As you have previously heard, the STAR is changing editors. And, as usual, I wish you hadn’t. We are in a time of change, and we hope you will commend us for the work we are doing, perhaps even approvingly, although, realistically speaking, some of you may say that Richard Hayley will be tough to top.

Addition another paragraph which will give the readers information on the operation of the STAR. We hope to see you in our offices.

From what you know of the new staff salute to operation, it seems to grow stronger on the Rock of Gibraltar.

In a recent column, Fred Johnson, noted Austin reviewer, wrote that he knew what we were doing when we added our staff and we knew he was right.

Just how we for the Friona businesswomen were keeping an eye on the action, and we’re doing it. In our eyes, the local small tax and sales tax are just as important as they’ve always been.

After the hard work and shopping, we reached the cash register and clicked a few times. We didn’t mind, but we were thinking of the tax, which is not subject to the sales tax, but was already included in our price.

What followed would sound like an electronic score sheet. First, the tobacco was priced at an on-the-door rate, which means the tax on the tobacco has been added to the price of the tobacco. The tax law is the same for tobacco as it is for other products, and we follow the law as closely as possible.

According to the law, the tax on tobacco is a part of the final price, and the tobacco is sold with the tax included. The law also states that the tax is not to be charged separately.

As for the sale of tobacco, the law says that it is not a separate item, and that the tax is included in the final price. The law also states that the tax is not to be charged separately.

The law states that the tobacco is not a separate item, and that the tax is included in the final price. The law also states that the tax is not to be charged separately.

As for the sale of tobacco, the law says that it is not a separate item, and that the tax is included in the final price. The law also states that the tax is not to be charged separately.

The law states that the tobacco is not a separate item, and that the tax is included in the final price. The law also states that the tax is not to be charged separately.

Harris Begins '61 Forecast

Joe Harris, the STAR's football forecaster, began his twentieth year of forecasting with the opening of the 1961 season, the 147th year of college football. Harris possesses a keen analytical mind backed up by a phenomenal memory; the forecaster's detailed knowledge of hundreds of past events even the most seasoned football fan probably could not match. Joe Harris personally predicted all the college and professional games, but also gave the estimate of the possible final scores.

Harris' predictions will be carried in the STAR on the Cotton Bowl Contest pages.
Queen Contest Entries Mount

Entries for the state fair queen contest isle due last week. The contest winners were registered by Thursday night and the number is expected to reach 25 before the deadline for entries.

The contest winners will be chosen in two weeks from among the contestants, who will come from small towns throughout the state. The winners will be selected by a panel of judges who will award the titles to the contestants who demonstrate the most knowledge and poise.

Deadline for completing the new window displays at the fair is today through the Maize Days by members of the various communities and organizations.

Executive Committee Plans Family Dinner

Plans for a family dinner in honor of the school board are made this week, with arrangements being made for the dinner.

Windows Open For Display

The contestants will be on display in the windows of the state fair, with arrangements being made for the dinner.

Lodge Members Prepare Booth

Tickets will be on sale at the gate for $1.50 adults and $1 for children under 12. Corky Berry and Burl Nix, Clovis, will serve as secretary-treasurer of the fair committee, while Charles Phillips and his Sugar Timers will play for dances Friday and Saturday nights following the conclusion of the events.

Admission will be $2.50 per couple or $1.50 stag.

About 20 Jaycees have been working on the pens during the test period. Finishing touches were put on the rodeo pens and grounds Wednesday afternoon for the State Fair Jaycees Rodeo to be held today through Saturday. The pens and grounds were enclosed by a fence, with arrangements being made for the arrival of the stock owned by Jaycees.

The Stockton Jaycees Rodeo will be held in the state fair community, with arrangements being made for the arrival of the stock owned by Jaycees.

We are expecting around 150 head of the event and other animals in the community, with arrangements being made for the arrival of the stock owned by Jaycees.

Mr. and Mrs. John Claude Miller
Double Ring Ceremony Unites
Beulah Moore-John C. Miller

Miss Beulah Moore, daughter of Mr. and Mrs. John C. Miller of Friona, became the wife of John C. Miller of Friona, son of Mr. and Mrs. Claude Miller of Friona, on Aug. 29 at 3 p.m. in the First Baptist Church of Friona.

The wedding ceremony was performed by Mrs. Addie Moyer, Friona, and the ceremony was witnessed by a large and representative audience.

The wedding was a very colorful and attractive affair. The bride wore a blue satin dress and the groom a blue suit.

The ceremony was followed by a reception in the First Baptist Church. The wedding party was then taken to the home of the bride, where a wedding banquet was served by Mrs. Julianne Mayes, Mrs. Mary Henderson, Mrs. Lula White, Mrs. Betty Turner and Mrs. Addie Moyer.

The wedding party was then taken to the home of the bride, where a wedding banquet was served by Mrs. Julianne Mayes, Mrs. Mary Henderson, Mrs. Lula White, Mrs. Betty Turner and Mrs. Addie Moyer.

SCD Supervisors Meet In Friona

Soil Conservation District supervisors from Panhandle and Northwest Texas districts are scheduled to attend the quarterly meeting here Sept. 15 at 10 a.m. in the community room of the Friona State Bank.

The meeting, which will begin at 10 a.m., will consist of a brief review of the effectiveness of conservation practices on the land. The meeting will also be the first chance for supervisors to exchange ideas, according to Paul Allen, publisher, and Wm. Miller, publisher, Morning Star 927. Advertisers to W. S. Miller, Bluebonnet Printing Co. and Oliver F. Allen.

Farmers Vote Wheat Quotas In Reference

Texas wheat producers and users in the area are expected to make their decisions this week on wheat quotas to be submitted to the federal government for the 1963-64 marketing year.

Stockmen To Be On Alert for Pinkeye

Producers are being warned to be on the alert for pinkeye, a transmissible disease that can spread from cattle to cattle.

Barley Added To Feed Program

Though barley will not be the first choice of feed, the feed program approved during the recent county committee meetings will also include barley.

Barley, along with corn, is a feed grain which may be used to produce feed for livestock. Barley is a hardy feed grain and is not as expensive as corn. It is also believed to be a good feed grain for hogs.

Barley has been added to the feed program because it is available in the area and it is a good feed grain for hogs.

Brucellosis Testing Starts Monday

MAKING PLANS for the brucellosis tests, which are slated to begin Monday, is the Beef Checkoff Program, which is responsible for the tests. The tests are a part of the state's efforts to combat brucellosis, a disease that can affect cattle and other livestock.

The testing of cattle in Parmer County, which is the area where the tests will be conducted, is being handled by the Beef Checkoff Program. The tests will be conducted on a fee basis and will be paid for by the owners of the cattle.

The testing will be conducted on a weekly basis and will be done on a rotating basis. The tests will be conducted at the Veterinary Laboratory in Lubbock and will be conducted by the state veterinarian.

The results of the tests will be available within two weeks of the test date. The results will be sent to the owners of the cattle and will be kept on file for future reference.

At a meeting of the Beef Checkoff Program in Parmer County, it was decided that the testing program would be conducted on a fee basis. The fee for the testing will be $5 per test.

Farm Facts

"Will my working refrigerator, I don't know that it is the refrigerator," said the speaker, "will it work right away?"

In some cases, the refrigerator may work right away, but in other cases, it may not.

The refrigerator may be too cold or too warm, it may not have enough space, or it may not be plugged into the right outlet.

Farmers are advised to check their refrigerators to make sure that they are working properly.

"Operation Silage" Is Big Undertaking

12,000 Tons Being Hauled From Friona To Farwell

"Operation Silage" in some one might well call the huge operation now being conducted to Friona Feed Lots.

Charlie and Bill Baxter, owners of the feed lot, say that 12,000 tons of silage will be hauled in the huge underground storage area.

In what is probably the biggest operation of its kind ever to be carried on in Panhandle, there are 240 trucks hauled on the road, and four storage tanks in a central facility in the lot.

It is a full-time affair for the Baxters, with the silage being cut from 100 acres in the lots of Bill, Jr., and Bill Baxter, and Clarence and Larry Martin, all of whom are to be stored in the silo.

The operation started last week and will continue probably for the next week or so. 25,000 tons of silage will be cut by a certain time. The first silo is to be left in the silo. The silage is to be cut at intervals of about four days. The silo is to be cut at intervals of about four days.

The silage is to be cut at intervals of about four days.
WHEREAS, on the 19th day of August, 1961, in Cause No. 2151, in the District Court of Parmer County, Texas, the State of Texas, County of Parmer and High Plains Underground Water District, the State
