

THE SANDERSON TIMES

SANDERSON, TEXAS, FRIDAY, FEBRUARY 4, 1949

Royal typewriters standard and portable, Allen-Wales Adding Machines, Office Supplies, at the Sanderson Times

NUMBER 50

In every part of the nation more than 2,000,000 boys and their adult leaders, will observe Boy Scout Week, Feb. 6th to 12th, marking the 39th anniversary of the Boy Scouts of America. The theme of the celebration is "Adventure—that's Scouting!" This year the movement is emphasizing the fun and fellowship its members get out of the game of Scouting. More high adventure is planned in the out-of-doors. Their adventure in citizenship will find Scouts emphasizing civic relationships, communities, emergency service training and world Scouting relationships. During Boy Scout Week, Scouts, their parents and countless communities will honor the volunteer adult leaders of the nation's 10,000 Cub Packs, Scout Troops and Senior Units. Above is the official poster marking the Scout birthday.

COUNTY SHORT IN "DIMES" FUND

Contributions continue to come in to the March of Dimes. To date, the contributions amount to \$400. The banks have not been taken up from the business houses and the campaign for funds will continue until February 15.

There was a large crowd in attendance at the dance last Thursday night when music was furnished by Cecil Brower and his western band.

W. W. Sudduth, Terrell County chairman for the March of Dimes campaign, said that every effort would be made to raise at least \$600 for the county and he is urging everyone to make some sort of contribution to the fund. An attempt is being made to obtain 20 cents per capita from the citizens of the county and so far that amount is far short. Terrell County has been most fortunate to have never had a case of polio but much publicity has been given the urgent need for funds over the nation when the number of cases for 1948 reached an all-time high.

BODY SHOP OPENS BUSINESS HERE

An automobile paint and body shop has opened this week behind Frank's Super Service in the building formerly occupied by Automotive Super Service. The shop will be known as Spencer's Body Shop and is owned by Clifford Spencer. The business will also do complete furniture upholstery and refinishing as well as automobile upholstery work.

Vernon Cochran, of San Diego, California, came to Sanderson this week and will be on duty from 8 to 6 every day except Sunday in the body shop.

In a statement to the Times Wednesday Spencer stated that only quality work would be turned out of his shop and that they would be equipped to do any type of body and upholstery work and furniture upholstery and refinishing. He said that it would be their aim to turn out work as soon as possible and yet retain quality commensurate with their policy.

COUNTY PAROLE BOARD RENAMED

Members of the Terrell County Voluntary Parole Board received their commissions for the coming year. J. W. Happel was named chairman and Clyde Griffith and J. W. Downum were the other members named.

The local parole board system was inaugurated during the administration of Gov. Dan Moody several years ago. Joe Kerr, until his death, served as chairman of the board and Mr. Happel was named by Gov. Coke Stevenson to fill the vacancy. The commission this year is a large certificate with the seal of the State of Texas in gold.

Mr. Happel stated that the board has had supervision over several Terrell County parolees since he has been on the board.

C. A. WILBURN DIES IN ZAPATA

C. A. (Tennessee) Wilburn, 52, died at Zapata, Texas, Tuesday, according to word received by Sheriff J. S. Nance.

He was employed by a geodetic survey company with headquarters in Laredo where his body was taken until funeral arrangements could be made, pending word from a sister who lives in Granada, Mississippi.

Mr. Wilburn was well known in Terrell County where he had resided for the past twenty-five years.

BOBBY LEE McCUE SULL ROSS GRADUATE

Bobby Lee McCue left Saturday for San Antonio on a business trip. He received his B. S. Degree from Sul Ross College last semester. McCue is the son of Mr. and Mrs. Lee McCue.

Don Frazor To Pensacola For Flight Training

DON FRAZOR

Don Frazor left Monday for Pensacola, Florida, where he will begin flight training as a midshipman with the U. S. Navy.

Young Frazor was among 93 young Texans who were selected by the Navy as candidates for the Naval Reserve Officers Training Corps and the Naval Aviation College Program for 1949.

Don won his appointment after competitive examinations in El Paso. Thousands of young men were turned down and rigid examinations left only 93 Texans selected for the program. Don has taken two years of academic training at the University of Oklahoma at Norman where he was a member of the Lambda Chi Alpha fraternity.

Naval and flight training will be given along with academic training at Pensacola which is known as the "Annapolis of the Air." Upon graduation, these men will be regular officers of the Navy and on an even footing with Annapolis graduates.

Frazor is the son of Mr. and Mrs. W. F. Frazor of Sanderson. He attended the schools in this city but graduated in 1946 from the Austin High School in El Paso where he was a member of the National Honor Society.

ISSUANCE OF 1949 LICENSE PLATES BEGINS

Motor vehicle license plates for 1949 were received last week for Terrell County and went on sale Tuesday. The first two license plates were issued to J. S. Nance, sheriff, number BD10.

The 1949 passenger plates carry black numerals and letters on a gold background.

Licenses for passenger cars carry the numbers BC9750 through BC9999 and BD 10 to ED550 inclusive.

Licenses of other types assigned Terrell County include: commercial trucks, ME7700 through 8049; farm trucks, RD 3950 to 4299, inclusive; tractor trucks, VA4840 through 4869; trailers, TB3970 through 4049; house trailers, TP 3095 through 3114; dealers' tags, SJ2100 through 2199; motorcycles, YJ4200 to 4499.

With the time at hand for issuing 1949 licenses, W. D. O'Bryant, deputy collector, reminds all vehicle owners that they must present certificate of title and 1948 license receipt when they come to purchase new plates which must be on all vehicles by April 1.

Sanderson Loses To Marathon And Marfa In Series

The Sanderson basketball A and B strings went to Marathon last Friday night for games in the regular round-robin series with both of the local teams losing in the meet. The final score for the A teams was 58-30 and for the B teams 26-20.

Similar luck prevailed Tuesday night when the Marfa teams came to Sanderson. The A team's score was 33-32 in favor of Marfa and the final score of the B teams was 31-10 also in Marfa's favor.

GRAND JURORS CHOSEN FOR FEBRUARY COURT

Grand jurors selected for the District Court which will convene February 7 include G. E. Babb, Ray Brotherton, M. G. Bustos, John W. Carruthers, Jr., Roy Deaton, E. H. Jessup, Juan Lopez, J. M. Condra, Robert A. Gatlin, J. D. Harrison, F. M. Wood, Jr., R. N. Allen, Herman Couch, Wilson Banner, Bustin Canon and George Geaslin.

Judge Roger Thurmond of the 16th Judicial District will be in Sanderson Monday, February 7, for the first term of the 1949 court and the above jurors will be held over until the fall term.

Pete Petrosky Seriously Injured In Car Accident

Pete Petrosky, brakeman in the yards for the T&NO, is in a Del Rio hospital following serious injuries received in a car accident early Saturday morning about halfway between Emerson and Longfellow.

Driving the car belonging to Gilbert Loden, Petrosky accompanied by George Fisher and Lizzie Belle Phillips, went to Alpine following the basketball games at Marathon about nine-thirty to take Miss Betty McMillan, the girls' volleyball coach, to her home. On the return trip the roads were icy and heavy sleet was falling making travel very slow.

The car skidded and overturned after hitting a culvert. All of the occupants were able to get out of the car but Petrosky was so badly injured that he was unable to sit up. Miss Phillips covered him with a blanket after he lay down by the roadside and young Fisher started walking to Emerson to phone for assistance.

About an hour later a passing truck provided some additional covers for Petrosky and brought Miss Phillips to Sanderson, picking up Fisher en route.

Jess Fisher went to the scene of the accident in his pickup and had started to Sanderson with Petrosky when the O. T. Sudduth and Co. ambulance met him.

According to a local physician Petrosky was found to have a broken collar bone, broken ribs, and a concussion when examined. He was taken to Del Rio in the ambulance and developed pneumonia there later.

Word was received from the hospital Tuesday indicating that his condition was considered satisfactory after the pneumonia had been arrested.

Miss Phillips and Fisher appear to have no injuries other than bruises.

The Loden car, which was practically new, was badly damaged.

FUNERAL SERVICES FOR L. H. FLETCHER HERE WEDNESDAY

Funeral services were held at the local Church of Christ Wednesday afternoon for Leonard Henry Fletcher, who died at his home in Del Rio Monday afternoon following a lengthy illness.

Martelle Petty, minister, conducted the services with O. T. Sudduth & Co in charge of the arrangements. Burial was in Cedar Grove Cemetery.

His widow, Mrs. Cinda Fletcher, and a son, Marvin, survive. Local relatives include two nieces, Mrs. Charlie Rogers of Sanderson, Mrs. A. A. McDonald of Dryden and two nephews, L. H. and H. E. Fletcher of Sanderson.

Mr. Fletcher, at one time owned and operated for about five years the blacksmith shop now owned by Chester Darr in Sanderson. He also resided near Draden on the Barksdale ranch, leaving Terrell County in 1915. He went to Del Rio from Alpine residing in the latter city for three years.

Miss Anna Baker of Brady returned to her home Tuesday after visiting for several days in the home of Mr. and Mrs. Carl Cochran.

NO GROUND HOGS OR SHADOWS IN TERRELL COUNTY

The ground hog, the gentleman that foretells whether winter weather is to soon end or last six weeks longer certainly would not have seen his shadow in Terrell County, Wednesday, Ground Hog Day. Since there are none of these animals in this area, it is difficult to know what to expect in the way of weather for the coming six weeks but some of the ranchmen to the east and west of Sanderson will have a peculiar sort of weather if the ground hog predictions are true.

Tourists and local people who braved the dense fog of Wednesday reported that the cloudy conditions were limited to the country within about a 20-mile radius of Sanderson. If that is true, then the livestock on those border areas can just step into the nice warm weather if where they are grazing gets too cold.

A light drizzle fell in Sanderson practically all morning Wednesday. A heavy fog settled over the town early in the morning with the mist heavy enough to be a drizzle at intervals. Thursday found the temperature moderate, the sun shining, fleecy clouds in the sky, and the ground very muddy.

Terrell County had above freezing temperatures Tuesday afternoon for the first time since Friday evening and a definite break in the weather was noted.

The wet blizzard that gripped most of Texas over the week end moved into the local area Friday afternoon and temperatures skidded the mercury to freezing by early evening. Some sleet fell during the night and snow fell on an icy blanket all day Saturday. Whipped by an icy norther the heavy powdery snow blew and drifted as it fell.

The lowest temperature recorded during the cold weather was 12 degrees early Sunday morning but the thermometer hovered between 22 and 14 degrees all day Saturday. The snow and ice melted very little Sunday but temperatures raised Monday and the sun shone all day. By Tuesday morning very little trace of the snow remained and temperatures climbed up to 40 degrees in the afternoon.

Highways in the area, although icy and dangerous in spots, were never closed to traffic. The heavy damage from broken telephone wires, telegraph wires and trees over many sections of the state was entirely absent from this section.

Terrell County had the heaviest rainfall for January this year than for any recent year and the first general rains over the county for over two years. The moisture recorded in the local gauge over the week end was 20 which brings the month's total to 1.39. Some sections of the county have had slightly less than that amount and other sections even more. All in all, the ranchmen are in fine spirits with this much moisture in the ground.

The cold spells have been of such short duration that no losses have been suffered among the sheep of the area.

Ranchers Attend Wool Growers' Meet In San Antonio

The National Wool Growers Association opened the 84th annual session Tuesday in San Antonio. During the history of the organization this is the first time the convention has been held in San Antonio.

Official events began Wednesday and the meeting will conclude with a ball Saturday evening.

Mrs. W. T. Bondurant is vice-chairman in charge of entertainment for the visiting ladies and numerous affairs have been planned.

Mr. and Mrs. S. L. Stumberg and Temple and John T. Williams are attending the meeting.

Mrs. W. W. Sudduth and Barbara went to San Antonio Monday to have some dental work.

VOLUME XLI

LISTEN TO LUKE

A protest against extension of control, landlords in Terrell County last week announced they will remove 1,000 dwelling units from the rental market. The Fort Worth landlords have been in a similar move. Tenants have been given 60 days to move out.

Washington, government officials declared they would increase to protect the tenants.

We have been "laid up" making a forced temporary arrangement we have had little to keep national and international affairs in order. We are noted with interest, however, this move by Washington. We don't believe there should be a law on the books of democracy which will force landlords to rent to someone who doesn't want in his property. Neither should the powers be given the authority to tell men he must rent a certain number of units whether he likes it or not. A poor rule that won't work.

An editorial appearing in a Christian weekly, reproduced from the Nueces County Leader, Larry Cannon announced that his community is planning a mass gathering by ex-convicts and men stationed or employed there who are unable to find quarters because of rent.

Landlords will be awarded to having the least number of children in their housing units will also be given to the having the most children drowned.

Good idea if it works.

We appreciate the many editorials on the school situation. The trouble-makers are smooth and the board members are to be congratulated for taking the discipline to constitute authorized in the faculty members. The citizens of Sanderson are glad that of them and they through.

There are those in every community who are ready to criticize that other fellow does aren't willing to go to the job and talk it.

Job that is not being done properly is in that shape because the powers that be in deep water. Instead of talking about them, going up to them and offering helping hand usually does more good.

Institute some sort of control for gossip and slander-mongers.

Y. BROWN YOUNGEST U. GRADUATE

Honors were mentioned Harry Brown graduated T. C. U. last week. He was youngest letterman at that receiving his letter in during his freshman year when he was 16 years of age. He is also the youngest member of T. C. U., being only 17 years old.

He is the son of Mrs. M. Mansfield and the son of Mrs. Lena Stavley, a graduate of the Sanderson High School.

WINTER BORN TO MRS. KEITH MITCHELL

The daughter was born to Mrs. Keith Mitchell in a hospital Wednesday. Mrs. Mitchell and the baby are reported to be getting nicely.

The baby weighed eight pounds and named Mary Lelee.

The paternal grandmother, Mary Mitchell, is in San Antonio with the family.

W. SHEFFIELD DISEASE ILL

W. Sheffield, who is employed in the bridge gang of the city, is seriously ill in a hospital. His sister, Mrs. E. W. Sheffield, of El Paso is in the city with him. Other relatives include Mrs. Felix Harrell of Sanderson who is a sister also.

LOCAL MEN ATTEND SCOUT LEADERS' MEET

Joe Kerr, Jr., C. G. Bradford, W. G. Downie and J. A. Gilbreath attended a meeting of the Concho Valley Council Scouters' school of instruction last Thursday night in Fort Stockton. The meeting was the first in a series of five to bring to the Scouters the first hand problems that arise in the proper instruction of boys in the Scouting cause and means of coping with the situations that arise to better the boys in their preparation for future leadership and manhood.

Approximately thirty men of the district were present for the first meeting.

Those present were divided into troop organization similar to the Scout troop, with elected leaders. These patrols will compete with one another in the instruction course to stimulate interest on the part of the participants.

The Rotary Club is the sponsoring organization for the local troop and the committee is composed by Messrs. Kerr, Bradford, Clifford Spencer, J. M. Hayre, S. L. Stumberg, E. J. Hanson and J. W. Pate. The next meeting will be in Rankin the last Thursday in February. All interested committeemen and individuals are urged to be present.

\$250 RECEIVED FROM TB SALES

Mrs. E. J. Hanson, chairman for Terrell County, has reported the receipt of \$250 from the sale of tuberculosis seals during the holidays.

Since there have been few occasions in recent years when the funds have been used, the treasurer reports a nice sum available for the use of preventative measures for and the diagnosis and treatment of tuberculosis.

BILLY GENE HILL TO LIVESTOCK SHOWS

Billy Gene Hill left last Friday for Fort Stockton to join the Pecos 4-H Club on a trip to the livestock shows in Houston and Fort Worth. Several calves and sheep were taken by the boys. Billy Gene took a calf which he has been feeding.

W. B. Posey, county agent, accompanied the boys on the trip which they made in the club's truck-trailer.

Painful Injuries To Illinois Woman In Fall From Car

Mrs. E. J. Strout of LaSalle, Illinois, suffered very painful bruises when she fell from her car Saturday morning about 44 miles east of Sanderson.

Mrs. Strout with her husband and a friend, Mrs. Lucille Eddy, of Mendota, Illinois, were en route to Los Angeles to visit a son. The car was traveling at a slow speed and the door came open as Mrs. Eddy attempted to throw out an orange peel and she fell from the car.

A passing motorist gave first aid as she was bleeding profusely from scalp injuries and then came ahead to Sanderson to arrange for a physician to be ready to give emergency treatment for Mrs. Strout.

She was found to have several painful bruises on her leg and arms, severe lacerations and contusions on the front and back of her head, and a dislocated shoulder.

The party remained in Sanderson until Mrs. Strout was able to proceed on their journey to Los Angeles. She improved rapidly and they left Thursday.

658 PAID POLLS FOR TERRELL CO.

February 1 found 658 poll taxes paid in Terrell County. 24 alien polls and four exemptions issued to persons reaching their twenty-first birthday this year.

The poll tax payments this year are about on an average with any year except the presidential election years. Approximately \$8,000 of the state and school taxes remain unpaid.

SCHOOL NEWS

The Eagle Band will go to Del Rio Saturday to participate in the Band Festival and clinic in that city.

Wool jackets have recently been given to the members of the Eagle football team. The jackets are black with orange trim on the neck and cuffs and orange letters. Sixteen boys received the jackets and also M. B. England, coach, Supt. C. G. Bradford and W. H. Walker.

The seniors have chosen their play "Miss My Western Miss", which will be presented March 25 in the high school auditorium. Play try-outs will be held in the near future.

Economic Highlights

Comment on Mr. Truman's legislative program and proposed budget runs the gamut from complete approval to unqualified disapproval.

The President's program is largely noncontroversial so far as defense and foreign aid provisions go, except as to details which do not affect the broad principles.

The essence of Mr. Truman's position is that it is the duty of government both to protect the individual against the exting-

cies of life through more old-age security, higher minimum wages, compulsory health insurance, etc., and to provide certain commodities and services which formerly were within the realm of private enterprise.

To this extent, the Truman program flows with the tides of recent history — it does not go so far as the Labor party in England, but it is geared to the same kind of philosophies.

Neither those who like the program nor those who dislike it should regard its major points as separate, dissociated things.

Its importance lies in its cumulative effect.

Search the Scriptures —

The Wastefulness of Sin As a basis for his study, I call your attention to the parable of the lost son in Luke 15:11-32. Especially do I point out verse 11

where we are told that the younger son "Wasted his substance with riotous living." I hasten to assert that all sinners are wasters. It would naturally follow then that the greatest sinner is the greatest waster.

The sinner is a waster of time. Paul exhorts us to "redeem the time because the days are evil." — Eph. 5:16. In other words, time is allotted us here for the purpose of doing good, that we might glorify God.

The sinner is a waster of mental power. God, the creator, has endowed each one of us with the ability to think, reason, plan and resolve.

The sinner is a waster of physical powers. According to I Cor. 6:13, Paul teaches that our physical bodies were not made for sin but for the Lord.

The worst part about the sinner's wastefulness is that he is wasting something that is not his at all. Everything belongs to God — both of which should be every person's goal.

Why be wasteful in sin when you can be thrifty by using your talents in the service of the Lord?

P-T A. TO PRESENT DALLAS LECTURER HERE TUESDAY

The Sanderson Parent-Teacher Association is presenting Mrs. Jack Little of Dallas in a lecture at the high school auditorium Tuesday evening, February 15, at seven-thirty.

The public is invited to attend the lecture for which no admission will be charged.

Cancer Control Chairman

Karl Hohlitzelle (above) of Dallas has been selected state campaign chairman of the American Cancer Society, Texas Division, for its annual cancer control month in April.

J. W. DOWNUM MAKES TRIP TO JOPLIN, MO.

J. W. Downum returned Tuesday morning from Joplin, Mo., where he had spent several several days with his sister, Mrs. Dora Dellinger, who is seriously ill in a hospital in that city.

Mr. Downum made the trip by plane and part of the journey was on a 40-passenger plane making 300-miles per hour which made its first flight Tuesday. He saw much damage over the country from ice while on the trip.

Mrs. W. E. Lea has returned to her home in El Paso after spending several days here with relatives.

Local students spending the week end at home before returning to Sul Ross College for the second semester included Mari-nell Gates, Doris Duke, Mary Nell and Margaret Higgins, Edward Wheeler, Joyce Boyd and J. M. Harrell and Harry Nes-smith.

Mr. and Mrs. J. F. Gholson returned home Saturday from Houston where Mr. Gholson has been receiving medical treatment for several weeks. He continued to improve and will return to Houston in three weeks for further treatment.

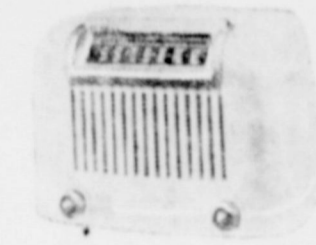

Jack Izard of Midland was a business visitor here Wednesday.

Misses Betty Ann Peavy and Doris Cooke left Tuesday for Lubbock where they will attend Texas Tech for the second semester. Mr. Cooke took them to Fort Stockton where they took a bus for Lubbock.

MEMORIAL ARTS M. S. Asbell, Owner EL PASO, TEXAS Mr. Asbell visits Sanderson regularly

ALL BEFORE HOUSE TO REQUIRE EXAMS FOR ALL WHO PRACTICE ART OF HEALING

ALPINE, Feb. 3.—The most important health measure to be put before the citizens of Texas in many years is the Minimum Standards bill now before the Legislature. Dr. D. O. Jeter, president of the Big Bend Medical Society, declared this week.

Once the people of Texas understand the purpose of this bill, they will undoubtedly demand its speedy adoption," Dr. Jeter declared.

The bill would require minimum standards of competence and education of all those who practice the healing art or treat or prescribe for the sick. It will go far in helping abolish ignorance from the sick room, protecting patients and saving lives," he explained.

The State Medical Association of Texas, with a membership of 100 physicians, heartily supports the Minimum Standard bill for the sole reason that doctors believe it will safeguard the people of Texas from poorly qualified practitioners and injurious methods of treatment.

"In other words," Dr. Jeter explained, "this bill simply requires by law the thing all of us want: That our health be protected against the possibility of ignorance or quackery in the sick room."

church will be carried forward with increasing effectiveness.

The people of the world rise from the ruin of war, hungry and hopeless, confused and disillusioned, but deeper than the hatred alive in many hearts is the desire for love and fellowship, for peace and understanding. The church must hear its Master speak, "Inasmuch as ye did it unto one of the least of these my brethren, ye did it unto me. If thine enemy hunger, feed him."

The yearning of the common man for life abundant is bound to the conviction that only ignorance and selfishness stand between him and the realization of his dream. Man is ready scientifically to solve the problems of producing enough food, clothing and housing to meet his physical needs, but man is not ready spiritually to solve the problems of living together, of establishing justice and brotherhood, and thereby to meet the needs of his soul.

Whether nations go against nations in war, or take up tools and the workers of the world labor in peace, whether the people acquiesce in inequality, deepen class consciousness and drift into classes or use intelligence to create equal opportunity and discover the larger unity that lies in brotherhood, whether people continue to discriminate against fellow men, or build a society in which a man's opportunity to earn his living is based upon his character and his capacity and not upon his color, will be determined at last by the faith to which people give their minds and hearts, is the belief of those initiating the crusade.

Methodists Launch Quadrennial Crusade "Advance For Christ"

The Crusade for Christ was the response of the people called Methodists to the leading of the Holy Spirit in an hour of unprecedented crisis and unparalleled need. From the beginning, the Crusade was blessed of God. Methodists, believing this, again seek to discover God's will for them in a quadrennial plan.

There are two highly significant objectives:—Teaching and preaching endeavor in which Methodists may achieve deeper understanding of and commitment of our faith, our church, A world-wide advance in which our ministry and our mission; A world-wide advance in which Methodists may share in a ministry of relief and in carrying the gospel of Christ's people of the earth.

These objectives will be reached in a simultaneous and continuous effort throughout the quadrennium, with the cooperation of appropriate boards and other agencies and during which all normal activities of the

San Angelo

or leave your name at the Times
for our salesman to call on you

This is a diesel ... a modern locomotive that means better service to you.
Leaders of two unions think it's a feather-bed ... a "make work" grab that means less service to you.

Leaders of unions representing railroad engineers and firemen seek to force railroads to add extra, needless men on diesel locomotives. This is sheer waste—a "make-work" program which would mean fewer improvements and higher costs—for YOU!

Railroads use modern diesel locomotives because they are one of the means of giving faster, better service to you.

Two men compose the crew of a diesel. They occupy a clean, comfortable cab at the front. The engineer handles the throttle. The fireman sits and watches the track ahead. With no coal to shovel, he has practically nothing else to do.

No Benefit To You
Now the leaders of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen want to use the diesel locomotive as a means of forcing a feather-bedding scheme on the railroads. The extra men they propose to add to the diesel crews are not needed. There is no work for them.

The union leaders are fighting among themselves about which union should furnish these extra, needless men. The Brotherhood of Locomotive Engineers have even threatened a strike. You may not be interested in this dispute of these two unions, but you would be vitally concerned if these groups succeed in putting through this feather-bedding scheme, because it would mean a slowing up of the improvement program of the railroads—of which the diesel is the outstanding symbol. Diesel crews are among the highest paid

railroad employees—real aristocrats of labor! Their pay is high by any standard. Granting these demands, therefore, would mean that the railroads would be paying out millions in unearned wages to those in the very highest pay brackets.

We'd Like To Spend This Money On You
You know how much the diesel has meant to you in increased speed, comfort and convenience. The railroads have many more of them on order for even greater improvement in service to you. But needless drains of money, such as this present demand of the unions for needless men on diesels, reduce the ability of the railroads to spend money on better service for you.

Proud as the railroads are of the diesel, it is only a small part of their improvement program. Since the War, literally billions of dollars have been spent on improvement of

tracks and stations, on new passenger and freight cars, as well as on diesel locomotives, and on many other less conspicuous details of railroading that contribute to improved service.

Feather-Bedding Means Less Service To You
But brazen feather-bedding schemes like the one now proposed would, if successful, divert large sums of money from our present improvement programs. Even worse, they make improvements like the diesel worthless, by making the cost of their operation prohibitive.

These demands are against YOUR interests—as well as those of the railroads. They are schemes to "make work". Neither you nor the railroads should be forced to pay such a penalty for progress.

That's why the railroads are resisting their "make-work" demands to the last ditch—why they are telling you about them.

THE SANDERSON TIMES

TEXAS SCHOOLS' TEACHERS NEEDS NEAR DRASTIC

AUSTIN, Feb. 2—Texas schools must have a minimum of 51,772 new teachers in the next ten years.

That is 5,000 more than the total of teachers now in the schools. They number 46,500.

Replacement of teachers is causing educators great concern according to Miss Maurine Walker of Waco, first vice-president of the Texas State Teachers Association and a member of the National Education Association committee on teacher education and professional standards.

"There is already a tremendous shortage of teachers and the profession is not proving sufficiently attractive to induce people to enter it," Miss Walker said.

"Texas, itself, is now short several thousand qualified teachers. National and state surveys disclose that in the next decade 1,277,714 new teachers will be needed throughout the United States.

"Texas will have to find a bare minimum of 51,772 new instructors.

"Surveys of the National Committee show that 31,689 teachers will leave the Texas schools during the next ten years. They will die, retire or quit the classroom for other reasons."

The birth rate, rapidly accelerated during the war years, will soon be reflected in huge increases in attendance in schools throughout the nation, Miss Walker pointed out.

"Texas alone, will need nearly 16,000 to take care of the increased enrollment due alone to the advanced birth rate," the Teachers Association officer said.

"The state must find an additional 4,500 teachers to replace those teachers with emergency certificates who are on a temporary basis. During the war

Speaker Rayburn Meets a Texan

Linda Brown of San Antonio, March of Dimes Poster Girl, makes herself at home on the desk of Speaker of the House Sam Rayburn in the Capitol at Washington. She greeted the Speaker after opening the 1949 Fight Infantile Paralysis drive during a call on President Truman in the White House. Linda is holding Speaker's pipe and his pencil.

years all school systems were forced to lower their teaching standards due to the shortage of teachers."

That the estimated nearly 52,000 new teachers is a minimum figure was indicated by Miss Walker because of Texas' tremendous growth industrially.

"Texas is growing industrially far more rapidly than the average person realizes," she said.

"Should the state continue to attract industry as successfully as it has during the last seven or eight years, our schools will have thousands of more pupils than any of the surveys indicate."

Those factors made the future

of great concern, especially in Texas, Miss Walker declared, because most schools in the state are now badly overcrowded.

"It is impossible for our schools to absorb additional pupils in any number," she said. "Another recent survey disclosed that nearly half of the school systems are already overcrowded."

"Texans have every right to expect high standards in education, but we cannot improve it as long as our teachers are not fully qualified and they are required to teach oversized classes. It is not fair to the pupils."

"Finding tens of thousands of new teachers is a problem of concern to everyone and a

HEART DISEASE LEADING CAUSE OF YOUTHS' DEATHS

Rheumatic heart disease, a crippling and killer of children, is one of the leading causes of death and disability among children and young adults in the age group 10 to 25 years.

No vaccine such as those that prevent typhoid, diphtheria, mumps, and whooping cough, has yet been developed for its prevention and control, but we do know some of the danger signals and with a physician's early diagnosis, some of the

problem to which our colleges are giving considerable thought. This year there were twelve teaching positions open to every student who graduated from one of our colleges trained to teach school."

damaging results of this disease may be prevented.

Quoting Dr. George W. Cox, State Health Officer, "in general the early symptoms of rheumatic fever are pain and swelling in the joints of the knees, ankles or elbows or wrists. The pain is felt usually in one of these joints and spreads to the others. Often a child gets irritable and cross without any apparent cause; he may cry easily and develop habits indicating nervousness. These symptoms may mean the beginning of an attack of rheumatic fever, and a physician should be consulted immediately."

Predisposing causes to this disease, which include frequent chilling, damp or overcrowded living quarters, poor diet, colds, an attack of scarlet fever or other infections caused by certain streptococcus germs, should be carefully avoided.

Protection against these pre-

disposing causes may mean protection against rheumatic heart disease, and these safeguards should be observed; Have children examined by a physician at least once a year; see that they have a well-balanced diet; make certain that they get sufficient rest, and see to it that they are dressed according to the temperature of the room or playground. Consult a physician at once if symptoms indicate that this disease may be present, and

if the doctor prescribes complete bed rest, his advice should be followed exactly as given.

POWER HONORS MRS. C. E. YEATES, RECENT BRIDE

Mrs. C. E. Yeates, a recent bride, was complimented with a magnificent shower Saturday afternoon at the home of Mrs. Jessup with Misses Ernest Jessup and Wanda Bost assisting the guests with the former Miss Cecce. Mrs. Yeates wore a white carnation corsage and a white carnation boutonniere. The house was decorated with white carnations. The members of the house presented Mrs. Yeates with a red and white carnation corsage and a white carnation boutonniere. The house was decorated with white carnations. The members of the house presented Mrs. Yeates with a red and white carnation corsage and a white carnation boutonniere.

The Valentine motif and decorations were noted about the party rooms. A red heart pierced with a white arrow tied with satin ribbons was on the front door. A red and white carnation corsage and a white carnation boutonniere were on the front door. A red and white carnation corsage and a white carnation boutonniere were on the front door.

A serving table held an arrangement of red and white carnations in a crystal bowl backed by red tapers in crystal holders. Red satin streamers and hearts in graduated lengths were on the table. The silks and coffee service was served at one end of the table. Sandwiches, cookies and the chosen colors and the other end.

W. E. Lea of El Paso, the grandmother, and Mesdames E. McSparran, and Wilman, aunts of the bride, alternate turns at the coffee with Mrs. J. H. Locant assisting in hostess duties.

Guests were directed to display in the two bedrooms Misses Marinell Gates, Betty Ann Peavy and Mesdames John Tollett and Gene. Robert Joe Dishman was in charge of the bride's book. Fifty guests registered.

Demonstration On Plants Culture For HD Club

The Ranch Home Demonstration Club met Tuesday morning in the home of Mrs. C. C. Mitchell. The president, Mrs. N. M. Mitchell, presided.

After a short recreational program of singing, roll call was responded to with a "Short Cut in Sewing." Business matters were discussed and a \$5 bond was purchased to help in the fight against tuberculosis.

Mrs. Billy Magill was elected as one of the candidates to be chosen to represent Pecos County at the district meeting of the Texas Home Demonstration Association to be held in El Paso April 4 and 5.

Mrs. Grace M. Martin, district agent and Mrs. Margaret Bracher, the County Home Demonstration Agent, both of Fort Stockton met with the club. Miss Bracher reviewed the year book, bringing out its interesting features and explaining the plan of study and of demonstrations throughout the year. Yearbook programs were then filled in by the members. Mrs. Martin spoke of the freedom of women, the opportunities for women to widen their knowledge of world affairs and their opportunities, especially in the home, of bettering family relations and getting the most out of life.

Mrs. Harold E. Schroepler, local T.H.D.A. chairman, spoke on some of the goals for 1949 and also talked on "Improving Our Radio Listening."

Miss Bracher had a demonstration on "Making and Rooting Cuttings," on "Pruning" and "Indoor Plants for Beauty." She also called attention to the fact that she would conduct the first training meeting at 10:30 a. m. in Fort Stockton on February 22, demonstrating "Re-upholstering." The meeting of the council will be held in the afternoon. Two will go from the local club and as many more as desire to take advantage of this course of training.

The next meeting will be on Tuesday, March 1, in the home of Mr. E. E. Farley. Each member is asked to bring an outer garment to be restyled, a plant

PINK AND BLUE SHOWER HONORS MRS. F. TALBOT, JR.

Honoring Mrs. Freddie Talbot, Mesdames Martelle Petty and Lee Hardgrave entertained with a pink and blue shower at the home of Mrs. Petty Friday afternoon.

Games were enjoyed by the guests and Mesdames C. E. Harkins and Don Farley, winners in contests, in turn presented their prizes to the honoree.

A beautiful basinet filled with gifts was wheeled into the living room and presented Mrs. Talbot.

Bouquets of pink carnations were used to decorate the living room.

The hostesses served refreshments of cake with tea and comments of cake with tea and coffee to Mesdames Don Farley, D. House, F. A. Talbot, Sr., Don Allen, John Hardgrave, C. L. Surratt, R. N. Allen, Charles Rogers, George Herzog, Harvey Rogers, C. E. Harkins, Jack Hardgrave, and Misses Anne Lee Allen and Bessie Harrell.

STITCH 'N CHAT CLUB TUESDAY

The Stitch 'n Chat Club met at the home of Mrs. O. F. Cresswell Tuesday afternoon.

The hostess served cream puffs and coffee to Mesdames W. E. Stavley, P. P. Courtney, G. D. Vincent, Gene Litton and Ray DeBusk, a guest.

or cutting to exchange with others and any contribution in the way of ideas relative to dressing up windows.

Mrs. Mitchell, the hostess, served cake and coffee at the close of the meeting to Mesdames Vic Littleton, E. J. Hanson, O. T. Sudduth, J. D. Nichols, Billy McGill, N. M. Mitchell, Harold E. Schroepler, E. F. Pierson, John W. Byrd, A. W. Pope, M. W. Duncan, S. A. Berkley, Miss Margaret Bracher and Mrs. Grace Martin of Fort Stockton.

Mrs. Robert Joe Dishman will not enroll for the second semester at Sul Ross College but will remain in Sanderson.

Girl Scouts Have Open House At New Hut Friday

The Girl Scout hut which was completed about two months ago was formally opened Friday evening when the Girl Scouts with their leaders were hostesses for an open house.

The building, which is of hollow tile and plastered, with concrete floor, has a large assembly room, a kitchen and bathroom.

Floral cretonne draperies for the windows were made by the girls and several throw rugs are on the floor. A divan, settee and several chairs have been donated to complete the furnishings of the hut.

The kitchen is complete with built-in cabinet, pottery dishes stove and sink. The bathroom has a lavatory, commode and dressing table.

Cookies, tea and coffee were served to the guests with the girls alternating at the coffee service.

The Junior Woman's Club is sponsoring the Girl Scouts and has been responsible for the raising of a portion of the funds for the erection of the building. Mesdames Vic Littleton, C. C. Mitchell, Ferd Leatherwood and Harold Schroepler are the Girl Scout leaders and Mesdames J. A. Gilbreath and Dick Sullivan are the leaders of the Brownie Scouts.

There is an active Scout Council in Sanderson with Mrs. H. A. Finger as president. During the recent drive for funds for the Girl Scouts, the council voted sufficient funds to assure the building of the hut with C. C. Mitchell, R. E. Corder and others assisting in the building program.

Mr. and Mrs. G. H. Mayfield and Mr. and Mrs. John Hayre were Alpine visitors Tuesday.

FRIDAY, FEBRUARY 4, 1949

THE SANDERSON TIMES

PAGE FIVE

Beta Iota Chapter TO Meet In Alpine

Beta Iota Chapter of Delta Kappa Gamma will meet Saturday afternoon at 4:15 in the hospitality rooms of the Presbyterian Church in Alpine. The conference on audio-visual education being held at the Sul Ross College will be over in time for teachers to attend the sorority meeting.

The program will include special music by Mrs. W. I. Winter and Mrs. H. B. Warnock, a drill on the Greek alphabet conducted by Miss Alice Cowan, a talk on legislation that needs the help of Delta Kappa Gamma by Mrs. Virginia Lee Link, and club songs led by Mrs. Graves Bogel. The president, Mrs. Arthur G. Bloucher, will convey important messages from the state president.

David Rusk Has Party For Second Birthday

Mrs. I. B. Rusk entertained at her home Friday afternoon honoring her son, David, on his second birthday.

After the little guests had enjoyed a period of games, Mrs. Rusk served ice cream with the birthday cake to Cinda Martin, Jodie K. Tronson, Diana Tronson, Dixie Davis, Mary Helen English, Eloise Farley, Toby Courtney, Dickey Watkins, John Pat Scannell, Ray Hodgkins, and Tommy Hodgkins.

Adult guests were Mesdames E. W. Martin, Joe Tronson, W. A. Davis, R. A. English, E. E. Farley, Wayne Watkins, John Scannell, Ray Hodgkins, Pat Beard and Misses Lucy Rector and Kate Frazier.

POWER PLANT

that uses
its
Head!

THIS is the husky thrill-producer you find filling the bonnet of any 1949 Buick.

Look it over and you'll observe, among other things, that it is a valve-in-head straight-eight.

In simple language, this means that years ago Buick engineers lifted the valves from the side of the cylinder and put them on top—with some immediate advantages.

Such an engine "breathes" better. Gets a full, even charge on every intake—exhausts spent gases more easily—enjoys extra power, life and ginger.

And in such engines, compression ratios are relatively easy to establish. To step them up, the head is merely brought closer to the piston—no extra problems are presented getting fuel in and exhaust out.

Thus Buick power can—and has—kept pace with progress in fuels. Compression ratios suit gasolines actually available—and there's no

waiting for tomorrow's gasolines to get full performance.

There are other things to notice about this engine.

It's a Fireball power plant—uses a special and exclusive type of piston that gets more good out of each fuel charge.

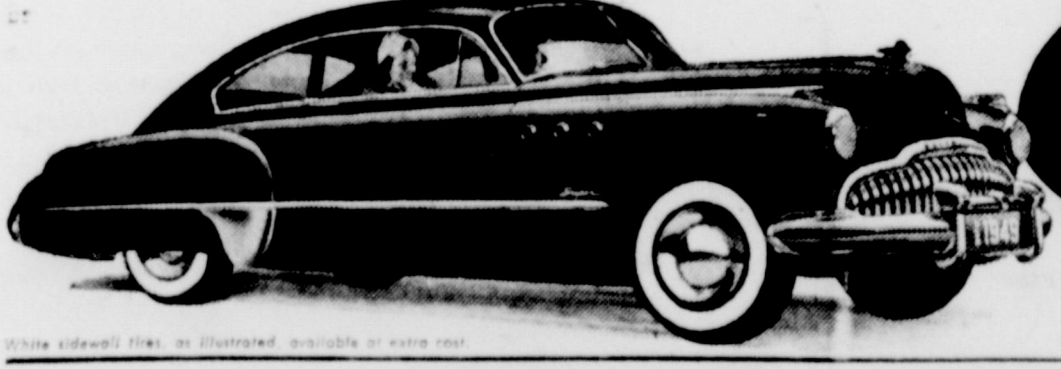

And it speaks with soft, new quiet. Self-setting valve lifters automatically keep valves properly seated, ending tappet noises for good.

With gasolines getting better, the swing to valve-in-head design will undoubtedly grow stronger. But that is what Buick has had all along—a power plant that uses its head to give extra lift and thrill.

That's enough reason to see your Buick dealer now, with or without a car to trade, to get your order in.

BUICK alone

has all these features

NOTICE OF INTENTION TO SELL BULLDOZER

TO WHOM IT MAY CONCERN: By order passed by the Commissioners' Court at its Regular Meeting on the 10th day of Jan., A. D. 1949, the County Clerk of Terrell County, Texas, was authorized to advertise for sale the following, to-wit:

One D4 Diesel Bulldozer, same being located in Precinct No. 3, Terrell County, Texas.

The court will meet the 14th of February, A. D., 1949, at 10:00 o'clock a. m., a regular meeting date of said court, and will receive and consider all bids, and it is understood that the court reserves the right to reject any and all bids should it be determined that no bid represented a fair price for said Bulldozer.

Given under my hand and seal of the court this 19th day of January, A. D., 1949.

RUEL ADAMS,
County Clerk and ex-officio Clerk Commissioners' Court, Terrell County, Texas.

Pontiac Has Two "New Looks" For 1949

This is the four door deluxe Pontiac sedan in the Streamline series. Forward thrust has been gained by lowering the hood. Body contour is in the modern manner and yet unmistakably Pontiac. Added safety is compounded by reduced pillars and a curved windshield whose gleaming sweep has been increased nearly six inches. Both Pontiac Streamliner and Pontiac Chieftain lines use a 120 inch wheelbase and Hydra-Matic transmissions optional at extra cost.

BOB JOHNSON OWNER OF CORPUS CHRISTI PAPER

The first edition of the Six Points News recently bought and being edited by Robert E. V. Johnson was received this week by his aunt, Mrs. C. H. White, Mr. Johnson was a local resident for several years and is now residing

in Corpus Christi where the paper has been published for the past three years.

Bill Kennedy, who is attending the University of Texas, spent the holidays between semesters with his uncle and aunt, Mr. and Mrs. A. W. Pope.

W. H. Goldwire was a visitor to Alpine Wednesday.

Mrs. H. C. Goldwire has returned home after taking her parents, Mr. and Mrs. W. S. Crawford to Big Lake where they will visit in the home of another daughter, Mrs. W. H. Schooler, for several weeks.

MRS. M. L. ROBERTSON BREAKS WRIST IN FALL

Mrs. M. L. Robertson broke a large bone of her wrist above joint in an accident in the yard at her home at the Sanderson Courts last Thursday afternoon.

She tripped over a cord which was tied around the stakes of concrete forms and fell, breaking her arm. After getting up, she fainted and fell again bruising her head and legs. Her arm is in a cast.

She is resting comfortably at her home this week.

Miss Birdie Turner returned to her home in San Antonio Tuesday after spending several days here as the guest of Miss B. Jo Kerr.

Miss Betty Jo Kerr and Ed Kerr left Tuesday for Austin where they will enter the University of Texas for the semester.

Miss Glenn Davenport of San Diego, California, spent the week end with her mother, Mrs. Roy Harrell.

H. A. Finger made a business trip to El Paso Wednesday.
