

STUDYING A BROCHURE that was prepared for use during Soil Stewardship Week are the Rev. Bill Burton, pastor of the First Baptist Church, Friona, and A. L. Black, chairman of the Farmer County Soil Conservation Committee. Many churches in Farmer County will stress soil stewardship in sermons during the week, May 7-14. (Because of a revival which will conclude this Sunday, and the following Sunday being Mothers' Day, the special stewardship program at the Baptist Church has been postponed until May 21.)

Ministers To Stress Soil Stewardship

"The Earth is the Lord's," is the theme that many Farmer County ministers will stress in sermons and other special programs during Soil Stewardship Week, May 7-14.

During this special week, which was designated in Texas by Governor Price Daniel, church ministers, in cooperation with the Soil Conservation District, will attempt to "make people aware that the soil was put here for all generations, and that each person has an obligation to preserve the soil to the best of his ability."

"Representatives of the Farmer County Soil Conservation District have distributed literature to all of the churches in the county and have requested their participation in carrying out the stewardship theme."

"Many of the churches have said that soil stewardship will be themes of their sermons, says A. L. Black, chairman of the Farmer County SCD committee."

In addition to the church programs, a film titled "The Earth is the Lord's" is available to any organization which would like to show it sometime during the week. The film is available from the county Soil Conservation Service at Friona.

In explaining the purpose of Soil Stewardship Week, the National Association of the Soil Conservation Districts released the following statement:

"America has been richly blessed by our Creator with an abundance of highly productive and fertile land."

"As Stewards of the earth we set aside Soil Stewardship Week each year that men and women all over America may recognize the source and richness of this blessing. The bounty of our land is shared by all people, urban and rural alike; likewise we share the responsibility for keeping it, as God intended, forever fruitful."

"The men and women of America who direct the activities of the Soil Conservation Districts are especially conscious of God's command to 'Dress and Keep the Earth.' Appropriately, they are in the forefront of those who each year

rededicate themselves to the conservation and wise use of our waters and soil. Success in their endeavors is conditioned upon the widest possible understanding and appreciation of the role that every citizen has in meeting his responsibilities

of Stewardship. In the attainment of this high purpose there are rewards of many kinds. It is with these values, all rich and meaningful, that Soil Stewardship Week is concerned.

SECTION 1

Honor Students Named

COMPARING RECORDS are the honor students of the 1961 graduating class of Friona High School. Bob Sanders, left, is salutatorian and Kay Struve is valedictorian.

Kay Struve has been named valedictorian and Bob Sanders selected salutatorian of the 1961 graduating class of Friona High School.

Miss Struve, daughter of Mr. and Mrs. Steve Struve, received the top honor by compiling a 95.8 grade average during her four years in high school, and Sanders, son of Mr. and Mrs. B. E. Sanders, had a 94.17 average for the same period.

The two honor students will deliver the valedictory and salutatory addresses at graduation exercises in May.

Raymond Cook, high school principal, in releasing the names of the honor students, commended both of the students for the outstanding work and said that they had each taken more than the required courses.

Miss Struve, who plans to continue her education next year at Abilene Christian College where she will major in English, has been active in both scholastic and extra-curricular activities at Friona.

She was selected for the all-regional band this past year, is secretary-treasurer of the student council, vice-president of the Future Teachers of America. She is a member of the Future Homemakers of America, the Theatrics, the Science club, and the National Honor Society.

She lists her hobbies as reading, cooking, playing the piano, and horseback riding.

Sanders is president of the Student Council, secretary of the FFA, and parliamentarian for the Theatrics. He was a member of the land judging team which went to state this year, and he was awarded second place in the interscholastic league contests in extemporaneous speaking.

Sanders is also a member of the National Honor Society and the Science club.

He plans to attend college next year but at present is undecided as to where he will go to school and what his major will be.

National Honor Society Organized At School

Twenty Friona High School students became members of the National Honor Society at installations ceremonies Tuesday night.

The national society is made of high school students throughout the United States who maintain high scholastic average and are outstanding in leadership and character.

The Friona chapter has been chartered as the Miller-Wilson Society, named after two local students Johnny Miller and E. C. Wilson, who lost their lives in a swimming accident last year.

According to its charter, the purpose of the Friona chapter will be "to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in students at Friona High School."

Because the chapter is being organized at the close of the school year, the local

organization will not carry on an active program until next year, says Raymond Cook, high school principal.

Installed as officers of the chapter Tuesday night were Tommy Roberts, president; James Perkins, vice-president; Janet Buckley, secretary; and Tom Gee, treasurer.

Students are admitted to the society by vote of the faculty. Each student is rated on service, leadership and character, in addition to his academic grade average.

To qualify, a student must maintain at least a 90 average academically, and make twice as many A's as B's.

Charter members of the Friona society are Kitty Black, Gayle Knight, Mary Lemmond, Bob Sanders, Kay Struve, Linda Castleberry, Brenda Collier, Su-Zan Harper, Jimette McLean, James Perkins, Tommy Roberts, Pam Roden, Janet Buckley, Brenda Deaton, Tom Gee, Carol Ray, Max Reeve, Sharon Reeve, David Talley, and Gayle White.

Vern Stewart Takes Position At Lamarque

Richard Hapke, former editor of The State Line Tribune in Farwell, is in charge of The Star editorial department effective this week. He will be acting editor pending a permanent appointment.

Hapke replaces Vernon Stewart, who has resigned his position as Star editor to accept a similar situation with the Lamarque Times. The Times is a semi-weekly newspaper in the Gulf Coast area near Texas City. Stewart and his wife moved from Friona Tuesday.

Hapke is on an interim assignment basis with the Farmer County newspapers, pending his location elsewhere. During his stay in service he was on the staff of Stars and Stripes, Far Eastern edition, in Tokyo. He is considering returning to that or a similar assignment as a civilian.

Hapke learned the newspaper business on The Tribune in Farwell, and except for his tour of duty in the service has been regularly employed there since junior high school age. He took his bachelor's degree in journalism from Eastern New Mexico University, Portales.

Two Convicted Of Car Theft

Raymond Henderson and Bobby Geffington, two 20-year-old youths from Lamb County, were convicted in district court last week for car theft and sentenced to four years in the state penitentiary.

The theft occurred a couple of years ago and the two men had previously been indicted by the grand jury.

They were never tried in Farmer County because they were convicted of another felony in Lamb County and placed on probation.

The pair was arrested and brought to Farwell to face charges after they failed to comply with some of their probationary requirements.

Both Henderson and Geffington were taken to Huntsville to begin serving their terms last week after they pled guilty to the charge and were sentenced by District Judge E. A. Bills.

Calvary Baptist To Hear Laymen Sunday

Ray Castleberry and Doug Connelly will occupy the pulpit both morning and evening services respectively Sunday due to the pastor being engaged in revival meeting at Fort Worth. The pastor will leave Friday for Fort Worth and return Monday May 15.

While the pastor is away W. S. Crow will direct the services of the church and Bill Stephens will lead prayer services Wednesday night at 8:00 o'clock.

You are cordially invited to attend the services and hear these men Sunday.

NATIONAL HONOR SOCIETY OFFICERS who were installed at organizational ceremonies Tuesday night are, left to right, Tommy Roberts, president; James Perkins, vice-president; Janet Buckley, secretary; and Tom Gee, treasurer.

Intra-Squad Games Scheduled Tonight

Two Intra-squad basketball games involving next year's Friona High School boys and girls teams are scheduled for tonight (Thursday) at 7:30 p. m. in the school gymnasium.

The two games will wrap up spring basketball workouts and they are planned as a means of raising money for recently-installed glass backboards in the gymnasium.

In the first game, Friona's Red girls team will take on the White team, and in the night-cap the Red Chief team will also take on their counterpart Whites.

Pre-game ticket sales have accounted for \$488, and total cost of the new backboards is \$560. It is hoped that the gate sales will be enough to make up the remainder of the needed revenue.

Tickets at the door will sell for \$1.00 each, or any donation attendants want to make.

Baker Duggins, girls coach and one of the promoters of the project, says that each of the games should be evenly matched, thus making for interesting contests. Duggins expressed his appreciation to

persons who have already made donations and bought tickets, and he also thanked Carl McCaslin Lumber which donated the labor for installing the new backboards.

Members of the girls Red team, which will be coached by senior Tommy Lewellen, are Janet Buckley, Linda Castleberry, SuZan Harper, Charlotte Nettles, Lois Moyer, Gayle White, Kay Burleson, Janice Wright, Sandra Hoover, Carolyn Herring, Wessie Hand and Betty Drake.

The White team, which will be coached by senior Gayle Dodson, includes Pamela Roden, Pat Barker, Carol Ray, Rose Greeson, Marca Lynn Massie, Jimette McLean, Myrna Bennett, Joy Ingram, Kay Neel, Glenda McClelland, Kay Coffey and Kathy Bailey.

The Red boys team, to be coached by Head Coach Vernon Scott, are Gary Snead, Tommy Sanders, Max Reeve, Ranza Bogges, DeWayne Phipps, Cary Jackson and Troy Ray.

Members of the White team, to be coached by Billy Adams, are Jim Lillard, Bob Daniel, Charles Bass, Billy Thomas, Floyd Reeve, Don Stubbs, Angel Aleman, and Reggie Hays.

Council Raises Dog Pound Fee

Friona's City Council had its first regular meeting of a new term Monday night, and one of its first business transactions was raising the minimum dog pound fee from \$1.00 to \$2.00.

The fee on all dogs impounded by the city has in the past been \$1.00 per day, but was raised by the aldermen to \$2.00 for the first day and \$1.00 per day thereafter.

The fee will have to be paid by dog-owners before their animals will be released by the city. Under the city ordinance, dogs are impounded for running loose and for not having dog tags.

In other business, the council split 3-3 on the question of whether or not the city should purchase liability insurance for all of the city-owned vehicles. Because of the deadlock, the insurance question was tabled for the time being.

The vote was taken following a survey which was made recently by a local insurance business. Liability insurance on city vehicles was one of the recommendations made in the survey.

The council also re-appointed Glenn Reeve as mayor-pro-tem for the new term. He will serve as acting mayor in the absence of Mayor Raymond Fleming.

These three items of business were the only official action taken by the council, and the remainder of the meeting was devoted to paying bills, approving minutes of the previous meeting, and discussions to bring the newly-elected members up to date on city affairs.

Pictures To Be Made 12th

The Friona Star is asking area residents to cooperate in a picture-taking project next week. The Star seeks to obtain as many pictures of local persons as possible. These pictures will be placed in the newspaper file and used whenever possible in connection with news stories.

A professional photographer, Winston Lucas of Irving, has been engaged to make the pictures. He is well known in the Southwest for his portrait work. The picture taking will

(Continued on page 3.)

Queen's Contest Planned With Rodeo

Wives of the Friona Jaycees are planning a queen's contest in conjunction with the Jaycee Junior Rodeo slated for May 19-20-21.

The contest is open to all high school girls between the ages of 15 and 19. To be eligible a contestant must not be 19 before July 1.

Friona merchants will be asked to sponsor contestants, and the entrance fee will be \$5. Winner of the contest will reign at the three-day rodeo and will be presented a trophy.

The contestants will be judged 50 per cent on personality, 25 per cent on appearance, and 25 per cent on horsemanship. Judges will be from out of town.

Entries should be turned in to Mrs. Walter Haws. Her phone number is 3034.

Children's Clinic Plans Complete

Arrangements and staff for the sixth annual crippled children's clinic in Hereford were announced this week by the Oasis Shrine Club, the sponsoring organization.

The clinic this year is being drastically expanded to handle more children, says Claude Miller, Friona, one of the Shrine's directors.

Children with physical, speech, and hearing defects will be examined on Saturday, May 20, by an outstanding group of medical specialists. These specialists, including some from Dallas, Lubbock, Galveston, Amarillo and Denver, donate their time and service to the clinic.

Miller emphasizes that there is no charge for those attending the clinic and that all children up to 19 years of age in the Panhandle area are eligible to attend.

In order to speed up processing and routine clerical work, parents of children who enroll at the clinic are asked to fill out a pre-registration form and mail it in advance. These forms may be obtained from any Shriner or from your local physician, Miller says.

The annual affair is held in the Hereford Medical and Surgical Clinic.

During its past five years, the clinic has examined more than 600 children with physical, hearing and speech defects. Members of the Oasis Shrine Club make arrangements for the specialized treatment and service of medical specialists if the parents are unable to pay.

The Shrine Club takes over various projects in order to finance the expense of the clinic, and this year they will be selling vehicle bumper stickers in Deaf Smith, Castro and Farmer Counties, the three counties which make up the club.

There is no set amount for the bumper stickers which will be given to persons who make donations.

Those who wish to donate to help with the annual project, and are not contacted, may mail donations to Dub Reeves, at P. O. Box 246, Hereford.

CAR BUMPER STICKERS that the Oasis Shrine Club of Deaf Smith, Farmer and Castro counties will be selling during the next few weeks are displayed here by Bob Rule, left, and Claude Miller, Friona members of the Shrine. The stickers will be sold to help finance the sixth annual Shrine's Children's Clinic, May 20.

Community Association Re-elects Burleson

During the business session of the annual family meeting of the Huh Community Association Tuesday evening, T. I. Burleson Jr. was re-elected president. Sixty-four persons attended the meeting.

Jack Shirley and Paul Daniel were elected directors to serve with Albert Cannon, T. O. Lesly and Burleson, holdover directors. Melba Burleson was re-elected secretary-treasurer.

Members of the association voted to contribute to the United Fund Drive and to the construction of a Pony League ball park near Friona.

Burleson stated, "We are happy for everyone to make maximum use of the Community Center, but request that all parties using it abide by rules placed in the building. The directors voted to make no change in rental fees. A charge of \$5 is made for private parties and \$10 is charged organizations."

Plans are already being made for the annual community auction sale sponsored by this organization.

During the social hour supper was served.

Of course, the temperature in Lubbock County is slightly above that in Parmer County just about any day in the year.

Any time you find yourself concentrating too much on things of the past, it is time to do some self-examining, then do an about face and look ahead. The following item expresses this idea much more forcefully than I could ever express it.

"People who continually brood about the changeless past are running somewhat the same hazard as the driver of a car who keeps his eyes fixed on the rear view mirror and is inattentive to the road ahead.

Experience is a great teacher. It is the road we have been over. But the hazards and the wrecks in the rear aren't the ones we are trying to avoid. It is the road ahead that counts now. If we could change the past by brooding, then brooding would be on the top of our recommended list.

But, since we can't, we would best devote our minds to the present and the future and let the wreckage we have passed serve as a warning, but not as a brooding obsession.

When the movement is forward, no man can afford to fix his constant gaze upon what lies behind. "It might have been" is the cry of the lost soul, but what might yet be in spite of all the past errors and mistakes is worth living and working for. Forget what can't be helped and live for what can be helped."

Another paragraph that contains some good "food for thought" goes like this: "There's no free gate to anything worthwhile. . . . Not to skill nor health, nor to success nor friendship, nor even to the lasting love and respect of those who are nearest and dearest to us. . . . These are the items that make up the best income that any human being can have, and the sum of that income will be measured by the sum of what we are willing to pay to get it."

It is much better to tell people how to get on than to tell them where to get off. . . .

in and around FRIONA WITH JUNE

Our congratulations this week go to Kay Struve, Bob Sanders, Karen Osborn and Dennis Howell. These four attained highest scholastic averages in the senior and eighth grade classes. Kay is the valedictorian of the senior class and Bob is the salutatorian. Four years ago when these two graduated from the eighth grade, their places were transposed. At that time Bob led the class

always a pleasure. During a chat with her in the Russel O'Brian home Sunday afternoon, her two newest great-grandchildren were top conversation material. Janice Kay Mason, young daughter of Tom and Barbara Mason, and Tammy Kaye Fairchild, who belongs to Larry and Paula Fairchild are both Mrs. O'Brian's great-granddaughters and until their arrivals, which occurred only two days apart, the fourth generation of O'Brians was all boys. Another Frionan who became great-grandmother to two baby girls within a few days in Mrs. Helen Williams. These two young ladies belong to Mr. and Mrs. Dale Spivey of Brownfield and Mr. and Mrs. Urschell Perkins of Hereford.

Friona Lanes

Phone 3831 Friona

Friona was well represented at the Lubbock Municipal Coliseum Monday evening. Pat Boone was guest speaker on a Freedom Forum program sponsored by Lubbock Christian College. Just about any way you looked you could see another Frionan. Boone, who gave the principal address of the evening, presented a number of thought provoking ideas to persons of all ages. It is real good to know that at least one person in the entertainment field is seriously interested in the better things of life and the future of America.

At this time of year farmers always get very anxious to start planting and many of them plant before the weather is really warm enough. Harry Hamilton, who farms west of town reported Tuesday afternoon that he knew one farmer who had planted cotton and got a partial stand.

According to Hamilton's report, the cotton was not growing and would have to be replanted. County Agent Joe Jones advises farmers to plant cotton by the warmth of the soil and not by the calendar.

Driving to Lubbock Monday afternoon the only cotton we saw that was up was just this side of Shallowater. It was up to a good stand and was very pretty.

SIGNING PROCLAMATION which designated May 7-14 as Soil Stewardship Week in Texas is Governor Price Daniel, as state directors of the Soil Conservation District look on. On hand for the ceremonies was A. L. Black, front row, left, a state SCD director from Friona.

"Brigitte Bardot is slated to play the role of the spy, Mata Hari. I suppose, as a disguise, she'll wear clothes." —George Owen, South Bergen (N. J.) News.

"The Journal, at some future date, may suggest solutions for the state's and nation's financial problems. Just now, we are too busy trying to solve our own." —James H. Russell, Belton (Tex.) Journal.

"The current international situation does have its good side. Like for example, if you don't know how to pronounce this new trouble spot, Laos, just think of a Communist and the correct way to pronounce it comes easily. Louise." —Richard Mayer, Jr., North Vernon (Ind.) Sun.

"There is something frightening about the picture of suburbia as painted by today's magazine and other writers, and I think I know what it is. It is the terrifying sameness of it all." —Clara Neal, Kiowa County (Okla.) Star-Review.

U.S. Must Take Stand

The Cuban fiasco, United States launching failures, and Russia's accomplishment of putting the first man into space are all being at least partly blamed on the free press of the United States.

President Kennedy in his news conference of last week refused to comment on the United States' role in the invasion of Cuba that "cost the U.S. prestige among nations of the world," including such allies as Great Britain.

The probing of this country's press has been unable to bring out the exact nature of the United States aid given to the invading forces, but has uncovered plenty of proof that this country contributed much more than moral cheering.

So now some of our nation's leaders, are saying what many citizens have been saying ever since the first missile exploded at Cape Canaveral and embarrassed the United States in all world circles. They are calling for more secrecy in government activities.

Those who view freedom of the press with more scorn than pride, were ready a long time ago to clamp handcuffs on the men and women who make up the working press. These misled masses thought saving Uncle Sam a little embarrassment would be worth the free press freedom, which some Americans hold dear.

The press would be completely unable to fulfill its role as watchdog of democracy if it were forced to print and broadcast only those things which government handed out.

When the United States government makes a serious error in judgement as was apparently the case in the recent Cuban incident, this country's working press should not be expected to roll over and play dead while the government wriggles off the hook.

While our weak-spined allies around the world and the so-called neutralists were blasting this nation for its role in the invasion, the news media men and women were busy digging into the story, attempting to find out what really happened, and why, where the slip-up was, and whose fault it is.

President Kennedy took one of two ap-

proaches in his news conference last week. He was faced with the path which he took, of silence on Cuba, or saying openly that this country was sending aid to the rebels, that we would aid other invasions as soon as they could be mustered, and that this country will not tolerate a communist puppet dictator 90 miles from its shore.

Kennedy took the silence route, therefore our people still do not know exactly where the government stands. It appears if the United States must mold its press to serve the same function as those in the communist-controlled countries, we might as well throw in with the communists without further struggle. Anytime we must follow the communist pattern regarding freedom of the press, freedom of speech or ignoring the value of a human life, we have no further need for resistance.

The Kennedy Administration missed an excellent chance to establish a foreign policy stand that would have eventually gained the respect of the meek allies, who apparently believe in feeding their friends to the alligators so the alligators won't be hungry enough to eat them.

The so-called bungling of the U-2 spy case was in reality a victory for this country's standing in the world of nations. Sure we had been sending spies into Russia, because Russia was a threat to our country. This strong stand, which at the time was strongly criticized especially by our allies, was one of the Eisenhower Administration's best moves.

If the firmness of this policy had been continued in the Cuban situation, Castro, Khrushchev and Nehru would have held this nation in higher esteem.

Sure we helped the invasion. We want Castro out and should be willing to pay to get him out. If left unchained, the free press of this nation may be able to dig up sufficient evidence to convince the faint-hearted that in the alligator game, when you run out of friends, it is your time to be eaten. j.v.s.

Lazbuddie Squad To State Meet

The Lazbuddie track squad will be in Austin Friday and Saturday trying to add another first place trophy to their list. The Longhorns were champs again last week when they participated in the Class B division of the Red Raider Relays.

Making the trip to Austin are both the mile and 440 yd. relay teams. The 440 yard sprint relay team ran a 44 flat and the mile relay team ran a 3:25.8. On the team are Freddie Savage, R. L. Porter, Otis Bradshaw and Billy Hardage, who ran a 49.8-440 yard dash last week.

Bradshaw will also be in the 220 yard dash and Jimmy Seaton will compete in the 120 yard high hurdles.

Others making the trip to the state meet are coach, Bobby Crooks and relay team alternates, Mike Bean and Cooper Young, as well as team managers, Tommy Ketchum and Jerry Smith.

How to Torture Your Wife

A WENTY CLASIC

Commissioners Make Road Recommendations

The Commissioners Court of Farmer County has made seven recommendations to the Texas Highway Department for farm-to-market roads.

The proposed road improvements are merely the recommendations of the court according to the needs of road improvement in the county.

Whether all, part, or none of the roads are built is up to the State Highway Department according to the amount of money that becomes available. The recommendations are from one point to another. The routing

will be left up to the state engineers.

The recommendations in their order are:

1. In the Rhea community from the end of FM 2013, north and west to the Texas-New Mexico line.

2. From the end of FM 1172 north of Lazbuddie, starting at State Highway 86, north to US Highway 60.

3. From the south end of FM 1172 in the Lazbuddie community south to the Farmer-Bailey County line.

4. In the Oklahoma Lane community, on what is known as Sudderth Lane from a point on

FM 1731, approximately 6 miles south of Bovina, northwest to US Highway 60.

5. From a point on State Highway 214 approximately 6 miles north of Friona, north and east approximately 2 1/4 miles to connect with proposed farm-to-market road from Deaf Smith County.

6. From a point on FM 2290 about 3/4 mile northwest of Bovina, south to US Highway 60 at the intersection of US 60 and SH 86.

7. From a point near the east city limits of Friona on US 60 north and east about 1 1/2 miles to the Friona Cemetery.

Hospital Notes

Patients admitted April 26th thru May 2nd.

Raye Jene London, Friona, medical; J. M. Bradley, Friona, medical; Virginia Rea, Bovina, surgery; A. B. Wilkinson, Bovina, surgery; Mildred Moody, Bovina, medical; Glenn Short, Bovina, accident; Ruby Darlene Hale, Friona, medical and Roy Hartzog, Farwell, T & A Surgery.

Lorene Jefferson, Bovina, medical; Mrs. James Pope, Friona, OB; Mrs. Robert Whitsett, Friona, OB; Rex Beardain Jr., Friona, accident; Mrs. Richard Baxter, Bovina, OB and Ruth Terry, Friona, medical.

Mrs. Dan Raper, Muleshoe, OB; Alice Kay Kelley, Texico, medical; Louis Laurales, Dimmitt, accident; James E. Sledge, Bovina, medical; Ronnie Lynn McLellan, Friona, T & A Surgery; Jake G. Cain, Laferia, medical; Santos Gurrola, Bovina, medical and J.R. Southward (re-admitted), Friona, medical.

Patients dismissed April 26th thru May 2nd.

Donna Fields, Esther Sachs, Ruby Darlene Hale, Virginia Rea, Darshan Jennings, Mrs. James Pope and baby boy, Mrs. C. E. Christian, Richard White, Raye Jene London, Regina Jones, Glenn Short, Mildred Moody, Mrs. Robert Whitsett and baby boy, James Sledge, Rosie Ramirez, J. R. Southward, Roy Hartzog, Rex Beardain Jr., and Lorene Jefferson.

STRENGTH FOR THESE DAYS
from The Bible

All things are possible to him that believeth. — (Mark 9:23).

When you follow the perfect Christ pattern for living, you naturally overcome things that heretofore you have thought of as obstacles. You overcome thoughts of ill-health, poverty, disorder, in-harmony and injustice.

Two festive husbands were parting late one night for their respective homes. One of them said, "Well, it's pretty late, I suppose your wife will hit the ceiling when you arrive home."

The other one responded, "Yes, I suppose so, she's a lousy shot." —Hugh Downs.

Two drunks wandered into a zoo and stopped in front of a lion's cage. They stood watching the animal a few minutes and suddenly it let out a roar. "C'mon, let's go," said one of the men.

"Go ahead if you want to," responded the other, "I'm gonna stay for the movie."

THIRD GRADE STUDENTS PRESENTED A CINDERELLA play Tuesday afternoon in the High School auditorium. Carlene Greeson played the part of Cinderella and Danny Kendrick, the Prince. Teachers presenting the program were Mrs. June Rhodes, Mrs. Wana Brewer, Mrs. Gladys McVey, and Miss Jo Phillips. Mrs. Frankie Fortune furnished the music.

Mesdames Lewis-Ayers Host Modern Study Club

Mrs. Henry Lewis and Mrs. Ross Ayers were hostesses to the Modern Study Club Tuesday evening, May 2.

Theme of the program was Religion, and the quotation, "The man who lives by the Golden Rule today never has to apologize for his actions of tomorrow."

Roll call, It Happened in Church in Friona, was answered by twenty members. Mrs. J. G. McFarland presented the devotional.

Mrs. Sloan Osborn, a charter member, gave a resume of the history of the club. It was organized in 1931 and federated in 1933. The first meeting was held in the home of Mrs. Pearl Kinsley, and the club was called the Junior Women's Club. The name was changed to Modern Study Club in 1941. Mrs. Kinsley was instrumental in guiding the club in its early years. Club meetings were held in homes

until the present club house was built.

"The Church, Home's Strongest Ally" was the program topic given by Mrs. Mae Magness. Refreshments were served to one guest, Mrs. J.H. Boyle and members, Mesdames Mack Bainum, O. J. Beene, Loyde Brewer, Dalton Caffey, Dan Ethridge, Howard Ford, Wesley Foster, J. T. Gee, George Jones, Guy Latta, J. G. McFarland,

Claude Miller, Sloan Osborn, Overheard: "I've got a husband a short pause, then she con-
Fay Reeve, Paul Spring, Otho who doesn't smoke, doesn't tinue to her friend, "I guess
Whitefield, Ralph Wilson and drink, won't gamble and never that's what I can't stand about

If you want to know what's behind the headlines, ask any housewife. She'll tell you it's her husband, especially at the breakfast table.

Mr. and Mrs. Newman Jarrell Sr. were in Dallas last week. While there they visited in the home of their daughter, Mr. and Mrs. Smith Treadwell.

LLL Class Meets In Home Of Mrs. Osborn

Mrs. M.C. Osborn was hostess for the regular business and social meeting of the LLL Class of the First Baptist Church Friday evening, April 28.

Special guests were the members' mothers, mothers-in-law or someone like a mother.

A brief business session was conducted by Mrs. Osborn, vice-president. The devotional given by Mrs. Calvin Talley, was the fourth commandment "Honor Thy Father and Mother."

Refreshments were served following a tour of Mrs. Osborn's new home.

Attending were Mesdames Doyce Barnett, Rudolph Renner, H.E. Barnett, M.C. Osborn, Harry Whitley, Claude Osborn, Joe Lewellen, Delton Lewellen, Tom Lewellen, Charles Allen, J.F. Miller, Earl Smith, Frank Truitt, Charles Sanders, D.G. Hand, Loyd Messenger, Ronny Ferguson and Calvin Talley.

Mrs. Bill Baxter Hosts Mekka Circle

Meeting of the Mekka Circle of the Methodist Church was held Wednesday morning, April 26, in the home of Mrs. Bill Baxter.

Mrs. Guy Latta opened the program with the prayer calendar, read by Mrs. Roy Slagle. Mrs. Newt Gore said the opening prayer.

"Basic Christian Beliefs" was the lesson topic taught by Mrs. Russel O'Brian. Participating on the program and their subjects were Mrs. Latta, "Doctrines and Creeds"; Mrs. Mack Bantum, "The Bible" and "The Church" by Mrs. Dorothy Hough.

Mrs. O'Brian gave the closing prayer.

Mrs. Baxter served coffee bread and coffee to guests, Mesdames Bill Nunn and Keith Brock and to members, Mesdames Ernest Anthony, Ross Ayers, Mack Bantum, Joe Collier, Newt Gore, Dorothy Hough, Guy Latta, Russel O'Brian and Roy Slagle.

Mr. and Mrs. O. R. Phifer of New Home were weekend guests in the home of Mr. and Mrs. Leonard Nettles and family. The Phifers are the parents of Mrs. Nettles.

Luckily, the younger generation doesn't accept all the advice that adults give.

Cotton Is King In Parmer County

When You Use

HUMI-CITE

What Is Humi-Cite ?

HUMI-CITE is a natural liquid soil conditioner which creates humus and helps break down and balance the natural minerals in soil to produce healthy plants. Healthy plants are far less susceptible to insects and diseases.

Most of us know about plant chemistry--we have in years past tried many formulas, some with great success, and some with little results. We are putting our money on HUMI-CITE and believe we have the answer to our plant food needs. We firmly believe the addition of HUMI-CITE to your plants including COTTON will give the greatest results in lowering damage from diseases and insects. Plant chemistry is just common sense -- the same common

sense every mother uses to try to give her family balanced meals to produce good healthy bodies. HUMI-CITE is a balancer -- a Soil Conditioner which counteracts alkali and salts to permit good germination of seeds planted in our land in Parmer County.

DIRECTIONS FOR USE: HUMI-CITE should be applied to all crops in irrigation water at the rate of 10 gallons per acre. Home-owners will be happy to know it brings marvelous results to flowers, shrubs, fruit trees and lawns. Available in small amounts for home use. We also have mineral water for cattle -- easily applied in regular drinking water to give cattle all the minerals needed for healthy growth.

FOREIGN VISITOR who met with representatives of the Friona Federal Credit Union last week was Dom J. Arrivolo, front row, left, of New South Wales, Australia. Here he is pictured with Mrs. Dyalith Benson, manager of the Hereford Credit Union, and representatives of the Friona Credit Union. Back row, left to right, are Mrs. Geneva Williams, chairman of the education committee; Mrs. Lucy Jones, manager; and Mack Bainum, president of the board of directors.

Foreign Visitor Tours Friona Credit Union

The Friona Federal Credit Union was on the itinerary last week of a foreign credit union leader who was touring the United States. Stopping in Friona for a brief visit Tuesday was Dom J. Arrivolo, manager of the New South Wales, Australia, Credit Union League. During his visit here, Arrivolo conferred with representatives of the local credit union and was a luncheon guest of his Friona hosts. Purpose of his visit to Friona and other towns in the U.S.

was to study the operations of community credit unions similar to the one he heads in Australia. The Australian visitor, who was enroute to the annual meeting of the Credit Union National Association in Montreal, Canada, May 8-14, was accompanied on his visit here by Mrs. Dyalith Benson, treasurer of the Hereford Credit Union. While here, Arrivolo met with Mrs. Lucy Jones, secretary-manager of the Friona Credit Union; Mack Bainum, president of the board of directors; Mrs.

Geneva Williams, chairman of the union's educational committee; and D. C. Houser and Loyde Brewer, directors of the local organization. Arrivolo told the local credit union representatives that the credit union was popular among his people who know about it. The credit union league which he manages has 550 members. However, in all there are only 130 unions in New South Wales, which has about one-third the population of Texas. In Texas there are 1152 credit unions.

Large Crowd Attends Freedom Forum Program

A large number of residents of the South Plains attended a Freedom Forum program at the Lubbock Municipal Coliseum Monday evening. Lubbock Christian College sponsored the event and a one hour concert was presented by the Royal Blue Band before the program. Pat Boone, internationally

famous singer and actor, was guest speaker of the evening. His topic was "What America Means To Me." Following his address, Boone sang several songs. Vocal numbers were presented by the Lubbock Christian College Cappella Chorus. Jonnte Williams, daughter of Mr. and Mrs. Johnny Hand of Friona and soloist for the chorus, appeared in one number with the guest entertainer.

Among those from Friona who attended were Mr. and Mrs. Johnny Hand and daughter, Westlie, Mary Ann Bogges, Mr. and Mrs. D. L. Carmichael, Danny and Susan, Debbie Hays, Dan Douglas, Mr. and Mrs. Loy Loafman and Newman, Arlin May, Mrs. Hardy May, Mrs. Lucy Welch, Mrs. Eugene Bogges, Mikie and Monte Welch, Jayne Beall and Jan Welch. Also Mr. and Mrs. Glenn Floyd, Frieda and Susan, Phyllis Holcomb, Mrs. Ardith Rolen, Mr. and Mrs. Paul Smith and Robbi Blume, Mr. and Mrs. Bill Wooley and Mike, Mr. and Mrs. Bob Reithmayer and Mike, and Mr. and Mrs. Otey Hinds.

"Adopted" Guest Of Eastern Star Chapter Honored With Courtesies

Mrs. Josefa Parks, who has been adopted by the Friona Chapter No. 990 Order of the Eastern Star, will be guest of honor at a Stated meeting Monday, May 8. This is one of several courtesies to be shown Mrs. Parks during her stay in Friona.

The home of Mrs. Mack Bainum will be the scene of a birthday party for Mrs. Parks Wednesday, May 3. She is 82 years old.

A tea in her honor will be given at the Friona Club house Sunday, May 7, from 3 until 5. All that are interested are invited to attend.

Mrs. Parks is the house guest of Mr. and Mrs. Bill Buchanan and family. She arrived at their home Sunday night and plans to be here about two weeks.

She is now living in the OES Home, a home provided for the aged, in Arlington. She has lived there 22 years. Prior to coming to Arlington, she resided at Raymondville, in the Rio Grande valley for 17 years.

Born in Illinois, she states that she is a dyankee, but loves the south and is a loyal Texan. Mrs. Parks also states that she is "sold on Friona."

MRS. JOSEFA PARKS

Meeting Slated On Stock Pens

All parents of Friona FFA and 4-H Club members, who are interested in seeing stock pens built for city youngsters, are asked to be on hand at a meeting Monday at 8 p.m. in the Friona ag building.

Purpose of the meeting will be to get together the people interested in providing these facilities and see what can be

worked out, says J.C. Lane, Friona ag teacher.

The Friona Jaycees have said that they will donate property for stock pens at their rodeo arena site west of town.

Because of the large number of FFA and 4-H Club members living in town, facilities for their club projects have long been needed, Lane says.

Hicks Announces New Assistant

Ed Hicks is happy to announce that Fred Lookinghill will begin working at the Friona Lanes Monday, May 8.

Lookinghill was formerly with the Sunset Lanes at Hereford. Hicks says that Lookinghill's past experience in the bowling business will be an asset to Friona Lanes in organizations of leagues and with junior league bowlers.

WAC HYBRID SEEDS
The Newest Developments In HYBRIDS

Scott 500
Here is a short-stalked, red grain hybrid with great yield potential and wonderful stand ability. Strik height is about 12 inches shorter than #5 610 Red Grain (double than #5 610 grain) on very large medium-dry heads. About same maturity as #5 650 and outstanding in ability to stand and to yield. Adapted to dryland or irrigation. 110 days to mature.

Scott 450
An early grain hybrid of about the same maturity as #5 590. It is very similar to Scott 500 (above) but earliness makes this an outstanding hybrid for areas needing this factor. Red grain, large heads, high yield and shorter stalks make Scott 450 a highly desirable early grain hybrid. 95 days to mature. (12 to 18 shorter than #610)

A GREAT PAIR OF TRUE COMBINE HEIGHT HYBRIDS.

BLACK HOME DEMONSTRATION CLUB members display numerous items at the County Wide H. D. Club tea and style show Tuesday afternoon at Oklahoma Lane.

Black News

By MRS. BURL FISH Miss Betty Barnett was home for the weekend from Lubbock. Wesley and Doris Barnett and son Chris also visited with the Fern Barnetts Sunday.

G.D. (Bob) Coker came home from the hospital Saturday and is doing very well.

The Pete Braxtons went fishing over the weekend at Conchas Lake.

Mrs. Travis Stone and children visited with Mrs. Stone's mother, Mrs. Bernie Meyer, and sister, Mrs. Paul Boyle.

Weekend guests in the Dick Rocky home were H. V. Rocky, Sarah Rogers, and Davey Blackbar, all of Albuquerque.

Mr. and Mrs. H.H. Elmore returned home after several weeks in Mesa, Arizona.

Mrs. Ellis Tatum visited with her aunt, Mrs. J.T. Gilbreath, in Muleshoe during the weekend. Wednesday Mrs. Tatum was shopping in Amarillo with her daughter, Mary Houlette, and Debbie.

Graham Prewett was home from Texas Tech this weekend visiting his parents, the Lloyd Prewetts. Sunday the Prewett family enjoyed a family gathering with Mrs. Prewett's sisters in Palo Duro Park.

Mrs. H. H. Elmore visited with Mrs. T. J. Presley Sunday afternoon.

The Gene Welch's enjoyed a Sunday school basketball and volleyball game at the Roy Botkin home, on Saturday night.

Thursday Mrs. Welch's mother, Mrs. F. B. Harkins, and brother, Earl Harkins, and Mrs. Har-

kins, from Hereford visited with the Welches.

The Black Home Demonstration Club will meet at the home of Mrs. Lloyd Prewett at 2 o'clock on Thursday, May 4.

Mr. and Mrs. V.R. Wilcox had Sunday dinner with Mr. and Mrs. Edgar Turner, and Mr. and Mrs. Rouse visited with them Sunday afternoon.

Mr. and Mrs. Gene Welch visited with Bob Coker Sunday afternoon.

The Bill Carthel family were guests in the home of Mr. and Mrs. Mac McLain of Lakin, Kansas over the weekend.

Mr. and Mrs. Coy Jetter and family spent Saturday afternoon and evening with the Lester Dean family. The Jettets are from Canute, Oklahoma.

Sunday dinner guests in the home of Mr. and Mrs. George Frye were Mr. and Mrs. Harlan Frye, Mr. and Mrs. Truett Booth, Mike and Sue, and Davey and Gregg Davis.

Mrs. Bruce Parr's aunts from Kansas, Mrs. G.B. Darling and Mrs. Edna Hawks, and her cousin, Si Darling, had dinner with the Parrs Monday.

Iva Parr made the trip to Carlsbad with the school band, and the Parrs kept the band director's two young sons, Barry and Phil Bynum, during that time.

Mr. and Mrs. L.F. Lillard returned home Friday from Fort Worth where Mr. Lillard had undergone surgery.

Harold Lillard and Mrs. Carl Maurer went to Fort Worth Monday to be with Mr. Lillard. They returned to Friona Wednesday.

Mr. and Mrs. Hyde Baby Girl Born To Return From Trip The Jim Roy Clements

Mr. and Mrs. H. A. Hyde accompanied Rev. and Mrs. Don Kimbrough to Tacoma, Wash. where Rev. Kimbrough held a revival. Mrs. Kimbrough is the daughter of Mr. and Mrs. Hyde. Rev. Kimbrough will be pastor of the Baptist Church in Tacoma beginning June 1.

The Hydys were guests in the home of a son, Rev. and Mrs. Omer Hyde and family in Olympia. He is district missionary for Olympia.

They visited with Mrs. Hyde's oldest sister in Loveland, Colo., and with a brother she hadn't seen in 25 years. He lives in Ontario and is a shut-in.

A tour of the Temple buildings in Salt Lake City was made before returning to Friona.

Helen Hamilton To Attend Convention

Mr. and Mrs. Jim Roy Clements of Friona became the parents of a baby girl at Weatherford, Okla. Monday p. m., April 24.

She was named Mary Jane, and her weight was seven pounds and nine ounces.

Grandparents are Mr. and Mrs. A. S. Grubbs and Mr. and Mrs. Roy Clements, all of Friona.

David Hesters Have New Son

Mr. and Mrs. David Hester of Lubbock are the parents of a baby boy born Tuesday, April 18 at 7:37 p.m.

He weighed 9 lbs. and 8 ozs., and was named Bryan Clay. He has a sister, Terry Lynn, who is six, and a brother, Tony, 16 months old.

Mr. and Mrs. E.R. Day Sr. of Friona and Mr. and Mrs. C. Hester, Colorado Springs, are the baby's grandparents. Great grandparents are Mrs. John Hester, Sherman, and Mrs. T. B. Armstrong, Friona.

Jimmy Ivy Is Law Class Officer

Jimmy Dwain Ivy, University of Texas law student from Friona, is the new vice-president of the second-year law class. Ivy is the son of Mr. and Mrs. Jimmy Ivy, Route 1, Friona.

Mrs. Menefee Hosts Fidelis Class

Thursday evening, April 20, the Fidelis Class of the First Baptist Church held their monthly meeting in the home of Mrs. Dwain Menefee.

Mrs. Philip Weatherly conducted the business session and a special guest, Mrs. M. C. Osborn, presented the devotional.

Jello salad, crackers and tea were served to Mesdames Clyde Tims, Philip Weatherly, Richard Adkins and Danny, Charles Hough, Dale Hart, Karene and Holly, Claude Osborn, Gary Hicks, Ronald D. Clark and Veldon, Carroll and Debbie Menefee.

Mrs. E.R. Day Sr. was in Lubbock several days visiting in the home of her daughter and family, Mr. and Mrs. David Hester. Mrs. Day returned to Friona Wednesday of last week.

Good Seed Doesn't Cost... It Pays.

Something To Think About. 6th. Street Church of Christ Box 515 -- Friona, Texas. The world needs the gospel of Christ. The world has had too much philosophy and not enough gospel. The fundamental duty of the church is to preach the gospel, the truth of Christ. The church is a preaching institution. Because these things are true, the church has a fearful responsibility. The doctrines of men never liberated a single soul from the bondage of sin. It isn't possible to wrap false doctrine in enough sincerity to save a single soul. The truth of Christ is not compatible with error. We have too much preaching about the Bible and not enough preaching of the Bible. As a result human hearts still cry out for the "bread of life." The gospel of Christ in its pure form is not dead nor obsolete, it is still the power of God unto salvation. It is alive and active. It is sufficient to furnish one unto all good works (2 Tim. 3:16-17) We must neither add to it nor take away from it. (Rev. 22:18-19) And, we will be judged by it. (John 12:48) Our objections to any creed or addenda to the Bible are simple; They are not inspired of God; they do not meet the needs of the whole world; they are not perfect; they must be revised from time to time; we are not to be judged by them; they make void the word of God; they teach things contrary to gospel of Christ; and they contribute no little to the tragic division that exists in the religious world today. Thus we make our plea for the gospel, the word of God, no more and no less.

Local Families Attend Funeral

Those attending the funeral of Jud Shotts of Rush Springs, Okla. last week were Mr. and Mrs. Newman Jarrell Sr., Mr. and Mrs. Hardy May, Mr. and Mrs. Sterling Graham and family, Newman Jarrell Jr. and Gregg and Mr. and Mrs. Ross Miller and family.

Mr. Shotts was the father of Mrs. Jarrell Sr. and Mrs. May. Shotts who was 88 years old died Monday afternoon, and funeral services were held Wednesday, April 26 at 2:30 p. m. at the Church of Christ building. Homer Anderson, minister, officiated.

Recitals To Be Held Next Week

Voice and piano pupils of Mrs. Roy Miller will be presented in recitals next week.

The first one will be Sunday, May 7, at 3 p.m. in the Methodist Church. This will consist of the elementary students, grades one through four.

The second recital will be given by the junior group, grades five through eight, at the Methodist Church Friday, May 12 at 8 p.m.

Suzy Secretary Sez. To clean stubborn sediment from the bottom of glassware, fill half full of lukewarm suds, add a handful of carpet tacks and shake well!

come to church sunday. WHAT CHRISTIANITY CAN MEAN TO US -- VICTORIOUS LIVING. Text: I Corinthians 3:21 -- "All things are yours." "All things are yours," wrote Paul out of a more varied experience of the hardships and sufferings of life than most people. "All things are yours, whether life or death or things present or things to come, all are yours, for ye are Christ's and Christ is God's." This faith is the secret of the "victory that overcometh the world." I. WE CAN LIVE VICTORIOUSLY BECAUSE CHRIST HAS DONE SOMETHING FOR US. "Thanks be to God, which giveth us the victory through our Lord Jesus Christ." I Cor. 15:57. 1. Victory over sin. 2. Victory over death. II. WE CAN LIVE VICTORIOUSLY BECAUSE CHRIST HAS DONE SOMETHING IN US. "Ye have not received the spirit of bondage again unto fear; but ye have received the spirit of adoption..." See Romans 8:35-39. III. WE LIVE VICTORIOUSLY BECAUSE CHRIST WORKS THROUGH US. "I can do all things through Christ which strengtheneth me." Philippians 4:13. News From RHEA

MRS. FRANKLIN BAUER

MENS CLUB MEETS

The regular April meeting of the Rhea Lutheran Mens Club met Thursday night at the Parish Hall.

Pastor Stroebel opened the meeting with a scripture reading and prayer. Following the business meeting, Franklin Bauer led the topic discussion. Chris Drajer served refreshments to the group.

Farm Bureau will meet Friday, May 5th, 8 p.m. at the Parish Hall. Hostesses will be Mr. and Mrs. Cordie Potts and Mr. and Mrs. Leland Gustin.

The L.L.L. Zone Fall Rally will be held Sunday afternoon, May 7th at the Parish Hall. The local L.L.L. group will serve Bar-b-que for the evening meal to the group. Visitors are welcome.

Sunday visitors in the home of Mr. and Mrs. Dwayne Ridley were, Gary Goetz and Tommy Lewellen, Mr. and Mrs. Billy Sifford, Kenny and David, Mr. and Mrs. Charley Ridley, Debbie and Kathy of Hereford.

Mr. and Mrs. Cordie Potts visited Sunday with the N. A. Brown family of Walcott.

Connie Vaughn, daughter of Mr. and Mrs. Richard Vaughn, was in the piano recital given Sunday at the Bovina Methodist Church by Mrs. Margaret Caldwell, piano instructor.

Several children from the community will be in Mrs. Eva Miller's recital Sunday at Friona. They are James Schlenker, Shirley Schueler, and Wayne Allen Schueler.

Jeff Weavil of Reese Air Force Field in Lubbock visited Friday and Saturday with Mr. and Mrs. Billy Sifford.

Mr. and Mrs. Ray Martensen and children visited Sunday at Hobbs, New Mex., with Rev. and Mrs. Wayne Carmany. Mrs. Carmany is Ray's cousin.

Mrs. Herbert Schueler and son, Glen Louis, visited the past week with Mrs. Schueler's mother, Mrs. J.T. Stehr, of Dimmitt.

The new 61-62 first graders from the community attending school last Friday were: Pamela Jarecki, Betty Sachs, and Doris Schueler.

Miss Lillian Schueler, who is employed at Hereford, visited over the weekend with her parents, Mr. and Mrs. Herman Schueler.

Plans are being made for the Vacation Bible School which will be held by the Rhea Luth. Church the week of June 5-9.

Rex Beardin Jr. spent Saturday and Sunday at Parmer County Hospital. Rex received bruises from falling out of the back of a pick-up while it was moving.

Mrs. Paul Averett attended the pink and blue shower Saturday in Friona given in the home of Mrs. Ross Terry for her daughter, Mrs. James Wiley. Mrs. Wiley, the former Pauline Averett, is in Nurses Training at Northwest Texas Hospital, Amarillo.

Oversized terry cloth beach towels also can be used as outdoor tablecloths.

rn of use with the changing seasons, the steward's countryside is at
ye and reassuring evidence of God's bounty.

unity for inspiration, for fresh thought, and for revived appreciation
given to us by our Creator.

in the new beauty of the countryside--in this reward of the steward
the future.

his Reward Nurtures The Dignity Of Man

be nourished in many ways. He requires food and drink, of course,
eds the love of his family and of the friends he holds dear. He is
is church with spiritual strength and moral courage. He is nourished,
respect of his neighbors. But central to all these, a man must have
ity to live with himself in peace and dignity.

pect are many. They are found in the tests of life--in the challenges
met. They are found in deeds, in the acceptance of responsibility,
surmount adversity, and in the adherence to truth and principle.

mplishments, great or small, that life takes on meaning. These are
self-respect and integrity whereby a man is able to live peacefully
and with dignity in the company of his peers. And all this is in ac-
purpose, for just as He gave us the gift of life, so He ordained that
t with responsibility.

s, by all standards, a man of accomplishment. He has accepted the
wardship and acted on it. Inescapably, along the road, his faith and
ted. Out of this experience, surely, he has grown in stature with new
ity. By his contributions to the future, as a steward, he has added
in.

This Reward Adds To The Unity Of The Family

The farm provides an unusual opportunity for family sharing and mutual dependence,
which strengthen family unity.

To an almost unique degree, the life of the farm family is centered on the land. Here is
the scene of grass and grazing; of planting, cultivating, and harvesting. Here the farmer
and his family apply their labor and test their management. Here they invest their capital
and hazard the economic risks which permeate so much of agriculture.

So the care and treatment of the land are matters of great importance to every member of
the family. Each depends, with the others, on the continued productivity of the soil
to provide more than the necessities of the day. On the prospect of this continued pro-
ductivity they base their hopes for future years--a college education for the children,
financial security for the aging parents, the ability to contribute more to church and
school, perhaps an additional investment in insurance, or a long-postponed vacation trip.

Clearly, the acceptance of responsibility for soil stewardship is a further acceptance of
family responsibility.

The contributions necessary to the attainment of an orderly conservation pattern on the
land envelop the whole family--and the whole family, in turn, shares in the benefits.
This enhanced unity of the family is not the least of the steward's rewards for his responsi-
ble contributions to the future.

This Reward Strengthens The Community

From the beginning, it has been characteristic of men to associate in communities of
many kinds. This, too, is part of the orderly pattern of the Creator, who has made it
plain that men should join together in shared interests and thereby multiply their ac-
complishments in harmony and in strength.

How well the good steward complements this purpose and lends strength to every
productive community within his influence!

As he conserves his lands, perpetuating their productivity, the steward achieves a harmony
of land use with nature which has manifold benefits. He has prevented damage to his soil
and halted the waste of water. Thereby he has helped to stabilize the physical community
that is his watershed. He has provided for the protection and replenishment of his land
while it yields products of value season after season. Thereby he has strengthened his
own economic position and correspondingly that of his economic community, wherein
he buys and sells.

We have seen, too, how the steward's trust in God is essential to the accomplishment
of conservation in the fields. It moves him with new faith toward increased participation
and responsibilities in his spiritual community. And to the social community of the
steward and his family, he brings the experience and confidence, the knowledge and spirit
of helpfulness, that are as stimulating as they are welcome.

One of the steward's most satisfying rewards, surely, is his sense of responsible
contribution to the future and new strength for the community of man.

This Reward Is Reflected In The Character Of The Nation

A nation of free citizens continuously and voluntarily building for the future is clearly
a nation of great internal strength and deep-rooted faith in a destiny of progress. Since
colonial times, the people of our country have been characterized by their willingness
to sacrifice, invest, and work for institutions and improvements of lasting value.

In their Declaration of Independence, our earliest leaders declared--"We hold these
truths to be self-evident, that all men are created equal, that they are endowed by their
Creator with certain unalienable Rights, that among these are Life, Liberty, and the
pursuit of Happiness. . . And for the support of this Declaration, with a firm reliance on
the protection of Divine Providence, we mutually pledge to each other our Lives, our
Fortunes, and our Sacred Honor."

Since then our continent has been settled, wars have been fought and won, and a great
nation of impressive wealth has been built. At home and abroad, its vast power and in-
fluence have derived not alone from material strength, but from an unswerving devotion
to the vision of the future and the truths set forth in 1776.

In an important way, the responsible stewards of America's soil are contributing to this
national quality by their work of care on the farms, ranches, and forests of the country.
As essential producers and as guardians of the soil, they look constantly forward to
new seasons and new harvests from a protected and responsive land. Each one, through
his stewardship, contributes to a future Life of meaning, to the maintenance of Liberty,
and the unending pursuit of Happiness.

In this contribution each steward sustains and enlarges the character of his nation.

CONSIDER

CONSIDER THE STEWARD OF THE SOIL . . .

He is the guardian of our soil and the first
custodian of our water.

He manages our woodlands and provides
for the wildlife of Nature.

He is a producer of the food and fiber so
essential to the health and well-being of all
men, everywhere.

He is a man of vision, planning ahead for the
wiser land use which brings stability and con-
tinuing harvests across the long tomorrow.

He is a man of deeds, translating opportunity
on the land into action; converting needs into
accomplishment.

He is a cooperator, working on his own land
and with his neighbors to conserve and develop
God's gifts of soil and water for the greater
good of his community and his country.

He is a man of integrity, strengthened in
spirit and character by years of work on the
land with his Maker.

He is an orderly man, whose well-kept fields
and grasslands mark his aversion to careles-
ness and waste.

He is a man of responsibility under God,
recognizing that the Earth is the Lord's, placed
here for the benefit of all His children--in
town and country alike.

As the Steward serves God, he serves him-
self and countless others in many ways.

We depend on the Steward of the soil; we
should honor him.

Consider the Soil Steward. Consider him well.

The Reward of

"You Shall Eat The Fruit Of
You Shall Be Happy, And I

FOREWORD

America has been richly blessed by our Creator with an abundance of highly productive and fertile land.

As Stewards of the Earth we set aside Soil Stewardship Week each year that men and women all over America may recognize the source and richness of this blessing. The bounty of our land is shared by all people, urban and rural alike; likewise we share the responsibility for keeping it, as God intended, forever fruitful.

The men and women of America who direct the activities of the Soil Conservation Districts are especially conscious of God's command to "Dress and Keep the Earth." Appropriately, they are in the forefront of those who each year rededicate themselves to the conservation and wise use of our waters and soil. Success in their endeavors is conditioned upon the widest possible understanding and appreciation of the role that every citizen has in meeting his responsibilities of Stewardship.

In the attainment of this high purpose there are rewards of many kinds. It is with these values, all rich and meaningful, that this booklet is concerned.

A Sense Of Responsible Contribution To The Future

Fortunately, there are few among us who live for the day alone. Our thoughts, our plans, our efforts are centered on the better tomorrow--on the prospect of the larger future for ourselves and our loved ones. This is God's way and it is good.

In the orderly world designed by our Creator, our lives take on added meaning to the extent that each of us is willing to assume his share of responsibility for the future.

The spirit which moves a man to protect his land and to conserve the waters which come under his care is a spirit of responsibility. The good steward of the soil seeks no quick gain from this work, nor temporary advantage. Instead, he is motivated by considerations of a different and more lasting nature--his responsibility before God, the well-being and regard of his family, the improvement of the community in which he lives with his neighbors, and the knowledge that his aspirations and personal standards of accomplishment must be tested over the years by his work in the fields and in his community.

The good steward recognizes the pattern of growth through the seasons. He recognizes the sequence of preparation and fulfillment. He knows the planted seed must precede the harvest. The autumn corn becomes vital winter feed. Summer-built terrace systems protect the land against storms of the following spring. Trees and thick grasses on steep slopes hold water and soil to replenish clear streams and forestall erosion.

In all that he does, the good steward learns patience. Across the seasons, he devotes time and energy, ability and faith, to the quest of goals still ahead. In time, out of this devotion, comes attainment.

And with attainment there comes a sense of fulfillment--a sense of responsible contribution to the future that is at once the purpose and the reward of the good Steward.

This Reward Derives From Man's Faith In God's Purpose

There is no end to the unknown. Man has sought from his earliest hour, down through all the years, to learn more and ever more. Steadily he has added to his knowledge and compounded it. Yet each new fact, each new fragment of truth, has served to verify and extend the still unprobed vastness of the universe in which we live.

But we press onward--you and I--impelled by forces that are as powerful and persistent as they are immeasurable. We recognize their source. We recognize that God has variously endowed each of us with the energies and talents, the sensibilities and capacities, to share in His plan for a richer, better world. And we recognize that we are accountable to God for our use of these gifts.

He has also provided us with a wealth of precious resources--the lands and waters, the forests and ranges, and the wildlife and fish of the seas. We recognize that we are accountable to God for our stewardship of these resources.

With His gifts of spirit, intellect, and restless enterprise; and with the abundance of resources He has provided; more and more of us move forward, accepting the responsibilities He has assigned us. We look ahead to the brighter tomorrows we know are ultimately possible through obedience to His order and compliance with His will.

Yes, we look forward, seeking to learn more and understand better. And over a larger and larger area we are recognizing our responsibilities and applying the principles of good stewardship. We do not completely understand all that we do, or why we think and act as we do; neither do we completely understand all that happens in the world around us. But the evidence of the ages supports our belief that the unending search is right and our stewardship efforts good--that these are parts of His plan for our progress.

So it is that the Steward, with faith in God's purpose, finds satisfaction and some pride in his responsible contributions to the future.

This Reward Is The Fruit Of Work On The Land

To the man who would be a responsible steward of his soil, good intentions are not enough. The intentions must be followed by action. The vision must be translated into accomplishment.

Soil stewardship becomes a fruitful, living reality only as it takes place on the landscape.

The handiwork of the steward becomes apparent in the clear streams and protected acres that are in his charge. In lush pastures, in vigorous crops winding around slopes in contoured strips, and in well-tended terrace systems with grass-matted waterways, his effort as well as his intent are often dramatically evident. Less dramatic but equally important is the steward's disposition of his land--his decision to use each field and acre within its capabilities as provided by Nature, and thereby to avoid the weakened productivity and lasting damage which are the consequences of ill use.

The steward knows what was done each step of the way--and with what concentration of thought, and effort, and care. He knows of the goals set and the objectives reached, season-by-season, field-by-field, with patience and perseverance.

He learns, too, through his work with Nature, how each grove and field, each pasture and stream, can be fitted into an orderly pattern of mutual strength and lasting use.

In his accomplishment and realization of work well done on the land, the steward finds real reward because he knows, as others may see, that he has made a responsible contribution to the future.

This Reward Is Of Selfish

Throughout history, mankind has been plagued by selfishness, and disregard for all others have man and land alike, regardless of the cost, reckless in their pride, but in time each one yield God's law of humanity and nature.

In our own time and country we are confronted their conservation opportunities and shameless in good earth. Whether they have entered on this our less neglect, their failure to accept the oblige marked by damaged land and the diminishing

How different are the growing legions of soil stewards and the well-being of others, now and in the work of the good steward. The very acts of many, are incompatible with selfishness.

The soil steward protects his fields for the future. As he slows the run-off of storm waters by contour improvement of soil tilth, he thwarts ruinous winds which muddies streams and clogs distant reservoir hold the land in place and become a cash crop built with care are designed to produce benefits of years.

The reward of the steward in this accomplishment to the future--is by its very nature a rejection

This Reward Is Beauty Of The

There are endless variations in the satisfactory conservation. Repeated mile on mile, the well stewards, mixed with their pastures and woodlands, beauty and productivity.

Where the rains come often, well-tended strips in striking display of man's productive adjustment. Prolonged seasons of drought great fields of grass and green-golden grain hold winds and help soak in the meager moisture near the Rockies, grass-bearing slopes blend overtones of strength and peace.

The fruitfulness of agriculture is everywhere. Healthy crops and livestock give testimony to Color and depth mark grass and soil. Rivulets and streams. Placid ponds behind sturdy dike. The home of the steward and his holdings, near and ranges, speak eloquently of careful management.

Here, in the realm of the steward, is a vivid color and in the pattern of use with the changing once a delight to the eye and reassuring evidence.

Here, too, is an opportunity for inspiration, for faith of the wondrous world given to us by our Creator.

Truly, all may share in the new beauty of the land for his contribution to the future.

This Reward N Dignity C

The whole man must be nourished in many ways for his body. He needs the love of his family, fortified by God and his church with spiritual strength, too, by the honest respect of his neighbors, self-respect--the ability to live with himself in

The origins of self-respect are many. They are faced and honestly met. They are found in the stamina to surmount adversity, and

It is in these accomplishments, great or small, the sources of the self-respect and integrity with himself and stand with dignity in the compliance with God's purpose, for just as He we should live and act with responsibility.

The good steward is, by all standards, a man of responsibility of stewardship and acted in it ability have been tested. Out of this experience confidence and humility. By his contribution to his dignity as a man.

Of Interest To THE WOMEN

Mrs. Boyd Pipes Jo Bridal Shower Honoree

Mrs. Boyd Pipes, the former Carolyn Baxter, was honoree at a miscellaneous bridal shower, Saturday, April 22, in the Friona Club House.

Hostesses for the occasion were Mesdames Leo Balls, Robert Collier, Cordie Potts, Donn Tims, J.A. Wyly, L.D. Pope, Alta Wyly, E.R. Day, Eiton Wyly, James Pope, Lester Dean and C.H. Veazey. They presented Mrs. Pipes and her mother, Mrs. Oscar Baxter, with corsages of white carnations.

The bride's chosen colors, blue and white, were used in the candle and floral arrangement centering the serving table. Punch and angel food cake were served.

Mary Hadley registered the guests.

Attending and sending gifts were Mesdames Steven Stubbs, L.B. McClain, Dewayne Ridley, Edgar Walters, E. M. Jack, Bertram Jack, Dianne and Marla, Merler Shirley, J. P. Ready and Wanda, Aubrey Rhodes, Flake Barber, Dan Ethridge, J.L. Stowers, Oscar Baxter, Glen Williams, Billy Dean Baxter, Sterling Graham, and Jim Baxter.

Also Mesdames Troy Young, Jan and Karen, Gene Bracken, Ronald Smiley, Calvin Martin, Clarence Martin, Larry Martin, Louis Baxter, W.H. Evans and Crista, Grace Hart, Wanda and Elda, Taylor Green, Newell Harper, Su-Zan and Collene, J.G. McFarland, J.W. Baxter Jr., Rene Snead, Joe B. Douglas and Nelda, J.B. Williams and Karyl, Claude Blackburn and Donna and A.L. Black and Kitty.

Also Mesdames H.G. White, J.E. Knight and Gayle, A.W. Anthony, Tommy Parker and Carolyn, Raymond Jones, E. H. Bradshaw, C.J. Patton and Virginia, Allen Stewart, Ernest Osborn, Frank Truitt, Mayme Adams, Leo McLellan, H.G.

Houston, Flossie Balls. Also Mrs. Charlie Baxter, Clovis; Mrs. W. W. Pipes, Bagota; Mrs. Maude Pipes, Childress; Mrs. Leo Russell, Elk City, Okla.; Mrs. Smith Pope, Borger, Mrs. Windle Sikes, Bovina, Mrs. Eugene Nidey, Campo, Colo., and John Baxter, Harold Balls and Kenneth Balls.

Mrs. Harry Whitley Honored With Tea

Mrs. Harry Whitley, a teacher in this area for many years, was honored with a retirement tea at the Highlands School in Clovis Monday, April 24. She taught in the Farwell school system many years before she began teaching in Clovis.

Two students from one of the honoree's first classes were among the more than 300 students, parents and faculty members to attend the tea.

Hostesses for the social were mothers who had worked with Mrs. Whitley through the years.

Mrs. Whitley is the mother of Mrs. M. C. Osborn of Friona.

Rebekah Class Has Study And Social

The home of Mrs. Eva Roberson was the scene of the meeting of the Rebekah Class of the First Baptist Church recently for a Bible study and social. Mrs. C. W. Dixon gave the opening prayer preceding the Bible study.

Housewarming Honors Loafman Family

Mr. and Mrs. L.W. Loafman and family, who recently moved into their new home east of Friona, were honored with a surprise housewarming Sunday evening, April 16.

Hostesses were Mesdames D.L. Carmichael, Glenn Taylor, David Carson, Ralph Price, Fern Barnett, Otis Neal and John Hays. They served assorted cookies, cold drinks and coffee to guests.

Attending and sending gifts were Messrs. and Mesdames Ralph Price and Jeffery, Louis Baxter and Steve, James Mabry and Terri Sue, John Hays and Debbie, D.L. Carmichael, Danny and Susie, Otis Neal, Kay and Dale, Hardy May and Arlen, Glenn Taylor and Edwin, Sam Bailey, Cyndee, Sammy and Kelli, U.S. Akens, Charles Myers, Newman Jarrell Sr. and Johnny Hand and Wessie.

Also Messrs. and Mesdames Raymond Milner, Dale, Janice and Kayrene, R.L. Bates, Raymond Fleming, Otey Hinds, Paul Smith, Walter Riethmayer, Jill, Mike and Kay, J.M. Watson, Nelson Welch, Harold Lillard, David Carson, Ennis Cummings, Eugene Boggess, Claude Blackburn, Fern Barnett, Jim Cocannouer, Larry Fairchild, J. B. Buske, Roscoe Ivie and Glenn Floyd.

Also Messrs. and Mesdames Jim Stell, Buford Hartwick, Virgil Phipps, Fred Jackson, Joe Webb Beaty, Thomas Scales and Mrs. John Hand, Mrs. Ella Faye Holcomb, Peggy and Phyllis, Mrs. Francis Hilley and Keith Taylor.

Guests in the home of Mr. and Mrs. Karl Bender last weekend were Mr. and Mrs. Alex Stephens and family of Amarillo.

Dreider And Wagoner Exchange Wedding Vows

Miss Phyllis Dreider, daughter of Mr. and Mrs. George Dreider of Friona, and Rex Ronald Wagoner, son of Mr. and Mrs. Rex C. Wagoner, Gainesville, exchanged wedding vows in Saint Seraphim's Eastern Orthodox Church in Dallas on April 23, before an altar decorated with two shrine arrangements of white gladioli, white stock and white chrysanthemums with complementary foliage.

The Rev. Father Dimitri Royster officiated at the double ring ceremony.

The bride chose a white silk street length dress with white accessories. She carried a bouquet centered with white orchids surrounded by the Star of Bethlehem with English Ivy and white ribbon streamers.

Miss Karen Dreider of Dallas was her sister's maid of honor. Bridesmaids were Miss Patsy Bolen, Quinter, Kansas and Miss Betty Bragg, Brownfield. They wore blue silk street length dresses with white accessories and corsages of white Dutch iris.

Truman Kemper served as best man. Groomsmen were Morell Williford and Abe Salih of Dallas.

Mother of the bride wore a pink lace dress with matching accessories. The groom's mother chose a French blue crepe dress with white accessories. They wore dwarf white orchid corsages.

Following the ceremony a reception was held in the Parish house. The serving table was decorated with a nosegay fiesta piece, silver candelabra

and dwarf orchids. The cake was a French wedding cake decorated with candied purple violets.

Members of the house party were Mrs. Mell Shuttles, Mrs. Abe Salih and Miss Virginia Royster all of Dallas, Mrs. Duke Stephenson of Denton and Mrs. Charles Jones, sister of the groom, Gainesville.

Out of town guests were Mr. and Mrs. J.C. Wilkinson, Clifton, Tex.; Mr. and Mrs. A.W. Anthony and daughter, Patsy; Mr. and Mrs. Carl Maurer and Mr. and Mrs. George Dreider, Friona; Mr. and Mrs. Rex C. Wagoner, Gainesville and The Rev. Roberts of Weatherford.

Mrs. Wagoner attended North Texas State College and will graduate in August. Mr. Wagoner was a student at North Texas State College also and is now employed in Dallas where the couple plan to make their home.

MEMBERS OF THE BLACK Home Demonstration Club who took part in the Style Show presented at the Oklahoma Lane community house Tuesday are Mrs. Beryl Fish and sons, Miss Tommy Lewellen, Mrs. Lloyd Prewett, Mrs. T. J. Presley and Donna and Pamela Lewellen.

FOOTSAVING EDUCATION

By James E. Edwards
Are Good Shoes Better

Values Than Cheap Shoes Per Dollar?
There isn't much difference. When we buy something cheap we think (we hope) that we are saving somebody else's profit. Ironically, the best dividend paying stocks of shoe companies on the market are the stocks of companies that make cheap shoes. The factories are not in business for the sole purpose of saving money for the customer. Assuming that profits are necessary for any business the savins on cheaper shoes must be made on labor or materials. Labor costs are about the same per hour so any savings must be made by using less time per pair. Workmanship is important in shoemaking.

The leather market is so highly competitive that the only way the factory can save a significant amount on materials is to use inferior leather.

There are no secrets in the shoe business. As in every line of merchandise you get what you pay for.

ACTIVITY A-PLenty is what one will find this week at the Parmer County ASC office in Farwell, as farmers begin signing contracts under the new one-year emergency feed grains program. Here, Prentice Mills, left, ASC office manager, discusses the program with one farmer as others wait their turn.

270 Cattlemen Sign Petitions

First step toward getting Parmer County certified a Type II Brucellosis Control Area were completed last week when petitions signed by 270 cattlemen were mailed to the Texas Animal Health Commission.

With the petitions, county cattlemen have requested the

state to send personnel into the county to test cattle for the disease and declare the area free of brucellosis. When this is done, cattle can be moved from here to any area in the country without restriction.

Lee Thompson, county tax assessor-collector, certified that the 270 signers represented more than 75 per cent of the cattlemen rendering cattle for taxes, and that the petitioners owned more than 51 per cent of the cattle in the county as reflected by the tax rolls.

After a 90-day waiting period, during which time a hearing will be held for protests, actual work on getting the area declared free of the disease will get under way.

A state veterinarian and his crew will come to the county, probably around August 1, with a mobile laboratory to run blood tests on cattle.

Cattle to be tested will include:

- 1) All registered cattle
- 2) All dairy cattle
- 3) All cattle in herds of 20 or less; and
- 4) 20 per cent of all commercial herds.

If a reactor is found among the 20 per cent of a commercial herd, each animal in the remainder of the herd will also be tested.

Efforts by interested cattlemen to get this area declared free of brucellosis were taken because a price differential from \$2 to \$6 has many times been noted between this area and certified areas which are participating in a brucellosis eradication program.

Cattlemen point out that there is little of the disease in the Parmer County area, but the market is still affected.

Results Released On District 4-H Contest

Results have been announced of the District 4-H Method Demonstration Contest which was held on the West Texas State College Campus, Saturday 29 beginning at 9:30 a. m. Approximately 200 4-H club boys and girls, parents, Extension Agents, and special guests attended. Cooper Young, District 4-H Council secretary, of the Oklahoma Lane Community, presided over the general assembly and served at the information desk.

First and second place teams in the Senior Division in each of the Awards Programs will compete with teams from each of the 12 districts in the state. Four-H Roundup to be held in College Station on the Texas A&M College Campus June 6

Brucellosis is a disease that causes cattle to suffer a reduction in milk production, and it also results in abortions and sterility.

Swine producers fare little better with this disease, according to C. M. Patterson, extension veterinarian of Texas A&M College. Infected sows abort or give birth to weak litters, and sows frequently become sterile following abortion.

Brucellosis, commonly called Bang's disease, is a highly contagious disease and humans may also contract it by drinking unpasteurized milk of a contaminated cow.

and 7. Winners of the Junior Division Awards Programs are not eligible for State competition.

Listed below are the Parmer County 4-H contestants and how they placed.

Tractor Operators Contest--senior division, Gary Foster, son of Mr. and Mrs. Nelson Foster of Oklahoma Lane Community. He is a member of County 4-H Jr. Leadership Club. Gary will go to 4-H Roundup in June for State competition.

Farm and Ranch Management--senior division, third place, Gary Eubanks, son of Mr. and Mrs. Hoyt Eubanks, and Ronald Ashford, son of Mr. and Mrs. Ance Ashford. Both boys are members of Lazhuddie Sr. 4-H Club Boys.

Farm and Ranch Management--junior division, first place, Bobby Gleason, son of Mr. and Mrs. Truman Gleason, and Johnny Gulley, son of Mr. and Mrs. Davis Gulley. Both boys are members of the Lazhuddie Jr. 4-H Club Boys.

Poultry Marketing Method Demonstration, senior division, second place, Judy and Bruce Billingsley, daughter and son of Mr. and Mrs. Leon Billingsley of the Oklahoma Lane Community. They are members of County 4-H Jr. Leadership Club. Judy and Bruce will represent Parmer County at 4-H Roundup in June.

Electric Team Demonstration--senior division, not in

first or second place, rating was not announced, Linda Lesly, daughter of Mr. and Mrs. T. O. Lesly, and Linda Gleason, daughter of Mr. and Mrs. Truman Gleason of Lazhuddie. Both are members of Lazhuddie Sr. 4-H Club Girls and Linda Gleason is also member of County 4-H Jr. Leadership Club.

Electric Team Demonstration--junior division, third place, Marquita Seaton, daughter of Mr. and Mrs. R. B. Seaton, and Brenda Tanner, daughter of Mr. and Mrs. V. T. Tanner. Marquita and Brenda are members of Lazhuddie Jr. 4-H Club Girls.

Beef Cattle Business--junior division, Steven Foster, son of Mr. and Mrs. Ben Foster, Jr., and Frank Hinkson, son of Mr. and Mrs. Frank Hinkson. Both are members of Lazhuddie Jr. 4-H Club Boys.

Soil and Water Conservation--junior division, 4th place, David Wimberley, son of Mr. and Mrs. Ira B. Wimberley, and Craid Schumann, son of Mr. and Mrs. D. L. Schumann. David and Craid are members of Lazhuddie Jr. 4-H Club Boys.

Public Speaking--junior division, second place, Marsha Aduddell, daughter of Mr. and Mrs. John Aduddell. Marsha is a member of the Lazhuddie Jr. 4-H Club Girls.

Farm and Home Safety--junior division, second place, Patricia Tannahill, daughter of Mr. and Mrs. C. W. Tannahill, and Susie Carmichael, daughter of Mr. and Mrs. D. L. Carmichael. Both girls are members of Friona Jr. 4-H Club Girls.

Vegetable Preparation and Use Team--junior division, first place, Marsha Schumann, daughter of Mr. and Mrs. D. L. Schumann, and Connie Harlan, daughter of Mr. and Mrs. W. G. Harlan. Marsha and Connie are members of Lazhuddie Jr. 4-H Club Girls.

Parmer County Extension Agents served as judges for two of the Awards Programs. Ettie Musil assisted in judging Dairy Foods record books. Joe W. Jones served as being in charge of Vegetable Production and Marketing Team judging.

Last-Minute Change Makes Feed Bill More Attractive

SIGNING UP for the new feed grains program at the ASC office Tuesday morning was George Douglas, who farms near Bovina. Filling out the papers is Mrs. Jo Schell. Farmers started signing up for the program Monday morning. Deadline for signing up is May 31.

Farmers County grain sorghum producers this week were given a new incentive to sign up for the one-year emergency feed grains program with a last-minute directive from the U. S. Department of Agriculture.

A new order, released only Sunday, permits grain sorghum and corn growers not satisfied with their average yield index, to produce production records on the last two year's crops

and have the index elevated to a "more realistic figure."

This zero four change in the new feed grains program came as a welcome surprise to most of the farmers, and according to Prentice Mills, Farmer County ASC office manager, will probably result in almost 100 per cent participation in the new program.

Under this new measure, the 4,267 pound county productivity index which had been es-

ablished by the Agricultural Marketing Service, will have little bearing on the amount of grain a farmer will be able to sell at the government price support.

The change will also increase the payments a farmer will receive for laying out either 20 per cent or 40 per cent of his established acreage, since payments are based on the yield index.

As an example, here's the

way the last-minute change in the program will work:

Say that a farmer's average yield index on grain sorghum had been established by the county ASC committee at the 4,267 pound county average. If the farmer can produce production records, (i. e. elevator receipts) showing that his average yield was 4,600 pounds (or higher), his index will be raised accordingly.

"We will no longer be held to the 4,267 pound figure as a county average," Mills explains. "Quite likely the county average yield will be more like 4600 or 4700 pounds," he adds.

There was no reason given for the change in the program, but Mills indicated that it was probably due to widespread dissatisfaction with the averages established.

Even though the 4,267 pound average for Farmer County was the highest on the High Plains, most farmers here felt that the average was much too low. The same was probably true all over the country.

Training Course Conducted

A special leader training "Selection, Use, and Care of Electric Skillet" was conducted Friday afternoon, April 28 at 2:00 in the Friona State Bank Community Room. Leaders of the home demonstration clubs will present the same demonstration to their respective clubs during May club meetings.

In the training of the twelve volunteer leaders Miss Ettie Musil, county home demonstration agent, stressed the advantages and disadvantages of an electric appliance. Many of the same features to consider in purchasing an electric skillet could be used in selecting any automatic, electrical appliance.

Look for shape, size, metal, features, and ease of cleaning and storage of electrical appliances. Homemakers should ask themselves, "How often will I use it, is it large enough for size of my family, is it well constructed free from flaws, and will it cook as I expected it to?" These and other questions were discussed during the training.

The following leaders attended the training: Mrs. W. H. Long and Mrs. T. I. Burleson, Jr. of Hub, Mrs. Preston Martin and Mrs. W. T. Magness of Oklahoma Lane, Mrs. Elmo Dean and Mrs. Carl Schlenker of Rhea, Mrs. Kenneth McLellan of Friona, Mrs. Harvey Blackstone and Mrs. Dean Powell of Lazbuddie, Mrs. John Terry of Northside, and Mrs. Helen Fangman and Mrs. H. H. Elmore of Black.

THE HIGH PLAINS FARM AND HOME

HD Agent's Notes

BY MISS ETTIE MUSIL

What happened to the warm days of Spring? For a while we thought Spring was really here to stay and then what happens! Shiver, shiver. It's almost cool enough to get the woolen sweaters out of moth balls or summer storage.

According to the calendar Spring is here just the same. Have you been spring cleaning? Do you hate to launder cotton rag rugs because they seem to look so shaggy and matted afterwards?

First decide whether your washer can take your rug. Specialists say any rug of more than five pounds dry weight probably is a bit heavy for a washer and dryer regardless of size. Better send heavy ones and those larger than three by five to a laundry.

If you decide you can wash your rug in your washing equipment, do so before the rug becomes very soiled. Vacuum it thoroughly first. Use hot water if the rug is quite soiled, warm water if it's not so dirty. Use the soap or syndet (synthetic detergent) you like for colored cottons.

Place one rug or two smaller ones in the washer. Be careful how you load some machines. Balance the load. With one rug you may have to add bath mats or bath towels for balance. A wash period of six to eight minutes should be enough. Rinse well to remove every bit

of washing compound. Any left will increase future soiling.

A dryer fluffs shag rugs beautifully. Overdrying has a tendency to mat the pile, so check the drying time carefully. Rugs can be successfully dried on a line, too, whether they are washed in an automatic or non-automatic machine. With a wringer type machine, loosen the rollers before you pass the rug through.

A fabric softener added to a last, clear rinse water makes shag rugs more fluffy. For added safety to the back of small rugs spray the non-skid rubberized solution available.

Is getting youngsters dressed for school always quite an ordeal? It is a hurry-up affair in many families. Time is important but so is training the child to become independent, responsible and neat in dressing himself and caring for his clothes. Do they ask, "What can I wear this morning?"

Here are some tips that will help. First of all, help children arrange their school clothes separately from party, church and miscellaneous clothes in their own closet. Separate shirts from the trousers or slacks for the boys. Blouses together, skirts together, and dresses together makes a well planned or arranged closet for the girls, too.

Another help for hurry-up dressing encourage the chil-

dren to arrange matching socks, ribbons and ties on hangers with dresses or shirts. You could even help them to plan what they will wear everyday the night before. Everything will be ready to go in the morning.

Now is the time to check your chrysanthemums for aphids. They suck the tender new leaves on chrysanthemum plants as they do on the roses. Usually the brown or black aphids attack the chrysanthemum and the greenish aphids like the roses. Spray both aphids with 1 or 2 tablespoons of malathion in each gallon of water according to directions on the insecticide.

Be careful not to allow the mist of the spray to blow on your skin or your clothes. Wash your hands and face if the mist or spray comes in contact with your skin. You can't be too careful while handling insecticides or fungicides.

You'll never be popular if you spend all your time taking advantage of your right of free speech.

Cotton Congress Meets At Lubbock

Of tremendous importance to the South Plains area and to all of West Texas and Eastern New Mexico, will be the 22nd Annual Meeting of the American Cotton Congress to be held May 8 and 9 at the Pioneer Hotel in Lubbock, Texas.

Theme of this year's Congress is -- "Cotton, a \$22 Billion United States Industry."

The program will be high-

lighted by experts in all fields of the cotton industry and top representatives of the Federal Government, including the Honorable James T. Ralph, Assistant Secretary of Agriculture, Washington, D.C., and the Honorable Edwin Martin, Assistant Secretary of State for Economic Affairs, Washington, D.C.

To remove fruit stains from cotton fabrics, pour very hot water through the discolored area.

WAC SEED INC.

Box 948 Hereford, Texas Phone EM 4-1424

The above picture of WAC 700 was taken in January, 1961. During the second week in March, this hybrid sorghum was harvested with a combine in the normal way. More than 85% of the grain was saved.

WAC 700 is resistant to head smut and in addition has good standing ability, and is high yielding.

In one test block near Hereford, it yielded over 9,000 lbs. per acre, in several tests in this area, WAC 700 yielded over 8,000 lbs. per acre under irrigation.

WAC 700 is 5 to 6 days later in blooming than RS #10 and is approximately 10 inches shorter in height.

WAC 750 is being released for the first time this year. It is a red seeded variety which is in the maturity range of 6-0. It has a good stalk and under ideal growing conditions it has exceptional high yield potential. We recommend that you try this hybrid if you are an irrigation farmer. Our tests in Mexico showed this seed to be very pure.
