o- .een named Texas State Chairman of the 1947 March of Dimes, Basil O'Connor, president of the National Foundation for Infantile Paralysis, has announced.

A prominent civil and religious Trustees of Houston University and the Board of Education of Houston's Public Schools. He is vice chairman of the Harris . County Chapter of the American Red Cross and is one of the Houston chairmen of the National Conference of Christians

Mr. Wilson's acceptance of the chairmanship, revealed that in coping with the 1946 outbreaks of infantile paralysis the National Foundation sent to its chapters in the field more than two and a half million dollars in epidemic aid up through September.

"Many of this year's polio patients," Mr. O'Connor said, "will require hospitalization and care for a long period of time. The aftercare of these patients will be more expensive than treatment in the acute stage of the disease. The high cost of epidemics points up the real need for the services of public-spirited men such as Mr. Wilson. His efforts will prove of great value in the forthcoming appeal.

Mr. Wilson is also Chairman of the Harris County Chapter of the National Foundation and was formerly County Chairman of the 1945 and 1946 March of Dimes.
