NUMBER 16

They raised the Flag again on Corregidor . . . Let's raise the money in the Mighty Seventh!!!

JUNE 15  
★  
L. Whistler, seaman first class, U. S. Navy, writes to his mother, Mrs. John Whistler, May 26 from "somewhere in the South Pacific": "I am feeling all right and never better in my life. We hit a few other day and got to go. There wasn't much over but it was entertaining to see the people live and some of their customs. They most all are good and they wear clothes that they can buy on the ships that pull in here. Their houses are built up on poles and made out of bamboo. The way, how is 'Texas' your part of it? I guess hot and dry like always. There is no cool weather here because the weather here is just what I need. I hope to be home for good. I will really like to talk over with you. Albert Mansfield, seaman first class, USNR, arrived on a thirty-day leave from his family. Coming here via New York. He will report to El Paso for termination of his leave. Sergeant Sam K. Bell came in Friday from the Coast where his and the Eighth Air Force crews were on returning from. He has a thirty-day leave and is visiting his parents and Mrs. Sam K. Bell. First Class and Mrs. Hartsfield arrived for a visit with friends. Report to Hot Springs, Texas, July 10. Lieutenant John Hardgrave writes to his parents and Mrs. E. W. Hardgrave, on from his new base on Trinidad in the Caribbean: "I wish I could be getting a little of the things that we're getting here now. It rained last night and this afternoon and it is raining. If you're not burned with heat, you're drowned with rain." On the date of the flight made into Italy while it was still raining, supplying Italian paratroopers. While based in Italy he was in the Troop Carrier Command C-47 pilot. With his wife he was put into the port command. Lieutenant Fifth Grade William Dishman, 35th Infantry, 134th Infantry, who participated in the Normandy invasion, France, and Germany, has been awarded Certificate of Merit. The Mr. and Mrs. E. P. Dishman's Army job is that of driver. First Class Johnnie L. Air Transport Command Beach, California, visited last week with relatives. A brother of the late Mrs. Mary J. Mansfield. Bridgman Murray, seaman first class, U. S. Navy, has transferred from San Diego U. S. Submarine Base at London, Connecticut. Margaret Ruth Yeates arrived Wednesday of last week from Southgate, California, to visit her mother, Mrs. Mabel Yeates and family.

## Payments On Beef Cattle Authorized Through AAA Office

Cattle feeders in Terrell County can now apply to the County AAA office for beef cattle production payments under the Government's new program to increase the production of meat. Feeders are encouraged to feed more cattle, including those they purchase and those they raise, to good and choice grades under the new program. The method of payment is similar to the dairy payment program also handled through the County AAA office, according to County AAA Chairman John D. Harrison. The beef cattle production payment amounts to 50 cents per hundred-weight on good or choice cattle weighing 800 lbs or more and selling for at least the minimum stabilization price. This is the first meat production payment made directly to livestock feeders. The program is designed to help hold the line against inflation by preventing sharp increases in retail prices which might lead to uncontrolled increases in wages and other economic factors. The beef cattle production payment is available to all feeders, including slaughterers who are also feeders, provided their cattle meet the program requirements. To be eligible a feeder must certify on his application (1) that he owned the cattle at least 30 days before their sale (2) that the cattle weighed at least 800 pounds when sold, (3) that the cattle brought not less than the minimum price for good grade, and (4) that the cattle were sold for slaughter to an authorized slaughterer. An authorized slaughterer is any slaughterer who operates under Federal inspection or under an OPA permit at the time he slaughters the feeder cattle on which the payments have been made. A feeder-slaughterer is eligible to receive payment provided payment has not previously been made on his cattle. He may also receive payment on cattle he raises provided they are eligible under the program. To collect payment he must substantiate the date of purchase, the price he paid, and the weight at the time of purchase. He must also certify the grade and weight of the carcass after slaughtered to further determine the eligibility of the cattle. A feeder other than a feeder-slaughterer must present sales receipts, invoices, scales tickets or other written evidence from the buyer to verify (1) date of sale, (2) the name of the buyer (3) the point of sale, (4) the number of head, (5) the total liveweight, (6) the price received, and (7) the name of the legal authorized slaughterer to whom he sold. In addition the feeder, if he did not raise the cattle, must show the status of the cattle at the time he purchased them by furnishing the name of the person from whom purchased, and the date of the purchase. The feeder may also be required to furnish evidence that the payment has not been made previously on these cattle. Payments will be made from funds of the Commodity Corporation of which \$40,000,000 has been authorized. Farmers may obtain details of the program from their local AAA office. Applications will be accepted and payments made by the County AAA office as soon as the necessary forms are received. Margaret Ruth Yeates arrived Wednesday of last week from Southgate, California, to visit her mother, Mrs. Mabel Yeates and family.

## RANCHERS ASKED TO REPORT AAA WORK BY AUG. 15

All ranchers in Terrell County who have at this date completed any of their work for 1945 are requested to contact the local AAA office before the 15th of August to report such work if they expect to receive payment in 1945 for same. This does not apply to work begun after August 1 through December of this year. Work completed between the latter dates is to be reported on or before January 15, 1946 in order to qualify for payment. The range inspector does not have to accept the work by that date, but the performance must be reported to this office before these closing dates.

## CONSTRUCTION IS STILL RETARDED BY NEW WPB ORDER

Despite the relaxation of Construction Limitation Order L-41, new home building, remodeling, maintenance and repair will be held back by the rigid lumber control order L-335, according to R. V. Raney, manager of Alamo Lumber Company. The new WPB order which allows up to \$1,000 per year to be spent in new construction on a home or dwelling unit puts the lumber dealer squarely on the spot, Raney stated. Lumber control Order L-335 still allows the dealer to sell only ten per cent of the lumber he sold in 1944 on retail sales unless the purchaser has a farm certificate or priority rating, he explained. Even when lumber for new construction within homes was limited to \$200.00 per year, there was not enough "free" lumber in many sections to meet demands. In addition to increasing the limit for dwelling construction from \$200.00 to \$1,000 per unit the revised order raises to \$5,000 the amount which may be spent for construction of a store, restaurant, theatre, bank, office garage, warehouse or other retail or wholesale service establishments, including hotel and apartment buildings for six or more families. A church, hospital, or school may spend up to \$10,000 without specific approval.

## COUNTY FARM TRANSPORTATION COMMITTEE OUT

The Terrell County AAA Office has been advised by the State Office that the County Farm Transportation Committee will be dissolved as of July 1, 1945. All work heretofore given by this office to ranchers and others on applications for trucks, gasoline on trucks and pickups and for non-highway gasoline will be turned over to the War Price and Rationing Board and the Office of Defense Transportation. Statements of needs will be submitted to them direct with the recommendations of the Farm Transportation Committee.

## Mrs. Earl Pierson Is Hostess Monday to Presbyterian Circle

Monday afternoon at 3:30 o'clock the Presbyterian circle met for its regular meeting in the home of Mrs. Earl Pierson. Program leader was Mrs. Joe Cramer, who led the devotional "What Have I To Share?" After the group sang the hymn "Go As A Witness For Jesus" Mrs. John Byrd reviewed the article in the Presbyterian Survey on the same topic with which the devotional dealt. To close a contest conducted by the circle between two groups within it plans were made for one group to entertain the other with a social on Thursday at 4:00 p. m. in the home of Mrs. E. J. Hanson. Those answering the roll call at the meeting with Bible verses were Mesdames John Byrd, Joe Cramer, N. M. Mitchell, Gay Franks, Lee McCue, and Earl Pierson.

## PRECAUTIONS AGAINST PARALYSIS ARE NAMED BY NATIONAL GROUP IN BULLETIN TO ALL CHAPTERS

Infantile paralysis on the march throughout the United States, already more than double in Texas over last year, has become number one in the interest of the medical profession seeking causes and preventatives. The following bulletin, issued from the National Foundation for Infantile Paralysis, offers many helpful suggestions in combatting this dreaded disease. "1. During an outbreak of infantile paralysis be alert to any early signs of illness or changes in normal state of health, especially in children. Do not assume that a stomach upset with vomiting, constipation, diarrhea, severe headache or signs of a cold and fever are of no importance. These may be among the first symptoms of infantile paralysis. All children and adults sick with unexplained fever should be put to bed and isolated pending medical diagnosis. "2. Don't delay calling a physician. Expert medical care given early may prevent many of the crippling deformities. Proper care from the onset may mean the difference between a life of crippling and good recovery. "3. Today there is no known prevention or protection against infantile paralysis. All that can be done is to provide the best possible care. Your doctor, your health officer and your local Chapter of The National Foundation for Infantile Paralysis can and will do everything in their power to see to it that your community is ready to meet an epidemic. "4. Observe these simple precautions: (a) Avoid overtiring and extreme fatigue from strenuous exercise. (b) Avoid sudden chilling such as would come from a plunge into extremely cold water on a very hot day. (c) Pay careful attention to personal cleanliness, such as thorough hand washing before eating. Hygienic habits should always be observed. (d) If possible avoid tonsil and adenoid operations during epidemics. Careful study has shown that such operations, when done during an epidemic, tend to increase the danger of contracting infantile paralysis in its most serious form. (e) Use the purest milk and water you can. Keep flies away from food. While the exact means of spread of the disease is not known, contaminated water and milk are always dangerous and flies have repeatedly been shown to carry the infantile paralysis virus. (f) Do not swim in polluted water. (g) Maintain community sanitation at a high level at all times. (h) Avoid all unnecessary contact with persons with any illness. "5. Don't become hysterical if cases do occur in your neighborhood. While infantile paralysis is communicable or catching during any outbreak, there are many who have such a slight infection that there are few or no symptoms. This large number of unrecognized infections is one of the reasons there is no practical way of preventing the spread of the disease. But it is also reassuring to know that of the many persons who become infected, few develop serious illness and that, with good care

## ARNULFO GARCIA GETS PROMOTION AT ENGLISH BASE

AN EIGHTH AIR FORCE COMMAND STATION, ENGLAND—Recently promoted from the grade of Private to Private First Class was Arnulfo R. Garcia, of Sanderson, Texas. He is serving as a member of the aircraft hydraulic section at this station where skilled technicians are preparing for the time when Eighth Air Force aircraft will take to the air to smash Japanese military targets. However, all Eighth Air Force personnel will not go to the Pacific; some will return home, but all bomber and fighter planes which at one time blasted German targets are now being conditioned for the war on Japan. Private Garcia entered the service in August, 1942, and was transferred to the European Theatre of Operations in January, 1944. The son of Mr. Michael Garcia of Sanderson, he was employed by the Scott Wrecking Yard in Sanderson, prior to entering the armed forces.

## UNION VACATION BIBLE SCHOOL HAS GOOD ENROLLMENT

The Union Vacation Bible School, which opened Monday in conjunction with plans of the Presbyterian and Methodist churches, is progressing nicely with an enrollment of over forty pupils. Opening exercises of the school day are held each morning in the Presbyterian Church all departments taking part. The Intermediate and Junior departments convene in this church, and the Primary and Beginner departments meet at the Methodist Church. Class will be held through June 22. Commencement exercises will be held Sunday night June 24, in the Presbyterian Church.

## BOND PREMIERE AT PRINCESS ON SATURDAY, JUNE 23

Carlton White, manager of the Princess Theatre, has announced the showing of a bond premiere, scheduled Saturday evening, June 23. The picture to play will be "Tomorrow the World," not yet released for general booking. Purchase of a war bond will give admittance. The picture will be shown at 11 p. m., immediately following the second run of the regular show.

## CHURCH PICNIC ENJOYED

Members of the Sanderson Baptist Church enjoyed a picnic outing Tuesday of last week at Four-Mile Hill. A good attendance made it a very successful occasion.

## Seventh War Loan Drive Picks Up In Terrell County

C. P. Peavy, chairman of the Seventh War Loan Drive in Terrell County, announced Thursday afternoon that bond sales had climbed to a total of \$77,193.25, which shows a decided increase over the amount sold Wednesday of last week, \$57,199.50. Series "E" bonds constitute \$47,231.25 of this amount, in comparison to the total of \$34,237.50 computed last week. Although it appears that the drive has gained its second wind, there are yet some 17,806 dollars and seventy-five cents to be rounded up before the actual quota itself is reached. Hopes of going over the top in the Mighty Seventh seem again to have good basis, but this can only be accomplished by a united effort.

## LOOKING AHEAD

By GEORGE S. BENSON  
President, Housing College  
Baylor, Waco, Texas

**LOST MOTION**  
Good mechanics are economists. Whether a workman is a competent millwright or a graduate mechanical engineer, he is an enemy of lost motion. And lost motion is a menace to prosperity, serious as a fire. When an engine is running idle it is only wearing out. When a machine is driven with its brakes on, the waste is even more damaging; property is injured and energy thrown away. What is true of a mechanical assembly is true of a human organization in this respect. The owners of a farm or the stockholders of a corporation are no penny richer for having a crew that works hard all day doing nothing. Work is necessary on a farm; sweat and callouses are only incidental; it's the crop that brings in the money and pays the men who till the land. **Production Pays**

Prosperity results from work but not from all work. Prosperity results from productive work. People who keep busy but don't increase the yield might as well be resting. The man who figures out a way to increase yield without extra labor is the best man on the job. He works with his brain; knows enough to stop lost motion, to take precaution against fire and the like. In England there is a magazine Britain's leading financial publication. It is read and respected by business men and financiers generally. Right recently it has been running a series of articles entitled "A Policy for Wealth." The articles have shown why England is poor; that is, why the English people must put up with low living standards. **Deserve the Best**

A large and respected group of Americans often say "Mother England." The British are a proud and industrious people and the Americans respect them. The British well understand how to enjoy and appreciate life's good things. They deserve to live as well as anybody but they don't. What's the reason? Well, here's what one writer for The Economist, looking back at 1943 has to say: Industrial efficiency, as measured by production per head, was roughly similar in Great Britain and Germany while in the United States it was more than twice as great as in the other two countries." The statement is that of Dr. Leon Rostas, based on serious study of authentic records. Now there is a movement on foot in England to double her productive output per man by 1972. **Lest We Forget**

No longer ago than 1943, when America and England both had full employment, our American workers were twice as well off. They were producing enough to live twice as well as the British. About that time Britain was investing only 3 per cent of her income in equipment for additional production. It was like a woodman saying, "Why buy a file? A dull saw pulls easier." The British point to America and say, "Look! They work fewer hours a day, earn more money and live better than we all because they encourage more investment in tools to produce more goods per man." It's the truth but it may not be true long. America is starting her post-war race with her brakes on—high taxes to discourage investment. England wisely encourages production. Unless we adjust today's tax laws, we will be poor, watching the British fare well in 1972. Mr. and Mrs. Albert Reid, of Liberty, Texas, arrived Sunday to visit his sister, Mrs. C. E. Davis, and husband.

WINK BULLETIN — Sketch plans for the new Winkler County Free Library building, as submitted by Jim D. Vowell, architect, were accepted by the Commissioners Court, and a site for the new building has been purchased from Mr. J. B. Walton of Kermit.

Mr. Walton is to receive \$2,000 for Lots 7, 8, and 9, in Block 18, original townsite of Kermit. This 150-foot frontage is just across the street from the Community Church in Kermit.

The building, which will also house the County Health Unit, is to be of white brick, similar to the court house structure. Work is to start as soon as materials are made available. Cost is expected to run approximately \$36,000.

THE FORT STOCKTON PIONEER — Contracts have been signed for installation of a 252-unit frozen locker plant for Fort Stockton in the rear of the Stockton Food Market's Warehouse (former Ellis Grocery building).

After several months of effort to secure the number of signers required by the War Production Board for granting of priorities for installation the firm reached its goal, and now restrictions have been lifted on construction and is required. Formerly the minimum was 60 per cent.

Delivery and installation is promised by an Oklahoma City distributor between July 15 and 30, with Hussman equipment to be used.

C. L. Stone, partner in the local firm, said Wednesday that all drawer units had been rented for one year in advance, and that only 35 door type units remained open. Should demand warrant, however, an additional 50 lockers can be installed above the first section already ordered.

BIG BEND SENTINEL — Predators totaling 225 have been reported as the January-February-March-April "take" of the work sponsored by the Presidio County Wolf Club of which Houston E. Smith is secretary and who

as such, recently sent detailed report to members of the organization of ranchmen pushing the eradication work.

Mr. Smith's report shows that in four months—December to March, inclusive—the cost of the work per predator was \$13.37, with 168 coyotes and 45 bobcats falling before the onslaught of the trappers directed by Darwin Ivy. In the first four months of this year the average cost of the predators killed increased to \$13.83, with 177 coyotes and 48 bobcats "liquidated," as modern warfare terminology would have it.

THE OZONA STOCKMAN — Ledge Petroleum Co., Inc., No. 1 L. H. G. Bouscaren and others discovery of the second pay — the Clear Fork — in the Noelke field in western Crockett county was shut in Saturday to run tubing and connect with storage preparatory to testing.

The well was credited with heading an estimated 150 barrels of oil in an unspecified period Thursday when cleaned out following a 240-quart nitroglycerin shot from 3,950 to 4,052 feet, the total depth. There was no water with the oil.

The 120-barrel storage tanks were being erected and two more of like size will be built.

FORT STOCKTON PIONEER — More than 200 owners of oil producing properties in Pecos County have been notified by the county's valuation engineer Tom Pickett of Dallas, that their valuations will be increased for 1945 taxation.

All have the privilege of appearing before the Pecos County Commissioners Court, sitting as a board of equalization, today and tomorrow.

Both royalty owners and lease owners on a number of producing properties in various fields of the county are expected to be about the same as last year—some \$43,000,000.

ALPINE AVALANCE — Chihuahua City and Chihuahua state citizens and authorities are looking forward with great pleasure to the opening of the Sul Ross field school in that Mexican city this week-end. L. B. Newberry, prominent Chihuahua City business man told President Morelock and other college officials while on a visit here last week-end.

The custom of presenting the keys of a city goes back to medieval times, when every fortified town in Europe was surrounded by walls and people could only enter or leave by the gates.

In China the mourning color is white; in early Egypt it was yellow; Ethiopia, brown; Turkey, violet.

It Happened In Sanderson TEN YEARS AGO This Week — Remember

••• He's an American hero. After fighting bloody battles in the Pacific, he was home on leave two years ago. ••• You may remember seeing his picture. His name is John Basilone, Marine Gunnery Sergeant. He traveled all over America, urging every American to buy more bonds. ••• He said: "You don't know—you can't know—how much it means to the boys out there when they hear the folks back home have just put another War Bond Drive over the top." ••• They gave him the Congressional Medal of Honor and offered him a commission. He didn't want it. "I'm a plain soldier," he said. "I want to stay one." ••• Well, he stayed a plain marine—like Joe and Bill and the fellows

down the street. He can't ask you to buy bigger bonds during the Seventh. He was killed a few weeks ago on Iwo, just after he had led his assault team to the edge of an airfield we needed desperately.

••• We can't let him and all our other fighting heroes down. Remember, last year we had two War Loan Drives by this time. The Seventh is our personal call to arms—two drives in one. That's why our quota is large. ••• We must meet it—we will meet it—for the hero of Iwo—for Victory—for pride in America.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday of August, A. D. 1945, at which ballots shall have printed thereon:

FOR the Constitutional Amendment providing for continuing salary per diem of all members of the Legislature during their tenure of office; and

**AGAINST** the Constitutional Amendment providing for continuing salary per diem of all members of the Legislature during their tenure of office.

Each voter shall mark out one of the clauses on the ballot by the one expressing his opinion on the proposed Amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Section 4. The provisions of this Constitutional Amendment shall be self-enacting, and if a majority of votes at said election shall cast for same the Governor, within thirty (30) days of said election, issue a proclamation declaring this Amendment to be a part of the Constitution of Texas.

H. J. R. No. 13  
**JOINT RESOLUTION**  
 proposing an amendment to the Constitution of the State of Texas, amending Sections 51a, 51c, and 51d of Article III so that the same shall consist of one section to be known as Section 51a, providing that the Legislature shall have the power to provide assistance to and for the payment of same to bona fide citizens of Texas who are needy aged persons of the age of sixty-five (65) years; needy blind persons over the age of twenty-one (21) years; and needy children under the age of sixteen (16) years; providing for the acceptance of aid from the Government of the United States for such assistance; providing that payments of such assistance from State funds shall never exceed the amount of Thirty-five Million Dollars (\$35,000,000) per year; providing for the necessary election, form ballot, proclamation, and publication, and making an appropriation to defray the necessary expenses of proclamation, publication, and holding the election.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Sections 51a, 51c, and 51d of Article III of the Constitution of the State of Texas be amended and the same hereby amended so that the same shall hereafter consist of one section to be numbered 51a, which shall read as follows:

Section 51a. The Legislature shall have the power, by general law, subject to limitations and restrictions herein provided, and such other limitations, restrictions and regulations as may be by the Legislature deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are actual bona fide citizens of Texas and who are over the age of sixty-five (65) years; provide that no such assistance shall be paid to any inmate of any State supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application; provided that the maximum payment per month from State funds shall not be more than Twenty Dollars (\$20) per month.

"(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any State supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application.

"(3) Needy children who are actual bona fide citizens of Texas and are under the age of sixteen (16) years; provided that no such assistance shall be paid on account of any child over One (1) year old who has not continuously resided in Texas for one (1) year immediately preceding the application for such assistance, or on account of any child under the age of one (1) year whose mother has not continuously resided in Texas for one (1) year immediately preceding such application.

The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer not inconsistent with restrictions herein set forth; provided however that the amount of such assistance out of State funds to each person assisted shall never exceed the amount so expended out of Federal Funds; and, provided further that the total amount of money to be expended out of State funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Thirty-five Million Dollars (\$35,000,000) per year.

Should the Legislature enact enabling laws and provide an additional appropriation hereto in anticipation of the adoption of this amendment, such Acts shall not be invalid by reason of their anticipatory character.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at a special election to be held throughout the State of Texas on the 25th day of August, 1945, at which election there shall be printed on such ballot the following clause:

"For the amendment to the Constitution giving the Legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from State funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from State funds shall not be more than Twenty Dollars (\$20) per month; giving the Legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the Legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the Federal Government; limiting the total amount

which may be expended for such assistance out of State funds; and providing conditions as to residence within the State in order to become eligible to receive assistance."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the Laws of the State of Texas.

Section 4. The sum of Five Thousand Dollars (\$5,000) or so much thereof as may be necessary is hereby appropriated out of the funds of the Treasury of the State, not otherwise appropriated, to pay expenses of such publication and election.

**SENATE JOINT RESOLUTION NO. 7**

proposing an amendment to Article VI of the Constitution of Texas providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or the United States Maritime Service or the United States Merchant Marine, or who has been a member of the same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter; providing that members of the regular Army, Navy or Marine Corps of the United States shall not be permitted to vote; providing that other members of the armed forces shall be entitled to vote under certain conditions; providing the form of the ballot for voting on said proposed amendment; fixing the time for holding an election; directing the Governor to issue the necessary proclamations; and making an appropriation.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. There shall be submitted to the qualified voters of the State of Texas the matter of amending Article VI of the Constitution of Texas, by adding thereto a new section which will modify the present restrictions concerning voting. This new section shall be inserted between

Section 2 and Section 3 of said Article VI, and shall be known as Section 2a and shall read as follows:

"Section 2a. Nothing in this Constitution shall be construed to require any person, who at the time of the holding of an election hereinafter referred to is, or who, within eighteen months immediately prior to the time of holding any such election was, a member of the armed forces of the United States or of the Armed Forces Reserve of the United States, or any branch or component part of such armed forces or Armed Forces Reserve, or the United States Maritime Service or the United States Merchant Marine, and who is otherwise a qualified voter under the laws and Constitution of this state, to pay a poll tax or to hold a receipt for any poll tax assessed against him, as a condition precedent to his right to vote in any election held under the authority of the laws of this state, during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated.

"Provided, however, that the foregoing provisions of this section do not confer the right to vote upon any person who is a member of the regular establishment of the United States Army, Navy, or Marine Corps; and provided further that all persons in the armed forces of the United States, or the component branches thereof, not members of the regular establishment of the United States Army, Navy, or Marine Corps are hereby declared not to be disqualified from voting by reason of any provision of subsection "Fifth" of section 1, of this Article."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state on August 25, 1945, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the following:

"FOR the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or of the United States Maritime Service or the United States Merchant Marine, or who has been a member of the same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter; providing that members of the regular Army, Navy or Marine Corps of the United States shall not be permitted to vote; providing that other members of the armed forces shall be entitled to vote under certain conditions; providing the form of the ballot for voting on said proposed amendment; fixing the time for holding an election; directing the Governor to issue the necessary proclamations; and making an appropriation.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. There shall be submitted to the qualified voters of the State of Texas the matter of amending Article VI of the Constitution of Texas, by adding thereto a new section which will modify the present restrictions concerning voting. This new section shall be inserted between

wise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter."

Section 3. The Governor shall issue the necessary proclamations relating to the publication of the foregoing Resolution, in the various counties of the state and shall cause the same to be published as required by the statutes and the Constitution in connection with the submission of proposed amendments to the Constitution, to the people for their action at a statewide election. If it shall appear from the returns of the election at which the foregoing amendment to the Constitution is voted upon that a majority of the qualified voters have voted for said amendment, same shall then become a part of the Constitution of Texas.

Section 4. There is hereby appropriated out of the General Fund of the State of Texas, not otherwise appropriated, the sum of Fifteen Thousand Dollars (\$15,000.00), or so much thereof as may be necessary, to pay the expenses of advertising said Resolution in each county in the state and for such other purposes as may be necessary, or required by law, or by the Constitution.

S. J. R. No. 8  
**A JOINT RESOLUTION**

proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members; prescribing their qualifications; and providing for their election tenure of office and compensation.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 2 of Article 5 of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; provided, that when the business of the court may require, the court may sit in sections as designated by the court to hear argument of causes and to consider applications for writs of error or other preliminary matters. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this state and unless he shall have attained the age of thirty-five years and shall have been a practicing lawyer, or a lawyer and judge of a court of record together at least ten years. Said Justices shall be elected (three of them each two years) by the qualified voters of the state at a general election; shall hold their offices six years, or until their successors are elected and qualified; and shall each receive such compensation as shall be provided by law. In case of a vacancy in the office of any Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for state officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the state. The Justices of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. The Judges of the Commission of Appeals who may be in office at the time this amendment takes effect shall become Associate Justices of the Supreme Court and each shall continue in office as such Associate Justice of the Supreme Court until January 1st next preceding the expiration of the term to which he has been appointed and until his successor shall be elected and qualified."

Section 2. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the fourth Saturday in August, 1945 at which election each voter opposing said proposed amendment shall have printed on his ballot the following:

**AGAINST** the amendment to the State Constitution providing for a Supreme Court of nine members."

ment shall scratch off the ballot with a pen or pencil the following words printed on said ballot:

"FOR the amendment to the State Constitution providing for a Supreme Court of nine members";

and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot:

"AGAINST the amendment to the State Constitution providing for a Supreme Court of nine members."

If it appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published and said election held as provided by the Constitution and laws of this State.

**HOW MUCH TO MOVE A WAR?**

AS SOON AS we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War? Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—now!

The Seventh War Loan will call for the greatest bond-buying we have ever done.

If you have an income—whether from work, land, or capital—you have a quota in the 7th War Loan. Be sure to make it!

## WOOL WAREHOUSE IN ALPINE SOON TO BE COMPLETED

Although the huge building will not be completed until some time next week, the new wool and mohair storage house being erected here by John T. Williams of Sanderson has already received nearly 2000 bags of wool, it was stated Wednesday.

Started the first part of March, the building, 108 x 265 feet, is complete except for finishing a section of the floor on the east end. It is of tile construction, with corrugated asbestos roofing and concrete floor.

Storage capacity of the warehouse is estimated at two and a half million lbs. it was stated. The first appraisal of wool stored in the warehouse will be held in about two weeks, Mr. Williams said this week. He is also operator of the Sanderson Wool Commission Co. Press Nichols will be manager of the new Big Bend enterprise.—The Alpine Avalanche.

### RECEIVES DEGREE

Miss Doris Marie Cochran of Sanderson has been awarded the degree of Master of Arts by Teachers College Columbia University, Dr. Milton C. Del Manno provost, announced today.

The degree was conferred on Tuesday, June 5th, at the 191st annual commencement exercises of Columbia University.

Mr. and Mrs. J. H. Brookshire returned Monday from Amity Arkansas, where they have been visiting and on business for the past two weeks.

Mr. and Mrs. Ben Dawson returned Wednesday from Del Rio where they visited the first part of the week.

Dorislee Cooke returned Wednesday from a visit with relatives in McCamey and San Angelo.

## FORT DAVIS POST SOLD TO BREWSTER RANCHMAN

The old Fort Davis military post, built in 1854, has been sold at last.

A deed was filed here the last day of May that conveyed title to the section of land and all the old crumbling buildings to M. L. (Mac) Sproul, a ranchman born and reared here. The vendor was the James Estate of San Antonio.

Eugene Sproul, son of Mac said the price paid for the historic property was \$16,000.

The deal had been under way for months. County Clerk R. H. Bloys said it was necessary to get signatures on the deed from numerous descendants of the original John James who patented the land, after he himself surveyed it out of the Texas domain in 1856. It had been in James ownership since.

It has been intimated that Mr. Sproul will sell the southeast corner of the section, which contains the history-rich barracks corrals, Officers' Row, Hospital Canyon and other landmarks for monument or park purposes.

In times past newspapers, prominent men, wealthy citizens have been interested in seeing the property in the hands of the government, for sentimental and historic reasons. Others now, feel it would be a nice link between the Big Bend National park and Carlsbad caverns.—The Alpine Avalanche.

## Dams On Rio Grande Planned By Mexico And United States

Three international dams across the Rio Grande required by the water treaty between the United States and Mexico whose aggregate cost would approximate \$86,000,000, would save 4,000,000 acre feet of flood waters now going to waste annually Frank B. Clayton, counsel for the United States Section of the International Boundary Commission, said last Thursday in El Paso.

The treaty, ratified last April 18 by the U. S. Senate, is now pending in Mexico for ratification.

Not only would the proposed dams recover water which is now a total loss, but would result in practically doubling the number of irrigated acres in both this country and Mexico. Cost of the dams would be allocated between the two countries in proportion to the storage capacities required by each in the international reservoirs.

The highest of these dams would be built in the Big Bend country, south of Sanderson Mexico is now conducting test drillings in Martin Canyon which is in this vicinity.

The second dam would be located between Eagle Pass and Laredo. The United States Section of the Boundary Commission is making test drillings in this neighborhood.

The third dam, considered the most important for the Lower Rio Grande Valley, would be between Laredo and Roma. The treaty provides construction on this dam is to start within two years after the treaty is ratified and be completed within 8 years.

## PRECAUTIONS—

(Continued from Page One)

the majority who are stricken will make a satisfactory recovery. Remember that although this is a frightful disease, needless fear and panic only cause more trouble.

6. Attempts to stop the spread of the virus by closing all places where people congregate have been uniformly unsuccessful. The resulting disturbance to community life is a disadvantage. Today there is no way by which the spread of infantile paralysis can be completely stopped.

7. There is no known cure for infantile paralysis. Good medical care will prevent or correct some deformities. But in about every fourth or fifth case there will be permanent paralysis that cannot be overcome. Do not believe those who for one reason or another promise to cure these cases. Be guided by sound medical advice if polio does strike in your family.

8. County Chapters of The National Foundation for Infantile Paralysis are prepared to work with health officers, nurses, physical therapists, hospitals and patients. These chapters stand ready to use their funds to assist the entire community. Know your chapter—ask its help if needed—and volunteer to help your chapter so that it will be able to render the necessary services.

Members in the standing committee of the Terrell County chapter are Simon Lopez, C. P. Peavy, Dr. D. M. Randall, R. S. Wilkinson, E. J. Hanson, W. W. Sudduth, J. Riley Dunman, John L. Newton, Jimmie Caroline, O. T. Sudduth, and Mrs. J. W. Downum.

Now that the war is over in Europe, many Texans are wondering what will happen to the many services given our men abroad through their donations to the National War Fund. The answer is that they will not only be continued, but expanded.

Hundreds of thousands of our troops must remain in Europe to enforce the peace. Freed of the excitement of war, they will need, more than ever, the morale-building services of USO and USO-Camp Shows. For that reason, this war fund agency now plans to enlarge its activity both in Europe and in the Pacific, where our forces are growing daily.

At home, USO is setting up centers at all hospitals, to serve our constantly-increasing list of wounded heroes. The USO Hospital Circuit, which sends entertainment into hospital wards to play before battle veterans, also is being expanded.

War Prisoners Aid is now working to alleviate suffering of our men in Japanese prisoner-of-war camps. Other war fund agencies are serving our own fighting men and our allies throughout the Pacific area.

The National War Fund also is meeting the great demand for aid to children, aged persons and other war victims in liberated areas; China Relief is doing a great job among the brave people of China, who have fought the Japs for so many bitter years; Philippine Relief is doing much to make life a little better for the people of those friendly isles, and many other agencies are bringing American aid to millions throughout the world.

And to keep that aid going forward until the end of the war, another fund-raising campaign is now being planned for this fall. Once more, as in previous years, the people of the Lone Star state will be asked to "Give a Texan's Share" for our own, our allies and suffering humanity. It is a call that cannot be ignored.

**JAMES LEROY BLACKWELDER**

Was born November 27, 1923, in Albany, Texas, the son of Mr. and Mrs. J. R. Blackwelder. When James was five years old the family moved to Terrell County, making their home in Sanderson ever since. He attended school here, beginning in the grades. Before he enlisted in the Navy in 1942, James was employed as projectionist at the Princess Theatre. On November 27, 1942, he was called into active service in the Naval Construction Battalion. Sworn in at Houston, James entered boot camp at Norfolk, Virginia. After completing this training he was sent to Port Huanema, California, for further training. In March, 1943, he got a short leave to visit his family before being shipped to the Hawaiian Islands, where he served for approximately a year. At present he is stationed somewhere in the Central Pacific. Holding the rank of ship's serviceman cobbler second class, James has seen twenty-six months overseas service.
