Y'know they always say that misery loves company, well along with our picture-swapping it seems that we may have competition from the folks down at Bainum Butane.

They have trouble with their radio signal tower.

Their poor ol' tower has been beset by troubles in the past few months.

It wasn't too long ago that it came crashing to the ground when it iced up during the winter and the high winds got to pushing the overloaded structure around.

They quickly replaced it with a new tower, then during the first part of the summer the aerial on top of the tower was knocked off by a low-flying spray plane.

Well, last Saturday, this whole tower went the way of its predecessor.

Seems that a truck, loaded with a combine, made a Southern Turn (a U-all-turn) off Highway 60 and turned in on the west side of the Bainum property.

As the driver swung through the area the combine caught one of the guy wires, bending a four-inch steel pole which anchored the guy wire all the way to the ground.

Well, as you can imagine, all this did not one bit of good for ye olde tower.

Danny Mac says he heard the crash about the same time that a plane was flying over, and just knew a plane had hit the thing again.

But, the tower didn't fall, but stood there drunkenly waving around like the loser in a bottle bout on Saturday night.

Professional climbers wouldn't touch the tower, and afraid that the tower may fall at any time a truck got hold of a guywire and pulled it to the ground.

We hope their streak of bad luck has ended in this department.

We had a guest, an uninvited one at that, down at Plains Publishers recently.

It was a small swift fox who came dashing in off the street early one morning and sought refuge among the many rolls of newsprint in the new addition on the back of our building.

The efforts to dislodge the small visitor from his hiding place went for naught for a while, and he was finally left alone.

After dinner, two youngsters, the sons of the public information officer at the Air Force Base at Roswell, N.M. were in the office and heard about our fox.

Well, that is just what they were looking for (every boy should have a swift fox!).

They spent who knows how many hours trying to get the fox and just before time for them to leave for home their efforts were rewarded.

They caught the fox, and got him in a crocker sack.

That much they had all figured out--but as they sat exhausted on the floor, holding their catch they looked up and asked--"What do we do with

(Continued on page 7)

Friona Faces Farwell Friday

FRIONA CHIEFS FOR 1960--These footballers will be representing the Friona High School on the gridiron this year. The two boys (pictures inset), Johnny Miller and E. C. Wilson, were lost this summer in a drowning tragedy north of Friona. The football squad asked that their pictures appear with the squad picture this year. The squadmen in the picture above are, back row, left to right, Coach Earl Smith, Glenn Herring, Danny Black, Weldon Massey, Larry Evans, Danny Smith, Coach Scott, Charles Myers, Jerry Houston, Gary Renner, Billy Edelman, Dwain Phipps, Neal Floyd, manager and Coach Adams. Center row, Connie Dodson, Larry Drake, Bobby Daniels, Jerry Rankin, Tommy Massey, Tommie Barker, Gary Snead, Joe Reeve, Max Reeve, Joe Ayers and Angel Aleman. Front row, Billy Scales, Ellis Parsons, Lee Gibson, Reggie Hays, Hank Outland, Jobey Claborn, James Perkins, Floyd Reeve, John Woodson and Cletus Rhodes, manager.

Steers Get Nod In Season's Opener

Friona's Chiefs will open their 1960 football season Friday night at 8 when they meet the mighty Farwell Steers at Farwell.

Farwell will field a big, experienced team under the direction of Benjy Dial, quarterback, and a 180-pounder who is touted to be able to do "anything with a football."

Also in the backfield for the steers is Jerry Lovelace at fullback and Carroll Huggins, halfback, both returning starters from last year's district championship team.

A grudge battle of many years, the Friona-Farwell tilt is always a sellout and has been one of the bitterest fought games the Chiefs play through out the season.

Farwell scalped the Chiefs last year with a 24-8 victory. This was a sweet victory for the Steers as in 1958 the Chiefs came from behind in the last quarter to down the Steers and at the same time break up a long winning streak.

"Our boys are ready," says Coach Earl Smith of Friona, "but we will be faced by a

tough, experienced crew down at Farwell."

His lineup for the opener this year includes the following Chieftains:

Bobby Daniel, quarterback; Tommy "Butch" Barker, fullback; Jobey Claborn, halfback; Floyd Reeve, halfback.

Linemen included Lynn Baxter, right end; Tommie Massey, right tackle; Jerry Rankin, right guard; Larry Drake, center; Angel Aleman, left guard; Joe Reeve, left tackle and Connie Dodson, left end.

Farwell will field a team of eight returning starters from last year, compared with only two offensive starters for Friona.

The Friona line was hard hit by tragedy this summer by the deaths of E. C. Wilson and Johnny Miller, right tackle and guard, respectively.

Coach Smith is beginning his second season as the head coach at Friona and will be assisted by Bill Adams and Vernon Scott.

Managers this year include Cletus Rhodes and Neil Floyd.

WILL APPEAR ON TV--

Total Queen Contestants Climb To Thirty-One

The largest field of beauties ever assembled in Farmer county will be on hand Thursday night, September 8, for the picking of the Annual Maize Days Queen.

The contest committee, consisting of Deke Kendrick, Marie Roden and Juanda Jarrell have managed to get a field of 31 beautiful girls on hand for the occasion.

Dan True, Channel 10's weather eye for the Golden

BUILDING PERMIT

The following building permit was issued at the City Hall in Friona during the week ending August 30:

Mrs. Lucy Jones, permit to construct a new residence at an estimated cost of \$14,500.

Spread, will be on hand to emcee the proceedings.

Prior to their appearance on the stage at Friona High School the girls will travel to Amarillo Saturday where they will appear as guests of Cotton John Smith on his afternoon Farm and Home show following the ball game.

The 31 queen contestants will be accompanied by members of the Trebelaires under the direction of Mrs. Eva Miller and the twirlers of the Friona High School band will also perform on the afternoon TV program.

Darla Bingham, reigning Maize Days Queen will be on hand and interviewed by Cotton John as will each of the contestants.

All the prospective queens are asked to check with Mrs.

Kendrick prior to the trip and turn in a picture that will appear in next week's issue of The Star.

Mrs. Kendrick says that the girls will appear in bathing suits on TV, not formals, due to the factor in changing into formals or vice versa.

The queen contestants and their sponsors include Anne Baxter, Hurst; Pamela Roden, Friona Star; Linda Castleberry, Progressive Study Club; Brenda Collier, Jarrells 5&10; Patty Fallwell, Hub Community; Janet Buckley, Claborns; Sandra Hoover, Mary Lou's Beauty Shop; Pat Myers, Friona Consumers; Andrea Milligan, Reed's Cleaners; Carol Coffey, City Body Shop.

Mary Jane Grubbs, Kendrick

Oil; Donna Kay Osborn, Theta Rho Chapter ESA (Farwell); Sharon Reeve, Reeve Chevrolet; Nelda Douglas, Friona Lions; Winette Beaton, BiWize Drug; Mary Ann Bogges, Black Grain; Judy Taylor, Chester & Fleming; Gin; Beth Akens, Friona Wheat Growers; Marca Lynn Massey, Farmer County Implement Co.; Eleanor Dodson, Foster's Dry Goods; Celia Weatherley, L&L Real Estate; Kitty Black, Friona Lanes; Karen Turner, White Auto Store; Kay Burleson, Ware's; SuzAnne Taylor, Modern Study Club; Joy Ingram, Piggly Wiggly; Martha Wages, Gib's Cleaners; Tommie Lewellen, Friona Battery & Electric; Judy Roach, Bovina Lions; Janice Wright, Texaco Inc.; Iva Ben Parr, Black Community.

Friona Schools Open With 1,030 Students

A total of 1,030 students trooped back to school within the Friona Independent School District according to reports from Superintendent Alton Farr's office Tuesday afternoon.

The first official day of classes was Monday, although the junior and senior high students had preregistered Friday.

A total of 392 students are registered in the elementary grades (1-4); 387 students in the junior high school (grades 5-8) and a total of 251 are registered in the high school.

In looking over the names and numbers of students Walter Mahry, recently named to fill out the unexpired term of his brother James, on the board of trustees of the Fisd, has the most children in school.

The Mahrys, who farm in the Hub Community, have a total of seven children attending classes in the Friona schools. There are several more families with four or more children

Free Bowling For Ladies

Free bowling and instructions will be offered at Friona Lanes Monday through Wednesday with a prize of a bowling ball for the best average bowler and a pair of bowling shoes second prize announced Ed Hicks, manager.

The sessions will begin at 1:30 p. m. on the days mentioned and following a period of instruction the ladies will bowl three free games each day.

Joy Hall, president of the Friona Women's Bowling Association will be on hand at the sessions.

7th-8th Grade Football Schedule

First game for members of the seventh and eighth grade football teams will be at Muleshoe on Monday, September 19, announced Coach Tom Bob Jarboe this week.

The season's schedule for the boys in these grades is completed and all games will

in classes, but the Mahrys are ahead of the field in this category.

The first regular school

Annual Dinner In New Location

Announcement has been made of the change of location for the annual WSCS Maize Days dinner. This year it will be at the school cafeteria on Friday, September 9. Serving hours will be from 11:30 to 1:30.

The menu consists of turkey and dressing, ham, potato salad, vegetable salad plate; fresh corn, beans and peas, homemade pies, coffee and tea.

Prices are adults \$1.50 and children 75c.

A nursery will be provided at the Methodist Church.

Boosters Collect For Film

Friona's Chieftain Stadium will be graced with a brand-new pressbox for the opening home game made possible by members of the Friona Boosters Club.

In addition to monies collected from individuals and businesses in Friona going toward paying for the construction of the pressbox, the Boosters have paid for the film on which the games are shot for the coaches each game.

Members of the Friona FFA Chapter will construct the new pressbox which will be 8 x 20 with room on top for the camera crew to be protected from the elements while shooting the game on film.

holiday has been announced as Friday, September 9, for the annual Friona Maize Days Celebration.

Labor Day, Monday, will not be observed in the Friona schools.

Brownie Troop Planned Monday

Tentative plans for organization of a beginning Brownie troop were made at a meeting at Friona Methodist Church Monday afternoon. Mrs. C. L. Vestal Jr., leader of the troop, discussed several phases of Brownie work.

Mrs. Vestal wants all girls in the second grade, who are interested in being Brownies, to know that there is still time to become a member of the troop. She would appreciate having mothers accompany their daughters to the first meeting.

Plans are being made for (Continued on page 7)

AT FRIONA--

Winter Leagues Begin Sept. 12

Winter League bowling will begin September 12 at Friona Lanes according to the voting at a meeting of the Friona City Bowling Association held Monday night in Friona.

So far a total of 24 men's bowling teams have indicated they will take part in the activities of the FCBA during the coming season.

A City Bowling Tournament has been tentatively slated for the weekend of September 22-23-24, depending upon the sanction of the American Bowling Congress.

About 50 men were present at the meeting Monday night and leagues have been set up for Monday, Tuesday and Thursday nights.

If there are individuals who want to bowl on a team, and haven't found a team to bowl with they are asked to register at the desk at Friona Lanes for the city association has a list of sponsors who need more bowlers to complete teams. Monday night has been filled

up, but there are still openings for bowlers on Tuesday and Thursday and Friday nights.

City Clerk Attends Tax Meeting

Albert Field, city manager of Friona, attended a meeting of the South Plains City Secretaries and City Clerks Association held in Lubbock last Thursday.

Lubbock's tax attorney, Cleddie Edwards, was the guest speaker at the meeting and spoke on the subject of delinquent city taxes.

Concerning the subject including problems in collecting these taxes, Edwards said there is no cost to cities in court cases and that tax cases take priority over all others on court dockets.

COTTON BOWL TRIP BIG PRIZE --

Football Contest Offered By Friona Merchants

Friona's armchair quarterbacks, the ones who claim to always know how the game will end, will have another chance this year to claim cash and perhaps an expense-paid trip to the Cotton Bowl game this year, if they participate in the Football Contest beginning in this issue of The Star.

The contest is similar to the one held last year and contestants are urged to enter every week in order to better their chances at the Grand Prize.

This choice plim will be a trip to the Cotton Bowl, with two free tickets and \$55 in expense money.

In addition, each week the top guesser, or expert, can try for prize money of \$10.

You can clip the entry blank from the ad found in this week's Star, drop it in the box at the Bi-Wize Drug Store in Friona, or mail it to The Friona Star, before 6 p.m. on Fridays and get your name in the pot for the prizes.

Weekly prize winners will be awarded \$5 first, \$3 second

and \$2 in that order.

All you have to do is to pick the winners of the eight games found on the page, plus guess the score of the tie-breaker and put the entry in the box.

The decision of the judges will be final.

The contest is sponsored by Rushing Insurance Agency,

Shrine Circus Comes To Hereford Sept. 14

The Oasis Shrine Club of Castro-Parker-Deaf Smith counties will sponsor the circus and proceeds will be used to help finance the Children's Clinic held during the month of May each year in Hereford.

More than 40 new acts will be brought to Hereford by Gil Grey, producer of the show and the performances will be about two and a half hours in length. Students in the first six grades in Friona will get a treat for they will receive free tickets for the matinee performance at 2:30 p.m.

The evening performance will begin at 8 p.m.

For more details see the Shriners' advertisement in this issue of The Star.

Those attending the dinner were Mr. and Mrs. Earl Clark and children of Elk City, Okla., Mr. and Mrs. Lonnie Baxter and Mr. and Mrs. Charlie Baxter and sons of Clovis, Mr. and Mrs. Billy Dean Baxter and children and Mr. and Mrs. J. W. Baxter II.

Also Mr. and Mrs. Lou Baxter and sons, Mr. and Mrs. Oscar Baxter and family, Mr. and Mrs. Troy Young and daughters, Mr. and Mrs. Jim Baxter and daughter, Mr. and Mrs. Sterling Graham and daughter, Mr. and Mrs. Clarence Martin and family, Mr. and Mrs. Larry Martin and family, Mr. and Mrs. Calvin Martin, Mr. and Mrs. Bill Baxter, Ann and Sue and Jerry Rankin.

mother and sister of Grubbs.

Mr. and Mrs. Wayne Bainum and daughter from San Antonio are visiting their parents, Mr. and Mrs. Charlie Bainum and Mr. and Mrs. Jim Shaffer.

Mr. and Mrs. J. V. Houser and Mr. and Mrs. C. O. Houser attended the wedding of Vonda Sue Carroll and Monte Maddox of Borger Friday August 26, Vonda Sue is the niece of J. V. and Orville Houser.

Mr. and Mrs. Don Reeve of Amarillo visited this weekend with Mr. and Mrs. Ray Dean Fleming and Mr. and Mrs. Glenn Reeve Sr.

Mrs. A. S. Grubbs and daughters, Mrs. Weldon Fairchild and Mrs. Kenneth McLellan visited with Mrs. Budley Bainum in Amarillo Friday.

Mrs. Ed Schooley of Lampasas is visiting here with her sister, Mrs. J. B. McFarland.

Mrs. Alice Fling of Anaheim, California, has been visiting the past two weeks in the home of Mr. and Mrs. Jim Cocannouer. Mrs. Fling is Mrs. Cocannouer's sister.

Mayor and Mrs. Raymond Fleming and Mrs. Floyd Crume of Pampa are vacationing at South Fork, Colo-

FIRST YEAR BROWNIES--These eight girls seem very happy over prospects of being members of the first year Brownie troop this year. Jayn Massie, Susie Spring, Susan Floyd, Gay Welch, Nancy Scales, Jannetta Cole, Pat McVey and Amy Sue Renner join the leader, Mrs. C. L. Vestal Jr., in inviting other girls to join the troop. One member, Regina Duke, was not present when the picture was made.

rado. They plan to return home the latter part of the week.

Jan Edelson, who has been working in Albuquerque this summer, has been visiting her parents, Mr. and Mrs. W. L. Edelson the past few weeks before she returns to school this fall. She is attending University of New Mexico.

Mr. and Mrs. J. T. Gee visited in the home of Rev. and Mrs. J. E. Tidwell of Brownfield, Sunday.

Recent guests in the home of Mr. and Mrs. Weldon Stringer were Mr. T. V. Slack, Phil and Shay of Perryton; Mr. and Mrs. L. R. Stringer, Karen and Randel of Dallas; Mrs. W. E. Baxter of Wichita Falls and Robert Belen of Vernon. The Stringers also attended a reunion of the J. H. Gooch family at Quartz Mountain Lodge near Altus, Oklahoma.

Mr. and Mrs. Jimmie Cruse and children of Pierre, S. Dak. spent last weekend visiting relatives and friends here. They were honored guests at a family dinner in the home of Mr. and Mrs. Herschel Johnson on Sunday.

Others present were Mr. and Mrs. David Moseley, Mr. and Mrs. Joe B. Collier and Hugh Moseley.

BOONTON, N. J. (AP) BULLETIN: "We are pleased with the report of the American Bible Society that it distributed a record of 17, 650, 917 volumes of the Scriptures in the country and abroad last year. The figure exceeded by a substantial margin the average 15,000,000 for the six years previously. Nothing but good come from this record distribution of the Bible, the very best book any one can read."

Also Marcia Lynn Massie,

God's free gift is the Life of the Ages, bestowed upon us in Christ Jesus our Lord. — (Acts 6:23)

As He promised in the days when He walked among men, Christ Jesus is with us today when we open our hearts to Him in faith and devotion, when we love Him as He loved us, sacrificing our self-will and self-indulgence as tiny tokens of the sacrifice He made for us on the Cross.

MORE DIGNIFIED
A famous TV producer, who never learned to read or write, recently endorsed his salary check with three crosses.

"What's the idea?" asked the banker. "You usually sign only two crosses."

"It's my wife's idea," said the producer, "she thinks that I should have a middle name."

Moved

Rev. and Mrs. A. M. Wiley and family recently moved from Taft Lovett's farm northwest of town to 912 Jackson Street. Wiley is pastor of the Calvary Baptist Church. The Hubert Singletery family moved from 912 Jackson Street to Brownfield several weeks ago.

Mr. and Mrs. Gilbert Roberts and children have moved to 1006 Washington Street. Roberts a former resident of Friona, is employed at Friona Oliver.

Mr. and Mrs. Elvie Jennings have moved into their newly constructed home at 1104 Elm Avenue. Others moving into newly completed homes are Mr. and Mrs. Grady Dodd and Fran and Mr. and Mrs. George C. Taylor Jr. and daughters SuZanne and Lisa. The Dodd home is at 1213 Elm Avenue and the Taylor home address is 1202 West Sixth Street.

New teachers moving here recently are Jay Wilson who is from Follett and lives at 907 Prospect; Mr. and Mrs. Guy Lemmond, who live at 1006 Ashland and are former residents of Avery, Texas; Mr. (Continued on page 4)

'57 Graduates Have Class Reunion Sunday

Hub community center was the scene of a class reunion for members of the 1957 graduating class of Friona High School. Time of the gathering was 3 p.m. Sunday. After an afternoon of visiting and reminiscing, sandwiches, cookies and cold drinks were served.

Those present were Mr. and Mrs. Don Reeve and Mr. and Mrs. Jimmy Patton and Charla of Amarillo, Mr. and Mrs. H. G. Houston (Maldean Stowers) and Debbie, Mr. and Mrs. Burke Hand (Loretta O'Brian) and Phillip, Phyllis Treider and Buddy Claborn;

Also Charles Beaton, Frank Woolbright, Mr. and Mrs. Ardith Rolan, Mr. and Mrs. Jimmy Maynard (Barbara Hock), Mr. and Mrs. Philip Weatherly, Mr. and Mrs. Wesley Barnett (Doris McFarland), John Hamilton and Graham Pruitt;

Also Mr. and Mrs. Don Mc Mahan, Eva Woolbright and Mr. and Mrs. Troy Young (Gladys Baxter) and daughters, Jan and Karen.

Class Party At Renner Home

Mrs. John Renner and Mrs. Keith Blackburn were hostesses to a party for their Sunday Bible Class, Thursday, August 26, at the Renner home. The group met at 4:30 for an outdoor game session, then were served sandwiches, cookies and cold drinks.

Members present were Monte Sue Welch, Jill Blackburn, Janet Stevick, Phyllis Holcomb, Frieda Floyd, Gary Shackelford, Charles Shuk, Larry Johnson and Teddy Renner. Also a guest, Mrs. Lloyd Shuk.

Final Meeting For Hi-Point

The Hi-Point demonstration club met in the home of Mrs. Cherry Mingus Tuesday, August 30. After a period of visiting and discussion the members decided to dissolve the club.

Those present were Mildred Mingus and Gary, Mary Bandy, Betty Renner and Mickie, Mary Barnett, Cindy and David, Lillie Baxter and Blaine, Gertrude Renner and June Collier and Gregg.

In The Courts

The following cases were tried before Justice of Peace Thelma Jones during the week ending August 30 in Friona:

Dennis R. Peterson, speeding 75 mph in 55 mph zone.

Billy John Loflin, speeding 58 mph in 45 mph zone.

Carolyn Jenice Crump, no driver's license.

Ronald Deon Awtry, no driver's license.

Clyde LeRoy Smithers, speeding 56 mph in 45 mph zone.

Richard Jesko, speeding.

Ruben Torrez, no driver's license.

Melba B. Bauldin, driving at unsafe speed.

Dorothy Camp Ford, driving at unsafe speed.

Joe Roy Grimes, speeding 60 mph in 45 mph zone.

Lawrence K. McLane, speeding 58 mph in 45 mph zone.

83 Students Enrolled In Vo Ag

A total of 83 students are enrolled in the vocational agriculture classes in Friona High School this year according to reports from J. C. Lane and Dave McVey, vocational agricultural instructors.

So far a total of 27 Greenhands are counted on the rolls of the Friona Chapter of the Future Farmers of America, but this total may change when the chapter has its first meeting, slated for later this week.

Chapter activities this week have included tearing down the old pressbox at Chieftain Stadium in preparation for the construction of a new pressbox which will be erected in time for the first home football game.

CORPORATION COURT

The following cases were tried before Judge Thelma Jones in Corporation Court in Friona during the week ending August 30:

Bill Alexander, influenced by alcohol and disturbing the peace.

Lesley Dooley, drunk in public place.

Charles Flynn, no driver's license.

Did you know-- That "meat" growers must provide each average consumer with the equivalent of 33 hogs, 10 lambs, eight steers, and veal calves during his meat-eating days of life?

The Labor Principle

Mark 13:34 - "To each one his work."

Approach of Labor Day naturally reminds us of the place and importance of labor in the great scheme of things. Labor under the guidance of human intelligence is to be credited for all the material progress of this world. Without it the simplest comforts would be impossible. Human wisdom, enhanced by all the institutions of learning, could get us nowhere unless accompanied by toiling hands and the man of toil must ever be regarded with appreciation and honor.

Labor has its value not merely in the material advancement of the world, but more so in what it does for the moral well-being of the laborer.

Idleness deteriorates the individual in body, mind and character. Let every person thank God for his job. It is one of his best friends to which he should commit himself with all fidelity.

Let the laborer recognize the fact that his labor is his contribution to humanity, remembering that his work betrayeth him for good or evil. A shoddy piece of work in this high-gear machine age may mean a crash on the highway, the collapse of a building or some other calamity in which people may be killed or injured.

The Christian spirit demands that the worker be faithful, honest, upright... for his work is his stewardship for which an account must be given.

A Healthy Community is a Christian Community

WMS Circles Have Joint Meeting

All circles of the WMS of the First Baptist Church met Wednesday afternoon for the regular monthly meeting. Group singing of "Jesus Saves" directed by Mrs. Jerry Maynard was the opening number on the program. Nelda Douglas accompanied at the piano.

Mrs. T. E. Wood presented the devotional. Following prayer directed by Mrs. Ed Hicks, special prayers were said for missionaries whose names appeared on the calendar of prayer.

Slumber Party In Grubbs Home

Willie Grace Grubbs, daughter of Mr. and Mrs. A. S. Grubbs, was hostess at a party in the family home Friday. Festivities began with a wiener roast. This was followed by a bowling session at Friona Lanes.

After the group bowled, they returned to the Grubbs home and spent the night.

Those attending were Lyndia Chandler, Jill Blackburn, Lorene and Lanore Jackson, Phyllis Holcomb, Janet Stevick and Willie Grace Grubbs.

The fellow took his Great Dane to a veterinarian and complained, "Doctor, my dog does nothing but chase sport cars."

"That's only natural," replied the veterinarian, "many dogs chase cars."

"I know," answered the Dane owner, "but mine catches them and then buries them in the backyard!"

Progressive Study Club Plans Annual Projects

A hot dog and concession stand in City Park Thursday, Friday and Saturday of next week will be operated by members of the Progressive Study Club. All proceeds from this

Scavenger Hunt Honors Sandy Beene

Highlight of a get-acquainted party honoring Sandy Beene, who recently moved here from Paducah, was a scavenger hunt. Sandra Hoover, Pat Barker and Ramey Beene assisted Mrs. O. J. Beene, hostess. The hunt began at the Beene home. Each group visited Mrs. Jane Armstrong and gave greetings to her on her 83rd birthday. The groups were graded by a point system according to their ability to follow instructions and time schedule.

After returning to the Beene residence, hotdogs, cold drinks and ice cream were served to Janet Stevick, Jill Blackburn, Frieda Floyd, Phyllis Holcomb, Janis Goggans, Marie Short, Mary Short, Sarah Fallwell, Mary Ann Roberts, Sherri Tannahill, Monte Sue Welch, Lanore and Lorene Jackson, Janet Rushing, Judy Phipps, Pat Barker, and Sandra Hoover.

Also Tommy Sherley, Randy Farr, Don Hoover, Kim Buske, Tom Bill Shelton, Tim Herring, Ramey and Jay Beene. Others present were Dr. and Mrs. William Beene and Brad, Mr. and Mrs. Bill Nunn, Johnny and Tip, Mrs. Alton Farr and Mr. and Mrs. O. J. Beene.

My Neighbors

"Say, does your father know we can see his shadow out here?"

Farewell Party Honors McKinneys

Sunday evening August 21, about 150 friends of the M. B. McKinney family gathered at the Hub Community Center to honor them with a farewell party. Mr. McKinney is the former minister of the Sixth Street Church of Christ, and they recently moved to Dimmitt.

After a period of fellowship and games, refreshments were served, and gifts were presented to Mr. and Mrs. McKinney.

"As far as we know, the U. S. is the only country that finds victory just as expensive as defeat."—D. O. Flynn.

Of Interest To THE WOMEN

Dolores Hodges, Ardith Rolan Wed In Double Ring Ceremony

MR. AND MRS. ARDITH ROLAN

In a double ring ceremony at the Church of Christ at Denver City at four o'clock Sunday, August 21, Dolores Hodges, daughter of Mr. and Mrs. L. G. Hodges of Denver City became the bride of Ar-

dith Rolan, son of Mr. and Mrs. A. G. Rolan of Friona.

Carl G. Hecker, minister of the church, read the vows before a floral arrangement centered with a white wicker floor basket filled with white chry-

santhemums and tied with blue satin ribbon streamers. Standards of emerald and jade foliage flanked the arrangement. Family pews were marked with white satin streamers. Vocal music was by the Abilene Christian College chorus.

Mrs. Jerry Rowlett of Seminole, aunt of the bride was matron of honor, and Miss Ann Sloss of Lubbock was the bridesmaid. The attendants wore gowns of blue nylon chiffon with fitted bodices and bouffant skirts. They carried nosegays of white french carnations with blue velvet forget-me-nots and white streamers and wore white headbands.

Arnold Anderson of Stephenville served as best man. Groomsman was Graham Pruitt of Friona and ushers were John Hamilton of Friona and Loyd Hodges of Denver City, brother of the bride.

Given in marriage by her father, the bride wore a semi-formal gown of white lace over taffeta. A sweetheart neckline enhanced the fitted bodice. Her shoulder length veil of illusion was attached to a crown of white sequins. She carried a cascade arrangement of white french carnations centered with removable blue carnation corsage with pearl streamers. Her only jewelry was a strand of pearls.

Mrs. Hodges, mother of the bride, wore a blue silk suit and white accessories. Her

Morning Courtesy Fetes Phyllis Bainum Friday

A bridal shower honoring Phyllis Bainum, bride-elect of Gary Brooks, was given in the Friona club house from 9:30 to 11:00 a. m. Friday. Her chosen colors, blue and white, were carried out in the floral arrangements.

The serving table, covered with a white cut work cloth, was centered with a silver bowl holding an arrangement of white and blue carnations around wedding bells. Satin streamers were lettered "Phyllis and Gary, September 4."

Betty Barnett presided at the silver coffee service. She was assisted by Adelle Smith. Coffee, tea and coffee cake were served. Guests were registered by Mrs. Dwayne Cassels of Hereford. The bride's book, a gift from the hostesses, played "The Wedding March."

Corsages of blue carnations were presented to her mother, Mrs. Mack Bainum, and grandmother, Mrs. G. C. Cogdill of Clovis, and to the bridegroom-elect's mother, Mrs. Alvin Brooks, and grandmother, Mrs. Helen Williams.

Hostesses were Mesdames Guy Latta, W. A. Foster, Fern Barnett, Kenyth Cass, J. G. McFarland, Tommie Parker, Hoyt Smith, Fay Reeve, Dorothy Hough, Arthur Drake, Russell O'Brian, James Boyle, Dwayne Cassels, J. E. McCathern, U. S. Akens, Henry Lewis, James McLean, Joe Boeckman, Pat Fallwell, Rene Snead and Dick Rocky. They presented an electric mixer to Miss Bainum.

Out of town guests were Mrs. G. C. Cogdill and Mrs. Wilbur Cogdill of Clovis, Mrs. Urechel Perkins of Hereford, and Mrs. Wayne Bainum of San Antonio.

Double Ring Ceremony Unites Laurie Cooper, Gerald Wright

MR. AND MRS. GERALD WRIGHT

Wedding vows were exchanged between Miss Laurie Cooper and Gerald Wright, both of Friona, at Central Christian Church in Portales at 4:30 p.m. Friday, August 26. Parents of the couple are Mr. and Mrs. M. M. Cooper of Portales and Ewel Wright of Byars, Okla.

Glen Hull, minister of the church, read the double ring ceremony before an arch of greenery centered with red roses. White satin bows completed the decorations.

Attending her sister as matron of honor was Mrs. Arthur Jones of Portales. She wore a street-length dress of blue cupioni and carried a nosegay of white carnations.

Johnny Wilson of Friona was best man. Lewis Cooper of Portales, brother of the bride, and Gail Wright of Stratford, Texas, brother of the bridegroom, were ushers.

Mrs. Michael Morrison, pianist, of Portales played traditional wedding marches. She also accompanied Mrs. Odie Hartwig, cousin of the bride, as she sang "Whither Thou Goest."

Escorted to the altar by her father, the bride wore a street length dress of white jacquard weave cotton styled with a full length princess panel in front. The full skirt was topped with a long fitted bodice.

Her elbow length veil of white illusion was lace edged and attached to a flower shaped frame of white wired velvet. She carried a bouquet of red roses on an antique ivory fan laced with red ribbon. The fan, a family heirloom, was carried by Mrs. Jones at her wedding recently.

Mrs. Cooper, mother of the bride, wore a gray dacron dress with pink accessories and a white carnation corsage.

A white three tiered cake

decorated with red rosebuds and topped with a miniature bridal couple formed the centerpiece on the linen covered serving table at the reception in the church parlor.

Misses Geneva and Frieda Floyd of Friona served cake, punch from a crystal bowl, nuts and pastel colored mints.

Wedding guests were registered at a table in the foyer by Susan Floyd of Friona. A hand crocheted doily in a red rose design, which belonged to the bride's paternal grandmother, the late Mrs. H. H. Cooper of Portales, covered the table. An antique doll, dressed as a maternal great aunt of the bride, stood beside the guest book.

For traveling to Colorado the bride wore a two piece suit of red cupioni, black accessories and the corsage from her wedding bouquet.

After September 5 Mr. and Mrs. Wright will be at home here. He is an employee of Kendrick Oil Company and she is a former employee of Plains Publishers and The Friona Star.

Mrs. Wright is a graduate of Portales High School and Eastern New Mexico University. Her husband is a graduate of Kress High School.

Out of town guests signing the register were Ewell Wright, Byars, Okla.; Mrs. Douglas Griffin and Mrs. Jewell Williams of Stratford, Okla.; Mr. and Mrs. J. B. Hamilton and Mr. and Mrs. J. H. Hamilton of Kress; and Mrs. Bobbie Sanders of Sundown, Texas.

Also Mr. and Mrs. Gail Wright, Carol and Barbara of Stratford, Texas; Mr. and Mrs. Larry Cooper and Royce of Abilene; Mrs. L. L. Cooper and Leslie of Farwell; Mrs. Myron Hart of El Paso; and Mr. and Mrs. Jess Richardson, Larry and Ronny of Texico;

Also Mr. and Mrs. Johnny Wilson and Mike, Mrs. Tommy Parker, Mrs. Clarence Ashcraft, Clyde Woodard, W. W. Holcomb, Mr. and Mrs. Glenn Floyd, Geneva, Frieda and Susan all of Friona.

Teachers Have Informal Meeting

An informal meeting of members of the 1960-61 faculty, including substitute teachers, and their families began with a buffet supper at the school cafeteria at 7:30 p.m. Friday. The meal was prepared and served by ladies who are employed in the cafeteria.

Highlight of the meeting was introduction of all new teachers by Superintendent Alton Farr.

An Announcement

Of
A Reduction In
Interest Rates

To
6 1/2 %

Effective August 15, 1960

The Association borrows all the money it lends from the investing public (corporations, individuals, banks, etc.) through the Intermediate Credit Bank at Houston. Interest on this money largely determines the interest rate the Association charges.

Cost of money on the Nation's money markets has declined in recent months. This reduction is therefore passed on to those who borrow from the Association.

him now?"
Sorta reminds us of the story of the college boys who caught a wildcat in a suitcase, but then didn't know how to get him out--in case you didn't hear this one, they sat the suitcase alongside a highway and sure 'nuff a car came along, picked up the suitcase and sped away with their find.

The "find" turned things upside down however, and reports say the car was a total loss, and almost four of the occupants were too as they jumped from the car to escape the enraged wildcat.

(We still don't know what the boys did with the fox.)

SMART
Bridegroom--"And now, dear, that we are married, let us have a clear understanding about our affairs. Do you wish to be president or vice-president?"
Bride (Sweetly)--"Neither. You be both. I'll just be the treasurer."

CARD OF THANKS
I want to personally thank each and everyone of my friends for their personal interest in my recent hospitalization. Your cards, gifts and flowers were appreciated so much.

May the Lord richly repay you in his mercy. I especially want to thank my pastor, Wallace Kirby, for what he did and had done for me.

I am presently convalescing at the home of my daughter and son-in-law, Mr. and Mrs. E. E. Houlette at 1504 Houston Street in Plainview.

Sincerely,
Mrs. George McLean 48-1tp

**A&M College
Cadets Eat Beef
Shoulder Roast**

Suppose you had to feed 7,200 hungry young men?

The head dietitian at Texas A&M College, College Station, faces this problem every day, and solves it often with economy cuts of beef, she told the Texas Beef Council.

Founded in 1876, the Agricultural and Mechanical College of Texas was the state's first tax-supported institution of higher learning. The campus now occupies more than 6,000 acres of land, and the value of the physical plant is currently placed at more than \$47,000,000. In addition to the field of agriculture and engineering, undergraduate and graduate instruction are also offered in liberal arts, sciences, education, business administration and veterinary medicine.

**Quotable
Quote**

SEVEN-TENTHS OF A SECOND

There is a chilling report in Motor magazine on what happens in the first second when an auto speeding at 55 mph crashes into a tree. Researchers, particularly those at the University of California and Cornell, have been studying various types of auto collisions and the auto-tree variety has produced findings that argue strongly for avoiding it.

Here they are.

In the first tenth of the fatal second, the front bumper and grille collapse.

The second tenth finds the hood crumpling, rising and striking the windshield as the spinning rear wheels lift from the ground. Simultaneously, fenders begin wrapping themselves around the tree and, although the car's frame has been halted, the driver's body is still going 55 mph. Instinct causes the driver to stiffen his legs against the crash and they snap at the knee joint.

During the third tenth of the second the driver's torso lurches from the seat, broken knees smashing into the dashboard. The steering wheel starts to disintegrate and the steering column aims for the driver's chest.

The fourth tenth of a second finds two feet of the car's front end wrecked while the rear end still moves at 35 mph and the driver's body still travels at 55.

In the fifth tenth the driver is impaled on the steering column and blood rushes into his lungs.

The sixth tenth finds impact built up to the extent that feet are ripped out of tightly laced shoes. The brake pedal breaks off; the car frame buckles in the middle, and the driver's head hangs into the windshield as the rear wheels, still spinning, fall back to earth.

NOTICE TO BIDDERS

Sealed proposals addressed to The Honorable Mayor and City Council of the City of Friona, Texas, will be received at the office of Albert Field, City Manager, until 1:30 p. m., September 19, 1960, for furnishing all necessary materials, machinery, equipment, superintendence and labor for the construction of certain Water Works and Sanitary Sewerage System Improvements for the City of Friona, Texas, consisting of the following principal items of work and the necessary incidentals and appurtenances: - DIVISION I - WATER WORKS IMPROVEMENTS - Construction of 6th Street Pump Station, including pump building, all necessary piping, furnishing and installing one pumping unit and installing one pumping unit furnished by the City; constructing a 500,000 gallon Concrete Ground Storage Reservoir (alternate on 500,000 gallon Steel Ground Storage Reservoir); installing chlorinator; furnishing and installing chain link fence; constructing chlorinator building at 8th Street Pump Station, installing chlorinator; and furnishing and installing other miscellaneous items, including all electrical work, flow meter and automatic pump controls.

YOUNG SCHOLAR—It's pleasant to study outdoors, says Jacqueline Schulten, 1960 Little Miss Cotton. Perfect for those first fall school days is her colorful plaid cotton dress styled with an oversized bow and collar.

from funds furnished by the City of Friona, Texas.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, Page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, specifications and plans are on file at the office of Albert Field, City Manager, City Hall, Friona, Texas; Parkhill, Smith & Cooper, Consulting Engineers, 201 Avenue K, Lubbock, Texas; and in the office of the "Texas Contractor", Dallas, Texas.

Copies of the Plans and Specifications may be secured from Parkhill, Smith & Cooper, Consulting Engineers, 201 Avenue K, Lubbock, Texas, upon a deposit of \$30.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned to the Contractor on submission of a bona fide bid on the work, with such Plans and Specifications; or upon returning the plans and specifications immediately after examination of same, and advising the Engineer that bid will not be submitted; otherwise, the deposit shall be forfeited.

CITY OF FRIONA, TEXAS
By R. L. Fleming, Mayor
47-21c

NOTICE TO BIDDERS

The Successful Bidder must furnish bonds on the forms provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the Owner to reject the bid. The Owner reserves the right to reject any or all bids and to waive formalities and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Payment for the work performed on this project will be

Sealed proposals addressed to Albert L. Field, City Manager, Friona, Texas, will be received in his office at the City Hall, until 3:00 p. m., September 12, 1960 for furnishing f. o. b. Friona, Texas, two semi-automatic, solution feed chlorinators, each having a capacity of not less than 100 lbs. per day, complete with approximately 75 feet of 1-inch solution hose, corporation cock, solution tube, scales, and the necessary equipment for semi-automatic operation (automatic start and stop - manual control of chlorine feed) of the chlorinators from the starting circuits on well pumps.

Information for bidders and specifications may be obtained from Albert L. Field, City Manager, Friona, Texas, or from Parkhill, Smith & Cooper, Consulting Engineers, 201 Avenue K, Lubbock, Texas.

Youths Charged With Forgery

Three youths were arraigned in Parmer County Court Tuesday for forgery. All three confessed to having a part in forging one check and they have been bound over to the grand jury, which is scheduled to meet in September.

Each of their bonds were set at \$1,000 by Judge Loyde A. Brewer.

Arrested and charged with forging and passing a \$50 check at State Line Grocery in Farwell were three 20-year-old Negroes, Willie Whitfield, T. P. Jackson, and John Dozer. All three list their homes as Friona, but have been working on a farm two miles north of Farwell.

Whitfield and Jackson were arrested near Farwell Monday night and Dozer was picked up in Clovis Tuesday. Sheriff Chas. Lovelace, who worked on the case most of Monday night and Tuesday, uncovered confessions which implicated all three in the one case.

According to the confessions, Jackson wrote the check, which was made out to a fictitious individual, and the signature of Mike Allen, of the Lazbuddie community, was forged.

Whitfield and Dozer entered the store Sunday morning to buy groceries. Whitfield cashed the check, and the change, amount-

ing to \$18, was given to Dozer. All three are currently in the Parmer County jail. Jackson was also charged with another crime, along with A. C. Dozer, 22, brother of the Dozer charged with the forgery.

They were charged with the theft of gasoline from the C. L. Mahaney farm north of Farwell. Both were found guilty by Judge Brewer in county court Tuesday. They were each fined \$40 and court costs.

One other arrest was made by the Parmer County sheriff's department during the past week. Fred Winter, Lehigh,

Kansas, was picked up in Bovina Friday and charged with drunkenness. He was found guilty by Judge Brewer and fined \$48.70.

Black News

BY MRS. DELTON LEWELLEN

Visiting in the home of Mr. and Mrs. Johnnie Bengert last week were Mr. and Mrs. Lewis King of Stephenville, Tex., who formerly lived in this area. They are an uncle and aunt of Mrs. Bengert. Mrs. King's grandparents were pioneers of this county. Her grandfather was Land Commissioner during the administration of Teddy Roosevelt. He died in 1905 and her grandmother in 1917. They were buried in the Texico cemetery. They also lived in Bovina where Mrs. King's father helped build the railroad. They visited in Bovina, Texico and Farwell taking pictures of old landmarks.

Mr. and Mrs. John King of Dimmitt were dinner guests in the home of Mr. and Mrs. Johnnie Bengert Wednesday. He is an uncle of Mrs. Bengert.

Mrs. Kate McMillan of Berger visited last week with Mr. and Mrs. Johnnie Bengert, also with her brothers, Lewis and John King. Mrs. McMillan is Mrs. Bengert's mother.

Mr. and Mrs. John Bengert returned Saturday from a trip to California, where they visited friends and relatives. The primary purpose of the trip was to get acquainted with their new grandson, Noel Edward Bengert Jr., who was born to Mr. and Mrs. Noel Bengert on July 11, in San Jose.

He is quite an important fellow since he is the first Bengert boy born into any of the John Bengert families of the U. S. in over forty years. Also, he is the first grandchild on

Troop 56 Plans White Elephant Sale

Hayden Cason, scoutmaster of Boy Scout troop 56, announced early this week that plans have been completed for a White Elephant sale in City Park at 5:30 p. m. Saturday of next week.

Col. W. H. Flippin Jr., local auctioneer, will be on hand to conduct the sale.

Items for sale will be numerous and will include just about everything from a steak dinner to a power mower. Other items on sale will be home baked cakes, toys, furniture and items of clothing.

Individuals or merchants hav-

ing items to contribute to the sale are asked to contact Cason, Preach Collier, any member of the Lion's Club or any member of troop 56. Plans have been made to have all donated items picked up. All the donor needs do is make a call, list the items donated and its location. All proceeds from the sale will be used for benefit of the troop, which is sponsored by local Lions.

More than 22 million workers...one-third of the total labor force...are employed in agriculture and its industries.

the maternal side. Mr. and Mrs. Bengert also visited relatives in San Francisco and Oakland and attended the wedding of a nephew in Concord. While there they attended two major league baseball games in Candlestick Park, San Francisco. They made the trip by TWA and reported a very nice flight.

2 out of 3 buy insurance through an Independent Agent

Here are some of the reasons:

THE RIGHT INSURANCE—An independent insurance agent is professionally qualified to analyze his customers' needs. He is free to choose the right insurance for each customer from hundreds of policies available.

CLAIM COLLECTION—When a car owner has a loss, his independent insurance agent helps him file and collect his claim. The independent agent negotiates with the company.

AVAILABILITY—An independent insurance agent is ready to help his customers at any time. Over 100,000 independent insurance agents across the country who display this seal will help an insured car owner when he is away from home.

ABILITY TO PAY CLAIMS—The insurance companies from whom the independent insurance agent selects insurance for his customers have proved their financial strength and stability over a long span of years.

You get all these benefits when you insure your car through an independent agent. So be sure you do as two out of three car owners do—buy your insurance through an independent agent.

Humi-Cite

"The Secret To Soil Conditioning"

HUMI-CITE

First of all, we know "we are what we eat." This work is an attempt to find the answer to the failing nutritious content of our foods. First we must understand one thing, all foods we have must be determined by plant life. Without the power of the plant no form of animal could exist because his life depends on the plant.

The reasoning of this work is, first to get a healthy, fertile soil, so a plant living in healthy environment naturally will in turn be healthy, producing healthy food for the animal kingdom, of which we the humans are a part.

Soil organisms are the most vital factors in Nature's laws. We have to consider all factors pertaining to healthy soil. Soil organisms are our first concern. By applying "Humi-Cite" we are assured the full benefit of these soil organisms.

In many soils these organisms are dormant. "Humi-Cite" will activate the dormant organisms and promote the rapid multiplication of these soil organisms in tremendous quantity. "Humi-Cite" creates a healthy soil, and as we all know, a healthy soil creates the environment for a healthy plant. Also we are reasonably sure a healthy plant will resist insect attack, more than a plant that is not healthy.

We recommend on most of our Texas soils, Ammo-phos, at least 50 lbs. per acre for the first year after applying "Humi-Cite". We do not recommend any of the sulphates. Our soils have plenty sulphates but are low in phosphates. 11-48-0 is a very good equation of nitrogen and phosphate. In making chemical exchanges it is very important to make the right exchange so that we do not endanger our soil balance, which in many cases convert to carbon disulphide which would eat the shoes off our feet, let alone the tender roots of plants and in many cases is the cause of root rot, wilt, etc.

This liquid is not so easy to understand and we encourage everyone to give it a trial and be governed by the end results in healthy plants and maximum yield.

If we were to try to name the entire chain of soil organisms active in fertile soil we would be from now on trying, but can mention a few, such as nitrogen fixers, nitrifiers, sulphate fixers, sulfabacterium, which work on sulphates, reducing the sulphate to elemental sulphur, thereby releasing the metallics, calcium allumina, iron, potash, etc., as soluble salts which the plant can easily absorb from soil waters. "Humi-Cite" is a combination of many chemical conversions wrapped up in one application, new to man, but ancient in Nature's law.

When "Humi-Cite" is applied to any soil, even marginal ground, you can be assured fertile soil in the first year, remembering, however, water is necessary, (and plenty of it) to insure full activation of soil organisms. Things to look for after the application of "Humi-Cite" are:

1. Penetration and retention of water.
2. Friable, crumbly soil, greater per cent in germination of seed.
3. Healthy plants, maximum leaf size.
4. Less bug damage.
5. Maximum yield.
6. Greater per cent of beneficial insects such as lady bugs, lace wings, etc.

Hub Farmer Hand-Feeds 82 Calves

IT'S FEEDING TIME at the Albert Cannon farm near the Hub community. Cannon recently received 82 Holstein heifer calves and he has had the task of feeding each of them twice a day by bottle.

As if there weren't enough things to do on the farm at this time of year, one farmer of the Hub community has taken on another sizeable chore—that of playing mother to 82 baby calves.

Albert Cannon, who farms two miles south of the Hub corner in eastern Farmer County, last week received 82 Holstein heifer calves from a breeding farm in Dorchester, Wisconsin. When they arrived, the calves were from 7 to 11 weeks old and Cannon started each of them off on the bottle.

Yep, that's right, twice each day Cannon and a hired hand have been feeding the 82 head of livestock by hand—and with a bottle. They feed four at a time and it takes about an hour morning and night.

What's the reason for all this? Cannon is getting ready to go into the dairy business at his 480-acre farm and this is just the first stage of a long-range plan. Two years from now these heifers should be calving and coming fresh for the first time. That's when Cannon plans to start producing milk for sale.

All of the calves are of artificial breeding and come from some of the best stock in the Midwest, Cannon says. Their mothers all give on the average of 10 gallons of milk per day.

The bottle-feeding program will last for only a few weeks. After the calves become 12 weeks of age, they will be weaned from the bottle and placed on a mixed feed ration. Sixteen of the calves have already been taken off the bottle. They will be fed this ration until they reach 250 pounds and then will be turned out to pasture.

All 82 of the calves arrived at the Cannon farm in fine shape. They were transported here by truck.

"They were a little tired and shaky when they arrived," Cannon says, "but they're all looking good now."

"The biggest problem right now is flies," Cannon explains, adding that three weeks from now would have been a better time to have started on his program. Cannon has to spray the calves and pens several times a day.

The dairy business will be nothing new to the Hub farmer, who ran a herd of cows on his farm until 1950. Since that time, he has devoted his time to his irrigated farm, raising cotton and grain sorghums.

In choosing this method of getting back into the dairy business, Cannon explains, "I wasn't ready to get started just now, but hope to be two years from now." He plans to build a new barn and have everything ready to go by that time.

Cannon expresses the belief that dairying can be profitable, "especially right now, with feed prices so low," he says.

Once he gets started, Cannon will probably sell the milk produced by his herd to an Amarillo dairy firm.

Right now, Cannon's chief concern is getting the calves off to a good start. And, that's certainly no easy chore, since his irrigation wells are running long hours and he has to sandwich his calf-feeding in with his

THE HIGH PLAINS FARM AND HOME

SOME OF THE CALVES have already been weaned from the bottles and placed on mixed ration. Here, Cannon is shown with a few of the 12-week-olds, which will no longer have to be fed by hand.

irrigating chores.

Electric co-ops mean

PPPP

ARTNERSHIP OWER FOR PROGRESS

Nearly 400,000 Texas Families are partners in a noble undertaking that celebrates its silver anniversary this year.

They are the member-owners of the electric cooperatives that serve the rural areas of the Lone Star State. They borrowed money at interest to build their own electric systems. They created a multi-billion dollar market for electric appliances with main street merchants. They brought the blessings of electricity to areas that might still be dark had it not been for the cooperative effort. They accomplished these wonderful things while repaying principal and interest on their loans...often ahead of schedule.

The electric cooperatives of Texas can point with pride to an efficient, dependable, electric service providing Partnership Power For Progress.

WITH THE COUNTY AGENT

JOE JONES

The cotton bollworm is beginning to show up over the county so you had better keep a close check on your cotton from now until it matures. With cotton late like it is this year the bollworm can do damage in most fields right up to frost. Forget the cotton fleahopper because squares they will knock off will not make cotton anyway. The lysus bug can also damage small bolls so be on

the look out for this pest. If the cotton leafworm shows up better control him because they can do damage in a hurry. When the leafworms begin to rag the leaves better bring them under control with the recommended insecticide. Begin treatment for the cotton bollworm when 4 or 5 small worms and eggs are found per 100 terminals.

The addition of phosphate to wheat on sands, loams, and sandy loams is likely to pay good returns on the money invested. If you have not had a soil analysis run on your 1961 wheat land and want to guess at the amount of phosphate that might be needed it looks like 40 to 60 P2O5 is a good guess. This has proven to increase yields in most demonstrations from 6 bu. to 12 bu. per acre. Remember phosphate should be placed in bands at seeding time or prior to seeding wheat. Phosphate can be placed in the drill furrow with wheat seed but nitrogen or potassium cannot, so be sure you don't try putting nitrogen fertilizer with or too near the seed.

To date phosphate has not been profitable when applied to wheat on clays or clay loam

soils. Research conducted at the Southwestern Great Plains Field Station at Bushland and work conducted at Hereford and Tulsa has shown little or no benefit from the use of phosphate when applied to the clay type soils, for wheat production. It would be a good idea if each of you would do a little checking on your own each year to see just when phosphate may be needed on your farm. If we continue to take big crop yields off year after year the addition of plant food elements other than nitrogen is sure to be needed. The important thing is to know when this time has arrived so these elements can be added. Generally speaking the South one third of Farmer County and a few sandy spots over the county can use phosphate to an advantage on wheat according to research work and demonstrations conducted to date.

Rotation of crops must be planned ahead and now is the time to decide just where you will put your 1961 cotton crop. 1960 wheat land would be ideal. Grain sorghum stubble with a little nitrogen added and turned under while green this fall would also provide a good place. At any rate you had better give consideration to Rotating your cotton from cotton land that has been in cotton the past year or so.

It does not hold true in all instances but generally speaking the 1960 cotton crop following cotton had disease worse than cotton on land that was not in cotton in 1959. Now is the time to plan where the 1961 crop will be seeded on your farm.

HELPING OUT WITH THE FEEDING is Cannon's small son, Glenn, who was at first a little hesitant about getting into the pen with the calves. But, once they got a hold of the bottle nipples everything was all right.

H. D. AGENT'S CORNER

Jimmie Lou Waincott

Since this is my last column in Farmer County I would like to say it has been a pleasant experience working and living in Farmer County. I would like to express my thanks to each Home Demonstration Club member, 4-H member and their parents for their cooperation through the years that I have been in Farmer County.

Appetites may lag a bit on these hot summer days... it's easy to overlook the need for balanced nutritious meals and simply "fill the family" with an assortment of this and that.

To solve this situation, try some of the hearty, nutritious salads suggested in a NEW important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence we must not let our rulers load us with perpetual debt. If we run into such debts, we must be taxed in our meat and drink, in our necessities and in our comforts, in our labor and on our amusements. If we can prevent the government from wasting the labor of the people, under the pretense of caring for them, they will be happy.

CONSIDER THIS: Seest thou a man diligent in his business? He shall stand before kings; he shall not stand before mean men." Proverbs 22:29.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Nell Davis, office secretary, says she would appreciate it if you would file for gas tax exemptions soon, so that there will not be carry-overs between now and January, in which case some of the invoices would have expired. Also, if you do not plan to file, she would appreciate your returning the post card you receive, so that dealers will cease filling out and sending invoices for her to file needlessly. Thank you.

Think this one over: An employee gives you trouble and wants more pay than you think you are able to pay him. You don't agree, so he quits and picksets your business. . . . Another man asks for the job, so you hire him and he proves to be as good as the quitter and easier to get along with. You give him a raise. . . . Six years later, the federal government tells you to fire the worker you like, move him out of the house you furnish him and move the quitter back into the house and onto the job. The above is precisely what happened at Kohler Company in Wisconsin. Unless we, the people, stand up for what is right, it will be happening on the farms of Farmer County in a few years. Please don't dismiss the idea with a placid "impossible." Twenty years ago, would you have believed you would someday pay a percentage of your income for a retirement plan that guarantees you nothing? (Social Security). Thomas Jefferson said, "I place economy among the most

SOIL CONSERVATION DISTRICT NEWS

Water, in the form of irrigation, played a big role in last year's bumper crops on the Texas High Plains, topping all past records in grain sorghum production. And we produced a cotton crop of 1.8 million bales, second only to the 2 million bales ginned in 1958. Irrigation was applied to 1-1/2 million acres of cotton, 2 million acres of grain sorghum, 686,000 acres of wheat, and 89,000 acres of corn.

More figures on what irrigation has done, or helped to do: High Plains farm cash income rose from \$215 million in 1943 to \$719 million in 1958. This increase in income closely parallels growth in irrigation. Here are figures for the South Plains:

YEAR	NUMBER OF WELLS
1911	1
1934	300
1945	4,300
1958	34,000

In the entire high Plains farmers have 47,275 wells on 19,667 farms, irrigating 4,778,000 acres. They have 6,404 miles of underground irrigation pipe to conserve water. Some 7,814 farms are using underground pipe to irrigate 1,738,283 acres. Underground pipe cuts water use by about one-third by eliminating seepage and evaporation losses from open ditches.

And we have about 130 recharge wells on the Plains to drain lake water to recharge the underground water. Silt has been the biggest problem in this method of recharge. Also, water is pumped from some 2,500 lakes directly onto crops. This is good irrigation water and cost is low. Only disadvantage is the water loss from evaporation.

Truck farmers in some areas of the state are harvesting early fall vegetables. . . . Eggplant and mustard greens are outstanding items and they will increase in supply for the next couple of weeks. Squash, dry onions, cabbage, red potatoes and green peppers offer variety and economy for your food budget.

We know that in 1948 only 26% of our wells pumped under 700 gallons per minute. Today, 61% pump under 700 gallons per minute. In 1948, only 17% of the wells had a lift of over 125 feet--today, it's 76%. Taken from Progressive Farmer, April 1960.

The HAPPY HOMEMAKER

BY JUNE FLOYD

With the opening of school many homemakers are busy sewing. Whether you have a son who is entering the first grade or a daughter that will be a senior in college, making school clothing can be a rewarding experience.

There are so many types of fabric to choose from that it is oftentimes very difficult to decide which one to buy. For smaller children there is no better choice than cotton. Besides being beautiful, it is durable, washable and most practical.

If you are sewing silk or any other slippery material and have difficulty keeping it on the machine, just pin a turkish towel over the table end of the machine. Then the material will not slip off while you are stitching it.

After reading endless hints on how to keep sewing supplies neatly stored, pins, needles, rick rack, braid, buttons, zippers and various other articles at the Floyd home are generally jumbled up.

Somehow or other we have never mastered the art of keeping such things in order. There must be a fool proof system, but the one we use just doesn't work.

If you, like most other home sewers, are guilty of lifting ideas for dresses, blouses, shirts, aprons, etc. from magazines and newspapers, here is an idea that sounds very good.

Take an ordinary looseleaf notebook and fill it with plastic sheet protectors centered with black paper. As you collect ideas, slip the pictures into the sheet for further reference.

Soil Test Now

Efficient farming methods are prerequisites to maximum profits, and failure to determine the soil's need for fertilizer is not efficiency. Dr. W. F. Bennett, extension soil chemist, says that the best place to determine the amount of fertilizer a field needs is in the laboratory.

"A farmer gets more return on the money spent for testing and then applying recommended treatment to his soil than he does on any other money spent for crop production," Dr. Bennett points out.

Improper nutrient balance, coupled with a lack of weed, insect and disease control, greatly reduces the potential effectiveness of fertilizer.

WEST TEXANS SAY OF P-A-G

MAN... that's sorghum!

The way P. A. G. Sorghums look in the field makes everybody who sees them exclaim "Man, That's Sorghum!"

P. A. G. has earned the confidence which farmers have in this sorghum. Each exclusive variety is researched, tested, and proved before it is offered for sale. Then when you plant P. A. G. you can be confident that not only will it look good in the field, but it will provide top yields. Careful quality control through triple isolation on seed production pays off in your field when you plant P. A. G. Sorghums. Hundreds of tests have proved it.

Now is the time to book your P. A. G. seed.
