

# Twister Sends Frionans Fleeing

**mack's**  
  
**tracks**  
 -by dave

This column is about the hardest one that I've had to write, for it was almost three years ago that my family and I moved to Friona and began the job of learning new faces, names and places.

Well, this week marks the last of these columns, and I want each and every one of you to know that we've enjoyed the past three years and will always have a soft spot in our hearts for Friona.

The town and the area have been swell to us, we've added two more faces to our family since that first edition of Tracks back in February of 1958, built our first home, and a number of other "firsts" came into our lives in Friona.

But--we have decided to try our luck in the newspaper game from another angle, and so we will be moving away before too much longer.

I'm sure that you will all enjoy having the J. Vernon Stewarts in Friona. They are fine folks, and Vernon is a swell, hard-working newspaperman.

So, to all of you we say Thank You, and we hope you will come visit us in our new home and best of luck to everyone.

## ★ Thornton Catches Runaway

A runaway boxcar was brought to a halt by S. T. "Pappy" Thornton and his son, Steve, last week on the Santa Fe RR in Friona.

Thornton, who is manager of Associated Growers of Friona, was sitting in his office east of town and says he noticed a lone caboose traveling east on the railroad.

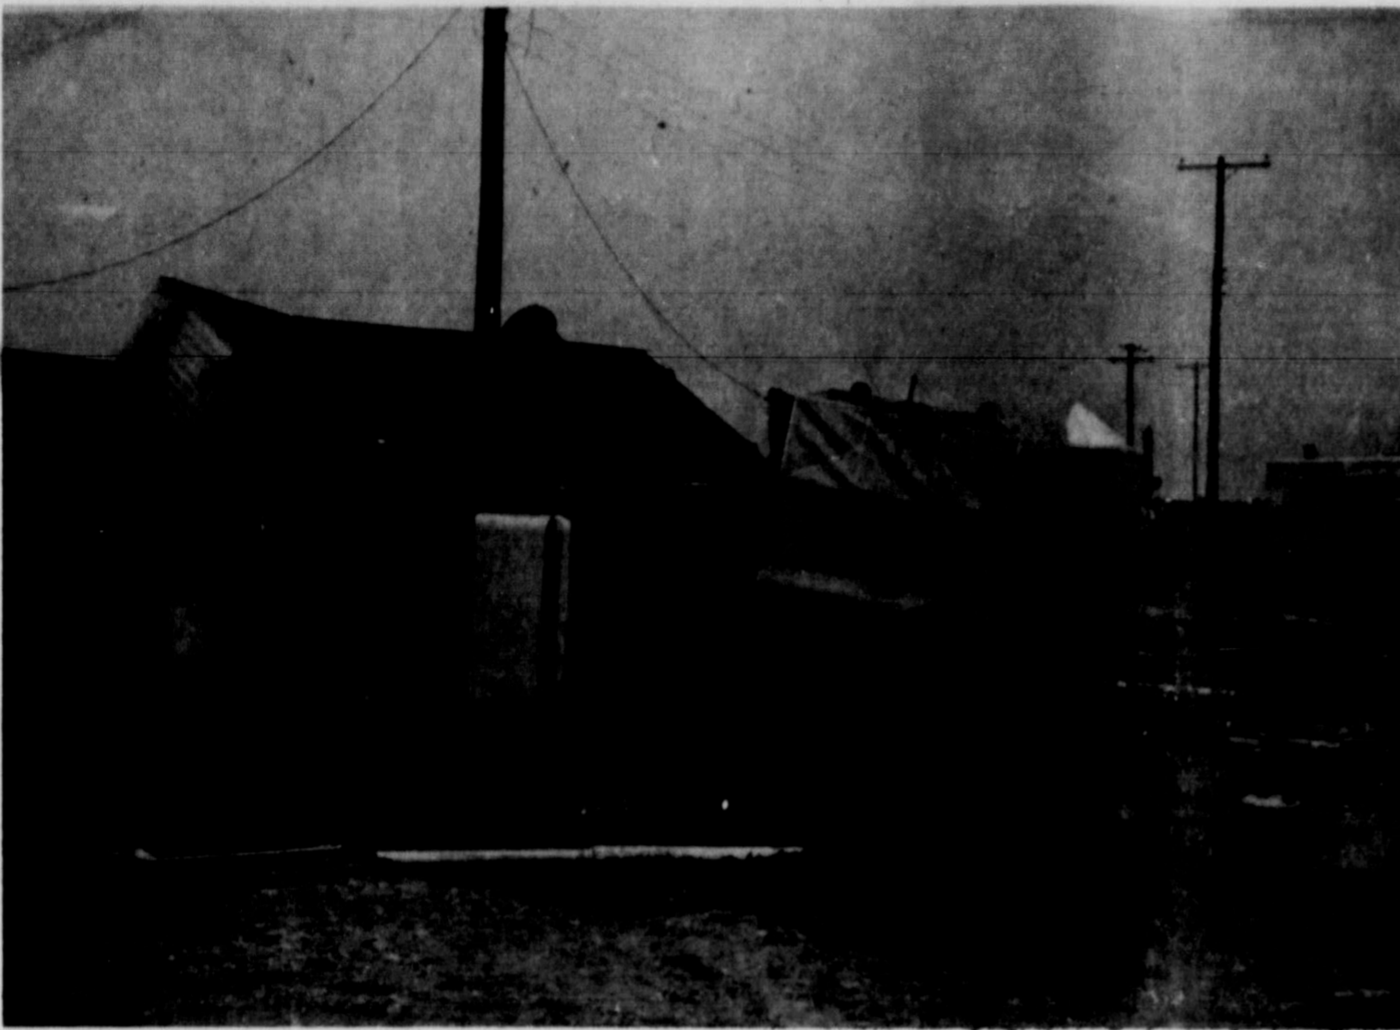

"I called Oscar (Hellman) down at the depot, and he thought I was kidding," Pappy says. "After learning that they didn't, Steve and I took off after it."

The runaway was caught about a mile and a half east of the airport as it crossed over a road by Thornton.

Less than 30 minutes later the streamline Chief came zipping down the track.

## Notice

Don't forget the Hospital benefit rummage sale to be held October 21 and 22. Be sure and bring your used clothing.

FOLLOWING TUESDAY'S DESTRUCTION--This scene greeted residents of the Chief Trailer Park when they returned from the fields after the tornado sirens blew all clear. This picture was taken about 8 a. m. Wednesday morning. In all, a total of seven trailer houses were turned over and damaged, some were total losses.

## Gas Rate Hike OK'd By Council

FOR SALE, FRESH DONUTS--baked by J. C. Davidson whose new bakery shop offers an assortment of sweets and pastries.

A rate increase of 10 percent across the board and the hiking of the minimum rate from \$1.50 to \$1.65 was approved by members of the Friona city council in their meeting Monday night.

The rate increase approval came after lengthy discussion by members of the council with Ralph Shirley, local manager for Pioneer Natural Gas Company.

This is the first rate hike since 1952 and the first hike in the minimum rate since 1957, Shirley pointed out.

The rate hikes will not become effective until the meter readings for December 15 of this year.

The hike will mean the raising of the average customer approximately \$6.55 per year or 55 cents per month.

In other business the council discussed and approved the final pavement estimate to J. R. Fanning Construction Company of Lubbock; okayed construction of a rodeo arena by members of the Friona Jaycees; accepted bids on chlorinators for the new water works improvements and discussed a proposed platte of the Staley Addition.

The mammoth meeting of the council began at 7:30 p. m. and lasted for three hours.

(Continued on page 6)

## Friona Bakery Now Open

Friona now boasts a brand-new bakery, open in the Farm Bureau building formerly occupied by LuNora's ready to wear.

The new business enterprise in Friona is under the supervision and ownership of a man who has had 30 years experience in the business, J. C. Davidson.

No stranger to Friona, Davidson's parents ran a bakery here until 1948.

The new shop offers for sale hot donuts baked fresh daily, plus a wide assortment of cookies, rolls, pies and pastries.

The shop is open daily from 8 a. m. until 6 p. m.

## Only One Man Injured; Damages Hit \$400,000

Frionans went fleeing about 4:40 p. m. Tuesday with the tornado siren screaming in their ears as a twister bore down on the community.

The crazily twisting clouds were first spotted southeast of Friona by Ben Moorman and Ralph Shirley, who warned the city hall by radio of the impending tornado.

Quickly the sirens blasted out their warnings and the residents scurried south to safety.

Floyd Dameron, about 45, who farms near Friona, was the only person reported injured during the twister.

Dameron was driving his truck on Highway 60 when he spotted the twister.

"I thought I could beat it out," he told doctors at the Farmer County Community Hospital.

Dameron's truck was caught just south of the Frio Draw bridge near Friona and was sent spinning into J. T. Gee's grain field and came to rest about 45 feet from the highway.

Trees were uprooted and sheetrock from the Elk Drive in was twisted crazily around the area following the twister's visit.

The cloud touched down at the Drive in and this was deemed a complete loss following the storm.

The concession stand and projector rooms were twisted off their foundations, the roof is gone and the area littered with pieces of pink sheet iron.

Elk Drive in's huge screen now consists of only three twisted poles crazily reaching skyward.

Across the highway at the old Chief Drive in the screen is gone and Tuesday night seven trailer houses lay stacked upon one another.

Friona Volunteer Firemen quickly sped to the scene and searched the houses for possible victims, but fortunately the sirens had done their job and the people living there had taken flight prior to the twister's visit.

.....

About one mile west of town at the Leo McLellan residence the house suffered damage to the northwest corner where the twisting winds pulled the frame loose from the roof spilling the furnishings onto the ground.

Several outbuildings at the McLellan place were destroyed or damaged. One, housing a jeep, blew completely away leaving the jeep standing in the rain unharmed except for the water.

On west of the McLellan place about a quarter of a mile a tenant house was damaged and outbuildings hit at the Eric Rushing farm.

No serious damage was reported here however.

.....

The brunt of the storm hit the area immediately around the Elk and Chief Drive in theatres in Friona.

Wednesday morning owners of the trailerhouses were trying to make some sense out of the jumbled mess that was their homes until 4:40 Tuesday.

Ken McLellan told reporters that "we were standing in the living room watching it come down the draw (Frio Draw) and saw it hit Bill's drive-in."

"It wasn't like anything I'd ever seen before, just like a huge whirlwind, with the pieces of the theatre going in all directions."

He told that after it hit the drive-in the family raced for shelter in the basement.

The big wind apparently traveled across from the drive-in to the McLellan home where it made a crazy mass of broken power lines, ripped the roof

(Continued on page 6)

ELK THEATRE'S OWNER--W. E. "Bill" McGlothlin, owner of the Elk Drive in, stands amid the wreckage of the huge screen of the open air theatre early Wednesday morning. McGlothlin told reporters he hated to have lost his business, but "I'm sure glad that no one was killed when this thing came down."

## J. Vernon Stewart New Star Editor

The Friona Star gets a new editor next week. Monday, J. Vernon Stewart takes the reins as this newspaper's editor, and he also will head up the advertising department.

He succeeds Dave McReynolds, who has held the same post since January of 1958. McReynolds has plans to enter the newspaper business for himself, but plans are not as yet complete.

Stewart is a senior student at Texas Tech College, where he is seeking a bachelor's degree with a major in journalism.

(Continued on page 6)

J. VERNON STEWART

## HAS PERFECT ENTRY--

## Buddy Squyres Joins Football Winner Circle

Buddy Squyres was the first place winner in this week's football contest turning in a perfect entry. Actually there was one other perfect entry, but it had no name on it, and no postmark on the envelope in which it was mailed.

Second place went to Dennis Howell of Friona and third place money went to Dolph Moten of Bovina.

Howell and Moten both missed one game each. Howell missed the Baylor-Arkansas contest in which the Bears upended the favored Hogs and Moten incorrectly picked the Texas Aggies over the University of Houston.

This week, with six weeks down, the overall contest is still pretty much anyone's guess as to who will win the Grand Prize of a trip to the Cotton Bowl game on New Year's Day.

The top 10 entries and their scores are as follows:

Phyllis Squyres	11
Buddy Squyres	13
Richard Hapke	13
John Renner	14
Waymon Wilkins	14
Mildred Agee	15
Dennis Howell	15
Howard Looney	15
Thelma Watkins	15
Dolph Moten	16

FIRST PRIZE WINNER--Buddy Squyres wins this week's football contest with a perfect entry.

## Jaycees Vs. Boosters Football Game Set

Armchair quarterbacks, who will probably require the use of wheel chairs following the game, will get a chance to show "how it is done" in a football game between the Friona Jaycees and the Little League Boosters.

Game time is slated for 8 p. m. Saturday night, October 22.

All persons interested in participating in the game are asked to register at the Bi Wise Drug store in Friona.

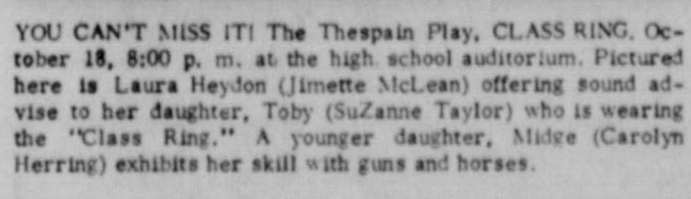

Uniforms will be issued at the Friona High School field house next week.

The game's proceeds will be used to pay off debts on the new Little League ballpark and to begin construction of a Pony League park north of town.

Tickets will go on sale next week, and will be on sale at the gate.

John "Streak" Renner and Wes "Lightning" Long are pushing organization of the Boosters team and Clyde "Slippery" Renner and David "Paperweight" Smith are in charge of operations for the Jaycees.

(Continued on page 6)

YOU CAN'T MISS IT! The Thespian Play, CLASS RING, October 18, 8:00 p. m. at the high school auditorium. Pictured here is Laura Heydon (Jimette McLean) offering sound advice to her daughter, Toby (SuZanne Taylor) who is wearing the "Class Ring." A younger daughter, Midge (Carolyn Herring) exhibits her skill with guns and horses.

## Letters to the Editor

"Mack's Track's by Dave"  
The Friona Star  
Friona, Texas

Sir:  
I have read your article of October 6, 1960. In your last paragraph of page one you adequately demonstrate your ignorance of the farm program of the past 8 years by placing responsibility of its result upon the Secretary of Agriculture, Mr. Benson.

Therefore, it becomes necessary to point out to you that the Congress during the past years has been controlled by the Democrats, and that they (and not Mr. Benson and the Republicans) have been responsible for recent farm programs. Where these farm programs have failed to work for the benefit of the farmer, Mr. Benson has unjustly received the blame. The TRUTH is that the responsibility rests with the Democratic Congress (and not with Mr. Benson who simply carried out their program). Therefore, it behooves the best interest of the farmer to elect a Republican President and Congress and begin a new era of farm prosperity with the Nixon-Lodge ticket.

Sincerely,  
George H. Anderson MD  
Friona, Texas

P. S. I live in a farm community and, therefore, my prosperity rests with the prosperity of the farmer. With their best interests at heart I make the above remarks.

George H. Anderson MD  
Friona, Texas

## County And State Taxes Now Payable

State and county taxes are now payable, announces Lee Thompson, tax assessor and collector. Persons making payments during the month of October will receive a 3 percent discount.

"Already payments are coming in pretty good for this time of year," Thompson says. They are coming in a little better than was expected since normally few collections are made until after harvest.

The taxes aren't actually due until January 31, but discounts are allowed for payments during the months of October, November and December. The discount is 2 percent for November payments and 1 percent for December.

Total valuation of property for tax collection purposes in the county this year is \$13,202,444.68. The tax rate is \$1.72 per \$100 valuation. Of this total, \$1.30 is for county taxes and 42 cents goes into state funds.

A breakdown of where the county taxes will be spent this next year is as follows:

- General fund, .57; jury fund, .03; road and bridge fund, .20; road and bridge special fund, .30; courthouse repair fund, .05; right of way fund, .10; and High Plains water fund, .05.

Also payable now are poll taxes for next year, Thompson says. Payments may be made at the tax assessor's office in Farwell or Ethridge-Spring Agency in Friona.

GAYLE KNIGHT CROWNED QUEEN--Miss Gayle Knight, daughter of Mr. and Mrs. J. E. Knight of Friona, receives a bouquet of roses from Tommy Lewellen during the half-time ceremonies at the Friona vs. Muleshoe game here Friday night. Miss Knight was chosen Queen from a field of five nominees including Sharon Reeve, Ann Baxter, Suzanne Taylor and Donna Blackburn. The other four beauties served as attendants.

## Gayle Knight Named Homecoming Queen

Gayle Knight, daughter of Mr. and Mrs. J. E. Knight of Friona was crowned the Homecoming Queen for Friona High School at ceremonies during the half-time at the Friday night game between the Friona Chiefs and the Muleshoe Mules.

Miss Knight was attended by Ann Baxter, Sharon Reeve, Donna Blackburn and Suzanne

Taylor. The Queen was crowned by Tommy Lewellen and presented a dozen roses by Karen Turner as the Pep Squad formed a huge heart on the field.

## Couples League Begins Bowling On October 19

A couple's league will begin bowling Wednesday night October 19, according to an announcement by Thelma Watkins, city secretary for the Women's Bowling Association.

This new league will bowl once a week on Wednesday

nights beginning at 9 p. m. There are two couples to a team and the league still needs about three more couples to complete the roster says Mrs. Watkins.

There will be a short meeting of all those who want to begin bowling on this league at the PCA office in Friona at 8 p. m. October 19 in order that the league officers and league rules can be adopted by the group. Anyone desiring to enter this league is asked to contact Mrs. Watkins at the PCA office in Friona.

## David Pattersons Have Baby Girl

Mr. and Mrs. David Patterson became the parents of a baby girl on Wednesday, October 5 at 4:51 p.m. in the Hereford Hospital.

She weighed 6 lbs and 7 ozs and was named Kimberly Kay. Her grandparents are Mr. and Mrs. Eldon Lilley of Dimmitt and O. T. Patterson of Friona.

## Mrs. Alexander To Speak In Hereford

Mrs. Mary Alexander, state president of the Texas State Teachers Association, will speak on Monday evening at 7:30 in the Hereford High School auditorium. She will speak on the subject "The TSTA Legislative Program."

This is a subject of interest to every citizen, whether or not they are actively engaged in the school system of the state. Mrs. Alexander will speak of the TSTA's attitude on state legislation in connection with better schools and schooling for Texas.

## New Farm Road Slated In County

Plans for a new Farm-to-Market road in Parmer County were announced last week by the Texas Highway Department.

Scheduled as part of a federal aid secondary program for Texas is construction of a 4.7 mile road from the end of FM 2397, eight miles southeast of Friona, east to the Castro County Line.

The project, which is scheduled for sometime in 1961, will include grading, structures and surfacing in the amount of \$85,000, according to O. L. Crain, district engineer of the Texas Highway Department at Lubbock.

The Parmer County Commissioners Court Monday approved the proposed project and the county will furnish the right-of-way.

It was announced that work will begin on this project as soon as final planning is completed and the right of way secured. Senior Resident Engineer Rhea E. Bradley will be in charge of the project.

## Study Club Has Program On Alaska

The Progressive Study Club met Tuesday night for their regular meeting with twelve members and one guest present in spite of the stormy weather.

"A Date with a New State" was the theme of the study of the 49th state, Alaska. "Advantages of Statehood to Alaskan Native" was presented by Mrs. Baker Duggins and Mrs. Lee Spring presented Cotton John's film on "Arctic Adventure."

More plans for the Christmas card coffee and bazaar were discussed. Coffee will be served

from 9 a. m. until 6 p. m. The date has been set for November 4. More details will be in the next issue of the Star. Mrs. Tom Pruitt and Mrs. Lee Spring were the hostesses and Mrs. Clyde Fields was the guest.

Mr. and Mrs. James B. Collier, Mr. and Mrs. Robert Collier, Mrs. Johnny Mars and Mr. and Mrs. L. M. Crow attended the funeral of Mr. J. W. Collier at Truth or Consequences, New Mexico Tuesday morning. He was the uncle of James and Robert and Mrs. Mars.

### Coffee Fetes New Members

New members of the 6th Street Church of Christ were honored with a coffee in the home of Mrs. J. M. Watson October 5th at 10:30 a.m.

Assisting with hospitalities were Mrs. Eugene Boggess, Mrs. John Blackburn and Mrs. John Hays.

### News From RHEA

MRS. FRANKLIN BAUER

Mrs. Jack Patterson was hostess to the HD meeting held in her home Tuesday evening. Each member answered roll with something she must do. It was decided to have the Hal-

loween party on Saturday evening, Oct. 29. Everyone that comes is to bring apples and popcorn balls for their family. Cecelia Schueler and Dorothy Bauer were placed in charge of getting games for the party. Plans were made for the salad dinner to be held at Hub. Our group was placed in charge of registration. The group mended for the hospital.

Refreshments were served by the hostess to Gaye Taylor, Martha Schueler, Nat Martensen, Geneva Gustin, Dorothy Bauer, Cecelia Schueler, Helen Potts, Velma Schlenker, Sara Dean and Sue Smith. The next meeting will be held Oct. 17, 8:30 p. m. at the home of Sara Dean. Sue Smith will be in charge of the program. Each member is to bring a Christmas gift and the pattern for the gift to the next meeting.

erson, Mrs. Mildred Deyke, Mrs. Malinda Schlenker, Mrs. Carl Schlenker, Mrs. Richard Vaughn, Mrs. C. D. Anderson, Mrs. Dwayne Ridley, and Mrs. Walter Schueler.

We were proud to have a member of our community chosen as "Conservation Farmer of the Year." Although a little late, we still wish to say, "Congratulations, Carl."

Melvin Sachs attended the Lutheran Layman's League Convention held at Temple, Texas the past week.

Jack Patterson, Walter Schueler, and Franklin Bauer attended the County Farm Bureau Convention held at Oklahoma Lane Thursday night.

House guests the past week in the home of Mrs. Malinda Schlenker were her three sisters from California, Mrs. Oscar Schlenker, Mrs. Willard Schlenker, and Mrs. Leland Goodwine. Also a friend, Mrs. Kate Beyer from Washington, D. C., and Mrs. Mamie Guyer.

Sunday guests in the home of Mrs. Malinda Schlenker were: Lola and Clyde Goodwine, Mary Reeve, Fay Reeve and children, Sara Dean, Mr. and Mrs. Carl Schlenker and children, Mr. and Mrs. Cordie Potts, Mr. and Mrs. Dwayne Ridley, Mrs. Oscar Schlenker, Mrs. Willard Schlenker, Mrs. Leland Goodwine, Mrs. Mamie Guyer, Mrs. Kate Beyer and Jeff Weavel of Lubbock Air Base.

### PROMOTION SUNDAY OBSERVED

The Rhea Lutheran Sunday School observed Promotion Sunday Oct. 3rd.

Each pupil was presented a certificate for their promotion and their Sunday school pin.

Teachers for the new year are Mrs. Florian Jarecki, Mrs. Franklin Bauer, Mrs. Melvin Sachs, Mrs. Raymond Schueler, Raymond Schueler, Bob Keunke, and Melvin Sachs. Floyd Schueler is Sunday School Superintendent.

The Rhea Farm Bureau met Friday night at the Parish Hall. A film on soil conservation was shown. Mr. and Mrs. Carl Schlenker and Mr. and Mrs. Gilbert Schueler served refreshments to the group.

Mrs. Cordie Potts recently had a hostess party in her home. Present were: Mrs. Jack Pat-

## Births

The following births were recorded with Justice of Peace Thelma Jones by the Farmer County Community Hospital during the week ending October 11:

Girl - born to Mr. and Mrs. Melvin E. Foerster of Muleshoe on September 30 at 1:30 a.m. weighing 7 lb 14 1/2 b. Boy - born to Mr. and Mrs. Danny Balmum of Friona on October 1 at 4:44 a.m. weighing 8 lbs.

Girl - born to Mr. and Mrs. Chalee Edward Christian of Farwell on October 2 at 12:29 a.m. weighing 8 lb 14 1/2 b. Boy - born to Mr. and Mrs. Angel A. Aguirre of Bovina on October 6 at 7:18 a.m. weighing 6 lb 11 oz.

Girl - born to Mr. and Mrs. Dick D. Martin of Bovina on October 4 at 6:25 p.m. weighing 7 lb 6 1/2 oz.

Hilario Leal of Friona on October 5 at 9:35 a.m. weighing 6 lb 13 1/4 oz.

Girl - born to Mr. and Mrs. Roy E. Tims of Friona on October 7 at 9:54 a.m. weighing 8 lb 15 oz.

Kay Thaxton of Amarillo was the weekend guest of Lois Norwood. Kay is formerly of Friona.

Visitors in the David Bender home Saturday evening were D. J. Morris of Sulphur, Okla., Harold and Harvey Yoakum of Oklahoma City, Ervin Morris and son Kent of Clovis, Mr. and Mrs. G. W. Morris, Fred and Barbara Lloyd of Friona and Mr. and Mrs. J. D. Dodson, Jack and Brenda of Amarillo.

Supper Served In Canyon Cafeteria

On Friday, October 14, the Canyon Parent Teacher Association will serve a Chuck Wagon Supper in the school cafeteria from 4:30 to 7:30 p. m. in Canyon. The menu is barbecued beef, beans, slaw, cooked fruit and coffee. Those wishing cake or pie may purchase those desserts. Those who know in advance that they will attend the Chuck Wagon Supper are asked to send a card, indicating the number, to Principal J. E. Miller, Canyon High School, Canyon, Texas. Some extra servings will be prepared, but the P-TA would

like to know about reservations in advance, if possible. On Friday evening a football game will be played between Canyon High School and Friona High School at the new Buffalo Stadium. Game time is 8 p. m. During the half time, a coronation ceremony will be held for the Homecoming Queen.

Larry Edward Hicks, son of J. E. Hicks, is a senior student in Hardin-Simmons University for the 1960-61 fall semester.

THURSDAY, OCTOBER 6, 1960

Ladies Bible Class Serves Luncheon

The Ladies Bible Class of the Sixth Street Church of Christ met Wednesday morning for their monthly visitation day. Luncheon was served in the

annex at noon. Husbands were invited as special guests.

Present were Mr. and Mrs. J. B. Taylor, Mr. and Mrs. Paul Smith, R. L. Bates, Mr. and Mrs. Glenn Floyd, Mr. and Mrs. J. M. Watson, Mrs. J. F. Miller, Mrs. John Blackburn, Mr. and Mrs. Bob Riethmayer, Mrs. Lucy Welch, Mr. and Mrs. Raymond Fleming, Mr. and Mrs. Cap Dennis, Mrs. Rene Snead, Mrs. Eddie Hall and Brent, Ella Faye Holcomb, Mrs. Eugene Boggess, Mrs. Harold Lillard and Mrs. John Hays. Hostesses were Mrs. J. M. Watson and Mrs. Eugene Boggess.

Janet Snead, daughter of Mr. and Mrs. R. E. Snead, will play a clarinet this year in the Lubbock Christian College "Royal Blue" band, directed by Joe Lee.

Blanche Grove

Circle Met

Wednesday

The Blanche Grove Circle of the W.M.U. met Wednesday, October 5 at the First Baptist Church.

Mrs. C. A. Turner, circle chairman, gave the opening prayer and Mrs. Milburn Bennett presented the Bible study. New members joining the Circle were Mrs. Calvin Talley, Mrs. Bee Westbrook and Mrs. Bill Burton.

Other members attending were Mesdames Spencer Hough, W. E. Smith, Raymond Cook, Wesley Hardesty, Joe Talley, Edgar Carney, Rosa Anderson, O. B. Moyer, C. A. Turner, Milburn Bennett, Johnny Mars, Paul Williams and Jim Maynard.

Dagmar Wilhelm Observes Birthday

Mrs. Jael Wilhelm honored her granddaughter, Dagmar, with a birthday party Sunday, October 9 from 2 until 6 p. m. at her home. She was observing her 13 birthday.

Cake, cookies, mints and ice cream were served upon arrival of guests. Assisting Mrs. Wilhelm at the party were Mrs. Oliver Rieken and Mrs. Florian Jarecki.

Following a game session the hostesses served hamburgers and cold drinks to Janet Rushing, Frieda Floyd, Debbie Jarecki, Bennie Lynn Hannold, Connie Schlenker, Pam Jarecki, Mary Ann Roberts, Mary Lynn Short, Janis Groggans, Gail McJanis, Groggans, Gail Mc-Glothlin, Susie Jarecki and Dagmar Wilhelm.

Frionans Tour Aspen Country

Mr. and Mrs. J. M. Watson; Mr. and Mrs. Eugene Boggess and Joe and Mrs. Lucy Welch spent several days touring the colorful region of northeastern New Mexico.

The group spent Friday night and Saturday night at the Welch cabin, Creste Del Monte, and returned home Sunday.

Fireman's Aux Held Meeting

The Friona Fireman's Auxiliary met in the fire station Monday evening at 8 for a regular monthly meeting. Plans were made to invite the Dimmitt Auxiliary to the next meeting on November 14. Refreshments were served by Mrs. L. D. Taylor and Mrs. Tommy Jones to Mrs. Leo Reed, Mrs. Ralph Shirley, Mrs. J. P. Sims, Mrs. Lee Campbell, Mrs. Robert Zetzsche, Mrs. Rubeen Taylor, Mrs. Jay Sanders, Mrs. Buddy Squyres and Mrs. Joe Mann. Buddy Squyres received the door prize.

## Bridal Showers Fete Mrs. Jim Roy Clements

Mrs. Jim Roy Clements, the former Mary Jane Grubbs, was honored with a shower in the home of Mrs. Charles Allen Saturday, October 1 from 9:30 until 11:30. The guests were registered by Mrs. Jon Mack Roden.

Corasages were presented to the honoree and her mother, Mrs. A. S. Grubbs and grandmother, Mrs. W. L. Thomas Sr. of Lockney and to Mrs. Roy Clements and her mother, Mrs. J. B. McFarland.

White mums and pink roses were used in the decorations throughout the rooms. An arrangement of pink gladioli and small white mums centered the serving table.

Refreshments of cookies, tea and coffee were served by the hostesses Mesdames Mack Bainum, Charles Allen, J. T. Gee, Frank A. Spring, Dan Ethridge, Raymond Milner, D. G. Hand, H. L. Outland, G. B. Buske, M. J. Stacy and Ralph Smith.

Present and sending gifts were Mesdames J. B. McFarland, Weldon Fairchild, Dudley Bainum, Sloan Osborn, Clyde Sherrieb, C. H. Rose, Eldon Wetsel, Kenneth McLellan, John L. Ray, Thomas Lewellen, Ralph Wilson, Cordie Potts, A. L. Black, Lee Cranfill, O. F. Lange, Roy Slagle, George Taylor, McFarland C. Osborn, E. S. Euler, Claude Osborn, Philip Weatherly, Clyde Weatherly, Carl Maurer, Herschel Johnson, Bill Baxter and C. S. Bainum.

Also Mesdames W. M. Stewart, Dick Rockey, Mae Magness, Paul Spring, C. W. Dixon, Noyle Wood, W. L. Thomas Sr., Roy Clements, A. S. Grubbs, J. G. McFarland, Wesley Barnett, Hollis Horton, Kate Brookfield, Charlie Baxter, R. B. Grubbs, George A. Jones, Hayden Cason, Henry Lewis, Joe Miller, A. A. Crow, S. L. McLellan, H. B. Whitley, Jesse Sinclair, J. B. Buske, Hoyt Smith, Wesley Foster, Tommie Parker and Joe Carlisle.

Also Mesdames Don Reeve, Raymond Fleming, W. L. Edelman, Claude Blackburn, Jack Moseley, Earl Drake, S. T. Thornton, Baker Duggins, Leon Massey, J. E. Knight, John Wright, Gary Brooks, Monroe White, Lewis Smith, Dave Moseley, Clyde Hays, Russell O'Brian, Lloyd Chesser, Albert Rolan, L. B. McClain, O. B.

Moyer, Wright Williams, Claude Miller, Ralph Roden, Douglas Conneley, Allen Stewart, M. B. Buchanan, Frank Truitt and Gordon Massey.

Also Mesdames Glenn Reeve, Fern Barnett, Coy Patton, Vernon Campbell, L. R. White, Steve Struve, Roy Miller, Paul Fortenberry, O. L. Rankin, Ray Landrum, Jim McLean, Carl Fairchild, J. R. Roden, Cayson Jones, Charles Sanders, Bud Reed, Eric Rushing, Jimmy Hughes, E. L. Thomas, Edwin Johnson, H. G. Watts, W. L. Thomas Jr., Dalton Caffey, Dorothy Hough and Raymond Jones.

Also Judy Taylor, Cynthia Caffey, Iva Parr, Willie Grace Grubbs, Debora Bainum, Tommy Lewellen, Kitty Black, Suzanne Taylor, Lisa Taylor, Sue and Ann Baxter, Jacquelyn Magness, Paige Osborn, Lora Mae McFarland, Carolyn Carson, Mary Tom Spring, Judy and Betty Barnett, Geneva Floyd, Jimmett McLean, Min Atchley and Jarrell Wright.

A shower in the home of Darla Bingham recently honored Mrs. Clements. Corasages were presented to the guest of honor, her mother Mrs. A. S. Grubbs, and her mother-in-law Mrs. Roy Clements.

Refreshments of coffee, punch and donuts were served by the hostesses Celia Weatherly, Virginia Patton, Gayle Knight, Suzanne Taylor, Donna Blackburn, Judy Taylor, Kay Struve, Nelda Douglas, Cynthia Caffey, Pat Myers, Winette Beaton and Darla Bingham.

Others present and sending gifts were Eleanor Dodson, Tommy Lewellen, Judy Fesser, Pat Ready, Carol Ray, Lois White, Pam Roden, Willie Grace Grubbs, Mrs. Roy Clements, Mrs. A. S. Grubbs, Mrs. Weldon Fairchild, Mrs. Dudley Bainum

and Debora, Mrs. Kenneth McLellan, Ronnie and Cliff, Mrs. Jon Mack Roden, Mrs. Ralph Roden, Sally Osborn, Linda Castleberry, Ann Baxter, Lisa Taylor, Mrs. George Taylor, Mrs. Sloan Osborn, Mrs. Lloyd Rector, Mrs. A. L. Black, Mrs. Leo McLellan, Mrs. Claude Osborn and Hugh Moseley.

## Hub H.D. Club Met Thursday

The Hub Home Demonstration Club held their regular meeting Thursday at 2 p. m. in the community house. The program theme was "Legal Matters of Concern to Women" presented by Mrs. Rene Snead. A discussion period followed.

Hand, Mrs. Aubrey Cannon, Mrs. Ed Walters, Mrs. Woodrow Fleming, Mrs. T. I. Burleson, Mrs. Rene Snead, Mrs. Albert Cannon, Mrs. Derl McGuire and the hostess Mrs. Fluke Thurman.

The next meeting will be October 20 and Mrs. John Hand will be hostess.

Present were Mrs. John

"And he gave some apostles; and some, prophets; and some, evangelists; and some pastors and teachers." Ephesians 4:11

Roger Babson has said, "The need of the hour is not more factories or materials, not more railroads or steamships, not more armies or navies, but more education based on the plain teachings of Jesus."

If this is true, then those who teach in our churches face a task that demand their best. Half-hearted efforts will not suffice when we consider the immensity of our work.

## Now...your Chevrolet dealer offers one-stop shopping for your new '61 car!

Here's a better way to choose your new '61 car. Now your Chevrolet dealer offers a range of models to suit almost any taste or need—in a range of prices to suit any budget. It's the greatest show on worth! A full crew of low, low-priced new Chevy Corvairs, including four wonderful new wagons. New Chevy Biscaynes—offering big-car comfort at small-car prices. Beautiful Bel Airs, elegant Impalas, and the incomparable Corvette. Shown below are just 5 of the 30 different models you can pick from. Come on in and make your '61 car-shopping rounds the easy way—all under one roof!

New '61 Chevrolet IMPALA SPORT SEDAN

You've got five Impalas to pick from—models that put the accent on luxury while offering all of Chevy's new ideas about comfort and convenience—like larger door openings, higher seats, and a low-loading deep-well trunk.

Presenting big-car beauty at small-car prices

### NEW '61 CHEVY BISCAYNE 6

(2-Door Sedan, above) All Biscaynes, 6 or V8, give you a full measure of Chevy quality, comfort and proved performance. Yet they're priced right down with many smaller cars that give you a lot less!

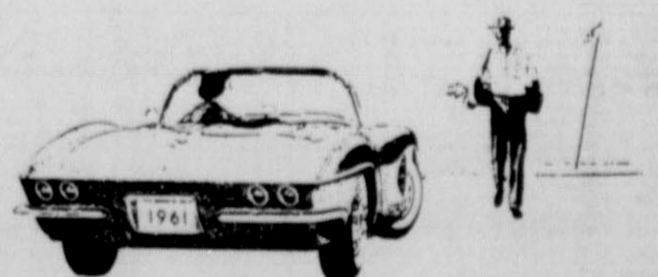

New lower priced '61 CORVAIR 500 4-DOOR SEDAN

Like all Corvair coupes and sedans, this model costs less for '61. You get more spunk, space and savings—and now Corvair has wagons, too!

New '61 Chevrolet BROOKWOOD 9-PASSENGER STATION WAGON

All six Chevrolet wagons feature a cave-size cargo opening that's nearly five feet across!... plus a new concealed compartment (lock is optional at extra cost) for stowing valuables.

NEW '61 CORVETTE

New form and fineness for America's only true sports car. New '61 Corvette offers more performance and more luxury equipment than any car in its class.

See the greatest show on worth at your Chevrolet dealer's!

The commissioners also approved the bills for the month of September and approved the treasurer's quarterly financial report, which appears in the

Guests in the home of Mr. and Mrs. John Hand this week were Mr. and Mrs. Ted Brock and family of Wellington.

## United Fund To Meet Monday Night

Friona United Fund will have a final meeting before the annual kickoff drive in the Community Room of the Friona State Bank at 7:30 p. m. Monday night announced Danny Bainum, chairman of the Fund.  
All parties interested in participating in monies collected during the drive are asked to be present as the fund goal for 1960 will be decided at this time, says Bainum.  
If any group is not present at the meeting the amount of money donated to that cause last year will be used to set up the goal.  
Last year a total of \$5,000 was the goal of the local drive. This was successful and finally about \$5,200 was collected.  
This drive is the only drive sanctioned by the Friona Chamber of Commerce & Agriculture and the retail merchants' committee of the group.

**Twister--**  
off the northwest corner of the home and turned outbuildings topsy turvy.  
A big water tank behind the house was tossed into a field and debris scattered over a large area.  
At this location, about a quarter mile from the drive-in, pieces of pink colored sheetiron were scattered along.  
Grain fields around the immediate vicinity of the drive-in theatre were hard hit by the twisting force of the winds.  
The fields of Eric Rushing and J. T. Gee will probably suffer the heaviest damage.  
Gee's field was just about ready for combining and Wednesday morning the field is completely level. Just here and there a head of maize is sticking up.  
The Rushing farmland is full of scattered timbers and tin from the drive in and the grain heads pointed in every direction.  
At the Rushing farm home a big REA power line lay down and one tenant house had part of the roof missing.  
No extent of crop damage was known Wednesday morning as The Star went to press. Heavy damage was reported by Florian Jareski of the Rhea Community.  
He brought a gallon jug of hailstones to The Star office Tuesday evening that averaged 2 1/4 inches in diameter and

were shaped like big white onions.  
He told reporters he picked up the jugful of stones at the Charley Calaway place in the Rhea Community. Other reports say that heavy crop damage was done at the Schlenker elevator location.  
Rainfall reports vary somewhat in Friona, but C. W. Dixon says his gauge caught a total of 2.8 inches up until late last night.  
Phone lines to the Rhea Community were still down and out of order Wednesday and accurate reports from that area could not be had in time for press.  
Texas Highway Patrolmen on duty Tuesday night and Wednesday say that conservative estimates of damage in and around Friona will run close to \$400,000.  
Insurance adjusters wouldn't comment on crop damages as full reports were lacking Wednesday morning.

**New Editor**  
ism. His home is De Leon. W. H. Graham, Star publisher, said this week, "We consider it a great loss to both the community and the paper to see Dave go. He certainly has our highest commendation. We are grateful for everything he has done here, and we know he is well qualified

to enter business for himself. He certainly has our best wishes."  
Graham at the same time expressed pleasure in McReynolds' successor. "Vernon still has some schoolwork ahead of him, and for that reason will not be able to devote himself fully to the job for a few months," he pointed out, "but his qualifications are such that we are sure he is the person we want. We are convinced that The Star is fortunate to have him accept the situation."  
McReynolds says it is impossible to reveal his plans fully at this time, but he did announce that he will be "in the newspaper business here on the Plains." He is originally from East Texas (Palestine), but isn't going back home. "Shirley and I love it out here," he says.  
In spite of his youth, Stewart has already had a hand at the newspaper business. He recently purchased The Four County News at Anton. He began his experience in the field two years ago as a summer intern for the Parmer County newspapers. He now works parttime for The Bovina Blade.  
Mr. and Mrs. Jerry White from Lubbock attended the homecoming game Friday night and visited in the home of Mrs. White's mother, Ella Faye Holcomb.

## Chiefs Face Canyon

This weekend the Friona Chiefs will journey to Canyon to take on the first district 1-AA foe for the 1960 season. The Chiefs will be underdogs in this contest and Canyon was one of preseason favorites to take the title of District 1-AA champion.  
The game will be played at the old Buff Stadium in Canyon beginning at 7:30 p. m. Friday night.

## Gas Rate Hike--

David Smith and Jack Bennett, representing the Friona Jaycees, asked if it would be permissible for the Jaycees to undertake the construction of a roping arena on the Weir property near the tracks in the south part of town.  
When assured that no livestock would be kept on the site, except during actual days of roping, the council gave their permission for such an undertaking by the group.  
J. R. Fanning met with the council and the city's engineer, W. R. "Red" Smith Jr. of Parkhill, Smith & Cooper of Lubbock, and after recommendation of the engineer the city accepted the paving.

City Manager Albert Field was instructed to make the final payment to Fanning following the completion of the cleanup and Fanning's certification that all his bills were paid for the project.  
This concludes a 38 block paving project in the city limits. Councilmen briefly discussed, and referred the matter to the city planning and zoning commission, of a proposed plat of the Staley Addition west of Friona.  
Several changes will have to be made before the plat will be accepted by the city and with these instructions the matter was given to the planning commission for more work.  
Two bids were read for chloronators to be included in the new water works improvements.  
The low bid of \$2,596.65, submitted by Wallace & Tiernan, Inc. of Dallas was accepted by the council. The other bid was for \$3,178.00 and was submitted by B-I-F Inc. of Amarillo.  
Those present at the meeting included Aldermen Bill Nichols, Eddie Meil, Danny Bainum, Glenn Reeve Sr., Deon Awitrey and Mayor R. L. Fleming, Also Fanning, Smith, Bill Sheehan and Shirley.  
A new synthetic rubber bumper for ships can absorb a 150-ton bump between the ship and the dock.

## Cummings Now Offers Bulk Tank Delivery

Cummings Farm Store, Inc. of Friona has added a new piece of equipment that will offer the feeders of livestock in this area another way toward cutting the corners of increasing operating costs.  
A new bulk tank delivery truck is now on hand at Cummings Farm Store, making it possible for a farmer to haul his milo to the grain bank storage bins at Cummings' store, then upon the need of feed for his cattle, hogs or other livestock can simply dial the number of the store, 9111, and sit back and have the feed mixed to his particular specifications, placed in the bulk-tank truck and delivered to the troughs in his feedlot.  
All this, without the need of another hand at the feedlots. Farmers are urged to keep this item in mind when they think of what they are going to do with their milo after this harvest.  
Statistics prove that "walking the maize" to market, through cattle, hogs, or sheep, will beat the going price of milo quite a bit.  
Many of the more progressive-minded farmers in Farmer county and the surrounding area have been thinking of this for years, and now Cummings Farm Store in Friona has everything to make this a profitable operation on your farm.  
Phone 9111 in Friona today for arrangements for feeding out cattle on your place.

BULK TANK DELIVERY TRUCK--Cummings Farm Store Inc. of Friona shows off the newest addition to their rolling and mixing mill in Friona. This bulk tank truck makes it possible for you to feed your cattle without ever leaving the house. Call 9111 for arrangements today.

### Black News

BY MRS. DELTON LEWELLEN

**BLACK HOME DEMONSTRATION CLUB**  
 The Home Demonstration Club of Black met Thursday in the Black Community House with Mrs. Travis Stone as hostess. The program was given by Mrs. Glenn Don Hughes on shrubbery and landscaping. Refreshments of German chocolate cake, nuts and Cokes or coffee was served to Mesdames Dick Rocky, H. H. Elmore, T. J. Presley, Ralph Price, Ellis Tatum, J. R. Braxton, Travis Stone, Rosco Ivie, Clyde Hays, Gene Welch, and Helen Fangman. Mrs. Byrl Fish joined our club and visitors were Mrs. Harry Lookingbill and Mrs. Edgar Turner.

Mr. and Mrs. Chord Hammock attended the opening of the new club house in Hereford Sunday. They also visited their daughter Mr. and Mrs. Bill Hampton. Mrs. J. B. Hankins of Lubbock visited her sister Mrs. Chord Hammock for a few days last week.

Mr. and Mrs. Rosco Ivie, Mr. and Mrs. Lloyd Shulk and Charles, Mr. and Mrs. Paul Smith and Jeff Hinds all enjoyed Sunday dinner with Mr. and Mrs. Otey Hinds.

Fern Barnett was operated on in Amarillo Monday. We hope he is getting along fine and soon will be home.

Mr. and Mrs. Harry Green and Richard of Canyon visited in the John Bengner home Sunday.

Mrs. Pete Braxton visited her parents, Mr. and Mrs. P. O. Southall on Sunday.

Mrs. Gene Welch and family were in Plainview Sunday and visited her parents, Mr. and Mrs. F. B. Hankins.

Dwight Whitaker has been down with the flu as have been many of the people in the community. We don't know who all has had the flu but I can personally sympathize with the ones who have had it as I was down a few days and so were my children. We are happy to report we are feeling much better now though.

Mr. and Mrs. Hank Outland of Friona visited in the Johnny Bengner home Saturday evening. Mr. and Mrs. Bill Carthel and boys attended the football game at Canyon between West Texas State and Texas Western on Saturday evening. Mr. and Mrs. Ralph Price and Jeffery were spotted there too.

Mrs. Ann Carthel and Mrs. Wayne Carthel of Hereford were in Amarillo on Thursday visiting.

Visiting in the Bill Carthel home this week is Mrs. Mary Byrd, Mrs. Carthel's grandmother of Dawn.

Karen Bales celebrated her seventeenth birthday Sunday with Miss Brenda Deaton, Lavana Towery and Karen O'Brian. They went to Hereford and attended the movie "Sink the Bismark."

Mr. and Mrs. Fred Wall and sons of Dimmitt were Sunday guests in the Jim Buckley home.

Mr. and Mrs. Jim Buckley attended the Jr. High football game at Canyon Tuesday evening and enjoyed supper with Mr. and Mrs. Alton Whitworth and family there.

Mrs. T. J. Presley and Mrs. H. H. Elmore were in Hereford Monday.

Mr. and Mrs. Willie Green and family of Olton visited Mr. and Mrs. David Grimsley Monday evening.

Mrs. Ester Bomar of Springlake visited her daughter Mrs. David Grimsley Sunday.

Mr. and Mrs. T. A. Kelley and girls visited in the home of Mr. and Mrs. Tom Lewellen on Saturday and Sunday.

Miss Tommy Lewellen was hostess for a slumber party at her house last Friday night after the ball game. The girls attending were Celia Weatherly, Nelda Douglas, Eleanor Dodson, Cynthia Caffey, Virginia Patton, Mary Lemmond, SuZanne Taylor, Judy Taylor, Daria Bingham, Donna Blackburn, and Tommy Lewellen.

### Which Democratic Platform?

Which do you prefer: the socialistic, anti-Texas platform of Kennedy — or the Nixon Platform that more nearly conforms with Texas principles and ideals as expressed in the State Democratic platform?

The Kennedy platform is against nearly everything Texans are for—it is for nearly everything Texans are against.

What will be your choice? It is between a party label and the best interest of Texas and the Nation.

Allan Shivers says:  
 "I'LL TAKE TEXAS. I accept the Texas Democratic platform and will work for it. I repudiate the other—the Kennedy platform. I will join with my fellow Democrats to work and vote for men of maturity, experience, responsibility, and a fearless dedication to this country's best interests."  
 "I will vote for Richard M. Nixon and Henry Cabot Lodge."

## THE FRIONA STAR

SECTION II

THURSDAY, OCTOBER 13, 1960

Probably the first to feel the strength of Tuesday afternoon's tornado around Friona was Floyd Dameron who was driving in this Chevrolet grain truck on Highway 60. The twister caught his vehicle and sent it spinning off the highway and to rest (picture 1) in J. T. Gee's grainfield. The next place to feel the brunt of the storm was the Elk Drive in theatre (picture 2). This scene was taken early Wednesday morning shortly after 8 a. m. and a working crew was at work clearing away the debris. The show is a total loss running about \$65,000. In picture 3 Harold Blough of Weatherford, Okla., uses the new entrance to his trailer house which was provided by the twister when the winds sent another trailerhouse into his home on wheels. Blough's trailer was one of seven damaged in the Chief trailer park. The winds then moved to the home of Friona postmaster Leo McLellan north and west of the trailer park and the ill-fated drive-in theatre and destroyed two granaries, toppled water tanks and left a generally disorganized scene about the house. In picture 4 a timber was driven through the wall of the garage of the McLellan home and in picture 5 the northwest corner of the house was blown away by the twister. In picture 6 the winds blew down communication and power lines on the road going to the Rhea Community.

## Herman Gerjes Re-Elected President Of Farm Bureau

A Farwell farmer, Herman Gerjes, was re-elected president of Farmer County Farm Bureau at the 12th annual county convention at the Oklahoma Lane Community Building Thursday evening.

Directors elected to serve with him were Ernest Kube, replacing M. T. Glasscock and Grady King, replacing John Agee. Glasscock represents the Farwell community and King represents the Lazbuddie community.

Other directors continuing to serve are Harry Hamilton, F. D. Carter, J. T. Jones, Claude Osborn, Joe Jesko, Vernon Symcox, Franklin Bauer and Raymond Schlabs.

The meeting, which was attended by about 50 persons, was opened with prayer directed by Harold Carpenter. Joe Holmes, field representative, was a special guest.

Minutes of the 1959 convention were read by Vernon Symcox, secretary-treasurer. He also gave a financial report. Donald Christian, vice-president and membership chairman, gave a membership report. A legislative report was given by Harry Hamilton.

Raymond Euler, service agent, presented a service report. Gilbert Kaltwasser, resolutions chairman, reported on resolutions being supported by the organization.

Refreshments of coffee and doughnuts were served during the social hour which followed the business session.

## New HD Agent Here In December

Farmer County will have a new Home Demonstration Agent by December 1, according to information received last week by County Judge Loyde A. Wilson, district agent at Amarillo.

Miss Ettie Musil, who has been the demonstration agent at Baylor County for the past four years, will be the replacement for Miss Jimmie Lou Wainscott, who resigned recently to accept a position at Hidalgo County.

Miss Musil is a graduate of the University of Texas and her home is in Stamford.

CUTTING A WIDE SWATH in a maize field is this late model combine, which represents one of the technological advancements in farm machinery. Complete with enclosed cab and power steering, today's modern self-propelled combines make grain sorghum harvesting much easier than it was a few short years ago.

Just about any way you look at it, technological advancements are changing almost entirely the mode of living today, both in the cities and on the farms.

And, naturally, in this modern space age, such things as inter-continental ballistic missiles, satellites, super-sonic jets, and atomic-powered submarines make the headlines in all the newspapers and magazines.

These technological developments pertaining to national defense and the conquest of space are of interest to every citizen, and they perhaps do represent the apex of achievement in a modern age which has brought about changes in every phase of human endeavor.

But, something probably equally as important, if not more so, are some of the advancements which have been taking place down on the farm, still the basic institution in any society

or civilization.

Technology has been bringing about changes in farm machinery, too, and one of the most striking transformations has been in the machines used for harvesting grain.

The self-propelled combines, complete with enclosed, air-conditioned cabs and power steering, which many High Plains farmers will be using to harvest their maize this year, represent a complete revolution from the type machine used by the previous generation.

For that matter, they are a great deal different from the machinery used only a few years ago.

## Panhandle Wheat Growers Advised On Streak Mosaic

The known presence of wheat streak mosaic virus in many Panhandle counties is causing concern among wheat growers. Harlan Smith, extension plant pathologist, reports that extensive surveys were made in the fall of 1959 and the spring of 1960 in northwest and north central producing areas to determine the extent of the virus disease.

He reports the disease was found to be widely distributed in the Panhandle but only scattered in Extension Districts 2 and 3, the South and Rolling Plains areas. It was not found in District 4, north central producing area.

Smith says the disease can only be a problem where the mite vector (carrier) and a reservoir of virus in native grasses or in volunteer wheat are found at the time winter wheat is planted; and when sufficient time is available for the infective mites to build up on planted wheat prior to the advent of cold weather. For the disease to be damaging to wheat, the plant must be infected in its early stage of development.

Early fall infection leads to severe yield reduction and results in the occurrence of much winter-kill-like, root-rot-like, and drought-like damage. Plants infected in the spring may show strong leaf symptoms of the disease but apparently suffer little or no loss in yielding abilities, Smith says.

Because of conditions, especially in northern and western Panhandle counties, Smith suggests that volunteer wheat be destroyed and that planting winter wheat be delayed for two or three weeks, or until the mid-part of the recommended planting season, September 20 to October 15. The mites which carry

producers check with their local county agents for details on the survey findings and for more information on the disease and its control. In other major wheat states, the disease causes multi-million dollar losses. Smith says an estimated 47 million bushels of wheat were lost to the disease in Kansas last year.

the disease must have green plants to live on and thus can be starved destroying their food supply.

Smith suggests that wheat

THE '61 PONTIAC IS OUT!

It's All Pontiac! on a new Wide-Track!

New track-to-body proportion! The track is the width between the wheels. Pontiac is the only Wide-Track car. Body width is reduced, shaving side overhang, balancing more weight between the wheels. Best relationship of body width to wheel width ever tailored. Lean and sway are ancient history.

Announcing the new Pontiac Trophy V-8 Engine! We've improved the engine the experts said was perfect. New fuel induction system saves gas by using more air in the gasoline mixture. This makes the engine breathe more efficiently, giving you better acceleration. Eleven versions to choose from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas.

More headroom, legroom, footroom for greater comfort! You'll take great comfort in the extra roominess we've built into the '61 Pontiac. Seats are higher, yet there's more clearance beneath the steering wheel and more headroom over your head. There is more legroom, more footroom. Doors are wider and designed to swing open farther. The more highway you put behind you (Pontiac specializes in this) the more you'll appreciate the new room that's all around you in this sleek new '61.

THE ONLY WIDE-TRACK CAR! Body width limited to reduce side overhang. More weight balanced between the wheels. No other car hugs the road with such sure-footed stability and precision.

ISN'T THIS YOUR 3-0 YEAR FOR A WIDE-TRACK PONTIAC? IT'S ALL PONTIAC!

**Machines**

"I'd say that most of the changes on combines have been made in the last four years," said Duane Curtis, as he stepped down from the cab of his John Deere 95 combine Saturday morning. He and Don Gerles were cutting a field of maize on the W. T. Magness farm near Farwell and were getting ready to go to lunch.

"There's just no comparison between this combine and the old Clipper I first ran as an 11-year old boy," Curtis said. That was only 20 years ago, and oddly enough, Curtis has seen most of the changes which have been made on combines as well as other farm machinery.

The "Clipper" was one of the older, pull-type combines and harvesting with the machine was a slow process, in spite of the fact that each stalk of grain then produced only a small fraction of what today's hybrid varieties of maize do.

"We could only cut about 8,000 or 9,000 pounds of grain a day, then," the Farwell farmer said, "and today we cut as much as 200,000 or more."

Both Curtis and Gerles commented on the mobility and the operating simplicity of today's modern combines, as well as the cabs which give the operator protection from dirt and chaff.

"They're really easy to drive, and with these cabs, combining is not nearly as tiring," Gerles said. "You can stay at it much longer than you used to be able to and not be nearly so tired."

Gerles pointed out how today's modern combines move free and easy once you get the wheels set in the furrows.

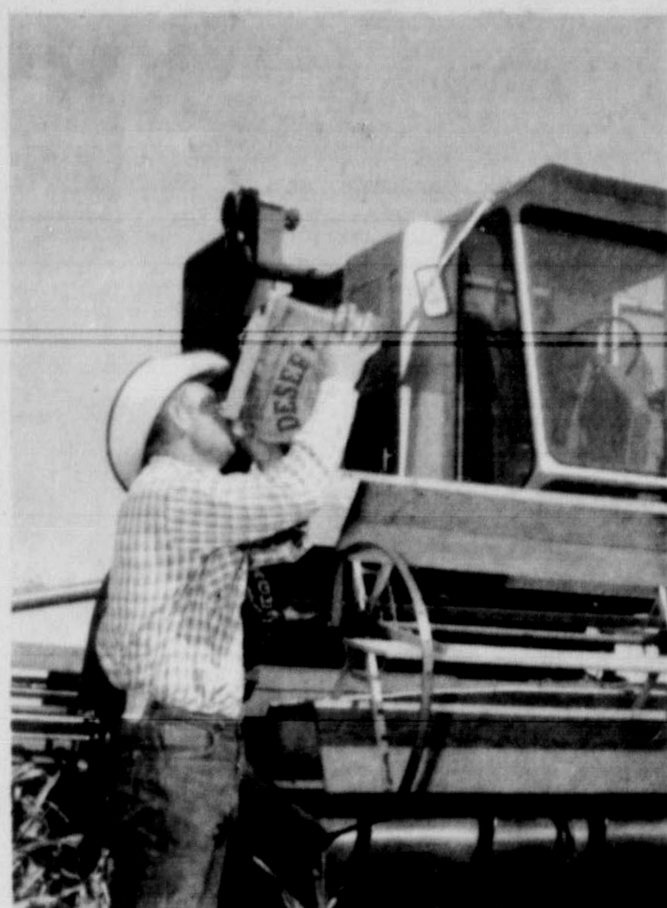

Of the cabs, Curtis explained that they are real life savers for fellows who are bothered by dust and chaff. "With the cabs, the combines are much more pleasant to operate," he said.

"This is especially so in maize, more so than wheat," Gerles added. The wheat is cleaner and not nearly so dusty. Nearly all of the cabs come equipped with a window attachment which blows in fresh air, and it is also possible to get air conditioner units for the cabs. That's something that would really help in the summer time, because as Gerles pointed out, "in the summer it does get hot in there."

There have been many other changes made in the combines in recent years and a few that Curtis pointed out were power

ENTERING THE CAB OF HIS COMBINE as he gets ready to make another round in a field of maize is Don Gerles, who farms east of Farwell. The cab is one of the better features of today's modern combines, protecting the driver from all the dust and chaff which is so prevalent.

SOMETHING THAT HASN'T CHANGED in this modern, mechanical age is the canvas water bag, something the farmer has carried with him in the field for many years. Here, pausing to take a drink after stepping from the cab of his modern combine is Duane Curtis.

steering, having the motor located where you can get to it, and the reshaping of the straw delivery, so the machine can handle more straw and thus move faster in a field where the stalks are big and the heads are light.

When asked how many acres of maize they could cut in a day, both Curtis and Gerles said it depended on how good the grain was. "Naturally, in heavy grain it's slower than it is in light grain," they explained, "but in a field that's making 5,000 pounds we can cover from 35 to 40 acres a day."

It was not too many years ago that use of combines on grain sorghum was unheard of, because the feed was too tall and heavy for a combine to handle. Fifty years ago the feed crops were mowed, and wind rowed, shocked and fed chiefly as fodder.

if farmers fed only the grain to livestock they would clip the heads and feed them that way.

It was several years later before the row binder came into being. The binder did speed up the harvesting of grain sorghums and this method was used quite extensively until the development of shorter hybrid varieties, enabling the farmers to use the combine for harvesting.

The pull-type combine, which

had a motor on the machine to turn the reel and run other parts of the mechanism, was the only type used until the early 1940's when the self-propelled arrived on the scene.

Development of shorter, combine-type varieties was the first big step toward the harvesting of grain sorghums as it is done today, and the self-propelled combine was the next revolutionary step in that direction.

Since the end of the World War II era, each year has seen many new improvements made on the combines, and today, the combine is one of the bulwarks of the mechanized farming age.

# Cotton Verticillium Wilt Serious Disease

Verticillium wilt is becoming more important in the cotton producing areas of West Texas. It is on the increase in the irrigated areas of the High Plains, Rolling Plains and the southwestern irrigated valleys. In recent years, the fungus disease has spread eastward to a line from Wichita Falls, Abilene and San Angelo. It has been found in a few fields near Greenville and Waxahachie.

also occur in the form of lower and spot grades and the production of immature fibers.

The disease is active only when the soil temperature is below 85 degrees. For this reason damage is usually higher during the early and the latter part of the growing season.

Affected plants may become stunted and the leaves turn yellow between the veins. These yellow leaf areas die and turn brown. Leaves are shed from the stalk. After cutting wilted stalks, one will see brownish

Effects of different rates and ratios of nitrogen, phosphate, and potash on yield and net return per acre with two varieties of wheat.

wood underneath the bark. The disease may be confused with root rot or fusarium wilt diseases.

Verticillium wilt is spread by the movement of old cotton trash within fields and from field to field. Gin trash and the movement of soil by cultivation can spread the disease.

The disease is best controlled by growing resistant varieties. Certain cultural practices also help to prevent serious losses. Local county agents can supply additional information. Ask for B-938, "Cotton Production in Texas."

Decisions of vital importance to the Texas poultry industry are due to be made during the annual meeting of the Texas Poultry Industry Exposition, August 23-25, at Hotel Texas, Fort Worth. Ben Wormeli, extension poultry husbandman, says it will be the kind of a meeting that those interested in seeing the industry progress in the state can't afford to miss.

Texas A&M College System entomologists say that stored grain cannot be forgotten. Insects may be stored with the grain, and these insects could cause tremendous losses. To combat insect damage to stored grain, the storer should fumigate the grain according to recommendations of the local county agent.

Soil testing is a tool you can use on your farm to help determine the level of fertility of your soil. The recommendations which you will receive from the soil testing laboratory, based on the analysis of the soil samples you submit, will give the amounts of fertilizer needed for the most profitable crop or pasture production. Local county agents can supply information on soil testing.

# When To Apply Defoliants

With Parmer County cotton now bearing fruit and the frost date not too far away, farmers will soon begin applying defoliants and desiccants to help their cotton along.

It's still a little early to be applying either defoliants or desiccants in the county, says Parmer County Agent Joe Jones, but it won't be long before farmers can start applying these chemicals to get the best quality cotton with stripping machines.

In planning the application of defoliants, Jones says a couple of things farmers should keep in mind are (1) true defoliants do not kill the plant, but if applied properly, will cause the shedding of leaves from plants that are ready to be defoliated, and (2) the application of a desiccant will kill the plant and stop all growth. Jones released the following information on the best time to apply these chemicals:

Mature, well-fruited, active plants defoliate best. Premature application of defoliants or desiccants can damage grade and cause losses in yield and quality since boll development

stops with the chemical application. The best timing of applications is to delay defoliants until about 50 percent of the bolls have opened, and to delay desiccants until 60 to 70 percent or more of the bolls are opened (preferably 80 or 90 percent).

An important rule is that the condition of the plants at the time of chemical application is the key to effective results, not some specific date on the calendar.

Weather conditions at the time of application are also important; forecasts for the area should be studied carefully before application. Day temperatures below 70 degrees or night temperatures below 55 degrees are not favorable for good results. The rate of leaf drop or desiccation slows drastically, and even the better

chemicals are ineffective during periods of low temperature. Moderate to high humidity contributes to a leaf condition more reactive to chemicals; dusts require dew or high humidity for best results. High winds hinder proper distribution of chemicals and promote drift to adjacent crops and sensitive plants.

Jones points out that the use of true defoliants alone have not always given best results. Desiccants have been more effective in preparing cotton for stripping, but he warns that farmers should be careful how and when they apply them.

One method of application which has worked well in the past has been the application of a true defoliant first, followed by the use of a desiccant.

## Cotton Looking Up For Plains As Whole

An all-time new cotton production record for the Texas High Plains appears to be in sight for the 1960 cotton year as officials of the Plains Cotton Growers, Inc. and the Lubbock Cotton Exchange today announced an October crop estimate of 2,038,000 bales for the 23 counties on the Plains.

Veteran cotton observers say that condition of both dryland and irrigated cotton is in good to excellent shape and if October weather continues with warm, sunshine and the first frost does not come before the average frost date of around November 5 for the Lubbock area, the new production total could easily be reached this year.

Receipts at the Lubbock Cotton Classing office, including totals for the Lamesa and Brownfield offices, as of today total approximately 100,000 bales. Records show this is approximately 50,000 bales less than was classed in 1959 on this date, indicating the area cotton

There are several mineral elements which a chick must have if he is to show normal growth and development. Dr. C. W. Deyoe of the Texas A&M College System Poultry Science Department says that a chick will not fulfill the poultryman's expectations if his ration does not contain the proper amounts of these elements.

Texas A&M College System entomologists say that stored grain cannot be forgotten. Insects may be stored with the grain, and these insects could cause tremendous losses. To combat insect damage to stored grain, the storer should fumigate the grain according to recommendations of the local county agent.

chemicals are ineffective during periods of low temperature.

Moderate to high humidity contributes to a leaf condition more reactive to chemicals; dusts require dew or high humidity for best results. High winds hinder proper distribution of chemicals and promote drift to adjacent crops and sensitive plants.

Jones points out that the use of true defoliants alone have not always given best results. Desiccants have been more effective in preparing cotton for stripping, but he warns that farmers should be careful how and when they apply them.

One method of application which has worked well in the past has been the application of a true defoliant first, followed by the use of a desiccant.

crop this year is a week to 10 days behind harvest of the 1959 crop.

If the 1960 crop estimate of 2,038,000 bales does materialize, it would top the new existing record production of 1958 when 2,025,000 bales were harvested and the other high year of 1956 when 1,650,000 bales were produced.

The 23-county by county production estimates are:

CO.	EST. BALES
Bailey	90,000
Borden	12,000
Briscoe	30,000
Castro	60,000
Cochran	55,000
Crosby	125,000

<b>TOTAL</b>	<b>2,038,000</b>

## Garden Notes

This is a good time of year to enjoy the last fruits of bloom, and the colorful Petunias is still the number one flower in the garden remaining in colorful clusters.

This is also a good time of year to pick tomatoes of all colors. The average date of frost in this general garden vicinity has seemed to have moved upward into the latter days of October instead of November 1 to 5, therefore it is wise to keep the pink and white ripe tomatoes picked—just in case of a quick frost that will ruin the green-ripe tomatoes.

This is also a good time of year to kill next year's crop of broadleaf weeds, crabgrass, and annual grasses in the lawns. It seems that oftentimes, during the maturing season of the fall, that 2,4-D and other post-emergence chemicals will kill weeds and grasses better than in the heat of summer or in the middle of the growing season. Chlordane is a good crabgrass killer.

Incidentally, on the subject of crabgrass killers, Dr. Tom Longnecker at High Plains Research Foundation, Halfway, said that a manufacturer and L-P gas dealer up in the Northeastern States read about the flame cultivation of field crops in this area during 1960, and is sending the Foundation an invention of his own to use on lawns to kill crabgrass and annual weeds by flame.
