To Receive Bids On Highway Project East of Sanderson

Sealed proposals for constructing 7.137 miles of highway immediately east of the Sanderson Canyon Bridge, will be received until 9:00 a. m., February 19, at the State Highway Department at Austin.

Beginning at the east end of the Sanderson Canyon Bridge, the contract calls for a new roadbed along the proposed route which follows the foot of the hills to the east of the present highway, continuing to a point about four miles from town where an overpass over the railroad will be built. From this point the new road will travel a part of the present roadbed, then will cut across to the top of the hill which is called "Five-Mile," eliminating the numerous curves at this point.

According to A. W. Pope, resident engineer, it is thought that actual construction work will start sometime about the first of March.

Plans for this project were laid some three years ago, but have been held up due to the war, and was designated No. 1 in the post-war plans for highway construction in this area.

Charles Rogers Gets Discharge At Camp Wallace

Charles Rogers, 22, Radarman Third Class, has recently received his discharge from the Navy at Camp Wallace, Texas.

Charles entered the Navy May 24, 1943 and has served 27 months in the Pacific Theater. He took part in the Philippines, Okinawa and Iwo Jima campaigns. He also took part in the occupation of Japan.

Returning Veterans

PEARL HARBOR, T. H.—T-5 Rodriguez, of Sanderson, Texas, is one of 1,630 Army veterans returning to the States aboard the S. S. Azalea City, which left Yokohama, Japan, January 19, and is scheduled to arrive in Seattle about February 3. The S. S. Azalea City is one of many Merchant Marine ships which assisted the Navy in maintaining supply lines to island bases seized throughout the Pacific.

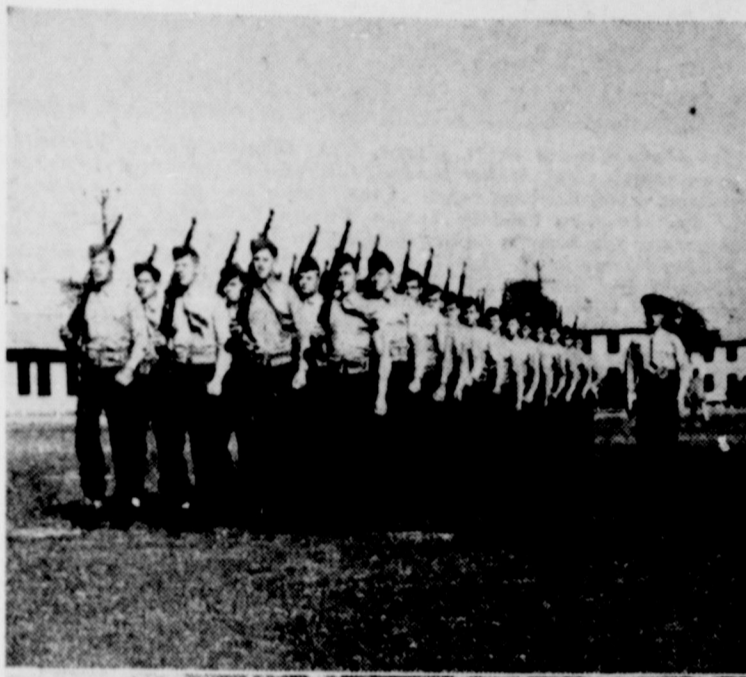

PEARL HARBOR, T. H.—T-5 Alberto Calzada, son of Mrs. Francisco Calzada, of Sanderson, Texas, is one of 964 Army veterans returning to the States for discharge aboard the U. S. S. Kwajalein, an escort carrier of the "Magic Carpet" fleet, which left Saipan, January 18, and is scheduled to arrive in San Pedro about February 2. The U. S. S. Kwajalein operated as a transport during the Pacific war when this ship was used to supply airplanes and pilots to Admiral Halsey's Third Fleet.

LEYTE, P. I.—Private First Class Enrique C. Gutierrez, of Sanderson, Texas, is on his way home after 20 months in the Southwest Pacific. The Private First Class is being processed for return to the States at the 28th Replacement Depot (Disposition Center) on Leyte, P. I.

Pfc. Gutierrez came to the Pacific Theater on May 8, 1944 landing at New Caledonia. He served as a Machine Gunner with the 746th Anti Aircraft Artillery Battalion and participated in operations at Bougainville, the Solomons, and Cebu P. I.

He is entitled to wear the following ribbons: the Asiatic-Pacific Ribbon with two campaign stars, the Philippine Liberation Ribbon with one campaign star and the Good Conduct Ribbon.

Active Marine Corps Reserve Units Authorized

U. S. Marine Corps Photos

Post-war activities of the United States Marine Corps include an active peace-time reserve of civilians comprising ready and standby components. Members are assigned to units nearest their homes and attend weekly drills (upper left). Active duty training in the field stresses physical fitness (lower left) and includes 15 days of active duty each year. Reservists may enroll in the Marine Corps educational program, demonstrated by a student using an ocean. Information concerning the location of Organized Reserve units and other complete details will be made known shortly. It has been announced by Marine Corps Headquarters.

To Hold Competitive Examinations For State Health Jobs

Competitive examinations for positions in the State Department of Health have just been announced by the Merit System Council for the Texas State Department of Health. Examinations are for professional and technical positions, and will be of the unassisted type consisting of an evaluation of training and experience. Veterans preference will be allowed applicants who have been honorably discharged from the United States armed forces and who make a passing score on the examination.

All applications must be mailed before midnight March 1, 1946. Positions for which examinations will be held, and their salary ranges are as follows:

Director, Maternal & Child Health, Field Consultant, M. & C. H., Field Consultant, Local Health Services, Field Consultant, Venereal Disease (The foregoing must be graduate physicians); Public Health Dentist; Engineer, Health Education Consultant, Public Health Nursing Consultant, Sanitation Consultant, Field Sanitation Supervisor; Nutrition Consultant; Administrative Assistant; Bacteriologists; Chemists; Entomologists; Immunologists; Serologists; Pharmacists.

Applications blanks may be obtained from Russell E. Sharder, Merit System Supervisor, Littlefield Building, Austin, Texas.

Baptist Training Union to Hold Sweetheart Banquet

The Training Union of the Sanderson Baptist Church announced this week they will have their "Sweetheart Banquet" the night of February 14, at the church.

This banquet is for all the members of the church and also their guests. Tickets are on sale this week at 15 cents each. According to plans given out this week members may dress formal or informal.

Founders' Day Is Observed Thursday By Sanderson P. T. A.

The Sanderson P. T. A. met Thursday, February 7, at 7:30 in the evening at the High School Auditorium. Mrs. W. H. Savage president called the meeting to order. Mrs. Austin Nance was program leader for the meeting.

The Parent Teacher creed and pledge of Allegiance was said in unison, after which a duet was offered by Misses Ora Mae Blackwelder and Doris Duke.

The second grade offered a three-act play about George Washington, and also gave three songs, "School Days," "Fuzzy Wuzzy," and "Chickety Chick." Miss Mary Bess Hardgrave is the second grade teacher.

Mrs. Isabelle Hasty led a group discussion on "Managing Our Moods." Founders' Day was observed at this meeting, with Mrs. Walter Grigsby bringing a special Founders' Day message. The school's first P. T. A. was organized in 1911, and at that time was known as "The Mothers' Club." Mrs. S. C. Bodkin, the first president of the organization was in attendance at this meeting, as were eight past presidents.

Mrs. Sam Bell, P. T. A. Health Chairman, announced that plans were being made for the T. B. patch tests. Dr. Pate has offered his services to the school for these tests. Mrs. Malone Mitchell and Mrs. Jimmie Hanson will serve on the committee with Mrs. Bell. Plans are also being laid for the District P. T. A. Convention which will be held in Sanderson April 9 and 10. The president appointed a nominating committee. Mrs. Tol Murrain will serve as chairman and Mrs. Sam Bell and Mrs. John Byrd to serve with her.

Mrs. Kay, District President will be in Sanderson Saturday February 16 at 1:00 p. m., to help with plans for the District Convention. The meeting will be held at the home of Mrs. C. P. Peavy and all committee chairmen are urged to be in attendance at this meeting.

Miss Latimore made the room count and the Second Grade was the winner by having the most parents present.

Announce Opening Of Contact Office For War Veterans

The Veterans Administration has opened a Contact Office in Del Rio, located in Room 306 of the Federal Building. This office has been opened to aid veterans with any problem in connection with insurance, pensions, hospitalization, education, claims and benefits.

This office will serve all of Val Verde County, with occasional trips to surrounding towns, Sanderson included, to aid veterans with any problems they might have.

C. B. Ramirez is in charge of the Del Rio office, and invites all veterans who have problems to discuss, to call on him at the above address, or address their inquiries to him at 309 Federal Building, Del Rio.

According to Ramirez, he plans to have "Office Day" in Sanderson in the near future. The time and place of this office will be announced at a later date.

Harry Davis Writes Of Visit With Two Other Sanderson Boys

Mr. and Mrs. Harry Davis recently received a letter from their son, Private Bill Davis stationed in Japan telling them that he has been transferred from the Finance Building to the Embassy Building, but is still on Honor Guard duty.

He told them of a big surprise he had recently when Harvey Rogers and Harold Haynes, both of Sanderson visited him, after finding his location through a story published in the Times Harvey and Harold are stationed 20 miles from Bill at Yokohama.

Around 2,500,000 new and permanent jobs towards the goal of full employment for the U. S. can be created if the nation carries through an adequate nationwide forestry program, according to Lyle F. Watts, chief of the U. S. Forest Service. Watts said that at present the nation's forests directly or indirectly provide about 3,750,000 jobs.

\$603.13 Collected During March Of Dimes Campaign

Terrell County people donated \$603.13 to the Infantile Paralysis Fund during the March of Dimes drive which ended January 31.

Half of this total remains in the county to help fight the dread disease, and the other half goes to the National Fund to carry on research work.

H. Conger Jones Of Del Rio Announces For Legislature

H. Conger Jones announced Saturday he is a candidate for representative of the 87th Legislative District, subject to the action of the voters at the Democratic primary election July 27.

Friends of Jones feel he is thoroughly qualified for the office he seeks, by education, by experience and by temperament. He holds an engineering degree having been graduated from St. Mary's in San Antonio.

He has been county surveyor and, during the war years, spent 32 months in the Army as post engineer at Eagle Pass and at English Field in Amarillo.

In his engineering work in Del Rio, he has had close contact with various state departments in Austin, including the State Highway Department, the Land Office, the sanitary division of the Board of Health and the fire prevention division of the Insurance Department.

Jones is widely acquainted over this section of the country an advantage should he be elected. An accomplished and experienced speaker, he may be counted on to press for advantageous legislation and to be equally vocal against what he considers disadvantageous to the voters.

He said Saturday he will try to call on voters throughout the large district and, of course, solicits the vote and influence of all.

Appeal of State Medical Association Hikes Poll Tax Sale

FORT WORTH, Feb. 8.—More than 100,000 poll taxes have been paid this year at the direct solicitation of the physicians of Texas by citizens opposed to socialized medicine and who also favor a constructive medical and public health program in the Texas legislature, so Dr. Holman Taylor, Secretary of the State Medical Association of Texas stated today.

"The State Medical Association made a strong appeal to its 6,000 members and the members of its Women's Auxiliary to see that all people opposed to the Federal legislation which would destroy the private practice of medicine qualified as voters," Dr. Taylor says. "The results were most encouraging for we estimated that more than 100,000 voters qualified with the definite purpose of opposing unfriendly and destructive legislation both State and national. The physicians of Texas and their friends are going to take a hand in next summer's elections. They will support Congressmen in every district who are opposed to Socialized medicine and will favor legislators who believe in constructive public health measures."

CELEBRATION PLANNED

Committees have been appointed and plans worked out for a barbecue to be held in the near future. The First Methodist Church of Sanderson is sponsoring the occasion and the date and place will be announced at a later date.

Mabey we'd better jolt trying to find out where the world is going and just do our darndest to hang on for the ride.

Program to Be Held Thursday at High School Auditorium

Certificates and medals will be presented members of the selective service system of Terrell County at a ceremony to be presented in the High School Auditorium on Thursday afternoon February 14th, at 1:30 o'clock.

The Rev. John W. Byrd, President of the local Rotary Club has been named master of ceremonies by Brig. Gen. J. Watt Page. Members of the local Rotary Club and others will have a part on the program.

Maj. John W. Lipscomb of the state selective service headquarters will be present to make the awards of honor to the following men who have served continuously for two years or more: Local Draft Board, Alfred E. Creigh, Jr., W. F. Harrell, J. C. Mitchell and J. D. Nichols; Government Appeal Agents, R. S. Wilkinson and G. J. Henshaw (deceased).

The recipients of the honors will be provided a special place for themselves and families.

It is urgent that all citizens who can possibly attend this service, be present, to assist in honoring these local men who have so generously and unselfishly given of their time, without compensation, in helping to bring to a conclusion this great struggle for freedom. It will also be the duty and privilege of these same men to assist the returning G. I.'s to find employment in places of service.

Work On High Line From Fort Stockton Progressing Well

Progress is being made on the high line being run from Fort Stockton to Sanderson by the Community Public Service Co. according to an announcement by company officials.

Some 23 miles of poles have already been set from the Fort Stockton end, and it is thought that the job will be completed in the near future. Electric service will be greatly improved by this project in this area, and the plant which has been furnishing power for Sanderson heretofore will be used as an auxiliary unit in case of disrupted service.

Home Food Supply Needs Outlined By A. and M. College

COLLEGE STATION, Feb. 8.—Home food supply needs printed in convenient outline form recently have been published in the Texas A. and M. College Extension Service circular, C-230 "Our Family's Food—How We Plan to Get It." The folder was assembled by Miss Jennie Camp acting assistant state home demonstration agent, Miss Gwendolyn Jones, specialist in food preservation, and Miss Myrtle Murray, specialist in home industries.

A suggested food preservation plan groups vegetables, fruits, meats and preserves into specific types and states the nutritional requirement of each type per person. A ten-point outline of good production methods for food plants and animals states the important things to remember in growing orchards and gardens and raising healthy livestock. Wise buying practices also are mentioned.

A production guide lists the amounts of fruits and vegetables that should be produced for each person. It also is a guide for the quantity of home meat production.

Anyone who would like a copy of this circular should send a request to the Texas A. and M. College Extension Service, College Station, Texas or to the local county home demonstration agent.

President Truman Signs Executive Order Making Way for Shift of Civil Service System from Wartime to Peacetime Basis

The President has signed an executive order outlining the program to be followed by the Federal Government in shifting the Civil Service system from a wartime to a peacetime basis.

Following are the principal decisions contained in the order: (1) The Civil Service Commission will immediately begin the use of all its available resources for holding examinations leading to regular Civil Service appointments.

When the departments make appointments pending the establishment of regular Civil Service lists, they will be required to give preference first to disabled veterans, second to non-disabled veterans, and third to displaced Federal workers.

(2) War Service appointments which, generally speaking, have been the only type of appointment made in the Federal service since March 16, 1942, will be discontinued at once.

(3) Persons working for the Federal Government under war service appointments who fail to pass the regular Civil Service examinations will be replaced promptly by persons from the top of the regular Civil Service lists.

War Service appointees who pass the regular Civil Service examinations will be given regular Civil Service appointments whenever their names are reached on the civil service lists.

Also, whenever the lowest rating reached on an appropriate civil service list does not exceed a war service appointee's rating by more than five points, the war service appointee can be given a regular civil service status in the job in which he may be serving provided all veterans ahead of him have either been appointed or have been given the consideration promised them by the Veterans Preference Act of 1944.

(4) The Civil Service Commission will establish civil service committees of expert examiners in the departments and agencies for the purpose of holding examinations in professional scientific and technical fields for positions which are peculiar to one agency or a small group of agencies.

regular civil service status. As reductions in force continue, the proportion of war service appointees on the federal payroll will grow smaller and smaller.

The return to regular civil service procedures for the purpose of filling vacancies, and also for the purpose of replacing war service and temporary appointees who do not become involved in reductions in force and who do not pass regular civil service examinations, is the only way by which full force and effect can be given to the provisions of the Veterans Preference Act of 1944.

Outside of making provision for the return to regular civil service procedures, the most important decision reflected by the order is that of creating United States Civil Service Committees of Expert Examiners in the departments and agencies. These committees will be under the direction and supervision of the Civil Service Commission, and will be utilized for the purpose of conducting examinations in the professional, scientific and technical fields which are peculiar to a particular department or a small group of departments.

In this manner, the federal government will, for example, be able to tap all its resources in the scientific fields in connection with the recruitment of persons for important posts in federal scientific laboratories.

Q Is a serviceman required to take a special physical examination in order to qualify for National Service Life Insurance?

A During the first 120 days of service he may be insured without an examination; after that period an examination is required.

Q Do the loan provisions of the "Servicemen's Readjustment Act of 1944" apply to repairs and improvements on homes owned by veterans?

A Title III of the Servicemen's Act of 1944 provides that qualified veterans of this war may obtain loan guaranty for the purpose of making repairs, alterations or improvements on homes owned by the veterans.

Q Is the disability pension of a World War II veteran subject to income tax?

A Pension received by a veteran for disability is not subject to income tax.

Q Is there any expense to the veteran when he applies for a loan guaranty to buy a home?

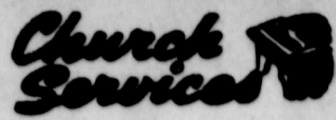

A There is no fee for the guaranty of a loan, however, any expenses resulting from appraisal, title research transfer, etc. which is usually by a borrower may be charged against the veteran.

Q Does a widow of a World War I veteran lose her pension if she remarries?

A Yes, the pension of a widow of World War I veteran is discontinued if she remarries.

Q Is it compulsory for a veteran to live on a farm if he buys it under a Government Loan Guaranty?

A The veteran is not com-

Air mail stickers at the Times

Other species found among the game population of Texas include: Antelope in 35 counties; deer in 163; big horn sheep in 7; wild turkey 100; prairie chickens in 44; pheasants in 25; blue quail in 114; bob-white quail in 221 and waterfowl—wild ducks and geese in season—in 220 counties.

During the year, 35,688 predatory animals were trapped or taken in other ways by adults and 3,377 by members of boys' 4-H clubs. Also during the 12 months, 1,029 units of game animal or furbearing seed stock were introduced.

Organization and cooperation among land owners, and good management and protection of wildlife have been responsible for the maintenance of the large game population in the state.

Q Where should the widow of a veteran of the first World War apply for pension under the Act recently signed by the President?

A Application should be made with the nearest office of a Veterans Administration. Assistance in filing may be made with any Veterans Service Organization

"Army Life" Magazine Wins Newspaper Award for Outstanding Achievement

Major General H. N. Gilbert, USA, Director, Military Personnel Procurement Service, AGO, was here presenting a certificate on behalf of the Weekly Newspapers of America to Colonel LeRoy W. Yarborough, Chief of the Recruiting Publicity Bureau. Colonel Yarborough accepted the award for the staff of "Army Life" magazine, the Army recruiting publication. Taking part in the ceremony are those who were instrumental in making "Army Life" eligible for the award: (left to right), former Sergeant Lester Byck, General Gilbert, Sergeant Fred Method, Sergeant Ed Payne, Mr. Sanders, Sergeant Stuart Graves, Colonel Yarborough, and Lieutenant Colonel H. North Callahan.

Texans Realize Good Profits From Wildlife

TEXAS STATION, Feb. 8.—Texas wildlife directly and indirectly, earned more than a million and a quarter dollars for land owners and trappers and hunters in 1945. According to figures gathered by R. E. Callender, game management specialist for the A. and M. College Extension Service, sportsmen paid land owners an estimated \$762,441 for hunting and fishing leases, and a adult trappers received an estimated \$620,070 from the sale of furs last year. In addition, members of Texas boys' 4-H clubs caught and sold furs valued at \$47,073 during the 1945 hunting season.

Texas' game and fur-bearing animals still are numerous and widely disperse despite open hunting seasons yearly and alterations in their habitat due to various causes. The proportions of the state's game reserves is indicated by reports from county agricultural agents showing "few to many" of certain species in their counties. On this record Callender says, the gray fox is found in 154 counties; red fox in 89; coyote in 165; red wolf in 58; bobcat in 185; raccoon in 184; ringtail cat in 118; muskrat in 31; opossum in 219; skunk in 231; civet cat, or spotted skunk in 184; beaver in 42; mink in 80; weasel in 28; and fox squirrel in 159; and swift fox in 28.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of A. W. Pope, Resident Engineer Sanderson, Texas, and Texas Highway Department, Austin. Usual rights reserved.

WIDE EMPLOYMENT GAINS REGISTERED

Indicating how drastically the proponents of Government-sponsored "full employment" schemes "wrong-guessed" on the probable totals of jobless after V-J Day are official figures just released by the U. S. Bureau of Labor Statistics.

Gains in employment in non-agricultural workers from mid-November, last, to mid-December totaled 181,000 jobs, of which 36,000 were in the iron and steel industry, and 13,000 each in stone and machinery industries other than electrical.

000,000 acres in 1945, along with 334 adult and 15 4-H community cooperative game management associations of land owners.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 7.137 miles of Gr. Strs., Flex Base & Double Asph. Surf. Treat from East end of Sanderson Creek Bridge, East 7.138 miles on Highway No. US 90, covered by SN FAP 324 (11) & SN FAGH 324 (10), in Terrell County, will be received at the Highway Department, Austin, until 9:00 A. M., Feb. 19, 1946, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of A. W. Pope, Resident Engineer Sanderson, Texas, and Texas Highway Department, Austin. Usual rights reserved.

FIRST NEW LEGION RADIO SHOW ACCENTS EDUCATION IN INDIANAPOLIS

INDIANAPOLIS, Ind.—The story of how a lack of education handicaps an individual throughout life is dramatized in the first program of The American Legion's new transcribed series, "This Is Our Duty," which starts over more than 500 radio stations throughout the nation during the week of February 3.

The first program of the new series of Legion platters is entitled "Universal Education." It is designed to stimulate interest in adequate schooling of all Americans, regardless of race, creed or color. The program presents the problems of the uneducated youth. Professional talent is used in the presentation. Carl Frank, nationally-known commentator, is cast in the role of narrator.

The discs, transcribed by the Recording Division of the National Broadcasting Company under the direction of the National Public Relations Division of The American Legion, will start reaching local radio stations everywhere by January 24.

POST USES LOUD SPEAKERS IN RAISING RELIEF FUNDS

HIGHLAND, N. Y.—When fire destroyed the homes of three veterans' families, Lloyd Post 193 of The American Legion went into action.

For two days at 20-minute intervals Post Commander Walter A. Clark broadcast appeals over a community broadcast system asking for contributions for the stricken families. The post itself started the ball rolling with a \$100 donation.

Within 48 hours the post had collected more than \$1,800 and additional funds still are coming in.

Thieves are slow to enter a lighted barnyard and even animal pests shy away from light.

Nothing fills you quicker nor fools you more than soup.

Oppose Control of Natural Gas For State of Texas

HOUSTON, Feb. 8.—Vigorous opposition to any Federal control over natural gas production is being voiced by Texas witnesses at the Federal Power Commission's gas hearing now in its second week here.

Texas farmers and ranchers do not want the leasing of their land for gas and oil development placed under Federal regulation as a public utility operation. R. C. Kay of Amarillo, president of the Panhandle Producers and Royalty Owners Association, told the Commission speaking on behalf of 150 Texas land and royalty owners. Mr. Kay referred to the possibility of a producer, and through him the land and royalty owners being subject to Federal control because he sells his gas pipeline which carries it interstate commerce.

"We do not want any Federal agency to convert that private local business transaction into a public utility," Kay declared. "We own this land and the minerals in place have participated and still participating in the heartache and losses of exploration, as well as the joy of discovery, and these rights are our rights, our property."

The Texas Railroad Commission is enforcing gas and oil conservation "more efficiently" it could be done by any Federal agency," he added.

Mr. Kay offered resolutions adopted by his association, the Texas Mid-Continent and Gas Association depicting "such decisions, regulations, interpretations of the National Gas Act by the Federal Power Commission, which may tend to encroach upon or supersede principles embodied in the State policies."

Exploration for gas on Texas land-owners' property has been placed "in jeopardy" by FPC policies, Dr. E. DeGolyer, internationally known oil scientist, Dallas, told the Commission.

"We urge," he said, "that give sympathetic consideration to the producer, the venturer, the one who takes the risk, this natural gas business through him to the thousands of land and royalty owners and citizens of this great State."

Dr. DeGolyer stressed the importance of adequate markets for Texas gas in solving problems of conservation and in preventing unnecessary proposed Federal control of the end-use which gas transported interstate may be put.

"There is no problem of use or of conservation which cannot be solved, and better solution can be done by the regulations, if the producer has adequate markets and a fair price," he asserted.

Pecan trees need plentiful plant food for profitable production of nuts.

THE EAGLE NEWS

SNOOPER

Sees Nothing—
Hears Nothing—
... Tells All

From now on we'll be giving you the old "Katz Klaw" the slip and giving back the old famous column, Snooper, for you to enjoy. We're asking all the students to bring some snooper and put it in the news box on the auditorium door so we'll have plenty of it to read. Will you???

It seems like Betty Sue and Robert Joe are back together and doing swell.

Everyone must have had a swell time in Dudley's pickup Sunday night, but from the opinion of two Junior girls, it seems that Willie should learn how to drive. It's still undecided whether Fitchey belongs to Carolyn or Beckett. Maybe we had better leave it to Fitchey eh? Mary Nell and Melvin seem to be making a steady since Birdie and Melvin broke up. Nice going, kids. Betty Pearl seemed to be doing fine with Lee Billings at the President's Ball. But wait a minute! How about Sammy?

Jimmy Merritt's motor-cycle (Jimmy too), seems to be very busy these days. He doesn't seem to mind taking the girls for a ride along about noon. Looks like Birdie and Aubrey are going steady again. Well?? De Ya believe in dating your "cuz-zin"? I'd be willing to bet a dollar that Bado does. The cousin is Aggie. Who did Hazel get flowers from the week she was sick?? Couldn't be some boy in Comstock, or could it? Saw three Juniors and one Senior (girls) with Johnny Hargraves Sunday but I could back a guess that Mary Nell was making a headway. Say Peavy, why didn't you date Temple when he asked you come on, now? As it came over the transom, I heard some girls wondering where Courtney got a certain box of candy last Monday. Whose identification bracelet was Jimmy M. wearing last week-end? Seems he almost got in trouble wearing it. J. M. and Peavy seem to be enjoying 7th period study hall. Say, Maxie who were you with at the show Sunday?

Mary Allen

JUNIORS CAST THEIR PLAY

The Juniors have cast their play, which is a comedy called "Laughing Gas." The class itself cast the play. The characters are as follows:

Mrs. Mewino, Ora Mae Blackwelder; Penny Whitman, Carolyn Courtney; Vivian Whitman, Mary Nell Gates; Aunt Amy Whitman, Avis McDonald; Flava Winterspear, Cecelia Goode; Olga, Birdie Turner; Kitty Doe, Mary Agnes Frazier; Chris Wynn, Jimmie Davis; Judge Haly, Bado Wheeler; Ambrose Rosenbloom, Willie Grigsby; Corpse, Edward Chastain.

Mrs. Boguch, the Junior sponsor, has decided to start practicing the play this week.

ASSEMBLY NEWS

The first part of the program was several scenes from "The Case of The Laughing Dwarf" to be presented on Saturday night. "Stumble" Duke next, lead the school in several songs. He then sang a solo. Doris Duke accompanied on the piano. The Senior class had charge of the last part of the program, which was a "Leg Review". The first part of this review was a contest. Molly, Ginger, Frank, and Betty Peavy, were chosen as the Judges. Molly won the contest naming five names correctly and was presented with two suckers. Bosco's legs were chosen as the prettiest and he was given a blue ribbon.

SPORTS

Monday nite the girls played the town team. The town team won by one game. It was played for practice only.

Also Monday, the boys went to Fort Davis, the A team won by a score of 21-14. The B team also won 7-3. Then the boys came back to Alpine that night and lost.

Thursday Sul Ross played our boys here. Two games were played, Eagles losing both.

Friday Fort Davis returned a game. Our A team was again victorious, score 31-13. Our B team lost by two points.

I think that I shall never see An F, as lovely as a B. A B whose round form is pressed Upon the records of the blest. F's are made as easy-yet They aren't so easy to forget. F's are made by fools like me, But only the good can make a B Peavy.

My pedigree is my fortune said the purebred cow, but it's my milk that draws the interest

SEEING THE SENIORS

A very pretty girl with beautiful brown eyes is known as Hazel Babb. She also has dimples and golden brown hair. She was born in Dallas, Texas on September 30, 1929.

Hazel loves to play tennis and go swimming. She's a prominent member of the S.H.S. volley-ball team, too. Hazel's favorite foods are fried chicken and chocolate cake. The best book that Hazel has read is "Immortal Wife." Her favorite movie is "I'll Be Seeing You". In her spare time Hazel prefers loafing to anything else.

Hazel went to school in Del Rio the first three years of her life and has been at Sanderson ever since. She is really a swell person, and I am sure she will not be forgotten around the campus of dear ole' S. H. S.

There's a senior around here that everybody knows and likes that most popular high school boy, J. M. Harrell, better known as "Jaker."

Jaker was born May 6, 1929. He has wavy blonde hair, blue eyes, and a wonderful physique.

Right now J. M. is business manager of the annual staff Senior president, and football captain.

Jaker says that his best book is "And Tell of Time" and his favorite movie is "Incendary Blonde." When it comes to sports, football is tops with him but it seems to me he's a whiz at basketball, too. When Jaker eats, he prefers steak and french fries. His favorite pastime is dancing.

J. M. has gone to school in Sanderson every year of his school life. He leaves an enviable record behind him.

High school days Have their delights. But they can never compare With High school nights!

Supplies of insecticides for the 1944 crop year will be adequate with the exception of two important materials, nicotine and rotenone.

CLASS NEWS

In the Senior class we find there is not much to do. Knowing they will be out in three and a half more months, studying seems the main object.

The Juniors are busy working with their play. They sure picked a good one, but you'll hear enough about that.

In the Sophomore class we find Doris Duke has the measles. Hope she can come back soon sure do miss her. They have a new pupil too—G. W. Lee from Houston. Swell seeing a new face!

The Freshman and Tad-Poles seem to be doing nothing.

Everyone of the Classes wants to say how much they enjoyed the play, "The Laughing Dwarf." It was real good and very entertaining. Thanks a lot for helping the boys out.

H. E. NEWS

The Homemaking clubs met on Friday, January 25. Harriet Pierson was nominated as the club's candidate for the office of 2nd vice-president. It was decided that all girls who wanted to could order club pins. The club is filling an educational box for some little girls in Europe. Each club member contributes some article. Several garments have been donated by all the girls. Unit II has been studying color harmony by using paper dolls and making dresses on colored paper.

Thirty-five per cent of all cattle hides tanned in the United States last year were graded No. 2 because of cattle grub damage.

GRADE SCHOOL NEWS

The first grade's doll house is finished. The class is making its autumn and winter posters. Paper shortage caused this material to be late. Glenda Hensley has gone to Houston because her sister is sick.

The second grade has been working on its play for P. T. A.

The fifth grade is busy filling Red Cross Boxes. We are playing with the new bat and ball bought by grade school. We have \$6.00 and are going to buy some new library books with it.

Douglas Duncan is out of the sixth grade with the flu. Herbert Seagert is also out on account of illness. Joe Deaton is out because he hurt his head and had 7 stitches taken in it.

The library received some new fiction books. They are "Call of The Wild" by Jack London, "Gold" by S. E. White, "Arundel" by Kenneth Roberts. These books are recommended for pleasure and interest.

HOME TALENT PLAY PRESENTED

"The Case of the Laughing Dwarf," a three act play, was presented by a local talent group in the high school auditorium Saturday, February 2. The play was well attended, and its popular prices netted \$87.15, which is to be used to buy football sweaters.

The supply of seed potatoes for 1944 spring planting is the largest on record.

THE CAMPUS

It's quite a lot of excitement these days about the annual favorites are having their pictures taken, and the staff is as busy as everyone is very interested. The annuals are really being good this year—at least they had better be. Lots of people are taking scores of snapshots. You know the snapshots are everybody's favorite.

In mid-term, there has been a new class in Business. Most of the Juniors and Seniors are now taking subjects, some six. Too bad.

Probably note that the newspaper is now being published with the privilege of using the biographies of the deceased seniors of 1946. An illustrious class. To our brilliant, you ought to be in the English IV class. Your opinion of their paper would change. I'm not sure which way.

Basketball season is near-end, much to our sorrow. Really enjoyed the games we had. Hope you were at some Tuesday. You should have missed it.

Enough, so, so long. Basketball around the

School Notes

Fifth, sixth, and seventh grades enjoyed a picnic at "Las" Tuesday afternoon. Pictures were played; pictures taken for the annual; and lunch eaten while the geese fly north.

Mr. Garcia and Rodolfo accompanied Mr. Garcia on the Arvin ranch Saturday.

H. Aguilar family enjoyed a picnic at the Johnny ranch Sunday.

Mr. and Mrs. Lasserer and the Charlie Gregory

Mr. Arredondo visited in Del Rio last week-end.

Mr. and Mrs. Herminia Surita Saturday in Sanderson and sister and enjoyed the

Group of boys and girls composed of Lala Escamilla, Rosa Susie Zepeda, Tommie Pabla Perez, David Juan Rivera, Mario Es-Genaro Valdez enjoyed on the Mesa Saturday. Bernardina Escamilla accompanied the group.

Rodriguez brought his school Tuesday and pictures of the children.

Sixth grades are studying this week. Next week seventh grade will begin the biographies of the members.

Sylvan Walker, high first teacher, is in Laredo this sitting her daughter and Mrs. Walter Grigsby is sitting for her.

Regular meeting of the Ward Parent Teacher Association will be held Monday 8 o'clock at the school. The second grade will be program.

THE SANDERSON TIMES

To Review Navy, Marine Corps And Coast Guard Awards

A Board of Review for Decorations and Medals, headed by Admiral Frederick J. Horne U. S. N., has been appointed by Secretary of the Navy James Forrester to prevent any oversights, injustices or omissions in the presentation of awards to officers and enlisted men of the Navy, Marine Corps and Coast Guard.

The Board, composed of Regular and Reserve officers of the Navy, Marine Corps and Coast Guard, will review such cases as may be advisable "in order to assure, insofar as may be practicable, that there may be no oversights, injustices or omissions," Admiral Horne explained.

All present and former commanding officers, in service or released to inactive duty, should submit to the Board any recommendations for service during the present national emergency desired for personnel of their present or former commands who have not previously been recommended. Individuals who consider they merit an award for service performed during this period should communicate with their former commanding officer, setting forth pertinent details.

"They say all his other clothes went to the Victory Clothing Collection."

Veterans of World War II of Texas, Louisiana, Arkansas and Oklahoma Get First Chance at Sale of Army Surplus Goods

Veterans of World War II in the states of Texas, Louisiana, Arkansas, and Oklahoma today received welcome news concerning availability of construction and farm machinery, recently declared surplus, now being offered for purchase by veterans Hamilton Morton, Associate Regional Director of War Assets Corporation... Consumer Goods Division, with offices in Fort Worth announced an important change in plans greatly to the advantage of all veterans living in Region VII.

It had originally been planned to hold the sale in Fort Worth on a "first come, first served" basis. This would have necessitated an undue amount of travel and inconvenience for the certified veterans who reside in the four states. Inability to place the illustrated descriptive catalogue of the sale in the hands of all eligible veterans to insure adequate time to inspect this machinery, which is located at 45 different places throughout the region, contributed to the decision to arrange for a new sales plan.

Upon receipt of the catalogue which lists the sales number, the item available, the price and location of the property, the veteran who has been certified to purchase farm and construction machinery which is in short supply will be allowed fifteen days, February 5 to 20, in which to inspect the property and place an order to purchase. All orders must be postmarked before midnight February 20 and will be opened beginning at 10 a. m. on February 21 according to sale instructions sent to all veterans now registered for the purchase of such machinery.

Machinery being offered includes tractors, bulldozers, draglines, centrifugal pumps, chain hoists, cultivators, disc harrows, spreaders, air compressors, pneumatic drills, road rollers, concrete mixers, graders and a wide assortment of other essential items.

The 44 locations at which the machinery included in this sale

may be inspected by veterans includes 20 places in Texas, 10 in Arkansas, 7 in Oklahoma and 7 in Louisiana. Large amounts of machinery are concentrated at such locations as Red Dam Spur at Denison, Texas; Camp Claiborne, Louisiana; New Orleans Louisiana; Tulsa, Oklahoma; and McAlester, Oklahoma. Smaller amounts are available for inspection at other locations throughout the four states, exact location of each item being given in the catalog being sent veterans by mail.

No award of machinery to veterans placing orders will be made prior to February 21. After that date successful veterans will have contracts covering their purchases forwarded to them by mail and will be able to complete their purchase by merely forwarding executed contract and remittance in accordance with sales conditions set forth in the catalogue. Hamilton Morton pointed out in conclusion that under the new plans for the machinery sale, there is no necessity for the veteran to travel long distances for any personal contact with the regional Consumer Goods office in Fort Worth.

POLITICAL ANNOUNCEMENTS

Rates as follows, cash with announcement: State, District, and County, including commissioner \$15; Precinct, \$7.50.

The Times is authorized to announce the candidacy of the following persons for office shown subject to action of the Democratic Primary, July 27, 1946.

For State Representative: H. CONGER JONES

It's tough paying 85c a pound for meat; but think how tough it would be at 20c.

Navy Officials Disclose Use Of "Wolf Packs"

NEW ORLEANS, Feb. 8—The Germans weren't alone in use of "wolf packs" during the war, it was revealed today by the Navy Department, as it was disclosed for the first time how the Navy dealt crushing blows to the Japanese shipping by three such groups, nicknamed the "Double D's," "Blair's Blasters" and the "Mickey Finns."

The Navy did not employ "wolf pack" tactics extensively until 1944, due to lack of ships and the extensive areas to be patrolled, and then they found large numbers of submarines available and the hunting grounds for the Japanese shipping shrinking.

When a convoy was sighted the submarine squadron commander devised the plan of attack, but if an individual commander found his ship in a position to attack a valuable target, he was free to do so.

"Wolf pack" tactics increased the scope of reconnaissance—three submarines could patrol three times the area of a single raider. Under these circumstances the first submarine contacting the enemy attacked then fell back to furnish data on which the other two submarines could assume flanking positions and continue the attack.

The "Double D's" included the Dace and the Darter which flashed the first contact and later accurate, timely concerning the Japanese fleet movement that were responsible for much of our smashing victory in the Battle for Leyte Gulf. The submarines attacked and sank the Japanese heavy cruisers ATAGO and MAYA and damaged a third while they were attempting to interfere with American landings on Leyte.

"Blair's Blasters" really the USS Pintado, USS Shark and USS Pilotfish, saved thousands of American lives by destroying nearly all ships of five Saipan-bound Japanese convoys carrying 10,000 troops and huge quantities of supplies.

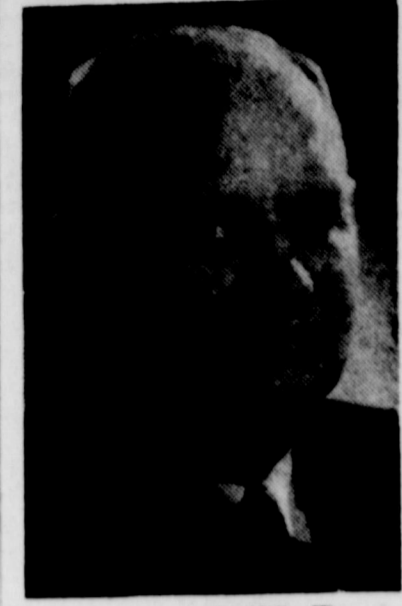

The USS Guardfish, the USS Thresher and USS Piranha known as the "Mickey Finns," blasted 110,000 tons of Japanese shipping into the bottom of Luzon straits during July, 1944, as its contribution to the Philippines campaign. The USS Argor was originally with the group but was forced to return to port when she was rammed and damaged by an enemy ship early in the patrol. She hit two cargo ships with torpedoes during that attack.

The Thresher wiped out an entire convoy of six ships in a three-hour battle. The Guardfish sank five ships in one convoy and later added two more. The Piranha accounted for a large cargo ship and a tanker.

There is a difference between itching for something and scratching for it.

Horse meat is as safe as beef for human consumption.

He lighted the way to a higher standard of living

THOMAS ALVA EDISON February 11, 1847 October 18, 1931

WHEN Thomas A. Edison perfected the incandescent lamp and built the first practical central station electric system, he set the stage for an era of progress and enlightenment that has raised living standards everywhere. Of all the inventions that sprang from his fertile brain, none had such a profound and far-reaching effect as these two developments in the then relatively unknown field of electricity.

Without electric light and distributed electric power, women would still be slaves to drudgery, men would labor longer to produce less, and the output of farms and industry, which is the real wealth of the world, would be but a fraction of what it is today.

So, on this 99th anniversary of Edison's birth, we again pay tribute to the man, who, perhaps more than any other, helped make the world a better place in which to live. Myriad lights turning night into day and the hum of motors in busy factories are lasting monuments to his genius.
