NUMBER 11

TEN TO LUKE

Friends here in mourning the passing of Mrs. May T. Wilson who has taught music here for 29 years.

Mrs. May T. Wilson, Local Music Teacher, Dies Early Thursday

Funeral services are pending for Mrs. May Tiebout Wilson, 75, who died about 3:00 a. m. Thursday at her home. She had been feeling slightly ill Thursday but her condition was not considered serious.

Mr. and Mrs. Wilson had been residing in Sanderson since 1927 when he came here as a pumper for the T&N. He retired two years ago and the couple continued to make their home here where she was a piano teacher.

Her husband, M. B. Wilson, and two sisters survive.

Mrs. Wilson was a graduate of the Kidd-Key Conservatory of Music in New York City, was former head of the music department at the University of New Mexico, and a member of the State and National Music Teachers Associations.

She was pianist or organist for many special services of the local churches, clubs and schools and took a deep interest in the study of theory of music and was well informed and up-to-date in her musical studies.

Eagles Whop Rankin In 20-5 Score Tuesday

The Sanderson Eagles whopped the Rankin Red Devils to a 20-5 score here Tuesday afternoon and worked their way up the district standing to a second place tie.

Fernando Vasquez went the full seven innings for the Eagles and won his second game in district competition.

Gary Harrell, first baseman, and Darrel Cox, centerfielder, each homered for the Eagles. Adolfo Flores, third sacker, got hitting honors for the day with three hits for three at-bats and accounted for six of the Eagle scores.

Bobby Beckett suffered a broken bone in his lower right leg when he slid into third base. He was replaced at backstop by Armando Ochoa. Brucks Bader replaced Julian Rodriguez at shortstop when Rodriguez pulled a muscle at second base and Si Carr replaced Cox in centerfield in the last inning.

Sanderson scored five runs in the second; three in the third; two in the fourth and fifth and eight in the sixth.

Dance Recital Slated For Saturday Night

"Fantasy in Outer Space" will be the theme of the annual recital to be presented by Mrs. Gene Hodgkins' dance pupils. The program will be in the high school auditorium Saturday evening and will begin at 8 p. m.

The proceeds of the recital will go to the Sanderson Garden Club to apply on their project of erecting a Blue Star Memorial Highway marker on U.S. 90.

Guest performers from Price's Dance Studio of Fort Stockton will be present. There will also be a play, "The Hanging at Skunk Creek," written by Gene Medaris, using class 6-A pupils as characters.

Tickets for adults are 50c and 25c for children.

IT SAYS HERE:—Some men, who will drink anything that is put in front of them are very particular about the kind of oil that goes in their car.

ATTORNEY GENERAL JOHN BEN SHEPPERD (top, center) met recently with six key prosecutors of Veterans' Land trials to coordinate a statewide trial schedule. Left to right: Francis Richter of Hondo, James Kasen of Laredo, J. R. Owen of Georgetown, Shepperd, First Asst. District Attorney John Allen of Austin, Wiley Chestam of Cuero and Raymond Thornton of Belton.

Attorney General Shepperd praised the prosecutors highly for "their hard work on these cases" and declared "this meeting should better prepare the state for the many approaching trials." The prosecutors commended the cooperation of the Attorney General's Office.

District Meeting Of G.I. Forum Planned For May 6 Here

The G. I. Forum held their April meeting on Sunday, the 15th, in the home of Miss Amelia Zepeda. Mrs. Ramon Olivares, ex-president, introduced the principal speaker, Manuel Nuno, secretary of District 10, from Fort Stockton, who installed the new officers and initiated 15 new members.

A discussion of possible plans for a district meeting and dance followed.

A second meeting was called on April 23 to decide about the district meeting and the group voted to have the district meeting here on May 6. Time for the meeting was set at 10:30 a. m. at the V.F.W. Hall.

On Sunday evening, the same date, there will be a dance in the V.F.W. Hall beginning at 8:30. Blondie Calderon and his orchestra will furnish the music for the dance.

Employers Warned Of April Deadline

Several thousand Texas employers are apparently letting a new tax deadline of April 30 creep up unheeded, the Texas Employment Commission warned today.

After that date the employers of four or more people in twenty weeks during the last half of 1955 face possible penalties if they have not filed wage returns with the TEC and paid unemployment taxes for January, February and March.

Forms are available at any local TEC office, the warning added, or can be secured by writing the Texas Employment Commission at Austin.

Those who had four or more people employed for as many as twenty weeks of last year became subject to the Texas Unemployment Compensation Program this year. Previously, only employers of eight or more had been affected.

In news releases and by direct mail, the TEC has tried to contact the 30,000 employers who are liable for payroll taxes in 1956. The beginning tax rate is three per cent — 2.7 per cent going into the state's unemployment compensation fund. The remaining .03 per cent is collected by the Federal Government for administrative purposes. A lower rate is possible later on under the state's program, using the employer's experience as a basis for reduction.

A spokesman for the Commission estimates that more than 10,000 employers have not yet reported.

Ram Sale April 27 In Brownwood

A sale of registered stud and range rams of all breeds will be in Brownwood on April 27-28, according to information received here this week.

There will be 250 rams and 75 ewes of all breeds in the sale. J. W. Carruthers & Sons, regis-

tered Rambouillet breeders of this area, will have 11 bucks and 4 ewes at the sale.

Applications For Wool Payments Due April 30

Wool sales made before April 1, 1956 are eligible for incentive payments this year, provided the application is in the mail by April 30, according to word received last week.

Payments this year, explains A. B. Wooten, extension economist, will apply to wool sales made after March 31, 1955, and before April 1, 1956, and for which application is mailed by April 30, 1956.

Wooten urges wool growers to be especially careful to provide the required sales record in submitting applications for incentive payments. For shorn wool, the sales record must show the name and address of the buyer, date of sale, name and address of the producer, the net weight of wool sold, and the net proceeds to the producer after normal deductions.

In the case of lambs and yearlings sold or slaughtered unshorn, the application must be accompanied with a bill of sale giving name and address of slaughterer; date of sale, name and address of the seller and the number, description, and net live weight of the animals sold. The applicant must have a certification from the buyer that the animals were bought for slaughter and that they had or had not been shorn at the time of sale. To be eligible for payment, the applicant must have owned the animals for at least 30 days before selling them for slaughter.

Local ASC offices can supply application forms and answer any questions about the wool program, Wooten said.

DEADLINE NEARS FOR CANDIDATE FILING; IMPORTANT ELECTION DATES LISTED

Aspirants for political offices in precincts, county, districts and state have only about 10 more days to make up their minds to request to have their names placed on the official ballot. The deadline for filing is May 7.

All precinct and county positions at stake in the election will, for the first time, become four-year jobs. In accordance with a change in the state constitution,

SCATTERED RAINS FALL ON COUNTY

Scattered showers have fallen over the county in the past days since last week-end and the ranchmen who were benefitted reported the showers as scattered and varying in intensity.

Last Friday night some rain fell on ranches in the extreme west-central part of the county and on ranches of the west-central part of Brewster County. W. R. and S. L. Stumberg reported rain up to .3 on parts of their ranches, but very thin and scattered. Some rain also fell in the east central part of the county, but no reports as to intensity other than scattered.

Clouds which came up Monday brought up to 1 inch of rain in small areas, on the F. M. Wood ranch north of Dryden, to 1 inch reported on the Sid Harkins ranch and 2 on the Frank Harrell ranch.

The rains fell over most of the central part of the county from a west to east direction and no rain was reported in the part of the county south of the tracks nor from the northern part of the county.

Moisture which fell in Sanderson was not sufficient to register and did not wet sidewalks.

Dark and dismal clouds loomed in the north part of the horizon moving eastward. Some strong wind was noted locally just preceding the little shower that fell.

Tuesday was clear and warm with some thunderheads noted in the far west in the afternoon.

Some other portions of the county which did not receive rain was the area around Reg Monroe, Herbert Brown, Willie Banner, Bustin Canon.

Clarence Jessup got 7 of an inch Friday of last week, as did Herman Couch. Albert Appel got 3 of an inch and Wiley Holland got 25 of an inch Friday and between 1 and 2 Monday.

TS&GRA Joins Water Group

San Angelo — Sheep and goat men joined with cattlemen and dry land and irrigation farmers in Austin last week when six state-wide agricultural associations representing these groups, organized the Texas Agricultural Water Committee.

R. W. Hodge, Del Rio, immediate past president of the Texas Sheep and Goat Raisers Association, was named chairman of the new organization and Ernest Williams, executive secretary of the TS&GRA, was elected temporary secretary.

The new organization had its start in San Angelo several weeks ago. Its purpose is to give Texas agricultural interests a chance to aid in the formulation of a positive state-wide water program, the new chairman said.

The committee adopted a report that "any adequate water program should provide for reduction of flood waste through a program of sound conservation, through upstream watershed protection and flood prevention, by a system of reservoirs on major streams for flood control and for storage of water for domestic, agricultural, municipal, industrial and miscellaneous uses."

The committee's next meeting will be set after the individual organization members representing the committee meet with Texas Water Resources Committee in Austin.

Harmony may yet come to the Democratic party in Texas.

But it will come only if Gov. Allan Shivers, Sen. Lyndon Johnson, and Speaker Sam Rayburn get together together - as they did when they named Lt. Gov. Ben Ramsey national committee man.

A backer of Senator Johnson as Texas' favorite son candidate for President suggests that the Senator seek only the favorite son role and not attempt also to be chairman of the delegation.

Both Shivers and Johnson have been recommended as chairman - each by a different faction - Shivers by the conservatives, and Johnson by the liberals.

Mrs. H. H. Weinert of Seguin is the "dove of peace" between the two in the present controversy. She is Texas' Democratic National Committeewoman.

She predicts that the state convention will end up with two delegations to the national convention unless Shivers, Rayburn and Johnson get together soon.

Meanwhile a full-fledged campaign is under way by Johnson boosters, for his nomination as Texas' favorite son candidate for President. Prominent Texans aligned with the movement include Speaker Rayburn, former Vice President John Nance Garner, former Governor Miriam A. Ferguson, and former Congressman Lloyd Bentsen, Jr.

Shivers, who likes Johnson in the favorite son role, but not as head of the delegation, predicts that his conservative group will win out in the May 5 precinct, May 8 county, and May 22 state conventions. Liberals say that, should they shapen, they will send a contesting delegation to Chicago in August.

Newcomers Due in Legislature New faces can be expected when the 55th Legislature convenes next January.

Some 66 races, 55 in the House and 11 in the Senate - already are underway over the state. More filings are expected before the May 7 deadline.

Some political observers predict an unusually large turnover in both houses.

Additional Referendums Asked Texas Citizens Councils want a July primary referendum on school segregation and mixed marriages.

Petitions asking the Democratic Executive Committee to place these questions on the ballot are being circulated in 30 cities. These would be in addition to the interposition referendum proposed by Governor Shivers.

"We're going for interposition, too," said Ross Carlton, head of the pro-segregation organization. "But we think more direct action is needed."

Water Group Formed Six major Texas farm groups have joined forces to form the Texas Agricultural Water Committee. Texas sheep and goat raisers association, Texas and Southwestern Cattle Raisers Assn., Texas Farm Bureau, Association of Texas Soil Conservation Districts, Texas State Grange, and Texas Farmers Union.

Farm groups generally opposed the water program presented during the last legislature and were credited with contributing to its defeat. One purpose of the new organization is to work for the passage of water legislation.

Historic Tour Planned Texas, Oklahoma, and Kansas historical societies have joined hands to sponsor a six-day tour that will relive frontier days.

Start of the tour will be at the Alamo in San Antonio. Texas stops include Austin, Waco, Hillsboro, Cleburne, Cresson, Weatherford and Fort Worth.

The May 1-6 program will include dinners and dances and Red River Bridge ceremonies, with historical groups along the way actively participating.

Short Shorts A cut of 79,331 barrels per day in crude production for May has been ordered by the Texas Railroad Commission.

Commissioners E. O. Thompson and Olin Culberson have suggested price increases in Texas crude oil.

Texas' tidelands have produced \$57,000,000 since being restored to state ownership by Congress in 1853, according to the School Land Board.

W. P. Glass, president of the Texas Legal Reserve Officials Association, says that a February gain in the life insurance sales in Texas shows a recovery of public confidence in the industry.

State Highway Engineer D. C. Greer, former president of the American Association of State Highway Officials, is the newly elected president of the Western Highway Officials Association.

Hammond Life Insurance Co. of Dallas has challenged the validity of the new law which gave the insurance commission power to determine whether officials of an insurance company are "worthy of public confidence" and qualified to hold office. Hearings are being held in Travis County District Court.

J. Earl Rudder has announced as a candidate for Land Commissioner. He was appointed to the office in January of 1955, when Pascom Giles refused to qualify. Of the Texas men entering service in March, 47 per cent were volunteers.

A Chicago investment firm has been authorized to issue \$5,000,000 in revenue bonds for building tourist hotels in the state park at Atlanta, Lake Texhoma, and Inks Lake near Burnet.

Mr. and Mrs. J. F. Tronson and children spent the week-end in San Antonio with relatives.

LOOKING AHEAD by Dr. George S. Brown

THE ABC'S OF AMERICA

A year after Plymouth Colony was founded in December 1620, many of the pilgrims had begun to loaf. They had found that they did not have to work as diligently and produce as much as their neighbors in order to eat as well as their neighbors. They were getting equal shares of food from the common storehouse regardless of their own production, regardless of how much they loafed. So they loafed more and more.

For a time the industrious settlers tried to make up the deficiency of food, but as they saw the tendency to loaf growing among the colonists, they slowed down, too. When starvation threatened to wipe out the colony, the pilgrims were called together by the leaders. The proposal was made that each family take over the ownership of a parcel of land and keep what it produced. Every family then would have to be self-sufficient and self-reliant. The lazy ones didn't like the idea but there were enough industrious people to put it into operation.

The Basic Pillars This was the beginning of the American capitalistic economic system. The whole story is dramatized in the opening film of "The American Adventure" educational series just completed by the National Education Program - for local television sponsorship, for schools, industries and the armed services. Since the National Education Program is a non-profit organization, the 13 films in "The American Adventure" series were made as a public service, for public use.

It would be interesting to know how many readers of this column can identify the three basic pillars of the American economic system.

Surveys in recent years among adults and college students would indicate that a substantial number of people couldn't identify the pillars; private ownership of property, the profit motive, and the competitive free market. Together with personal freedom, the economic system built upon these pillars has enabled America, with only seven per cent of the world's population, to produce almost as much goods as all the other nations combined.

Asserting Liberty However, the courageous settlers at Plymouth Colony didn't have personal freedom; nor did the colonies which slowly expanded from their beginning. The new world had to win its liberty and then had to establish a structure to protect individual freedom. The colonies raised a monument to freedom with the writing of the Declaration of Independence; and then won their war for independence. Yet the nation and its greatness did not emerge until the adoption of the United States Constitution.

All this exciting colorful history, so significant to every American, brought to life in the second film of the new series. The great figures of history stride through the film. The causes and effects of each historic act are shown. Then, the third film squarely meets one of the propaganda challenges of the Socialists and Communists and their dupes. The radicals declare that the term, "the American way of life," is an abstraction that cannot be defined. This is a propaganda trick designed to keep Americans confused and disunited on important fundamentals.

The Great Structure The third film is entitled, "The

Structure of the American Way of Life." It shows the building up of an imposing pyramid-like structure of simulated granite blocks. Each element in the American way has its block; and as it is fitted into place its meaning and purpose are clearly explained.

There are 22 blocks of varying size, 22 vital and specific elements forming the structure of four freedoms. It is a structure all Americans can embrace. It is something complete, to stand for.

Though our system and its motivating spiritual foundation have lifted the United States to world leadership - can we maintain our progress and our leadership? History suggests that we could but that we won't. In "The Fall of Nations", the fourth film of the series, we see dramatized the rise and fall of all the great world leaders. None has survived very long. The causes of the fall of nations are studied in this film. The major ones are: political, economic and moral decay among the people. Will America avert this? The film poses this question dramatically.

CORRECTIONS In last weeks Times there were a few corrections, one typographical, one editorial, and two just errors that should be corrected. In the story concerning the bill for teachers' retirement, the program would prove for retirement at 45 per cent (instead of 5) of the annual earnings of a teacher if he had served in the public schools for 30 years. The name of Mrs. Tom Parisher was accidentally omitted from the list of teachers offered contracts for next year. In the story about literary entrants in the district meet, Susan Harkins' name should not have been listed as a declamation contestant and the spelling and plain writing teams of the elementary school placed as a team rather than receiving individual ratings in these contests.

TB Dropped From List of Ten Highest in Death Causes

Last year for the first time since the Texas State Department of Health began keeping records of the cause of death, tuberculosis did not appear in the list giving the ten leading causes of death. Dr. Henry A. Holle, Commissioner of Health, reports that tuberculosis dropped from tenth place to eleventh and diabetes, a newcomer in the first ten, was in ninth place.

Fifty years ago tuberculosis was first as a cause of death in Texas. It was sometimes called "Captain of the Men of Death" and the "Great White Plague." A concerted program for the elimination of this disease has been carried out over the years by official and non-

official agencies with the help of the medical profession. Since 1940, the drop in deaths from this disease has been most rapid.

Dr. Holle warns the public not to become complacent about the situation, as 816 Texans died of this disease last year. The State Health Department carries on an extensive mass X-ray survey program to detect the disease in its early curable stage. These mass surveys not only discover tuberculosis but certain heart conditions, cancer and other abnormalities in the chest area. Advancement in methods of treatment, surgery and antibiotics all have contributed to lowering the death rate and returning the victims of tuberculosis to useful occupations.

Diabetes claimed 896 lives. This is a disease for which there is no known cure. When it is discovered early and kept under close medical supervision, diabetes need not interfere with its victims regular way of life. The disease can be kept under control by diet, insulin injections or a combination of these as decided by the doctor. The 10 leading causes of death account for 80 per cent of the deaths in Texas. In the order of their importance they are: heart disease, malignant neoplasms, apoplexy, accidents, certain diseases of early infancy, pneumonia, congenital malformations, general arteriosclerosis, diabetes and gastro enteritis.

DEN 4 CUBS MEET WITH NEW LEADER

The members of Den 4 of the Cub Scouts met in the home of Mrs. Lloyd Cowan for regular den meeting and were taken to the canyon for a weiner roast. A gift was presented to the Den Mother, Mrs. L. B. Rusk, who is moving to Lufkin. Mrs. Cowan will be the new Den Mother.

Those present were Don Cowan, Tommy Turner, John Cates, David Rusk, and Tommy Hodgkins.

MRS. J. W. MCKEE HARVESTS EARLY LETTUCE

Mrs. J. W. McKee has harvested several messes of lettuce from her garden and brought a large head in to The Times as witness of her gardening efforts and success.

The head has all the leaves intact and measures something over 15 inches across the outstretched leaves with a normal-size head inside. The head is very firm.

Mrs. McKee stated that the size of the head was not unusual, but the fact that she had transplanted those particular roots several times and gotten lettuce leaves during most of the winter was, in her opinion, most unusual.

Miss Sandra Taff returned Sunday to San Antonio where she is a business college student, after spending the week-end here with her parents, Mr. and Mrs. Bruce Taff.

Mrs. L. M. Wooten and her daughter, Mrs. Tom Smith, are in Del Rio this week, visiting with Mrs. Wooten's mother, Mrs. Burk Rose.
