It Happened In Sanderson TEN YEARS AGO This Week - Remember

The freshman class of the Sanderson high school elected officers at a business meeting held last Friday afternoon. The following will serve: Allen Hardgrave, president; Bennie Mussey, vice-president; Jimmy Goodykooztz, social chairman; and Wesley Lochausen, reporter.

One crime wave had short shift in this county Wednesday evening when deputies from the office of Sheriff Cook attempted to halt an automobile near Dryden answering the description of a car in which a trio had escaped after robbing a filling station at Comstock. They refused to halt, but stopped

suddenly after the deputies unlimbered a sub-machine rifle and shot off one of the wheels and punctured the gas tank. Thus ended the crime career of three youths, one of them a young woman, who wielded a small revolver, a la Bonnie Parker, Jim Nance and C. M. Blackwell made the arrest.

Lloyd Gant, high school Junior, was winner of the \$30 given away last Monday night at the Princess. That accounts for the fact that he didn't have a nightmare after seeing the screen play "The Terror". Also, it accounts for the broad, prosperous smile he's wearing these days.

Shipments of spring lambs from this section continue heavy, and the buyers have about cleaned up the ranges of all marketable animals. The heaviest shipment since last report was from Sanderson Monday, when a trainload of 28 cars left here consigned to points in California, Arizona and the Panhandle.

The Eagles, football team of the Sanderson high school, have been driving at full speed for the past two weeks, conditioning themselves for the opening game of the season next Friday afternoon, when they

STRICTLY BUSINESS

by McFeathers

"What kind of vitamin did you say you used in this plant?"

will endeavor to claw their initials on the Shorthorns from Marfa high.

Looking the squad over, the opinion is that Sanderson will be ably qualified to take care of laurels already won on the gridiron. They form a pretty well balanced line-up, with one or two fleet-footed men who are going to be hard to head off in an open field.

The Sanderson State Bank is one of the nation's banks now displaying the "safety emblem", signifying that the deposits of their customers are now fully insured. The sign hangs near the receiving teller's window at the bank, and is reproduced on page two of the Times. It protects depositors in a sum up to \$5,000.

Mr. and Mrs. C. V. McKnight and daughter, Vivian, returned last Sunday from Sonora where they motored on Thursday of last week.

Mrs. W. E. Grigsby has returned from a visit in Sterling City with her parents, Mr. and Mrs. J. L. Glass.

Mr. and Mrs. Landon Rose were in town Wednesday from the ranch shopping and visiting friends.

Last Friday evening... Miss Mary Beth Banner was hostess to several of the young set, the occasion being the observance of her thirteenth birthday. Many games were played and enjoyed during the evening, following which refreshments of chicken sandwiches, salad, iced tea, and the birthday cake, which was decorated in pink and blue, were served.

WITH OUR NEIGHBORS

Ozona Stockman—One of the heaviest rainfalls in some six years, yet falling slowly enough to make a ground soaker, drenched the Ozona sector early Wednesday morning, beginning shortly after midnight and continuing without let-up until daylight.

The fall here was measured at 3.65 inches on the Joe Oberkamp gauge. Records kept here for the past decade or more show yesterday's rains the heaviest continuous fall since 1938.

Santa Anna News—The first bale of cotton from the 1944 crop was brought in Tuesday by R. B. King, who lives about eight miles east of town. The bale weighed 505 pounds and was purchased by the Simpson Gin for 20 cents.

The premium, beside free ginning at the Simpson Gin, was made up among the business interests of Santa Anna, the amount being enough to purchase a \$75.00 War Bond.

Big Bend Sentinel, Marfa—A month's rainfall of 5.68 inches in the Highland area is truly news in any man's newspaper and when that much rain falls "in the nick of time, when it will do the most good" it is news of the first order.

That was the average precipitation received on twenty-nine ranches in August, according to the Soil Conservation Service office records. The most favored ranch was the W. M. Allison place where 8.9 inches of rain was reported as having fallen. All of the twenty-nine ranches got two inches or more, with the smallest precipitation—2.5 inches—reported by F. C. Mellard.

Brackett News-Mail — One hundred fifty non-Civil Service jobs—1st cooks, 2d cooks, mess attendants, kitchen helpers, busboys, dishwashers, laborers, cashiers, counter girls and janitors—are open at the Hondo Army Air Base for immediate application. Job applicants may enter the main (South) gate Monday through Friday at 8:30 a. m., 10:30 a. m. and 1:30 p. m. and on Saturdays at 8:30 p. m.

Alpine Avalanche, "Fort Davis News"—Among those who attended the three-day rodeo in Marfa from Friday to Sunday, inclusive, were Mr. and Mrs.

Worth Evans, Mr. and Mrs. Clay Espy, Mr. and Mrs. J. P. Espy, Mr. and Mrs. James A. Espy, Sheriff and Mrs. J. C. Walker and Mrs. Parks Cope.

Jim and Clay Espy won day money in a team tying contest. Their time was 17.1 seconds. Jim Espy won two seconds in calf roping averages; time 16.9 and 18.1.

Alpine Avalanche — W. D. Smithers, operator of the Big Bend Photo shop and originator of the unique photo lamp shade is asking for photos of all Alpine boys and girls in the armed forces, of those who have been in the service since the war began.

The purpose is to assemble a complete set of pictures of these Alpine boys and girls for use in making a lamp shade, which Mr. Smithers says will be the largest ever made.

Big Bend Sentinel, Marfa—Disaster in the form of flame and smoke early Saturday morning caused suspending of operations of a Marfa food-producing plant, the Marfa Bakery, operated in Marfa twenty-two years by S. F. Malina.

Genial Mr. Malina, who often refers to himself as "Marfa's biggest loafer" said Tuesday that his loss probably will exceed \$4,000 and that he will be fortunate if insurance adjustments and rebuilding and renovating work can be accomplished so that operations may be resumed within a month. He applied early in the week for War Production Board authority to rebuild and expects no difficulty on that score because of the nature of his business.

Fort Stockton Pioneer—The Pecos County Chamber of Commerce was organized Monday night by an interested group of more than 50 Fort Stockton business and professional men, ranch and farm operators, and services of the body are to be extended to other parts of Pecos County as soon as details of

organization can be completed. A board of ten directors was named by the body meeting Monday to serve until January 1, 1945, when it is planned to hold the first annual meeting and elect officers for terms to be decided by the organization.

The directors met following the general meeting and named Karl Butz president, M. C. Puckett vice-president, and George Baker, acting secretary-treasurer, pending employment of a manager.

Plans were launched immediately for the securing of a manager, and announcement is expected on the matter by next week.

The body voted to have as appointive directors, the county judge of Pecos County and the mayors of incorporated towns.

Uvalde Leader-News—Looking toward the ultimate day of Germany's surrender, preparations have been started here for the observance of V-Day with an appropriate program, and the chamber of commerce has named a committee to arrange such

a program. Lee Schwartz been named as chairman of committee.

Published reports from Texas towns and cities indicate that the event will be observed in a spiritual manner in a carnival atmosphere. Understood that San Antonio, Houston, Victoria, Cuero and other cities and towns adopted a rather uniform observance, this plan for the closing of all business houses (without exception), opening of churches for prayer and a recommendation of residents that Victory Day be observed in a spirit of thanksgiving that at least partial peace has arrived.

What you tell a woman go one ear and out over the fence.

THE OLD JUDGE SAYS...

"It sounds almost like a miracle, Judge... how did we ever do it?" "American industry did it, Sally. When the Japs conquered the chief natural rubber producing centers of the world they thought they had dealt a death blow to our war effort. But, in less than two years, we are producing enough synthetic rubber in this country to supply all our military and essential civilian requirements. "Our rubber experts knew how to make it but the most practical process at the time required huge amounts of industrial alcohol... far beyond the already over-

taxed capacity of our industrial alcohol plants. So, overnight, our country's beverage distillers stopped making whiskey and produced hundreds of millions of gallons of the vitally needed alcohol. "As a matter of fact, Sally, a high government official said recently... synthetic rubber is from 6 to 9 months ahead of where it could have been if alcohol had not been available for butadiene production." "We were really fortunate, weren't we Judge, to have a beverage distilling industry in existence... able to help perform this great wartime miracle!"

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

Soothe your irritated eyes with Murine

Originated by an eye physician, Murine brings soothing relief to eyes that are tired, burning or smarting. Just two drops in each eye and Murine starts at once to soothe and refresh. Murine contains seven ingredients; it is used in thousands of war industries and first-aid kits. Safe; gentle... soothing. Use it yourself.

It's HOUSE CLEANING TIME for Lamps and Fixtures, Too

YOU would be surprised how much dust and dirt hold back light from your reading lamp. Just by washing the bulb and diffusing bowl you can get 25 to 30% more useable light. So don't let accumulated grime rob you of vitally needed eyesight protection. Wash bulbs, bowls, reflectors and enclosing globes regularly and get all the light you pay for.

Other Ways to Get More Light from Your Present Equipment

If lamp shades are dark or turned yellow inside you may be losing as much as 50% of the light. Clean or brush shades regularly, or if they are too bad retine them or replace them with fresh ones.

Replace blackened bulbs with bright new bulbs of the same wattage and you'll get up to 25% more useful light at no additional cost. Tinted bulbs also waste light. Replace them with inside frosted white bulbs.

Place lamps to make light more useful. By rearranging furniture, one lamp can often serve two or more people effectively. But be sure it isn't too far away from either.

CAUTION: Always disconnect lamp-wiring, and be sure bulbs and shades are dry before reconnecting.

Lamar School Notes

Lamar Ward opened with an enrollment of 277 on the first day. By the end of the week the enrollment stood at 294. The largest number in any one grade is in the low first, which is 76. Miss May Williams is the teacher of this class. The next largest class is the second grade with 49 in that room. Miss Richardson is the teacher of the second grade.

Lamar Ward Parent-Teacher Association met in regular session Monday, September 11 at 8:00 p. m. at the school building. Three pupils of Miss Harrell's music class, Alicia Marquez, Doris Duke, and Gloria Escamilla gave a short musical program.

The club voted to send resolutions of respect to the family of the late Mrs. Rebeca Flores who was the vice-president of the association.

Mrs. Bertha Clark Lassiter asked that the society give a \$500 donation to each of the seven rooms to buy library books. During the discussion Mr. Holley announced that the school would match each dollar given by the P. T. A. given up to \$75.00. Within a minute the following donations were pledged.

Mrs. Fidela Garza, \$20; Pablo Ochoa, \$20; Ramon Zapeda, \$10; Mrs. May Williams, \$5; J. B. Smith, \$5; Francisco Venegas, \$5; Mrs. Berta Lassiter, \$5; Mrs. Pablo Flores, \$5.

Mr. Zapeda, the president, appointed a committee, Pablo Ochoa, Mrs. Fidela Garza and Mrs. Sara Escamilla, to name the room mothers for the 1944-1945 session.

Mrs. Pablo Flores was elected to fill the vacancy of vice-president.

The sixth grade won the room award of \$1.00 for having the largest number of parents present.

Wednesday morning the members of the seventh grade organized The Sanderson Times Press Club. The purpose of this club is to get the school and neighborhood news and have it ready to hand to O. T. Sudduth, the editor, by Monday morning of the week preceding the publishing of the news. The officers of the club are: Gloria Marquez, president; Regino Falcon, vice-president; Mary Blanche Salinas, secretary.

After spending the summer in Del Rio visiting his aunts, Juan Rivera has returned to re-enter school. He is in the sixth grade.

Genaro Valdez spent the summer in Austin visiting his aunts and his half sister, Carmen Fuentes. He returned last week in time to enter the sixth grade on the opening day.

Reymundo Galvan entered the seventh grade this year. He attended school in Sheffield Texas, last term.

Baldemar De la Cerda entered the seventh grade at the beginning of school. He was in school in El Paso last year.

Florencio Galvan entered the fifth this year. He attended school in Sheffield during the 1943-1944 session.

The fourth grade has only one student who did not attend Lamar Ward last year. The student is Jose Vasquez from Dryden.

The third grade has only one student that did not attend Lamar Ward last year. Frank Galvan is the pupil.

Gloria Garcia was absent from the third grade Thursday on account of illness.

The seventh grade Press Club voted to write up a brief sketch of the lives of the pupils, beginning with this issue. We therefore introduce:

FELIPE ARREDONDO
Felipe was born in Sanderson, Texas, August 20, 1930. His parents are Mr. and Mrs. Praxedies Arredondo. He has been in school eight years, having entered Lamar Ward in 1936.

AT THE PRINCESS-

"LADY, LET'S DANCE" STARS BELITA IN SUPER-SPECTACLE

Hollywood has never produced a more dazzling or more thoroughly entertaining musical extravaganza than "Lady, Let's Dance," the Monogram picture which opens an engagement at the Princess theatre Tuesday.

Here is a film which stands high in the "escapist" category, featuring a variety of eye-filling and ear-pleasing entertainment, allowing never a dull moment from beginning to end.

Flashing brilliantly in the starring role is the blonde, English-born Belita, previously known to the American public as perhaps the world's outstanding figure skater, but here revealed as an equally talented dancer. She dances the samba, rumba and a ballroom waltz, all with the noted Maurice St. Clair, and leads a group of toadancers in a spectacular ballet.

But skating also occupies an important position in the film, and there are many numbers of breath-taking beauty, notably Belita's solo in the grand finale, her skating waltz with the famous Eugene Mikeler, and the "Lady, Let's Dance" number, which includes both skating and dancing by the star. In addition, she is revealed in this thrilling picture as an accomplished actress.

Featured opposite Belita is James Ellison, who contributes a fine performance as the young man who promotes her to the top of the entertainment world.

His favorite subject is history and his favorite sport is baseball.

The second grade has had a perfect attendance since the first day of school. One new pupil, Estela Flores, from Richmond, California is the only new pupil, and she was in school in Lamar most of the last term. Reading is the main subject stressed and from this branches spelling, English, and arithmetic.

when he discovers her working as a waitress, a refugee from her native Holland. The comedy skating team of Frick & Frack are the central figures of two elaborately-staged ice numbers in which their amazing feats consistently defy all accepted laws of locomotion and gravity. Walter Catlett and Lucien Littlefield stand out in comedy roles, and others in the cast who do good work are Emmet Vogan, Jack Rice, Harry Harvey and Eugene Mikeler—the latter as Belita's principal skating partner.

Contributing importantly to the tuneful gaiety of the extravaganza are the orchestras of four of the top-ranking band leaders of the country, which in the aggregate are responsible for an almost unbroken outpouring of melody. The bands are those of Henry Busse, Mitch Ayres, Eddie LeBaron and Lou Bring.

"DOUBLE INDEMNITY" OFFERS DOUBLE DOSE OF MYSTERY

If you're contemplating murder, first make sure that Edward G. Robinson is not lurking in the near vicinity. Wednesday and Thursday at the Princess Theatre, Fred MacMurray and Barbara Stanwyck, starring with Robinson appear in "Double Indemnity."

Sure enough—Eddie discovered that Fred and Barbara were the two culprits attempting to fleece an insurance company of \$50,000, committing murder to do it, and almost getting away with their crime. This latest chiller, directed by Billy Wilder and adapted from James M. Cain's best-selling novel, is a picture as tense as they come. Suspense is the principal element in all the rapid-fire action and the thrills and chills come fast and heavy.

Fred, who starts out as a fast-talking, but honest salesman, meets Barbara while renewing her husband's (Tom Powers) automobile insurance. He listens to her tale of woe and gets inveigled into a plot to murder the husband to collect a double indemnity policy on his life. The air-tight plan is executed to

perfection but the pair never collect the insurance. Robinson, as claims manager of the company, is guided by a "sixth" sense which tells him the "accident to Powers is phony."

While no evidence is apparent to support his convictions, Fred and Barbara get a case of nerves which lead to their undoing. Part of Fred's failure to go through with the plans lies with Jean Heather, the murdered man's daughter, who cannot believe his death was unpremeditated. Finally, the suspicion points toward her sweetheart, Byron Barr. Rather than sacrifice Jean's happiness, Fred makes a final confession into a dictaphone and cutting clean the shroud of mystery which hung over the case.

The roles played by Fred and Barbara are a distinctly new type for these ace Hollywood performers. Acting the parts required the greatest concentration for both. Robinson, however, is right at home in his old stamping grounds as the perplexed, complaining and systematic hunter who tracks down his prey with cool calculation.

Movie-goers are set for a double portion of surprises in "Double Indemnity."

"LITTLE SECRET" HILARIOUS ALDRICH FAMILY PICTURE

There's no secret about "Henry Aldrich's Little Secret" which opens at the Princess theatre Friday and Saturday, September 22 and 23. It's rip-roaring screen entertainment from beginning to end.

This latest in the family comedy series deals with more of the many complications in the life of Henry Aldrich, played by Jimmy Lydon, and his pal, Dizzy (Charlie Stevens). Strapped financially, Henry starts a thriving enterprise by minding other people's babies. As head of the Baby Minding Agency, he becomes embroiled in a difficult situation which threatens to disrupt the community life of Centerville not to mention the reputation and good name of the Aldriches.

Baby Rickey (John David Robb) is one little customer whose mother is attempting to prove the innocence of her

(Continued to Page 4)

WE KEEP TRYING

Although we realize that there are a number of items which we are unable to secure for our customers because of the war and government regulations, we are striving to secure all possible materials to fill your needs.

We've made it our job to "Keep Trying" to secure every item you request of us, and we'll find it somewhere if it isn't frozen or out of production.

ALAMO LUMBER CO.

R. V. RANEY, MGR.

Essential!
Indispensable!
Vital!

ESSENTIAL IN PEACE!
INDISPENSABLE IN WAR!
VITAL TO VICTORY!

That's a good description of your railroad

NO MATTER HOW SMALL or how large your community—its growth, development, and well being has been, and will continue to be, closely associated with the ribbons of steel which form a fast, dependable communication system with the rest of the country.

SOUTHERN PACIFIC is justifiably proud of the transportation service it has rendered to the territory it serves directly, as well as the important part it has played in the nation's system of railroads in meeting demands of the war emergency. We are confident that all reasonable needs for improved service will be met adequately when victory is won.

WE PAY TRIBUTE to the communities along our lines—they are furnishing many men and women for the armed services—food and supplies so essential, both "across" and at home. We are fortunate in being privileged to serve those sections of the country most productive of everything essential NOW and in peacetime—New Orleans to the far Pacific Northwest—lower Rio Grande Valley to North Texas.

H. M. LULL,
Executive Vice President

★ TERRELL COUNTY HEROES ★

☆ ☆ IN SERVICE ☆ ☆

CLARENCE EUGENE LITTON

Son of E. B. Litton, railroad man of Sanderson, and the late Mrs. Litton, was born August 16, 1916, in Norma, Tennessee. The family moved to Sanderson in 1917 and have made their residence here ever since. Gene attended school here and worked as a brakeman on the T. & N. O. before he entered the Infantry on January 24, 1942, at Fort Bliss, Texas. He received about three months infantry training at Camp Haan, California, before he was sent to Fort Lewis, Washington, for further training. Here Gene was transferred to the Railroad Battalion, and later shipped to Camp Shelby, Mississippi. In December of 1943 Pvt. Litton went overseas, landing in North Africa. When the Allied campaign in this theater closed successfully, Gene went right into Sicily with U. S. troops. Action in Italy came next after the taking of the island. Gene was with the armies that took Rome and had time to see the sights of the Eternal City. He is now somewhere on the front above Rome, with forces hammering at the gates of the Po Valley. Pvt. Litton has been in action overseas for more than twenty months.

RATIONING

Meats, Fats — Red stamps A8 through Z8 and A5 through G5 good indefinitely.

Processed Foods—Blue stamps A8 through Z8 and A5 through L5 good indefinitely.

Sugar—Sugar stamps 30, 31 and 32, each good for five pounds indefinitely, and 33 good for five pounds after September 1 and remains good indefinitely. Sugar stamp 40, good for five pounds of canning sugar through February, next year.

Gasoline — In states outside the East Coast area, A-12 coupons, good through September 21. Shoes—Airplane stamp 1 and 2, good indefinitely.

Income Tax—Quarterly payments due September 15.

If you've got some blue tokens in your purse, better use them now, because after September 30 they will be good only for the kids to play with. Until next Sunday, the Office of Price Administration says, you can use them just as you always have used them. Beginning Sunday, September 17, retailers will cease giving blue tokens to consumers as ration change, and shoppers will be able to spend them only in groups of 10. If necessary shoppers may pool tokens to make up groups of 10. Removal of practically all canned and bottled vegetables and fruit spreads and specialties from rationing September 17 makes use of the blue tokens unnecessary. Beginning September 17 point values on canned fruits, canned juices, canned tomatoes, catsup and chili sauce will be designated in multiples of 10.

Keep those tire inspection records until you get your new mileage rationing record form along with your new "A" book OPA says. Since discontinuance of periodic tire inspection last April, tire inspection records have been kept primarily as a record of gasoline rations issued each automobile, and will no longer be necessary when the new form is issued. Outside the East Coast States, the new "A" book will go into use September 22, and in the 17 East Coast States, February 9.

DAVIS DRUG CO.

C. E. DAVIS, MANAGER

Keep that bird in the hand!

It won't be worth two in the bush if you cash it in—that War Bond, we mean.

It won't buy your boy, or your neighbor's boy, enough extra ammunition maybe to save his life...if you cash it in.

It won't help bring that final victory nearer... if you cash it in.

It won't pay you \$4 for every \$3 you invested... if you cash it in.

So, please—besides buying all the extra Bonds you can scrape the pennies together for—hold onto the War Bonds you've already bought!

Yes—hold on for dear life! Keep that bird in the hand!

War Bonds—to have and to hold
