## Temporary Officers Elected for Highway Group at Del Rio

Rev. John W. Byrd, president of the Sanderson Rotary Club and C. G. Bradford, Superintendent of the Sanderson schools, also a member of the Rotary Club, were in Del Rio Wednesday of this week to attend the meeting of Chamber of Commerce executives and interested business men for the purpose of reorganizing Highway 90 Association.

Hilary B. Doran, president of the Del Rio Chamber of Commerce, was named temporary chairman of the group, and J. A. Kercheville, president of the Del Rio Junior Chamber of Commerce, will serve as temporary secretary.

"Big Bend Border Route" was the name suggested for highway 90 from El Paso to San Antonio.

The temporary officers assisted by their committee, will work out plans for publicity and other details to be presented at a meeting to be held soon for the purpose of perfecting a permanent organization.

Time and place of the next meeting will be announced later and it is hoped that each town along the route from El Paso to San Antonio will send a delegation to this meeting to complete the plans of this organization.

## Mrs. Tol Murrah Is Hostess to Wednesday Bridge Club Members

Wednesday Bridge Club members were entertained by Mrs. Tol Murrah on club day this week.

Mrs. Bustin Canon was winner of high score prize, Mrs. W. W. Sudduth second high, and Mrs. Steve Stumberg, consolation.

Following the games the hostess served pineapple upsidedown cake topped with whipped cream to Mrs. Canon, Mrs. Sudduth, Mrs. Stumberg, Mrs. Jim Kerr, Mrs. P. E. Dishman, Mrs. Sims Wilkinson, Mrs. W. H. Buchanan, and Mrs. Web Townsend.

## Sgt. James B. Newman Stationed in Korea

WITH MILITARY GOVERNMENT IN KOREA.—Sgt. James B. Newman, 27, former locomotive fireman of Sanderson, is serving in the Public Safety Section of the 39th Military Government Company, in Korea.

Entering the Army in October 1944, at San Antonio, Sgt. Newman attended the Personnel and Administrative School at Ft. Warren, Wyoming. Later, he was transferred to Ft. Jackson, South Carolina, and Camp Beale, California. Assigned to Military Government, he was ordered to the Civil Affairs Staging Area at the Presidio of Monterey, where he joined the 39th Military Government Company. Promoted to Pfc. in September, and to Cpl. in October, he left the States that same month for duty in Korea. He was promoted to Sgt. in November.

A graduate of Harlandale High School in 1936, he also studied at the Schreiner Institute for two years. He is a member of the Brotherhood of Locomotive Firemen and Engineers.

Sgt. Newman's wife and three children are living in Sanderson. His parents, Mr. and Mrs. Bertram Walker, live at 218 E. Mayfield Blvd., San Antonio.

S-1c David Duke has returned to his base at Bainbridge, Maryland, after visiting here with his parents, Mr. and Mrs. D. M. Duke.

Mr. and Mrs. Charlie Murray and Mr. and Mrs. R. Clark, were visitors in San Antonio a few days this week.

Christmas and New Year's are observed the world over.

## Victory Bond Sales For Terrell County Amount to \$70,943.25

Total bond sales for Terrell County at the end of the Victory Loan drive which ended December 31, amounted to \$70,943.25. This amount exceeded the quota of this county which was \$65,000 by about \$6,000.

## Veterans Who Want To Attend School Will Get More Pay

Colonel H. Golightly of the New Mexico U. S. Army recruiting district recently pointed out to his recruiting teams that the amendments recently made by Congress to the "GI Bill of Rights," provide greater pay for veterans that desire to attend colleges, universities or vocational schools.

The GI bill now provides that unmarried students can receive up to \$85.00 a month for maintenance, and if married \$90.00 a month. The government also pays for all tuition and laboratory fees to the maximum of \$500.00 a year. Men now enlisting in the regular army become eligible for the advantages of offered veterans under the GI bill and a three year enlistment in the Army guarantees a four-year college education in the college or university of the veteran's choice.

Some persons, the Colonel said believe that the education guaranteed in the GI bill is in an Army school. This is entirely erroneous he said. The veteran goes to a civilian school as a civilian under the provisions of this bill.

## Famed 36th Division To Meet for First Reunion in Brownwood

BROWNWOOD, January 11.—The first reunion of men of the famed 36th Infantry Division the "Texas Division" which invaded Hitler Europe at Salerno fought through the rugged mountains of the interior of Italy, and pushed the Nazis back through France, Germany and Austria, will be held in Brownwood January 19-21.

All former members of the 36th Division—and that includes veterans of the World War I Division—are invited to attend the reunion by officials of the 36th Division Association and by the City of Brownwood and the Brownwood Chamber of Commerce.

Highlights of the three-day reunion include a street parade in downtown Brownwood, memorial services for 36th Division men killed in action, several dances, business sessions and general get-togethers of the Texas soldiers.

Sunday afternoon, January 20 Governor Coke R. Stevenson will dedicate the 36th Division State Park at nearby Lake Brownwood. Major General Fred L. Walker wartime commander of the 36th will accept the park on behalf of division veterans.

Numerous state and national dignitaries, including high-ranking War Department officers, will attend the reunion.

Persons planning to attend the reunion should write or wire for hotel, tourist court or private home room reservations to the Brownwood Hotel as soon as possible. Only reservations for double rooms at hotels can be accepted. Single men can, in an emergency, be accommodated at Camp Bowie.

Mr. and Mrs. J. C. Green and children have returned to their home in Eagle pass after visiting here for two weeks with relatives.

Lts. Clarence H. and Charles W. Bell have returned to their home in Valentine after visiting here with Mr. and Mrs. Jack Laughlin and other relatives.

Mr. and Mrs. J. T. Williams and daughter, Kay, are visiting relatives in Fort Davis.

W. W. Sudduth was a business visitor in San Antonio Monday and Tuesday.

## Ceiling Prices On Cord Wood Is Announced by OPA

Reports of over-ceiling prices charged for firewood in many localities this week prompted an announcement from W. E. Bedford, price specialist of the San Antonio district Office of Price Administration, regarding legal maximum prices per cord.

Firewood is priced under an order which covers wood sold both by truckers, uncut, and cut wood.

Bedford stated that the maximum retail price for firewood is \$10.50 per cord. The same price (\$10.50) applies to wood sold by truckers. The following ceiling prices also apply: For one-half cord, \$5.25 plus \$0.25, or a total of \$5.50; for one-third of a cord \$3.50 plus \$0.50, or a total of \$4.00.

"These prices apply to any kind or length of firewood," Bedford explained. "A seller of firewood may make a flat charge of \$1 per cord for cutting. This is all that may be allowed, no matter how many times the wood is cut by the seller."

## Mrs. Conway Pickard Entertains Members Friday Bridge Club

Mrs. Conway Pickard entertained members of the Friday Bridge Club last Friday afternoon. Mrs. Sam Underwood was winner of high score prize, Mrs. Ted Baker second high and Mrs. W. H. Buchanan consolation.

Following the games, guests exchanged gifts, since their Christmas party had been postponed due to illness.

A salad plate was served to Mrs. Underwood, Mrs. Baker Mrs. Buchanan, Mrs. Harvey Krauss, Mrs. Horace Fletcher Mrs. M. H. Goode, and Mrs. Austin Nance.

## To Head Atomic Energy Research

ANSTIN, Tex., Jan. 11—Dr. H. R. Henze, professor of pharmaceutical chemistry at the University of Texas, has been elected permanent chairman of the Texas Association for the Study of Social and Political Implications of Atomic Energy. A. D. Glover, special instructor in photography, is vice chairman.

At the organization meeting of the Association, University of Texas members discussed how to make the necessary economic, social, political, and cultural adjustments to the atom and other great technical innovations which have come in the past 25 or 30 years.

The University is initiating the movement for the Association in Texas, and will carry it to other campuses and throughout the state.

Mrs. G. M. Medlock has returned home from east Texas where she visited her mother, Mrs. J. P. Pinson.

## Members of Tuesday Bridge Club Meet With Mrs. Hugh Rose

Mrs. Hugh Rose was winner of high score prize, Mrs. Austin Nance second high and Mrs. Horace Fletcher consolation when Mrs. Jim Nance entertained the Tuesday Bridge Club this week.

Pecan Pie and coffee were served to Mrs. Bustin Canon, Mrs. Robert Duncan, Mrs. Walter Grigsby, Mrs. Rose, Mrs. Tol Murrah, Mrs. P. E. Dishman, Mrs. Lee McCue, Mrs. Nance, Mrs. C. P. Peavy, Mrs. W. H. Buchanan, Mrs. Fletcher and Mrs. Conway Pickard.

## Public School Land Forfeiture Approved By Bascom Giles

AUSTIN, Jan. 8.—Bascom Giles, Commissioner of the General Land Office of Texas today approved the forfeiture of approximately 14,767 acres of Public School Land because of failure of purchasers to pay annual interest. The majority of which was several years in arrears.

Under State statutes owners have five years to reinstate their properties by payment of delinquent and penalty interest.

None of the land forfeited was owned by service men, Giles said. The land forfeited is located in Culberson, Hudspeth, Brewster, Loving, Presidio, Terrell, Reeves, Oldham, Milam, Jones, Robertson, Van Zandt, Ward, Wharton, Orange, Cass and Armstrong Counties.

## Mrs. H. M. Beckett Program Leader For Monthly P. T. A. Meet

Mrs. H. M. Beckett was leader of the Parents and Teachers Association meeting January 10 at 4:15 p.m. at the High School Auditorium.

Following the invocation by the Rev. John W. Byrd, the members repeated the pledge of allegiance in unison, then under the leadership of Mrs. W. H. Grigsby sang "God Bless America." Miss Mary Alice Allen accompanied the group at the piano.

"Polite Priscilla and Gertie the Goop," was the title of the play presented by the third grade pupils. Mrs. A. A. Shelton is the room teacher.

"Religion for our Children," was the subject discussed by the Rev. Clifford Spencer. Members enjoyed the discussion of this interesting and timely subject very much.

Mrs. W. A. Kay, president of the 15th District, informed the group by letter of the activities of the district planned for the future. Her resolution "to be a better P. T. A. worker in 1946," is a suggested one for all P. T. A. workers.

"The Baxter Family," a radio program sponsored by the National Congress of Parents and Teachers is to be heard on the following Texas stations: NBC on Saturday from 1:30 to 1:45, CST; KGN at Amarillo, and KRH at Weslaco. A re-broadcast will be carried by WFAA, Dallas, from 3:45 to 4:00. Members are urged to listen.

The third grade won the two dollar prize for having the most parents and visitors present who stood up in their behalf.

Clyde and Ross Lee of Ballinger, Texas, and Miss Helen Coss visited recently with Mr. and Mrs. S. H. Underwood. Clyde Lee is a nephew of Mrs. Underwood and has recently returned from overseas service. Ross Lee is Mrs. Underwood's brother.

Mrs. Roger Rose returned Wednesday from Corpus Christi where she visited her mother, Mrs. E. P. Estep.

A male chorus of 22 voices has been organized by the Herbert Paul Lentz Post 29 of The American Legion at Allentown, Pa.

## Name W. W. Sudduth To Head March Of Dimes Campaign

DALLAS, Jan. 11.—W. W. Sudduth of Sanderson has been appointed Terrell County director for the 1946 March of Dimes campaign to carry on the work of the National Foundation for Infantile Paralysis in its battle against the dread cripple.

George Waverley Briggs, Dallas, chairman of the Texas State Committee for the fund-raising celebrations in January, announced the appointment of the local director who, in turn, will organize a full committee of local civic leaders immediately.

Entertainments of all kinds and cash collections for the March of Dimes are being planned to raise funds for combating the disease which cripples thousands of America's children each year. The local campaign will tie in with activities in all Texas counties, now being extensively organized.

Last year 253 Texas counties participated in the campaign raising \$611,192, of which Terrell County raised \$570.81. Citing the severe polio epidemic of summer, 1945, the director expressed hope that the 1946 contributions would be materially increased.

"Fortunately, through funds from last year's March of Dimes campaign, we were prepared to meet the 1945 epidemic," Mr. Sudduth reported. "More than \$6,500,000—or 65 million dimes—was spent by the National Foundation and its chapters over the country for transportation, hospitalization, services of doctors and nurses, and special equipment such as hot pack machines, iron lungs, braces, crutches and wheelchairs. Treatment of a polio patient costs an average of \$2,500 a year and must be continued for years to effect recovery. Since no one knows where or how hard polio may strike in 1946, we must again be ready to meet the attack wherever it may come, as well as continue treatment still necessary for patients of previous years. Contributions to the March of Dimes is our assurance that no victim of infantile paralysis will go uncared for, regardless of age, race or creed."

Half the contributions raised will remain in the county chapter for care and treatment of local patients, while the other half goes to the National Foundation for epidemic aid, education and research to find means of preventing the disease.

## Junior Woman's Club Entertained Thursday By Mrs. Wiley Cox

Mrs. Wiley Cox was hostess to members of the Junior Women's Club in her home Thursday night, January 10 at 7:30 o'clock. Colorful nandina leaves and berries decorated the Cox home.

Miss Mary Bess Hardgrave gave a very interesting report on the "Country of India," and the leader of the program, Miss Anna Lee Allen, gave a thorough review on the book "A Texan in England," written by J. Frank Dobie.

The hostess served a delicious salad, stuffed celery, potato chips, olives, cookies and coffee to Mesdames Bill Jourdan, Seth Davenport, Ted Baker, Conway Pickard, Jimmy Gholson, and Misses Mary Bess Hardgrave, Anna Lee Allen and Margaret Lattimore.

## LOOKING AHEAD

GEORGE S. BENSON  
President—Harding College  
Searcy, Arkansas

LOOKING CUSTOMER  
The automotive industry example. It is probably the most profitable of all diversified crafts for generations, and it must keep up if this country is to stay free. Catering to the customer is an honorable and interesting activity, and nothing to stop it but the laws. May they never be repealed! Certainly 1946 is the year to experiment with silly

Primitive Notions  
The first time a car dealer decided suddenly to get out of his business and put in new machinery, the stockholders were worth the stockholders. Maybe, in that long-ago, stockholders consider such expenses wasteful. Catering to the customer is exactly what makes dividends grow big.

Imagining also that the early days of the carriage, some factory workers worried about their jobs for a while after lower wages were announced. Producers good workmen ask how long can the big boss pay them after he starts cutting the consumer? Doubtless are wiser now than the old-style workers.

Imitating Nobody  
Better machines, more and less costly, have been developed and created by good jobs. Wage and stockholders prosper together while shrewd investors studied King Customer needs and met them. The Japs struck Pearl Harbor and the United States had automobiles for every four or five for each 139 people in the world.

Manufacturers know that leads to national disaster. Just the same, they urged to turn aside from a course completely to western industry.

Old jungle road that many great races in. It means business service. It means opening records to be thumbed by partizan fact-finding agencies.

Looking for What?  
A committee will be composed of wages—only with it will have small increases in prices of cars to the consumer in returns to investment. It is to say what an employer is able to pay, wages are determined by a workman's ability to produce.

The new concept seems to be an employer's saving scheme on wage levels. A scheme would earn wages all but such a share of a firm's earnings. Investors would turn a profit would cash receipts would suffer. Quality would advance and sales would be produced by the employer's ability to produce the surest (if not the way to hopelessly low wages and a dog's life for us all.

Reclamation is needed in the western United States. Statistics of the Bureau of Reclamation show that in the area receiving under 10 inches of precipitation there are 153,000,000 acres; from 10 to 20 inches about 588,000 acres; 20 to 30 inches; 314,000 acres, and a limited area on the west coast and in the high mountains receives more than 30 inches. The difficulty is that the rain in the arid regions does not come when needed during the growing season.

#### Will Broadcast Dimes Appeal

President Truman (left) assures Basil O'Connor, President of the National Foundation for Infantile Paralysis, that he will broadcast the March of Dimes appeal to the nation January 30, birthday of Franklin D. Roosevelt, his predecessor and the founder of the NFIP. "I am happy to extend my fullest cooperation in your annual appeal," the President told O'Connor.

#### SHIP PW'S HOME BY APRIL

WASHINGTON, D. C.—The War Department Bureau of Public Relations has announced that prisoners of war would be withdrawn from military work by the last of March, 1946, and that all enemy prisoners would be shipped out of the United States by the end of next April.

This will accomplish a recommendation of the 1945 national convention of The American Legion adopted in Chicago, demanding enforcement of Article 75 of the Geneva Convention, which calls for the return of prisoners of war to their own countries without exemptions for their future stay or readmission. The War Department release said there was "considerable pressure for the retention of prisoners of war in this country as a source of labor," but pointed out that there are now 1,800,000 persons drawing unemployment compensation.

#### Terrell County Has Huge Job Ahead On Making Home Repairs

More than \$103,000 is expected to be spent during the next five years by Terrell County home owners on remodeling and repair work.

The year 1946 promises to inaugurate one of the greatest eras in American history for home repairs and modernization, according to estimates released by the Tile Council of America. "Few developments will contribute more to employment and general prosperity in any community," according to R. E. Jordan, chairman of the Council's Residential Construction Committee.

Because of lack of materials and manpower during the war majority of the county's 824 dwelling units are in need of some kind of repair or remodeling work. Kitchen improvements and modernization of bathrooms, installation of tiled showers and in some homes addition of a second bath top the nation's list of most wanted major improvements, Jordan said.

Outside paint jobs are needed on more than 50 per cent of homes, and addition of rooms and construction of porches also rank high in remodeling plans according to the report. New roofing and heating plants are required by many dwellings.

Home owners in Texas will spend an estimated \$226,215,000 and those of the nation more than \$5,500,000,000 for major repairs in the next five years, according to Jordan. Ample funds at low interest charges are available for such work through commercial banks, savings and loan associations, credit unions and mutual savings banks, he pointed out.

#### AIR CARGO SPACE RISING

WASHINGTON—Plans of the nineteen domestic airlines call for increasing their cargo carrying capacity more than five fold above the 1944 level according to the Air Transport Association of America.

LANSING—Michigan is now registering aircraft annually and the fee is one half cent a pound of the net weight of the plane empty. Fees will be credited to the state aeronautics fund and will be used in airport development.

#### THE OLD JUDGE SAYS...

ART: "Saw you at the movies last night, Judge. That was quite a weekend that alcoholic went through, wasn't it?"

OLD JUDGE: "Sure was, but I'm afraid most people won't really understand it."

ART: "What do you mean, Judge?"

OLD JUDGE: "Simply this. That poor chap was really a sick man...not just a drunk. Studies by famous psychiatrists and the medical profession show that alcoholism is not caused by a craving for alcohol...it is usually the result of some deep-rooted social, physical or emotional condition. If that fel-

low had not turned to alcohol for escape, he would have turned to something else."

ART: "Are there many that get in that condition, Judge?"

OLD JUDGE: "Fortunately not, Art. Scientists at a great university have stated that approximately 95% of the people who drink do so sensibly. Only 5% are immoderate at times. In that 5% is the small number known as alcoholics. And the beverage distilling industry which does not want a single person to use its product immoderately, is cooperating fully in the solution of this problem."

## ATOMIC BOMB

Atomic Bomb was the re-  
 sult of knowledge which Allied  
 forces pooled. The bomb was  
 dropped on the desert of  
 Nagasaki at 5:30 a. m. on the  
 day of July 16, 1945. The

 the city was destroyed. The city

## KAT'S KLAW

Hello peoples:  
 I still can't seem to get the  
 holidays off my mind. There's a  
 lot to tell ya! Yeh about—well  
 about people. Now take Birdie.  
 Who did she get that letter  
 from a few days ago? Wonder if  
 it happens to be from Rock-  
 springs?

If I'm seeing right, Aggie  
 seems to have received one  
 from (you guess who) Doyce.  
 Ain't love grand!

And Betty Sue, how did you  
 get your legs scratched up? You  
 shouldn't have been horse back  
 riding? Or were you really rid-  
 ing a horse?

Gee, looks like Tim is winning  
 out after all. But still, I can't  
 believe my ears and eyes, but  
 saw Oro Mae and Temple at the  
 show Friday nite. Well, they can  
 really change their minds.

"Bado is a dope", remember  
 one certain girl. Why? He for-  
 got he had a date with her. Re-  
 markable! But that's in the  
 past.

Who is this "J. R." Hazel is so  
 interested in? By the way, she  
 was having a wonderful time at  
 the Langtry dance New Years.  
 But from my squeezing position  
 I couldn't tell whether Betty  
 Pearl or Lizzie was doing the  
 best with our old friend, Sammy  
 Tinney. Could it be Betty Pearl  
 and Sammy again? Read this

"Teetness" Davis was really  
 doing "super-duper model-de-  
 luxe" with our Comstock boy,  
 namely, Buster Deaton. Seems  
 they are old, old friends, huh?  
 Just friends? Well!!!  
 Jimmie D. and Willie G. were  
 seen with Carolyn and Peavy  
 the first Saturday nite. By the  
 way, what time did you get in?  
 (Remember, little cats have big  
 ears, dig me?)

I wonder why Gates goes a-  
 round singing, "I Can't Begin  
 To Tell You," so much? Could it  
 be another song for that sailor  
 in L. A. No? Oh-by-the-way  
 Doris Mc said to tell Gates that  
 isn't only her song. Well since  
 Johnny has been here we do  
 hear Mc singing it quiet often.

Just wondering, but could be  
 Melvin K. went "dear" hunting,  
 too, while he was gone, eh Mel-  
 vin? Come on fess' up! But re-  
 member, I said "Could be."  
 Cecelia has been looking  
 happy lately, but why shouldn't  
 she be? Hut is not going on a  
 strike from writing. Ever see all  
 the mail she gets?

Heard some girls say they  
 would like to meet the guy  
 named "Jimmy" that Beckett  
 talks about all the time. Better  
 watch your step, Beckett!!!  
 Let it snow, let it snow, seems  
 to be the motto of the week.  
 Looks like it's trying hard at the  
 present so if it succeeds, we'll  
 see who hits who first! Inter-  
 esting game!

Bland Gates (Seaman 1 class)  
 was reported to have had a  
 great big time at Houston. Such  
 a big time that he didn't come  
 home when expected. Wonder if  
 he met anyone he knew? Well?

Don't look now, but Dudley  
 and Cookie look like they are on  
 good terms, at last. Must be, or  
 they wouldn't smile at each  
 other so much. May I repeat,  
 ain't love grand???

Well, right now, I have my  
 drooping eyelids tied to me!

## SCHOOL ACTIVITIES

There hasn't been much doing  
 this week for the seniors.

Mary Alice is back and we're  
 certainly glad to see her.

We are all busy reading plays  
 to pick the one and only senior  
 play of 46.

Well, kids the juniors haven't  
 done much over the holidays.  
 Except that three of the girls  
 were terribly, terribly happy  
 when the ex seniors came home.  
 What have you to say for your-  
 selves Mary Agnes, Cecelia, and  
 Jeanette? Oh! yes, Jeanette  
 aren't you two-timing Bill just  
 a little? Who gave you your new  
 bracelet from Schreiner??

Birdie went to Rocksprings for  
 a good while and said that she  
 had a pretty good time. Most of  
 the kids stayed at home and  
 went to the dance the 26th and  
 29th.

The eighth grade is back in  
 school from the holidays. Miss  
 Lattimore, who has been out  
 for quite a while due to illness,  
 is back with us.

## SPORTS

There was quite a lull in bas-  
 ketball over the holidays but the  
 boys are getting into the swing  
 of things this week. They had  
 two days of practice last week  
 and there seemed to be a lot of  
 moaning going on Friday. It  
 might have been because they  
 were a little sore.

They are getting ready for a  
 home game with the Alpine  
 Bucks next Friday. This will be  
 the first game with them this  
 season so the boys don't know  
 what to expect. They feel pretty  
 confident and are planning up a  
 hard fight.

## THE INQUIRING REPORTER

Do you think we should share  
 the secret of the atomic bomb?  
 Marjorie Jessup—No, because  
 I don't believe there will ever be  
 such a thing as "World Peace."

Dudley Harrison—Definitely  
 NO!!! The world is still too torn  
 up and disagreeable to share  
 such a secret.

Mary Allen—Certainly not  
 You might as well say "Should  
 we be crazy?"

Jeanette Cobb—In my opin-  
 ion, no. Who wants to get their  
 heads blown off yet? I think the  
 secret ought to be destroyed.

Mrs. Hasty—Yes, because it  
 will be only a matter of time  
 until all nations have the secret.  
 Holding the information only  
 fosters ill-will and suspicion.

Paul Counts—At the present  
 time it would be all right. But  
 many things are to be considered  
 when exposing such an impor-  
 tant secret. Before it is exposed  
 there certainly should be some  
 valuable steps taken to counter-  
 act such dangers. Who knows at  
 present? It may be that a mili-  
 tary weapon or it may be that  
 we should help christianize the  
 world.

Malloy Winston—It is my  
 opinion that we should share  
 the secret of atomic power with  
 all countries because the scien-  
 tists of those countries will dis-  
 cover the secret themselves  
 sooner or later.

## SEMESTER TESTS

There has been a change in  
 time allotted to semester tests  
 for this year. A half day will be  
 given for each test, part of test  
 period may be used as study  
 period or review period. 1st and  
 2nd period classes will be held  
 on Wed. 4th and 5th period  
 classes will be held on Thursday.  
 6th and 7th period classes will  
 be held on Friday.

## ODDS AND ENDS

This is a dreary week for San-  
 derson High as it is raining and  
 it is rumored that it will snow.  
 Here's hoping anyway. The mats  
 are all down in the hall and  
 they are certainly needed.

Willie, did someone hit you?  
 I see your eye is battered up—  
 Twert Himmie, twer it!

Mid-term exams are just a-  
 round the corner and you see  
 students hurrying and scurrying  
 down the hall and in the study  
 hall to get material for their  
 term themes. Students are  
 checking library books out and  
 re-checking them to get points  
 in.

Maurine Cox, Earline Deaton  
 and Lewis Lemons were visitors

## NEW TEACHERS TAKE UP DUTIES

Mr. and Mrs. C. A. Ethredge  
 have recently moved to Sande-  
 rson and are teaching in Sande-  
 rson Ward School. Both went to  
 East Texas State Teachers Col-  
 lege at Commerce, Texas. Mr.  
 Ethredge was head coach at  
 Commerce High School. He has  
 been teaching and coaching for  
 six years. She has been teaching  
 four years. They have two  
 children, Sue and Clo Ann. Mr.  
 Ethredge was released on inac-  
 tive status from the Navy in  
 November 1945. We are very  
 proud to have them teaching in  
 our school.

The H. E. girls met Friday,  
 January 4, 1946, and decided  
 they would each give a garment  
 to the clothes drive. Then they  
 worked on books.

**Predict More Meat For Civilians For First Quarter of 1946**

COLLEGE STATION, Jan. 11—United States civilians should find more meat in the butcher shops during the first quarter of 1946 than they did in the same three months one year ago. But the supply will not be more plentiful than it was in the closing quarter of 1945.

According to a statement from the Production and Marketing Administration received by the A. and M. College Extension Service, allocations of meat for civilians January through March "is virtually the same as that for the final quarter of 1945." But it is 18 pounds greater, measured on an annual per capita basis, than in the first quarter of 1945.

The statement said that 5,003,400,000 pounds of the estimated 5,970,300,000 pounds allocated for all purposes was designated for civilians. This would provide for consumption at an annual average rate of about 150 pounds per person. To keep within this poundage, however it may be necessary for some meat eaters to tighten their belt. The report said that in recent weeks civilians have been consuming meat at an average annual per capita rate of about 165 pounds.

The PMA report forecasts that civilians will receive more pork than during the last quarter of 1945, about the same amount of lamb and mutton, but less beef and veal. Although the 1945 spring hog crop now going to market is seven per cent smaller than in the previous spring, peak marketings seem likely to occur in January and the animals will be of heavier weight than a year ago.

An optimistic note may be read into the outlook for meat supplies this year. PMA's statement first points out that the allocation for military and war services for the first quarter of 1946 is only 36 per cent of the amount earmarked for that purpose in the same period one year ago. Secondly, that the total meat production in 1945 is estimated at about 800,000,000 lbs greater than in 1945.

Marketings of beef cattle are expected to continue large, and pork production should be moderately larger than in 1945, the statement said. Output of lamb and mutton, however, will be reduced in accordance with a decline in sheep numbers in the year just ended.

If you stopped all future work of the Bureau of Reclamation leaving the Columbia Basin project uncompleted and all other projects in an uncompleted state which are not in a revenue-producing condition at this time—if you stopped all that work and with \$19,000,000 going into the reclamation fund in the fiscal year 1946, you could pay for it all in gross revenues in 43 years. To say nothing about the increased taxation that the Government gets as the result of those investments, thus testified Harry W. Bashore, former commissioner of the Bureau of Reclamation before a Senate investigating committee.

One of the first of the new peace-time improvements in farming is a hydraulic, easy-ride tractor seat—next best thing, farmers say, to farming from a rocking chair on the front porch.

Production of the new tractor seat was started the day after VJ-Day in the same plant used to produce more than 200,000 seats for Army tanks and other military vehicles. So far, 10,000 farmers in all parts of the country have installed this equipment which smooths out the jolts and bumps by means of a patented combination of two-way, direct action hydraulic shock absorber, variable rated coil spring and sway bar. One of the new owners, C. J. Helser, midwestern farmer, is shown above just after purchasing the seat from the Monroe Auto Equipment Company, Monroe, Mich., the designer and producer.

**Unlicensed Drivers Figure in Numerous Texas Collisions**

AUSTIN, Jan. 11—Unlicensed drivers are figuring in 24 per cent of the fatal collisions in Texas, Director Homer Garrison of the Department of Public Safety said today.

A survey covering 415 "fatal drivers," all residents of Texas, showed that 104 either never had licenses or had permitted their licenses to expire.

"Driver licensing suffered during the war from public apathy and inadequate law enforcement," Garrison said. "Now it's time for everybody to get back on the ball. I hope the people will cooperate voluntarily."

"We don't want to wage a drastic statewide campaign against unlicensed drivers, and we haven't the manpower to do it without neglecting other important work, but increasing traffic fatalities may force us to it."

The well-known record of the Bureau of Reclamation shows beyond doubt that it has fully justified the confidence reposed in it by the Congress for a period exceeding 40 years. No dam built by the Bureau of Reclamation has failed. Yet, that Bureau has constructed the largest mass concrete dams ever to have been built in the world. So far, has its fame spread that its advice and services are constantly sought by foreign governments proposing to engage in reclamation programs of their own. This

is the estimate of the Bureau made by the Senate Committee on Irrigation and Reclamation.

**A "Look at the Books"**

OR

**"A Finger in the Pie"?**

**Which is the UAW-CIO really after? Is it seeking facts—or new economic power? Does it want to know things—or run things?**

**These questions concern you as well as General Motors.**

For years the facts about General Motors have been made public.

In spite of this, the UAW-CIO demands a chance to look at our books, with the hint that we could meet Union demands "if the truth were really known."

We have firmly declined to recognize this as a basis for bargaining:

- 1. The Full Facts are Published**  
How much General Motors takes in each year—how much it pays employees—how much it pays to stockholders—how much it pays in taxes—how much net profit we make—and many other facts are plainly stated in annual reports and quarterly reports.  
These are broadcast to 425,000 stockholders from coast to coast—sent to newspapers and libraries. Additional copies are free for the asking.
- 2. All Figures are Thoroughly Checked**  
Every General Motors annual statement is audited by outside auditors. Similar figures are filed with the Securities & Exchange Commission.  
Does the UAW-CIO honestly believe that General Motors would or could deceive these experts?
- 3. Basis of Collective Bargaining is Defined**  
The Wagner Act lays down the rules for collective bargaining. These cover such areas as rates of pay, hours of work, working conditions.  
No mention is made of earnings, prices, sales volume, taxes and the like. These are recognized as the problems of management.

**4. Something New has been Added**

The obvious fact is that the UAW-CIO has gone beyond its right under the law—and is reaching not for information but for power—not for a look at past figures, but for the power to sit in on forecasting and planning the future.

A "look at the books" is a clever catch phrase intended as an opening wedge whereby Unions hope to pry their way into the whole field of management.

It leads surely to the day when Union bosses, under the threat of strike, will demand the right to tell what we can make, where we can make it, and how much we can charge you—all with an eye on what labor can take out of your business, rather than on the value that goes into the product.

**5. This Threatens All Business**

If the Union can do this in the case of General Motors, it can do it to every business in this land of ours.

Is this just imagination? Union spokesmen have said, "The Union has stated time after time that this issue is bigger than just an ordinary wage argument, that it is bigger than the Corporation and bigger than the Union."

For Labor Unions to use the monopolistic power of their vast membership to extend the scope of wage negotiations to include such things as hours and working conditions is the first step toward handing the management of business over to the Union bosses.

We therefore reject the idea of a "look at the books" not because we have anything to hide but because the idea itself hides a threat to all business, and to you, the public.
