

"The courts of the United States have an insanity plea which would have freed Cain."  
... Mark Twain

It looks like I am going to have to get busy and live up to my stated intentions--and I'm glad.

As of Tuesday morning, the list of people who have expressed an interest in helping to start a community class to teach conversational Spanish numbers thirteen. These people stopped me, or called me personally, and asked to be included on the list. This is very important in my opinion.

It shows that there are still a few people who are willing to undertake a project for the betterment, not only of themselves, but also for the furtherance of international relations.

At present, six women and seven men have expressed their approval of the idea and willingness to attend the sessions.

With any luck at all, I will have the desired number of fifteen names by the end of the week and will have to get started with the actual work of turning the theory into a reality--of establishing a class where area residents will have the opportunity to become better acquainted with the Spanish language.

--TH--

There is another subject which reared its ugly head this week and which I think warrants some discussion.

It is the idea of a fireworks ordinance in Friona. I was at the meeting of the city council Monday night and listened to the proposed ordinance which Mr. Outland, our city manager, read to the council.

I must say right now that I am strongly opposed to the passing of the document which I heard, I am not opposed to any reasonable ordinance to curb the thoughtless, malicious, or excessive use of fireworks. The article offered to city council was absolutely outrageous in my opinion.

Apparently, some of the aldermen didn't agree with it either. It was tabled for the present.

Taking from memory of what was read, the ordinance would (if passed):

(1) make the possession of fireworks within the city limits with the intent to sell or give away illegal.

(2) make the firing of cap pistols illegal in the city.

(3) make it illegal for young children to play with small firecrackers in the back yard under the supervision of their parents if the yard is within the city limits, and

(4) force anyone who wished to detonate any type of fireworks, firearm, explosive or other type of combustible powder within the city limits to seek a permit from the city manager beforehand.

I would suspect that if it were followed closely enough, striking a match without a permit would be illegal.

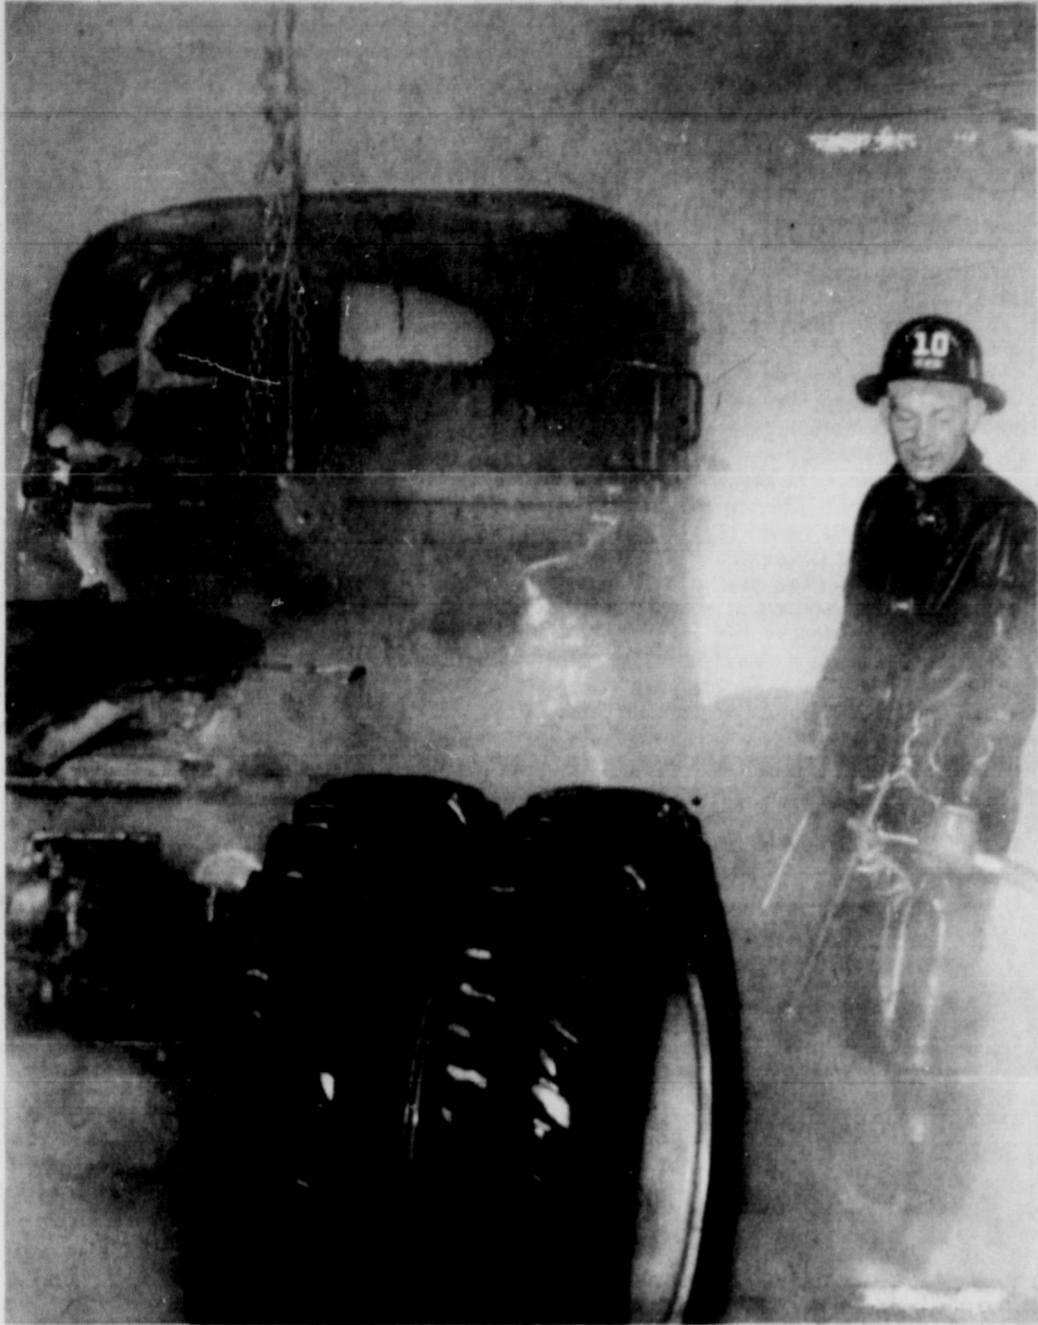

Now if an ordinance must be passed--and I hear that some of our residents just don't have any respect for life, limb, or property when they get their hands on a bag of fireworks--I suggest that such an ordinance be worded so as to make the sale of fireworks within the city, or detonation of fireworks on public property, or private property without the expressed consent of the resident to be illegal. I further propose that a deadline of 10 p. m. be placed on the use of all explosive type fireworks.

The only part of the "outrage" presented Monday that I would agree with is the initiating of a \$100 maximum fine for a violation of the act.

Even the limited restrictions which I propose are wanton reductions of a person's individual liberties, but I would agree to the passing of such a limited article--for the betterment of the community.

The proposal heard Monday is like a thief's hand in the pocket. I don't mind giving something away, but I'll not stand by with tongue in cheek while something is taken away from me.

I don't play with fireworks (Continued on page 2.)

**HOT TRUCKS . . .** Firemen fought their way into the Friona Drilling and Pump Co. Friday to find a burning truck as the source of heavy smoke which poured out of the building. Gasoline on the floor was sparked by a cutting torch during work on the truck. Ruben Taylor turns away to get a larger pry bar to open the door of the cab after an unsuccessful attempt with the short bar in his right hand.

**AT FRIONA DRILLING CO.**

## Torch Starts Fire

Sparks from a cutting torch set fire to a pool of gasoline under a truck in the Friona Drilling and Pump Company Inc. building on east Highway 60 Friday morning.

Smoke damage to the building and destruction of the cab of the truck were the only damages reported.

Bob Noyes, machinist, was removing the frame from the three ton White truck when the blaze ignited. A gas line had been disconnected and allowed the gas to collect on the floor beneath the truck, Noyes said.

The Friona fire department was called to the scene at 10:15 a.m. Thick, grey smoke was billowing out of the building, preventing location of the source of the fire when the trucks arrived.

The open gas line is credited with preventing the explosion of the tank on the truck by allowing the expanding gasoline

to escape. About 15 gallons of gas is estimated to have been in the 40 gallon tank when the fire started.

Firemen fought through the choking smoke to reach the

inferno in the middle of the metal building. One respirator was donned but received little more than a trial run before the

(Continued on page 2.)

## Girl Basketballers Meet Happy Here

Friona High School Girl's basketball team will pit their skills against the Happy team in a double header in the High School gym Tuesday at 7 p. m.

The first game will be between Dimmitt and the Queen Bees, the Wayland College freshman team.

The Squaws are hoping to raise enough money to finance their trip to invitational Duncanville Tournament near

Dallas during the Christmas Holidays.

Admission to the games will be \$1 for adults and \$.50 for students. Approximately \$400 will be needed to finance the party of about 22, according to Baker Duggins, coach.

This is the first invitation to play in the Duncanville Tournament which officials can recall being extended to the Friona team. Rose Farmer, director of the tournament, invited the girls to compete in the state-wide affair as one of the 32 teams scheduled.

In addition to Friona, other area schools who received invitations were Tulia, Dimmitt, Claude and Muleshoe.

"The girls feel that they can raise the money for the trip without seeking donations of any kind. They just want the people to come to the games," Coach Duggins said.

Squaws will meet the Claude team in the first regular game of the season on Nov. 11 at 5:30 p. m. at Plainview.

first place.

In the last week's balloting, Gary Snead was again chosen as the player of the week. At present, he and Floyd Reeve are running neck and neck for the player of the year spot based on the total votes cast during the season.

## Clark Leaps Ahead In Weekly Contest

Jackie Clark stepped into first place in the weekly Cotton Bowl contest last week with an almost perfect entry.

Clark predicted the outcome of nine games to best his closest competitor by a full game and the third place winner by two games.

Mrs. Thelma Watkins retained her high average by turning in the results of eight games to win second prize money in the last week's contest.

Mrs. Mildred Agee won third place with 36 points error in the tie-breaker and seven games correctly predicted. Nine entrants emerged with seven correct predictions but the runaway 72 to 12 game between Bovina and Vega upset the score predictions in the tie-breaker.

Clark missed his single contest when he chose Green Bay over Baltimore Colts. Mrs. Watkins and Mrs. Agee also picked Green Bay to win. In addition, Mrs. Watkins chose Tulia over Canyon and Mrs. Agee predicted Tulia and TCU over Baylor.

In the total standings for the trip to the Cotton Bowl, Mrs. Watkins and Frankie Allen are tied for first place with 68 correct predictions during the year.

Jackie Clark slipped up into second place with 67 correct choices for the season.

Mrs. Agee follows in third place with a total of 66 good guesses.

The blank carried in this issue is scheduled to be the final chance for entrants to work into

**ANOTHER WINNER . . .** Jackie Clark leans back and cast an admiring glance at the \$5 first prize check received after winning the Cotton Bowl contest last week. Only one more week remains in the series.

# Council Aids Scouts, Opens Building Bids

Agreement to pay the utility bills on the proposed Girl Scout building for a period of one year and opening of bids on the city maintenance building highlighted the City Council meeting Monday in the City Hall at 7:30 p. m.

Plans for the new city building were approved and the city manager was authorized to accept bids for the construction of the 40 by 70 foot structure.

Mrs. Nora O'Brian led a committee of girl scout leaders before the council and won the aldermen's agreement to have the city pay for the utilities for a period of one year after construction of a proposed scout hut.

The leading argument for the move was the requirement that some assurance that the bills would be paid before the district office in Lubbock would give approval to the project. City manager was also authorized to accept bids on five items of equipment for the fire department. A siren, two fire extinguishers, 500 feet of two and one-half inch fire hose and 300 feet of one and one-half hose were the items discussed.

A firecracker ordinance was presented by the city manager but was tabled for the time being. Only Mayor Raymond Fleming, A. L. Outland, city manager, and Ben Moorman, police chief, favored the ordinance as it was written. The six other persons present at the meeting opposed the proposal which would have outlawed every type of percussion fireworks, including cap pistols, within the city limits.

Contract to furnish 2,000 feet of three-quarter inch copper tubing for a bid of \$502.80 was awarded to Clowe and Cowan Inc.

Vitrified Pipe Co. of Mineral Wells was given the contract for an assortment of connections on their bid of \$163.56.

City manager was authorized to purchase one carload or 43.2 ton of asphalt rock used for street repair. The rock was reported to cost about \$116 per carload, f.o.b., Blewett, Texas. The Council instructed the city manager to determine the additional transportation costs if the rock was hauled by truck. The use of trucks could save much time and labor in Friona when the rock is unloaded from the railroad car--unless an end-loading car is used.

Purchase of 10,000 water cards was authorized and print of the cards was awarded to Plains Publishers for a low bid of \$43.25.

The Council agreed to send Moorman to an FBI sponsored conference on "Bank Robbery and Incidental Crimes," in Pampa, Texas Wednesday. The council also agreed to underwrite the expenses of Outland at a tax assessors institute in Austin Dec. 3-5.

The council refused a request by Walter Haws that he be allowed to use water from the sewage plant for irrigation.

## D.G. McClellan Injured In Fall

D. G. McClellan, local telephone maintenance man, received comminuted fractures in his ankle as a result of a fall from the top of the American Legion Building Thursday.

He was working on the phones at the building when the top step in a ladder on the side of the building apparently gave way and allowed him to drop to the ground below.

He was taken to Parmer County Community Hospital where Dr. Lee Spring determined the extent of his injuries and sent him to Amarillo for special treatment. According to reports, silver pins were installed in the fracture.

Bob Crozier and Bill Liston were in the Soil Conservation office in the building when McClellan fell but did not realize what had happened until their attention was attracted by hanging on the back door.

"We heard him yelling, but though he was talking to some of the other telephone men until he started beating on the door," Crozier said.

McClellan apparently crawled over to the door after his shouts went unheeded. All reports indicate that it will be several months before he will be able to return to work. He is presently in St. Anthony's Hospital in Amarillo.

## Country Club Starts Membership Drive

An all out drive to enroll the 20 additional members necessary before the construction of the Country Club House can begin will commence Dec. 14, according to Andy Hurst, club president.

The present membership of 102 wants to have the funds for the building guaranteed before letting contracts on the structure. Jan. 1 has been set as the deadline for acquiring the additional members.

Present members will receive a letter urging their assistance in recruiting the needed members within the next week.

"The only way we can build the clubhouse we have planned

is to get the additional members and this will require the help and co-operation of every member of the club," Hurst said.

Membership in the Country Club includes swimming, golfing and clubhouse privileges. Fees are \$500 for membership and \$12 per month. The membership fee can be paid over a period of years.

When constructed, the clubhouse will be available for both adult and youth functions. Arrangements may be made for private parties.

Rules pertaining to the use of the proposed clubhouse state that there shall be "absolutely no alcoholic beverages in Club House at any time."

## SCD Group Seeks Flood Damage Report

Questionnaires are being distributed to residents in the Friona Draw drainage area in an effort to establish the frequency and extent of flood damage to crops, pastures and other materials.

The project is a joint effort of the Parmer, Hale, Swisher, Lamb and Castro County Soil Conservation Districts. If it is found that damage from flooding exceeds the cost of erecting a series of dams across the draw,

the federal government will underwrite the construction of the barriers. A. W. Dairymple, field planning engineer, state SCD board, reported Tuesday. State agents will make a survey of the project as soon as the farmers and residents in the area return the forms. (Continued on page 2.)

## Auxiliary Plans Candy Project

The Firemen's Auxiliary began gathering their recipes together in preparation for their annual candy making spree this week.

The auxiliary sells homemade candy from Nov. 15 to Dec. 20 for \$1 per pound and use the proceeds to furnish coffee and sandwiches to the firemen or other rescue parties when they are required to work for extended periods of time.

Some of the varieties under consideration this year are chocolate fudge, caramel fudge, divinitys, bon bons, pecan and peanut rolls, and date nut loaf.

This will be the third year that the women have pursued the project. Over 190 pounds of candy were sold last year, according to Mrs. Ralph Shirley. Mrs. Shirley and Mrs. Jo Nell Sims have been designated as agents to receive orders for the candy. Candy will be made once each week to fill orders for the previous week.

**CANDY MAKERS . . .** members of the Firemen's Auxiliary start preparing for their Christmas candy making projects. They will sell the homemade candy on order between Nov. 15 and Dec. 20. Shown here are (standing), Mrs. Christene Mann and Stella Shirley, (sitting, left) Mrs. Neola Reed, "Tiny" Taylor and Ollie Taylor.

### Picture Of One American

A young man lived with his parents in a public housing development. He attended public school, rode the free school bus, and participated in the free lunch program. He entered the army, then upon discharge retained his national service insurance. He then enrolled in the state university, working part time in the state capitol to supplement his GI education check.

Upon graduation, he married a public health nurse and bought a farm with an FHA loan, and then obtained an RFC loan to go into business. A baby was born in the county hospital. He bought a ranch with the aid of the veterans' land program and obtained emergency feed from the government.

Later he put part of his land in the soil bank and the payments soon paid out his farm and ranch. His father and mother lived very comfortably on the ranch on their social security and old-age assistance checks. REA lines supplied electricity; the government helped clear his land.

The county agent showed him how to terrace it; then the government built him a fish pond and stocked it with fish. The government guaranteed him a sale for his farm products at highest prices.

Books from the public library were delivered to his door. He banked money which a government agency insured. His children

grew up, entered public schools, ate free lunches, rode free school buses, played in public parks, swam in public pools, and joined the FFA. He owned an automobile so he favored the Federal highway program.

He signed a petition seeking Federal assistance in developing an industrial project to help the economy of his area. He was a leader in obtaining the new post office and Federal building, and went to Washington with a group to ask the government to build a great dam costing millions so that the area could get "cheap electricity."

He petitioned the government to give the local air base to the county. He was also a leader in the movement to get his specific type of farming special tax write-offs and exemptions. Of course, he belonged to several farmers' organizations, but denied that they were pressure groups.

Then, one day, he wrote to his Congressman: "I wish to protest these excessive governmental expenditures and attendant high taxes. I believe in rugged individualism. I think people should stand on their own two feet without expecting handouts.

"I am opposed to all socialistic trends and I demand a return to the principles of our Constitution and the policies of States Rights."

Do you happen to know this man?

 fire was brought under control. The truck frame was being removed for use on another truck, according to Noyes. The body and instruments were destroyed, but the frame and powering mechanisms escaped any visible damage.

Snow still covered the ground

outside the building when the fire started but it did not prove to be a hindrance to the fire fighters.

Personnel in the shop left the building when they saw that the fire was out of their control. Anticipation of the explosion of the gas tank on the truck caused some caution in returning to the

### Council Aids--

(Continued from page 1)

Opinion of the council was that he could use all overflowing from the tanks but that no water could be taken directly from the processing tanks.

In his report to the council, Moorman stated that the Halloween damage to the American Legion Building was estimated at \$269,90. The damage inflicted on the jail was repaired at no cost to the city.

A summary of city activities during the past month in part reflected the following facts: The city pumped 13,803,100 gallons of water and distributed it to the 842 customers. This compares with 17,152,200 gallons pumped during September.

Records indicate that 202,186 gallons of raw sewage was pumped during the month. Approximately 799 kilowatt hours of electricity were consumed at the Sewer Plant.

Patching holes on 6,7,8,9, and Washington Streets consumed 300 gallons of asphalt.

Approximately ten blocks of dirt streets and alleys were graded during the month.

The transference of the flagpole from the center of the city park to the corner of the city hall was approved as a last item of business before adjournment.

The next regular meeting will be Dec. 11.

### SCD Group--

(Continued from page 1)

Dairymple is stressing the need for completing the form in detail so that the most accurate picture can be completed in relation to both extent and frequency of damage. Even the smallest amount of damage from a very light flood is asked for on the questionnaire.

If the dams are constructed, they will be large enough to furnish a recreation area, according to Dairymple.

scene.

Oxygen and acetylene gas tanks were the first items removed from the building before the flames were extinguished.

Charlie Short is the owner and operator of the drilling company.

### Junior High Girls Win Over Bobbies

Friona's seventh and eighth grade girls basketball teams won two games in scrimmage against the Dimmitt Bobbies in the junior high gymnasium Monday evening.

Final score in the eighth grade game was 37 to 12. Early in the first quarter the squaws gained a substantial lead over their opponents and were never seriously threatened during the game.

Starting forwards were Janet Rushing, Frieda Floyd and Monte Sue Welch, Willie Grace Grubbs, Lyndia Chandler and Sharon Houston were starting guards, Janet Rushing, with 14 points, was high scorer of the game.

In the seventh grade game starting forwards were Cindy Ingram, Sue Rogers and Lou Cochran. High scorer was Sue Rogers with 18 points.

Guards starting were Martha

Martin, Judy Shirley and Ruby Judkins. Leading re-bouncer was Judy Shirley, who was successful in catching 13.

Final score was 39 to 9. First regularly scheduled games will be with Muleshoe Monday, November 20, in the Mule gymnasium.

PORTABLE AIR . . . J. C. Blankenship dons an oxygen rig in preparation for entering the suffocating, smoke-filled interior of the Friona Drilling Company Friday. L. D. Taylor helps straighten the mask.

### Messenger Attends Tax Meet

Steve Messenger attended a three day Tax Institute meeting in Lubbock last week.

The Accounting Department at Texas Tech promoted the session where various Panhandle accountants were represented.

MRS. ROBERT IVY

## Darla Bingham Becomes Bride Of Robert Ivy

Miss Darla Bingham, daughter of Mrs. and Mrs. Dean Bingham of Friona, became the bride of Robert Ivy, son of Mr. and Mrs. D. B. Ivy of Lazbuddie, Saturday, Nov. 4, at 4 p.m. in the First Baptist Church in Friona.

Reverend Bill Burton read the double ring ceremony before an arch of white roses flanked with Grecian columns topped with baskets of white mums.

The bride wore a gown of silk Peau de Soie fashioned with a petal neckline of appliqued alecon and jeweled embroidery and featuring long sleeves tapering to points over the hands. Her finger tip veil of imported illusion edged with Chantilly lace was attached to a crown of seed pearl and sequins. She carried a bouquet of three Cembidium orchids circled with roses.

Miss Judy Taylor was maid of honor. Other attendants were Gayle Knight, Pat Myers, Cynthia Caffey and Donna Blackburn. They wore identical royal blue taffeta brocade dresses featuring bell skirts with half bows at the center back waistline. Veils fell from their Pill box hats of the same material as their dresses. Each attendant's bouquet was feather mums in cascade style.

Jarrell Wright of Friona served as best man. Groomsmen were Duward Ivy, brother of the bridegroom; B. H. Wagon, cousin of the bridegroom; Ronnie

Castleberry and Ronnie Wood. They also served as ushers. Bing Bingham, brother of the bride, and Bradens Bingham, cousin of the bride, were candlelighters. Teresa Bingham, flower girl, wore a white nylon and lace dress and a matching blue head piece. She carried a blue basket of rose petals. Brad Bingham was the ring bearer.

Mrs. Bingham, mother of the bride, chose a mauve lace sheath jacket dress with wine magenta accessories and wore a white orchid corsage. Mrs. Ivy, mother of the bridegroom, wore a blue wool suit with black accessories and a white orchid corsage.

A reception was held in the church parlor following wedding ceremonies. Miss Virginia Patton registered guests. Assisting with hospitalities were Mrs. A. L. Black, Mrs. Dalton Caffey, Kitty Black, Celia Weatherly and Kay Struve.

For a wedding trip to San Antonio, the bride chose a winter white wool brocade suit with blue accessories and a blue spider mum corsage.

Mrs. Ivy is a 1961 graduate of Friona High School and Cliff Mann Floral School of Denver. She is employed at Billie's Floral Shop in Hereford. Mr. Ivy is a graduate of Lazbuddie High School and Arlington College and is now engaged in farming.

The couple will make their home in Hereford.

## Of Interest To THE WOMEN

### Club Members Honor Mrs. Kinsley

The home of Mrs. Ed Boggess was the scene of a luncheon honoring Mrs. Pearl Kinsley, founder of the Kinsley Past Matron's Club, Tuesday. Mrs. Kinsley observed her 80th birthday Wednesday.

A corsage of carnations and mums decorated with ribbons and glitter was a gift to Mrs. Kinsley from Mrs. Hudson Phillips Sr.

Highlight of activities was the presentation of a birthday cake with 80 candles to the guest of honor by those present. Another gift Mrs. Kinsley received was a beautiful tapestry handbag. The following original poem read by Mrs. Kinsley to the group was:

"Eighty years, my eighty years,  
The Western horizon now clears,  
And I can see with calmer eyes,  
The hand that leads me to the skies,  
And listening, I can hear today  
A still small voice that seems

to say  
"What man hath done he reaps alone"  
In eighty years what HAVE I done?  
Oh bless my few remaining days,  
Help me to walk in all the ways,  
That I may feel as evening nears

A life well spent these eighty years.  
A regular business meeting followed the birthday activities.  
Present were Mesdames Mac Bainum, J. T. Gunn, R. W. Ginsburg, Charlie Bainum, Bert Chitwood, Pearl Kinsley and one guest, Mrs. P. C. Creal of Seaside, Ore. and the hostess, Mrs. Boggess.

### Bridal Shower Honors Miss Darla Bingham

Miss Darla Bingham, bride-elect of Robert Ivy, was honored at a miscellaneous shower in the Friona Club House October 21.

Royal blue and white, the bride-elect's chosen colors, were used in room and table decorations. A white taffeta cloth covered the serving table centered with an arrangement of blue and white mums featuring silver wedding bands. Crystal and silver appointments completed the setting.

Hostesses were Mesdames Dalton Caffey, Ralph Taylor, E. J. Hall, Charles Myers Jr., George Taylor, Lee Renner, John Renner, J. E. Knight, A. L. Black, Leonard Coffey, Claude Blackburn, W. E. Stringer, T. I. Burleson and John Wright.

Nut breads, mints, assorted nuts and hot spiced punch were served to guests.

Attending were Mesdames Clyde Weatherly, O'Neal Green, Charles Allen, Glenn Mingus, John Gammon, Joe Briggs, Roy Daniel, Noyle Wood, Bill Burton, John Bingham, Ed Hicks, Gary Hicks, and Estis Beaton.

Also Mesdames Sheryl Thompson, Pat Meyers, Christie Ivy, Virginia Patton, Gayle Knight, Judy Taylor and Celia Weatherly.

Out of town guests were Mrs. W. C. Aldridge, San Diego; Mrs. Curtis Crumb, Wildorado; Mrs. Nollie Marie Furth, Mrs. Ira Parr and Miss Bradene Bingham, all of Lubbock.

### Mrs. Bill Schwab Visits Brother

Mrs. Bill Schwab left Friona Tuesday to go to Brighton, Colo., to be at the bedside of her brother, Vernon Kraft, who is seriously ill in the hospital there.

She was accompanied from Amarillo by Mr. and Mrs. Fred Steinle of Higgins, Tex. Mrs. Steinle and Mrs. Schwab are sisters. Mrs. Schwab returned to Friona Sunday.

### White Bible Service For Darla Bingham

A White Bible ceremony honored Darla Bingham Friday evening at six p.m. in the First Baptist Church.

Mrs. Gary Hicks, Y. W. A. director, assisted by LaVoyce Burrow, Patsy Fallwell, Carol Coffey, Judy Taylor and Iva Ben Parr were hostesses.

LaVoyce Burrow and Carol Coffey sang "Bless This House" accompanied by Iva Parr, followed by the presentation of a Bible by members of Y. W. A.

Special guests were Mrs. W. C. Aldridge, San Diego, and Mrs. Dean Bingham.

80 YEARS YOUNG: Mrs. Pearl Kinsley, 80 years old November 8, seated, was guest of honor at a surprise birthday luncheon Tuesday in the home of Mrs. Ed Boggess. Other members of the Kinsley Past Matron's Club who were present for the occasion were Mesdames Mac Bainum, J. T. Gunn, P. C. Creal, Bert Chitwood, R. W. Ginsburg and Ed Boggess. Attending but not pictured was Mrs. Charlie Bainum.

### Scout Troop Draws Patrol Numbers

Girl Scout Troop 358 met November 6 to draw numbers for patrols.

Following the Flag Ceremony Diana Wilson was invested. Each scout received the "Cook out" and "Adventure" badges. Celia Fay Vestal and Jan Shirley received other badges.

Hostesses, Celia Fay and Linda Stone, served refreshments to those present.

### Area Auxiliaries Meet In Amarillo

District 1, Area 2, of the Texas Association of Hospital Auxiliaries will meet November 10, at the Amarillo Country Club.

Officers and members of Farmer County Community Woman's Auxiliary and its administrator are cordially invited to attend.

The meeting will begin at 10 a.m. with registration and coffee. Luncheon will be served at noon.

Mrs. Sue Neas, president of the Texas Association of Hospital Auxiliaries, will be present and will give an inspirational message for all auxiliaries. Principal speaker will be Glen Kenley, administrator of Winkler County Memorial Hospital of Kermit, Tex.

Please make your reservations with Mrs. Paul Spring.

### Something To Think About

16th. Street Church of Christ Box 515 -- Friona, Texas

We need to be reminded that pride is the only vice which snatches opportunity from our virtues. The other vices grow in the soils of vice; theft out of covetousness, fornication out of lewd desire, murder out of burning hate. . . . But pride is more subtle. It ensnares people nigh to being saints. When a man has made himself a walking embodiment of the commandments of God and a paragon of all the virtues, pride squeezes a little of her juice into his soul and he begins to think, "What a good fellow am I! I am vastly superior to others." Pride not only effects the one who is proud, it damages others as well. Peter brought sadness to his Lord on the night of His betrayal. The prodigal son brought great sorrow into the heart of his father. It was a sad experience for the prodigal son. He left the best for the worst and did not know it. Pride and self-will would not acknowledge it. In his blind pride he traveled a path that could only lead to sorrow and self-destruction.

Pride keeps many people of our day from rendering obedience to the Saviour of mankind. They find an admission of sin and neglect too hard - too much exposure of true self. Consequently, they live for themselves alone, no one else seems to matter, let the hurt fall where it may, He who refuses to conquer his pride, invites eternal damnation for his soul.

### Come To Church Sunday

TO WHAT ARE YOU DRAWN?

Jesus said, "And I, if I be lifted up from the earth, will draw all men unto me." John 12:32. This reveals to us a marvelous magnet indeed. Many people today are being drawn unto Him. He is not drawing men unto a particular church or denomination, but unto Himself. The force by which He draws men is love. There isn't anything that attracts quite like love, and especially the love which is from above. The Love of God is greater far, than tongue or pen can ever tell, it goes beyond the highest star and reaches to the lowest hell. This magnet force of love draws by a promise of rest. Rest, rest for the weary; peace, peace for the soul. Oh lay down thy burden, oh come unto me. "Come all those who labor and are heavy laden, and I will give you rest." These are all familiar words coming from the Saviour of men. This magnet draws gradually and gently and effectually. No man is forced to accept the Saviour of men. Man, altho in sin and rebellion, has a free choice in either accepting or rejecting the gift of eternal life in Christ Jesus. This then implies that since man is being drawn by Christ, that he in his natural state is a long way off from Christ. It further implies that man will not come to Christ unless He does draw them. He uses many influences; the Bible, a song, a sermon, the kindly compassion of a loved-one--a friend, a near tragedy or the turning of another individual to Christ. But the world and sin and the Evil One is also alluring and drawing. The question quite naturally follows; To what are you being drawn?

### Fun And Fancy Club Has Salad Luncheon

Mrs. Marvin Jordan's home was the scene of an all day meeting of the Fun and Fancy Club recently. A salad luncheon was served at noon.

Officers elected during the business session were Mrs. Bill Bandy, president, Mrs. Lloyd Mingus, vice-president; Mrs. G. A. Collier, secretary - treasurer; Mrs. Lee Renner, benevolent chairman and Mrs. Jordan, reporter.

Next meeting will be in the home of Mrs. Doyce Barnett on Friday, Dec. 1.

### The Jimmy Briggs Have First Son

Mr. and Mrs. Jimmy Briggs are parents of a baby boy born at 3:21 a.m. Monday, October 30, in the Farmer County Community Hospital.

The baby was named Joseph Daniel and he weighed five pounds and eleven and one-half ounces.

Grandparents are Mr. and Mrs. Howard Carpenter of Lazbuddie and Mr. and Mrs. W. C. Briggs, Adrian.

### Farm Bureau Has Meeting

Rhea Farm Bureau members met November 3 in the Rhea community building. A regular business session was conducted and plans for the Christmas program were discussed.

After the business meeting entertainment was furnished by a quartet from Friona, composed of Herbert Day, Frank Claborn, Wayland Ethridge, and Forrest Osborn, accompanied by Mrs. John Thomas.

Refreshments were served to those attending.

Mrs. T. W. Collins from Canyon is visiting in the home of Mr. and Mrs. Frank Spring. Mrs. Collins is the mother of Mrs. Spring.

## Lost Bearings Cause Trouble On Oil Rig

From the ground, everything looked normal, but on the floor of the drilling rig, a three-coned bit stood with the bearings missing from one cone.

Heavy tremors shook the rig as the new bit in the hole caught, jumped and started turning again. The wildcat oil rig on the London farm was having a little trouble. The missing bearings had been left in the bottom of the hole.

Sharp pieces of formation had worn away the shoulders of the cone and the tempered steel bearings had slipped out of the bit as it was pulled out of the well Tuesday morning.

The 6,707 foot string of drill pipe was replaced and a new bit inched down to stir up the loose bearings at 3:40 p.m. Just above the bit, cup shaped object called a junk basket rode.

The basket is about three feet long and has a section several inches long which is slightly larger than the connecting joints of the drill pipe.

This section is fairly thin on the outside and has a heavy stem rising from the bottom which tapers out and is threaded to connect with the bottom drill collar.

As the giant pump begins to build the pressure of the drilling fluid to the 9,000 pound operating level, the jets streams at the bottom of the hole wash the half-inch bearings up along the sides of the basket where they tumble back into the opening and wait to be lifted out.

If the driller sets the bit down on top of the bearings, it will lodge between the projecting teeth of the cones when

the bit is rotated and lock the cones so that they can't turn and gouge out the formation.

The intermediate (or salt) string of casin was set and cemented in the hole last Thursday night and Friday morning. A total of 6,095 feet of 8 5/8 inch pipe went into the test to seal off the thick layers of salt in the formation above that depth.

The day shift started pulling the large drill pipe used to drill the hole for the salt string out of the casin straight while the crews on the floor of the rig screwed it into the joints just lowered into the hole.

Throughout the night, casin and drilling crews continued to work. During the blowing snow and freezing wind, a man (the stabber) stood on a narrow board about 35 feet above the ground and held the top end of the joints of casin straight while the crews on the floor of the rig screwed it into the joints just lowered into the hole.

"The only thing good that happened to us that night was when the casin crew forgot to bring the power tongs (used to tighten the joints of the casin) and we had to wait about two hours for them to arrive," Bill Victory, evening driller, commented when discussing the cold night's work.

Before the resumption of drilling after setting the salt string, the briny mud was jetted and a fresh supply was mixed. In addition to the usual jet compound, 84 barrels of oil were added to the approximately 700 barrels needed to fill the hole and pits.

Oil added to the drilling fluid serves several purposes. It dries up the mud slightly and lowers the water loss factor. It makes the walls of the hole slicker and lessens the chance of getting the drill pipe stuck in the hole. It makes the mud lighter. Some people even say that it speeds up the drilling.

No promising signs have been reported by engineers at the rig yet. As the hole is cut deeper and additional joints of pipe are added to the 63 ton string of pipe during the next few weeks, another spot will be marked as either productive or dry.

THEY'RE GONE . . . Bill Victory examines the bit just pulled out of the hole on the London lease east of town Tuesday night. The bearings fell out of the cone and had to cause some trouble when the new bit reached bottom. The worn shoulder of the bit reveals the empty bearing race.

Play it safe and sure with a new set of fully-guaranteed tires. Low prices. Full allowance for your old tires.

### Kenneth Fergusons Have Baby Girl

Wendy Carol, daughter of Mr. and Mrs. Kenneth Ferguson, was born Monday, Nov. 6, at 4:47 p.m. in the Deaf Smith in Hereford.

She weighed six pounds and four and one-half ounces. Wendy Carol has twin sisters, Jerri and Sherrie, who are 17 months old.

Grandparents are Mr. and Mrs. V. M. Ferguson, Friona; and Mr. and Mrs. Charlie Phipps, Muleshoe, Mr. and Mrs. Otis Massey are great grandparents and she has one great-grandparent, G. W. Price of Midlothian, Tex.

### Hub Club Sponsors Halloween Carnival

About 150 attended the Halloween Carnival in the Hub Community Center building October 31, that was sponsored by the Hub Home Demonstration Club, reported Mrs. W. E. Stringer, chairman.

There were about ten or twelve booths and amusement centers for the entertainment of everyone.

Costume prizes were awarded to Mrs. Eddie Hall, Mrs. Floyd Dutton, Brent Hall and Vickie Mingus. They wore the most unique and amusing costumes according to judges.

Hot dogs, do-nuts, coffee and cold drinks were sold. Mrs. Stringer stated that the carnival was for the entertainment of everyone and not for a profit.

The longer we dwell on our misfortunes the greater is their power to harm us. --Voltaire

### Mrs. Jones Hosts Mary Dorcas Class

Mary Dorcas Class of the First Baptist Church met recently in the home of Mrs. Lucy Jones for a regular meeting.

Mrs. Jones presented a lesson from the book "Women of the Bible." She also gave the story of Lot and his family taken from Genesis.

The hostess served cookies, punch and coffee to Mesdames Rosa Anderson, Alpha Baker, Florence Day, Ida Mae White, Julia Lloyd, Sarah Vernon, Florence Buske, Ella Wise, Bulah Massey and guests, Mrs. Gracie Chitwood, Mrs. Leona Wolfe and Susan Mills.

# Insurance Classification Saves Money For Motorists

Approximately 55% of the private passenger automobiles in Parmer County can now be covered for basic limits public liability insurance for only \$6,000 more than the same insurance cost in 1938. This is due to the use of insurance classification plans, including the Texas Safe Driving Insurance Plan, according to the State Board of Insurance.

To give a specific illustration: basic limits public liability insurance (bodily injury and property damage combined) on a private passenger car, used only for family purposes, and not owned or operated by a male under 25 years of age, and principally garaged in a town or city in such county now costs \$36.00.

If the owner and his co-resident operators are accident and conviction free under the Texas Safe Driving Plan (sub-class 0) a 20% differential is allowed which would reduce the rate to \$29.00. In 1938 the same insurance on a private passenger car in a city or town in Parmer County would have cost \$23.00. Approximately 55% of the non-farm private passenger cars in such county are entitled to this reduced rate.

Farm automobiles carry a lower rate because they are not exposed to hazard in the same degree as non-farm cars. In most counties in Texas farm cars will enjoy about the same ratio of benefit from the Safe Driving Plan in relation to former costs as the non-farm cars will receive.

The purpose of insurance classification plans is to allocate more of the cost of insurance to the class of risks which result in the most losses.

Classification begins with type of motor vehicle. If a private passenger car, then classification for liability insurance is by territory where principally garaged, use of the vehicle and driver characteristics. On physical damage, including collision, fire, theft, and comprehensive insurance, the list price of the insured automobile and its age are also considered.

Rates are made separately on commercial types of motor vehicles from private passenger cars, and on private passenger cars according to the use made of them. The State is now divided into 26 statistical territories and 10 rating territories. Large metropolitan counties are separate territories since there are a sufficient number of cars in such counties to afford a sound basis for separate rating.

Smaller counties are grouped with other counties having a reasonably similar loss experience for rating purposes. Each rating territory can largely control its own rates by reducing accidents and consequently the number of insured losses.

Automobile rating classes pertaining to use as private passenger automobiles and driver characteristics are as follows:

- Class 1A There is no male operator under 25 years of age, the automobile is not used for business and the automobile is not driven to or from work.
- 1B There is no male operator under 25 years of age, the automobile is not used for business and the automobile is driven to or from work.
- 2A There are one or more male operators under 25 years of age and each such male operator is either (1) married or (2) unmarried and not an owner or principal operator of the automobile. (Regardless of whether the automobile is used for business.)
- 2B There is a male operator under 25 years of age and he is unmarried and is an owner or principal operator of the automobile. (Regardless of whether the automobile is used for business.)
- 2C There is a male operator under 25 years of age and he is unmarried and is an owner or principal operator of the automobile. (Regardless of whether the automobile is used for business.)

## May Fined In Court

Sanford May, 38, from Clovis was fined \$50 and court costs in Parmer County Court after attempting to pass an \$18.32 check in Farwell last week. May was also bound over for grand jury action following the filing of forgery charges against him, Chas. Lovelace, Parmer County sheriff, reports. Bond had not been set Monday evening.

## Black News

By Aundrea Frye  
Several men from the Black Community recently returned from a deer hunting trip. They were Bill Carthel, Gene Welch, George Frye, Pete Braxton, Charlie Myers, and Travis Stone. They brought back seven deer.

Mrs. Bill Carthel, Mrs. Gene Welch and Mrs. Travis Stone were in Amarillo Friday.

Mrs. Charlie Myers visited several days last week with her mother in Lamesa.

Mrs. George Frye and Kim visited in Dimmitt with her parents, Mr. and Mrs. Truett Boothe.

Mr. and Mrs. Mart Stone of Lamesa were guests in the home of Mr. and Mrs. T. J. Presley Sunday.

Gary Stone was a guest in the home of his grandmother, Mrs. Birdie Meyer of Slaton, for a few days recently.

Several ladies from Black Community attended a film on cancer in Friona Monday.

Mr. and Mrs. Ray Lovett from Texico, N. M., were Sunday guests in the home of Mr. and Mrs. Ralph Price and Jeff.

Mr. and Mrs. James Thompson from Washington were guests in the home of Mr. and Mrs. Les Gibson and family. Mr. Thompson is Mr. Gibson's uncle.

Mr. and Mrs. Clyde Hays were Sunday guests in the home of Mrs. Hugh Bookout of Hereford. Mrs. Bookout is a sister of Mr. Hays.

## Churches Begin Area Census

Plans for the Friona area church census are being completed in the next few days.

The Friona Ministerial Alliance plans a co-ordinated church census for the first week in December. Rev. Bill Hargrove, of the Home Missions Board of the Southern Baptist convention, Atlanta, Ga., will be in Friona to direct this census.

The Assembly of God, Calvary Baptist, Congregational, First Baptist, and Methodist churches will be expected to furnish workers for this census. About 130 to 150 workers will be needed to complete this census. Members of each of these cooperating churches will be given letters this Sunday. Each individual will be asked if he can help with this census and if he can, the letter is to be signed and turned in to the local church committee.

Publicity Chairman, M. Alvin Askins, said, "We will have all the help we need if 10% of the local membership of each local church will volunteer his or her services."

Workers must be 17 years of age or above.

### 12 Acts Seen In PTA Show

A comical ballet number performed by school coaches will highlight the Parent-Teacher Association Variety show Nov. 16, Mrs. Leonard Coffey, program chairman, reports.

Although some of the skits are not definite at present, twelve are promised. Proceeds from the show will go toward purchasing a controlled reader for the third and fourth grades.

Approximately \$500 will be needed to finance the reader and its accessories. Tickets for the show are \$1 for adults and \$.50 for students.

Entertainment at the show will include a duet by Mrs. Raymond Cook and Earl Hise; a duet by Truett Johnson and Bill Wooley; a piano duet by Mrs. Mattie Ray and Mrs. H. E. Barnett; and a style show featuring the latest ladies' fashions (men will model the garments).

Earl Hise will render one of his verbal punctuation demonstrations and a combo and men's quartet will add to the entertainment.

Mr. and Mrs. Andy Hurst and family and David Reeve were in Spur last weekend visiting in the home of Mrs. Andy Hurst Sr.

### Freshmen Freeze Muleshoe 32-6

The game was called at the end of the third quarter, but Friona was ahead 32 to 6 in the freshman football battle with Muleshoe here Thursday.

Heavy snow halted the play but there was little doubt as to who would have won had the game continued for the full period.

Larry Buckley and Milton Hargus each carried the cold pigskin across for six points in the first half while the Muleshoe eleven managed to chalk up six points of their own.

The Friona frosh really got busy in the third quarter. The Chiefs' opening kickoff slammed into a Muleshoe lineman and was recovered by Buckley on their 40 yard line.

Danny Murphree carried the ball to the one yard line and Buckley rammed across for the third goal.

Mr. and Mrs. Jerry White and Steve of Amarillo were weekend guests in the home of Mrs. Ella Faye Holcomb and girls. Mrs. White and Steve visited in Friona until Thursday.

Muleshoe took the next kickoff on their 20 yard line but couldn't buck the Friona power. An interception of a Muleshoe pass on their 40 yard line set Murphree up for another touchdown.

Friona gained the ball again on the Muleshoe 20 yard line and Hargus scampered across to end the scoring and leave the board showing 32-6 when the officials called the game.

### Legion Plans Pancake Feast

Plans have been completed for a pancake breakfast at the American Legion Hall at 6 a. m. Saturday. This will be the first event in the observance of Veteran's Day.

J. P. Sims, commander, invites all veterans and members of their families to attend the breakfast. Serving will continue until 8 a. m.

Special guest of the organization will be District Commander Willis A. Hawkins Jr. of Hart, who will have charge of the formal installation of officers.

### Squaws Test Play Saturday

Coach B. E. Diggins and the Friona High School girl's basketball team will be featured in the sixth annual Wayland Baptist College Hutchinson Flying Queens Basketball Clinic, Nov. 11.

Eight high school girl's basketball teams will play Saturday afternoon and night as a climax to a full day of demonstrations and lectures by area coaches and members of the Flying Queens, 1961 National A.A.U. Basketball Champions.

Area basketball fans will be able to attend four top-notch contests Saturday for \$1. Slated to begin action will be Happy and Sundown at 4 p. m.; then Claude and Friona, 5:30 p. m.; Sudan and Tullia, 7:00 p. m.; and Abernathy and Dimmitt, 8:30 p. m.

Included in the morning session will be a lecture by Coach Diggins on "Re-housing", followed by demonstrations by the Flying Queens and Wayland Queen Bees on fundamentals, ball handling, and actual game play.

Mrs. Lucy Welch is in Tulsa this week visiting with Mr. and Mrs. Joe Brown and family. Mrs. Brown is the daughter of Mrs. Welch.

# Heavy Snow Covers Summer Scenes

**WHITE FURY . . .** Fast falling flakes were sticking to automobile windows faster than they could be removed during the peak of the snowstorm. Multiple flash and a rug protected camera made this picture of Karen Turner scraping snow from a car window possible.

**HEAVY BURDEN . . .** Clinging snow bends the tree branches to the ground at the school. This picture was taken near midnight Thursday. By noon Friday, the branches touching the ground here were three feet above the ground.

**GEE, BUT IT'S WONDERFUL . . .** Little Silvia Ann Spring, daughter of Dr. and Mrs. Lee Spring, holds a small branch up and begs to be rescued from the strange place where the ground turns white and the leaves fall from the trees. For the first time in many years, a ground covering snow fell before the leaves fell from the trees in Friona.

## Snow First Freeze Later

A "whistling Blue Norther" ushered in the first snow and freeze of the season late Thursday evening.

Churning blue-black clouds raced from horizon level to overhead in the short time of 12 minutes. Strong winds swept chilling temperatures across the county at 4:30 p.m. Temperatures dropped 10 degrees in less than ten minutes according to outside thermometers.

Sleet and rain turned to a driving snow as temperatures dropped to the freezing mark.

"It was like stepping from a cool room into a freezer locker," about sums up the comments on the sudden temperature change.

Snows began covering the ground before the first freeze of the season. Snow fell for over an hour before temperatures reached the freezing mark.

When the sticky flakes stopped at about 9:30 p. m., a thick, white blanket covered trees, grain, cotton, cars and the sides of buildings (and several people who were out for a few minutes in the storm).

County residents woke to a white-blanketed world Friday morning but the brilliant sunshine quickly melted the snow. By night-fall, only a few well shaded spots showed any trace of the more than four inches of snow.

**THE CLEANUP . . .** Kay Cochran, 6, sweeps the snow from the car in the drive way after the heavy fall Thursday night. Over three inches were measured on a level trailer bed Friday and it fell for nearly an hour before it stopped melting and began to collect on the cooling surfaces.

**NATURE'S ICECREAM . . .** Danny Hughes, eight-year-old second grade student, and Richard Shirley, seven-year-old second grade student, stop to munch a handful of snow on their way home from school Friday.

**SILVER BRANCHES . . .** Mrs. Willie Beaty, 810 Washington flicks snow from the laden branches in her front yard. The snow laden branches blended together to resemble wild patterns of white lace in the brilliant sunshine Friday morning.

# First Snow Blankets Area - Harvesting Delayed Again

## THE HIGH PLAINS FARM AND HOME

WHITE HEADS . . . of grain stood in sharp silhouette against a jet black sky at midnight Thursday. The blowing snow stuck to the laden stalks but did very slight damage to the grain fields during the four-hour snow storm.

LIKE SPARKLING JEWELS . . . A combine stands glistening in the early morning sun with snow plastered to its sides. Continuing wet weather has prevented the resumption of harvesting in Farmer County during the last week. Many machines wait at the turnrows while farmers look for warm weather to return to the area and dry the fields.

A combine stands idle in the middle of a half cut field of grain -- a cotton stripper glistens in the early morning sun at the edge of a cotton field -- a farmer peers out through a foggy window -- a blanket of blinding white snow covers waiting fields.

These have been the usual scenes in Farmer county during the past week as cold mist, rain, and snow prevented the resumption of harvesting. Warming weather at the middle of last week raised the hopes of many farmers with crops waiting in the field, but a clinging snow Thursday night smashed any chance of returning to the fields with the combines and cotton strippers for a few days.

From two to four and one-half inches of snow blanketed the county Thursday night, according to county-wide reports. The heaviest fall was in the northern part of the county with four and one-quarter inches in Friona.

From .4 inch moisture in the Rhea community to over an inch in other parts of the county were registered. Friona measured .99 inch while Black and Hub reported a little over one-half inch.

"Never since I can remember, have I seen summer come to such an abrupt end," everyone agreed. Several oldtimers could not remember seeing a comparable snow fall before the first freeze of the season.

The continuing wet weather during the past two weeks has probably damaged the cotton grade enough to lower the price by at least one cent per pound, according to Deryl Coker, county agent.

When applied to the projected cotton production of 65,000 bales for the county, the loss to the county will be over \$90,000 in farm income from the cotton alone.

"Water will squirt from some green bolls when they were squeezed," Gilbert Kaltwasser, Lariat, commented Monday.

Grain harvesting is reported to be about 70 per cent completed according to Coker. Most

of the grain is still standing and can be gathered with little trouble providing the weather dries enough to allow the crews to return to the field. Some of the grain is leaning after the snow and strong winds but can be harvested with the use of Hestands.

Clearing Skys and brilliant sunshine Tuesday again raised hopes that harvest crews could return to the fields by the end of the week.

### FOOTSAVING EDUCATION

by James E. Edwards

#### Why Can't I Find Cheap Play Shoes That Fit As Well As Good Shoes?

There are two concepts of shoe fitting. One looks at the foot as it stands; the other as it works. The front of the standing foot is the toe end but the front of the working foot is the heel. Correct walking is heel and toe.

"Good" shoes are made to be fitted from the heel forward through the arch, to the ball of the foot. A properly fitted "good" shoe does not fit the toes; it must be roomy ahead, on the sides and above the toes. With this desirable roominess up front, the arch and heel sections must fit well to keep the foot from sliding forward and popping out of the shoe. Such construction requires better, slower shoe-making and that costs money.

The other concept of shoe fit regards only the toes. The one criterion is that the toes must be at or very near the end of the shoe. The heel won't slip because a short shoe exerts enough pressure to hold it on. After a short time the toe - fitted shoes give enough to allow the great toes to hit the ends of the shoes. Then every walking step is crowding those toes forward with a lever action which exerts pressure that is six to eight times the weight of the child's body.

Unfortunately there is no pain at the time but selective service examinations, the lost-time records of industries, and the millions of dollars America spends on foot treatment are ample evidence that we sabotage the future health and happiness of Americans more effectively than any enemy could hope to.

## 200 Attend Program

Approximately 200 4-H Club members, parents, and friends attended the Annual Farmer County 4 - H Achievement Awards Program Saturday night, November 4, at 7:30 in the Oklahoma Lane Community Center. Eighty - one 4-H Club boys and girls received achievement awards medals and result demonstration completion year pins.

Linda Gleason, County 4-H Council chairman, served as mistress of ceremonies for the program. Reba Lesly, Gold Star Girl, led the group in the pledge of allegiance to the United States flag. Gary Foster, Gold Star Boy, led the 4-H Club motto and pledge. Guests were introduced by Linda. Those attending were Judge and Mrs. Loyd Brewer and Mr. and Mrs. Joe W. Jones, Cooper Young, District 4-H Council secretary - treasurer thanked and gave recognition to many friends of 4-H who support the 4-H program in the

county. Those recognized were parents, adult leaders, home demonstration clubs and council, business people, Farm Bureau, Farmers Union, County Commissioners Court, Grain Sorghum, Producers Association, Cotton Improvement Association, school administrators, community leaders, donors, Friends of 4-H, and Extension Service Agents.

Achievement Awards, medals and year pins were presented to each of the forty-five boys and girls who had the most outstanding project completions. Due to a limited number of achievement medals donated by national industries and manufacturers other club members who entered their record books received year pins. Presenting these medals and pins were County Judge Loyd Brewer assisted by Miss Ettie Mustil and Deryl L. Coker, County Extension Agents.

Gold Star Awards for 1961

were presented to Reba Lesly of Farwell and Gary Foster of Oklahoma Lane Community. Reba is the daughter of Mr. and Mrs. U. L. Lesly and Gary is the son of Mr. and Mrs. Nelson Foster.

Richard Chitwood was presented the Santa Fe Award Honor of Recognition. Joe W. Jones former County Agricultural Agent, presented him with this award stating, "Richard has come a long way in his 4-H Club work." Richard will attend National 4-H Club Congress in Chicago later in November. He was among the four in the state who won a \$400 scholarship by entering his record book in the Santa Fe Railroad Award.

For the program a 4-H Club movie, "Man Enough for the Job", was shown. Richard Chitwood introduced the program and Deryl L. Coker, County Agricultural Agent, operated the movie projector.

To complete the program everyone said the 4-H Club prayer in unison led by Judy Koelzer, County 4-H Council treasurer. After the program boys and girls took part in recreation led by various 4-H members. Games were led by Katie Blackstone, Viane Lesly, and Patricia Tannahill.

Punch and cookies were served by the Lazbuddie 4-H Club adult leaders. All 4-H Club girls brought cookies to be served.

Farwell Sr. 4-H Club Girls served on the decoration committee. Club boys and adult leaders cleaned up the building. Judy Billingsley registered the guests as they arrived.

Receiving awards medals and completion year pins were: Citizenship -- Cooper Young, Achievement -- Richard Chitwood, Beautification of Home Grounds -- Bruce Billingsley, Agricultural -- Gerald Foster, Steven Young, Daryl Foster and Danny Miller, Beef -- Charles Shulk, Jerry Cass, Terry Parham and Kirby Burch, Garden -- Dale Blackstone and Frank Hinkson, Leadership -- Timmy Foster and Mike Hinkson, Swine -- Ronald Mayfield, Bobby Gleason, Jack Walker, James Wilson and Marvin Wilson, Tractor -- Gary Foster and Ronald

Ashford, Year pins -- Charles Morton, Mike Smith, Floyd Schlenker, Curtis Drager, Raymond Drager, Danny Schueler, Wayne Schueler, Johnny Broyles, Jimmy Broyles, Lyndon Foster, Mike Riethmayer, Johnny Gullely, Don Hoover, Mike and John Ward, James Schlenker, and Larry Davis.

Girls receiving awards medals and completion year pins are: Clothing -- Reba Lesly, Viane Lesly, Debbie Jarecki, Brenda Woodruff, Nedda Foster, Dress Revue -- Judy Billingsley, Pat Tannahill, Judy Koelzer and Connie Schlenker. Home Economics -- Peggy Lesly, Katie Blackstone, Sherri Tannahill, Carol Miller, Janis

Billingsley, Marsha Schumann, and Sharon Martensen, Home Improvement -- Vicki Kaltwasser and Greta Mears, Food Preparation -- Linda Gleason, Leadership Carolyn Anear.

Receiving year pins -- La Nell Christian, Connie Dennis, Kandy Meeke, Rayma Lemons, Deborah Hargrove, Janice Miller, Charlotte Davis, Linda Ashford, Shella Vaughn, Karene Miller, Crista Evans, Terri Schueler, Shirley Schueler, Vicki Vaughn, Connie Vaughn, Carolyn Johnston and Cheryl Ramage.

# 1962 Cotton Quota Vote Is Set

Tuesday, December 12, is the date set for the referendum on marketing quotas for the 1962 crop. At least two-thirds of the upland cotton farmers voting must approve the quotas if they are to become effective.

The national acreage available for distribution to growers for the 1962 upland cotton crop totals 18,101,718 acres, this includes an allocation of 100,000 acres from the national acreage

reserve to take care of minimum farm allotments.

The national acreage allotment is apportioned to States, the State allotments to Counties, and the County allotments to farms according to the provisions of law. Individual farm allotments will be made available to producers prior to the December 12 referendum.

If marketing quotas are approved in the referendum, price support will be available to

growers who comply with their 1962 upland cotton farm allotments at a level within the range provided by law--between 65 and 90 per cent of parity. If quotas are not approved for the 1962 upland cotton crop, the allotment program will remain in effect, and price support will be available to cooperators at 50 per cent of parity, as provided by law.

Under a quota program, growers who exceed their 1962

farm acreage allotments would be subject to penalties of 50 per cent of the cotton parity price as of June 15, 1962, on the farm's excess production of the crop. In addition, none of the cotton produced on the farm would be eligible for price support.

Cotton producers are urged to keep the date of the referendum in mind. A list of polling places will be announced at a later date.

# Farmers Union Elects New County Officers

New officers were elected at a county wide meeting of the Farmers Union Monday at 7:30 in the Hub Community House.

Resolutions were passed for presentation to the state convention in Waco on Dec. 7-8, following the election of officers and state delegates.

Officers elected were: T. O. Lesly, county president; Robert Calaway, vice president; W. M. (Sam) Bradley, secretary-treasurer;

from Bovina and Charles Seal of Farwell.

The major resolutions adopted by the 25 members present expressed opposition to any further tax on farm equipment (such as the license on cotton trailers); and any legislation which will cancel or hinder the present bracco farm labor program.

The group resolved to request that unemployment statistics be listed by occupation because the present posting methods does not reflect the "high employment rate" of farm laborers.

Resolutions presented to the state convention will also ask that lay-out payments be discontinued for grain fields when the price of grain sorghum reaches parity price level.

## NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

President Harry Hamilton expressed himself as well pleased with the leadership Monday night. Plans to make this an outstanding year for the local Farm Bureau are in the making, and it appears that it will be.

The fact that Texas Farm Bureau has fifteen hundred more members now than it had a year ago is indicative of the fact that Texas farmers generally are interested in the Farm Bureau program. Texas now has in excess of 82,000 members.

This reminds me to tell you about a Large Kitchen Appliance program we have planned for November 30 in Clovis, New Mexico. This workshop or program will be held in the Southwestern Public Service Auditorium. All the homemakers in the county are invited to learn consumer education about dish washers, washer - dryers, refrigerator - freezer, and range.

This program will be an all-day meeting to begin at 9:00 CST, and conclude at 3:15. Everyone will bring a covered dish of meat, vegetable, salad, or dessert to be served at noon. Look for more details later in the newspaper and listen on the radio local news. This is just a reminder to check your calendar for this program. Tell your friends, too, because everyone is invited.

The weather situation which has interrupted harvest makes the number to attend the state convention in Galveston next week from this area questionable. However, it appears that several may go. Farmer County is entitled to five voting delegates this year. Aside from the business sessions, there are some very well known and interesting speakers slated for the program.

Wayne Poucher, radio minister, Life Line Foundation, Inc., Washington, and Bill Kennedy, editor, Farm and Ranch, Nashville, are two good examples.

The Vesper Service Sunday evening will be conducted by W. F. Munnerlyn, Jr., assistant pastor, Berachah Church, Houston. We notice that these first three men are also on the program for the Freedom Forum being held in Amarillo this week.

Also speaking in Galveston will be Governor Price Daniel, TFB President J. H. West and AFBF President Charles Schuman.

We are glad to see these guest speakers listed, as they are all proponents of conservatism and, more important, Americanism and patriotism, which are two of the most important ingredients of Farm Bureau.

Consider this: "He that soweth iniquity shall reap vanity; and the rod of his anger shall fall." Proverbs 22:8.

## WITH THE COUNTY AGENT

DERYL COKER

Well, they say only new comers or fools will predict the weather in West Texas and the recent weather we have had should prove this statement to some extent. In talking with several of the old timers, they tell me this is the first time that we have had a snow before we have had a real good general killing frost or freeze. Although we could have used some more warm weather to a good advantage, especially on cotton, I guess we are fortunate to have had the growing season we had. It would have been a big advantage to the farmers, if we could have had a dry freeze instead of a wet freeze. The wet freeze could delay the opening

of cotton and thus hurt the quality and quantity of cotton in Farmer County. I know we are hurt, but the only way we have of knowing how much is to wait a month or two and see.

Some 17 species of trees or shrubs are available to Texas landowners at a cost of \$1.50 per hundred. These are made available through the Texas Forest Service. The trees and shrubs may be used for windbreaks, soil stabilization, and Christmas tree (Red Cedar) plantings, but cannot be used or resold for shade or ornamental purposes. All seedling orders will be packed in moss and moisture proof paper and shipped prepaid direct to the purchaser. Orders must be in orders of 50 and orders for less than 100 seedlings or seed (black walnut) will not be accepted.

Species available are Austrian pine, black locust, black walnut (seed), catalpa, Chinese elm, cottonwood, loblolly pine, mulberry, asage orange, ponderosa pine, red cedar, rosa multiflora, slash pine, sycamore, Russian olive, euonymus, and buffaloberry.

Orders should be made as soon as possible because first come, first served. Shipments will be made in mid January and mid February. Order blanks are available in the County Extension Agents Office.

People always have a tendency to put off things, or always put off till tomorrow

what I can do today. A lot of us are doing just this thing with Civil Defense. Every person in Farmer County should know what an atomic war would do to our way of living and how it would affect our family, especially during the critical period or first two weeks or a month after bombs were exploded. The County Agents office has a good supply of bulletins available for all families in Farmer County. An hour or two of studying these on a rainy or bad day would be well worthwhile and could mean whether or not you and your family survived an atomic attack.

If you are interested in sugar beet production, there will be a meeting in Hereford on November 14 at the Bull Barn.

The Honorable Robert Poage, Vice Chairman of the House Agriculture Committee, will participate in the panel discussion on the Sugar Act on Tuesday, November 14th, in Hereford, Texas. With Congressman Poage will be the Honorable Walter Rogers, Honorable George Mahon and Honorable Thomas G. Morris, (New Mexico). Acceptances from several other Congressmen are pending. Moderator of the panel will be Loyal Walker, Manager of the Agriculture Department of the West Texas Chamber of Commerce.

The forum will follow a barbecue luncheon to be served by the Hereford Rotary Club at the large exhibition hall known as Bull Barn. Presiding over the meeting will be Mr. Henry Sears, President of the First National Bank of Hereford, and Vice President for Region One of the West Texas Chamber of Commerce. Sears, with Lee Benefield and James Witherston, have served as the legislative representatives of the Texas Sugar Beet Growers Association.

"Good heavens!" cried Whistler as he saw his mother on her knees scrubbing the floor.

"Have you gone off your rocker?"

## Producers Reminded Of Final Sign-Up

A great number of wheat growers have not been in to the ASCS Office as yet to sign their intention to participate under the 1962 Wheat Stabilization Program and these persons are reminded that in order to receive a diversion payment, avoid a penalty, or be eligible for price support on wheat produced in 1962, it is required

that each wheat grower file his intention with the local ASCS Office prior to December 1, 1961.

All wheat producers, who have not already done so, are urged to come in and sign up as soon as possible in order to avoid the last minute rush during the last day or two of the sign - up period.

## Area Farmers Seek Higher Beet Acreage

Efforts to gain a larger sugar production allotment for Farmer County and surrounding areas will be renewed at a meeting of the Sugar Beet Growers Associations and several congressmen in Hereford Nov. 14.

Area farmers and their families are invited to attend the day-long program which is intended to show appreciation to the attending congressmen for their part in initiating favorable legislation and to encourage them to continue their efforts in this area.

Congressmen Walter Rogers, George Mahon and W. R. Poage are scheduled to attend the affair and additional legislative representatives from New Mexico, Oklahoma and other states are expected to attend.

The congressmen will furnish the program following a barbecue. Tickets for the barbecue will be \$3.50 per person.

The West Texas Chamber of Commerce and other area service clubs will take part in the meeting.

The group hopes to gain a sugar allotment which will allow the increase of sugar beet acreage in this area sufficient to support a processing mill.

There cannot be quilt without cover. Existing cover usually can be improved by fencing out livestock. A small amount of light cover is adequate if near a good food supply. A cover of a field the size of an ordinary house or a double fence for a hundred yards may do. The two main considerations are: (1) the location must be close to food; and (2) livestock must be kept out.

Let's get behind Farmer County Game Protective Association and provide cover and protection for wildlife in our county.

\$400 MONTHLY SPARE TIME Refilling and collecting money from New Type high quality coin operated dispensers in this area. No selling.

To qualify you must have car, references, \$600 to \$1900 cash. Seven to twelve hours weekly can net up to \$400 monthly. More full time. For personal interview write P. O. Box 2753, Boise, Idaho. Include phone

## HD Agent's Notes

BY MISS ETTIE MUSIL

Fall is the time of year when you have many, many salesmen coming around to your home selling magazines and what have you. We could summarize this type of salesmanship as, "Beware!"

It's too bad that there are so many salesmen who really are not selling magazines for the magazines' companies. Some even use the magazine companies to hide behind just to take a few of your precious dollars out of your purse.

Yes, it's too bad these salesmen go around from house to house impersonating war veterans who are crippled and "can't do anything else" or for veteran's credit. Later these same salesmen are in perfect physical condition. And a little richer with your nice donation rather than a magazine subscription order.

When in doubt about any salesman just get rid of him before he rids you of your subscription money. In the last few weeks there have been several salesmen in the county. We do not know how many are truly authorized company salesmen, and how many are frauds. So, beware!

We are so proud of all the 81 boys and girls who received

4-H achievement awards medals and year pins last Saturday night. This was our special 4-H activity of the year. Yes, the County 4 - H Achievement Awards program is an event boys and girls work hard each year to be eligible to receive awards for their projects.

We would like to thank all the girls and everyone who had any part in decorating, serving refreshments, cleaning up, registering guests, flowers, cookies, making the delicious punch, and anything else that was needed to aid in the success of the program. We are indeed grateful for the hard work Leon Billingsley did in bringing more chairs from the Oklahoma Lane Methodist Church. Of course, we are so grateful for the use of the Oklahoma Lane Community Center.

Next week, Monday and Tuesday, I shall be in Amarillo for a two day small equipment appliance training. We home demonstration agents in the state were trained last year in large appliances, so now we will add small electrical appliance to our list of helps for you. If you need any assistance in trying to decide about any appliance do call on

**Group Studies Screw Worm Control Plans**

Farmer County cattlemen, agriculture teachers and county agents will meet at the Bovina School Cafeteria Thursday night to begin the organization of a screwworm eradication group. The county meeting is part of a state-wide drive by the Southwest Animal Health Research Foundation to organize the entire state and remove the costly parasite.

All interested cattlemen are invited to attend. The main purpose of the meeting is to have the screwworm control program and what it means to the people of Texas explained and to start the organizational wheels rolling.

Beef cattle producers in Texas estimate that screwworms drain at least \$25 million each year from their combined income. The parasite kills more calves than any other disease in the southern fourth of Texas, according to reports from the Foundation.

In addition to labor, more money is spent for screwworm medicine than for treatment for any other single disease of beef cattle.

Sterile flies will be used under the present system of control and if previous patterns hold true, the flies will breed themselves out of existence.

Another of life's mysteries: Not all wives are ext-stenographers, but they all seem to know the touch system.

**FRIONA**

WITH JUNE

Coffee cup conversation during the weekend was about equally divided between the subjects of the unexpected snow and sudden drop in temperature and the fine job done by members of the junior play cast.

There were almost no vacant seats in the auditorium during the presentation of One Wild Night. Each character in the play turned in a fine performance and is to be commended. Area residents who miss these school presentations can't realize the talent Friona High School possess.

Seeing the various class plays and those presented by members of the Thespian Troupe each year always leaves me wondering, "Why can't Friona High School have more facilities for dramatics so that some of this talent can be developed to a greater degree."

For several years the Friona schools have sponsored Southern Assembly programs. Most of these presentations are well received by all who see them, but the most recent one, which featured trained monkeys and dogs apparently attracted more attention than any other.

It will be a long time before students will forget the antics of Judy and her playmates. From the reports I heard the seniors enjoyed the program as much as the first graders.

Another local talent program that is coming up soon will be the PTA sponsored Variety Show Thursday of next week. There will be a number of different type numbers and everyone who attends is sure to enjoy some of them.

All proceeds from sale of tickets will be used for purchase of a controlled reader and accessories that go with it. This reader will be used in conjunction with other materials now being used to make our students better readers.

Thanks this week go to all who have asked about the local news program. Sponsors of this program decided to discontinue it for a time in an effort to learn whether or not Frionans were enjoying it.

Anyone who would like to have the program revived, should call Friona Clearview, Bi-Wize Drug, Hurst's or Parmer County Implement Company.

If you regularly read any newspaper, farm magazine or trade magazine, it will not be very long until you run onto a familiar name or face.

In the November 6 Drug Topics, a drug store trade publication, there is a picture of a float that won a \$100 award in a recent homecoming parade at Southwestern State College at Weatherford, Okla.

Sitting in front of an elaborate

boat completely surrounded by waves is Nancy Outland Roden. Lettering on the side of the float reads "Pharmacy Wives" and right under these words is the motto, "When My Dream Boat Comes Home."

Nancy is the wife of pharmacy student Jon Mac Roden. Both of these are graduates of Friona High School and well known here. Jon Mack's parents are the Ralph Rodens and Nancy's are Mr. and Mrs. Hank Outland.

If anyone has lost a pig, check with Mrs. Beulah Whaley in the west part of town. A pig, apparently homeless, showed up at the Whaley home Tuesday morning of last week. If he was meant for a Halloween prank, he got the days of the week mixed up.

At any rate, if the pig belongs to you, call Mrs. Whaley and she will be glad to let you have him if you will pay for feed and an ad that is running in this week's Star.

It is almost football banquet time again and there's a shortage of white aprons and caps that are used for serving at banquets. Apparently, someone has borrowed these items from the cafeteria and has failed to return them.

If there is a white apron and cap at your house, please see that it gets back to the cafeteria real soon.

Motto for the week: All progress is largely a story of applied imagination.

**Methodists Plan Building Fund Campaign**

Dr. Roy Farrow of Dallas was guest speaker for a recent meeting at the Friona Methodist Church. Seventy-eight attended the all-committee instructions meeting for the Building Campaign which started Nov. 1.

According to those in charge, some of the objectives of the plan as organized by Dr. Farrow and the steering committee are the acquainting of the membership with the over-all needs and building program of the church, and the proposed plans for meeting these needs.

Kick-off dinner will be Nov. 27, followed by report meetings Nov. 29 and Dec. 1.

Steering committee for the campaign includes Dalton Caffey and P. L. London, general co-chairmen; Andy Hurst, W. H. Long, A. W. Anthony, Jr., associates; C. L. Mercer, chairman of the board of stewards; and Rev. Wallace Kirby, pastor.
