PECOS COUNTY HOSPITAL IN FORT STOCKTON TO OPEN SOON

DR. J. W. PATE IS ASSOCIATE CHIEF OF NEW HOSPITAL

The medical staff of the new Memorial Hospital at Fort Stockton, which will open January 8, met recently for an organizational meeting and Dr. C. E. Oswald was named chief of staff with Dr. John W. Pate as associate chief of staff and Dr. Ben A. McReynolds as secretary.

Members of the active staff will be made up of the Fort Stockton resident practicing physicians and Dr. Pate since the new hospital will serve much of Sanderson. Members of the Big Bend Medical Society in other counties of the area, including Terrell County, will comprise the courtesy staff.

Miss Ellen Flynn is superintendent.

The hospital, owned by Pecos County, will be operated as an open staff general hospital. Responsibility for the management rests with Miss Flynn and a six-member board of managers appointed by the Pecos County Commissioners' Court.

Although the formal opening is scheduled for January 8, the hospital will be ready to accept patients next week.

Juniors Present 'Me and My Shadow' Friday Evening

Hilarious moments of comedy were enjoyed by those attending the play "Me and My Shadow" presented by the Junior Class in the high school auditorium, Friday evening, December 16.

Eulalia Escamilla as Susan Fisher, the maid, was superb in her portrayal of that character.

The three-act comedy drama held many tense moments as well as much hilarious comedy. The play was under the direction of Jack Humphries, class sponsor.

Susie Zepeda played the part of "Shadow", the leading lady role in the play, and Gene Chandler had the main male role. Wilson Banner, Barbara Clark, Betty Faye Sullivan, Bobby Hill, Charlene Searcy and David Flores were the supporting cast. George Fisher and Mario Escamilla assisted back stage.

Between the first two acts, George Fisher and Bobby Joe Hill gave an entertaining skit.

Between acts members of the class sold candy and popcorn balls and George Fisher auctioned off a cake.

Condition of Roy Bogusch Improves; To Be Home Soon

A report from Mrs. Roy Bogusch Wednesday was that her husband is improving slowly in a Hondo hospital and that she hopes to bring him home in a few days.

Mr. Bogusch, who is a T&NO conductor, and his son, Jack, age 3, who were en route to Mason and San Marcos to visit relatives, were involved in a three-car collision on Highway 90 2.3 miles east of Sabinol about 9:30 last Wednesday night. All three of the cars were a total loss and the seven passengers were injured.

Mr. Bogusch has a number of cuts and several broken ribs. Jack received cut lips and bruises about the head.

They were placed in a Hondo hospital and she has been at their bedside since last Thursday morning.

Parents Urged To Follow Up On Medical Defects

Austin, December 28 — The schools of Texas have been in session for several weeks. The routine screening tests by teachers and nurses, or the physical examinations of the children by the physicians have been completed. They are complete so far as the nurse, teacher, or examiner is concerned, but the "follow-up" to correct any abnormal conditions discussed is yet to come. To make these screening tests and the follow-up examinations of the greatest value, the need of care for correction of defects should be available. This is the responsibility of the parents of each child in order that a maximum of health may be his lot.

Health is a cardinal attribute of living. With the best health a child may have, he will do his best work, will have joy in play, and will grow to be the most efficient citizen he is capable of being. The future of our country is in the hands of these children who are now in school.

All adults as well as the parents of the school-age children should feel the responsibility and privilege of sharing in a sound and safe future for our country by helping to build good health for the children of today.

Through the check made each year in the schools the gross defects may be learned, and a more detailed examination may be made by the family physician, with treatment for correction of these defects as he finds necessary.

Immunization against the diseases, for which known protection is available, should be given all children unless their physician finds contraindication.

Your physician is your best friend and guardian of your health.

HIGHWAY CREW TO BEGIN WORK IN JANUARY, 1950

Announcement was made last week that the contract for the paving of the Terrell County end of Highway 285 was awarded to Dean Word of New Braunfels. Elton Lively of Mason, superintendent for the work, was in Sanderson Wednesday with Mr. Word to make arrangements to move his crew and machinery into Sanderson beginning next week. He stated that work would begin after January 15.

Lively asserted that approximately 50 men would be employed by the construction concern and that housing facilities would be necessary for many skilled workmen who would be brought in from other parts of the state. He stated that local labor would be hired when possible.

It was asked of the Times to request any who had vacant rooms or apartments to please leave word so that the men and their families could be placed as soon as they begin arriving.

Fort Stockton Okays Hwy 285 Routing Through City

The Fort Stockton City Council in meeting Tuesday night of last week accepted and approved plans submitted by the Texas Highway Department for bringing the new Highway 285 into the city limits from across the lower end of Rooney Park, and along Spring Drive to intersect Highway 67 and 290.

Resident Engineer W. W. Greif of Fort Stockton submitted the plans to the city and also outlined the plans of the department for the beautification of the triangle within the proposed intersection.

Plans have not been submitted to the State Highway Commission for the last section, approximately 19 miles, on the north end of the road, but it is expected that this action will take place in the early part of 1950. The plans must be approved before they are submitted to contractors for bids.

BOYD M. DOAK, PIONEER RANCHER, DIES HERE TUESDAY

Graveside services with Rev. Clifford Spencer, pastor of the Baptist Church officiating, were held in Cedar Grove Cemetery Thursday afternoon for Boyd M. Doak, a pioneer resident of the county who died at his home in Sanderson Tuesday following a lengthy illness.

Mr. Doak was born in Atascosa County near Jourdanton October 2, 1865, the son of Mr. and Mrs. Jonathan A. Doak, pioneer ranchers of that section. When a young man he had a farm in Atascosa County and made several trips over the trail with cattle to the Indian Territory.

He was married to Miss Julia Elizabeth Musgraves in 1887 and brought his bride to Dryden where, with his brother, R. L. Doak, he was in the employ of the Pecos Land and Cattle Co., later known as the T5 on Independence Creek.

He soon returned to Atascosa County and bought a farm near Pleasanton. In 1897 he brought cattle from the farm to the ranch near Dryden and for several years ranched there and in the Devil's River country.

In 1908 he went to El Paso and was a mounted policeman for several years. Returning to Terrell County, he purchased the ranch southeast of Dryden and followed the ranching business there until 1929 when he came to Sanderson where he built his home and retired from active work.

Survivors include a daughter, Mrs. Ola Elliott Skelton of Coolidge, Arizona, a brother, R. L. Doak, of San Antonio, a granddaughter, Mrs. Viola Shields of Coolidge, Arizona, and two great grandchildren, Darleen and Lee Shields of Coolidge, Arizona. A brother J. M. Doak preceded him in death in July Mr. Doak also had a son, John William Doak, who has not been heard from in thirty-five years and is supposed to be dead.

Palbearers were J. C. Halbert, F. G. Grigsby, H. E. Gatlin, R. S. Wilkinson, James Caroline, and J. S. Nance.

From where I sit... by Joe Martin A Tonic For The Missus The missus came marching in with a new hat yesterday. She was as happy as a circus poster. I've learned one thing about the hats she buys. A hat is a tonic to her. If she's feeling blue, nothing gives her a lift like a new hat. Now, I could trade in my old grey fedora without raising my blood pressure a notch. But I'll admit that more than once I've bought a new briar pipe I didn't need—just because life was getting a little bit monotonous. With Buck Howell it's something else again. When Buck is feeling low, he gets over it by buying a broken-down car that he's mastered in twenty years. From where I sit, different people are always going to respond to different things in different ways. So, let's keep a friendly understanding of what other folks stand out of a new hat, an old hat, a chocolate soda or a temporary glass of sparkling beer or wine and then. Joe Martin

4 YEAR OLD BOY WAS WASTING AWAY

My son Bobby Jean, 4, had been suffering from vomiting spells. Each attack sent him to bed with fever for 2 or 3 days. We tried all kinds of medicines but he continued to lose weight and grow pale and weak. We started giving him HADACOL and since the first dose he has never had a vomiting spell or fever. He gained 4 pounds in 2 weeks and is full of pep and energy. It is really remarkable how HADACOL has helped my child.

Bobby Jean has gained 4 pounds in 2 weeks and is full of pep and energy. It is really remarkable how HADACOL has helped my child.

Mrs. Joseph Prejean, RFD No. 2, Box 251D, Beaumont, Texas.

IS HADACOL A MIRACLE FORMULA?

No, there is nothing miraculous or mysterious about HADACOL. The potent health-giving benefits of HADACOL are based on a proven scientific fact. Lack of sufficient vitamins and minerals in most diets leaves the door WIDE OPEN to diseases and weaknesses of all kinds. HADACOL, the scientifically balanced dietary supplement, helps to CLOSE that door and KEEP it closed.

BOBBY JEAN JUST ONE OF THOUSANDS!

Had it not been for HADACOL, the story of Mrs. Prejean's little boy, as told in her letter above, might have had a tragic ending. His system was run down to the danger point. Medicines and treatments didn't help. What he really needed was a supply of "building materials" for his poor little wasted body—and that's what he got from HADACOL. Today, like thousands of others, he is healthy again!

WHO SHOULD TAKE HADACOL?

HADACOL is not a medicine. It is a concentrated FOOD formula containing all the important vitamins in the B Complex group as well as these vital minerals: iron, calcium, phosphorus and manganese. If you are not getting your full daily quota of these essential dietary components, you may be heading straight into danger—weakness, loss of appetite, and then disease!

Let HADACOL help you stay on the Highway of Health!

Only \$1.25 for the regular size—\$3.50 for the large family and hospital economy size.

Argentina to Detroit by Truck

Steep and precipitous mountain passes, violent equatorial storms and near impassible jungle trails were among the obstacles overcome by Aldo Carloni and Antonio Bollester, young Argentines on a 15,000-mile trip driving an eight-year-old Chevrolet truck from Cordova, Argentina to Detroit, Michigan. Here Carloni (right) is reviewing the 14-week journey with J. W. Burke, manager of the

Chevrolet Truck Department in the Motor Capital. With the exception of three short stretches where there are no roads at all and the vehicle was transported, the entire trip through 13 countries was accomplished in the truck which contained provisions for six people and cooking meals and carried extra gas and oil. Difficult journey as shown on map by Carloni and his companion was one of the first via the still incomplete Pan American Highway.

'Cook Pork Well', Says Health Officer

"Please pass the pork" is a familiar sentence around many dinner tables these days, as cold weather approaches. A juicy pork roast or pork chops are dishes that can't be beat, according to many connoisseurs of meat. However, pork can be dangerous if it isn't cooked long enough. So, be sure that pork passes the test of thorough cooking before you put it on the table. Otherwise, trichinosis may result, said Dr. George W. Cox, State Health Officer.

Trichinosis is a big word, but the disease is easy to prevent. All you need to do is cook the meat until the pink color turns to white. When the change of color comes, the meat is safe to eat. Farmers who raise hogs for sale as meat, and who feed them garbage, should cook the garbage first, or the meat may become contaminated. If butchered pork is stored at a temperature of five degrees above zero, Fahrenheit, for 20 days, trichinosis parasites should die, if there are any.

If a person eats a pork chop, for example, that contains trichinae, they are swallowed in the form of tiny capsules. In the intestines these capsules develop and discharge minute worms which are carried to various parts of the body by the blood stream, settling in muscles, where after a period of time they become calcified and die.

What are the symptoms of trichinosis? Stomach upsets and muscular pains, a feeling of chilliness, sore throat, and at times, considerable fever, are some of the signs. An acute attack of illness lasts about one to three weeks. The disease has a low death rate, but recovery is fairly slow.

Miss Roberta Loehausen of El Paso and Dr. Wesley Loucheusen of Crown Point, N. M., were holiday guests of their parents, Mr. and Mrs. J. H. Loehausen. Mrs. Loehausen accompanied her son back to Crown Point to visit for several days.

Harold Surratt left Wednesday for El Paso where he will attend the Sun Carnival and escort Miss Selette Barrow of Alpine, the Sul Ross princess.
