City Hall in Friona during the week ending August 16:

Inez Sherley--permit to move in a trailer house at an estimated cost of \$6,000.

L. D. Taylor--permit to build new residence at an estimated cost of \$4,500.

Arnold Hromas--permit to build new residence at an estimated cost of \$12,450.

Childhood is that wonderful age when all you had to do to lose weight was to take a bath.

A PRETTY GOOD LOAD---One of the largest house moving projects around Friona lately took place Saturday when movers picked up what is to be the new home of the Calvary Baptist Church over in Bovina and began their way to Friona. The two-piece church building is shown above at the intersection of Highway 60 and the Rhea road awaiting REA personnel to drop power lines so they can move to their destination north of town.

10th Street Church Sets Meeting

A gospel meeting will begin Friday at the 10th Street Church of Christ in Friona and will be held through Sunday, August 28.

Roy E. Hazelton of Phoenix, Arizona will be the guest speaker at the meeting. The general public is cordially invited to attend.

'Good Turnout' For Summer Band Practice

"We've had a good turnout of students interested in the high school band this week", says Lowell Bynum, band and music director for Friona schools.

Considering those still working, or on vacation we had a good response to the first practice sessions, Bynum added, and we will continue our sessions until school begins.

No practices will be held Monday, Tuesday and Wednesday as Bynum will be attending a convention, but regular sessions will begin promptly at 6 p. m. in the band hall Thursday night.

Band Director Off To Music Conclave

Lowell Bynum, band and music director for the Friona schools, will leave Friona this weekend for San Antonio.

Bynum will attend a three-day convention of the Texas Bandmasters and return to Friona Thursday.

Three Frionans Take Training

Three Frionans are attending summer camp with Co. A, 829 Transportation Battalion, of the Clovis unit of Army Reserve.

They left August 7 and will return this weekend from Eagle Mountain Lake near Fort Worth. Frionans participating are Ronny Ferguson, Charlie Owens and Jerry Loflin.

Late Owl League Trophies Awarded

Awards were presented winners in Late Owl League of Friona Women's Bowling Association in ceremonies at Friona Lanes Monday night.

Ed Hicks, Lanes manager, presented trophies to the three top teams, the most improved bowlers, and women bowling high games, high series, and high averages.

Deep Rock Service Station team from Bovina was first place winner. Members are Rose McCain, Fern Harris, Margaret Minter, Marie Hutto, Nettie Wilson and Mildred Davies; sponsor is Fred Carson.

Second place winner was Kenneth Williams' Tasty-Cream team. Members are Carolyn Carroll, Linda Williams, Barbara Maynard, Betty Castleberry and Nancy Norwood.

STILL TREMBLING---Ed Duke holds another innocent victim in the narrow escape from death Monday afternoon. Judy, a small Mexican Chihuahua was still trembling almost an hour following the crash when the car in which she was riding left the pavement, jumped 45 feet into the air and came to rest 147 feet from the street.

FRIONA MAIZE DAYS

Dan True Is Queen Emcee

Dan True, Channel 10's weathercaster in Amarillo, will serve as the master of ceremonies during the Annual Maize Days Queen Contest, announced Deke Kendrick, chairman of the contest, this week.

In addition to this announcement, a deadline for those desiring to enter this year's contest has been slated for Saturday, August 27.

The girls will be the guests of Cotton John Smith on his Farm and Home Show over Channel 4, Amarillo, Saturday afternoon, September 3.

All sponsors, and those desiring to enter this year's contest are urged to make their wishes known and contact Mrs. Kendrick as soon as possible.

In other news concerning the annual Celebration, Porter

Roberts and Martel LeVeque, Celebration co-chairmen, have reported this week that all the committees are working to get their respective jobs in order in time to meet the deadline.

Lions club representatives have ordered the Shave Permits, and they will go on sale as soon as they arrive.

Several beard-growers have been noted around town, and Walter Cunningham and Glenn Reeve Jr., again have a head start on most of the bushy-faced individuals seen in the past few days.

Another "addition" to the Celebration this year will be a Donkey Ball Game between members of the Friona Lions and the Friona Jaycees.

The game will be sponsored by the Jaycees and the proceeds

Financial Aid Asked For Mosquito Control

At a special meeting last Wednesday afternoon, the Parmer County Commissioners Court voted to request state support for taking immediate steps toward control of mosquito infestations in the county.

A representative of the State Health Service Department met with the commission and discussed the matter of state participation in control measures for Parmer County, one of 11 Panhandle counties named by the state Civil De-

fense as disaster areas.

These West Texas counties were named disaster areas because of the large amounts of rain received this summer, resulting in a heavy mosquito population. The rains have increased the number of mosquito vectors causing arthropod borne encephalitis.

The commissioners authorized the following telegraph message to James L. Garner, state coordinator of civil defense and disaster relief, in the state

governor's office:

"Owing to the abnormal rainfall in recent weeks creating prolific adult mosquito infestation with continued increase of mosquito vectors causing arthropod borne encephalitis, the emergency condition is now beyond local capabilities. Financial aid is requested through your office to assist in reducing threat of a potential encephalitis outbreak among people of Parmer County."

Approval from the state was expected this week.

If the okay is received, work will begin immediately on spraying lakes in the county and dusting the towns. Farwell, Friona and Bovina will be dusted in addition to the communities of Lazbuddie, Oklahoma Lane, Lariat and Black.

The control measures will be taken on the local level, but the tab will be picked up by the federal government. It was estimated that these control measures in Parmer County would cost \$5,300.

Farwell Mother, Sons Narrowly Escape Death

Mrs. Dorothy Ford, 27, of Route 1 Farwell, and her three sons narrowly escaped death serious injury Monday afternoon when the 1957 Oldsmobile in which they were driving left the highway at the intersection of Highway 60 and West 5th Street (Loop) in Friona about 4:50 p. m.

Mrs. Ford was driving the Olds and as she attempted to turn off the highway onto the Loop her auto left the highway, crashed into a stop sign, bounced off a four foot embankment and sailed 45 feet where it struck the ground again and skidded to a halt another 120 feet farther down the road.

Mrs. Ford was accompanied in the car by three sons,

Curtis, 8; David Drew, 5, and Kevin, 1 1/2.

The auto never did turn over but "took off like a rocket" when it hit the embankment, according to Bob Zetsche, who was leaving Friona for Clovis and was just beginning to pull into the intersection when the speeding auto came by.

Zetsche and Police Chief Ben Moorman took the Ford family to the Parmer County Community Hospital where they were treated for cuts and bruises.

They were held overnight for observation, but Monday night doctors said they seemed to

have come through the accident in "good shape."

Mrs. Ford was charged with driving at an unsafe speed by investigating officers Fred Lenz and Noel Carter, of Dimmitt, members of the Texas

Highway Patrol.

Judy, a small Mexican Chihuahua, was left alone in the car following the accident and when curiosity-seekers began

REPLACES M. B. MCKINNEY

Paul Smith New Church Minister

Announcement has been made of the resignation of M. B. McKinney as minister of the Sixth Street Church of Christ. Paul Smith, formerly educational director of the Church of Christ at Dimmitt will assume duties of minister of the local church next week.

Smith grew up in Amarillo and is a graduate of Amarillo High School. He moved to Dimmitt about one year ago after working with the Church of Christ at Fort Collins, Colo. five years.

Prior to that he spent eight years doing mission work in Colorado and three years as the local minister at Spearman.

He and his wife are moving into the minister's home, being vacated by the McKinneys, who are moving to Dimmitt. They have a daughter, Mrs. Ray Blume of Oklahoma City, and a son, Dan Smith, who is

stationed at Aberdeen, Maryland.

The McKinney family first moved to Friona in 1953 and have lived here since that time with the exception of one year spent at Dora, N. Mex.

FIRST PLACE TROPHY WINNERS---Members of the Deep Rock Service Station team from Bovina were named winners of the first place trophy at the presentations of the awards Monday night. Those pictured above are, kneeling, Nat Read, and Carolyn Carson for the sponsor, Fred Carson holding

the sponsor's trophy; second row, Margaret Minter, Nettie Wilson, Rose McCain and Mildred Davies; Marie Hutto, team captain and Fern Harris. (See pictures of all the winners on page 1, section 2 this issue.)

Hereford Man Posts Bond

John Ketchersid, 56, Hereford, posted \$1,000 bond Monday at Farwell after being charged with driving while intoxicated. He was arrested Sunday afternoon in Friona by the Parmer County Sheriff's Department.

Judge Loyde Brewer was out of town, so Ketchersid was released on bond. He is scheduled to be tried in Parmer County Court Monday.

Jennings, Doris Jackson, Opal Bell, Mary Lou Cason, Thelma Johnson and Marjorie Botkin. Receiving trophies for the most improved bowlers were Betty Reed and Fern Harris, 27 pins. Also recognized in this category were Doris Jackson and Ruth Redden, 26 pins.

Joy Hall received trophies for high game, 210; high series, 515; and high average, 151. Following her in high games were Virginia Jennings, 193; and Doris Jackson, 190. Second and third in high series were Billie Johnson, 457, and Barbara Maynard, 457. Layvon Hughes with 139 and Opal Bell were second and third in high averages.

Thelma Watkins was presented a trophy for her work as city association secretary.

61 Boys Report For Football

A total of 61 boys turned out this week for uniforms and the first drills in preparation for the 1960 football season at Friona High School.

Of the 61 boys, a total of 21 reported for the 8th grade "Fish" team.

These boys received their uniforms Monday and began their drills Tuesday afternoon under the direction of Coach Tom Jarboe.

Up on the "A" squad Coach Earl Smith and his assistants are "very well pleased" with the turnout of the boys, both in numbers and in spirit.

"The boys seem to be eager,

ready to hit, and ready to learn football," Coach Smith says.

The squad as a whole has taken to the drills, which this first week are designed to grind off excess pounds, and make the team lean and fit for the first game which is September 2 at Farwell.

They are all hitting hard,

and if they keep the attitude on the field they have now, I have no doubt that we can upset a few apple carts along the way this year, says Smith.

The squad will report in game uniforms Friday morning for the pictures to be printed in this year's football programs.

These shots will be taken following the regular morning workout.

Lazbuddie Ex-Students Reunion Saturday

Some luncheon tickets at Lazbuddie School reunion will be available at the door Saturday but officials of the ex-students organization ask that reservations be made immediately if possible. Kenneth Precure is secretary in charge of reservations. Early this week approximately 125 persons had indicated that they would attend. These were predominantly out-of-town reservations so officials feel that actual attendance will be substantially higher. Registration will begin at 10 a. m. in the auditorium. Fried chicken will be on the luncheon menu.

Program for the afternoon will be recognition of various classes and visiting.

Mrs. Jack Smith is president, Mrs. D. B. Ivy vice-president and Precure, secretary of the organization.

County Wrecks Total \$7,000 In July

Wrecks in the rural areas of Parmer County numbered 13 and total property damages ran to \$7,375 according to Sgt. Roger W. Sosebee, highway patrol supervisor for this area announced this week.

Eleven persons were injured, and although none were killed during July the total of those dead in traffic accidents for the county has climbed to three dead, 23 injured and a total

property damage of \$61,805 for the year, Sgt. Sosebee says. This total for July puts Parmer county third in this area for the third highest property damage total. Potter county led the field in number of accidents and total damages with 22 accidents, \$14,630 damages; second was Willbarger county with 14 accidents, \$12,900 damage and then Parmer.

Bob Ginsburg, who is on temporary army duty at Fort Sill, flew home for the weekend Saturday. His wife and children and mother, Mrs. R. W. Ginsburg, drove him back to Okla-

homa Sunday and returned Monday. Miss Janet Snead who has been visiting relatives and sight-seeing in New Jersey the past

month returned Tuesday. She was met in Amarillo by her mother, Mrs. Rene Snead, and Misses Genevieve Floyd and Leveda Hand.

"These trails would shake the cab off an ordinary truck...but not our Chevy"

Few trucks are subjected to the body-wracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day . . . make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevies are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

"That 6-cylinder engine really performs," says Bobby Fox. "It's got the lunging power we need in the woods and walks right along with a full load on the highway."

During the next few weeks a number of persons who have never lived here before will be looking for housing facilities. These new residents will be teachers and their families. In addition to help these new residents find places to live, each of us should in an effort to make them feel at home in our community.

please contact Superintendent Alton Farr at 5322. He will appreciate your cooperation in finding homes for the new teachers.

In our lost and found department this week we have a girl's purse. It was found in downtown Friona and left at the Star office. The owner may have it if she will come down and identify it.

Things keep popping all over the place. In the very near future construction will begin on the swimming pool just east of town and on the addition to the hospital. Included in the addition to the hospital are facilities for another doctor.

Those of us who have lived here several years can easily remember how the hospital staff has grown from year to year.

We also consider ourselves most fortunate to have four capable doctors and a well equipped hospital for them to work in.

The biggest complaint you hear about the hospital as you go up and down the street is that everyone waits to see a doctor. Surely a lot of the

patients come from other communities. It just doesn't seem possible that four doctors could keep busy taking care of the ill of local people.

Our town and surrounding community is growing population wise, but the list of hospital and out patients at the clinic is growing faster.

The addition to the hospital will enable the staff to serve more persons in less time. And, like everything else, all of us want quick service when we go to the hospital.

Mrs. Ida Merrill, one of Friona's most lovable "older" persons observed her 92nd birthday Monday. Friends and neighbors generally have a party for Grandmother Merrill, but this year she didn't feel quite up to a party.

However, she did receive a number of lovely gifts, cards and other birthday remembrances.

Does anyone know how many nonagenarians we have in our community? We know several and there are probably others that we do not know. Think it would be interesting to have a list of names of everyone that has passed four score and ten.

Several mothers of Little Leaguers have already begun to wonder how to spend the extra time they anticipate having on their hands since the season is over. Our guess is that they are only fooling themselves into thinking they're going to have "extra" time.

That group has been busy so long that having something to do is a fixed habit. If it isn't ball playing, they will be doing something worthwhile.

Ran into Mrs. Taft Lovett recently. Think she is enjoying her new home, but feel sure she misses a lot of things about living on the farm. She says their move to town reminds her of the old adage that says, "You can take the people out of the country, but you can't take the country out of the people."

Our August calendar motto reads, "Example is not the main thing in influencing others. It is the only thing."

Construction on the new Robert Schueler building near Piggly Wiggly is going right along. In the very near future White's Super Market, LuNora's and one other business will be in new quarters. So many people have been going to "Ed White's" to buy groceries so many years that they will probably continue to use the same expression.

Think Mr. White definitely plans a change in name for the new store. We've enjoyed having them as business neighbors and certainly wish them much success in the new location.

Newest additions to our collection of amusing errors are "Cotton Shoppers Wages To Be Increased" in one of our exchange papers and "America's Best" on a label on a can of cleaner. Title of our collections is "Mistakes I'm Glad I Didn't Make."

Upon being introduced to a man in a small Western Oklahoma town recently, he asked, "Where are you from?" After being told Friona was our hometown, he replied, "I will always feel kindly toward one Friona resident. On my way to California recently I lost my credit card in Friona and it was returned to me."

The two following paragraphs were lifted from the August Grain Producers News. Taxing Decision. "What do you want done with

your ashes?" The lawyer asked of a dying client who had instructed his family to cremate his body.

"Put them in an envelope and send them to the Collector of Internal Revenue," the man answered "and tell him now he has everything."

The Calculated Risk Of It You watch the guy who drives ahead,

And the guy who drives behind. You watch to the right, And you watch to the left.

You drive with a calm mind. But the guy you really have to watch,

On the highway you will find, Is the guy behind the guy ahead, and the guy ahead of the guy behind.

We have two items in our lost and found department this week.

Carolyn Raney of the Golden Spread Restaurant handed us some glasses that have apparently been lost by some young person. If they belong to you, stop at the Star office and pick them up.

Then, a brindle bull dog has adopted the Ray Landrums. Mrs. Landrum feels that this dog is someone's pet and would like for them to have it back. The Landrums live southwest of town and their phone number is Farmer 3467.

Enjoyed chatting with Mrs. Rosa Anderson a few minutes one morning last week. She is one of Friona's most charming "older" women. If any of her friends are wondering what has happened to her, she wants them to know she hasn't gone very far.

Recently she moved into the home of Mrs. Lucy Jones and can be contacted at 5072.

Think our suggestion that someone provide stickers advertising our city for passing motorists has had absolutely no effect on anyone. Several times during the past five years tourists have inquired about stickers.

Why don't we have some? No one seems to know the answer, but we have just about everything else anyone could ask for. Several towns in the Texas Panhandle do have stickers and have signs placed along the highway advertising them.

Don't you think it would be a good thing if Frionans would adopt a sticker of some kind and place a supply at local stations for free distribution to visitors?

Mr. and Mrs. Jack Patterson gave a dinner Sunday in their home for Jack's Sunday school class at Rosedale Baptist Church. Also attending the dinner were Mr. and Mrs. Cordie Potts.

Troop 56 Attends Camp DH

Fourteen scouts in Troop 56 spent last week at Camp Don Harrington east of Canyon. They left August 7 and returned Saturday.

Camping activities included swimming, fishing, work on the rifle and archery ranges, and merit badge classes. The boys

slept in tents and meals were served in the camp mess hall.

Scouts attending were Larry Hollis, Kenny Squyres, Darrell Collier, Mike Wilson, Tim Rhodes, Jerry Don Carlton, Jim Bob Jones, Chuck McKinney, Billy Edelman, Wayne Cason, Gregg Jarrell, Ronnie Altman,

Richard White and Kim Buske. Sponsors, who alternated nights, included Scoutmaster Hayden Cason, Bob Jones, Buddy Claborn, Pete Buske, A. L. Carlton, Hop Lewis, Preach Collier, Aubrey Rhodes, Claude Edelman and H. E. Barnett.

Read Acts 5:17-24

Ye shall be witnesses unto me . . . unto the uttermost part of the earth. (Acts 1:8)

The main business of the church, and the first business of every Christian, is to witness for the Lord. I heard Dr. Ralph Sockman say in a sermon at the Oxford Conference in 1951, "Some laymen just sit back and pay the bills, and some just sit back." It is easy for us to "just sit back." My daughter was only six, when, coming home from a morning service, she said, "Daddy, are all those men at church preachers or just watchers?" Every Christian should be a preacher for Christ, but too many of us are just watchers.

We witness by our words. We may become false witnesses by what we fail to say for Christ as much as by what we do say. We are to witness by our works. Doing this is more than lip service. The condemnation in the parable of the Great Judgment is for what people failed to do.

We serve Christ by serving others. Above all, we witness by our worth. Earth may ask, "What HAVE you?" Heaven may ask "What have you DONE?" God asks, "What ARE you?" What one is dominates what he has and determines what he does.

By RUDY EVINS

The fish bite best on the dark of the moon and poorest on the light of the moon.

Coble's Moon Theory has many followers, but very likely not as many as Knight with his theory of the Solunar System. The crux of Coble's Theory is that on dark nights the fish can't see well enough to feed, therefore feed during the daylight hours. Conversely, if the moon is bright the fish will feed during the night but will stay idle during the day. The theory then is that the day fishing during the light of the moon phase is the poorest.

Grady Coble's Moon Theory is one for discussion... or debate. His black and white fish-laden calendar has proved successful to some fishermen and has been a failure to others as most theories are. According to his calendar the days with black fish are supposedly the best for fishing while the white fish mean fishing's poor.

Coble's Fishing Calendar, like the other theories, can be had in some sporting goods stores throughout the country.

Takes Part In
Sub Exercise

James C. Howell, boatswain's mate third class, USN, son of Mr. and Mrs. Daily Howell of Friona, Tex., serving aboard the support aircraft carrier USS Bennington, took part in a joint Canadian-American anti-submarine warfare exercise from July 21 through August 3 off the West Coast of the U. S. and Canada.

Two American anti-submarine warfare groups headed by two aircraft carriers joined with six Royal Canadian destroyer escorts and supporting supply ships to provide the seagoing forces. Air units from Whidbey Island, Wash., Alameda and North Island, Calif., also joined in the operation.

The exercise was designed to train both nations' anti-submarine forces and to perfect techniques used in this type of warfare.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 39 proposing an amendment to Article IX of the Constitution of the State of Texas by adding thereto new Sections to be known as Sections 6, 7, and 8, to provide that the Legislature may authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having certain stated powers and duties and subject to certain stated limitations, providing that any enabling Acts shall not be invalid because of their anticipatory character; providing for an election; prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby, amended by adding the following Sections which shall read as follows:

"Section 6. The Legislature may by law authorize the creation of a Hospital District co-extensive with Lamar County, having certain powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Wichita County, except that the maximum rate of tax that the said Lamar County Hospital District may be authorized to levy shall be seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation of taxable property within the District, subject to district taxation.

"Section 7. The Legislature may by law authorize the creation of a Hospital District co-extensive with Hidalgo County, having certain powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Hidalgo County, except that the maximum rate of tax that the said Hidalgo County Hospital District may be authorized to levy shall be ten cents (10¢) per One Hundred Dollar (\$100) valuation of taxable property within the District subject to district taxation.

"Section 8. The Legislature may by law authorize the creation of a Hospital District to be co-extensive with the limits of County Commissioners Precinct No. 4 of Comanche County, Texas.

"If such District is created, it may be authorized to levy a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollar (\$100) valuation of taxable property within the District; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpayers who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections on long-term obligations are not impaired, and not to exceed the maximum limit of seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation, and no election shall be required by subsequent changes in the boundaries of the Commissioners Precinct

No. 4 of Comanche County. "If such tax is authorized, no political subdivision within, or having the same boundaries as the District may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the District shall by resolution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, and the Legislature may authorize the District to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said seventy-five cent (75¢) tax. The Legislature shall provide for transfer of title to properties to the District.

"(b) The Legislature may by law permit the County of Comanche to render financial aid to the District by paying a part of the expenses of operating and maintaining the system and paying a part of the debt of the District (whether assumed or created by the District) and may authorize the levy of a tax not to exceed ten cents (10¢) per One Hundred Dollar (\$100) valuation (in addition to other taxes permitted by the Constitution) upon all property within the County but without the County Commissioners Precinct No. 4 of Comanche County at the time such levy is made for such purposes. If such tax is authorized, the District shall by resolution assume the responsibilities, obligations, and liabilities of the County in the manner and to the extent hereinabove provided for political subdivisions having boundaries co-extensive with the District, and the County shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the County.

"(c) Should the Legislature enact enabling legislation for the adoption of this amendment, such Act shall not be invalid because of its anticipatory character.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held the first Tuesday after the first Monday in November, 1960, at which election all ballots shall be printed thereon:

"FOR THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO CREATE A HOSPITAL DISTRICT CO-EXTENSIVE WITH LAMAR AND HIDALGO COUNTIES, AND CO-EXTENSIVE WITH COUNTY COMMISSIONERS PRECINCT NO. 4 OF COMANCHE COUNTY."

"AGAINST THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO CREATE A HOSPITAL DISTRICT CO-EXTENSIVE WITH LAMAR AND HIDALGO COUNTIES, AND CO-EXTENSIVE WITH COUNTY COMMISSIONERS PRECINCT NO. 4 OF COMANCHE COUNTY."

FORETHOUGHT

An Irishman driving his car down the highway had a head-on collision with a car driven by a Scotsman.

Both came out of their cars to survey damages.

The Scotsman finally drew a bottle of whisky from his pocket and offering it to the Irishman, said:

"Ah, well, laddie, have a wee drop while we wait for the police."

"Tis most kind of ye," accepted Pat, as he took a long and satisfying draft from the bottle.

"N" now won't ye be having one for yerself?" suggested Pat.

"No-oo, I dinna think I will," says the Scot. "I'll have mine after the cops ha' gang away."

THURSDAY, AUGUST 18, 1960

SECOND PLACE WINNERS—Members of the Tasty-Cream team, consisting of left to right, Carolyn Carrell, Nancy Norwood, Betty Castleberry, captain, Barbara Maynard and Linda Williams picked up the second place trophies at the award presentations Monday night.

FIRST PLACE TROPHY WINNERS—Members of the Deep Rock Service Station team from Bovina were named winners of the first place trophy at the presentations of the awards Monday night. Those pictured above are, kneeling, Nat Read, and Carolyn Carson for the sponsor, Fred Carson holding the sponsor's trophy; second row, Margaret Minter, Nettie Wilson, Rose McCain and Mildred Davies; Marie Hutto, team captain and Fern Harris.

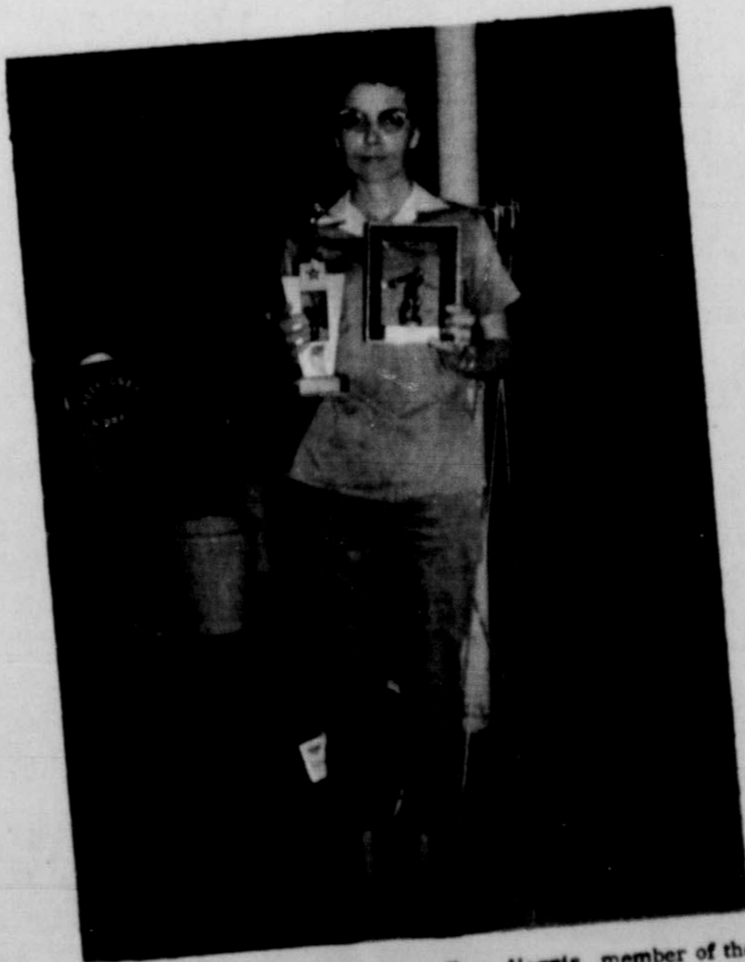

PROUD SECRETARY—Thelma Watkins was presented a trophy for her services during the summer bowling season in her capacity as city secretary. She is a member of the Friona Battery & Electric Bowling team.

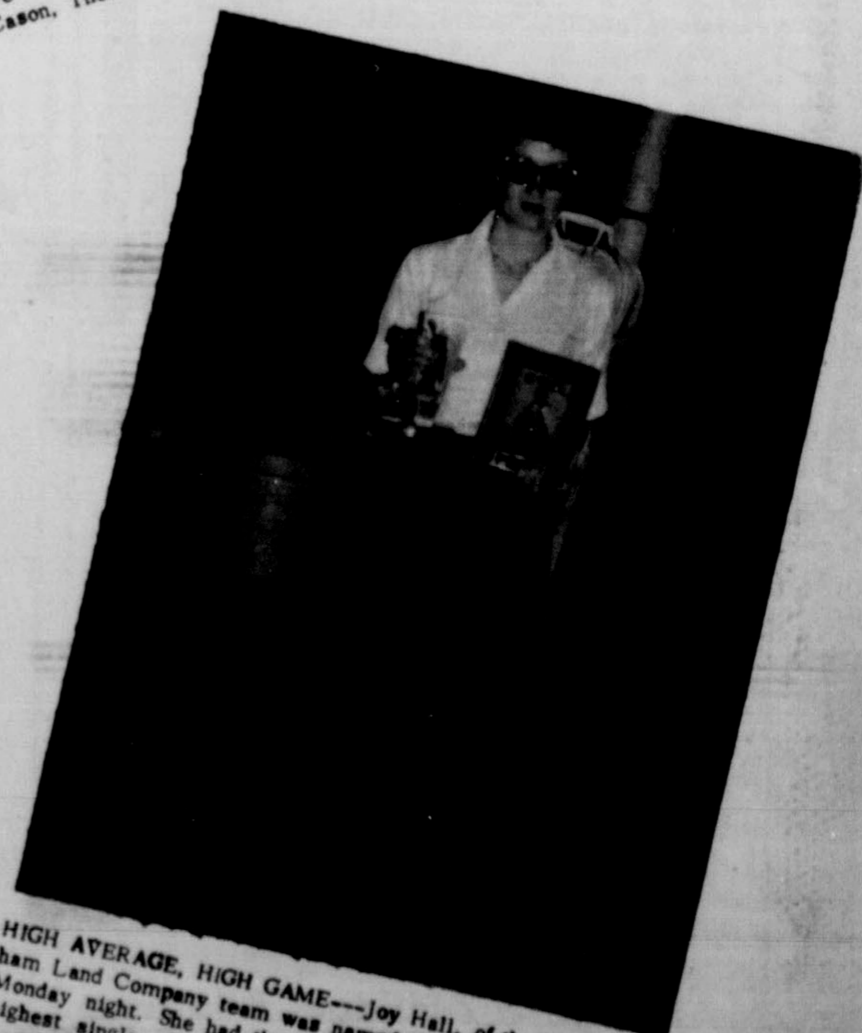

THIRD PLACE TEAM WINNERS—This trio representing the Bengier Air Park team picked up the third place trophies in the Late Owl League following the end of the season. Team members are Virginia Jennings, Doris Jackson, Opal Bell, Mary Lou Cason. Thelma Johnson and Marjorie Botkin, team captain.

MOST IMPROVED BOWLER—Betty Reed tied with Fern Harris for a trophy for "most improved bowler" during the Late Owl's summer bowling season. Doris Jackson and Ruth Redden were tied for second honors with both having added 26 pins to their averages.

MOST IMPROVED BOWLERS—Fern Harris, member of the top place Deep Rock team was tied with Betty Reed for the trophy for the "most improved bowler". Both these ladies added a total of 27 pins to their averages during the league bowling season.

HIGH AVERAGE, HIGH GAME—Joy Hall, of the Dean Birmingham Land Company team was named winner of two trophies Monday night. She had the highest average with 151 and the highest single game score of 210 in the Late Owl League.

Better Hog Prices Forecast

The price outlook for hogs for the next few months is considerably brighter. John McHaney, extension economist, says that prices received by farmers in the last half of 1960 will be higher than those received in the last half of 1959. He says they will not, however, reach the peak prices of 1958, and the usual fall price decline can be expected.

McHaney explains this forecasted price rise by pointing out that the 1960 spring pig crop was down 16 per cent from the 1959 spring crop. This decrease was brought about mainly because fewer sows farrowed and fewer pigs were produced per sow.

Spring prices in 1961 will be largely determined by the size of the 1960 fall crop, McHaney continues. According to the present crop forecast, the 1960 fall crop should be smaller than the 1959 crop, thus the prices received in the spring of 1961 should be higher than those received this year.

The specialist concludes with a word of warning for swine producers. He says there are indications that this downturn in production may be the shortest on record, and just because prices may be better in the last half of 1960 and in the first few months of 1961 is no reason to believe that prices will bring satisfactory returns to all producers in the last half of 1961.

Six Items On September List Of Plentiful Foods

Grocery shoppers will find a lot of broiler-fryers available in Texas food markets this September. They are featured among the six items listed as plentiful for the month, reports the Agricultural Extension Service, Texas A & M College.

Turkeys are another poultry plentiful. Lamb, melons, peanut butter, and a wide array of late-summer vegetables complete the list.

These foods were selected by the U. S. Department of Agriculture for special emphasis in this area because the supply of each is expected to exceed normal demand. Homemakers can take advantage of the abundance by serving these foods often.

September broiler-fryer marketings are expected to run about the same as a year ago, but total weight may be higher because there will be more of the heavy breeds. Both chicken and turkey provide ideal fall-weather entrees for family fare.

There'll be lots of lamb for National Lamb Week, September 15-20. Slaughter has been averaging about 6 per cent more than a year ago.

Plentiful melons include watermelons, cantaloupes, honeydews, Cranshaws and Casabas. The late-summer watermelon crop is expected to be especially huge.

Choice of late-summer vege-

tables will vary in different localities but good supplies of onions, carrots, squash, cabbage, eggplant, potatoes, sweet corn and many others will be available.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

Summer squash is a mild and modest vegetable. Some folks never appreciate its possibilities. Extension foods and nutrition specialists say it's easy to prepare, nutritious, tasty and low in calories.

It combines well with strong flavored foods such as onion, salty bacon and sharp cheese. It has delicate sweetness of its own that emerges when it's merely steamed and lightly seasoned with salt, pepper and butter.

In young, tender squash that has not reached maturity both skin and seeds are so tender that the whole squash may be cooked without peeling or wastage. Delicate flavor is lost if too much water is used in the boiling.

For all its lightness and delicacy, squash is a good source of minerals and vitamins. And it's a wonderful "buy" in calories -- only 17 to a half-cup serving.

Try this summer squash with bacon for variety:
Summer Squash with Bacon
2 pounds summer squash

- 1/4 cup boiling water
- 1 teaspoon salt
- 4 strips bacon
- 1 green pepper
- 2 medium onions
- 1/8 teaspoon ground black pepper

Wash and cut tender unpeeled summer squash into slices 1 inch thick. Place in a saucepan with the boiling water and salt. Cover. Bring to boiling point. Cook until crisp-tender, about 15 minutes. Drain if necessary. In the meantime, fry 4 strips bacon until crisp. Remove from the pan. Pour off all fat except 2 tablespoons. Add green pepper and onions and saute until almost limp. Add drained squash and black pepper. Heat. Turn into serving dish. Crumble bacon and sprinkle over the top. Serve hot.

Pickled peaches are colorful and tasty, especially as a relish. They are easy to prepare, so why not make the most of peaches while they are available.

Extension foods and nutrition specialists' directions for making 6 pints call for 8 pounds of small or medium-sized peaches without blemish, ripe but firm enough to hold their shape in cooking. Other ingredients: 2 tablespoons whole cloves; 8 two-inch pieces stick cinnamon; 2 pounds sugar; 1 quart vinegar.

First, make the sirup mixture by cooking together sugar, vinegar and spices for 10 minutes. (Have spices tied loosely in a clean, thin, white cloth so that they can be removed easily later. Save out enough cloves to place two in each peach if desired.) Wash and pare the peaches, stick cloves in each, add to the sirup and cook slowly until tender but not broken. Let stand overnight. Next morning remove bag of spices. Drain sirup from peaches. Boil rapidly until thickened. Pack peaches in clean, hot, sterile jars. Pour hot sirup over peaches, filling jars to top. Seal tightly. Keep in a cool place several weeks before serving to blend flavor.

Recipes for other delicious fruit and vegetable pickles are given in Extension Bulletin 188, "PICKLES AND RELISHES." Copies are available from your county home demonstration agent's office.

Wool slacks and skirts are

permanently creased or pleated by a new chemical treatment developed by U. S. Department of Agriculture scientists. The creases stay through long wear and exposure to rain and high humidity. If the fabric is suitably shrink-proofed, the creases remain after machine washing.

The process was devised at the Wool and Mohair Laboratory of USDA's Agricultural Research Service in Albany, Calif., by chemists N. H. Koenig, W. L. Wasley and C. E. Pardo. They found that dilute solutions of ethanamine will put long-lasting creases in wool. Ethanamine is widely available, safe, inexpensive chemical.

The solution can be applied either by spraying or dipping, after which the damp fabric is steam-pressed. In a typical experiment with light-weight suiting, creases were set in one minute at about 280 degree F. in a tailor's press.

The treatment is applicable to fabrics that have been shrink-proofed by epoxy-polyamide resins, a method developed earlier by the Wool and Mohair Laboratory. Fabrics that have received both treatments are washable in machines without shrink and without loss of creases.

Tests in commercial dry-cleaning equipment have given promising results, but more testing will be undertaken.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

The USDA has again named 37 varieties of undesirable milling quality wheats that will be subject to 20 cents per bushel discount in the loan program. Also, there will be no premium on these varieties for high protein content.

Sixteen of these, hard red winter wheats, are of interest to growers of this area. Here they are, followed by class: Blue Jacket, Cache, Chiefkan, Cimarron, Early Blackhull, Kan King, Kharkof MC 22, New Chief, Pawnee Sel. 33, Purkof, Red Chief, Red Hull, Red Jacket, Stafford, Wasatch and Yogo. No one, of course, would want to plant any of these wheat seeds with the penalty that will be required.

In a few days, we will have a supply of cards, free to you, showing the principle differences in the Marxian Atheism-Collectivism world of Communism and Christianity-Free Enterprise systems. We believe these charts will help keep us aware of the threats of some proposals made even in this country, and help us keep straight on what is right and what is wrong for the people of America.

You will remember that Krushchev was reported to have said at a Kremlin reception in 1956: "If you don't like us don't accept our invitations, and don't invite us to come to see you. Whether you like it or not, history is on our side. We will bury you!"

It is important that each American know the things that may be presented for this purpose, so that he will not swallow some of them without knowing it. Production payment programs that have been revived in recent months were first presented to the Agriculture Committee back in 1947 by a man named Lem Harris, secretary of the National Farm

Courthouse

Commission of the Communist Party. In view of the fact that the Communists have never promoted anything that would strengthen the national economy of America, a program of this type should be examined carefully before any consideration should be given to it.

We have been asked several times what the position of Farm Bureau is with regard to increasing and spreading the scope of the minimum wage. Our answer is that Farm Bureau, from counties to States and American Conventions, has for several years opposed this proposal.

WE CAN GROW 'EM!

LOOKING OVER A FEW OF THE NICE CANTALOUPEs on the Arlin Hartzog Seed Farm are Hartzog, left, and Pat McGee of Gateway Produce Company. Cantaloupes from this field and other fields in the Bovina area are being harvested this week.

GROWING SIDE BY SIDE in a field are mustard greens and beets. McGee, left, checks out some of the mustard plants and Hartzog digs some of the beets. It takes from 45 to 50 days to produce both of these crops.

GETTING READY TO SAMPLE SOME TURNIPS in this four-acre patch is Arlin Hartzog. It takes about 45 days for turnips to reach maturity.

Parmer County Could Be Leading Vegetable Region

In Parmer County, where cotton, wheat and grain sorghums have long been the basic crops, what future is there for the young, but fast-growing vegetable business?

That question has been receiving much attention from farmers in the area, largely because of the huge surpluses of all the basic crops and the continued decline in support prices and acreage allotments.

For the past several years, cantaloupes, potatoes and other vegetables have been grown in the county on a small scale. Individuals who have been the pioneers in this new farming practice have had their ups and downs, but one thing has been proven—quality vegetables can be grown in this area.

Gateway Produce Company, a firm which has operated a cantaloupe processing shed in Bovina for the past three years, this year branched out considerably in the vegetable business in Parmer County by

growing for the first time 200 acres of mixed vegetables.

Gateway rented the land from the Arlin Hartzog Seed Farms and the vegetables being grown (some of them for the first time on a commercial basis) include cabbage, bell peppers, broccoli, okra, eggplant, green onions, parsley, cucumbers, mustard, turnips, beets and squash.

As the harvest of these vegetables begins, everything points to a high yield and top quality.

Pat McGee, who has been in charge of growing the vegetables, says, "They're all beautiful, some of the finest vegetables that can be grown anywhere."

A veteran vegetable grower, who has grown vegetables from California to Florida, McGee came to Bovina from Weslaco, down in the lower Rio Grande Valley. Vegetables and citrus are the chief agricultural crops there and the area is noted for its quality produce.

However, McGee expresses the belief that Parmer County can be a better vegetable producing area than the Rio Grande Valley. "You can grow just about anything here," McGee says.

He explains that one advantage growers here would have over the growers down south is that humidity is not such a problem. "Humidity breeds disease and that's something we don't have to contend with so much here," McGee says.

None of the vegetables being grown on the Hartzog farm this year has been infested with disease. "There have been a lot of fleahoppers, bugs and worms, but we have been able to control them by spraying," he says.

Some of the crops have been sprayed as many as 13 times. That's one thing that adds greatly to the cost of producing vegetables and a factor that may keep vegetables from being one of the major crops here.

The cost of growing vegetables is approximately \$200 per acre, as compared to \$35 to \$60 per acre on wheat, cotton and sorghums.

Then, too, the biggest drawback is the gamble involved. After investing a sizeable sum of money into a crop, one hail storm cloud wipe out the entire acreage or a low market price could result in a great loss to the producer.

"Hail is the one thing that can

hurt you most in this area," McGee explains. "You can see all of your money and efforts lost in only a few minutes."

However, any type of farming is a gamble and hail is just one of the things you have to contend with.

No one ever knows just what the market will be on vegetables, but by planting them so that they will be ready for harvest at "just the right time" can help. By "just the right time", McGee explains that there is nearly always a lull between the time vegetable harvest is complete in the southern states and the time it gets underway on the West Coast.

Of course, you cannot always do this. "It will depend on how early or late the crops are in the other areas," McGee says.

Another thing about vegetable growing is that it does require a lot of hard work. Other than the planting and early cultivation, everything is done by hand. "And, you have always got to be ready to water, fertilize, spray and pull weeds when the need arises," McGee points out.

"A delay can be costly in the vegetable business," he says. "Even if it has just rained

and the field is a little muddy, you've got to get out there and pull the weeds if they're there."

"Also, you have got to be able to get water to the crop when it needs it," he adds.

Another reason McGee thinks this area could be a top vegetable growing region is its geographical location. Most of the vegetables are shipped east, and since this area is closer to the market than the vegetable-producing sections on the West Coast, freight costs on getting the product to market would be less.

"It costs about a \$1.00 a crate less to ship vegetables from here than it does from the more western regions," McGee says.

Everything considered, Parmer County could be a leading vegetable producing area, McGee believes. One thing about it, he says, "is that you can make a pile of money overnight and you can lose it just as fast."

TWO BIG, FIRM HEADS OF CABBAGE are displayed by Pat McGee, who estimates that this 30-acre field will yield from 18 to 20 tons per acre. Cabbage is one of more than a dozen types of vegetables being grown on the Arlin Hartzog farm near Bovina.

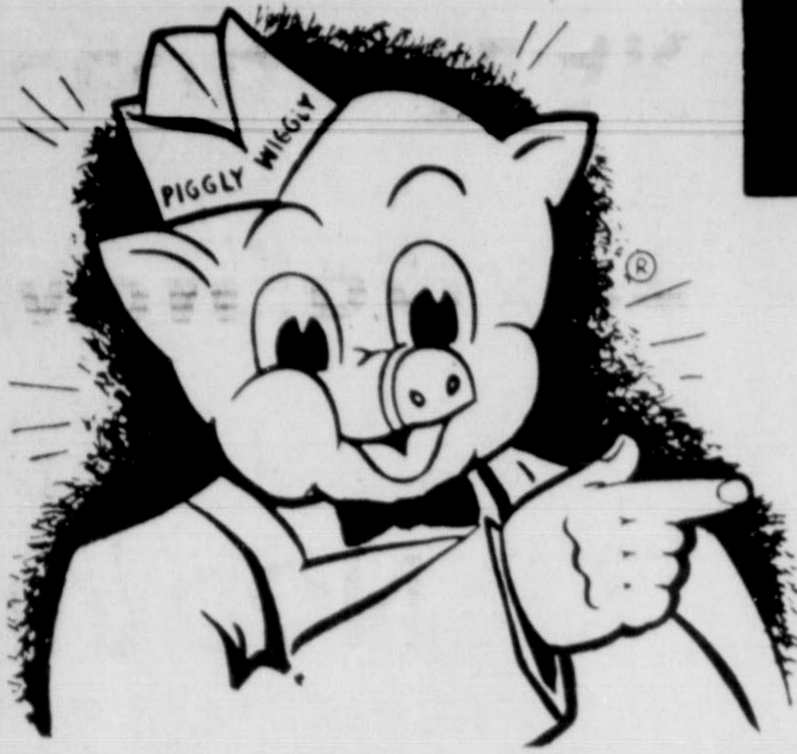

TWO VARIETIES OF MUSTARD GREENS are shown in this field. On the left is a curly-leaf variety and on the right is the plain. Both varieties, which mature in 45 to 50 days, are looking good.

LOTS OF OKRA will be gathered from this field between now and frost. The first batch was picked last week and workers will be going over this field every few days. Here, McGee inspects one of the plants.
