Drive May Fall Short Of Goal

The United Fund Drive appears almost certain to fall short of the \$565 goal set up for it this year.

Drive Chairman Danny Mac Bainum said Monday that about \$4100 had been turned in and that only one or two teams had not reported, indicating that very little more money will be collected.

An urgent plea was issued

by drive officials to all those persons who haven't been contacted, urging them to turn in their contribution as soon as possible.

Women's club members arranged a card file of all contributors who participated in the drive last year and the cards were given to working teams who contacted the individuals. Newcomers to the community or persons who did not contribute last year are not included in the cards so there is still a slight chance that the goal will be met if these persons contribute.

If the remaining \$1400 is not collected, the nine participating agencies in the drive will receive a percentage of the amount approved for them by the directors.

The agencies and amount they will receive if the goal is met are:

Boy Scouts	\$1200
Girl Scouts	1190
Red Cross	1200
Salvation Army	900
U. S. O.	150
Heart Cause	75
Cancer Cause	50
Cerebral Palsy	50
Emergency Fund	750

Vern's Views

If your wife keeps telling you that you are working too hard, tell her it is better to wear out than to rust out.

That doesn't sound exactly in step with modern times, when the most important things in life seem to be social security, coffee breaks and early retirement.

I knew a man who officially retired at 45. He had really retired at about the age of 21. As far as I can tell, he has three times as many aches and pains as some other individuals I have known who never did retire voluntarily.

It isn't official, but I'm convinced that stepping on a soft drink bottle cap with your bare foot early on a cold morning, is one of the worst pains man is forced to endure in his own home.

The Christmas music we hear on main street these days sounds even better, if you know how it gets here.

Out at the control center for the Clearview TV Cable, they have a record player set up with 11 long play records. The music is piped to town through the firm's lines to speakers placed at various places on main street.

The unhandy part of the set up is, that every three and a half hours or so, someone has to rick out to the control tower, and turn over the records.

Course this doesn't sound like such a back breaking job. But the Friona Chamber of Commerce and Agriculture members, who set up the rig, want to keep the music flowing smoothly.

Therefore, they have to appoint one of their number to keep the records playing with a smooth continuity.

Whoever is appointed, must listen to the music and when he hears the record on the top of the stack start playing, he has to make a mad dash for the tower, open a barb-wire gate, unlock the building that houses the controls and record player and flip the records over, almost in one easy motion.

Reading an editor's mail is far from unpleasant, especially this time of year when we handle so many letters to Santa.

Sometimes, we can get a genuine chuckle from some of the hogwash sent to us by individuals or groups that want you, our reader to know something, but aren't willing to pay for their message as local businessmen do.

Course we aren't referring to local items received, because we sincerely appreciate them.

The things that get under our skin are those "news" releases from industrial public relations people and glory hungry politicians. The latter group sickens more than amuses us, because they use yours and my tax money for postage and

(Continued on page 5.)

Two Stores Looted Here Friday Night

DRUG STORE SAFE--Ben Moorman shows what burglars did to the safe of BiWize Drug. The metal box at the bottom of the picture held the money taken by thieves.

Burglars Take Money, Merchandise In Raid

Burglars struck two Friona business establishments Friday night, getting over \$1000 in cash from BiWize Drug and an undetermined amount of jewelry and cameras from Allen's Jewelry store.

The break-ins were discovered Saturday morning. Entry had been gained to both buildings through a back door.

Night patrolman Jack Fleming said he made his final check of the alley where back doors to both buildings are located about 5 a.m. and noticed neither of the doors open.

When Ralph Roden, owner of the drug store, came to work, he discovered the back door was opened and inside found that his safe had been smashed and \$1076 in cash was missing.

Checks, which had also been in the safe, were scattered around on the floor.

A tear gas bomb in the jewelry store's safe prevented the burglar from getting to the more expensive merchandise, according to store owner Allen Stewart.

Stewart also said that the burglars missed some of the more expensive cameras and diamonds on display in the store, and he theorized that the tear gas from the safe forced them to rush out with what they could grab and run with.

Eight diamond sets were also missing from the jewelry store. Roden said that narcotics in his store, near the safe, were not bothered but that one bottle of drugs was taken.

Police Chief Ben Moorman, who was conducting an investigation, said the crime was apparently work of professional burglars and safecrackers.

Both doors that were entered were made of metal and had strong locks. They appeared to have offered the prowlers little resistance.

Officers were investigating two cars that stayed close to the Roden home Friday night, which they thought might possibly be linked to the crime.

Santa Will Visit Here Saturday; Parade Set

Santa Claus will arrive in Friona Saturday morning in a downtown parade that will kick off Christmas activities here.

Plans for the parade were made Friday night in a meeting of Friona's Chamber of Commerce and Agriculture.

Another parade is set for Dec. 17, and Dec. 22 will see the annual downtown Christmas Party, when children will receive their candy and nuts compliments of the Chamber.

The Chamber of Commerce and Agriculture will also sponsor a Christmas Home Decoration Contest, that will be judged about Dec. 18.

Prizes of \$25, \$15, and \$10 will be awarded to the three homes judged best. Judging will be done by impartial out of town individuals. Entries should be submitted to the Chamber as soon as possible, Newman Jarrell is president of the organization.

Chamber members discussed having a merchandise drawing similar to the one con-

ducted here last year that awarded a new car and two television tickets to lucky ticket holders. The idea was abandoned however, and only the parades and a program for Dec. 22 were adopted.

Jaycees will conduct their drawing for a pony on Dec. 24.

Specific plans for the Dec. 22 affair weren't worked out but the day will be something like those held here in past years.

Saturday, with the cooperation of Friona Clearview Television Cable Service, Christmas carol music was piped downtown and onto the streets through several speakers.

All phases of pre-Christmas planning began to take shape here, as lights were erected on the streets, Christmas Carols rang from the speakers and Lions Club members set up their lot for selling trees in City Park.

About the only thing missing was Santa Claus and he will be here Saturday to complete Friona's Christmas preparations.

City Votes Raise For Employees

The city commission voted Monday night to give all city employees a 3 1/2 per cent pay raise beginning Jan. 1, 1961.

The raise will be in effect up to a maximum of \$144 per year or \$12 per month.

The move came, after city employees had asked the city to adopt a social security program. Commissioners decided to vote the raise instead. The 3 1/2 per cent would be the amount the city would spend

on a social security program. Commissioners also examined an audit report and heard auditor

Farm Sales Slated Here

Farm sales will be conducted in the Friona area today with Monday.

Truett Johnson, whose farm is southwest of Friona, has had his sale rescheduled because of bad weather.

The other sale will be conducted on the M. L. Howard farm.

Col. Bill Flippin will be auctioneer for the Johnson sale and Col. Dick Doshier will be auctioneer at the Howard sale. Johnson's sale begins at 10 a.m. and the Howard sale is set to begin at 12 noon.

Fites Buy Florist

Sale of Claborn Flower Shop was announced this week. The florist business was purchased by Mr. and Mrs. Marion Fite, of Friona.

The transaction became official Dec. 1.

Mr. and Mrs. J. C. Claborn, former owners of the flower shop, said they sold the business so they can now devote full time to their funeral home here. Mr. and Mrs. Fite have been Friona residents for several years. They also have a farm west of Friona.

PURCHASE FLOWER SHOP--Marion and Ruthie Fite are shown in the flower shop they purchased last week from Mr. and Mrs. J. C. Claborn. The establishment will now be known as Ruthie's Flower Shop.

HEADED FOR STATE--This Senior Farm Skill team that will represent Friona FFA Chapter at the State Leadership Contest in Huntsville Dec. 16. Left to right are David McVey, instructor; Tom Gee, Earl Crow, alternate; Danny Carmichael, J. C. Lane, instructor; and Bobby Daniel. They won first place at the area contest in Plainview Saturday, having previously won first in the Littlefield District. The FFA Quiz team also entered the Area 1 contest.

Ware's Closes Store

Ware's Department store, a Friona business establishment for the past five years, closed this week.

The store has a sister firm in Littlefield, and the Ware family announced that the Friona store would be permanently closed.

A quitting business sale has been in process for the last month. Doors were officially closed last Thursday.

Mr. and Mrs. Jess Sinclair, who have managed the store since it opened here, will be associated with Ware's store in Littlefield.

"We are deeply appreciative of the friendship and patronage we have received here and regret leaving Friona," Sinclair said.

12 Students Chosen All Regional

Twelve members of the Marching Chieftan band of Friona High School were chosen members of the All-Regional band at Amarillo last week.

Tryouts were conducted at Tascosa High School last Thursday when the selections were made. Students chosen rehearsed Friday and Saturday presented a concert Saturday night.

Dean Killion, band director at Texas Tech, directed the group.

Students named to the band were Kay Struve, Eddie Bradshaw, Nelda Douglas, Diana Taylor, Craig Tannahill, Gayle Knight, Darla Bingham, Iva Parr, Judy Taylor, Dean Nazworth, Donna Blackburn and Sharon Reeve.

15 Shopping Days 'Til Christmas

SHOP FRIONA FIRST

Burglary Reported

Vandals or burglars broke into Associated Growers office on Highway 60 east of Friona Saturday night, but apparently

their efforts netted no tangible rewards.

Employees of the firm found a plate glass window in the front door smashed Sunday but nothing was missing inside.

A small cash box kept in the office had been moved and opened. It contained only two small checks so the prowlers apparently decided to give it up as a lost cause and left without taking anything.

Inside the office were tires, batteries and other merchandise, but everything was in place except the cash box.

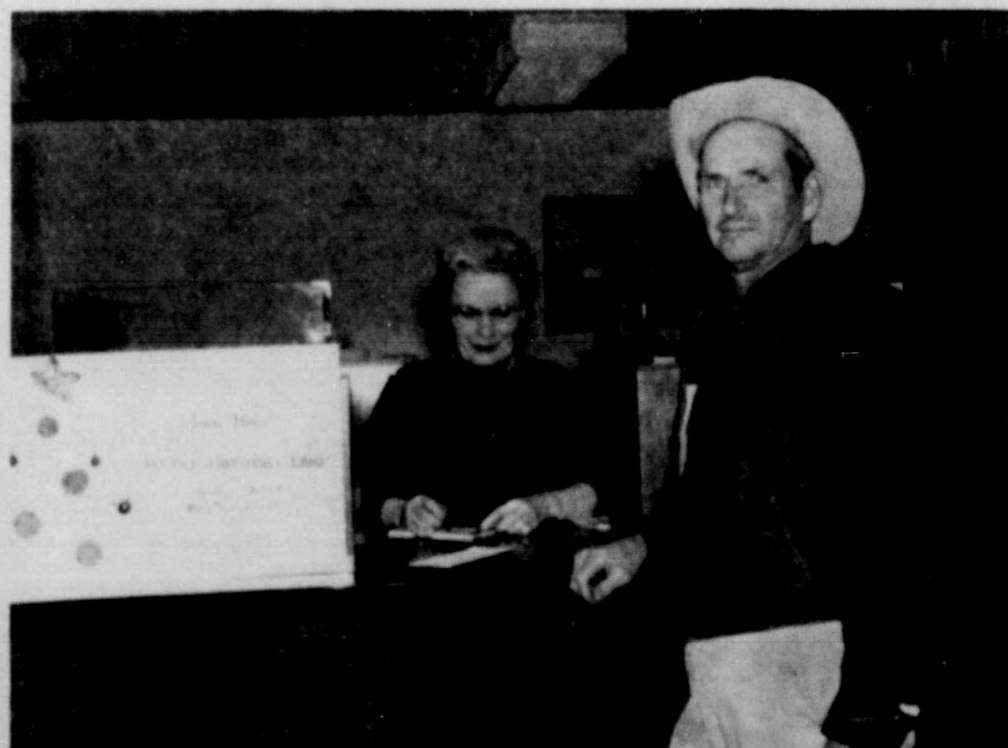

Mr. and Mrs. Delton Lewellen and their little daughter, Donna Kay, returned home Sunday evening after being in Dallas two weeks following heart surgery on Donna Kay. She is reported to be doing fine.

Firemen Kept Busy

During the first five days of this month, members of Friona Volunteer Fire Department answered four alarms.

The busy days were mostly caused by gas fires, but one house has been damaged, and a truck fire at a butane company also has kept the firemen jumping.

Monday, an alarm called the firemen to Bainum Butane Co. where a truck was blazing. The blaze was extinguished shortly after fire trucks arrived.

CONTRIBUTES TO PROJECT--Mayor Raymond Fleming makes his contribution to "Project Christmas Card." Jane Williams writes the deposit slip at Friona State Bank. Members of the Modern Study Club, which sponsor the project, report it is ahead of last year's pace. Contributors to the project donate what they normally spend for local Christmas Cards and postage. Proceeds go to Farmer County Community Hospital and donors names will appear in a special Christmas card in the Christmas edition of The Star.

Three Get Honors In Tourney

Neither Friona team brought back a trophy from the Olton tournament played last weekend, but three players were named to the All-Tournament team.

Tommy Wellen and Eleanor Dodson were girls picked on the honor team. Gary Snead was the only Chief to make the team.

The Chiefs beat Nazareth 46-27 in their first game, but Sudan's Hornets hung a defeat on the local quintet.

Sudan also knocked the Squaws from the tournament and went ahead to win the championship. Friona had whipped Muleshoe 54-44 in their first game, before dropping a close 46-42 decision to Sudan.

Timberlake Will Speak At Banquet

Lewis Timberlake, a state Junior Chamber of Commerce officer, will be guest speaker for Friona Jaycees Charter Banquet scheduled for Dec. 17.

Mel Lismar, another state officer from Lubbock, will handle installation and presentation of the charter.

The banquet will be conducted in the school cafeteria and will climax a full year of efforts by the Jaycees to gain a charter in the state organization.

THE FRIONA STAR

In Farmer County \$3 Per Year
Elsewhere \$4 Per Year

Money Makes Foolish Circle

Friona has received a federal grant of over \$17,000 from the Public Health Service for construction of a new sewage disposal plant.

Five years ago, such a grant would have been unheard of. Now it is becoming fairly common for cities and towns to receive money from Washington for such projects.

Ultra-conservatives will charge that such a program of sending local tax dollars to Washington and then sending a portion of them back is wasteful. Their charges are entirely true.

Dollars here on the local scene could have paid the bill without having to make the costly trip through federal bureaucrats. But after such federal programs have been set up by liberal lawmakers, there is little a city can do but apply for and accept such grants if they are among the lucky few who receive them.

Ultra-conservatives may be critical of such cities as Friona that accept the aid. But refusing the aid available from the federal government would not help discourage this and other programs. The only place to halt these give-aways is in Congress and the White

House. After such programs are set up, cities that refuse to take advantage of them will find their local tax dollars going to support such grants anyway. This appears to be a method for getting part of the money back where it came from.

The problem of more government controls, restrictions and give-away programs is increased everytime Congress passes a law providing money local governments could raise.

Something for nothing politics do not and never will exist, but suckers who believe money comes from Washington like rain from the sky continue to search like explorers once sought the fountain of youth.

Channelling water from where it's needed through a leaky line to a distant point and back again doesn't make sense. Neither does sending tax dollars from where they are needed to a distant point through wasteful politicians in an effort to transport them to where they started the pointless trek.

City officials took the only alternative left open to them in accepting the grant.

J. v. s.

Changes Are Coming

If you want to remember Friona exactly as it is today, you had better get busy with a camera because numerous projects are on the drawing board or in progress that will change things here.

Among the additions to this community that will probably be established before the new calendars are worn out include a swimming pool, country club, rodeo arena and new baseball park.

Other long-range projects are in the back of a good portion of the peoples' minds, and will probably take definite form before 1961 is too far gone.

All the projects listed above are recreation facilities. They are the ones we hear about most frequently because they have more acute public interest.

Other expansion plans that will definitely benefit this community are now contained only in the minds of small groups of individuals. These projects do not need intense public interest to become reality. They include such ideas as new business establishments, new housing developments or additions to our public institutions.

Most of us are aware of both categories of progress, but perhaps some of us do not realize their significance.

Progress means more for everyone and these are definite signs of progress. Some of the projects mentioned above may not materialize exactly as planned; some may be abandoned altogether, but undoubtedly a majority of them will become important to this community.

The Original Town of Friona, Farmer County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: State of Texas, \$5.04, Farmer County, \$7.26, High Plains Underground Water Conservation Dist. No. 1, \$.09, Farm - to - Market, \$.12, TOTAL \$12.51.

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefore, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the ex-

piration of forty-two (42) days from and after the date of issuance hereof, the same being the 2nd day of January, A. D. 1961 (which is the return day of such citation), before the honorable District Court of Farmer County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Farwell, Farmer County, Texas, this 18th day of November, A. D. 1960.

THE STATE OF TEXAS
COUNTY OF FARMER
In the Name and by the Authority of the State of Texas

To: C. A. Sebolt, Charles Sebolt, S. A. Sebolt, and Roy Hawkins, his unknown wife or wives, and her unknown husband or husbands, and if any of said persons are deceased, then their unknown heirs, assigns and legal representatives, and all unknown claimants whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having,

or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 154th Judicial District, Farmer County, Texas, wherein the State of Texas, County of Farmer, and High Plains Underground Water Conservation District No. 1 are plaintiffs; and City of Friona, and Friona Independent School District are impleaded party defendants and C. A. Sebolt, Charles Sebolt, S. A. Sebolt, and Roy Hawkins, his unknown wife or wives, and her unknown husband or husbands, and if any of said persons are deceased, then their unknown heirs, assigns and legal representatives, and all unknown claimants, are defendants, by the filing by said plaintiffs of a petition on the 18th day of November, 1960 and the file number of said suit being No. 2170 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lots 5 and 6, of Block 85, of the Original Town of Friona, Farmer County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: State of Texas, \$8.14, Farmer County, \$13.08, High Plains Underground Water Conservation Dist. No. 1, \$.23, Farm - to - Market, \$.36, TOTAL \$21.81.

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties,

and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefore, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 2nd day of January, A. D. 1961 (which is the return day of such citation), before the honorable District Court of Farmer County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court

in the City of Farwell, Farmer County, Texas, this 18th day of November, A. D. 1960.

"The Only Problem I'll Have When I'm Ready To Carry Is - Asking Mother For Daddy's Hand!"

"How is your wife?" the man asked an old friend he hadn't seen for years.

"She's in heaven," replied the friend.

"Oh, I'm sorry." Then he realized that was not the thing to say, so he added, "I mean, I'm glad." And that was even worse. He finally came out with, "Well, I'm surprised."

Youngsters do brighten up a home. Whoever saw one of them turn off electric lights?

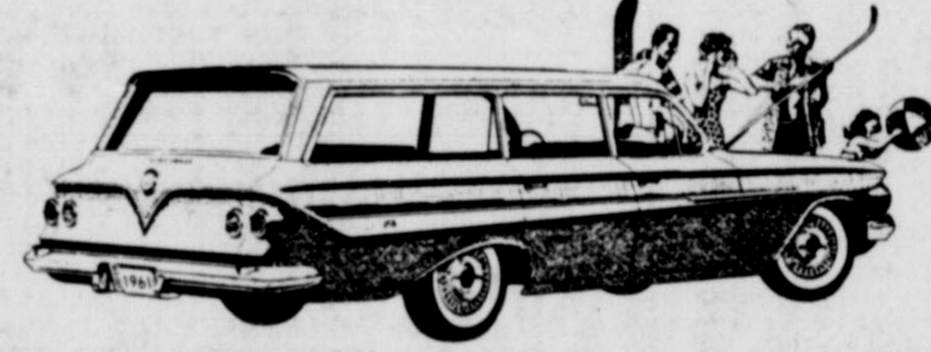

Old Jim was telling about his close shave with a bear. "It chased me across my hillfield. I hoped to make it to that oak tree on the edge of the pasture," he declared. "and when I got there, I saw that my only chance was to jump up and catch the big limb which was about 20 feet from the ground."

"Did you make it?" a spectator asked.

"Well, the truth is," Jim concluded. "I missed it going up, but caught it on the way back down."

ONE-STOP SHOPPING FOR A NEW CAR at your Chevrolet dealer's!

Now you can make your car-shopping rounds the easy way—all under one roof! For '61 your Chevrolet dealer offers nearly any type of car you could want—at the kind of price that'll make you want it all the more. There's a whole new crop of Chevy Corvairs with lower priced sedans and coupes and four wonderful new wagons unlike any ever built before in the land. There are new Chevy Biscaynes—the lowest priced full-size Chevrolets, beautiful Bel Airs, elegant Impalas, six easier loading Chevy wagons, including three 9-passenger models.

New '61 Chevrolet NOMAD 9-PASSENGER STATION WAGON

There are six easier loading Chevrolet wagons for '61—ranging from budget-pleasing Brookwoods to luxurious Nomads. Each has a cave-sized cargo opening measuring almost five feet across and a concealed compartment for stowing valuables (with an optional extra-cost lock).

New '61 Chevrolet IMPALA 2-DOOR SEDAN
Here's a new measure of elegance from the most elegant Chevrolets of all. There's a full line of five Impalas—each with sensible new dimensions right back to an easier-to-pack trunk that loads down at bumper level and lets you pile baggage 15% higher.

New lower priced '61 CORVAIR 700 CLUB COUPE
There's a whole crew of new Chevy Corvairs for '61—polished and perfected to bring you spunk, space and savings. Lower priced sedans and coupes offer nearly 12% more room under the hood for your luggage—and you can also choose from four new family-lovin' wagons.

New '61 Chevrolet BEL AIR SPORT SEDAN
Beautiful Bel Airs, priced just above the thriftiest full-size Chevies, bring you newness you can use: larger door openings, higher easy-chair seats, more leg room in front, more foot room in the rear, all wrapped up in parkable new outside dimensions.

New '61 Chevrolet 4-DOOR BISCAYNE 6
NOW—BIG-CAR COMFORT AT SMALL-CAR PRICES—Chevy's new Biscaynes, 6 or V8, are built to save in a big way. They offer a full measure of Chevrolet quality, roominess and proved performance, yet they are priced right down with many cars that give you a lot less.

Longhorns Win First Place In Tourney

The Lazbuddie Longhorns beat Bovina 38-30 Saturday night to take the championship of the tournament they hosted, while the Morton girls were winning their bracket by whipping Farwell.

Morton earned the crown by a 44-25 margin over Farwell, which had defeated the Lazbuddie girls 58-54 in second round competition.

R. L. Porter led the Longhorns to their fourth straight win, stuffing through 12 points. Roger Ezell, Bovina's big gun,

took game high point honors with 13.

In the loss to Farwell, Judy Brown had 23 points for the Lazbuddie girls while Beverly Smith scored 21.

Amherst girls took the consolation trophy, beating Three-Way 46-31.

Three-Way won the boys consolation trophy with a 50-33 win over Amherst.

The Longhorns have five boys back for service this year that were starters at sometime during last season, when Lazbuddie won the 3-B district crown.

The five boys, all seniors, are Norman Brantley, R. L. Porter, Odie Bradshaw, Billy Hardage, and Jerry Glover. Rounding out the 10-man squad are David Tarter, Eddie Morris, Ronald Elliot, Jimmy Dale Seaton and John Agee.

Lazbuddie will probably be one of the favorites for the district title in boys competition again this year. The 'Horns have a 4-0 mark. The girls have won one and lost two.

Both boys and girls will be entered in the Friona tournament this weekend.

Chiefs Get Mention

Six Friona Chieftain football players were named honorable mention selections on the Class 1-AA all district team.

The Chiefs, who won only one game all season, finished in the cellar and failed to place any player on the first team.

Named to the honorable mention offensive unit were Tommy Massey, fullback, Jobey Claiborn, quarterback and Lynn Baxter and Max Reeve, linemen.

Floyd Reeve, halfback and Tommy Barker, linebacker, were Friona players making the honorable mention defensive unit.

Bobby Daniel and Larry Drake were mentioned by the group of coaches which made the selections, but neither was eligible for all-district honors since they were injured. Gary Sneed was another player considered by the coaches.

Bowling Tourney Planned

Friona Lanes' First Annual Holidays Handicap Bowling Tournament for men and women will begin Dec. 21 and continue through Jan. 3.

The tourney will award \$100 for first place winners in both men's and women's competition.

Singles and doubles for both men and women bowlers are planned.

Complete list of prizes includes \$100 for first for top men and women bowlers, \$50 for second, \$40 for third, \$25 for women's fourth, \$30 for men's fourth, \$15 for women's fifth, \$20 for men's fifth place, and \$10 for women's and men's sixth places.

Entries must be sent to Ed Hicks, Friona Lanes, Box 755 Friona.

ABC tournament rules will be used and bowlers will take their average of Dec. 1.

Friona Star Sports Page

Grade School Cage Schedule Released

Schedule for remaining games of the Friona grade school teams has been released. Eleven games remain to be played before the slate is completed Feb. 20.

REMAINING SCHEDULE
November 21 -- Muleshoe (7th & 8th Girls at Muleshoe, Boys at Friona)
December 5 -- Canyon (7th & 8th Boys at Canyon, Girls at Friona)
December 12 -- Muleshoe (7th & 8th Boys at Muleshoe, Girls at Friona)
December 19 -- Farwell at Friona (7th & 8th Boys, 8th Girls)
January 9 -- Friona at Bovina (8th Girls, 8th Boys)
January 12 -- Walcott at Fri-

ona (7th Grade Girls)
January 16 -- Canyon (7th & 8th Girls at Canyon, Boys at Friona)
January 23 -- Lazbuddie at Friona (7th & 8th Girls, 8th Boys)
January 30 -- Dimmitt (7th & 8th Boys at Dimmitt, Girls at Friona)
February 6 -- Friona at Farwell (7th and 8th Boys, 8th Girls)
February 9 -- Dimmitt (7th & 8th Boys at Friona, 4:30 p.m., Girls at Dimmitt 8 p.m.)
February 13 -- Walcott at Friona (7th Grade Girls) Bovina at Friona (8th Boys and 8th Girls)
February 20 -- Friona at Lazbuddie (7th and 8th Boys, 8th Girls)

Lazbuddie Cagers Enter Tournament

Lazbuddie's basketball schedule for the 1960-61 season has been announced.

The slate of games, which includes the Friona tournament this weekend, will have both girls and boys teams playing in four other double headers and one other tournament before starting district play Jan. 10.

The Amherst tournament Jan. 5, 6 and 7 will be the last stop for the Lazbuddie cagers before they plunge off into the District 2-B conference race.

The schedule from the Friona Tournament forward:

DATE	TIME	TEAM	PLACE
Dec. 8, 9, 10		Friona Tournament	
Dec. 13	6:00	Springlake	There
Dec. 16	7:30	Farwell	There
Dec. 20	7:30	Pep	There
Jan. 3	6:00	Springlake	Here
Jan. 5, 6, 7		Amherst Tournament	
*Jan. 10	7:00	Bovina	There
*Jan. 13	7:00	Nazareth	Here
*Jan. 17	7:00	Hart	Here
Jan. 20			
*Jan. 24	7:00	Happy	There
*Jan. 27	7:00	Bovina	Here
*Jan. 31	7:00	Nazareth	There
*Feb. 3	7:00	Hart	There
Feb. 7		JUNIOR PLAY AT 7:30	
*Feb. 10	7:00	Happy	Here

Lesly Re-Elected President

"I never felt so encouraged that a good farm organization can be built in Texas. Look for Farmers' Union to really grow under the Kennedy-Johnson administration."

Those were the words of Richard Alexander, state Farmers Union secretary, who was guest speaker at meeting of Parmer County FU Monday night at Hub Community Building.

The sparse crowd present discussed and adopted various resolutions which will be presented to state convention which will be in Abilene December 9.

In other business, officers for the organization for last year were re-elected. They were T. O. Lesly, president; Clyde Weatherly, vice president, and O. D. Spittler, secretary-treasurer.

Delegates named to attend state convention were Sam Bradley, Melvin Trieder, and Frank Spittler. Alternate delegates will be J. C. Redwine, Buck Crim, and Mrs. Freeman Davis.

Resolutions adopted on county level were, for most part, same as those adopted recently by Lazbuddie local. They appear in an advertisement in this issue.

The resolutions were read to the group by Wyle Bullock. Lesly presided at the meeting.

Following election of county officers, an election was held to name leaders for Lazbuddie local. Trieder was named president with Freeman Davis being elected vice president and Bradley secretary.

Alexander warned those present not to put stock in Republican claims that farmers of the nation voted against Ken-

nedy-Johnson. "Farmers did vote Democratic," he said, "except in a few areas where where religion affected the oil depletion was an issue and vote."

That's What Farmers Say Anhydrous Ammonia Does To Feed Stalks.

RUNNER-UPS--This second place banner was presented the Junior Farm Skill team at the banquet for their performance in the contest. The boys are Tommy Baxter, alternate, Micky Wilson, Greg Jarrell, Numan Loanman and alternate Bob Welch. Not shown is Ronald Awtry, who was also an alternate.

Worker Hurt In Accident

A Mexican National suffered loss of his left foot in an accident at Western Warehouse Co. in Bovina about 1 p.m. Monday.

Paurina Barron, 36, father of nine children, was rushed to Parmer County Community Hospital in Friona by Claborn

ambulance following the accident.

Barron's foot was caught beneath a trailer on which he was riding, according to D.R. Bushnell, manager of the firm. His foot was dragged against paving which is on the warehouse lot for some 200 feet,

Bushnell says. Barron was unable to get the attention of the driver of the tractor which was pulling the trailer.

The injured man's address is San Benito, Texas, but his family lives in Mexico.

Woe unto them that call evil good and good evil; that put darkness for light.—(Isaiah 6:20)

Mistaking evil for good is one of the traps into which those who follow Communism have fallen. To them, anything that helps the Communist cause—no matter how base it may be—is "good." Followers of the Bible know that only thoughts and acts conceived in love and brotherhood are good in the eyes of God.

CHOCOLATE CHIP DELIGHT
2 pkg. semi-sweet chocolate chips, melt in top double boiler
1/2 cup sugar, add to chocolate
4 egg yolks, beat until lemon color. Whip into hot chocolate mixture. Set off and let cool. When cool beat in egg whites with 1/2 tsp. salt. Add 1 tsp. vanilla. When mixture is cold add 1 pint cream, whipped.

Vern's Views--

We started out to tell about the chuckles these things cause, so should mention some of the best examples of a PR man taking all newspaper editors for lazy halfwits, who don't have the energy to gather their own news or the intelligence to judge what their subscribers want to know about.

The most comical "news" releases we receive are those

that have the words "News" printed in bold black type on the outside of the envelope.

Next most amusing are those that have a personal note clipped to the top of the release telling whoever opens it that this stuff is hot news about the blank steel company enlarging its plant in Montana.

Course there are numerous incidents where the PR man makes a poor choice of words that make even undergraduate

editors like myself snicker. "Luring industry to Texas" was the main theme of a release we received this week and if luring isn't the poorest word that blab writer could have chosen, I would like to hear any worse ones you can think of.

I always thought luring was something you did to a fish, or enemy or boyfriend. It doesn't sound too complimentary to the prospective industries that

might consider locating in Texas.

Wonder if income taxes will go down now, that the Kennedys have a son. They did in Iran after the Shah's third or fourth wife had a boy baby.

This country has had 4,000,000 forest fires in the last 20 years, according to American Forest Products Industries, Inc.

City Votes--

purchase U. S. Savings Bonds with reserve funds.

Final approval was also given to a gas rate increase asked for by Pioneer Natural Gas Co. The increase will raise the minimum charge from \$1.50 to \$1.65 per month.

Lightening often strikes twice in the same spot within a few millionths of a second.

"Your boy friend stayed very late last night, didn't he?"

"Yes, mother, did the noise disturb you?"

"No, but the periods of silence did."

Freshman: "What shall we do tonight?"

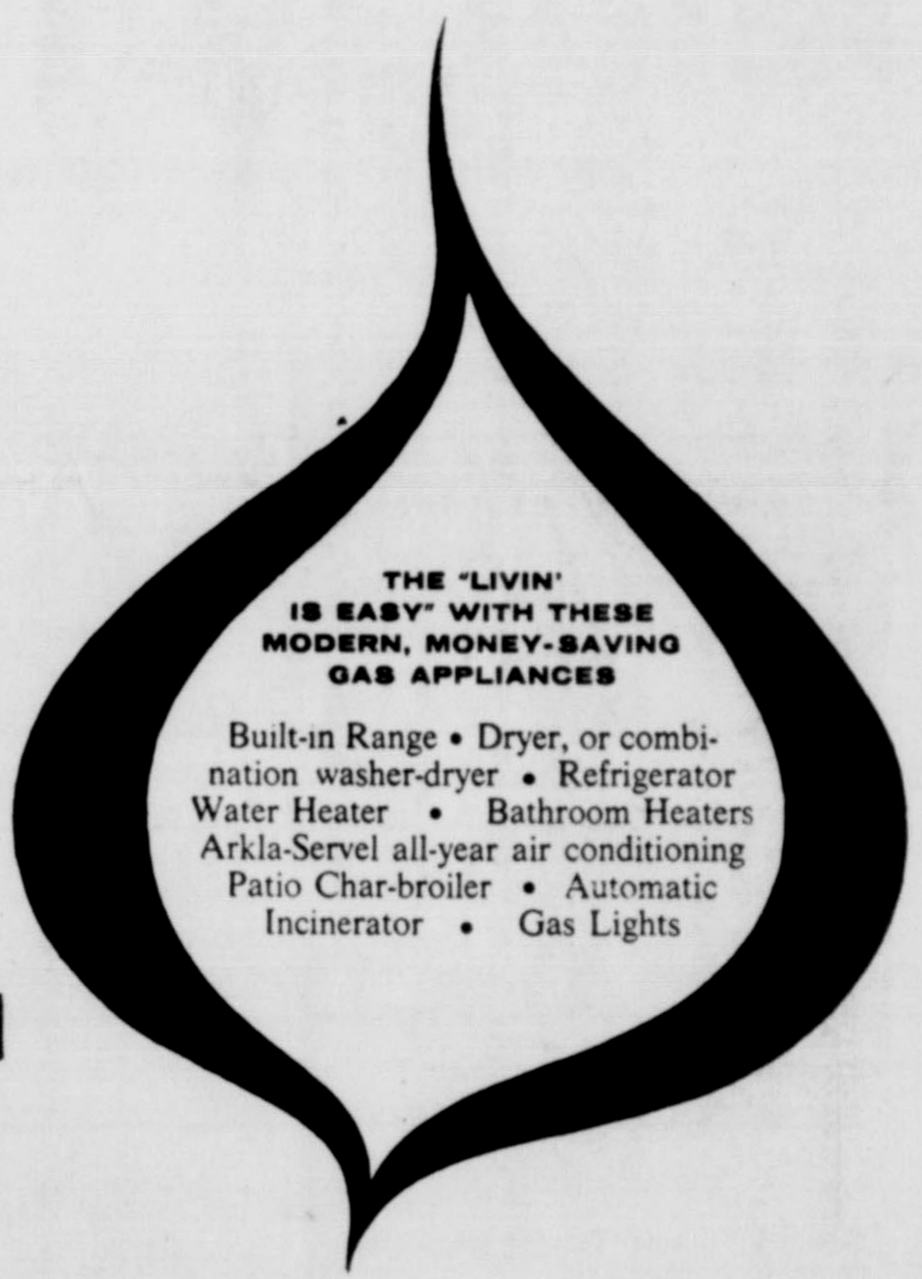

Sophomore: "We'll toss a coin first. If it's heads, we'll get dates. If it's tails, we'll go to the movies stag. If it stands on edge, we'll study."

another all-gas home by CARL McCASLIN - BUILDER located at 301 West 13th Street

If you're looking for a home that's geared for gracious living in a manner that only the finest of materials and workmanship can provide . . . this is it! Here is the ultimate in contemporary comfort and convenience provided by a full complement of dependable, economical-to-operate Gas appliances. Here, too, is a home where architectural ingenuity and tasteful decor combine to create an "individual" atmosphere that's a cut above the sameness of the average home. But a look is worth a thousand words . . . come see for yourself what Gas is doing these days!

* Actual metered tests show that over a 25-year mortgage period, the average family can, by utilizing Gas appliances, save enough to completely refurnish and recarpet their home at least once during that period . . . at no cost!

WHICH IS TRUE

1. All banks are alike
2. All banks are different

Banks may appear to be identical, as twins do, but once you get acquainted you learn that each bank has a personality all its own. And the one which most nearly matches your own make-up is the one you'll get along with best.

Since a lot of particular people find our bank a sympathetic, agreeable place to do business, chances are you'll feel at home here too. Call on us, won't you? Ask questions. It costs nothing and may well prove profitable.

in and around FRIONA

WITH JUNE

Congratulations are in order this week for the vocational agriculture department of Friona High School. Several teams brought home banners from the district contest to add to the collection that FFA members have won in years past.

F. L. Miller of Prince Albert, Saskatchewan, Canada, was a visitor in the Star office Monday. He and his wife were visiting in the homes of Mrs. A. O. Drake, the Arthur Drakes and Earl Drakes.

While visiting with him and Mrs. A. O. Drake, who is his aunt, this columnist learned something of farm conditions in Canada. West Texas farmers complain some because of the restriction on the number of acres of wheat they are allowed to plant.

Mr. Miller said that in Canada there was no restriction on

acres that could be planted but that only six bushels per acre could be sold on the open market. All over six bushels per acre must be fed to cattle.

Due to this restriction most farmers in the Prince Albert area have feed lots. At the present time top market prices for grain fed steers is about 22 1/2 cents per pound. Beef prices are slightly less than they are here.

This was the first time the Millers had ever been to Texas and they were favorably impressed with this section of the state.

Some syndicated column recently suggested that Christmas should be kept in December. Most of us will probably agree with him, but the Christmas trees in the windows at Friona Battery and Electric Company and Claborn's Flower Shop

GIRL SCOUT TROOP 358 WRAP PACKAGES—Scout leader Mrs. Arthur Drake and Mrs. Paul Hall met with troop to wrap Christmas packages to send to Girlstown at Whiteface.

surely do look pretty.

Haven't observed the one in Claborn's window closely enough to determine what variety it is, but feel sure that the one Johnny Wilson and his crew selected is artificial and will not be shedding leaves all over the place.

It will not be necessary for this column to remind you of the number of shopping days before Christmas, but we would like to suggest that you do your shopping with Friona merchants.

A lot of favorable remarks were heard Tuesday concerning Mr. Winburn's talk at the lodge hall Monday evening. Perhaps men like him will be able to inspire some Americans to sit up and take notice of what is going on about them.

Most Frionans regret to see Ware's going out of business. During the years the store has been here, many of us have learned to know and appreciate

Mr. and Mrs. Ware.

We've also learned to appreciate Mr. and Mrs. Jes Sinclair. Haven't heard them two say where they plan to go from here, but the best wishes of members of the Star staff go with them.

New Quail Season In NCT

AUSTIN, NOV. -- Quail season opened Thursday, Nov. 24, in the 27 counties comprising the Possum Kingdom regulatory area of North Central Texas. The season was opened there early this year because of a heavy crop of quail, but an inadequate amount of food to carry a heavy number through the winter months. The season will close Jan. 20. The bag limit this year is 15 per day and 45 in possession.

Any argument is lost the moment you lose your temper.

SPORTS AFIELD

By Ted Kosting

Of all forms of fishing, angling for trout requires the most refined equipment and techniques. As a result, the trout fishing neophyte is confronted with a mass of different equipment and just as much advice as to techniques. John Scott, a feature writer for Sports Afield Magazine, describes the basic equipment the would-be trout fisherman needs and some helpful tips to start you off in the right direction.

The most obvious and perhaps the most important piece of equipment is the rod. Fly rods are now made shorter than they used to be, which is good because they are easier to handle. Glass has all but replaced split bamboo and sells for a fraction of the price.

The reel for a fly rod is of relatively little importance and serves mostly as a storage place for your line. Today's improved lines have a built-in floating bubble arrangement to keep them from sinking. Gut is no longer widely used for leaders. It has been supplanted by tapered nylon monofilament.

Boots will do for a beginner; perhaps later you will want to invest in waders. The net has an elastic cord. Other equipment includes dry flies in box; wet flies in book; leaders, hooks and tippets; wicker creel; clippers for leaders; knife; worm can; split shot and lead wrap-around sinkers.

The first thing to know about flycasting is that it is the line which is cast, not the fly. Space behind the angler is necessary for him to get out sufficient line in "false casts." There will not be room here for casting instructions; books are available covering the subject.

Spinning gear is also used for trout fishing. One big advantage to spinning is that it can be readily understood. For the man who does not have the time to learn flycasting, spinning is the answer. Spinning is best used in the spring before trout start feeding on flies.

In spinning, the lure is cast, not the line. This means that no backcast is required and there will be less chance of hanging your lure in the bushes. A spinning lure runs deep and works well on bottom-feeding fish. You will also be able to

LIGHTS GO UP--A crew of Southwestern Public Service Co. erected Christmas lights and decorations in downtown Friona Thursday. The lights went up about 10 days earlier than they did in 1959.

GLAZING FOR CHRISTMAS HAM
1 can sliced pineapple (small)
1 bottle maraschino cherries
1/2 cup brown sugar
12 whole cloves
Bake 16 to 18 pound ham wrapped in foil until done. Take ham from foil and cut across ham making squares. Stick cloves into squares. Place pineapple slices on squares and put cherries into pineapple centers. Mix sugar and juice from pineapple and cherries. Pour over ham and bake for 10 to 20 minutes.

LEMON BLISS
1 pkg. lemon jello
2/3 cup sugar
1 1/4 cup boiling water
3 tbsp. lemon juice
1 large can evaporated milk, chilled
pinch of salt
Mix jello, water, sugar, lemon juice and cook until almost jelled. Add milk and beat until well mixed. Use lemon thin cookies to line bowl. Pour Jello mixture into bowl. Yellow vegetable color may be used if you wish.

Did You "Forget" Part Of Your Last Business Insurance Claim ?

You know you've claimed everything you're entitled to--if you insure through an independent insurance agent.

We check all the details of your claim and help you fill out the necessary forms... make sure you've included everything you should get paid for. More important, we plan your insurance protection in advance to provide broad coverage against the unusual and unexpected. No insurance

company can give you such service--because no single company offers every type of business insurance.

You can be sure your business has the right insurance coverage when you insure through an independent insurance agent. Look for this Big "I" Seal when you buy insurance. To display it, we have had to meet professional standards designed to protect you.

THE STATE OF TEXAS COUNTY OF PARMER

In the Name and by the Authority of The State of Texas

To: Guy Hanks, W. R. Sherley, William R. Sherley, W. W. Sherley and Laura L. Wentworth, his unknown wife or wives, and her unknown husband or husbands, and if any of said persons are deceased then their unknown heirs, assigns and legal representatives, and all unknown claimants, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

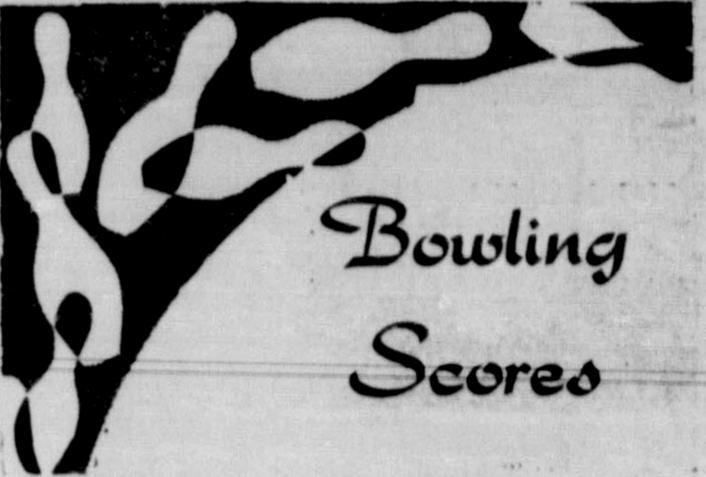

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 154th Judicial District, Parmer County, Texas, wherein the State of Texas, County of Parmer, and High Plains Underground Water Conservation District No. 1 are plaintiffs; and City of Friona, and Friona Independent School District are impleaded party defendants; and Guy Hanks, W. R. Sherley, William R. Sherley, W. W. Sherley and Laura L. Wentworth, his unknown wife or wives, and her unknown husband or husbands, and if any of said persons are deceased then their unknown heirs, assigns and legal representatives, and all unknown claimants are defendants; by the filing by said plaintiffs of a petition on the 18th day of November, 1960, and the file number of said suit being No. 2168 and the nature of which is a suit to collect delinquent ad valorem taxes on the following

described property, to-wit: All of Block 105, of the Original Town of Friona, Parmer County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon. The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: State of Texas, \$9.44, Parmer County, \$13.48, High Plains Underground Water Conservation Dist. #1, \$1.16, Farm-to-Market, \$24. TOTAL, \$23.32.

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none. Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days

Something To Think About

6th. Street Church of Christ
Box 515 -- Friona, Texas

So you are not interested in the church, in Christianity! As far as you are concerned it's alright for women and children - but not for you! This may not be the way you feel about it, but it expresses the sentiment of a lot of folks. Naturally, we cannot accept this view, but we think we can understand why a lot of people feel that way about it. They don't "go to church" and they are not interested because they just don't know enough about it to realize the seriousness of the matter. That's why we want to encourage you to think about it for a minute. How many times have you had to say, "I just didn't realize it was that important!" when you found out too late that it was important? How much have you suffered because you took something too lightly? Friend, Christianity is for you. It is important, and it's not just for women and children. Your soul is involved too. The trouble is that so many of us know so little about it. What we need to realize is this - Christianity is no different from, say, the laws of the land. IGNORANCE IS NO EXCUSE. Someday you will realize that, and we're trying to help you see this before it is too late. The Lord said, "Ye shall know the truth, and the truth shall make you free." (John 8:32) Come and study with us - give the gospel a chance. We are confident you will never regret it.

The Church - Man's Link With His God

Christmas is such a good opportunity to lift up the Saviour. Hearts are tender at this season and can be won to the Lord so easily. Modest gifts to the underprivileged can be the means of winning whole families with the gospel. Carols which tell the way of salvation can be sung in so many places as a testimony. The hearts of young and old can be impressed so deeply if we honor Christ this Christmas. You may remember in the scripture how certain Jews at passover time asked concerning the Lord Jesus, "What think ye, that he will not come to the feast?" We well might ask ourselves the same question. Will Jesus be present at our Christmas festivities this year? He will, if we invite Him and if we put Him first in all our plans.

Peggie Pond Plans December Wedding

Mrs. Viola O'Connor has announced the engagement and approaching marriage of her

J.G. McFarlands
Visit Relatives

Mr. and Mrs. J. G. McFarland and boys were in Rochester Sunday visiting with relatives. They were accompanied by Dr. and Mrs. Lee Cranfill, Jay and Beth. They were in the home of Mrs. McFarland's nieces, Peggy and Betty Campbell, who have recently returned from Africa. They also visited with Mr. and Mrs. Tracy Campbell.

Mrs. Hays
Surprised With
Birthday Coffee

Mrs. John Hays was honored with a birthday coffee Friday morning, December 2, in her home. Hostesses for the occasion were Mrs. Eugene Boggs, Mrs. Rene Snead and Mrs. John Blackburn.

Fruitcake and coffee were served to the following guests: Mesdames D.L. Carmichael, J. B. Taylor, Bill Wooley, Steve Struve, James Procter, Harold Lillard, E.H. Cummings, Fern Barnett, Paul Smith, Marvin Mimms, Elvin Wilson, David Carson, J. V. Houser, Ralph Price, Loyd Shackelford, Lucy Welch, Jim Cocannouer and Otey Hinds.

daughter, Peggie Pond, to Ronnie Boyd, son of Mr. and Mrs. Robert Boyd of Hereford, Texas.

The couple will be married in a double ring ceremony Monday, December 26, at Hereford. Miss Pond, a former resident of Friona, is now employed by Perry Shade Manufacturing Co. at Lubbock.

Carrie Messenger
Is Party Honoree

Carrie Messenger was honored on her third birthday with a party in the home of her grandparents, Mr. and Mrs. W.J. LaFavers.

Others present for the occasion were Mr. and Mrs. Loyd Messenger and Cindy; Mr. and Mrs. Floyd Messenger, Deann and Melodie of Hereford; Mr. and Mrs. W.E. LaFavers and Mike of Amarillo; Mrs. Eva Emerson; Maxine LaFavers of Friona and Johnny Sparks of Clovis.

Ky Brent New Son
Of Sterling Grahams

Ky Brent is the name of the new son born to Mr. and Mrs. Sterling Graham Tuesday, Nov. 29, at 12:30 p.m.

He was born at the Parmer County Community Hospital and weighed 6 lbs and 8 ozs.

The Grahams have a daughter, Gail, who is five years old. Grandparents of the baby are Mr. and Mrs. Jim Baxter, Friona, and Mr. and Mrs. E.J. Graham, Rush Springs, Okla.

Mrs. Charles Kirk Is Bridal Shower Honoree

Mrs. Charles Kirk, the former LaVohn Dean, was honor guest at a miscellaneous shower in the home of Mrs. Steve Struve Saturday morning, Dec. 3 from 9:30 until 11:30.

Assisting with the hostess duties were Mesdames Ralph Price, D. L. Carmichael, F. W. Barnett and Bill Carthel.

Christmas corsages were presented to the honoree and Mrs. Alan Burkett and Mrs. Lester Dean.

Highlighting the lace covered serving table was an arrangement of Christmas bells, leaves and pyracantha berries, which complemented the blue and white color scheme.

Fruit and nut breads and coffee were served to the guests.

Attending and sending gifts were Mesdames Charles Allen,

Nelson Welch, Bruce Parr, Weldon Tatum, Ellis Tatum, J. B. Taylor, Travis Stone, Ansel Renner, R. E. Barnett, F. N. Welch, Ella Faye Holcomb, James Pope, Leo Balls, John Blackburn, Eugene Boggs, John Hand, Paul Smith, Otey Hinds, Rene Snead, D. E. Renner and John Hays.

Also Mesdames Tom Lewellen, Coy Patton, Don Timms, Merler Shirley, Carrie Shirley, Royce G. Welch, James Procter, Rudolph Renner Sr., Raymond Fleming, Giles Cobb, Doyce Barnett, Lloyd Prewett, Elvin Wilson, Jack Shirley and Roy Miller Sr.

Also Mesdames L. R. Hand, Sam Bailey, Clyde Hays, J. P. Presley, John Bengler, Lois Whitaker, Newman Jarrell Sr., Ennis Cummings, Howard Elmore, Louis Welch, Bob Wyly, Harris Evans, Alta Wyly and Sherry Dean, Tommy Lewellen, Johnnie Hand, and Gwen Green.

Mrs. Chitwood
Party Hostess

Mrs. Bert Chitwood was hostess for the Christmas party of the Kinsley Past Matrons Club at their regular meeting Thursday, Dec. 1.

Mrs. Claude Miller, president, was in charge of a short business session. For the devotional Mrs. Miller read a Christmas story about Jesus' seventh birthday, which was published in the Amarillo Globe in 1952.

Gifts were displayed under a pretty white Christmas tree and were exchanged by members during the social hour.

The hostess served refreshments to Mesdames Pearl Kinsley, Mack Baimum, J. T. Guinn, Ed Boggs, R. W. Ginsburg and Claude Miller.

Young Wife: I want to complain about the postal service. Postman: What seems the trouble?

Young Wife: My husband is in Boston and his card he sent me is postmarked Miami Beach.

Former Residents Observe 60th Wedding Anniversary

Mr. and Mrs. J.L. Gore, formerly of Friona, observed their 60th wedding anniversary Sunday, Nov. 27 at Mineola, Texas. Hostesses for the occasion were the couple's daughters-in-law, Mesdames J.F., John L., Lewis M. and R.N. Gore. Open house was held from 2 to 5 p.m. at the Rest Home where Mr. and Mrs. Gore reside.

The guests were received in the living room of the home, where cakes and coffee were served. The refreshment table was decorated with a centerpiece of white chrysanthemums and a traditional wedding cake. The cake was later shared with all of the patients of the home.

Miss Betty Jean Gore presided at the guest book in which the 50th and 55th anniversaries also had been recorded. Eighty guests, three of whom were present at the wedding, Nov. 27, 1900, registered during the afternoon. All of the Gore

children were present and three of seven grandchildren, Mr. and Mrs. Gore also have seven great grandchildren.

Children and grandchildren present were Mr. and Mrs. J.F. Gore and Richard, Oklahoma City; Mr. and Mrs. John L. Gore and Charlie of Dallas; Mr. and Mrs. Lewis M. Gore and Betty Jean, Golden, Texas; and Mr. and Mrs. R.N. Gore, Friona.

LLL Class
Hosts Supper

The LLL Class of the First Baptist Church will have their annual Christmas supper at the Church at 7 p.m. Friday, Dec. 9.

All members and associate members are urged to attend.

Class Members
Honor Husbands

Members of the Ruth Class of the First Baptist Church honored their husbands Monday evening with an annual Christmas dinner.

The tables were decorated with red candles in gold candlesticks. The Christmas decorations throughout the room also carried out the red and gold color scheme. The menu consisted of baked ham, salads, hot rolls, pie and coffee. Christmas music was furnished by Nelda Douglas and Janet Smith using two pianos.

Mrs. Lee Witten sang "O Holy Night" accompanied by Janet Smith.

Bill Sheehan, guest speaker, presented "Our Trend Toward a Commercial Christmas." He brought out many suggestions on how we can put Christ back into Christmas.

Others attending were Mrs. Bill Sheehan, Rev. and Mrs. Bill Burton, Mr. and Mrs. Charles Baldwin, Mr. and Mrs. Noyle Wood, Mr. and Mrs. Luther Shelton, Mr. and Mrs. Joe Talley, Mr. and Mrs. A.L. Black, Mr. and Mrs. Ralph Smith, Mr. and Mrs. Lloyd Mingus, Mr. and Mrs. Clyde Sherrieb, Mrs. Raymond Euler, Mrs. Bill Turner, Mrs. T.A. Williams and Lee Witten.

Training Union
Class Entertained

The Training Union No. 11 Class of the First Baptist Church was entertained with a bowling party at the Friona Lanes Tuesday afternoon at 4 o'clock. Sponsoring the group were Mr. and Mrs. Jack Shirley, Mrs. O. J. Beene and Mrs. Wesley Hardesty.

Attending were Lydia Buske, Glenda Mingus, Shirley White, Pat and Sherri Tannahill, Joe Murphree, Judy England, John Baker, Bill Baxter, Kathy Jones, Tommie Sherley, Jay Beene, Dickie Renner, Becky Turner and Jessie and Judy Shirley.

Riethmayer And Duggins
Host Progressive Club

Mrs. Robert Riethmayer and Mrs. Baker Duggins were hostesses to the Progressive Study Club recently at the club house.

The theme of the program was "A Date to Decorate." Mrs. Lloyd Rector presented a display of outside Christmas decorations, one of which was an indestructible snow man that can be used year after year.

Mrs. Newman Jarrell Jr. gave ideas for decorating the house throughout. For her decorations she used greenery, candles, dishes, lights and popcorn.

Mary Dorcas
Class Has
Regular Meeting

Members of the Mary Dorcas Sunday School class of the First Baptist Church met in the home of Mrs. Sally McFarland Saturday, December 3.

The devotional was given by Mrs. McFarland. She read the ninth chapter of 11 Corinthians. Mrs. Ida May White said the prayer.

Following the Bible study the group had a Christmas gift exchange.

The hostess served cake, ice-cream and lemonade to Mesdames Florence Day, Sarah Vernon, Bula Massey, Rosa Anderson, Alpha Baker, Lucy Jones, Julia Lloyd, Ida May White and one visitor, Mrs. Leona Wolfe.

Mrs. Charles Rector, Romalee, Chuckie and Sami were visitors of Mr. and Mrs. Bill Schwab and boys Sunday.

Vicki Jo Cox
Party Honoree

Mrs. Waymon Wilkins honored Vicki Jo Cox with a birthday party at her home Thursday, Nov. 22 at 3 p.m. Mrs. Ethel Adams, Vicki's grandmother, assisted Mrs. Wilkins.

Vicki Jo was celebrating her seventh birthday. After playing games the guests were served ice-cream, cake and punch. Favors presented to the girls were jacks and the boys, sky-rockets.

Present were Linda Huffstetler, Nina Latham, Randall Fields, Carolyn Martin, Diane Day, Connie Floyd, Diana Esquival, Paul Argon, James Sims, Dixie Wilkins, Judy Cox and Charles Wilkins.

EYE OPENERS

A small girl came home from church and announced: "The flowers were pretty, there was a good crowd, and the music was nice . . . but the commercial was too long."

An editor was interviewing an applicant. "How would you write a headline for this situation: A young couple got a preacher out of bed at 3 a. m. to marry them. How would you title that?" "That's easy," said the applicant. "I'd head it: 'Parson Ties knot in his shirttail.'"

When the grocer's little daughter came home from a visit with her aunt, she found that trip-lets had been added to the household.

"How silly of you, mummy," she said. "You should have done the ordering . . . you know how daddy stutters."

"Did you know I was a life saver last summer?" "Really! What flavor?"

NEW MERCHANDISE ARRIVING DAILY

Modern Study Club Entertains Husbands

Members of the Modern Study Club entertained their husbands Tuesday evening, Dec. 6 at the club house.

Beautiful Christmas decorations were used throughout the room.

The program topic was "Fifteen Years With Farmer County Community Hospital."

Mrs. J. T. Gee conducted a program panel presented as "This is Your Life, Farmer County Community Hospital." Others on the panel were Mrs. J. C. Claborn, giving a report of the progress of the hospital of the years 1955-60. Frank A. Spring gave the history and progress period of the years 1945-50, and Dr. Paul Spring reported on the years 1950-55.

A letter was read from Miss Lora Mae McFarland, the first business manager of the local hospital, relating the organization and first year of the hospital's operation. The first location was a two room building, south of Plains Hardware.

During the business session a Christmas gift box was prepared to send to the Wichita Falls State Hospital.

Hostesses Mrs. Sloan Osborn, Mrs. Claude Miller and Mrs. Henry Lewis served refreshments to 18 members and their husbands and guests Rev. and Mrs. Bill Burton.

Weekend guests in the homes of Mrs. A. O. Drake, Mr. and Mrs. Arthur Drake and daughters and Mr. and Mrs. Earl Drake and sons were Mrs. Francis Howard, Edith Johnson and Kand Hill all of Abernathy. Mrs. Howard is the daughter of Mrs. A. O. Drake.

Guest in the home of Mr. and Mrs. Bill Schwab and family last weekend were Fabian and Jerry Renner, sons of Mr. and Mrs. John Renner of Canyon. Fabian has been employed in Denver, Colo., the past two years.

Dorcas Class Meets With Mrs. Elroy Wilson

The ladies of the Dorcas Class of the Calvary Baptist Church met in the home of Mrs. Elroy Wilson Thursday, Dec. 1, at 2:30 p.m.

Mrs. Homer Hyde read the first chapter of Luke. This was followed by a discussion period conducted by Mrs. Elmer Euler. The topics discussed were "Great Gifts of God's Love to His People" and "Our Gifts as Christian People to Other Nations." Mrs. Euler gave the closing prayer.

During the social hour, secret pals exchanged Christmas gifts. The hostess served pumpkin pie a la mode and coffee to Mesdames Homer Hyde, A. S. Curry, Cason Jones, Mae Magness, Elmer Euler, Virgil Ferguson and C. A. Quinn. Unable to attend were Mrs. J. M. Bradley and Mrs. John Allen.

The time to get primed for the future is when your prime.

OFTEN HEARD BUT SELDOM SEEN--Many Frionans, who regularly listen for H. C. Winburn's weather forecasts, heard him speak at the Masonic Hall last Monday following a barbecue Supper served by members of the Eastern Star.

The greatest recorded rainfall per year for any area of the world was the 1,041.74 inch record of Cherrapunji, India, from Aug. 1, 1860 to July 31, 1861. The highest recorded rainfall in continental United States was the 167.97 inches at Glenora, Oregon, during the calendar year of 1896.

Mr. and Mrs. Buddy Squyres and boys visited with Mr. and Mrs. H. J. Edwards of Tulsa and Mr. and Mrs. R. E. Catoe and family in Dimmitt last weekend.

Former Friona Couple Had Reunion

The home of Mr. and Mrs. W. J. Thompson Sr., of Bellvue, Texas, formerly of Friona, was the scene of a family reunion at Thanksgiving.

Guests included their entire family of eight children. This was the first such occasion in twenty-three years.

Housewarming Fetes Jennings

Mr. and Mrs. E. T. Jennings were honored with a surprise housewarming at their home Sunday afternoon.

Hostesses were Mesdames Alton Farr, Raymond Cook, Tom Jarboe, J. T. Gee, John Bengier and Aubrey Rhodes.

Guests included faculty members and their wives and husbands and all of the school personnel. The gift presented to the couple was a wall clock.

Sunshine Class Met For Luncheon

The Sunshine Class of the Methodist Church met at the fellowship hall Thursday, Dec. 1, at 12:30 for their quarterly luncheon.

Mrs. Lem Miller opened the program with prayer. Mrs. David Moseley, class president, had charge of the business session and the Bible quiz. Mrs. A. A. Crow gave the closing prayer.

Secret pals revealed names and a gift exchange followed. Others present were Mesdames Lucy Vestal, Charles Russell, Charles Doak, Joe Collier, A. W. Anthony Sr., Esther Haws, R. W. Ginsburg, Foister Rector, Kate Brookfield, Pearl Hand, Will Osborne and J. W. Roberts.

Mrs. Roy Slagle is recovering satisfactorily following surgery for a broken hip. She is in room 424 at St. Anthony's Hospital in Amarillo.

Cotton Allotments Up 11 Percent

Referendum Tuesday

Farm Bureau Representative Named

Parmer County cotton farmers will be growing nearly 12 per cent more acres of cotton in 1961 than they did in 1960, according to the individual allotments which were mailed this week by the county ASC office.

Marketing of cotton products. Mills points out that the secretary of agriculture is directed by law to proclaim marketing quotas when the supply of cotton is above normal. This year the total supply of upland cotton is estimated to be 22 million bales, which is more than three million bales above the "normal" supply.

A former Tulia High School vocational agriculture instructor is now serving 28 counties in the Panhandle as field representative for the Texas Farm Bureau. He is Joe Holmes, 30, who has been associated with the Farm Bureau for three months.

A native of Dundee, Holmes is a graduate of Valley View School in Iowa Park and Texas Technological College. Following graduation from college in 1953, he entered the army, and after a two-year service stint taught vocational agriculture in the Quitaque school system for a while before his employment in a similar position at Tulia. He is married to the former Carolyn Chloe Griffin. They live in Tulia.

BUNNY PARADISE--These workers are harvesting carrots on the Hardy May farm two miles east of Friona. Notice the carrots stacked in piles behind the woman in foreground. The rows of sacks also have been filled with the vegetables.

Beet Meeting Thursday Night

All area farmers and other interested persons are reminded of the first of two sugar beet meetings Thursday night, December 8, in the Farwell City Hall, beginning at 7:45.

Representatives of the Texas Sugar Beet Association from Hereford will be present to bring farmers up to date on what legislation is pending in congress and what steps can be taken to pave the way to beet production in this area.

A second meeting in the county is slated for Monday night at the Bovina School Cafeteria at 7:45. The same representatives will be on hand at this meeting.

Recharge Increasing Practice

Conserving water for future irrigation by draining the playa lakes into the underground Ogallala sand through recharge wells is an increasing practice on the High Plains.

The surface water drained by gravity into the sand is thereby stored for future use rather than being lost by evaporation if permitted to remain in the lake.

One of the problems encountered in recharging is the silt in the lake water. Several filtration systems are being tested at the High Plains Research Foundation to determine the most efficient and economical method of silt removal.

One system will use 13 sections of porous concrete pipe capable of taking up to 5,000 gallons of water per minute.

Freezing Poultry For Home Use

The popular Texas Agricultural Extension Service bulletin "Freezing Poultry for Home Use" has recently been reprinted for the third time. In addition to listing the equipment needed for preparing poultry for freezing, the bulletin explains and illustrates the different steps in cutting and packaging poultry for efficient and easy use.

As explained in the bulletin by F. Z. Beanhlossom, poultry marketing specialist and Roy Snyder, meats specialist, poultry used for freezing should be of high quality and prepared ready to cook. Because of this need for preparation, it is advisable to think about the everyday needs of the family and special occasions before preparation of the chicken or turkey starts.

The recommendations given in the bulletin have proven to be reliable in insuring a quality product, but they are not necessarily the only procedures. This bulletin, B-177, may be obtained from local county extension agents.

This word from the Texas Farm and Ranch Safety Council -- "Have you noted how rural accidents increase with the fall harvesting and hunting season? It's better to lose a little time than a life trying to make up for time that has been lost. It's much cheaper to stay at home than to become a victim of your own or someone else's carelessness in the field or woods. Be careful and live a normal life."

Ironed-in folds on cotton tablecloths are potential wear points. Fold cloth lightly after ironing. Tuck rolls of tissue paper in fold if cloth is to be stored any length of time.

acres yielded 1,031 pounds per acre and 50 acres, which was late, produced 750 pounds. Billy was here to help harvest part of his crop, but was drafted into the Army before all of the crop was out. He is currently receiving his basic training at Fort Ord, Calif.

The Johnson yields were the highest reported in Parmer County, but Deon Awrey, who farms near Bovina, reportedly harvested about 800 pounds per acre in an area which was heavily hit by hail. Billy Marshall, in the Hub area, is the county's largest producer but he too received a lot of hail damage. The exact yields on Marshall's acreage is unknown.

Sesame is a crop that fares well under the same conditions that cotton would, and as everyone knows, this was a poor year for cotton too. "Everything considered, the year was a little too wet and cool for ideal cotton and sesame production," says Bob Parker, executive vice-president of the Texas Sesame Growers.

ONE OF THE AREA'S TOP YIELDS of sesame was grown by Levi Johnson, shown above looking over a shock of grain on one of his neighbors farms. Johnson had one 40-acre field that yielded 1,213 pounds per acre.

Levi Johnson Has Top Sesame Yield

For the most part, 1960 was a poor year for sesame in the High Plains area, but Levi Johnson, who farms near the Oklahoma Lane community, came up with some exceptionally high yields. In spite of adverse weather conditions throughout much of the growing season, Johnson had one 40-acre patch which yielded 1,213 pounds per acre and another 40-acre plot from which he harvested 1,015 pounds.

These yields would have been considered good in a normal year, but they were exceptionally high this year when you consider that the average yield was around 700 pounds. Johnson planted his sesame during the first few days of May and he got a good stand without having to replant like many of the sesame growers did. It was because of this early planting date and good start that Johnson attributes his good crop.

CHECKING OUT a field of castor beans on the Lewis Embrey farm near West Camp are Pat Patrick, right, of Golden West Seed Co. and James Phipps of Muleshoe. Yields on the beans,

which have been contracted by Golden West, are lower than what had been hoped for because of a cold, wet growing season.

Castor Bean Yields Are "Fair"

Castor bean harvest in the Texico-Farwell and Farmer County area is well underway, with the first yields from the 2,000 acres being grown here reported as only "fair."

"Yields are a little lower than we had hoped for," says Pat Patrick, manager of Golden West Seed Co. in Texico, the firm which has contracted the handling of some 2,000 acres of castor beans in the area.

Patrick said Monday that only one of the 41 farmers who are growing the oil bean for Golden West had completed harvesting his crop. He was Pershing Busbice, of the West Camp area, and on 160 acres the average yield was 1200 pounds.

"We had hoped that most of the yields would be 1500 pounds or better," Patrick says. He attributed the low yields to the unusual wet, cold weather during the growing season which accounted for too much water on the crop and not enough time

for the crop to mature properly. Also, the weather caused some blight.

Ironically, some of the castor bean fields which were faring the best were ones that weren't irrigated as much as some of the others. This was one of those exceptional years when heavy rains came late in the summer, following a period when most farmers had thoroughly irrigated their crops.

This is the first time that this region has had a castor bean harvest of any significance in several years, and to date, about 450,000 pounds have been harvested, according to Patrick.

Combines, with a special two-row feeder attachments are harvesting at full force this week, and if the weather remains good, all of the beans should be gathered within the next two or three weeks, Patrick says.

Golden West this year entered

And, 2,000 pounds yields are a definite possibility in view of the into a contract with Baker Castor Company, handling the beans here and shipping them to one of Baker's production plants on the West Coast.

One of the problems encountered has been the unavailability of trucks for shipping, Patrick says. Freight rates are too high and the beans are having to be shipped by truck. There are not always trucks available and this has slowed down the harvest somewhat, Patrick explains.

However, the harvest is otherwise progressing smoothly and Patrick is optimistic about the crop as a good fill-in crop for the future. The market is fairly stable and it is a crop that will bear watching, he says.

This year the farmers are receiving \$5.25 per hundred pounds. At this price, a crop that would yield 2,000 pounds per acre would gross the farmer more than \$100 per acre.

fact that work is being done on development of some new hybrid varieties. This part of the Plains has already had yields above 2,000 pounds and there have been some as high as 3,000 pounds, Patrick says.

About 85 percent of the castor bean requirements for the United States are being imported from South America and domestic production is being encouraged to meet a growing need.

Right now, the largest castor bean producing area in the U. S. is Plainview, where they have been growing on the average of 18,000 acres each year. Other areas which also produce the bean are Lovington, N. M., and Kansas.

Castor beans are used chiefly for varnishes and paints, but the crop has a wide variety of other applications. Among them are perfumes, cleaning solutions, furniture and auto polishes and a specialized lubricant for jet aircraft.

of the strongest farmers can use in their opposition to CIO-AFL and other organized effort toward unionizing farm labor. Farm Bureau is a strong advocate of states right to work laws.

We are glad to read that some interested Texans have opposed the approval of some textbooks proposed for placement in our public schools because of socialistic and communistic leanings. It is our opinion, and we hope we are right, that there is no tendency to use such books in schools of this area.

Parents should be alert and know what is written in the books their children study, however. Particular notice should

The HAPPY HOMEMAKER

BY JUNE FLOYD

According to the best authorities on the subject fruit cakes need time to age in order to become mellow, have a spicy flavor and good texture. If you are planning to make a fruit cake, you should do so immediately in order that it will be properly aged by Christmas.

If you don't have a traditional recipe, you might like to try either or both of the following:

PECAN CAKE

- 1 3/4 cups butter or margarine
- 2 cups sugar
- 2 cups shelled pecans
- 1 teaspoon baking powder
- 2 cups white raisins
- 4 cups flour
- 6 eggs
- 4 tablespoons lemon extract
- 1/4 lb. or 4 oz. candied cherries
- 1/4 lb. or 4 oz. candied pineapple

Cream butter or margarine with sugar until smooth and fluffy. Sift dry ingredients together and mix with fruit and nuts. Add well beaten eggs to creamed mixture. Add flour mixture. Mix well until fruits and nuts are coated with cake batter.

Line bottom of pans with greased waxed paper. Grease sides of pans. Bake in 10 inch tube cake pan in slow oven from 3 1/2 to 4 hours. The cake may be baked in one pound bread pans at 300 degrees for about two hours.

DATE NUT CAKE

- 2 lbs. dates
- 2 teaspoons baking powder
- 1 teaspoon vanilla
- 1 lb. candied cherries
- 4 eggs
- 1 cup flour
- 1 cup sugar
- 4 cups pecan halves
- 1 teaspoon salt

A group of 33 young Texans with their four chaperons will leave Dallas November 25 for Chicago and America's best known 4-H meeting, National 4-H Club Congress. Each is a state winner in some phase of 4-H Club work.

The day when the poultry and egg producer invested more labor than money in his operation is history. Today, one man can produce over 50,000 dozens of eggs or 400,000 pounds of broilers annually. Ben Wormell, extension poultry husbandman, says these changes have removed poultry production from a side line, back yard operation and made it a highly competitive business. The successful poultryman must also be just as successful as a businessman.

be given to geography, history and social theory.

We still have the reflector strips for use on car bumpers and backs of machinery and trailers. They are free, and there will be no more when the present stock is gone.

Consider this: "My son, give me thine heart, and let thine eyes observe my ways." Proverbs 23:26.

Chop dates, mix in cherries and pecan halves. Sift dry ingredients together twice. Then as sifted third time sift over fruit and nut mixture. Let stand 30 minutes. Pour in waxlined pan and cover with 3 thicknesses of wax paper and bake at 250 degrees for 2 hours. During last 15 minutes of baking period remove wax paper.

A person never outgrows the need for self improvement and none of us can spend our time more wisely than in this way. Homemakers have an advantage over most everyone else in this particular respect.

When the man of the house is at work, the children are at school or at play, the average homemaker can spend a lot of time improving her voice, her spelling and her vocabulary as she does other tasks.

Use of a tape recorder is one of the best ways for anyone to improve his or her voice. None of us really knows how our voices sound until we hear a re-play of a tape.

Here are other suggestions on the subject from a voice expert:

Read aloud regularly to improve your voice with elocution. Breathe short, deep and easy from your stomach, not your chest, when speaking.

Find your own comfortable pitch, whether high or low. Don't speak from your throat, but from right behind your teeth for clear, pleasing tones. Don't punish your voice by straining it.

Forestall facial lines and tight tones by talking with a relaxed mouth.

Put warmth into your conversations. Make your voice sound sincere.

Practice speaking with the whole family.

Watch your voice as you do your figure. Voices can develop middle-age spread as well as the body.

SPECIAL ATTACHMENT is required on the combine for harvesting castor beans, but this two row header does the job, stripping the beans from the stalk and leaving it completely bare. Harvest of the castor beans is well under way in the Texico-Farwell and Farmer County area and should be completed within two or three weeks.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

You people who like the large calendars with the almanac information on them can have all you want of them by calling at the office anytime, as long as they last, that is. We also have a few desk type calendars with thermometers on them. We hope you will ask for them.

Remember that if you haven't filed for gas tax exemption lately, you may be able to get enough to buy your wife a better gift for Christmas than you had planned to.

We plan to spend the first part of next week in Denver at the annual American Farm Bureau Convention. We hope there will be several more from Farmer County there. We know surrounding counties are planning on having representation there. This would be a good opportunity to see the world's largest (by far) voluntary farm organization in action. And its growing voluntarily, too. What we mean by voluntary is that all dues paid to the organization are paid by check or cash, and not by any kind of check-off system.

There are nineteen states that have "right to work" laws. Texas is one of them. Efforts are being made in some states to get the laws repealed. At this time, there is no concerted effort being made to repeal the law in Texas. This law is one

Meetings to discuss Sugar Beets are being held at Farwell in the City Hall Thursday night December 8 and Bovina in the school cafeteria Monday night December 12. Both meetings begin at 7:45 PM. Refreshments will be served following these meetings. Those interested in Sugar Beets are urged to attend.

Seeding trees for windbreak purposes on farm, ranch, and public lands are available again in 1961. The Red Cedar, Austrian Pine and Ponderosa Pine are the three evergreens that are best adapted for windbreaks in this area and are available at \$1.50 per hundred. You can secure order blanks at the County Extension Office on the second floor of the Courthouse in Farwell.

If you are considering supplemental feeding of cattle on wheat pasture here are a few things you will want to consider. Young calves require less feed per 100 pounds of gain than do older cattle. The value of the extra pounds gained must be considered in light of the cost of putting these extra pounds on.

Part of the feed will replace pasture that will not be eaten because of the grain fed. Research conducted by the Texas A & M College, Experiment Stations, shows: Creep fed calves required an average of 963 pounds of concentrate ration for each additional 100 pound gained. This research was conducted in 47 tests with calves running with their Mothers on native grass pasture. In case of calves on wheat pasture the results will likely be similar so you must consider feed cost against value of extra weight gained. With cheap feed and high priced cattle the profit factor could be favorable, but with feed cost high and cattle rather cheap the tables can turn. Better look it over pretty close and take into consideration costs and other advantages of supplemental feeding on wheat be-

fore deciding just what program you will follow. Cattle grazing good wheat pasture should not need additional protein. Keep in mind, however, there is a difference between good wheat pasture and land sowed to wheat.

Depletion Allowance For Water?

LUBBOCK -- At a recently-held business meeting of the Board of Directors of the High Plains Underground Water Conservation District, the major item on the agenda was the review of illustrations, charts, graphs and maps being prepared for use in the underground-water depletion case which will be filed very soon in the federal court.

The Water District will attempt to show the court that underground water in the southern High Plains of Texas is a natural resource that is being mined in a manner quite similar to oil and gas, or any of the other natural deposits that come under federal laws allowing an income tax deduction for their depletion.

The District will contend that water users who can show an actual cost in underground water beneath their land and who are using the water to produce income should be entitled to deduct the cost of such water as it is exhausted.

The Board of Directors of the Water District reports that a favorable decision by the federal courts would ultimately mean millions of dollars in tax savings to water users in the southern High Plains during the lifetime of the underground-water supply.

MISS ETTIE MUSIL

HD Agent's Gossip

Since this is the first bit of gossip from the office I would like to invite you to read the column every week. You are all invited to come in to our office, on the south side of the second floor of the Courthouse to get acquainted. Do come by, I am real anxious to meet you and work with you.

If you are ever puzzled about color schemes of furnishing or refurbishing your home, serving more nutritious meals to your family, trying to make your dollar go farther with clothes, food, and furnishings, or even buying or making clothes for the family or as gifts, do come by the office or call me at 481-3619 in Farwell. I shall be happy to help you in any way I can. Sometimes we shall learn together. If neither of us know the answer we can always write the specialist concerned in College Station, headquarters for the Texas Agricultural Extension Service.

On my first day in the county my co-worker, Joe W. Jones, County Agricultural Agent, and I visited in the Hub Community Center to see the display of toys used in the Toy Marathon. I understand that the 4-H adult leaders had a successful day.

For the first time, a hay show will be a feature of the annual Texas A&M College Dairyman's Short Course scheduled for December 1 and 2. The show is being used to emphasize the importance of forage to dairy production. A. M. Meekma, extension dairy specialist, says the program is one that forward-looking dairy-men can't afford to miss.

Heavy frosts followed by low humidity and high winds could once again set the stage for wildfire trouble in Texas, warns Bill Smith, extension forester. Just a year ago similar weather conditions coupled with plenty of grass and weeds produced one of the worst fire periods in recent years. Be careful, it could happen again.

A certain percentage of the sale will go into the County 4-H Council to help support their activities.

While we were there Mrs. James Mahry, Mrs. Joe Jesko, and Mrs. Glenn Annear were taking orders for the toys. Did you know that the 4-H girls in the county baked the delicious cookies served as refreshments?

"Oh, your house smells so good!" This is always a compliment. Here is just the thing you may want to make to give your house a special holiday fragrance. Or maybe, you need several "fill in" gifts for the holidays.

Pomander balls, made from spice apples, tied with colorful satin ribbon, make attractive and inexpensive gifts. And they smell good, too, when used as holiday decorations.

Too make these balls it is simple. Children like to help with the holiday decorations, so this is something they could do. All you need is some whole cloves and a red, well-shaped apple.

Start by washing and drying an apple. Then, beginning at the top of the apple, force a row of whole cloves in a circle around the stem. Push the cloves in up to their heads. Follow the same process with row after row of cloves until the apple is thickly covered.

You can use both star-shaped, headless cloves, and full, knobby ones. After the apple is studded with cloves, let it drain on paper for a couple of hours. It's then ready to go to work.

The pomander ball can then be hung in the clothes or linen closet. If you wish, you may put it in a basket or fruit bowl with other fruit on the dining room table or in the kitchen. Try one or two and let me know how you liked it.

Miss Musil Begins Duties As Home Demonstration Agent

Miss Ettie Musil began her duties as Farmer County home demonstration agent Dec. 1.

She comes here from Seymour where she was agent of Baylor County for four years and nine months, replacing Miss Jimmie Lou Waincott who resigned August 31 to go to Edinburg to take up duties as agent for Hidalgo County.

Miss Musil is one of eight children of Mr. and Mrs. Frank J. Musil of Stamford. She received her Bachelor of Science in Home Economics from the

University of Texas in January of 1956.

Miss Musil states that she loves this type of work because of being able to work closely with the people. "I'm anxious to get to know the people in the county and to start work with the 4-H and home demonstration clubs and all homemakers in the county," she says.

She further says that she hopes anyone wishing help or advice about anything connected with home economics will not hesitate to call on her.

Watch For Bugs When Storing Cotton

Do you store your own cotton planting seed? If you do, it would be a good idea to check the seed for stored grain pests. Fred Elliott, extension cotton specialist, and C. F. Garner, extension entomologist, says these pests occasionally infest stored cottonseed. This is especially true if a large percentage of the seed are cracked or if the seed is stored in infested bins.

Cottonseed should only be stored in bins that have been thoroughly cleaned of waste material such as old grain, trash or feed sacks, the specialists say.

Sometimes it is necessary to sweep the ceiling and walls and clean the floor to remove hidden waste. It is also a good practice to cover cracks with builder's molding to prevent seed from collecting in them. Waste grain, seed and other materials beneath and near the bins should be destroyed.

After the bin and surrounding area have been thoroughly cleaned, they should be sprayed with a 2 1/2 percent solution of either Methoxychlor, TDE or premium grade Malathion. Methoxychlor and TDE are also available as wettable pow-

ders and emulsion concentrates.

Dust can also give satisfactory protection against insect pests. Toxaphene (20%), DDT (5%) or malathion (4-5%) should be mixed with the seed at the rate of 2oz. per bushel. Elliott and Garner warn that treated seed should never be crushed or used for feed. For further information on treating stored cottonseed contact the local county agent.

Make sure the cotton planting seed which you store on the farm doesn't become infested with insects which can severely damage the seed between now and planting time next spring. Extension Entomologist C. F. Garner and Fred Elliott, cotton specialist, suggest the local county agent be contacted for information on seed treatment.

This word from the Texas Farm and Ranch Safety Council -- "Have you noted how rural accidents increase with the fall harvesting and hunting season? It's better to lose a little time than a life trying to make up for time that has been lost. It's much cheaper to stay at home than to become a victim of your own or someone else's carelessness in the field or woods. Be careful and live a normal life."

CHECKING OUT a field of castor beans on the Lewis Embrey farm near West Camp are Pat Patrick, right, of Golden West Seed Co. and James Phipps of Muleshoe. Yields on the beans,

which have been contracted by Golden West, are lower than what had been hoped for because of a cold, wet growing season.

Castor Bean Yields Are "Fair"

Castor bean harvest in the Texico-Farwell and Farmer County area is well underway, with the first yields from the 2,000 acres being grown here reported as only "fair."

"Yields are a little lower than we had hoped for," says Pat Patrick, manager of Golden West Seed Co. in Texico, the firm which has contracted the handling of some 2,000 acres of castor beans in the area.

Patrick said Monday that only one of the 41 farmers who are growing the oil bean for Golden West had completed harvesting his crop. He was Pershing Busbice, of the West Camp area, and on 160 acres the average yield was 1200 pounds.

"We had hoped that most of the yields would be 1500 pounds or better," Patrick says. He attributed the low yields to the unusual wet, cold weather during the growing season which accounted for too much water on the crop and not enough time

for the crop to mature properly. Also, the weather caused some blight.

Ironically, some of the castor bean fields which were faring the best were ones that weren't irrigated as much as some of the others. This was one of those exceptional years when heavy rains came late in the summer, following a period when most farmers had thoroughly irrigated their crops.

This is the first time that this region has had a castor bean harvest of any significance in several years, and to date, about 450,000 pounds have been harvested, according to Patrick.

Combines, with a special two-row feeder attachments are harvesting at full force this week, and if the weather remains good, all of the beans should be gathered within the next two or three weeks, Patrick says.

Golden West this year entered

And, 2,000 pounds yields are a definite possibility in view of the into a contract with Baker Castor Company, handling the beans here and shipping them to one of Baker's production plants on the West Coast.

One of the problems encountered has been the unavailability of trucks for shipping, Patrick says. Freight rates are too high and the beans are having to be shipped by truck. There are not always trucks available and this has slowed down the harvest somewhat, Patrick explains.

However, the harvest is otherwise progressing smoothly and Patrick is optimistic about the crop as a good fill-in crop for the future. The market is fairly stable and it is a crop that will bear watching, he says.

This year the farmers are receiving \$5.25 per hundred pounds. At this price, a crop that would yield 2,000 pounds per acre would gross the farmer more than \$100 per acre.

fact that work is being done on development of some new hybrid varieties. This part of the Plains has already had yields above 2,000 pounds and there have been some as high as 3,000 pounds, Patrick says.

About 85 percent of the castor bean requirements for the United States are being imported from South America and domestic production is being encouraged to meet a growing need.

Right now, the largest castor bean producing area in the U.S. is Plainview, where they have been growing on the average of 18,000 acres each year. Other areas which also produce the bean are Lovington, N. M. and Kansas.

Castor beans are used chiefly for varnishes and paints, but the crop has a wide variety of other applications. Among them are perfumes, cleaning solutions, furniture and auto polishes and a specialized lubricant for jet aircraft.

The HAPPY HOMEMAKER

BY JUNE FLOYD

According to the best authorities on the subject fruit cakes need time to age in order to become mellow, have a spicy flavor and good texture. If you are planning to make a fruit cake, you should do so immediately in order that it will be properly aged by Christmas.

If you don't have a traditional recipe, you might like to try either or both of the following:

PECAN CAKE
 1 3/4 cups butter or margarine
 2 cups sugar
 2 cups shelled pecans
 1 teaspoon baking powder
 2 cups white raisins
 4 cups flour
 6 eggs
 4 tablespoons lemon extract
 1/4 lb. or 4 oz. candied cherries
 1/4 lb. or 4 oz. candied pineapple

Cream butter or margarine with sugar until smooth and fluffy. Sift dry ingredients together and mix with fruit and nuts. Add well beaten eggs to creamed mixture. Add flour mixture. Mix well until fruits and nuts are coated with cake batter.

Line bottom of pans with greased waxed paper. Grease sides of pans. Bake in 10 inch tube cake pan in slow oven from 3 1/2 to 4 hours. The cake may be baked in one pound bread pans at 300 degrees for about two hours.

DATE NUT CAKE
 2 lbs. dates
 2 teaspoons baking powder
 1 teaspoon vanilla
 1 lb. candied cherries
 4 eggs
 1 cup flour
 1 cup sugar
 4 cups pecan halves
 1 teaspoon salt

A group of 33 young Texans with their four chaperons will leave Dallas November 25 for Chicago and America's best known 4-H meeting, National 4-H Club Congress. Each is a state winner in some phase of 4-H Club work.

The day when the poultry and egg producer invested more labor than money in his operation is history. Today, one man can produce over 50,000 dozens of eggs or 400,000 pounds of broilers annually. Ben Wormell, extension poultry husbandman, says these changes have removed poultry production from a side line, back yard operation and made it a highly competitive business. The successful poultryman must also be just as successful as a businessman.

be given to geography, history and social theory.

We still have the reflector strips for use on car bumpers and backs of machinery and trailers. They are free, and there will be no more when the present stock is gone.

Consider this: "My son, give me thine heart, and let thine eyes observe my ways." Proverbs 23:26.

Chop dates, mix in cherries and pecan halves. Sift dry ingredients together twice. Then as sifted third time sift over fruit and nut mixture. Let stand 30 minutes. Pour in waxlined pan and cover with 3 thicknesses of wax paper and bake at 250 degrees for 2 hours. During last 15 minutes of baking period remove wax paper.

A person never outgrows the need for self improvement and none of us can spend our time more wisely than in this way. Homemakers have an advantage over most everyone else in this particular respect.

When the man of the house is at work, the children are at school or at play, the average homemaker can spend a lot of time improving her voice, her spelling and her vocabulary as she does other tasks.

Use of a tape recorder is one of the best ways for anyone to improve his or her voice. None of us really knows how our voices sound until we hear a re-play of a tape.

Here are other suggestions on the subject from a voice expert:

Read aloud regularly to improve your voice with elocution. Breathe short, deep and easy from your stomach, not your chest, when speaking.

Find your own comfortable pitch, whether high or low. Don't speak from your throat, but from right behind your teeth for clear, pleasing tones.

Don't punish your voice by straining it.

Forestall facial lines and tight tones by talking with a relaxed mouth.

Put warmth into your conversations. Make your voice sound sincere.

Practice speaking with the whole family.

Watch your voice as you do your figure. Voices can develop middle-age spread as well as the body.

SPECIAL ATTACHMENT is required on the combine for harvesting castor beans, but this two row header does the job, stripping the beans from the stalk and leaving it completely bare. Harvest of the castor beans is well under way in the Texico-Farwell and Farmer County area and should be completed within two or three weeks.

If you have a low voice, that's fine, but only if it's natural. Some women who think they sound enchanting when they lower their voices, actually seem to be suffering from a cold.

Time spent ironing will seem to pass much faster if you are learning a poem, studying spelling from a list of words or doing something else that detracts from the task at hand.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

You people who like the large calendars with the almanac information on them can have all you want of them by calling at the office anytime, as long as they last, that is. We also have a few desk type calendars with thermometers on them. We hope you will ask for them.

Remember that if you haven't filed for gas tax exemption lately, you may be able to get enough to buy your wife a better gift for Christmas than you had planned to.

We plan to spend the first part of next week in Denver at the annual American Farm Bureau Convention. We hope there will be several more from Farmer County there. We know surrounding counties are planning on having representation there. This would be a good opportunity to see the world's largest (by far) voluntary farm organization in action. And its growing voluntarily, too. What we mean by voluntary is that all dues paid to the organization are paid by check or cash, and not by any kind of check-off system.

There are nineteen states that have "right to work" laws. Texas is one of them. Efforts are being made in some states to get the laws repealed. At this time, there is no concerted effort being made to repeal the law in Texas. This law is one

of the strongest farmers can use in their opposition to CIO-AFL and other organized effort toward unionizing farm labor. Farm Bureau is a strong advocate of states right to work laws.

We are glad to read that some interested Texans have opposed the approval of some textbooks proposed for placement in our public schools because of socialistic and communistic leanings. It is our opinion, and we hope we are right, that there is no tendency to use such books in schools of this area.

Parents should be alert and know what is written in the books their children study, however. Particular notice should

Meetings to discuss Sugar Beets are being held at Farwell in the City Hall Thursday night December 8 and Bovina in the school cafeteria Monday night December 12. Both meetings begin at 7:45 PM. Refreshments will be served following these meetings. Those interested in Sugar Beets are urged to attend.

Seedling trees for windbreak purposes on farm, ranch, and public lands are available again in 1961. The Red Cedar, Austrian Pine and Ponderosa Pine are the three evergreens that are best adapted for windbreaks in this area and are available at \$1.50 per hundred. You can secure order blanks at the County Extension Office on the second floor of the Courthouse in Farwell.

If you are considering supplemental feeding of cattle on wheat pasture here are a few things you will want to consider. Young calves require less feed per 100 pounds of gain than do older cattle. The value of the extra pounds gained must be considered in light of the cost of putting these extra pounds on.

Part of the feed will replace pasture that will not be eaten because of the grain fed. Research conducted by the Texas A & M College, Experiment Stations, shows Creep fed calves required an average of 963 pounds of concentrate ration for each additional 100 pound gained. This research was conducted in 47 tests with calves running with their Mothers on native grass pasture. In case of calves on wheat pasture the results will likely be similar so you must consider feed cost against value of extra weight gained. With cheap feed and high priced cattle the profit factor could be favorable, but with feed cost high and cattle rather cheap the tables can turn. Better look it over pretty close and take into consideration costs and other advantages of supplemental feeding on wheat be-

fore deciding just what program you will follow. Cattle grazing good wheat pasture should not need additional protein. Keep in mind, however, there is a difference between good wheat pasture and land sowed to wheat.

Depletion Allowance For Water?

LUBBOCK -- At a recently-held business meeting of the Board of Directors of the High Plains Underground Water Conservation District, the major item on the agenda was the review of illustrations, charts, graphs and maps being prepared for use in the underground-water depletion case which will be filed very soon in the federal court.

The Water District will attempt to show the court that underground water in the southern High Plains of Texas is a natural resource that is being mined in a manner quite similar to oil and gas, or any of the other natural deposits that come under federal laws allowing an income tax deduction for their depletion.

The District will contend that water users who can show an actual cost in underground water beneath their land and who are using the water to produce income should be entitled to deduct the cost of such water as it is exhausted.

The Board of Directors of the Water District reports that a favorable decision by the federal courts would ultimately mean millions of dollars in tax savings to water users in the southern High Plains during the lifetime of the underground-water supply.

The Knights Of Columbus Oath

Notwithstanding the indisputable proofs of its falsity, certain newspapers, organizations and individuals continue to print and circulate a certain bogus "oath" and to represent that the same is taken or subscribed to by the Knights of Columbus.

This so-called "oath" is false and libelous and is part of a propaganda based on bigotry. No proof that the Knights of Columbus take this alleged "oath" is offered and none can be produced.

If you have received a copy of this bogus "oath" and have believed it, perhaps you have received anti-Catholic literature and have believed it. We shall be happy to furnish you with the true teachings of the Catholic Church and also the truth about the Knights of Columbus oath. For a free pamphlet on the Catholic Church, write to: Home Study Center, Box 5644, Amarillo, Texas.

MISS ETTIE MUSIL

HD Agent's Gossip

Since this is the first bit of gossip from the office I would like to invite you to read the column every week. You are all invited to come in to our office, on the south side of the second floor of the Courthouse to get acquainted. Do come by, I am real anxious to meet you and work with you.

If you are ever puzzled about color schemes of furnishing or refurbishing your home, serving more nutritious meals to your family, trying to make your dollar go farther with clothes, food, and furnishings, or even buying or making clothes for the family or as gifts, do come by the office or call me at 481-3619 in Farwell. I shall be happy to help you in any way I can. Sometimes we shall learn together. If neither of us know the answer we can always write the specialist concerned in College Station, headquarters for the Texas Agricultural Extension Service.

On my first day in the county my co-worker, Joe W. Jones, County Agricultural Agent, and I visited in the Hub Community Center to see the display of toys used in the Toy Marathon. I understand that the 4-H adult leaders had a successful day.

For the first time, a hay show will be a feature of the annual Texas A&M College Dairyman's Short Course scheduled for December 1 and 2. The show is being used to emphasize the importance of forage to dairy production. A. M. Meekma, extension dairy specialist, says the program is one that forward-looking dairy-men can't afford to miss.

Heavy frosts followed by low humidity and high winds could once again set the stage for wildfire trouble in Texas, warns Bill Smith, extension forester. Just a year ago similar weather conditions coupled with plenty of grass and weeds produced one of the worst fire periods in recent years. Be careful, it could happen again.

A certain percentage of the sale will go into the County 4-H Council to help support their activities.

While we were there Mrs. James Mabry, Mrs. Joe Jesko, and Mrs. Glenn Annear were taking orders for the toys. Did you know that the 4-H girls in the county baked the delicious cookies served as refreshments?

"Oh, your house smells so good!" This is always a compliment. Here is just the thing you may want to make to give your house a special holiday fragrance. Or maybe, you need several "fill in" gifts for the holidays.

Pomander balls, made from spice apples, tied with colorful satin ribbon, make attractive and inexpensive gifts. And they smell good, too, when used as holiday decorations.

To make these balls it is simple. Children like to help with the holiday decorations, so this is something they could do. All you need is some whole cloves and a red, well-shaped apple.

Start by washing and drying an apple. Then, beginning at the top of the apple, force a row of whole cloves in a circle around the stem. Push the cloves in up to their heads. Follow the same process with row after row of cloves until the apple is thickly covered. You can use both star-shaped, headless cloves, and full, knobby ones. After the apple is studded with cloves, let it drain on paper for a couple of hours. It's then ready to go to work.

The pomander ball can then be hung in the clothes or linen closet. If you wish, you may put it in a basket or fruit bowl with other fruit on the dining room table or in the kitchen. Try one or two and let me know how you liked it.

Miss Musil Begins Duties As Home Demonstration Agent

Miss Ettie Musil began her duties as Parmer County home demonstration agent Dec. 1.

She comes here from Seymour where she was agent of Baylor County for four years and nine months, replacing Miss Jimmie Lou Wainscott who resigned August 31 to go to Edinburg to take up duties as agent for Hidalgo County.

Miss Musil is one of eight children of Mr. and Mrs. Frank J. Musil of Stamford. She received her Bachelor of Science in Home Economics from the

University of Texas in January of 1956.

Miss Musil states that she loves this type of work because of being able to work closely with the people. "I'm anxious to get to know the people in the county and to start work with the 4-H and home demonstration clubs and all homemakers in the county," she says.

She further says that she hopes anyone wishing help or advice about anything connected with home economics will not hesitate to call on her.

Watch For Bugs When Storing Cotton

Do you store your own cotton planting seed? If you do, it would be a good idea to check the seed for stored grain pests. Fred Elliott, extension cotton specialist, and C. F. Garner, extension entomologist, says these pests occasionally infest stored cottonseed. This is especially true if a large percentage of the seed are cracked or if the seed is stored in infested bins.

Cottonseed should only be stored in bins that have been thoroughly cleaned of waste material such as old grain, trash or feed sacks, the specialists say.

Sometimes it is necessary to sweep the ceiling and walls and clean the floor to remove hidden waste. It is also a good practice to cover cracks with builder's molding to prevent seed from collecting in them. Waste grain, seed and other materials beneath and near the bins should be destroyed.

After the bin and surrounding area have been thoroughly cleaned, they should be sprayed with a 2 1/2 percent solution of either Methoxychlor, TDE or premium grade Malathion. Methoxychlor and TDE are also available as wettable pow-

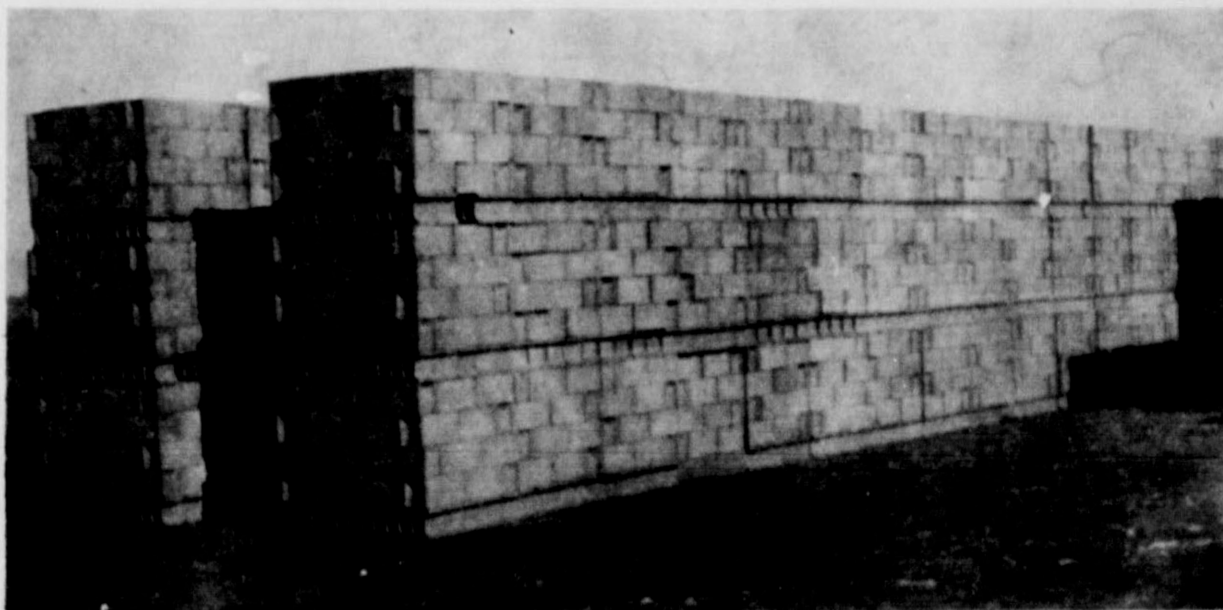

ders and emulsion concentrates. Dust can also give satisfactory protection against insect pests. Toxaphene (20%), DDT (5%) or malathion (4-5%) should be mixed with the seed at the rate of 2oz. per bushel. Elliott and Garner warn that treated seed should never be crushed or used for feed. For further information on treating stored cottonseed contact the local county agent.

Make sure the cotton planting seed which you store on the farm doesn't become infested with insects which can severely damage the seed between now and planting time next spring. Extension Entomologist C. F. Garner and Fred Elliott, cotton specialist, suggest the local county agent be contacted for information on seed treatment.

This word from the Texas Farm and Ranch Safety Council -- "Have you noted how rural accidents increase with the fall harvesting and hunting season? It's better to lose a little time than a life trying to make up for time that has been lost. It's much cheaper to stay at home than to become a victim of your own or someone else's carelessness in the field or woods. Be careful and live a normal life."
