Labor Has Strong Grip

The recent airline flight engineer's strike pointed up a great danger present in this country's vital facilities.

Airline companies alone lost millions of dollars because of the strike and only some 3,500 men were totally responsible for it.

Anytime so much power is vested in such a small group, the industry involved is at that group's mercy. The recent airline strike pointed out that the airline industry is at the mercy of the 3,500 men who caused the strike.

But the flight engineers are not in a better position to ruin airline companies than a few labor leaders are to run the entire United States.

Since organized labor became a strong force in this country, its strength has been growing so rapidly that controls placed on its power have many times seemed inadequate.

Few governments leaders are concerned

with the ever-increasing power of organized labor groups. Some politicians even listen to lobbyist for labor unions who call the Taft-Hartley Act unfair to labor. This is one of the few measures remaining to prevent labor from completely wrecking the U.S. economic system.

Even black publicity such as that involving former teamster boss Dave Beck and current boss James Hoffa and other union leaders fails to stir Americans to the danger organized labor presents.

Labor Unions offer the best place for Communist plotters to work because through them a very few Communist could dominate millions of Americans.

Organized labor definitely has its place in America. But when members of the union place its welfare over the welfare of their country they cease to be good citizens.

j.v.s.

Dear Editor:

From my brief study of history, I have come to believe that too much power invested in the central government is at least undesirable, and will sooner or later lead to chaos.

My political philosophy is inclined to agree with your statement about horse racing as expressed in "Vern's Views," March 2, 1961. However, my spiritual integrity leads me to disagree with the statement.

I am relatively uninformed as to who is promoting the parimutuel betting in Texas. Perhaps it is unscrupulous people that have their eyes on getting the Texas dollars for themselves rather than letting them be used for the good of the people.

Maybe we should exhort the brethren (so to speak) in the rest of the State that it is immoral to gamble. My country Sunday School teacher used to quote from the HOLY BIBLE, something about a servant should be worthy of his hire. Getting something for nothing by betting is not in my opinion upholding the teachings of the Scriptures.

Sincerely,
Claude W. Porter

Friona Teachers Have Varied Interests

MRS. LORRAINE WELCH

Mrs. Lorraine Welch has had seven years of teaching experience and three of these have been in the Friona school. She has also taught in Clovis and Pleasant Hill in New Mexico. She teaches the fourth

grade. Mrs. Welch attended colleges at Texas Tech, West Texas State and Highlands University, Las Vegas, N. Mex.

Lorraine is married and has three children. Some of her hobbies are gardening, home designing, church work and cooking.

Mrs. Margaret Duggins, a fourth grade teacher, has had 12 years of teaching experience. This is her sixth year to be in the Friona schools. She taught at Stratford, Texas before coming here.

Mrs. Duggins has her Master's degree in Education and attended colleges at Panhandle A&M, Okla. University, West Texas State and Okla. State.

Margaret enjoys reading, cooking and sports. She is married and has one child.

MISS VIOLA LEONARD

Miss Viola Leonard has 43 years of teaching experience. She has been in the Friona schools for seven years and teaches the fifth grade. Before coming here she taught at Empire School near Duncan, Okla.

Miss Leonard has a B.S. degree and a degree in Literature. She attended College at East Central and Central O.C.W. in Oklahoma.

One of her hobbies is Hand-craft.

Mrs. Juanez Green, a fourth grade teacher, has been teaching for seven years. Before coming to Friona she taught in the Three Way Independent Schools.

Mrs. Green received her B. S. degree from Eastern New Mexi-

in and around FRIONA

WITH JUNE

Think it is generally conceded that a person is getting old when he or she receives a lot of pleasure from meeting someone with whom he was acquainted "way back when."

Two incidents, entirely unrelated, happened to me this week that places me in the category of an old person.

Upon arriving at the office Monday morning I found a small card that resembled a ticket on my desk. After examining it more closely, I found that it was a very unusual birth announcement.

Of course, since early fall I have known that Vernon Scott was on the coaching staff of Friona High School, so the fact that Vernon and Omata Scott were parents of a baby

boy wasn't anything unusual.

The unusual part of the announcement was that the mother's name was Omata. I had never heard the name but one time before and it belonged to the daughter of Weldon and Irene Dixon Bradley of Dimmitt. After a telephone call I learned that Mrs. Scott was a daughter of the Bradleys.

Writing a story about the birth of a grandson to a couple several years younger than I was a real pleasure. However, writing a story about the birth of a great-grandson to Emmett and Mary Dixon and Gordon and Dixie Bradley, who really don't seem old at all, was almost unbelievable.

About so many years ago when we all lived in the Cleo and

Sunnyside communities of Castro County, who'd ever thought that in a few short years the Dixons and Bradleys would be great-grandparents and I'd be writing a story about it?

Then Tuesday evening, after a puff of wind or two, the Floyds and Dick Rockeys were visiting in a local cafe. Just about every puff of wind brings up a conversation about the "dirty thirties" and ours was no different.

In the twelve or thirteen years we've known the Rockeys, the thought of associating Dick with the Rocky family that lived in Dimmitt during that time had never occurred to me. Two of Dick's sisters and one of his brothers attended Dimmitt High School at the same time I did.

Least some of our readers decide we should name this column In And Around Dimmitt, perhaps we'd better change the subject.

Many many parents, grand-

parents and friends of teachers and pupils in the Friona schools have already visited classes and the cafeteria and many more are expected to do so before the week is over.

If you haven't already visited one of the schools this week, you still have this afternoon to take advantage of the special invitation extended to everyone who is interested in the education of the leaders of tomorrow.

Teachers and school administrators emphasize that this isn't the only week in the year when visitors are welcome and if you were unable to work school visitation into your schedule this week, plan to do so later.

It will be a long time before many Frionans will forget the Atomic Blonde, Seniors of 1961 really did a good job with this performance and deciding who did the best job would have been a difficult task.

It was good to see Jay and

"Sorry I chewed up the deed to the house... I thought it was just another piece of paper."

Best place for valuable papers and articles is a safe deposit box in our bank. Come in and rent one at modest cost.

One-stop shopping at your Chevy dealer's makes choosing a new car easier than ever!

You get variety like this only at your Chevrolet dealer's. Elegant new Impalas, popular Bel Airs, budget-priced Biscaynes and six wonderful new Chevy wagons—all with a Jet-smooth ride you'd expect in more expensive makes. But that's just the beginning. There are also ten low, low-priced Chevy Corvairs for you to look over, plus the Corvette—America's only true sports car. What with this kind of choice—31 models in all—if you don't find the car you want at your Chevrolet dealer's, it probably just hasn't been built yet.

Three models—two Chevrolets designed especially for business use and the De Luxe Greenbrier—are not shown.

REEVE CHEVROLET CO.

See the new Chevrolet cars, Chevy Corvairs, and the new Corvette at your local authorized Chevrolet dealer's

Ph. 2021 Friona

co University. Other schools she attended were Sayre Junior College and Southwestern State Teachers College.
Juanez enjoys reading and cooking.

MRS. JUANEZ GREEN

MRS. BILLIE DODD

Billie Sims Dodd is teaching for the first time this year. Prior to coming to Friona she was dietitian at North Dallas High School.

She attended school at Arlington State College and North Texas State College and has a B.S. degree.

Mrs. Dodd is married and has one child.

Mrs. Mabel Jones teaches the fourth grade and has taught in Friona for twelve years. Prior to teaching here she taught in the Black school.

Mrs. Jones received her B.S. degree from West Texas State. She is a widow and has two children. Reading and TV are some of her hobbies.

MRS. MABEL JONES

MRS. ALMAJO WITTEN

MRS. RUTH EDELSON

Mrs. Ruth Edelson has taught in the Friona schools for 18 years. Before coming to Friona she taught the 5th grade at Turkey, Texas.

Mrs. Edelson received her B.A. degree from Texas Tech. She is married and has one son and one daughter. Her hobby is visiting with her grandchildren.

Mrs. Almajo Witten teaches music to grades four through eight. This is her first year to teach in Friona. Prior to coming to Friona Mrs. Witten taught piano and voice at Abilene.

Mrs. Witten attended school at Hardin-Simmons and McMurry and has a B.S. degree. She is married and has one child. Some of her hobbies are reading, poetry, music and writing.

MRS. MARTHA BATES

Mrs. Martha Bates is teaching the 5th grade for her fourth year at Friona. Before moving here she taught the third grade at Sunray.

Colleges Mrs. Bates attended were Texas Tech. Highland Univ., New Mexico and West Texas State. She holds a B.S. degree.

Martha Bates enjoys reading and sewing in her spare time. She is married and has two sons.

MRS. WANA BREWER

Mrs. Wana D. Brewer, a third grade teacher, has taught school for 15 years. Nine of these years have been in the Friona schools.

She attended school at West Texas State and Texas College for Women and she holds a B. S. Degree.

Mrs. Brewer is married and has two sons. Her hobbies are sewing, art and reading.

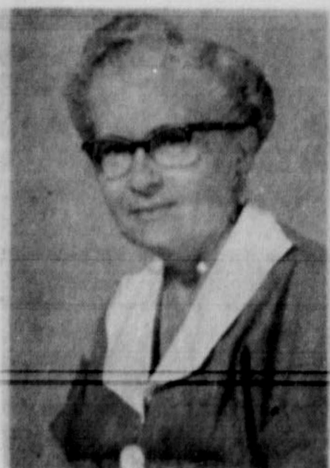

MRS. JUNE RHODES

Mrs. June Rhodes is a third grade teacher and has been teaching in Friona for three years. Before coming here she taught the third grade in Bovina.

Colleges attended were Southwestern State Teachers of Okla. and Eastern New Mexico University.

For a hobby Mrs. Rhodes collects antiques. She is married and has one son, Tim, who is a student in the sixth grade.

MRS. FRANKIE FORTUNE

Mrs. Frankie Fortune is teaching music in grades 1-3. This is her second year at Friona. She taught 27 years at Coahoma in Howard County prior to coming here.

Mrs. Fortune attended college at Baylor, Hardin-Simmons and N.T.S.T.C. She has a B. S. degree.

She has two children. One of her hobbies is playing the piano.

to coming here she taught the third grade in Anton.

Mrs. McVey received her B. S. degree from Sam Houston State College.

Gladys and her husband, David, have three children, Linda and twins Zane and Patsy. Reading and cooking are Mrs. McVey's hobbies.

(Picture on Page 4)

MISS JO PHILLIPS

Miss Jo Phillips is a third grade teacher and has taught school at Friona for 11 years. Prior to coming to Friona, Jo was a fourth grade teacher in the Sam Houston Elementary school at Denton.

Miss Phillips has B.S. and M.A. degrees and she attended schools at North Texas State and Colorado State College. Her hobby is school work.

Mrs. Gladys McVey is teaching her first year at Friona. She is a third grade teacher. Prior

She received her B. S. degree from West Texas State.

Mrs. Treider is married and has three children. One of her hobbies is reading.

MRS. VIOLA TRIDER

Mrs. Grace Whitefield, a second grade teacher, lives with her husband on a sheep ranch. This is her second year to teach in the Friona Schools. She has also taught in Lancaster and Amarillo.

Mrs. Whitefield has her B. A. and M. A. degrees and schools she attended were Trinity Uni-

versity, S.M.U. and West Texas State.

As a hobby Mrs. Whitefield enjoys farming and sheep.

MRS. GRACE WHITEFIELD

Mrs. Pauline Lemmond, a first grade teacher, has had 18 years of teaching experience. She taught at Talco Ind. School and Avery Ind. School. Grades that she has taught have been 1, 3, 4 and 5.

Colleges Mrs. Lemmond attended are Paris Jr. College,

THIS IS TEXAS
THE FAMOUS Texas outlaw, Belle Starr, was a superb horsewoman. This writer had this information direct from one who saw her perform -- the late George Craig, Port Arthur banker.

While a high school student, he attended a Wild West show at the Fort Smith, Arkansas fair. A contest was held to determine the best woman rider. For some reason, Belle was not eligible to compete. After the winner had been chosen, Belle snorted, "That hussy can't ride; I'll show you some real riding" -- and, lashing into the arena, she gave an exhibition that would have been a credit to the most expert cowboy. Mr. Craig declared, more than half a century later.

He was the drum major of his school band and Belle gave him a rattlesnake belt. Grateful, he brought to the attention of his schoolmates the fact that she had a quilt, which she had made herself, that was being raffled off.

Young Craig asked her a question about the belt. He remembered having heard that, sometime before, a group of men came to Belle's cabin. She knew that they were United States marshalls looking for her husband. He wasn't there. They asked her if she wouldn't prepare them something to eat, and she agreed to do so.

She went to the spring for a bucket of water and, on the way back, saw a rattlesnake. She killed the snake and proceeded to fry and serve it as part of the meal. Afterward, they complimented that particular dish and wanted to know what it was. She told them. They rushed for the outdoors.

The question the drum major asked was if the belt he had been given was made from the hide of that rattlesnake. She said that it was not -- and, when he related the story, there was a tone of regret in his voice.

O. Henry, Texas' short story genius, made frequent use of the "surprise ending." One of his own real-life experiences had an ironic twist.

He was almost always in need of cash. A theatrical producer asked him to convert one of

his stories into a play. Instead, O. Henry sold the stage rights for \$500 to a dramatist. The latter spent a week in a hotel room, writing the play. Based on "A Retrieved Reformation," the drama was called "Alias Jimmy Valentine," and the play-wright made \$100,000.

An eight-year-old lad was asked by his mother what he had learned at Sunday School. "Well," he said, "four teacher told us about when God sent Moses behind the enemy lines to rescue the Israelites from the Egyptians. When they came to the Red Sea, Moses called for the engi...rs to build a pontoon bridge. After they had all crossed they looked back

and saw the Egyptian tanks coming. Moses radioed headquarters on his walkie talkie to send bombers to blow up the bridge and saved the Israelites." "Bobby!" exclaimed his mother. "Is that really the way your teacher told the story?" "Not exactly," Bobby admitted, but if I told it her way, you'd never believe it."

MRS. PAULINE LEMMOND

MRS. VELMA LOVETT

Mrs. Velma Lovett teaches the second grade and this is her seventh year to be in Friona. She taught the second grade in Melrose, New Mexico prior to coming here.

Colleges she attended were Highlands University and West Texas State, and she holds a B. A. degree.

Mrs. Lovett is married and her husband is a farmer. The couple have one daughter, Mrs. A. W. Morrison, who lives in Amarillo.

MRS. ETHEL BENGER

Mrs. Ethel Benger, one of our first grade teachers, has taught school for 34 1/2 years. She has taught in the Friona School for 17 1/2 years. Before this she was located in Beaver Co., Okla.

Mrs. Benger holds a B. S. degree and attended colleges at Northwestern State Teacher's College, Alva, Okla. and P. A. M. C. at Goodwell, Okla.

Hobbies Mrs. Benger enjoys are reading, cooking, raising flowers and gardening.

MRS. JIMMIE BRIGGS

Mrs. Jimmie Frank Briggs taught homemaking at Vega High School before coming to Friona to teach the first grade. This is her first year to teach the first grade. This is her first year to teach here.

She attended school at Texas Tech and received her B. S. degree from there.

Mrs. Briggs is married and her hobbies are sewing, swimming and bowling.

IT'S IN THE BAG!

THE GREATEST SHUTTER DEVELOPMENT SINCE LOUVERS

- IT'S ALREADY FINISHED (Fruitwood — Antique Maple)
- THE HINGES ARE ATTACHED
- IT'S PROTECTED BY POLYETHELENE
- THE PRICE IS REALISTIC

There's no reason to wait any longer. You can now enjoy the charm of Interior Shutters at Down-To-Earth Prices without being a combination carpenter and wood finisher.

Installation is easy as ABC. All you do is drop the hinge pins in place, tighten hinge screws, and nail the hanging strips to the window. (Or you may prefer to buy the unfinished panels with or without the hardware and hanging strips and have them installed and finished to your specifications.)

WINDOW SHUTTERS

CHAIR WINDOW SHUTTERS ARE AVAILABLE BOTH IN THE CONVENTIONAL ADJUSTABLE LOUVERED TYPE AND THE NEW OPEN FRAME TYPE EQUIPPED WITH RODS TO BE FITTED WITH SHIRRED CURTAINS.

NO MATTER WHICH TYPE YOU CHOOSE, YOUR WINDOWS WILL REFLECT CHARM AND GOOD TASTE TO BE ENJOYED FOR YEARS TO COME.

Amador, Friona, accident; Dan John McEvoy, Friona, medical; Juanita Dickson, Friona, medical and Doris Lavina Brown, Friona, surgery. Dismissed February 28th thru March 7th.

Jessie Rouse, Ricky Wayne Parker, Beverly McCutchan, Lex Huggins, Mrs. James Johnston and baby boy, Robert W. Jones, Lora Mae Hargus, Santos Garcia, L.C. Moore, W.L. Hannold, Mrs. Raymond Schueler, Gabino Escobar, Wilma Jane Hughes, Joe Edwin Jones, John Wellborn, Claude Paul, Kim Patterson, Eva Dee Ivy, Pearl Grissom, Mrs. Walter Cunningham and baby girl, Kelley Rene Jones, Kenneth Stowers, Pauline Galvan, Sid Killough, Paula Castillo, Lillie Mae Crow, Billie Lance, Bettie Roberts, Mrs. Glenn Harrelson, J.R. Thornton, Sheri Rector, Mrs. Vernon Scott and baby boy.

NAVY ENS, HOWARD L. FLEMING, son of Mr. and Mrs. G. W. Fleming of Friona, Texas, has his "Wings of Gold" pinned on Feb. 3, by his wife, the former Patricia Bernethy of Burkburnett, Tex. He was designated a Naval Aviator in ceremonies at the Naval Air Station, Corpus Christi, Tex., and received his wings 18 months after entering the flight training program and six months after arriving at the air station for advanced training. Ens. Fleming has received orders to the Glyco Naval Air Station, Brunswick, Ga.

Annexation--

since the number of vehicles using the street was almost enough, another survey will be conducted in the near future.

Other items discussed but tabled for later action was a proposal by the newly organized Friona Country Club to sell water to the city, and also the city's position in a recent suit against Police Chief Ben Moorman.

The suit grew out of a 1958 auto accident involving the city police car which Moorman was driving. A judgement has been awarded against Moorman. City Attorney Bill Sheehan will be consulted before action is taken to clarify the city's position in the case.

W.L. (Preach) Edlemon, who presented the water proposal on behalf of the country club told the councilmen that a well owned by the country club will

provide a good amount of water over that required for club needs.

Problems concerning the health factors and restrictions on such a proposal caused the idea to be tabled.

The two truck mechanics were out for a Saturday night on the town. They really tied one on! When they regained consciousness the next morning their appearance proved they did. Each had black eyes, teeth missing, torn clothes and throbbing heads.

One called the other on the phone and asked what happened, but neither could remember so they decided to ask the bartender of the last bar they tried to drink dry. As they walked in the door together, the bartender looked up at them, and with a warm smile said, "Well, I see you two guys decided to make up."

Jessie Lawrence, for indecent exposure to a minor, at his home on February 19, 1961.

Walter Washington, for breaking and entering a motor vehicle for the purpose of theft. The vehicle was owned by Joe Briggs and the offense occurred on November 6, 1960.

Billy Sudderth, for passing a \$560.05 check to H. E. Barnett of Farmer County Community Hospital. The check was for payment of a debt and it was

passed on January 2.

Morgan Smith, for theft of irrigation motor from the farm of J. D. Ruckstahl, on December 27.

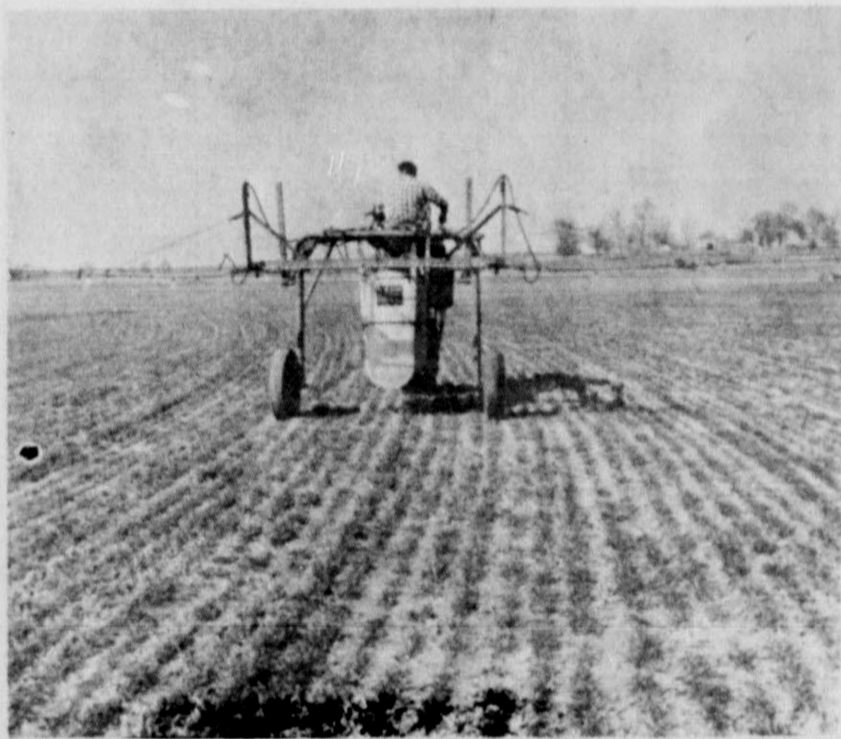

The grand jury also returned four other indictments but the names of the individuals was withheld, pending their arrests by the sheriff's department.

The 12 men who made up the grand jury were U. S. Akens, J. W. Gammon, Dick Gerles, Melvin Sachs, Lacy Hardage, George Jones, T. L. Kent, J. B. Jennings, Dick Rocky, John Armstrong, Webb Gober and Leroy Berggren.

Guests in the Kenyth Cass home last weekend were Mr. and Mrs. George Price and Laurie from Brownfield. Mrs. Price is the daughter of Mr. and Mrs. Cass. Also visiting them were the parents of Mrs. Cass, Mr. and Mrs. L.J. Jones of Hereford.

American farmers fed us and our allies during two world wars without drawing on the manpower needed by the armed forces or by industries producing war materials.

SEE FOR YOURSELF

What
Ura-Green
Nitrogen Solution
Can Do
For Your
Wheat

Nothing can give wheat a boost like a topdressing of nitrogen. Where phosphorus and potash levels are adequate, a topdressing of Spencer URA-GREEN Nitrogen Solutions has increased wheat yields as much as 25 bushels an acre in some areas!

"But what can it do for my wheatland?" you ask. Well, being conservative, we'll guess that a topdressing of 40 pounds of nitrogen (about 120 pounds of URA-GREEN) will increase your wheat at least 8 bushels an acre. This is not a large yield increase, as increases from nitrogen go, yet this increase alone would more than double your return over your fertilizer investment!

Can you afford not to have your wheat topdressed with URA-GREEN Nitrogen Solution? See us now! Each day you delay means less chance of getting it on in time for maximum crop response. See us or call us today for your nitrogen needs. We will apply your nitrogen for you.

DETERMINED DUCKS: Despite near-zero temperatures and foot-deep snows in March, and high temperatures at times thereafter, nearly thirty pairs of wood ducks nested successfully in experimental houses at a wildlife research center in Tennessee. A vigorous brood was produced in early April in one of the metal boxes. Five other birds started laying in metal boxes while wintry weather still prevailed. Nest materials consisted of fine wood shavings and sawdust.

WANTED -- Experienced farm hand, modern 3 bedroom house, good pay. Leon Crissom, Tharp exchange 225-4368. 23-2tc

A man sought medical aid because he had popped eyes and ringing in the ear. A doctor looked him over and suggested removal of his tonsils. The operation resulted in no improvement, so the patient consulted another doctor who suggested the removal of his teeth. The teeth were extracted, but still the man's eyes popped and the ringing in his ears continued.

Compact Built-In

CHICAGO -- Problem of utilizing every inch of kitchen space and saving steps for today's modern homemaker was solved by engineers of a national appliance company here. Hotpoint's newest one piece built-in range is called Town and Country and fits into any 30-inch space offering the most complete cooking facility ever designed. It features a banquet sized oven that can cook a meal promptly for 35 persons. It has twin tower controls, instant push button selection of five measured heats, and a pull-off door with the peek-a-boo oven window feature. There are two custom models and one is budget priced.

Mrs. J.L. Stowers returned home early Sunday from the West Coast where she had been visiting several weeks. Mrs. Jimmy Chesher and daughter, Jacque Denise, returned with Mrs. Stowers and plan to be here while Chesher is on a tour of duty in the South Pacific.

Mr. and Mrs. Forrest Osborn, Carl and Teddy and Mrs. Henry White were guests in the home of Mr. and Mrs. Matlock of Plainview Sunday. Mr. and Mrs. Matlock are the parents of Mrs. Osborn and Mrs. White.

come to church - sunday

One sunny spring morning I was a guest in a rural home in Minnesota. While I was sitting in the living room reading a book, my hostess came in. As we talked briefly, she went to the window and turned some flower pots. I asked her why she disturbed the lovely plants. She replied, "Plants grow toward the light; and if they are not turned occasionally, they do not grow straight."

After she left the room, I pondered what she had said. Growing toward the light became a searching test for me. I thought of Jesus' words, "I am the light of the world." Across the centuries I heard Him say again, "Learn of me." "Follow me."

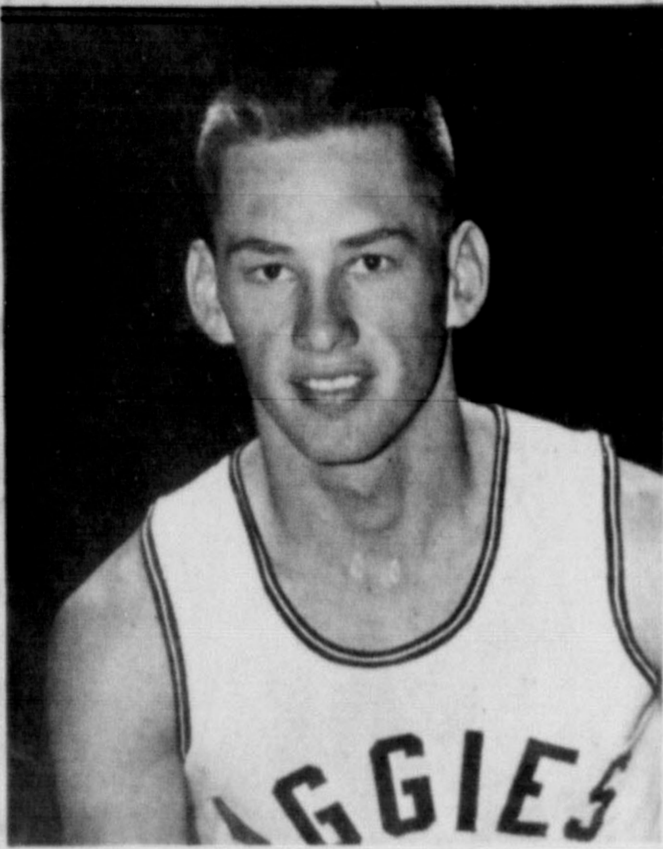

The Christian life is not static, but expansive. There are always deeper insights to gain and loftier heights to scale. Even Paul confessed that he had not arrived, but still reached out for the goal. It is we who fix the limits of divine blessings we receive. It is not a question of God's willingness to give, but of our capacity and willingness to receive.

FRIONA AGGIE--Jimmy Oliver of Friona is winding-up his collegiate basketball career this season at New Mexico State University. The 5-10 guard is noted for his speed and hustle on the court. The Aggies record for the season stands at present at 17-4. (NMS Photo.)

Firemen Will Show Film Friday Night

A film about radioactive fallout will be shown tomorrow night (Friday) at 7:30 in the school auditorium under sponsorship of the Friona Volunteer Firemen. Everyone is invited, according to Fire Chief Ralph Shirley. Farwell Fire Chief (Miss Higgins) will bring the film and has highly recommended it.

Mrs. Ella Faye Holcomb, Peggy and Phyllis were weekend guests in the home of Mr. and Mrs. Jerry White of Midland. They were accompanied by Mrs. Ollie Wilson of Plainview.

Officer Nabs--

there is no indication that Peters is connected with the drug store and jewelry store burglary which took place here about three months ago.

Fleming also found signs indicating that the burglar who entered the dry cleaning establishment was actually more interested in gaining entrance to Hurst's Department Store, located next door.

The store's back door had been tampered with, and the burglar had apparently climbed into the attic at Gib's Cleaners looking for a way to enter the department store.

Local police were checking the automobile's motor number through the state office in an effort to determine who owns the car. The license plates on the car did not check out and apparently were not the plates registered to the car.

Spring training for the major leaguers down south has begun to shift the minds of sports fans back to baseball.

Some Frionans have been thinking about baseball for several months. In fact, they probably haven't stopped thinking about the game as it is played here since the last little league contest last summer.

Friona's summer baseball program would surely rank with the best, as far as it goes. The trouble is, the program doesn't go far enough. After a boy has graduated from the Little League ranks, he is at the age when training received through a baseball program, plus the recreational benefits really would be worth something to him. As the program was operated in the past, he is a washed-up ball player when he reaches 13 because there is no place left for him to compete. This situation greatly subtracts from the benefits of the Little League program.

Little League Boosters have plans to expand the boys basketball program to at least include Pony League, for teenage boys through 15.

To do this they will have to improve the existing park on the northwest edge of Friona or build a new one.

John Renner, one of the boosters, says his group hopes to promote a county-wide league of teenage teams, with teams from Bovina, Farwell, Lazbuddie, Hub, Black and Friona.

These games would give fans an opportunity to see a little better brand of baseball than the Little Leaguers play because the players would be more advanced and better coordinated.

Expanding the program would be advantageous to everyone; especially the Little Leaguers, who could look forward to being Pony Leaguers some day.

It is unfortunate that baseball isn't part of the athletic program in high school. There may be very good reasons why high school boys do not compete in baseball as they do in football, basketball and track, but it would be a valuable addition to the program.

The Red Raiders did it, and they might make it through the first round of the NCAA Play-

offs. It would be a surprise to practically everyone except the Raiders themselves. Texas Tech has helped to those few doubting individuals that West Texas does produce athletes good enough to battle the best.

Black News

BY MRS. DELTON LEWELLEN

BLACK COMMUNITY MEETING

The Black Community Meeting will be held on Thursday night, March 9, at 7:30 p. m. in the Black Community House. The show "Unchained Frontier," will be shown and a good crowd is expected.

It is also time for re-election of officers so every one please try to attend and let's get all the business taken care of.

TRIP TO AMARILLO

Several of the ladies of the Black Home Demonstration

Club made a trip to Amarillo on Wednesday, March 1st. They were Mrs. George Frye, Mrs. Les Gibson, Mrs. Ralph Price, Mrs. Bill Carthel, Mrs. Roscoe Ivie and Mrs. Helen Fangman. When they arrived they toured two furniture stores then went to a drapery center. They had lunch at the Blackburn Brothers tea room where a style show of the latest fashions was being held.

A sewing center was the next attraction to the ladies as they saw a Spring Review of the latest materials and patterns. Mrs. Helen Fangman had a lucky ticket and won enough material to make a dress.

BLACK HOME DEMONSTRATION CLUB

The Black Home Demonstration Club will meet in the home of Mrs. Delton Lewellen on Thursday, March 16. Every one please try to attend.

Mr. and Mrs. David Grimsley and boys visited friends in Olton last weekend.

Mike Patterson and George Wall of Dimmitt visited Larry Buckley Sunday. Guests in the home of Mr. and Mrs. Jim Buckley and family were Rick, Jim and Sheri Wright of Dimmitt.

H. V. Rocky of Albuquerque, son of Mr. and Mrs. Dick Rocky visited his parents last week. Mr. and Mrs. Ray Keys and boys of Amarillo visited Sunday in the home of Mr. and Mrs. Dick Rocky.

Mrs. Eula Dunn of Rocky, Oklahoma has been visiting with Mr. and Mrs. H.H. Elmore this week.

Mr. and Mrs. Ralph Dunn and daughter, Debbie of Alamogordo, N. Mex. visited Saturday and Sunday in the homes of the Rockeys and Elmores. Mrs. Eula Dunn returned to Alamogordo to visit awhile.

Mr. and Mrs. H. H. Elmore returned Wednesday from a two week vacation at Glen Rose, Texas.

Mrs. Helen Fangman, Mrs. Dick Rocky, and Mrs. T. J. Presley were in Amarillo Tuesday shopping. Graham Prewett was home from Tech last weekend visiting his parents, Mr. and Mrs. Lloyd Prewett and Ann.

Miss Ann Prewett was hostess to a T. U. Class fellowship in the Prewett home after church Sunday evening. Mr. and Mrs. Ellis Tatum and Tommy, Mr. and Mrs. Fern Barnett, and Mr. and Mrs. Nelson Coon attended the stock show at the Sam Houston Coliseum in Houston last week.

Mr. and Mrs. Wayne Welch and daughter of Amarillo visited in the Gene Welch home Friday and Saturday. L. L. Deaton was in Kansas City a couple of days last week on business.

Miss Connie Stone has been ill this week. Travis Stone journeyed to Uvalde, Texas with Mr. and Mrs. Harland Frye on business.

Mr. and Mrs. Karl Craig of Amarillo were guests in the Tom Lewellen and Delton Lewellen home Sunday.

Mrs. Tom Lewellen and Tommy, Mrs. Joe Lewellen, Jody and Kathie and Mrs. Delton Lewellen and girls were in Amarillo Saturday.

DRESDEN PAINTING PARTY A Dresden Painting party was held on Tuesday, February 28 at the Black Community House. Hostesses were Mrs. Lester Dean and Mrs. J. S. Thompson. Those attending were Mr. and Mrs. Louis Jurack of Plainview and Mesdames Dick Rocky,

T. J. Presley, L. R. Hand, daughter of Mr. and Mrs. Verner Wilkerson of Quinlan, Oklahoma Territory. The Elmores moved to Friona in 1929. Three children were born to them. Porter, the oldest, died seven years ago. Lucille, who is now Mrs. Dick Rocky, lives in the Black Community. William Verner, better known as "Bud" lives northeast of Friona.

The couple has five grandchildren, Camille Elmore Black of Houston, H. V. Rocky of Albuquerque, and Delores Spivey of Post, Texas, Larry and Tim Elmore of Friona, and two great granddaughters, Candace and Susie Black of Houston.

Mr. and Mrs. Roy Hinds of Davenport, Nebraska, brother of Otey Hinds visited in the Otey Hinds home this last week.

Mr. and Mrs. Otey Hinds son, Wayland visited his parents last week. Mr. and Mrs. Roscoe Ivie were dinner guests in the Lloyd Shulk home Sunday.

RECENTLY CELEBRATED 57TH ANNIVERSARY

Mr. and Mrs. H. H. Elmore of the Black Community recently celebrated their 57th anniversary of February 3.

Mr. and Mrs. Elmore were married on February 3, 1904 in the home of his parents, the late Mr. and Mrs. W. A. Elmore at Moscow, Oklahoma Territory. Mrs. Elmore was formerly Emma Wilkinson,

Mr. and Mrs. J. E. Young of Hereford visited in the home of Mr. and Mrs. Raymond Euler and family Tuesday. They are the parents of Mrs. Euler.

Mr. and Mrs. Bert Shackelford were in Perryton over the weekend visiting their son and family. Mr. and Mrs. G. E. Shackelford, Terry, Danny and Molly.

Your RIGHT TO VOTE

MR. AND MRS. VOTER, do you feel that you should have an opportunity to vote on legalizing Parimutuel Horse Race Betting?

A constitutional amendment (H.J.R. #4) is being considered whereby Texans will be given an opportunity to legalize horse race betting in Dallas, Tarrant, Harris, Galveston, Bexar, Midland, Hidalgo, Cameron and Webb Counties. subject to approval by LOCAL OPTION.

H.J.R. #4 provides for distribution, ANNUALLY, among all counties that do not have race tracks, one-half of the STATE TAX REVENUE obtained from horse racing. Each county would receive approximately \$1.00 per capita population the first year. Counties where the tracks are located would receive 2% of parimutuel handle. The state's tax income from horse racing alone would run close to \$12,000,000 the very first year--possibly more--besides all the income tourists would bring to Texas--which would amount to millions of dollars, plus a great ad valorem tax on race tracks, breeding farms and many valuable race horses.

Please express your opinion by checking X the appropriate box below. You do not have to sign your name unless you like, but we would prefer it.

POLL

- YES: I feel that the people should have an opportunity to vote on horse race parimutuel betting.
- NO: I am not in favor of letting the people vote on the subject.

Style Show Highlights Study Club Meeting

A style show was the highlight of the program of the Modern Study Club that met Monday evening, March 7.

Modeling dresses made from Vogue patterns were Mesdames Wesley Foster, Frank Spring, Homer Lindeman, Paul Hall, George Taylor and Deon Awtry. Mrs. George Taylor was elected the entry for the District Style Show.

Mrs. Wesley Foster read a letter from Mrs. James Bragg of Brownfield, relating her highlights as president in the years 1934-36.

The program theme was Community Affairs, using the quotation "Never one thing, and seldom one person, can make for a success. It takes a number of them merging into a perfect whole."

Roxanne Hall sang "Little French Clock" and "Slumber Boat," accompanied by Janet Smith.

Mrs. Ralph Wilson assisted by Mrs. Russel O'Brian presented a skit on "The Birth of Scouting." They also showed films of Friona Girl Scouts in the past years.

Mrs. Sloan Osborn gave a roll call of community accomplishments of the club. They were first to sponsor Girl Scouts; responsible for planting trees around the school building; during the war years, members of the club wrote letters to local boys in the armed forces, assisted with youth recreation programs and have

used many young people on the club programs; helped in the progress of the local hospital. Last year the \$50 won for achievements was donated to the hospital and the club has a loan fund to help young boys and girls further their education.

Hostesses Mrs. Dalton Caffey and Mrs. Deon Awtry served refreshments to 26 members and guests Mesdames Homer Lindeman, Marion Fite, Russel O'Brian, Mae Magness, M. L. Martinez, Roy Clements, Claude Osborn, Misses Roxanne Hall and Janet Smith and Mrs. J. H. O'Rear of Amarillo.

Sponsors Host Rainbow Girls Trip To Clovis

The Rainbow Girls and prospective members were entertained with a trip to Clovis to eat and attend a show Tuesday evening, Feb. 28.

Sponsors attending were Mr. and Mrs. Joe Fallwell, Mrs. U.S. Akens, Mrs. Ralph Roden, Mrs. James Collier, Mrs. Preach Collier, Mr. and Mrs. Meryle Massie and Mrs. Dorothy Rowlett.

Girls making the trip were Merylene Massie, Sheryl Long, Karen Osborn, Donna Fulks, Pamela Sue Roden, Marcia Massie, Sharon Reeve, Carolyn Herring, Kay Coffey, Joy Ingram, Patsy Rule, Lyndia Chandler, Betty Drake and Beth Akens.

Also Karen O'Brian, Jimette McLean, Debbie Hawkins, LaVoyce Burrow, Carol Coffey, Kay Johnson, Martha Wages, Karen Turner, Mary Ann Roberts, Rita Collier, Sara Fallwell and Brenda Collier.

Guests in the home of Mr. and Mrs. J.G. Gee last weekend were Mrs. Gee's parents, Mr. and Mrs. T.F. Rodgers of Lubbock and Mr. and Mrs. Owen Houston and Robin of Canyon. Mrs. Houston is the daughter of Mr. and Mrs. Gee. Robin is spending a few days with her grandparents.

Of Interest To THE WOMEN

BETH AKENS, daughter of Mr. and Mrs. U.S. Akens was elected Corresponding Secretary for the Area One Future Homemakers for the year 1961-62 at the Area meeting in Lubbock Saturday. Beth has received her junior and senior Chapter degrees, and is to be Chapter president next year.

Friona Elementary School Fourth Six-weeks Honor Roll

First Grade: Dave Buske, Lou Whaley, Andrea Hurst, Dean Dickson, Alesia Ragsdale, Vickie Schueler, Janice Baldwin, Diana Day, Nina Latham, Carolyn Martin, Melissa Pruett, Dianne Schueler, Vicki Jo Cox, Zelia Walker, Carleen Schlenker, Sally Kendrick, Phyl Treadaway, Troy White, Mikey Hudleston, Kathy McLean, Vicki Mingus and

Sheila Struve. Second Grade: Mike Mills, Debbie Burton, Silvia Dyke, Dale Schueler, John Hoover, Mike Buchanan, Cyndee Bailey, Debra Wyly, Lana Morris, Kay Cole, Connie Fallwell, Susan Spring, Patsy McVey, David Bynum, Tinker Dunn, Zane McVey, Dwayne Bauer, Gary Fallwell, Steve Houston, Roger Martensen, Sheila Awtry, Janetta Cole, Kathy Latham, Debra Mears, Esther Smith, Gay Welch, Darrel Schueler, Susan Floyd, Jayn Massie, Don Fortenberry, Donnie Joe Lewellen, Glenda Deaton and Douglas Pierce. Third Grade: Bobby Thomas, Danny Schueler, Vicki Knight, Romalee Rector, Beverly Anderson, Brenda Stout, Kathy Anderson, Roxanne Hall, David McFarland, Kay Riethmayer, Jerry Shelton, Frieda Stephens, Mitch Terry, Dean Agee, Connie Huereca and Janet Mingus. Fourth grade: Linda McVey, Patricia Roberts, Joel Osborn, Steve Buckley and Jane Lane. Requirements for making the honor roll for the second semester have been made more difficult. During the first semester if a child had an average of 90 or above of all grades he was placed on the honor roll. This semester one grade of "C" or more than two "B"s will eliminate the child from the honor roll.

Mr. and Mrs. Jim Johnson visit in the home of Mr. and Mrs. Truett Johnson and family this weekend.

You cannot help the poor by discouraging the rich. --Abraham Lincoln

Afternoon Party Honors Senior Girls Of 1956

Mrs. E.L. Fairchild honored the senior girls of 1956 with a party in the home in the Lakeview Community Saturday afternoon. She was assisted by Mesdames Ray Landrum, Kenneth O'Brian and Carl Fairchild.

Honored guests and their children were Mary Tatum Houlette and daughter, Debbie, of Dumas; Eugenia Landrum Konis of Kewgardens, N.Y.; Nelda May Miller and sons, Kent and Curt; Lolita O'Brian Eustace and son, Dan, of Hereford.

Also Elizabeth Grubbs McLellan; Pam Tatum of Canyon; Sue Cranfill White; Shirley Hogue Conley of Lubbock; Sandra Brock Roots and daughter, Ruthetta, of Bountiful, Utah; Marilyn Fairchild Blackburn and sons, David and Mike; Also Tommy Fallwell Boeckman and sons, Tim and Randy; Linda Miller Tims and daughters, Sally and Evelyn, and Phyllis Fairchild Parker and son, Dan, of Hereford.

Also Elizabeth Grubbs McLellan; Pam Tatum of Canyon; Sue Cranfill White; Shirley Hogue Conley of Lubbock; Sandra Brock Roots and daughter, Ruthetta, of Bountiful, Utah; Marilyn Fairchild Blackburn and sons, David and Mike; Also Tommy Fallwell Boeckman and sons, Tim and Randy; Linda Miller Tims and daughters, Sally and Evelyn, and Phyllis Fairchild Parker and son, Dan, of Hereford.

Fun And Fancy Club Meets In Renner Home

Mrs. Lee Renner was hostess to the Fun and Fancy Club meeting Friday afternoon, March 3, in her home.

Mrs. Billy Dean Baxter, president, conducted the business meeting. The members answered roll call with "The Worst Storm I Can Remember." The program theme was making pictures of velvetene and artificial flowers.

Twisties and cold drinks were served to Mrs. Billy Dean Baxter and Elaine; Mrs. Doyce Barnett, David and Cindy; Mrs. Junior Renner and Mickie; Mrs. Lloyd Mingus and Gary; Mrs. Glen Mingus; Mrs. Bill Bandy, Jeannie and Janice and Mrs. G.A. Collier Jr. and Gregg.

Mrs. Campbell Host HD Club

The Friona Home Demonstration Club met in the home of Mrs. Lee Campbell Tuesday, Feb. 28.

Mrs. Campbell and Mrs. L. D. Taylor gave a demonstration on making decorative pillows.

Cookies and coffee were served to Mesdames Earl Drake, Wesley Hardesty, Paul Williams, Ralph Shirley, J.B. Williams, J.R. Varner, R.L. Duke and L.D. Taylor.

The next meeting will be a White Elephant sale in the home of Mrs. Wesley Hardesty.

Cass Home Scene Of Party

Mr. and Mrs. Kenyth Cass were host to a progressive 42 party in their home Friday evening, March 3.

Sandwiches, cake, coffee and tea were served to Mr. and Mrs. Clyde Weatherly, Mr. and Mrs. Ralph Shirley, Mr. and Mrs. W.S. Ingram, Mr. and Mrs. J.H. Boyle, Mr. and Mrs. Arthur Drake, Mr. and Mrs. Raymond Milner and Mr. and Mrs. Forrest Osborn.

Mr. and Mrs. Fred Carson announce the engagement and approaching marriage of their daughter, Carolyn, to Jack Fulham, son of Mr. and Mrs. W.B. Fulham. The couple plan a May wedding.

Club Members Present Date With Greatest State

At the Tuesday evening meeting of the Progressive Study Club in the Federated Club House, A Date With The Greatest State was the theme of a Texas Day Program. The opening prayer was led by Mrs. Bill Sheehan. Mrs. Stanley Bengel accompanied club members in singing the Federation Song, which was led by Mrs. Newman Jarrell Jr.

As narrator of the "Texas Musicians In Review," Mrs. Andy Hurst Jr. gave a fictional tour of Texas filled with facts. A highlight of the tour was the presentation of a wide variety of musical entertainers that might be found within Texas borders.

Mrs. Albert Field, Mrs. Martell LeVaque and Mrs. Bill Nichols assisted Mrs. Hurst in her narration by pantomiming. Colorful costumes were worn by participants in the program.

Copies of early day brands and a piano decoration depicting the western theme of the program were used for decorations. Group singing of Deep In The Heart of Texas closed the meeting.

Hostesses were Mrs. Tom B. Jarboe and Mrs. Marion Fite. Mrs. Truett Johnson was a special guest.

Northside Club Has Luncheon

The Northside Home Demonstration Club met Thursday, Feb. 23, in the home of Mrs. H.K. Cocanougher for a luncheon and brief business meeting.

Guests present were Mrs. Dan Koelzer and Estis Bass. Others present were a new member, Mrs. John Terry, and Mesdames Lewis Gore, Floyd Bookfield, C.A. Paul, Meryle Massie, Billy Joe Mercer, A.L. Stokes and A.L. Reznik.

Next meeting will be March 9 at 2 p.m. in the Community Room of the Friona State Bank. The program will be a demonstration on covering shoes.

Accompanying the group of girls were Mesdames U.S. Akens, W.M. Massie, Hershel Johnson, Russel O'Brian, Virginia Huff and Valoris Osborn.

Mr. and Mrs. Mickey Fousts of Florence, Ala. have a baby girl born Feb. 20. She was named Angela Renee. Her weight was 6 lbs. and 12 ozs. Grandparents are Mr. and Mrs. S.S. Prichard of Friona. Mrs. Foust is the former Lanette Prichard.

Mr. and Mrs. Keith Blackburn and Jill of Albuquerque visited with friends and relatives in Friona last weekend.

4-H Week In Texas And Nation

This week, March 4-11, has been designated as 4-H Club Week in Texas. The same week will also be observed across the nation as National 4-H Club Week.

In his proclamation Governor Price Daniel said, "Building tomorrow's leaders today is a high purpose in 4-H Club work. The expanding role of 4-H emphasizes character development and good citizenship as 4-H members learn the latest practices in agriculture and home economics."

"Since the 4-H program was inaugurated by the United States government in 1914, the 4-H movement has spread across our nation and to 52 foreign countries. 4-H Club members learn by conducting result-demonstrations and participating in 4-H activities. By putting into action what they learn, club members improve their homes and communities."

"Voluntary adult leaders working with club members provide a key to the success of 4-H. Parents and friends of

4-H give support and encouragement to club members. The Agricultural Extension Service of The A&M College of Texas, through county extension agents, direct the 4-H Club program.

"Any boy or girl from ages 9 to 21 can take part in 4-H Club work. The opportunities offered to 4-H Club members to grow in citizenship, leadership and practical skills are especially valuable to them, the state of Texas and the nation. 4-H Clubs are a proving ground for the training of future leaders."

In his message to the approximately 100,000 4-H members in Texas, Governor Daniel said, "Please accept my best wishes for 1961 and the years ahead. May you continue to work to improve yourselves, your homes and communities and thus help build our State and Nation. The future holds bright promise for our land, and as 4-H members, you have an important role in it."

PREPARING A DEMONSTRATION to commemorate National 4-H Club week are Miss Ettie Musil, Farmer County Home Demonstration Agent, and Judy and Janis Billingsley. This display which depicts various phases of the 4-H program, is located in the courthouse at Farwell.

HD Agent's Gossip

BY MISS ETTIE MUSIL

Hello once again. Do you really have that garden and flower bed fever? Just a little more this week about gardening. For those of you who do not have a garden plot we have an answer for you.

Have you ever thought of planting lettuce or spinach in your flower beds? About 3 years ago I saw a very attractive border plant that was none other than spinach. You could use lettuce and parsley, also, as border plants to double for crisp salads.

We have a free bulletin, "Vegetable Gardening," available to you if you ask us for a copy. This bulletin tells about planning the garden, soil preparation and improvement, making and using compost, and care of vegetables. Another very important section in the bulletin names the approved varieties of vegetables for our area of the state. To further help you a planting guide is included as to depth of planting and how far apart to plant the rows and plants.

Here's real news for you. A new nylon zipper has been made and is already appearing in some ladies ready-to-wear garments. The new all-nylon spiral design gives the new zipper the feel and flexibility of fabric. It is soft and warm to the touch and light as air. It is small, yet incredibly strong and comes in all colors. Because color penetrates through and through the nylon, it can never wear off or chip.

It is snag-proof. But if frayed edge of fabric should catch in the coils, you can bend the

zipper in half to open and remove the threads. Then continue to zip. It has a new automatic lock with a built-in safety feature to preserve from accidental damage. You will need to be careful when pressing garments with a hot iron, since the zipper is made of nylon.

This week is National 4-H Club Week, March 4 to 11. The Farmer County 4-H Club boys and girls would like to invite you to see their 4-H exhibits. Last Saturday morning a group of the Jr. Leadership 4-H Club set up a display on the first floor of the Courthouse in Farwell. Farwell 4-H Club Girls have a display in Tom Paul's Beauty Shop window. The Lazbuddie Grocery Store is the scene of a display of projects by the Lazbuddie 4-H Club Girls. Do come by to see the exhibits.

Helping to set up the exhibits were Richard Chitwood and Judy Billingsley who brought their 4-H record books. Bringing dresses were Viann Lesly, Linda Gleason and Judy Billingsley.

Steven and Copper Young brought field crop seed of alfalfa, sesame, soybeans, wheat, cotton, white and yellow corn and sudan, and Pat Chitwood and Janis Billingsley brought cake and biscuits.

Making a beef calf feed lot model was Bobby Tomlinson. Bruce Billingsley exhibited a model homestead featuring windbreak tree planting. Linda Gleason, displayed a wastebasket she had made.

Land Bank Loans Up

Demand for the type of loans made by The Federal Land Bank of Houston is up 30% over the 1960 requests according to Hal Weatherford, President of the bank.

He said the demand, among other things, reflects an adjustment which farmers and ranchers are making in their operations by switching heavy short-term debts to long-term loans. This gives them a better balanced debt load and more freedom in their operations, Weatherford said.

The Federal Land Bank of Houston has more than \$237

million of loans in force, which is an all-time high. It is one of twelve such banks in the nation and serves Texas. Its loans are made through 75 Federal Land Bank Associations, and it secures its loan funds through the sale of bonds to the investing public. Ernest Kerr of Muleshoe is manager of the local Federal Land Bank Association of Muleshoe which serves Bailey and Farmer counties.

One room that is never over-filled is the room for improvement. --Ruth MacKay

LENDING A HAND in setting up a 4-H display at the courthouse are Bruce Billingsley and Bobby Tomlinson, two county 4-H club members. Here, they hold up some samples of grain grown by 4-H club members. Included in the display are a calf feed lot, a home beautification arrangement, dresses made by 4-H girls, and signs depicting various projects and the purpose of 4-H club activities.

Bureau Membership Campaign Launched

Ten dollars is a small fee to pay to protect an investment amounting to thousands of dollars, but that's all a membership in Farm Bureau costs, according to Herman Gerles of Bovina, president of Farmer County Farm Bureau.

Gerles announced that the local organization is staging its annual membership drive beginning Tuesday, March 14 and continuing through the week. A banquet for workers will be held in Bovina Monday night kicking off the drive. The county farm leader declared that membership in Farm Bureau is the best assurance that a farmer or rancher has that his economic future is protected.

"Farm Bureau is owned and controlled by its members and

is primarily designed to safeguard and promote agricultural interest on the local level, in Austin and in Washington," Gerles said. He explained that one of the benefits of a membership in Farm Bureau buys full-time representation in the Texas Legislature and national congress.

"Three out of every four organized farmers and ranchers in this nation belong to Farm Bureau," he explained. "And our organization spares no effort to obtain maximum membership participation in the development of policies that guide the organization on all levels."

The Farmer County Farm Bureau has set a quota of 554

Sesame Meetings Begin Next Week

Special sesame meetings, complete with a free chili supper have been scheduled for area farmers who are interested in growing sesame this year. The first meeting is to be held in Friona Tuesday, March 14. Meeting place is the PCA office, starting at 7 p.m.

The second meeting in the county will be held in Farwell at the City Hall March 16. Meeting time is 7:30. First order of business is eating chili. Sesame Chips and other refreshments will be served. Robert L. Parker, executive vice-president of Texas Sesame Growers, Inc., will be the principal speaker. Demand for sesame is excellent, according to Parker, and there is room in the market for sesame produced from over 4000 acres in the Farmer County - Clovis area. Fieldman Raymond Hodges will also be on the program to discuss the special effort being made to improve sesame planting and harvesting machinery.

Sesame dealers Ennis Cummings of Friona and Heinie Henderson of Farwell report there is more interest in growing sesame this year than at any time since 1958. "Some area farmers pocketed more than \$100 per acre from their sesame crops last year," says Henderson.

Parker attributes the increased interest to good yields for early planted sesame in 1960 coupled with a record shattering price to growers for No. 1 quality seed of 10 1/2¢ per pound. "This very favorable market situation is expected to carry over into 1961," says Parker, "because world oilseed supplies, including sesame, are in short supply. Also, market development work done by our organization over a period of years has started to pay off in big new United States markets for sesame seed."

Farmer County Agent Joe Jones will be in charge of both meetings. The Friona meeting is sponsored by Cummings Farm Store. The Farwell meeting is sponsored by Henderson Grain & Seed Company. All farmers in the Friona, Bovina, Farwell, Clovis, and Hereford areas who are interested in growing Sesame are invited to attend the meetings. There will be plenty of good chili for everyone.

96 Farmers Attend Fertilizer Meeting

Ninety-six farmers and fertilizer dealers of Farmer County were on hand at Oklahoma Lane last Thursday afternoon to hear five area agricultural experts discuss various phases of soil fertility.

Dr. Alex Pope, who is in charge of soil fertility research at Southwestern Great Plains field station at Bushland, spoke on the value of banding fertilizer for wheat.

He stressed the importance of banding phosphate and that, preferably, bands should be on 10 inch centers, three to five inches below the seed level.

Dr. Pope recognized that there have been good results on wheat by applying fertilizer on 20-inch centers, but pointed out that research had proven that a farmer could gain more efficient results from 10-inch center banding.

The research expert also pointed up the value of applying phosphorous on sandy-type soils, and he said that split applications would assure the best results.

In sandy soils, the possibility of leaching is greater and that's the reason for better results by applying fertilizer both in the fall and in the spring.

This split application of fertilizer is more important on sandy soils than on richer clay soils, Dr. Pope pointed out. Basic research done at Bushland, and at off-station locations, including several farms in Farmer County, has generally proven that wheat yields were very similar on plots where all of the fertilizer was applied in the form of top dressing in February and where part of it had been applied prior to seeding.

One thing he did point out, however, was that February applications alone wouldn't be in time to produce grazing.

Grazing normally doesn't decrease wheat yields except when there is only a limited amount of plant food applied, Dr. Pope said.

One thing that Dr. Pope pointed out was that the source of the food elements was of little significance, as long as it was properly applied. Results to date have shown that one source was equal to another, he said.

Elmer Hudspeth, also of the Bushland station, spoke on fertilizer equipment. He discussed and showed various kinds of equipment which can be used for fertilizer placement.

Hudspeth's duties are to design and build equipment so that it will put fertilizer where it needs to be, and where research men say it will do the most good.

Harvey Walker, research agronomist for the Texas Agricultural Experiment station at Lubbock, stressed the importance of banding fertilizers on cotton.

Using slide pictures to demonstrate, Walker showed how root development was greater when the fertilizer band was placed under the seed. He said that best results were obtained when the band is placed three to six inches below the seed level.

Walker told the group to keep in mind that fertilizer must be in moist soil before the plant can use it. Phosphate moves little and must be placed at a depth so that it will be in moist soil through the season, he said.

316 4-H Club Members Strive For Betterment

By ETTIE MUSIL

"To make the best better," is the motto of 316 4-H club boys and girls in Farmer County and more than 100,000 4-H club members in Texas.

Farmer County 4-H Clubs are joining the 2 1/4 million members across the nation in observance of National 4-H Club Week this week, March 4 to 11.

Four-H Club work is the youth phase of the Texas Agricultural Extension Service. Four-H club work is voluntary. There are no dues and 4-H is not a school subject.

At the present time, 316 boys and girls have enrolled in 14 4-H clubs in Farmer County. Of this total there are 152 girls in the Farwell Girls 4-H Club, Lazbuddie Jr. and Sr. 4-H Girls Clubs, Friona Jr. and Sr. Girls Clubs, and Rhea 4-H Club Girls.

One hundred and forty-five boys belong to the Friona 4-H Jr. and Sr. Boys Clubs, Lazbuddie Jr. and Sr. 4-H Boys Clubs, and Rhea Community 4-H Club Boys. Nineteen boys and girls are members of the Junior Leadership 4-H Club.

Four-H members learn improved practices in agriculture, home economics and related fields by carrying on 4-H result demonstrations. 4-H club work is a family affair in which a boy or girl and parents decide on the result demonstration with the advice of adult leaders and County Extension Agents.

There is a variety of projects or result demonstrations a boy or girl may work on as a 4-H member. These demonstrations could include dairy foods, tractor maintenance, food preparation,

The top two senior division teams from the district are eligible to compete in the state method demonstration contest. This event is scheduled during Texas 4-H Roundup, June 6 and 7 on the Texas A&M College Campus. State winners attend National 4-H Club Congress in Chicago in November competing for college scholarships.

Boys and girls may organize and complete 4-H record books for county, district, and state and national competition. Awards pins and ribbons are provided in the county and district. State winners are awarded an all-expense paid trip to Chicago in November to attend 4-H Congress.

Record books are judged in beef, achievement, agricultural, beautification of home grounds, canning, citizenship, clothing, crop production, dairy, dress revue, electric, entomology, field crops, food preparation, frozen foods, garden, grain marketing, health, home economics, home improvement, leadership, range management, recreation, safety, Santa Fe, swine, and tractor activities. Boys and girls participate in the County Method Demonstration Contest. This year the contest is scheduled for Saturday, April 8, in the County Court-house.

Fifteen minute method demonstrations may be presented in dairy foods, tractor operating, vegetable production and marketing, vegetable preparation and use, public speaking, beef cattle, dairy team judging, electric team, farm and ranch management, farmer cooperative activity, field crops, poultry marketing, poultry method, farm and home safety, and soil, water, and range conservation.

First place team contestants of both divisions--junior and senior--in the county will compete in the district contest. The District Method Demonstration Contest will be held Saturday, April 29 in Canyon on the West Texas State College Campus.

The boys may enter in the

Brucellosis Petitions Now Being Circulated

Petitions are now being circulated among cattlemen in Farmer County in an effort to get this area declared brucellosis free.

It is the second straight year in which interested cattlemen of the county have undertaken the movement, and if completed this time, cattle from here will be permitted to move anywhere in the country without restrictions.

Cattlemen met recently at Friona and decided to undertake the program again, and for the past three weeks, 12 farmers have been circulating the petitions throughout the county.

A couple of the petitions have been turned in to Farmer County Agent Joe Jones. The agent says that any cattleman who has not signed a petition yet, and would like to do so, can sign one at his office or at the office of Lee Thompson, tax assessor-collector at the county court-house in Farwell.

The petitions are required by the state to have names of 75 per cent of the people in the county who own cattle and the names must represent 51 per cent of the cattle.

After the petitions are signed, the names, and the fact that the individuals pay taxes on the county, will be verified by the county tax assessor-collector. Then, the petitions will be sent to Austin to begin a 90-day waiting period.

After that time, a hearing will be held, and if no protests are upheld, the actual work on getting the area declared free of the disease can be started.

A state veterinarian and his crew will come to the county with a mobile laboratory to run blood tests on cattle. The crew will work every farm and ranch which has cattle.

Cattle to be tested are:

1. All registered cattle;
2. All dairy cattle;
3. All cattle in herds of 20 or less; and
4. 20 per cent of all commercial herds.

If a reactor is found among the 20 per cent of all commercial herds the remainder will be tested.

Testing of the cattle in the county will not be as much of a job as it might appear, says County Agent Jones. With the mobile lab here, it will be only a short while until results of the tests are known.

The move to get Farmer County declared free of brucellosis was taken because of a price differential between this area and certified areas which are participating in a brucellosis eradication program at a state or federal level.

Cattle shipped from this area to certified places lose sometimes from \$2 to \$6 a hundred weight. Although there is little of the disease in the Farmer County area, the market is still greatly affected, it is pointed out.

The disease, brucellosis, causes cattle to suffer a reduction in milk production, and

also results in abortions, sterility and difficult breeders. It also lengthens calving time by about 50 per cent.

Brucellosis is a highly contagious disease and is a problem to swine breeders as well as cattle. Humans may also contract the disease by drinking unpasteurized milk of a contaminated cow.

Brucellosis is commonly called Bang's disease in cattle. In swine it is referred to as "contagious abortion," and in man it is commonly called "undulant fever."

HIGH PLAINS REPORT

Safflower Variety Test

Seed yields of seven safflower varieties tested at the High Plains Research Foundation during 1960 ranged from 285.12 to 589.19 pounds per acre. The highest yield was produced by N-4051.

The seven varieties were planted in 4-row plots (two rows per bed, 14 inches apart) 50 feet long on March 19. All plots were planted at the rate of 25 pounds of viable seed per acre. The experimental design consisted of a randomized block with four replications.

All plots received two irrigations of approximately two inches each on April 6 and May 20. A fertilizer application of 300 pounds of 16-20-0 per acre was applied to all plots by hand on May 19. The plot area was planted to soybeans during 1959.

Rainfall received during the growing season amounted to 20.42 inches. During July, 12.46 inches of this amount was received, and water stood in all plots for five days. The safflower plants withstood two light freezes during the early seedling stage of growth. A light hail on May 17 caused some damage to the tops of the plants.

All plots were sprayed with Endrin and Chlordane on May 27 and on June 28. Each plot was harvested with a regular grain combine, and all seed were hand cleaned in the laboratory.

Agronomic data on stand and seed production were obtained by counting the number of plants and heads within an area four rows wide by 10 feet long. Two such samples were taken at random within each plot.

A random sample of 25 heads was taken from each plot as a means of determining the number of seeds per head, seed size, and seed quality for each variety. All heads were threshed by hand in the laboratory. Seed counts were made on a diaphanoscope. A Toledo scale was used to weigh the seed.

There was considerable variation among the seven varieties with respect to the various agronomic characteristics. In general, all seed yields were low. It is believed that the heavy continuous rainfall received during seed development was responsible for immature seed observed in all varieties.

In addition, leaf rust caused considerable damage to all varieties. Insect damage was very slight in all plots. In this regard, the early planting date probably favored less insect damage than a late planting.

The highest yielding variety, N-4051, was significantly above any other variety in the test. The least significant difference for this test was 92.07 pounds per acre. In this regard, there must be at least this much difference between the seed yields of any two varieties before one would be considered superior to the other. This variety ranked high in plant height, stand, number of heads, and number of seeds per head.

However, it was the lowest variety in the test from the standpoint of seed size and development as indicated by the weight of 1,000 seeds. The U.S. 10 variety was superior to all others in seed size.

Even though the seed yields obtained from the seven varieties during 1960 were not very encouraging, it is believed that testing over a period of several years will be necessary to properly evaluate the potential of safflower as a crop for the High Plains.

What Price Balanced Diets?

As a result of present-day food buying and eating habits, many experts on dietetics are convinced that this nation's livestock and the family pets have a better chance of getting a balanced diet than do many children.

This analysis was discussed recently by Agriculture Commissioner John C. White before a woman's club in San Antonio.

"We recoil in horror over the fact that millions of people in the Far East and Latin America are underfed," said Commissioner White. "But there are 25 million people in this country who are just as bad off from a health standpoint."

"America is well off so far as an abundance of food is concerned, but we are not properly selecting and using our foods to their best advantage. Instead, our food products are becoming victims of a fastpaced civilization."

"We have become a nation of the skipped breakfast, the quick lunch and the pre-cooked supper. The food industry has kept up with this demand. Their production methods are geared to this harassing cry for quick and easy meals. These time-savers often prove to be great robbers of nutrition from our meals--and they help deflate our pocket books as well."

In the highly competitive race for the housewife's shopping dollar, White pointed out, food industry advertising concentrates on "easy preparation" and attractive packaging of food.

"Very little is said about the amount of health-giving properties of the product," he said. "As a matter of fact, many of these properties have been refined away in an effort to make it more appealing to the eye--and less nourishing to the stomach."

"When it comes to feeding livestock, the farmer knows that it isn't the fancy bag or even the taste of the feed that counts. He realizes that the importance of any food lies primarily in its nutritive value. The farmer's grasp of dietetics is often superior to that of the housewife."

A vast educational program might be part of the answer, Commissioner White suggested, to convince "the housewife that a proper balance

FOOTSAVING EDUCATION

By James E. Edwards

How can I be sure that my children's shoes fit when I buy them?

If you mean that you want to check the fit of the shoes yourself, you should first work in a shoestore for at least two years. Then you will be more uncertain than you are now.

If the shoe internship is impossible I would use the practice of most women when they buy a hairdo. They don't rush downtown at fifteen minutes before closing time and let the first operator they come to give their hair a fast sizzle. Hairdo's are too important.

Hairdos, and the operators who do them are the subject of conversation at every hen party. A newcomer to town knows before she leaves the house not only which beauty parlor she is going to but which beautician will give her the kind of curl she wants. She will read ancient magazines waiting for the operator to take her and she might even overpay the bill if she is especially pleased with what the mirror says after the ordeal.

"Who fits your children's shoes?" should be as commonly asked as "Who does your hair?" Try it. You will find that your town has many shoefitters who realize the health importance of children's shoes and will do a really professional job if they know that you are not primarily interested in speed, low price or high style.

cotton production and grain sorghum contests. There were 27 entries in these two contests in 1960. Forty-eight 4-H club members will exhibit 63 entries in the County Livestock Show, March 10 and 11. Each year 4-H Club boys attend a county 4-H camp in the Holy Ghost Canyon near Pecos.

Four-H members try to live up to their 4-H pledge. During each club meeting they repeat: "I pledge my head to clearer thinking, my heart to greater loyalty, my hands to larger service, and my health to better living for my club, my community and my country."

It has been stated that 4-H parents, plus adult leaders, plus county extension agents, added to interested 4-H members, equal useful citizens. This is the 4-H Club team.

Light For Safety

If you plan to remodel your porch or other entrances to your home, include safety in your plans, says W.S. Allen, extension agricultural engineer. The entrance or porch landing should be large enough to permit standing space on the latch side of the door. This usually requires a minimum area of about five by seven feet, the specialist points out. Be sure, if there are more than one or two steps, to provide a hand rail for the steps and a guard rail around the porch platform.

Good lighting for the entrance is also essential for safety, Allen continues. Such outdoor lights should provide for good visibility on the steps, landing and nearby outside area.

A well lighted yard and walkway is desirable for accident prevention, as well as for convenience. One or two yard lights, located near the driveway or on the corner of the house, will provide illumination for the entire area and will help provide night-time security, convenience and safety; Allen concludes.

BUSINESS IS BOOMING IN DENVER!!!

And we aim to keep it that way by selling you a 1961 Ford or Falcon **NOW!!!**

The Texas Agricultural Experiment Station recently published a report of studies conducted to determine the scrub-resistance characteristics of kitchen and bathroom wall-surfacing materials. This publication should prove very interesting reading for anyone planning to build or renovate. A copy of this bulletin, B-962, may be obtained from the Agricultural Information Office, College Station, Texas.

Luther Metcalf Completes

Marine Course

SAN DIEGO (FHTNC) -- Marine Pvt. Luther J. Metcalf, son of Mr. and Mrs. Luther P. Metcalf of Route 2, Friona, completed recruit training, Feb. 21, at the Marine Corps Recruit Depot, San Diego, Calif.

The 11-week course included instruction in all basic military subjects and infantry weapons. Upon completion of training he was transferred to the Naval Air Station, Jacksonville, Fla., for basic aviation training.

Mrs. Hattie Snead of Littlefield and J. B. Snead from Hereford visited in the Rene Snead home Monday.

MRS. GILLIAM IS NAMED BOOKKEEPER

Mrs. Jean Gilliam has been named office manager and bookkeeper for Friona Battery and Electric.

At the same time, the firm also announced that all accounting and records will be maintained in the local office. The changes became effective March 1.

Mrs. Gilliam is an experienced bookkeeper. She has two daughters, Diana, 11; and Pamela, 8. The Gilliams will make their home here and will attend the Methodist Church.
