## Eagle Squad Begin Workouts Monday Afternoon

Workouts for the Sanderson Eagles were underway this week after their return Saturday from a training camp near Marathon. Monday, the 28 boys that reported for the team were put through the traces in a real hard scrimmage in preparation for their first game of the season.

Their first game for the season will be with Ozona and which will be played on Saturday September 14, on the Ozona field. This should prove an interesting game in that the Ozona eleven rates as among the best in their loop.

Passing, blocking, punting, and tackling were the main points stressed throughout the week. The squad has lots of hustle and show promise of putting on a show for the local patrons this year. There is no regular captain of the team as Coach Ethridge intends to appoint two for each game and let the team as a whole elect the captain after the season.

There are several spots on the lineup undetermined at press time and competition is keen at almost of the places in the entire lineup.

The Eagles lineup is: centers—Willie Grigsby, Thomas Hill; guards—Frank Harrell, Weldon Chamberlain, Walter Pauli, Joe Brown, Felipe Arredondo; tackles—Will Murrab, Joe Mussey, Bud May, Bill House, Bob Cooke; ends—Jimmie Davis, Fitch Magill, Melvin Newton, Jim Harris, Ben Martin; backs—Jack Harrell, Ed Smith, Temple Stumberg, Billy Chamberlain, J. W. Powers, J. D. Thompson, David Thompson, Lowell Jessup and Robert Joe Dishman.

Miss Doris Duke was again a guest of the club and acted as pianist for the group.

## When the Japanese capitulated, thus ending World War II, the U. S. Marines, who were scheduled to spearhead the assault on the enemy's home island, participated in the occupation of Japan, thus making their second visit to Nippon within the century.

Leatherneck veterans of the Fourth Marine Regiment (upper right) are shown occupying the Japanese Naval Base at Yokosuka, on August 30, 1945. The earlier landing of the U. S. Marines on Japan took place in 1853, when Commodore Matthew C. Perry, accompanied by a detachment of Marines from the ships of his squadron, under the command of Major Jacob Zeilin, who was later appointed commandant of the Marine Corps by President Abraham Lincoln, visited Japanese officials. The landing was made at Uraga and Major Zeilin had the distinction of being the second American to set foot on Japanese soil. The lithograph (lower left) depicting this landing was copied from an historic volume published in 1857.

No equipment was issued with conditioning of muscles and wind, the main points to be stressed. Games will be played in softball with the squad being divided into two teams.

The old Fort is an ideal place for the trip as it is well fixed up with ample swimming water and shade trees, making an ideal place for camping and training the squad. Hiking trips will be taken over the hills in the nearby area. This is the first time in history of the Eagles to make such a trip.

The Eagles face a tough as well as a hard schedule of ten games, six of which are to be played on the home field.

Jose Chavez was in charge of the cooking and was to be assisted by Billy Hill.

Those boys making the trip were Billy Chamberlain, Temple Stumberg, David Thompson, Ed Smith, Jimmy Harris, Joe Neal Brown, Willie Grigsby, Walter Pauli, Bill House, Bobby Cooke, Joe Mussey, Melvin Newton, Fitch Magill, J. D. Thompson, Antonio Sanchez, Buddy May, Will J. Murrab, Thomas Hill, Weldon Chamberlain, Jimmy Davis, Jack Harrell, Lowell Jessup, J. W. Powers, Billy Hill and Coach C. A. Etheridge.

Mrs. Schauten will be remembered as Miss Mildred Thompson who taught in the Sanderson Schools several years ago.

Mrs. J. W. Haynes left Wednesday for Carlsbad, N. M., where she will visit for several days. From there Mrs. Haynes will go to Kingman, Ariz., for a short visit with her son Buck Haynes and family. She will also visit in Los Angeles, Calif., with relatives, and later go on to San Francisco, Calif., to meet her son Harold who is returning from service with the U. S. Army in the Pacific.

Mr. and Mrs. Clem Roark were in town Friday from the ranch. They report that they had a good rain on Wednesday night and Thursday which amounted to about two inches.

Miss Ora Mae Blackwelder returned home from Waco and Dallas Friday morning, where she has spent the past several weeks visiting with relatives and friends.

Gene Shelton, who is attending Sul Ross college at Alpine spent Sunday here visiting with his brother and sister-in-law, Mr. and Mrs. Horace Shelton.

BIG BEND SENTINEL—Completing its ninth month on a basis of "temporarily inactivated," Marfa Army Air Field continues to be operated by a Commanding Officer, less than a dozen other officers, and a "handful" of civilian workers that are required in the various operations that are essential even on a military reservation that has a "temporarily inactivated" status. Col. Berkeley E. Nelson, in command, said Thursday morning that he has not had any information as to the future of the installation, and whether or not it will soon be declared surplus rather than temporarily inactivated is a subject about which he knows not a thing.

ELDORADO SUCCESS—At the Lions' Club meeting yesterday, further plans were made for the annual Lamb Sale, sponsored by the P. T. A. and the Lions' Club to be held Saturday, Sept. 14. Plans are going ahead rapidly to make this the biggest sale held heretofore.

OZONA STOCKMAN—That satisfied feeling of a job well done, a show well performed, and visitors adequately entertained was shared by officials of the Crockett County Fair Association and the citizenship of Ozona when the last cloud of dust cleared from the arena at the local fairgrounds marking the close of the 1946 annual Ozona celebration, run off in rapid-fire fashion Saturday and Sunday.

Crowds estimated at 5,000 daily enjoyed the show which featured some of the top ropers of four states and the world's greatest horse flesh.

ALPINE AVALANCHE—The city commission is trying out some new-style "stop" signs, recently received, which it is believed will prove more satisfactory

than the old rubber signs used here for a number of years. The new signs are all metal, painted red, with red reflector buttons mounted on the top, and should last many years. The old type had to be replaced frequently and was becoming increasingly difficult to secure on account of the rubber content. The new signs have been placed at the College Ave. and North Fifth street intersection and on N. 5th and N. 6th St. at Holland.

UVALDE LEADER NEWS—Major Tom Halley, who served as one of the commanding officers at Garner Field during the war, has been named to be in charge of the aircraft at the Army Show in Uvalde on Labor Day September 2.

RESOLUTIONS OF SYMPATHY Whereas, It has pleased Almighty God in his infinite wisdom and mercy to call from the toil of this earthly life to her eternal reward the Mother of our beloved sisters Willora Chastain and Montie Harrell.

Therefore, we the members of Sanderson Chapter No. 136, Order of the Eastern Star, deem it a privilege to bear testimony to the long and useful life that she lived. She was loyal and true to her family, her friends and her church.

We thank our Heavenly Father that after her many years of suffering he gave her a quite passage into that unknown realm where we are taught there is no more sadness, but all is peace and joy.

"She has taken her long journey On the beautiful ship of rest; Away from a world of sorrow To a world of eternal rest."

Be it so further resolved, that we express our sincere sympathy to our dear sister Willora who was faithful and gave to her a sweet and loving care, and to all her family and many relatives.

Also, that a copy of these resolutions be sent to the bereaved, a copy be spread on the minutes of the chapter and a copy be published in the Sanderson Times.

Respectfully Submitted, Mora Cochran, Chairman, Pearl Northcut, Ruel Adams

Mrs. Bess Peters returned Friday to her home in Sabinal after visiting in Sanderson since Saturday of last week with her sister, Mrs. O. H. McAdams and family and with her brother, Hal Tyler and family.

HEALTH NOTES—

AUSTIN, Texas, Aug. 29—The fact that dental decay is likely to occur in the mouth of the average person, despite proper home care given the teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist. Dr. Geo W. Cox, State Health Officer, says that the lack of these measures gives added power to germs that attack the enamel of the teeth and gum tissues.

"If, despite the proper application of such procedures, decay is suspected or teeth are injured in any way, the thoughtful person will seek the dentist's office promptly for the necessary corrective work," Dr. Cox said.

"It is surprising, though, even in these days of comparatively painless dentistry, that so many persons neglect to make good their dental defects, inevitable or otherwise, because they foolishly fear the discomfort they might experience in the dentist's chair," said the State Health Officer.

There are others who having lost a tooth or several teeth make no effort to obtain replacements. Apparently they believe they can get along without them. Reduce masticating power, the annoyance and sometimes actual discomfort of chewing hard substances on the exposed gums, and crooked teeth are some of the possible consequences of gaps in the teeth.

Dr. Cox advised those who are interested in experiencing the best dental and bodily health possible, to give daily attention to their mouth and visit the dentist twice each year, and promptly seek the dentist's services should decay or other suspicious conditions arise between the periodic visits.

BEWARE OF Octopus Outlets

-a sign of INADEQUATE WIRING

Look around your home right now. Do you have any of these "octopus outlets" in use? If you have, it's a sign that your home wiring is out of date . . . too small for its job.  
Don't blame your appliances if they fail to give you the service you expect. When too many appliances and lamps are plugged into a single outlet, lights go dim, heating appliances come up to temperature slowly and fuses some-

times blow, because the average household wiring circuit simply can't carry enough electricity for all.  
Eliminate the "octopus outlet" bottlenecks from your home by installing adequate wiring now. Put in additional circuits . . . larger wire . . . and more outlets . . . so that you'll always have full-strength current and plenty of plug-in space for all of your lights and appliances.

What adequate wiring means

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time . . . enough branch circuits of large enough wire to conduct a full measure of electrical energy to all of your lights and appliances . . . and plenty of outlets and switches, conveniently located. Before you build, buy or remodel, discuss adequate wiring thoroughly with your electrical contractor. It's the key to better electrical living.

### Boys Leaders Make Plans For Meeting Next Year

An estimated 2,000 persons attended church services at Boys Camp Meeting Grounds, Sunday and it is believed that about 1,000 were on the grounds each day of the meeting which closed with the Monday night service.

The Saturday-Monday business sessions of the Boys Camp Meeting Association were marked by the re-election of the present officers and the choosing of Joe Espy, Fort Davis, Van Horn, as a trustee. Mr. Espy succeeds the late C. O. Finley Pecos, who was Association treasurer many years. A resolution of respect was ordered in tribute to Mr. Finley and his work for the Association.

Other Association officers are: W. T. Jones, Marfa, president; Hayes Mitchell, Marfa vice-president; J. W. Merrill Fort Davis, secretary.

The building of a nursery building for very young boys and girls at the annual Camp Meeting was authorized and Miss Mabel Bloys was named chairman of a group to arrange for construction of the building which will be thirty feet square.

The Rev. Alvin O. Rue, Presbyterian minister in Marfa and Fort Davis, was named assistant superintendent of the Camp Meeting and will be expected to serve when Dr. L. D. Anderson, Fort Worth, is unable to be in charge.

It was reported that approximately \$5,000 is in the Association's treasury for expenses during the coming year and to undertake next year's meeting. All expenses of the 1946 meeting have been paid or arrangements made for payment. The Association authorized the increasing of the salary of G. W. Davis, caretaker of the Camp Meeting Grounds during the months between annual meetings.—Big Bend Sentinel.
