

# PRESIDENT ROOSEVELT DIES SUDDENLY AT WARM SPRINGS

As we go to press word reaches this of the death of President Franklin Roosevelt, a report that shocks not only the people of the United States, but the entire civilized world, now locked in struggle for its own existence. President Roosevelt, who just a few

short weeks ago was inaugurated as President of the United States for his fourth consecutive term, died at 3:30 p. m. Thursday at Warm Springs, Georgia, having gone there some three weeks previously to rest from his tremendous task of handling the affairs of his

country, a job that he has done for the past four years with the added strain of a world at war, a war we are sure he had hoped to see through to an early conclusion.

President Roosevelt served his country with all the strength and ability that

was his, even to the point of sacrificing his own welfare, his own life, that a peace-loving people might survive, that a democratic world might live and prosper. President Roosevelt is destined to go down in the history of this country as one of the all-time great men.

## FROM TEXAS TO TOKIO

Kenneth Litton, USMC, returned here Saturday from California on furlough to visit his mother, E. B. Litton, and other relatives.

James Dishman, Jr., Ph. M., US Navy, came home on a ten-day leave last Friday from his station at San Francisco. He was accompanied by John Cowden, Ph. M., of El Paso, who is stationed at Fort Bliss with Prince. They were together during the week they were stationed at San Francisco.

Robert J. Kerr, USNR, left Thursday after visiting his mother, Mrs. Jim Kerr, on a ten-day leave. He flew from San Francisco to San Antonio, arriving here Sunday. He was home last night.

James Albert Mansfield, S-1, USNR, was recently commended by the Commander, Task Force 1, in a letter reading as follows: "Your meritorious performance in landing the military assault demolition team in the assault upon the continent of Europe on June 6 is worthy of special commendation. As a member of the crews whose duty it was to land the amphibious assault teams, you exhibited exceptional skill, and courage and contributed to its success. For this outstanding performance of duty you are hereby commended. (Signed) V. E. Stawley, Commodore, U. S. Navy."

## TSGR ASSOCIATION STRESSES PROPER CARE FOR CLIPS

### Careful Preparation Urged to Assure Top Prices for Growers

The Texas Sheep and Goat Raisers' Association this week stressed the importance of properly preparing wool for market in a recent resolution.

"The wool growers of Texas must package their clips with extreme care if they are to receive full appraisal prices and establish a reputation for our Texas wools," the Association stated, adding "Careful preparation must be practiced in order to increase the salability of any clip and to compete with the expertly prepared wools of foreign countries."

Growers are urged to make it a common practice to properly roll and tie each 12-months fleece to eliminate all tags, burrs, stains, to pack bags in proper uniform weights, to separate ewe, lamb and buck fleeces, and to carry out all other practices essential to proper clip preparation.

## Aeron Induction System Test Made By SP This Week

A new method in railroad communication, the aeron induction system, was given its first test on the Southern Pacific Lines Monday. Officials of the Southern Pacific as well as representatives of the Aeron Manufacturing Company were in Sanderson Monday conducting the test.

A train was sent to Sanderson from Del Rio on Sunday, returning to Del Rio Monday. This train was equipped with a through system from engine to caboose, making it possible for the engineer to converse with the conductor and also to be in constant contact with stations along the line. The system makes it possible for stations to locate the exact position of the train.

Some railroads in the East are now using this type of communication system, and it is understood the Southern Pacific plans to install this equipment on all trains operating on this line.

## T-5 E. F. McElroy Is Charter Member Of Overseas Club, "Texans in the ETO"

WITH U. S. FORCES IN FRANCE—The original "Texans in England" club, formed in Cambridge in February, 1944, has changed its locale and assumed a broader name—"Texans in the ETO"—but the primary purpose remains the same. Charter members of the club include T-5 E. F. McElroy, of Sanderson.

Since its organization, the club has served as a center for renewal of acquaintances and for gabfests of the Lone Star State. And as a more serious purpose, the club is collecting francs to sponsor as many French war orphans as possible.

When the Texas club met in Paris recently for the first time on the Continent, 20,000 francs (\$400.00)—enough to

## Mrs. Jim Kerr Appointed Chairman of Drive To Collect Used Clothing for War Relief

Interest in the drive to collect good used clothing for overseas war relief is far below the expectations of that predicted by the chairman of the local drive. As the drive enters its second week, a disappointing amount of clothes has been turned in but hopes of the chairman and her committee are high that the people of this county will do

## Construction Of Football Field Started Monday

Announcement was made this week to the effect that the contract for filling and leveling of the new football field has been let to J. T. Wade of McCombs. Work on this project was started Monday. Tom Holley, superintendent of Terrell County Schools stated that it probably would take two weeks to complete the initial job.

Construction of the football field, located in the north part of town is part of the flood control project. It is hoped that other improvements to the field such as the building of the grandstand, grass sodding, erection of goal posts and the lighting system for night football games will be completed in ample time to usher in the 1945 football season.

## TERRELL COUNTY COMMISSIONERS MEET MONDAY

The Commissioners Court of Terrell County met in regular session Monday in the Court-house to take care of county business.

The Court approved the quarterly report of the County Treasurer and passed upon an order for the purchase of a \$500.00 bond to be added to the Permanent School Fund. An order was also passed by the commissioners for the purchase of a \$500.00 bond to go into the Available Road Fund.

Progress toward realization of the community's dream of a modern athletic field was made when the Court passed an order for the purchase of two lots for the site of the field's construction.

President of "Texans in the ETO" is Staff Sergeant Jay C. Stille, former vice-president of Houghton Brothers, Dallas. Vice-President of the club is Lt. Col. Aubrey A. Wilson of Gladewater; Secretary is Lt. C. C. Homeyer of Paris; and Committee Chairman is Capt. Marvin G. Bowden of Burnet.

Main Speaker at the Paris meeting was Brigadier General Pleas B. Roger of Austin, who is commanding general of Seine Base Section, a big supply base in France. He gave a resume of the fighting history of Texas' own 36th Infantry Division.

their part in the drive by turning in all the good used clothing they might have that would bring some degree of comfort to those in foreign countries who have lost practically everything they possessed.

Mrs. Jim Kerr has kindly accepted the responsibility as chairman of the drive, taking over the chairmanship from Rev. John Byrd, who, it was announced last week, was to serve as chairman, and who later had to resign due to out of town business which required his attention.

As announced last week, the Red Cross room in the court-house has been designated as the storage place for this drive and those who have clothing to donate are asked to turn it in there, where it will be processed for shipment.

President Roosevelt recently reported that "in occupied Europe almost as many people have died from exposure, due to the lack of adequate clothing, as have died from starvation." So during the entire month of April, every community in the United States is asked to cooperate with the national leaders, under the personal direction of Henry J. Kaiser, in an effort to collect at least 150 million pounds of serviceable used clothing for the needy and destitute people of war-torn countries.

What is needed is good substantial used clothing, for both winter and summer wear. Although clothing need not be in perfect repair, it must be useful to the people who will receive it. Underclothing and all types of cotton garments should be washed before they are donated, but need not be ironed. (Evening dresses, tuxedos, and dress suits cannot be used.)

## Flies With Famed Fighter-Bomber Group in Germany

A NINTH AIR FORCE FIGHTER-BOMBER BASE, GERMANY—With the first fighter-bomber group to operate off an American built base in Nazi Germany, Capt. Joseph N. Kerr, son of Mrs. Josephine R. Kerr, Sanderson, Texas, now takes off daily with his squadron to strike the enemy in the Reich from within the Reich itself.

Captain Kerr is a member of Ninth Air Force's famed 365th "Hell Hawk" Fighter-Bomber Group. This aggressive unit has pioneered, via a path of destruction for enemy forces, through France, Belgium, and now Germany, flying against German communication centers and transportation and giving close air coordination to our ground troops with their P-47 Thunderbolts.

Graduating from Sanderson high school in 1937, Captain Kerr later attended St. Mary's University in San Antonio. He has the Air Medal with one Silver Oak Leaf Clusters and wears over his right breast pocket the prized blue ribbon signifying that his group has been awarded a unit Presidential Citation for "outstanding performance of duty in action against the enemy."

are as follows: Infants' garments, men's and boys' garments, women's and girls' garments, caps and knitted headwear, bedding, shoes, and useable remnants and piece goods.

An ad sponsored by the businessmen, and other concerns of Sanderson, published in the interest of this drive, will be found on page three of this edition.

## Sunday School of Methodist Church In New Quarters

Rev. John Klassen, pastor of the First Methodist Church, announced Wednesday of this week that the Sunday School classes of the church would meet this Sunday in the Educational Building of the new church.

There will be no morning services on Sunday, April 15 but the regular union service will be held in the Presbyterian Church Sunday evening. Rev. Klassen also stated there would be no more services in the Princess Theatre which has served as a place of worship since construction of the new church was started some time ago.

Church services are to be held at Dryden Sunday morning at 11 o'clock with a barbecue dinner to be served at noon by the members of the Dryden church.

## JACK BUCHANAN SPEAKS BEFORE ROTARY CLUB

The regular weekly meeting of the Sanderson Rotary Club was held Wednesday at noon in the Banquet Room of the Kerr Hotel. Immediately following the dinner important club business was attended to. C. P. Peavy, chairman of the Rotary-sponsored Teacher's Housing project, reported some headway had been made on this important undertaking. Tom Holley in charge of the program for the meeting introduced Jack Buchanan, a senior in high school, who gave a talk on the Dumbarton Oak peace conference.

You can judge a man as well by his foes as by his friends.

## James Albert Mansfield Is Member Of Amphibians Serving in Germany

WITH U. S. NAVAL FORCES ON THE RHINE, (Delayed)—It's another D-Day for our amphibious Navy—this time 200 miles from the nearest ocean. The "small boatmen", unsung heroes of every landing from North Africa to Normandy, are here again to help carry Allied Armies across the last great water barrier to the heart of Hitler's Germany.

Among them is James A. Mansfield, Seaman, First Class, USNR, of Sanderson, Texas. Mansfield and his fellow amphibians are making naval history, for never before has the Army called on the Navy to help cross an inland river. Their mission is to supply a fast "build up" of men, weapons and ammunition to support the first

## RANCHERS TO GET NEW INCREASE ON TRIPLE A BUDGET

### Practices Must Be Approved By Local Committee

The County AAA Office here has been advised by Mr. B. F. Vance, of the State Office in College Station, Texas, of the increase of the State Budget for the 1945 Agricultural Conservation Program from \$13,386,000.00 to \$19,545,000.00. With this state increase they have been able to increase the County Budgets and raise the soil-building allowances for some farm and ranches.

The cropland rate of pay has been increased from 60c per acre to 75c as it was last year but the 6c per acre for range land is still effective. Under the new appropriation the amount of money that can be spent on any one ranch for terraces, diversion ditches, earthen dams and reservoirs, wells and the eradication practices of pear, lechuguilla, etc., and the mowing of pasture grasses will be five times the allowance per ranch or 30c per acre. A rancher may carry out one or more of these practices but they cannot exceed this 30c per acre for all and all of these practices must have the prior approval of the County Committee.

The total budget now set for Terrell County is \$73,264.00 which is an increase of \$48,252.00 over the original final approved budget of \$25,012.00 sent us some time ago.

The local office seeks to impress upon ranchers the importance of getting in their bids for this type of work, for when the county has exceeded its budget, ranchers not having made applications for some of this work and wishing to do so will be left out. The budget cannot be exceeded. Ranchers are requested to contact this office at their earliest convenience to attend to this matter.

assault troops and they are performing that mission—gloriously.

Their presence wrapped in the closest secrecy, Mansfield and the other navy men have been training for months with army combat engineers in smaller rivers of France and Belgium. To disguise themselves completely they have worn army field uniforms and helmets and have slogged through mud with the doughboys. Even their boats have been camouflaged—blue hulls which bore the proud, white "U.S.N." giving way to the army's olive drab.

## NATIONAL INCOME

How well a man lives is a matter that depends largely upon his income and how he divides it. If he earns \$40 a week (\$2,000 a year) and spends every bit of it on himself he can live about as well as anybody until some unforeseen calamity hits him. If he has a wife and child and an aged parent to support, each individual must subsist on about \$10 a week.

How well the people of any nation live is similar matter. It depends upon the national income and how it is divided. Just like family income, national income changes from year to year and it is not always divided the same way. National income is the grand total of what everybody in the nation earns. It includes all wages, salaries, farm yields, interest, rents, profits and dividends.

## How About Now?

The United States Department of Commerce keeps track of our national income figures pretty well, year by year. Already we know that the income of all Americans totaled 160.8 billion dollars in 1944 and that workers got 72% of it, or 116 billion dollars. By "workers," I mean people who draw wages and small clerical salaries. Corporation profits that year ran just under ten billion dollars or 6%.

There is a popular notion that people who work don't get very much of the fruits of their toil. Not long ago somebody repeated a 50-year-old piece of political propaganda to me, believing it every word. He said, "Here in America 2% of the people have 90% of the wealth." There is not much to say about this statement: It is not true. It has never been nearly true.

## Official Figures

Last year the national-income dollar went like this: 72c to American workers, 6c to corporations, 8c to small businesses in the form of profit, 7c to farmers as return on what they produced, and another 7c to landowners and stockholders in form of rents and dividends, and to money lenders in the form of interest. Of course all years aren't alike but they vary less than you might think.

National income bobs up and down but people who work always get most of it. Back in 1939, which was a typical pre-war year, our national income was not half as high as last year's; 70.8 billion dollars to be exact. Then, workers got 68% of it and 6% was corporation profit; not much change in how the income was divided, but less than half as much actual money for everybody.

## Ancient History

Back in 1929, the year Hoover succeeded Coolidge as President, national income was \$3.3 billion dollars; bigger then, than in 1939. Corporation profits were higher then: 9% as against 6% in recent years. But wage earners and office help were getting 64% of national income, even then. In 1932 (the depression) wages and salaries took 79% and still some working people went hungry.

Any fair analysis of national income figures over a period of years leads to this observation: Workers, laborers and clerical people get more money with the

Brackett News-Mail—The city work crew the past week was engaged in repairing some of the worst sections of the paving on Ann Street, between the jail and the school house hill.

Ozona Stockman—With a record lamb crop already on the ground over most of Crockett county, prospects for marketing that West Texas money crop in fine shape were considerably brightened over the past weekend when a general rain fell over this section, assuring moisture to promote continued growth of spring weeds and grass.

The rainfall was timely throughout the county. Ranges already in fine condition after an unusually mild winter and recent rains, will now boom with green feed with the additional moisture.

The fall here was gauged at 1.15 inches and is believed to have been approximately that amount all over the county.

The Fort Stockton Pioneer—Police Chief Charlie Baker was re-elected by voters of the city of Fort Stockton Tuesday in spirited balloting encouraged by the contest between Baker and Jimmy Hartsell, a former holder of the position before he entered army service 2 and one-half years ago.

There were 484 votes cast with Baker receiving 317 and Hartsell 155.

All other incumbent city officials were re-elected without opposition, as follows: G. C. Moses mayor; J. R. Bennett, W. R. Herral and Ben A. Owen, aldermen; Miss Hortense Brannon city secretary; Garland Casbier city attorney; T. L. Hirst, recorder. All are for two-year terms.

Holdover council members are aldermen Carl Smith and Dee Walker, whose terms expire next April.

The Big Bend Sentinel, Marfa—Marfa city officials were returned to office, Tuesday, in an election participated in by only thirty-eight citizens. H. A. Coffield is mayor, and H. L. Hord and E. S. Powers, city commissioners. There were no other candidates on the ballot, and a report this week from the city office was to the effect that there were no "write-in" votes cast.

The Hudspeth County News, Sierra Blanca—Good rains fell in Hudspeth county last week end, according to reports from various parts of the county.

The rainfall in Sierra Blanca was not as heavy as in some other places. J. V. McAdoo said he thought an inch and half fell out at his ranch in the Diablos. Jess Wallbridge reported good rains. Dave Gill said it rained hard along the river and others reported heavy rainfall.

"This is the best March rain I ever saw in this county," McAdoo said. It fell March 30 and 31.

It was getting very dry in parts of the county before the rain came.

Wink Bulletin—The Winkler County News, published in Kermit by Henry G. Vermillion, the past few years, has been pur-

chased by Mr. Nev H. Williams of Dallas, it was announced this week.

The change of ownership was effective April 1, and Mr. Williams has already assumed active management. Before coming to Kermit, Mr. Williams was employed as a Linotype operator on the Dallas News for several years.

Mr. Vermillion said he was to remain with the Kermit paper about one month, and after that had no definite plans as to his future endeavors. He came to Kermit about four years ago purchasing the Kermit plant from John N. Merriman.

It Happened In Sanderson TEN YEARS AGO

This Week — Remember

April 12, 1935

Considerable excitement prevailed for a few minutes last Saturday afternoon about six o'clock when smoke was seen coming from the feed barn of the Lynn Harrell dairy south of the railroad tracks.

Volunteer fire-fighters rushed to the scene with extinguishers, and upon opening the barn it was found that several empty feed sacks were smoldering due to being accidentally set on fire by a match that had been carelessly thrown down and was thought to have been extinguished.

No damage resulted and the smoldering sacks were removed from the barn and the fire extinguished in no time.

A local chapter of the Women's Christian Temperance Union was perfected in Sanderson Monday night when Mrs. J. R. Parker of El Paso, president and organizer for this district, met with an interested group at the Baptist church. There were sixteen to join the organization.

Terrell's county quota for the next CCC camp enlistment is five according to an announcement given out this week by L. A. Lowe, at the local relief office. All young men of this county who desire to enlist are asked to get in touch at once with Mr. Lowe, and leave their application with him. Several have already filed applications. The next enlistment period will begin on May 1.

The eastbound passenger train of the Southern Pacific was three hours late in this city Wednesday, due to high water in California. The westbound train due in here at midnight Wednesday did not arrive here until nearly seven o'clock Thursday morning. The delay of this train was due to the blasting of several overhanging rocks in the vicinity of Devil's river, the workmen failing to get the tracks cleared in time.

A record vote at a school trustee election was polled last Saturday when a total of 263 votes were cast in the county. Of the total votes polled 202 were accounted for in precinct 1, Sanderson; in precinct 2, Dryden there were 37 votes cast; 3 at the Cecil Arvin headquarter ranch in precinct 3, and 21 at Independence school house in precinct 4.

Bids have been asked and contract for blacktopping a portion of Highway 3 in Terrell county, will be awarded by the State Highway Department next Friday, April 19th. The bids call for surface treatment of 6,459 miles of road with double asphalt from a point 18 miles southeast of Dryden to the Val Verde county line.

The Catholic ladies of the Altar Society will hold their annual bazaar tomorrow, Saturday, April 13, at Bohman store, at which time they will have for sale bonnets, aprons, cakes and pies.

JUNIOR PLAY

Last Thursday evening, April 5, the Junior play entitled "And Let Who Will Be Clever" was given in the auditorium before a full house. The players were very good in their roles and even though most of them were doing their first play, they acted as old troupers. Mrs. Isabelle Hasty must also be complimented for her role as director.

The net proceeds from the show were \$133.65, the most of which will be used to entertain the seniors with the annual Junior-Senior Banquet and Prom.

EIGHTH GRADE NEWS

On Tuesday, March 27, about 29 members of the eighth grade class gathered in the banquet room of the school for a party. Games were played and the boys took the girls for an airplane ride. Miss Brieger was unable to be there, so Mr. McMillan sponsored it. Mrs. Gene Thorn and Mrs. J. L. Newton were also there.

Bill Savage took a scholarship test last Saturday. This test is offered by Westinghouse and it includes a general test over the high school subjects.

THE EAGLE NEWS

EDITED BY STUDENTS OF THE SANDERSON HIGH SCHOOL

Lamar School Notes

The libraries continue to grow and new orders are going in weekly. The second grade started a library with two story books two weeks ago and now it has grown to ten. The fourth and third grade library received eight new books this week and the fifth, sixth and seventh grade library received 16 new volumes, these being the New World Series. These are travel books of Central and South America and Canada.

Genaro Valdez visited last week in Laredo, Texas with his aunt, Mrs. Constantino Reyna.

Mario Berlanga, Genaro Arriaga, Pablo Flores, Silvestre Gomes, and Raul Flores went on a picnic Saturday at Dryden Texas.

Elodia Garza went to Del Rio Saturday to visit her aunt, Mrs. Antonia Garza.

Rosa Flores went Sunday to Del Rio to visit her aunts, Misses Cruz and Cecelia Hernandez.

Nieves Lopez was absent from the fourth grade for four days last week on account of illness.

Guadalupe Cardenas visited her brother, Rario Cardenas, Jr., and family in Del Rio last week.

Rodolfo Hernandez went to Marfa, Texas Saturday on account of the seriousness illness of his grandmother.

Lamar Ward Parent-Teacher Association met in regular session Monday, April 9, at the school building. Mrs. Pablo Flores, Vice-President, presided. Mrs. William's afternoon class of the low first gave a program of songs and some numbers of rhythm band music. The seventh grade won the room award of \$1.00 for having the largest number of parents present. The nominating committee presented the names of these officers for the 1945-1946 school term: President, Mrs. Pablo Flores; Vice-President, Mrs. Rodolfo Alvarada; Secretary, Miss Ruth Murrain; Treasurer, Francisco Venegas; and Chairman of Room Mother, Mrs. Reynaldo Garza. They were unanimously elected. These officers will be installed at the May meeting.

Definite plans for the club picnic were made. Ernestine Jessup, Janie Louise Turner, and Emma Jo Locke were appointed members of the refreshment committee. The girls did Junior Red Cross work.

Homemaking I class welcomes Banita Jones, a freshman from Carlsbad, N. M.

Kay Williams was a visitor of the Homemaking I class Thursday. She modeled the sun dress Betty Ann Peavy made for her as a home project.

The representatives that have been chosen so far for the District meet to be held in Marfa next Friday and Saturday are: Harvey Nessmith and Doyce Wells, Senior Doubles. Bill Savage, Senior singles; Marilyn Blackwelder and Yvonne Oberling, Senior doubles; Jimmie Davis and Willie Grigsby, Junior doubles; Jack Lester, Junior singles; Doris Duke, Junior singles; Walter Paul and Melvin Newton, Grade School doubles.

Senior girls' singles, Junior girls' doubles, Grade School Boys' and Girls' singles have not been chosen yet.

Betty Ann Peavy, Avis McDonald, Lavelle Stidham, Ora Mae Blackwelder and Betty Jo Beckett are still in the running for Junior girls' doubles. Bobby Hill and Bobby Cooke are still in the running for Grade School singles. Billy Babb and Clara Alice Bell are to compete for Senior Girls' singles.

THE OLD JUDGE SAYS...

"When this war is all over, Judge, there will be some mighty interesting books written about it. Expect we'll learn a lot of things we didn't know before."
"Yes, Fred, when the record is finally written we'll realize what a gigantic operation this war really was and how important to final victory many factors really were."
"Take, for example, just one industry. Few people realize the importance of the great work done by the beverage distillers during the war. A high government official

called it 'an almost unparalleled example of the overnight conversion of an entire industry from peace to war.' He also said not so many months ago, while speaking about synthetic rubber, 'It is fair to regard the rubber manufactured to date as being almost solely the product of the beverage distilling industry. That's the type of thing I have in mind... the way great American industries at home cooperated to help our brave fighting men abroad.'
'I see what you mean, Judge... a complete history of American teamwork.'

BOYER CHARM BY  
MEDICAL COMEDY IN  
"TOGETHER AGAIN"

The magical words for film-  
"Together Again," will be  
the marquee of the Prin-  
Theatre Wednesday and  
and the magic which  
inside on the screen  
Irene Dunne and  
Boyer are in another  
And along with them this  
is Charles Coburn.

participate in the trium-  
proceedings of "Together  
which is giddy, gay and  
the year's most glori-  
bilarious, enchanting and  
romance.

Dunne, as the small  
Vermont mayor who goes  
New York to contract for a  
of her dead husband and  
Charles Boyer; Charles  
as her crotchety father-  
who thinks she needs  
and a silly hat more than  
virtue; Charles Boyer,  
the sculptor who wants to  
her in his arms as he does  
day in his hands, none of  
players has ever been  
captivating. With deft  
touch and timing, they  
from one smart comedy  
to another.

Freeman, as the mayor's  
father, who also falls for  
brings her fresh charm  
a welcome addition to the  
players who will be tak-  
the place of today's stars.

However, no matter how good  
others, "Together Again"  
to Irene Dunne and  
Charles Boyer, not only because  
a long-awaited reunion af-  
their huge success in "Love  
" and "When Tomorrow  
" but because in this  
of comedy they are both  
and matchless.

### "KISMET" IS EYE-FILLING

FILM FOR SUN. & MON.

Donald Colman and Marlene  
Dietrich head the cast of the  
technicolor film "Kismet,"  
which arrives at the Princess  
Theatre Sunday and Monday.  
They are at their best in this  
dramatized story. Colman as the  
beggar-magician Hafiz and  
Dietrich as Jamilla, queen  
of the dancing girls.

Support is offered by  
Craig and Joy Ann Page,  
young newcomers about whom  
are bound to hear much  
more. Edward Arnold, Hugh  
Herbert and the old reliable  
character actors Florence Bates,  
Davenport and Hobart  
Cavanaugh.

"Kismet" is full of laughs,  
color and color. It has spec-  
tacular dancing scenes and  
young love and more mat-  
ing love.

"Kismet" tells the story of  
the beggar-magician, who  
wishes to have his daughter marry  
a prince. His schemes become in-  
volved when the daughter (Miss  
Dietrich) meets and falls in love  
with a handsome young man  
whom she believes to be the palace  
heir but who is in reality  
Caliph himself.

From that point on the com-  
plications develop along the  
entertainment lines that  
keep you entertained and  
drawn from fade-in to fade-  
out. Hafiz himself falls in love  
with the queen of the dancing  
girls and makes a "deal" with  
the Grand Vizier involving his  
daughter. Everything turns  
out all right, but you'll have to  
wait for yourself the unfolding of  
the tale.

Why do we give such good ad-  
vice to others and never follow  
it ourselves?

# Brave little Hearts *that will* Never Forget!

Hard and cruel have been the lives of young ones in war-torn countries. Children like these—30 million of them—are hungry, homeless, nearly naked. Deaths from exposure are often as many as deaths from starvation. Tuberculosis and typhus run rampant among them.

Never will their brave hearts forget the horrors of war. Never will their grateful hearts forget your gift of the clothing they so sorely need—clothing which now hangs unused in your closet—or reposes forgotten in your attic.

And remember, these "pitiful children" of today will be our proud partners of tomorrow in keeping the permanent peace we are all fighting for! Isn't their everlasting friendship worth your spare clothing?

America must help clothe about 125 million men, women, and children in Europe alone. This month, America must collect 150 million pounds of serviceable used clothing to take care of part of their needs.

Some of that clothing *must* be yours—as much as you can spare.  
Will you do your share today?

### What YOU Can Do!

- 1 Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
- 2 Take your contribution to your Local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
- 3 Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.

## UNITED NATIONAL CLOTHING COLLECTION

for Overseas War Relief • HENRY J. KAISER, National Chairman  
APRIL 1 to 30

This ad sponsored by the following businessmen and concerns in the interest of the United National Clothing Collection campaign for overseas war relief. This campaign is to continue throughout the entire month of April. Any good used clothing you have to donate to this worthy cause should be taken to the Red Cross room in the Court-house which serves as the local receiving station.

### Presbyterian Circle Meets Monday With Mrs. C. C. Mitchell

The executive meeting of the Woman's Auxiliary of the Presbyterian Church met Monday afternoon at three o'clock in the home of Mrs. C. C. Mitchell and the finance budget was approved by the group.

At 3:30 the Auxiliary circle gathered in Mrs. Mitchell's home, opening the meeting with the hymn, "Jesus Shall Reign." Mrs. J. W. McKee led in prayer. Mrs. Sid Harkins, secretary called the roll, and members answered with verses of Scripture.

Mrs. Joe F. Brown and Mrs. Seth Davenport gave a report on the District Conference, which they attended in Uvalde on April 2. Program for the afternoon was "A Say-So Christian" led by Mrs. Mitchell. Mrs. Harkins reviewed the article, "Because I Am A Christian." The group decided on April 13 as Church Clean-Up Day, with cleaning activities beginning at 1:00 p. m. on that date. The hymn, "A Witness for Jesus" was sung by the group at the close of the meeting.

Those present were Mesdames Joe F. Brown, John W. Byrd, N. E. Charlton, McKee, S. C. Bodkin, E. F. Pierson, W. H. Savage, Harkins, and Davenport.

### J. A. MANSFIELD IS WITH AMPHIBIANS

modern military transport. The big LCMs (landing craft, mechanized) are 50 feet long and 14 feet wide. Only the heaviest army tank conveyors can move them and, when loaded and on the road, a single outfit is 77 feet long (equivalent to the height of a seven story building) and almost 20 feet high. Yet many of them were brought as far as 300 miles over blasted roads, makeshift bridges and through narrow village streets.

Now the Navy's boats are carrying the Army's vehicles. LCMs and LCVPs are racing back and forth through the swollen waters of the Rhine. Across their lowered bow-ramps on the far shore are lumbering the tanks, the mobile guns, the loaded weapons-carriers, all marked "Destination Berlin". These bluejackets and doughboys are enthusiastic partners in a new and unique combined operation.

Mansfield, 19, has been in the Navy since November, 1942. In June, 1943, he was advanced from Seaman, Second Class, to his present rate. Prior to entering the service, Mansfield was a rancher. A brother is serving in the U. S. Army.

### CULTURE CLUB

... IS AN EXCEPTION  
AMONG RISING  
LIVING COSTS

Almost alone, electricity has defied the upward sweep of living costs. While other prices have been rising steadily in the last three years, the cost of electricity has remained at pre-war levels.

Not only has the cost of electricity stayed down—there has been an ample supply of power for all civilian needs in spite of tremendous war production demands.

"All you need at pre-war prices" is something rare these days, but that's what you get when you buy electric service.
