W. I. MARSCHALL BUSINESS VISITOR HERE LAST WEEK

W. I. Marschall, District Agricultural Agent, with headquarters in San Angelo, was a visitor in Sanderson Thursday and Friday of last week.

Mr. Marschall was here to confer with local ranchmen and county officials on the possibilities of getting a county agent for Terrell County.

Marschall stated that he had a man he could place here immediately, who is well qualified to fill the position as county agent. This proposal he firmly believes is something the people of Terrell County should not overlook.

In talking with county officials, Mr. Marschall stated they were very much interested in the proposal, but that the people of the county were the ones to say whether or not we are to have a county agent.

It seems to us that a county agent working in the interest of the ranchmen of this county and with our schools, helping to develop our school boys and also girls into the future ranchmen of this county, is a project worth all our support. Let's express ourselves to our county officials and let them know we are interested in this proposal, to better educate the people of Terrell county in our most vital business—the ranching industry.

Parent Teachers Meet Thursday, October 4 In H. S. Auditorium

The Sanderson P. T. A. met October 4, at 7:30 p. m. in the high school auditorium.

The meeting was called to order by the president, Mrs. W. H. Savage. The members repeated the P. T. A. prayer, and the pledge of allegiance in unison.

Mrs. Walter Grigsby was program leader for the evening. The program consisted of special musical numbers by the seventh grade under the direction of Mrs. Irvin Grigsby.

During the business meeting the P. T. A. voted to spend \$70.00 for game equipment for the Elementary School. Balls, bats, volleyball, footballs, and other equipment will be included.

Fifty dollars will be given to the High School Library, and twenty-five dollars to the Elementary School Library.

Plans were made to have a Halloween stunt night, and dance as the school entertainment.

The P. T. A. received a letter from Mrs. Kay accepting the invitation to have the District Conference in Sanderson in April.

The seventh grade won the room prize for having the most parents present.

The president appointed Mrs. Hugh Rose as goal chairman.

Mr. Millsap, principal of the Elementary School, was speaker for the evening. He spoke on "Parents and Teachers as Partners." His interesting and educational talk was most enthusiastically received by the audience.

Word was received recently by Mr. and Mrs. Fred Talbot from their son, Fred, Jr., Apprentice Seaman, that he would be home about the seventeenth of this month on his post-basic training furlough. He is receiving his boot training at the Naval Training Station at San Diego, California.

Mr. and Mrs. Walter Thomas Shurley, Jr. and Mr. and Mrs. Frank Weathersby, of Uvalde were guests of Mr. and Mrs. Joe F. Brown the past week. Both Mr. Shurley and Mr. Weathersby recently received discharges from the Army and Navy, respectively.

The atomic bomb poses a new problem—that of having enough of the enemy left to surrender.

POSTAL NOTES AVAILABLE NOW AT POST OFFICE

Postmaster Clyde Griffith advises that the local Post Office now has on sale United States Postal Notes. These notes are sold in denominations up to ten dollars. Money Orders will still be available and may be purchased for any amount up to \$100.00. The postal notes are not intended to replace money orders, but they do constitute a safe and efficient medium for transmission of money through the mails.

Major Joe Kerr Home After Several Months Overseas Service

Major Joe Kerr of the U. S. Air Forces, returned home recently from the European Theater of Operations where he has been serving for the past four months.

Joe says he's glad indeed, to be back on U. S. soil, and especially to be home in West Texas, and Sanderson. He has been greeting friends who look mighty good to him, he says, and he is accompanied by his mother, Mrs. Joe Kerr of this city, who drove to San Antonio last week to see his sister, Betty Jo, who is a student at Incarnate Word College, and his youngest brother James, who is enrolled at St. Mary's University.

Joe has two other brothers in the service—Campbell, Y3c in the Navy, who has just sailed to the South Pacific on a transport and Edward, in the Air Corps stationed at Marfa, Texas.

To attest to Joe's accomplishments against the Nazis, he wears six oak leaf clusters to his Air Medal, the Distinguished Flying Cross, three major campaign stars, two Presidential Citations, and of course, his pre Pearl-Harbor Ribbons.

Girl Scouts Hold First Fall Meeting

The Sanderson troop of the Girl Scouts of America began their fall activities with their first meeting, September 27th with Miss Anna Lee Allen as their troop-leader. This was the first meeting since early summer.

There was a later meeting the 4th of October, at which time they were issued the Christmas card samples for the cards which they are selling so enthusiastically. The money made from this project will go into the club treasury. Also at this meeting, a steak fry was planned for Oct. 10, with each girl bringing separate lunches. A business meeting was held before the steak fry.

Mrs. LeRoy Grigsby of McCamey, and Mrs. Ed Schnaubert of Ft. Stockton were visitors here Thursday with Mrs. Lee Grigsby. They left Thursday evening for New Orleans, La., where Mrs. Grigsby will visit her son, Ensign Harold Lee Grigsby.

Mr. and Mrs. R. N. Allen, daughter, Anna Lee, and Mrs. Ruel Adams spent Tuesday in Del Rio, attending to business, and shopping.

Lt. John Hardgrave Home On Furlough After Overseas Duty

Lt. John Hardgrave arrived home Saturday, Oct. 6, on a 45-day furlough, from Miami, Florida, where he landed October 2.

Lt. Hardgrave has been overseas for a little over a year. First serving in Italy, where he was a member of the Air Evacuation Group, carrying supplies to the Italian Partisans in the Po Valley.

Leaving Italy, he next was in Puerto Rico, where he was attached to the ATC, flying personnel home on the Green Project. Lt. Hardgrave has been in the service since February 22, 1943, having enlisted November 25, 1942, and called to active duty the following February.

Lt. Hardgrave was awarded the Air Medal, ETO Ribbon, Four Battle Stars, The American Theatre Ribbon, for station in Puerto Rico, and his unit holds a Presidential Unit Citation.

Also here visiting with their parents, Mr. and Mrs. E. W. Hardgrave, are two brothers of Lt. Hardgrave—Sgt. Allen Hardgrave with his wife and baby from his station at Greenwood, Miss.; and Cpl. Jack Hardgrave. This is the first time in over a year the three have been together.

HIGH AVERAGE
Now comes for a pause for taking stock. America has just concluded a global war. Perhaps it is not quite fair to say the Americans won it, but, at least they put a stop to it, which was the important thing. Conquering heroes are coming home by shiploads and replacements are going forth to stand guard over the peace they have fought so bravely at such fearful cost.

Success in battle consists of getting there first with the most. This proverb has been attributed to more than one military hero but it probably originated with that picturesque cavalry general of the Civil War, Nathan B. Forrest. At any rate, it is still true. This war was old when America got in it, but each individual conquest proved the old formula sound.

A War of Machines
Mechanical devices, in infinite variety and uncomputed tons, put an end to the conflict. They were made in America. Moreover the ships and cars and planes that took them to far-flung points of need were likewise made in America. If any other nation of people had been able to do it, they would have done it before Pearl Harbor. Only America had what it took.

But what is this rare and magic quality? The answer is easy: it is average greatness. An outstanding genius here and there does not make a competent race. Such men are not the people. A young man to whom I handed a diploma in June 1943 reported proudly in August that he had been one of 6,500 obscure chemists who helped develop the atomic bomb.

The Home Front
Where, but in America is it possible to find 6,500 obscure chemists? Chemists of his skill and training are worthy of distinction in some countries, but in America they engage in volume production. They work on what amount to assembly lines. And the result brings a war-weary world a breath of relief from starvation and suffering and sorrow.

The exceptional "average greatness" found in America is the rare quality which must not be sacrificed. If we keep it, this country need never come under the heel of a foreign enemy or a home-grown despot. But if we keep it our people must know what it is and how it is obtained. Without further a-do, average greatness is a product of the kind of liberty America enjoys.

Our No. 1 Resource
The American soldier is not a great general but he possesses generalship, a human trait apart from rank. From youth he has known his right to own anything he could get honestly, his right to hold any office to which he could be elected, his right to compete. Where competition is not open, learning is lavished on the few and mediocrity paralyzes progress.

I have said this before, but it will bear repeating: The much maligned American system has made this nation great, prosperous, enlightened and resourceful, able to do big jobs in a hurry, get there first with the most and turn defeat into victory. Economic independence, and personal self reliance are pillars of education. America's most valuable resource is resourcefulness.

Mr. and Mrs. Skeet Hunter, daughters, Betty Jean and Jo, and son, Lester, visited last week with Mr. and Mrs. Francis Mansfield, and family. They are residents of Con Can, Texas.

Mrs. N. E. Charlton returned Wednesday of last week from Denver, Colorado, where she has spent several months due to the illness and death of her father, J. H. Fisher.

THE FORT STOCKTON PIONEER—Two deep wildcats and two shallow operations for eastern and northern sectors of Pecos County were announced in the last week.

Gulf Oil Corporation will drill its No. 1 G. R. White, et al, as a 9,000-foot test three miles west of the west edge of the Toborg-Tippett shallow area at the north-west edge of the Yates Field. It will be five miles northwest of Standard of Texas No. 1 Douglas deep failure drilled in the western portion of the Yates field two years ago.

Location for Gulf No. 1 White will be 660 feet from the north and west lines of Sec. 15, Block Z, TCRS survey. Standard No. 1 Douglas encountered sulphur water in the Ellenberger, and was abandoned with total depth of 9,114 feet after plugging back to test shows of free oil in the Simpson above 8731 feet. Repeated acid treatment failed to develop commercial production.

The other deep test will be a 4,500 foot test east of the Apo-Warner field, to be drilled as Helmerich & Payne's No. 1 O. L. Barnes, 660 feet from south and southwest lines, Sec. 130, Block 10, H & GN. It is a northeast offset to McCandless No. 1 Barnes, deep test now being drilled. Claude Garrett of Fort Stockton is drilling the first 1,700 feet of McCandless-Barnes under contract with cable tools, and the well will switch to rotary equipment at that depth. Drilling had progressed below 890 feet at last report.

THE OZONA STOCKMAN—Winter range prospects in the Crockett area were considerably brightened during the past week by general, slow-falling rains which continued since last Friday, with intermittent falls of varying amounts ranging from an inch to more than two inches.

The rains rode in on the season's first norther which sent the temperature down to the uncomfortable level. Considerable livestock damage has been reported with some loss of recently sheared goats, chilled down by the cold rain.

The prolonged wet weather has interrupted shearing in the area many ranchmen being in the midst of the fall shearing when the rains halted proceedings.

A total of approximately two inches of moisture had been registered in Ozona yesterday morning at the Joe Oberkamp store gauge.

THE ALPINE AVALANCHE—Thirty-two FFA boys of the Alpine chapter have 71 feeder lambs on feed for the coming spring livestock shows. All these lambs have been selected and purchased from some of the outstanding sheep flocks in the Big Bend section. Ranchmen from whom lambs have been purchased include Key & Evans, Worth Evans, Clay Espy, Jim Espy, J. C. Weston, H. D. Cornell, Forrest Weston, Dutch Arthur, Bill Allison, Vic Pierce and Moody Bennett.

The boys hope to have these lambs finished and ready for showing at the local Big Bend 4-H-FFA Livestock show, San Angelo Sheep show, and El Paso Livestock show.

Up from the Meadows Rich with Corn

ONCE again the folks who feed the nation are harvesting one of the great crops of our history, and the record-breaking harvest of these war years has been produced by fewer people maintaining top production on more and more acres.

The progress that has been made in agriculture in recent years is almost unbelievable—corn yields of well over 100 bushels an acre, a rarity a few years ago, are now common; the production of ton-litters of hogs in less than 6 months after farrowing is no great problem now; hens that lay more than 200 eggs a year are not hard to find; and there are dairy cows with records of well over 30,000 pounds of milk and 1,000 pounds of butterfat annually.

All of these advances in the production of food have played an important part in the building of America to its present greatness and to victory in the war.

Back in the days of George Washington, one farm family was able to produce enough food for itself and one other family. Today each farm family in America can produce its own food and enough for 19 other families. This tells the story of the American harvest. And it is a story unique in world history.

We at Swift & Company salute our farmer and rancher friends for their great achievements and we are proud to have had a part in the preparation and distribution of the fruits of the harvest to Americans everywhere.

MET THE WINNERS! Hundreds of letters were received in our contest for the best letter on this series of Swift advertisements. The judges have awarded first prize of \$50 to 2nd Lt. Carroll M. Kester, 33rd Infantry Regiment, Camp Livingston, La., \$25 to Mrs. Carl J. Bachmann, Barberton, Ohio, \$15 to Mrs. Charles W. Voorhees, Trenton, N. C., Doris Reim, Covington, Okla., Mrs. Edward Seigel, Wheat Ridge, Colo., Mrs. Paul Norris, Grinnell, Iowa, Mrs. James Lennox, Indianapolis, Ind.

SOFT CORN INTO HARD CASH

Corn that gets "cooked" by frost before it matures is still valuable feed, especially for cattle. Here are several ways to turn soft corn into hard cash, listed in the order of their value to the feeder: (a) Make ear-corn silage. (b) Feed ears with stalks, chopped or shredded. (c) Turn cattle and hogs into standing corn. (d) Leave in field and pick ears as needed rather than risk spoilage in storage.

Three main precautions in feeding soft corn are: (a) Change to soft corn ration gradually. (b) Feed a protein supplement. (c) Feed before freezing weather, if possible.

We'll be glad to tell you where to get detailed information on soft corn feeding. Write Swift & Company, Department 128, Chicago 9, Illinois.

DO STEER CALVES GAIN FASTER?

Do male domestic animals grow faster and reach a greater weaning weight than females? This question is the basis of an interesting experiment conducted with beef cattle by Marvin Koger and J. H. Knox, New Mexico, A. & M.

They kept records of weaning weights of Hereford calves from the Experiment Station range herd from 1936 through 1943. Most of the calves were dropped in April of each year and all lots were weaned at approximately the same time each year, in October and November, depending on the feed supply and other factors. The sexes were not separated until weaning time and the bull calves were culled about June 1.

The records reveal that of 419 steer and 444 heifer calves the steers averaged 443 pounds and the heifers 411 pounds at weaning age. The calves of the steers were kept track of and in all cases the steers averaged heavier than the heifers.

It was also determined that, except for the first two years when the number of calves was small, the bull calves were dropped an average of five days later than the heifers.

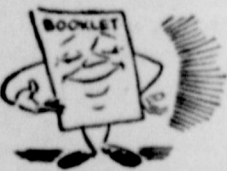

EGGS IN HASH NEST

By Martha Logan

Combine 6 cups ground cooked beef or lamb, 3 cups mashed potatoes, 4 tablespoons minced onion, 1 1/2 cups top milk. Melt 8 tablespoons fat in skillet and cook hash until heated through. Season to taste. Shape hash in patties and place on greased shallow baking pan. Make a hollow in the center of each patty. Slip an egg into the hollow and season with salt and pepper. Bake in a moderately slow oven (325° F.) for 20 minutes.

First Program Of Southern School Assemblies Oct. 17

The first program in the Southern School Assemblies series, The Charm Quartet, will appear in Sanderson at the high school auditorium on Wednesday, October 17, at 8:00 p.m.

These four charming young artists have been singled out to receive special honors and scholarships in their particular field by the music conservatories and guilds of Chicago, which have recognized their unusual talents. They were chosen by the producer of this musical program after auditioning many artists over a period of four months. That the combination is calculated to delight the eyes as well as the ear is apparent the moment these young women appear on the stage.

The Three Graces have made a specialty of close harmony typical of the radio and modern productions. Folk songs of many nations will be sung, in costume making this one of the highlights of the program.

The musical comedy and operetta selections have been chosen from shows with the locale in the Western Hemisphere. They include such popular medleys as "My Maryland," "Rose Marie," and "Naughty Marietta." The most successful of these selections is a medley of songs from the great Broadway success "Oklahoma," one of the smash hits of all time.

The pianist proves to be a high spot in the program with her splendid solos.

The program includes solos and duos by all the performers with special musical arrange-

Beware Coughs from common colds That Hang On

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ-laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

who helped bring victory in Europe and the Pacific, as he has served on both fronts.

He sends his sincere regards to all of his friends from Sanderson, and hopes to come back to the states very soon, and see everyone again.

Pfc. Roberto Calzada of the Air Corps is here on furlough visiting his parents, Mr. and Mrs. Jesus Calzada, and family.

Pvt. Elizandro Pridden of the Service Supply Department has recently been discharged. He arrived home this week.

Calixto Presas, Jr., of Sanderson, Tex., a veteran of one and one-half years overseas duty has been honorably discharged from the Naval Reserve at the U.S. Naval Hospital, San Diego, Calif. The Eleventh Naval District announced today.

The former coxswain enlisted in the service in December, 1943 and was aboard an LCI(G) (Landing Craft Infantry Gunboat) supporting underwater demolition work. His group helped with the cleaning up of beach-heads before D-Day at Guam and Iwo Jima. He was also at Saipan.

The Texas veteran's wife, Mrs. Ofelia Presas, and his parents Mr. and Mrs. Calixto Presas, Sr. live in Sanderson.

All of these lovely young artists have appeared with various radio networks as well as in many theatres, including the famous Chicago Theatre, where they were an outstanding success.

The popularity of the program is due in great measure to the balancing of well-loved classics with rhythmic modern numbers so popular today in the United States and Latin American countries. Romberg, Friml, and Victor Herbert have a prominent place alongside "The Lord of the Prayer" by Malotte; "Clavallitos" by Verdes, as well as character songs, comedy and folk songs.

All persons who have not purchased season tickets may do so at the door that night. Those not desiring to buy season tickets may pay the general admission of 11 cents for elementary students, 22 cents for high school students, and 33 cents for adults.

May we take this opportunity to remind the public that these programs are sponsored by the P.T.A. in answer to the oft repeated statements "There is nothing to do in Sanderson. There is no place to go." At least once a month there will no longer be that excuse. Everyone will have a chance to see and hear nationally famous artists at a minimum price.

The P.T.A. hopes that every citizen will whole heartedly support these series, for unless you do the P.T.A. can not financially sponsor these programs. Our season ticket sale was far below the cost of these programs, and it is hoped that your patronage will be such that the P.T.A. will be able to meet expenses and not have to make up the difference out of its already limited treasury.

Please remember we are not asking you to donate to this cause, but are providing for you professional entertainment at the lowest possible price.

Lamar Ward P.T.A. In Regular Meeting At School Auditorium

Lamar Ward Parent-Teacher Association met in regular session Monday, October 8, in the auditorium. Mrs. Pablo Flores, president, called the meeting to order and the sixth and seventh grades presented a play, "Columbus Sees Into the Future." The main characters in the play were given by Eulalia Escamilla as Queen Isabella; Genaro Valdez as King Ferdinand; and Rodolfo Hernandez as Columbus.

Special numbers presented in connection with the play were: a reading, "It's One World," written by Mrs. Dorothy T. Lindley and read by Tomasita Yturbe; "The Blue Danube Waltz," piano solo by Miss Myrtle Harrell; and Mrs. Salazar's dancing pupils presented two numbers, El Jarabe Tapatio, Rosita Aguilar and Carroll Lassiter; El Baile Ingles, Misses Elvida Barrera and Edelmira Coronado. Mrs. Pablo Ochoa gave the discussion for the evening, "The Parent and Teacher As Partners."

In the business which followed reports were given by the room mothers on the membership drive. Mrs. Alejandro Escamilla, room mother for the seventh grade, gave in a 100 per cent membership for her room. All reports were good and it is hoped that in November there will be other gold star reports. It was voted to have 125 year books printed instead of the usual 100 on account of the increased membership this year. The seventh grade won the room award for having the greatest number of parents present. Meeting adjourned. The next meeting will be held November 12.

Officers Elected For Newly Organized Club

The T. A. G. Club was organized and officers were elected at their first meeting, held October 7th, at the home of Gloria Olivares.

Officers elected are as follows: President, Angelita Hernandez; Vice-President, Enequina Ochoa; Secretary, Maria Luisa Salecido; Treasurer, Elvida Ochoa; Reporter, Graciela Hernandez. Members of the newly organized club for teen-age girls are: Isabella Florez, Tomasa Loper, Cecilia Marquez, Ernestina Ochoa, Gloria Olivares, Anne Cardenas, and Edelmira Coronado.

The next meeting to be held will be on October 21st.

EAGLE NEWS—

PERSONALITY OF THE WEEK

Betty Sue Yeates
In this weeks personality we find a blonde and a red-head. Yes, Mary Agnes and Doris Mc. They were chosen for their ability in leading the pep-squad. It takes a lot to work with the pep-squad girls and they've certainly got what it takes.

LIBRARY NEWS

The Library club met in the English room at the third period October second.

The books have been rearranged for the convenience of the student librarians.

It has been decided that two student librarians will work at the desk, while two students work behind the stacks mending books and etc.

The P.T.A. is going to donate to the library fifty dollars to be used for buying books during the year.

Biographical sketches of 303 persons important in varied fields are now available in current Biography 1944, a "who's news and why", just received at the Sanderson Library, Mrs. Hasty, Librarian, announced today.

SPORTS TID-BITS

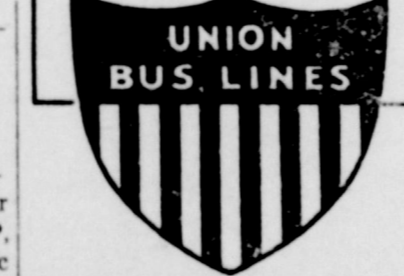

The boys last week really did get out there and practice. They worked hard for the game Friday, but it seemed that the game was put off until Saturday on the 'count of the rain that has been almost a terror to the town for the past two weeks. Saturday came around and the boys left here at 12:00 P.M. They got out here about 25 miles out of town and couldn't go any farther. It seemed as though there would have been quite a bit of embarrassment if any jades had happened along at that moment.

The pep-squad had a pep rally last Thursday at 6:30 P.M. They met in front of the Gym and marched down on main street and finally made a circle in front of Kerr's store where they "yelled" for about 30 minutes. On the way back to the school they did the Conga. The audience was the foot-ball boys and the town people. The boys were sitting in Tootie's car and you should have heard them when Cookie started the conga!!! You can use your imagination!!! This is all for

ASSEMBLY

The seventh grade had charge of the assembly program on Friday, Oct. 5th. The program opened with two songs by the seventh and eighth grade girls. The girls sang "Kentucky Babe," and "Bell Bottom Trousers." The second part of the program was a picnic. Those who had part in the picnic were:

George Fisher, Betty Faye Sullivan, Jimmy Bradford, Margaret Lou Kennedy, Ruth Ann Kelly, Jimmy Carter, Albert Klassen, Richard Lee Turner, Barbara Clark, Betty Mayfield, Lee Barfield, and Wayne Cade.

It was announced that the first Southern Assemblies Program would be on Oct. 17th. The cheer leaders led in a pep rally which started with the School Song "We're Loyal To You Sanderson High."

Mr. Bradford announced that the football boys might not get to go to McCamey on Friday on account of the rain but the game is scheduled for Saturday instead, if the weather conditions permit.

SOPHOMORE NEWS

There isn't much to say kids, but we did have a meeting last Wednesday (the third). We had a few suggestions for the play that we will have Friday the 19th. And we're still working on it although it promises to be pretty corny. But you may know the acting ability that the Sophomore can produce!!!

By the way did you know that

QUICK TRICKS

THAT WORK LIKE MAGIC TO IMPROVE YOUR LIGHTING

Keep bulbs, bowls and enclosing globes clean. You'd be surprised how much dust and dirt hold back light from your portable lamps and fixtures. Just by washing bulbs, bowls and enclosing globes you can get up to 30% more useable light. Disconnect portable lamps before washing and be sure bulbs and bowls are dry before reconnecting.

Brush or clean lamp shades regularly. If lamp shades are dirty or turning yellow inside, you may be losing as much as 50% of the light you're paying for. Clean or brush lamp shades regularly. If they are too dark or discolored, relinc them or replace them with fresh shades with white or very light linings.

Fill empty sockets and replace blackened bulbs. Bulbs that have turned black with age rob you of light. Replace them with bright, new bulbs of right size and you'll get a lot more light at little or no increase in cost. Fill empty sockets, too. They're eyestrain breeders!
