Revival Services Will Be Held At Baptist Church

Beginning Wednesday, March 26, there will be Revival Services at 10 a. m., and 7:45 p. m., at the Baptist Church.

Bro. L. L. Kirkpatrick of Temple Church, El Paso, will be with us to do the preaching. He is enthusiastic in the Lord's Work. Let us pray with him and for him that he may be lead of the Lord and that the people may have open ears to hear.

Bro. C. M. Brittain, returned Missionary from China, of Ft. Davis, will have charge of the music. He has also consented to conduct an orchestra, if the young people wish to co-operate.

Come and worship with us each morning and evening through Easter Sunday, April 6. Come praying that this will not be just a series of meetings but that we might really be drawn close to the Lord and have a revival in our hearts of love, the desire, and the yearning to do God's Will.

The nursery will be open at all services.—Reported.

Red Cross Quota For Terrell County Is Set at \$648

The Terrell County Chapter of the Red Cross has been assigned a quota of \$648 to be raised in the annual drive this year. All funds over that amount will be divided on a fifty-fifty basis.

The annual drive started on the first of this month and will continue during the entire month. At the time the drive started a committee sent out request to various individuals asking for a contribution \$5, so far the response has been gratifying. Those who have been solicited for funds are asked to get them in as soon as possible so that the quota may be reached.

The Terrell County Chapter of the Red Cross will invest your donations in doing the most good possible for those who are in need of and entitled to such help.

Have you responded?

Construction Is Started On New S. P. Station at Alpine

Work got underway the past week on the new Southern Pacific depot here, a contract for which was awarded to Ralph W. Peters, local contractor, the latter part of January.

Excavations for footings are being made and these should be poured shortly, favorable weather permitting.

The new building, of Spanish design, will replace the old structure destroyed by fire January 12 last year. It will be of stuccoed frame construction, 37x135 feet, and modern in every detail.

Mr. Peters said this week that he hoped to have the building completed in five months barring delay in securing materials.

Veterans' News

Q Does the name "United States Government Life (converted) Insurance" include "National Service Life Insurance"?

A—No. "United States Government Life Insurance" is insurance issued to World War I veterans or to persons who applied for same while in active service before October 8, 1940. "National Service Life Insurance" is insurance provided for World War II veterans. Each is sometimes referred to as "Government Insurance" and each is administered by Veterans Administration under authority granted by Acts of Congress.

Q—How many offices does the Veterans Administration have and where are they located?

A—The Veterans Administration has a central office in Washington, D. C., and 13 branch offices, located in strategic centers of population. In addition it has one or more regional office field stations or sub-regional offices in each state. Some of these are larger and have wider activities than others but all are charged with the duty of assisting veterans and their dependents.

Q—What identification data should I give in writing about my claim for benefits administered by the Veterans Administration?

A—If you are making application you should give your full name, grade, organization, serial number, date of entrance into service, date of discharge, and date and place of birth. After the claim is filed it will be assigned a claim number which should be mentioned in all subsequent communications.

Mystery of the Rocking Chair

Ma Hoskins has a favorite rocking chair that's worn and shabby, with a noisy creak. Pa Hoskins has listened to that squeak for thirty years... and he decided to do something about it. So he bought a new rocker, and hid the other in the barn.

Ma allowed as how grateful she was... but when Pa missed her one afternoon, he heard a familiar sound that led him to the barn. There was Ma rocking happily in her old chair—squeak... squeak. No need to tell you how Pa felt.

Quick as a wink he hid the new rocker and then brought Ma's old chair back to the house. Now when he hears that squeak, he looks at the mellow glass of beer he's drinking and says to himself: "She's just as entitled to her small pleasures as I am."

From where I sit, that's one of the reasons the Hoskinses are the happiest, oldest-married, peace-fullest folks in our town.

Are you using these "hired hands"?

It often seems as though a farmer or rancher never has enough help. But did you ever stop to think that there are literally thousands of people who work for you that you seldom, if ever, see?

These unseen "hired hands" are the scientists of agriculture, who work for you the year 'round in agricultural experiment stations of the nation. Their accomplishments are many—and can benefit you directly in proportion to the advantage you take of their services.

The experiment stations in the 48 states are to the business of agriculture what our research laboratories are to Swift & Company. It is in the research laboratory that we put science to work for us, to improve our products and our business.

We like to think of these agricultural experiment stations as a vast bank of valuable scientific knowledge. To maintain the assets of this bank, millions of dollars from this year's \$1,235,055,000 budget of the United States Department of Agriculture go to the various state experiment stations, to conduct experiments sponsored by the U. S. D. A. In addition, about \$12,000,000 is provided by the states to staff and maintain the sta-

tions. Remember, this is your bank from which you can make withdrawals of real value any time you wish. Information is available on any subject relating to farming or ranching. Direct your request either to the Dept. of Agriculture, Washington 25, D. C., or to your own state college, state experiment station or extension service. If you do not have the address, ask your county agent or vocational agriculture teacher. Or write to us at Swift & Company, Department A-5, Chicago 9, Illinois.

A Big Market of Little People

A new outlet for meat has been developed! Hundreds of thousands of "little people" in America, the babies of the nation, are now eating meat. Swift's Meats for Babies and Juniors are specially prepared for them. These new products give today's babies a better chance than ever before for robust health and full physical development.

The better the food, the better the baby! That's why doctors are so enthusiastic about Swift's Meats for Babies. They know that meat provides complete, high-quality proteins, the essential body-builders—iron, the blood-builder—and needed vitamins in natural form. They know, too, that these vital food elements in meat are most important when babies are young—actually building their bodies. And so, many doctors are recommending Swift's Meats for Babies and Juniors—strained for the very young and diced for older children.

This is but one example of the many ways Swift's research, distribution and promotion contribute to the nation's nutrition and build new markets for the products of your farm and ranch. Mothers: if you'd like a free copy of a new informative booklet, "Meat in Your Baby's Diet," write Swift & Company, Dept. B, Chicago 9, Illinois.

Two Different Things

There seems to be a good deal of misunderstanding about two factors which are important in the marketing of livestock—grade and price.

Simply defined, the purpose of grading is to provide a venison of but necessary means for comparing qualities of the meat animals in a market, or for comparing the animals in one market with those offered for sale in another market. However, grading is not an exact science because it depends to quite an extent on the judgment of the person doing the buying or selling. Grades are standards which take into consideration the sex, weight, quality, conformation and finish of animals.

Now, let's have a look at price. Price is not a factor in determining grade. Just because some animals are in a higher grade does not mean that they always will sell for a higher price than animals in a lower grade. For example, it happens at times that a medium grade of cattle sells for as much or more than a good grade. Such a condition may come about when there is a heavy demand for, but only a light supply of, medium cattle; while on the same day a big supply and a light demand of good grade cattle will not bring so high a price.

The same situation may exist in the case of lambs. In communities where racial customs affect eating habits, there are times when carcasses of lightweight, thin, lean lambs sell for as much as the fat, well-finished, choice type. Again the law of supply and demand is in action.

Always remember that price and grade are two different things. Try to think of each separately, and we believe you will have a much clearer and truer picture of grading and marketing of livestock.

P. C. Smith, Vice President In Charge of Beef, Lamb, Veal

Martha Logan's Recipe for BEEF GOULASH

- 2 pounds beef chuck
1/4 cup flour
3 tablespoons fat
1 1/2 cups water
1 tablespoon Worcestershire sauce
1/2 cup celery leaves
1/4 teaspoon pepper
1 clove garlic
1 teaspoon dry mix
2 tablespoons chopped parsley
1/4 teaspoon sage
1 teaspoon caraway seed (optional)
1 teaspoon salt

Cut beef into chunks and roll in flour. Melt fat in skillet. Brown meat well. Add remaining ingredients. Cover skillet and slowly for 3 1/2 hours, or until tender. (Yield: 6 servings.)

Things are NOT always as they seem

Which of the two shapes shown at left is larger? The white one or the black one? White one certainly appears to be bigger, actually they are exactly the same size. In the livestock-meat industry, too, there are not always as they seem. For example, sometimes people think of Swift's total production as being large. Yet the actual fact is that in 1946 Swift's payments to shareholders were less than 4% on the shareholders' investment; the company's net earnings from sources were 1 1/2% per dollar of sales... only a fraction of a cent per pound of product handled. That seems to be a business on a mighty narrow margin—and it is!

Mrs. John Byrd Is Speaker At P.T.A. Meeting

Mrs. John Byrd was the speaker for the Parent-Teachers Association at the March meeting which was held last Thursday afternoon at 7 o'clock in the High School Auditorium.

Taking as her subject, "Encouraging Wholesome Attitudes," as given in the Texas Parent-Teachers Magazine, Mrs. Byrd stated that "Encouraging wholesome attitude in children is an important duty for both parents and teachers and brought out the following points that go toward developing this attitude: daily practice of the Ten Commandments and the Golden Rule; daily practice of thrift; daily practice of emotional security; daily practice in social living; daily practice in critical thinking; daily practice of citizenship; daily practice in health and safety and daily practice in having fun.

Mrs. Jimmie Caroline was program leader for the afternoon and Rev. John Byrd led the Parent Teacher Association in prayer.

"Love Me, Love My Dog," was the name of the play given by the second grade. The play was taken from the Mother Goose rhymes and the children were dressed in character. They also sang, "Bill Grogan's Goat" and "Maisy Doats." Miss Mary Bess Hardgrave is the second grade teacher.

Miss Doris Duke played two selections on the piano.

The president, Mrs. Sid Harkins, called the meeting to order.

The revised By-Laws were read before the P. T. A. and are being sent to Austin for approval. Mrs. Chastain was chairman of the committee that revised the Constitution and By-Laws.

A new microscope has been bought for use in the science department. Mrs. Hasty reported it to be a good bargain at \$25.

A report was heard from the nominating committee.

A letter from Mrs. Kay, District President, was read. She urged all who are able to attend the district conference at Pecos to do so. To date the following members are planning to attend: Mesdames Jimmie Caroline, Sid Harkins, John Byrd, C. P. Peavy, N. M. Mitchell, E. J. Chastain, Tol Murrah and Mr. Bradford. Members wishing to stay in homes should write Mrs. Bill Daugherty at Pecos. Reservations may also be had at the hotels. The next Parent-Teachers meeting will be held Tuesday.

Present at the meeting were representatives of thirty-two of the fifty-two clubs in the district, with approximately twenty-five towns being represented.

Mrs. R. S. McCracken and Mrs. A. L. Baugh, of Marfa, are the retiring president and secretary respectively and were succeeded by Mrs. J. M. Montgomery, as president, and Mrs. Marsh Lea as secretary. Both are from Ft. Stockton. Other officers elected were Mrs. B. B. Bell of El Paso, first vice-president, and Mrs. Joseph Best of Wink, second vice-president.

The new officers were installed during a service conducted by Mrs. Rudolph Melard during the Wednesday afternoon session.

April 1st, instead of Thursday, April 4.

When Mrs. Shelton had taken the room count the second grade had the most parents present.—Reported.

Tuesday Bridge Club Members Entertained By Mrs. M. L. Keller

At her home this week, Mrs. Mary Lou Keller was hostess to the members of the Tuesday Afternoon Bridge Club and several guests when she entertained on Tuesday.

There were four tables of players that enjoyed the afternoon games. Prizes were awarded to Mrs. P. Peavy for high score; Mrs. S. L. Stumberg, second high; Mrs. H. E. Fletcher, consolation and Mrs. Pauline Patterson, traveling prize.

A lovely salad course consisting of congealed salad, olives, potato chips, crackers, individual chocolate pie and coffee was served by Mrs. Keller.

Guests and club members who attended included Mesdames Bill Goldwire, H. E. Fletcher, Pauline Patterson, S. L. Stumberg, Herbert Brown, J. D. May, Harvey Krauss, Lee McCue, Tol Murrah, C. P. Peavy, John Harrison, Austin Nance, Jim Nance, John T. Dye, P. E. Dishman, and Ben Martin.

Members of Senior Class Entertained By Mrs. D. M. Wells

The members of the Senior class of the Sanderson High School, their class sponsor, Mrs. Camille Leigh, and the room mother, Mrs. Gerald Grigsby, were entertained on last Saturday evening when Mrs. D. M. Wells was hostess to a Mexican supper given at her home.

The Mexican theme was carried out in all the decorations and the plate favors. The supper was served buffet style.

Following the supper the guests enjoyed an evening playing Tripoli and other games.

Boys and Girls FLY YOUR KITES Safely Away from Electric Lines! Kite flying is great fun but danger lurks when kites are flown near electric lines. Many a child has lost his life using wire for a kite string or climbing a pole to get a tangled kite. Play safe by following these rules: 1. Use only dry, cotton string to fly your kite. 2. Do not use metal kite sticks. 3. Do not climb a pole to get a tangled kite. 4. Fly your kite only in open fields away from power lines or busy highways. COMMUNITY PUBLIC SERVICE COMPANY

FIRST IN COMBINED CAR AND TRUCK SALES!

The final registration figures are in, and again in 1946 America purchased more Chevrolet cars—more Chevrolet trucks—more Chevrolet cars and trucks combined—than any other make, despite the fact that Chevrolet was out of production entirely during the first three months of the year! A magnificent tribute to Chevrolet production efficiency, as well as to the dollar value of Chevrolet products! It's the best proof you can possibly have that you're wise to choose Chevrolet, the only cars giving BIG-CAR QUALITY AT LOWEST COST, and the only trucks rating as THRIFT-CARRIERS FOR THE NATION! True, there still aren't enough new Chevrolets to go around, but highest popular demand means higher dollar value, just as highest production means quicker delivery of your new car or truck.
