**It Happened In Sanderson
TEN YEARS AGO
This Week - Remember**

February 8, 1935

Mr. and Mrs. Russell Dyer were week-end shopping visitors in Del Rio.

Miss Marybelle O'Bryant, a student at Sul Ross, Alpine, spent the week end here with her parents, Mr. and Mrs. W. D. O'Bryant, Sr.

Judge Brian Montague left Tuesday afternoon for Fort Stockton to attend to business matters. Judge Montague had

been presiding at the regular term of district court which adjourned here this week.

Mr. and Mrs. Charlie Gregory were in town Monday from their ranch east of Dryden.

J. W. Downum, manager of the Kerr Hotel, was a business visitor in Del Rio last Saturday.

Mr. and Mrs. Tip Frazier and children spent Sunday in Texon as the guests of Mrs. Ben Frazier and family.

Mrs. R. H. Lewellen was able to return to her home in this city Sunday from Del Rio where she went several weeks ago for

an appendectomy.

Mr. and Mrs. Charlie Turk were here this week from their ranch near Dryden.

Dr. E. K. Halbert left Monday on a business trip to San Antonio.

WITH OUR NEIGHBORS

Big Bend Sentinel, Marfa—The doubling of their assessments for the work of fighting coyotes and bobcats was the way Presidio County Wolf Club members expressed their belief in the value of their organization at a called meeting Thursday afternoon of last week.

Ranchmen authorized an assessment of eight cents per head of sheep and goats owned, rather than four cents. Members will be drawn upon in January and July.

At least four trappers and a supervisor for the county will be employed, it was decided, and these will work under the direction of Darwin Ivy, of the U. S. Department of the Interior Fish and Wildlife Service, Division of Predator and Rodent Control. One trapper is to be kept, permanently, in the "under the rim" territory and another in the "green valley" area of the eastern part of the county.

Fort Stockton Pioneer—Preparations were underway Thursday of last week for the shooting of the Ada C. Price deep test of Phillips Petroleum Company in a promising horizon at around 11,500 to 600 feet. The test has been standing in recent days

"Put your furniture on the lot and we'll try on three or four houses for size."

after failure to produce following casing perforations and acid treatment.

General Crude's No 1 H. L. Winfield was drilling ahead below casing which it ran last week-end to 2885 feet. It has had good shows of gas and indication of oil production from the Yates Sand in which it is now deepening. It is located eight miles southeast of Fort Stockton.

Uvalde Leader-News—Lower prices than for several years plus a scarcity of trappers during the recent fur-bearing animal trapping season, which closed January 31, combined to make the 1944-45 trapping season one of the poorest in several years here, and an estimate has placed the amount paid to trappers at "not more than \$6,000 or \$7,000."

During the 1943-44 season a record crop of pelts was harvested and furs were bringing extraordinarily high prices. During the season just closed, however, conditions have been reversed and prices have been considered "extremely low." At the opening of the season, it is reported a fairly large number of trappers were busy in trapping the animals but because of the prices being paid interest quickly sagged to low point and eventually almost died completely.

Alpine Avalanche—Something equally as important as the war and ships has another of our readers quite alarmed. Mrs. O. T. Schubbach of Sanderson, long-time resident of Brewster county, writes us that

she has just returned from a visit with her son, O. T. Jr. (Teeter,) former Sul Ross and West Texas State college football and basketball star, out in allegedly Sunny Cal. While there they heard a broadcast to the effect that "Washington is figuring on cutting Texas in two," and wants to know if we had heard the rumor. Mrs. S. was terribly perturbed, but we assure her that it probably was just another Cal. report, like they issue on the weather. Although we sometimes think it wouldn't be a bad idea.

Fort Stockton Pioneer—Henry Wilbanks, Fort Stockton ranch operator who owns ranch lands in several parts of Pecos and other West Texas counties, has added to his holdings by purchase of 6,000 acres of ranch land from C. A. Duncan of San Angelo.

The land bought is about 25 miles west of Fort Stockton, in the foothills of the Davis Mountains, and is known as the Riggs ranch. It has been operated under lease from Duncan by Cleo Riggs for the last several years.

Joel Wright M. D.

PRIVATE HOSPITAL

for

SURGICAL, OBSTETRICAL AND MEDICAL PATIENTS

Alpine, Texas

The new purchase lies immediately east of Mr. Wilbank's White Ranch, and together with leased acreage on the west side of the White Ranch, brings to 34 sections the land he will operate in that area.

AT THE PRINCESS—

"THE VERY THOUGHT OF YOU" HEARTWARMING FILM

A warmly moving story of our youth today, a tender tribute to their unwavering faith in the future, has been brought to the screen with all the humanness a really fine screen play and a select cast can achieve, in Warner Bros.' heartwarming romance, "The Very Thought of You," which opens at the Princess Theatre, Sunday and Monday, Dennis Morgan, Eleanor Parker and Dane Clark are starred.

"The Very Thought of You" is the kind of picture you'll take away with you when you leave the theatre, for it is made of the stuff that is "Yourtown," U.S.A., today. It is a timely story of the problems facing all couples in love during war. Here are their hopes and plans, their hours of loneliness and tears, their brief moments of joy, their ringing laughter. And in their laughter and courage is the answer to all the problems awaiting us tomorrow.

The film is concerned with the brief courtship and the equally hasty marriage of Dave and Janet, who firmly believe their love of just a few days is of enduring timber. The solution to this problem, which has faced so many of our young people, is a salute to the youngsters who have made their lives firm foot-

holds in this overcast war.

Dave (Dennis Morgan), viceman just home from seas, and hopefully looking some assurance that the ships he has endured have been in vain, is skillfully trayed by Dennis Morgan, characterization as the trick of fate has been as to a demolition battalion, best job Morgan has done date. The gentle manner which he handles throughout the production should be ample proof that Morgan has now added talent to his ever-growing to be displayed along with other screen successes in cal and farce comedies.

In the difficult role of the girl in love, who defies wrath of her family by making a boy she has known a few days, Warners have cast their new dramatic Eleanor Parker, most seen in "Between Two Worlds" Janet's choice is not one, for in giving her love Dave, she is forced to cut herself from a family life although not entirely

BETTER THAN CASH

☆ Greenbacks don't grow in value—War Bonds do. Both are promissory notes of your Government—both are guaranteed by your Government.

But when you turn your Bonds into cash, they cease to earn money for you. They also cease to work for Victory.

CASH IN THE POCKET WINS NO WARS

☆ That's why 85 million Americans have bought Bonds. For Victory today—for Security tomorrow—follow this lead!

THE SANDERSON STATE BANK
MEMBER FEDERAL DEPOSIT INSURANCE CORP.

The second greatest Reason in the World

WHENEVER you are sorely tempted to cash in a War Bond—for whatever reason—think for a moment.

There are many great reasons why you should not cash in your Bonds before they mature—before they pay you back \$4 for every \$3 you've invested.

The first—and greatest—reason is that you are an American, and you have pledged yourself to back American fighting men with

all your strength, courage and character.

The second greatest reason is that by cashing in Bonds you may be risking the future of your children.

For the War Bonds you keep today can spell the security of your child's tomorrow.

Don't depend on tomorrow to take care of itself. Remember—no job is as sure as your Bond. Don't cash in a single one before its time.

"My desire is to do everything within my power to free people from drudgery and to create . . . happiness and prosperity."

—Thomas A. Edison

THOMAS ALVA EDISON
Feb. 11, 1847 - Oct. 18, 1931

ON February 11, America will again honor the memory of a man whose inventive genius—more than that of any other man—helped make this nation great.

When Edison perfected the incandescent lamp and built the first practical central station electric system, he visualized electricity as a servant of mankind that would bring release from drudgery and better living to everyone. Little did he realize that this same power would prove to be one of America's greatest assets in its hour of gravest peril.

Today, electricity turns night into day in thousands of busy war plants across the land . . . speeds the endless flow of arms that assures the ultimate defeat of our enemies. Tomorrow, it will resume its interrupted march of progress, bringing new comforts, new conveniences, new benefits to mankind.

America's unchallenged leadership in the field of power production—a tower of strength in war—also assures this nation a leading role in building that better world that is sure to come when peace returns.

COMMUNITY PUBLIC SERVICE COMPANY

THE EAGLE NEWS

EDITED BY STUDENTS OF THE SANDERSON HIGH SCHOOL

WELL PARTY GIVEN

HONORING JOYCE BOYD
A farewell party honoring Joyce Boyd was given by the room mother, Mrs. Will, at her home Sunday evening. Games were played until midnight. Refreshments were served consisting of cookies, custard, and...

DUCHESS AND DUKE OF EACH CLASS CHOSEN

Beginning at 6:00 o'clock the evening of February 16, at the high school, there will be three special events. The Spanish dinner, followed by the cake-walk, and the coronation as the crowning event of the evening. Betty Sue Yeates and Allister Dishman will become king and football sweetheart.

ASSEMBLY PROGRAM

The students of Sanderson High School and Ward School enjoyed a very unusual assembly program Friday morning. The Juniors sponsored the program, and were busy seeing that everything went off all right. The play started off with a conversation between Betty Co. Ed and Joe High School. They discussed the possibilities of finding talent in our own school, and a number from each class in school followed. Betty and Joe were played by Doris McSparran and Clyde Griffith.

a rather fearsome doctor. The juniors acted out "Together" with Buddy and Wilma being the victims. They also acted out "Little Red Riding Hood" with Dorislee as the dainty little girl, and Sammy Tenney as the Big Bad Wolf. Mary Allen played the piano, and the rest of the Juniors helped with the sound effects. The seniors had a cute play concerning a "Shy-sweet Girl", a "Shy-sweet Boy" and "Six Silly Seniors". Some third grade pupils from Lamar Ward School put on a play about "How Baby Rabbit Got His Name."

FIFTH GRADE NEWS

On Thursday afternoon we had a short party with Barbara Rose, Nancy Hasty, Shirley Thompson, and Mary Wolfe as hostesses. We have decided that Mary is a first-class cook. Thanks to all the hostesses.

SENIOR MEETING

The senior class met February 2 and selected their class colors and flower. The colors selected were Royal Blue and Gold and the flower is the Rose. The class voted to have their pictures made in caps and gowns.

and she will choose "Always" as the song she likes best. Joan will take typing as her favorite subject and she can really type.

Joan's pet peeves are people who say things they don't mean and the record "Wreck On the Highway."

Joan has played volleyball four years; she has been in Choral Club four years; she was Pep Squad Leader in 1944 and 1945 and has been in the Pep Squad for four years. Joan was in the Junior play in 1944. She is Typing Editor for the High School Annual (1944-1945) and is Treasurer of the Senior Class.

There is one woman in this world who is always glad to see her husband down and out. She's the fiercer wife.

SENIORS ARE PRESENTING

with an identification in remembrance of his Sanderson High School. Present were Bill Savanese, Earl Pierson, Jack Buchanan, Allister Buchanan, Harvey Nessmith, Byrd, Joan Anderson, Bergman, Yvonne Ober, Clara Alice Bell, Mrs. Holley, and Mrs. Boyd and...

Each class in school, from the first through the twelfth, has selected its duchess. Each duchess has already chosen her escort. If you miss the coronation of the king and football sweetheart, you will miss THE big event!

Duchesses and dukes for each class are: seniors, Marilyn Blackwelder and Harvey Nessmith; Juniors, Wilma Jean Northcut and J. M. Harrell; sophomores, Cecelia Goode and Lowell Jessup; freshmen, Doris Duke and Albert Voorhees; eighth grade, Marjorie May and Bobby Cooke; seventh grade, Barbara Anderson and Walter Herman Jeffers; sixth, Virginia Hayes and George Fisher; fifth, Barbara Rose and Herbert Saegert; fourth, Mary Lou Cargile and Jacky Savage; third, Ruby Jean Bell and Jacky Hayes; second, Sarah Pat Grigsby and Jimmy Talbot; first, Sidney Louise Harkins and Terry Derl Beckett.

The first grade presented a manger pantomime, and the blue lights helped to make it very beautiful. The second and third grades sang and acted out "Jackie Frost". The fourth grade played tonettes. Jackie Lou Slover represented the fifth grade by saying a poem. For the sixth grade number, Wayne Cade danced. Marilyn Mansfield, representing the seventh grade, sang "Don't Fence Me In". The eighth grade had a new kind of fight, which was really cute. Some Latin American girls, representing the freshmen, sang two pretty Spanish songs. The Sophomores had an operation—and a fearful one it was! Hope Mary Nell is still alive—Charles was...

THE PROGRAM WAS COMPLETED WITH SOME SCHOOL SONGS.

CORRECTION

We are sorry to have omitted two seniors from the honor roll. Betty Jo Kerr and Jack Buchanan, and one Freshman, Edgar Wells.

NEW ART EDITOR

Joyce Boyd, the art editor for the "El Aguila", is entering the navy, therefore, it necessitated the appointment of a new art editor. Doris Hill was appointed as art editor and Doris Duke has been elected as her assistant.

DANCING PARTY

Dudley entertained a group of his friends Saturday with a dance. Everyone seemed to have a swell time although the dance didn't get started until ten o'clock.

FOR RED CROSS

The American Junior Red Cross has been asked to donate a set of cards in fairly good condition and games of all kinds. These things cannot be bought in any quantity for the hospitals and camps of our armistices. The Junior Red Cross Sanderson schools has started to collect decks of cards and games as: Monopoly, chess, checkers, jigsaw puzzles, dominoes, contact, pit, parchesi, rook, etc., which the people of the community are willing to donate. If you have any of these either send them to school or to the Future Homemakers Club or Miss Margaret Lattimore, the Junior Red Cross Chairman, and some one will come to collect the games and cards. These articles will be sent to the Area Office in St. Louis for distribution to hospitals and camps.

HIGH SCHOOL DANCE

Friday night around nine o'clock, the Juniors of Sanderson High gave the high school a dance at the Masonic Hall. All guests and hosts and hostesses enjoyed the dance very much. Punch and doughnuts were served to all. Mrs. Goode, room mother, and Mrs. Hasty, Junior Sponsor, helped to make the dance a huge success.

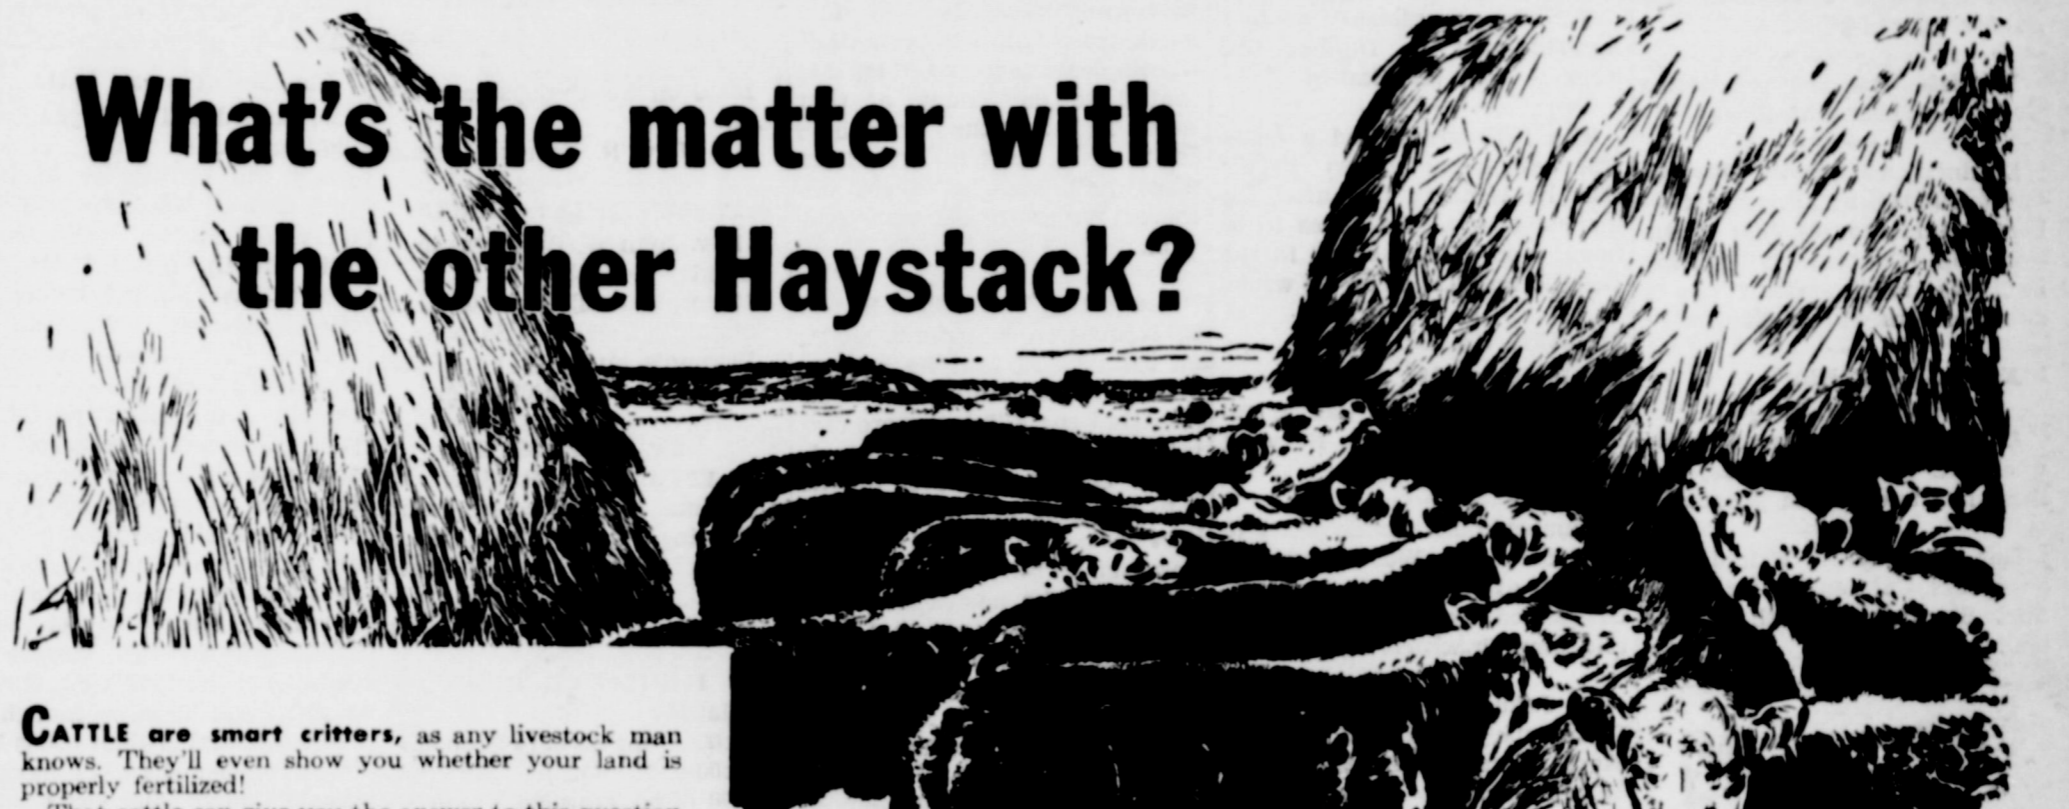

JOYCE BOYD HONORED

Mr. and Mrs. Chester Boyd honored their son, Joyce, with a buffet supper last Monday evening. Joyce, who was a popular member of the graduating class, is to report soon to the Navy. The members of the senior class and Mr. and Mrs. Tom Holley were the guests. Mrs. B. F. Anderson assisted the hostess in serving delicious fried chicken and all the trimmings.

The dining table was attractive with a large white birthday cake. The guests sang "Happy Birthday" while the honoree blew out all eighteen candles with one puff. Private Harvey Rogers and Junior Bowden called during the evening.

IF YOU WANT TO SELL IT TRY A TIMES CLASSIFIED AD

CATTLE are smart critters, as any livestock man knows. They'll even show you whether your land is properly fertilized!

That cattle can give you the answer to this question has been proved by an experiment reported by Dr. Wm. A. Albrecht of the University of Missouri, which is illustrated here. The cattle were turned loose in a field in which there were two stacks of hay. The grasses were the same species; the curing was the same; they looked and smelled the same. But the cattle ate one stack and never touched the other.

The hay from the stacks was analyzed in a laboratory. Then it was discovered that the stack the cattle liked contained much more calcium and phosphorus—two minerals cattle must have for good health. The good hay came from soil that had been treated with lime and phosphate... the poor hay from untreated land.

Minerals essential to both human and animal health come from the soil, are absorbed into plants and so get into the bodies of grazing animals. Human beings, of course, get their supply of minerals from plant foods like fruits, vegetables and cereals, and from foods of animal origin like meats, fish and eggs.

Better soil produces better food, better livestock and healthier people.

\$5 FOR YOUR GOOD IDEAS!

Ideas and special tools or gadgets which have helped you in your farm or ranch work can help others. We will pay you \$5 for each one you send us which we publish on this page. Address: Agricultural Good Idea Editor, Swift & Company, Chicago 9, Illinois. We can not return unused items—sorry.

Oliver Kinzie, Cushing, Oklahoma, 19-year-old president of the Future Farmers of America with his friend and instructor, Dick Fisher (left).

WHAT DO YOU KNOW!

1. Corn is grown in how many states in the United States?
36 12 48 29
2. Two of the thousands of domestic animals originated in the Americas. Which two?
Beef Cattle Turkeys Llamas Thoroughbred Horses
3. What is the average distance meat must be transported to get it from producer to consumer?
530 3000 1050 250 miles

THE EDITOR'S COLUMN

So many important things are happening in the livestock and meat business that it is difficult for an editor to decide which to write about and which to leave out.

Few people realize how much beef, pork, lamb and veal must be set aside by meat packers operating under federal inspection for the armed forces and Lend-Lease. As of January 7, 1945, 50% of all utility steers, heifers, and cows are set aside for the government canning program. The government will continue to call for 60% of the choice, good, and commercial steer and heifer beef carcasses, excepting extremely light weights; also 80% of the cutter and canner beef. Of the total pork meat produced, excluding lard, approximately 50% has to be set aside. Government priorities on "Good" and "Choice" lambs have averaged from 40 to 50% of the suitable lambs. Priority orders also apply to approximately 50% of the "Choice," "Good" and "Commercial" veal produced within specifications.

Of course, such regulations are necessary in order to insure the proper conduct and winning of the war. Nevertheless, producers and consumers should know of these regulations as a partial explanation of why they are having difficulty in getting the supplies of beef, lamb, pork and veal which they want.

F.M. Simpson, Agricultural Research Department

SODA BILL SEZ:
That hens that cackle the loudest are often better at lying than laying. That he makes the livin', but it's his family that makes livin' worth while.

"The pig that pays" is the "extra" one that lives in an average litter. Baby pig death losses of from 30 to 50 per cent are far too high. They can be greatly reduced. Cleanliness is the first rule of profitable hog raising. Dirt breeds disease and parasites, so it pays to move young pigs to clean pastures and to keep them away from old pens and yards. Old dry bedding has been known to start dust-pneumonia. Cholera and erysipelas can be prevented by early vaccination, and transfer of diseases from newly purchased hogs can be controlled by a period of isolation. Observe common-sense rules and your pigs will live and grow. Feed them well and when your hogs are ready, you'll get your "profit" from the extra ones raised in each litter.

BUY WAR BONDS

Martha Logan's recipe for GEORGE WASHINGTON CHERRY PIE

Make pastry using Swift's Bland Lard for shortening to insure flakiness. Roll out and line one-inch-deep pie pan. The filling is made as follows: 3 cups canned cherries; 1 cup sugar; 2 tsp. flour or corn starch; 1 tsp. butter. Combine cherries and dry ingredients and fill pie pan level. Cover with pastry—full crust or lattice of strips. Bake at 425°F. for 10 minutes, then at 350°F. for 35 minutes longer.

"What Do You Know" answers:
1) 48; 2) turkeys and llamas; 3) 1050 miles.

Swift & Company CHICAGO 9 ILLINOIS
