

Howdy, neighbor!  
This was the greeting I received upon my arrival in Friona, August 30. To be frank, it left me somewhat stunned--to say the least. No town could possibly have people who were this friendly and not be quarantined by some anti-something-or-other league.  
I hadn't even moved in!  
"It's too good to last," I thought. But it has.  
"It's not sincere," I thought. But during the past week, I have definitely changed my mind.

Even though I may break all the rules of journalism, I would like to take this opportunity to return the "Howdy Neighbor" and express my sincere thanks for the warm reception tendered me during my first days in Friona. I shall try to live up to your standards of friendship and understanding.

Any town as friendly as Friona, doesn't really need a big immigration drive. All it needs is to have people stop for a short time and visit. If friendly neighbors mean anything to them, they will stay.

-TH-  
As you have probably heard, the STAR is changing editors. And, as usual with a change in editors come a few changes in content and style. We hope you will find them pleasing and perhaps some improvement, although the standards set by Richard Hapke will be tough to top.

This column is one of the additions. We hope its contents will prove to be of some interest to STAR readers in the future.

Another addition which parents may watch for is more information on the operation of the Friona School system and what the students are doing.

-TH-  
From what we've seen of the new state sales tax in operation, it is enough to grow ulcers on the Rock of Gibraltar.

In fact, it seems hard for us to believe that representatives in Austin really knew what they were letting us in for when they suggested such a conglomeration of a tax bill.

If we had sponsored such a monstrosity with "knowledge and forethought,"--or otherwise--we would be running for the deepest, darkest and nearest mole hill.

Just to see how the Friona businessmen were keeping account of the various non-taxables, taxables, state taxes, federal taxes and tax taxes, we stopped at the drug store to make a few purchases.

After some picking and choosing, we reached the cash register with a bottle of shave lotion, which carries a 10 per cent federal excise tax, a bottle of aspirins and a package of tobacco, which is not subject to the sales tax because it is already taxed more than two per cent by the state.

What followed then would short circuit an electronic brain.

First, the tobacco price was entered on an adding machine which keeps track of the non-taxable sales. Then, the federal tax was subtracted from the shaving lotion and entered in a separate ledger for the federal taxes collected.

The price of the lotion--less the federal tax--and the aspirins were entered and sub totaled on the cash register. From the sub total, it was decided that we owed three cents sales tax.

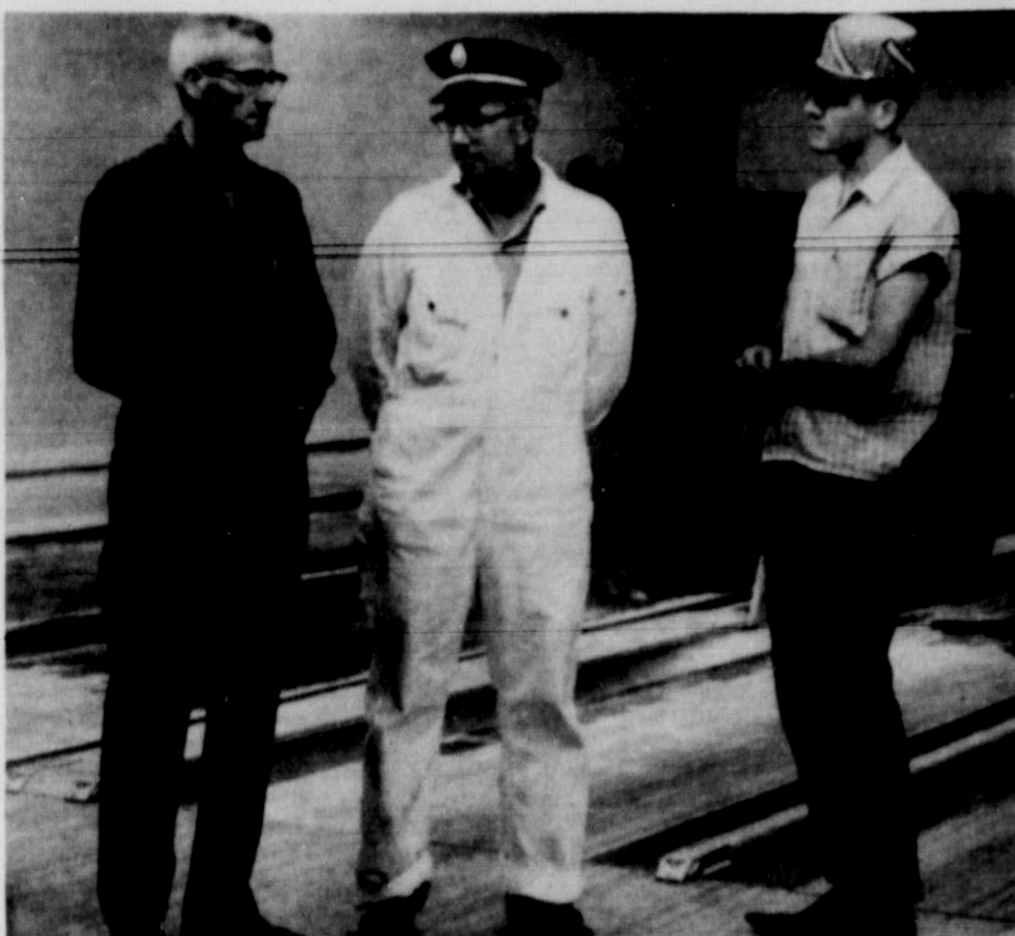

Three cents was added to the sub total along with the federal tax on the lotion and tobacco cost. The grand total read \$1.63.

And it took longer to do than to tell.

A few businesses were lucky enough to pay a few hundred dollars for a special new cash register which they probably would not have needed except for the sales tax. One of these super-duper, calculator type cash registers will do all the multiple entering itself--if the right button can be found.

But the fancy cash registers may prove hard for late comers to find. We were talking to one of the sales representatives in Lubbock last week and he informed us that his company

(See CASTIN' p. 5.)

HOT LANES IN FRIONA... Friona Fire Marshal, Clyde Fields, Ed Hicks and son, Gary Hicks, owners of Friona Lanes, discuss

origin of the fire which burned across five alleys Sunday morning. The fire and smoke damage is estimated at near \$8,500.

### DELAYS WINTER LEAGUES

## Fire Strikes Friona Lanes

A sudden blaze raced across five alleys in the Friona Lanes Sunday morning at 3:05 a.m. causing an estimated \$8,500 in damage, most of it caused by smoke.

Gary Hicks, manager of the Lanes, Fred Lookingbill, Larry Hicks and Dale Williams had just completed refinishing the lanes when the fire began. The lanes were being prepared for the Monday opening of the winter leagues.

### FILL ROSTER

#### Teachers Join Staff

Addition of three new teachers completes the teaching staff at the Friona Schools, Alton Farr, superintendent, announced this week.

Mrs. Rowena Amason will assume duties Monday and teach Public School Music in grades four through eight. Mrs. Amason received her Bachelor's degree from East Texas State College, Commerce, Texas. She recently taught elementary grades at Quitman and Trenton. She has taught three years.

Miss Lou Ann Choate, 1960 graduate of East Central State College, Ada, Okla., will join the staff Tuesday. She will teach fourth grade. Miss Choate also attended Southeast State College at Durant, Okla. Her home is in Atoka, Okla.

Ervin A. Johnson recently joined the math department. Johnson, a graduate of Southwestern State College, Weatherford, Okla., will teach Algebra one and two. He has six years in Okla. and four years in Borger, Texas. Johnson has completed most of his work toward a Master's degree in mathematics.

League opening was postponed for one week while sanding and paint crews repair the damage.

"We will be ready to begin bowling by Monday evening," Hicks said Tuesday. "The winter leagues will open then."

A special Bowling Lane finisher was being used. It is reported to be more explosive than gasoline.

"Fumes from the finisher had filled the building until it was hard to breathe," Hicks said. "Seattle electricity probably ignited the explosive-like blaze, according to Friona Fire Mar-

shal Clyde Fields. All fires and pilot burners were turned out in the alleys.

"The strong wind (which struck Friona about 3 a.m.) could have blown a rag or paper across the floor and started the fire," Fields said. The rear door was open to aid ventilation.

"We were preparing to go home when a strong combustion blew the front doors open and flames leaped upon the alleys," Hicks said.

Hicks and crew ran outside and Lookingbill went to call the Fire Dept. Hicks then returned to the alleys and smothered the blaze with two dry chemical extinguishers kept in the building. By the time the fire trucks arrived, 15 minutes later, Hicks had the fire out.

(See FIRE p. 5.)

THE TOP PREDICTOR... Gaylon Rhodes of Friona emerged top man in the Cotton Bowl football contest in the contest opener. He was followed by Eugene Ellis, Friona, and Sue Moten, Bovina, in second and third place.

### In Football

## Gaylon Rhodes Wins Contest

Gaylon Rhodes edged out of a seven way tie with only eleven points error in the tie-breaker to capture top honors in the Cotton Bowl contest last week.

Rhodes and six others picked eight correct games and the tie-breaker was needed to decide a winner.

Eugene Ellis won second place with a 15 point error in game of the week scores. He was followed by Mrs. Sue Moten, Bovina, with an 18 point error.

Rhodes and Mrs. Moten picked Muleshoe to win over Clovis. Ellis missed a match when he picked Bovina over Springlake.

Dalhart Vs. Clayton was not played last week and was not counted.

All four of the runner-ups picked Muleshoe over Clovis. They were Donny Ray Carthel, Black, Mildred Agee, Danny Mac Bainum, and Dale Hart of Friona.

Response to the request for player-of-the-week nominations was insufficient for selection of the winner of that post this week, but now that fans have seen the Chiefs in action, there should be little difficulty in selecting an outstanding player.

"I just went by the papers I read in selecting the game winners," Rhodes commented on his methods. "As for the tie-breaker, I just expected a little closer game than every one else did."

Rhodes estimated Friona, 6; Farwell, 25, for the 0-20 games.

### BUT WIN FAN'S ADMIRATION

## Chiefs Drop Season Opener

Farwell won the ball game, but Friona won the greatest victory--and the hearts of the fans.

That was the story Friday night when an outmanned, but not outthought, band of Friona Chiefs put up a gallant struggle, but didn't have the horses to turn back the big Farwell Steers, who were victors in the football season opener, 20-0.

Prior to the game, it was thought that the small, inexperienced Chiefs would be no match for the powerful Steers. In fact, some observers felt that the two teams shouldn't be on the same field together.

The Chiefs quickly squelched all such pregame notions, however, by stopping the high-ranking Steers in their tracks on the first series of plays. The Steers took the opening kickoff, and after their first three plays from scrimmage, found themselves pushed back six yards rather than making any forward progress.

After that, the Steers' talented backfield did start moving against the Chiefs, but at

no time did they run wild as had been expected. Farwell's three touchdowns, one coming in each of the first three periods, were all hard-earned.

The Chiefs were never able to muster a sustained offensive drive, but they did on numerous occasions penetrate the rugged Farwell line for some fine gains.

Everett Gee, wiry 145-pound fullback for the Chiefs, and Quarterback Floyd Reeve and Halfback Tommy Baxter, each were impressive at times, and went for sizable gains when the Friona line opened holes in the Farwell defensive wall.

However, when the chips were down, the Steers' line, which outweighed Friona's by 20 pounds per man, always seem to tighten up and halt the Chiefs before they could move very far into Farwell territory.

Farwell's first touchdown came the second time the Steers had the ball. They had taken over from the Chiefs, who had failed on a fourth and two situation, on the Friona 40. From that point, Steer Halfback William

THE FRIONA

STAR

### AFTER 11 YEARS

## County Agent Resigns Post

Joe W. Jones, Parmer County agricultural agent for the past 11 1/2 years, last week submitted his resignation to the Parmer County Commissioners Court.

His resignation will be effective Friday, September 15, at which time he will join the staff of Security State Bank in Court.

G. D. Anderson, president of the bank, says that Jones will leave the banking business and will be a special agricultural agent for the firm.

It is not known when a replacement for Jones will be named, but Loyde Brewer, county judge, says that "the district agricultural agent, W. W. Grisham of Amarillo, told the commissioners court that one would be named as soon as possible."

Grisham may have a replacement for Jones Monday, and if so, he will meet with the commissioners court at that time.

Jones, who came to Parmer County in March of 1950, has assisted Parmer County farmers with technical advice and has been a leader in various programs, all of which have been designed to help the farmer in an intensified and scientific program.

He has worked with farm organizations in promoting such things as weed control, brucellosis inspection farm safety,

soil tests, and various other programs.

Also, under Jones' leadership, 4-H work has been expanded throughout the county.

"Naturally, we hate to lose Joe Jones as county agent," says Judge Brewer, "but we are happy if he is entering a job which has better opportunities, and we wish him well."

"He has been a very capable county agent, and much progress has been made under his leadership," the judge says.

The judge pointed out that farming has undergone many changes in the past 10 years, and that Jones has played an important role in helping farmers put in practice better farming methods.

Prior to coming to Parmer County, Jones, a 1947 graduate of Texas A & M College, was assistant county agent in Lubbock and Martin counties.

In all, Jones has spent about 13 years in extension service work.

## Jury Indicts 18

Eighteen indictments were returned Tuesday during the first fall session of the Parmer County grand jury.

The jury met at 10 a.m. and by 7:30 p.m. had investigated more than 20 cases.

District Judge E. A. Bills is scheduled to return to Parmer County sometime within the next two weeks to conduct a session of district court in which several of the persons indicted will be returned.

Persons indicted by the jury were: R. J. Sandlin and J. B. Ricketts, forgery and passing check; Harold Eugene Peters, burglary; John L. Kelley, fraudulent removal of mortgaged property from county; C. H. Webb, abandonment of wife and children; Ronnie Wines, burglary; Gary Buntin and J. D. Rash, felony thefts;

Harvey C. Rippetor, William D. Clapper, Carl E. Copeland and Billy Wayne Machen, burglary; and Johnnie Lewis, two counts for forgery and passing a check.

The names of four other persons indicted by the jury were withheld, pending arrest by the sheriff's department.

All of the above-named persons are either in custody in Parmer County jail or have been released on bond.

ECONOMICAL TRANSPORTATION... Walter Haws (L) and Jack Burnett, Jaycee president, try out the rodeo prize saddle from all angles. The saddle will be awarded to the best all-around cowboy at the Friona Cowboy's Reunion Rodeo Saturday night. See story on page 4.

### Country Club Meets Monday

Rules governing the use of the new club house will be the main topic for discussion at the general meeting of the Country Club members Monday at 8 p.m. in the Friona State Bank community room.

A committee of five members have worked out a set of recommendations for the meeting. A list of the recommendations are to be mailed to the members this week.

Bids for the construction of the club house have been opened but the addition of approximately 15 more members to the present 102 will be needed to completely pay for the project, Andy Hurst reported.

Work on the greens progressed at a rapid pace Monday as over a score of members turned out to weed and level them. The golfers are hoping to have the greens in condition for play within two weeks.

### Jaycee Wives Plan Booths

Plans for a booth at the rodeo arena this weekend and next weekend were completed at a meeting Thursday afternoon in the home of Mrs. C. H. Veazey.

Mrs. Walter Haws, president of the organization, will be in charge of arrangements for this booth and it will be in operation during Friona's Annual Cowboy's Reunion and during the Fair, a feature of Malze Day.

Those present were Mesdames Walter Haws, Jack Burnett, C. H. Veazey, Billy Sifford, Jimmy Briggs, Troy Young and Billy Nazworth.

Next meeting will be in the home of Mrs. Troy Young at 3 p.m. September 29.

### Time Changed For Auxiliary

The Hospital Auxiliary will have their first meeting September 21 rather than on the 14th as planned. The meeting will be in the hospital meeting room at 3 p.m.

(See CHIEFS p. 5.)

### Editorial Comment:

## This Is Illegal

These unattended cars could cause the few seconds delay which prevented an emergency vehicle from reaching one of the school buildings in time to save serious damage—or loss of lives.

The cars above are parked in front of the barrier across street between the primary and grade schools. The area is blocked off between 8 a. m. and 4 p. m. because of

the heavy student traffic and is used as a school bus loading zone. The barrier is supported in the center by a "NO PARKING" sign.

Traffic citations will be issued to unattended vehicles in this area, Ben Moorman, Police Chief, warns.

Don't tempt fate. Park your car out of the way—or stay with it.

Joe Harris, the STAR's football forecaster, begins his twentieth year of forecasting with the opening of the 1961 season. His 82.9 per cent accuracy explains his large readership and sports following.

Harris possesses a keen, analytical mind backed up by a phenomenal memory. He can recall specific details of hundreds of past events—even to the side of the field the touchdown was scored.

He not only predicts the win-

ners of all the college and professional games, but also gives his estimate of the probable final scores.

Harris's predictions will be carried in the STAR on the Cotton Bowl Contest page.

Harris is a graduate of National Agricultural College—now Delaware Valley College—at Doylestown, Pa., where he starred in all sports. On one occasion, he tallied 29 points in just 17 minutes in an important game when high scoring was the exception rather than the rule. He also holds a record for foul goal shots made overhand with 55 conversions out of 60 attempts to his credit in a major tournament. Joe was also an expert swimmer, competing on his varsity high school team. Among his accomplishments here is the winning of a 15-mile marathon swim.

## J. H. Brand Attends Rites For Father

Johnny Brand and family, 708 Prospect, attended funeral services of his father, N. J. in Portales, Friday.

Mr. Brand, a former resident of Farwell who resided in Portales, died Tuesday, August 29 in the Clovis Memorial Hospital at the age of 78. He was born in Georgia on December 20, 1882, and was preceded in death by his wife, Ollie, in 1956.

Other survivors include sons, Jesse of Sweetwater; Marvin of Thornton, Calif.; J. L., Chickasha, Okla.; Bill, Clovis and Raymond, Iona, Calif.; four daughters, Mrs. Irene Jones, Portales; Mrs. Odom Smith, Farwell; Mrs. Jane Huber, Iona, Calif. and Mrs. Ruby Hendergart, Lodi, Calif.; three sisters, Mrs. Nora Irvin, Meridan; Mrs. Rebecca Moore, Hillsboro and Mrs. Hattie Freeman, Waxahachie; thirty-two grandchildren and twenty great-grandchildren.

Rites were conducted Friday, Sept. 7 in the Wheeler Mortuary in Portales with Dr. Herbert Bergstrom, pastor to the First Baptist Church in Clovis officiating. He was assisted by L. A. Doyle, pastor of First Baptist Church in Portales.

Mr. and Mrs. Keith Blackburn and Jill of Albuquerque visited with friends and relatives the past weekend.

## Club Plans Maize Days Projects

Members of the Progressive Study Club are making plans for their annual Maize Day projects. These annual affairs are a booth in the City Park and a money doll.

All proceeds from these two projects go into the club's community project fund. Some of these projects are sponsorship of a summer program in Girl Scouting, cemetery improvement, and assistance to hospitals.

A spokesman for the club said, "If you haven't seen Miss Money, she is on display at the Friona State Bank just waiting to go home with someone."

Tickets for Miss Money may be obtained by contacting any member of the club or may be purchased at Hurst's, Foster's or Jarrell's.

## Cotton Trailers Must Be Licensed By Sept. 15

Parmer County farmers who have cotton trailers which they will be pulling on public roads this fall, were minded this week that the deadline for licensing these trailers is September 15.

A House Bill, which calls for the licensing of all farm trailers and other vehicles used on public roads, actually went into effect on May 29, 1961, says Lee Thompson, county tax assessor-collector.

However, the Department of Public Safety was asked to postpone enforcement of the law until license plates and supplies could be obtained, and the public informed about the new measure.

Plates are now available at the tax assessor's office in Farwell, and applications for these plates should now be submitted, Thompson says.

The owner of a fleet of farm trailers may use only one application for his entire fleet, Thompson says. Each trailer in the fleet must be described on the application.

## Tea Timers Meet At Bank

Election of new officers will head the agenda at the Tea Timers League meeting at 9 a. m. today in the Friona State Bank community room.

The meeting was previously scheduled to be in the Friona Lanes but has been moved to the bank due to a weekend fire in the alleys.

Other business conducted will be the selection of the winter league team, Mildred L. Agee, secretary, announced.

### Twins Honored At Party

The home of Mrs. David Cearly was the scene of a surprise birthday party honoring Lenore and Lorene Jackson on their 14th birthday Friday evening.

A large decorated birthday cake and gifts were presented to the honorees followed by a backyard picnic. Hot dogs, cold drinks, ice cream bars and cake were served.

After attending the football game several of the girls stayed for a slumber party.

Present for the party were Monte Sue Welch, Janet Bishop, Patsy Rule, Lyndia Chandler, Frieda Floyd, Janet Rushing, Janet Stevick, Sarah Fallwell, Gail McClothlin, Rita Collier, Willie Grace Grubbs, Phyllis Holcomb, Karen Hughes and Darlene Wilson.

THE POLISHED JUGGERNAUT Mr. and Mrs. Steve Messenger dust their prize winning Austin Healey.

### Friona Couple Wins Sports Car Trophy

Steve and Narcia Messenger, 504 Etta Ave. brought home the 1st place trophy from the annual Concourse competition of the Panhandle Foreign and Sports Car Club Aug. 27, in Amarillo.

The Concourse is the "spit and polish" event of the club. The object is to see who can have the cleanest and best kept car.

Points are awarded for cleanliness, condition of paint,

undercarriage, engine compartment and luggage compartment. Every inch of the car, inside and out, must be spotless.

Additional points are given for addition of non-standard equipment such as extra driving lights and safety belts.

The third try proved to be the charm for the Messengers who entered their first Concourse in 1959, and emerged with fourth place. They captured third place in 1960 and came home with the trophy this year.

The club awards trophies only to the first and second place winners of its events.

The Messengers joined the club in 1959 with their 1956, MG Magnette. Since then, they have entered several rallies and have placed among the upper four in most of them.

A rally consists of a pre-planned course and set times of travel each leg of the course. Courses are approximately 300 miles, as a general rule.

Dr. William Beene, 13th and Cleveland, was guest entry in the 1961 Taos rally. The Messengers took second place in the event.

The Messenger's 1957 Austin Healey, their present car, was still almost potless Thursday.

### Baby Girl For Andrew Wilsons

Mr. and Mrs. Andrew Wilson became parents of a nine pound daughter Saturday, August 19. The baby was born in the Parmer County Community Hospital at 12:45 p. m. She was named Debora Ruth.

Grandparents are Mr. and Mrs. Aubert H. Wilson of Friona.

### Hopingardners Have New Son

Mr. and Mrs. W. J. Hopingardner Jr. of Hollister, Calif. recently became parents of a son, Douglas Scott. He weighed eight pounds and nine ounces. The baby has one brother, Donald Gene.

Grandparents are Mr. and Mrs. Obra Cole, Friona and Mr. and Mrs. W. J. Hopingardner Sr. of Bovina. Mr. and Mrs. L. R. Talley of Route 1, Texico are great grandparents.

The Hopingardners are formerly of Friona.

### Something To Think About

6th. Street Church of Christ  
Box 515 -- Friona, Texas

your personal savior, or experiencing instantaneous salvation! A good scriptural example of what Paul had in mind is his own personal experience. In Acts, chapter nine, we have this account. Saul, later known as Paul, conversed with the Lord. He asked, "What wilt thou have me to do?" If he was saved instantaneously, he didn't know it. If he was saved instantaneous, the Lord didn't know it, because he instructed Saul to go into the city and there it would be told him what he MUST do. If he was saved there on the Damascus road, he didn't obtain peace and joy, because he was wretched and miserable for three days afterward. If he was saved then, he was saved without his sins being washed away because when Ananias came to him three days later he said, "And now why tarriest thou? arise, and be baptized, and wash away thy sins, calling on the name of the Lord." The emphasis is not on the "Damascus road experience" but rather on the fact that Saul demonstrated his faith in Christ, by "calling on him" through faithful obedience. It isn't enough to say, "Lord, Lord" (Matthew 7:21) we must do the will of God, as revealed in the gospel of Christ. Think about it.

## come to church sunday

No physical suffering is more torturous than burning thirst. Men have been known to exchange gold gladly for a single cup of cold water. Thirst has driven men mad. Men have committed murder for a drink of water. We cannot live without it. It is the absolute essential for all living things.

Spoken from the cross, the Savior's words, "I thirst," represent the cry of universal need. He, too, experienced burning thirst. In calling for water, the Son of God identified Himself with all mankind. He knew our greatest physical need.

Above and beyond our longing for refreshing water, there is a much greater need: spiritual refreshment for dying souls. We so often live in moral and spiritual deserts. The hot, angry sun of sinful pride, selfishness, godlessness burns down upon us. Our soul are in danger of perishing. Christ Himself brings the cool soul-satisfying water which gives new life.

**GREEN PICKING AT THE GREENS.** A group of Friona business men got down to the work of weeding the greens at the Country Club Monday. Shown above are, left to right, Newman Jarrell, Andy Hurst, J. C. Claborn, Marlon Fite, Pudge Kendrick, Bud Floyd, Truett Johnson, Danny Mac Bainum, Hollis Horton and W. L. Edelman. The Greens are expected to be ready for play in two weeks.

## Queen Contest Entries Mount

Entries for the Maize Days queen contest leaped ahead last week. Sixteen entries were registered by Tuesday night and the number is expected to swell to 25 before the deadline for entries at midnight tonight, Mrs. Eva Miller, queen contest committee chairman, reported. The contest to select a beauty who will reign over the Maize days pageantry will be in the high school auditorium Sept. 14, at 8:30 p.m. The three girls emerging in the top spots will receive cash prizes of \$25, \$15, and \$10. The three judges for the contest will be selected by the Chamber of Commerce, Mrs. Miller said. Entries are scheduled to appear on television Saturday. The Cotton John program will host the contestants. Each entry is sponsored by a merchant, club or organization in Parmer County and must be a high school student and resident of Parmer County. All entries will attend an orientation meeting today at 5 p.m. in the Methodist Church Fellowship Hall. Entries and their sponsors as of Tuesday night are: Ann Baxter . . . Hurst's Sharon Reeve . . . Reeve Chevrolet

Kay Burleson . . . Friona Star Sheryl Long . . . Jarrell's Variety  
Anni Jensen . . . Dive Inn Club  
Janet Buckley . . . Claborn's Funeral Home  
Brenda Collier . . . Ruthie's Flower Shop  
Martha Knight . . . Reed's Cleaners  
Charlotte Nettles . . . City Body Shop  
Mary Ann Boggess . . . Friona State Bank  
Betty Drake . . . Parmer County Pump Co.  
Linda Castleberry . . . Production Credit Assn.  
Marca Lynn Massie . . . Parmer County Implement Co.  
Pam Roden . . . Gib's Cleaners  
Martha Wages . . . Progressive Study Club  
The three top winners from the 1960 contest have been entered in the Miss Grain Sorghum Contest in Dimmitt. They will compete for the title and a \$500 college scholarship Saturday at 8:30. They are Joy Ingram, daughter of Mr. and Mrs. W. S. Ingram; Sharon Reeve, daughter of Mrs. Fay Reeve; and Janet Buckley, daughter of Mr. and Mrs. James Buckley, all of Friona.

## Executive Committee Plans Family Dinner

Plans for a family dinner to honor teachers in the local school system were made at a Wednesday afternoon meeting of the executive committee of the PTA, Mrs. Doyle Cummings, president, directed the meeting. This get acquainted dinner

will be in the school cafeteria at 7 p.m. Thursday, September 21. A nursery will be provided for preschool children. Those heading committees are Mrs. Leonard Coffey, program; Mrs. Bill Carthel, projects; Mrs. Ross Ayers and Mrs. Meryle Massie, membership; Mrs. Flake Barber, publicity; Mrs. Loyd Shackelford, finance. Also Mrs. Elvin Wilson, hospitality; Mrs. Lowell Bynum, publications; Mrs. I. T. Graves, secretary-treasurer and Guy Riggs, parliamentarian.

## Windows Open For Display

Friona businessmen are putting their display windows at the disposal of clubs and organizations for community displays today through the Maize Days Pageantry, Sept. 16, Wes Foster announced.

## Lodge Members Prepare Booth

A booth is being prepared for Maize Days by members of the Rebekah Lodge. This booth will be located in City Park and will be supervised by Mesdames Raymond Adams, Floyd Brookfield and J. D. Sanders. In addition to serving home made pies and cakes, hamburgers, cold drinks and candy, there will be a gift sale of hand made articles. All items will be donated by Rebekahs and proceeds will be used for completion of the new lodge hall in the east part of town.

# Rodeo Chutes — Open Tonight

Finishing touches were put on the rodeo pens and grounds Wednesday night by the Friona Jaycees in preparation for the Friona Cowboy's Reunion Rodeo today through Saturday. Two new 30 by 46 feet holding pens were completed in preparation for the arrival of the stock supplied by Ratjen Brothers, Happy, Texas. "We are expecting about 130 head of the meanest animals in the country," Gaylon Rhodes said. About 20 jaycees have been working on the pens during the past week in order to have the \$10,000 arena ready for the events. "We are expecting between 1000 and 1500 people attending per night," Robert Zetsche reported. A large tent has been set up for concessions at the rodeo grounds. Eight of the tents will be erected for the Parmer County Fair and Maize Days celebration. The best all-round cowboy will be awarded a hand tooled, hand made saddle following the events Saturday night. Con-

testants must enter at least three events to be eligible for the \$200 prize. The saddle is a Chuck Sheppard Roper made by Bob Marrs' Stockman's Saddlery, Amarillo and carries a life time guarantee. Richard Walters, Amarillo, will be clowning for the riders. He is the regular Ratjen Brothers clown and has been clowning since leaving high school. Announcer for the events will be Spec Lunsford, Dallas. Corky Berry and Burl Nix, Clovis, will serve as arena judges. Tickets will be on sale at the gate for \$1.50 adults and 75 cents for children under 12. Charlie Phillips and his Sugar Timers will play for dances Friday and Saturday nights following the conclusion of the events. Dances will be in the quonset barn four blocks east of the City Hall. Admission will be \$2.50 per couple or \$1.50 stag.

WITH JUNE

Readers will, no doubt, notice that with this issue of the Star some changes are being made. Think changes in a weekly newspaper are to be expected with each new editor. New editors have been the rule rather than the exception recently.

Travis Harrell, newest of the new editors, began his duties last week. Those of you who haven't met Travis yet are invited to come by the office and get acquainted with him. He's a native Texan and has lived on the South Plains most of his life, so he really isn't a stranger.

The one thing that hasn't changed in the past five and one half years is the sincere desire of every member of the Star staff to make the paper informative and interesting. Without the assistance of fellow Frionans, this would be an impossible task and we are sincerely grateful for your support. Every news tip and suggestion we receive is carefully considered. Your news tips and suggestions are invaluable and we earnestly solicit your continued cooperation.

Just call 2291 any time you have information for a story, even if you don't think it is worth while. Let us be the judge.

Richard Hapke, who has been serving as interim editor for

several months, will be with us through the Maize Days edition. Working with Richard has been a distinct pleasure and we are going to miss him. I feel sure Frionans who have become acquainted with him have learned to appreciate him, too.

Do you have a favorite person who is entering college for the first time? If so, you should check and see whether he or she has an International Webster's International Collegiate Dictionary and if not come by the Star office and purchase one as a going to college gift.

A good dictionary is a MUST for college students. These cost only \$6 and are also nice for high school or grade school students.

Claude and Sarah Ann Miller have recently moved into their new home in the Lakeside Addition. The Bob Rules are building in that neighborhood and so are the H. E. Barnetts. Friona just keeps growing in spite of all the recession talk one hears all the time.

Let's all remember to give new residents in our community a warm welcome. A lot of new teachers are in our midst and would probably appreciate a friendly gesture from farm implements and stacks of cedar posts were stored in the pasture.

The posts, valued at about \$400 by White, and about six acres were burned. Truck No. 2 and eight volunteers answered the call. The posts were intended to be used to fence the pasture land, White reported.

I'm not very familiar with affairs of Jaycee organizations, but if there are any contests on a state wide or nationwide level for active Jaycees, I'd like to nominate Friona's chapter for the honor.

Members of this organization not only have their name on the membership list, they also work at whatever project is underway at the moment. And, something is generally underway.

I like this. Hope you enjoy it, too. GOOD MEMORY RULES

Forget each kindness that you do as soon as you have done it;

Fire Dept. Hangs Flags

A Blazony of welcome flags fluttered in the wake of the Friona Fire Dept. Monday.

A 14 man team began stringing banners across the front of business establishments at 8 a.m. in preparation for the Maize Days celebration. By 6 p.m., 84 buildings sported the red, white and blue flags.

This is the third year that the Fire Department has furnished the banners. Rental charges of \$12.50 per 25 foot front replaced the cost of the flags during 1959 and 1960. Proceeds from the present \$10 fee will go toward buying additional equipment for the dept., Ralph Shirley fire chief, said.

Eight banners were also suspended across streets.

Weedburner Starts Fire

Friona Fire Dept. was called to help extinguish a grass blaze at the White farm 21 miles south east of Friona Monday at 4:30 p.m.

Pete White was burning weeds along an irrigation ditch with a weed burner when the flames jumped into an adjoining pasture plot. Farm implements and stacks of cedar posts were stored in the pasture.

The posts, valued at about \$400 by White, and about six acres were burned.

Truck No. 2 and eight volunteers answered the call. The posts were intended to be used to fence the pasture land, White reported.

CASTIN' --

was already six years behind in production of registers because of the Texas sales tax.

Well, maybe the cash register makers will get something out of the tax other than a headache. Aspirins, anybody?

Forget the praise that falls to you the moment you have won it;

Forget the slander that you hear before you can repeat it; Forget each slight, each spite, each sneer, wherever you may meet it;

Remember every kindness done to you whatever its measure; Remember praise by others won and pass it on with pleasure;

Remember every promise made and keep it to the letter; Remember those who lend you aid and be a grateful debtor;

Remember all the happiness that comes your way in living; Forget each worry and distress, be hopeful and forgiving;

Remember good, remember truth, remember Heaven's above you, And you will find, thru age and youth, that many hearts will love you.

Hosts Class

Rebekah Sunday School class of the First Baptist Church met in the home of Mrs. L. R. Dilger Thursday for the monthly Bible study.

Opening prayer was given by Mrs. M. A. Black.

The hostess served refreshments to Mesdames J. R. Southward, E. E. Taylor, Charles Rauh, C. W. Dixon, M. A. Black, Bert Chitwood and Eva Robinson.

BANNER HANGERS. . . Friona Fire Dept. turned out Monday to decorate 84 Friona establishments with welcome banners in preparation for the Maize Days celebration. Shown here are: Ralph Shirley, left, Tommy Jones, Lee Campbell, Joe Mann and J. C. Blankenship.

Lions Change Meeting Time

Martel LeVeque, Lions Club secretary, announced a change in their meeting schedule Saturday.

The Sept. 14 meeting has been changed to Sept. 7 at 8 p.m. to avoid conflict with the Maize Days Queen contest scheduled Sept. 14. The meeting will be held in the Friona Club House.

The following meeting will be at the regular scheduled time, Sept. 28.

Chiefs Drop "New Dimensions" Theme For Modern Study Club

Continued from P. 1

Farwell coach Dempsey Alexander called on some of his vast reserve strength in the fourth quarter, and while the Steers did move inside the Chiefs' 20 on two occasions, they were unable to push across another score.

The Chiefs found the going rougher in the second half and never penetrated Farwell territory. They did, however, scrap to the finish and threw the Steers for a loss on the last play of the game.

For Farwell, it was a hard-earned, but decisive victory. While the Steers did show occasional signs of greatness, they also looked ragged at times, indicating that they have a long way to go before measuring up to the high pre-season ranking which was thrust upon them.

Leon Lovelace, playing his first game at quarterback, did a commendable job of guiding the Steers and showed promise of being a great passer. He completed only two of seven pass attempts, but several of them hit their mark, only to be dropped by Steer receivers.

For Friona, the fact that they held the mighty Steers to only 20 points, it was a moral victory and a sure sign that, despite having a thin, green squad, they may possibly make trouble for other foes on down the line.

MR. AND MRS. JOHN CLAUDE MILLER

## Double Ring Ceremony Unites Beulah Moore-John C. Miller

Miss Beulah Ann Moore, daughter of Mr. and Mrs. S. C. Moore of Clovis, became the bride of John Claude Miller, son of Mr. and Mrs. Claude Miller of Friona, Thursday, August 10.

David E. Moore of Roswell, grandfather of the groom, read the double ring ceremony at the 16th & Pile Street Church of Christ at Clovis at 7:30 p.m.

The altar was banked with bouquets of white gladioli and asters tied with blue satin bows and entwined with greenery. Candelabras filled with blue tapers formed an arch and flanked the floral arrangement. Urns of palm and jade foliage complemented the decorations. A carpet of white plush covered the bridal aisle.

Traditional wedding music was presented by a choir. Mrs. Juanelle Mayes, sister of the bride, sang "Whither Thou Goest." Bill Austin, cousin of the groom, sang "Because" and "God Gave Me You." "The Wedding Prayer" was sung by Dick Miller.

Miss Nancy Davis was the maid of honor and Miss Virginia Reeves was the bridesmaid. Ring bearers were Donna Jo Parr of Friona, cousin of the groom, and Tommy Moore, brother of the bride. Bridal attendants were identically dressed in powder blue pima mist dresses with scooped necklines and cap sleeves. Their full skirts fell from blue satin ribbons at the waist line. They wore head pieces of blue Chantilly lace bows and carried long stemmed white roses with blue streamers.

Donna Jo Parr wore a dress of powder blue silk organza with white satin trim. The ring bearers carried blue satin pillows with white lace edges.

Ira Bruce Parr of Friona, cousin of the groom, served as best man. Jim McKnight of Roswell, also a cousin of the groom, was the groomsman. Ushers and candlelighters were Jim Rickstrew, Paul Campbell and Jim Roulson, all of Clovis, and Bill McKnight of Roswell, cousin of the groom.

Escorted to the altar and given in marriage by her father, the bride wore a formal wedding gown of silk organza and Chantilly lace over net. The dress featured a lace yoke, lace sweeps which cascaded to a bow at the back of the waist.

Her veil was of silk illusion and scalloped lace. It was attached to crown outlined in seed pearls and sequins. She carried

a cascade arrangement of white Frenched carnations and stephanotis. Her gloves were of white organdy, topped with blue puffs of tulle and satin ribbon. Mrs. Moore, mother of the bride, wore a blue silk shantung dress with complementing accessories and a corsage of white glamelias. The groom's mother, Mrs. Miller, wore a dress of beige silk embroidered linen with matching accessories and corsage of white glamelias.

At the reception in Fellowship Hall of the church the table was covered with white net over blue satin. A floral centerpiece, silver candelabras and blue candles decorated the serving table. Guests were registered by Barbara Cole.

The three tiered cake was served by Mrs. Juanelle Mayes and punch was served by Nancy Davis and Virginia Reeves.

For a wedding trip to points of interest in Colorado and New Mexico Mrs. Miller wore a dressmaker suit of blue silk shantung with white accessories and a white carnation corsage. Mr. and Mrs. Miller are at home on a farm in the Lakeview community. He is a 1958 graduate of Friona High School and formerly attended ENMU at Portales. Mrs. Miller is a 1961 graduate of Clovis High School.

## Mrs. Gunn Shower Honoree

Mrs. Leon Gunn, the former Billie Jean Barnett, was honored at a miscellaneous shower Thursday, August 31, in the home of Mrs. A. L. Black.

Hostesses for the occasion were Mesdames Gary Goetz, Delton Lewellen and Ira Parr and Misses Gayle Knight and Kitty Black.

Colors of white and lavender were used in floral arrangements and table decorations. Punch and assorted cookies were served to guests.

Attending and sending gifts were Mesdames Jack Shirley, Claude Osborn, H. T. Magness, Estes Beaton, Joe Lewellen, Jim Roy Clements, Curtis Murphree, Tom Lewellen and Travis Stone.

Also Mesdames Lloyd Prewett, Coon Tannahill, Joe Talley, Pete Buske, Clyde Hays, J. R. Knight, Olaf Rankin, Chris Goetz, George Taylor, Sloan Osborn, Noyle Wood, Bruce Parr, and Ralph Taylor.

## Of Interest To THE WOMEN

CAKE CUTTING TIME. Joe Collier cuts a cake presented to him by the Rebekah Lodge at a family gathering Thursday night as his wife, Lucille, left looks on. Also pictured are (left to right) Mrs. Shirley Callahan, Sam Williams, Mrs. Geneva Williams, Joe Moyer, Mrs. Inez Shirley and Mrs. Addie Moyer.

## Joe Collier Honored By IOOF ; Rebekahs

Presentation of a Past Noble Grand chain to Joe Collier, 910 Jackson, highlighted the family night meeting of the Rebekah and IOOF lodges Thursday night. "I don't think there is anyone who worked harder or longer to establish this lodge in Friona," Sam Williams, IOOF district deputy, said in introducing Collier.

Collier was also presented with a cake by the Rebekahs in recognition of his assistance in chartering the lodge here.

Collier joined the Odd Fellows 54 years ago in Dixie, Indian Territory—now Dixie, Oklahoma. The 18-year Friona resident saw his efforts materialize with the chartering of the Friona lodge in May, 1959.

"I didn't expect over 40 men to join but we had 58 charter members," Collier said when asked if the lodge was growing as well as he had hoped for. An ice cream and cake social followed the regular meeting. Musical selections were presented by a quartet composed of Frank Claborn, Herbert Day, Claude Miller and Forrest Osborn. Mrs. Anna Mae Thomas, pianist, accompanied the group. Everyone joined in for several songs.

Visitors at the meeting were: Mesdames Anna Conklin, Jackie Bishop, Addie Stallings, Ocie Altman, Katherine Sheppard and Cynthia Vines, all from Hereford.

## Mrs. Julia Lloyd Presents Lesson

Mrs. Julia Lloyd presented a lesson from the 25 chapter of Psalms to members of the Mary Dorcas Sunday School Class when they met in her home Saturday afternoon.

Opening prayer was given by Mrs. Lucy Jones.

Mrs. Lloyd served refreshments to Mesdames Rosa Anderson, Florence Buske, Alpha Baker, Florence Day, Ida Mae White, Sarah Vernon, Sally McFarland, Bulah Massey, Lucy Jones and one guest, Mrs. Leona Wolfe.

## WSCS Serves Annual Lunch

Members of the WSCS of the Methodist Church will serve an annual Maize Days dinner Friday, Sept. 15, at the school cafeteria from 11:30 to 1:30.

Menu will consist of turkey, dressing, ham, gravy, vegetables and pie. \$1.50 each plate for all 12 years old. 75¢ under 12.

## Doris Edmiston Weds Eldon Sparkman

In a double ring ceremony at Missionary Baptist Church in Littlefield, Doris Marie Edmiston and Eldon Darrell Sparkman were united in marriage on August 29 at 8 p.m.

Mrs. Marie Edmiston of Littlefield and Edd Edmiston of Muleshoe are parents of the bride and the groom's parents are Mr. and Mrs. E. E. Sparkman of Friona.

Vows were read by Rev. J. B. Cagle before an altar decorated with candelabra and baskets of white gladioli tied with blue bows.

Given in marriage by Edwin Brown, the bride wore a white cotton sateen street length dress featuring a sabrina neckline and full skirt.

Mrs. Billy Witten of Friona was matron of honor and Wynola Grode, Littlefield, was bridesmaid. They wore blue cotton sateen dresses.

Billy Witten, Friona, served as best man and Raymond Grode was groomsman. Ushers were

J. E. Brown and Deroyce Thompson. Mrs. Edmiston chose for her daughter's wedding a blue satin dress and white accessories. Mrs. Sparkman, the bridegroom's mother, wore a blue and white dress with white accessories. Both mothers wore white carnation corsages.

A reception was held in the Fellowship Hall of the church. The serving table was laid with a white linen cloth decorated with a three tiered wedding cake topped with a miniature bride and groom and a blue and white flower arrangement. Crystal and silver appointments completed the setting.

Attending the wedding and reception from Friona were Mr. and Mrs. Robert Collier and children, Mr. and Mrs. E. E. Sparkman, Mr. and Mrs. Joe Lewellen, Mr. and Mrs. Delton Lewellen, Clyde Woodard and Mr. and Mrs. Wayne Hodgson. Other out of town guests were Mr. and Mrs. Glen Sparkman and children of Canyon and Mr. and Mrs. Troy Kemp and children of Lubbock.

Mrs. Sparkman attended school in Littlefield and Mr. Sparkman is a 1959 graduate of Friona High School.

Following a brief wedding trip to New Mexico the couple will be at home in Friona.

MR. AND MRS. ELDON D. SPARKMAN

## Class Elects New Officers

Members of the Fidelis Class of First Baptist Church met in the home of Mrs. Gary Hicks August 24 to elect new officers.

Mrs. Phillip Weatherly, president, conducted the meeting. Officers elected were Mrs. Joel Landrum, president; Mrs. Veldon Carroll, vice-president; Mrs. Charles Hough, secretary; Mrs. Dwain Menefee, recording secretary and treasurer; Mrs. Leon Massey, project chairman and Mrs. Clyde Tims, social chairman.

Mrs. Hicks served refreshments to Mesdames Dale Hart, Landrum, Weatherly, Carroll, Hough Menefee, Massey and Tims.

## SCD Supervisors Meet In Friona

Soil Conservation District supervisors from Farmer and eight surrounding districts are scheduled to attend a leadership training meeting Sept. 12, at 10 a. m. in the community room of the Friona State Bank.

Ira Scott, Hereford, will begin the program with a discussion of fitting conservation into present farm practices following introductions by A. L. Black, master of ceremonies.

Gerald Thomas, dean of the School of Agriculture, Texas Tech, will address the group on the challenge of change following sessions by W. H. Graham, publisher, and Wade Mills, Dimmitt, chairman SCD 136.

Addresses by W. S. Gibbs, State Association of Soil Conservation Districts' president; A. C. Spencer, executive direc-

tor, State SCD Board; and Joe Jones, Farmer County Agent, will follow the noon recess.

Bruce Parr, Friona, will moderate a group discussion on "Why more farmers are not carrying out conservation work and what can we as supervisors do to help?" This will round out the six hour program.

Farmer County, district 146, supervisors and their areas expected at the meeting are: A. L. Black, Friona; Robert Callaway, Farwell; T. O. Lesly, Lazbuddie; Dean McCallum, Bovina-Rhea; and Bruce Parr, Black.

Representatives from Castro, Deaf Smith, Bailey, Lamb, Carson, Oldham, Armstrong and Randall Counties will attend.

## Farmers Favor Wheat Quotas In Referendum

Texas wheat producers and those in the other 38 commercial wheat producing states voted on August 24 to continue marketing quotas on their 1962 wheat crops. In the nation, 79.4 percent of those voting favored

quotas and in Texas, 78.9 percent voted yes, says C. H. Bates, extension farm management specialist. A two-thirds majority was needed to keep marketing quotas in effect, and to make operative the new wheat stabilization program.

Wheat producers will have to cut their acreage allotments by at least 10 percent for 1962 and may, if they choose, take out another 30 percent of their allotment, Bates says. Those who comply with their acreage allotments and conservation requirements will be eligible for \$2.00 per bushel price support and for wheat payments.

For the 10 percent acreage cut, the producer will be paid at the local price support rate for 45 percent of his normal yield. If additional acreage is diverted, payment will be based on 60 percent of the adjusted yield per acre, Bates says.

Farmers can get up to half of their payments when they sign up for the wheat acreage diverted to conservation uses, according to Bates. The balance will be paid after the farm has been checked for compliance.

Bates says that growers who need detailed information on the program should contact the local Agricultural Stabilization

## Stockmen To Be On Alert For Pinkeye

Pinkeye has been reported from many areas of the state and Dr. C. M. Patterson, extension veterinarian, says stockmen should keep a careful watch for symptoms among their cattle.

Symptoms include watery eyes and swollen and reddened eyelids, Dr. Patterson said. Later the eyeball may become clouded, vision impaired and sick cattle will show discomfort in sunlight, he said. Pinkeye can cause damage ranging from simple irritation to permanent blindness, the veterinarian added.

Dr. Patterson said there are many causes for eye troubles which resemble pinkeye, including several infections, growths, vitamin A deficiency and windblow forage and chaff which irritate the eyes.

Dr. Patterson said there are many causes for eye troubles which resemble pinkeye, including several infections, growths, vitamin A deficiency and windblow forage and chaff which irritate the eyes.

## Farm Facts

The production of U. S. hens exceeds 65 billion eggs a year. This is more than five times the output of their nearest rivals from the United Kingdom.

And production per hen continues to climb. The rate was 152 eggs per year in 1945. It was 206 per year in 1959.

It's a good thing. Average civilian consumption in this country in 1960 was 334 eggs. Of the per person supply, about 29 eggs were broken commercially for use in manufactured products, including baked goods. Part of this "invisible" egg consumption is through dried egg solids bought by the Department of Agriculture for school lunch programs, etc.

More than 80% of our farms had chickens and produced eggs 15 or 20 years ago. But times have changed. The 1959 Census of Agriculture revealed only 2.2 million farms with chickens and only half of these as selling eggs.

The 1.1 million selling eggs produce the salable supply of about 4.5 billion dozens annually - basis for the commercial table-egg supply, the raw material for commercial egg breaking and hatching eggs.

USDA's Economic Research Service notes that less than a million commercial specialized producers are responsible for the bulk of the egg output. Egg production is no longer a "pin-money" enterprise.

## HD Agent's Notes

BY MISS ETTIE MUSIL

"Will my washing machine need replacing this year, and maybe the refrigerator, too?"

"How much longer can we expect the electric range to last?"

Questions such as these are important to the family interested in planning a fairly long-term budget. One question we would like to ask you is "How long does a 'life time' guarantee suppose to last?"

Most consumers think of "life-time guarantee" as the life-time of the consumer buying the product or appliance.

"Life time guarantee" usually refers to the life time of service of the equipment or product. Now how long is the "life expectancy" or length of service for different pieces of equipment? When will replacements be needed for the equipment? How will these unexpected costs fit into the family spending plan?

Our Extension Service home management specialists offer some estimates for "life expectancies" for a few furnishings and equipment. Electrical washing machines that are automatic and semi-automatic have a 11 year life time. Wringer and spin-dryer electric washing machines should last 10 years.

Electric refrigerators should last 15 years. Electric or gas ranges have a 15 year life. Upright vacuum cleaners should last 18 years, but tank type should last only 15 years.

What about wool living room rugs? These should last 14 years. However, many factors enter in the upkeep of the equipment and furnishings.

Now, we can say, "Humm, my vacuum cleaner quit working within 10 years." Many times we do not follow the directions that come with the equipment in the operation or the care of the equipment. How often did you use the cleaner? How did you store it? How often did you empty the dust bag? How gently

did you handle it from room to room?

We could go on and on with questions to ask ourselves why an equipment did not last as long as it should have. Then we have homemakers that have electric or gas refrigerators that have "lived" 20 years or more. This would depend upon the care and operation, as well as the good working parts of the refrigerator.

Speaking of equipment in the home, we received news that the newest of new on the appliance market is a top loading dryer. They are available in either gas or electric models. Capacity is 18 pounds of wet wash and the price range is from \$129.95 to \$199.95.

Remember, a few weeks ago we mentioned the greaseless fry pan that was available on the market. The non-sticking feature is the result of a fluorocarbon resin coating on the inside of the pan. The coating does not contaminate or change properties of foods. The pans do not become discolored (supposedly) and since food does not stick to the pans, they are easier to clean.

Now, the other side of the story. Several U. S. fry pan manufacturers tried the idea of coating fry pans several years ago and discarded it as impractical. This information is according to consumer help from the home management specialists.

Because of the interest shown in the pans on the market, most companies are coming out with non-stick coated pans. Manufacturers say there are many drawbacks to marketing the pans. All it takes to ruin the finish is to use a metal spatula or scour the pan with an abrasive.

Just from experience how many homemakers are ready to throw away their spatulas or quit scouring their pans? In some instances, when cooking temperatures exceeded 450 degrees F., pans became discolored. In other instances, the non-stick coating was damaged. Some manufacturers and homemakers have adopted a "wait and see" attitude.

MAKING PLANS for the brucellosis tests, which are slated to begin in Farmer County Monday, is one of six line-up committees who volunteered Tuesday night to assist with the program. Here, three fellows from Section 3, the Northeast part of the county, are mapping out areas in which they will line up cattle for testing. Looking on are Dr. Wendell Tarver, state veterinarian, and Dr. J. B. Henderson, of the state health commission. From left to right are A. L. Black, Bruce Parr, Dr. Tarver, N. E. Wood, and Dr. J. B. Henderson.

the samples and will transport them to Bovina for the laboratory tests.

Cattle to be checked during the testing operation, which is expected to last for three weeks, are as follows:

1) All animals in purebred beef and dairy herds, with the exception of cattle under 8 months of age, and all steers and spayed heifers.

2) Commercial herds or grade beef herds. All cattle in herds of 50 or less will be tested. In herds between 50 and 250 in number, the minimum number to be tested will be 50. In herds over 250, 20 percent or more will be tested. Also in commercial herds, all cattle under 8 months of age, and all steers and spayed heifers will not be tested.

In conjunction with the testing program, the testing crews will also vaccinate cattle against the disease if the cattlemen request it. "Vaccinations are the best weapon for control of the disease," Dr. Henderson said. The vaccinations will not be mandatory, however, and they will not cast the cattlemen.

Dr. Henderson said that all cattlemen will be requested to have their cattle rounded up and in an area suitable for testing. This would be in a corral with chute facilities, or if a chute is not available, the cattlemen will be requested to build a temporary chute. Owners of small herds can use someone else's facilities.

The testing crews will have portable head gates which can be fastened on any chute, it was pointed out.

Also, each cattlemen will be requested to have a working crew of two or three people, or whatever number is sufficient to handle the cattle.

If a reactor is found in any one animal of a herd, all the remainder of the cattle in that herd will be tested. Also, owners of any cattle in which reactors are found will be required to dispose of the infected animal within 15 days.

After the first tests are completed in Farmer County, the crew will return between 60 and 120 days and retest herds in which reactors are found. During the period between the first test and second test, a herd in which a reactor is found will be placed in quarantine. A cattlemen will not be permitted to mix the herd with other herds.

The cattlemen will however, be permitted to sell any or all animals of the herd at an approved market, during that time.

If after the tests in the county are completed, and less than one percent of the cattle and 5 percent of the herds are found to have the disease, the county will then be declared a certified, brucellosis-free area.

Cattle from this county can then be moved to other areas which are declared brucellosis-free without restrictions.

However, after a three-year period, the area will again have to be certified brucellosis-free. After the county is declared free of the disease, restrictions will be placed on all county moving into the area. Persons caught violating these restrictions will be subject to a fine of \$10 to \$100 for each head.

The economists advise farmers who are eligible to participate in the winter barley phase of the 1962 feed grain program to check with their local county agent or Agricultural Stabilization and Conservation office for details on the program.

## Barley Added To Feed Program

Though barley ranks well down on the list of feed grains produced in Texas, many growers will soon have to make a decision on whether or not to participate in the 1962 feed grain program. Winter barley has been added to the program and seeding time is not far off.

The feed grain program for 1962 is about the same as the 1961 plan, but with winter barley added. The purpose is to reduce the total barley acreage while protecting the farmer with price support and conservation payments, say economists for the Texas Agricultural Extension Service.

To participate in the barley program a farmer must divert

at least 20 percent of his 1959-60 barley base and at the same time not increase his corn or grain sorghum acreage. The diverted acres must be put to conservation uses, the economists say. Payment for the first 20 percent of diverted acreage will be figured on 50 percent of the normal barley yield on the farm. Additional acreage may also be taken out of production at a higher rate of payment.

If the producer chooses, he may plant all or a part of his diverted barley acreage to one or more of the following oilseed crops: castor beans, guar, safflower, sunflower or sesame by passing up conservation payments. He will, however, be eligible for barley support price.

The economists advise farmers who are eligible to participate in the winter barley phase of the 1962 feed grain program to check with their local county agent or Agricultural Stabilization and Conservation office for details on the program.

SILAGE IS DUMPED HERE after the 25-mile haul from the Friona-Hub area. This silo is one-quarter mile in length, 36 feet across and 14 feet deep. In all, 12,000 tons of ensilage will be dumped in the huge underground storage area.

OPERATION SILAGE begins at fields such as this one on the Billy Baxter farm near Hub. There are four machines cutting 600 acres of the feed, and 24 trucks hauling it to the Farwell Feed Lots.

## WITH THE COUNTY AGENT

JOE JONES

Wheat land is being prepared and seeding will soon be in full swing. The feed grains diverted acreage program has given us a lot of good clean land on which to seed the 1962 wheat crop. Clean land that will keep our wheat free of foreign material is of utmost importance. I was reminded last week that far too much of our wheat contains a few grains of barley or other foreign material per bushel. We should all make an effort to keep foreign material to a minimum. When we select land for wheat we should plan to destroy all the volunteer plants other than wheat prior to seeding. The tolerance for foreign material such as barley is less than one-half one per cent. Wheat containing an excess of foreign material creates marketing problems for the elevator man, and of course, the farmer eventually loses by such farming practices. Plan now to keep your wheat crop free of foreign material that makes it less desirable and creates market resistance.

Cotton over the county still looks good and no damaging numbers of insects have been found by me or reported to me since back in the early season. Every week we get just a little nearer the end of the season when we can stop worrying about these insects. About all we have left, to be much concerned with, is the cotton bollworm and the cotton leafworm. Let me suggest you continue to check for these two pests and take the necessary steps to control them should they occur in damaging numbers. Conditions to date would indicate we are unlikely to have any serious infestation of bollworms, but we should continue to check on this insect every week.

Under the Act, Bates says consumers are assured of fair and stable prices and taxpayers will benefit from savings of as much as \$1 billion overall from reduced storage and support price activities. The increased farm income will be an aid to the nation's entire economy, Bates concludes.

Soybeans are in all stages from rather large beans down to only blooms. You should keep in mind good soil moisture is necessary for soybeans through September and early October. This will likely require one or more waterings in September and for some it may mean a watering in early October.

# "Operation Silage" Is Big Undertaking

## 12,000 Tons Being Hauled From Friona To Farwell

"Operation Silage" is what one might well call the huge operation now being carried on by Farwell Feed Lots. Charlie and Bill Baxter, owners of the feed lots, are out to make sure that they have enough roughage for their feeding operations this winter, and are transporting about 12,000 tons of ensilage from the Friona area to their feed pens five

miles south of Farwell. In what is probably the biggest operation of its type ever to be carried on in Farmer County, there are 24 big trucks on the road, and four ensilage cutters in several fields in the Friona-Hub area. It is a family affair for the Baxters, with the silage being cut from 600 acres on the farms of Bill, J. W., and Billy Baxter, and Clarence and Larry Martin, all who farm at various locations around Friona.

The operation started last week, and when completed, probably by late this week or early next week, 12,000 tons of ensilage will have been stored in a mammoth silo, at the feed lots. The silo is one-quarter of a mile in length, 36 feet wide, and 14 feet deep. Each day, the 24 trucks haul from 110 to 120 tons of ensilage—the average load being 8 tons.

The ensilage being stored in the big silo will all be fed during the next year, Baxter says. "Last year we put up only 7,000 tons of silage and ran out early this year," he says.

At the present time there are 4,000 head of cattle in the feed lots and this number will be increased to 6,000 by October. The 12,000 pounds of ensilage won't be too much for the number of cattle we plan to feed at their lots during the next year, Baxter says.

Baxter admits that hauling this ensilage 25 miles "isn't the best way," but that's where the family farm land is, and thus the reason for the big hauling operation.

## FOOTSAVING EDUCATION

by James E. Edwards

### Is Going Barefoot Healthful?

Yes, nature has a plan for strengthening young feet but the scheme won't work if the feet are always protected by shoes.

Nature provides a foot bottom which thickens readily under the heel, the outer border, and the ball of the foot while the area under the arch remains sensitive. The sensitivity is due to the many nerve endings which make the arch ticklish.

When the arch receives uncomfortable stimuli, the walking child quickly rotates his foot to the outer border. To do this he must use the muscles that hold up the arch and we know that using muscles is the only way to strengthen them.

## Ag Act Of 1961 Reviewed

The Agricultural Act of 1961 is now on the books and the rush is on to explain its provisions to farmers and others, reports C. H. Bates, extension farm management specialist.

One of its major provisions, reducing the wheat surplus, will be voted on August 24. Wheat producers will vote yes or no on marketing quotas for the 1962 crop. If they vote yes,

a new wheat stabilization program will become effective, including higher support price, a mandatory reduction of 10 percent in farm wheat allotments with acreage cuts up to 40 percent possible and a saving of

\$258 million for the nation's taxpayers.

The legislation extends the feed grain program which is now in effect and for the first time includes barley along with corn and grain sorghums. Current estimates indicate that feed grain production will be about 15 percent less than last year, says Bates.

Marketing order programs—self-help in a true sense—are

authorized on more commodities.

The Agricultural Trade Development and Assistance Act (includes food for peace) has been extended and strengthened; expansion and improvement of supervised credit services for farmers who lack sufficient private credit and an extension of the Wool Act, the Great Plains Conservation Program and School Milk Program should

## Ag Extension And Rural Areas Development Relations Explained

The Texas Agricultural Extension Service, along with other State Cooperative Extension services of the nation, has been assigned the responsibility for providing the educational and organizational leadership for carrying out the U. S. Department of Agriculture's Rural Areas Development Program.

This assignment, said Director John E. Hutchison, was spelled out in Secretary of Agriculture Orville L. Freeman's memorandum to all USDA agencies and in which he also emphasized that the effort would have priority over all other Department programs. Extension's responsibilities are specifically to provide organizational and educational leadership in organizing local leaders, private groups, state and local government and their instrumentalities in setting up active, broadly-representative state, area, and county rural areas development committees; and educational and technical assistance to local leaders and private groups concerning farm improvement and off-farm employment opportunities, and in cooperation with various state, area, county and community agencies.

Director Hutchison said the Texas Service would carry out the responsibilities by informing the people concerned of the provisions of the Federal laws involved; creating an awareness of problems and motivating people to analyze these problems and where the interests and desires of local leaders warrant, provide leadership in organizational and educational phases of rural area development.

Also guidance in inventorying area resources; assist in analyzing and explaining social and economic relationships and projecting area economic growth; assist local groups in planning and starting projects to reduce under and unemployment; provide educational and training assistance in leadership development; provide

counseling and assistance to get maximum benefits from other programs and help rural youth explore career and job opportunities both in and out of agriculture.

The director pointed out that the program is an expansion and re-organization of the earlier Rural Development effort which operated on a pilot basis. Experiences gained will be used to strengthen the program now getting underway.

The Rural Areas Development Program, he added, aims to reorganize, revitalize and even rebuild the community, county or area economy in order to achieve a balance between agriculture, business and industry. Therefore, the program is long range and the concern of both rural and urban residents, Hutchison said.

USDA's Rural Areas Development Program is applicable to all counties and should not be refused with activities which will be conducted under the Area Redevelopment Act (Public Law 87-27) which provides loans, grants and technical assistance to a limited number of urban and rural areas of the nation. It should be pointed out, Hutchison said, that 47 Texas counties have been designated to participate under the rural provision (Section 5b) of the Act.

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

**FIRST TRACT:**  
All of Lot Number Six (6) in Block Ninety (90) of the Original Town of Friona, Farmer County, Texas.

And I will on the first Tuesday in the month of October, 1961, the same being the 3rd day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Farwell between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Farwell, Texas, this the 21st day of August, 1961.

Chas. Lovelace Sheriff  
Farmer County, Texas  
49-4tc

**THE STATE OF TEXAS  
COUNTY OF FARMER  
SHERIFF'S SALE**

WHEREAS, on the 7th day of June, 1961, in Cause No. 2151, in the District Court of Farmer County, Texas, wherein Friona Independent School District, the State of Texas, County of Farmer and High Plains Underground Water District No. 1 were Plaintiff, Impleaded Party Defendants, and Intervenor-recovered judgment against Artis Fallwell and his wife, Mrs. Artis Fallwell Defendants, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 19 day of August, 1961, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 21st day of August, 1961, seize and levy upon as the property of the above defendant the following described property, situated in Farmer County, Texas, to-wit:

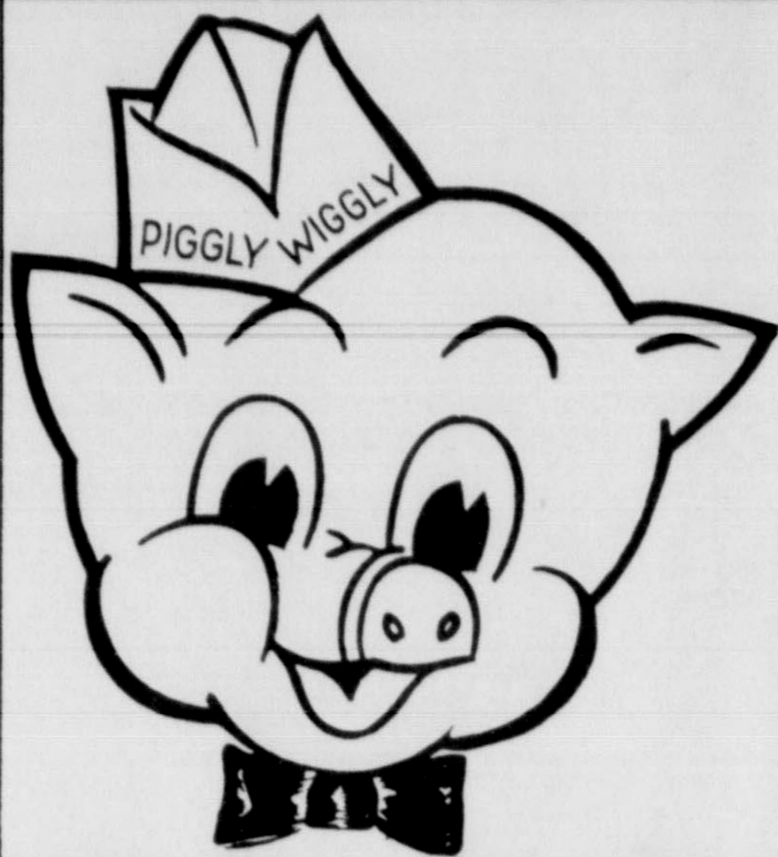

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

**FIRST TRACT:** All of Lots Numbers Fifteen (15) and Sixteen (16) in Block Sixty-one (61) of the Original Town of Friona, Farmer County, Texas;

And I will on the first Tuesday in the month of October, 1961, the same being the 3rd day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Farwell between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Farwell, Texas, this the 21st day of August 1961.

Chas. Lovelace Sheriff  
Farmer County, Texas
