

Vern's Views

Friday driving was no picnic here in the United States, down about Muleshoe, it probably worse than anywhere else in the state about Sunday.

We were rammed broadside and tumbled in that area practically turned our car and chipped off a sizable chunk of paint.

Pardon these personal references, but during the weekend, this writer was doing some fishing in a small pond town state.

The only morsel of good fortune that occurred during the entire expedition lasted about three seconds and consisted of a large bass taking my lure and snapping my line like thread.

I don't intend to go into the particulars of the incident as so many boring old fishermen would do, but would like to use this incident to spring off into a little sermon that sprouted in my mind shortly after said fish was free and swimming happily around the pond.

Naturally I was crushed, disappointed and mad all in one operation, and ejected my favorite by-word. No need to get out the censoring scissors, I only said "gosh."

Later in the day, I started thinking that if I ever meet an almost instant death, I would probably say the same worn out word.

Now this is a pretty poor word to leave as your last in this world, but since I say it so often, I know it will be the one I unconsciously choose if I am ever bushwhacked or anything.

Right away, I resolved to devise a completely new and original by-word to use at all occasions such as the line-breaking incident mentioned earlier. This would be ready for instant use when the hammer collides with one of my fingers, when I slip on a waxed floor and all similar situations.

I have heard some pretty good original sayings cooked up by farm hands, cow hands, housewives and printers, but none that fitted all my requirements. I must choose one that will be suitable to say in all kinds of company, is witty, original and will be the perfect thing to say if I am ever involved in a tragedy that gives me only time enough to say a short, automatic epithet.

This started out to be sort of a sermon, so the moralistic tidbit will be tacked on here: I think everyone should choose their own "nice" by-word immediately and use it often enough to have exclusive claim to it but not often enough to bore people and make it lose its punch.

Lazbuddie Begins Tourney

The Lazbuddie Basketball tournament begins today (Thursday) with 16 teams vying for trophies.

Play will begin this afternoon at 2:15 when Amherst and Morton tangle. Eight girls and eight boys teams will battle for championship and consolation prizes.

Competing in the tourney will be Bula, Bovina, Farwell, Pep, Three-Way, Lazbuddie, Amherst and Morton. Consolation finals for the boys will be played at 6:30 Saturday night, with the championship contest slated for 9 p. m.

Girls teams will decide consolation winner and champion respectively at 5:15 and 7:45 p. m. Lazbuddie will resume regular scheduled games next Tuesday.

Man Fined For Drunkenness

Activity for the Parmer County Sheriff's Department during the past week was light, with only one arrest being reported.

M. D. Cruise, who lives near Bovina, was arrested Saturday night by Deputy Sheriff Henry Minter and was charged with drunkenness. He was tried in J. R. Thornton's justice of peace court at Farwell Monday and fined \$5 and costs.

TWO PLANE LOADS of blood donors are shown with one of the planes that took them to Dallas. The other two planes were about one hour behind the first two and all four landed Tuesday afternoon at Benzer Air Park.

Blood Donors Fly On Mercy Mission

Priona's heart was showing plainly last week.

Donna Kay Lewellen, five-year-old daughter of Mr. and Mrs. Delton Lewellen was scheduled for a delicate heart operation that required a large amount of blood.

Acting on their own, some 30 men banded together to go with the little girl to Dallas where the operation was performed. Seventeen of them, donated blood during the two and one-half hour operation, which from all indications has given Donna an excellent chance at a normal, healthy life.

The operation was necessary to correct an abnormality in the upper chamber of the child's heart. An opening about the size of a half-dollar prevented Donna from normal activities and cast a dark shadow over her future.

Four private airplanes were donated for use by the donors, who left Sunday and returned Tuesday afternoon. Donna was reported in good condition following the operation and will be returned to her home within the week. Planes used for the trip included two Tri-Pacers, one Aztec and one Comanche. Owners of the Aztec are E. T. Jennings, Bruce Parr and Carl Schlenker. Roy Botkin, Truett Johnson and Jennings are

owners of the Comanche. The Tri-Pacers were owned by Wayne Garth, Eddie Joe Hall and Woodie Fleming; and Joe and Delton Lewellen.

Piloting the crafts were Hall, Joe Lewellen, Botkin and Jennings. Donating blood were Billy Dean Baxter, John Renner, S. E. Beaton, Forrest Osborn, V. M. Ferguson, Bruce Parr, Ira Bruce Parr, H. P. Hamilton, Stanley Bengie, Jim Guinn, M. L.

Brown and Eldon Sparkman. Three other men also donated but reached Dallas by other means of transportation. They were Sam Bailey of Friona, Glen Harris of Gruver and Orlan Jordan, of Denton.

Jordan is a college student who heard of Donna's operation and volunteered to give blood. Rev. Bill Burton, pastor of First Baptist Church of Friona also made the trip. Donna's parents attend his church.

SECTION 1

Commissioners Open New Road

At the regular meeting of the Parmer County Commissioners Court Monday, the commissioners acted on a jury of view report, voted to pay a right-of-way claim on Highway 70-84, and conducted other routine business.

A jury of view returned a verdict of no property damage on a proposed new road site northwest of Clay's Corner. The commissioners had been petitioned to open a new road, from the southeast corner of Section 8 and northeast corner of Section 17 to the southwest corner of Section 7 and the northwest corner of Section 18.

The commission voted to open the new road and construction will start on the two-mile stretch in the near future. Two payments were authorized to be paid to H. M. Sheats for property damage on right-of-way purchased for widening of Highway 70-84.

Fund Drive Roars Toward 1960 Goal

The 1960 United Fund Drive was launched Tuesday and early indications were that the drive will pass the established goal. A 6:30 a. m. breakfast officially began the drive and by Tuesday afternoon, \$2,333 had been turned in to drive chairman Danny Mac Bainum.

While most of the work was accomplished Tuesday, several teams did not contact the persons assigned to them and some that did didn't turn in their contributions in time to be counted in the total for the day. "I feel sure we will pass the goal," Bainum reported. "We are well pleased with the way the drive is going so far." It will probably be early next week before a complete tally

of the contributions is received. Workers reported that practically everyone contacted was donating at least as much as he

did last year and several new contributors were discovered (Continued on page 7.)

Student Will Speak In Baptist Church

Samuel Titilola Gladele Akande, one of five Nigerian students now enrolled at Wayland Baptist College will speak at Calvary Baptist Church Sunday morning.

His message will be centered around Baptist Missions in Nigeria. Akande will speak at 10:50 before the regular worship service at 11:10. Akande, who served as pastor of the First Baptist Church, Fiddit, Nigeria for four years before coming to the United States, is a graduate of the Nigerian Baptist Theological Seminary, Ogbomoso, from which he received the bachelor of theology degree. He received his high school education in Ghana at Adisadel College, Cape Coast. In his homeland of West Africa, Akande served on the executive committee of the Nigerian Baptist Convention for one year. He also served on

the Sunday School Board, and was a member of the board of governors for a Baptist high school and the Baptist Seminary in Calabar, Nigeria.

Coming to Wayland on a scholarship of the Nigerian Baptist Convention, he plans upon graduation to enter the Seminary at Louisville, Ky., for further study. After his training is completed, he will return to the ministry in his homeland.

Since coming to Wayland, Akande has spoken to mission study groups, workers' conferences, churches and various other groups in the area. A junior at Wayland, he is majoring in English and psychology. He is a member of Cosmopolitan Club and Alpha Chi, national honorary scholastic fraternity. He has been nominated to Who's Who in American Colleges and Universities.

FOR CHRISTMAS--

Chamber Will Announce Plans

Plans for Friona's Christmas celebration will be disclosed next week.

Officers of the Chamber of Commerce and Agriculture plan to meet this week and have their projects underway by the beginning of next week. Last year, the chamber conducted a drawing and gave away several gifts including a new car and television set. There was no word on whether similar projects would be planned this year.

Last year the American Legion conducted a separate drawing and awarded a Shetland pony and saddle. This year that project has been taken over by Junior Chamber of Commerce. Newman Jarrell Jr., president of the Chamber of Commerce and Agriculture, indicated a visit from Santa Claus is forthcoming and the specific time will be announced soon. Christmas decorations also

will be erected in town. The remainder of the program for the Holiday Season is still in the planning stage.

As in the past, The Star will publish Letters to Santa Claus and children are urged to begin writing these as soon as possible.

FOOTBALL WINNERS--

Martell LeVeque submitted a perfect entry in the final week of the Cotton Bowl Football Contest, but his first place win was overshadowed by Buddy Squyres and Waymon Wilkins who won the grand prize.

LeVeque won the expense paid trip to the Cotton Bowl last year and his stretch drive fell only two points short of repeating the feat again in this year's contest. Squyres and Wilkins had been battling for the top spot in competition for the Cotton Bowl trip for the past three weeks. When it was decided that the two had finished the contest in a tie

Elk Reopens

Damages done by the October tornado have been repaired and the Elk Drive in has re-opened. New facilities have been installed and W. E. McGlothlin, owner, reports that he will now be able to offer better service to his movie patrons.

COTTON BOWL BOUND--Smiles of victory grace the faces of Waymon Wilkins and Buddy Squyres after they won the Cotton Bowl trip. Each holds up his final entry that nalled down the win.

Buske Gets State Agriculture Degree

Pete Buske, Friona cattleman who has been helping FFA boys with their livestock problems almost as long as there has been a chapter here, was announced recipient this week of the Honorary Lone Star Farmer Degree.

Buske is one of the few

individuals other than an ag teacher to receive the award. About 10 presentations are made each year.

Buske has helped sponsor the Parmer County Junior Livestock Show held in Friona each year, helped boys select their calves throughout Parmer County and has invited FFA boys to use his cattle pens for handling their livestock.

The awards are presented by the State FFA Association. Buske was recommended for the honor by teachers of Parmer County.

"We are very happy to have him recognized for his local work," said J. D. Lane, instructor in Friona vocational agriculture department.

Farmers Union Slates Meeting

Members of the Friona Local of Farmers Union will elect officers and representatives to the state convention next week at a Friday night meeting.

The session will be conducted in the Production Credit Building on Sixth Street and all members are invited to attend.

Blaze Damages Home Sunday

Fire did minor damage to the home of Henry White in Friona Sunday during one of the worst sand storms of the year.

Firemen were called to the home and found a wall burning that had been ignited by a small heater in the bathroom. The blaze was quickly extinguished.

Jaycees Plan Pony Drawing

Friona Junior Chamber of Commerce will give away a Shetland pony and saddle on Christmas Eve, Dec. 24.

The project, adopted at a Monday night meeting, gives the Jaycees a full slate of activi-

ties between now and Jan. 1, with the club scheduled to receive its charter Dec. 17.

The charter will be presented by state Junior Chamber of Commerce officers at the Jaycee Banquet. It will be conducted in the school cafeteria and will begin at 8 p. m.

Tickets will be \$2 each. Decision to give away the pony was made and Virgil Phipps was placed in charge of a committee to purchase the pony and handle ticket sales.

Tickets on the pony will be \$1 each and will go on sale Monday.

Winner of the pony will be notified after a drawing at 2 p. m. in City Park.

In other business, Troy Young was elected president to complete the unexpired term of Bill Lane, who resigned since he will be moving from Friona soon.

Young moved up from vice president and Jack Burnett was elected to fill the vacancy left by Young's promotion.

Proceeds from the pony drawing will be used for Jaycee community projects. The club currently has plans to construct a rodeo arena here.

Lions Will Sell Yule Trees

Friona Lions will set up their Christmas Tree lot in City Park Friday and continue to operate it through the Christmas season.

No business establishments in Friona will well Christmas trees this season.

Squyres, Wilkins Tie; Both Going To Game

for the prize, they decided to both go to the game instead of using a tie-breaker.

Mrs. W. R. Mabry and Thelma Watkins divided second and third prize money as the contest came to a close.

The winners missed only 28 games out of a possible 104. Richard Hapke and John Renner were close behind with 29 mistakes compiled over the entire 13 week contest.

Eight Friona businesses, in cooperation with The Star sponsored the contest. Interest was high most of the season with

over 100 persons entering. Sponsoring firms were Rushing Insurance Agency, Friona Motors, Friona Wheat Growers, Bi Wise Drug, Balnum Butane, Piggly Wiggly, Rockwell Bros. & Co. and Reeve Chevrolet.

Wilkins and Squyres will have hotel reservations and expense money in addition to their tickets to the Cotton Bowl Classic, which will be played Jan. 2.

The game will pit Southwest Conference Champion Arkansas against Duke University. Neither Squyres nor Wilkins

has ever seen a bowl game, although each has seen a college contest. Both are avid football fans and are looking forward to the trip.

THE-FINAL STANDINGS

Waymon Wilkins	28
Buddy Squyres	28
John Renner	29
Richard Hapke	29
Jeffrey Price	30
Martell LeVeque	30
Thelma Watkins	31
Phyllis Squyres	31
Mrs. W. R. Mabry	32
Mildred Agee	32

THE FRIONA STAR

J. Vernon Stewart, Editor

Entered as second class mail matter July 31, 1925, at the post office in Friona, Texas, under the Act of March 31, 1897. Published each Thursday.

In Farmer County \$3 Per Year
Elsewhere \$4 Per Year

Letters to the Editor

Dear Vern,
I recently learned of an incident in our community which has prompted me to write. Some of our citizens are indulging in Pheasant hunting—for sport or for food—I know not which. Farmer Co. has not always abounded in wild life and game birds, and does not now have enough of these beautiful birds

to afford us the privilege of shooting them. A few far-sighted people brought these birds to Farmer Co. some years ago and a great number of people, just as a matter of pride, have guarded and protected them by refusing to shoot them or by refusing to allow them to be shot on their premises. I cannot believe that those who shoot these birds here are doing it for sport, for it is not sport to shoot anything as scarce as pheasant in Farmer Co., when it has to be done without an "open season," and

when the very act itself must be hidden to keep from arousing public indignation. Nor do I believe it is done for food. Chicken is cheaper. With the help of all our citizens, we may someday, have enough pheasant to afford an "open season," when everyone would have the same legal opportunity to participate in a great sport, openly and with a feeling that we helped make pheasant hunting in Farmer Co. possible.
Sincerely,
Steve Struve.

THE STATE OF TEXAS COUNTY OF FARMER

In the Name and by the Authority of The State of Texas

To: Sarah D. Olson, her unknown husband or husbands, and should she be deceased, her unknown heirs, assigns and legal representatives, and all unknown claimants, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 154th Judicial District, Farmer County, Texas, wherein the State of Texas, County of Farmer, and High Plains Underground Water Conservation District No. 1 are plaintiffs; and City of Friona, and Friona Independent School District are impleaded party defendants, and Sarah D. Olson, her unknown husband or husbands, and should she be deceased, her unknown heirs, assigns and legal representatives, and all unknown claimants, are defendants, by the filing by said plaintiffs of a petition on the 18th day of November, 1960, and the file number of said suit being No. 2169 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

All of Lot 5, Block 98, of the Original Town of Friona, Farmer County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: State of Texas, \$5.04, Farmer County, \$7.26, High Plains Underground Water Conservation Dist. No. 1, \$.09, Farm - to - Market, \$.12, TOTAL \$12.51.

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against

said property. You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 2nd day of January, A. D. 1961 (which is the return day of such citation), before the honorable District Court of Farmer County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Farwell, Farmer County, Texas, this 18th day of November, A. D. 1960.

Baptist Women Observe Special Week Of Prayer

Southern Baptist women throughout the convention will meet each day of the week from Nov. 28 through Dec. 2, for prayer and a study of foreign mission work.

Christmas Tree Sale

The young people of the Assembly of God Church are selling Christmas trees at a location west of the Lakeside 66 Station. There will be all sizes of fir trees. The proceeds are to be used for a sidewalk fund.

Troop 144 Met Monday

Girl Scout troop 144 met Monday after school. When we got there we had refreshments. Nora O'Brian talked to us about our laws and what they mean. Some of the girls put on skits about one of the ten laws. We drew names for Christmas.

Those who were present were Linda Fallwell, Cindy Ingram; Lou Cochran, Karen Agee, Brownie Cole, Linda Estep, Shirley White, Donna Shackelford, Becky Turner, Carolyn Kirby, Glenda Mingus, Kathy Jones, Martha Martin, Sue Rogers and Vicki Moorman. Leaders present were Sue Smith and Nora O'Brian. Reporter, Vicki Moorman

Party Honors Lyndia Chandler

Lyndia Chandler was honored with a birthday party in the home of her parents, Mr. and Mrs. James Chandler, Tuesday evening, Nov. 22.

After a session of games, birthday cake, sandwiches and punch were served to Jill Blackburn, Phyllis Holcomb, Monte Sue Welch, Janet Stevick, Janet Rushing, Willie Grace Grubbs, Frieda Floyd and Patsy Rule.

Also Rickey Coon, Eugene Weatherly, Tim Herring, Larry Johnson, Paul Hargus, Bing Bingham, Johnny Claiborn, James Carroll Wilson, Bobby Horton, Eldon Long and the honoree.

The group will learn about the multitudes that are hungry, diseased and fearful, and how many people will be taught of God through mission work. Christians here will be moved with compassion to pray and to give more of their time and money.

The times for the services of the women of the First Baptist Church in Friona were Monday and Tuesday mornings at 9:15; the brotherhood had charge of the Wednesday evening meeting and the other services will be Thursday at 2:30 p.m. and Friday morning at 9:15.

The programs are inspirational and everyone is invited to attend the remaining services.

Club Has Thanksgiving Program

The Friona Woman's Club met for their regular session Wednesday, Nov. 23, at the club house for their Thanksgiving program "Life is Giving."

Mrs. Ed Boggess gave the devotional "A Lift for Living" taken from 1 Thessalonians 5: 16-18.

Rev. Wallace Kirby, pastor of the First Methodist Church, was a special guest and he spoke on "The Abundant Life."

The hostess, Mrs. Roy Slagle, used the Thanksgiving theme in the serving decorations.

Others present were Mesdames L. F. Lillard, Pearl Kinsley, Floyd Schlenker, Wesley Hardesty, U.S. Akens, Fred White, Charles Russell, Ed White, Joe Moyer, T. E. Lovett and M. J. Stacy.

Mr. and Mrs. Johnnie Benger spent Thanksgiving in Borger at the home of Mrs. Benger's mother. They attended a family reunion with Mrs. Benger's sisters and families.

Officers Elected At Scout Meeting

A meeting of Scout troop 56 officers was held November 21 in the Community Room of the Bank Building. The purpose of the meeting was to review the past year's records of the troop, and plans were made for the coming year.

Officers elected were Hudson P. Phillips Jr., chairman; Glenn Reeve, treasurer; "Barney" Barnett, Steve Messenger and Wallace Kirby, committee members. Hayden Cayson will continue as scoutmaster with Robert E. (Preach) Collier as assistant scoutmaster.

Troop 56 meets every Monday at 7 p. m. in the basement of the American Legion building. The troop is sponsored by the Lions Club of Friona. Boys who are interested in becoming scouts and their parents are invited to attend the meetings. This troop has 18 members.

Others present at the meeting were Ken Williams, Boss Lion; W. M. Teague, assistant scout executive from Amarillo; L. N. Machuca, District Scout executive and one visitor, Hugh Crume.

Maggie Hamlin Circle Meets With Mrs. Cass

The Maggie Hamlin Circle of the Woman's Society of Christian Service met in the home of Mrs. Kenyth Cass Wednesday, Nov. 23, at 9 a. m.

Mrs. Meryle Massie presided over the meeting. The opening prayer was led by Mrs. H. R. Cocanougher. Mrs. Jean Anthony reported for the Study and Action committee and Mrs. Wallace Kirby concluded the study "Basic Christian Beliefs."

Deloris Clement Student Teacher

Mrs. Deloris Clement, daughter of Mr. and Mrs. George W. Fleming, Friona, is one of the 250 North Texas State College students enrolled in the program for the preparation of teachers. Under the guidance of the classroom teacher and a college supervisor, the student teachers assist in planning and carrying out the regular instruction program.

Eddie Kent Houston KDUB-TV Parmer Baby

Eddie Kent Houston, son of Mr. and Mrs. H.G. Houston, who was born at 1:18 p.m. Sunday, November 13, was named KDUB-TV Parmer County television baby of the year by the station.

His birth was announced by the television station on the day of his birth, which was the station's anniversary birthday. He will receive a television bank with 13 shiny new pennies and will be invited to the KDUB-TV birthday party each year.

Eddie Kent weighed 7 lbs. 12 ozs. and is the grandson of Mr. and Mrs. T.L. Houston Sr. and Mr. and Mrs. J.L. Stowers. He is the first son

SENIOR FARM SKILL--This team brought back one of the first place banners from the banquet. Left to right, the boys are Earl Crow, alternate; Tom Gee, Danny Carmichael and Bobby Daniel.

Births

The following births were recorded by the Parmer County Community Hospital with Justice of Peace Thelma Jones. Sulle Rene Deyke, daughter of Mr. and Mrs. Elmer Deyke of Route 2, Friona, weighed 8 lbs. 15 1/4 ozs.

Bruce Kyle Smith, son of Mr. and Mrs. Rodney Neil Smith of Bovina, weighed 8 lbs. 8 ozs. Warren Daniel Haws, son of Mr. and Mrs. Walter Haws, Friona, weighed 7 lbs. 10 1/2 ozs.

Eddie Kent Houston, son of Mr. and Mrs. H. G. Houston of Friona, weighed 7 lbs. 12 ozs.

Dorinda Janet, daughter of Mr. and Mrs. Alan H. Neff of Hereford, weighed 7 lbs. 13 1/2 ozs.

Association Offers Free Polio Shots

Members of the Tierra Blanca County Medical Society of Friona, Hereford, Dimmitt, and Tulia recently voted to offer free polio shots to those persons unable to pay for them.

To acquire these shots, persons should contact Judge Loyde Brewer and get a slip of paper that makes them eligible to receive the shots. No extensive questioning will be conducted and anyone unable to pay for polio shots may receive the free polio protection.

An Announcement Of A Reduction In Interest Rate To 6 Per Cent Effective December 1, 1960

The Association borrows all the money it lends from the investing public (corporations, individuals, banks, etc.) through the Intermediate Credit Bank at Houston. Interest on this money largely determines the interest rate the Association charges. Cost of money on the Nation's money markets has declined in recent months. This reduction is therefore passed on to those who borrow from the Association.

Unique screw-down winding-crown gives double protection

EVERY ROLEX OYSTER watch is fitted with the exclusive Rolex patented "Twinlock" winding-crown. Itself 100 per cent waterproof, it is made to screw down into the case and forms a second seal against the arch-enemies of a watch movement—water, dirt, dust and perspiration.

The "Twinlock" crown is a sturdy, integral part of the watch case, not a weak projection liable to break under strain.

This is just one of the reasons for the amazing reliability of Rolex watches—probably the strongest and most accurate you can buy.

ONE-STOP SHOPPING FOR A NEW CAR at your Chevrolet dealer's!

Now you can make your car-shopping rounds the easy way—all under one roof! For '61 your Chevrolet dealer offers nearly any type of car you could want—at the kind of price that'll make you want it all the more. There's a whole new crop of Chevy Corvairs with lower priced sedans and coupes and four wonderful new wagons unlike any ever built before in the land. There are new Chevy Biscaynes—the lowest priced full-size Chevrolets, beautiful Bel Airs, elegant Impalas, six easier loading Chevy wagons, including three 9-passenger models.

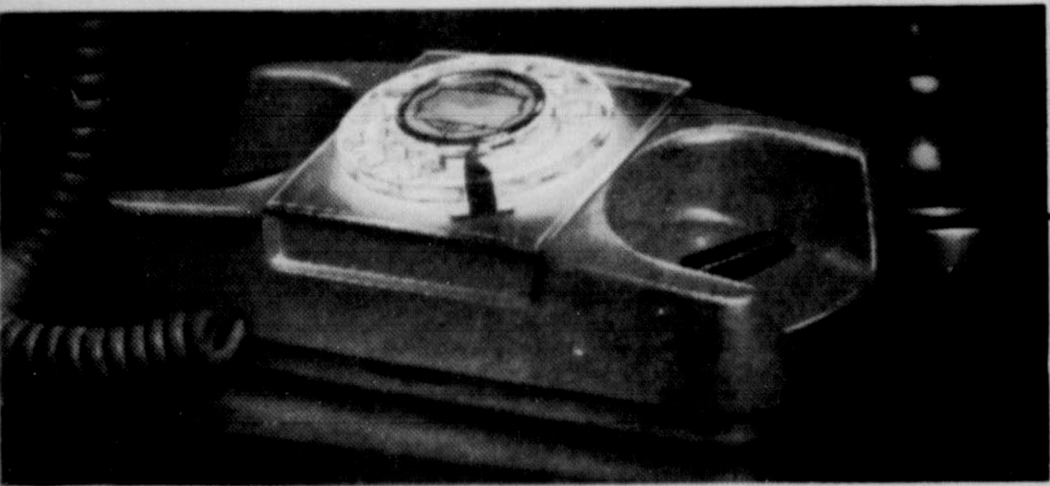

Come in and pick and choose to your heart's content!

Always a phone at hand in a home that's Telephone-Planned!

Automatically lights at night

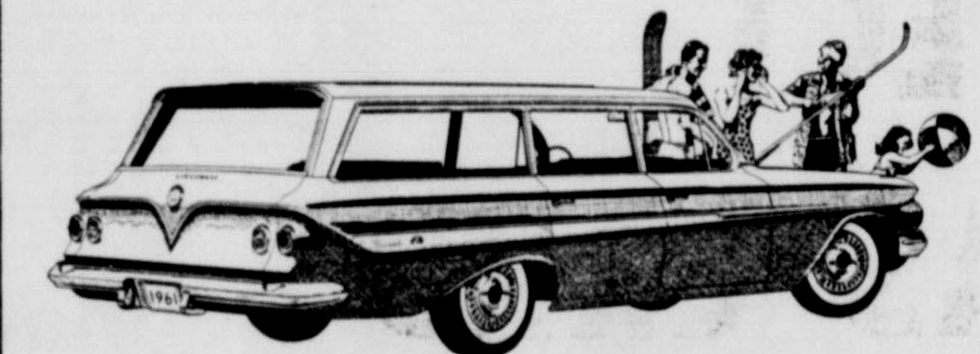

Compact beauty...
 new Starlite phone

Only half the size of a desk phone, smart little STARLITE® brings new beauty and convenience to telephoning. Slender and light, its amazing PANELESCENT® dial glows automatically all night for easier dialing (and for less than 1¢ per year for electricity). You can even find it and dial it in the dark! Simply turn a tiny knob, the dial glows bright enough to serve as a night light.

Somewhere in your home is an ideal place for this practical little extension phone. Just call our business office and order your STARLITE today. Available in five decorator colors to match any room. Remember, the second phone costs far less than the first.

GENERAL TELEPHONE
 America's Largest Independent Telephone System

New '61 Chevrolet NOMAD 9-PASSENGER STATION WAGON

There are six easier loading Chevrolet wagons for '61—ranging from budget-pleasing Brookwoods to luxurious Nomads. Each has a cave-sized cargo opening measuring almost five feet across and a concealed compartment for stowing valuables (with an optional extra-cost lock).

New '61 Chevrolet IMPALA 2-DOOR SEDAN

Here's a new measure of elegance from the most elegant Chevrolets of all. There's a full line of five Impalas—each with sensible new dimensions right back to an easier-to-pack trunk that loads down at bumper level and lets you pile baggage 15% higher.

New lower priced '61 CORVAIR 700 CLUB COUPE

There's a whole crew of new Chevy Corvairs for '61—polished and perfected to bring you spunk, space and savings. Lower priced sedans and coupes offer nearly 12% more room under the hood for your luggage—and you can also choose from four new family-lovin' wagons.

New '61 Chevrolet BEL AIR SPORT SEDAN

Beautiful Bel Airs, priced just above the thriftiest full-size Chevies, bring you newness you can use: larger door openings, higher easy-chair seats, more leg room in front, more foot room in the rear, all wrapped up in parkable new outside dimensions.

New '61 Chevrolet 4-DOOR BISCAYNE 6

NOW—BIG-CAR COMFORT AT SMALL-CAR PRICES—Chevy's new Biscaynes, 6 or V8, are built to save in a big way. They offer a full measure of Chevrolet quality, roominess and proved performance, yet they are priced right down with many cars that give you a lot less.

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

REEVE CHEVROLET CO.
 Friona, Tex.

H. C. Winburn Speaks On Preserving Freedoms

Preservation of our American freedoms was the basis of a talk by H. C. Winburn of Amarillo at a Monday evening meeting at Friona Masonic Hall. Some of the dangers pointed

out by Mr. Winburn were those of socialistic practices in our government, in federal control of public schools and the complacency of Americans in general.

Hostesses for the barbecue supper which preceded the talk were members of the Eastern Star. Special guests other than Mr. Winburn were his wife and daughter, both of Amarillo, and a large number of Master Masons and their wives.

Mr. and Mrs. Bud Elmore were guests in the home of Mr. and Mrs. Dale Spivey of Dallas during the Thanksgiving holidays.

Mr. and Mrs. Alvin Brooks, Mrs. Helen Williams and Mr. and Mrs. Gary Brooks were Thanksgiving guests of Mr. and Mrs. Urschel Perkins of Hereford.

Visitors last weekend in the home of Mr. and Mrs. John Bengener were Mr. and Mrs. L. A. Eyer of Beaver, Okla. They are friends of the Bengeners.

Mr. and Mrs. John Bengener spent Thanksgiving at Fargo, Okla., with Mrs. Bengener's brother and wife, Mr. and Mrs. Loyd Bengener and their daughters and families. Mr. and Mrs. Loyd Bengener came home with the Bengeners to spend the weekend, returning to their home by train late Sunday evening.

Mr. and Mrs. J. T. Gee and Tom visited with Mr. Gee's mother, Mrs. J. S. Jackson at Carbon, Tex., during the Thanksgiving holidays. They were accompanied by Mr. and Mrs. Owen Houston and Robin of Canyon.

Mr. and Mrs. Bud Reed left Wednesday to visit with Mr. and Mrs. George Reed and family in Keys, Oklahoma. They also were guests of Mr. and Mrs. Frank Vassios and family of Boise City, Okla. The Reeds returned to Friona Friday.

ALLEN'S JEWELRY

Fund--
so there is a good possibility the drive will shoot over the \$5565 goal.

The breakfast, held in Fellowship Hall of the Methodist Church, was served by Friona Club Women and was well attended. Some of the teams that attended, did not immediately begin working due to personal conflicts so the drive will probably last until the end of this week.

Also, workers in rural communities had not reported in Tuesday because it is more time consuming to contact contributors in rural areas than in the city.

School Gets Charter For Society

Faculty sponsors in Friona High School have been notified that their request for a chapter for a National Honor Society Chapter here has been approved.

The charter has been received and plans are underway for selection of the first members of the Friona Chapter. Four basic factors enter into selection of students -- character, leadership, service and scholarship.

Junior and senior students are eligible for full membership, and sophomores may become probationary members. Installation services will be conducted as soon as candidates for membership have been selected.

"The faculty believes that the establishment of the National Honor Society here will be another important factor in making Friona High School one citizens will be proud of," said a faculty member.

Jacquelyn Magness To Shower Honoree Scout Troop

Jacquelyn Magness was honored with a lingerie shower Saturday, Nov. 26 in the home of Mrs. C.B. Buska. Other hostesses were Mrs. Rick Styles, Mrs. Philip Weatherly and Lila Gay Buske.

The serving table was covered with a red net cloth

over white and centered with a small Christmas tree decorated with miniature lingerie. Cake, coffee and tea were served to the guests.

Attending and sending gifts were Mrs. Leon Massey, Mrs. Don Reeve, Rita Holmes, Janet Snead, Mrs. Jon Mac Roden, Pamela Roden, Mrs. Weldon

Fairchild, Mrs. A.L. Black, Levada Hand, Kitty Black, Carole Cowser, Celia Dee Weatherly, Sue Baxter, La Joyce Burrow, Charlotte Bock, Mrs. Wesley Barnett, Adelle Smith, Mrs. Larry Fairchild, Mrs. Jerry London, Jonnie Hand, Mrs. Jim Carlson and Mrs. Ralph Roden,

Scout Troop Has Meeting

Boy Scout troop 53 met November 23 for their regular meeting at 7 p.m.

The boys practiced rope tying and judging height. The troop did some exercises followed by a game session.

Closing ceremonies were performed by Mike and Joe Bob. Troop 53 will meet every Tuesday evening at 7 p.m. at the old Bakery building next to Kinney's Drive-in.

CHURCH WOMEN WILL HAVE MEETING

The interdenominational women will have a meeting at the First Baptist Church Friday, Dec. 2 at 2 p.m.

Mrs. Katie Osborn will be in charge of the program.

Golden Wedding Anniversary Observed By Mr. And Mrs. Osborn

Mr. and Mrs. W.C. Osborn observed their Golden Wedding Anniversary with a tea in the home of their daughter and son-in-law Mr. and Mrs. Howard Ford, Sunday, Nov. 27, from 2 to 5 p.m.

Hosts and hostesses included Mr. and Mrs. Forrest Osborn and sons, Carl and Teddy, Mr. and Mrs. Ernest Osborn and children, Karen and Joel, and the Ford children, Kenneth and Chloe Ann. Other members of the house party were Mr. and Mrs. Claude Osborn, Mr. and Mrs. Neil Osborn of Hope, Arkansas, and Miss Lois Norwood.

The serving table was centered with an arrangement of white,

glitter tipped chrysanthemums, gold leaves and sprays of plastic rain, topped with a large gold "50." The beautiful four tiered cake decorated with yellow rose buds and gold leaves and topped by a gold ruffled heart with white satin streamers, was made by Mrs. Forrest Osborn. Other floral arrangements throughout the house carried out the traditional golden theme.

Mr. and Mrs. Osborn were married at a home ceremony Nov. 27, 1910, in Swearingen, Texas. The couple moved a few years later to Memphis and then to Lubbock. They moved from a farm in Lubbock county to Friona Jan. 31, 1927, and have been living here since.

The first Sunday here the entire family placed their membership in the local Methodist Church, and have continued to be active there and in many community affairs. Mr. Osborn enjoys singing and string music, and for some years was song leader for the church. He also served on the official board as Charge Lay Leader, Sunday School superintendent, and presently as assistant teacher of the Men's Bible Class.

Mrs. Osborn's hobby has always been growing flowers, pot plants and making gardens. She formerly was quite active in Home Demonstration and 4H Club work. She has served as Church School teacher, president of the Woman's Society of Christian Service, and wears an honorary Life Membership pin presented to her by the organization.

The couple presently resides at 800 Columbia Ave., one block from the church which they attend regularly.

Those present for the occasion and sending gifts were Mrs. Della Osborn, Mrs. Kate Brookfield, Mr. and Mrs. E.D. Matlock of Plainview, Mr. and Mrs. W.B. Norwood, Mr. and Mrs. Henry White and Don, Mr. and Mrs. W.H. Kirby, Carolyn and Pat, Mr. and Mrs. J.L. Shaffer,

Mr. and Mrs. Tom Lewellen and Tommy, Mrs. Pearl Hand, Mr. and Mrs. George M. Baker and Mr. and Mrs. W.W. Anthony Sr.

Also Mr. and Mrs. Bud Reed, Mr. and Mrs. H.G. White, Mrs. J.B. McFarland, Mr. and Mrs. J.G. McFarland, Mr. and Mrs. Floyd Brookfield, Ronnie and Joan Gail, Mr. and Mrs. Herschel Johnson, Kay and Bob, Mr. and Mrs. Dave Moseley, Mr. and Mrs. Folster Rector, Mr. and Mrs. Joe Collier, Mr. and Mrs. Raymond Jones, Mrs. C.M. Jones, Mr. and Mrs. Bob Hale and girls and Mr. and Mrs. Joe Moyer.

Also Mrs. Charles Holmgren, Mr. and Mrs. C.M. Phipps, Mr. and Mrs. Kenyth Cass, Mr. and Mrs. Cayson Jones, Mrs. A.S. Curry, Mr. and Mrs. C.A. Turner, Mr. and Mrs. Bob Ginsburg, Mrs. R.W. Ginsburg, Mrs. C. L. Vestal, Mrs. Lem Miller, Mr. and Mrs. Charles Russell, Mr. and Mrs. Ralph Shelton, Mr. and Mrs. Monroe White, Mr. and Mrs. George Taylor and Lisa and Mr. and Mrs. Sloan Osborn and Rob.

Also Mr. and Mrs. R. G. Clements, Mr. and Mrs. W.D. Skipworth and Jimmy, Mr. and Mrs. E.E. Houlette of Plainview, Mr. and Mrs. Dick Rocky, Mr. and Mrs. H. H. Elmore, Mr. and Mrs. Floyd Kizzia of Hope, Ark., Mr. and Mrs. Allen Stewart, Mr. and Mrs. Arthur Drake, Mrs. A. O. Drake, Mrs. E.H. Lewis, Mr. and Mrs. Ralph Taylor, Mr. and Mrs. O.F. Lange, Mr. and Mrs. Granville England and Mr. and Mrs. Ernest England.

Also Mr. and Mrs. Paul Hall, Mr. and Mrs. Bill Stewart, Mr. and Mrs. Frank Spring, Mr. and Mrs. Charles Allen, Mr. and Mrs. Bill Nichols, Mr. and Mrs. Wright Williams, Mr. and Mrs. Jack Moseley, Lola Goodwine, Mr. and Mrs. Jack Nelson, Jane Fulgham, Mrs. James W. Cunningham, Mrs. Owen Green, Peggy Taylor, Dale Smith and Jerry Hinkle.

Something To Think About

6th. Street Church of Christ
Box 515 -- Friona, Texas

"O Jerusalem, Jerusalem, thou that killest the prophets and stonest them which are sent unto thee, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wing, AND YE WOULD NOT." (Matthew 23:27) The prophet Isaiah uttered the same tragic refrain in the long ago when he said, "THEY WOULD NOT." Thus runs the history of mankind. God, always ready and willing to save; God, always ready to demonstrate his eternal purpose for the well-being of his creation. On the other hand we find mankind, God's most cherished creation, indisposed to accept his most gracious gift, eternal life. Poor, wretched men that we are, shunning the invitation of a loving God.

Perhaps we fail to realize what we are casting aside. Possibly many of us fail to realize that we are denying self of the only secure refuge in times of trial; the only genuine consolation in times of sorrow; the only dependable hope; joy instead of tears; life instead of death. All this, and much more is ours through obedience to His Holy Will. There's the key - OBEDIENCE. "Not everyone that sayeth unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that DOETH the will of my Father which is in heaven." (Matthew 7:21)

BROWNIES RECEIVE PINS--Pictured first row: Kathy Latham, Janetta Cole, Pat McVey, Cindy Campbell, Glenda Deaton and Regina Duke. Second Row: Patsy Bolston, Amy Renner, Connie Fallwell, Mary Sachs and Sheila Awtry. Third row: Linda Perkins, Jayn Massey, Gloria Brown, Susan Floyd, Susan Spring, Gay Welch and Bucy Traylor.

Friona H.D. Club Met With Mrs. Taylor

The Friona Home Demonstration Club met with Mrs. L.D. Taylor Tuesday, Nov. 22, for the regular meeting.

The members completed the stuffed toy project they had begun. The toys will be sent to the Carrie Tingle Crippled Children's Home.

The hostess served cake and coffee to Mrs. Wesley Hardesty, Mrs. Paul Williams, Mrs. Albert Fields, Mrs. J. R. Varner, Mrs. Glenn Reeve Jr.,

Mrs. J.B. Williams and Mrs. Walter Cunningham.

The next meeting will be December 13 in the home of Mrs. Waymon Wilkins. This will be a Christmas party and the members will exchange gifts.

The Church - Man's Link With His God.

Years ago a marvelously skilful craftsman worked in a tiny shop in one of our cities. He specialized in the restoration of what appeared to be hopelessly broken things. When a patron brought a ruined vase, a shattered statue, a shattered glass to him, there was no hope until it was entrusted to his care!

With loving patient care, he would slowly fit together the fragments. By his clever skill, the broken thing would be made whole again. Years of the most patient, careful, persistent toil had gone into the mastery of his skill. No other possessed it; it was this man's alone!

The comfort of God is like that! It is God's skill, and no human has ever acquired it - and never will! As long as our broken and sinful lives are left in our hands, they remain broken. Only by placing them in God's hands can they be restored.

AS MILO GROWERS--

We're Out Of This World

22 Million Bushels Sets New Record

In spite of the fact that widespread hail damage cut down on the overall total of this year's crop, grain sorghum production in Farmer County this year apparently hit another all-time high.

When everything is totaled--the amount of grain going into commercial storage, the grain being stored on the farm, and the grain that went into elevators outside of Farmer County--the overall production will probably be in excess of 22 million bushels.

A check with the 20 elevators in Farmer County this week revealed that the commercial grain businesses have handled about 19 1/2 million bushels. This amount, coupled with the more than 2 million bushels that went into storage granaries on the farms, pushes the total near the 22-million mark.

Considering that the Farmer county ASC office does not have a record of all "on farm storage," since not all of it will go into government loan, Farmer County Agent Joe Jones says that the overall county production will probably exceed 22 million bushels.

Last year's grain sorghum production was between 21 and 22 million bushels, so indications are that this year's overall crop is as good and probably a little better than the record high of last year.

"Up, up, up," has been the yearly trend in the production of grain sorghum in Farmer County and this year's yields would have been considerably higher than a year ago had it not been for the hail damage received in September.

Up until that time, the large amounts of moisture received during the growing season had been highly beneficial to the crops. But the hail did take its toll in every section of the county and for a while it ap-

peared as though the yields would be much lower than had been anticipated, and certainly lower than last year's "bumpier" crop.

Where there was severe hail damage, individual yields were quite low, but elevator men all over the county report that the overall average this year was "surprisingly high."

Some yields were exceptionally low, and in areas where there had been no hail yields went as high as 8,000 pounds. According to the elevator men, the overall average was somewhere in the neighborhood of 4,500 pounds.

Some of the elevator operators said they handled more grain than a year ago, others said they handled about the same, and few said they handled less.

One other form of grain storage that has been increasing during the past few years has been the "on the farm" steel structures. Prentice Mills, Farmer County ASC manager, says that this type of storage, on which his office will issue government loans, will total approximately 120 million pounds of grain.

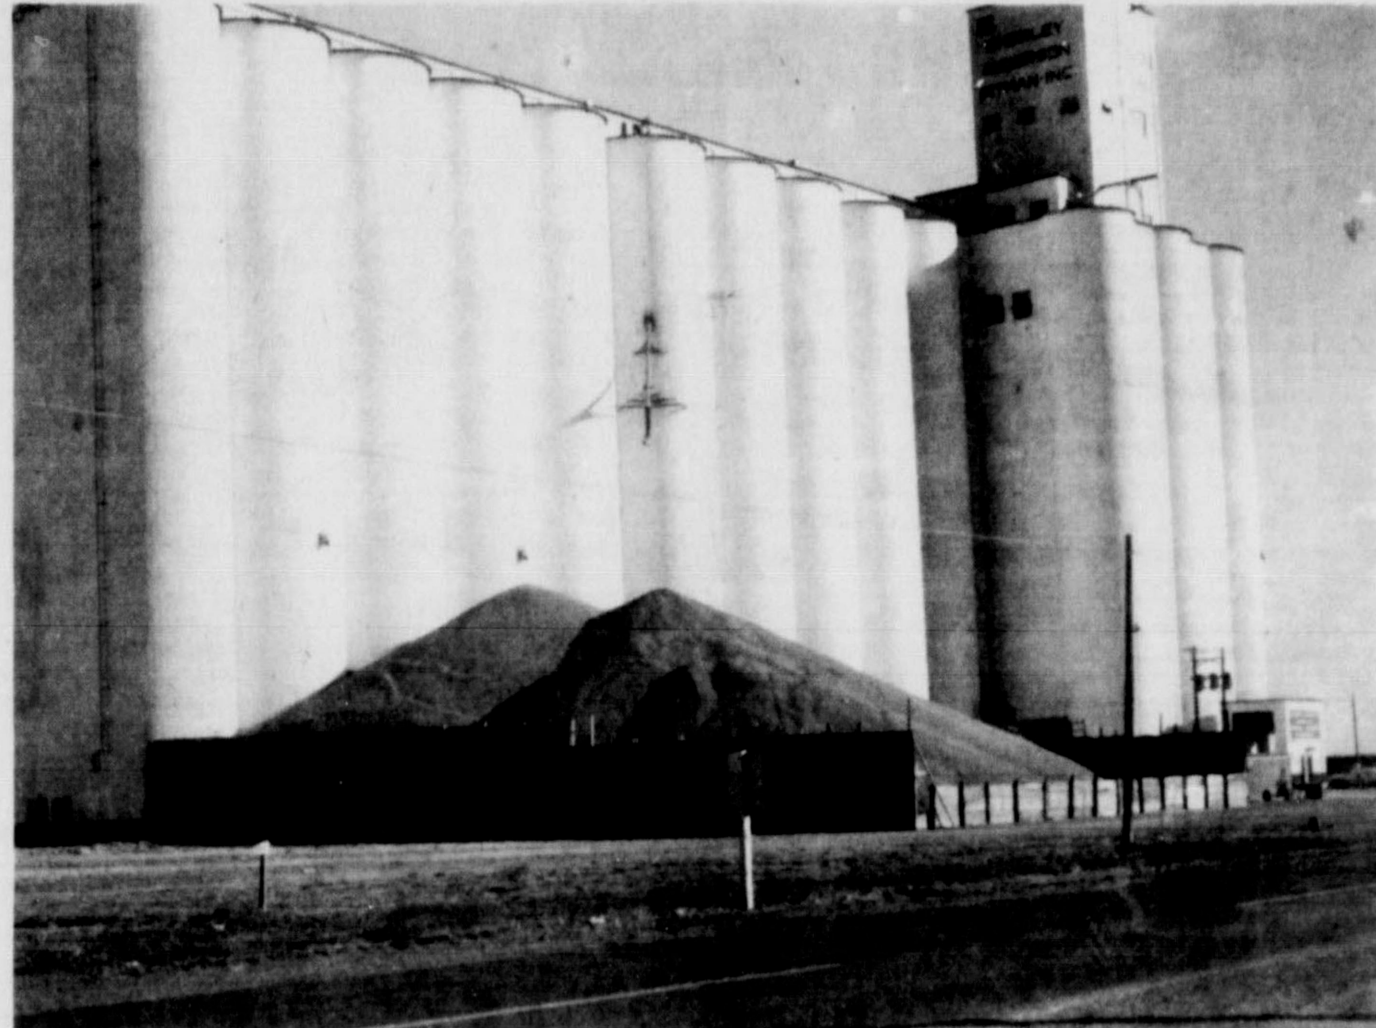

On Monday of this week Mills said that loans to farmers for farm storage had already been made on 50 million pounds of grain sorghum. Since the deadline for applying for these loans is not until January 31, he estimated that loans would be made on at least 120 million pounds.

Last year loans of this type were issued on more than 100 million pounds of grain.

Getting back to the commercial grain storage businesses, at Friona, Preach Cranfill of Continental Grain Company said that the harvest in that area was about the same as last year. "Had it not been for the hail it would have been better," Cranfill said.

A similar story was heard

THE HIGH PLAINS FARM AND HOME

from the elevator men in the area around Black. Pete Braxton of Tri-County Grain said this year's harvest was "about the same" as last year's and Paul Fortenberry of Black Grain Company said it was as good if not better and "would have been much better had it not been for the hail."

Most of the grain men at Texico-Farwell said there was no way to compare this year's crop with last year's. There was probably more severe hail damage around Farwell than anywhere else in the county, and where there had been hail yields were quite low. However, where there wasn't hail, some of the yields were higher than they'd ever been before.

Herb Potts of Worley Grain said that there was more grain than he had expected after the hail.

Hail damage in the Bovina area was not as severe as it was in places around Farwell, but what hail there was covered a large area. Therefore, representatives of the three elevators there were of the opinion that overall production around Bovina was a little less than a year ago.

However, one elevator reported handling more grain than a year ago.

All of the elevator managers were not available for comment, but a report on the amounts of grain handled was received from all the elevators but one.

From the totals reported, it appears that this year's overall production is the highest in

the county's history. This is in line with a general trend that has been taking place during the past decade.

The reason for the continued record yields being irrigation, fertilizer, new improved hybrid varieties, and each year more intensified farming procedures.

"The great delusion of the people is that Communist dictatorship can come upon them only through conspiracy and use of military power and that a revolution must occur."

--E. C. Riegel

"The very mark of capitalism is that supreme power in all economic matters is vested in the consumers."

PLENTY OF GRAIN in spite of the hail, as attested by this picture of the Sherley-Anderson-Pitman elevator in Farwell. Widespread hail damage cut down on the overall total, but it didn't keep Farmer County as a whole from having another "banner" grain sorghum year. Elevators are still overflowing.

Two Sugar Beet Meetings Slated

Two more meetings of interest on sugar beets are slated in the county during December, reports County Agent Joe Jones.

The first meeting will be in the Farwell City Hall at 7:45 on Thursday, December 8, and the second one will be at the Bovina School Cafeteria, also at 7:45, on Monday, December 12.

Representatives of the Texas Sugar Beet Association from Hereford will be on hand to discuss legislation awaiting the 1961 congress that may open the

door to production in this area, Jones says.

All farmers interested in the sugar beet program are urged to attend one of these meetings.

"No man is good enough to govern another man without his consent." --Abraham Lincoln

Engineer Suggests Irrigation Of Sloping Land Not Profitable

"We are wasting our valuable irrigation water by applying the water to land with 1% to 3% slope," James Valliant, Water Engineer at Halfway, said today.

Valliant is completing the first of several years' testing at the High Plains Research Foundation to determine the value of water applied to grain

sorghum on a level bench and on sloping land.

Three plots of the same area were planted in grain sorghum, one on a bench and the other two were planted directly down the slope varying from 1% to 3%.

The level bench received 16.9 inches of irrigation water per acre with no run-off. The grain sorghum yield was 5,800 pounds per acre.

One of the sloping areas received the same 16.9 inches of water but 2.5 inches per acre or 15% of the applied water was lost in run-off. The yield on this plot was 3,900 pounds per acre.

The second area on the slope was irrigated both pre-plant and during the growing season so that the soil contained adequate moisture at all times. This irrigation procedure required 24.5 inches of water, per acre with 5.9 inches lost by run-off. Grain sorghum yield on this area was 3,700 pounds per acre.

"The loss in water run-off and top soil erosion alone would be enough to justify benching," Valliant said. However, the additional profits from the 2,000 pounds per acre increase on the bench yield makes benching profitable.

Weeds were controlled and the borders on the benches maintained with a custom-made bordering machine and by use of a propane burner.

\$3,000 Grant To Research Foundation

High Plains Research Foundation of Plainview has been awarded a \$3,000 grant by International Minerals & Chemical corporation for soil fertility and plant nutrition research.

The IMC grant is to study phosphate and magnesium needs of irrigated crops in the High Plains area.

Heading the study will be Dr. Thomas C. Longnecker, director of the foundation.

IMC research grants have provided more than one million dollars for agricultural studies.

"Only a free man can possibly be moral. Therefore if men are free to do what is right they must necessarily be free to do wrong. That is what we mean by moral responsibility."

The HAPPY HOMEMAKER

BY JUNE FLOYD

The following paragraph will probably hold a surprise for most homemakers.

"Every 46 minutes in 1959, fire claimed a life in the United States, according to the National Board of Fire Underwriters. There were an estimated 11,300 fire fatalities during the year."

Since a lot of fires usually occur during the Christmas season, we have selected two lists of suggestions that every homemaker should read and encourage each member of her family to read.

Christmas Safety Suggestions
(1) When you select your Christmas tree this year, choose a freshly-cut tree, with firmly attached needles.

(2) Keep the tree outdoors until just before Christmas. It will stay fresher in the cold air, and once you have it up, it will stay green longer. And, keep it standing in a pail of water.

(3) When putting up the tree, set it in the coolest part of the room, away from radiators, heaters, and the fireplace. This will not only reduce the pos-

sibility of fire, but will keep the tree from drying out.

(4) It is a good plan to use a tree holder which has a little bucket of water in which the trunk can rest during the holidays. A tree usually "drinks" more water than you realize, so keep water container filled at all times.

(5) Fireproof Christmas tree decorations are the best. Use decorations made of either glass, metal, or a fire-resistant material.

(6) Set up electric trains away from the tree. A spark from the train could set the tree on fire.

(7) Always use electric lights on the tree--never candles. Lighting sets should be checked before being placed on the tree, and those with frayed wiring should be discarded. When buying new sets, look for the tag or label showing listing by Underwriters' Laboratories, Inc. A switch some distance from the tree should be provided for turning the tree lights on and off.

(8) On Christmas morning, fold and put away any gift wrapping you intend to keep. Other gift wrappings should be gathered up and thrown away promptly after presents are opened.

(9) Christmas tree lights should be turned off when the family is away from home.

(10) Inspect the Christmas tree from time to time to see how dry it is. If needles near the lights have started to turn brown, change the position of the lights.

(11) When the needles start falling, take the tree down and discard it outdoors.

(12) Even if the tree remains fresh, make plans now to dismantle it the day after New Year's and restore the room to its normal setting.

Baby sitters are commonplace in just about every home where there are children and if you are having one in during the coming Christmas holiday period, be sure the sitter is competent. The following list of rules were designed to keep your Christmas merry:

1. Know the sitter.
2. Be sure the sitter is adequately trained and has a sense of responsibility and likes children.
3. Be sure the sitter has met the children and any pets, especially the family watchdog.
4. See to it that the sitter understands that in case of fire she should get the children out of the house, call the fire department and notify the parents IN THAT ORDER.
5. Show the sitter all exits and give instructions as to how to get the children out of the house in case of fire.
6. Instruct the sitter to keep the children out of the kitchen, if possible, and be sure that she knows that matches, electric cords, and appliances are not playthings.
7. Provide sitter with flashlights to use in case of light failure.
8. Parents should come home at the hour agreed upon, or telephone if unavoidably delayed.

Five Parmer Countians To See Midwest Feeding

Sixty-six West Texans, determined to learn how Iowa farmers can profitably feed livestock for market, will leave Saturday, November 26, for Chicago and Des Moines.

Two special Pullman cars originating at Lubbock will be home for 44 West Texans, and another special Pullman carrying 22 will leave Fort Worth the same afternoon.

Going from Parmer County

are E. R. Legg, Farwell; and A. W. Anthony, G. W. Buske, Bruce Parr and C. W. Weatherly of Friona.

The tour is being sponsored by the Agriculture and Livestock Committee of the West Texas Chamber of Commerce. Dr. W. L. Stangel of Lubbock, chairman of the WTCC's committee and former dean of the School of Agriculture at Texas Technological College, is tour

director.

"There is no reason why West Texas cannot become the livestock feeding center of the nation," Dr. Stangel asserts. "We have grain sorghums and cottonseed meal and hulls and a far more moderate winter climate."

Among the six farms to be visited in Iowa is that of Roswell Garst near Coon Rapids... made internationally famous by the Communist Dictator Khrushchev. Feeding research facilities of Iowa State University will be included on the tour.

Livestock specialists of Iowa State University will accompany the touring group, according to Loyal H. Walker of Abilene, manager of the Agriculture and Livestock Department of the WTCC.

Before journeying into Iowa for the cornbelt feeding tour, the group will spend an entire day in Chicago attending the International Livestock Exposition. The WTCC delegation will see judging of the grand champion steer by Texas Tech's Stanley Anderson. Special seating arrangements have been made by show officials for the West Texas group.

As originally planned, the livestock feeding tour was to include one special Pullman from Lubbock and one other from Fort Worth; but popularity of the idea spread so rapidly, officials had to add another car from Lubbock.

The West Texas Chamber expects the project to produce significant findings leading to marked encouragement in the West Texas region for finishing more cattle and hogs for market.

Santa's bag of gifts this December will include a bountiful supply of farm-produced foods, reports the Texas Agricultural Extension Service.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The Parmer County Soil Conservation District in cooperation with Joe Jones, county agent, has scheduled a cattle feeders meeting next Tuesday, December 6, at 1:30 in the community room of the Friona State Bank.

Gaston Wells will tell "How and why we built the Moore County Feed-Lot." Bob Spencer, manager of the Clovis Chamber of Commerce, will report on the progress to date on the proposed Swift and Co. Slaughter Plant for Clovis. A. W. Anthony, Jr. will give the points of interest on the Midwest Feeders Tour that he attended.

Election of a Zone 2 Soil Conservation District supervisor will be held following the meeting. Zone 2 includes the area east and north of Friona. The supervisor elected must live in Parmer County and own land in Zone 2.

A new publication of the U.S. Dept. of Commerce on water use in the U.S., 1900-1960, predicts an increase in water use from 1958's 299,000 million-gallons-per-day to 494,000 mgd by 1980. Walter L. Picton, director of the water and sewerage industry and utilities division, estimates that the cost of development, construction for growth and offsetting obsolescence will cost \$219 billion in 1980. He figures that re-use techniques will supply part of this added demand.
From Oct. 6, 1960

College Station. Seven food items will be especially plentiful all month. These are cranberries, broiler-fryers, turkeys, onions, dates, peanuts and peanut products, and vegetable fats and oils.

Broilers and cranberries are the features of the December list.

Recent chick placements have been running 15 to 20 percent higher than a year ago, so it looks like marketings of live broilers will be unusually heavy in December. Fresh cranberries come from the 1960 record crop, which was a third above average.

The plentiful foods list is determined each month by the area food distribution division of the Agricultural Marketing Service. Items are eligible for listing, at the request of the food industry, when supplies exceed expected trade needs.

Consumers usually will find it profitable to watch for special sales on plentiful items at local stores, as the food industry cooperates with producers in attempts to move the abundance in normal trade channels.

"I'd like to bring Bill home to dinner tonight," the man telephoned his wife.

"To dinner tonight!" she screamed. "You idiot, you know that the cook just left, I've got a cold, baby's cutting his teeth, the furnace is broken and the butcher won't give us any more credit until we pay up..."

"I know," the husband interrupted quietly. "That's why I want to bring him. The poor fool is thinking of getting married."

"Freedom is the faculty which enlarges the usefulness of all other facilities."

ELECTRIC BASEBOARD HEATING--nearest thing to the sun's natural warmth!

Gentle, constant warmth--like the warming rays of the sun--but never sudden gusts of hot air followed by cold blasts. You'd like electric baseboard heating for that kind of comfort alone.

But there are still more advantages: warm floors without drafts--separate temperature control for each room--no loss of floor or wall space.

Your Public Service manager enjoys talking--about electric heating. Ask him how you can put baseboard heating in add-on rooms as well as new or older homes.

WITH THE COUNTY AGENT

JOE JONES

Farmers and businessmen interested in cattle feeding are invited to the meeting Tuesday, Dec. 6, 1:30 to 3:30 p.m. in the Friona State Bank. This meeting is not designed to cover feeding as such, but to cover areas relative to the development of feeding industry in this area.

It will give you an opportunity to hear Mr. Gaston Wells of Dumas discuss how the Moore County group organized to build a commercial feed-lot and why they did it. Something like fifty people have money in the corporation.

We will all be interested in the report from Mr. Bob Spencer, manager of Clovis Chamber of Commerce, on progress made toward the Swift and Co. Slaughter Plant being located in Clovis.

Mr. A.W. Anthony, Jr., of Friona who is now on the Mid-western Feeders Tour will have an interesting report for us and will bring home some good information on cattle feeding.

Following the formal program, a Soil Conservation District Supervisor, will be elected to represent Zone 2 of the Farmer County Soil Conservation District. This Zone is now represented by Bruce Parr of Black. The area in Zone 2 lies north and east of Friona. The supervisor elected must live in Farmer County and own land in Zone 2.

Two meetings of interest on Sugar Beets have been arranged for Bovina and Farwell. Representatives of The Texas Sugar Beets Association from Hereford, will be present to bring us up to date on legislation awaiting the 1961 Congress that will open the door to production in this area.

The meeting at Farwell will be held Thursday night, December 8, in the City Hall. The Bovina meeting will be held Monday night, December 12, in the School Cafeteria. Both meetings start at 7:45 P.M.

The Farmer County Certified Seed Growers will meet Thursday night, December 1, in the Bovina Cafe for their annual meeting with prospective seed buyers. This meeting will begin at 7:30 P.M. with all certified seed growers invited.

The 1961 Farmers Income Tax Guides have not arrived. When they do I will make the announcement through this column and everyone can secure a copy from my office.

The day when the poultry and egg producer invested more labor than money in his operation is history. Today, one man can produce over 50,000 dozens of eggs or 400,000 pounds of broilers annually. Ben Wormeli, extension poultry husbandman, says these changes have removed poultry production from a side line, back yard operation and made it a highly competitive business. The successful poultryman must also be just as successful as a businessman.

"Virtue is uniform and fixed, because she looks for approbation only from Him who is the same yesterday, today, and forever."

USDA Announces Spring Vegetable Acreage Guide

Vegetable growers have to take a long look ahead of planting time to make sure there'll be a good market for the produce they harvest, months later, points out Hlyce Singletary, extension horticulturist at Texas A&M College.

While each grower has to make his own decisions, the U. S. Department of Agriculture offers some help with acreage marketing guides on vegetable crops. The guides are based on expected demand, orderly marketing and average yields.

Just released are acreage marketing guides for 1961 spring vegetables and melons.

If Texas growers follow these recommendations, they'll plant 30 percent more early-spring tomatoes and 5 percent more late-spring tomatoes, this year than last.

The guides also call for 20 percent fewer acres in carrots and eggplants in Texas; 5 percent less early-spring cauliflower, celery, and cucumbers; 5 percent more early-spring cabbage and lettuce, late-spring sweetcorn and spring watermelons; and 10 percent more

spring cantaloupes. It is recommended that acreages of other spring vegetables be unchanged from 1960 plantings. Most will be harvested in April, May and June, 1961.

The USDA guides call for 4 percent more spring vegetables for fresh use, and 6 percent more 1961 spring melon acreage, for all states that produce these crops.

Compliance with the guides is voluntary, although any USDA assistance to producers will be conditioned on compliance in specific areas.

Labor is making a concerted and desperate drive to capture control of farm labor in every sector of agriculture. It is important that every farmer be alert and know what is going on, so that he can protect himself and his employer from some of the snares being prepared. The Washington State Farm Bureau has notified all other state Farm Bureaus of teamster's Union activities in the apple industry, threatening to boycott the 1960 apple crop throughout the United States unless 26 storage firms in Yakima Valley agree to union terms. Farm Bureau will give support to the apple growers in this battle for freedom and existence as individual growers.

We really believe every farmer in Texas would voluntarily take membership without the necessity of a drive if they knew the stand the organization is taking for them through the more than 80,000 members who are now participating in the policy making processes through the year. If you do not know the facts concerning this organization, we urge you to let us know. We'll give you any information you want. There is nothing secretive about the policies of Farm Bureau. In fact, every effort is made to make all of the policies public, not just making them available to the leaders or members.

We call your attention to the Agricultural Adjustment Act of 1958, which Farm Bureau sponsored and got enacted, although not exactly as it tried. This act did embody some of the basic points advocated by Farm Bureau, and is responsible for the increase in acreage allotments for cotton in 1961. Cotton, which was finally basically dealt with under this act, saw increased production, increased use per person, reduced stocks, and a healthier, freer cotton industry. We believe that when more farmers support Farm Bureau, instead of criticizing it blindly, more things can be done to give the farmer what he wants in the operation of his farm.

We would like for you to read the complete roster of resolutions passed by the Texas Farm Bureau in convention in Dallas a few weeks ago. These resolutions show what Farm Bureau actually stands for. We are happy to note that the State Farm Bureau recommended that it vigorously support passage of the 23rd amendment, getting the government out of competitive business, being one of the primary targets of the amendment. Reduction, or elimination of the income tax is also included in the amendment. With the propaganda we have read for many years, this may sound silly, but the two points just mentioned are very reasonable and compatible.

The policy of Texas Farm Bureau, briefly stated, on insurance rating, is clearly shown in these two resolutions: (1) We support the theory of competitive rating in casualty insurance because we believe in the free enterprise system; (2) We recommend that the point system be abolished as a means of determining the rate for auto insurance.

Farm Bureau directors will meet in the Friona Office Monday night, December 5th. You are welcome and urged to attend and discuss any problem you know of that pertains to people in agriculture.

Consider This: "For the turning away of the simple shall slay them, and the prosperity of fools shall destroy them." Proverbs 1:32.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Labor is making a concerted and desperate drive to capture control of farm labor in every sector of agriculture. It is important that every farmer be alert and know what is going on, so that he can protect himself and his employer from some of the snares being prepared. The Washington State Farm Bureau has notified all other state Farm Bureaus of teamster's Union activities in the apple industry, threatening to boycott the 1960 apple crop throughout the United States unless 26 storage firms in Yakima Valley agree to union terms. Farm Bureau will give support to the apple growers in this battle for freedom and existence as individual growers.

We really believe every farmer in Texas would voluntarily take membership without the necessity of a drive if they knew the stand the organization is taking for them through the more than 80,000 members who are now participating in the policy making processes through the year. If you do not know the facts concerning this organization, we urge you to let us know. We'll give you any information you want. There is nothing secretive about the policies of Farm Bureau. In fact, every effort is made to make all of the policies public, not just making them available to the leaders or members.

We call your attention to the Agricultural Adjustment Act of 1958, which Farm Bureau sponsored and got enacted, although not exactly as it tried. This act did embody some of the basic points advocated by Farm Bureau, and is responsible for the increase in acreage allotments for cotton in 1961. Cotton, which was finally basically dealt with under this act, saw increased production, increased use per person, reduced stocks, and a healthier, freer cotton industry. We believe that when more farmers support Farm Bureau, instead of criticizing it blindly, more things can be done to give the farmer what he wants in the operation of his farm.

"Owned By Farmers Who Understand Your Problems"

PARMER COUNTY FARMER'S UNION RESOLUTIONS ADOPTED MONDAY, NOVEMBER 28

- The basic underlying reason that farmers are seldom able to earn more than half of a party income is their largely defenseless bargaining position in the administered-price, and administered-production general economy, which requires the farmer to sell for what he is offered and to buy at the price that is asked of him. We recognize that the strong bargaining power of industry, organized labor, and food processors has been acquired by their strenuous efforts to expand domestic and export demands and by adjusting market supply of commodities and services to effective demand, thereby controlling prices and maintaining profits. We feel that farmers in self-protection must learn to build and use similar devices, such as workable proration system involving both farmer-controlled private and public commodity marketing operations. We, therefore, adopt the following resolutions at the local level as a means of accomplishing this kind of control over the market supply and price of our products. The Local Farmers Union recommends the following resolutions:
- A. GRAIN SORGHUM, CORN AND OTHER FEED AND FORAGE CROPS.**
 - We favor setting up a parity income program for producers of grain sorghum corn and other feed grains and of forage along the following lines:
 - Allot each feed grain and forage producer a feed grain and forage acreage allotment of not less than 60 per cent of plantings in previous 8 years adjusted for abnormal production conditions such that the national total allotment will equal the total production, with average yields, that will be consumed in the year ahead with price maintained at the parity income equivalent level for the different feed grains and forage crops. Acres diverted from production of feed grains and forage by operation of this program could not be used for commercial production of other farm commodities during the crop year.
 - The farm prices of grain sorghum, corn, and other feed grains should be maintained at the parity income equivalent level by means of price support loans, purchases and purchase agreements.
 - We urge repeal of laws applying the sliding scale to feed grains; and we urge immediate classification of all feed grains as "basic crops" and their support at parity of income.
 - We also urge that commercial storage handling charges and storage rates be maintained a fair and competitive level.
 - B. COTTON**
 - We oppose any Federal legislation pertaining to cotton as being more favorable to processors than to family farm producers. Viewing with disfavor any scheme to promote greater production for lower returns, we urge the early establishment of a comprehensive cotton program conducted along the following lines and designed to keep supply in line with effective demand and thus to raise price to a parity-income level:
 - Allot each cotton producer a marketing quota for domestic U.S. use with return to producer maintained at the parity income equivalent price by means of incentive payments to build up market prices to the price goal. The domestic marketing quotas should be set to equal the volume of cotton that will be consumed in the United States at the competitive market price.
 - Allot each cotton producer a marketing quota for export. The export marketing quotas should be set to equal realistic export needs, considering world conditions and an International Cotton agreement, when such is set up.
 - We ask that Congress enact legislation to provide for full income parity protection for cotton producers. We urge that basis be established on 7/8 inch middling cotton, and that "plus" cotton should be considered as a separate grade and that it have a separate price rate.
 - We urge the installation and use of machine sampling devices at all gins and the universal adoption of machine grading as soon as possible. We request our Texas Farmers officials to write to Texas' two U.S. Senators and all House members in Congress, urging a rapid solution to the perennial cotton classing problem. In view of losses from classing delays, amounting to several million dollars annually to Texas cotton producers, all possible measures should be considered including offering of additional incentives to attract more individuals into the cotton classing profession and the further encouragement of machine classing.
 - In order to eliminate the inequities in marketing cotton on the "green card" class, we urge that a system be initiated under which the only date appearing on such card is that entered by the ginner on the date of ginning.
 - We urge that the Farmers Union promote a more active participation of the individual producer in a cotton research and promotion program and urge that contributors remain alert to see that funds are used only for promotion and research.
 - C. WHEAT**
 - We favor setting up a parity income program for wheat producers by amending the existing wheat price support program along the following lines:
 - Allot each producer a marketing quota for domestic U.S. use with return to farmers maintained at the parity income equivalent price by means of incentive payment to build up the market prices to the price goal. Such program to be financed by a wheat milling tax. Domestic marketing quotas would be set to equal the volume of wheat that will be consumed in the United States at Parity Income equivalent prices.
 - Allot each producer a marketing quota for export. The export marketing quota would be set to equal realistic export needs in relationship to the International Wheat agreement.
 - The individual producer would be informed of his domestic marketing quota and his export marketing quota prior to planting time. If the individual producer chooses to produce and sell more wheat than the total of his domestic plus his export marketing quotas, he would be required to purchase over-quota marketing certificates for his excess sales and would not be eligible to receive incentive payments on his domestic quota nor on his export quota.
 - We favor elimination of 15-acre non allotment acreage now allowed each farm.
 - D. FARM SUBSIDIES**

Farm subsidies have little or no importance in increasing the general cost of living. Continued effort should be made through collaboration with labor and other urban groups to bring the truth about farm subsidies to the public's attention. Since the farmer gets such a small part of the money appropriated for the farm program, we recommend that definite figures be made available to show the exact disposition of all funds disbursed by the Department of Agriculture and that charges not directly affecting the farmer not be charged to him.

We urge each Farmer Union local to initiate a continuing publicity and public relations cam-

Farmer County Farmers Union

News From RHEA

MRS. FRANKLIN BAUER

ITS A GIRL FOR DONNY SPRINGS

Mr. and Mrs. Donny Spring are the parents of a girl born at Weatherford, Oklahoma on Nov. 21st.

She has been named Alicia Gayle and weighed 6 lb. 4 oz. She is the couple's first child.

Grandparents are Mr. and Mrs. Elmo Dean of the Rhea community and Mr. and Mrs. Edward Spring.

ITS A GIRL

It's also a girl for Mr. and Mrs. Elmer Deyke.

Sulee Rene was born Nov. 24th at Parmer County Community Hospital. She weighed 8 lb. 14 1/2 oz.

Sulee has four sisters; Sylvia, Sheryl, Sheila, and Sonja, also one brother, Arlo.

Grandparents are Mr. and Mrs. Arnold Martensen of Boulder and Mr. Herman Deyke of Nebraska.

Mr. and Mrs. Melvin Sachs, Betty and Steve spent Thanksgiving holidays with friends and relatives in Austin.

The Jarecki's visited in Nebraska during the holidays.

Mr. and Mrs. Herbert Schueler and Glen ate Thanksgiving dinner with Mrs. Schueler's parents in Dimmitt.

The Walter Schueler family spent the holidays with Mrs. Schueler's Grandmother Mitchell at Idalou and her grandmother Woolever at Levelland.

Rev. Stroebel returned the past week from a couple weeks vacation.

Mr. and Mrs. Cordie Potts and family, the Carl Schlenker family, Mrs. Malinda Schlenker and Mrs. Sara Dean spent

Thanksgiving with the Chick Schlenker family in Portales.

Mr. and Mrs. Billy Sifford and Kenny enjoyed the holidays with Billy's grandfather in Oklahoma. They also visited at Weatherford with the Donny Springs and their new daughter. Carl Schlenker, Gilbert Schueler, Raymond Schueler, and Norman Taylor attended the West Texas Feeders Milo Growers meeting in Des Moines, Iowa.

Jack Patterson shot his limit of quail and pheasant Thanksgiving day.

Mrs. Sara Dean and Lyndie left Friday for Weatherford to visit the Donny Springs. Lyndie will return Monday but Mrs. Dean plans to stay longer.

Mr. and Mrs. Franklin Bauer and children attended the 35th anniversary celebration of Mr. and Mrs. I. L. Bauer of Canyon. Mrs. Bauer was co-hostess for the event.

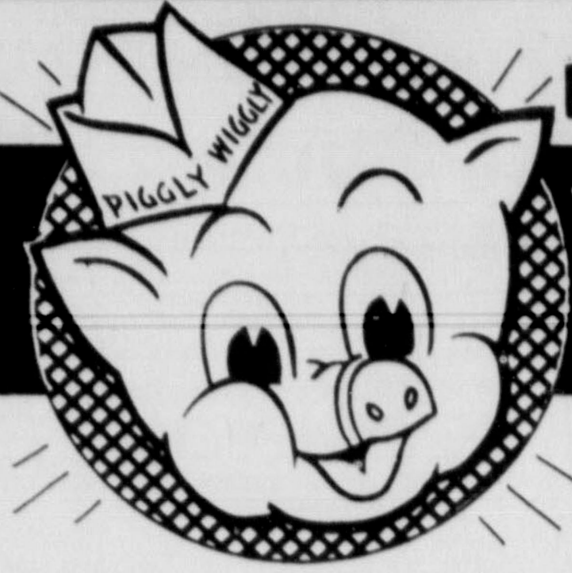

Mrs. Arnold Martensen of Boulder, Nebraska, is visiting with the Elmer Deyke family and new grand-daughter.

Final Rites For W. E. Thompson

Funeral services were held recently in Lubbock for W. E. Thompson, Mr. Thompson, who was 86, died Tuesday, Nov. 22 at the Methodist Memorial Hospital in Lubbock.

Survivors include his wife, Emma, and four daughters: Mrs. Thomas Parson, Friona; Mrs. Ellis Wilson, Fort Worth; Mrs. Earl Parrock, Lubbock and Mrs. Dale Pittman, Amherst. Also nine grandchildren and 16 great grandchildren.

Guests in the home of Mr. and Mrs. Bert Shackelford for the Thanksgiving holidays were Mr. and Mrs. Ray Hurst, Diane, Ray Burt, Holly and Chris from Midland.

When You Really Need a Friend

If your house burns down you need fast insurance payment, not a bundle of red tape. You want to start rebuilding, not rehashing your insurance claim with strangers from the insurance company.

That's why most people insure their homes through independent insurance agents like us. They know that we provide professional help in planning their insurance protection.

They know that we insure only through the strongest, most reliable companies. And they know that when a loss occurs, they can count on us to relieve them of all the burdensome details and help them to get a speedy claim settlement.

Look for this Big "I" Seal when you buy insurance. To display it, we have had to meet professional standards designed to protect you.
