Easter Holiday Changed Again

Easter Holiday at Friona High School was changed again this week.

The holiday will now fall on Monday following Easter Sunday rather than on Friday as had been previously planned. The holiday were reduced from two days recently after school was dismissed an extra day.

The change last week was made to allow teachers and students to have one day free on either side of Easter Sunday. Superintendent Alton Farr reported that both students and teachers seemed in favor of the change.

Another reason for the change was the PTA meeting scheduled for Thursday night before Easter which would require teachers to remain in town until last Thursday night or Friday morning.

Miss Mary Tom Spring, a student in Colorado College, is spending the spring holidays in Friona visiting with her parents, Mr. and Mrs. Frank Spring.

Recent guests in the home of Mr. and Mrs. W. E. Stringer were Mr. and Mrs. Don Stringer of Lubbock and Mr. and Mrs. T. C. Gooch of Canyon.

Chamber Names--

ple seemed to believe. "We don't think anything about getting into an automobile and rushing headlong at one another on the highway but if a tornado warning is issued, we get all excited. And tornadoes can't even begin to compare with automobiles when it comes to destroying life," Peoples said. Approximately 200 members and guests attended the event.

Castin'--

one candidate has filed for each position on the Friona School Board. But two have filed for the County Trustee-At-Large. In the latter race, there is a need for each voter to express his preference in order to assure that the most desired representative is elected.

Regardless of the results, I sincerely hope that each voter will do his duty and vote--even if he scratches out every name on the ballot and writes in a new list.

Reeve-Kendrick Present Program

Mrs. Fay Reeve and Mrs. H.K. Kendrick presented the program to members and guests of the Modern Study Club Tuesday evening.

Theme was "New Dimensions in Learning" highlighted with the quotation, "And dreams for our children on this day, we dream great dreams of their tomorrow."

Mrs. Reeve spoke on History and Trends in Children's Books, and Mrs. Kendrick's subject was, Our children-TV-Comics-Movies.

Following the roll call and a brief business session, Mrs.

Hayden Cason presented the devotional. John Bill and David McFarland presented two piano duets, "Chopsticks" and "Holy, Holy, Holy."

Mrs. Ernest Tannahill was accepted as a new member.

Mrs. Bill Nunn and Mrs. O. J. Beene, hostesses, served refreshments to one guest, Mrs. Roy Slagle, and to twenty-eight members.

Homemakers Observe National F.H.A Week

During the week of April 8-14 the Future Homemakers of America are participating in National F.H.A. week. Future Homemakers all over the United States are taking part in projects to better their schools, community and Chapter.

The F.H. A. Chapter of Friona is composed of 90 girls. Through-out the year they have planned and participated in many programs and activities to carry out and fulfill their purposes. The eight aims are:

To promote a growing appreciation of the joys and satisfactions of homemaking; to emphasize the importance of worthy home membership; to encourage democracy on home and community life; to work for good home and family life for all; to promote international good will; to foster the development of creative leadership in home and community life; to provide wholesome individual and group recreation and to further interest in home economics.

Distinguishing colors of F. H. A. are red and white, symbolic of youth. Youth has courage and determination to succeed, yet has innocence and purity. The red rose, chapter flower, symbolizes vibrant glowing health which contributes to happiness and efficiency in home and group life.

The motto, Toward New Horizons, expresses the purpose of the organization - learning to live better today in order that family lives may be better tomorrow.

Activities include a salad supper honoring mothers and

neighboring chapters Thursday night; attending the churches of their choice Sunday, April 15 and conducting devotionals at school each morning.

The girls plan a Hobo Day Saturday, April 14, to earn money to contribute to the Foreign Exchange Student fund. They are ready to mow lawns, clean windows, do laundry and baby sitting jobs, and take your dog for a walk.

These activities plus a few surprises will occupy the Homemakers' time April 8-14.

Clubs Present Easter Parade

The Federated Women's Clubs of the Friona area are sponsoring an Easter Parade Style Show Friday, April 6, at 8 p.m. in the High School auditorium.

This is one of the most outstanding events of the year. Merchants participating in the show are Hurst's; Foster's; Lu Nora's, Jarrell's Variety Store; Allen's Jewelry, Ruthie's Flower Shop, Charm Beauty Shop and Patti's Beauty Shop.

Mrs. Newman Jarrell Jr. will be narrator. Various committees are striving to make the show a success.

Local Auxiliary Meets Thursday

Members of the Hospital Auxiliary will have their regular meeting April 12 at 3 p.m. in the hospital meeting room.

Bridal Shower Honors Mrs. Ronnie Gustin

Mrs. Ronnie Gustin, the former Dianne Atkins of Muleshoe, was honored with a miscellaneous shower March 27 in the Fellowship Hall of the Lazbuddie Methodist Church.

The serving table was laid with a white cutwork cloth over blue and was decorated with a centerpiece of blue and white flowers. The bride's chosen colors, blue and white, were also used in floral arrangements in the entertaining room.

Mrs. Jerry Smith registered guests and presided at the crystal punch bowl. Dainty cookies, sand tarts and mints were served with the punch.

Hostesses were Mesdames Charley Glover, Hubert Elliott, E. A. Parhams, Ernest Nowell, Frank Hinkson, John L. Seaton, H. H. Briggs, Jack Smith, Gordon Duncan, Barney Floyd and J. D. Carpenter. The hostess

gift was an electric skillet. Attending were Mesdames V. T. Tanner, N. M. McCurdy, Lacy Hardage, Fredric Byers, J. B. Jennings, Leland Ray Gustin, Jimmy Seaton and Ronnie Briggs.

Also Mesdames Bruce Burreson, Edgar Hartley, Jerry McKenzie, Paul Zahn, Alton Page, Jerry Smith, Dan Smith, L. M. Smith, and Glenn Lust. Also Diana and Donnie Gustin, Randy Smith, Judy Lust and Jan Nowell. Fifty-one sent gifts that were unable to attend.

Jim Rule Baby Born Monday

Mr. and Mrs. Jim Rule are parents of a third son born April 2 at 10:30 p.m. in the Farmer County Community Hospital.

He weighed seven pounds and eight ounces and was named Monte Brett.

The baby's brothers are John Lee and Ruede Don and he has one sister, Melva. Grandparents are Mr. and Mrs. A. E. Taylor of Friona.

Elmer Eulers In California

Mr. and Mrs. Elmer Euler left by train Monday morning for Northridge, Calif. for a two weeks visit in the home of Mr. and Mrs. Ralph Bigelow, Lisa and Lars, at 8956 Gladbeck. Mrs. Bigelow is the daughter of the Eulers.

Mr. and Mrs. Euler will observe their Golden Wedding anniversary while there. They were married April 10, 1912, in Hydro, Okla. and moved to Friona in 1919.

Mrs. Renner Host To Jaycee Wives

Mrs. D. E. Renner was hostess to the meeting of the Jaycee wives in the Community Room of the Bank building Friday.

Officers elected during the business meeting were Mrs. Billy Nazworth, president; Mrs. D. E. Renner, secretary-treasurer; Mrs. Walter Haws, reporter. Out-going officers are Mrs. Haws, president; Mrs. C. H. Veazey, secretary-treasurer and Mrs. Nazworth, reporter.

The group planned an Easter party for first grade Spanish class and their graduation exercises. Plans were also discussed to operate concession stands at the Rodeo.

Regular meeting dates for this organization are the last Fridays of each month.

Eighth grade basketball girls receiving their red sweaters this week are (Top) Janet Bishop, Lorene Jackson, Frieda Floyd, Phyllis Holcomb and Janet Stevick. (Second row) Sarah Ann Fallwell, Arletta McClellan, Rita Collier, Monte

Sue Welch, Lanore Jackson and Cecelia Jones. (Bottom) Patsy Rule, manager, Lynday Chandler, Janet Rushing, Willie Grace Grubbs, Sharon Houston, Paula Stout, manager, and Mrs. Fred Jackson, sponsor.

Bridal Shower Fetes Miss Peggy Taylor

Miss Peggy Taylor, bride-elect of Valton Howard, was feted with a shower March 23 in the Baptist Fellowship Hall.

Hostesses were Mesdames Philip Weatherly, Lewis Smith, Charles Allen, Ronald Smiley, O. B. Moyer, Glynn Don Hughes, O'Neal Greeson, R. B. McKee, James McLean and Gary Hicks. Guests were invited to call from 3:30 to 5 p.m. and were served refreshments from a table laid with a white daisies and carnations.

Out of town guests were Mesdames Arley Bailey, Ardmore, Okla.; Floyd Coker, Hereford, J. D. Carpenter, Lazbuddie; J. L. Brooks, Hereford; James Taylor, Bovina; J. D. Burkett, Canyon; Roy M. Miller, Lazbuddie; Earl Miller, Lazbuddie.

Ira Bruce Parrs Have Baby Girl

Mr. and Mrs. Ira Bruce Parr of 2310 Slide Road, Lubbock, became parents of a little daughter March 29 in St. Mary's Hospital in Lubbock.

She has been named Shannan Rane and weighed seven pounds and fourteen ounces.

Grandparents are Mr. and Mrs. Bruce Parr and Mr. and Mrs. S.E. Beaton of Friona. Great grandparents are Mrs. Ira Miller of Friona and Mrs. C. H. Williams, Abernathy and Mrs. Florence Parr, Hereford.

WSCS Circle Begins Study

Mrs. Jean K. Anthony began a new series of lessons from the Latin America study "Land of Eldorado", at the regular meeting of the Maggie Hamlin Circle of Women's Society of Christian Service. Assisting with the study was Mrs. Mack Balnum talking on "Latin Peoples" and Mrs. Dorothy Hough presented "Latin American Languages."

Members met in the home of Mrs. I. T. Graves March 28 at 9 a.m. with Mrs. Will Osborn saying the opening prayer. Closing prayer was given by Mrs. H. R. Cocanougher.

Attending were Mesdames U. S. Akens, Roy Slagle, E. H. Bradshaw, Anthony, Osborn, Balnum, Hough and Cocanougher.

**Moseley Hosts
Mekka Circle**

The home of Mrs. David Moseley was the scene of a regular meeting of Mekka Circle of the Friona Methodist Church March 28.

Mrs. Jake Lamb gave the Prayer Calendar and said the morning prayer.

"The Great Physician is Still Healing" was the theme of an inspiring program presented by Mrs. James Boyle, Mrs. Billie Sides and Mrs. G. E. Tannahill.

Refreshments were served to guests, Mrs. Wallace Kirby and Mrs. Pearl Hand and members, Mesdames Ross Ayers, Boyles, Arthur Drake, Lamb, Guy Latta, J. L. Shaffer, Sides and Tannahill.

**OES Members
Attend Luncheon**

Several members of the Past Matrons of the OES Chapter of Friona attended a luncheon at the Jim Hill Hotel in Hereford Monday. They were Mesdames Florence Guinn, Ethel Chitwood, Bessie Boggess and Pearl Kinsley.

Mrs. Virginia Majors presented a reading and Mrs. Hershey conducted a flower contest.

The serving table and entertaining room featured Easter decorations.

Every entry was a winner. Junior High School Students display their trophies and winning exhibits entered in the Texas Panhandle Science Fair last Friday. Winners are Randy Farr, 3rd in physics (left), Tim Rhodes, 3rd in physics; Danny Parker, 2nd in physics; Tommy Sherley and Lonnie Ellis, 1st in physics; Jay Turner and Trent Thurman, special petroleum award for the model distillation plant. The two high school entries failed to place.

Hub Club Plans April Activities

Members of the Hub Home Demonstration Club will meet April 19 at 9:30 in the Community Center for a "Clean-up" day. A regular program is to be held that afternoon and Mrs. Ralph Price, THDA state delegate, will be guest speaker. Her subject is "Happy Vacation".

April 24, all HD clubs of this area are invited to attend a joint meeting at 2:30 in the Friona Club House. The subject for that program is "High Way Safety".

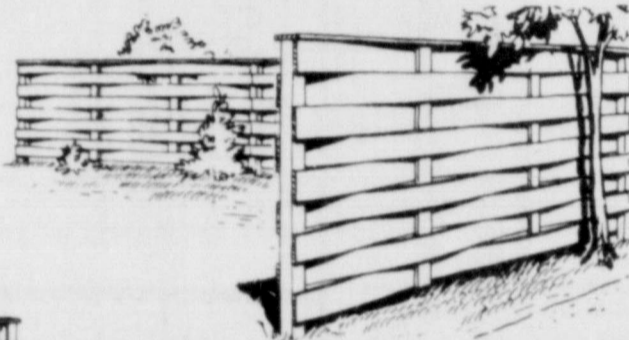

Each HD club is invited to attend a brunch hosted by members of the Hub Club May 1 at the community building at 10 a.m.

Birthday Dinner Honors Frionan

Mrs. Rosa Anderson, who observed her 82nd birthday Sunday, was guest of honor at a birthday dinner in the home of Mrs. Fleta Terry and son, Lee, in Amarillo.

Others present were Mr. and Mrs. Britt Terry and Britt Jr. of Amarillo, Mr. and Mrs. Kenneth Houlette and Mr. and Mrs. Wilbur Dean Moore of Dumas, Mr. and Mrs. Ross Terry and Mr. and Mrs. John Terry and sons, Mitch and Randy, all of Friona and George Wayne Terry of Canyon.

Something To Think About

6th, Street Church of Christ Box 515 -- Friona, Texas

Everyone wants to be happy, but very few actually succeed. In fact, happiness is the exception rather than the general rule. Naturally we wonder why? How can it be that so few of us know the thrill of true happiness? Is happiness so hard to find that only a genius can discover it? Did God intend for the masses of people to be unhappy? Is the cost of happiness so great that it is beyond the reach of all but a chosen few? The obvious answer to these questions is "NO." Then where is the trouble? Perhaps the majority of us are looking in the wrong place! Some think that happiness is found in great wealth, but it isn't. Most wealthy people eventually utter the same words that were spoken by Jay Gould. He said, "I suppose I am the most miserable man on earth." Others of us are looking for true happiness in pleasure. This too, is a false lead. Pleasure is not the source of happiness. Lord Byron, a man who lived a life of pleasure is reported to have said, "The worm, the canker and grief are mine alone." Because there is so much confusion in the world today, some would search for happiness in unbelief. This too, is a futile effort. Listen to the words of one of the world's most noted infidels, Voltaire. He cried out in despair, "I wish I had never been born." Does that sound like a happy person? If you would be truly happy, listen to these words: "I will see you again and your heart shall rejoice, and your joy no man taketh from you." These are the words of Christ, the source of true happiness.

A FALL OUT SHELTER AVAILABLE

The fear of radio active fall-out has prompted many to build shelters. There are many questions which could be asked about shelters such as, Will the shelter be sufficient to protect? What will happen when supplies run out and people must come out from their shelters? There are many problems the fall out shelters pose and much discussion is made today in our nation about it. However, I would point you to what the Psalmist had to say: "God is our refuge and strength, a very present help in trouble. Therefore will not we fear though the earth be removed, and though the mountains be carried into the midst of the seas; Though the waters thereof roar and be troubled, though the mountains shake with the swelling thereof." (Psalms 46:1-3).

I do not condemn protection for our lives, certainly God gave us enough sense to do so but I do question the fact that the people of our nation have turned to the security of fall out shelters, social security, stocks and bonds, and man made shelters which offer shelter temporarily. God is an eternal refuge who never fails to give peace and joy, but we must turn to Him in repentance and faith.

Christ is likened to the Solid Rock. Though the storms, the wind, and the rain came yet the solid rock stood forever. As the group of disciples went across the lake of Gallilee in a small boat and the storm came down upon them while Jesus slept, they toiled to save themselves from the storm. No matter what they did they were incapable of providing their needs. Finally, in despair one awakened Jesus and with fear exclaimed, "Master we perish!" Jesus calmly rebuked the winds, they obeyed His voice, and the storm quieted.

Do we have more faith in man made shelters than we do in God? God's promise is, "I will never leave thee nor forsake thee." It is a comfort to know we can always depend on God to be our salvation.

Let me invite you to turn to Him today by repentance of sin and faith in Christ the shelter in the time of need.

Joe L. Morris Died Wednesday

Joe L. Morris, 48, of Colton, Calif. died March 28 at a San Bernardino, Calif. hospital.

Morris was operator of the Colton Paint and Body Shop since 1959. Prior to this he farmed the C. H. Horner place at Friona.

Survivors include his wife, Lucille; a daughter, Mrs. Imogene Harding of England; his mother, Mrs. G. W. Morris, Friona; six sisters, Mrs. C. H. Horner and Mrs. Dollie Bender of Friona; Mrs. Victoria Holden, Electra; Mrs. Francis Owen and Mrs. Evelyn Dodson of Amarillo; Mrs. Florence Gould, Downey, Calif.; three grandchildren, Donna, Michael and Jeffery Harding of England.

Burial was in the Monteicito Memorial Park.

Mr. and Mrs. R. E. Snead and sons, Gary and Jimmy, and Mrs. Hattie Snead were Sunday guests in the home of Mrs. Opal Powell and sons at Grady.

Mrs. Valoris Osborn, homemaker instructor (standing left), looks over the FHA projects prepared by the three students who will receive state homemaker degrees in Dallas on April 27. Mikie Welch (L) Beth Akens and Brenda Deaton completed the necessary requirements and will receive the highest degree offered to high school students for FHA work.

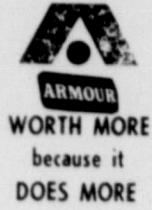

Three Students Win Highest FHA Degree

Three FHA members will receive the highest degree offered by the organization to high school girls next month. Beth Akens, Brenda Deaton and Mikie Welch will receive their State Homemaker degrees April 27 at the State FHA Convention in Dallas. The special ceremony will be during the Friday afternoon session of the meeting. Misses Akens and Welch are both seniors and in their third

year of Homemaking and Miss Deaton is a junior and in her second Homemaking year. The three were the only students who applied for the degree this year. Last year three girls applied for the degree but only one was granted. Miss Deaton and Miss Welch held no office but were very outstanding in their work. Mrs. Valoris Osborn, homemaker instructor, reported, Miss Akens was Area One correspond-

Stephens Family Attends Funeral

Mr. and Mrs. Bill Stephens and boys returned to Friona Sunday night from Greenville, Tex. where they attended the funeral of Mrs. Forrest Van Meter, mother of Mr. Stephens. Mrs. Van Meter, 70, died suddenly Thursday morning following a heart attack. Services were conducted Saturday at 2:30 p. m. in the Gray Sorrells Funeral Chapel and burial was in the Hart Cemetery near Cash, Tex. Other survivors are a son, Ervin Stephens, Greenville, three grandsons, Dan Stephens, Greenville, Mike and Jerry Stephens, Friona, one great granddaughter, Kim Stephens, Greenville and a sister, Miss Clyde Shegog of Greenville.

Area Farmers Apprehensive As Estes Case Develops

22 Attend Sesame Meeting In Bovina

Sesame production and marketing trends and developments were discussed at a steak dinner in Bovina Restaurant Monday night.

Robert Parker, vice president of Texas Sesame Growers, presented a brief resume of the industry and its present trends.

"Last year, 23 million pounds of sesame were imported," Parker said. "When the industry was first started here (1956-57), the total consumption was only 10 million pounds," he added.

Parker reported that a bill

(HB 10330) is now before the legislature to allow sesame growers to grow the crop on diverted grain acres and collect one-half of the diverted acre payment. Last year, sesame could be grown on diverted acres but the diverted acre payment was forfeited.

With the high grain base on most farms in Farmer County which provided sizable diverted acre payments, most of the farmers chose to take the payment rather than grow sesame, Parker reported. The bill was designed to encourage farmers to grow the oil crop.

Sesame growers may expect an average of at least \$52 per acre net return on their investment under average conditions, according to the information disclosed at the meeting.

"Margo Sesame is the best variety to use in this area," Parker told the 22 men gathered at the dinner sponsored by Cummings Farm Store of Friona, sesame dealer in Farmer County.

For most efficient production, sesame requires one less watering than does grain sorghum, according to Parker. A hot, 120 to 130 day growing season is also best for production.

Raymond Hodges, association field representative at Muleshoe, described the progress being made on the self-feeding attachment for a combine to harvest sesame. Movie of the machine in operation were also shown.

Sampling sesame chips which are now being manufactured in Paris, Texas as part of the sesame market expansion are Carl Schlenker (L), of Rhea, Robert Parker, vice president of Texas Sesame Growers, Doyle Cummings, Friona and

Curtis Murphree, Friona. They were among the 22 men attending the county sesame meeting in Bovina Monday night.

Farmer County farmers are viewing the developments in the case against the Estes Enterprises with keen interest but have escaped direct involvement to date.

A check on chattel mortgages at the courthouse failed to reveal any mortgages of undue size or without ample reason.

In addition, the number of tanks mortgaged in the county is not apparently out of line with the number of tanks actually needed in county operations. A full check of county records was conducted about six weeks ago in an effort to determine whether mortgages similar to those discovered in Reeves County also existed here. Results were negative.

Several farmers with ammonia contracts with Associated Growers of Friona have voiced some apprehension concerning the assurance of future delivery according to their agreement. Any statement concerning the future operation of Associated Growers of Friona would be speculative.

Several thousand dollars have been paid by farmers as advance payments on ammonia contracts in consideration of the present low price, according to information supplied by farmers in the area. The exact figures are not available.

No action has been taken against the company and no report as to the future operation of the company is accessible at this time.

Although farmers do not agree with the illegal operations of the Estes Enterprises, they have reaped a sizeable profit due to lower prices paid for ammonia since Estes entered the field.

Ammonia prices fell from around seven cents per pound to a low of two and one-half cents per pound in the county after Estes and his associates entered the field. According to the reliable reports, ammonia sold at less than cost during the lowest price period.

Several reports of illegal transactions of ammonia during the past five years have been received by Farmer county newspapers, but no undeniable proof has been obtained at present.

Although the question is far from settled, present indications are that Associated Growers' operations in Farmer county will continue.

Local Delegates Attend National FU Convention

Several area people recently returned from Denver after attending the 60th Annual Convention of National Farmers Union.

Those attending the convention were: Mr. and Mrs. T. O. Lesly, Mr. and Mrs. Wyle Bullock, Mrs. O. D. Spitzer.

The meeting which ended Thursday, March 22, was highlighted by addresses from the Secretary of Agriculture, Orville Freeman.

NFU President James G. Patton set the tone of the significant meeting with a stimulating address in which he called for the United States to take the driver's seat now in the "race for Peace."

WITH THE COUNTY AGENT DERYL COKER

Time flies, and thus planting time is just around the corner, but before we plant we should be ready. It is very hard to make plans for the whole growing season because of the adverse weather conditions that exist in Farmer County. But a farmer can put a lot of the factors affecting crop production in his favor. We are all after obtaining high yields with a low per unit production cost. To reach high production, all the factors which influence production must be balanced.

Water is only one factor which must be managed properly if production is to be maximum.

We should all study the water requirements of the crops that we grow. The time and amount of irrigation water will vary with the soil type and stage of growth the plant is in.

Another factor we must look at real close is the variety. Any variety can be under irrigation; however, some are better adapted than others. A farmer must continue to check new varieties, but should not plant very many acres, and he should plant the majority of his acres in a variety already proven successful on his farm.

High yields often determine which varieties are recommended for a particular locality; however this factor should not be the sole or overriding consideration. Others such as (1) fiber properties (2) boll and plant characteristics, (3) harvesting and ginning methods, (4) seed sources and (5) local preference should be taken into account.

Here are a few storm-proof varieties that are recommended by the Texas A & M Extension Service (1) Paymaster 101, (2) Western S. P., (3) Gregg (4)

Macha No. 1, (5) Blightmaster, (6) Locket S. P. 1. Some of these varieties are fast maturing and some are later maturing - varieties. Our growing season is fairly short, so the time a variety requires until it is mature is important.

Here are some resistant and open varieties that are recommended, (1) Dunn 8, (2) Stormking, (3) Lankart 57, (4) Lockett 140, (5) Northern Star (6) Paymaster 54. These varieties will also vary from slow to fast maturing varieties.

We have bulletins available in our office that will give more detailed information on these varieties.

Varieties should be selected on a basis on known performance in the area where they are to be grown. Varieties which do well in the Lower Rio Grande Valley may not live up to expectations on the High Plains. The producer should study all available current research findings, so that

he can stay up to date on cotton varieties.

Cotton is a hot weather plant and should be planted only after certain minimum soil temperatures have been attained. For best results, the minimum soil temperature at a depth of 8 inches should not be lower than 60 degrees F. during any 24-hour period, for 10 days preceding planting. This condition general will not be met until early May on the High Plains. Cotton planted 30 days in advance of the optimum planting

date for a given area will not necessarily permit harvest 30 days earlier. In most cases such a margin will be reduced by one half to two-thirds by harvest time. Planting too early seldom justifies the risk involved in having the seed and young plants exposed for longer periods to natural hazards, such as rain, hail, cold, disease and insects.

INTRODUCING--Little Elk No. T-950 (left and Peter Red Fox No. 2226 right) standing at stud. Little Elk and Peter Red Fox are both registered appaloosas with four generations of spots on both sire and side. Little Elk is a red roan with leopard spots. With this, you can put a distinctive color on your colts from good quarter mares and never have a doubt but what you bred to a top quarter horse. Peter Red Fox is a new stallion in our stables. We purchased him from Harold (Fuzzy) Brown. Peter Red Fox was raised by Pete Smith of Tatum, New Mexico. Peter Red Fox's sire was Poteete B who was the halter champion at Denver, Colorado five years ago. Poteete B is by Buttons B, who is by Double Six Domino and Double Six Domino is by COMANCHE. Comanche has sired one of the greatest and most outstanding line of Appaloosa horses. If you want color, conformation, action and a kind disposition with a choice and combination of the four, breed your solid colored mares to Little Elk or Peter Red Fox. We don't consider ourselves an authority on appaloosas but experience of other breeders and common sense tells us that you have a 50% better chance to get a spotted colt from a full-blooded appaloosa with four generations of spots than you have with a half appaloosa when crossing them to solid colored mares. Stud fee on both stallions will be \$50.00 for 1962. Please come and see them at: Snipes Appaloosa Acres (Jake Snipes and Sons), Route 3, Box 215, Clovis, New Mexico. Phone No. PO3-7570 or PO3-3455.

4-H Method Contest Results Announced

Results of the Farmer County 4-H Method Demonstration Contest are announced by Extension Agents, Miss Ettie Musil and Deryl L. Coker. Seven teams and four individuals presented method demonstrations and speeches in the annual county contest held Saturday, March 31 at 9:00 to 12:00 a.m. in the District Courtroom of the Courthouse in Farwell.

Participating in the contest were following 4-H members: Poultry Marketing - first place, Vicki Kaltwasser and

Connie Dennis, "Chicken Salad", junior division.

Vegetable Preparation - first place, Nedda Foster and Cheryl Ramage. "After School Snacks", junior division. Second place, Janice Miller and Sheila Vaughan, "Cole Slaw" junior division.

Soil and Water Conservation - first place, Bruce Billingsley and Warren Gossett.

"Planting Windbreaks", senior division.

Dairy Foods Team - first place, Viane and Reba Lesly.

The HAPPY HOMEMAKER

BY JUNE FLOYD

A recipe which Evelyn Macon of Bovina sent this column is very timely. In the not too far distant future, strawberries will be abundant. Most homemakers agree that if there's anything they enjoy more than fresh strawberries it is more

fresh strawberries.

STRAWBERRY PIE
1 1/2 cups water (use strawberry juice if available)
1/2 cup plus 2 tablespoons sugar mixed with 3 tablespoons cornstarch
Pinch of salt

Combine ingredients and boil until thick. Cool. Add 5 or 6 drops almond flavoring. Mix in one quart fresh strawberries. Fill baked pie shell with mixture then top with whipped cream.

So much is being said and written about the importance of human beings being able to remain calm and self-possessed in order to live longer and enjoy life better that homemakers should encourage members of their household to pursue courses that lead in this direction.

A few simple rules that anyone, regardless of his station in life, can apply to daily living were printed recently in a leaflet that found its way to my desk.

Learn to like what doesn't cost much.
Learn to like reading, conversation and music.
Learn to like plain foods, plain service, plain cooking.
Learn to like fields, trees,

Farm Chemicals Explained Friday

Area farmers will have a chance to learn of new chemicals designed and developed for use in agriculture at a meeting in the Hub Community center Friday at 9 a.m.

Representatives from several chemical manufacturers have been invited to explain their products by Hub Fertilizer, sponsor of the meeting.

Among the chemicals described and demonstrated in movies will be a new systemic insecticide which is planted with the seed and picked up through the roots of the plants to make the juices of the plant poison to pests, and a herbicide which is applied over the seed bed and prevents weeds from emerging

but allows cotton or grain sorghum to grow at the normal rate. This herbicide leaves the furrows free of choking weeds and reduces or eliminates the need for expensive hoeing and keeps weeds from choking the plants.

Chemicals aimed at fungus diseases will also be shown, according to Bill Wooley, Hub Fertilizer owner.

The two hour meeting will provide the information on chemicals which are becoming more important to the agriculture industry each year due to the changes in the labor situation - such as the restrictions placed on the bracero program. Farmers will be forced to resort to chemicals or machinery to replace labor used in the past, unless present trends are reversed in the near future.

Companies represented at the meeting will be Chemagro, Ortho (a division of California Spray Chemical), and Rowland Gordon Chemical Company.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

"Our Father, we are met here tonight to seek an escape from the delima into which we have gotten ourselves by depending on the knowledge of men instead of Divine guidance. We pray that you will be with us."

This was the invocation at a recent farmer's meeting which impressed us as being sincere, concise, humble and appropriate. It expresses thought that it would be well for all Christians to consider in our prayers and aspirations, we believe.

In a Farm Bureau meeting the other night, Bill Wedemeyer restated the fact that since 1920, Farm Bureau has had an important part in every major piece of farm legislation that has been enacted. He added that there was some of it of which he was not too proud, but that membership judged it to be best at the time of their support. Honesty, integrity, truthfulness and humility are qualities that must prevail in men's hearts if we are to find a workable program for the welfare of our farmers and all citizens, he said.

April 12, in the auditorium, Public School Administration Building, 910 West Eighth Street, Amarillo will be the site and time of a hearing on the proposed national potato marketing agreement and order. It

A foreign correspondent for nearly forty years, Hunter began his career as reporter and news editor of the Tokyo Advertiser and editor of the Hankow Herald and Peiping Leader.

"My career," he says, "paralleled the development of modern psychological warfare. . . I saw the creation of the puppet state of Manchukuo, was in Ethiopia for the conquest of that country by the Fascists, and witnessed two Spanish civil wars. I covered the various foreign offices in Europe from Wilhelmstrasse and 10 Downing Street to the D'Orsay, on the eve of World War II, and saw the elements that were building up into a psychological warfare pattern."

Hunter's appearance in Amarillo is sponsored by the Freedom Information Center, at 1410 West Eighth Avenue. Admission is \$1 for adults and 50¢ for students. Mail orders will be filled. Doors will open at 6:30 p.m. Weldon Bright will be at the organ from 7:30 until 8 o'clock, the hour of Mr. Hunter's address.

Brainwashing Is Subject Of Lecture

Edward Hunter, who is known as "the free world's outstanding authority on brainwashing", and who is the first to use this term in written language -- in his books "Brainwashing in Red China" and "Brainwashing: The Story of the Men who Defied It" -- will speak at the Municipal Auditorium in Amarillo at 8 o'clock on Thursday evening, April 19th. Topic of his talk will be "The Softening Up of America."

Recognized as an expert on psychological warfare, Hunter has testified repeatedly before both the Senate Internal Security Subcommittee and the House Un-American Activities Committee. It was his testimony before this Subcommittee last July which sparked the probe of the muzzling of military officers' speeches by Pentagon and State Department censors.

He has also appeared before this Subcommittee in connection with the current drive to smear and discredit anti-Communist organizations. Hunter showed that this attack had been ordered by the World Convention of Communist Parties in Moscow on December 5, 1960, and was followed up with directives in American. Dean Clarence Manion has described this published testimony as a "sensational document which every patriotic American should read carefully and completely."

Most recent honor accorded this distinguished author, lecturer and world traveler is his being named chairman to organize the new Committee for the Co-Ordination of Conservative Effort. The first conference of some 100 representatives from conservative organizations was held on March 20 in Washington, D. C. Preceding his appearance in Amarillo, Mr. Hunter will speak at the Freedom Forum at Harding College, in Searcy, Arkansas.

will be conducted by the USDA, but testimony will be heard both for and against. All evidence will be presented under oath, and we hope many farmers will be present, potato growers particularly, but any farmer should be interested in this subject because it will finally concern all production items.

On the same day, April 12, at nine A.M., the annual noxious weed control demonstrations will be held at Bushland Experiment Station, and some members of your Farm Bureau Weed Committee, some FFA boys and instructors plus County Agent, Deryl Coker are going up there.

One hundred and ninety five Farm Bureau members renewed this month, (March) and 29 new members were received, making a total payment for 224. This gives a membership of 512, 28 short of the quota of 540. We believe when the balance of the workers have reported the quota will be about filled. If you weren't contacted, maybe you would like to send in your dues, or come in and see us.

CONSIDER THIS: Mercy and truth preserve the king; and his throne is upheld by mercy, Proverbs 20:28

POLITICAL CALENDAR

- The following announcements are subject to the first Republican primary.
- FOR STATE SENATOR, 30th District: John Zahn
 - STATE REPRESENTATIVE 91ST DIST. J. Frank Ford, Jr.

TO AID AREA FARMERS

Farm Labor Day Planned

A special farm labor day to assist farmers in this area to obtain needed farm workers is planned for Friday between 1:00 p.m. and 4:00 p.m. in the Texas Employment Commission office at 322 W. Second Street, Muleshoe, according to Dick Poteet, manager of the Muleshoe TEC Office.

A meeting of this type will be held each Friday for several weeks.

"We are experiencing an increasing demand from local farmers for farm hands and particularly tractor operators," stated Poteet. "This need for tractor operators has increased within recent weeks and is expected to become acute with the approach of the planting season because of recent amendments to the law governing the importation of braceros and the ruling that braceros cannot operate tractors or other power-driven planting, cul-

tivation, or harvesting machinery," said Poteet.

According to the announcement the Farm Labor Day to be held next week has been preceded by intensive recruitment to locate and assemble all experienced farm workers de-

siring jobs. Farmers who need hands are invited to visit the TEC office on this day because it is the best way to find the kind of workers needed. Attendance by both farmers and farm workers will permit a personal interview between the far-

mer and a worker whose experience and skills most nearly match his needs without the usual loss of time in trying to contact each other.

It was pointed out by Poteet that there is no charge for this service and there is no obligation on the part of the farmer to hire anyone. "There is complete freedom of choice on the part of both the farmer and the worker," stated Poteet. It was further pointed out that it might not be possible to fill all orders placed by farmers with local workers.

"In such case," said Poteet, "we will, if the employer desires, take an order for recruitment in other sections of the state in which workers are reported to be available and who might be interested in jobs in this area."

For those employers desiring to recruit in other sections of the state a representative of the office will be available to discuss this possibility.

Tangier disease was first discovered in two children on Tangier Island in Chesapeake Bay. The disease involves the accumulation of large amounts of cholesterol esters in the tonsils.

Water District Aims Rule At Old Wells

The Board of Directors of the High Plains Underground Water Conservation District has recently passed a new rule and the District began enforcement the first of April.

According to Tom McFarland, General Manager of the Water District, the new rule deals with the closing of abandoned, or unused, wells.

McFarland states that hundreds of wells in the District are uncovered, or covered inadequately, and represent a threat to the safety of children and even adults.

The new rule provides that in cases where the landowner refuses to cover a well properly, the Water District may come on the land and close the well. The expense of closing the well will be charged to the landown-

er by means of attaching a lien to the land. These charges may never exceed \$100.

McFarland says that the rule was passed by the Water District's Board to protect life and the underground water from possible pollution from the surface.

He encourages landowners to close or cover in some substantial manner any wells on the land that are either abandoned or not being used at the present time.

McFarland states that personnel of the Water District will be happy to discuss individual cases with landowners or their agents. Many satisfactory methods of covering wells adequately are available to be used.

Cotton Institute Seeks To Enlarge Market

The Cotton Producers Institute is going great, but plans are under way to make it even greater.

That's the way Farmer County Organizational Committee for the Institute summed up the present status of the voluntary growers plan to increase markets and profits.

They made the statement after the committee met this week to map plans to complete sign-up and collection on last year's crop and to increase grower participation during the coming season.

"We know growers are really behind the idea of increasing markets and profits through stepped-up research and promotion," they stated. "Funds for this are coming in every day, and we are confident the first-year minimum requirement of one million dollars for the western areas of the Belt will be more than doubled."

"But this is just the beginning. Present participation by growers in this county gives us a solid base from which to bring all growers into the program. We believe they will see the Institute offers them a hardheaded business proposition that will pay off well in the years ahead."

The committee pointed out that in promotion and in many vital areas of research, the grower must look primarily to himself to close the large gap between the programs cotton has and the program it needs.

The importance of closing this gap, he said, has been pointed up in recent months by the fact that cotton has suf-

fered competitive market losses to rayon and other synthetics. Also, there has been a tendency for foreign cotton producers to increase their acreages.

We believe growers in this county and in other areas of the Belt want cotton to get its share of the expanding fiber market. That's why we say participation in the Institute will continue to grow," they stated.

Members of the committee are: A. L. Hartzog, Wendel Christian, Elmer Hargrove, Gilbert Kaltwasser, W. L. Edelman, and Ron Ayers.

FOOTSAVING EDUCATION

by James E. Edwards

Is The Prevalence Of Foot Trouble Caused By Faulty Design Of The Foot?

A doctor who studied engineering before entering medical school has stated that the human foot is the best designed machine in the world for the transfer of stresses. Man, the inventor, can point to no greater achievements than the round wheel and the arch which is still our strongest structure. The round heel of the foot has all of the advantage of the round wheel and the heel comes equipped with its own tubeless puncture sealing tire. As for arches, the foot has five of them.

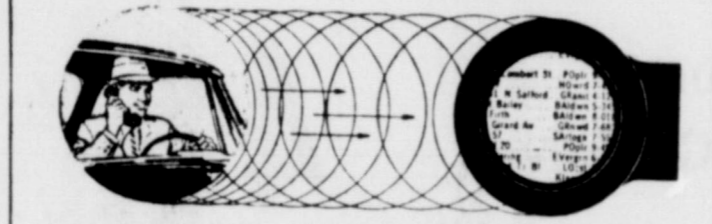

The percentage of babies who are born with deformed feet is miraculously small and corrective measures have been devised for most of the abnormalities.

When we look for someone to blame for foot trouble it isn't necessary to go beyond our own or our parents' unwillingness to properly clothe the foot.

We invite you to see our style show over Channel 12. KVER TV Sunday, April 8 from 3 to 3:30 MST. See if you can identify the models.

Lazbuddie Students Win In 3 Contests

The Lazbuddie track team came in 4th place in a field of 29 schools at the Class B track meet in Levelland. The meet is sponsored by the South Plains Jr. College.

David Koelzer was the Longhorn star as he sailed over 11'7" to set a new record for the South Plains meet. Donnie Smith was second as he cleared 10'10".

Jimmy Dale Seaton was high point man for the Longhorns with 163.5 points. He took second in both hurdle races running the highs in 15:5 and the lows in 20:5, along with a 5th place tie in the high jump.

Others who placed were: Mike Bean, high jump, ht. 5'8" (tie) 1st place, Cooper Young, 880 yd. run, time 2:10, 6th place, Don Watson, Mile Run, time 5:01, 6th place, Gary Brown, David Smith, Terry Darling, Cooper Young, Mile Relay, time 3:42.4, 6th place.

Students also won several events in the Plainview Livestock Show:

Hog Division; Berkshire, light weight, 9th, Rickie Hassel; Duroc, Light weight, 12th, Paul Wilbanks; Middle weight, 10th, Glendale King; Poland China, light weight, 20th, Paul Wilbanks; Hampshire, light weight, 15th, Charlotte Seaton; middle weight, 2nd, Jimmie Dale Seaton.

Lamb Division; medium wool, 7th, Clark King, sold at 55 cents

Texas can't sweep its fast-growing crime rate under the rug!

WAGGONER CARR
THE QUALIFIED CANDIDATE FOR ATTORNEY GENERAL

WAGGONER CARR stands for a program of positive action to make Texas a national model of law and order.

Let's put more muscle into our system of criminal jurisprudence, more heart and understanding into our dealing with juveniles.

Fifteen years of experience as a practicing attorney, County Attorney, Assistant District Attorney, State Representative and Speaker of the Texas House of Representatives, have equipped Waggoner Carr for leadership in this crusade. He respectfully solicits your vote and support.

Spring flowers are beginning to bloom out in several places. Red and yellow blooms have shown up in the yards of the Dan Ethridges, Fred Whites and Ed Boggeses. Some fruit trees are blooming and lawns are turning green. It must be spring.

Friday evening of this week those who attend the annual style show in the auditorium will be able to see local models wearing all the new spring items of wearing apparel and accessories.

This event is held each year under sponsorship of local federated clubs in cooperation with local stores. Latest styles in wearing apparel for every member of the family are available in Friona and many of these can be seen on the stage Friday evening.

Most of our readers have probably read the paragraph that goes like this: "Doctors bury their mistakes; lawyers jail theirs; wives divorce theirs, but editors of newspapers have no out. Theirs are displayed in black and white for everyone to see."

A new twist on this one appeared in the joke column of The Cotton Gin and Oil Mill Press, of which Dave McReynolds is editor.

It read like this: Auto Repair Shop Sign: "Doctors bury their mistakes; lawyers jail theirs; wives divorce theirs; we have to fix ours. All work guaranteed."

A new field house for Chieftain Field has finally advanced past the "talking about" stage. Contract has been let for construction of a modern up-to-date building, which will be a credit to the school system.

There will probably always be something for us to worry about. Right now we can add to our list of "things to worry about" the danger of possible tornadoes, since it is about the right time of year.

However, Lazbuddie's weather caster, Mr. J. W. Crim indicates that we will have less tornadic weather this spring than at any time in recent years. Since we do have so many things we can worry about, probably very few of us have even thought of worrying about the danger of stagnation. One philosopher presented this problem in the following manner.

"One of the greatest enemies in the world of both man and nature, is stagnation. Swift running streams purify themselves; no rubbish or refuse remains in the rushing currents of great rivers which hurry along on their courses to the sea. Stagnant pools develop thick evil smelling scums, which breed mosquitoes, pestilence and disease.

Let us take heed of this lesson. Let our individual lives be like the swift-running stream; let our lives be fed from the eternal springs of learning. Create new ideas, new dreams, new hopes. Turn these ideas into actions and keep them moving into our every activity and every phase of our lives.

Another new structure is under construction. It is just north of the Assembly of God Church and is reported to be a drive in restaurant.

Several new houses are being built and a few have been moved in. Yet, it seems that new comers have problems finding housing. Hardly a day passes that the Star doesn't have two or more inquiries about houses or apartments to rent.
