## LISTEN TO LUKE

This week this newspaper received one of the pamphlets which was mailed to each of the legislators in our Texas House of Representatives and State Senate. It is entitled "The American Way to Jobs, Peace and Democracy."

The pamphlet was mailed in Beaumont and without a return address on the envelope.

What a nice little title for a book. How appealing it is to a poor boy! We all want the American Way. We all want jobs, peace and democracy. The 24-page pamphlet is crammed full of all the fine things we want and the only source of those wonderful blessings, according to the pamphlet, is to go along with the Communist Party and do as they recommend. First, they suggest that America must rid itself of the Eisenhower Administration and McCarthyism and elect a man who will go along with the socialist line of thought and actions like Roosevelt. They claim Truman departed from the Socialist line which was started by Roosevelt. So we must elect another Roosevelt.

Then, too, we must see to it that General Motors and all the other industrialists go broke. Their appeal is to the working class of people and the Negroes. They are attempting in this pamphlet to reach the labor unions and get their support.

The tract lists other publications of the publisher, The Daily Worker, which are all aimed at the same purpose. Some of the labor organizations are falling for this junk but most of them will do as he did — throw it in the waste paper basket.

There could be columns written about this stuff and the kind of backings it has, but our space is too valuable to litter it up with the things that are contained in this piece of Communist literature which should be banned from the mails in any democracy.

Highway 90 now has a full-time executive vice-president who is on the job from Columbus, in the east, and to Van Horn west. Peter has been employed for a period of three years to do a job of Highway 90. He is on the job and has already shown that he knows what he is doing.

This column doesn't expect miracles to happen over night. We know that he has a long, hard, tedious job and we know he is the man who can do it. But we remember that Pete can't do it alone. We have a selling job here and in every other town in the state. We have some awake officers as well as loiterers, and they are serving project without cost to any except themselves.

Increased traffic can be coming because of the efforts of men. Here and everywhere on the route we have a responsibility.

## Future Teachers Receive Charter

Charter for the Sybil M. Saville Future Teachers of America Club was presented to Carroll Weston, president of the club, in an assembly program at Sanderson High School Thursday morning, January 20.

The local P.T.A. group was organized by some high school students and Supt. Matt Bader was named president of the club. The club is named in honor of Mrs. W. H. Bader because of her contribution to education and because of the services rendered in teaching in the Sanderson High School during the past years.

The Future Teachers of America is a national organization which has affiliated clubs in all of the high schools and in many of the colleges. The purpose of the organization is to encourage people to enter the teaching profession.

## WOMEN TO MARCH FOR DIMES MONDAY

Women of Sanderson will march from door to door Monday night for contributions to the March of Dimes. The purpose of the "march" is to give those who may not have had another opportunity to contribute to the March of Dimes through regular channels.

The Ranch Home Demonstration Club is pushing the local drive for the local chapter.

Block captains will call on each house in their block Monday evening and all citizens are asked to contribute through this means if they have not made previous contributions, since January 31, Monday, is the deadline for the local drive.

W. W. Sudduth, local chairman, stated this week that the fund is lagging far behind schedule and that a supreme effort must be made during the "mothers march" to put the drive up to the quota expected from this county.

He stated Wednesday that only \$90 had been contributed thus far.

Sudduth stated that it is being pointed out daily over radio programs and through national advertising, the need for supporting the campaign this year. The immediate need for funds is to provide money for research in developing a vaccine for the prevention of polio and for treatment of cases of past years.

## Failing to Pay Poll Tax Will Not Give Jury Exemption

Failure to pay a poll tax as a means of avoiding jury service will not work, Terrell County citizens are advised this week.

The qualification for jury service is simply the ownership of taxable property or the status of a householder (head of a family), and a poll tax receipt is not a requirement. Poll tax lists, along with property tax lists, are merely used by jury commissioners as a reminder of eligible persons.

This information is released as a means of possibly booting the payment of poll taxes, which is sorely lagging at this particular time and it is presumed that a possible exemption from jury duty is the reason for the lag.

It was pointed out that the local jury commission was not bound to take the names from the poll tax list and will be so advised in the future.

## Public School Week Set For March 7-12

Word was received this week from the Texas Committee on Public Schools and from the office of Governor Allan Shivers that the week of March 7-12 had been set as Texas Public Schools Week.

The purpose of the observance is to influence parents and school patrons to become better acquainted with the public schools of their town and with the working of the free public school system in Texas.

Committees will be named soon to work out details for the local observance, and as in the past, visitation to the schools by parents and patrons will be especially stressed during that week.

Supt. Matt Bader is asking that all local citizens keep the date in mind and make it a point to visit the local system at least once during that special week, if at no other time in the school year.

The Texas Legislature, the Texas Education Agency and the State Department of Education stress each year the importance of the citizens of Texas being aware of the type of education the children of the state are receiving in the state's public schools.

## Other Winners in Local Show

Pictured at top left is Charles Stegall and his champion Suffolk buck which he showed at the 5th Annual F.F.A. Livestock Show here on January 15. Charles also had the champion Suffolk ewe. Ho Wright is shown above with his champion Rambouillet buck and Mike Turk is shown at left with his champion Suffolk lamb. The registered sheep division of the show was not as competitive as the lamb classes in fine wool and cross-bred divisions, but the boys who had fed out sheep for these divisions received praise from the spectators for their efforts. Both Stegall and Wright were uncontested in their classes, and Turk was the winner over a very small field.

## History Re-Made—Commission, Juries, Both Grand, Petit, Include Women

History was re-made this week in Sanderson when women were named for both petit and grand jury service, and by a commission which had a woman member.

Mrs. Sam K. Harrell was the female commissioner who had the distinction (?) of being the first of the species to serve in that capacity in Terrell County when the commission named the grand and petit jurors for the coming term of court.

It was also revealed that Mrs. Harrell was also the first woman to be deputized in the courthouse here, when at the age of 19 she was named deputy to the county and district clerk. She has been active in court house work for much of the time since then. Her deputization was in 1918.

District Judge Roger Thurmond of Del Rio was in town Monday for charging the jury commission, composed of W. W. Sudduth, H. A. Couch, Hugh Rose and Mrs. Harrell.

An undisclosed number of women's names were chosen for both grand and petit jury service, it was revealed.

## Jan. 31 Deadline For Alien Registration

Immigration authorities announced this week that January 31 will be last day of the period in which all aliens are required to file an Address Report Card.

Any person not a citizen of the United States who was in this county on the first day of January and who expects to remain for a period of 30 days or more is required to report his address on Form I-53 on or before January 31, 1955.

Aliens who have applied for citizenship must execute Form I-53 Address Report Card unless they have been admitted to citizenship by a judge of a State or Federal Court.

Any alien who is temporarily absent from the United States during the reporting period shall report his address within 10 days after his return thereto.

Mexican contract workers in the United States legally under contract are not required to report their current address, according to information received.

## New Organization For Promotion Of Sheep Is Formed

San Angelo—Two former presidents of the Texas Sheep and Goat Raisers' Association returned last week from Salt Lake City where they attended an organizational meeting of the new American Sheep Producers Council, Inc. Fred T. Earwood, Sonora, and Walter Pfluger, Eden, are directors in the new organization representing Region III which is composed entirely of Texas.

"A temporary organization was set up to draw up the By-Laws and articles of incorporation," Pfluger said. "After these papers are filed the organization becomes official."

He also said that another meeting would be held later at which time the Secretary of Agriculture will be requested to approve the organization and set the date for the grower referendum.

This temporary organization is carrying out provisions authorized under Section 708 of the National Wool Act of 1954 which provides for an organization to promote and advertise wool, mohair and lamb. It would be financed by deductions from incentive payments due the producers on their wool and mohair, Pfluger concluded.

## FIVE CAGE GAMES SLATED FRIDAY IN LOCAL GYM

Friday, January 28, will be basketball day in Sanderson with five games slated for the day, starting at 10:30 in the morning.

The girls' district schedule was changed to permit them entering a tournament on February 18 and the opening games of district competition for the lasses will be here on Friday, rather than in Marfa on February 4, as previously scheduled.

The first game Friday will be between Sanderson and Marfa girls. At 2:30 Marfa girls play Fabens. Beginning at 5, the Sanderson boys will play McCamey in B and A games.

At 8 the Sanderson girls play the Fabens girls. The McCamey team is one of the strong teams of the boys' division and is expected to give the local boys plenty of competition.

This is the first meeting of the girls of the district and right now it is anybody's guess as to which team is likely to come out with a probable winning combination. The opportunity to see all of the girls' teams in action against common opposition will give the local and area cage fans an opportunity to prognosticate to varying degrees on the probable outcome of the girls' class.

All cage fans are urged to view any or all of the games Friday.

## SPECIAL OFFER ON FT. WORTH STAR-TELEGRAM

Hometown agents for the Fort Worth Star-Telegram received word this week of a special offer on the paper by mail, daily and Sunday, for eight months for \$9.50; daily only, without Sunday, \$8.50. The offer is good for the next 60 days and we will be glad to send in your subscription. The Sanderson Times.

## Local Scout Troop To Be Reorganized

At the regular weekly luncheon Wednesday, the Sanderson Rotary Club voted to sponsor the Boy Scout troop again this year.

The Scout committee, headed by Edward Kerr, reported that Rev. J. J. Spurlin had agreed to serve as Scoutmaster and he will be assisted by Donald E. Anderson.

The troop will be re-organized in the near future and assume regular meetings.

A girl, their second child, was born here on Friday, January 21, to Mr. and Mrs. Bert Scrivener. The weight of Janet Ruth was seven pounds and six ounces. Mr. Scrivener is a teacher in the elementary school.

Mr. and Mrs. Luciano Quesada's sixth child born here Monday was a girl. Her birth weight was seven pounds and she was named Rebecca.

A daughter was born in Texas City on January 18 to Dr. and Mrs. Julian W. O'Bryant. Her birth weight was six pounds.

Dr. O'Bryant is the brother of W. D. O'Bryant and is well known in Sanderson.

A son was born here Tuesday, January 27, to Mr. and Mrs. Timoteo Acevedo, their sixth child. Acevedo is a railroad laborer.

## IT SAYS HERE:—

Since we all have to live with ourselves, it would be wise to be sure we are always in good company.

## Texas Car Owners Might Be Unhappy

AUSTIN — A lot of Texas car owners are apt to be mighty unhappy about three months from now.

That was the opinion expressed last week by Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, after a conference with George Busby, Chief of the Safety Department's Motor Vehicle Inspection Division.

A review of the motor vehicle inspection figures at the half-way point in the current inspection program showed the two officials that only one out of every five autos in the state have had their annual safety check as required by law.

"That means," Garrison said, "that a lot of Texas car owners are apt to be mighty unhappy in three months because they won't be allowed to operate on the streets and highways without the proper approved inspection sticker."

The Public Safety Director also pointed out that the longer motorists delay, the longer will be the waiting line at the inspection stations as the April 15th deadline approaches.

A single note of encouragement was offered by Chief Busby who said that the state's nearly 4,000 inspection stations would be able to handle the inspection of some two and a half million vehicles which have not yet been checked without prolonged waiting in line provided the owners begin taking their cars in without further delay.

Failure to secure the inspection by April 15th will subject motorists to a probable fine if they continue to operate their cars after that date.

## New Park Head Assumes Duties

George W. Miller has assumed the superintendency of the Big Bend National Park and visited in Sanderson recently to become acquainted with the people of the town and invite their help in the promotion of park affairs.

Miller entered the National Park Service as a seasonal park ranger in Yellowstone National Park, in 1925, and left there from an assistant chief ranger in 1938 to assume the chief ranger position at Glacier National Park. He was promoted to assistant superintendent of the Rocky Mountain National Park in Colorado where he remained until 1942, at which time he assumed the same position in Glacier. His promotion to the superintendency of Big Bend National Park was as of January 16, 1955.

Miller's family consists of a wife and their son, George, Jr., who is a 19-year-old sophomore at Montana State College in Bozeman, Montana, and majoring in electrical engineering.

He is a member of the Elks, a 32nd Degree Mason and a member of the Shrine.

## L. R. ARMSTRONG RESIGNS

L. R. Armstrong, vocational agriculture teacher at Sanderson High School for the past year and a half, resigned from his position last week end, according to Supt. Matt Bader. His resignation will become effective Feb. 5. Armstrong plans to attend Texas A&M College next semester to work toward his Master's degree. To date no one has been found to fill the vacancy.

### THANKS TO THE FBI

The great value of the Federal Bureau of Investigation to our nation's security never was more dramatically demonstrated than in the trial last month in Louisville, Ky., of Carl Braden, self-styled "liberal" on the editorial staff of the Louisville Courier-Journal. He was indicted on the charge of advocating sedition as an outgrowth of a serious racial disturbance in Louisville. Had it not been for the FBI he probably would have gone free and a strong force of Communists in Louisville would have continued their poisonous work of thought-shaping.

The admitted facts were these: Carl Braden bought a house in an all-white section of Louisville and immediately transferred ownership to a Negro, Andrew Wade IV. Wade's family moved in and the trouble erupted. Shots were fired into the house and finally a bomb tore away a section of the wall. Racial tension in Louisville became explosive. Braden organized a "Wade Defense Committee"; and, in the newspapers, on radio and at mass meetings Wade's occupation of the house was defended and the bombing was passionately deplored.

### Witnesses Help Braden

Commonwealth Attorney A. S. Hamilton investigated. Then he announced the theory that Communists had planned the entire Wade house-bombing and even the racial trouble. A hue and cry arose against Hamilton. Some labeled him a victim of "hysteria." He took considerable abuse when he brought Braden to trial on a

charge of advocating sedition. Braden was given a leave of absence with pay by the Courier-Journal, until the trial ended.

Even when Prosecutor Hamilton presented damaging evidence against the newspaperman, a great many people were unconvinced. Braden himself testified convincingly that he had never been a Communist. Then an impressive array of witnesses came forward to bolster his defense. They included John Briney, Courier-Journal writer; William Stucky, Courier-Journal reporter; John F. Bennett, English instructor, Indiana University; Dr. Louis C. Kesselman, influential chairman of the Political Science Department, University of Louisville; Henry Goodman and Phillip Foisie, colleagues of Braden on the Courier-Journal copy desk staff; and Schuyler C. Witten, former president of the Ford Local, UAW-CIO.

### A Telephone Call

On Friday afternoon, December 10, as the trial drew to a close, a messenger stepped into the courtroom with a note for Prosecutor Hamilton. Someone was calling him on the telephone. Hamilton went outside, to a telephone booth. His caller was Edward F. Boyle, chief of the FBI office in Louisville. Boyle spoke to Hamilton at length and then the prosecutor hurried into the courtroom and obtained permission of the judge to introduce a rebuttal witness the next day.

In view of subsequent events it may be assumed that the FBI had watched the Braden trial closely, hoping that Prosecutor Hamilton would be able to build such a strong circumstantial case against Braden that the jury would convict him. But as the trial drew to a close, FBI Agent Boyle, it may be assumed, felt there was a good chance Braden would get a "not guilty" verdict. In such case, the newspaperman might become a

"hero" to a considerable number of people and his influence as a thought-shaper and opinion-maker expand.

### The Clutch

And so FBI Agent Boyle's message to Prosecutor Hamilton was that the FBI had decided to end the splendid service of one of its vitally important counterespies by making this person available as a witness against Braden. On Saturday a 44-year-old brunet seamstress, Mrs. Alberta Ahearn, gave testimony in the Braden trial that shocked Louisville. Braden, she said, was an active Communist leader in Louisville. He had recruited her into the Red conspiracy. He collected dues for the Red cell to which they both belonged. She had been with him, and his wife, in the Red underground in Louisville since 1951 — and all the while she was an FBI counterspy! Braden was convicted, sentenced to 15 years' imprisonment.

Prosecutor Hamilton has secured indictments against wife Anne Braden and four other persons, all connected with the "Wade Defense Committee." Mrs. Ahearn identified the ring leaders as Communists. And in addition she further shocked Louisville by identifying as a Communist Mrs. Beatrice Pearson, chief statistician of the Louisville City-County Health Department. The FBI has lost a courageous undercover agent but Louisville is wiser, and a clever, influential Communist propagandist in a strategic position as a newspaperman has been silenced for a time.

### PERSONALS . . .

Mrs. L. A. Wright and Mrs. James Caroline attended the Pecos County Council meeting of home demonstration clubs in Fort Stockton Tuesday.

Mrs. W. T. Attaway visited in Lubbock for several days last week with her son, Douglas Attaway, and with other relatives while she received medical treatment.

Mr. and Mrs. Carl Cochran left Monday for Cuero to visit with their son, Bill, Cochran, and family. They will visit with relatives in San Antonio en route home.

Mr. and Mrs. Seth Davenport and daughter, Phyllis Jo, of Uvalde spent the week end here with her parents, Mr. and Mrs. J. D. Nichols.

Mr. and Mrs. Willis Gravel and children have moved to San Antonio. He was employed by the Southern Pacific Transport Co.

Mrs. Van Hunter has moved from Mrs. C. H. White's apartment to Mrs. Roy Harrell's apartment.

**Report to the People**  
by Congressman L. RUTHERFORD

IT HAS BEEN a slow 84th Congress thus far so far as Legislative action is concerned. Until only a day or so ago the Republicans had not named their committee members, and therefore, the committee could not function. And until the committees can function, no legislative work can go on other than the introduction of bills.

ALTHOUGH the actual legislative machinery has not been able to go into high gear, we have not suffered from a shortage of bills introduced. In the young 4th Congress — to date — more than 3,000 bills have been introduced. Many of them propose the same thing but in a different manner. Many of them are identical. There is no co-authorship of bills in the House of Representatives, as in the Texas legislature. In the latter body a bill might be drawn up and introduced by one legislator and signed by several of his colleagues. But such is not the practice in Washington.

Here, the chairman of the committee usually ends up as the author of the bill, changing it and placing his name on it before it passes his committee. Sometimes the bill is no longer associated with him by name after it leaves the committee. Sometimes the bill has been revised; and although the idea will belong to a Congressman, the bill is no longer associated with him by name after it leaves the committee. Perhaps his original bill will be tabled and declared dead; but his idea actually will be passed into law, although carrying the name of someone else.

SPEAKING of the number of bills introduced and the number passed, look at these figures for the 83rd — or previous — Congress. The House introduced 10,286 House Resolutions and 587 Joint Resolutions. The Senate introduced 3,983 Resolutions and 184 Joint Resolutions. Of this total of 14,950 in-

duced, a total of 781 were signed into Public Law before the Congress adjourned.

WHILE LITTLE action along a legislative line has been taken on the floor, members of Congress are keeping busy whipping their bills into shape and answering mail from their districts dealing with the problems and requests of the people back home. Mail is always heavy at the start of each session as the people back home are "Congress-conscious" due to the attendant publicity given each opening of Congress.

I HAVE SEEN what surely must be one of the largest desks in the world. It belongs to Secretary of Defense Charles E. Wilson and must be at least five feet wide and more than 10 feet long with a glass top. The desk was constructed for Gen. John J. Pershing years ago. I visited the Secretary's office a few days ago after having had lunch with Bob Anderson, Deputy Secretary of Defense and discussing military problems with him. THE TEXAS Congressional delegation has a meeting each Wednesday noon, and last week I heard an interesting talk by Congressman O. C. Fisher of San Angelo who reported on his trip to Russia last summer. Earlier the same day I had heard a speech by Congressman Hale Boggs of Louisiana who addressed the new Democratic members of Congress. So it seems as if there's no getting around the speeches by Congressmen no matter where you are. I must admit the two afore-mentioned gentlemen were more interesting than much of the oratory we hear on the floor at times.

I VISITED the Ways and Means Committee, one of the most important Committees on Capitol Hill, a few days ago to listen and learn. Harold Stassen, former Governor of Minnesota, and now head of President Eisenhower's Foreign Operations Administration, was testifying before the group.

Mr. Stassen was being quizzed rather extensively by one of the committee members, and he made this statement: "Let me say that I am not a 'no-tariff man.' I have

always believed in tariffs." That didn't sound like something I recalled Stassen's saying in the dim dark past, and I came back to my office and made a check. Sure enough, on January 7, 1945, in a speech at Minneapolis he advocated the promotion of a "world government" type of organization. In the speech he said he advocated not an immediate but an eventual free trade and the elimination of all barriers between nations. Of course, the only way all this could be done would be for the U. S. and all other nations to relinquish their sovereignty and dissolve into a world government.

I wonder if Mr. Stassen said he has always been for tariffs only as a member of the Cabinet? Certainly his speech made some 12 years ago is in contrast with his present stand.

Service station attendants and servers in cafe and courts can play the important part in getting the traveler to come back. Many helpful suggestions and routings may mean a great deal to the people who are on the road.

Terrell County has its first woman on the jury commission. Mrs. Sam Harrell was appointed and sworn in this week for that duty. There will most likely be some of the fairer sex named on the juries this year. We hope this proves to

What has been a "swell" time for a very large percentage of the people of Sanderson, has gotten around to normal again. Not school children, but papas, mammas, grandpas, grandmas and even a great-grandmother have had a "swell" time with the mumps. None of the victims could possibly laugh at their own predicament, but if such could be the case they had the satisfaction to know that neither age, nor previous susceptibility to the mumps was an assurance of escaping them during the late epidemic.

AUSTIN — Cigarettes and gasoline are to be the prime tax targets of the 54th Legislature.

In his message to the Legislature, at a joint Senate and House session, Governor Allan Shivers put his finger on those two items as the answers to Texas' financial problem.

He suggested a two cent per gallon boost in gasoline taxes and a one cent per pack increase in the cigarette tax.

The former would add \$45 million to the highway fund and \$14.5 million to the school fund. The latter would bring in an additional \$18.5 million to the general fund.

Gasoline now carries a state tax of four cents per gallon. Cigarettes are taxed four cents per pack.

Also recommended by the governor was an increase to \$50 in the tuition charge made by state colleges to Texas students. Present fee is \$25 for Texas residents. The \$150 charge assessed out-of-state students would not be changed.

Shivers also asked for better water laws, insurance laws, crime and juvenile delinquency measures, and congressional and judicial re-districting.

**Opposes Increase**

First signs of opposition to increased taxation have come from Rep. Waggoner Carr of Lubbock.

Carr, who may be voicing the opinion of other conservative legislators, says that much of the needed money could come from trimming present state expenses.

**General Fund Low**

State Comptroller Robert S. Calvert estimates the state's general fund, now slightly more than \$9 million may hit bottom temporarily in February, and put the state on a general fund deficit for a short time.

If the state goes in the red, it will be the first time in 12 years.

Calvert estimates that there will be only \$10,344,000 in the fund by the close of the fiscal year, September 1.

**Women Jurors**

A new law providing for women jurors will be presented the Legislature by Rep. DeWitt Hale of Corpus Christi.

Hale would eliminate the qualification that a juror must be a county householder or state freeholder.

He will also ask for exemptions for nurses, expectant mothers, and mothers of young children.

**Veterans' Land Board**

First official act of the 54th Legislature was to order a complete look into the Veterans' Land Program.

Investigations were resumed a day later by the Senate General Investigating Committee.

A February 15 deadline is set.

Dennis Wallace, a 20-year employee of the State Land Office, is now acting executive secretary of the board. He took over temporarily upon resignation of Lawrence C. Jackson.

Col. J. Earl Rudder, land commissioner, has announced the resignation of two other key employees: U. S. McCutcheon, first assistant executive secretary, and H. Lee Richey of Austin, appraiser for the South Texas area.

**New House Speaker**

Rep. Jim T. Lindsey of Texas-Kan is the new Speaker of the House.

He was elected unanimously the first day of the 1955 session as the lawmakers wasted no time getting down to business.

**Conservative Leaders**

Two conservatives head impor-

tant House committees in the Texas Legislature. They will have a lot to say about finding and spending \$135 million for state operations.

Rep. Max C. Smith of San Marcos was re-appointed chairman of the House appropriations committee.

Rep. Stanton Stone heads the revenue and taxation committee.

**Prison Board**

Members of the Texas Prison Board will not ask the legislature for more building funds although they admit construction is needed.

Chairman French Robertson said that prison population is at an all-time high, that facilities are needed, but that cost would be tremendous.

**Fair Trade Bill**

A "disguised" fair trade bill may be introduced in the Legislature, says a former House member.

It will be masked as a curb to "discount houses" but will basically be a measure to keep merchants from cutting manufacturers prices.

No state fair trade bill has ever been enacted in Texas. Unfair competition is barred by Texas' anti-trust law.

**'Bursitis' Called Science Disease**

Austin—"A hundred years ago nobody worried about bursitis, because nobody had it," said Dr. Henry A. Holle, state health officer. It wasn't until about 40 years ago that there was enough of it around for it to be given a name.

Today, an estimated two and a half million people suffer from the hurting joints caused by bursitis.

The reason for the big increase seems to be found in modern living. So many of the things people do — typing, working adding machines, driving, handling compressed-air tools, exercising strenuously on week ends — are the very things that can cause an attack of bursitis. Too, people live longer nowadays and bursitis most often attacks after forty when age weakens tendons.

Between the moving parts of the muscles, tendons and bones there are cushions — tiny, flat sacs filled with an oily substance. These are the bursae. As the parts move, the two inside surfaces of the sacs

glide against each other providing satin-smooth action.

The body has more than 140 of these little sacs. Most important is the subdeltoid bursae in the shoulder, which helps the major shoulder muscle operate. It is the most important because the human shoulder wasn't designated for the work it now has to do. The result is that though bursitis can occur in any of the 140 bursae and often does affect elbows, hips, ankles and joints, 80 per cent of the time it is in the shoulder.

If an attack of bursitis occurs, a physician should be consulted. He can control bursitis but he cannot control the results of neglect. Curing bursitis takes patience and time.

Guests in the home of Mr. and Mrs. W. D. Casey last week end were their son-in-law and daughter, Mr. and Mrs. J. L. Bigby, and daughter of Garden City; her mother, Mrs. A. Wolff of Uvalde; her brother-in-law and sister, Mr. and Mrs. Steve Wolff, of Del Rio.

Mrs. S. H. Underwood returned home Sunday from Houston where she had a medical examination and treatments for two weeks. She is much improved.

# HOW TO RESTORE SERVICE WHEN A FUSE BLOWS

**EASY AS CHANGING A LIGHT BULB**

If your lights go out suddenly when you plug in an appliance or flip a switch, a fuse has probably blown or a circuit breaker tripped open.

Your trouble may be an overloaded circuit (too many lamps and appliances on a single circuit) or a short circuit (usually caused by a defective appliance or cord.)

By keeping spare fuses of the correct size on hand, you can easily restore service without waiting for a service man. Just follow the instructions below.

**TO REPLACE A BLOWN FUSE**

- 1 Locate the blown fuse. The metal link showing through the window will be broken or the window itself may be scorched.
- 2 Disconnect the appliance or lamp that caused the short circuit or overload.
- 3 Stand on a dry surface and pull the main switch to OFF.
- 4 Unscrew the burned-out fuse and replace it with a NEW fuse of the correct size (usually 15 amperes).
- 5 Throw the main switch back to ON position.

**IF YOUR HOME HAS CIRCUIT BREAKERS INSTEAD OF FUSES**

- 1 Locate the tripped breaker. It will be in the OFF or TRIPPED position.
- 2 Disconnect the appliance or lamp that caused the short or overload.
- 3 Reset the breaker to ON position, following manufacturer's instructions on breaker panel.

REMEMBER, a fuse or circuit breaker is designed to protect your wiring from "short" or overload damage. Never use a penny or other object instead of a fuse. It's dangerous.

If your lights are off and you can't correct the trouble, call our office. We'll be glad to help!

## Mrs. J. W. Byrd President-Elect Of Culture Club

The Sanderson Culture Club met Thursday afternoon in the home of Mrs. J. H. Loehausen.

During the business meeting, after the report of the nominating committee headed by Mrs. L. H. Gilbreath was read, new officers were elected to resume their duties in May. The officers include Mrs. J. W. Byrd, president; Mrs. R. A. Gatlin, vice president; Mrs. H. E. Ezelle, secretary; Mrs. A. D. Brown, treasurer; Mrs. E. E. Farley, corresponding secretary; Mrs. L. H. Gilbreath, historian; Mrs. James Caroline, press reporter; Mrs. W. G. Downie, parliamentarian.

Mrs. Loehausen led the program on "In the News with the Theatre" and played the recording of "Medea" by Judith Anderson.

The guests were invited into the dining room for refreshments. The tea table was laid in an embroidered cloth and Mrs. Gatlin presided at the silver coffee and tea service. Steamed lemon pudding, fruit cake, salted pecans and a congealed salad were also served. A beautiful arrangement of white stock and pink carnations was on the buffet.

On the record player in the living room, there was an artistic arrangement of yellow mums and Birds of Paradise.

Those present included Mmes. J. W. McKee, H. E. Ezelle, J. W. Byrd, L. H. Gilbreath, E. E. Farley, W. J. Ferguson, T. R. Arrington, W. H. Savage, R. A. Gatlin, A. D. Brown, H. A. Smith, A. H. Zuberbauler, and W. G. Downie; also a guest, Mrs. Web Townsend.

## Mrs. H. E. Ezelle Leads W.S.C.S. Program At Church Monday

Mrs. H. E. Ezelle was the leader of the program when the Methodist Woman's Society of Christian Service met in Fellowship Hall Monday afternoon.

Mrs. W. W. Sudduth led the opening prayer and the group sang the hymn, "Open My Eyes That I May See."

After the leader's introduction to the program on "The Family At Prayer," Mrs. J. J. Spurlin discussed "The Family That Prays Together Stays Together." "The Church and the Home" was discussed by Mrs. Ed Robbins and "Parents — Teachers of Religion" by Mrs. Irvin Robbins.

Mrs. Ed Robbins presided during the business meeting.

During the social hour, Mrs. Chester Boyd and Mrs. M. W. Duncan as hostesses, served refreshments of cake, coffee, tea, mints, and salted nuts.

Those present were Mmes. Harry Newton, H. C. Goldwire, John Neal, C. H. White, Ida Bodkin, L. H. Gilbreath, Gene McSparran, Ed Robbins, W. W. Sudduth, J. J. Spurlin, Irvin Robbins, Clyde Higgins, W. T. Attaway, H. E. Ezelle, and Bustin Canon and Miss Eva Billings.

## 'Conservation' Talked At Garden Club Meet

The Sanderson Garden Club met in the home of Mrs. H. E. Ezelle Saturday afternoon.

A. T. Wilhite, Jr., conservationist with the local ASC office, was the guest speaker for the meeting and a round table discussion and questions followed. In his discourse on conservation methods over the nation, Wilhite also explained how conservation affects our community and the people of our community.

The hostess served a salad plate with punch and coffee at the conclusion of the meeting. An arrangement of pink gladiolus and Bells of Ireland centered the dining table.

Those present were Mmes. W. T. Bondurant, W. H. Goldwire, T. R. Arrington, W. G. Downie, R. S. Wilkinson, O. T. Sudduth and Jolly Harkins.

## Bonhomie Club Meets Wednesday

The Bonhomie Club met in the home of Mrs. E. F. Pierson Wednesday afternoon. Coffee and tea were served to the guests before the period devoted to fancywork and conversation.

The guests included Mmes. B. E. Carr, Chester Boyd, Claude Hill, H. W. Hainell, M. W. Duncan, F. H. Talbot, Alfred Bundeala, James Caroline, L. A. Wright, and a guest, Mrs. Elma Riley.

Plum pudding dessert topped with whipped cream, fruit cake, coffee and tea were served by the hostess.

## Presbyterian Women's Work for '55 Talked At Meeting Monday

The Presbyterian Women of the Church met in the home of Mrs. J. W. McKee Monday afternoon.

Mrs. Sid Harkins opened the discussion of the program on "Introduction to the 1955 Work" and a round-table discussion followed.

The singing of the hymn "Stepping in the Light" and prayer by Mrs. Harkins opened the meeting. During the social hour, refreshments were served and consisted of Waldorf salad, chicken salad sandwiches, potato chips, cookies, tea and coffee.

Three guests were present: Mesdames W. E. Lea, Jr., Mrs. Carlos Dunn and Miss Bessie Moore.

The members present were Mesdames Sylvan Walker, Mary E. Mitchell, Roy Deaton, E. E. Farley, N. M. Mitchell, E. F. Pierson, E. H. Jessup, G. K. Mitchell, W. H. Savage, R. E. Corder, H. E. Schroegler, H. C. Rock, Sue B. Mosley, J. W. Byrd, J. H. Loehausen, E. J. Hanson and C. C. Mitchell.

## Birthday Party Fetes LaVerne Spurlin

Monday was LaVerne Spurlin's twelfth birthday and her mother, Mrs. J. J. Spurlin, entertained with a party in Fellowship Hall that evening to honor the occasion.

Rev. and Mrs. Spurlin directed a period of games.

Refreshments of cake, cocoa and candy were served.

The guests were Kathleen Robbins, Cecil Hufford, Bonnie Fisher, Melinda Gilbreath, Diane Brown, Joan Wood, Susan Harkins, Terry Hodgkins, Tommy Billings, Bill Dunn, Leslie Cook, Robert Casey, Bob Fisher, Jerry and J. R. Spurlin.

Mrs. Anne Blaha of Alpine was a week end visitor in the Carl Werneking home.

## Tea and Shower Saturday Honors Mrs. Chas. E. Taylor

Mrs. Charles E. Taylor, the former Miss Jerry Carter, was named honoree for a tea and miscellaneous bridal shower Saturday afternoon in the Legion Hall.

Hostesses were Mrs. Joe N. Brown, Mrs. Charles Odum, and Misses Nancy Turner, Mayme Bell, Sandra Taff and Sandra Schwalbe. The decorations included dolls dressed as a bride and groom on the mantle and the centerpiece on the gift table, which was of stock, carnations and fern in a large crystal bowl on a reflector. The guests were registered by Jacquelyn and Gwendolyn Carter.

Frosted pineapple punch and cake were served from the bar with Miss Sarah Pat Grigaly and Mrs. Bob Self presiding for the first hour and Miss Nancy Mitchell and Miss Doris Jones for the second hour.

A large gift display was arranged on a long table against the east wall of the hall.

About thirty guests called during the tea hours from 3 to 5 o'clock.

## Bible Study Monday For Baptist W.M.U.

Mrs. A. D. Brown, study leader, gave two chapters from the current mission study book, "Under the North Star" when the Baptist W. M. S. met Monday afternoon in the church. Mrs. Lloyd Cowan led the opening prayer after the group had sung the hymn, "When I Survey the Wondrous Cross."

Those present were Mmes. L. H. Lemons, A. D. Brown, B. E. Carr, W. O. Belcher, O. D. Gray, V. E. Keyes, Lloyd Cowan, James Word and H. G. Cates.

Mrs. Dorothy Cunningham of Sheffield was a business visitor here Wednesday.

## Visiting P-TA Officer To Be Honored At Reception February 3

The hospitality committee of the Sanderson Parent-Teacher Association has announced that a reception will be given in Fellowship Hall of the Methodist Church on Thursday afternoon, February 3, from 3:30 to 5:30, honoring Mrs. Sidney Bolding, district P-T.A. president, and all life members.

A cordial invitation has been extended to all friends and patrons of the school and of the local Parent-Teacher Association, to attend the reception.

Mrs. Bolding will be the guest speaker for the regular meeting of the P-T. Thursday evening in the high school auditorium at 7:30. Her subject will be "Mental Health is a Family Affair."

Mrs. R. D. Bell of San Antonio, one of the state vice presidents, has postponed her visit to the local P-T.A. from February to March.

## Mrs. Bustin Canon Hostess Tuesday For Bridge Party

Four tables of bridge players were entertained in the home of Mrs. Bustin Canon Tuesday afternoon.

# Cadillac

**Only 35-But He Has Earned It!**

Used to be you didn't see a young man at the wheel of a Cadillac very often.

Most of the proud and happy people driving Cadillacs showed at least a little gray at the temples.

But things are changing. In fact, it isn't at all unusual any more for a man in his thirties to move up to the "car of cars."

There are two basic reasons for this.

In the first place, success is coming earlier now to a great group of young men than in years gone by.

Men are going into business and the professions with fine technical training which starts them off at levels they used to be years in attaining.

And, secondly, the news of Cadillac's remarkable economy is spreading far and wide.

Actually, once a man feels justified in making the initial investment, he is economically on sound ground when he selects a Cadillac.

First of all, he can keep it and drive it with pride for almost any period of years he may elect—for its endurance is beyond all practical measurement.

Upkeep is remarkably low—and few cars of any size or price will run farther on a gallon of gasoline.

And even when it comes to the purchase price, there is much to be said for the "car of cars." There are twelve models of other makes which actually cost more than the lowest-priced Cadillac.

Thus, it is small wonder that more and more people in a younger age bracket are making the move to Cadillac. It has become a logical and practical thing for them to do.

So, if you are ready for a Cadillac—remember that achievement—and not age—is the criterion.

### Gaines Wells Boost Local School Fund By \$27,480.01

The discovery of oil on the Terrell County School Land in Gaines County has boosted the permanent school fund in the amount of \$27,480.01 since the first well was drilled in June of last year, according to County Superintendent R. S. Wilkinson. He said that this figure only represents the actual payments to the fund, rather than the exact amount which has been netted from the wells, since the payments are always for the production for the previous month.

Wilkinson stated that the local school officials have nothing to do but all back and deposit the checks as they come in, in order to pocket the proceeds of the wells, since no work or supervision or administrative action of any kind is necessary on this particular source of money.

Wilkinson stated that the sum thus far received was from wells that had not yet been prorated, and represented a slightly larger figure than would be coming in after the wells start pumping only their allowable. He added, however, that three more wells were under way and that the drilling would now be on each 40 acres instead of each 80 acres, with the allowable cut in half for each well, thus bringing in the same amount of revenue to the local permanent fund, but from twice the number of wells.

He stated that the returns from the investment of this permanent fund money would begin coming in soon to the local maintenance fund, thus aiding the county system's financial picture slightly.

### Stubblefield To Open Border Service Station On Friday, Feb. 4

Clayton Stubblefield announced this week that he was opening the Border Service Station in the east end of town. The opening will be on Friday, February 4.

Stubblefield stated that he would specialize in lubrication and washing of motor vehicles and that satisfaction would be guaranteed.

For his opening day, the new operator will give coffee and doughnuts with each 5-gallon gasoline purchase and will give all the proceeds from oil sales and lubrication jobs on that day to the March of Dimes.

Stubblefield has been a service station operator and employee for many years and feels he is qualified to take care of the servicing of all makes and models of cars.

He stated that he would do his best to please his customers and invited all his friends to drop by and see him in his new location.

### Exploration Crew Begins Work Here

A six-man exploration crew in the employ of the Ed M. Handley Co. of Tulsa, Oklahoma, came to Sanderson last week and have set up offices in the Kerr Building next to the old McClyman Building.

Several crews from the same company were in Sanderson two years ago.

Val J. LaForge of Tulsa is the crew chief and he and his family are occupying Mrs. J. W. Haynes' home.

Ray Van Winkle and his family are from Colorado and are residing in the Shelton garage apartment.

J. K. Othman of Sheffield and his family are living in the Robertson duplex.

Other members of the crew are from Colorado and are residing in the Shelton garage apartment.

Mrs. H. C. Goldwire returned home last week after a month's visit in Seminole, Oklahoma, Dallas, San Angelo and Big Lake.

Mr. and Mrs. John Reisinger returned home Saturday from Houston where they had a medical check-up.

### Stockton Tops Locals 55-37 in Cage Game

Sanderson dropped their third place district standing to the Fort Stockton Panther cagers here on Tuesday night by a score of 55-37.

Stockton was hard-pressed for a decisive lead until the third period when they broke out into a definite margin at the end of the third period and led throughout the final frame.

Luis Cobos led the Sanderson scoring spree with 18 points.

The Fort Stockton 8 stringers also won their game by the score of 45-27. Valdez led the locals in scoring with 10 points.

The McCamey Badgers took over the lead of District 5-A from Marfa Tuesday night and the loss of Sanderson to Fort Stockton put them in fourth place.

### Junior Boys Lose 2 Games Last Week

After a win over Fort Davis last week, the junior boys basketball team lost games to Fort Stockton and Grandfalls on Wednesday and Thursday nights.

Fort Stockton defeated the locals 37-22 in Sanderson Wednesday night. Rosie Valdez and Julian Rodriguez each scored 7 points in the Stockton game.

Grandfalls downed the juniors in that town Thursday night by a score of 2-21. Valdez scored 9 points and Loflin looped 6 for the Baggies.

Three teams have been invited to attend a 4-team round-robin tournament in Sanderson on February 12 and it is hoped that the invitations will be accepted.

### C. F. Cox Receives Conservation Plaque

At a meeting of the Highland Hereford Breeders' Association in Marfa Monday, C. F. Cox was awarded the annual Highland Conservation plaque.

Cox, whose ranch is in Brewster County, is well-known here and transacts much of his business in Sanderson.

The Highland Conservation award presentation to Cox was made by Tom Burleson of Alpine, work unit conservationist with the Big Bend Soil Conservation District.

Burleson pointed out that Cox had planted 2,000 acres of land and seeded 600 acres. He also rested half his ranch and got good vegetation from approximately 5 1/2 inches of rainfall. In addition to this, Cox constructed nine miles of diversion dams.

RANCH B-B CLUB TO MEET TUESDAY MORNING

The Ranch Home Demonstration Club will meet Tuesday morning at 10:30 in the home of Mrs. M. W. Duncan.

Members are requested to bring school girl lunches.

A demonstration will be given on the putting on of collars and cuffs and of fixing plaquettes. Any member sewing on a garment that may be used for the demonstration is requested to bring it to the meeting.

### Eagles Split Wins With Fabens Here

The Sanderson Eagles swapped wins with the Fabens cagers here Friday and Saturday nights of this week. It was the third win and loss for the locals.

The first game ended with a score of 45-44 with Higinio Pena looping the basket on a goal in the final seconds of the game which see-sawed wins throughout all the four periods. Sanderson led by two points at the end of the first quarter; Fabens by one point at the half and the third period end was tied 32-32.

Luis Cobos was high-pointer with 12 points with Claudio Villegas and Pena each scoring 10 points.

In the game Saturday night, the Fabens team came back strong to top the Eagles by a score of 52-34. That team broke out into the lead in the second period and carried the offensive throughout the remainder of the game.

Luis Cobos was highpoint man in the Saturday night fray with 11 points.

In the B game Friday night the Eagles won with a 35-32 score, led by Bo Wright's 11 points.

The B game Saturday night ended 27-35 with Wright again gaining top scoring honors with 15 points.
