AIR PLAY

Sweden does not even approximate the wealth in natural resources of Russia or America, yet her per capita income is far above Russia's and almost as high as America's. What is the secret of this prosperity? For twenty years I have been trying to find the formula for national prosperity in observing nations all around the world. What is it that gives Sweden—a country the size of Oklahoma and Arkansas, with limited natural resources—an individual prosperity that puts her high in the running?

The people of Sweden are very sturdy, with more than half of them passing the age of 70. The health of the people is remarkable, the personal appearance of the people on the streets excellent. Almost without exception they are neat, clean, and well-dressed. Streets in Swedish cities are unusually clean and in good repair for apparently all citizens take pride in keeping them that way.

Wholesome Thinking

I found everywhere a spirit of wholesome living and fair play, and I discovered also that these things were based upon the strong religious foundations of the people. During the week I spent in the heart of Sweden's largest city, I saw not a single drunk nor any indications of lewdness, things which are so apparent in the parks of London and New York.

The spirit of fair play and honest competition is manifest in every quarter in Sweden. People count more on it and talk more about it and mean it more sincerely, than any people I know. For example, the man who is responsible for running the affairs of Sweden's trade unions wants industrial corporations to make a reasonable profit.

Typical Attitude

He wants to maintain private ownership and management. He wants fair play between labor and industry. He wants wages kept at a level that will assure a market for the greatest volume of goods. He wants cooperative understanding between labor and industry. His attitude, I was told by everyone, is typical of the Swedish labor leader. He shuns Communism or state socialism. He wants individual freedom, not regimentation of people's lives. Honest, to-goodness fair play, manifested through a spirit of fine cooperation on the part of every group that competes in the game of economics, is the key to the prosperity of this small but great country. The people think of competition—real, active competition—as the basis of prosperity. None of them suffer the illusion that state management of industry could provide effective competition for the prosperity equivalent to that of private enterprise.

Floors, But No Ceilings

There is much that we could emulate in Sweden. This fair play and competitive spirit goes right down to the shops and factories, 85 per cent of which are operated on incentive plans based on piecework, or on bonuses paid for certain achievements. There are floors or wages, but no ceilings. This means that those willing to work harder may earn more than the minimum. This rule rightly belongs in our own American traditions, but let us not forget it.

A Swedish labor leader told me: "Piecework is the chief means of increasing production. That's why most of our industries have it. This enables

B. L. Lester Is Killed Instantly When Struck By Car

The following article taken from the Friday, December 27th issue of the Daily Sentinel, published at Nacodoches, Texas, tells of the death of Dr. Lester's brother, who was killed when he was struck by a car. Dr. Lester, his daughter, Mrs. Dema Daniels and daughter, Charlotte Ann, and Jack Lester were visiting in Lufkin at the time the death occurred. They had gone down on Thursday, December 26 and returned here on Thursday, January 2, 1947.

Five young negro men were being held in the county jail Friday in connection with the hit-and-run death of B. L. Lester, 70, at 6:15 p. m. Thursday, three miles east of the city on the San Augustine Highway.

Mr. Lester was struck as he crossed the highway in front of his home and was killed instantly. The automobile failed to stop.

The five negroes under arrest are:

Howard L. Garrett, 20, of Chireno, driver of the car and veteran of 31 months service in the Army; Jeff Anthony, 27, of Chireno and Lufkin; Ezel Dodd, 17, of Chireno and Ft. Worth; John E. Holman, 24, of Chireno; and Cozel Rogers, 17, of San Augustine County.

The men were arrested early Friday morning after officers from the Sheriff's department, city police force, constable's department and the state highway patrol had spent hours tracing down clues leading to the identity of the occupants of the car.

Charges of hit-and-run driving will be filed against Garrett with the other four possibly being named as accomplices after the fact, according to C. C. Denman, county attorney.

Garrett made a statement to the county attorney Friday morning admitting that he was the driver of the automobile that struck Mr. Lester.

Funeral services for Mr. Lester will be held at 10:00 a. m., Saturday at the Church of Christ on Baker St. with burial following in the Fairview Cemetery. The Rev. L. E. Lamb and the Rev. W. F. Showers will officiate. He was a member of the Christian Church and had lived in Nacodoches for 22 years.

He is survived by his wife; one daughter, Mrs. Jack Ray of Indianapolis; five sons, J. H. of Nacodoches; J. W. and Drayton of Bryan; B. P. of Amarillo; and Ben of Dallas; two sisters, Mrs. J. W. McElroy of Douglass and Mrs. Maxie Welch of Warren; four brothers, H. T. of Ennis, Will of Port Arthur, R. E. of Sanderson and T. D. of Bridgeport; nine grandchildren; and a host of friends and relatives.

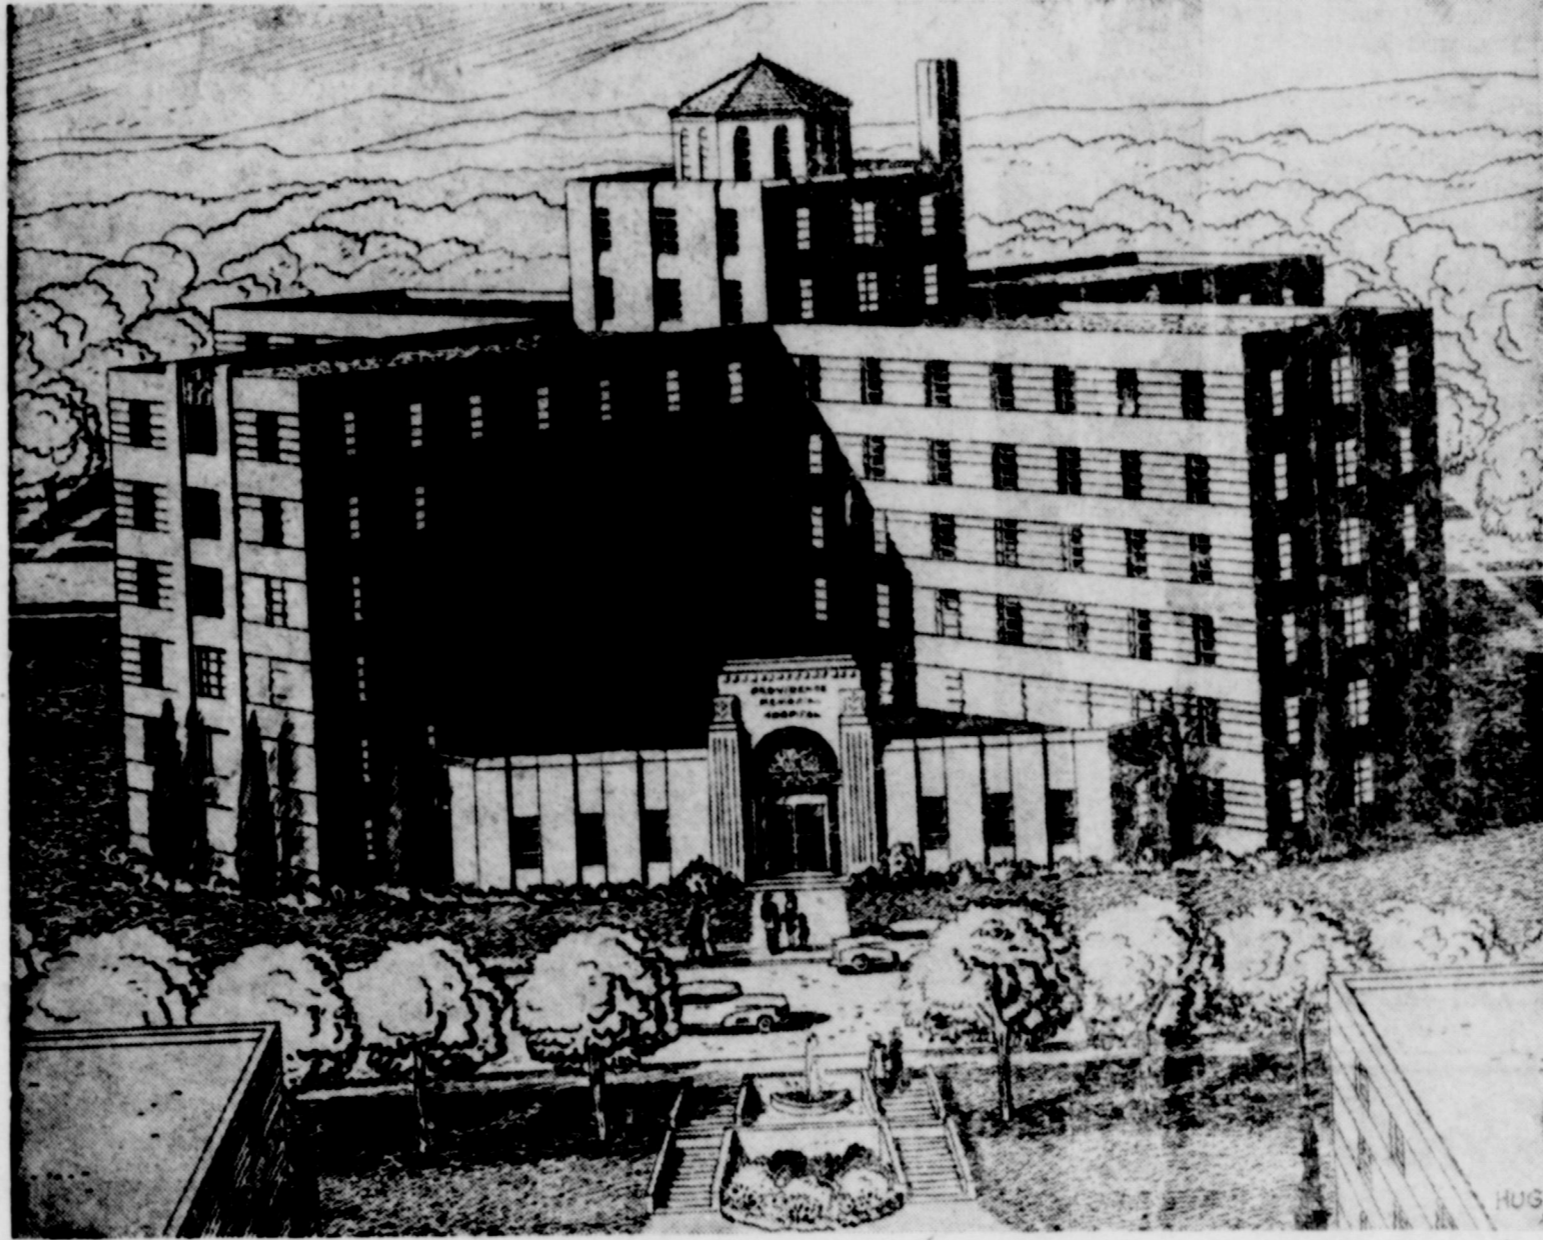

Garrett, in his statement to the county attorney, said that he was passing another automobile when he saw Mr. Lester crossing the highway in front of him. He said that he swerved his 1937 Ford but that he was unable to avoid hitting the man.

Mr. Lester was struck by the right front fender, broke the windshield with his head and struck the right side of the car. He was killed instantly.

ATTENDS NEPHEW'S FUNERAL

Mrs. J. W. Happie received word on Sunday of last week of the death of Bill Adams, the five-year old son of Mr. and Mrs. Doc Adams of McCamey. Mrs. Adams is a niece of Mrs. Happie. On Monday Mrs. Happie and Mr. and Mrs. Web Townsend attended the funeral services in McCamey.

Construction of the new \$2,000,000 Providence Memorial Hospital in El Paso in 1947 will be part of a nation-wide plan to integrate all hospitals for greater service. El Paso was designated by the United States Public Health Service and the Texas Hospital Survey as the site of a base hospital which will serve ten counties in West Texas, border counties in New Mexico and Arizona and adjacent sections of Chihuahua, Mexico.

The master plans call for location of small hospitals in rural areas to care for simple illness and to handle minor surgery, and a medical center of more complex cases. Such medical centers are usually located in metropolitan areas—in Southwest Texas, El Paso is the logical location.

A recent survey has shown a total of only 522 hospital beds in the entire El Paso region to serve a population of over 300,000. This is only 2.08 beds per thousand population, as compared to the minimum health requirement of 4.5 beds per thousand set up by the United States Public Health Service. To bring present facilities up to minimum health standards, approximately 900 beds should be constructed to meet the needs of El Paso and the people of the surrounding area.

Terrell County, with its population of over 3000, has no existing general hospital beds, and therefore must look entirely to its metropolitan center for medical care.

The proposed hospital and nurses' school will replace the existing Providence Memorial Hospital, which for 44 years

Terrell County Officers Sworn In Office Wednesday

Only two new officers, elected in 1946, had to be sworn in and given the oath of office on Wednesday morning, January 1, these were Ruel Adams, who was sworn in as County and district clerk and V. I. Cargile, who was sworn in as Justice of Peace, Precinct 1. Other officers sworn in, were reelected; J. S. Nance, sheriff, tax-collector assessor; R. S. Wilkinson, County Judge, Jack Hayre, county attorney; R. E. Corder, Commissioner precinct 1; B. Carson, Commissioner precinct 2; Sid Harkins, Commissioner precinct 3 and Charlie Turk, Commissioner precinct 4.

Mr. Adams, succeeds M. H. Goode Jr., who has been County and District Clerk for the past two years and who did not seek re-election for the office in the July primary. Mr. Adams has appointed as his deputy for the time being, Mrs. Mabel Yeates, who has been serving in that capacity for the past several months for Mr. Goode.

V. I. Cargile, succeeds Hal Rowlett Sr., who held the office the past two years and who was defeated for re-election.

The first regular term of the Commissioners Court for the new year will be held on Monday, January 13, that being the regular meeting day.

Mr. and Mrs. Conway Pickard and daughter, Ann, have returned from Levelland, Texas, where they spent the Christmas holidays with relatives.

has enjoyed a reputation for outstanding service. Like the present Providence Memorial Hospital which since April, 1946 has been a non-profit corporation, the contemplated one will be held and operated in trust for the welfare of the people by a group of citizens who serve as the Board of Directors.

The new Providence Memorial Hospital will have 185 beds with an expansion potential of 248, since individual rooms will hold either one or two beds.

Six stories high with a full basement, the main building will be constructed in an "X" shape. Two entire floors will be devoted to general medical and surgical patients. Other facilities will include: obstetrical floor with nurseries; isolation wing for contagious diseases; special pediatric wing; orthopedic wing; isolation wing for neuropsychiatric diseases. There will be emergency and out-patient rooms, plus modern clinical and pathological laboratories and radiographic,

M. R. Lattimore Receives Injury To Right Hand

On Monday of this week, M. R. Lattimore, suffered the misfortune to have the third finger on his right hand, to be severed at the first joint, when he accidentally got his hand in the way of the fan belt on his truck. The index finger was badly lacerated.

Mr. Lattimore had started the motor of his truck, but it was not running right, so he was trying to make some adjustments, when he accidentally got his hand in the fan belt.

The injured hand is healing nicely and Mr. Lattimore will have to carry it in a sling for a week or more.

O. E. Schupbach, who is working on the Thomas ranch near Marathon, spent Christmas here with his daughter, Mrs. W. E. Stavelly.

Mr. and Mrs. L. D. Hasty and daughters, and her parents, Mr. and Mrs. L. A. Wolfe spent the week-end in El Paso.

Mrs. James House and sons are spending the holidays in Leming, Texas, with her mother, Mrs. Hargus.

fluoroscopic, x-ray and hydrotherapy units.

The new hospital will have available air conditioning throughout, and oxygen will be piped to the obstetrical, surgical and nursery suites and to all patients' rooms. A two-way patient-nurse intercommunication system will be installed at every bedside, and there will be a solarium on each floor.

The nurses' residence will be three stories high and contain complete and modern accommodations for the entire nursing staff as well as a modern training school for nurses.

Three Injured When Car Turns Over Tuesday

M-Sgt. and Mrs. Frank Hurst and son, of Phoenix, Ariz., received minor injuries on last Tuesday when their car skidded on the icy pavement and turned upside down. The accident occurred about seven miles east of Dryden. The car was badly damaged and was put in storage here to await adjustment by an insurance company.

Mrs. Hurst received a deep bruise on her forehead and was shaken up, suffering from shock for sometime after the accident occurred. Their son was the most seriously injured and it was thought for awhile that he had back injuries, but later it was found that he too was suffering from shock and body bruises.

They continued their journey to Phoenix, by train.

INTERNAL REVENUE COLLECTOR TO BE HERE

Harry W. Carpenter, Deputy Collector of Internal Revenue, from Alpine, announced that he will be in Sanderson on Tuesday, January 7, 1947 at the County Courthouse for the purpose of assisting farmers and rancher in filing their 1946 Estimated Tax returns.

Mrs. Mary Bentley returned Wednesday night from Itasca, Texas, where she visited her children, Eva, Mary Jane and Charles, on last Saturday.

Mrs. W. E. Lea left last Wednesday for Los Angeles, Calif., where she is visiting her son and daughter-in-law, Mr. and Mrs. R. A. Lea.

Balmy Weather Routed Under Winter's Assault

The coldest weather to be experienced in many a year, ushered in the New Year, when on last Monday Sanderson and Terrell County had a heavy sleet followed by a snow, which covered the ground and has been staying on ever since.

Snowing most of Tuesday, the ground was covered and by night had turned to ice. Wednesday it was still cloudy and snowed part of the day. Thursday the temperature moderated a little, only to have a cold norther to blow in with more snow.

The thermometer has hovered around and below 20 all week, and many cars were stalled.

Highway traffic has been slowed and buses, while continuing their service through here, has been running late and off schedule since Tuesday morning.

A few accidents have occurred, due to the icy pavements and highways, but no one has been seriously injured.

Reports from the west and east of here are that the snow and sleet was general and train crews on the railroads coming in from the west report that the weather was much colder and more hazardous there than here. Trains have continued to run, but experienced difficulty in getting water at several stations west of here, due to the water system being frozen.

At least 8 to 10 inches of snow has fallen here and while the temperature has risen a few degrees, very little of the snow has melted.

Medical Society To Meet Sunday At Fort Stockton

Doctor members of the Medical society comprising the counties of Pecos, Jeff Davis, Presidio, Brewster and Terrell Counties, will hold their monthly meeting on Sunday, January 5, 1947 at Fort Stockton, Texas.

Fort Stockton doctors will be hosts to the group and will be responsible for the program.

Officers elected to serve the Society for the year 1947 include Dr. J. W. Pate, of this city, as president; Dr. C. E. Eaton, Fort Davis, vice-president; Dr. W. E. Lockhart, Alpine, secretary-treasurer.

Dr. W. E. Lockhart of Alpine is the retiring president of the Society.

BUYS STUMBERG HOME

Lee Hardgrave, of Lubbock, son of Mr. and Mrs. E. W. Hardgrave of this city, has purchased the S. L. Stumberg home here and he and Mrs. Hardgrave and daughter will move here sometime this month.

Mr. Hardgrave has also leased from the Kerr Estate, the office building formerly occupied by Al Creigh Jr., and will establish a jewelry store here.

Mrs. W. H. Savage and sons, Bill and Jackie, left Wednesday morning for San Antonio, where they visited this week with her sister, Mrs. Maxie T. Hart and family.

Doyce Wells, from Camp Campbell, Ky., arrived last Thursday and is visiting this week with his parents, Mr. and Mrs. D. M. Wells.

Mr. and Mrs. Wilson Banner and son "Cy", were in town last Friday from the Banner ranch on the Pecos.

R. M. Harvey of Alpine, was a business visitor here this week.

The City of Marfa expects to receive, in early 1947, a right-of-entry authority which will give to it the right to use landing facilities and certain buildings at Marfa Army Air Field and making for the municipality a first class airport which was built under the rigid supervision of the U. S. Engineers.

The property will be operated as a municipal airport, or in place of the one north of town which has been operated several months by J. W. Shannon. The one on the Fort Davis highway may be sold. It was built by the Civil Aeronautics Administration with the City of Marfa and Presidio County as joint sponsors. The city has operating authority and the county provided land and fencing.—Big Bend Sentinel.

Veterans' News

The Veterans Administration has announced that special consideration will be given to disability claims filed by veterans who were interned in enemy prison camps during World War II.

The announcement was based on a thorough study of the effects of malnutrition on former American prisoners of war.

More than 125,000 servicemen were repatriated from "PW" camps during the war. Most received special treatment and care after they were freed and apparently regained their health. But some still may be suffering from the after effects of their confinement and thus might be entitled to disability compensation.

The after effects of malnutrition vary and, in certain cases, do not show up until long after the prisoners of war have been released from confinement.

Therefore, former prisoners of war who have any reason to believe they are suffering from a disability as a result of their confinement may file a claim with their nearest VA office. Former prisoners of war who

HEALTH NOTES—

AUSTIN, Texas, January 2—With the advent of cold weather, Dr. Geo. W. Cox, State Health Officer, has issued some timely advice concerning room temperature and its relation to health.

"It is very important that inside temperature be maintained at around 68 to 70 degrees," Dr. Cox said. "Thousands of homes are continually overheated in the winter, and a degree of heat is often demanded that would not be tolerated in the summertime."

In a room that is overheated, the body pores are open, and physical harm may result when outside temperature is encountered. Colds, influenza, bronchial troubles and even pneumonia may take advantage of this bodily abuse, and take a serious toll in sickness and even death.

"An inside temperature of from 68 to 70 degrees is not only more healthful, but act-

ually more comfortable," Dr. Cox said. "When, added to these factors, the resulting economy is considered, it might be well to check up and see what your thermometer reads. A room temperature within the range suggested plus the careful maintenance of proper humidity, will help prevent needless sickness and protect the good health of your family."

Announce Marriage
Mickie Corder
Hal Rowlett, Jr.

The marriage of Miss Mickie Corder to Hal J. Rowlett, Jr., September 21, 1946, in Georgetown, Texas, has been announced recently by her parents, Mr. and Mrs. R. E. Corder.

Miss Rowlett is a 1943 graduate of Sanderson High School, attended Trinity University in San Antonio, and is now enrolled in the University of Texas at Austin, where she is a history major. She is a member of Omega Chapter of Alpha Phi at the University.

Mr. Rowlett, the son of Hal Rowlett, Sr., of this city, is also a former Sanderson High School student. He later attended John Tarleton Agricultural College, at Stephenville, the University of Texas. In December, 1945, he received honorable discharge from the United States Army Air Corps, after serving overseas for three months with the Air Force in North Africa and Italy. During this time he served the EAME Campaign with seven bronze stars. Rowlett is vice-commander of the Clarence Hallie Mulkey Post 160, American Legion, and is associated in business here with his father.

After Mrs. Rowlett has completed her present work at the university in January, they will make their home here, contributed.

QUALITY IN A MEMORIAL

Quality is not something that can be argued into a monument or promised into it. To begin, the material must have it. In the finish and the lettering, it must be placed there. The finest sales talk will not act as a substitute. Rock of Ages means quality, and the Rock of Ages seal is your absolute assurance of the finest material and the supreme quality of craftsmanship.

Milestone Car "Sealed in Cellophane"

An "orchid" among motor cars is this milestone model, the 19,000,000th Chevrolet built in the 35 years of the division's history. Production of this car early in December highlights the endeavor of automotive manufacturers of America to supply a car-hungry nation within the limits imposed upon the industry by current business conditions. Top-ranking executives of Chevrolet "dedicated" this welcome souvenir "wrapped in cellophane" are Nicholas Dreystadt (left), general manager, and T. H. Keating, general sales manager.

B. L. LESTER—
(Continued from Page One)
The car was damaged considerably.
A rapid cooperative search by officers from the city, county and state resulted in the arrest of the five about eight hours after the accident.
Assisting in the investigation were Sheriff Hagan Parmley, Jr., Deputy Sheriffs V. W. Cantrell and E. C. Brown, M. C. Roebuck and Bennett Spradley of the city police force, J. Todd Brown and Arch Holbrook of the constable's department, and Patrolman H. E. Ray of the Department of Public Safety.
The car was found behind a barn on a farm at Oak Ridge where it had been abandoned when mechanical trouble developed. A negro woman living on the farm phoned the city police early Friday and told them where the car was located.
Prior to this the officers had been working blind, seeking the car and the identity of its owner. A negro man picked up by Sheriff Parmley for investigation identified the car after it was found and further investigation identified the other four occupants.
Their arrest quickly followed. Rogers, Garrett and Anthony were found in Roger's home in San Augustine County and Dodd and Holman were found at their homes near Chireno.
Garrett, Holman and Anthony are all veterans of service in the Army and served overseas. Garret was discharged on Dec 2 after overseas service on Okinawa.
