SANDERSON, TEXAS, FRIDAY, OCTOBER 19, 1951

NUMBER 35

VOLUME XLIV

## LISTEN TO LUKE

Residents of Bonham, Fannin county, Texas, recently raised a fuss about a terrible odor emitting from a fertilizer plant in or near that county seat town. It seems that, despite the substantial payment of the company, residents were demanding the plant to be moved out or close down the obnoxious odors — imagine a fertilizer plant without odors.

A little town nearby has told the management of the plant that this company will come down to Louisiana the citizens of that county will locate him on sizeable land on suitable trackage on a live railroad and will give him 100 per cent cooperation.

The Ladonia News says: "We locate you where the 'smell' isn't contaminated by big city cars and everybody can be happy." Speaking of odors — well we would rather not mention Washington in this issue. But there would be some way of getting rid of "fertilizer odors" where there is no fertilizer plant.

This week there was a big daily paper headline which announced that the President was "seeking peace." This country has been at war many, many times that we are not at war. Why seek peace when there is no war?

Retailers face some tough problems these days. And the current squeeze on their always-modest profits is just about the worst. When Congress renewed the price control law, it added some amendments, which, it was believed, would allow retailers and all other businesses concerned to keep their pre-Korea profits, and to share on the many increases in cost which they have no control over. These amendments lacked clarity of language and, according to OPS they apply only to the manufacturers and processors, and do not apply to the old ones. OPS contends, retailers can be forced to absorb many price increases.

This puts the retailer in an impossible situation. His pre-Korea (Continued on page four)

## Pfc David Thompson Gets Bronze Star Medal In Korea

Pfc David Thompson of the 1st Marine Division in Korea has been awarded a Bronze Star Medal and is authorized to wear the combat "V" according to word received this week by his parents, Mr. and Mrs. S. D. Thompson.

The citation accompanying the award reads: "For heroic achievement in connection with operations against the enemy while serving with a Marine infantry company in Korea on 23 April 1951. Serving as a fire team leader, Private First Class Thompson displayed outstanding courage and initiative in the performance of his duties. When the company was violently attacked during the hours of darkness by a strong enemy force, he fearlessly and without regard for his personal safety exposed himself to intense and accurate enemy automatic weapons, small arms and hand grenade fire in order to move among his men, encouraging them, directing their fires, and shifting their positions to meet the attack of the enemy. Refusing to take cover himself, he remained exposed to the devastating enemy fire until the attack was repulsed and the enemy completely routed. Private First Class Thompson's heroic actions were in keeping with the highest traditions of the United States Naval Service."

## Expert Says Only Half Of Texas Cars To Pass Inspection

Austin, Oct. 15 — Almost half of the cars now operating in Texas may fail the new state-required inspection, an expert believes, according to word released by a syndicated news service.

It was revealed that George Bushy, chief of the inspection division of the Texas Department of Public Safety, says he hopes that 50 per cent may be a bit high but that he fully expects 40 per cent of the state's cars to fail the tests. "A lot of the defects the inspection will disclose will be minor; some, of course, will be major," he said.

All of the defects, regardless of how minor, revealed by the inspection, must be corrected the same as major defects, before a certificate can be issued. The certificate must be presented to the county tax collector next year as a requisite to securing new license plates, just as a car title and the cash have been requisites in past years, the article stated.

As soon as the certificates have been printed the Department of Public Safety will designate official inspection stations and distribute the certificates — and rejection slips. The inspection will cost the car owner \$1 and will cover brakes, lights, horn, windshield wipers and steering gear. Any one of those things showing defects will force the owner to take his car to any mechanic he chooses to have it fixed or fix it himself. The law is that he must return in seven days to the station where the rejection slip was issued to get the faulty item re-checked without additional charge before he can obtain a certificate. The lapse of more than seven days between checks after rejection, will cause the payment of an additional \$1 for a complete new inspection of all of the items covered by the law.

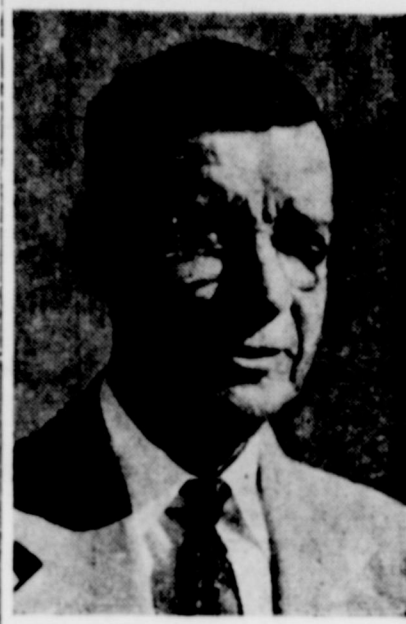

## CAKE AND PIE SALE WEDNESDAY IS SUCCESS

Approximately \$235 was realized from the cake and pie sale sponsored by the Methodist Woman's Society of Christian Service Wednesday at the Ferguson Motor Co. Building.

## AMONG OUR SUBSCRIBERS

New subscribers to The Times are Giles Holmes of Sanderson, and Miss Mary Lou Jenschke of San Antonio.

## Rotary Governor Here For Visit

R. A. (Dick) Wagner of San Angelo, District Governor of Rotary International, was in Sanderson Tuesday evening and Wednesday for an official visit with the local club.

Governor Wagner spent Tuesday night in the home of Sanderson Rotary Club President H. A. Smith and Mrs. Smith. He presided at a committee chairmen meeting at the Smith home Tuesday evening after the group had enjoyed a buffet supper prepared by Mrs. Smith.

At the regular weekly luncheon of the Sanderson club at the Turner Hotel Wednesday the governor received the reports from President Smith and spoke to the group of the work planned for the balance of the Rotary year.

Wagner, a San Angelo business man, has been active in Rotary work for several years and his duties as governor gives him an outlet for his Rotary enthusiasm. The progress of the local club was praised by the visiting official who left the membership with new inspiration and further goals for civic and community betterment.

## SCHOOL PUPILS GIVE \$159.80 TO LOCAL POLIO FUND

A total of \$159.80 has been contributed by the school children of the county toward the drive for funds for the Crippled Children and Polio Drive now in progress, according to Mrs. Mary E. Mitchell, co-chairman of the drive.

Ten rooms reported 100 per cent contributions, including the pupils in the rooms of Mrs. Sylvan Walker, Mrs. W. H. Savage, Mrs. W. E. Grigsby, Mrs. H. C. Englund, Mrs. A. A. Shelton, Mrs. L. A. Petrosky, Mrs. Vada Eggleston, Miss Lula Belle Daniel, Robert Cacic and H. C. England.

The highest average contribution was made by the pupils in Mrs. Eggleston's room, averaging 55.55 cents per pupil. The next highest was 47.42 cents per pupil of Miss Bessie Pitt's room.

## WILSON FAMILY REUNION AT SHEFFIELD LAST WEEK

There was a reunion of the brothers and sisters of Mrs. J. M. Corder last week end at the home of her sister, Mrs. Jerry Monroe, in Sheffield. There are four brothers and four sisters of the Wilson family and all were present. Mr. and Mrs. Corder were in Sheffield from Friday through Sunday.

Those attending included Joe Wilson of Austin, Bevans Wilson and wife of El Paso, Louis Wilson and wife of Riverside, California, Douglas Wilson, wife and children of Sheffield, Mrs. H. C. Petmeckey, husband and grandson of Austin, Mrs. Wade Stubbs and husband of Milford. Mrs. Monroe's children present included Mrs. Sam Culbertson and children of Fort Worth, John Monroe and children and Morris Monroe of Sheffield. The Corders' children present were Mr. and Mrs. Eddie Leatherwood and Mr. and Mrs. Sid Harkins and son, Monty, all of Sanderson.

Motion pictures of former reunions and barbecue meals were enjoyed by the group.

## SON BORN SUNDAY TO DR. AND MRS. J. W. PATE

A third son was born here Sunday morning to Dr. and Mrs. J. W. Pate. The baby weighed seven pounds and three ounces and was named Robert Thomas Mark.

## 3 Per Cent Discount On All Taxes Paid During October

Last week in The Times an ad and a story stated that a three per cent discount, allowed on state and county taxes would not be allowed on school taxes. This statement was an error and the discount will be allowed on school taxes as well as the state and county tax, according to J. S. Nance, tax assessor and collector. Any one remitting their taxes by mail or in person will discount their taxes 3 per cent if paid in October, 2 per cent if paid in November and 1 per cent if paid in December. After January 31, interest and penalty will be charged on all unpaid taxes.

A large percent of Terrell County taxes on real and personal property is usually paid during October when taxpayers avail themselves of the possible savings by early payment.

The poll tax is not discounted. Deadline for paying poll taxes is January 31, 1952, but eligible voters this week are urged by the deputy collector to pay their poll taxes as early as possible to avoid a last minute rush.

A total of about 1,000 voters paid their poll taxes in 1950, it was stated.

## Funeral Services Here Tuesday For Mrs. M. Aguilar

Funeral services were held here Tuesday afternoon from St. James Catholic Church for Mrs. Marcelina Aguilar who died Sunday in a Fort Stockton hospital. The aged woman was found very ill at her home by relatives and taken to the hospital Sunday morning.

Burial was made in Santa Rita Cemetery with O. T. Sudduth, Inc., in charge of funeral arrangements.

Mrs. Aguilar came to Terrell County about forty-six years ago with a group of Mexican immigrants who were employed by the late Jim Corder on the Big Canyon ranch. She was later in the employ of Mrs. Mary E. Mitchell on the ranch for several years and came to Sanderson about six years ago to make her home with her two granddaughters. Her only daughter preceded her in death.

Other surviving relatives include nieces and nephews, several of whom live in Sanderson.

## Household Employees' S. S. Returns Increase

Commissioner of Internal Revenue John B. Dunlap has recently announced that as of August 17, 1951, collectors of internal revenue had received \$22,466 special envelope-type returns reporting Social Security taxes withheld from wages of household employees for the second quarter of 1951, ended on June 30. This compares with a previous report showing that as of May 18, 511,288 such returns had been filed for the first quarter of the year.

Since the May 18 report was compiled, 59,371 additional returns for the first quarter have been received, and it is anticipated that a large number of additional returns for the second quarter will be filed in the comparable period.

## LOCAL OFFICERS INJURED IN AUTO ACCIDENT

Sheriff J. S. Nance and Ranger F. G. Hardin were injured last Thursday afternoon in an accident with another car just west of Sanderson. Nance has been confined to his bed this week with a broken rib and severely bruised back and Ranger Hardin suffered a broken rib but has not been prevented from carrying on his duties because of the injury.

Mr. and Mrs. George A. Joyner of Los Angeles, California, were guests of Mr. and Mrs. J. W. Happle, and Mr. and Mrs. Web Townsend this week. They were entertained at the Townsend ranch.

Willie Grigsby of San Antonio arrived Tuesday for a visit with his father, F. G. Grigsby, Mrs. Grigsby, and other relatives.

## OIL & GAS LEASES

The following oil and gas leases were taken from the records on file in the office of Ruel Adams, County Clerk of Terrell County:

R. E. Freeman assigned to John J. Rutkin, 160 acres, Section 8, Block D-5, MK&TE Ry Co. Survey.

Bassett Mineral Trust to Sinclair Oil and Gas Co., 7,680 acres, 38,925.30 acres in Block D and Block 148.

N. W. Graham et ux to Roger B. Owings 3,840 acres in Block A-4. Same assigned by Owings to Gulf Oil Corp.

C. A. Glover to Roger B. Owings 2,560 acres in Block A-4, assigned to Gulf Oil Corp.

Emilie March, et al to Roger B. Owings 2,560 acres in Block A-4.

Mary March Compton et al to Roger B. Owings, 2,560 acres in Block A-4, assigned to Gulf Oil Corp.

Nellie Korn, guardian, to Sinclair Oil and Gas Co., 2,560 acres in Block 1 and 5,120 acres in same block.

W. H. Burleson et al to Sinclair Oil and Gas Co. 640 acres in Block R&TC Ry. Co. Survey.

A. C. Smith assigned to Irvine E. Schnoor et ux 20 acres Block 41, MK&TE Ry Co. Survey.

Albert Appel et ux to Cities Service Oil Co. 3,875.25 acres in Block R-3 and 128.

E. T. McDowell assigned to Sinclair Oil and Gas Co. 2,560 acres Block 1, Survey 50, 52, 54 and 64, TC Ry Co. Survey.

In charge of depository the Louisiana Land and Exploration Co. changed to Western Natural Gas Co. 4,250 acres in Terrell County.

F. A. Bates assigned to Sinclair

## Marshall Cooke Subs For Dist. Commander At Legion Conclave

In the absence of District Commander Johnny Crooks of Odessa, Marshall Cooke, of Sanderson, district vice-commander of the 16th District of the American Legion, presided at the fall convention of that organization in Alpine last Saturday and Sunday.

Commander Crooks, by virtue of being honored as Mr. Membership, 1951, by the Texas Department of the Legion, was awarded a round-trip airplane ticket to the National Convention in Miami, Florida. This convention being held October 15-18, necessitated the commander's absence from the district meeting.

Crooks led his district to win the trip in the membership drive recently. He won well over the necessary 110 per cent of quota.

Vice-commander Cooke reported the affair in Alpine a success. Resolutions urging legislation affecting the veterans' welfare were on the agenda for the district meet, he said. The urge to build up strength in membership was also stressed at the meeting.

Attending the conclave from Sanderson were Troy Druse, Herbert Brown and Cooke.

Pecos was picked by the American Legion delegates as the site for the district spring convention.

A definite date for the Pecos conclave will be announced later.

## MRS. J. E. STARLEY TO CONDUCT SCOUT SCHOOL

Mrs. J. E. Starley of Pecos, ex-director of Girl Scouts, will be in Sanderson Monday afternoon at 2:30 and all day Tuesday to conduct a training school for Girl Scout leaders. All ladies of the community interested in Scout work are urged to attend the meeting which will be held at the Scout House.

## M-SGT. M. R. WILLIAMS HAS RANK OF CAPTAIN

Mrs. D. O. Bosworth received word Monday that her son-in-law, M-Sgt. M. R. Williams, of Mountain Home AFB, Idaho, had been recalled to the army on active reserve status with the rank of captain. Williams served as a captain during World War II and re-enlisted while in inactive reserve.

The Williams family is expected to arrive here the latter part of the month for a visit before Capt. Williams goes on an overseas assignment.

## Eagles Win First Conference Game 20-19; To Del Rio Friday

The Sanderson Eagles gave the fans a scare on the local gridiron last Friday night when they met the Van Horn Eagles. The visiting opponents opened up the scoring early in the game but the Sanderson team rallied and managed to lead the Van Horn team all through the game, but the Van Horn team seriously threatened to tie the score with their last score when the extra point failed in the

## Events Announced For Hallowe'en Carnival by P-TA

Plans for the annual Hallowe'en Carnival sponsored by the Parent-Teacher Association are progressing, according to Mrs. B. E. Carr, finance chairman.

The carnival, which is planned for the evening of Wednesday, October 31, will open with a parade through the business section of town beginning at 5 o'clock. The serving of a Mexican supper at the band house will begin soon after the parade disbands.

Booths will again be arranged on the school campus behind the high school building. For the patrons' fun and enjoyment there will be a fish pond, country store, candy booth, popcorn booth, fortune-telling booth, scooter rides, sandwiches and coffee concession. The S. P. Service Club is sponsoring two tent shows, one for men only and the other for women only. At eight o'clock there will be an amateur show in the high school auditorium.

Enjoyment for the entire family is promised those who patronize the carnival and it is hoped that the local residents will cooperate to make the venture a financial success.

## O. E. S. Past Officers Honored At Dinner

At the regular meeting of the Eastern Star Chapter Tuesday Evening, a dinner was served preceding the meeting to honor the past worthy patrons and matrons of the local chapter.

Seasonal blossoms featuring the Eastern Star colors decorated the tables.

Past worthy matrons present included Mesdames Ruel Adams, Ida Bodkin, N. E. Charlton, of Del Rio, H. E. Ezelle, F. G. Grigsby, Charlie Murray, Harry Newton, M. G. Northcut, Sr., W. H. Savage, C. L. Surratt, R. S. Wilkinson and J. W. McKee, a member who is a past matron of the Rocksprings chapter. Past worthy patrons attending included A. J. Hahn, W. H. Nessmith, Ruel Adams and R. S. Wilkinson.

## Band Elects Officers For 1951-52 Term

The bands of the Sanderson High School elected officers this week. Officers of the senior band are president, Ramona Pena; vice president, Jack Talbot, secretary and treasurer, Glenn Chandler; reporter, Carolyn Spears and sergeant-at-arms, Jack Savage.

The junior band elected officers to include president, Irvin Robbins, vice president Yolanda Esqueda, secretary, Francis Venegas; treasurer, Alicia Marquez, reporter, Rosa Escamilla and sergeant-at-arms, Pascual Rios.

The beginners' band officers are: president, Peggy Cooke, vice president, Anabella Flores, secretary, Frank Ball, treasurer, Cooke Perez, reporter, Petrea Thorn, sergeant at arms, Salvador Castro.

## BABY DAUGHTER FOR M. G. NORTHCUT, JR.

A third daughter was born here Tuesday night to Mr. and Mrs. M. G. Northcut, Jr. The baby weighed seven and one-half pounds and was named Deborah Jean.

Mr. and Mrs. M. G. Northcut, Sr., and Mr. and Mrs. W. R. Turner are the paternal and maternal grandparents of the new arrival.

fourth quarter. Van Horn was on an offensive march when the game ended with that team on the Sanderson 32-yard line.

Sanderson received the kick-off but were forced to quick-kick in their opening series of plays and Van Horn scored after carrying the ball down the field in their first offensive series. Sanderson received the second time and carried the ball down the field for short gains and executed a lateral-pass play, from Juan Olivares to David Mitchell, which netted 54 yards and the first Sanderson TD. The placement by Wilkinson was good for the extra point and Sanderson went ahead 7-6 in the first period.

Again in the first quarter after Van Horn had punted, the locals missed a touchdown pass on the same later-pass play, but Jack Talbot made the threat good when he went off-tackle for 17 yards and the second Sanderson score. Wilkinson again converted the extra point and the first quarter ended 14-6.

During the second period Cortez, for Van Horn, went through the middle of the line for the second TD for that team after they had driven down the field to that point. They converted the extra point on a pass play. This was the only score in the second period.

In the third quarter Roman Zepeda, halfback for the Eagles, took a fumble in the air and gained approximately 12 yards for the locals plus gaining possession of the ball. The Sanderson team capitalized on this break and went on to score their third touchdown. Rosendo Silvas made the touchdown on a line sneak from the 12 yard line. The attempted conversion was no good and the third quarter ended 20-13.

During the fourth period Esequiel Santiago, of the Van Horn Eagles made a beautiful evasive run through the Sanderson boys for 30 yards and their third touchdown. The extra point would have tied the score, but there was no conversion.

The statistics piled up during the fray favored the Van Horn team. They were:

	San. V Horn
Yds on ground	213 236
First downs	5 8
Passes attempted	14 11
Passes complete	2 2
Gained passing	78 -7
Yards lost	44 36
Penalized	55 50

As can be noted from the table the Van Horn defensive team was working havoc with the Sanderson offensive plays. Some of the yardage lost, however, can be attributed to fumbles, as they were frequent on both sides. The Sanderson line accounted for 39 yards chalked up against the Van Horn team in the lost column with fumbles again making their toll on the offensive plays. Both lines were charging hard on the defensive, but seemed to lose the spark for offensive play.

This is the first conference game for the Eagles and their first win of the season.

Friday night the Eagles will go to Del Rio to meet the Class AA Del Rio Wildcats in a non-conference game. Del Rio, by virtue of the fact that they are a Class AA team, is theoretically way up as favorites. That team played the Fort Stockton team early in the season, however, and won by a 6 point margin over the Panthers who barely managed to tie the score with the Eagles in a later game. Del Rio is looking for a breather in the game Friday night and are expecting to be on easy street against a Class B opponent. The local team has always been the one to watch in such a game as this and the Wildcats had better not turn their backs on the Sanderson boys or they will find themselves behind and trying to even up the score or go ahead.

The Sanderson boys have been very fortunate this year in not having been plagued by minor injuries. The boys are all in first-class shape and are ready to give battle to the Wildcats in a convincing manner.

"Beat Del Rio" has been the hue and cry on the campus of the local high school this week and the football team began the alarm.

## Fire Insurance Rates Lowered October 1

Texas will save an estimated \$2,303,000 on their fire insurance during the next year under new rates which become effective October 1.

Fire Insurance Commissioner P. H. Brown said that rates have been reduced on more than a score of types of buildings. Dwelling owners will pay up to 16 per cent less for their fire insurance unless they live in homes which are not near fire hydrants and other municipal fire protection.

Owners of mercantile buildings also will enjoy savings in insurance rates ranging from 8 to as much as 16 2-3 per cent, depending on the type of construction. Some types of churches and schools also were among the classes granted lower rates, Brown said.

Rate reductions were granted on the basis of the premiums earned by the insurance companies during the last five years as against the losses paid during the same period.

The new reduction in fire rates follows a general trend toward lower insurance costs during the last several years. Last year, fire insurance reductions in Texas amounted to \$1,881,000, Brown said.

"In these days of inflation and generally rising prices, fire insurance cost on many classes of risks continues to get cheaper each year. However, it must be remembered that fire losses, to a large degree, control the cost of insurance," Brown said. "Texas people are becoming more alert each year and sensitive to the importance of fire losses. Annual fire losses create a higher cost of insurance to the home owner and to the business man. City officials are daily instigating steps to eliminate fire hazards."

Highways and highballs don't mix.

## Leads Fight Against Old-Age Pensions Constitution Change

**Jim Cantrell**

Jim Cantrell of Princeton, former County Judge of Collin County, will lead a state-wide fight against the proposed constitutional amendment seeking to revise the present system of Texas old age assistance payments. The amendment will be submitted to the people Tuesday, Nov. 13.

Declaring that the proposed amendment would abolish all residential and citizenship requirements for old age pensions and aid to the blind and needy children, Judge Cantrell predicts that

payments to present recipients will be cut should the amendment carry.

The present law provides that only "actual bona fide citizens of Texas" may receive old age assistance, Judge Cantrell says. "This provision would be eliminated if the amendment carries. Competent Texas attorneys are of the opinion that all residential requirements are also made void by the amendment, which contains no safeguards as to residence. The amendment would repeal all parts of the present law which may be in conflict. It is evident that the amendment would open the gates to people from other states who would hurry here to receive Texas pensions and to thousands of Mexicans and other foreigners who are not now eligible.

"The \$7,000,000 addition to the pension fund would not suffice to provide payment to all these newcomers and foreigners. Those at present receiving old age assistance would have to share with the Mexicans and people attracted here from other states. Their monthly payments would have to be reduced.

It will require a special session of the legislature to levy the taxes to secure the \$7,000,000 annually additional to the pension funds of the state. Such a session could levy many other taxes such as a sales tax or a gross receipts tax. These taxes, however, would not help the old folks, the blind and the needy children. Only \$7,000,

000 could be appropriated for this purpose. I think that needy Texas old folks should have adequate pensions but this amendment will hurt them rather than help them. "I am asking all Texas citizens, especially those on the pension rolls, their relatives and friends, to help beat this amendment."

Jim Cantrell is a native Texan and a leader in soil conservation work in North Texas. He recently served as president of the Texas Rural Roads Association. He is a

**J. A. MANSFIELD**

★ ★  
★ **Let's go to Texas, Tom...**  
★ **they're building a railroad!**

During the early days of Texas' development, the need for rail transportation was recognized by the founding fathers of our now-great cities. As early as 1836, A. C. and J. K. Allen, founders of the City of Houston, advertised the advantages of their newly-established city in northern newspapers, and in these advertisements the building of railroads was predicted and the benefits they would bring to Houston were foretold with remarkable accuracy. One such advertisement stated: "As the country shall improve, railroads will become in use and will be extended from this point to the Brazos... and in a few years the whole trade of the upper Brazos will make its way into Galveston Bay through this channel."

Such a glowing prediction of progress in Texas was enticing indeed to prospective settlers looking

for a land of opportunity; for the coming of a railroad meant growth... new markets and the opening up of an immensely wealthy new area to commercial and agricultural development. Thus it has been with Southern Pacific and its forerunners since May, 1851, when construction work on the first rail line in Texas was pioneered. The history of SP has been a chronicle of transportation progress... a story of steady growth by the building of new lines and the consolidation of other lines. Throughout this century of progress the group of rail lines comprising Southern Pacific Lines in Texas has stood out as the largest single industrial enterprise in Texas, with the largest payroll for the longest list of employees living in Texas. Truly, an outstanding record for its more than 100 years of service to the people of Texas.

# Edison's FIRST LAMP

OCT. 1879

On October 21, 72 years ago, the late Thomas A. Edison perfected the first practical incandescent lamp. A year later he built the first factory for producing lamp bulbs commercially.

Edison's first lamps were crude affairs of hand-blown glass with carbonized bamboo filaments. They produced only 16 candle power of light and cost \$1.10 each to manufacture.

Today, lamp bulbs of similar wattage produce more than eight times as much light, have a longer burning life and sell for only 18 cents each.

Increased lamp efficiency plus low-cost electricity have made good lighting today's biggest bargain. Take full advantage of it by filling your empty sockets with right-sized bulbs today!

**A CENTURY OF SERVICE  
IN TEXAS**

**LOOKING AHEAD**  
By GEORGE S. BENSON  
President—Harding College  
Searcy, Arkansas

**INDEPENDENCE AT STAKE IN INDIANA**

Let us suppose that in an imaginary town called Lotus most of the people beyond age 65 had been thrifty enough to lay up a "nest egg" for old age; or they had relatives who assisted them in obtaining their basic requirements. Yet, a few were needy, their circumstances requiring charity.

The population of Lotus voted to place a tax on all earners in the community to give sympathetic charity aid to these needy persons. Later someone suggested that the populations of the surrounding communities ought to chip in on the charity fund. Hardly anyone agreed. The general feeling was that it was the sole responsibility of Lotus to assist its needy persons. And besides, it was pointed out, the other towns had their own needy to look after.

Then one day Uncle Sam came to Lotus. He said the gifts to the needy should be increased and that other aged persons ought to be added to the assistance list. To help Lotus citizens take care of their entire local welfare problem, Uncle Sam proposed to make donations. Many Lotus citizens balked at this. They said it was the same thing as asking the neighboring communities to chip in, for Uncle Sam's money came from the taxes on all communities. But there was no organized resistance against Uncle Sam's offer. It was accepted.

The welfare rolls grew. Both local contributions and Uncle Sam's "gifts" were increased. To handle his end of it, Uncle Sam had to continually increase tax rates. Finally his tax on Lotus for his welfare fund added up to 30 percent more than Lotus was getting back. Instead of a help, Uncle Sam had become a burden. Moreover, it became obvious that deadbeats and chiselers had wormed their way into Lotus welfare rolls. The citizens started action to cut them off. But Uncle Sam warned them

that they were breaking the rules he'd laid down and that if they did not stop he'd halt his donations. Lotus citizens realized they'd got themselves into a costly situation. They had to obey Uncle Sam's orders or lose his donations. And in either case his heavy welfare tax on Lotus citizens would continue.

If you now substitute the word "Indiana" for Lotus the foregoing becomes true. The issue in Indiana is independence. The people are finding that they can't have independence and be dependent on the Federal government. The lesson is proving extremely costly. In Indiana a great deal of money is involved.

Also involved is one of the truly important issues in our American life today: Whether local responsibilities shall be shouldered locally or passed along to a paternalistic and powerful central government. The Indiana Legislature passed a law this year permitting inspection of welfare rolls. Uncle Sam, who had been sending \$20-million a year to the Indiana welfare fund announced he wouldn't send another penny.

So Indiana people were confronted with this situation: Either they could bow to control by the Federal government, or pay the full welfare load themselves. There was a strong inclination to bow to control and get the \$20 million — because out of the 1950 earnings of Indiana people, \$973,000,000 went to Washington in Federal taxes. Approximately \$30 million of this went into the Federal welfare fund and yet, Indiana got back only \$20 million of its welfare money and only another \$30 million or so in Federal aid in all categories.

How, indeed, can the local people anywhere adequately meet the local needs when Federal taxes are taking up so much of the earnings and rapidly drying up the incentive to increase the production of wealth? No matter how noble and self-sacrificing her people might be, Indiana could ill afford for long to foot her entire \$45 million annual welfare cost while at the same time contributing \$30 million to the Federal welfare fund and nearly a billion dollars altogether in Federal taxes. If she could cut her Federal tax bill only 20 percent and should levy just half the same amount locally, \$100 million additional of her own money would be available to her for welfare needs, improvement of public education, highways, etc. But Indiana alone cannot swing America back to local self-government and local responsibility. It's a job for 48 states, a desperately needed job!

Mr. and Mrs. H. W. Halsell returned last week from a two weeks' vacation trip to California where they visited with relatives.

**Listen to Luke**

(Continued from Page One)

profit margin was the result of many years of competition in a free market. It is, for the most part, the smallest profit that will permit good service and progressive store operation. It averages only a few cents out of each dollar the consumer spends and is sometimes very small. If it were eliminated entirely, leaving the retailer no profit at all, the difference to the consumer would hardly be noticeable.

Worst of all, if OPS is determined to follow a policy of "profit control" — and there are plenty of indications in that direction — the whole economy of the country will be threatened. That certainly was never the intent of Congress. That policy comes straight out of the socialist ideology. It would disrupt industry and trade — and undermine the economic strength of the nation, perhaps irreparably.

This column is not attempting to solve all the problems of state. We have only one desire — to serve as a mouthpiece and let the readers of this column know some of the traps we are being led into. Maybe we are too late. For more than four years this column has attempted to show the readers the "skunk odor" — now its up to you to help get rid of the source. If we can show you which way the cat jumped you should be able to take care of the cat.

It was not too long ago that the management of the telephone company serving Sanderson notified the subscribers to the phone service that a new and higher rate was in effect. At the time of the increase in the phone rates we had a capable service and repairman in Sanderson to look after the needs of the subscribers. The rate is still in effect, and probably will be for some time, but the local repair man, who retired after many years of faithful service, has not been replaced and the only way now a phone subscriber can get repair service or installing service is to wait until a service man can be sent from Alpine or Del Rio.

This is not in any way the fault of local managers or operators. It is our belief that the subscribers to telephone service in Sanderson and on outlying ranches are entitled to the same kind of fast repair service that the subscribers in adjoining towns have. We believe that a few letters and calls

to the management of the company will help get that service.

A service that has been disrupted by a broken line to your home or business could be a very serious impairment of service in the case of a disaster or emergency.

This week, from October 15 to 21, is being observed as National Bible Week. In the opinion of this column there could be no better expression of the principles upon which this nation was founded than the strict observance of Bible Week. If this country needs a "week" of any kind it definitely is Bible Week.

Recently there was some discussion in Congress about getting a committee to write a code of ethics for handling affairs of state.

That code of ethics was written long before there were any affairs of state. Men were dealing with men, and men with God in those days and the code of ethics was inspirational enough then to cope with the situation and the code of ethics was enough to cause men to die for a cause which they presumed worthwhile. The code of ethics given to Moses has not yet been outmoded or amended. Some countries have done away with it, but it has been preserved, nevertheless.

That code of ethics should be suitable for running a government today!

**Stop Taking Harsh Drugs for Constipation**

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

**Ever stop to think Your First Car can be a Buick!**

**T**HIS being a land where it is every man's right to dream of getting ahead—and the pursuit of happiness is guaranteed by the Constitution—it happens that a great many people aspire to own a Buick.  
But too often they start with a lesser car first — from a feeling that Buicks are something you have to build up to gradually, as your take-home pay improves. So—if you have any such notion—we'd like to set you straight, right here and now.  
You don't have to hope and dream and wait. If you can afford a new car — the first car you buy can be the Buick SPECIAL pictured here.  
Its price tag says so. Its low cost of operation says so too.

We know that it looks like a lot of money. That's what makes it such a buy.  
We know that it has a long list of features found in costlier cars, and that it rides and handles like cars that sell for a great deal more.  
But that simply means that—at its price — you're getting a very big money's worth.  
All of which adds up to one conclusion: the smart thing to do is come in and give this neat and nimble new SPECIAL a thorough going-over.  
Try out its power—the power of its high-compression, valve-in-head Fireball Engine.  
Try out its ride and handling—and you'll discover it has the "big-car

feel" that you'd expect from a Buick.  
Try it out for size — for room — for comfort—for all the things that you've dreamed someday of having in a car—and you'll thank your stars that you found out the facts of life in time.

**W. M. S. Meets For Program and Social Monday Afternoon**

Mrs. A. C. Smith and Mrs. C. P. Finley were hostesses when the Baptist W. M. S. met Monday afternoon at the church for a Royal Service program and social meeting.

Mrs. O. H. McAdams was leader of the program on "Preparations for the Purposes of God". The devotional was given by Mrs. V. E. Keyes following the singing of the W. M. S. song of the year, "All Hail the Power of Jesus' Name." The group also sang "Lead On, O King Eternal."

Mrs. H. G. Cates discussed "Nationals Needed" and Mrs. L. M. Stanley, "Carefully Called and Chosen." Communications from Europe, Nigeria, and South America were read by Mesdames O. D. Gray, T. O. Moore, L. W. Welch, Hal Tyler, S. D. Thompson and A. D. Brown. Cablegrams were read by Mrs. Lloyd Cowan. Questions concerning the work in Central America, Mexico and Cuba were answered by Mrs. O. H. McAdams. Mrs. Claude Bridges closed the program with a discussion of the future of the Orient.

Refreshments of iced tea and cake were served. Those present were Mesdames Roy Bogusch, B. E. Carr, Annie Nance, Alfred Bendele, S. D. Thompson, V. E. Keyes, O. D. Gray, O. H. McAdams, Claude Bridges, Lloyd Cowan, T. O. Moore, A. D. Brown, L. W. Welch, H. G. Cates, L. M. Stanley, Hal Tyler, Rodney Cathey, Maude Sullivan, Ray Thompson, and Miss Winnie Mansfield.

**Mrs. J. A. Mansfield Honored at Shower**

Mrs. J. A. Mansfield was named honoree for a pink and blue shower Wednesday afternoon when Mrs. B. G. Maples entertained at the ranch home of Mrs. Henry Mansfield, who was co-hostess.

Pink and blue asters and arrangements of pink queen's crown decorated the living room.

Varied contests furnished diversion for the party and the prizes, won by Mrs. Rodney Cathey and Mrs. Clyde Carter, were presented to the honoree. Vernon Thompson and Pamela Stavley pulled a basket loaded with gifts into the living room and they were unwrapped and passed for display by Mrs. Mansfield.

The hostesses served sandwiches, olives, potato chips, banana cream cake, hot chocolate and coffee to the guests. Favors were miniature baskets filled with assorted nuts and mints.

Those present included Mesdames Charlie Gregory, Gene Thompson, M. G. Northcut, Sr., Marvin Allen, Ross Stavley, Sam Bell, Jr., Francis Mansfield, Frank Turner, Clyde Carter, Rodney Cathey, and Misses Margaret Gregory and Janie Turner.

**Mrs. E. J. Hanson Study Club Hostess Thursday Evening**

The regular meeting of the Evening Study Club was last Thursday evening in the home of Mrs. E. J. Hanson. The seasonal motif was stressed in the wooden ox cart filled with flowers on the buffet and sunflowers on the piano.

Mrs. Dick Sullivan presided for a short business session.

A very interesting and informative talk on the life of Carrie Jacob Bond was given by Mrs. Roy Deaton.

During the social hour, refreshments were served from a beautifully appointed tea table with Mrs. Austin Nance serving the tea and coffee and Mrs. W. W. Sudduth served the cake.

Members present included Mesdames Vic Littleton, M. F. Bader, J. A. Gilbreath, Roy Deaton, J. W. Pate, Austin Nance, F. M. Roark, Olaf Hoggard, H. A. Finger and W. W. Sudduth.

**METHODIST W. S. C. S. TO MEET MONDAY**

The Methodist Woman's Society of Christian Service will meet Monday afternoon, Oct. 22, at 3 o'clock in Fellowship Hall with Mrs. Roger Rose and Mrs. Olaf Hoggard as hostesses.

Mr. and Mrs. P. H. Snoddy returned to their home in El Paso Friday after visiting here with her father, E. B. Latton, and other relatives.

**Stitch 'n Chat Club Meets Wednesday At P. P. Courtney Home**

The Stitch 'n Chat Club was entertained Wednesday afternoon at the home of Mrs. P. P. Courtney. The birthdays of Mrs. Claude Hill and Mrs. James Caroline were observed.

Refreshments of pear up-side-down cake with whipped cream, tea and coffee were served to Mesdames Ernest Hauss, James Caroline, M. W. Duncan, B. E. Carr, W. F. Frazor, Claude Hill and Terry.

**Twelve Brownies Initiated Monday For New Troop**

Members of Troop II, the older troop of the Brownie Scouts were hostesses Monday afternoon to the new troop at an initiation service held in the Scout House.

Five girls, Kay Williams, Peggy Tenor, Vicki Littleton, Toni Ann Wright and Elaine Schofield presented "The Brownie Story", a playlet, with Susan Harkins as announcer.

The Brownies initiated included Cecil Hufford, Shella Lynn Cox, Paula Kay Mayfield, Ruthie Allen, Betty Jane Robbins, Paula Hanson, Linda Beckett, Yvonne Forth, Dorothy Whistler, Jean Gross, Sheryl Rath and La Ferne Quantality.

Magic punch and chocolate Brownies were served as refreshments following the initiation. Mrs. J. A. Gilbreath and Mrs. J. J. Harkins are leaders of Troop II and Mesdames Weldon Cox, E. J. Hanson and Irvin Robbins are the leaders of the new troop which has not yet been registered. Besides the leaders, there were thirty of the Brownies present.

**Bridge-Luncheon For Wednesday Club**

A profusion of roses decorated the Herbert Brown home when Mrs. Bustin Canon was hostess for a bridge-luncheon to entertain the Wednesday Bridge Club this week. Red roses were featured in the living room where the luncheon was served to the guests at quartet tables which were later used for the series of games.

High score prize was presented to Mrs. F. M. Wood, second high to Mrs. Brown and low to Mrs. W. W. Sudduth. Slam prizes were held by Mrs. Tol Murrah and Mrs. James Kerr.

Those present included Mesdames Floyd Smith, Billy Mitchell, J. T. Williams, James Kerr, W. W. Sudduth, Mary Lou Kellar, R. S. Wilkinson, F. M. Wood, Ora Quigg Herbert Brown, W. R. Stumberg and Tol Murrah.

**Mrs. F. G. Grigsby Hostess for Canasta**

Mrs. F. G. Grigsby entertained the Canasta Club at her home Wednesday afternoon. High score prize at the conclusion of the games was presented to Mrs. Dick Sullivan and low to Mrs. Ray de Busk.

Orange colored zinnias decorated the living room for the party. The hostess served a salad plate with tea and coffee.

Those present were Mesdames C. H. Stavley, Dick Sullivan, Weldon Cox, J. F. Gholson, Gene Littleton, O. J. Cresswell, W. E. Stavley and Ray de Busk of Houston.

WANTED — will the person who borrowed the valve lifting tool from Robertson's Garage please return it at once! 35-4tc

I Have An Opening for a man that is looking ahead with the idea of having a permanent good paying business. As one of the largest nationally advertised livestock feed companies we need a man to represent us in this territory. No investment necessary. Earnings up to \$10,000 yearly possible. If you know livestock or are acquainted with the ranchers in this territory and have a car, write for complete details c-o this paper.

Home-makers' FORUM A Digest of GOOD IDEAS for Planning, Building, Decorating and Maintaining Your Home Brought to you each week by Sally and Johnny O'Mala

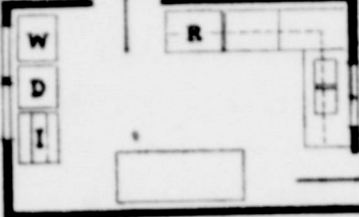

Do you do the family WASHING?

Are you still doing the family washing according to grandmother's techniques? In her day, grandmother's methods were all right, but today, new equipment and new methods are doing a better job with less work and in less time.

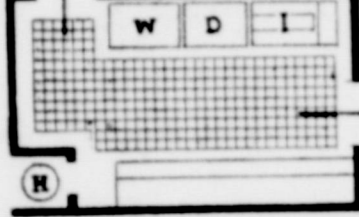

Our new washers, dryers, ironers save energy, but they also call for new methods, and most of all, for a new work area or center where all laundry work can be concentrated and done more conveniently. Analyze your washing and plan your own work-saving area.

PLAN A TIME AND WORK SAVING LAUNDRY OR "UTILITY ROOM" FOR YOUR HOME

KITCHEN-LAUNDRY The combined "Kitchen-Laundry" is very practical. On one wall is space for the washer (W), the dryer (D), and the ironer (I) while the other walls provide for the refrigerator (R), range, cabinets, sink, etc.

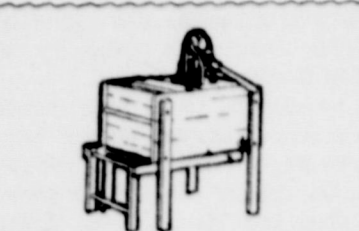

Of all household tasks, laundering has long been the most disliked and tiresome. This has been true because the work has been done with no special arrangements for convenience. However, with today's modern laundry equipment the work area has been so reduced that equipment can be installed in kitchen, bathroom, utility rooms, or as a part of multi-purpose rooms where it can be kept out of sight when not in use. Analyze your own washing and how you prefer to do it BEFORE you plan where you want to do it.

UTILITY ROOM The "Utility Room" adjoining the kitchen is, perhaps, the ideal arrangement. Ample space is provided for the washer (W), the dryer (D), and the ironer (I), plus hot water heater (H) and large storage cabinets.

HERE ARE SOME SUGGESTIONS TO HELP YOU IN PLANNING:

- 1. Get all equipment as close together as possible. Cut down on the number of steps, bends, stoops, and reaches you will have to make.
2. Have all wash-day supplies within easy reach. Plan a storage cabinet near your washer for all soaps, detergents, bleaches, starch, spot and stain removers, etc.
3. Save that weekly round-up of soiled clothes and linens by having each member of the family bring soiled clothing to the laundry area.
4. Have a high table for sorting and a basket on wheels for moving all soiled or clean wash.
5. Decide what size you want to do while the automatic or semi-automatic washer is at work. This determines whether you want the laundry equipment in, or adjacent to the kitchen or nursery.

The 1951 automatic washers look something like this, with a wooden tub and a pump-handle for power. We've certainly come a long way from these...

1951 AUTOMATIC WASHERS These gleaming white, smooth, sleek, and efficient machines almost think for you. They wash, rinse, and damp-dry your clothes... then stop automatically. Actually, your hands never touch water. There are agitator, revolving tumbler, and bouncing basket types.

SEMI-AUTOMATIC WASHERS These washers omit one or more of the automatic features. In some, washing, rinsing and damp-drying are done in the same tub with manually controlled cycles; in others, washing and damp drying is done in one tub, while rinsing and spinning is done in another part of same machine.

CONVENTIONAL WASHERS The conventional washer, of course, only washes the clothes while other operations are done manually after passing through the wringer. There is considerable difference in price in these various types of washers so that it is well to investigate which is best for your needs and which features will do most for you.

SALLY'S SUGGESTIONS— for getting the most out of your automatic washer

- 1. Use Only the Soap or detergent recommended by the manufacturer. New synthetic detergents have usually been found most successful in hard water areas. Soap used in hard water may form an insoluble curd that is almost impossible to rinse out.
2. Judge the Soil of the Clothes to be washed. No washer will remove those spots and stains which become set in hot water. Remove spots and rub worst soil with soapy brush before placing in washer. Men's shirt collars usually need this treatment.
3. Never Overload Washer. No matter how expensive or beautiful your washer is, it cannot wash clean if you overload it. Read the instructions carefully. Weigh the load if necessary. Some washers have a built-in scale.
4. Check Your Water Pressure. Find out about the water pressure available BEFORE you buy your automatic washer.
5. Hot Water is Important. Not only must the water be good and hot, but there must be plenty of it. Automatic washers take from 20 to 45 gallons of water for a complete cycle for eight pounds of clothes. For white clothes water should be at 140 to 145 degrees. If you plan to do more than two loads at one time, talk to your dealer about the size of your hot water tank.
6. The Automatic Washer is one of the greatest labor-saving devices since the vacuum cleaner but much still depends upon your skill and ability to use it right. Take time to study the instruction book CAREFULLY.

Illnesses Caused by 'Obesity' Listed

Austin, Oct. 18 — "Obesity" is a classy word meaning hefty, over-weight or just plain fat. Over 25,000,000 people in the United States are over-weight. In Texas the number is probably close to 100,000, causing the state health officer George W. Cox calls a "significant public health problem." Obesity, the doctor declares, brings on a predisposition to diabetes and high blood pressure, and adversely affects arthritis. He says diabetes occurs two and one-half times as often in obese persons as it does in people of normal weight. High blood pressure occurs three times as often. The answer to obesity? Reduce. But do it right, Dr. Cox cautions. This is what the state health department nutritionists recommend as a good reducing diet: A daily quart of skim milk or buttermilk taken during or between meals. Milk is high in protein, minerals and vitamins, and helps prevent a hungry feeling. One serving of lean meat each day, cooked without added fat. Eat liver frequently for its high nutritive value and low calorie count. Fish and poultry can be used for variety, if prepared by steaming, broiling or baking to avoid excess fat. One egg daily, preferably more. They can replace some of the lean meat, but be sure to cook them without fat. Vegetables, the leafy green calorie-short type, should be used generously for their bulk, seasoned with vinegar, lemon juice, chopped onions, or sour pickles, rather than fatty oils. Cauliflower, carrots and cabbage — both raw and cooked — are beneficial, too. Citrus fruits and tomatoes are the best food in the fruit department for the heavyweight. Eat them unsweetened. All cereals and bread should be of the whole grain, enriched variety. Three servings daily are safe, eaten without cream, sugar, butter or gravy. Tea or coffee may be used as beverages, provided no sugar or cream is added. Skim milk could be used, however, and saccharin makes a good substitute sweetener. Desserts, the doctor says, are out for the conscientious reducer.

Deer, Turkey Hunters Spend \$271.97 For Game in '47 Season

Austin, Oct. 17 — Analyzing big game hunting costs, a Game and Fish Commission wildlife biologist reported the average hunter stalking deer and turkey spent \$271.97 for the 1947 season. He said the minimum expenditure per hunter that year was \$2 — the price of the old resident hunting license — and that the minimum individual expenditure was \$3,618.50. Broken down to the price of each prize bagged, he reported the cost of harvesting one wild turkey gobbler or one buck deer on the average was \$186.98. The study was made by Henry C. Hahn, Jr., of Kerrville, veteran Game and Fish Commissioner.

PERSONALS . . .

Mrs. Joe Hill is visiting with relatives in Big Spring, Houston, Dallas, and Italy, Texas. She will return home about November 1. Mrs. Burke Rose of Del Rio is visiting here with her son, Roger Rose, and her daughter, Mrs. L. M. Wooten, and their families this week. Gifts for all — from kids to grandma and grandpa Riggins Jewel & Gift Shop. Major and Mrs. Ed Lasher of Colorado Springs, Colorado, visited here last week with their niece, Mrs. B. C. Henderson, and family. They were en route to Fort Benning, Georgia, where he will attend an officers' school. Regalos para todo— desde ninos hasta abuelos. Riggins Jewel & Gift Shop. Mrs. S. R. Coffey was taken to a Del Rio hospital Wednesday morning for medical treatment. Mrs. M. G. Northcut, Sr., and her son, Reginald Monroe, attended funeral services Monday morning.

Office Supplies at the Times

Thank You . . . We have closed the Dairy King for the season and wish to take this opportunity to thank you for your splendid patronage during the months we were open. It is our plan to be open again next summer and we hope to be able to serve you as well or better than this year. Again, THANK YOU. MRS. T. E. RHOADES
