Veterans Considered For Appointment As Cadet-Midshipmen

Honorably discharged veterans of the Merchant Marine and Armed Services up to the age of 24 years will be considered for appointment as Cadet-Midshipmen in the U. S. Merchant Marine Cadet Corps provided they meet the standard requirements for entrance, it was announced today by the Supervisor, U. S. Merchant Marine Cadet Corps. The regulation age limit for non-veterans is from 16 1-2 to 21 years.

It was also announced that the veterans would be allowed an additional five points on the competitive scholastic test leading to four years of education and training in the Cadet Corps Academy and at sea preparing for careers as officers on ships of the Merchant Marine.

Present high school seniors making application for appointment as Cadet-Midshipmen in the U. S. Merchant Marine Cadet Corps and who take the examination on April 3, 1946, will be able to finish high school and receive their diplomas in May or June. Successful candidates will not be assigned to the Cadet Schools before July 1, 1946.

Applications, properly executed, must be postmarked not later than midnight, March 1, 1946, to be considered for the annual examination to be held on April 3, 1946. Full information and applications may be obtained by writing or wiring the supervisor, U. S. Merchant Marine Cadet Corps, Training Organization, War Shipping Administration, Washington 25, D. C.

Funeral Services For Fred Schmidt In San Antonio

Funeral services for Fred Schmidt, 58, who died Thursday, February 14 at Austin, were held in San Antonio on Saturday, February 16.

Mr. Schmidt had operated the Sanderson Bakery here for the past several years, but a few weeks ago had sold his business and moved to Austin.

A native of Germany, and a resident of the United States for the past 40 years, he was a member of the Methodist Church, having been actively interested in the construction of the new church.

Mrs. Johanna Schmidt, his widow, survives him.

R. S. Wilkinson Seeks Re-Election As County Judge

R. S. Wilkinson, County Judge of Terrell County for the past several years makes the announcement this week that he is a candidate for re-election to this office.

Judge Wilkinson in authorizing the Times to make the announcement, stated that he believes the knowledge gained in the years he has held this office, well qualifies him to carry out the important duties of this office, and if re-elected he will make every effort to carry out the desires of the people of this county.

PRESENTING

Ray DeBusk Jr., six-pound, 14 and one-half ounce son of Mr. and Mrs. Ray DeBusk, born in the Dameron Hospital, at Manteca, California, January 31.

The baby is the grandson of Mr. and Mrs. O. J. Cresswell of Sanderson.

Mrs. O. J. Cresswell is visiting in Manteca, California with her daughter, Mrs. Ray DeBusk, and grandson, Ray DeBusk Jr.

Mr. and Mrs. E. H. Nestor and Mr. and Mrs. K. H. Stutes were Del Rio business visitors Monday and Tuesday.

Mr. and Mrs. T. M. Weigand were San Antonio visitors this week.

Raymond Scheetz Famous Magician Will Show Here

Raymond Scheetz, popular magician, will appear in Sanderson High School Auditorium on February 27, at 8 P. M., according to an announcement by The Sanderson P. T. A.

This is not "just another magic show." The stage settings, lighting effects, stage manner and illusions are refreshingly original. The program while a riot of fun, is dignified and unique.

Raymond Scheetz has built more than fourteen years of his life into the show. More than half a ton of equipment is used. The "menagerie" includes a dog, guinea pigs and rabbits.

Mirth and magic are blended by masterly hands into a show of striking entertainment value. Scheetz' patter is a high point in the performance. Among the illusions presented will be the Enchanted Cottage, a Collapsible Duck (the duck is a sister of Gracie Allen's Herman), Chinese Ink Cabinet, Rapid Transit, A Light Affair, Television Extraordinary, etc.

Concerning magic, Scheetz says: "Magic is as old as humanity. No one knows where or when it originated. Much of the power of the primitive, superstitious religions came from the ability of the priests or medicine men to perform feats of legerdemain which the uninitiated mistook for supernatural power. Sheer trickery out in religious symbols, with miraculous meaning, and was used to deceive the untutored, childlike people of prehistoric days.

"Today that is largely a matter of ancient history, and magic is employed only—at least almost, only—in civilized countries for entertainment and diversion. Its popularity is attested by the fact there are more than 5,000 members of the national organization of magicians."

Scheetz filled nineteen weeks of engagements in the South and Southwest during the 1940-41 season, several weeks the summer of 1943, more than thirty weeks during 1944-45, and will spend more than thirty weeks during 1945-46, all under the management of Harry Byrd Kline.

This is the fourth Southern School Assembly program. The attendance at these programs has been very small. It is urged that everyone will attend and support the P. T. A. in its efforts to bring worthwhile entertainment to Sanderson. Season tickets will admit you or you may pay general admission at the door.

Mrs. J. W. McKee Entertains Members Of Culture Club

The Sanderson Culture Club met in the home of Mrs. J. W. McKee Thursday, Feb. 21st at 3:30 o'clock in the afternoon. The president Mrs. H. E. Ezelle presided.

It was announced at the meeting that a prize of ten dollars will be given to the student writing the best essay on "Why I Should Have An Allowance." This award was contributed by Mrs. Landon Rose, and will be known as the "Landon Rose Award."

Mrs. H. C. Goldwire gave an interesting paper on, "What Shall We Do With Our Navy."

Mrs. W. H. Savage, Chairman of Education, presented the Misses Ora Mae Blackwelder, Cecelia Goode, and Mary Agnes Fraizer in several song selections. During the social hour a guessing game was enjoyed, with Mrs. John Henrich, winning the prize.

A delicious salad plate was served the following: Mesdames A. D. Brown, H. E. Ezelle, H. C. Goldwire, J. W. Hardgrave, J. H. Hendrix, J. H. Loehouzen, J. W. McKee, W. H. Savage, Ernest Jessup, Herbert Buchanan, and Harvey Krauss. Guests of the club were Mesdames W. Gregory Walter Downie, Landon Rose Joe Ross Phillips, and W. T. Bondurant.

Bill Savage Plays Hot Sax in New University Band

Word was received this week that Bill Savage, son of Mr. and Mrs. Will Savage, a student of the Texas University, is a member of a newly-organized dance band, The Southern Gentlemen. The new band brings back memories of pre-war days on the campus. The organization of the "Gentlemen" indicates a healthy step toward a post-war boom of entertainment.

Beginning with their organization in October 1945, the band has made several appearances beginning with the opening of the Longhorn Room and on the following day made a "one day" stand at Camp Swift for the entertainment of the soldiers. They had engagements to play at the Canterbury Club Christmas dance, and the Theta Xi "Bowery Party," and for the New Year's Eve dance in the Capitol Ballroom of the Stephen F. Austin Hotel.

Bill is in the "Gentlemen's" sax section, which consists of five members.

Victory Clothing Drive Ends; Good Collection Made

Mrs. Wiley Cox, chairman of the Terrell County Victory Clothing Drive, announced this week that the drive for this county will continue for a few more days, but officially the drive has ended.

Due to an accident suffered by Mrs. Cox, she was unable to pack the garments for shipment and stated that anyone having a few more good used shoes or clothing, they will still be received at the collection center in the Red Cross room at the Court House.

Mrs. Cox said that thus far in the drive a large amount of serviceable clothing had been turned in, somewhat less than was given in the drive held last year, but still a good showing has been made. She also stated she wanted to thank those that have donated clothes, as well as those who assisted her in the collection.

Housewives Warned To Keep Their War Ration Book 4

Housewives were advised by Cal C. Straughan, rationing executive of the San Antonio district Office of Price Administration, to retain in their possession War Ration Book 4, now used only to obtain sugar.

Although the currently valid Sugar Stamp 39 is the last stamp in War Ration Book 4 that is specifically labeled for purchases of sugar, spare stamps in that book will be designated as sugar stamps from time to time. For this reason War Ration Book 4 should be retained even after Sugar Stamp 39 has been used. Straughan emphasized.

Sugar Stamp 40 was used for the 1944 home canning program, Straughan explained.

Mrs. Herbert Brown Hostess to Members Wed. Bridge Club

The Wednesday Bridge Club met with Mrs. Herbert Brown this week. The winners were: first prize Mrs. Web Townsend, second prize Mrs. C. P. Peavy, and third prize, Mrs. W. W. Sudduth. Other members present were Mesdames Bustin Canon, Jim Kerr, Sims Wilkinson and Steve Stumberg. The guests were Mesdames Mary Lou Keller and Prince Dishman. The tea guest was Mrs. Eliza Brown.

Mr. and Mrs. C. P. Peavy returned Tuesday, February 19 after attending a Banker's Convention for the Fifth District held in San Angelo.

Plans Being Made To Give T. B. Test In Local Schools

Plans are now underway for giving Tuberculosis patch tests to all school students in the Sanderson school system.

This project is being sponsored by the Parent-Teacher-Association, and they have announced that Dr. J. W. Pate has offered his services to complete this undertaking as soon as possible. The time for the tests will be announced later.

There will be no charge for this service, as the cost will be paid out of funds received in the Christmas seal sale. It was announced that no child will be given this test without the written consent of parents, slips are being prepared now for each child to take their parents to fill out saying whether or not their child will take this test.

It was stated that those children showing positive reaction in this test should be given complete check-up, and if the examining doctor advises, an X-Ray picture should be made to determine just what further treatment should be made.

Due to the shortage of doctors and nurses in the past several months this test had not been made in this school, the same being true of other schools over the country, but due to the seriousness of this disease, which ranks sixth in this country as a deadly disease, it is important that these tests be made.

It was pointed out that if a child is afflicted with this dread disease, and treatments can be started in the early stages, the chances of full recovery are better.

Gas and Electric Cooking Stoves Under Price Control

New gas and electric cooking stoves, which now are beginning to reach retail stores, have been placed under dollar-and-cent ceilings at 1942 levels. William E. Dozier, price specialist of the San Antonio district Office of Price Administration, has announced.

Both types of stoves will be available in two sizes—the standard range and the apartment size cooker.

The OPA dollar-and-cent prices vary widely, just as stove prices did before the war. However, the typical price for a standard electric range is \$189 and for an apartment size electric stove, \$157. A typical price for a gas stove is \$75 for a small size and \$95 for the standard range.

Manufacturers are required to preticket each stove with its OPA retail ceiling price. Since each price includes the installation service charge and the federal tax, it represents the total cost of the stove to the consumer.

With each electric stove, a one year guarantee of satisfactory performance must be given. Such guarantees also were given with each electric stove sold before the war, Dozier said. About 80 per cent of all gas and electric cooking stoves expected on the market this year have been given prices, Dozier said. As soon as the remaining companies make their applications, they will be given dollar-and-cent ceilings.

Mrs. Mildred Willowby, the former Miss Rankin former school teacher in the Sanderson Public Schools, visited friends in Sanderson, Friday.

Harvey Nessmith, a student at Texas University, arrived home Sunday morning to visit with his parents, Mr. and Mrs. W. H. Nessmith.

Mrs. Wylie Cox and daughter Wylene, were visitors in El Paso a few days this week.

PMA Urges More Cattle Marketing To Relieve Ranges

COLLEGE STATION, Feb. 22.—Overstocked ranges and short feed supplies are endangering the Texas livestock industry, B. F. Vance, state director of PMA's Field Service Branch, points out in urging that cattle marketing be speeded up.

"A slight change in the weather for the worse might result in tremendous losses of livestock," Vance declared. "It is highly important that the number of cattle both on the range and on feed be cut considerably in order to keep the cattle and feed supply in balance."

In addition, the PMA official said, delayed marketings now might result in congestion and jamming of marketing facilities later on. In order to avoid such congestion, producers should contact their marketing agents before shipping cattle to make sure the market can handle them.

Demand for meat is high, Vance said, and it is important that livestock move to market in an orderly manner but fast enough to keep packing plants operating at capacity.

Methodist Sponsor Barbecue Friday At Masonic Hall

A barbecue sponsored by the First Methodist Church of Sanderson, is scheduled for Friday, March 1, at 7:30 p. m., in the basement of the Masonic Hall.

All members of the church and their friends, are invited to attend this gathering, at which time a freewill "tub offering" will be made to apply to the outstanding church debt.

The Rev. J. W. Hendrix, pastor of the local church, stated that the church amounted to \$8,500.00. The Board of Church Extension has offered to make a loan of \$7,000.00 at four per cent interest. This leaves \$1,500.00 to be paid off before receiving this loan.

All members and friends of the church are urged to do all they can to help raise this amount, in order to get the balance financed through the Board of Church Extension.

R. E. (Dick) Corder In Race for County Commissioners Office

R. E. (Dick) Corder, Commissioner of Precinct 1, announced this week that he is a candidate for re-election to this office.

Mr. Corder has held this office for the past several years and said at the time of his announcement, that if he is re-elected to this office he feels that the experience gained during the time he has held this position, well qualifies to carry out the duties of a County Commissioner.

B. F. Dawson Seeks Re-Election As County Treasurer

B. F. Dawson, County Treasurer of Terrell County, authorized the Times this week to announce his candidacy for re-election to this office.

In making the announcement Mr. Dawson said: "It is my earnest desire if re-elected to this office, to discharge the duties in the future as efficiently as I have endeavored to do in the past."

Mr. and Mrs. J. L. Blackwelder were Del Rio visitors last week-end, where they both received dental treatment.

Miss Doris Lee Cooke was in San Antonio Sunday of last week where she received medical treatment.

W. Earl Ferguson Rotary Governor Is Sanderson Visitor

W. Earl Ferguson, Rotary Governor of the 129th district of Brady was a visitor of the local Rotary Club on Tuesday of this week at their regular luncheon meeting in the Banquet Room of the Kerr Hotel.

The following is his speech in part, delivered at this meeting: "I would like to talk for just a few moments on the problems facing Rotary today. The first of which is in the local clubs. In many clubs there is a serious lack of cooperation between the individual members and the different committees. In some of the larger clubs there is the lack of acquaintance between members. In 1939 it was my pleasure to make up my attendance in one of the smaller clubs of Texas at which meeting there were two other guests who were also making up. In the course of the introductions these men were introduced. One asked the other where his Rotary membership was. He told him one of the larger clubs of the state, and to his surprise, the other man was a member of the same club. I have visited that large club a number of times in the past 13 years, and I have noticed that there are clicks formed—groups of men getting together week after week—which is not the Rotary idea. I know it is much harder for the members of a large club to know all their fellow members than it is in the small club, however, it does present a problem to be worked out.

"Another problem of most of the clubs of Rotary, is the fact that they do not make their plans for the future complete and far enough ahead. If Rotary is to grow locally and expand to other communities, and do the maximum good in the world, it must be planned in advance by the local clubs of the 5,578 communities who have Rotary clubs. "Our problems now spread from the club and its members to the community. One of which, is the rehabilitation of our boys and girls who are returning daily from the most destructive war the world has ever known. These boys and girls are coming home, many of them broken in body and spirit, and are looking to you and me for help for the future. They want jobs. Possibly not the same kind of job they left, because many of them have learned new trades in the service that they wish to follow in the future life of a civilian. They are going to look to you men in this country for guidance.

"Another community problem is just plain ignorance. The youth of our land is our hope for the future. This safety of the peoples of the world tomorrow depends a great deal on the education given our youth of today. Every Rotarian, whether he realizes it or not, is deeply interested in our public schools.

"Our next problem, world-wide is the lack of understanding between the peoples of the world. This was recognized by the Allied Nations, proven by the fact that our past president, Dick Wells, and others, were asked to sit in on the San Francisco Conference in an advisory capacity. Rotary's International Service principals were recognized as the thing they needed there, and it is our job to make these principals better known to all people."

Hazel Babb, Clara Alice Bell, Betty Sue Yeates, Cecelia Goode, Mary Agnes Frazier, Mary Nell Gates, Betty Ann Peavy, and Ruth Murrah, were in Marfa Saturday attending the District Basketball Meet.

Mrs. R. A. Hurst of El Paso a former resident of Sanderson is visiting here with Mr. and Mrs. N. E. Charlton.

Mr. and Mrs. J. L. Blackwelder returned Sunday night from Del Rio where they had gone to receive dental treatment.

Mrs. Walter Grigsby who has been ill of bronchial pneumonia is reported improving.

Government Surplus Material Sales Showing Improvement

With returning ex-servicemen and women converging on the Fort Worth office of the War Assets Corporation, Consumer Goods Division, in ever increasing numbers seeking certification to establish their veteran's preference rights to purchase government property which has been declared surplus, the picture today is far brighter for veterans requests to be filled than it was just a short time ago according to A. G. Elmendorf, Deputy Regional Director for War Assets Corporation. He pointed out that while veterans are not certified in the Fort Worth office, never the less the veterans section in the Neil P. Anderson Building assists all returning servicemen in filing the necessary request with one of the nine certifying offices of War Assets Corporation, located in Dallas, El Paso, Houston, San Antonio, Texarkana, Little Rock, New Orleans, Oklahoma City and Tulsa.

Citing the sales record set during the month of January, Elmendorf pointed with pride to the vast volume of business handled through the veteran's section in Fort Worth in the filling of requests a note-worthy achievement toward getting sorely needed equipment of all types into the hands of certified ex-service personnel recently separated from the armed forces.

During January, 1187 veterans had their previously filed requests to exercise their veteran's preference filled in eleven major categories of surplus property including machinery, automotive equipment, hardware, furniture, medical and surgical items, automotive parts and other scarce commodities on the civilian market. The aggregate purchases during the month by veterans amounted to \$799,117 at the disposal prices for goods originally reported by declaring agencies to have cost the government \$2,136,982.77, a tremendous saving in cost to the returned ex-serviceman seeking equipment to establish himself in a small business, profession or agricultural undertaking.

January saw 23,290 individual veterans file requests for future purchases of surplus property as it may become available for disposal through the Consumer Goods Division of War Assets Corporation of region seven comprising the states of Texas, Louisiana, Arkansas and Oklahoma.

"One of the most gratifying items appearing in the sales record for the past month was that of automotive equipment," Elmendorf declared. "It was possible during the period to supply 981 pieces of badly needed used automotive equipment to veterans—equipment with a reported cost \$1,432,647.79 which was disposed of to veterans, having been certified for such purchases, for \$688,967.45. While it is true that even with this accomplishment there remain on file in the veterans section a substantial number of unfilled requests for automotive equipment sales plans are presently being formulated under the supervision of L. B. Gidden, Regional Director of War Assets Corporation, which should materially aid veterans seeking trucks, jeeps, motorcycles and trailers," Elmendorf concluded.

A typewriter small enough to fit into a waistcoat pocket has just recently been patented.

Hens have been known to lay rotten eggs.

Home Demonstration Agents in Texas Handle Big Job

COLLEGE STATION, Feb. 22—More than one and one-third million farm and ranch families in Texas received assistance from home demonstration work in 1945, according to Miss Maurine Hearn, vice director for women and state home demonstration agent, of the Texas A. and M. College Extension Service.

Better plans and better methods brought tangible results in all phases of homemaking, reports Miss Hearn. Victory gardens reached a million in number. Seventy-five thousand families purchased \$250,000 worth of food in pooled orders, either preserving it or eating it fresh. Nearly 500,000,000 pounds of food was preserved during the year.

A greater number of farm and ranch families produced an abundant home supply of high quality milk, butter, and cheese than in 1944. Meal planning, food preparation and cookery was improved by 140,000 families. Texas families also became better eaters. The percentage complying with the Texas food standard goals for better nutrition increased in every type of food.

Clothing work on new or remodeled clothes was valued at about one and a half million dollars in 4-H and home demonstration clubs. Better sanitary conditions, improved household equipment and conveniences, better organized kitchens, more attractive interiors and well-planted exteriors resulted from work in home improvement.

The intangible results cannot be tabulated easily, says Miss Hearn. But a definite part of the county home demonstration agent's work was personal conferences on problems ranging from prenatal care to old age.

AMERICAN LEGIONS HITS TWO MILLION MARK

INDIANAPOLIS, Ind.—American Legion membership for 1946 has passed the 2,000,000 mark. The 2,000,000th membership card was issued to Wilbur W. Barlow, World War II veteran, when he enrolled in West Seattle Post 160 at Seattle, Wash.

This is by many hundreds of thousands, the greatest enrollment ever reached by The American Legion according to National Adjutant Donald G. Glascoff. He predicted that before the close of the calendar year of 1946 Legion membership would exceed 3,000,000.

"Membership cards are arriving at national headquarters now at a rate of 19,090 a day," said Assistant National Adjutant Henry H. Dudley in charge of membership. "We fixed a new potential quota of 3,328,219 for 1946."

The live wires of World War II are not only coming into the Legion through existing posts, Dudley pointed out, but also by organization of new posts of their own.

"There are 13,393 posts in the Legion today," Dudley said. "This too, is a new record. We are chartering new posts at a rate of 11 a day."

Dudley said that the larger number of the present 2,000,000 paid up membership for 1946 is composed of World War II members.

That part of the coconut we eat, the kernel or the meat, is copra, which is dried for shipping.

An average golfer will drive the ball off the tee at a two-mile-a-minute clip.

Begins Twelfth Year As Head of North Texas State College

DENTON, Feb. 22—Dr. W. J. McConnell was re-elected president of North Texas State College for his twelfth year this week at a meeting of the Board of Regents of Texas State Teachers Colleges in Austin.

Joining the faculty of North Texas in 1916 as an associate professor and director of economics in 1919, Dr. McConnell was named dean of the college in 1923, and became president in 1934 upon the death of the late President R. L. Marquis.

Active in educational circles since he first entered the field, Dr. McConnell was elected president of the Southern Association of Colleges and Secondary Schools at a meeting in Memphis last July. He received the B.A. and M.A. degrees at the University of Denver and took his Ph.D. at Columbia University.

LET'S HOPE FOR A THAW

T. A. G. CLUB BUZZ COLUMN

I am back with you again to buzz some more news.

Our Valentine Dance really turned out to be some jam session. Among the long line of jitterbuggers, we saw Manuel Rodriguez, he was really cutting the rug. Paul Perez wasn't doing bad either.

We saw Erminia and Raymond in a very romantic mood. Gloria and Jando were also seen on the dance floor dancing cheek to cheek.

Pvt. Kito Flores was there too really feeling good, not to mention the rest.

Why didn't you pitch in too Joe? Was it because a certain girl from Corpus Christi wasn't there?

Did you all notice Nina and Paul? Very romantic weren't they?

Angelita, we all missed you. It seems that the "Pin Up Boy" of our club, missed you too. Hope you can come back soon.

Edelmira, were you and Jesus talking over business?

Santos, why wasn't that certain boy from Langtry at the dance? You don't mean to tell us romance is over between you two, or do you?

Mary, you and Luis were doing alright. Nice going kids.

Tome and Nicho, we saw you jitterbugging. Nice couple aren't they?

Tina and Chepy, why didn't you two dance with those certain boys? Shame on you girls, we felt sorry for the poor boys.

Rosaura, what was the matter between you and ???, we didn't see you two dancing?

Grace, why didn't you leave Junior home?

We wish to thank Mel and Pache for helping us in so many ways.

Manuel O, why didn't you dance? It seems that you haven't found the right girl yet.

By the way did you notice the cute Valentine costumes the T. A. G.'s were wearing?

Well, since I am out of words

I'll stop, but I'll be back with a bigger bag of (?????)

We notice where 10,000 cases of bonded liquor have been shipped to Europe for medical purposes. Isn't that enough to make you sick???

The Dallas area ranks as one of the top 4 or 5 book markets of the nation.

We have an ample supply of pre-war Shampoos and Tonics for proper care of your hair.

North Texas State College Approves New Construction

DENTON, Feb. 22—The Board of Texas State Teachers Colleges has approved preliminary plans of the architect for a dormitory at North Texas State College to cost \$1,300,000 and to house 500 women, President W. J. McConnell has announced.

The dormitory will be named Bruce Hall, in honor of the late Dr. W. H. Bruce, president Emeritus, who died.

At the meeting of the regents the sale of \$75,000 in bonds was approved for the erection of a recreation clubhouse to be built on the new college nine-hole golf course as one of the last units to be constructed in a recreation program for returning servicemen.

Plans for the recreation clubhouse will be submitted to the president this week and construction will begin in the near future.

Sees Nothing—
 Hears Nothing—
 . . . Tells All

It seems like Joan Lemons doesn't enjoy dances anymore since someone else has got Billy Chamberlain—Better luck next time!

We wonder how Hazel and J.R. are getting along? Still a two-some, huh?

Who was Wilma going to break a date with Monday night? What four good little boys and girls went to church Sunday night?

From all reports it seems that Mary and Birdie had a good time when they went to Mason and Ricksprings.

Too bad Ora Mae didn't get to go to Marfa Sat., so she could see Shamalle.

We hear that Carolyn had a good time Friday nite with Jack. Why don't they do this more often?

What happened to Jeanette and Clyde?

Seems that Jimmy M. didn't like the part in last week's news about him (in Snooper.) Wonder why?

Who is the guy Carolyn gets all the telegrams and letters from? Now don't hold back on us, Courtney!

Charley doesn't write often enough, does he, P.V.? Well here's to you!

Betty Sue, why so embarrassed Monday morning? Thomas couldn't have said anything embarrassing, or could he have?

Who was that note from that you had such trouble keeping up with, Beckett? Could it have been Fitchy's handwriting?

Wonder if Birdie had a good time coming home from Mason? (S. E.) Harvey came home with them you know.

By reading some old Snooper it seemed that James Albert was really on the beam. He's still in demand around Sanderson, eh girls?

I wonder why Ernestine Jessup was so glad to see Sat. come? Could it be because of a certain boy in Ft. Stockton?

Who is this boy that Lizzie Belle has been writing notes to in Gen. Science class? Could it be Walter Pauli, or could it? Nice going!

From what we hear, the Juniors have had lots of fun at play practice, not mentioning afterwards. By the way, who were you with Monday nite, Carolyn?

Cheezey, why can't you fall for a girl as hard as you fall at play practice?

Bosco, you shouldn't stay at the ranch so long; you must think about that cute blonde waiting for you!

Geel! What is all this about the boys being able to smoke now? It is okay, but you guys shouldn't take advantage of sleeping girls should you, Jimmie and Willie? We have been wondering what

CLASS ACTIVITY

Senior News

The seniors have been getting around quite a lot lately, it seems to me.

Mary Allen spent the week-end in Ricksprings and Mason

Quite a few girls went to Marfa Saturday to see the Basketball tournament. They said they went up to see our boys play but sometimes I really wonder about that.

A group of seniors also went to Dudley's ranch Saturday for the day. From all reports they really had a swell time.

Seniors and Juniors combined went on a picnic Sunday evening to five mile hill. There was plenty food to.

Quite a few senior boys are absent this week. They are working on ranches, as you know this is shearing time.

Joe House is back in school after weeks absence due to illness.

Junior News

The Juniors have been getting around quite a lot lately.

Some of the girls went to Marfa to the basketball tournament. Jeanette went to the ranch this week-end and also spent Saturday in Del Rio.

Birdie went to Mason this week-end and took a senior girl Mary Allen, with her. They also went to Ricksprings.

Due to an error Temple Stumbers name was left off the list of characters for the Junior play Sorry Temple!

Eighth Grade News

The dear ole tadpoles are still sticking around although we're not doing anything. Except that Nancy Peavy had a dance the other night. We sure had a swell time, too, thanks to Mrs. Peavy.

The following eighth graders are going out for spelling in the district meet:

Barbara Anderson, Barbara Davis, Concepcion Valadez, Edelmira Coronado, and Blanche Salinas.

Betty Cooke is going out for declamation.

The following eighth graders are going out for the El Paso Herald Post Spelling Bee:

Barbara Anderson, Barbara Davis, Wade McDonald, and Edelmira Coronado.

H. E. NEWS

The Homemaking II girls had their first fitting of their general wear dresses Tuesday, February 19. They are all coming along very nicely.

The knock was that was heard by the Juniors coming under the building at play practice.

We have been hearing about the good times the girls had in Marfa. We were wondering why Cecelia and P. V. were staying in the gym all that time though. It couldn't have been because of Sul Ross and Alpine, could it?

SEEING THE SENIORS

This week we have a senior who is slim with brown eyes brown hair and dimples, Mary Allen.

Mary Alice Allen was born here in Sanderson on October 6, 1929. She has attended school here all her life. Mary's favorite sports are swimming and volleyball, and she loves to ride too. Her favorite movie was "A Song To Remember," and the best book she has read is "Crescent Carnival." Mary had rather eat pop corn or fried chicken than anything else. Her favorite ways to spend spare time are playing the piano and reading.

When Mr. Day got new ideals Clarence got the worst of these. He decided once that Clarence should learn to play the violin (Clarence had no musical senses) and to speak German.

Mr. Day lived until he was in his high seventies. He was seldom sick, and once when people first began to think about blood pressure, his wife persuaded him to have his taken. Mr. Day grew quite weak when he was told that his blood pressure was very high, but said that it didn't believe in such foolishness.

Here's wishing success to you in your future life, Mary.

ELEMENTARY NEWS

First Grade News

The class has a new reader "Spot."

The room mother, Mrs. Vincent, and Mrs. Malone Mitchell gave the class a lovely valentine party.

The class enjoyed making valentines for their art work this week. They have two reading charts about valentines.

Terry Goyle Thorn and Kenneth Shurley have been absent because their grand-parents are sick. Terry Goyle is in Junction and Kenneth is in Marathon.

Third Grade News

On Valentine Day, Mrs. Talbot our room mother, gave us a delightful party. After the valentines were given out she served chicken salad sandwiches, heart-shaped cookies, and Dr. Peppers.

Fifth Grade News

Mrs. Caroline with the assistance of Mrs. Rose gave us a party. They served cake and punch.

We elected new officers for the 5th grade club. Donna is president, James is vice-president Delma is secretary, Coiby is reporter, and Clyde is librarian.

Seventh Grade News

Mrs. Mayfield, our room mother, gave us a lovely valentine party Thursday afternoon. First our teacher, Mrs. Grigsby, read us a story. Then we played games of pin the heart, George Fisher won the prize for pinning the heart nearest the right place. Everyone got loads of valentines.

LIBRARY NEWS

If you want to laugh, read "Life With Father," by Clarence Day. This is an account of his father's moods, religion, and character. Mr. Day didn't like singing in church, and when this began he would stand like a statue until the song was finished. He placed himself on the level with God and if he had any trouble, he blamed God.

When Mr. Day got new ideals Clarence got the worst of these. He decided once that Clarence should learn to play the violin (Clarence had no musical senses) and to speak German.

Mr. Day lived until he was in his high seventies. He was seldom sick, and once when people first began to think about blood pressure, his wife persuaded him to have his taken. Mr. Day grew quite weak when he was told that his blood pressure was very high, but said that it didn't believe in such foolishness.

EAGLES WIN SECOND IN CONFERENCE

On Friday, Feb. 15, the Eagles journeyed up to Marfa for the district conference. Friday nite we were victorious in a game against Marathon. On Saturday we then played the Marfa Shorthorns for district championship. Although our boys put up a hard fight, we were unable to defeat Marfa. We did, however, after much disagreement from Alpine, bring home second place honors. We are all proud of our boys and of the trophy we received.

We are also very proud of Bosco Yeates and J. M. Harrell who made the all-district team this year. They will receive gold basketball balls as soon as they arrive.

TENNIS MEETING HELD

A tennis meeting was held Monday to discuss rules for tennis, for the county meet to be held in Marfa, April 6.

The meeting was attended by about 30 students. Mr. Ehridge is to be sponsor for all tennis.

Then we had refreshments of soft drinks, sandwiches, cupcakes, potatoe chips and candy. We all had a good time and wish to express our thanks to our room Mother Mrs. Mayfield, for such an enjoyable occasion.

Lamar School Notes

Every room in school celebrated on St. Valentine's Day. Each room had a box for valentines all decorated in various designs, but all looking very interesting and pretty. The sixth and seventh grades had for refreshments, lemonade and cake; the fifth had chocolate and cake; the fourth grade had sky liners and cookies; the third grade had punch and cookies; the second grade enjoyed a pinata of assorted sweets; the high first had pop corn balls; and the low first had assorted sweets. The children believe that next to Santa Clause a room mother is best!

Reyes Fuents visited his cousin in Alpine over the week-end.

Miss Ruth Murrah, second grade teacher, spent Saturday in Marfa. She accompanied a group of high school girls to the basketball tournament.

Engracia Hernandez spent a few days last week in Uvalde Texas visiting in the home of her uncle and aunt.

Roberto Arredondo visited friends in Del Rio last week-end.

Mrs. Paul Counts, the third grade teacher, will spend this week-end at the Dunlap Ranch near Sheffield.

Israel Hernandez spent the last week in Marfa visiting his grandmother.

The fourth grade went on a picnic Tuesday afternoon. They climbed the North Hill. Snapshots were taken of the group. After the climb all had a good appetite for the individual lunches. After the lunch "hide-and-seek" was played before the hike back to school.

We follow our seventh grade pupils with the life of Mario Escamilla.

Mario Escamilla is one of the ten pupils of the seventh grade. He was born October 28, 1932 in Sanderson, Texas. He is the son of Mr. and Mrs. Alejandro Escamilla. He has one sister, Gloria.

ASSEMBLY NEWS

Our thanks to Mrs. Hasty and Mrs. Bradford, who worked up the assembly Friday morning when Father Feminia was called out of town. The first number on the program was several songs by Aggie, Cecelia, and Ora Mae. Jeanette accompanied on the piano. Aggie sang "Waitin' for the Train To Come In." The second part of the program was two debates by the American History students.

Those who took part were Jeanette, Avis, Carolyn, Temple Jimmie M., Bado, Mary, and Melvin. The judges were Mrs. Hasty, Weldon, and Molloy.

SENIORS SELECT THEIR PLAY

The senior play book committee selected the senior play "Dream Girl." They also voted for characters so as to have some pictures in the annual.

who is in the ninth grade in high school, and a younger brother, Presciliano, who is in the third grade at Lamar Ward.

Mario has black, curly hair, black eyes, and he is small and cute. His favorite subject in school is English. His favorite song is "Chickery Chick." Shirley Temple is his favorite movie star.

THE OLD JUDGE SAYS . . .

HENRY: "I've heard that same thing several times lately . . . that alcoholics are really sick people. It was news to me. Do you agree with that statement, Judge?"
 OLD JUDGE: "Yes, it's true, Henry. It's no notion of mine . . . it's a statement made by scientists who have studied the subject."
 HENRY: "What did they find out, Judge?"
 OLD JUDGE: "Well, as a result of their medical research, they found out that approximately 95% of the people who drink, drink sensibly. 5% do so unwisely, at times. Included in that 5% is the small percentage known as alcoholics."
 HENRY: "But why are they called sick people?"
 OLD JUDGE: "Because it has been discovered that, in many cases, excessive drinking is a symptom of some physical or emotional maladjustment . . . not the cause of it."
 HENRY: "Now I understand it, Judge. I am glad to hear of the modern approach to this problem and that so much is really being done to help these folks."

LOOKING AHEAD at ELECTRICAL LIVING

You can shop while your dinner cooks itself . . . in your postwar

Automatic Electric Range

Goodby, Kitchen I'll see you at dinner time

Caught in the squirrel cage routine of preparing three meals a day? New happy hours of kitchen freedom are ahead when you get your postwar automatic electric range.

With an automatic electric range, you can prepare a full meal in advance, pop it into the oven before you leave for an afternoon of shopping or bridge, set the automatic controls, and come home to find the food perfectly cooked and ready for the table. The range will turn itself on, cook the food the required length of time and then turn itself off . . . all automatically.

And that's only one of many advantages of modern electric cooking. You'll enjoy its speed, coolness and spic-and-span cleanliness, too. It's an important step in your program of postwar better living electrically.

Electrical Living Is Better Living
 . . . and today's low cost electricity makes it economical to make full use of time-saving, work-saving electric servants. It costs little to live better electrically!

Governor of Georgia And Dr. H. P. Rainey Honored at Austin

Governor Ellis Arnall of Georgia and Dr. Homer P. Rainey of Texas were honored as two great fighters for honesty in government and freedom in education by the Women's Committee for Educational Freedom with an "open house" during Gov. Arnall's recent visit to Texas. The reception was held at the Driskill Hotel where one guest was heard to say to another "Almost as much of the government of Texas has taken place in this hotel as in the State Capitol on the hill."

Governor Arnall, known as the fighting governor of the

South, came into the office of chief executive of Georgia on the issue of educational freedom to repair the damage done by Talmadge to the University of Georgia. As governor he has taken the leadership in the South in a militant fight for the equalization of freight rates needed for the development of industries in the South to utilize our great wealth of raw materials.

Mrs. Jud Collier, chairman of the Woman's Committee for Educational Freedom which now has 1,200 members, and long time ardent crusader for freight rate reform, said "We are taking this opportunity of bringing together and honoring two great progressive leaders. We hope, in the near future to see Texas take its rightful place along side of Georgia with reconstruction changes, some of which, like the freight differential, have been due since the war between the states."

Speaking at San Antonio, Amarillo, San Angelo, and at the Hogg Memorial Auditorium for the University of Texas Forum Committee, Arnall emphasized in every place the necessity to fight the freight rate discrimination battle to a victory finish, and called on Texas to take up the fight vigorously.

Pictorial History Of 36th Division To Be Published

AUSTIN, Feb. 22, (Spl.)—Texans soon will be able to have a pictorial history of the contribution made by their famous 36th Division to the winning of World War II.

Award of a contract for publication of the book to Newsfoto Publishing Company of San Angelo was made here recently by the board of directors of the 36th Division Association, H. Miller Ainsworth of Luling, president of the association, said.

Publication date is scheduled in June.

The book will depict the Fighting 36th's activities in from its entrance into the war to its march into Germany where it captured, among others, such Nazi big-shots as Hermann Goering, Kesselring and Von Rundstedt.

It was the 36th Division which became the first American outfit to pierce Hitler's fortress of Europe and stick in the battle of Salerno, one of the bloodiest of the war.

Profits from the sale of the book, if any, will go to the 36th Division association and to the erection of a suitable memorial at Red Beach near Salerno, Italy, where the Division hit the beaches and forced back the waiting Germans to establish a foothold on Europe and the beginning of a long trail of fighting that led it to north of Rome through Southern France and on into Germany.

The book, which will be compiled largely of actual pictures of the Division in combat, will sell to any veteran of the Division or his family for \$3.20 and to the general public for \$5.00. Orders for the book may be sent to Col. Ainsworth at Box 2174 Capitol Station, Austin or to Box 669 at Luling, Texas.

In addition to prospective profits from the sale of the book, contributions to the memorial fund also are continuing to come in, Col. Ainsworth said. Texans who wish to contribute to the erection of the Salerno Memorial to the Lone Star State's fighting sons may also send their contributions to the above addresses.

Dr. Geo. W. Cox Offers Pointers On Tuberculosis

AUSTIN, Feb. 22—Speaking of children and their susceptibility to tuberculosis, Dr. Geo. W. Cox, State Health Officer, said "Few people realize that babies and young children are very likely to catch tuberculosis if they are kept in the rooms with persons who have the disease in an infectious stage, or use the same dishes, sleep in the same beds, or are handled and kissed by people who have tuberculosis."

"Babies and young children pick up the germs of tuberculosis just as readily as they pick up the germs of measles whooping cough or any of the so-called children's diseases. But tuberculosis is different in certain particulars. Unlike most diseases, it has more than one form. Babies who get tuberculosis may not show the symptoms we associate with the disease in older people. But the disease in most cases develops rapidly and is likely to end fatally. Tuberculosis in babies and young children is a very serious matter, but recent studies have shown that of young children are removed promptly from contact with the disease and given the necessary care, many lives can be saved."

"A great deal can be accomplished whenever tuberculosis develops, whether young or old if the presence of the disease is recognized when it is in its early stages and if medical attention is secured promptly."

"Tuberculosis does not just simply happen. Nobody is born with the disease. Everybody who develops tuberculosis gets it from some other source. Children and young people who

have been in contact with persons ill with tuberculosis are especially likely to contract the disease.
