

Vacation's Over-

School Starts Monday

Summer vacation ends this week for about 1,100 students of the Friona School District. Registration for junior high and high school students is tomorrow (Friday) and first classes for all grades will be Monday.

School activities actually get under way today at 7:30 p. m. with a general faculty meeting at the school cafeteria. The meeting is booked as a "get-acquainted affair" for all teachers, husbands and wives, and a meal will be served. Tomorrow's schedule for registration is:

9 a. m.--All high school students report for registration and checking out books. Seniors, room 12; Juniors, room 5; sophomores, hand hall; and freshmen, library.

10 a. m.--Seventh grades report to junior high gym.

1 p. m.--Eighth graders report to junior high gym.

Grades 1 through 6 will not report to school until Monday at 8:45 a. m.

Superintendent Alton Farr estimates that the school enrollment this year will be 1100, an increase of about 35 to 40 students over last year's enrollment of 1,065.

The superintendent this week was still seeking two teachers, following the resignation of Mr. and Mrs. Roy Cox, who had been hired to teach math and the fourth grade.

The Millers resigned this week to take similar positions elsewhere. Farr was hopeful that he would have replacements by Monday.

Besides the high school math and fourth grade teachers yet to be hired, there will be seven other new teachers on the faculty this year.

The new teachers are Wayland Ethridge, of Muleshoe, who received his B.B.A. degree this summer from West Texas State College in Canyon. This will be Ethridge's first year to teach. He will be instructor of commercial subjects and journalism.

Mrs. Estelle Caffey, of Friona, will be joining

the faculty this year to teach homemaking. She previously taught in the local school system and will be returning as an instructor after several years absence.

Kenneth Miller is the new football coach and social science teacher, coming to Friona from Groom. He has been holding workouts for the high school football team for the past week.

Joe Mace, a June graduate of Oklahoma State University, will be teaching high school speech and english.

A new teacher in the sixth grade will be Richard Dickson, who received his B. S. degree from West Texas State in June.

Two other Friona women who will be joining the faculty for the first time this year are Mrs. Raymond Cook, wife of the high school principal, and Mrs. Casey Dunn, who has been teaching private music and dancing here.

Mrs. Cook will be a fourth grade teacher and Mrs. Dunn will be teaching the first grade.

GETTING SLICKED UP for his first day of school is Alan, six-year-old son of Mr. and Mrs. Virgil Zeman. Mama applies the finishing touches with the comb, and with his notebook and pencil under one arm, Alan is ready to go. For Alan, who will be a first grader, and 1100 other students of the Friona School District, classes start Monday.

Jaycees Meet Lions Friday

Members of the Friona Jaycees will play the Friona Lions Club in a benefit ball game Friday night at Reeve Field at 8 p.m.

There will be no admission charge, but donations will be accepted, with all proceeds to go to the Jaycee fair fund.

The fair is being conducted this year in conjunction with Maize Days.

Grand Opening This Week End

Grand opening of the Phipps and Rhodes Texaco Service Station is slated for this Friday and Saturday.

New owners of the station, Virgil Phipps and Caylon Rhodes, are giving away free prizes and service jobs during the special event.

Complete details may be found in an advertisement elsewhere in the paper.

Leon Coffey Is Partner At City Body Shop

Leon Coffey, formerly of Snyder, has joined his brother, Leonard Coffey, as a partner at City Body Shop in Friona.

Leon, who several years ago was associated with his brother in the business here, joined the firm again this week.

Coffey and his wife have a 10 month old son. They will move to Friona as soon as housing can be found.

Black Elevator Expands

Construction of one million-bushels of additional storage is nearing completion at Black Grain Company, reports Paul Fortenberry, assistant manager of the elevator.

The new flat storage is being built west of the present elevator, and the structure should be completed this week, and all that will remain will be the finishing touches, which includes construction of aeration facilities.

Fortenberry says that the new addition, which was started on July 1, will probably be completed by September 1.

The exterior of the building should be completed this week, and all that will remain will be the finishing touches, which includes construction of aeration facilities.

The new building is being built by A&S Steel of Amarillo. When completed, it will boost

the storage capacity of the elevator to about 3 million bushels, Fortenberry says.

Persons who would like to use the rodeo arena for practice roping or riding may do so by contacting one of the Jaycees.

All band members are asked to be present with their instru-

First practice session for the Friona High School band will be Friday at 6:30 p.m., says Lowell Bynum, director.

"County Fair" Planned With Friona Maize Days

Plans for Friona's Maize Days are beginning to take shape this week, and one new event slated for this year will be a "county fair" at the rodeo arena.

The event, which will be Saturday, September 16, will be sponsored by the Friona Jaycees.

There will be a class for heavy, medium, and lightweight steers, in the Hereford, Angus and Shorthorn divisions, and classes for swine and sheep. Also, there will be a class for crop and vegetable competition.

Ten ribbons will be awarded in each class, says Gaylon Rhodes, of the Jaycees.

Entries for this year's fair will be confined to the junior division (FFA and 4-H members), but by next year we hope to make it open to everyone, Rhodes says.

The Jaycees this week received a shipment of 20x40 tents, which will be set up in the arena for this year's show.

Future plans are to build a show barn at the arena site. Entries for the show will be accepted from all over the county.

Members of the queen's contest committee are now accepting entries for the contest, which will kick off Maize Days activities on Thursday, September 14.

The contest will work the same this year as it has in the past, with merchants and organizations in Friona and other towns in the county sponsoring a contestant. Entrance fee will be \$7.50.

Merchants who would like to enter a contestant may do so by contacting Mrs. Eva Miller, chairman of the contest, or Mrs. Louis Welch or Mrs. Deon Awtry.

Deadline for entering the queen's contest will be Saturday, September 9.

A complete schedule of events for Maize Days will be completed by next week. The schedule this year will appear in a catalog, which promoters of the celebration are currently preparing.

They are now soliciting advertising for the catalog and hope to have it completed and ready for the printer by next week.

Chiefs Enter 2nd Week Of Practice

Friona's Chiefs are in their second week of grid workouts in preparation for the season opener next Friday night, September 1, against the Farwell Steers.

The number of footballers had increased to 23 this week, and while the coaches report that material isn't as good as it has been in past years, spirit is running a little higher.

Workouts this week included more fundamentals with a little more contact than the first week.

A scrimmage had been scheduled for Tuesday night against Springlake, but the Wolverines didn't show up. Plans were to schedule another scrimmage later this week if possible.

Making up the Chief squad are 6 seniors, 7 juniors and 10 sophomores.

Seniors are Floyd Reeve, fullback; Gary Snead, end; James Perkins, back; Jim Lillard, tackle; Reggie Hayes, back; and Tommy Roberts, tackle.

Juniors are Ranza Boggess, wingback; Max Reeve, center; DeWayne Phipps, end; Angel Aleman, tackle; Darrell Patterson, guard; Dwight Bates, guard; and Gary Johnson, guard.

Sophomores are Everett Gee, back; Tommy Baxter, back; Gary Renner, back; Bob Welch, back; Glenn Herring, end; Micky Wilson, guard; Tex Phipps, guard; David Carson, end; Ronald Awtry, center; and Numan Loafman, guard.

Winners Named In Swim Meet

Interest ran high in Friona's First Annual City Swimming meet, held Saturday at the Dive-Inn Swimming Pool.

There were more than 60 entries in the meet, and "competition was rough," says Baker Duggins, director of the meet.

"For our first meet, I'd say it was a whale of a success," Duggins says. Besides plenty of competitors, there was also a large crowd of spectators

on hand for the finals Saturday night.

Winning times in each of the events will go down in the record book and will stand until someone breaks them in future meets.

First and second place winners in each of the events were as follows:

GIRLS DIVISION
Age 7, 25 yards--Chris Mast, 32.9; Brenda Hall, 34.8.

Age 8, 25 yards--Jayn Massie, 25.9; Gloria Brown, 30.2.

Age 9, 25 yards--Roxanne Hall, 25.4; Vickie Knight and Melva Rule, tie for second, 27.4.

Age 10, 25 yards--Vickie Renner, 20.8; Becky Coffey, 23.0.

Age 10, 50 yards--Vickie Renner, 51.7; Shirley Johnson, 52.5.

Age 11 and 12, 50 yards--Sharen Awtry, 48.5; Donna Shackelford, 50.6.

Age 11 and 12, 25 yards--Sharen Awtry, 20.0; Glenda Mingus, 22.5.

Age 13 and 14, 25 yards--Merylene Massie, 19.9; Jeanne Taylor, 20.6.

Age 13 and 14, 50 yards--Jeanne Taylor, 43.9; Merylene Massie, 44.0.

Age 15 and 16, 25 yards--Kay Coffey, 18.5; Marcia Lynn Massie, 19.5.

Age 15 and 16, 50 yards--Kay Coffey, 43.3; Marcia Lynn Massie, 45.5.

BOYS DIVISION
Age 8, 25 yards--Ricky Jen-

(Continued on page 6.)

TALKING OVER PLANS for the upcoming football season are Friona's three varsity coaches, Kenneth Miller, new head coach, left, Bill Adams and Vernon Scott. The three coaches are currently directing daily workouts at Chieftain stadium as they attempt to get their charges ready for the September 1 opening game against Farwell.

FROM THE INSIDE LOOKING OUT this is how the new one million bushel grain storage building looked at Black Grain Company early this week. Construction of the 100x400-foot structure is scheduled for completion by September 1.

Cowboys Asked To Enter Rodeo

All cowboys in the Friona and Farmer County area are asked to start making plans for entering the Friona Jaycees first annual amateur rodeo, slated for September 7-8-9.

Deadline for entering will be the first day of the show, September 7. Events will include calf roping, bareback bronc riding, saddle bronc riding, bull riding, bulldogging, barrel racing, and a wild mare race.

Persons who would like to use the rodeo arena for practice roping or riding may do so by contacting one of the Jaycees.

All band members are asked to be present with their instru-

HIGHLIGHTS AND SIDELIGHTS

Ramsey Appointment Has Political Implications

By Vern Sanford
Texas Press Association

AUSTIN.--Ben Ramsey's appointment as Railroad Commissioner -- after a decade in which his name has been synonymous with the lieutenant governorship -- carries with it several major political implications.

First, it's a pretty safe bet that the quiet-spoken East Texan will not be in the field of contenders for the governor's chair. Pre-campaign speculation has had Ramsey in practically every gubernatorial race in recent years.

Second, it leaves the 1962 race for the Lieutenant Governorship wide open. At least a half-dozen likely prospects already have been mentioned.

Third, it puts Sen. Bruce Reagan of Corpus Christi automatically in charge of the lieutenant governor's duties. He was elected by his colleagues as President Pro Tempore of the Senate shortly before Gov. Price Daniel's announcement of Ramsey's appointment.

There could be several "lieutenant governor" before the election this year. This depends on how many legislative sessions occur between now and then. Texas' Constitution provides that a President Pro Tempore shall be elected at the beginning and at the end of each session.

Governor Daniel has announced that he will call another special session before the end of the year. So it will be up to the Senate to elect a man who will assume the duties of lieutenant governor for that session. Then another will be chosen for the interim between its windup and the beginning of the next one. And so on!

Meanwhile, Reagan is first in line of succession to the Governor's office.

Ramsey's appointment to the \$17,500 a year railroad commission post came as no surprise in political circles.

Appointment is for the unexpired term of the late Olin Culberson, which runs until January 1, 1963. Then, if Ramsey desires a full six-year term, he will have to stand for election.

Ramsey joins Ernest O. Thompson and William J. Murray, the present chairman, on one of the most important agencies in the state government. The railroad commission not only regulates all Texas oil and gas production, but all highway and railroad freight and passenger rates in the state.

ANOTHER SPECIAL SESSION ASSURED--At the close of the called special session which voted a teachers' pay raise averaging \$810 per year, Governor Daniel announced he will call another session sometime before the end of the year, to act on several matters.

He said he will submit such subjects as loan shark control legislation, a law to include banks in the recently-passed abandoned property act, juvenile delinquency legislation, and controls over municipal annexation.

The short session, in addition to the teachers' pay raise, also provided additional money for the operation and maintenance of school buses and for administration.

A law requiring runoffs in congressional elections when one candidate doesn't receive a majority was passed in the dying moments of the session.

Although the major objectives of the Texas State Teachers Association have been reached, there are more to come.

These include a sick leave

plan for teachers; provision for assistant superintendent units for large school systems; using average daily attendance, instead of scholastic census, as the factor for determining distribution of the State's available school funds to local districts; more driver education teachers; compulsory attendance for all children, six through 16, for the whole school year; and creation of regional film libraries.

Incidentally, the \$810 teacher pay raise doesn't necessarily mean every teacher in the state will get such a raise. Some districts already are paying their teachers more than the state minimum. In such cases it's up to the district to decide whether a raise is in order.

SALES TAX EXPLAINED--Prime targets of the state's new two per cent sales tax, which become effective September 1, are furniture, household and kitchen appliances, clothing with some exceptions, household supplies, toys, restaurant meals and gas, and electric utility bills.

But those are not all by any means, as you'll soon discover. However, groceries, housing, medical and dental bills, insurance, and telephone service will not be covered by the new levy.

One break for the taxpayer came with the new tax bill. The three per cent tax which was on television sets, radios and air conditioners will be reduced to two per cent.

Cosmetics tax will be lowered from 2.2 per cent to two per cent.

It should be some consolation, at least, to know that all sales taxes under the new law are consumer taxes and thus deductible from the federal income tax.

DANIEL ACCEDES TO SALES TAX--Governor Daniel filed the sales tax bill with the Secretary of State, unsigned. This permitted it to become law without his signature.

He said to veto it at this time, when appropriations must be met September 1, "would be disastrous to the State of Texas, its school children, state institutions, old age pensioners, and other programs which are dependent upon adequate revenue and appropriations."

"It is with considerable regret," he said, "that I feel compelled to permit this type of bill to become law. Among other inequities it contains a limited type of general sales tax which I have opposed for 22 years."

There is no time to "re-fight" the tax battle, he added. SCHOOL BUS PRICES FIXED?--An anti-trust suit has

been filed by Atty. Gen. Will Wilson against 16 persons and firms. Suit alleges that bids on school buses sold to the state have been rigged.

Wilson said something like 5,100 buses costing \$23,000,000 are involved. Allegation is that those named agreed to "fix, maintain and increase the price at which school buses are sold in the State of Texas."

Suit asks penalties up to \$3,-600,000 for price-fixing acts covering a period from January 1, 1955 to August 16, 1961.

DO'S AND DON'TS WITH STATE MONEY--The Legislature says it's all right for the Governor to transfer funds from other appropriations into the Civil Defense and Disaster Relief appropriation if the President proclaims the national safety is in danger.

It also says he can purchase a \$10,000 limousine for official use -- but Governor Daniel quickly announced he would not do so "as long as the state deficit continues."

Legislature says it's NOT all right for state money to be spent

Editorial Comment:

How About Push-Ups?

The fact that American people, both young and old, are rapidly getting to be a race of "physical softies" is of vital concern to the nation's leaders, and some of them are determined to do something about it.

This is a noble effort on the part of our elected government officials in Washington because they do have a tough job ahead of them.

No one can deny that today's modern living hardly requires the physical stamina that it took for most of our forefathers to even survive. The preceding generations had to be rugged individuals, and the fact that they carved the world's greatest nation out of wilderness, proves that they were.

Today, however, as a vast majority of the nation's citizens bask in luxury, and make use of hundreds of labor-saving devices, that physical prowess for which previous generations were known has come to be almost as extinct as the buffalo, the covered wagon, and the dollar bill worth a hundred pennies.

This is quite evident when one views the ever-increasing number of expanding waistlines, the hidden belt buckles, and the sale of Metrecal and other dietary substances.

Yes, the physical state of too many Americans is far from what it should be.

The question is, - what can be done to correct it?

There have been many suggestions by those who are deeply concerned about the physical decay of this country, and mentioned most as a means of correcting the situation is an improved, more far-reaching physical education program in our schools.

This is a step in the right direction, and we know that a great deal can be accomplished if something is done to include all students, not just those who are capable of making the varsity football or basketball team, in some sort of athletic or physical fitness program.

With a little planning and effort, we know that something can be done to improve the physical condition of our youth, not only

in our schools, but in other phases of day-to-day living.

One area columnist has suggested that one of the better places to begin would be for parents to start refusing the car keys to youngsters, even if they have to walk 10 or 12 blocks.

All of the suggestions on improving physical fitness have been aimed at the youth, and while we all know that they need it, what about the older set--those persons between the ages of 20 and 40.

Persons in this age group, who don't have a job requiring daily physical exertion, are in about the worst physical shape of all.

And, while an improved physical education program in the schools might help the youngsters, what happens to these same kids after they reach 25, 35 or 40 years of age?

We aren't calling attention to this "neglected" element of our society in an attempt to get the federal government to institute a physical education program for all persons between 20 and 40. The federal government has a big enough task, what with collecting taxes, and spending our money for us.

As a matter of fact, we don't even have any practical suggestions on what can be done to correct the physical deficiency so prevalent among our young adults and middle age citizens. Our suggestions would all be too crude, and the mere mention of them would provoke the ire of most every paunchy citizen.

About all we could suggest would be mowing the lawn with a hand mower instead of a power-driven machine, walking that four, six or sixteen blocks to the coffee shop instead of driving, walking across the golf course instead of riding in a cart, or better yet, a game of tennis twice a week in place of golf.

Then, a person could take a five-mile hike three times a week, or do 40 pushups both morning and evening, before running around the block a couple of times.

Or, how about developing those arm and shoulder muscles by pushing oneself away from the dinner table after only one serving?

The Tennessee Valley Authority recently announced a reduction in its electric rates. The head of the Edison Electric Institute observes that if TVA paid taxes and the market costs of borrowed money comparable to those paid by private electric companies, rates would have to be raised 46 per cent. If this were done, electric rates in the TVA area would be about the same as rates paid by customers of the electric companies operating under similar circumstances.

DEWEY, OKLA., HERALD-RECORD: "You cannot help men permanently by doing for them what they could and should do for themselves."

Longhorns Look For "Fair" Year

Lazbuddie's Longhorns, defending champions of District 2-B, are looking forward to a fair season despite the loss of 10 seniors and 9 starters from last year's team.

Workouts started for the Longhorns last Monday and the only starter back from last year's team, which compiled an 8-1 record, was Jimmy Dale Seaton, fullback and lineman. Seaton, who stands at 6 feet and weighs 175 pounds, leads a list of 7 returning lettermen. The other lettermen, who played mostly on defense, are

Paul Wilbanks, Richard Chitwood, Cooper Young, David Koelzer, Jim Brown and Calvin Mason.

Lazbuddie's only loss last season was to the Farwell Steers, before they bowed out to the Groom Tigers in bi-district.

Despite being watered down considerably via graduation, the team this year should give all opposition plenty of trouble, believes Coach Bobby Crooks, who is taking over the head coaching position from John Bond.

The Longhorns will be smaller with less speed, but should have better balance, Crooks says.

Assisting Crooks as a coach this year will be Carol Stepp, who comes to Lazbuddie from Hartley.

Complete schedule for the Longhorns this year is as follows:

- September 1--Wilson, home
- September 8--New Deal, home
- September 15--Farwell, away
- September 22--Cooper, away

- September 29--Open
- October 6--*New Home, home
- October 13--Open
- October 20--*Vega, home
- October 27--*Bovina, home
- November 3--*Hart, away
- November 10--*Happy, away
- All games start at 8 p.m.
- **Homecoming
- *Conference games.

Funeral Rites Held For Former Resident

Funeral services for Mrs. Patti Grace Tucker, 31, an auto accident victim on the Fritch Highway near Amarillo Thursday afternoon, was held at 2 p.m. Saturday in the Church of the Nazarene in Borger.

Burial was in Highland Park Cemetery under the direction of Minton Mortuary of Borger. Mrs. Tucker was killed when her car overturned northeast of Amarillo. Her son, Clifford, suffered only minor cuts and bruises and was released from the hospital following treatment.

Mrs. Tucker was born March 25, 1930 in Hereford and was a Friona High School graduate.

She was a member of the First Baptist Church and American Association of University Women.

Survivors include her husband, Aubrey, of Borger; a son, Clifford; two brothers, Gene Southall of Amarillo and John Southall of El Paso; three sisters, Mrs. Pete Braxton, Black, Mrs. Benthall Miller, Clovis; and Mrs. Anna Jo Smith of Oklahoma City and her parents, Mr. and Mrs. P. O. Southall of Friona.

Total automobile casualties increased by almost 50,000 in 1959.

Minister's Brother Writes About Berlin

Editor's note: A letter was received this week by Bill Phillips, minister of the Union Congregational Church in Friona, from his brother, John Phillips, who is studying at the Goethe Institute in Berlin. Phillips has been studying in Berlin this summer and he will return to the University of Glasgow in Scotland this fall.

Here is the letter:

Dear Bill:

"Where duty calls or danger, be never wanting there" -not duty, but a failure to read the papers had me not only at the Brandenburg Gate, but behind it last Sunday when the Reds sealed it off. With Sunday paper in hand, I followed my usual practice of taking the short way home on the S-Bahn from the main station, which goes for a time through the East.

The train halted at the main eastern station, Friedrichstrasse, and when I got out to change trains I knew it was a mistake - crowds of shoving Germans, barriers everywhere, and an air very similar to the briefing room at an army induction center.

I showed the green corner of my passport to the Volkspolizei and was allowed to go on. Waiting for the train below, I found that I was one of four allowed to take it, and it was going to a strange destination written on a chalk slate hung across the front car.

Liking surprises, I got on. It missed three normal stops and I had the feeling that I would be next in Warsaw, but the first stop was back in the West. I got out gratefully to look around, and could see all kinds of interesting things going on back at the border. It was mostly quiet, and the "hostile crowds" reported by your papers were actually West Berliners who wanted to try out their new cameras.

I walked up to the Brandenburg Gate where several thousand West Berliners had gathered to see what was going on. A few armored cars and some barbed wire had been strung across the pedestals and the streets was tipped up. By this time my capacity for the wrong place at the wrong time got the best of me and I whipped out my passport, East and West alike saluted, and I was in the East again, walking straight through the gate into

those fierce looking pictures you have seen by now.

The East was full of marching columns and the tanks lined up with grubby looking little drivers. Not a Russian is to be seen, strangely enough, and the majority of the guards reflect incompetence. I walked around the East Bahnhof (train station) again, but no trains were getting out (it was now about four o'clock), so I elbowed my way back to Unter den Linden toward the gate.

Twice the Volkspolizei cleared the streets, everything was quite cordial. But, the third time I made it back to the gate. At this time, looking through the gate to the West, that side looked more troublesome than the one I was with. The crowd swelled to several thousand and police riot cars from the West were telling them to disperse. Large groups of teenagers shouted and attempted to elbow their way forward, singing the German national anthem.

A few beatniks with signs were out, and in a few minutes Willy Brandt (mayor of West Berlin) was telling everyone to keep calm. More Eastern Soldiers formed columns all the way across the gate, with their rifles at port arms. I thought I had had enough from my side and walked across the empty no-man's land between.

A friend and I went back at night, which looked much more impressive with lights and all. In between time, some of the teenagers had crept around the bushes and threw rocks at the Vopos, and were shot at with tear gas. Car traffic had been cut off (although as I understand it, Westerners and especially foreigners are still not hindered from going west to east on foot).

The western press is making things sound a little more alarming than they actually are. Surprisingly, we are taking things in stride. I don't plan any more excursions for a bit, until things change, and I expect they will be more or less like this until December.

So, "It was a day like all days, full of those events which alter and illuminate our times, but you were there."

By the way, watch for me. I walked right into a CBS television camera.

J. Phillips

Charles B. Shuman, president of the American Farm Bureau Federation, the nation's largest agricultural organization says, "What the farmer really needs is public understanding of the basic fact that his net income has suffered under the twin onslaughts of unrealistic farm price support programs and inflation. What the farmer also needs is opportunity to be free of the shackles of government price fixing and controls so that the food and fiber he produces can be used to fill consumer needs instead of government bins and warehouses... Unwise government programs... have caused agriculture's distress."

Safety first around the picker gets the job done safer quicker.

Something To Think About

6th. Street Church of Christ
Box 515 -- Friona, Texas

If a stream keeps running, it keeps clean; but if it comes to a standing water, then it breeds all manner of filth. The keys that men keep in their pockets, and use every day, grow brighter and brighter. But if they are laid aside, and hang on the wall they soon grow rusty.

Thus it is that service is the very life of the soul. The person who is busy in the Lord's vineyard will grow stronger and stronger, and will keep clear and free from the world's pollutions; but if we falter in our diligence, and stand still, corrosion sets in and spirituality begins to deteriorate.

Is it any wonder that the scripture has so much to say about faithfulness? The Lord knew this evil would persist. He knew it's destructive power, and how difficult it is to clean the soul of spiritual corrosion.

Not only did the Lord know, he also loved. He loved us enough to die for us in order that we might be freed from sin. He loved us enough to give adequate directions for living the Christian life, and to warn of such dangers mentioned above.

In the words of the Apostle Paul "we beseech you therefore, brethren" don't lose your soul because of spiritual corrosion! It's much better to wear out than to rust out. Think about it!!!

come to church sunday

Vesper Point, a Christian Camp in Barbee, Indiana, overlooks two beautiful lakes. The seating arrangement among the green trees of the wooded ridge is one concrete block for each person.

The worship center is constructed of concrete blocks and a cross of rough tree limbs. It is a weather-beaten cross, a symbol of the one on which Jesus, the suffering servant, was crucified.

Once the cross was a frame used to crucify outcasts of earth. Now it towers over the world as a symbol of man's hope. The cross arm reaches out to all people - the crippled, the blind, the weak, and the strong, the poor and the wealthy, the ignorant and the educated - to bring them to God. The cross also points upward inspiring us to come to Him.

By denying ourselves and faithfully bearing our cross, we show forth our love and gratitude to our Redeemer, who suffered to save us from sin.

FOOTBALL FUNDAMENTALS require a lot of time and effort on the part of these Friona Chief football hopefuls, who are in their second week of practice. In the top photo, Coach Kenneth Miller puts his linemen through a running drill, and in the bottom picture the fellows start making contact. The Chiefs play their first game next Friday night, September 1, when they take on the Farwell Steers at Chieftain Stadium.

THE STATE OF TEXAS
COUNTY OF FARMER
SHERIFF'S SALE

WHEREAS, on the 7th day of June, 1961, in Cause No. 2152, in the District Court of Farmer County, Texas, wherein Friona Independent School District, the State of Texas, County of Farmer and High Plains Underground Water District No. 1 were Plaintiffs, Impleaded Party Defendants, and Intervenor recovered judgment against Marion Castele, Mrs. Marion Castele, Ramona Martinez and her husband, whose name is unknown, and the unknown heirs and legal representatives as is more fully described in Plaintiff's Original Petition Defendant, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 19 day of August, 1961, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 21st day of August, 1961, seize and levy upon as the property of the above defendant the following described property, situated in Farmer County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

FIRST TRACT:
All of Lot Number Three (3) in Block Number Ninety (90), of the Original Town of Friona, Farmer County, Texas.

And I will on the first Tuesday in the month of October, 1961, the same being the 3rd day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Friona between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said prop-

erty in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole. DATED at Farwell, Texas, this the 21st day of August, 1961.

Save An Extra Pig Per Litter

On the day they are farrowed, each litter of newborn pigs already has cost you approximately \$35. That's money you have spent to feed the sow, pay a share of boar cost, and provide housing. Since each pig in a

seven-pig litter is worth \$5, that little extra effort to save every one is really worthwhile.

A Massey-Ferguson research report shows that it isn't hard to step up the average number of pigs saved by one or two per

litter. Tests at several state universities, for example, have demonstrated that heat lamps and farrowing stalls cut losses materially.

In Georgia test pigs were eight pounds heavier when they were weaned at three weeks. And they gained faster on less feed all the way to market.

Friona's Future Citizens

This is the 2nd in a series of pictures of Friona's Future Citizens, which will appear in the Star. The pictures were taken recently by Winston B. Lucas, Photographer, during a baby contest sponsored jointly by the photographer and the Star.

From left to right are Terry Floyd, son of Mr. and Mrs. Calvin Floyd; Carolyn Dickey, daughter of Mr. and Mrs. Robert Dickey; and Paula Jo and Steven Metcalf, children of Mr. and Mrs. D. R. Metcalf.

In this panel are John Louis Spring, son of Dr. and Mrs. Paul Spring; Carolyn and Jimmy Murphree, children of Mr. and Mrs. Curtiss Murphree; and Pamela Jean Rhodes, daughter of Mr. and Mrs. Gaylon Rhodes.

Pictured here are Glenn Adkins, son of Mr. and Mrs. Richard Adkins; and Tonne, Carol and Dennis Morgan, children of Mr. and Mrs. Bill Morgan.

Swim Meet--

SHORT SNORTS
There will be no more game wardens in Texas after September 1. Thereafter they will be called "conservation officers." "Actually," says Howard Dodgen, secretary of the Game and Fish Commission, "they spend more time on prevention of violations than in actually making arrests."

Advertising of liquor is legal in dry counties as long as the ad doesn't refer to liquor, according to an Attorney General's opinion. In the case in point, the name of the liquor store didn't indicate what it sells.

Big rhubarb is in the making in Texarkana, over the new two per cent sales tax for Texans. When Arkansas levied a three per cent sales tax, Texarkana, Arkansas, was exempted because Texas had no sales tax. There was a provision, however, that when Texas does levy a sales tax, citizens of Texarkana, Arkansas, must start paying the Arkansas tax.

Band To Meet--

Purpose of the early meeting is to start getting ready for the opening football game, which will be next Friday night.

In all, there are 88 students who have signed up for the band, Bynum says.

Drum major this year will be Iva Parr, and twirlers will be Pam Roden, Brenda Collier, Ann Baxter, Linda Castleberry, Mikle Welch, and Charlotte Nettles.

Farm Facts

The cost of food amounts to only 1/5 of our take-home pay.

"Actually," Secretary of Agriculture Freeman pointed out in a recent speech, "the real

cost of food in this country--the cost in terms of how much labor it takes to buy it--is lower than anywhere else in the world--1/5 of our take-home pay. Compared with the Russians, our farmers annually produce some 80% more output on 1/3 fewer planted acres--and with only 1/8 of the number of the workers

employed in agriculture. "This is a comparison of almost staggering significance. That some 6 million persons working on U. S. farms should produce 60% more than 48 million persons working in Russian agriculture is almost unbelievable, but it is true. Our farmers have achieved for us the dream that man has sought through the centuries

"For the first time, we in the United States can produce enough food and fiber to meet all our needs, with vast quantities left over to help supply the needs of millions throughout the world. Meat, milk, fruits and vegetables in the hand are far closer to man's basic needs than a star in the sky.

THIS PORTABLE SERVICE STATION is Friona's newest business and it is scheduled to open this week end. The new station, located in the east part of Friona on Highway 60, was built and installed by the Portable Service Station Corporation of Hereford. The station was built of steel and it is the fourth one to be completed and installed by the corporation. Other stations built by the firm have been located in Utah and Colorado. Carl Moseley of Hereford says that the station will be leased, but that he will probably run it himself at the present time. A grand opening is planned later.

Woman's Bowling Group Holds Bi-annual Meet

The Friona Woman's Bowling Association held their bi-annual meeting, Thursday, August 17, at 7:30 p. m. at the local bowling alley with 21 members present.

All women in Friona, Bovina, Lazbuddie and surrounding areas are asked to sign up at Friona Lanes if they wish to bowl in the fall and winter leagues, and to specify the night they would like to bowl.

It is hoped that league bowling can start on the same night of the organizational meetings. Even if the team is organized and knows what night it would like to bowl, team members are asked to sign up so that it will be known how many teams will be bowling on a particular night. Other league nights might possibly be arranged if there are enough teams signed.

Other business discussed at the meeting included the \$5 assessment per woman each night of league bowling. The president said that it would not be necessary to raise the bowling fee unless the league wanted to, and stated that it would be possible to take this \$5 out of the amount contributed to the trophy fund each week if the league desired.

Dorothy Looney asked if it might be possible to split the teams so there would be an equal number of teams on Monday and Tuesday night instead of the set-up of last fall and winter league when there were 12 teams Monday and 6 on Tuesday. A discussion followed but nothing definite was decided at

this time since it wasn't known how many teams would be bowling on any given night.

The group was asked if they would be in favor of a sponsor-team banquet next spring which would include both the Women's and Men's Associations. This affair, the president stated, would be held once a year and trophies for the preceding year would be presented. The idea was met with favor by those present and a finance committee was named to work on this project. To serve on the committee are secretaries of each league and Betty Louise Rector, chairman, Sandra Nichols and Betty Phipps. More members may be recruited for the committee if necessary.

Levina Brown was elected delegate to the State Convention held in Tyler next March.

It was emphasized by the president that all leagues should be extremely cautious in setting up league rules so that there would not be any discrepancies after the league started. One of the most controversial subjects this past season was postponed games. Mrs. Ivy stated that one of the standing rules in the league rule book (this rule cannot be altered by any league) was that the team wishing to postpone a game must notify the opposing team 24 hours in advance. Exceptions can be made to this rule, but only in cases of extreme emergencies (the league to decide what constitutes an extreme emergency).

State association trophy which was to be presented to

Jewel Tabor for high series of 541 for the past year had not arrived but she was presented a corsage by the president of the local association. A trophy is given by the state to each association in the state to be presented to the member having high series for preceding year.

Esther Ferguson, who was not present for the meeting, was also honored with a corsage for her high game of 229.

The following committees were named to serve for the coming year: tournament committee -- Myrtle Marot, chairman, Faye Keith, Thelma Coffey, Shirley Steinbock, Betty Renner, Mary Jane Wilson; publicity committee -- Pat Read, Thelma Watkins and Levina Brown.

Printing of the bulletin each week will be continued and will be financed by advertisers. A member from each league will be appointed to assist in gathering material and mimeographing.

Next scheduled meeting of the association will be held after the first of the year to name a date and rules for the annual city tournament.

There were 14 entries in the moonlight sweeper following the meeting. Placing in this event were: first place, Joy Hall with a 483 scratch series and 601 series with handicap; second place, Thelma Coffey, 481 scratch series and a 595 with handicap; third place, Dimple Hand, 435 scratch series and 557 with handicap.

Odd Size? Unusual Taste?

Special Need?

No doubt about it... some of the out-of-town buying that drains off tremendous amounts of our community's economic life-blood is unavoidable. If it takes some unique size of clothing to fit us, or if the particular brand of toothpaste or bubble gum that we like is not popular with other people in this area, then we may well have to go somewhere else to get these items.

But sometimes we're not really as odd in size, nor as different in our tastes or needs as we think... and most of the time our home stores do have the things we want; they just haven't told us about them, or we haven't asked for them recently.

Actually, it's pretty expensive to spite our neighbor in business by going off somewhere else to trade if he doesn't have exactly what we want. It hurts not only him but ourselves... because this is our community, too, and our jobs, our businesses, our property values, our schools, our churches and our economic welfare depend on the volume of trade that stays at home. We share in the prosperity... or in the failure... of every enterprise in our neighborhood.

So let's ask at home first for everything we need... ask repeatedly, if necessary. It will insure better service, and more prosperity for all of us.

Of Interest To THE WOMEN

Mrs. Gaylor Maurer Honored With Shower

Mrs. Gaylor Maurer, nee Carmen Teresa Ojeda, was guest of honor at a miscellaneous shower in the Friona Club House Saturday, August 12.

A hand made linen cloth covered the refreshment table that was centered with white gladioli and red and blue carnations arranged in a modified triangle design, accenting the model of an American Airline passenger plane which was nestled in the center of the arrangement. A royal blue ribbon bid the couple a happy trip with the words "bon Voyage" written in gold letters.

Mrs. Robert Cleveland of Anamosa, Iowa and Mrs. Henry Donnelly of Artesia, N. Mex. presided at the silver service. Refreshments of sweetrolls and fresh fruits, coffee and tea were served to guests calling from 10 to 11:30 a.m.

Hostesses were Mesdames Claude Osborn, Ross Ayers, Pearl Kinsley, Roy T. Slagle.

O. F. Lange, Charles Allen, Ralph Wilson, Bert Shackelford, M. C. Osborn and H. K. Kendrick.

Dresden Party Slated

There will be Dresden painting party held at the Black Club House Tuesday, August 29, beginning at 9 a.m. for an all day meeting.

Bridal Shower Courtesy To Miss Winette Beaton

A miscellaneous shower was a courtesy to Winette Beaton, bride-elect of Ira Bruce Parr, Saturday, August 19, in the Friona Club House.

Guests calling from three to five p.m. were registered by Mrs. Otey Hinds and Mrs. D. L. Carmichael. Pink roses

decorated the registration table.

White carnation corsages were presented to the honoree, Mrs. Estes Beaton and Mrs. Bruce Parr. The hostess gift to Miss Beaton was an electric fry-pan.

Hostesses were Mesdames John Blackburn, Glenn Taylor, Paul Smith, John Hays, Rene Snead, Raymond Fleming, Otey Hinds, L. W. Loanman, Tom Lewellen, Ella Faye Holcomb, J. M. Watson, Ralph Roden, D. L. Carmichael, Sam Bailey, John Bengier and Wesley Hardesty.

Former Classmates Have Annual Meet

The O. J. Beene home was the scene of an annual reunion of five former classmates of Texas Tech last week.

A luncheon was served by Mrs. Beene to Mrs. David Shahan and son, Reed of San Angelo; Mrs. W. O. Lockwood, Lorenzo, Tex.; Mrs. Phil Sterrett, Tommy and David of Amarillo; Mrs. Virgil Zeman and Allen, Friona and Jay and Ramey Beene.

Calling in the afternoon were Mrs. J. T. Gee, Mrs. Ernest Osborn and Mrs. George Taylor.

Next year the group plans to meet in the home of Mrs. Lockwood in Lorenzo.

Hospital Notes

Admitted to Parmer County Hospital since August 22: Wilber John Charles, Bovina, Surg.; Lis Denese Charles, Bovina, Surg.; Sadie Mae Hopingardner, Bovina, Surg.; Martha Ivah Allen Friona, O. B.; Holly Ella Moore, Bovina, Med.; Robert Calvin Peters, Hereford, Surg. and Donnie Marrell Waller, Friona, Accident.

Beatrice Mae Wilson, Friona, O. B.; Karen Sue Turner, Friona, Surg.; Junita Marlene Butch, Friona, O. B.; Martha E. Cunningham, Amarillo, Surg.; Louisa Lydia Wilson, Friona, Med.; Fred James Henry, Muleshoe, Surg. and Ruth Terry, Med. Friona.

John St. Clair, Texico, Surg.; Mrs. Roy Slagle, Friona, Med.; Natalio Reyes-Reyes, Friona, Med.; Loy Mae Williams, Farwell, Surg.; Cecil Leroy Wood, Friona, Med. and Lella V. Rodriguez, Bovina, O. B.

Dismissed since August 22: Anna Mae Harden, Marion D. Cruse, Florence Miles, Dorothy Stone and baby boy, Joyce Dyer, Diane Gilliam, Pauline Castleberry, C. C. Matthews, Jr., Steve Taylor, Warlick Dollar, Pauline Castillo and baby boy, Betty Cunningham, Charles Sutterfield, Larry Sutterfield, Wilber John Charles, Lisa Charles, Sarah Ann Miller, Dixie Carson and baby girl, Martha Allen and baby girl, Karen Sue Turner, Robert Calvin Peters, Charles L. McDaniel, Leonardo R. Soto, Sadie Mae Hopingardner, Natalio Reyes-Reyes, Louisa Wilson, Ruth Terry, Cecil Wood and Junita Butch and baby boy.

Family Picnic Honors Visitors

A picnic lunch at noon in the home of Mr. and Mrs. Ralph McBroom Sunday honored Mr. and Mrs. J. O. Cagle and daughter; Sandra, of Benton, La. The Cagles are visiting the A. W. Anthonys and other relatives. Mrs. Cagle is a niece of Mrs. Anthony and cousin of Mrs. McBroom.

Those attending besides the guests of honor and host couple were Mr. and Mrs. A. W. Anthony Sr. and Patsy; Mr. and Mrs. A. W. Anthony Jr., Dennis and Linda and Ernest Anthony and Jimmy.

Also Mr. and Mrs. Estis Bass, Charles, Barbara and Bette; Mr. and Mrs. Jean K. Anthony and Darrell, Mr. and Mrs. Jack Saunders and Kay McBroom.

Tea-Shower Fetes Beverly McSwain

Miss Beverly McSwain of Plainview, bride elect of Ted Sanders of Friona, was feted with a tea and miscellaneous shower in the home of Mrs. E. M. Fletcher in Plainview Monday of last week. Other hostesses were Mesdames Helen Chaney, Ray Copeland, Roy Carnes, C. W. McCarty, J. W. Paschal, Lowell Sitton, Owen Rogers, Tilman Self, Clarence Snider and J. D. Stoneham.

Pink and white, the bride-elect's chosen colors were used in decorations throughout the entertaining rooms and table decorations.

The serving table was laid with a hand made lace cloth and centered with an arrangement of pink carnations surrounding a white satin heart featuring bride and groom figurines and satin streamers inscribed with "Beverly" and "Ted". Mrs. Alvin Stokes and Mrs. W. L. Reese presided at the silver coffee service.

Guests were registered by Janice McSwain.

Gadget Shower Honors Bride-Elect

Miss Patsy Anthony, who will become the bride of Don Copley Saturday of this week, was guest of honor at a gadget shower in the home of Mrs. Jean K. Anthony at 9:30 a. m. Friday.

Following the presentation of gifts, there was an informal social hour during which refreshments of coffee and cake were served.

Present besides the hostess and honoree were Mrs. A. W. Anthony Sr., Mrs. Jack Saunders, Mrs. Ralph McBroom, Mrs. Ernest Anthony, Mrs. Estis Bass and Barbara, Mrs. A. W. Anthony Jr. and Linda all of Friona and Mrs. J. O. Cagle and Sandra of Benton, La.

Sparkman Family Meets For Reunion

Mr. and Mrs. E. E. Sparkman of Friona and their children and families met at the home of Mr. and Mrs. Glen E. Sparkman and Gaylen in Canyon Tuesday evening, August 22, for a reunion.

Others present for a barbecue supper were Mr. and Mrs. Jess Springfield, Ronald, Larry and Walter, Maysville, Okla.; Mr. and Mrs. James R. Cook, James and Sharon, Amarillo; Mr. and Mrs. Preach Collier and Rita, Friona; Mrs. Troy Kemp, Sandra and Greg, Lubbock; Eldon Sparkman, Friona and Doris Edmiston of Littlefield.

Guests Visit W.E. Stringers

Guests visiting in the home of Mr. and Mrs. W. E. Stringer last week were Mr. and Mrs. M. A. Gillis, Harrold, Tex.; Mr. and Mrs. J. J. Wright, Bentonville, Ark.; Mrs. T. V. Slack, Phil and Shay, Perryton and Robert Belew of Vernon, Texas.

Mrs. Wright and Mrs. Stringer are sisters and Mrs. Slack is a niece of Mrs. Stringer.

Mrs. R. L. Allen of Cupertino, Calif. visited several days last week in the home of Mr. and Mrs. Bert Shackelford. Mrs. Allen is the sister of Mrs. Shackelford.

Mr. and Mrs. Don Reeve of Amarillo visited in the homes of their parents, Mr. and Mrs. Glenn Reeve Sr. and Mayor and Mrs. R. L. Fleming, last weekend.

Miss Doris Marie Edmiston will become the bride of Eldon Darrell Sparkman August 29 at 6:30 p.m. in the Missionary Baptist Church in Littlefield, with the pastor officiating. The bride-elect is the daughter of Edd Edmiston of Muleshoe and Mrs. Marie Edmiston of Littlefield. Sparkman is the son of Mr. and Mrs. E. E. Sparkman of Friona. Friends of the couple are invited to attend the ceremony.

Paul Smiths Have Guests

Mrs. Bob Blume and her children, Brenda, Marti and Robbi, of Oklahoma City are visiting in the home of her parents, Mr. and Mrs. Paul Smith this week.

Other guests in the Smith home are Mrs. Dan Smith and daughter, D'Lea from Aberdeen, Maryland. Mrs. Smith and D'Lea plan to visit in Friona about a month while her husband is training at Ft. Benning, Ga. Dan is the son of Mr. and Mrs. Smith.

G. C. Hartman from Dove Creek, Colo. is visiting with Mr. and Mrs. Orville Houser. Mr. Hartman is Mrs. Houser's father.

Mrs. DeWayne Neel and son, Michael, returned to Plainview this week following a two week's visit in the home of Mr. and Mrs. Otis Neel and family.

**It's A Son For
The Bill Buths**

Mr. and Mrs. Billy Joe Buth became parents of a son Friday, August 18, 1961 at 6 p.m.

The baby was born in the Parmer County Community Hospital and weighed 7 lbs. and 11 3/4 ozs. He was named Leslie Joe.

Mr. and Mrs. Bill Schwab, Friona, are maternal grandparents and Mr. and Mrs. Bill Buth of Bentonville, Ark. are paternal grandparents.

A. A. Kraft of Shattuck, Okla. is the maternal great grandfather and Mrs. H. P. Parker, Bentonville, Ark., is the paternal great grandmother.

**T. E. L. Class
Met Monday**

Members of the T. E. L. Sunday School Class of first Baptist Church met in the home of Mrs. Ross Terry Monday night, August 14. Devotional was presented by Mrs. Ray Landrum.

Attending were Mrs. Roy Miller, Mrs. Ralph Taylor, Mrs. J. D. Sanders, Mrs. Sam Williams, Mrs. J. T. Carroll, Mrs. John Wright and Mrs. Landrum.

A September 7 wedding is planned for Miss Myra Dell Wells and David Metcalf in the St. Martin Lutheran Church in Littlefield. Marriage vows will be read by Rev. Roy Grote at 7:30 p.m. Announcement of the engagement is made by the parents of the bride-elect, Mr. and Mrs. J. W. Wells of Littlefield. Parents of the prospective bridegroom are Mr. and Mrs. L. P. Metcalf of Friona. Friends of the couple are invited to attend the ceremony.

Revival Slated At Lazbuddie

A revival is scheduled at the Lazbuddie Methodist Church, Texas Conference evangelists, beginning on Sunday, August 27, and running through the following Sunday, September 3. Services each weekday will be at 7:30 a. m. and at 8 p. m. Brother Cecil Tume, of Lamesa, one of the Northwest Texas Conference evangelists, will be the revival speaker. "An invitation is extended to

the public to hear Brother Tume, and to pray that God's way may become honored in the lives of each individual," says A. N. Motes, past of the church.

Mr. and Mrs. Ray Dean Fleming were in Lockney last weekend attending the wedding of Miss Anita Durham and Nelson Wofford. Mrs. Fleming served as matron of honor in the wedding ceremony. Mrs. Wofford and Mrs. Fleming were roommates at ACC where they attended college in Abilene.

**WHEAT
Referendum
AUG. 24**

**The following information has been furnished
by the ASC office:**

If farmers approve wheat marketing quotas for 1961 by the necessary two-thirds majority, we will have a complete wheat stabilization program including increased price support and payments to producers for diverting wheat acreage and devoting the diverted acreage to conservation uses.

If wheat marketing quotas are not approved by the necessary two-thirds majority, there will be no wheat stabilization program for 1962 — no limit on marketings, and price support would be at the rate of 50 per cent of parity to cooperators.

Voting Eligibility. All farmers who have produced more than 13.5 acres of wheat in at least one of the years 1959, 1960, or 1961 are eligible to vote in the Wheat Marketing Quota Referendum on August 24, 1961, except those who have a Feed Wheat Exemption in Effect for the 1961 crop.

15-Acre Exemption Replaced. — For 1962 the exemption for those who planted not more than 15 acres during any one of the three years 1959, 1960, and 1961 will be decreased to 13.5 acres. For those who have planted less than 13.5 acres during any one of these years the exemption will be the highest planted acreage during any one of such years. Producers who have not grown wheat during 1959, 1960 or 1961 will not be exempt for marketing penalties if they plant wheat in the 1962 crop year without an allotment.

Repeal of the 200-Bushel Exemption. The 200-bushel exemption is permanently repealed. If allowed to remain in the law, it would permit evasion of the new exemption provisions in the 1962 wheat program.

Marketing Quota Penalty Rate The program increased the penalty rate per bushel on the farm marketing excess to 65 per cent of parity. The previous law provided a rate to equal to 45 per cent of parity.

CHRISTMAS IN AUGUST was celebrated at the Sunbeam anniversary held last week at the First Baptist Church. Children brought gifts that will be sent to an Indian reservation in Oklahoma. Mrs. John D. Sanders, director, and leaders, Mesdames Earl Drake, Calvin Floyd, Philip Weatherly, Leon Massey and Glen Mingus conducted the program. Children attending were Karene Hart, Terry Floyd and Holly Hart seated. Standing—Mary Beth Bennett, Larry Floyd, David Sanders, Conrad Renner, Brenda Stout, Lana Renner, Janet Mingus, Connie Floyd, Gary Mingus and Mikala Renner.

Letters to the Editor

W. H. Graham, publisher
Friona Star
Friona, Texas

Dear Sonny:
Please accept my sincere congratulations on your achievements in the 1961 West Texas Press Association contest. Your Farwell and Bovina publications certainly earned a large share of honors.
Newspapers such as The Star are vital to any community and we appreciate the contributions your organization makes in this respect.

I enjoyed seeing you at San Angelo and hope you will feel free to call on us if we can be of any assistance to you in any way.

Sincerely yours,
J. L. Kemper
Division Manager

Mr. Richard Hapke, Editor
Friona Star
Friona, Texas

Dear Mr. Hapke:
May I take this means of congratulating you on behalf of the Texas Farm Bureau in recognition of the outstanding public service which you rendered in connection with your special farm safety edition dated, July 28, 1961.

According to my calculations, you devoted 173 column inches of editorials and 358 column inches of special ads on Farm Safety edition.

If possible, I would like to receive 25 copies of this special edition.

I am taking the liberty of nominating you and your newspaper for awards from the National Safety Council in appreciation of the outstanding service which you are rendering to farm and ranch families and your sincere interest to further the cause of farm and home safety. I am also taking the liberty of nominating you and your newspaper to the awards committee of the Texas Farm and Ranch Safety Council and the Texas Safety Association.

Keep up the good work and remember that "when you work for safety, safety works for you."

Sincerely yours,

Joe L. Smetana
Safety Director
Texas Farm Bureau

MISS ADELLE SMITH, daughter of Mr. and Mrs. Hoyt Smith, has returned from a relaxing and enjoyable cruise to Nassau aboard the air-conditioned S.S. Bahama Star, sailing directly from the heart of Miami. There were two days and a night to sightsee in this delightful island—a bit of England in a tropical setting. British shops feature British and other European imports at low prices—while native shops, especially the straw market, offer much fun for the bargainer.

Crash Victims Are Improved

Three Farmer County men, injured in a head-on collision near Clay's Corner last Thursday morning are now recovering satisfactorily.

Sam White of Oklahoma Lane, who was in critical condition shortly after the accident, is reported "much improved" at a Muleshoe hospital.

White received a broken arm and leg, broken ribs, facial lacerations and internal injuries in the accident which happened on state highway 214 near Clay's Corner.

He is now receiving visitors.

Two other men, Donnie Waller, 23, a Friona farmer; and Leo Ruzicka, 39, manager of West Hub Gin, are reported in good condition but are still confined to hospitals.

Waller is at Farmer County Community Hospital in Friona where he has been receiving

treatment for facial lacerations, a concussion and a broken nose.

Ruzicka was taken to St. Anthony's Hospital in Amarillo shortly after the accident and he is recovering after undergoing surgery for mangled feet and legs.

According to Fred Lenz, investigating patrolman of Dimmitt, the accident occurred at 10 a. m. last Thursday when White, who was traveling north on the highway, attempted to make a left hand turn and drove into the path of a car driven by Waller.

The impact spun White's car around and knocked Waller's car into the ditch on the opposite side of the highway.

Both vehicles were demolished.

Ruzicka was a passenger in Waller's car.

Friona Residents Return From Various Vacations

Mayor and Mrs. R. L. Fleming returned home Friday following a one week vacation in New Mexico and Colorado. At Glorieta, N. Mex. they visited in the home of Mr. and Mrs. Tom Coleman and with Mr. and Mrs. George Rogers at Dolores, Colo. Several days were spent fishing and sightseeing at South Fork, Colo. The Flemings were accompanied by Mr. and Mrs. Elvy Bell of Melrose.

The Steve Struve family was gone about ten days touring several states. They visited in the home of friends in Farmington, N. Mex. prior to making a drive over the "million dollar highway" through Colorado. Other places visited were Salt Lake City and Yellowstone National Park. While in this area a view of the earthquake lake area was made by the family. Stops were also made at Cheyenne and Denver.

Mr. and Mrs. Dan Ethridge and Mr. and Mrs. Bill Stewart recently attended a fair in Springfield, Mo. An uncle of Dan's and Mrs. Stewart's, who is 96 years old is one of the founders of the Springfield fair.

Mr. and Mrs. Paul Smith spent a week at Bridgeport, Tex. visiting with Paul's parents and attending a family reunion. They were accompanied by a granddaughter, Brenda Blume of Oklahoma City.

Misses Jan and Gay Welch, daughters of Mr. and Mrs. Louis Welch, made a train trip to Tulsa, Okla. where they visited in the home of Mr. and Mrs. B. J. Brown and family. Mrs. Brown is the aunt of Jan and Gay.

Pagosa Springs, Colo. seems to be a favorite vacation spot for many residents of Friona. Among those sightseeing and fishing there were Mr. and Mrs. Larry Fairchild, Mr. and Mrs. Jerry London and Mr. and Mrs. Burke Hand. Fishing in Williams Lake near Pagosa Springs included Mr. and Mrs. Eugene Bandy, Johnny and Clay; Mr. and Mrs. Billy Dean Baxter, Johnny, Debra and Blayne and Mr. and Mrs. Doyce Barnett, Cindy and David, Also Mr. and Mrs. Bob Rietmayer and family.

Mrs. Hattie Snead was in Weatherford about ten days visiting relatives and attending a family reunion.

Mr. and Mrs. M. J. Stacy are vacationing in Red River, and the ir daughter, Mary Ann is visiting her grandmother in McAllester.

Mr. and Mrs. Forrest Osborn spent several days at a Dude Ranch near Green Mountain Falls, Colo. returning to Friona Tuesday night.

Mr. and Mrs. John Blackburn and Brenda spent a week in the mountains at Tres Ritas.

Mr. and Mrs. Robert Collier, Darrell and Rita spent a few days in Fayetteville, Arkansas returning Monday evening.

Gasoline belongs in the auto gas tank, not in a glass container in the storage room.

Everybody who has a hobby that is losing money wants to call it a business; but everybody who has one that is making money wants to call it recreation.

SPORTS AFIELD

By Ted Kesting

An electronic thermometer may solve summer fishing woes by showing where the big ones go when the weather is hot, states Jason Lucas, Angling Editor, Sports Afield Magazine.

At the beginning of summer each year the water in lakes of ordinary size and over 25 feet in depth divides into unmixing layers. The upper, warmer one, called the epilimnion, varies little in temperature from the top to bottom. There is also little temperature variation in the considerably colder lower layer, the hypolimnion. The division between them is called the thermocline.

In about 99 percent of all lakes the hypolimnion is almost entirely devoid of oxygen owing to known natural processes. Therefore, if, in summer, one fishes one's lure or live bait in the hypolimnion, one might just as profitably have cast it on a snowbank as far as catching fish is possible. Obviously it is important to know at what depth the thermocline lies in any given lake, because all good fishing is found only above it, in the epilimnion.

Until recently, the only instrument which anglers could use to determine the depth of the thermocline was the common glass-tube "fishing thermometer," which was highly inaccurate, especially for deep-water temperatures. Now, however, there have appeared on the mar-

ket battery-operated, electric thermometers designed especially for anglers. These thermometers can accurately show temperatures at great depths, are pocket-size and cost no more than a moderately good rod or reel.

One hundred feet of probe wire is generally suitable, but much greater lengths may be obtained if desired. When the probe at the bottom of the wire is lowered into the water, the temperatures it encounters are instantly registered by the dial gauge which can be held in the hand. Thus this is the first instrument made which can locate the thermocline instantly and accurately.

The 1961 "Texas Guide for Controlling Cotton Insects" is now available from the offices of local county agents. Also available for cotton producers in the High Plains and Trans-Pecos areas is a guide for their particular areas. Its number is L-508. County agents in these areas have copies available.

Each year, about 10,000 persons attend the National FFA convention. It is held in October at Kansas City, Mo.

Carter Reunion Held In Lubbock Recently

Members of the W. T. Carter family met recently for a reunion at the Mackenzie Park in Lubbock. Sixty-nine were present for the basket dinner that was served following a prayer given by W. S. Crow.

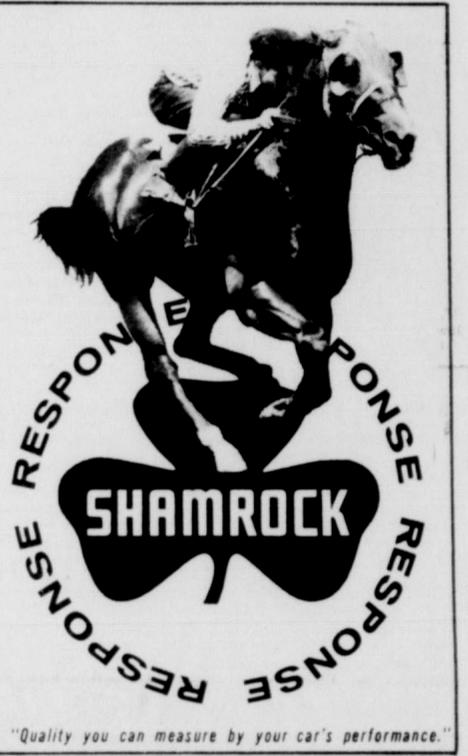

Attending were Mr. and Mrs. C. C. Carter and James, Mr. and Mrs. Odell McQueen and sons, Mr. and Mrs. Horace Carter, Robert, Reba and Beverly of Rotan, Tex., Mr. and Mrs. Ray Carter and Carol, Santa Fe, N. Mex.; Clyde Carter and Mrs. Susan Spurling of Anson; Mr. and Mrs. Carlos Moore, Mr. and Mrs. D. E. Coldiron, David and Ronnie, Mr. and Mrs. James Carlson and Devin of Amarillo.

Also Mr. and Mrs. T. C. Carter and Jane, Miss Betty Sprinkle, Mrs. Gay Nell Frazier and sons, Mr. and Mrs. Kenneth Heady and Carl of Pampa; Mr. and Mrs. C. J. Carter, Andrews; Mr. and Mrs.

Dale Beebe and daughters, Hobbs, N. Mex.; Major and Mrs. W. E. Pedigo, Susan and Ronnie, Indiana; Mr. and Mrs. Pedigo, Liberal Kansas. Also Nancy Linda Carter, Ft. Worth; Mr. and Mrs. Otis Huggins, Donna and Roy, Farwell; Mr. and Mrs. H. G. White, Mrs. C. D. Carter, Mr. and Mrs. Clarence Martin and children, Mrs. J. M. Bradley and Mr. and Mrs. W. S. Crow and Earl of Friona.

The startled policeman looked up to see a small sport car leap into the air, come down, travel smoothly for a minute, then jump into the air again. When the car finally bounced to a stop, the policeman called, "What's the matter with your car?"

"Oh, the car is fine," the driver replied, "but I've got an awful case of hiccups!"

"Quality you can measure by your car's performance."

WINTER LEAGUE BOWLING INFORMATION

League Schedule

- MONDAY — Starts Sept. 5th - Nite League
Women Bowl 6:30 P. M. Men Bowl 9:00 P. M.
- TUESDAY — Starts Sept. 6th - Nite League
Women Bowl 6:30 P. M. Men Bowl 9:00 P. M.
- WEDNESDAY — Starts Sept. 7th - Couples League
Couples Start 9:00 P. M. Open Bowl 'till 9:00
- THURSDAY — Starts Sept. 8th - Housewives League At 9:00 A. M. - Mens League 8:30 P. M.
- FRIDAY — Starts Sept. 9th - Couples League 8:30 P. M.
- SATURDAY — Open Bowl - Travelling League Later

A Monthly Prize Will Be Given To Both Mens & Womens City Association Player. The Competition Will Be Different Each Month. Inquire At Desk For Monthly Details

Before League Play Begins Week Of Sept. 5th League Bowlers Will Meet 30 Minutes Early To Elect Officers.

You MUST Sign Up For League Play BEFORE Sept. 1. No Players Accepted After League Play Begins.

All Mens Teams Will Be 4 Man - To Get You Home Early As Possible On League Nites.

There Are Still Team Openings - Inquire At Desk

THE HIGH PLAINS FARM AND HOME

Soil-Building Legumes Can Boost Productivity

Acres taken out of production under the new farm program can be profitably planted to soil-building legumes, says Farmer County Agent Joe Jones.

By planting legumes, such as sweet clover, alfalfa, or hairy vetch, farmers should be able to increase the productivity of their soil considerably, Jones says.

The county agent advises farmers who do plan to divert either wheat or grain sorghum acreage next year, to consider the possibility of working into their farming program some type of legume.

Past experience has proven that legumes are soil builders and they should enable the farmer to reap benefits in future years.

Ideal planting time for a legume would be late this month or early September, Jones says, and it could be plowed under early next year for the 1963 wheat crop, or left through the entire growing season if it is to be planted to grain sorghum or cotton.

A good legume would probably increase the productivity of the land to such an extent that the first crop harvested behind it would more than pay for the cost of the legume, Jones says.

Jones points out that sweet clover and alfalfa would both be good legume crops, and they could be planted by either the broadcast method or in lister rows.

"Normally, when we think of a crop such as alfalfa, we think only of harvesting it," Jones says. To harvest it, the land has to be leveled and properly planted for irrigation.

However, as a legume, the crop would not be harvested and it could be planted with a lister, planting and legume would be considerably cheaper than planting a crop to be harvested.

And, there is no mowing, raking, or marketing expenses involved, which one normally thinks of when growing alfalfa.

Because Farmer County land is relatively new, there has been no serious problem yet of soil depletion, but it is pointed out that without conservation practices it will eventually lose its productivity.

Proper conservation now could help to prevent such an eventuality, Jones says.

And, with the new government program, which calls for taking acreage out of production, soil-building legumes can be one of the best safe-guards against soil losing its productivity.

A good legume will add pounds of nitrogen to the soil and improve the tilth, aeration and rate of water intake.

concern is stopped between August 15 and 20.

This is not to say later irrigations have not paid some of the past years or will not in some years ahead, but it is to say this is the guide to go by for the most profit through the years.

While you still have time why not make plans to grow a soil building legume on some of your 1962 diverted acres. Clovers and alfalfa add nitrogen, organic matter, and do a good job chiseling the soil.

We have a real opportunity to do some soil improving work under present farm programs if we will only take time to figure out how legumes can be fit into the rotation.

With the present prices of nitrogen at rock bottom some of you may be inclined to go overboard with nitrogen on your wheat crop. The soil test will give you a good guide to go by.

You must remember we need balanced fertility. The application in excess on one element will not make up for the one lacking.

"Don't Guess, Soil Test" — but do "Be Wise and Fertilize."

WITH THE COUNTY AGENT

JOE JONES

Soybeans should begin setting fruit anytime now. It usually takes a cool weather humid atmosphere like showers bring to get the best bean set. Unlike cotton, soybeans should have good moisture through September and into October. Let me suggest you take the water off cotton and concentrate on soybeans from now through September.

This past week Mr. Scofield of the Texas Animal Health Commission, at Austin, advised me we should soon be receiving word from Dr. J. B. Henderson, concerning the county brucellosis control program. When I hear from him, you will be advised through this column. He did not indicate when testing might begin, but said Dr. Henderson would contact my office concerning educational meetings in preparation for testing work.

Cotton over the county certainly looks good, and we are all set for a bumper crop with a little cooperation from the weather. Keep in mind late irrigations will cost you money on the average. Research shows we are ahead when irrigation of

Estimate Parmer Cotton Yield At 65,000 Bales

COTTON FIELDS LIKE THIS ONE are the reason that estimated production in Parmer County this year is 65,000 bales. Never before has a cotton crop been in as good a shape as it currently is, and prospects for a good crop couldn't be better.

Parmer County cotton farmers, who have had two relatively poor years the past two growing seasons, should find this spell broken this year.

This year's crop continues to remain in tip-top condition, and the estimated yield for the county has been set at 65,000 bales—some 50 per cent above last year's yield.

This estimate was announced by the Plains Cotton Growers several weeks ago, and in view of the condition of this year's cotton crop to date, that may be a little conservative if the weather continues favorable.

Estimated yield for the county is from an acreage allotment of 47,587 acres. The number of acres is up about 11 per cent from last year when it was 42,540.

Plains Cotton Growers bases its estimate on word received from cotton ginners in the county and agricultural officials.

Last year's total yield in the county was about 40,000 bales, an average of less than a bale per acre. The year before that, in 1959, it was a little lower than that.

In 1958, which was considered one of the best years for county cotton growers, total yield was about 60,000 bales on 47,000 acres.

So, if Mother Nature continues to bless the cotton farmer with the right kind of weather, this year's harvest could well be the best one on record in the county.

Rains which have been falling on the crop for the past 10 days have been beneficial in that they brought needed moisture, but warm weather is the order of the day now as far as cotton is concerned.

Due to the ideal weather throughout much of the growing season, this year's crop has had very little insect infestation and blight. There was some early-

season thrip, but the fleahopper and bollworm have stayed away up 'til now.

If it should continue to remain cool and rainy, however, the insects could yet be a problem.

Even though the cotton farmer isn't "out of the woods yet" on this year crop, most of them admit that conditions would have to get quite bad to keep them from making a good crop.

At this stage of the growing season, the cotton could hardly be better and it is several weeks ahead of what it was a year ago. In fact, at no time during the past two years did cotton ever reach the stage that it's in now.

Blooms have been heavy in most fields throughout the county and the plants are loading up with bolls.

All in all, the cotton outlook is good, and farmers have a reason to be optimistic, and hopeful of a bumper crop.

Spotted Rains General

Spotted rains continued to be prevalent early this week, adding varying amounts of moisture to almost every section of the county.

During the past 10 days, thunder showers have occurred on almost a daily basis, but at no time has the area received what could be termed "general rains."

Amounts of moisture have varied, and except for a few isolated areas, the individual thunder showers have produced an inch or less of rain on each occasion.

When all the showers were totaled up however, the amounts throughout the county ranged from 2 to 5 inches.

Receiving the largest amount of rain during the past week has been the Oklahoma Lane area, where 5.1 inches was reported by Delbert Garner, the heaviest rain came Monday afternoon and it caused some washing and there was some hail.

"The hail was small," Garner says, "and it didn't cause as much damage as the washing did."

The Rhea area reportedly received about 4 inches during the past week, as did Bovina and

Lariat. At Black, total moisture was about 2 inches, at Friona it was 1.01 inches, and at Farwell the total rains was about 3.5 inches.

These rain reports came from only certain individuals in these areas and they do not

reflect a true picture, in view of the fact that all of the rains were spotted.

While Garner did report better than five inches at Oklahoma Lane, a few miles away, at the Harold Carpenter farm, only two inches were reported during the same period.

While the rains were spotted, though, every part of the county apparently received some moisture, which was badly-needed.

The rain has helped both cotton and maize, but at most places in the county the cotton crop has received about all of the moisture needed at the present time.

The cotton is in tip-top shape, and the moisture did help, but at the present time if the hot, sunny days would return, the crop would start doing better than they are now.

As one farmer said Monday, "I could use some more rain, but if it does rain, I hope it falls only on my feed."

Everything considered, the rains have been beneficial and crop conditions continue to remain in the best of shape.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

For those who are planning to plant alfalfa as a fall seeded grass, now is the time to start land preparation. A good system of graded borders is needed to control the water for irrigation. These can be made by laying off small borders and removing the side fall with a grader type implement.

The soil must be deep enough to permit the necessary cuts to remove the sidefall and still have sufficient depth for normal root growth. The intake rate of the soil should range from about one to two inches of water per hour. The available water holding capacity of the soil should be more than one inch of water per acre foot of soil depth.

This type of system works best on a piece of land that is smooth and uniform. The borders should be level from side to side and the grade in direction of flow should be constant, uniformly increasing or uniformly decreasing. Sufficient water to meet the needs of the crop during its peak use is a necessity for best yields.

A graded border system requires minor leveling and smoothing from side to side. The layout and construction is relatively simple. The cost is about \$10-\$15 per acre. This is a small investment for the benefit received.

A drainage system such as a grassed waterway is needed on this type of system. Until the grass or alfalfa is established there is some danger of erosion by rainfall.

Test Soils Early Farmers Advised

Farmers in Parmer County will be planting wheat during September and October and most of the irrigated land will be fertilized.

County Agricultural Agent Joe Jones states that the fertilizer needs for wheat will vary considerably among soil types and that a chemical soil analysis affords the best known guide to profitable fertilizer use.

The Soil Testing Laboratory operated in Lubbock by the Extension Service is now located in new quarters at the Agricultural Experiment Station. The \$2.00 fee for testing a soil

sample could be an excellent investment.

Jones suggests you come by his office for an information sheet that explains how samples should be collected and mailed. It is of great importance that you fill in the information requested on this sheet since all known factors are considered along with the chemical values in arriving at a fertilizer recommendation.

By taking samples early the report will be on hand when the time comes to decide how much and what kind of fertilizer is needed.

FOOTSAVING EDUCATION

by James E. Edwards

Is It Possible For A Child To Outgrow A Pair Of Shoes Within Three Weeks Of The Day They Were Bought?

Yes, "Enraged," it is possible and it happens frequently but the "growth" is not true growth of that short period.

When a child's old shoes are too short, the child will unconsciously draw up his arch to keep his toes from bumping the ends of the shoes. Drawing up the arch shortens the foot. Try it.

Suppose the old shoes were size 7 and he now measures for size 8. An 8 shoe in the proper width will permit him to relax his foot and when the foot settles back to normal it may measure 8 1/2 to 9.

The new 8's are outgrown and the shoeman catches a headache because the parents allowed the child to wear 7's when he needed 8's. If the shoeman attempts to anticipate this settling process and fits the shoes a half size too long, it invariably turns out that this child has a natural "bitch" foot that doesn't care to settle. The shoes turn up in front like skis, they look like some a neighbor gave you, and they are worn out before the child grows into them. You can't win.

HD Agent's Notes

BY MISS ETTIE MUSIL

In March and April I gave several ladies in the county seeds of the new Plainsman tomato variety. Each one was to report back to me about the production, how well the plants grew, and how they liked the taste of the tomato.

Last week I received a letter from Mrs. Helen Fangman that her one surviving bush out of the two was "just loaded with fruit and looks so healthy." She has had many tomatoes for her family meals. One plant had died from tomato curly top disease that is spread by the beet leafhopper.

On the tomato plants that Joe and Irene Jones and I have, we began harvesting ripe tomatoes the first week of July. My tomato bushes are bent over with fruit on grass clippings mulch.

Mr. and Mrs. C. C. Christian had a large harvest of tomatoes before the bushes died of curly top a few weeks ago. Jo Anne Schell, our secretary, reports that they have been eating fresh tomatoes for several days.

Now for a few "Did You Knows."

Did you know that you can place a thimble over the cap on the tube of the percolator while pouring in the dry coffee. This trick will prevent wet grounds at the bottom of the tube.

We Look To Africa As Possible Maize Market

A survey of the market potential for Texas grain sorghum in three West African nations has been conducted by Dr. J. Wayland Bennett of Texas Tech. The Tech agricultural economics department head has just returned from three-weeks of travel in Nigeria, Liberia and Sierra Leone under a survey-study sponsored by the U.S. Feed Grains Council, Grain Sorghum Producers Assn., and the USDA's Foreign Agriculture Service. Bennett left the United States on June 27 and returned July 20.

"All of the nations we visited are on a subsistence-level of consumption," Bennett said, noting that "in most of the areas 90 per cent of the population

merely subsisted in the economy while about 10 per cent are in the money economy. The exception to this is Nigeria where between 15 and 20 per cent of the population participate in the money economy." He said the primary objective of the study is to determine the potential of developing poultry and livestock enterprises in those nations with the secondary purpose of supplying them with the necessary feed grains.

"Primarily, all of the governments of the nations we visited are interested in developing their agriculture to raise their population above the subsistence level of consumption," the Tech agriculture economist said. "More than 80 per cent of the people in each nation are engaged in agriculture."

"If the primary purchasing power of this 80 per cent can be increased, they expect the economy will be improved all up the line," he added.

At present, Bennett said, Liberia has no feed production and Sierra Leone produces a small amount of grain sorghum and corn—totally inadequate for its needs.

In contrast, Nigeria is expecting a surplus of peanut meal but is short of supplies of grain sorghum or corn which are major crops there.

The supply is short mainly for livestock feeding as the maize is a major human food there. Nigeria was the only country of the three he studied that had a mill to make wheat flour. It was only a few years ago that wheat was introduced in that country, Bennett noted.

Another mill is being constructed in Lagos, the capital city of Nigeria, but it will only supply flour for the surrounding area.

Bennett said that Liberia -- a nation that was founded for freed slaves from the United States -- is at present the poorest of the three nations he visited.

"But, Liberia probably has the potential of outstripping the others in economic growth in future years," he said. "Newly discovered and developed iron ore deposits are expected to produce up to \$200 million annual income by 1965. This will certainly increase the money population."

The government agriculturists in Nigeria, Liberia and Sierra Leone are putting primary emphasis on developing poultry enterprises, Bennett said. As the nations become more self-sufficient in foods and as their national budgets increase, they hope to put a greater proportion of their budget into agricultural development.

He said his conclusions on the market potential for U.S. feed grains in Africa will be reported to the U.S. Feed Grains Council, a report he is in process of completing.

Bennett was a member of a survey team that included two businessmen, T. A. Cisco of Bloomington, Ill., Dr. John L. Milligan, of St. Louis, Mo., and John McCracken, Foreign Agriculture Service, Grain Marketing Division, of the USDA.

Do not forget that what the federal government subsidizes, it will eventually control.

Teheran--Our Path in War and Peace, written by Earl Browder, former head of the Communist Party in the U.S., advocated the foreign aid giveaway program for the United States. The reason we mention this at this time is that the American Farm Bureau gave full support to the Byrd Amendment that would have curtailed the giveaway deals by eliminating borrowing money to give away to foreign nations and required annual appropriations by Congress. The amendment failed 39-56, leaving the door open. Texas had one Senator, Tower, who voted for the amendment, and one Senator, Yarborough, who voted against it. However, the southern region, which includes Texas, voted for the amendment 15-10.

Regarding state gas tax refunds for non-highway, farm-used gasoline, you may now file only once per year, or two or three times per year if you wish, just so long as your invoices are not more than a year old.

If you should be interested in buying grain sorghum for feeding (or anything else) from the Commodity Credit Corporation, you may do so by simply calling the regional office in Dallas at Riverside 8-5681, extension 301 and talking with Mr. Zellar, Wright or Austin. If they have grain available, they will tell you where to get it in amounts of not less than 60,000 pounds.

American Farm Bureau has been working hard to get an extension of a revised sugar act passed in Congress. Secretary of Agriculture Orville Freeman says "It appears inadvisable to present such recommendations before the beginning of the next session of Congress, primarily because world production and marketing of sugar are undergoing realignment and the situation has not yet stabilized."

Farmer County Farm Bureau's annual convention will be held some time in October. There will be five directors up for re-election or replacement and the office of president will be filled at this meeting.

Consider this: "A wise king scattereth the wicked, and bringeth the wheel over them." Proverbs 20:26

If you know some men you believe would make good directors or presidents, tell one of the directors about them.

Consider this: "A wise king scattereth the wicked, and bringeth the wheel over them." Proverbs 20:26

MOMENTARY REACTION
A motorist is a person who, after seeing a wreck drives carefully for several blocks.

JEFFERSON, OHIO, GAZETTE: "The politicians love to talk about economy in government, but take a look at some evidence of 'economy' uncovered by the House Armed Services Investigation subcommittee. . . . The Navy paid \$109,012 for parts that cost the supplier \$20,820. Of course, the government recovered 52 per cent of the profit in taxes, but the tax-payers are still the loser."

Consider this: "A wise king scattereth the wicked, and bringeth the wheel over them." Proverbs 20:26

THE LOST MONTH

This dream girl turned dreary drudge has only 11 months each year to ENJOY life. She spends the other month doing dishes by hand.

It's true. On the average, it takes two hours a day to wade through three stacks of dishes—breakfast—lunch and dinner. That comes out to 730 hours a year. And, friends, that's a month. A month of full 24 hour days.

Don't be a drudge and do dishes — and lose a month a year. "Dial" dishes in an electric dishwasher and enjoy life all year long. It costs just a cent and a half a day to wash and dry dishes electrically. You couldn't buy the hand lotion for that little money — and you get another month to live better electrically.

REMEMBER HOW GREAT CIGARETTES USED TO

Mrs. Beene To Be Guest Speaker At Convention

Mr. and Mrs. O. J. Beene left Tuesday to attend a three day Southcoast Life Insurance Company convention held at Lost Valley near Kerrville. Mrs. Beene has been chosen to be guest speaker from the state of Texas.

Topic of her speech will be "The Life Insurance Agent-- From a Wife's View Point," and will be given as a monologue using original ideas in poetry. Keynote thought concluding the talk will be "Success in Our Field is Just What We Make It."

At the convention O. J. will receive the National Award and Texas Round Table Leader's Award.

MRS. O. J. BEENE

in and around FRIONA

WITH JUNE

Installation of new post office boxes has given a lot of Frionans trouble and laughs recently. The wall was moved back, new boxes were installed and just about everyone that went toward the back of the office to pick up mail tried to open the wrong box.

Not so many errors were being made early this week, so spectators couldn't have any fun watching others run combinations, re-run them, then start looking to see what the trouble was.

Friona Jaycees are really on the ball. At the present time they are working on a fair catalog to be published and distributed during Maize Days.

Several members of the organization have been working diligently on this project and an effort is being made to contact every business man and individual for an ad in the catalog.

Anyone who wants an ad and has not been contacted is asked to get in touch with one of the Jaycees at once. Deadline for acceptance of advertising material is Friday of this week. Just call Gaylon Rhodes, Walter Haws, Jimmy Briggs or C. H. Veazey.

If none of these have time to call, they can direct you to someone who does.

With the beginning of school at hand it might be good if each of us would give some thought to the nationwide problem of high school drop outs. Statistics on this problem show that it is much more widespread than most of us think about.

Of course, any of us who know a young person who has dropped out of high school before graduation are concerned about his future at the time. But, do we do as much as we should toward encouraging him to return to school.

If you know someone who has dropped out of high school that you would like to see enroll this fall, there is an article in the September issue of Coronet that you might like to read and encourage others to read.

Some of our readers are not familiar with the regular 12:25 Friona newscast which is presented through facilities of Friona Clearview. This program is sponsored by local merchants and is designed strictly for Frionans.

Anyone who has a news item that is of local interest is invited to phone the tip to the Friona Star office before noon any day Monday through Friday.

Think the Ed Whites had an enjoyable honeymoon recently. At least, according to Mr. White's version of the trip, it was a wonderful vacation and the first trip the couple had ever taken without the children.

For about a week the two of them just followed their noses in a northerly direction. They visited many places of interest.

Larry E. Hicks Received Degree

Larry E. Hicks, son of Mr. and Mrs. Ed Hicks, Friona, was one of 78 candidates receiving degrees from Hardin Simmons University in Abilene, Friday evening, August 18. Hicks received a degree in Bachelor of Business Administration. He also received his R. O. T. C. Commission as Second Lieutenant.

Mr. and Mrs. Ed Hicks and Mrs. Gary Hicks went to Abilene Wednesday to attend baccalaureate services and remained through Friday to attend the commencement program.

in Colorado and made a lot of color movies, so will be enjoying the trip for a long time to come.

Mr. White said, "The nicest part of the trip was that we had no deadlines to meet, no groceries to mark or anything to distract our attention from a relaxing vacation."

He also added that the highlight of the trip was getting back home and into the harness again. "Guess I've just lived here too long to enjoy being anywhere else very long," was the way he summed it up.

Think this week's Star will have the final run of pictures in our Future Friona Citizens feature. Some pictures were apparently lost in the mail between here and Irving, Winston Lucas, the photographer, sent us two packages containing pictures of local citizens, but we only received one.

If at a later date the other group of pictures shows up, we will run them.

Arnold Schueler Applies For Degree

Arnold L. Schueler, son of Mr. and Mrs. Robert H. Schueler of Friona, is one of 208 graduate students who has applied for a master's degree at North Texas State College this semester. He is a candidate for the master of music degree.

This will be the last graduates to receive degrees from North Texas State College. By an act of the Texas Legislature, the school will become North Texas State University on August 29.

Summer commencement exercises are scheduled for 8 p.m. Aug. 24, in Fouts Field.

LL Mothers Plan Meeting

There will be a final meeting of the Little League Mothers Club on September 7 at 4 p. m. in the Bank Community Room, instead of at the ball park as previously announced.

Pros and cons of next season will be discussed at the meeting, and all interested persons are urged to be present says Natalie Williams, secretary.

Lt. Gerald Neel Completes Course

Army 2nd Lt. Gerald G. Neel, son of Mr. and Mrs. Otis A. Neel of Route 1, Friona, completed the eight-week field artillery officer orientation course at The Artillery and Missile School, Fort Sill, Okla. on August 9.

The course, designed for newly-commissioned officers, trained Lieutenant Neel in communications, artillery transport, tactics and target acquisition.

The school, which has as its motto, "Skill is Better Than Luck," emphasizes leadership and the practical application of field artillery tactics and techniques in the employment of artillery mortars, conventional cannon, free rockets and guided missiles.

Neel is a former Friona High School student and 1960 graduate of West Texas State College.

Scoutmaster: "Why am I pinning your Tenderfoot pin upside down?" Tenderfoot: "So I can see it."
